Chapter 1251 You are finished

Su Nan put on his clothes and came out, and the phone rang again.

She thought it was Fu Yechuan again, and she picked it up in a very irritable mood.

“Are you finished?” The

other party was silent for a few seconds before a warm voice came:

“Who made our eldest lady angry just now?”

It was Shang Qian’s voice.

Su Nan was startled, and suddenly remembered that he hadn’t had time to contact him all day, and he would definitely have a few words with her before going to bed.

I suddenly felt that my emotions were out of control.

“Irrelevant people, you haven’t slept yet?”

Shang Qian held on tight: “Irrelevant

people can make you so angry? Who is it?”

He wasn’t fooled at all.

Su Nan was silent: “Fu Yechuan.”

Immediately after, she became irritable, and she told him the matter with a bit of explanation.

Shang Qian was silent for a few seconds without speaking.

Su Nan thought he was unhappy, so he tentatively called out.

“Mr. Shang, are you still listening? Anyway, give me a response, or am I not too retarded?”

Shang Qian chuckled, his voice clear and clean:

“Sorry, I was just thinking.”

“What are you thinking about? ?”

Hearing that there was nothing unusual in his tone, Su Nan was relieved.

“Thinking who did it?”

“Just grab that reporter!”

As soon as Su Nan mentioned it, she could not wait to pick up her skin and cramp. If she were to catch the reporter, she would not let him go easily.

For a moment.

Shang Qian smiled: “Do you think it’s a business competition, or a personal grudge?”

Su Nan was stunned for a moment, not thinking about this question.

But when Shang Qian mentioned it like this, she seemed to have a vague guess in her mind.

The kind that can’t touch the tail, chaos.

“What do you think?”

Shang Qian: “This project is highly valued in S City, and various departments have given the green light. After all, they all know that the benefits and changes brought about by this project will be the key to the city.

The best way to stop this project is The timing is before the contract has been signed.

So, if it’s a business competition, it’s too late...”

Su Nan was shocked: “Do you think it’s a personal grudge?”

Shang Qian responded and said lightly. :

“It’s just that there’s no evidence, but it’s probably for personal reasons, maybe because of someone who settled in S City, who offended?”

He didn’t say it directly, maybe it was Su Nan.

However, she was so smart that she would have guessed it.

Su Nan was silent and did not speak.

She admits that she is now ramming around like a headless fly, without any direction or purpose.

Usually she offends many people, but there are very few people who have the ability to resist.

“It’s okay, don’t think about it now, have a good sleep.”

Shang Qian seemed to sense her heavy heart, so he comforted her:

“For the sake of fame and fortune, that person will never hide for a lifetime. As for the quality inspection by the regulatory authorities, they are also trying to block the crowds of people outside. At present, it is better to let the company’s public relations come forward to solve it?”

Shang Qian did not because this was The internal affairs of the Su Group have avoided it.

On the contrary, he was very active in solving problems for Su Nan.

He is willing to participate in everything Su Nan does.

Su Nan blinked and felt really sleepy.

“Okay, I’m going to bed, good night.”

“Good night, baby.” As

soon as Shang Qian’s words came out, Su Nan blushed, but the other party had hung up the phone.

Her heavy heart that night suddenly relaxed a lot.

Lying in bed, drowsiness swept her consciousness instantly, and she didn’t lose sleep because of this big trouble...

The first thousand two hundred and fifty-two chapters just changed people early in the morning.

Yu Lou came over and knocked on the door. When he opened his eyes, it was already past ten o’clock.

Su Nan sat up instantly, feeling a little guilty.

Immediately, there was a sense of guilt and guilt in my heart.

Is she still able to sleep?

She hurriedly put on her clothes to speak, and then went to wash.

Yu Lou let people push the breakfast, which is very rich, with local snacks.

Su Nan looked very attractive, but had no appetite.

She looked at Yu Lou: "Is there any news about that reporter?"

Yu Lou nodded, "Although he hasn't found anyone yet, he has already found his hometown."

Su Nan was refreshed when he heard it.

"Then what?"

Yu Lou: "I checked his and his family's accounts, and the reporter's own account was normal, but his mother's account had an extra 3 million a few days ago. It was an overseas account, and the other party cancelled it after the transfer. , I can't find the source."

Su Nan was silent with a cold expression on his face.

Sure enough, the reporter was instructed.

Then it's not an accident.

but artificial.

"I asked his mother, his mother is an ordinary housewife, she doesn't know what his son is doing outside, and she doesn't know the existence of the money.

But I have found someone near his house to watch, Once that reporter appears, we will know as soon as possible."

Su Nan nodded, and lowered his head to eat in silence.

Yu Lou: "The voice on the Internet is still very loud. I have contacted the platform to block keywords, but I didn't dare to delete the post, for fear of causing everyone's disgust..."

Su Nan raised her head, "Don't delete it, you did a great job. Well, don't rush to do some useless work until the other party has the next move."

Yu Lou: "I asked Li Bureau, he thinks the best way to do this is to let the relevant departments stand for us, after all, government departments Your credibility is far better than our explanation."

Su Nan sneered, put down the milk in his hand, and wiped it lightly with a tissue.

"They are also looking at the trend of public opinion, and they won't easily stand on the platform."

"Why don't you ask Su Dong to contact Mr. Liang?"

Yu Lou suggested.

Even if Mr. Liang doesn't care about Su Nan's face, he will never ignore Su Yifeng's face.

Su Nan raised his eyes, his eyes were indifferent.

"No, there is no need to contact the Liang family anymore. This is not something that can be solved by saying two nice words."

Yu Lou paused. He had been by Su Nan's side for so long, and he could feel that when he mentioned the Liang family, Her mood fluctuated greatly.

After eating, Yu Lou let people clean up.

Su Nan had already finished changing clothes and came out.

She was wearing a white small fragrance suit, her whole person was bright and stunning, and her temperament was cool.

"Let's go and have a look at the company."

Yu Lou nodded and immediately followed.

Chen Jian has been unable to sleep for several days.

Even if Su Nan came, he didn't dare to relax for a moment.

Just want to live in the company.

As soon as he saw Su Nan entering the office, he immediately put out the cigarette and jumped up from the chair.

“Su... President Su.”

Su Nan frowned slightly as he looked at the smog in the office.

Looking at the cigarette butts on the ground again, his expression paused, he opened his mouth, and said nothing.

It looks like I can't sleep for a few days.

Instead, she nodded and sat down on the sofa in front of the floor-to-ceiling window.

Yu Lou winked, and hurriedly went to the side to open the window to breathe...

Chen Jian walked over cautiously, rubbing his face.

“Mr. Su, I am incompetent... When this matter is over, I will submit my resignation report to the company.”

He really had no face to stay.

...

Chapter 1253 is his unlucky

Chapter 1253 is his unlucky

Su Nan raised his eyes and seemed a little surprised, but then he recovered his expression.

“Manager Chen, your position is not easy to sit in. Even if you change someone, you may not be able to sit firmly.

These things are not because you are incompetent, but because you are unlucky. Don't think about escaping, but think about how to solve the problem. Let's go!”

Chen Jian's eyes suddenly became hot, and after being said by this little girl in a few words, he, a big man, almost burst into tears.

Compared with yesterday, her attitude was much milder.

He thought she was blaming him, and her attitude represented the entire Su Group.

Instead of killing the donkey after this incident, it is better to bring it up on your own initiative, so that you can save some dignity.

At this point, his psychological defense line will almost collapse.

But Su Nan's attitude was completely different from what he thought.

Although there are no words of consolation, it is not easy for her to understand him.

And there is no sense of accountability.

Immediately, he stood there, his face changed a few times:

"I have caused such a big loss to the company, I am afraid everyone..."

Su Nan rolled her eyelids and said indifferently:

"The loss can be earned back. , everyone understands the current situation in S City.

I can ignore the opinions of a very small number of shareholders, because compared with you, Manager Chen, their help in this matter is fundamentally useless. "

Chen Jian sees After a long while, the corners of her mouth twitched slightly, and the emotions on her face were strongly suppressed.

She said it very calmly, the shareholders in the company could not have no opinion, but so what?

Su Nan has the final say.

It is useless to have an opinion.

He gritted his teeth and looked at her firmly: "President Su, don't worry, as long as the company still needs me, I will follow through on this project."

Su Nan nodded and looked at Yu Lou:

"Two A cup of coffee."

Yu Lou nodded and turned to go out.

Come back again with two cups of coffee.

Chen Jian quickly stood up and took his cup. Yu Lou was considered a high-level executive in the company, and he could not enjoy his service calmly.

Su Nan lowered his head and drank coffee silently, while looking at the ipad in his hand and browsing the web page.

It took a few days.

Although the public relations team had already arrived in S City, Su Nan did not instruct him to do anything.

This is not the best time for PR.

But it's not yet afternoon.

Yu Lou hurriedly ran over, "Mr. Su, the owners of the first phase of the project have all gathered together to protest."

Su Nan raised his head.

"When?"

"Listen to their plans, they plan to start tomorrow."

Su Nan was silent for a few seconds, and his face gradually turned cold.

present.

She didn't wait any longer.

Originally wanted to wait for the reporter to come forward, but the matter in front of him seemed to be more anxious.

"Let the public relations department be ready to issue a statement before five o'clock tonight.

In order to reassure many owners, we will voluntarily suspend work, accept quality inspections from relevant departments, and randomly select owners from the first phase of owners as witnesses.

In addition, during this period, if any owner wants to return the purchased house, we will give a full refund."

Yu Lou looked up at her in shock:

"Mr. Su, this is absolutely impossible in the industry."

Once the money is refunded, the house will become second-hand and worthless.

Set a precedent, and in the future, anyone who buys and wants to return will come in an endless stream.

And the people who buy the house that was returned will also be dissatisfied.

Chen Jian was also shocked.

Su Nan raised his eyebrows and smiled.

“Don’t worry, you must write it clearly. Once the house is withdrawn, any property owned by our Su family will not be sold to the same owner who quits.

Also, for those who dare to buy and quit, we will Give a 5% discount. The period is limited to the quality inspection period. After the quality inspection, the refund and purchase activities will be invalid immediately.”

Chapter 1254 The desired reversal

Su Nan finished, the office was silent.

Yu Lou’s eyes went from frightened to shocked.

He suddenly realized that this is not a bad thing, and it will just cause a new wave of sales.

Even Chen Jian was stunned.

Su Nan’s method seems to be beyond imagination.

Chen Jian couldn’t help standing up, and said excitedly:

“In this way, those owners who are bewitched by others will not act rashly, no matter how much benefit the people behind them give, they will not give everyone a house, right?

Yu Lou’s eyes widened, “That’s right, and this purchase and sale will not benefit those who want to take advantage of the opportunity to make trouble. Others

will not take the risk and sell the house they have acquired.

Wait for the quality inspection . As soon as the results come out, those who sold the house will definitely regret it.

Not only that, but we will also increase the price at that time, and no one wants to spend more to subsidize the difference, so the owners will basically not gather together tomorrow to make trouble!

Chen Jian smiled suddenly, "Yes, and this is also our attitude, the clearer is clear." Su

Nan calmly raised his eyebrows and looked up at them:

"So, why don't you go quickly?"

Yu Lou and Chen Jianyi Stunned, the two looked at each other and ran out excitedly.

Su Nan only gave a general direction, but the specific and measures still need to be discussed carefully with the public relations department.

But it's not hard to see that Su Nan is going to fight back!

Basically, the whole company began to enter a state of alert.

The panic at the beginning has disappeared. Su Nan's arrival is like a needle in the sea. As long as she is here, the entire Su family will not give up the project in S City.

They will not be unemployed.

...

a statement from the PR department went out on time at 5pm.

This is the first counterattack of the Su Group facing this rumor, and naturally it has attracted much attention.

Soon, it caused quite a stir on the Internet.

"My God, absolutely, the confident group is different. There is no unnecessary nonsense in the statement. I always feel that this matter will be reversed, and it really happened!"

"So, the Su Group is wronged? "

Those untrustworthy owners can check out. This is a good opportunity. It's a first of its kind!"

"The quality inspection lasts at least half a year. Even if the Su Group loses money, it has to prove its innocence? I don't know why, This time I stand for the Su Group!"

"It's like what others say, those inferior building materials are not allowed to enter the market for a long time, how can such a big company as the Su Group smash the sign?"

"So the ignorant migrant workers are drunk and drunk. let reporters induce say such a rumor? " "

Su's group did not even intend to pursue the responsibility of migrant workers? just wanted to ferret out the people behind the instigation of? "

.....

Sunan always pay attention to public opinion on the network trend.

It took less than half an hour after watching the statement issued, and it re-ranked the first place in the hot search.

But the voices in the comments have less abuse and venting, and more rational.

This is the result they want.

Su Nan sat on the sofa in front of the floor-to-ceiling window, watching the setting sun outside the window, the afterglow of the sunset, the rays of light filled the sky every inch, and the beauty was intoxicating.

She couldn't help but lose her mind.

Soon, she picked up her bag and mobile phone, stood up, and walked out.

Yu Lou looked at her with the documents:

"President Su, where are you going?"

"I'm going out for a walk."

Yu Lou: "Can I go with you?"

Su Nan didn't turn his head back: "No, there are often times. Li follow."

Yu Lou paused.

Watching her go straight to the elevator.

Asking Chang Li to follow her shows that she wants to walk alone, because Chang Li doesn't need to show up at all at certain times.

Chapter 1255 Waiting for you to beg me

Chapter 1255 Waiting for you to beg me

, Su Nan didn't go shopping here, just wandered aimlessly.

Unconsciously, he went to the street.

She was a little lost, looked around, seemed a little confused, and saw the bar as soon as she looked up.

After thinking about it, she lifted her foot and walked in.

The music inside was deafening.

But there was no one, Su Nan glanced at it, walked directly to the private area, and made it to the booth.

A little tired, she wanted to relax.

But after a while, someone stood in front of her, blocking the light and shadow in front of her.

Su Nan frowned, raised his head, and saw several people in front of him.

Fu Qiu, and a few weak-looking men standing behind them, all of them have outstanding physiques, but the strong scent of perfume on their bodies makes people feel unpleasant.

Su Nan suppressed the doubts in his heart and acted calmly:

"It's such a coincidence, Miss Fu?"

Fu Qiu smiled and raised her eyebrows, "Miss Su, it's so fateful, why are you alone, don't mind everyone sitting here Let's be lively together, right?"

Su Nan's brows were picturesque, and there was a bit of banter in his smile:

"If you mind, will you leave here with your friends?"

Fu Qiu stiffened, unable to hold back his smile.

She directly pulled the corners of her lips:

"Miss Su, this is not City A, and you don't open the bar, so it doesn't matter what you said."

Su Nan lowered his eyes in disgust, picked up the bag next to him, and stood up:

"Okay, then you are free, I'll go."

She was not in the mood to compete with this woman now.

Suddenly I felt that women surnamed Fu were very annoying, whether it was Fu Yingying or Fu Qiu.

Before taking two steps, Fu Qiu opened his mouth coldly:

“I have been waiting for you, waiting for you to beg me, but I didn’t expect that you would rather stop work for self-inspection than go to the door of Liang’s house?”

Su Nanton stopped, the smile disappeared instantly, and he didn’t even bother to perfunctory.

Su Nan turned her head slightly, looked at her, her eyes indifferent:

“Please? Why?” “Miss Su, don’t you think that you offended me from the beginning?”

of arrogance.

She is not the same as Fu Yingying’s brainless one. If she hadn’t had Fu Yechuan’s own brother, how could she have gotten into the circle of celebrities with her ability?

But Fu Qiu himself has gotten to where he is today by virtue of his intelligence, his high education and high IQ.

The only one who can compete with Su Nan is himself.

Now the celebrities in the circle can’t wait to give the name Su Nan. When they mention her, they are envious and jealous, as if they are the existence they have always yearned for.

But in Fu Qiu’s view, she only relied on the family’s favor to come out to make a fortune.

Besides, what else does she have?

Su Nan looked back at her, tilted her head and looked at her with cold eyes:

“Offend you? I offended many people, who are you?”

Since he didn’t want to maintain the harmony on the surface, he simply tore his face. .

Anyway, Su Nan was too lazy to deal with a woman like Fu Qiu.

Fu Qiu was stunned for a moment, then laughed:

“How long do you think you can be arrogant ? The quality inspection above is at least half a year, and it’s justified for two or three years. I’m afraid your Su Group doesn’t want this project?” Maybe she will be soft-hearted and let her go.

heard.

Su Nan suddenly turned around and approached, approaching Fu Qiu.

Fu Qiu subconsciously took a step back.

Looking at Su Nan’s delicate facial features with a cold demeanor, she couldn’t look down on her arrogantly, and she was very twisted in her heart...

Su Nan suddenly smiled, she stared at her, meaningful:

“Miss Fu, so you want to help me? As long as I beg you, you can help me ?”

Fu Qiu was stunned for a moment, but he didn’t expect Su Nan’s attitude to change so quickly.

She paused for a few seconds, then raised her chin:

“Of course it’s not that simple, I want you to promise me a condition!”

Su Nan raised her eyebrows, “Leaving Shang Qian?” In an

instant.

The music in the bar seemed to have stopped, and the roar of drums passed by my ears, and my heart trembled.

Fu Qiu’s heartbeat seemed to skip a beat.

Unexpectedly, Su Nan said what she wanted to say at once.

She had a small smile on her lips, as if mocking the dirty smugness in her heart.

All were seen through by her.

For a moment, Fu Qiu felt as if he had been stripped to the public.

Obviously, the one who holds the initiative is himself, but now it is Su Nan. Fu Qiu looked at her

stiffly, with a bit of coldness in her voice:

“For you, it’s just a change of person. It shouldn’t be difficult, right? ” For people like you, there are endless men around you. You think that you have been hurt by love. The whole world has to revolve around you. Not to mention the little fresh meat in the entertainment industry who appeared around you, even Fu Yechuan bowed down to your pomegranate skirt. Next. Do you think you are very proud? How can you be worthy of Shang Qian like this? He is not someone you can play with, I advise you to change someone!”

Su Nan looked nervous when Fu Qiu spoke.

She couldn’t help but smile.

I really don’t know what Shang Qian’s expression would be if he heard this?

persuade her to leave?

Su Nan chuckled softly, her voice indifferent and lazy:

“Miss Fu, I hope you understand that it was Shang Qian who stalked me, and I agreed.

I am not worthy of Shang Qian, do you deserve it? ?” In the

blink of an eye, she looked at Fu Qiu, who was not outstanding, less than 1.6 meters tall.

I don’t know, what confidence do you have to say this?

Su Nan felt that even with her face, she could instantly kill her!

Su Nan’s gaze was more lethal than her words.

She shattered Fu Qiu’s self-esteem inch by inch, and her face slowly turned pale.

Su Nan began to pity her.

Also feel boring.

Turn around, she’s about to leave.

Suddenly, I thought of something and looked back at her:

“Miss Fu reminded me that you want to be involved in this accident so much. Could it be that the messenger behind this incident has something to do with you?”

She said it simply and neatly. ,straightforward.

Suddenly.

Fu Qiu’s face was instantly pale, and his eyes trembled fiercely.

Just this second of nervousness was captured by Su Nan.

She smiled, and without waiting for her answer, she turned around and left.

Fu Qiu is also a member of the Fu family?

She thought about it for a while, and suddenly there was a slight brow.

As soon as she went out, she called Yu Lou: “Go and find out which company Fu Qiu works for?”

...

Looking at Su Nan’s back, Fu Qiu suddenly lost his legs and couldn’t stand any longer. on the sofa next to it.

She didn’t understand why she didn’t even have the strength to lie when Su Nan asked.

It was as if Su Nan’s eyes could see through all her thoughts.

A burst of cold fear slowly rose from the back.

No, I can’t let Su Nan know.

Fu Qiu gritted his teeth, took out his mobile phone, found a number, and called:

“Tell that reporter to hide, don’t show up.”

As long as Su Nan can’t find the reporter herself, she has no evidence to drag herself into it. in this matter.

At that time, she will be able to retreat.

...

Chapter 1257 Compromised

The first thousand two hundred and fifty-seven chapters compromised

Fu Qiu and took a deep breath. After a long time, he slowly calmed down his nervous self.

She stood up and went directly to Liang's house.

Mr. Liang seemed to have been waiting for her for a long time.

He frowned at her.

"I couldn't reach you, I thought you were missing!"

Fu Qiu smiled, returning to his usual docile and sensible look:

"How come, of course I have to come back to honor Grandpa!" Old

Man Liang's face was a little heavy:

"Beyond our ability Imagine that Su Nan didn't come for the second time, she didn't come to beg me again, but issued a statement asking for self-examination?"

Suddenly, he became a little nervous.

Fu Qiu: "Self-inspection is self-inspection. Anyway, if you delay the project, they will lose money.

No matter what the result of the inspection is, don't try to make money for this project of the Su Group."

Mr. Liang glared at her:

"You think I want to follow Is the Su Group deadlocked?"

Su Yifeng is not easy to deal with. At the beginning, my power was going to expand to City A, but he Su Yifeng was there. City A is an impregnable wall. Now he has forced my power to City S.

If he knew that I was in Embarrassing his daughter here, we have nothing good to eat when we fall out!"

Fu Qiu looked at Mr. Liang's beard and stared at him.

She pursed her lips, and her jealousy towards Su Nan raised several levels unknowingly.

This is the first time she has heard of someone who can make Mr. Liang feel a sense of crisis.

“Grandpa, don’t worry, it’s a big deal. After two days, you take the initiative to give Su Nan a face and let the quality inspection pass quickly. She will still be grateful to you!”

Mr. Liang stared at her for a few seconds, and said solemnly:

“In two days? Now that the Su Group has issued a statement, will I still be able to speak in two days?”

Fu Qiu’s face stiffened:

“You Do you think about it now?” Mr. Liang pursed his lips and took a deep breath:

“Qiu’er, I don’t remember any deep hatred between you and Su Nan, why did the trouble cause heavy losses for both parties?”

The reporter came out to take the blame, put the matter over, let their project continue, and the two sides still have to go down the stairs. If the

trouble continues, I am afraid that Su Yifeng will come to me to settle the account!”

Mr. Liang was anxious, especially the After seeing Su Nan’s statement.

He thought that their troubles would be involved for a few more days, but he was also happy to watch the show.

But now, Su Nan didn’t plan to come to the door for help at all.

But Mr. Liang couldn’t sit still.

Although he has extensive connections in various places, has a good relationship, and can talk, all of this is based on the premise of his stable status.

He is very clear about the power of the Su Group, and it is not something he can challenge.

If Su Yifeng came forward, those people would look at Su Yifeng’s power, or look at Old Man Liang’s empty air, just think about it!

Fu Qiu's face changed a few times. He was beaten by Su Nan just now, but he didn't expect to turn around and come back, and Mr. Liang wanted to compromise?

She tensed up and tried her best to restrain her emotions.

"Grandpa, we have nothing to do with the Su Group, just because we don't help, Su Yifeng can come to trouble?"

Why does he help her because it is love, not helping her is a duty, what are you afraid of?"

She couldn't figure it out.

Su Nan has no evidence of her, so even if Su Yifeng is looking for trouble, there is no reason.

Mr. Liang looked at her with a solemn expression:

"Qiu'er, pretending to be deaf and dumb is a taboo in the shopping mall, do you think Su Yifeng is a fool?"

Fu Qiu's face was ugly, and he gritted his teeth.

She is not satisfied.

A good plan, just admit defeat?

Then all her efforts were not in vain?

...

The first thousand two hundred and fifty-eight chapters can't sleep because of what you think.

When Mr. Liang saw that she was soft and hard, he lost his patience and gave a straightforward order:

"Forget it, I don't understand what I told you, I'll let that one tomorrow. The reporter should turn himself in, give him more money as a hush money, don't involve you, this matter is settled!"

Fu Qiu's lips trembled slightly, not knowing how to persevere?

resignedly.

She clenched her fists, took a deep breath, and could only bow her head to compromise:

“Yes, Grandpa, I will solve it tomorrow.” Old

Master Liang saw that she was still obedient, and suddenly softened his expression and smiled:

“When this matter is over, I’ll still say hello to Fu Yechuan and ask you to go to work at Fu’s. What can you learn in a small company?”

Fu Qiu smiled, with a bleak smile:

“Okay, listen to Grandpa. of.”

... the

next day.

Su Nan woke up early in the morning to watch the news.

Those owners really didn’t make any movement, so it can be seen that the statement was just right and effective.

So in the morning, her appetite was exceptionally good.

Hearing someone knocking on the door, Su Nan thought it was Yu Lou who came to look for her.

She went to open the door with a sandwich in her mouth, before even getting her hair done.

As a result, when the door was opened, the person standing at the door was not Yu Lou.

She was stunned for a moment, and the person outside the door smiled at her, and her modest and smooth temperament instantly eased her restlessness in the past few days.

Shang Qian was dressed in gray casual clothes, more like a noble boy, with an outstanding temperament, with a bit of cynical dignity and aloofness.

With a smile on his face, he stood outside handsomely and with his hands in his pockets:

“Morning, Miss Su?”

Su Nan hesitated for a moment, then took the sandwich from his mouth and swallowed it a few times.

“You...why are you here?”

Without even saying hello?

Shang Qian smiled and looked down at her. The outline of the man’s face seemed to have been outlined, perfectly smooth and soft.

“I haven’t seen you for a few days. I really miss you. I couldn’t sleep because of what you thought, so I came here...”

Su Nan: “...”

Did this person take the wrong medicine?

Shang Qian stretched out his hand, bent his fingers, and flicked her head lightly, and Su Nan reacted instantly.

The man smiled warmly:

“Let me go in and have a look, you didn’t hide in the golden house while I was away, did you?”

Su Nan opened his mouth, turned to one side, and then held back what he wanted to say.

Are you still hiding in the golden house?

She must have that time and mood...

Shang Qian went in, saw a table of hearty breakfast, raised his eyebrows, and smiled helplessly.

He didn’t search around for outsiders, but sat at the dining table and looked at her:

“I haven’t had breakfast yet, can I have it?”

Su Nan walked over quickly, poured him a glass of milk, and frowned at him :

“Why didn’t you even eat breakfast?”

Shang Qian took a sip of milk, looked at her and smiled.

“The reason I said just now, you asked again, do you want to hear it again?”

Su Nan choked and closed his mouth.

Is it a man's nature to be seductive?

The tip of her ear was dyed a little red, and she watched him eat slowly, not in a hurry.

It's like it's thousands of miles away, rushing over and overworked, just to accompany her for breakfast?

With this kind of thought, Su Nan's heart seemed to be enveloped by the sun, and he felt that the whole person was warm and every pore was stretched out.

Seeing that she didn't speak, Shang Qian glanced at her and wiped his hands lightly when he was almost done eating.

He explained in a low voice:

"I'm here, thinking of you is the main aspect, and secondly, I'm a little worried about you."

"Don't worry about me? In what way? Do you really think I can hide the beauty in a golden house?"

Shang Qian smiled: "Don't worry about you Fighting alone, I always feel that there is a problem with the S City project, which is like a trap."

He has developed a keen intuition after so many years of experience.

Even before Shang Yi wanted to touch him, he would smell it.

Su Nan restrained his smile, lowered his eyes and said nothing.

Shang Qian looked at her brows and eyes, although she ate a lot, but the pale black green in her eyes couldn't deceive anyone.

She must be having a bad day these days.

His low and gentle tone spoke lightly next to him:

“Have you made progress?”

Su Nan paused, looking at him with deep eyes, with a bit of banter in his smile.

“Yes, it’s still about you…”

Shang Qian froze for a moment, frowning.

Waiting for her next explanation.

But before she could speak, there was a knock on the door.

“President Su, it’s me.” It

was Yu Lou’s voice.

Su Nan smiled and stood up to open the door.

Yu Lou came in with a stack of documents and saw Shang Qian was there, he was stunned for a moment, then nodded politely.

“Mr. Shang.”

Shang Qian responded with a smile, “Assistant Yu has worked hard.”

Yu Lou didn’t say much, looked at Su Nan, and handed the materials in his hand to Su Nan.

“I checked everything you asked me to check yesterday.”

Su Nan took the kraft paper bag, did not open it, and threw it on the table next to it.

“Speak straight.”

She didn’t want to read those dense words.

So annoying!

Yu Lou looked at Shang Qian, hesitating and hesitating, not knowing where to start.

Shang Qian stood up at this time and tidied up his clothes, “Do you mind if I visit your room?”

Su Nan shrugged, of course he had no problem.

After all, they were dating, after all, he liked to be the home cook.

Shang Qian entered the room, and Yu Lou was relieved of the pressure. Looking at Su Nan, he spoke very quickly:

“Mr. Su, Fu Qiu went to Qianye Company, where he is currently an intern, as soon as he returned to China. The scale is not large, but Fu has some shares. , seems to be a small company that she intends to acquire in the next step.

She entered through proper procedures such as applying for a job, but she did not hide her relationship with the Fu Group. Everyone in their company knew that Fu Qiu had a special identity.

Now the person in charge of that company The identity is very embarrassing. It seems that he has the final say, but in fact it depends on Fu Qiu’s face.

You guessed right, that reporter is likely to be hidden by this company.

Because... I checked The consumption record before the reporter disappeared is in the coffee shop next to this company.”

Su Nan listened silently, with a sneer at the corner of his mouth.

Yu Lou paused and asked her,

“How did you know that there is something wrong with this Fu Qiu?”

Su Nan bent her lower lip and couldn’t help laughing. She not only looked in the direction of her bedroom:

“Because...she was so eager to talk to me about the conditions, she even showed me a showdown without any preparation, and wanted me to follow her plan. Only then did I see the flaw.”

Otherwise, how could she find clues so quickly?

Yu Lou was puzzled: “I will tell you the conditions? What conditions?”

Su Nan raised his chin and looked in the direction of the bedroom:

“Sell him to her.”

Yu Lou: “...”

Su Nan smiled He smiled, and the person in the bedroom walked out as if he knew he was talking about himself.

He took off his jacket, and when he came over, he frowned slightly and didn't take the initiative to speak.

Yu Lou: "Then shall I go out to prepare the car first?"

Su Nan nodded.

As soon as Yu Lou left, Shang Qian couldn't help but asked her,

"Who are you selling to?"

...

Chapter 1260 Your Admirer

Chapter 1260 Although your admirer

is in the bedroom, Su Nan and Yu Lou did not deliberately suppress their voices, and their voices could still be heard clearly.

Su Nan smiled and looked at him with his head raised, his eyebrows curved.

"You have to be an admirer. You set this trap for me, didn't you think?"

Shang Qian's face froze for a moment, and then sank.

"Who?"

Su Nan raised his eyebrows, "You have to be an admirer!"

"Name!"

He said slightly.

What admirers can he have?

When he came to Country Z, the only woman he had ever had contact with was Su Nan.

"Fu Qiu!"

Su Nan said the name, and Shang Qian's face was instantly ugly and indifferent.

It's hard to see him being so serious. When he entered the door, he was still warm in spring.

“Why, I don’t remember?”

Shang Qian didn’t want to lie: “Yes, but I’m not familiar with it, is there something wrong with this woman?”

With such a good temper, he couldn’t help but swear.

Su Nan was stunned for a moment and couldn’t help but smile.

Shang Qian saw that she was not angry, but smiled happily.

Seriously puzzled.

“What are you laughing at, this woman is sick, but I didn’t expect to be so perverted, so let me handle this!”

He took out his mobile phone.

Su Nan quickly grabbed it and said with a smile,

“You solve it? How do you solve it?”

“I want to let her die, don’t be delusional, scolded her by the way, and vented your anger!”

Su Nan chuckled helplessly. Is it for him or her?

Why does he look more angry than himself?

Shang Qian regretted that he took the initiative to send it to the door!

“President Shang, scolding won’t solve the problem.”

Su Nan played with his hand, looked at him, and smiled helplessly.

Shang Qian hesitated for a few seconds: “What should I do? Want to do it? It’s not impossible, but we can’t do it ourselves, find a few underworld...”

Su Nan listened to the more and more wrong, and quickly called interrupted his thinking.

“Stop, who said to do it? I will solve it, we are all civilized people, we can’t be too savage.”

Shang Qian: “...”

He was really annoyed the more he thought about it, “How do you want to solve it?”

Su Nan looked at him playfully: “

If I really sold you to her, what would I do?”

Shang Qian stiffened slightly, looking at her with a complicated expression.

This woman, thinking is so dangerous!

Silent, refusing to answer her question.

Su Nan insisted, “Say, if I really used you to exchange their resources, wouldn’t you blame me?”

She knew that she was making trouble out of nowhere.

But she suddenly wanted to know Shang Qian’s answer.

After a few seconds.

Shang Qian’s eyes slowly fell on Su Nan’s face.

His thin lips parted lightly, and his voice was clear and light as a cloud of smoke:

“No.”

Su Nan raised his eyebrows, a little surprised.

Do you really not blame her?

If she changed her identity and Shang Qian sold her, she would probably go crazy!

Shang Qian stretched out his hand and slowly landed on Su Nan’s hair, gently as if stroking a treasure:

“How can I blame you? No matter who you sell me to, I will run back by myself.”

His voice , clean and clear, like a spring breeze passing by the ear, magnanimous and pious.

Su Nan’s beating heart suddenly seemed to be pinched fiercely.

This answer, like his intention, was full of surprises.

The two looked at each other.

Su Nan felt his affection and the suddenly approaching soul.

She was only in love with him, but he loved her.

This is their difference to each other.

Su Nan suddenly felt that the feelings he gave were too light, and seemed a little unworthy of him...
