Chapter 126 The ex-husband is dead

Chapter 126 Ex-husband is dead

Su Nan smiled and moved up.

“Second brother, do me a favor, it’s considered a gift.”

“You said.”

“I have a project in artificial intelligence. You are a top expert, can you follow me for a while?”

Su Nan said boldly. .

Su Ming is a national treasure. It is indeed a bit overkill to have him work with the project.

But my second brother, don’t need to be in vain!

Su Ming nodded, “Okay, I have a month’s vacation, is that enough?”

“Of course!”

Su Nan took the card in his hand and shook it in his hand, “I also accept this, Thank you, brother!”

Su Ming: “...”

Not far away, two Nobunaga figures walked side by side behind them, and they came to dig a corner of an international-class corner and squatted in person.

Why hasn’t the assistant sent the photo yet?

Lu Qi looked at the woman and arched the shoulders of Fu Yechuan next to him.

“It’s a coincidence, isn’t that Su Nan?”

There was a man beside him who he had never seen before. He was quiet and gentle, with a cold temperament, not like a businessman, but at first glance he was not an ordinary person.

Looking over his line of sight, it happened to be Su Nan's profile.

She has long curly hair, a long black dress with suspenders, and elegant high-heeled shoes on her feet. She looked at the strange man beside her with a lazy smile.

Not far away, Fu Yechuan walked over subconsciously, just in time to hear their conversation and her coquettish voice.

"Why did you suddenly get divorced?" Su Ming asked.

"Because he died." Su Nan said casually.

"Oh." Su Ming nodded emotionlessly.

Fu Yechuan and Lu Qi's footsteps stopped, and their bodies suddenly froze.

Fu Yechuan, who was already dead: "..."

Fu Yechuan stared at Su Nan's back for a long time, but she didn't respond.

Lu Qi smiled and patted him on the shoulder, "Don't look at it, you are all dead." When the

photo came, he looked down, and wanted to remind Fu Yechuan that he was serious.

As a result, it didn't matter at first glance, the whole body was stiff.

This... This is clearly the man next to Su Nan!

Lu Qi shouted, Fu Yechuan frowned and looked at him, and naturally he saw the photo.

He looked just as shocked!

Hearing the voice, Su Nan turned his head and frowned slightly when he saw the two people.

Really, hell!

A national treasure, just appearing in front of you?

Lu Qi stepped forward and twitched the corners of his mouth.

"What a coincidence, Miss Su, this is..."

He looked at the person over there, feeling uncontrollably excited.

A great god that can only be heard in legends!

They squatted here in the middle of the night to pick up the person, but they were taken away by Su Nan?

They look so familiar!

Su Ming nodded silently.

“Hello, my name is sunner.”

His English name is also another identity to the outside world.

No one has heard or recognized it.

Su Nan looked up at Lu Qi and gave him a lazy look.

“It’s really a ghost. You can see things you don’t want to see wherever you go.”

Lu Qi, who was hit, withdrew his hand and tried to explain with a smile.

If he told the truth, wouldn’t he be laughed at by Su Nan?

If you don’t make a move, you lose!

“It’s not that I appeared in front of you on purpose. We came to pick up a friend. It’s purely a coincidence!

If Miss Su doesn’t want to see me, I’ll leave now.”

He couldn’t understand why he was so humble when Fu Yechuan was here?

Su Nan retracted his gaze, “Then get out of here.”

“Okay!”

Lu Qi said unequivocally, but he just walked two steps, thinking of Fu Yechuan who was behind him.

Fu Yechuan stepped forward with cold eyes, and his eyes turned on her forehead for a few seconds.

She looked at the man beside her again.

“sunner, are you friends?” he asked suddenly.

Su Ming nodded naturally and hugged Su Nan's shoulder.

"Of course, she's my best friend."

He never lied.

After all, Su Ming's character has only three friends since childhood, that is, several brothers and sisters in the family.

"Let's go."

Su Nan said indifferently, taking his arm and leaving.

He didn't even look at Fu Yechuan at all.

...

Chapter 127 Snow Lotus and Chrysanthemum

Chapter 127 Xuelian and Chrysanthemum

Lu Qi tutted, "No drama, Su Ming and Su Nan actually know each other, and the relationship is still so good!"

The news of Su Ming's return is confidential. To be precise, his The itinerary has always been completely confidential.

Because his identity is too sensitive.

They spent a lot of money to buy Su Ming's itinerary information on the international black market, and it was such a waste!

Fu Yechuan gave him a cold look, raised his legs and left.

Su Ming and Su Nan returned to the old house.

Before getting out of the car, I heard the housekeeper order someone to clean the small garden tomorrow, while Su Qi's wailing and Su Yifeng's roar came from the living room.

Su Ming stood at the door and paused, looking at Su Nan.

"Help me find a house, be quiet, and it's best if no one lives around."

Su Nan blinked and blurted out subconsciously, "Is it a haunted house?"

"Also."

As long as no one lives.

Pushing the door open, Su Qi came up to meet him, almost knocking Su Nan down, "You're finally back, save the child!"

Su Nan clicked his tongue and was about to speak when Su Qi saw Su Ming and was shocked. "Second child?"

Su Ming rarely showed a smile, "Little San."

"I'll go!" Su Qi's emotion just disappeared, "How many times have I told you, don't call me Mistress!" It

felt like he was scolding him !

"Who?"

Su Yifeng came out with a baseball bat in a loud voice.

Seeing Su Ming, he stepped forward excitedly.

"Second child..."

Su Ming accepted the hugs from the three men in the family, Su Jin was restrained, but couldn't hide the raised corners of his mouth.

The housekeeper excitedly ordered people to prepare meals and rearrange the room.

Three years later.

The house is really lively.

Su Nan frowned and looked at the mess at home.

"What's the matter?"

Su Yi was irritated when he mentioned this.

"Your third brother, that bastard, I asked him to cook, and he made a cold dish with the Tianshan snow lotus that I have treasured for many years, and even lied to me that it was a chrysanthemum!"

He got up with a stick and walked towards Su Qi. , was very unwilling to let him go like this.

"No, I have to beat him up!"

Su Jin sat there calmly, looking at Su Ming.

“Don’t go? Have you thought about the next step?”

Su Ming took the soda handed by the housekeeper and took a sip.

“The Great Power Research Institute has already sent me an invitation, and I have decided to go, but it will take a month.” The

Great Power Research Institute, which is a national-level secret research base, has world-class top-notch equipment and ends, how many physics geniuses want to enter. They couldn’t even get in, but for Su Ming, he thought about it for a long time before deciding to go.

Su Jin nodded, expressing his approval of this choice.

“Then this month...”

Su Nan responded quickly, “Second brother has promised me to participate in the research and development of the project with Juli Group. In this way, we will not be led by the Juli Group, and we will be stable. I won!”

Su Jin’s face stiffened, he glanced at Su Ming with a stunned look, and looked at Su Ming with distress.

“Then... I wish you success.”

A small project, is it worth Su Ming’s shot?

This sister is really doing her best!

A few days later, when Su Ming repaired, Su Nan began to prepare to enter the Juli Group.

The weather was just right this morning, and there was a slight coolness in the air.

Su Nan took Su Ming and left, and went to his own house to pick up Su Xiaohu.

When Su Xiaohu heard the movement, he jumped into Su Nan’s arms excitedly.

“Mama misses you so much...”

Su Nan hugged it distressedly, and took it directly to the old house if she knew it earlier.

“I miss you too, Su Xiaohu, you didn’t dismantle your home, did you?”

She looked around, it was spotless, this smart little tiger flexibly used the smart furniture in the house, and even had a few unfamiliar couriers, looks like a small toy.

Su Nan was a little surprised, "Did you buy it?"

Su Xiaohu got into Su Nan's arms, and answered with a guilty conscience: "On credit." He laughed dumbly

.

Su Nan hugged it and looked back at Su Ming, "This is Su Xiaohu, Su Xiaohu, this is my second brother."

Su Xiaohu blinked, "Wow", his eyes lit up, "Male god, I love you so much!" Su

Nan immediately covered its mouth, "Shut up, it's too embarrassing!"

Su Ming glanced lightly, picked up one hand, and looked at it.

"The world-class quantum physics system, powerful learning ability, and temperature and moisture that can be intelligently changed with the migration of the environment, who gave you this thing?"

"It's the silence that added your WeChat, I use your WeChat The signal came in exchange!"

Su Ming glanced at her lightly.

"It's really my own sister..."

...

Chapter 128 I have the final say

Chapter 128 I have the final say

"She likes you very much, she must have uploaded your information to Su Xiaohu's head, that's why she reacted like this. By

the way, she is also in the research team of Juli Group. , you can meet in a while."

Su Ming threw Su Xiaohu to Su Nan without hesitation, and Su Nan carefully caught it.

"Su Xiaohu, let's go see Silent..."

"I want a male god to hug me..."

Su Xiaohu asked weakly in Su Nan's arms where he was wronged.

Su Nan couldn't resist any of its demands, so he stepped forward weakly, "Second brother..."

Su Ming was no stranger to this kind of thing, not Su Nan's obsession, as long as he could make it. There won't be much emotion, for them, it's just a work.

At the Juli Group, Su Xiaohu immediately became the focus of everyone.

"Little traitor, do you miss us?" Su Xiaohu raised his

head and snorted arrogantly, "Who are you?" Looking for silence, Ringo personally took seven of them to the predetermined project location. On the way, Ringo looked back at Su Ming from time to time, "This gentleman looks familiar..." Before Su Nan could introduce himself, Su Ming said, "My name is Sunner, I don't know you." Ringo nodded, raised his eyebrows, and was not unhappy at all, "A fresh graduate student? Forget it, what Miss Su brought must be good." Su Nan did not take the initiative to mention that he would send Su Ming to the core R&D team, yes. They are not interested in their commercial secrets, as long as they can keep abreast of the latest developments, she has achieved her goal.

Therefore, Su Ming's identity does not need to be exposed.

As soon as he got out of the car, Su Nan saw a group of people walking towards him.

Fu Yechuan walked in the forefront coldly and dignifiedly, followed by seven or eight people, Su Nan paused and frowned slightly.

Ringo stepped forward and said, "It's a coincidence that the three parties in charge of this project are still you and me, and President Fu personally leads the team. It's really rare."

Su Nan felt very unhappy when he heard this.

But it's official business, since this is the case, it can only focus on major events.

Arriving in front of him, Fu Yechuan's eyes swept over Su Nan lightly and looked at Ringo.

"I have seen the cooperation location, and I will arrange the other needs myself. Now that everyone is here, let's start."

Su Nan raised his legs and went in, without saying hello to him.

Fu Yechuan looked sideways and looked at her back thoughtfully.

Ringo stepped forward, patted him on the shoulder, and laughed playfully.

“Don’t look at it, as President Su’s identity has changed, it’s even more impossible to turn back. It’s you, you won’t regret it, right?”

Fu Yechuan swept his gaze coldly at him, with a stern tone, “Mind your business!”

Ringo trembled. He smiled and shook his head, “You dare to say that you participated in this project yourself, not because of her?”

At first, he didn’t think it was possible for the two of them, but since Fu Yechuan asked him to come forward and invite Su Nan, he I sensed something was wrong.

Afterwards, he himself felt that it was a bit outrageous. Can Fu Yechuan eat back grass?

He later dismissed the idea.

Until now, Fu Yechuan appeared here in person, what does this mean?

The two walked side by side, Fu Yechuan frowned slightly.

“Is there a list of the personnel stationed in the Su Group?”

“Yes...”

Ringo sent it to him directly on his mobile phone. The information was public and not confidential.

“sunner? Do you know who this is?”

Ringo replied nonchalantly, “A fresh graduate.”

Fu Yechuan curled his lips silently, and did not speak any further.

Su Nan is really good at getting a national-level expert to participate in commercial projects?

It was so easy.

Unexpected!

However, he originally planned to dig Su Ming to participate in it. With Su Ming in charge, this project would be considered a 100 percent success!

It’s also a coincidence.

Ringo felt weird, why should Fu Yechuan pay attention to a student?

When he arrived at the conference room, Fu Yechuan couldn't help frowning when he saw Su Nan and the sunner talking tightly together.

Very uncomfortable!

There was a layer of irritability between his brows, and he walked in with a lot of movement, his face was gloomy, and he walked to the opposite side of Su Nan and sat down.

Seeing this, Ringo immediately understood.

He took his seat and paused.

"On behalf of Juli Group, I officially welcome the arrival of the two partners. Regarding the research of the project, the Fu Group has sent people to participate in the follow-up supervision of the team. Miss Su, who are you planning to bring here?"

Su Nan sideways The head smiled and looked at Su Ming next to him.

"Sunner, please."

Her hand grabbed Su Ming's sleeve, which was a little habit of hers.

Su Ming patted the back of her hand, her movements familiar.

Fu Yechuan noticed that his frown deepened.

Ringo nodded, "Okay, I'll have someone take me to talk with Silent Mo in a while."

Fu Yechuan suddenly questioned coldly, "Not everyone is eligible to participate."

Su Nan raised his eyelids lazily, "I have the final say."

...

Chapter 129: Stupid, Stupid, and Talentless

Chapter

129: Stupid, Stupid, and Talentless The atmosphere was stagnant for a while, but fortunately Fu Yechuan did not continue the stalemate, and the topic changed, and it was time to determine the plan.

After more than an hour of the meeting, it started to rain outside.

When everyone went out, they ran into the car one after another. The terrain under the steps was low and rainwater accumulated.

Su Nan walked at the end, wearing ManoloBlahnik's custom-made high heels, with smooth and beautiful lines, standing on the steps hesitantly.

Not far from the steps is the company's Rolls-Royce, and the driver can't get any closer.

Su Ming noticed her expression, only an umbrella was left beside her.

He habitually took it and propped it on top of her head.

"Let's go?"

It seemed like he was used to serving.

Su Nan lowered his head, raised his toes, and regretted casually.

"The drill of these shoes will fall off as soon as it gets wet..."

Su Ming heard the words and saw that the skirt she was wearing today was not suitable for a princess to hold.

He took off his custom tailored suit jacket as usual, threw it on the ground in front of her, propped the umbrella over her head, went down two steps, stretched out his hand, and was extremely patient.

"This way it won't get wet, let's go."

Su Nan sighed, feeling that it was okay.

"That's the only way."

He put his hand on it, and Su Nan stepped on his jacket and got into the car.

Even the driver secretly regretted, don't be fired for his driving skills...

Two people who saw this scene completely, Ringo shook his head.

"I've seen it. Once this young lady becomes particular about it, she might even care whether the air around her is sweet or not, but you still think it's justified!"

Fu Yechuan looked at him with deep brows, and gave him a cold look. .

He clenched his teeth secretly, Su Ming's identity was there, and when many international bigwigs saw him, they would be shorter and reach out.

But he was so rude to Su Nan!

The relationship between the two seems to exceed the boundaries of friends.

Is it too close?

“Susu—”

There was an exclamation from the side, and he waved to her in silence not far away, hugged Su Xiaohu, and ran towards her excitedly.

Su Nan was stunned for a moment, responded with a smile, and introduced to Su Ming in a low voice.

“She is Silent.”

Su Ming frowned, Silent had already run to the front, just about to hug Su Nan, she found Su Ming next to her.

After being stunned for a moment, she shouted in shock: “Damn it, God!”

She dropped Su Xiaohu without saying a word, and hugged Su Ming, turning Su Ming’s shocked face pale.

Su Ming was ashamed and embarrassed and pulled the man off his body, his voice unpleasant.

“Please respect yourself.”

After seeing your idol, what kind of self-respect is needed?

Silent couldn’t control his excitement, and he was not angry when he was pulled down. He looked up at the tall and thin God.

“I’m just silent. I sent you WeChat, and you gave me many opinions.”

At this time, it is more important to get closer.

Su Ming glanced at her with disgust.

“I know, you are stupid, stupid, and incompetent. A simple calculation can make you go wrong...”

Watching Si Mo’s excitement go from being excited to about to cry, in just over ten seconds, Su Su. Nan quickly grabbed Su Ming’s sleeve and shook his head.

Su Ming paused, looking at Su Xiaohu crawling on the ground, his tone changed.

“However, Su Xiaohu’s design is not bad, and the foundation is still solid.”

Silent looked up and smiled, as if the sadness just now did not exist.

“It’s just a stupid tiger, I can make it smarter!”

Su Xiaohu kicked and silently protested.

“You are the stupid tiger, your whole family is stupid!”

Silent gave it a threatening look, then looked at him and Su Nan.

“You guys really know each other, Su Su, is the Great God your friend?”

Su Nan smiled and nodded, pulling Su Ming’s arm.

“Momo is my friend. You should have a better attitude. Don’t treat her with the same attitude as your doctoral student.”

Su Ming turned her head away speechlessly, and hummed.

Silent rubbed his hands in surprise and blinked at Su Nan.

“As an outsider, he will participate in your project, silently, you have to take care of him...” Silently

widened his eyes in surprise.

“Ah?”

Let the Great God listen to her command?

Silently trembling all over, Su Nan smiled and leaned forward in a low voice.

“His identity will be kept secret for the time being.”

Silent nodded his head, a little sluggish.

After saying goodbye, Su Nan turned around and got in the car. The skirt accidentally got stuck in the crack of the car door, and Su Nan exclaimed.

Su Ming silently threw away the umbrella, knelt down on his knees, took out the skirt carefully, turned around and looked at the shocked and dull silence.

The voice was extremely cold.

“Please throw away the garbage for me, thank you.”

Before she could answer, Su Ming got into the car, and the car disappeared into the hazy rain.

Su Xiaohu, who was playing with water, said, “...”

It hasn't gotten on the bus yet...

...

Chapter One Hundred and Thirty Ba Ba Mo Mo Da

Chapter 130 Baba Mo Mo Da

Ringo and Fu Yechuan walked side by side, and Ringo clicked his tongue.

“Momo, do you know the man next to Miss Su?”

Silent was still immersed in the envy of what he just saw Su Ming lowered his body and did for Su Nan.

It's so bloody!

She nodded subconsciously and shook her head decisively.

“I don't know!”

Su Nan said, keep it a secret!

Fu Yechuan squinted his eyes, picked up the suit and umbrella on the ground in silence, turned around and ran away. She is a scientific researcher, but she can't play with these mall experts...

Su Xiaohu looked left and right, just about to use his own The intelligent system dialed Su Nan's number and was picked up by someone.

Fu Yechuan frowned and stared at it, always feeling that something was wrong.

“Do you still know me?”

His cold voice had an air of abstinence.

Su Xiaohu squinted his eyes, kicked in the air with his four legs in protest, and said hesitantly.

“Damn, I’m looking for Mama...”

Damn?

Ringo’s eyes widened in astonishment. Back then, Su Xiaohu was so mean to Fu Yechuan, and everyone around them envied him. How could he become a nuisance in an instant?

“Little traitor, you called Dad before, you forgot?”

Su Xiaohu turned his head away and snorted coldly.

“He doesn’t deserve it!”

It is a robot tiger that has never been emotional, and it hates whoever it hates!

Fu Yechuan’s face was ashen, Chen Mian ran over to give him an umbrella, but before he could stand firm, he heard Su Xiaohu shouting at him.

“Baba, meh...”

Chen Mian’s body froze fiercely, and he almost fell to the ground.

Fu Yechuan’s cold eyes were staring at him at this time, and his face was extremely ugly.

Chen Mian waved his hand, “I...”

“Baba, you are so handsome!”

He panicked!

“Pfft—”

Ringo couldn’t help laughing.

The corners of Chen Mian’s mouth twitched uncontrollably!

Fortunately, the car at the door went back and forth. Fu Yechuan looked at the car with a grim expression, until the people in the car got off, and Su Ming stretched out his hand.

“I’m here to pick up Su Xiaohu.”

Fu Yechuan snorted coldly and threw Su Xiaohu over, his stomach was about to explode with anger, and he glanced at the car behind Su Ming.

There is no one else but the driver.

It was expected that she knew that Fu Yechuan was also there and did not want to see him.

“sunner, are you and Su Nan lovers?”

Ringo glanced at Fu Yechuan meaningfully and asked Su Ming.

Su Ming lowered his eyes, cold and casual, “No comment.”

Ringo hooked his lips and pointed at Fu Yechuan, “Do you know what his relationship with Su Nan is?”

Su Ming looked at Fu Yechuan, frowned slightly, and shook his head.

do not know.

Without waiting for Ringo’s introduction, Fu Yechuan’s tone was terribly cold.

“I’m her dead ex-husband!”

At the airport, he heard Su Nan introduce him like this.

An angry liver hurts!

Su Ming heard the words, without any extra expression, nodded.

“Then I have no more comment.”

After that, he lifted his legs and got into the car, which quickly disappeared from their sight.

Ringo smiled, “It’s exactly the same as Miss Su’s temper, hahahaha...”

Fu Yechuan’s eyes swept across his face coldly, and Ringo was silent for a moment.

On the platform not far away, Su Ming went to pick up Su Nan, and Su Nan touched Su Xiaohu distressedly.

“Sorry, Mama didn’t mean to forget you!”

Su Xiaohu huddled in her arms aggrievedly.

“People want Mesgarzadeh’s wool blanket...”

Su Nan paused, other people’s pets are cooking, and their pets are burning money!

“Okay, buy it.”

Su Ming glanced at Su Xiaohu with disgust, he was really a vain tiger!
