Chapter 121 Man-made car accident

Chapter One Hundred and Twenty-One Man-made Car Accident

If she wasn't Su Yifeng's daughter, she would have died without a place to be buried!

Lu Qi's face blushed, useless, really useless!

But there's no way, who told him to justify the loss...

"What do you want?"

It was really exhausting before to offend Su Nan!

Su Nan stared out the window, feeling impatient.

She walked in front of him step by step, her voice joking and cold.

"Don't you just care about your photos? From now on, you haven't disappeared in front of my eyes for three seconds, and in the fourth second, I'll make you half the sky!"

Lu Qi froze, Su Nan snorted lightly.

As soon as the words fell, Lu Qi turned around and ran, showing weakness as he ran, "Don't...don't be impulsive!"

Sure enough.

Disappeared without a trace within three seconds...

Su Nan sneered, bored and walked away directly on high heels.

Just after exiting the door of the bar, there was a person standing beside his car.

Look up, Fu Yechuan!

He is waiting for her.

"Mr. Fu, are you busy?"

Su Nan raised her eyebrows, her red lips against the dark color behind her, bright and warm, but with a bit of coldness.

Don't want to talk to him, can't you see?

Fu Yechuan's eyebrows were heavy, his black eyes were dark, and his voice was mellow and charming.

"Su Nan, I want to tell you about Qiao Wanrou. She and I are not the kind of relationship you think."

Explain clearly, at least there will be less grudges in each other's hearts.

he thinks.

Upon hearing the name, Su Nan frowned impatiently.

"No, no need."

She stepped forward and dragged him away from her car.

She simply got in the car quickly, Su Nan didn't even fasten her seat belt, she stepped on the accelerator and stepped out...

It was just a moment, she realized that something was wrong!

She stepped on the accelerator very low, but the speed suddenly increased to 120, which was very unusual and could not be controlled at all!

The vehicle slammed into the middle of the road!

In the early morning, there are few cars on the street, but it is extremely dangerous.

Su Nan stepped on the brakes in a panic, but there was no response!

She suddenly realized that the car was completely out of control!

Subconsciously grasped the steering wheel, but the steering wheel could not turn at all, the whole car completely failed!

The darkness in front of her seemed to be waiting to devour her, shouting at her.

At this time, the lights were freezing cold, and Su Nan couldn't help shaking all over.

She had never felt that death was so close to her!

Panic, terrified, and dripping with cold sweat...

Looking up, a large truck suddenly appeared 300 meters in front of her. At that moment, her mind went blank...

“Bang—— “The

gray dust rose and flew, accompanied by the thick smoke of gunpowder

, a car suddenly rushed out and blocked in front of her.

The car was taken a few tens of meters away, and suddenly it was stopped!

My head slammed hard against the steering wheel, and the airbag didn't respond. At that moment, the pain was piercing to the bone!

The pungent gasoline smell penetrated into the head, and the warm liquid dripped from the forehead...

“Su

Nan— ” The man's violent roar sounded somewhat familiar.

Afterwards, the door was opened, and the person was beaten and hugged down.

It's Fu Yechuan!

Will he be in a hurry too?

That's right, after all, I saw him before the accident. She died, and President Fu was going to get into trouble.

Fu Yechuan's warm big hand seemed to tremble a little, and he stroked the wound on her forehead, trying to confirm the injury.

But it made her sting.

The smell of blood made Su Nan wake up.

Fu Yechuan's embrace was too unfamiliar, making her extremely uncomfortable.

If she could lie in his arms before the divorce, she would be really flattered.

Opening her eyes, there seemed to be snowflakes floating in front of her. She struggled to get up, held the car door, and stood firm.

It was his car that blocked her.

Otherwise, she would have no chance to open her eyes again if she hit the big truck.

His car was dented and nearly scrapped.

“Thank you.”

Her tone was terrifyingly calm.

Aside from the pain of the wound, his consciousness has already regained consciousness.

“You need to go to the hospital, Su Nan.”

Fu Yechuan’s voice was a little anxious.

Su Nan took out his mobile phone and called Yu Lou.

“Go to my location right now. My car was manipulated and had a car accident. Before tomorrow morning, we must find out who did it.” After

she finished speaking, she hung up the phone.

Fu Yechuan’s eyes were full of anger.

Su Nan took out a check from his bag and handed it to Fu Yechuan.

“Mr. Fu’s Land Rover Range Rover comes with 4 million, which is 10 million, and 6 million is a thank you fee.”

She stood under the light, the blood on her forehead coagulated, her long hair was slightly messy, but she didn’t look at all. Embarrassed, as beautiful as ever.

It’s like it was born to do so!

The corners of her lips twitched slightly, politely estranged.

Fu Yechuan’s eyes became colder, he didn’t extend his hand, and his face was dark and ugly.

Su Nan shoved the check into the pocket of his suit jacket forcefully, without giving him a chance to refuse.

“When I donated blood, Mr. Fu never stingy with your money.

This time, it’s my turn, so I can’t be stingy!”

After she finished speaking, she didn't want her car anymore, and turned around in high heels.

So happy!

Can Fu Yechuan also have today?

It turns out that her sense of revenge is so strong!

Walking under the street lamp, the light pulled the figure of the elder, her footsteps were steady and not disturbed at all.

Naturally, she didn't notice that Fu Yechuan's eyes flashed with regret after she finished speaking.

...

Chapter 122: Apologize to her

Chapter 122 Apologize to her

At this time, the news on the Internet was turning upside down, and the overwhelming trend all pointed to the Fu family's bullying.

However, the Fu family did not reply on this cusp. After all, if they expressed their position too early, they would appear guilty.

Fu's old house.

The lights were bright all night, and the people inside, except Mr. Fu, didn't dare to breathe.

The stock that Su's group was designed to plummet, and it was all by Su Jin's own efforts to restore it.

And the stock price trend tonight has been influenced by online public opinion, which is not optimistic.

Mr. Fu's face was extremely dark and ugly, and he was extremely angry. He was even more angry when he learned that Fu Yechuan had not come back.

"Where did it go?" he asked the housekeeper, the crutch in his hand slamming the ground hard.

The housekeeper replied tremblingly: "I haven't contacted the young master yet, the phone doesn't answer, and his assistant doesn't know his whereabouts.

” Son?”

Mr. Fu felt that his heart was about to jump out of his throat.

If I had known that Su Nan was the daughter of the Su Group and was in the same family as their Fu family, how could I see her being wronged in the Fu family?

Not to mention divorce, this marriage is a major event that shocked the entire business world!

What about now?

People and money are empty!

Not to mention offending the Su family, he even lost his emerald jade pipe!

Thinking of this, she glared at Qu Qing and Fu Yingying who were standing beside her.

“You two women who don’t have brains, you are more than successful!”

Qu Qing stood there aggrieved.

“Dad, it was Su Nan who deceived everyone. What does it have to do with us?”

Didn’t you find someone to investigate when she married?”

Mr. Fu snorted coldly and cursed.

“Didn’t you take out my jade pipe? You still have the guts to say it?”

The most annoying thing tonight is that his jade pipe just disappeared!

Qu Qing looked like she was about to cry, but stood there and didn’t dare to say anything.

Fu Yingying was also an accomplice, so she didn’t say a word for fear that she would be implicated.

In the silence, the housekeeper said excitedly, “Young master is back!”

Qu Qing and Fu Yingying breathed a sigh of relief and finally came back.

Qu Qing’s eyes were red. Fu Qingcheng went on a business trip abroad, and only her son Fu Yechuan could keep her.

Otherwise, I don’t know how long the old man’s anger will last!

Mrs. Fu, herself, is really confused.

Mr. Fu picked up a valuable tea cup at hand and threw it at the feet of Fu Yechuan who was approaching.

“You still know how to come back?”

Fu Yechuan paused, stepped forward, glanced at Qu Qing and Fu Yingying lightly, and moved away calmly.

“Anything with me?”

he said lightly.

But Mr. Fu stood up angrily and pointed at Fu Yechuan.

“What are you doing, what are you talking about, you don’t know anything about Su Nan? Don’t you notice anything

wrong when you marry her?

I don’t know yet, why did you divorce?”

The atmosphere in the air was condensed , Mr. Fu hasn’t lost his temper for a long time.

Fu Yechuan raised his eyes with an indifferent expression, “I don’t know, divorce...isn’t your expectation?”

Otherwise, why did they treat Su Nan so much?

Qu Qing paused, and quickly gave Fu Yechuan a wink, “Yechuan, apologize to grandpa, it’s obvious that Su Nan deceived everyone, we’ll find a way when your father comes back.”

Fu Yechuan twitched the corners of his mouth coldly, “Wait a minute. When he comes back, it will be too late.” Mr.

Fu snorted coldly, “What do you say now?”

“Do as the Su family said and apologize.”

...

Chapter 123 Work to earn money

Chapter One Hundred and Twenty-Third

Think about the figure of Su Nan leaving alone under the street lamp, with a head full of blood, lonely and cold.

At that moment, his heart couldn't help but feel uncomfortable.

He owes her, and it's not clear.

Grandpa Fu stared, "If I could apologize, why would I still be so angry? Once

I apologize, it confirms the evidence that we slandered her, the stock fund, and the company's reputation?"

Fu Yingying echoed.

"That's right, if there's anything to apologize for, it's fine to resolve it in private. There's no need to take the face of the entire Fu family. Even if she's Su Yifeng's daughter, what if she's still superior?"

We didn't force her to marry her. We didn't force her to divorce, why would you be so embarrassed?"

If she apologized, if she, Fu Yingying, is in the circle of celebrities, if she wants to hang out, she will definitely be laughed to death!

So, no apology!

Fu Yechuan's cold eyes swept over her, and Fu Yingying shrank her neck in fright.

He chuckled lightly.

"Okay, if you don't want to apologize publicly, let's go to the door and apologize together."

"How about that?"

Qu Qing jumped out to object.

How could she be used to bossing Su Nan before, asking her to come to the door and bow her head to apologize?

Isn't that hitting her in the face!

"Enough!"

Old Master Fu looked at Fu Yechuan with an angry face. This grandson's ability has always been outstanding.

“Is there no other way?”

“No.”

Fu Yechuan’s face was dark and ugly, they owed Su Nan, and it was time for an apology.

Mr. Fu closed his eyes and sighed.

“You can figure it out for yourself!”

Right now, he could only trust his grandson’s ability.

“Grandpa...”

Fu Yingying was not reconciled.

Cool eyes swept over her, and Fu Yechuan opened his mouth to warn.

“Fu Yingying, why is the old man’s pipe missing? You must always remember that, no matter how much you dare to cause trouble, don’t want pocket money in the future, go out to work to earn money...”

Fu Yingying was so frightened that she wanted to work?

She is the eldest daughter of the Fu family, going out to work to earn money? Don’t you get laughed out of your mouth?

“Mom...”

She looked at Qu Qing begging for help, but Qu Qing was also quite afraid of this son, and she also had a share in the pipe thing, so she was extremely guilty.

Fu Yechuan turned around expressionlessly, and the old man stopped him.

“Wait, I don’t care which woman you walk with outside, but that Qiao Wanrou, you’d better stay away. The Su family is angry, don’t make a big deal out of it.”

What’s more, when Su Nan was at the banquet, she was straightforward. Saying things that hate Qiao Wanrou is the most important thing right now to repair the relationship between the two families!

Hearing this, Fu Yechuan raised his leg and left without any reaction.

It turned out that everyone was misunderstanding his relationship with Qiao Wanrou, let alone Su Nan!

Call assistant Chen Mian as soon as you go out.

It is not difficult for the public relations department to write an apology letter, but it is Fu's attitude that is difficult.

Worked all night.

At noon the next day, after everyone was immersed in the news that Su Nan was the daughter of the Su Group, an apology letter was sent out in the name of the Fu Group.

This letter is mainly for Su Nan to clarify the false rumors on the Internet, and at the same time, in the name of Fu Yechuan, he apologizes for not taking good care of this marriage and Su Nan.

For a while, the Internet re-boiled.

"Lifetime series, this melon is so exhausting..."

"So did you bully other girls?"

"Indirectly admit it, our goddess Su Nan has a clear conscience. Since she announced her divorce, we have the courage to expose it. The face of the third person begins, and I will always stand by her!"

...

...

Chapter 124: Domineering President Miss Su

Chapter One Hundred and Twenty-Fourth Overbearing President Miss

Su Su Group.

conference room.

Everyone looked at the people sitting above, Su Yifeng sat lazily on it and took a nap, and assuredly handed over the meeting to Su Jin to preside over.

After Su Jin said a few scenes, he began to introduce Su Nan.

She put down the broken hair on her forehead to cover the scars, so she didn't look conspicuous.

"I believe everyone already knows that Su Nan is the daughter of the Su family, my sister, and is now the largest shareholder of the Su Group.

I officially announce that Su Nan will serve as the executive director of the Su Group. I believe you have no opinion, right? “The

biggest holding person!

The sum of the people present here is not enough for Su Nan’s shares, of course I dare not have any opinions!

Thinking about it now, it was fortunate that I didn’t follow Zhang Ming to death, otherwise, would I still be sitting here now?

Everyone has a sense of happiness that they escaped the disaster!

“Congratulations to President Su...”

Everyone began to applaud, welcoming Su Nan.

From Vice President Su to Director Su, Su Nan smiled, Su Jin arranged it properly, and her position came up.

However, there is no conflict with Su Jin’s position, and Su Jin’s actual right to speak is still in his hands.

It’s just that Su Nan’s business is more extensive.

No matter what, she is now the overbearing president Su Nan!

Leaving the conference room, Yu Lou greeted her and handed her the phone, “Director Su, this is the letter of apology just released by the Fu Group.”

Su Nan raised her eyebrows, so fast?

She thought that with Mr. Fu’s temper, it would take at least ten days and a half months...

After a few glances, she chuckled lightly, then turned off her phone, and apologized really artistically.

A few words clarified her scandal, and by the way, made an official evaluation of the marriage, without the slightest warmth and affection.

It can be seen that it is Fu Yechuan’s handwriting.

“Do we need a response here?”

Su Nan glanced at Yu Lou, “No, there is no need to make a statement.”

“Yes, in addition, the Juli Group’s project has begun to select a research plan. The news is to let the three parties jointly enter the Juli Group until the plan is finalized. When the finished product is available, immediately announce the good news to the world and strive for the greatest discourse advantage.”

Su Nan nodded, thinking of the Juli Group. That project, she is full of strength, this is the first project she has taken over, of course she will cherish it like her own children.

Yu Lou paused, “But there are still the R&D personnel proposed last time. It has not yet been determined who can join the R&D team of the Juli Group. Why don’t we publish the school recruitment information and see what good seedlings are in the university?”

Su Nan smiled, “No, I have someone here to choose.”

She walked happily, looking back at Yu Lou, “My brother will definitely arrange a lot of things for me recently, I can push it down if I can, and I will personally enter the giant Establish the group and participate in the determination of the team plan.” If you are

not careful and get the first opportunity by the Fu Group, wouldn’t it be very boring?

Regarding the interests of the group, she will not let it go at all.

Yu Lou did not dare to resist, “Yes, the gifts you prepared have been distributed one after another, do you need to review the specific list?”

Su Nan shook his head, “You can arrange it.”

Anyway, she is only responsible for spending money.

Yu Lou paused, “Is your wound okay?”

No one except Yu Lou knew about her injury, otherwise she would not have forced her to attend this meeting.

Su Nan subconsciously touched the wound.

“It’s alright, I’ve seen the doctor, there’s not much blood left, and I’m not that vulnerable.”

“The investigation report is already on your desk.”

“I just want a name.”

She wanted to know who would hate her die.

“Qiao Wanrou.” Yu Lou said.

Su Nan hooked his lips, smiled coldly, and said nothing.

...

Chapter 125 Divorce Gift

Chapter 125 Divorce Gift

Ringo was very happy to hear that she was going to come in person and called her directly.

“Mr. Su, please bring the little traitor with you when you come, everyone still misses it!”

Su Nan replied, “Okay, no problem.”

In this way, in the Juli Group, since Su Xiaohu can capture people’s hearts, It won’t be boring either, kill two birds with one stone!

I was immersed in my work, and before I knew it, at night, the lights were on, and the stars and rivers flickered.

Su Nan stretched and got off work with her bag. Seeing that Su Jin’s office light was still on, she felt ashamed. Compared with her eldest brother, what she did as a CEO was too easy.

Knocking on the door, she leaned her head in and smiled at the person who was still in the video conference. He calmly and deeply listened to the other party’s English report, meticulously grasped the key points, glanced at her, and pointed to the seat , then resume the meeting.

Su Nan stuck out his tongue and sat down honestly, listening to Su Jin’s conversation with the other party, as if he was making it difficult for Mr. Fu to do something...

At the end of the meeting, Su Jin hung up the phone, Su Jin Nan raised his head, slightly puzzled.

“Are European companies going to launch the same products as Fu’s Group?”

Su Jin nodded, “We have the same quality, and in the price war, Fu’s will lose.”

This obviously targeted business competition, Su Nan frowned slightly.

“Mr. Fu has issued an apology letter today.”

"I know, my father and I have read it, but we can't. Their apology is one aspect, but the harm they caused to you is useless.

Fu Yechuan is very smart, the apology letter As soon as it was released, the downward trend of Fu's stock price slowed down, and it was irrelevant.

For Fu's, there was almost no loss."

Su Jin looked at her with a smile.

"Your heart softened?"

"How could it be?"

Su Nan snorted coldly. Her heart is now made of steel, and it cannot be softened.

"It's not just for this reason. The Group's overseas business, we and Fu's Group have always been on an equal footing. If there is such an opportunity, of course, we must seize it.

Don't forget, we were the first to open the European market, but we, Su Shi!

It was you, Su Nan, who brought the group to the European business world and got it on the right track.

Fu Shi was just imitating your model and opening up a second business trend."

Su Jin's words made Su Nan feel enlightened, and she There was a moment of silence.

Almost forgot!

There is no need to be right or wrong in the marketplace.

As long as it is within the framework of the law, everyone can eat according to their abilities.

In the past three years, she almost forgot that she had been alone in Europe, and it took only one year to bring the Su Group to Europe and become the most famous leading brand among Asian brands in Europe!

That was the miracle she Su Nan had created!

Looking back now, I still have tears in my eyes and passion.

The next night, Su Nan went to the airport alone to pick up the plane.

VIP waiting room.

Su Nan couldn't wait to run in, and sitting by the window was a handsome and cold man, quiet and gentle, with a unique temperament, and a natural sense of distance that made people look up.

She ran towards him, blindfolded him from behind, "Guess who I am?" The man reluctantly took her hand, "Su Nan."

"Second brother!"

Su Nan gave him a big hug .

The world-renowned physicist won the top Similan Gold Medal when he was only seventeen years old. This legendary peak has not yet been broken. His papers have been published in famous journals and are regarded as the standard.

It may be that he has his own aura, and no one has ever investigated him. He is the second son of the Su Group, Su Ming.

Su Ming looked at Su Nan, and as before, he reached out and touched her forehead.

Su Nan shrank his head and frowned at him.

"Why?"

"Injured?"

Su Ming's face was a little ugly.

"I accidentally hit the wall."

Su Nan lied!

He nodded without doubt, "Deserving it!" The two talked as they walked.

Su Ming asked casually, "I heard that you are married?"

He has been abroad for more than five years, and has been doing scientific research in the laboratory. Occasionally, in his spare time, he would listen to Su Qi's remarks.

The big event of Su Nan's marriage seems to have made the whole family uneasy.

Su Ming took out a card from his pocket.

“Here’s all my winnings, a wedding present for you.”

That’s astronomical!

This second brother has never felt anything about money, and the bonus he got since he was a child was given to this younger sister.

Su Nan blinked, “I’m divorced.”

“Oh, that’s the divorce gift.”

Su Ming lowered her head quietly, dragging the delicate and expensive box to continue walking.

His brows were light as if he didn’t care about anything.
