Chapter 1211 is afraid of being late

click and misplaced.

Shang Yi's face was instantly pale, and his eyes widened in shock.

"You bitch, how dare you..." Before she could

finish her sentence, Su Nan slapped her.

Full of strength.

The slap print on Shang Yi's face was particularly obvious, and there was even a streak of blood in the redness.

It was Su Nan who was carrying an angular diamond ring, the hardest diamond, which she just quietly changed to the inside.

So when the fight was over, the bloodstain on Shang Yi's face suddenly appeared.

Shang Yi was stunned for a moment by this hot scratch.

Then he stiffened, and anger instantly surged into his heart.

"You dare to do it with me?"

Even if one arm was misplaced, it didn't make him feel anything scary.

As a big man, could he still be afraid of a woman who is powerless?

Su Nan clasped her hands, lowered her eyebrows, and hooked her lips.

"You came to the door yourself. Even if I kill you today, no one will know."

After speaking, she took a step back, took the silk scarf she casually threw on the sofa, twisted it into a rope.

At this moment, Shang Yi was really stunned...

Su Nan's actions didn't seem like a normal reaction of a woman after being threatened...

He paused and stepped back subconsciously. One step, but was blocked by the sofa behind.

The next second, Su Nan kicked his chest fiercely.

Shang Yi felt that his whole body was kicked away, and he slammed into the cabinet beside him.

The strength advantage that a man has innately cannot be brought into play in her.

There was a sudden knock on the door outside.

“Miss Su...Are you inside?”

“Mr. Su, are you all right? Open the door...”

“Is there anyone inside...”

... The

hurried voice outside made the two people in the room stunned for a moment.

It seems that Shang Qian’s helper, not only Yu Lou, but also others...

But Su Nan has no plans to open the door.

She stepped forward a few steps and stepped on Shang Yi’s shoulder blade hard, feeling the sound of the shoulder blade shattering, Shang Yi couldn’t help it any longer and screamed...

People outside thought Su Nan What happened, the shouting became more obvious.

Hearing Yu Lou’s voice, he was calm:

“Bring a spare key and clear the upper and lower floors. No one is allowed to approach.”

“Yes.”

Someone left in a hurry.

Su Nan smiled, with a bit of evil charm in his eyes, pure and bright.

The light was warm inside, the fireplace was still burning, and it was snowing heavily outside.

Very quiet.

She doesn't listen to anyone outside at all.

I just want to get rid of the people in front of me.

The phone was turned to silent.

Naturally, you can't see the flashing caller ID.

next second.

She bent down suddenly, the silk scarf in her hand wrapped around his neck, slowly tightening it.

Shang Yi finally felt scared.

He could clearly perceive that she didn't want to be as simple as blowing out a punch.

She wants to kill him!

That's right, in country M, it's too easy to kill someone silently. Who's afraid of someone with a little background?

He thought that when Su Nan got here, he would have a chance.

But his chance was also her chance.

"Shang Yi, I'm afraid now, is it too late?"

Su Nan's voice was ethereal and clear, with a terrifying coldness.

Shang Yi flinched, and suddenly Su Nan's hand tightened, restraining him and walking to the balcony...

...

Chapter 1212 When he died

, Shang Yi was dragged away like a chicken, and he didn't have any strength to resist.

He suddenly felt that if he could survive tonight, he would be lucky.

Shang Qian imprisoned him before because he wanted to test his dignity and step on his feet.

But Su Nan, really wanted to kill him!

This woman is much more ruthless than Shang Qian!

His face turned into a pig's liver color, and even his breathing began to struggle.

But the woman didn't want to give up.

As soon as the door was opened, the cold wind from the balcony blew in.

The two-way contrast is so stark.

He was still naked, and the cold wind hit his bones instantly.

When the sound of opening the door came from the door, when Yu Lou and the others came in, they were shocked at the moment they saw it.

Su Nan kicked him out of the balcony.

It flew out like a piece of paper.

fell, but not completely.

Because the silk scarf was still hanging on the railing of the balcony, and on the other end, Shang Yi's neck was strangled... In

this scene, Su Nan's sharpness seemed to pierce the cold of the night.

Silent.

Shang Yi's voice was hoarse, and he called out with difficulty, recalling everyone's thoughts...

But no one dared to go up to save people.

Yu Lou's face changed greatly, he walked over and looked at the cold and cold Su Nan tightening the cloak on his body, expressionless.

"Mr. Su..."

He swallowed, not knowing what to say.

Shang Qian was so anxious in country Z that he could not wait to fly over immediately, call him, and call his own people. In a short period of time, he gathered 100 bodyguards and friends.

They are here to protect Su Nan.

They are ready to protect a weak person with the fastest speed...

The people outside the balcony railing are still struggling, twisting their bodies, frightened and scared.

The body is suspended on the sixteenth floor, as long as the silk scarf is broken, he will be thrown to death.

If the silk scarf kept falling off, he would be exhausted.

Thinking about it, these are also the two choices Su Nan gave him.

strangled or fell to death.

is a problem.

Su Nan looked down and saw that his strength to struggle was gradually weakening, and he was dying.

She pursed her lips calmly.

“Shang Yi, I’ll take you home.”

After speaking, Shang Yi’s consciousness gradually blurred, and he didn’t have the strength to continue struggling.

Despair enveloped his life in an instant.

Seeing that he was no longer struggling, Su Nan snorted lightly and glanced at Yu Lou.

“Bring people up.”

Yu Lou nodded and waved immediately. Everyone used to pull people up from the outside very easily.

But the whole person has a weak breath, as if he has died.

“Mr. Su, do you want to be sent to the hospital?”

Su Nan gave Yu Lou a meaningful glance, and Yu Lou immediately understood that he had said something wrong.

She is going to kill this person, and she has to be sent to the hospital?

It’s not bad to not make up a knife, it’s just superfluous.

He lowered his head, and a person next to him squatted down and tried his breath.

“There’s still a tone, Miss Su, what should I do?”

Yu Louben didn’t want Su Nan to get involved with these things, and it took less than a day for him to get killed. It’s too troublesome to clean up!

But Su Nan didn’t care at all, she glanced at it lightly, and said in a cold tone:

“Go and check where the business is, it’s still in front of their house, it doesn’t matter if you live or die.”

Yu Lou nodded immediately.

“Yes.”

This matter didn’t involve Shang Qian’s people, it was Yu Lou who brought it.

A large group of people left and poured out silently.

As if what just happened hadn’t happened.

...

Chapter 1213 Are you running away?

Yu Lou let someone come up and clean Su Nan’s room again.

Afraid of her psychological shadow, she suggested:

“Mr. Su, should I change your room or hotel?”

Su Nan curled her lips and stood up, “No, just make do with it, go to book a flight, tomorrow morning Let’s go.”

“Run?”

Yu asked consciously downstairs.

After asking, I wish I could bite off my tongue.

It was too direct.

Su Nan chuckled lightly, but didn’t get angry:

“Yes, of course I have to run.”

After all, it was the business site, and Shang Yi was dead. If she was found, wouldn't she be caught in the net?

The sooner you go, the better.

Yu Lou breathed a sigh of relief, he also felt that it was not appropriate to stay here for a long time.

Thinking about it, he immediately went back to book a flight.

Su Nan told Vily and suggested that she and Ogilvy and Mather go to other places to shoot, and she was willing to bear all the expenses.

For the final effect, "VJ" is of course willing to strive for perfection, not to mention Ogilvy & Mather has an opinion on the shooting location.

In the end, the filming location was changed to Su Nan's island.

Su Nan hung up the phone and relaxed, only to realize that Shang Qian had called her almost a hundred times.

He should be worried.

Before she could call back, the phone lit up again.

She picked it up immediately.

"Hello?"

"You finally picked it up. Are you alright? Where's that bastard Shang Yi? Have all the people I called gone?"

He could hear the undisguised anxiety in his tone.

Su Nan's heart warmed, and the edges and corners on his body seemed to disappear because of his few greetings.

She smiled.

"Well, I don't even know which question to answer you?"

Shang Qian sighed and pursed his lips:

"Wait, I'll fly over to find you right away."

Su Nan was stunned, "No, don't come here. "..."

“I don’t worry about you being there...”

Shang Qian said, he couldn’t wait anymore, he had to leave now and see her as quickly as possible.

Su Nan heard the sound of the car starting on the phone, and a thought came to her mind.

“Are you going to the airport now?”

“Yes, there is no flight at this time in the evening. I called for a private jet, and soon...”

Before Shang Qian finished speaking, Su Nan interrupted him:

” Shang Qian, I really don’t need it, I will go back to China as soon as the sun rises.”

Shang Qian was stunned.

“What?”

“I originally planned to stay here for a few days, but if someone were to die, it would be very troublesome to clean up, so let’s go back as soon as possible.

I have already contacted them and changed the filming location, and I will not follow the filming of the following itinerary. It’s over.”

Shang Qian slowly exhaled:

“Okay, I’ll pick you up.”

Su Nan snorted, and there was no need to refuse this request.

He didn’t pay any attention to what Su Nan meant by “being killed”.

Insignificant.

Anyway, as long as Su Nan is fine, it will be fine.

It wasn’t until he found other interesting things to tell her that made her feel completely better, and he hung up the phone with confidence.

People from country M have already called him a few times.

He dialed back: “You all went back?”

Those people were personal bodyguards he hired when he was in country M, and only obeyed his orders.

“No, Mr. Shang, we are all nearby.”

“Don’t go yet, Miss Su will leave early tomorrow until she gets on the plane safely, and then you leave.”

“Yes.” The bodyguard said honestly.

“What happened tonight?”

Shang Qian rubbed his eyebrows, wanting to know the final result.

...

Chapter 1214 You complained

bodyguard paused, hesitated for a few seconds, and then answered Shang Qian’s question:

“When we pushed the door in, Shang Yi was hung on the balcony and was about to die.
“...”

They couldn’t figure it out, Shang Qian asked so many of them to protect a woman who could crush a man casually?

That girl is obviously better than them.

Although she doesn’t seem to have any actual combat experience, her moves are professionally trained.

For an embroidered pillow like Shangyi, it is simply more than enough.

Shang Qian was stunned for a moment, as if he had forgotten that Su Nan had skills.

He had rescued her at the door of the bar.

what did she say?

Actually it doesn’t work.

He was really worrying too much. No wonder Su Nan told him not to worry. I’m afraid she herself knew that Shang Yi was just a little ant to her.

He involuntarily gave a low laugh.

“Then what?” The

result?

do you died?

Bodyguard: “Ms. Su finally ordered to send it to the door of the merchant, and she still took a breath when she sent it away. I don’t know now, she didn’t let our people do it.”

Shang Qian’s brows were heavy, it should be because she was afraid that the merchant would blame her own head. Therefore, Shang Qian’s people were not allowed to do it.

He hummed and hung up the phone without saying more.

Su Nan thought about him, he suddenly felt that everything was worth it.

The car is driving on the road in the dark.

Slow and firm.

He went to the airport early and waited to pick her up.

...

Su Nan slept very deeply, and this incident did not affect her sleep at all.

In the morning, I was woken up by a knock on Yu Lou’s door.

He hurriedly started to help her pack up and urged her to wash up.

Su Nan washed her face, not realizing the contrast in Yu Lou.

Who is the assistant?

“So anxious?”

Yu Lou nodded, “I rented a bulletproof car, the kind that can only be used by the president. The plane is also a private plane. It may be too late for the Su family, but this road is very concealed, and no one will find us. whereabouts.”

Su Nan couldn’t help laughing.

She slowly made it to the table, a hearty breakfast.

“It’s too exaggerated. Even if the businessman has the ability to reach the sky, he will not immediately know that the business is also from me.”

She calculated, to find out, the fastest will be a day and a night.

If you are lucky, the merchant is also dead, and the merchant is in chaos, and the time may be longer.

“I’m not afraid of 10,000, just in case. I’ve checked that the merchants are still very powerful. We can be careful if we can!”

Su Nan took a sip of milk and nodded.

In a blink of an eye, Yu Lou had already packed everything and came out with the box.

“Let’s go...”

“I haven’t finished eating yet...”

“Everything is ready on the plane!” Yu Lou said.

In this way, I don’t plan to let Su Nanan have a peaceful meal.

Su Nan shrugged, okay, let’s go.

“Did you not inquire about Shang Yi’s death?”

Yu Lou: “There is no news, but as soon as our people put the person down, someone in their family will find out...”

Therefore, with a high probability, given the ability of their family, Shang Yi has a relatively high probability of surviving .

Su Nan lowered her brows, unable to tell whether she was disappointed or happy.

Yu Lou was afraid that she would have any more ideas, so he quickly walked over: “Mr. Su, your elder

brother has already sent someone over. If you don’t leave, he will personally come and take you away!”

Looking at him:

“You actually told my big brother?”

...

Chapter 1215 You have to insist on staying

in the building and stand there:

“Then...then I haven't dealt with such a thing before, I can't hide it, it's also for your own good. ...”

Su Nan choked, rolled his eyes at him, took his phone and left.

She didn't worry about anything else. Su Jin would definitely teach her a lesson first when he came over, and it was annoying.

Yu Lou breathed a sigh of relief, and Baba followed.

...

Early in the morning, merchants.

Shang Qun stood in the luxurious living room with a solemn face.

He hadn't slept all night, and his face was visibly ugly.

Finally, the doctor came out of the room.

“Mayor Shang.”

“How is it?” The

doctor paused, “The situation is very bad, Mr. Shang has signs of suffocation, and suffocation will affect the brain. It has not yet been determined what sequelae will be, and his sanity has not yet been determined. Sober...” The

doctor chattered, and Shang Qun's face sank little by little.

“Talk about the point!” The

doctor shrank and coughed:

“It may cause the lower body to be paralyzed on the bed, you have to be prepared.”

Shang Qun seemed to be unsteady, swayed and almost fell.

The people behind came to help him in time.

“Director Shang...you have to hold on!”

“Who is it? My...brother who dares to do this to me!”

The word “son” came to his lips, and he saw the face in front of him. These people choked back and changed to “younger brother”.

The people around didn't notice anything, and on weekdays, Shang Qun was very indulgent and loving towards Shang Yi.

The housekeeper ran out: “I don't know who it is at the moment, I'm in contact with the people I met before the young master's accident. The

monitoring happened to be ineffective last night, so who sent it over, really... ..”

Know nothing!

At that time, Shang Yi was naked, his neck was blue and purple, and there were signs of suffocation on his face. His face was covered with ashes, and there were other bruises on his body. The bloodstain on his face was the most shocking.

Where is this Shang Yi, who is usually a coward?

There was only one breath left, and with this breath, all night long, the business was turned upside down.

Doctors have made them mentally prepared countless times...

The status of merchants in country M is extremely high.

Both political and business circles have network resources.

Shang Yi usually acts in a high profile and is very publicized. Although everyone can't see it, he has never had any disputes.

Who gave him the surname Shang?

Everyone knows that Shang Yi, the business heir, was given up by the business group.

Otherwise, if Shang Qun has a son and grandson, he will have a younger brother in turn?

ridiculous.

Shang Qun's face changed a bit.

The old eyes twitched and stared at the doctor:

“No matter what the cost, you must save Shang Yi's life first. If you let me know who did it, I will kill him!”

Everyone stood there tremblingly, Don't dare to say a word.

When Shang also wakes up, everything will be clear.

...

early in the morning.

A luxurious Rolls-Royce parked in front of the Washington Building.

Chen Mian looked at the time and said to the people behind:

"It's still early, Miss Su might sleep in late, do you want President Fu to eat something to cushion his stomach?"

Fu Yechuan checked out Su Nan's itinerary and pushed it for a day. plan to follow her.

Even if she is angry, she is not happy.

But just follow her.

Just the two of them.

Under Fu Yechuan's eyelashes, there was a circle of light and dark colors. He was busy until midnight last night to basically finish today's affairs.

"No need to....."

Chapter 1216 Interesting Things

Fu Yechuan's voice was low and hoarse.

He rubbed his brows to wake himself up.

Chen Mian didn't speak any more.

Ever since he met Su Nan here, Fu Yechuan started to feel wrong.

after an hour.

Someone suddenly knocked on the door outside.

Fu Yechuan, who was dozing with narrowed eyes, woke up and looked at Chen Mian.

Chen Mian: "It's the son of Chinese investor Xie Qiong, Mr. Xie, and Xie Ning. I've met several times at the reception before."

Even if they met a few times, Fu Yechuan wouldn't be able to go. Remember who.

There are many people who want to get to know Fu Yechuan. Every time someone comes up to introduce himself at the reception, he just smiles and walks away.

He nodded. Recently, he was negotiating cooperation with this Chinese investor. His son should be patient and deal with it.

Chen Mian got out of the car and greeted Young Master Xie Ning with a smile: "

Mr. Xie, what a coincidence, why are you here?" "There was a party here yesterday. I just slept here after drinking too much. I didn't expect to see Mr. Fu's car. I thought I saw it wrong..." Chen Mian politely opened the back door for him. "It's such a coincidence that President Fu is waiting here outside." Fu Yechuan nodded lightly. "Mr. Xie, it's a coincidence." "It's a coincidence that Mr. Fu is waiting here, maybe I know someone..." He was very enthusiastic. After all, Xie Qiong had instructed that Fu Yechuan was very strong. Be sure to treat yourself well.

Fu Yechuan's tone was very indifferent: "A friend."

"Boyfriend or girlfriend?"

Xiao Xie always smiled meaningfully.

Seeing Fu Yechuan's face sinking, Chen Mian hurriedly said,

"An old acquaintance in China, she's not from country M, thank you Mr. Xie for your kindness."

"From country Z?"

Xie Ning hesitated for a moment, suddenly smiled, "Indeed, then I may not be able to help." After thinking about it

, he suddenly raised his head, looked at Fu Yechuan and said,

"But an interesting thing happened last night, also from country Z, I heard that she is a very beautiful girl, and even used the number 100 to clear the upper and lower three floors..."

Fu Yechuan's face suddenly froze, and his eyes darkened instantly.

“What?”

Chen Mian pursed his lips, he vaguely felt that the very beautiful girl Xiao Xie was talking about was probably Miss Su Nansu.

Otherwise, who else has the ability to use the number 100 to clear the field?

It's just that she has never been such a high-profile person, why?

What happened last night?

When Xie Ning saw that Fu Yechuan was interested in this, he immediately told what he knew:

“I can't find out the specifics, but I chatted with their subordinates when they were clearing the venue. I

heard that the small businessman from the merchant looked at it. I got on this girl, and I want the overlord to bow here.”

Chen Mian's hair stood up in an instant, and he looked at Fu Yechuan in an instant.

Fu Yechuan's face was so dark that he couldn't see any emotion at all. The more it was like this, the more dangerous it was.

He stared at Xie Ning in front of him, with a bit of chill in his voice:

“Shang Yi?”

“That's right, that's it. What kind of woman does he want?”

The woman he can like must be very beautiful. He didn't expect that the woman he met was a tough one, and when people waved his hand, So many people can be called...”

Chen Mian asked anxiously:

“Then what? Mr. Xie, the one from the merchant didn't succeed, right? What happened to the woman?”

...

Chapter 1217 The female devil

Xie Ning smiled and glanced at Chen Mian.

“What’s the hurry, they finally cleared the scene, and I don’t know the rest, but Mr. Shang probably won’t succeed. After all, there are so many people in the family, and the battle is like a devil. Anyone who sees it will be scared. Die!”

Chen Mian’s face changed a few times, but in the end the breath was still in his throat.

His eyes slowly shifted to Fu Yechuan.

Fu Yechuan’s aura has changed.

He looked at Chen Mian with a very indifferent tone, “Go check, what happened last night!”

Chen Mian nodded immediately, “Yes.”

He looked at Xie Ning and smiled, “Mr. Xie, thank you Tell us this, Mr. Fu still has something to do, you see...”

Xie Ning immediately understood:

“I said too much, and I wasted Mr. Fu’s time, don’t mind, we will meet again later.”

Fu Yechuan lightly Nodding, “Goodbye.”

If you listen carefully, you can hear the restraint and hoarseness in his voice.

Chen Mian immediately closed the car door and bowed slightly, “Goodbye, Mr. Xie.”

“Chen Zhu, goodbye.”

As soon as Chen Mian got in the car, he contacted the person in charge of the hotel.

Twenty minutes later.

Chen Mian hung up the phone, and his face was visibly relaxed.

“Mr. Fu, the people in the hotel said that they were not informed about the sudden clearance last night, and they cooperated temporarily.

Because of Miss Su’s identity, it seems that Shang Qian also intervened, and the people in the hotel didn’t know anything.

But... Looking at the surveillance, Shang Yi did enter after drinking, but Miss Su didn’t stop him.

But what happened inside, no one knew.

Five minutes after the assistant opened the door, they were able to lift the person... Shang Yi out. Looking at the state of Shang Yi, he seemed to have fainted. Fu

Yechuan closed his eyes, his whole body was immersed in the darkness, his aura was cold and stern.

He sat there and didn't speak, and he was already evasive. I

don't know what happened inside, which means that Su Nan didn't know what happened. , I don't know if there is any injury.

Of course he will think more.

“What about people now? Fu

Yechuan tidied up his collar and couldn't wait any longer. As soon as his hand touched the switch, Chen Mian immediately said,

“Mr. Fu, Miss Su left by plane early in the morning, and Assistant Yu, who was with you, also left. “

Fu Yechuan's hand froze.

“Let's go?” “

Yes, it's already gone. The private jet left on the rooftop of the hotel. It looked very rushed.” According to

Chen Mian's guess, what happened last night, Su Nan should have nothing to do, and the person who had the accident should be Shang Yi.

Otherwise, Su Nan would not have left as soon as he came.

Fu Yechuan pursed his lips, “Let people go back and ask, don't Something went wrong. Here to watch the movement of the business, if there is anything to tell me in time. “

He didn't go back immediately, just to see what the business would do. In

case of any unfavorable action to Su Nan, he could stop it in time.

Chen Mian understood what Fu Yechuan meant, “Yes. “

...

Su Nan had been on a private jet for several hours and couldn't sleep even if he wanted to.

Drowsy, somewhat airsick.

It's hard to get to the place.

Looking at Shang Qian standing there all the time, the tall figure is handsome and romantic, with a bit of deep gentleness.

As soon as she came out, Shang Qian's mouth showed a bit of a smile.

Su Nan smiled, and the unhappiness on the plane was swept away. He quickened his pace and trotted over, and suddenly threw himself into Shang Qian's arms...

...

Chapter 1218 This is nothing

, Shang Qian smiled and caught her steadily.

The two hugged each other tightly, neither of them let go.

Su Nan's eyes were sore, and he sighed:

"I haven't seen you for a day, and I miss you a little."

Shang Qian hugged her a little tighter. He gently patted Su Nan's back and stroked her cheeks. hair.

"Me too."

His voice was low and hoarse, gentle and soft.

The two of them didn't pay attention. The people on the side waited for a long time, and they couldn't wait any longer, so they coughed heavily.

Su Nan was stunned for a moment, released his hand, and looked at Su Jin who was standing there, his eyes were cold, and his face had a bit of indifference.

"Big brother?"

And Wen Xiang, who was standing beside him, waved her hand gently.

"Xiao Wu..."

Su Jin rolled his eyes at him, "I am so big standing here, dare you to see it?"

Wen Xiang couldn't help but smile.

Su Nan frowned and looked at Shang Qian.

“I... I just thought he was the only one here...” I

didn't expect Su Jin to bring Wen Xiang along?

Immediately embarrassed.

After hugging for so long just now, Su Jin actually kept watching.

It's a massive death scene!

Su Jin glanced at her speechlessly, frowning:

“I went out for a trip and caused trouble, don't come back quickly, you still slept outside for a night before leaving, I really don't know how high the sky is!”

Su Nan stuck out his tongue, “I know it won't happen for the time being, and I'm not stupid.”

Wen Xiang walked over with a smile, and explained softly:

“It's fine to see that you're all right, your elder brother is worried. I didn't sleep at night, and I came to wait for you early in the morning before dawn. I wish I could come and pick you up in person, but I'm afraid that if the battle is too big, it will attract attention and cause you trouble.”

Su Nan smiled, “Sister-in-law speaks just like that. It's nice, but it's much nicer than Big Brother...”

Su Jin clicked his tongue, and poked his finger on Su Nan's forehead.

“You're still picking and picking? Your sister-in-law didn't sleep because of your business, and she only studied the laws of country M until the early morning.”

Su Nan was stunned for a while, looking at Wen Xiang's elegant face, there was a circle of dark blue in her eyes. Covered by foundation.

So I didn't notice it for a while.

She walked over and hugged Wen Xiang: “Thank you, sister-in-law.”

Wen Xiang patted her on the back, “You're welcome, it's all a family, I used to live in country M for a few years, and I still don't care about the laws there. It's relatively familiar, and it's not difficult.”

Su Nan smiled, "When you have your wedding, I will give you a big red envelope..."

Su Jin turned his head away speechlessly.

Wen Xiang couldn't help laughing, "Don't talk about it, go home, Dad is still waiting for you at home..."

Su Yifeng already knew?

This thing wears too fast too.

She silently looked back at Yu Lou.

He must have passed it on.

There is no second person.

Don't look over at the building, pretending that you don't see it.

Su Nan paused, looked at Shang Qian, and hesitated.

He waited here for so long and let him go back after seeing him?

You look like a scumbag!

But...their relationship has not been made public yet.

While hesitating, Su Jin coughed:

"Mr. Shang, let's go together, my father specially invited you to come with me."

Shang Qian wanted to refuse, but when he heard Su Yifeng's special invitation, Su Jin didn't seem like a liar. Most likely it's true.

He could only nod his head and replied bravely,

"Okay, I'm also going to visit Chairman Su."

...

Chapter 1219 Visiting

Su Nan raised his eyebrows and looked at him with a smile.

nervous?

You've only dreamed of seeing your parents...

Shang Qian looked at her helplessly, and seemed to be rushing the ducks to the shelves, but he couldn't avoid it now.

Su Jin glanced at Su Nan, who was frowning with Shang Qian, looking like he was useless, is that still his sister?

He took Wen Xiang's hand and turned around and left. He couldn't bear it any longer...

Su Nan happily went over and took Shang Qian's arm, "Let's go..."

Shang Qian hesitated. Su Jin in front did not dare to be too presumptuous.

Let her put her hands down.

But Su Nan didn't, and deliberately went against him, smiling so much that his eyes curled up.

Yu Lou behind him finally breathed a sigh of relief.

As long as she comes back, Su Nan will be safe.

After getting in the car.

Su Jin glanced at Yu Lou behind him: "Go back to rest and go to the company tomorrow."

Yu Lou nodded and glanced at Su Nan, "Okay."

Su Nan paused.

"Assistant Yu, remember to contact Ogilvy and Sily from time to time to follow up on the shooting progress."

Yu Lou responded immediately, "Yes, Mr. Su."

Su Nan was still willing to give him the task, which means that he doesn't care about the complaint.

Su Nan is really a righteous president...

Su Zhai.

Su Yifeng was calm. When they went, he was still holding a fishing rod on the phone.

Glancing at them, he said a few words to the person on the phone, and then hung up.

“You’re back?”

Su Jin nodded and dragged Wen Xiang to the living room.

Wen Xiang could only say hello in a hurry, and glanced at Su Jin reproachfully.

Su Jin explained warmly: “What are you afraid of, Dad is all angry with Xiao Wu now, and he won’t care about us.”

Su Jin’s voice was not lowered at all.

Su Nan looked at his elder brother speechlessly.

Does it need to be said so clearly?

She was getting nervous.

“Dad...”

She didn’t say anything, but she thought that Su Yifeng’s attitude was not right, and she wanted to further admit her mistake.

“I was wrong...”

Su Yifeng: “What’s wrong?”

Su Nan: “...”

So, what heroine’s script did Su Yifeng take?

Have to get to the bottom of it?

Su Nan reluctantly said:

“I don’t think there is anything wrong with me, but my biggest mistake is that I am too attractive, and my personal charm is too strong, so so many people take the initiative. Provoking me!”

Su Yifeng looked at his daughter speechlessly.

what to do?

If this is Su Qi, he can paste it with a slap.

Let him know what self-righteousness is.

But Su Nan can't!

Seeing the atmosphere cooled down.

Shang Qian hurriedly stepped forward and greeted Wen Run modestly:

“Chairman Su, long time no see.”

Su Yifeng was very respectful in front of outsiders.

He smiled immediately and patted his shoulder lovingly.

“Shang Qian, it's been a long time. I've been talking about you a lot these days. If you want to expand your business to China, you should come and walk around often. Maybe I can help you...”

Shang Qian was flattered . .

He didn't even dare to think about it, how could Su Yifeng say such a thing?

Although it is a bit complicated, he can solve it himself.

What's more, if you ask the Su family for help, there will inevitably be rumors that he has ulterior motives when approaching Su Nan.

This relationship, he did not want to get involved in irrelevant rumors.

But of course he wouldn't tell Su Yifeng clearly, he just smiled:

“Thank you Director Su, I will definitely not be polite if I need it.”

Chapter 1220 To celebrate

, Su Yifeng smiled, nodded, and walked in with Shang Qian.

Instead, Su Nan was thrown on the spot.

The housekeeper uncle ran over happily:

“Miss, what do you want to eat? Shall I let them cook your favorite meals and desserts at noon?”

Su Nan breathed a sigh of relief, nodded immediately, and rubbed his stomach:

“Let’s go. I was in a hurry, I didn’t eat much breakfast, I was really hungry.”

The food on the plane was not very tasty, and she was dizzy and had no appetite at all.

“Why don’t you eat breakfast, I’ll give you some snacks to padded your stomach.” After the

housekeeper finished speaking, he immediately disappeared in front of his eyes.

Su Nan walked in leisurely and lazily, seeing that Su Jin had changed into a dress and went downstairs, while Wen Xiang watched the servants work and helped with the tea.

Shang Qian and Su Yifeng sat in the living room and exchanged friendly greetings.

Always feel like something is missing.

As soon as Su Qi left, no one was beaten...

Su Yifeng glanced at her:

“Why are you still standing there? Come here quickly.”

Su Nan walked over and sat down without saying a word.

A look of listening intently to the teaching.

Su Yifeng was speechless by him.

An inexplicable anger dissipated.

“There was an accident last night, I should have informed my family earlier, and let you settle the rest of the matter, but it was delayed all night?”

Su Nan pursed her lips, “Anyway, I’m back safely, so don’t talk about it, let’s celebrate?”

“celebrate?”

Su Yifeng laughed angrily.

“Do you know where you went wrong?”

His voice became serious.

Even Shang Qian was shocked for a moment.

Su Jin took a cup of coffee and walked over to sit down unhurriedly.

act as a spectator.

Su Nan pursed his lips, "I shouldn't have killed... or not?"

If Su Nan hadn't added the latter sentence, Shang Qian really thought she knew it was wrong.

Su Jin almost spit out the coffee.

Su Yifeng stared at her speechlessly, with a cold expression on his face.

The butler brought coffee and tea to everyone.

In front of Su Nan, it was still milk.

Su Yifeng sighed. Although his tone was stiff, he had softened a lot:

"Shang Yi's life or death is not important, it doesn't matter if he kills him or not, but how can you do it yourself?"

His tone was full of resentment:

"That's dirty. I took your hand!"

Su Jin nodded silently beside him.

express approval.

"You have so many ways to deal with it, why did you choose to do it last night?"

Su Nan: "That person is so annoying, I don't want to bear it for a minute, seeing him more will affect my playing in country M. Feeling."

She said it with contempt, a kind of contempt from above, without concealing it.

Shang Qian sat on the side and listened expressionlessly.

Although I don't know much about the Su family, their family atmosphere is warm and enthusiastic. All the children they teach are like dragons and phoenixes, and none of them are playboys.

It is enough to show that Su Yifeng is very attentive to his children's education.

“Then you solved it secretly, why do you have to let people send people back to the business?”

Su Yifeng said here, and glanced at Shang Qian.

Shang Qian immediately stated:

“I’m an illegitimate child, and it’s not up to me to decide which family I was born in. The merchants have already regarded me as a thorn in their eyes. I think Miss Su Nan did the right thing!”

Su Yifeng’s expression improved slightly.

Looking at Shang Qian, loving and distressed, he smiled:

“Shang Qian, you still know the righteousness. In the future, treat this place as your own home. We are all your family.”
