about Su Yifeng's attitude towards Shang Qian and Su Nan. They were completely two people.

Su Nan pursed his lips.

She was a little speechless: "Dad, this is what you said, don't deny the account in the end!"

Su Yifeng glared at Su Nan:

"You don't have the right to speak! Answer my question well."

There are countless ways to quietly solve the business. Also, why send people back?

Su Nan hooked his lips:

"Provocation, I just want to let the merchants know about this, and let them watch Shang Yi die, such a scum, think I will be afraid of him?"

Su Jin raised his head eyes, not speaking.

Su Yifeng didn't speak either.

She did it on purpose.

Not mindless.

Shang Qian paused and said silently:

"Indeed, if there is no sound, the people in the business will definitely call the police, or even use the FBI, and the trouble will be even bigger.

But Su Nan does this, just to make everyone think, This is a personal vendetta, and the police may not be willing to meddle in their own business."

Su Yifeng raised his eyelids: "So, what she did is quite right?"

Shang Qian smiled, his eyebrows were romantic, and he nodded.

“I think so.”

Su Nan looked at Shang Qian and smiled.

He really did support her.

Although she didn't think so much, she just wanted to exhale.

Shang Qian looked at her and smiled, with firm brows, no matter who it was, whoever wanted to touch Su Nan would end up like this.

Even if Shang Qian was there, things would only get out of hand.

Because he would not show mercy, Shang Yi left gasping for breath.

Su Yifeng and Su Jin exchanged glances and did not continue.

“Okay, since it has already happened, let's think about what to do next...”

Su Nan bit her lower lip, “It's long overdue for the next step...”

Everyone: “...”

Su Yifeng: “The merchants probably don't know what happened yet, but there was a lot of noise last night, and they will be checked sooner or later.”

Su Jin pursed his lips, and said with a solemn expression,

“I have already asked People destroyed the surveillance video of the Washington Hotel, no one will know, they want to find out, it is not that simple.

And... There are very few people looking for in the building, but the people from the business manager can't hide it. ....Maybe I'll find out about President Shang.”

That's why Su Yifeng called Shang Qian back.

He was afraid that Shang Qian would sell his daughter!

When Shang Qian heard the words, he nodded and stroked Fu Mei Feng.

There is a warm and noble air that comes out of his bones.

“It's a matter of time sooner or later. Even if it's about half an hour, if Shang is not dead, he will say it.”

“Isn't Mr. Shang not worried?”

Su Jin put down the coffee in his hand and asked him, With temptation in it.

His eyes looked at him lightly.

Apart from ulterior motives, the man who appeared beside Su Nan was someone like Cheng Yi.

They don't worry about being heartless.

But there are some who have ulterior motives, and they hide it too well. Su Nan alone, I am afraid that he will not be able to recognize it.

They have to be more careful.

Shang Qian's eyes were light, he raised his head to look at them, and kept a decent smile at the corners of his mouth.

"What are you worried about? Worried about being retaliated by the merchants?"

Su Dong didn't know anything. From the day I knew my surname was Shang, I lived in fear all the time.

The merchants didn't want to kill me every day or two. Yes, but I'm still alive, they can't do anything about me, so they have to endure it all the time."

...

Chapter 1222: Dog Legs Su Nan

Chapter 1222 When Su Nan

and Shang Qian said these words, it should have been a very miserable experience for him to tell the truth.

But such a light-hearted attitude caught everyone by surprise.

Su Nan looked at him with distressed eyes.

Yes, in her own heart, she left Shangyi at the door of the business, like throwing a piece of garbage, just to tell the people of the business that business is incompetent.

She wanted to exhale for herself.

I want to speak out for Shang Qian.

Such a good person is abandoned like a shoe by them, why?

Su Jin's brows and eyes were lowered, his thin lips pursed tightly, as if he was thinking about something.

Su Yifeng reacted very quickly, he gave him a sympathetic look, this time it was heartfelt pain.

"I just wronged you, Shang Qian. They will definitely find us, but they can't reach here. Su Jin is there for things in the mall, so don't worry about anything. In

private, I will send someone for Su Nan's safety. Be extra careful.

They will definitely get revenge on you if they hurt you..."

After all, most of the people who went there were from Shang Qian.

Shang Qian wanted to get rid of it, but he had no chance.

There is no guarantee that the merchants will not become mad and do something for the sake of the merchants.

Shang Qian smiled, very calm.

"Su Dong, don't worry, I have prepared myself. I grew up there and know the business very well. It's not that easy for them to move me."

Su Yifeng nodded, but he still couldn't relax.

I haven't dealt with the merchants, and I don't know the details of the other party.

Who knows what means they will have?

Su Nan looked at him and smiled, "Don't worry, if the merchant dares to reach out here, he will chop him up."

She said the most ruthless words in the calmest tone.

This is the territory of the Su family.

The power of the Su family is intertwined.

But it's not just in the shopping malls.

She knew very well what way Su Jin had walked, and she almost went in, but was dragged out by him.

But just a little bit of her contact, you know it's not easy.

Whether it's black or white, she doesn't care.

Su Jin glanced at Su Nan, hooked his lips, and said nothing.

Su Yifeng looked at her speechlessly:

“Don't be careless, be careful to find someone else's way, and let Chang Li follow you in the future, let him be your bodyguard and stay by your side, I can rest assured.”

Su Nan paused . , Chang Li, who lived with her in Jingyuan to take care of Fu Yechuan, has been gone for a long time.

Su Yifeng gave her his most trusted bodyguard, and Su Nan naturally would not refuse.

“Alright, Chang Li doesn't say much harsh words, that's not bad.”

At this point, there is nothing to worry about, only soldiers will come to block, and water will come to cover.

Wen Xiang came over with dessert, “Try the jelly, the housekeeper said that Xiao Wu likes to eat it and made it specially.”

Su Nan stood up excitedly.

He couldn't help raising his voice and shouted loudly in the direction of the kitchen:

“Thank you, uncle, the best housekeeper in the world...”

Shang Qian was stunned, everyone was accustomed to Su Nan's dog-legged appearance.

One person took a glass and started tasting.

In the kitchen, the housekeeper uncle responded with a smile:

“You're welcome, the most beautiful young lady in the world...”

Shang Qian was stunned again.

Wen Xiang smiled and explained:

“I heard that the housekeeper has been in Su's house, watching Xiao Wu grow up, and he is very close to her.”

Su Yifeng laughed:

“No, when I was in elementary school, my grades were terrible. , The teacher looked for the parents, but she didn’t dare to look for me, so she called the housekeeper and called him Dad.

If the teacher didn’t know me, she would have sent the housekeeper to the police station as a child abductor...”

mentioned the past events, and there was a rare warm smile on Su Yifeng’s face.

Su Nan stood there in embarrassment.

“Dad, you must have misremembered, my grades have never been worse!”

Su Jin snorted disdainfully.

“Before I tutored you, your grades were always the last one.”

He exposed her unceremoniously.

Su Nan: “...”

Is it necessary?

Aren’t you all family?

Why do we have to hurt each other, no, why do we have to hurt her?

Shang Qian couldn’t help but smile, looking at Su Nan’s eyes with a bit of soft curiosity.

He wanted to know more about such a warm story.

In the eyes of outsiders, Su Nan, who is excellent and perfect, even had the last time in the exam?

After eating dessert, there is still a while before dinner.

Su Yifeng was uneasy and called Su Jin to the study to talk.

Although Su Nan was able to play her own role in the shopping mall, there were some dark and gray areas that they never let her touch.

Therefore, it is up to Su Jin to act.

Wen Xiang sat there with Su Nan and Shang Qian, eating elegantly, and couldn't find any faults.

Su Nan and Shang Qian looked at each other from time to time and smiled sweetly.

There seems to be a sweet smell in the air.

Wen Xiang smiled and lowered her gentle eyebrows.

"I'm here, am I disturbing you? Do you want to whisper?"

Su Nan was stunned for a moment, and his movements followed.

Hearing the joke in Wen Xiang's words, Su Nan suddenly felt a little embarrassed.

"Sister-in-law..."

Her relationship with Shang Qian was not officially announced at the Su family.

Although Su Jin already knew, Su Yifeng pretended not to know.

However, only Wen Xiang was exposed.

Wen Xiang looked at them with a smile.

"Mr. Shang, was in a Wall Street investment bank before?"

Shang Qian nodded with a smile, with a warm and sincere attitude.

After all, she is Su Jin's wife and Su Nan's sister-in-law. He is also 10,000 respected.

"It's not easy to gain a firm foothold on Wall Street, and what's more, it seems that Mr. Shang's experience was not so smooth. To be able to get to this day, you must have paid more effort than others, right?"

Wen Xiang's tone was soft. , like the breeze and the drizzle.

Su Nan likes to listen to Wen Xiang talking very much, and it always feels like a kind of enjoyment.

In some aspects, Wen Xiang and Shang Qian are somewhat similar.

Their external temperament is extremely gentle and soft.

It's just that Shang Qian is gentle and fortitude.

On the other hand, Wen Xiang was gentle and tactful.

Not annoying at all though.

Shang Qian smiled humbly, "There are difficulties, but compared to returning to the original life, it is not so unbearable."

Wen Xiang nodded and expressed understanding.

Su Nan suddenly remembered something.

"Was my sister-in-law also on Wall Street?"

I remember that when my eldest brother first took over the company, he often went to that city for business trips. It was obvious that the matter was not important enough for him to go there in person, but he would definitely not miss the opportunity to go there. Wen Xiang was

slightly startled, and

her face was obviously shocked. She still doesn't know about these things?

Su Nan smiled, "Did Big Brother tell you? I think it may be to see you secretly..."

"Xiao Wu..."

Su Jin's voice came down from the upstairs, with an inexplicable coldness and warning.

Shang Qian also seemed to realize What, with a meaningful smile.

Su Nan blinked and looked at Su Jin who came over:

"Brother, did you go there on a business trip a few years ago just to see sister-in-law? "

...

Chapter 1224 Don't come back if you are not good at coaxing,

Su Jin's face flashed with embarrassment.

"That's work..."

Su Nan snorted lightly, “It’s such a trivial matter to connect with the company below that you don’t even bother to go to the building. You ran over there, not to find sister-in-law or something?”

Wen Xiang stood up slowly, her eyes were a little red.

Su Jin walked over quickly, blocked everyone’s sight, and gently hugged her in his arms and patted her.

“I’m just on the way, it’s all my fault for Xiao Wu’s open mouth...”

Wen Xiang’s voice was a little choked:

“But you said that you never went there once, and you never wanted to go to see me, you said Every time you encounter that place, you will walk around...”

Su Jin looked at her with a complex face, a little distressed, and some at a loss to wipe her tears.

“It doesn’t matter what you cry, it doesn’t matter if you go or not. At that time, for us, all the decisions were in your hands...”

Wen Xiang was stunned, and lowered her head to cry even more.

He didn’t care about anything at all, pushed Su Jin away, and ran out.

Just as Su Jin was about to chase him out, Shang Qian said with

a smile, “Mr. Su, I think it would be better for Su Nan to go over and take a look.” Su Nan

nodded immediately.

As soon as Wen Xiang cried, she realized that she had said the wrong thing.

Su Nan was actually not very clear about what happened between them.

Just know one and a half stars.

When she said that, she just wanted to give Su Jin a good impression.

Who knew, it turned out to be the opposite?

Right now, she stands there obediently, just wanting to be a transparent person.

However, Shang Qian actually pushed her out.

She agreed without saying a word, but after thinking about it carefully, she didn't know that much about Wen Xiang. If you go to coax her, don't you have to go to Su Jin?

She stared at Shang Qian with wide eyes, Shang Qian smiled, "Go..."

Su Nan hesitated.

Su Jin looked at her coldly from the side:

"What are you still doing, hurry up, don't come back if you can't be coaxed!"

Su Nan: "..."

When Su Qi was away, why was her family status? Did it drop rapidly?

It was a bit unexpected.

At Su Jin's urging, Su Nan bit the bullet and went out.

Wen Xiang was sitting by the small fountain pool at the door, looking at the direction of the garden, silent and a little sad.

Su Nan walked over and sat down.

"Sister-in-law, I'm sorry."

She apologized obediently.

If it weren't for her, Wen Xiang wouldn't cry.

Wen Xiang smiled, took her hand and gave way.

"You didn't do anything wrong, you don't need to apologize."

"I don't know, those words will make you cry, I thought you knew..."

Wen Xiang twitched the corners of her mouth, pantothenic acid in her eyes. .

"I don't want to cry either, I just can't help it, I don't blame you."

Su Nan hesitated for a while, "It must be difficult for you and my big brother to be together again."

Warm liquid seemed to spew from his eyes. out.

Wen Xiang didn't even know how someone who was so able to control his emotions suddenly lost control.

"Yes, I thought it was my plan for a long time."

She bent down, lowered her head and smiled.

"I worked in Wall Street back then. It was very hard work. I didn't rely on my ability and ability to gain a firm foothold. There are geniuses everywhere, and there are scumbags everywhere.

Later, I gave up working for others, and I used my own earnings. Money and a little property left by the family started to start a business...

When I left your brother, he said never to meet again.

But I regretted it as soon as I went to country M, but I couldn't help myself. ..."

speak, Wen Xiang choked up, the sadness that could not be concealed in her voice.

"When I started to make money, I knew that there was a party for the rich overseas Chinese, and your brother would go there. I found a lot of connections before I could enter there and meet him.

On that side, I didn't dare to come forward and recognize each other.

I learned from others It took several days to send him a text message.

It's strange, he actually knew it was me."

Su Nan listened heavily.

It is clear that Su Jin and Wen Xiang are not so in love, but their experiences always have a feeling of life and death.

In the silence there is unforgettable unforgettable.

"Then, are you back together?"

Su Nan asked.

Wen Xiang took a deep breath and smiled:

“Well, I said it first, I said I still can’t forget you, if you are still alone, let’s try to be together again, of course, if you don’t want to agree, just When I didn’t say anything.”

Su Nan was silent after hearing this.

She thought that a woman Su Jin cherished so much would take the initiative to fight for it.

It was Wen Xiang who opened the mouth first?

It’s really not a thing!

In love, men are simply control freaks!

It seems that women are in charge of everything, but in fact they are all concerned about the thoughts of men.

Wen Xiang: “The few seconds I waited for his answer, I felt like I was delayed again. Fortunately, he said, yes.”

Therefore, after more than five years, the two people who love each other reunited back together.

“I thought this relationship should not be called a relationship. I was chasing him, it was my wishful thinking, he just never met someone more suitable than me.

I was lucky.”

Su Nan listened to Wen Xiang There was a bit of discomfort in his tone.

Wen Xiang felt really aggrieved.

“Sister-in-law, how can a person as perfect and picky as my brother marry just because he is suitable?

If he doesn’t like it, no one can let him make do with it.

After you broke up, there were no other women around him, and he went to your city. Many times, every time he came back, he would be silent for several days.

My father said that he is probably going to be a monk...”

Su Nan couldn’t help but smile.

Wen Xiang also laughed softly.

When he proposed marriage, she didn't dare to get married, only said to get engaged first.

Because she was afraid of regret, afraid of him regretting, and even more afraid of regretting herself.

He is very good to himself, even better than five years ago, she has almost everything she wants, career and life, completely improved to the level she dreamed of before.

She also worked diligently to adapt to the role of a good wife in advance.

Help him care for his family and work overtime with him.

But her heart was empty and hanging.

She knew very well that although they were back together, they didn't know the level of their feelings for each other.

Even a little polite and rusty.

Because she took the initiative, she was more careful and keen to observe his emotions, even a little cautious.

But unexpectedly, Su Jin never gave up from the beginning.

Every time he goes to Wall Street, just to take a look at her when she doesn't know?

Her feelings seemed to respond at once.

This made her accept it for a while.

Why didn't he tell her this?

Su Nan and Wen Xiang looked at each other.

Then the two fell silent again.

"But it's the best ending for you to be together. After you get married and have a baby, I will play with him every day in the future.

My eldest brother likes children very much. My father was busy doing business at the time. Several of us were brought up by him."

Wen Xiang frowned suspiciously, "Really? He likes children?"

With his appearance, as long as he stood there and didn't speak, he could frighten the children to cry. .

Will he like it?

Su Nan nodded.

"Don't look at him cold, but he is very patient with children. Otherwise, how could my second brother become a scholar, and my third brother has always been among the best."

Wen Xiang looked into the distance thoughtfully. place.

Su Nan paused and continued:

"I think you two love each other enough, but there are some misunderstandings in the middle. It's good to solve it. It's no big deal. You still have to look forward. The important thing is that you are together now."

Said In the end, Su Jin didn't give her much sense of security.

Perhaps he was also carefully testing her emotions.

She said she didn't want to get married, she was just engaged.

She said she didn't want to have children, but didn't say a word.

Su Jin never forced his thoughts onto her.

For Wen Xiang, it became a kind of self-protection umbrella.

It was a consensus to make her think that he didn't want it either.

the end.

After a long time, Wen Xiang said, "Maybe, it's the end anyway."

As for relationships, she no longer has the strength and mind to think about others like Su Jin.

So, that's all.

Su Nan smiled, "It's still the original one, isn't the original one the best?"

She just said casually.

After all, between Wen Xiang and Su Jin, only they are each other.

Wen Xiang smiled and looked at her:

"No, it's the last best."

Su Nan was slightly taken aback.

Wen Xiang's smile was extremely gentle, and her eyebrows twitched:

"Your eldest brother must be the last, so he is the best."

Su Nan's heart seemed to be hit by something.

If it was her, the first person was Fu Yechuan, but now she has left her life.

And Shang Qian, is he the last one?

At least for now, it is.

But she suddenly felt that she had never thought about the future with Shang Qian.

I don't know if he thought about it?

I should have thought about it, otherwise I would not have asked to come to see my parents.

Su Nan pursed his lips and suppressed the thoughts in his heart. The uncle, the housekeeper, came over to pass a message:

"Miss, the chairman asked you and the eldest young lady to hurry over to eat..."

Su Nan responded and pulled Wen Xiang up.

"Sister-in-law, if you're still angry, wait until you go back and find an excuse to have another child. If I can't coax you right now, my elder brother will have to eat me!"

Wen Xiang rubbed her eyes lightly. Can't see the red blood just now.

"Your eldest brother loves you the most, why is he really angry with you?"

"Then it depends on why..."

Su Nan muttered, seeing that Su Yifeng was about to come over and call someone in person, she hurriedly carried her skirt, took a small step and ran over.

"I'm not active in eating, there is a problem with my thinking!"

Su Yifeng nodded her forehead and spoke.

Su Nan: "..."

Su Jin stood there quietly and silently behind him, with an icy aura all over his body.

When he looked out the door, there was some anxiety in his eyes.

When he saw Wen Xiang's figure appearing in front of him, he relaxed as if he was relieved.

Su Nan glanced at him in disgust.

She was the one who took the blame for him.

If Su Jin had explained everything to Wen Xiang, why did Wen Xiang run out sadly just now?

Shang Qian was still standing in the living room restrained, maintaining a decent smile...

She fluttered.

Su Nan: "..."

She widened her eyes and looked at him in shock.

This is the first time he has rejected her initiative...

Shang Qian coughed twice, looked at the person in front of him with an embarrassed expression, and smiled.

“Director Su, please...”

He stretched out his hand and made a gesture.

Su Nan looked up subconsciously, Su Yifeng was staring at her darkly.

This unpromising daughter, you don't want your men's group harem?

Su Nan shyly withdrew his hand and turned to take his arm.

She smiled: “Dad, please take your seat...”

Su Yifeng snorted coldly, turned around and left, ignoring her!

The housekeeper uncle looked at it with a smile. It's rare for the family to be so lively. It would be great if Su Qi was there...

A meal was quite lively. I made a video with Su Qi in the middle, and it was still night when Su Qi was there. , should have just finished rehearsal, the whole person is listless.

Seeing that they were all eating his favorite food, his eyes suddenly straightened.

After saying a few words, Su Jin suddenly thought of something, and took the phone over with a serious expression.

“San'er, be careful there, especially your safety.”

Su Qi was puzzled: “Ah?”

Su Jin briefly explained the matter, and Su Qi's expression changed a bit.

“So, I'm in danger now, so do you want to send me some bodyguards to protect me? Do you want to buy me a bulletproof villa alone, and build a rehearsal room for me in the villa...”

Su Yifeng couldn't hear it Go down, put down your chopsticks.

“Hang up, let him fend for himself, whatever he needs to say anyway.”

Su Jin nodded and hung up the phone in agreement.

“Dad...my father...”

Su Qi shouted, but it was too late.

Su Jin hung up the phone decisively.

Su Nan laughed and turned back and forth.

Shang Qian hesitated, “If you are so careful, isn’t Second Brother Su also in danger?”  
The

restaurant was silent for a moment.

Su Jin said:

“Don’t worry about him, his secret research institute is in a special force, even if the merchants mobilize the troops of the M country, they may not be able to find him.”

Shang Qian nodded, Su Nan laughed lowly One voice:

“I don’t know if Shang Yi is dead?”

Just as he was guessing, the phone in Su Yifeng’s study upstairs rang.

He paused for a few seconds, wiped his hands, and went up to answer the phone in person.

After a while, he walked down slowly.

“There is news, Shang Yi is not dead, and still has a breath, but the lower body is paralyzed and the cerebellum is damaged. In this life, I can’t live without a wheelchair...”

Su Yifeng has been in the M country for so many years. news channel.

Such a secret thing, the merchant should hide it deeply, and it is estimated that Su Yifeng knew it before it was exposed.

Shang Qian immediately admired Su Yifeng even more.

As expected of the Su family.

Su Yifeng paused and sat in his original position, frowning slightly.

“But it’s strange, the businessman didn’t seem to find out who did it, and now they are offering a reward of 100 million US dollars to find clues. I

heard that many people have come to offer advice, but these clues come from all over the world, and there is no accurate direction at all.

Su The traces of Nan's visit seem to have been deliberately erased..."

Su Yifeng paused, his expression solemn.

Although this is a good thing for Su Nan, the Su family's hand can't stretch that long...

It is impossible for the Su family, the childish ghost, to block the mouths of everyone Su Nan has seen, and they have not deliberately erased the traces.

Because of their preparations, they have always faced head-to-head.

Strange...

Su Nan frowned, a doubt flashed in his mind, but he felt it was impossible.

How could he be so busy with his business?

Su Jin sat there with a cold expression, not knowing what he was thinking.

...

After dinner, Su Nan refused Su Yifeng's request to let her stay, and had to leave with Shang Qian.

She is on her own territory, what is there to be afraid of?

on the way.

Shang Qian drove, looked at Su Nan slightly absent-minded, he smiled, and his eyebrows were extremely warm:

"What are you thinking about?"

"Nothing, just curious who would meddle?"

Shang Qian paused, and said lightly:

” Do you need to think about it? It must be Mr. Fu’s work...”

Su Nan turned his head to look at him in shock.

Shang Qian’s profile is handsome and good-looking, romantic and affectionate, his facial features are deep and three-dimensional, and he has an indescribably light temperament.

“After you went to Country M, the only person you’ve ever seen is Fu Yechuan.

Besides him, who else can easily clean up the mess?”

Su Nan frowned and said the name he guessed .

It’s really him.

This feeling is very strong.

Indeed, except for Fu Yechuan, no one would do this.

Shang Qian sighed: “It’s unlucky to let him take the lead again.”

Hearing the jealousy and regret in his tone, Su Nan clicked his tongue.

“It’s just a guess, how can he be so kind?”

Shang Qian smiled and suddenly became happy.

“Although I don’t want to admit that he is so kind, but if Mr. Fu hears this, he will be angry on the spot...”

“You are getting more and more naive!”

Su Nan glanced at him and didn’t overdo it. , thinking, do you want to call and ask?

A few seconds of silence.

Shang Qian opened his mouth, “Why don’t you just call to say thank you?”

Su Nan pursed her lips, “Isn’t it necessary?”

“Of course, Mr. Fu is kind, and we can’t accept it as if we don’t know, no matter what the reason is, Mr. Fu helped us, but I owe someone a favor?”

Shang Qian said, and took out his mobile phone.

“Should I call?”

Su Nan frowned and took his cell phone.

“Concentrate on driving, I’ll call...”

Shang Qian smiled, “That’s right, Mr. Fu may not answer the call I made...”

Su Nan rolled his eyes at him .

She took out her mobile phone, found Fu Yechuan’s number, and pressed it.

Without two beeps, the other party picked up.

“Hello? Su Nan?”

He seemed to be in a meeting, and the noisy conference room instantly became quiet.

Su Nan paused, realizing that the time is now in country M, and it may not be noon yet.

“Do you have time? I’ll call you back when I don’t have time.”

“

Yes, you have something to say.” Fu Yechuan suppressed his inner excitement, and his voice sounded calm and calm.

The people in the conference room were still discussing whether the plan should be approved or not.

Fu Yechuan made a gesture, and everyone instantly became quiet.

Countless eyes stared at Fu Yechuan’s direction.

The person with a dark face suddenly became gentle, and even his eyes were filled with joy.

This is a smile that President Fu has never seen since he came here.

He said, stood up, and walked directly out of the conference room with long legs...

outside.

Standing on the thirty-third floor of the high-rise building overlooking, all the traffic below becomes small and inconspicuous.

Fu Yechuan couldn't hear Su Nan's words for a long time. He tugged at the collar and urged,

"Just say anything..."

, Su Nan, who pursed his lips. When the words came to his lips, he suddenly felt that what Fu Yechuan wanted might not be these words of thanks.

But what he wanted, he couldn't afford.

She has nothing else but this.

"Mr. Fu, thank you."

Fu Yechuan choked on his chest, feeling that his blood had stopped flowing.

"Thanks for what?"

He squeezed the phone tightly involuntarily.

Su Nan: "As for Shang Yi, you helped block the news, right?"

Fu Yechuan paused for a few seconds.

"How did you know?"

Su Nan said nothing and glanced at Shang Qian, who was concentrating on driving.

Fu Yechuan smiled, and the words he said also carried a condescending edge.

"It's nothing, it's just a little effort. Besides, I didn't give him a knife, so I'm already showing mercy."

Su Nan tried his best to appear calmer.

"No matter what, I have to thank you. When you come back, I... Shang Qian and I will invite you to dinner?"

Fu Yechuan stood there, the blood all over his body seemed to stop flowing.

He stiffly suppressed his anger.

“You and Shang Qian?”

Really?

Is this to thank him, or to piss him off?

That night, if it wasn't for the presence of too many people from Shang Qian, he wouldn't have bothered to hide things.

“Think I really want to help him? If it weren't for his limited ability, I wouldn't need to take action. I persuade him to do it in moderation and recognize his own strength.”

Fu Yechuan loosened his collar, his face turned cold.

He didn't mind pushing Shang Qian out to let the merchants settle accounts.

If it wasn't for Su Nan... Su Nan was about

to speak when Shang Qian suddenly took the phone from her hand.

His tone was soft and soft, as always, he could use a calm tone to kill people.

“Mr. Fu, although I know it's not me that you want to help, I still thank you for me and Su Nan. However, in terms

of strength, I think it's too early to say, it's nothing more than a trick for businesses to distinguish foreign forces.

On the one hand, I think my strength is much stronger.

Goodbye, Mr. Fu.”

After he finished speaking, he hung up the phone directly, a smile still twitched at the corner of his mouth, but his eyes were a little cold.

After hearing his words, Fu Yechuan saw the page of the call that had ended. He couldn't control his expression any longer, and threw the phone in his hand to the ground.

Damn Shang Qian.

Are you laughing at him for losing Su Nan, but he got Su Nan?

Su Nan took the call from Shang Qian in surprise.

She blinked, surprised that Shang Qian was angry?

He has never been angry...

She suddenly smiled, "You asked me to call to thank him, but you insisted on angering him?"

Shang Qian glanced at her helplessly and rubbed his eyebrows. :

"No way, thank you, thank you, who made Mr. Fu think about other people's girlfriends all day long? Still talking bad about me in front of my girlfriend?"

Su Nan's smile deepened, and she put the phone in her bag:

" He's going to be pissed off!"

Shang Qian raised his eyebrows, it was better to be angry.

Fu Yechuan returned to the conference room with a dark face.

The atmosphere that everyone had relaxed before suddenly became stiff again.

Everyone didn't even dare to breathe out.

Fu Yechuan's angry face has never been seen since he came to M country...

The gentleness was terrible just now, but now it's terrible, can you give them some buffer time?

"This project must come up with a specific plan before this afternoon. If it's still the same, I'll replace someone who is capable..."

Fu Yechuan's tone was indifferent, with a strong ruthlessness in his eyes.

Everyone's heart suddenly became cold, and their faces became ugly.

Chapter 1230 Gossip Actor

Chapter 1230

The gossip actor thought that the gunpowder would rise, but it turned out to be silent at home and abroad.

However, Su Yifeng did not let his guard down.

Chang Li's bodyguard still arrived at Su Nan's side as scheduled, almost never leaving.

A few days passed.

There was news from Sily that the cover shoot has been completed, and the different styles are reflected, which is simply beautiful.

The most difficult thing now is to choose one of these beautiful photos as the first one.

It's harder than shooting.

He didn't mind sending a few photos to Su Nan and asked her to help her take a look.

After all, this is related to Ogilvy's influence and Sun Haoyang's future.

As soon as Su Nan opened, he stood there in amazement.

It's simply too impactful. The impact of the red and blue background colors, coupled with the photographer's superb photography skills, Ogilvy and Sun Haoyang stand together, back to back, like the collision and fusion of two cultures.

A stunning visual experience.

Taking a closer look, neither Ogilvy nor Sun Haoyang has undergone retouching, and it is completely their true presentation.

A small mole on the bottom of Ogilvy's eyes is clearly visible. There is a bit of melancholy and fortitude between Sun Haoyang's eyebrows, and the lines are extraordinarily real.

The next one is a different scene, which is more attractive than the impact of blue and red. It is a combination of romance and wild beauty... I

have to say, it really deserves to be the world's leading "VJ" magazine, Su Nan I feel that every one of them is enough to kill the refined pictures of other artists in seconds.

She wasn't sure about professional advice, so she let sily decide for herself.

In the end, the opinions that sily discussed with the team were mainly based on blue and red shock tones, and the style of the entire magazine will change with this cover.

three days later.

The foreign cover was first issued, and the journal was reposted on domestic websites for the first time.

Immediately, the fashion industry first, and then the intranet, caused quite a stir.

“My God, Sun Haoyang is doing big things quietly? He is so lustful on this cover...”

“Without Viola, and “VJ”, this is simply not a class. How did Viola have the courage to say that he would rescind the contract with Sun Haoyang?”

“I feel like I’m going to die in Sun Haoyang’s eyes, ahhhh!

”, Sun Haoyang went to the world to shoot the cover. There are not many domestic artists who can be on this cover, right

? Ah...”

“Amazing, what is the origin of Sun Haoyang? When he was ridiculed by Viola, he didn’t say a word, but now he fights back so strongly?”

“Only I saw the Huaying Award ceremony. Is it the scene where Sun Haoyang and Goddess Su Nan walk the red carpet? So who is behind Sun Haoyang

, isn’t it clear?” The heated discussion on the Internet is getting bigger and bigger, and Sun Haoyang’s name is already in the Stayed on top for two days. Su Nan looked very happy. The louder his discussion, the more her hard work was in vain. But she can have her and the Su Group’s names erased. Just to highlight the influence of Sun Haoyang alone. And taking advantage of this opportunity, countless fashion resources have also begun to look at Sun Haoyang. He has gone very smoothly in this fashion circle, and he has almost easily won those endorsements that he has never contacted before.

Su Nan just asked Du Yan to help choose a few representative endorsements, not that everyone would come.

His worth can only get higher and higher.
