

## Read Divorce Billionaire Heiress Chinese Language Chapter 1231-1235

### Chapter 1231 Scandal Exposure

In order to celebrate the soaring commercial value of Sun Haoyang, Su Nan invited Shang Qian to have lunch together.

Shang Qian has been very busy recently. He basically doesn't see anyone during the day, and he comes back very late at night. The two have missed several days in a row.

Su Nan suddenly remembered him because Silly talked about this matter and asked Su Nan to express his dissatisfaction with Shang Qian on his behalf.

Because Shang Qian has not answered his call for a few days.

Su Nan readily agreed.

I thought she had arrived at the agreed private kitchen ten minutes early, but Shang Qian hadn't come yet.

But as soon as she entered, she saw that Shang Qian was already sitting inside.

She pushed open the door and raised her eyebrows:

"How can a busy person come so early?"

Shang Qian smiled, his brows soft and soft:

"Of course you can't be late for dinner with you."

Su Nan looked at the time, "It's a short distance from our appointment. Good time, there are still ten minutes, when did you come?"

Shang Qian: "I only made it half an hour earlier."

Su Nan: "..."

She is far from enough . awareness on.

Shang Qian hung her coat on the shelf and helped her put her bag aside before pulling out the chair for her.

"Sit down, I ordered a few dishes, all of which are your favorites. Let's see what else you want to order?"

Su Nan glanced at the menu.

“That’s it, why is complaining to me recently that you don’t answer his calls...”

Shang Qian smiled, looking indifferent:

“It doesn’t matter, I often don’t answer his calls. If you find him annoying, you can block him directly.” Su Nan’s eyes widened in shock.

“Don’t think that he gave Sun Haoyang a chance, and you owe him favor. You are one of the shareholders, and you have nothing to owe. Anyway, Sun Haoyang has achieved his goal.”

Speaking of this matter, Shang Qian suddenly smiled. .

“When you called me, you said it was to celebrate Sun Haoyang’s success. Excuse me, doesn’t he need to be there?” The

two celebrated without Sun Haoyang’s knowledge?

Su Nan smiled and nodded.

“If you insist on seeing him, I’ll call and ask him to come over.”

Su Nan said, and pretended to pick up the phone.

Shang Qian gently took her phone and smiled.

“I don’t want to see him.” Is

he crazy?

To meet another man?

Although there is no competitive pressure at present, it cannot let go of any potential danger.

When the food was served, Shang Qian was busy serving Su Nan and asked her if something was wrong recently.

Although Fu Yechuan hid the news well.

But when it happened that night, there were so many people there that it was difficult to guarantee that the news would not be leaked.

So he didn't dare to be careless at all.

Su Nan smiled, listening to his many questions and laughing at his fuss.

"Don't worry too much, this is country Z. No matter how powerful the merchants are, they can't reach out."

Shang Qian glanced at her and handed over the soup in his hand.

"The business is still there after so many years. I'm afraid... that father of mine, willing to give everything for Shang Yi, really came to Z country to trouble you."

Su Nan snorted coldly and wiped his mouth.

"Then let them come. I still don't know who wins and who loses. Besides, is the business group stupid? Shangyi is already paralyzed. Will the business continue to want a paralyzed person as his heir

?"

, the voice of some unfamiliar woman suddenly came from the side.

"Shang Zong....."

...

Chapter 1232 explained clearly

Chapter 1232 explained

the semi-open space clearly, Shang Qian should be visible from the door, but Su Nan was blocked by him.

Just hearing the voice, Su Nan felt that she was a simple woman.

"Mr. Shang, I didn't expect to meet you here. It's such a coincidence."

Shang Qian glanced up and nodded slightly, "Miss Fu."

Su Nan suddenly raised his eyes when he heard the surname.

In City A, there are not many people with the surname Fu, and she knows almost all of them.

Who can be called Miss Fu, Fu Yingying has been sent abroad by Fu Yechuan, who else?

Fu Qiu smiled, walked over happily, and glanced at the figure opposite Shang Qian, tall and bright, with outstanding temperament.

She paused, deliberately saved her mind, and walked over as if nothing had happened:

“It happens that you are here, do you mind if I eat rice? I just want to talk to you about business?”

Su Nan sat opposite, didn't stand up, let alone Going to see this woman.

She just looked at the man opposite with a smile. Since she knew him, there were hardly any other women around Shang Qian.

In the impression, he only seemed to be with little Mike, and then herself.

But she seems to have overlooked that Shang Qian, who is tall and straight, handsome and romantic, has a gentle and mellow personality, and has a wealth of wealth, how can he not attract women's attention?

His own conditions are placed in the entire City A. Except for Fu Yechuan, I am afraid that no one is more popular than him.

The kind of Fu Yechuan belonged to an iceberg, and it couldn't melt if he wanted to.

But Shang Qian is different, he always treats people with humility and politeness.

The last time Yunyun approached Shang Qian, her ultimate goal was Su Nan, so she probably didn't show her true level.

It was the first time I saw other women come forward, so Su Nan was a little excited.

She wanted to see how Shang Qian would respond.

If he was too embarrassed to refuse, Su Nan felt that he would probably be mad, so he would leave with the bag and leave room for them?

But Shang Qian just raised his eyes, with a gentle estranged smile on the corner of his mouth, polite and calm:

“I'm sorry, mind.” The

simple words caused the two women present to be slightly stunned.

He also seemed a little too direct.

Fu Qiu paused, surprised that Shang Qian would reject her?

Her brows trembled slightly, and out of the corner of the eye glanced at the profile of the woman opposite him, very beautiful, bright and aura, but also somewhat familiar.

She was a little jealous in her heart.

But she never talked about Shang Qian's thoughts, and now is not the time.

She laughed dryly, "That's me interrupting, it's me being too presumptuous to interrupt Mr. Shang's entertainment, let's make an appointment another day."

Inside and out of her words, she revealed the countless possibilities that she and Shang Qian would get close.

If the woman opposite Shang Qian was his girlfriend, he would not be indifferent.

But the woman opposite just sat quietly, without any movement or reaction.

Fu Qiu breathed a sigh of relief and was about to turn around and leave.

Shang Qian corrected her with a smile:

"It's not entertainment, it's me who accompanies my girlfriend to dinner. She likes to be quiet and doesn't like to be disturbed, especially by strangers."

Su Nan lifted her eyelids subconsciously and looked at Shang Qian Introduce yourself candidly.

In her heart, something seemed to be touched slightly.

He introduced her like this, but he didn't even let anyone down the stairs.

Su Nan also turned his head to the side to see the appearance of the person who came.

Fu Qiu, Fu Yechuan's cousin studying in country M?

...

Chapter 1233 Who's sister-in-law

Chapter 1233 Who's sister-in-law

Su Nan only met once, or at the birthday banquet of Mr. Fu, she hurried back and left in a hurry.

Fu Qiu has always been a self-proclaimed female scholar, looking down on others everywhere, touting self-independence, but also taking pocket money from home.

Su Nan was not impressed by her, but after all, she probably just graduated this year and returned to China.

Fu Qiu could also see Su Nan's face clearly. The coldness was bright and bright, and the facial features were vivid and three-dimensional. I had to say that the woman in front of me was really beautiful.

It's just... how does it look familiar?

Fu Qiu pondered for a while, and suddenly his face changed:

"Are you sister-in-law?"

She pointed at Su Nan and looked at her in shock.

Although he had no impression of Su Nan, Fu Qiu had seen the photo of her and Fu Yechuan sent to her by Fu Yingying.

In the photo, she followed Fu Yechuan's figure all the time, and she never looked away.

Fu Yingying laughed at her as a country bumpkin, a sparrow turned into a phoenix, and her words were full of contempt for Su Nan.

In Fu Qiu's impression, Su Nan was also a man of his own accord and did not dare to speak loudly at Fu's house.

She married Fu Yechuan by despicable means, and no one from Fu Yechuan and Fu family liked her.

She was in Fu's house, and she had no sense of existence at all.

But why did the person in front of him look the same?

Although he still didn't speak, the coldness and nobleness between his eyebrows revealed an unattainable feeling.

It's completely different from the previous impression.

Hearing this title, Shang Qian's face changed, and the polite smile that had been hanging on the corner of his mouth suddenly disappeared.

Su Nan pursed her lower lip and said lightly:

"Ms. Fu, although she is not in the country, country M is not a primitive society. How can there be so few ways to get news?"

The news of her divorce from Fu Yechuan was abuzz at the beginning. As a member of the Fu family, how would Fu Qiu know about it?

Then the “sister-in-law” she called out is worth exploring.

Fu Qiu pursed his lips and seemed a little embarrassed. He glanced at Shang Qian’s face:

“I’m sorry, sister-in-law, I couldn’t react for a while. Are you talking about something with President Shang? Then I won’t bother... .”

She was very reluctant to leave because of Su Nan.

But she also knew how Fu Yingying was driven to live in country M.

Shang Qian stopped her with a cold tone:

“Miss Fu, I repeat what Miss Su said just now, I believe you also know that she and President Fu have divorced, and this ‘sister-in-law’ is really inappropriate.

I hope Miss Fu has a good idea and don’t cause unnecessary inconvenience to each other.”

Shang Qian’s words were enough to lose face.

He had never held onto a thing so tightly.

But because of Su Nan...

Fu Qiu clenched his fists tightly and took a deep breath.

“Miss Su, I’m sorry, I made a blunder.”

Even Shang Qian turned to her like this. What kind of ecstasy soup did Su Nan pour into Shang Qian?

Su Nan smiled, with a very light smile:

“It’s okay, just remember it next time.”

Fu Qiu stood there, and the atmosphere was a little wrong for a while.

Shang Qian and Su Nan couldn’t continue joking, and Fu Qiu didn’t want to leave in vain.

The words she heard before coming in...

Thinking of what happened recently in country M, there seems to be a little sign.

She looked at Su Nan, can she really do such a cruel thing?

Seeing that she didn't want to leave, Shang Qian paused and looked at Su Nan gently:

"Sorry for giving you a bad dining experience, I will book a box in advance so that no one will disturb you when you come out to eat in the future. The mood to eat."

...

Chapter 1234 Aren't you jealous?

Chapter 1234 Aren't you jealous?

As soon as Shang Qian's words came out, both women were stunned.

One was a little shocked, the other was pale.

No matter what, Fu Qiu is from the Fu family. Although she is currently only an intern in a company that Shang Qian cooperates with, because of her family background, no one dared to say that since she was a child.

Because of a divorced woman, where did you put yourself, the eldest daughter?

She was almost trembling with anger, and all the good feelings for Shang Qian in her heart were instantly swept away.

She gritted her teeth and sneered.

"Then don't bother, I wish you a happy meal."

After saying that, he turned and left.

At the moment, she lost the mood to eat, remembered something, took out her mobile phone, and called a friend in M country.

"Excuse me, is it a business house? I'm Fu Qiu, I'm Shang Yi's schoolgirl and his friend..."

It was Shang Qun who answered the phone, with an old and weak voice:

"Oh, Miss Fu, He can't answer the phone, what's the matter with you?"

Fu Qiu paused and gritted his teeth, thinking about the humiliation the two people had done to her just now, she was angry.

She took a deep breath: "I know something happened to President Shang recently, and I know who did it..."

...

Su Nan watched Fu Qiu leave angrily, thinking This person is not quite the same as Fu Yingying.

Fu Yingying was arrogant like an idiot, and Fu Qiu was very good at looking at people's faces.

It's just that she's not very good at restraining her temper.

However...

Su Nan retracted his gaze and looked at Shang Qian in front of him.

He casually tested the water temperature in the cup in front of her and felt a little cold, so he changed her to a warm cup.

Shang Qian pursed his lips, "Why are you staring at me all the time?"

Su Nan: "Are you not afraid that Miss Fu will get angry just now? Do you have cooperation?"

Shang Qian frowned slightly: "I have cooperation with the company where she is an intern, but not with her. , why should I be afraid of her being angry?"

She has been talking nonstop here, but I am afraid that you will be angry."

Su Nan's smile deepened unconsciously, and smiled helplessly.

Looking at it this way, this man is still very good.

At least she thought that Shang Qian's gentleness was a character, but judging from his attitude towards others, it didn't seem to be the same.

Is he only doing this to himself?

Su Nan's heart suddenly softened, and when he looked at Shang Qian, he felt a little strange.

However, she still smiled and looked at him and said,

"You have completely made me a bad woman, that Miss Fu must have hated me just now."

But having said that, Su Nan was very happy.

After all, that woman is still very accurate when looking at women. Fu Qiu had bad intentions towards Shang Qian, and she knew it at a glance.

That's okay, Shang Qian is the most merciless, and he should give up compared to Fu Qiu.

Originally thinking of someone else's man, even if she didn't say anything, she wouldn't be happy in her heart.

Shang Qian raised his eyebrows, "Then I'll explain to her again, what you just said was not what you taught me, but what I meant by myself."

Su Nan paused, twitched the corners of his mouth, and rolled his eyes at him.

Is this person afraid of being an idiot?

Shang Qian smiled: "Okay, everything has been said, but I can only wrong you?"

Seeing that she was not jealous at all, Shang Qian felt a little uncomfortable, but he swallowed it.

It doesn't matter, he just cares.

He then brought food to Su Nan, Su Nan ate quietly, the two kept silent about what had just happened, and seemed to have some kind of tacit understanding.

After the bill was settled, Su Nan went out with Shang Qian.

Shang Qian opened the door for her and paused: "Where's your bodyguard?"

...

Chapter 1235 without family members

Chapter 1235 Without family members

Su Nan raised his eyes, "He drives by himself, he will definitely follow me, don't worry."

Shang Qian nodded, got in the car, and sent her back to the Su Group .

When Su Nan went upstairs, he happened to meet Wen Xiang who had just come downstairs.

She squinted her eyes and laughed and joked:

“Sister-in-law? Are you here to bring food to my brother?”

Wen Xiang did not expect to meet Su Nan, and smiled:

“I have nothing to do today, so I will cook with my friends and let me Let’s try it.”

Su Nan smiled, “Then my eldest brother must have licked the plate clean...”

Wen Xiang glanced at her embarrassedly, and just as she was about to speak, the phone in her hand suddenly A familiar voice came out:

“Little Wu, come up and sort out the minutes of the morning meeting...”

It was Su Jin’s voice.

Su Nan’s face froze: “Are you talking on the phone?”

Wen Xiang nodded and smiled.

Su Nan twitched the corners of his mouth, oh, Su Jin heard it.

Wen Xiang patted her on the shoulder, “Take care...”

After saying that, she turned and walked away with a smile.

Su Nan froze in place, her sister-in-law seemed to have gone bad!

She went upstairs in a hurry, and just as she was about to rush to her office, she was stopped by Su Jin, who was standing there waiting for her:

“Xiao Wu... why are you running so fast?”

Su Nan paused . , “Oh, I remember there is still a lot of work...”

Su Jin hooked his lips, and then his face sank dignified.

“The project in City S is progressing smoothly, but the news came just now that there is a problem with a batch of materials, and someone needs to take a look...”

Su Nan raised her eyebrows and looked at Su Jin’s eyes twinkly.

“I’m going!”

Su Jin handed her the document in his hand:

“You can go as soon as you get the news, but you must pay attention to safety. I’m going to country F in the afternoon. There is something wrong with the account book in country F. I have to personally Let’s take a look.”

Su Nan nodded, the account book is much more important than the building materials, and there are too many places for hands and feet.

Su Jin handed her the simplest question, Su Nan took a deep breath, she must get things done.

“Don’t worry, there will be no problem, I will contact you in time.”

Su Jin nodded and pinched her little face:

“If you have any problems, find me, if there is any danger, come back quickly, and I will deal with it as soon as possible. I’ll come back to help you with the matter of country F.”

If he hadn’t been worried about the movement of the merchants, he really didn’t worry about Su Nan going abroad alone, and he might have handed over such matters to Su Nan, who loves to travel.

Su Nan smiled:

“Don’t worry about me, hurry up, have you booked a flight ticket?”

Su Jin nodded:

“When you go, take Chang Li and Yulou with you, and you can take the others with you. Bring a few bodyguards.

In addition, if Chen Jian of the project department is really unusable, just replace him .” What he thought for her was the most straightforward method.

Nothing to worry about.

Su Nan raised her eyebrows, “Okay, big brother, then I’ll go back and pack my things.”

After that, she ran straight to the office.

Just as Yu Lou was about to follow up, Su Jin frowned and stopped him:

“In the future, she is not allowed to run around in high heels...”

Yu Lou: “...”

He is the assistant , it is really insignificant!

After making a solemn promise, he hurried over to pack up for Su Nan.

Su Nan was sitting on the sofa on the phone, as if to Shang Qian.

“Yes, we will leave in the afternoon. We will not meet in a few days, and we will soon enter the period of long-distance relationship!”

**Most of the readers are now reading this novels:-**

## **Read Divorce Billionaire Heiress Chinese Language Chapter 1236-1240**

The first thousand two hundred and thirty-six chapters are terrible

Shang Qian: “I’ll go with you, I really can’t worry about you alone!”

Su Nan smiled, “I’m going to do business, how can I bring my family with me? What?

People in our company will laugh at me, so you can wait for me here, I will call you often...”

Yu Lou really wanted to cover his ears.

He found that since Miss Su fell in love with President Shang, she has become less and less like a domineering president.

Instead, it looks like a little woman in love!

Shang Qian seemed to be pleased by the word “family”. She said what she said, and she was dizzy and couldn’t tell the difference between east, west, north and south.

He responded with a smile, “Okay, then I’ll take you off?”

Su Nan sternly refused.

“No need, we’re going to leave soon...”

Yu Lou had already packed a few simple clothes from her cloakroom and put them in her small suitcase.

Then he took his important documents and laptop and waited outside for Su Nan to come out.

Su Nan looked at Yu Lou with a smile:

“It’s hard work for your assistant!”

Yu Lou was flattered, “Mr. Su is very polite, the car is already waiting downstairs, shall we go?”

Su Nan nodded and followed him upstairs Get off, get on.

Chang Li had already arrived in the car and looked at Su Nan and nodded slightly.

The car was very quiet.

Yu Lou directly contacted Chen Jian’s phone number:

“Manager Chen, our President Su will be here soon. How is your situation?”

Chen Jian sounded anxious:

“Mr. Su, this project was originally going well. The first phase has been successfully completed, but I didn’t expect that the second phase had not yet started, and the building materials in the warehouse were suddenly exposed to formaldehyde pollution.”

Su Nan’s face was cold: “To be honest , is there any problem with your batch of building materials?”

Chen Jian sighed, his tone was very determined:

“No, really no, our building materials are all non-polluting materials selected according to national standards, and they have been inspected before being put into storage. But now I do

n’t know why, I was suddenly accused, and now the relevant departments have begun to investigate. The

media also heard rumors that the first phase of the house was bought very hot, and now many owners are asking for refunds... .”

Sounds bleak.

Simply terrible!

Su Nan’s expression darkened, “Prepare the materials and information for purchase, and make sure you know where to buy it. I’ll see these as soon as I go, including the original quality inspection report.”

Chen Jianzai The Su Group has been involved for so many years, and this project can be regarded as a relatively important project that he has handled.

He should not dare to do anything on this project.

That's the problem somewhere else.

“Also, where did this news come from?”

Chen Jian was silent for a while:

“Mr. Su, a reporter who made an unannounced interview interviewed the construction workers. The workers drank too much and said something they shouldn't say. , the reporter seized on this point and exposed the matter.

Now it is only a small-scale exposure. If the relevant departments really want to stop us from working for inspection, our losses will be very heavy, and our reputation will also be damaged.....”

It was going well originally, but once such sensitive information is spread with misinformation, the Su Group's reputation will be damaged, and a large amount of economic losses will not be able to make up for it.

Delayed construction period will be a considerable expense.

Su Nan paused, “Can the reporter contact me?”

...

Chapter 1237 He said it doesn't count

In chapter 1237, he said,

“The reporter can't find anyone, maybe he's afraid that we will settle the account with him.”

Chen Jian said weakly.

After all, he is also a middle-level manager. Whenever there is a problem, he has to ask this little girl to help. It is really shameful to say it.

But he couldn't help it, he really couldn't hide it... “Where's

the worker?”

Su Nan's voice became colder, and his mood was very indescribable.

Chen Jian: "The workers can be found. After the incident, we will suspend the construction. I will have someone call him immediately."

"Yes."

Su Nan answered and hung up the phone.

She rubbed her eyebrows, her head hurting.

Yu Lou took the e-mail from the ipad aside, glanced at it and handed it to her:

"This is the photo exposed by the reporter, he posted it on a short video platform, and it has more than 200,000 likes... .."

The video of just a few seconds is shoddy at first glance.

But the pictures of building materials taken above clearly read the words "Su Group".

A postscript on it: "Do you dare to use formaldehyde building materials?"

Followed by a video of interviewing workers:

"Which company doesn't use such building materials? Such cheapness means that there is formaldehyde, and everyone uses such building materials... "

Just this video is already a small disturbance.

The comments section is all swearing.

"Capitalists really don't want to die, don't they take people's lives as their lives?"

"Su's group also does such a dirty thing? I just bought their first phase, and I'm unlucky!"

"I have spent most of my life to buy a new house, and there is formaldehyde in the end. You can clearly say that there is. Ah...

you hide these things from us, so many people live in, and we have to admit that we are unlucky when we get sick?"

"Damn, luckily I don't have the money to buy a house..."

.. ....

Su Nan couldn't take it anymore after taking a look.

Such matters concerning human life cannot be explained by simply clarifying two sentences.

Su Nan glanced at Yu Lou: "The above has already proposed to re-check?"

Yu Lou nodded.

"We've heard the wind, and there is news from Bureau Li, let's get ready."

Bureau Li is also quite interesting.

But this matter, 80% is not what he meant.

Re-inspection is not a trivial matter. Building materials involving hundreds of millions have to be screened for quality one by one, and it will take some time for the results to come out.

There is a good chance of delays from a few months to a year.

As a result, their losses are immeasurable.

And once checked, everyone's speculation and slander will certainly not be less during this time, and the volatility of the stock is also very violent.

All in all, all harm and no benefit.

"Go and find out, who is the meaning of this?"

Su Nan said, "It doesn't matter if you are at the level of Bureau Li."

Just because the reporter posted a short video of more than ten seconds?

A bit of a panic!

Yu Lou nodded immediately.

The car bumped for more than two hours before finally reaching the S city.

Su Nan got off the car and didn't even have time to go back to the hotel, so he went directly to the project department of Zhicheng Company.

Chen Jian looked tired and pale.

He felt greeted at the door and laughed, pitiful and useless.

"Miss Su, it's been hard work all the way..."

Su Nan held back his anger, and really wanted to scold him to let out his anger.

If he manages it properly, can such a thing spread out?

Even Su Jin felt that Chen Jian was useless and could be replaced at any time.

But when he turned his head and looked at his tired appearance, he couldn't scold.

never mind.

...

Chapter 1238 man-made accident

Chapter 1238 Human Accident

Su Nan stepped on high heels and went straight to the elevator with awe without saying a word of nonsense.

Yu Lou and Chang Li stood behind her, completely keeping Chen Jian out of her world.

Chen Jian glanced at her, very guilty, and did not dare to take the initiative to talk to her.

When we got to the meeting room, everything was ready.

Passing by the door, a man dressed as a migrant worker stood at the door, with a gray face, looking timid as a mouse, black, thin and simple, with the appearance of an honest man.

Su Nan glanced at him, then called someone in.

Chen Jian didn't even dare to sit, and stood on one side, staring at the migrant worker.

"This is our President Su. Now let's talk about it completely."

"I... I didn't mean to, I drank too much..." The

migrant worker said Very aggrieved.

Isn't it just a few words?

How did you get into such a big disaster?

From the foreman to the person in charge, from the person in charge to the supervisor, to the manager, now there is another woman who is too strong to look directly.

He was panicked.

Seeing Su Nan frowning, Chen Jian panicked even more.

He immediately looked at the migrant worker seriously:

“Stop talking nonsense, just say whatever you want, don’t say those useless things, let me tell you, now the group has lost billions because of you, can you afford it?”

Do you know that you are spreading rumors? We can absolutely hold you criminally responsible!”

The migrant worker was so frightened that his face turned pale, and he stood there at a loss, “I…”

Su Nan glanced at Yu Lou, Yu Lou immediately stepped forward, his voice slowed down:

“It’s not that exaggerated, we know you didn’t mean it, as long as you tell the truth, we will not hold you accountable

. It’s obvious that someone was kidnapped, do you know that you were taken advantage of?” The

migrant worker looked up at Yu Lou in confusion, with a bewildered expression on his face.

Obviously, of course he didn’t know.

No one ever told him that.

Countless people have told him that he has caused a big disaster!

Yu Lou smiled comfortably, and went over to pull out a chair for him and let him sit down.

He also brought him a bottle of mineral water to open, put it in front of him, and patted his shoulder:

“Don’t be nervous, just say anything, we just got to know it, it’s been made clear, go back to work early. “

Yes, he still has to work, otherwise how can he support the two children who are still in school?

The worker swallowed his saliva and looked more relaxed than before.

He secretly looked up at Su Nan and then at Chen Jian.

“Well, at that time... I drank some wine at noon, and when I was working in the afternoon, I sat on the side for a while before I woke up, so

a man came over and gave me cigarettes. I thought it was us. As for my own person, I just said a few words to him in a dizzy mind, I don't even remember what I said, just...that's it.”

He cautiously raised his eyes and looked at the person who had never spoken. Su Nan.

It can be seen that this woman's identity here is definitely not ordinary. Even the foreman Chen Jian, the manager who has to be respectful when she sees it, can only stand on the side.

He looked even more anxious.

What if I lose this job?

Su Nan sat there and sighed. Although he was agitated, he also knew that this migrant worker was 80% deceived, not intentional.

What's the use of taking him out?

She raised her eyes and tried to be gentle:

“I know everything, but this matter has a greater impact on the company. If there is any need for cooperation, I hope you can actively cooperate with us to solve this problem. Things.

I think, you don't want this project to be put on hold, do you?”

...

Chapter 1239 Softhearted?

Chapter 1239 Softhearted The

migrant worker was stunned for a moment, and his hands clasped together excitedly:

“Of course I don't want to, how can I continue to do it here?”

Chen Jian twitched the corners of his mouth, this person has long been Want to be fired.

If it weren't for the fact that the matter had not been clarified, he would not have stayed until now, for fear that he would turn to the enemy and turn to the enemy, which would have a more serious impact on the project.

But he still wants to continue to work here?

Still think it's not bad enough here?

His original resume was brilliant enough. Su Nan gave him such a big cake, but he encountered various difficulties repeatedly.

He almost lost his face!

But Su Nan just smiled lightly and nodded comfortingly:

"Of course, if you find out that you didn't mean it in the end, of course you can continue to work." The

migrant worker froze for a moment, and immediately stood up excitedly. Step forward.

But she was stopped in time by Chang Li behind her, looking at him coldly.

The migrant workers realized their gaffe and quickly took a step back.

"I'm sorry, I'm really too excited. I've been in fear these days, and I'm afraid of losing money in a lawsuit. I really didn't mean it. I can do anything, but I can't lose my job..."

He His voice gradually became choked up, because the pressure was so high these days that he couldn't breathe.

Su Nan pursed his lips, looked at him and smiled:

"I won't have a lawsuit with you, it's not your ghost, you are also being used.

But the project may be delayed in the near future, you have to talk to your co-workers. Let us say, everyone must wait patiently, wait for this matter to pass, and then restart the work."

The migrant worker nodded immediately, his expression solemn, and his eyes were slightly red:

"Okay, I must tell them, such a conscientious company, we will not go anywhere except here!"

Su Nan smiled and glanced at Yu Lou.

Yu Lou immediately stepped forward politely and saw off the guests:

“Mr. Su already knows your grievance. When this matter passes, I will not treat everyone badly.” The

migrant workers were excited and didn't know what to say, and nodded excitedly. While following Yu Lou out.

When Lou returned to the conference room, Chen Jian was relieved.

He was a little puzzled just now why Su Nan told the migrant workers so bluntly that he would not be fired.

At the end, at the moment just now, he realized Su Nan's intentions.

Seeing Chen Jian standing there silently without speaking, Su Nan glanced lightly.

“Manager Chen, speak directly.”

She had long looked at it from the corner of her eye. He wanted to speak, but he didn't dare.

Chen Jian pursed his lips, his expression solemn.

“Mr. Su, I'm sorry, I'm not vigilant enough in this matter, which gave others an opportunity to take advantage of it.”

Su Nan paused, as if he didn't expect him to be able to self-examine.

After all, he is old, and his status in the company can be regarded as an old employee.

She twitched the corners of her mouth:

“Let's talk about the review later, and tell me your opinion.”

Chen Jian raised his eyes, his expression unchanged:

“President Su didn't fire him, is it to stabilize the mood of other workers?”

Su Nan sipped. Lip, nodded, and chuckled:

“I thought Manager Chen always understood.”

Chen Jian couldn't help blushing.

He didn't expect this at first.

It was the last few words of the migrant worker who woke him up.

Almost because of a momentary anger, I screwed up the matter and even got these workers away!

Anyone may drink too much and say a few drunk words. In the eyes of migrant workers, they don't care about the long-term development of your enterprise, they care about the immediate vested interests...

...

Chapter 1240 can't find anyone

Chapter 1240 Can't find anyone.

If the migrant workers are fired for just a few words, they will not be happy and will not say it. Maybe it will be a big trouble for future projects.

More seriously, maybe the foreman ran away with someone.

How to ask them to have contract awareness?

There is no way.

Therefore, a decision of Su Nan, which seems to be just soft-hearted, actually stifled all potential threats.

I have to say that Chen Jian's attitude towards Su Nan has gone from contempt at the beginning to admiration now.

No wonder Su Yifeng can safely take over the entire Su Group, no wonder Su Jin willingly matches her?

Because she deserves it!

Chen Jian looked at Su Nan, and his heart suddenly rekindled hope.

With her there, nothing is impossible.

"Mr. Su, I think the best way at the moment is to find the reporter, find out what his purpose is, and then we will prescribe the right medicine!"

Su Nan thought it was reasonable, nodded and looked at him, full of Looking forward:

"Have you found someone?"

Chen Jian smiled stiffly: “No.”

Su Nan’s expression disappeared quickly: “Manager Chen, please tell me something you can do, okay?”

If Su Jin came over in person, Su Nan has no doubt that Chen Jian’s position has been replaced long ago!

Really speechless!

Chen Jian paused, “Although there is no whereabouts of the reporter, but I have found some clues through the information he left on the short video platform. I don’t know if it is useful...”

Because that The clues are really inconspicuous, so I didn’t say it at first.

Su Nan glanced at him and said nothing.

Chen Jian didn’t dare to sell off, and immediately said:

“In his previous inconspicuous works, he brought goods, but the sales were not very good.

This work was deleted immediately after he became famous recently.”

Su Nan paused . . , was silent for a while: “What kind of goods?”

“An electronic product of the Fu Group.”

Chen Jian gritted his teeth and took a deep breath:

“But I think it may be a coincidence, because it was in S City, because Zhang Licheng In relation to Li Hui, almost no migrant workers come to the project. It

was Mr. Fu who introduced the workers who were accustomed to Mr. Fu through his personal connections. Ordinarily... not at all.”

Since Mr. Fu helped them, why did he turn around and harm them?

Isn’t this superfluous?

More importantly, everyone knows that Fu Yechuan and Su Nan are divorced, and the two companies are closely related.

There’s no reason to suddenly turn around?

The matter is very important, and because it is too outrageous, he has never brought this matter out.

Done.

He looked at Su Nan cautiously.

Su Nan's face suddenly became solemn, his eyes were fixed in a certain direction, and he fell into contemplation.

According to Fu Yechuan's character, such a filthy method does not seem to be his handwriting.

And he is still in country M. He just helped him solve the troubles of the merchant, how could he turn his head to deal with himself?

So why is that?

Yu Lou pursed his lips and said,

"Mr. Su, I'm afraid this has something to do with the Fu Group.

According to Manager Chen, if it has nothing to do with the Fu Group, why did he delete his past works? "

Manager Chen was slightly taken aback, "Perhaps he was afraid of offending the Fu Group? "

Yu Lou smiled:

"Offend? This reason is too far-fetched, it is better to say that it wants to hide it, and it was deleted because it was afraid of exposure. "

Su Nan was silent and did not speak...
