

Read Divorce Billionaire Heiress Chinese Language Chapter 1241-1245

Chapter 1241 is not what he meant.

Chen Jian was puzzled: "But Mr. Fu, how can he do such a thing?"

According to his character, it is impossible to find fault with this matter?

This project is very important to the Su family. For the group, it's not the most important thing, even if it really stops work, it won't show any fundamental vitality, why would he do such a thing?

"

In Fu Yechuan's place, if he wants to deal with you, you will suddenly feel that you are already crumbling and the building will collapse.

When he did it, you may not have expected it.

It's not like it is now, a little thing, they have been aware of it.

Su Nan also knew that what Chen Jian said was reasonable, but he was silent for a while, and then said,

"Maybe, it's not what Fu Yechuan meant?"

Although Fu Yechuan has the final say in Fu's Group, but there are so many employees under him, middle and high-level managers and senior managers. How could a hundred and ten people not have their own selfishness?

Yu Lou and Chen Jian looked at Su Nan in unison.

Su Nan took a deep breath and glanced at Yu Lou:

"Have you made an appointment tonight?"

Yu Lou understood and nodded.

"Mr. Liang has already agreed, and the appointment will be at his villa."

Su Nan nodded, that's fine.

Mr. Liang was also a powerful figure in the shopping mall at the beginning.

Although he has retreated behind the scenes, his reputation is illustrious, especially in S City, a task that is unstoppable.

Both political and business circles have his influence.

If even Bureau Li can't do anything about it, she can only turn to Mr. Liang for help.

Su Jin said that Mr. Liang and the Su family are still somewhat friendly.

If she asks for help, Mr. Liang's character should not sit idly by.

Regardless of whether it is the handwriting of the Fu Group, the most important thing at present is to solve the current situation first.

Su Nan stood up and glanced at Chen Jian: "Continue to pay attention to the news of that reporter, don't make a fool of yourself

, especially don't make a bigger scandal, everything is negotiable." Chen Jian nodded, understanding what Su Nan meant. Su Nan smiled and followed Yu Lou out. Chang Li followed closely. Yu Lou escorted Su Nan into the car, went back to the hotel, and started to contact the local brand store with his mobile phone. "I came out in a hurry. I didn't prepare a dress for you. I'll send them to the hotel." Su Nan paused, "Don't bother, just have a meal . Put down the phone. If Su Nan pays too much attention to dressing up, it will make people see the current embarrassment of the Su Group. Back at the hotel, Su Nan changed into a small black velvet cheongsam, the waist was pinched just right, and matched with pearl necklaces and earrings, the temperament was elegant and expensive, and it was a bit lively and playful. The car was sent directly to Mr. Liang's villa. Chang Li followed in and acted as her male companion. In fact, Su Nan didn't think it was necessary. After all, on Mr. Liang's territory, if something happened to him, he couldn't explain it with eight mouths. But Chang Li, the stubborn one, had to follow. So Su Nan could only ask him to change into a suit and bring him in.

As soon as you enter the door, there is laughter inside.

Surprised that someone else was there.

However, she quickly recovered her expression, smiling kindly and decently, beautiful and bright, noble and generous.

The housekeeper brought them in and respectfully said, "Miss Su, please..."

Su Nan walked in.

When the people inside heard the movement, they all looked towards the door...

...

The first thousand two hundred and forty-two chapters grandfather

The first thousand two hundred and forty-two chapters Grandpa Tang

seemed to be quiet for a moment.

Those eyes, surprise, admiration, astonishment...

Su Nan glanced at it, suppressed the surprise in his heart, and finally fixed his eyes on a majestic looking old man.

She smiled, "Uncle Liang, hello." Mr.

Liang seemed to be stunned for a moment, then smiled and greeted her:

"Su Nan, come here, I also participated in your full moon wine when you were young. She's grown so big, she's a big girl..."

Su Nan smiled and walked over politely.

It doesn't matter at all whether he has actually participated in her full moon wine, what matters is that his attitude is quite impressive.

She ignored Lu Qi who was also surprised, walked over and smiled.

"Uncle Liang, I've wanted to come and visit you for a long time, and I'm only here now, so don't blame me for being rude." Mr.

Liang smiled, as if he had seen through the world:

"You young people, if nothing happens, how could it be? Come and find me, this old man?"

He pointed to the people around him, "Look, these people, oh, do you know each other?"

He patted his forehead, "Forgot to introduce you..."

Lu Qi stood up in a dignified manner, walked over, stood behind Mr. Liang and squeezed his shoulders.

He said with a smile:

"Grandpa, don't be too busy, who doesn't know Su Nan, Miss Su is very famous, she is beautiful and capable, she can go to the hall and go down to the kitchen, right?"

He smiled and looked at Su Nan, A look of compliment.

Su Nan didn't even look at him, looked at Mr. Liang with a smile:

"In the same circle, I have met several times, so there is no need to introduce it."

Lu Qi: "..."

Su Nan was surprised by Lu Qi's name for Mr. Liang, Grandpa?

Their relationship is quite complicated.

Mr. Liang laughed loudly and looked at Lu Qi:

"I think so too, but unfortunately you are not worthy."

Lu Qi, who was double injured: "..."

Old man, your ex-wife bullied me!

After Mr. Liang finished laughing, he looked at Su Nan and squinted:

"Just now, I seem to have seen your mother."

Su Nan and Lu Qi were stunned.

Everyone knows that Su Nan's mother died after Su Nan was left.

No one mentioned her mother in front of her, for fear of arousing her sadness.

Su Nan was sad, but not so sad either.

She was sad that she lost her mother, but the impression of this mother seemed to be vague.

She paused for a few seconds, and Mr. Liang said to himself:

"Your mother also likes to wear a black cheongsam and wears pearls. She is the most beautiful person I have ever seen wearing a cheongsam."

Su Nan paused, My heart suddenly tightened, and my eyes became sore.

She really worked so hard that she suppressed the sadness in her heart.

Seemingly, he smiled nonchalantly.

“Really? I haven’t seen it.”

“You haven’t? Don’t you have a lot of pictures of your mother at home?”

Mr. Liang asked in surprise.

Su Nan: “My father was afraid that my brother and I would see sadness and put it all away, so I haven’t seen it.”

Mr. Liang suddenly fell into deep thought.

Seems a little sad and sad.

Su Nan was silent for a moment, not feeling high.

Lu Qi coughed aside, then pulled Su Nan away with an excuse.

Su Nan did not refuse.

Because she can also see that the atmosphere just now, asking for help, is not appropriate.

...

Chapter 1243 is not worth it

Chapter One Thousand Two Hundred and Forty-Three

The waiter on the side handed over a glass of juice, Su Nan said Xie to bring it over, and took a sip.

Lu Qi stood and watched, “Why are you not curious at all, why am I here?”

Su Nan gave him a calm look:

“Why should I be curious?”

It has nothing to do with her... ..

Lu Qi choked, suddenly did not know what to say?

“What are you doing here? Do you have something to ask the old man for help?”

Su Nan: “Yeah.”

Lu Qi smiled and touched his chin:

“What a coincidence, the old man is my cousin, we You can be considered relatives, if you have anything to help, I can help you with a few good words, maybe you will get twice the result with less effort?”

Su Nan raised an eyebrow: “Isn’t it necessary?”

Lu Qi smiled, “I But it’s kind, for the sake of the old man.”

“So, you help, free of charge?”

Lu Qijing for a while, pursed his lips, and hesitated for a while before opening his mouth:

“If you want to return my photo to me, I think I’ll work harder.” In the

end, what made him haunt him was the photo of running naked after losing the bet with her.

It was really a ticking time bomb hanging over his head, making him sleepless.

He has almost developed a habit now. When he hears the words of the Su Group, he has to subconsciously think about whether he has offended Su Nan recently?

What a dog!

Su Nan hooked his lips and looked up at him, his eyes wandering with a bit of indifference and sarcasm:

“It’s not worth it.”

Keeping those photos, she can make him sleepless all his life.

Thinking about what he did to Leng Lin, his teeth itch with hatred.

Scumbags don’t deserve a good night’s sleep!

Lu Qi froze slightly, his eyes instantly lost and desperate.

Well, he actually forgot, trying to negotiate terms with this woman, how could it be possible?

He drank the wine in his hand in one breath, put it down simply, turned around and left.

Staying for one more second would be self-inflicted humiliation.

Su Nan raised her eyebrows, her eyes were as pale as clouds, and she couldn’t see the slightest emotion.

When the ladies upstairs saw this scene, they were a little dumbfounded:

“This Su Nan is too conceited, who do you think she is? Isn’t she here to ask for help?

” Your eldest young lady’s temper, you really think of yourself as a master?”

“I see, this Su Nan has no other advantages besides being beautiful. What do you mean by outstanding ability? If you are really outstanding, would you still ask Mr. Liang here? “

That’s right, Lu Shao is also the president of the Lu Group. She really doesn’t give any face!”

“Fu Qiu, why do you like the man you like? I don’t think she is as good as you.” !”

...

Fu Qiu stood on the railing and looked down, hooked the corner of his lips, mocking him.

“Anyway, it’s a member of the Su Group. Grandpa Liang will not refuse her dinner out of fear of face, but what she wants...it’s a bit difficult!”

The person next to him echoed in a cold voice:

“That’s right . . , Do you really consider this place to be City A? She is afraid that she has grown up so big, and she has never eaten a closed door, right?”

“Fu Qiu, have you told Grandpa Liang? Grandpa Liang won’t really help her, will he?”

... Fu Qiu

raised his eyebrows and smiled:

“I’m just making a suggestion, Grandpa has his own ideas. “

The person on the side: “Grandpa Liang likes you the most, how can you be wronged?”

“That is, Fu Qiu’s mother is Grandpa Liang’s goddaughter .

With this relationship, what is Su Nan?”

...

...

The first thousand two hundred and forty-four chapters we have a festival

Chapter 1244 We have a holiday

Su Nan watched this dinner tonight, and there were really a lot of people here.

There are those who know, and there are those who don't.

Almost all the political and business circles came to greet each other without shyness.

It can be seen that Mr. Liang's position in the S city is really not blown out.

It's just that Su Nan was a little uncertain. She asked Yu Lou to make an appointment with Mr. Liang for dinner tonight, but she didn't expect so many people to come back.

But this is the Liang family's site, I am afraid that Mr. Liang still has his own plans.

While thinking about it, someone on the side came over to respectfully spread the word:

"Miss Su, Mr. Liang, please come over."

Su Nan raised an eyebrow, put down the wine glass in his hand, thanked him, and walked over.

The lights were shining, and she walked all the way, secretly attracting the attention of many people.

"Elder Liang..."

Su Nan immediately put on a kind smile on his face, as if it was a joy from the heart.

Mr. Liang turned his head and looked at her and greeted her quickly:

"Come on, Su Nan, let me introduce to you, this is Liu Ju who is in charge of planning and construction, this is Minister Zhang who is approving, and..."

Su Nan suppressed the deeper and deeper questions in his heart, and greeted each one with a polite smile.

Actually not necessary.

Why should Mr. Liang recommend Su Nan for something that can be solved by saying hello?

She couldn't understand why Mr. Liang was willing to introduce his resources to her?

Or, what other purpose?

But since it has been delivered to the door, how can there be any reason to turn it away?

Su Nan immediately put on a smile and greeted everyone one by one.

Everyone shook hands and greeted each other very much.

Everything seemed to be going so smoothly, but Su Nan felt something was wrong in his heart.

At the table, all the people in the main seat were almost seated, and the others came to take their seats one after another.

Su Nan sat on the left of Mr. Liang.

Lu Qi said hello and sat next to Su Nan.

The next second, as soon as I looked up, I saw an unexpected woman suddenly appearing on the opposite side.

Su Nan raised his eyebrows, his face was calm, but the degree of surprise in his heart was no less than when he saw Lu Qi just now.

The woman in front of her turned out to be Fu Qiu who had met before coming to S City!

What a coincidence it couldn't be more coincidental.

Looking at Su Nan in a daze, Lu Qi next to her tugged at her clothes from below.

Only then did Su Nan smile back to nature.

If it is a celebrity who is an ordinary guest here, there is a high probability that it is impossible to eat at this table.

Could it be...

Mr. Liang was very happy to see Fu Qiu, and his old voice was a bit complaining:

"The person who didn't see you all night came out at this time? Hurry up and say hello to some uncles and uncles, By the way, you don't know this one yet, do you?"

Mr. Liang looked at Su Nan and then at Fu Qiu:

"This is Su Nan from the Su Group, it sounds like you two are related, but it's all over now. Not to mention.

Su Nan, she is Fu Qiu, a distant relative of the Fu family, but her mother is my goddaughter. She grew up with me since she was a child. She recently returned to China after graduation, so I let her play here for a few days..”

Su Nan smiled, so it was.

Fu Qiu looked at Su Nan, raised his chin, and a bit of slyness flashed in his eyes:

“Why don’t you know him? I’ve met Miss Su, and she was taught a lesson a few days ago, so I can’t call her ‘sister-in-law’, I didn’t expect Can we still meet here?”

The people around couldn’t understand the relationship between the two for a while.

The atmosphere also became a little subtle.

Lu Qi on the side came up and asked in a low voice,

“Have you had a holiday?”

...

Chapter 1245 my boyfriend

Chapter 1245 My boyfriend , Mr.

Liang, turned his head sideways, “Lessons? Is there any misunderstanding? How could Su Nan teach you a lesson?”

Fu Qiu gritted his teeth and was about to speak.

Suddenly.

Su Nan twitched the corners of her mouth, her expression indifferent and indifferent:

“Miss Fu misunderstood, how could it be a lesson?”

As we all know, Shang Qian and I were dating, and Miss Fu called me sister-in-law in front of Shang Qian. Before we divorced Fu Yechuan , we didn’t have this treatment.

Miss Fu’s sudden enthusiasm will make my boyfriend misunderstand.”

Su Nan knew that Fu Qiu was interested in Shang Qian, but she did not shy away from saying that she and Shang Qian Relationship.

She knew very well that Fu Qiu’s hostility towards her was Shang Qian.

But she will not deny the fact that she is with Shang Qian in order to please anyone.

The surrounding atmosphere froze for a while.

Lu Qi was even more embarrassed and speechless.

He has the strongest relationship with Fu Yechuan, and he is very aware of Fu Yechuan's feelings for Su Nan.

Now listening to Su Nan personally admit her affair with Shang Qian, I feel that Fu Yechuan has no hope.

It's so pathetic!

Lu Qi felt that if Fu Yechuan heard Su Nan's words, he would be able to fly back from country M to settle accounts.

And Fu Qiu's face changed a bit.

Or women know women best.

She immediately understood the meaning of Su Nan's words: Shang Qian is hers, and other women should pay less attention.

Mr. Liang was silent for a few seconds, then paused and looked at Fu Qiu:

"Okay, it's just some old things. What's there to worry about? You, you just came back from abroad and you don't understand the world, so you'll have to have a longer memory in the future."

Fu Qiu smiled:

"Yes, I will listen to Grandpa. Yes ."

She sat down naturally and smiled at Su Nan:

"Miss Su is right, I didn't think about it clearly, this title is still very important.

Oh, by the way, Miss Su has a good vision, President Shang It's really a good match for you."

Su Nan raised her eyebrows and said with a smile:

"Thank you, I feel the same way."

Lu Qi: "..."

He couldn't say anything or do anything.

Your position is so embarrassing!

Halfway through the meal, Mr. Liang said slowly:

"I heard that there was a problem with a recent Su Group project in S City?"

It seemed like he asked casually.

Su Nan was stunned for a moment, then paused, "Yes, I did encounter some trouble."

I am afraid that no one present did not know about this matter, but they still had to listen to Su Nan repeating the matter again.

Mr. Liang's reaction didn't seem like he knew it just now, he probably knew it a long time ago.

I have seen such scenes a lot, but Su Nan didn't feel anything.

My own position is to ask for help, or to exchange interests.

Lu Qi, who was on the side, smiled, and glanced at the old man Liang condescendingly:

"This matter is here to ask the right person, Miss Su, it is just a matter of grandpa Liang."

One sentence, the old man Liang snorted coldly. , glared at him.

"One sentence? Are my words an imperial decree? Ask the people present, are they taking my money to do things?"

Lu Qi was stunned, unable to believe it.

This matter is nothing to Mr. Liang.

But his reaction seemed to be a little wrong...

Su Nan also noticed it, she smiled, and still patiently and humbly asked:

'Elder Liang, I'm not old, and I haven't experienced many things. My dad Let me beat and beat myself, and ask for more advice when I encounter things, so I want to take the liberty to ask Liang Lao's meaning? "

Most of the readers are now reading this novels:-

Read Divorce Billionaire Heiress Chinese Language Chapter 1246-1250

Chapter 1246 discusses a lonely old man

Liang took a deep breath, raised his eyes to look around, put down the tableware and chopsticks in his hand:

“Actually, I can’t help you much, but I will help you. You invited these people here, why don’t you ask their opinions?”

Mr. Liang looked at the famous people in the political world and nodded politely.

The leader of the Approval Department smiled:

“Mr. Liang is actually very clear, this matter looks simple, but it is actually very difficult.

President Su, you must know that the current Internet public opinion is like a flood of beasts, once it is posted on the Internet, it involves the vital interests of their physical health, and it is impossible to solve it silently.”

Another leader on the side nodded and looked embarrassed:

“Yes, it is difficult for us to do it too. , unless the reporter came out to clarify that this matter was his rumor, it would be difficult to simply end it...”

“But now, the reporter can’t be found at all, and even the police can’t find him. The foothold...”

“It’s too difficult, is it just dragging on like this? It’s a pity that the engineering project died halfway, the loss is too great!”

“But now we can only let the supervision department enter. , speaking with quality is the most important thing!”

...

a few people said one word at a time.

It sounds like he really cares about this project of Su Group in S City.

But Su Nan didn’t hear a single key point. They discussed loneliness?

Isn’t this an obvious question?

Do you need them to repeat it?

She smiled lightly, but she was already a little impatient in her heart.

Putting down the cup in her hand, she turned her head slightly and looked at Mr. Liang very gently.

He has been quietly, silently listening to other people's words.

"Elder Liang, I want to hear your opinion..."

Father Liang looked at her with a smile, paused, and then said slowly:

"Su Nan, my opinion is actually their opinion.

I think it's not good to rashly take public opinion offensive now, it will only play a counter-productive role, it is better to break yourself from the inside, and when the regulatory authorities find out, everyone's doubts will naturally disappear."

Su Nan stared at him for a few seconds, then smiled. .

"What Mr. Liang said makes a lot of sense. On behalf of the Su Group, I am very grateful to Mr. Liang for his pertinent advice, and the wine party specially arranged for me this evening. I understand it." After speaking

, she raised her face in front of her. the wine glass, and gestured to the people who were also present with Mr. Liang.

She simply drank it, then put it down calmly and decently, smiled, her eyes were bright and tactful, stained with a little drunkenness, and she was even more lazy and bright.

Under everyone's attention, Su Nan rubbed his brows and said,

"I'm really sorry, I'm a little too drunk, so I can't continue drinking. Everyone, I'll take my leave."

She smiled and looked at Mr. Liang with a sincere expression of apology:

"Elder Liang, please forgive my rudeness, I'm sorry."

Elder Liang was stunned for a moment, then nodded with a smile.

As soon as Su Nan stood up, he seemed a little unsteady, and Lu Qi was so frightened that he hurried over to help him.

But I didn't expect that the bodyguard behind her, Chang Li, moved faster and didn't give him a chance to meet her at all.

Chang Li gently moved her chair away, then walked back with her arm, nodded, and took Su Nan away without hesitation.

Su Nan seems to be really drunk, and walks a little unsteadily...

...

Chapter 1247 Two good ways

Chapter

1247 The people behind the two good methods whispered:

"Miss Su is afraid that she really drank too much..."

"There have been too many things recently, maybe I'm upset!"

"Mr. Liang, do you really just ignore it? After all, this project is also owned by the Su Group. If Su Yifeng came forward, it would be difficult for us to refuse..."

Fu Qiu chuckled lightly:

"Director Su How can Chang come out so easily? Su Nan can't solve such a trivial matter, which shows her incompetence.

How can she establish her character as a strong woman in the mall in the future?

We'll just wait and see..."

Liang The old man: "Don't go too far. I still have a relationship with the Su family. If Su Yifeng contacts me, I will not continue to embarrass his daughter..."

A person from the approval department: "Then we Continue to drag?" The old man

Liang sighed, and then smiled casually:

"Hold on, it's a young man after all, and there's nothing to make waves, as long as she compromises and makes Qiu'er happy, it's no big deal... "..."

Everyone looked at Fu Qiu's eyes and suddenly became unusual.

Listening to Mr. Liang's words, he valued Fu Qiu inside and out.

Even Su Nan's face can't be given.

Fu Qiu lifted his chin proudly, looked at Mr. Liang, and said coquettishly,

"Thank you, Grandpa, I know what I'm going to do, and I won't make you embarrassed."
It's

nothing more than Su Nan's bowing his head, she won't understand.

He appeared in this wine bureau, and with Su Nan's cleverness, he should have guessed the solution.

As soon as Su Nan left the villa, he stood up straight.

Not a bit drunk.

Chang Li let go of his hand as usual, and took a step back.

"Miss, are you going back to the hotel?"

Su Nan looked at the time, it was almost ten o'clock.

This night is not a waste, at least let her see clearly that some friendships cannot be counted on.

She hummed and nodded.

Chang Li called the driver and no one answered, but the car stopped there:

"He may be asleep, I'll call the driver, you wait."

Su Nan nodded, and Chang Li ran over quickly.

The night wind is swaying, a little cool.

But her mind was really sober.

She could hear someone approaching from behind, but she didn't respond.

Listening to the movement, there is no one but Lu Qi.

"Su Nan, you just left?"

Lu Qi walked over, a little unbelievable.

She came with a purpose, but the purpose was not achieved, why did she leave?

Su Nan glanced at him lightly:

“Don’t go, are you waiting to be humiliated?”

Lu Qi paused, his intuition was right.

The strange atmosphere at the dinner table just now was really wrong.

“But you don’t want to do your business anymore? It’s not like your style to go like this?”

Su Nan said in a very cold tone:

“If one way doesn’t work, then go the other way. As a person, I will never go one way. to black.”

Lu Qi opened his mouth and his eyes flickered:

“Actually, there are other ways, I have two good ways!”

At the dinner table just now, he heard the general situation.

This kind of thing is a trouble, just like stepping on shit, it’s very disgusting.

But it’s easy to solve.

Su Nan glanced at him and hooked his lips:

“What do you want to say?”

Lu Qi: “Then Fu Qiu doesn’t like you, is it Shang Qian?”

Su Nan raised an eyebrow and nodded:

“Probably so. !”

Lu Qi smiled: “Isn’t it simple? You let Shang Qian sleep with her for one night and blow the wind on the pillow, won’t everything be solved?”

...

Chapter 1248, please help me

Chapter 1248 Please help me

, Su Nan’s smile sank, and he looked at him coldly.

At that moment, Lu Qi could feel a chill rise up the back of his spine.

She said indifferently: "Lu Qi, I'm not mistaken, you scumbag can't think of a good way.

I really hope that Miss Leng can be freed soon and escape from the sea of misery.

I decided that as long as she wants, I can do nothing . Please keep the help, I wish you an early separation!"

Lu Qi's expression shattered a little.

Omg.

He just wanted to give the good brother Fu Yechuan a chance to come again.

Are you so cursed?

Even the feelings that he won not long ago have been hit unreservedly!

For a moment, he seemed to see hell.

If Su Nan really wanted to help Leng Lin escape, he would probably never have the chance to meet Leng Lin again in his life!

Chang Li asked the driver to drive the car to the front.

After Su Nan finished speaking, he was about to lift his feet down the steps and leave here.

Lu Qi was in a trance for a while, gritted his teeth and swallowed it in his stomach.

"Wait..."

He stopped her.

Su Nan paused and looked sideways at him.

Still not enough?

Lu Qi stiffened his numb scalp, gritted his teeth, and continued:

"I have a second method!"

Su Nan gave him an impatient look.

Seeing that she was impatient, Lu Qi hurriedly spoke before she cursed:

“Please help me... You give me my photo, and I’ll ask Mr. Liang.

No matter what, my relationship with him is much closer than that girl Fu Qiu.

I’ll speak, Mr. Liang . I won’t lose face.”

After Su Nan heard this, he suddenly sneered.

Lu Qi pursed his lips: “Of course, you have to promise not to interfere with Leng Lin’s affairs in the future. We are going to remarry. What are you thinking about destroying other people’s feelings all day long?”

As long as these two goals are achieved, Lu Qi will have nothing to worry about in the future, and he will no longer be frightened when he sees Su Nan!

Su Nan glanced at Lu Qi up and down, and pursed her lips:

“Lu Qi, it’s not that I underestimate you. In the eyes of Mr. Liang, you may not be as good as Miss Fu, who is not related by blood.

But I still thank you . You’re bothering.”

After saying that, she turned around and left.

Suddenly remembering something, she stopped, turned around, and looked at Lu Qi:

“You know what? I found out that the reporter who spread the rumors is from the Fu Group.”

Lu Qi’s eyes widened for a moment.

Su Nan hooked his lips: “I know this has nothing to do with Fu Yechuan, but I won’t let go. Please tell him, if he doesn’t even understand how to manage his own people, I’ll deal with it later, I hope he doesn’t feel bad.

” Whoever sent it, Su Nan would not let it go easily.

After she finished speaking, she turned around and left.

Lu Qi was still immersed in the news she left, and he was still shocked.

How could it have anything to do with the Fu family?

If it has something to do with the Fu family, this matter will be even more troublesome.

He was watching a good show at the dinner table just now, and thinking about it now, he was really frightened!

He immediately took out his mobile phone and called Fu Yechuan.

On Fu Yechuan's side, it should be the day before dawn.

After a busy day and night, I just slept for less than two hours when I was woken up by Lu Qi's phone call.

Fu Yechuan didn't want to answer at first, but Lu Qi was like crazy, calling one by one.

Don't give up!

He picked up the new phone and said in a hoarse and low voice:

"Hello? Lu Qi, you better have a good reason for me to answer this call."

Otherwise, he will block him forever!

...

Chapter 1249 Miss Su is very hot

1240th nine chapters very well done Miss Su

Qi Lu paused, all feel the burn, Ye Fu Chuan you can sleep well?

"Old Fu, something big

has happened !" Originally, it wasn't worth telling Fu Yechuan about it.

But once the Fu Group was involved, Fu Yechuan's sensitivity to Su Nan even surpassed his own perception of danger.

"Speak."

Fu Yechuan's tone was cold, decisive and sharp.

Lu Qi: "The Su Group's project in City S has recently been

hacked . Su Nan found out that the person who hacked...is from the Fu Group." After

he finished speaking, he called Suddenly there was no sound, and it seemed that even the sound of breathing could not be heard.

Lu Qi also looked at his mobile phone strangely, he was still talking, that's right!

"Old Fu, are you listening?"

Fu Yechuan suppressed his emotions:

"What do you mean? My person?"

Lu Qi gritted his teeth:

"The person she found out is not a middle-level and high-level person, and most likely came out to cause trouble.

Yes, but it has something to do with Mrs. Fu. Miss Su was very hot tonight, she ate a closed door at Mr. Liang's place, and was... mad at me, so she told her about it. "

Fu Ye River swept away drowsiness, cold tone of Shen's death:

" all the things one by one to make it clear that her words to convey the full "!

after the polish Lu Qi, Su Nan's words certainly not Such.

Lu Qi was immediately aggrieved, and even questioned his ability to express himself?

Didn't he sum it up properly?

But under Fu Yechuan's threat, Lu Qi didn't dare to struggle, so he could only describe what happened at night without missing a word.

Of course, the reason for omitting the argument between Fu Qiu and Su Nan was because of the man Shang Qian.

He was afraid that Fu Yechuan would die of anger when he found out.

In the end, he added weakly:

"Actually, I suspect that the person behind the instigation should also be from the Fu Group, but Su Nan didn't say it clearly, and it is estimated that it hasn't been found out yet...

" Didn't hear the other party's reply, just watched the phone hang up.

Lu Qi: "..."

Anyway, he tried his best, and the rest is up to Old Fu's own ability.

But think about it, the person behind the stumbling block is probably going to be miserable.

And... Mr. Liang.

...

Su Nan was dozing off in the car with his eyes closed.

What she saw and heard that night was enough for her to digest for a while, and it was enough for her to cope for several days.

Chang Li could see that Su Nan was in a bad mood and did not speak.

It was just the daily greeting text messages sent by Su Yifeng, and he replied seriously.

“Miss Su is in a bad mood, the Liang family has ulterior motives.”

How much Su Yifeng trusts this bodyguard, only Chang Li knows all the company's business secrets except Su Jin and Su Nan.

Therefore, Su Yifeng did not have any doubts about Chang Li's reply.

He sat in the study without the mood for fishing, and stayed in the living room for a while without moving.

The steward uncle walked over with his tea and looked at it for a while:

“The chairman is in a bad mood? Would you like me to put some big fish in the pool?”

Su Yifeng glared at him speechlessly, and snorted coldly: “

If someone wants to embarrass my daughter, how many fish can solve it?” With a sigh, he sat there with a cold expression, feeling a little heavy. “The surnamed Liang is bullying others. He forgot that he was only relying on the huge family to maintain his career. How dare he do this?” It is unexpected that you are willing to help, it is estimated that you feel that the young lady is a junior, and you want to take Qiao's air and ask you to call and talk about it in person?”

Chapter One Thousand Two Hundred and Fifty Away from the relationship

Su Yifeng shook his head with a calm face. "He is not a man of no sense. The surname Liang is very shrewd

. He likes to expand the circle of relationships, especially to establish his prestige among young people."

After going for a day, with her ability, she can solve this matter without relying on the Liang family."

Su Yifeng raised his eyebrows and looked at him:

"You believe in her so much?" The

housekeeper smiled, his loving eyes flashing:

"Of course, she But I've watched him grow up, and I'm 10,000 relieved."

Su Yifeng was pleased by these words, smiled proudly, and glanced at him:

"It's just like you are her father, I am more than you. Trust her!" The

housekeeper: "Then don't worry, if she really encounters something she can't solve, she will naturally come back and speak, our eldest lady is not someone who embarrassed herself!"

Su Yifeng nodded again and again, his expression was obviously relaxed. Shao:

"What you said makes sense, I'm thinking about something, she must have a way, I'll go out in the end!" The

housekeeper smiled and turned around to give him a cup of hot tea.

...

Su Nan returned to the hotel and changed into a silk drowsiness to take a bath.

It is still considerate and meticulous in handling affairs in the building, and I am in a hurry. Clothes for various occasions are temporarily sent by the big-name counter studio.

Lying in the scented environment, the smell of essential oils made her drowsy, and she was really tired.

But just as she was about to fall asleep, the phone rang suddenly.

She picked it up beside her and saw that it was Fu Yechuan.

She frowned, hesitated for a few seconds, and then answered unhappily:

“Is something wrong?”

If it wasn't for him helping with matters in country M, she wouldn't be in the mood to answer his call at this time.

Fu Yechuan paused, his tone somewhat cold:

“Is there something wrong with the project in City S?”

It sounded like he was going to talk about business.

Su Nan's sleepiness woke up, and she pursed her lips: “

Lu Qi's big mouth told you? Are you two really a couple?” Fu Yechuan didn't hear the joking in her tone, but was rather solemn: “This matter has nothing to do with the Fu family.” Su Nan smiled: “Want to clear the relationship? Don't be so anxious, I'll know when I find out the matter. ” I'm telling you not to waste your time with me.” Fu Yechuan rubbed his eyebrows, knowing that she had misunderstood her intentions. “I asked people to check the middle and senior management of Fu's family. They have no contact with S City recently, and they have no motivation.” “Then maybe it's just an ordinary position?” Su Nan refused to let go. Fu Yechuan: “Do you think people in ordinary positions have the ability and ability to fight against the Su Group? And haven't they been discovered yet?” Su Nan was silent. She also knew it was impossible. But the middle-level and high-level... She bit her lower lip, and the hazy warm steam made her chest feel tight. “The most important thing is to solve this matter first, I will say hello to Mr. Liang...”

Before Fu Yechuan could finish speaking, he was interrupted by Su Nan's cold tone.

“No, it's better to beg someone than yourself. I've seen it before.

Don't interfere in this matter, otherwise don't blame me for turning your face.”

After she finished speaking, she hung up the phone without hesitation.

She returned without success tonight. If Fu Yechuan used his relationship to make Old Master Liang change his mind, then her and Fu Yechuan's names would be completely inseparable in the circle.

She hasn't gotten to the point where tying up with someone else can solve the problem.

Although dubious, Fu Yechuan's words still carry a certain weight.

He said that it wasn't done by Fu's people, so he would have to change direction.

Who instructed that reporter?
