Chapter 1261 I Can't Buy It Oh

Su Nan was stunned for a short time, and the waves in his heart were already turning upside down.

The answer Shang Qian gave was too heavy, as if he had handed his life into her hands.

She easily controls his life and death.

Su Nan's cell phone ringing interrupted their undercurrent of ambiguity.

Her eyelashes fluttered, and she hurriedly lowered her head to get her phone.

It was Yu Lou who urged her downstairs.

Su Nan hung up the phone and looked at Shang Qian:

"Would you like to stay here for a rest?"

Shang Qian: "No, I want to be with you."

Very clingy!

Su Nan nodded. When he went to take the bag, Shang Qian took it for her, and took the other hand into his own.

She pursed her lips silently.

Suddenly a thought came to mind.

In fact, being held by his hand like this all the time seems to be pretty good.

in the elevator.

She thought for a while, then hesitantly said,

"President Shang?"

"Huh?"

Su Nan looked at the reflection in the mirror. When she stood with him, his expression was gentle, as if nothing had happened.

“I won’t sell you.”

She whispered.

But she confirmed that he heard. Shang Qian turned his head to the side, raised his eyebrows, and the smile on his

lips deepened:

“Really?”

Su Nan nodded firmly, with a firm expression:

“Because they can’t afford you!”

Shang Qian is so expensive, can ordinary people afford it?

Just kidding!

Shang Qian: “...”

He rubbed her hair, dumbfounded, a little helpless.

The two went out hand in hand.

Yu Lou was still waiting anxiously downstairs.

Seeing the two of them being close together, he suddenly had a feeling in his heart.

A perfect match!

When Su Nan looked at Shang Qian and smiled, the relaxed and happy feeling was a joy from the bottom of his heart.

Unlike the time when she was pursuing Fu Yechuan so hard, she was always shrouded in sorrow, as if she would never see hope in her whole life.

Yu Lou opened the door for them at the back.

The two even got into the car together and didn’t let go.

It’s like being glued together.

Show affection?

Do these two people care about other people's feelings?

Yu Lou silently drove in front, trying to reduce his presence as much as possible.

He is so hard!

to the company.

Everyone can clearly feel Su Nan's happiness.

And the joy of the man beside her!

Even the cleaning aunt, who was always worried about her unemployment, couldn't help but take a second glance.

Su Nan, who was always indifferent when she appeared alone before, could laugh so happily?

He and Shang Qian, who was beside him, looked at each other and smiled from time to time, with a full tacit understanding.

In short, within ten minutes, the whole company knew that Su Nan was in a particularly good mood today.

I don't know if it has something to do with the situation change?

Su Nan was too lazy to go to Chen Jian's smoky office. She went to the next conference room, which was quiet and spacious.

Shang Qian followed behind, and the two looked sweet and tight.

Yu Lou bravely went in and acted as a light bulb:

"Miss Su, Fu Qiu called just now and said he wanted to invite you to dinner?"

Su Nan paused and glanced at Shang Qian.

When Shang Qian heard the name, the smile on his face disappeared instantly.

Instead, he looked impatient and speechless.

What a disaster from heaven.

Su Nan smiled and said, "I don't have time."

Is she taking the initiative because she is afraid of what she will find?

Yu Lou responded and turned to leave.

She stretched out her hand and pulled Shang Qian's hand, "Why are you suddenly unhappy? I won't meet her."

Shang Qian pondered for a moment:

"This crazy woman doesn't know what crazy things she will do, so you don't want to. I met her!"

Su Nan nodded very helpfully.

The feeling of being infinitely favored is a little overwhelmed.

The first thousand two hundred and sixty-two chapters took the initiative to send

Shang Qian to the door : "The reporter will continue to follow her line!"

Su Nan smiled, "Of course, I finally found a clue, why would

I give up? Check, even if she loses one thousand, she will lose eight hundred!"

Anyway, she has the confidence!

It depends on the other party, whether there is this capital to fight her to the end!

Shang Qian pondered, his face dark and gloomy:

"The loss of the shutdown is huge, are you really ready? Don't you need to discuss at your headquarters?"

Su Nan looked out the window and said in a light tone:

"It's only a few days, It won't be too long, with my brother in the company, those shareholders don't dare to make small moves."

Shang Qian smiled, he suddenly forgot that Su Nan was in the Su Group and was higher than Su Jin.

She doesn't have to worry at all about whether to ask shareholders for approval when making a decision.

She is the biggest shareholder!

The two chatted for a while, Shang Qian lowered his head to reply to the email, Su Nan was looking at the trend chart on the laptop, the two were very tacit and quiet.

Just less than two hours later, Yu Lou knocked on the door again and came in.

Su Nan looked at him.

Yu Lou: "That Fu Qiu has come to the door, and I have to see you."

Su Nan pondered, looking at him with deep eyes.

"You have to see me?"

She looked at Shang Qian beside her.

Shang Qian reluctantly reminded her: "No one knows what I came here to do, so I definitely didn't see me."

Su Nan raised her eyebrows and nodded with a smile, which makes sense.

She turned her head and looked at the door.

"No, let her get the hell out of here."

Anyway, it's all torn up, so there's no need to do any face projects.

She will not beg her, let alone leave Shang Qian.

So, what else is there to talk about?

It's just that Su Nan felt that this Fu Qiu might be really in a hurry!

Otherwise, why would you take the initiative to come to the door?

Yu Lou nodded and closed the door for her to leave.

downstairs.

Yu Lou looked at Fu Qiu in front of him coldly, with an indifferent tone: "

Miss Fu, our President Su has no time to see you, please leave.” “I’m all here, it won’t take a few minutes for her, will she refuse to see me for a few minutes?” Yu Lou smiled: “Mr. Su is in charge of every day, and every minute has to be divided into several parts. It is related to the livelihood of tens of thousands of employees, so of course I don’t have your leisure time, I hope you will understand.” Fu Qiu’s face stiffened, it was hard to see the extreme. Is this mocking her for being ignorant? It’s not that she couldn’t hear an assistant taunting her. Is this the difference between her and Su Nan? She is angry. But now there is no time to be angry! She was eager to see Su Nan and wanted to reach an agreement with her. Mr. Liang only gave her one day today. If she doesn’t make it in one day, she won’t have a chance in the future. She gritted her teeth and stared fiercely in the direction of the company. Yu Lou watched her movements all the time.

Usually at this time, she would choose to forcibly break in?

Yu Lou was looking at the direction she was running, when suddenly, she looked at him and ran to his left.

He pulled hard, grabbed her arm effortlessly, and threw it forward.

Fu Qiu was thrown at the door next to her, with some force, her arms immediately turned red, and her face was painfully endured.

She stared at Yu Lou angrily:

“You dare to do something with me? Believe it or not, I’ll call the police? Believe it or not, I’ll sue you for a personal attack?”

Yu Lou kept a polite smile:

“Forcibly breaking into a house for more than three years but not more than seven years, But it’s more serious, Miss Fu can ask a lawyer, and it’s not too late to talk to me about the police.”

...

The first thousand two hundred and sixty-three chapters come to admit mistakes

Fu Qiu’s lips trembled when he came to admit his mistake in chapter 1263

, feeling that his pride had been crushed.

Can an assistant beside Su Nan treat her like this?

Fu Qiu took a deep breath and ruthlessly suppressed the resentment in his heart.

She softened her tone:

“I was too impulsive just now, but I really have something to do, let me in!”

Yu Lou shook his head unmoved.

“If you don’t leave, the security guard will ask you to leave.”

He glanced at the surrounding security guards.

The security guard who was always watching from the side was already ready to move.

Fu Qiu gritted his teeth:

“Don’t she want to know the whereabouts of that reporter?”

Yu Lou’s eyes flashed.

Squinted.

Fu Qiu knew that he was interested in what he was talking about.

This shows that Su Nan is also paying attention to this issue.

She paused and said proudly,

“I know the whereabouts of that reporter, and I told Su Nan that I want to see her. I will only tell her if I see her in person.”

Anyway, Mr. Liang had to compromise.

Before Mr. Liang could compromise, she had to take something away from Su Nan.

By the time she remembered it, it was too late.

Even at the last moment, she couldn’t take Su Nan cheaply.

So today is her last chance.

Yu Lou hesitated for a few seconds, then withdrew his gaze.

He went to the other side to make a phone call.

Su Nan picked it up happily:

“What’s the matter? Is that woman stalking and refusing to leave?”

Apart from this reason, she couldn't think of any other reason.

Yu Lou said in a solemn tone,

"Mr. Su, she said that she will tell you the whereabouts of that reporter when she sees you in person."

For a while.

Su Nan was silent, in a very delicate mood.

She glanced at Shang Qian on the side, and Shang Qian also heard what Yu Lou said.

Seeing Su Nan hesitate, he took her mobile phone and said calmly:

"Assistant Yu, let her come up."

Yu Lou looked at the mobile phone, why did the person answering the phone suddenly change to Shang Qian?

But I didn't think about it too much. The two of them have a good relationship. Who said they are different?

"Yes."

He hung up the phone and looked back at Fu Qiu.

"Please."

Fu Qiu sneered, and walked in arrogantly, Yu Lou followed behind:

"Sorry, we have rules here, we can't bring other things in."

Fu Qiu paused, his eyes fierce. stared at him.

"What do you mean?"

Yu Lou was very frank:

"You will be searched by female staff. Of course, this request is unreasonable. You can refuse to enter.

" occasion.

He couldn't risk Su Nan's safety.

Fu Qiu's body was tense, and his angry face turned green.

Where has she searched?

She gritted her teeth and rattled, wishing she could kill this bully Yu Lou.

But people don't care about anything, they ask to say it, you can choose at will.

"Please understand, this is not a place where everyone can enter."

Not everyone can see Su Nan.

Fu Qiu stood there for a full minute before pursing his lips and decided to suppress his unhappiness.

She turned around and sneered:

"What is Su Nan afraid of me doing? Haha, she is so afraid of death, why does she still offend people everywhere?" After

getting on the elevator, Yu Lou gave her a look:

"There are always some crazy people who are jealous and hate us. Mr. Su, you have no ability, and you are jealous of other people's achievements, don't you?" The

last three words floated into Fu Qiu's heart, hurting and shameful.

...

Chapter 1264 is a bit abnormal

Chapter 1264 A little abnormal

Fu Qiu glanced at Yu Lou with a gloomy gaze:

"How much is your assistant's salary a month? If you offend people like this, you won't be afraid that Su Nan won't want you, and you have nowhere to go?"

Yu Lou smiled: "Sorry, I am paid an annual salary and signed a lifetime contract." He

is also the only person in the Su Group who has special treatment.

Fu Qiu was so pissed off, don't turn his head away and never say a word again.

When she got there, Yu Lou took her to the office and asked the female secretary who was accompanying her to search her body.

Fu Qiu really didn't prepare any tricks, he came empty-handed, and there were only cosmetics and mobile phones in his bag.

Yu Lou took her back to the elevator and went to the floor where Su Nan was.

After knocking on the door, Su Nan said "come in", and Yu Lou opened the door and let Fu Qiu in.

At a glance at the conference room, only Su Nan was sitting there, and Chang Li was playing games with his head down in the corner, which can be ignored.

He didn't ask where Shang Qian was, probably in the rest room.

Su Nan raised her eyes and glanced at Fu Qiu indifferently:

"Miss Fu came here again and again, what's the matter?

To tell me where the reporter is?

Would you be so kind?"

Her tone was unceremonious.

Su Nan would not believe that Fu Qiu took the initiative to come to her to help her.

It would be nice if she didn't help.

Fu Qiu paused for a while. After Su Nan saw through her mind in the bar last time, she seemed to have lost the opportunity.

The sense of shame lingered in her heart.

But without thinking about anything else, she stared at Su Nan, smiled, and let herself relax.

"What you want to find the most right now is that reporter, isn't it?"

Su Nan raised an eyebrow, "So what?"

"I know."

Su Nan smiled, with a bit of sarcasm in his eyebrows:

"I know you You know, Miss Fu, do you think I can't find it?"

She said, groping for the edge of the warm coffee cup in front of her, swiping her slender and delicate fingers like a work of art.

Su Nan's tone was slow and threatening:

"It's best if you don't have anything to do with this matter. If you let me find out, I'll be welcome."

Fu Qiu froze fiercely, and his pupils shrank slightly.

She suddenly realized that this matter is not so simple.

What Su Nan wants to investigate is not only to find out the reporter who needs to solve the urgent problem, but also to know who is behind the command?

As for Fu Qiu, something was wrong.

Her face changed a few times, and she felt that her breathing was unsteady, for fear that something was wrong, and Su Nan grabbed the pigtail.

"Stop blaming me. I kindly remind you that you still doubt me? If I really did it, I can still come and tell you about that reporter's whereabouts?"

Fu Qiu was so stubborn that he couldn't figure out what she was thinking.

Su Nan smiled at her for a few seconds, and then said lightly:

"Then tell me..."

Fu Qiu paused, "How can you be so cheap?"

Su Nan chuckled, and sure enough, is conditional.

Fu Qiu coughed:

"Do you really want to know?"

Su Nan glanced at her: "Your condition is not to let me leave Shang Qian again, right? Are you so obsessed with him?"

Hearing that name, Fu Qiu instantly became angry.

The person she looked up to so much at the beginning was said by Su Nan indifferently and carelessly.

why?

Because she doesn't care if she gets it!

Fu Qiu glared at her fiercely, and then suppressed the anger in his heart, and said coldly:

"Crazy is not worth it, I just don't deserve it for him, how can such a person like you?"

"Anyway, he doesn't I see you."

Su Nan spread out his hands, rather like a rogue.

Can kill popularity.

...

The first thousand two hundred and sixty-five chapters of the road to death

The first thousand two hundred and sixty-five chapters of the road to death

Yu Lou stood in the corner of the door and listened, and he was used to it.

Fu Qiu gritted his teeth:

"I only have one condition. I can tell you where the reporter is, but you have to promise me that this is the end of the matter."

Su Nan raised her eyebrows unexpectedly, looking at her blue face, the corners of her mouth slightly Shen Shen:

"It's not really you who ordered it, right?"

Fu Qiu froze for a moment, and immediately retorted:

"It's not me, I'm not in the mood to do this!"

Su Nan: "But you know who it is, don't you? "

Fu Qiu: "I know who it is, but I won't tell you. You just need to solve the problem in front of you. It's better not to ask more."

Su Nan's eyes flashed coldly.

Seeing her hesitating, Fu Qiu became a little anxious:

"If you delay the construction period, you will lose billions of dollars. No matter how rich your Su Group is, there is no need to lose this money, right?"

Before the quality inspection department settles in, push the reporter Go out to block the gun, the matter is over, even if it is over, why are you hesitating?”

After hearing her words, Su Nan’s expression was extremely cold.

Even if she would rather lose her profits, she would have to find out the people behind her, who would be better off living than dying.

Want to let him go so easily?

Then why does she suffer from this dumb shit?

Su Nan’s eyes paused slightly, then looked up at her:

“Fu Qiu, you’re mistaken, I’m not someone who can turn a blind eye, if anyone rubs sand in my eyes, I will His eyes were gouged out.”

She said the cruelest words with a smile, and the aura at that moment was piercingly cold.

Fu Qiu’s face froze fiercely, she was frightened.

But in a blink of an eye, Su Nan still looked at her with a gentle smile:

“You can say it or not, anyway, I will find the reporter sooner or later.

Since I propose a self-examination, I plan to lose money. , what is this loss worth?”

Fu Qiu finally understood Su Nan’s attitude, and did not eat hard or soft.

At the beginning, when she asked for the door of the Liang family, it was probably just a matter of urgency, not really desperate.

It’s just that after the most urgent time, the help of others is not important.

Why bother?

Fu Qiu was speechless for a while.

“You...you really don’t care about those losses?”

Obviously it could be avoided, but she didn’t.

Su Nan smiled, “It’s a loss, I’ll get it back from the person who started it, so Miss Fu doesn’t have to worry.”

Seeing Fu Qiu immersed in shock and silent, Su Nan reminded her:

“Why don’t you change another one? Conditions?”

Fu Qiu opened his mouth, trembling a little.

She suddenly didn’t know what to say.

Even if Fu Yechuan was replaced, it would be impossible to refuse so simply.

Why doesn’t Su Nan follow the routine?

She pursed her lips and sniffed:

“It’s fine if you don’t appreciate it, change the terms? I’ll let you leave Shang Qian, do you agree?”

Su Nan raised her eyebrows and smiled.

Don’t give up yet.

The people inside couldn’t bear it any longer. Even if he didn’t want to see this crazy woman again, since he was mentioned, he couldn’t pretend to be dead.

“Miss Fu, where did I offend you?”

Shang Qian, who has always been gentle and modest, also has such a cold side, looking at Fu Qiu coldly.

Fu Qiu regretted it as soon as he finished speaking. The door of the rest room was frosted and transparent. A tall man suddenly appeared. The next second, the man opened the door and came out.

Her face changed instantly.

Why is Shang Qian here?

So he heard their conversation just now?

Su Nan smiled and looked inside:

“Have enough rest? Did it bother you?”

When Shang Qian looked at her, his eyes were gentle and soft, like light in it. , “It’s okay.”

He walked over and stood behind Su Nan’s chair, with a long body and a gloomy look at Fu Qiu.

“Miss Fu, you want to destroy the relationship between me and my girlfriend over and over again. Excuse me, do I know you? Do I know you well? Is it

a kind of pride to destroy other people’s feelings?”

he asked, It was like a thorn pierced into Fu Qiu’s heart.

Shame and embarrassment.

She never said she liked him.

Because she had not had time to find the opportunity to approach him, he was already with someone else.

The room was silent.

Fu Qiu’s face turned from red to white.

After a long time, she found a trace of courage to save her face from everyone’s attention.

She clenched her hands into fists, restraining her body from trembling slightly.

She said bluntly:

“Do you think there will be results when you are together?”

Su Nan is with you, just to anger my brother Fu Yechuan. How much did she pay to marry my brother?

But what about you?

After she was with you, what did she give you?”

Her voice was trembling and unwilling.

Shang Qian's face has turned cold.

The atmosphere in the conference room was instantly a bit chilly.

Even Chang Li lost the mood to play games and looked at Fu Qiu coldly.

Just as Su Nan was about to speak, Shang Qian stretched out his hand and pressed against Su Nan's shoulder, with a cold tone:

"Miss Fu, haven't your own feelings been smooth?"

Fu Qiu was stunned.

Shang Qian said unceremoniously:

"So you can't see other people like this?"

Fu Qiu's face instantly became ugly.

Being so humiliated by the person you like is something that a normal person cannot be indifferent to.

Shang Qian didn't give her a chance to refute, his tone was cold:

"The relationship between President Fu and Su Nan has passed, what can you say as an outsider?"

Su Nan and I have a strong relationship, and it is stupid to pay unilaterally. How can it be measured by the price?"

Su Nan raised his eyebrows, originally Fu Qiu, who didn't know what to do, mentioned Fu Yechuan and her previous episode, which was enough to make her disagree.

I didn't expect Shang Qian to take advantage of his strength and refute so happily?

Before Fu Qiu came back to his senses, Shang Qian coldly issued an order to evict guests:

"I hope that Miss Fu will not mention my name again after leaving this door, so as not to make people misunderstand that I and you are the same person."

Not very harmful, but highly insulting.

Su Nan saw that Fu Qiu's face was bloodless, and there was a trace of pity in his heart?

But thinking about her purpose of coming here today to threaten her, this trace of pity soon disappeared.

Shang Qian patted Su Nan on the shoulder, "Since the negotiation has not been reached, there is no need to continue the discussion, shall we see you off?"

Su Nan nodded and glanced at Yu Lou.

Yu Lou immediately understood and stood in front of Fu Qiu:

"Miss Fu, please..."

Fu Qiu was so angry that he didn't achieve his goal, but was humiliated by Shang Qian instead.

She couldn't wait to find a crack to crawl in, she was simply ashamed.

She snorted coldly and glared at Su Nan and Shang Qian:

"If I came here in vain, I won't come if you ask me to come in the future."

Su Nan: How could there be such a day?

The veins on Fu Qiu's hands came out, and he shivered with anger.

Turning around, she ran out...

...

1267 Su Nan glanced at his hands and feet and pulled the corners of his lips upward:

"You talk too hard."

Shang Qian sat aside with an indifferent expression:

"Is there any?"

"Although it is too heavy, I like it very much." Su Nan added.

Shang Qian looked at her and smiled, reached out and rubbed her ears:

"Do you doubt her?"

Fu Qiu's arrival could already tell that she was anxious.

Why the hurry?

Because she knew very well that Su Nan was going to find out!

Su Nan curled the corners of his lips, "Of course."

Soon.

After Fu Qiu went out, he knew that Su Nan would not work here, but the time given by Mr. Liang was running out.

If she didn't settle the matter well on this day, Mr. Liang would definitely suspect her.

Standing on the street, she thought about it and made a phone call.

"Let people use their hands and feet during the quality inspection process to replace those qualified stealers with unqualified ones. In this way, even if Su Nan comes to the scene in person, he can't tell!" The

other party chuckled lightly:

"It's too late. , Su Nan has long ago asked people to seal up the unused building materials, in the hands of those workers, those workers for their own work, the warehouse is so strict that no one can get in."

Fu Qiu was anxious. : "And those that have been completed, won't they buy the owners?"

"Miss Fu, those owners are tied together. It's not that we can't buy them, but that one or two owners are useless at all, and they will show their faults. .

The Su Group's statement clearly stated that if there is a problem, you can check out, but if you check out, they will have to spend more money to buy it back, or even buy it back. Do you know how promising this project is in S City? ? Fu

Qiu didn't have the patience to listen to his useless nonsense:

"This one doesn't work, that one doesn't work, do I just wait for Su Nan to come to you to settle the account?" The

other party was silent for a few seconds.

"We'll see to it." "

After he finished speaking, he hung up the phone.

Fu Qiu was furious.

Dare she was in a hurry?

Forget it, that reporter can't be released easily, just delay it for a few days !

...

Looking down from the conference room, although the weather is still a little cold, the sun is shining and the air is clear and fresh today.

She sits here and feels very happy.

Shang Qian stands in front of the floor-to-ceiling window, and the light stretches his shadow long.

Su Nan couldn't hold back and took out his mobile phone to take a picture.

He stood there like a frozen oil painting. He was so beautiful that he couldn't take his eyes off.

No matter which angle it was taken, it looked so good.

Shang Qian heard the voice, Looking back, his profile was warm and clear, and he raised his eyebrows:

"Take a photo? "

Su Nan smiled, "It's so beautiful, Mr. Shang can be a model!" Shang Qian couldn't help but smile, "

I'll take it as if you're complimenting me." "

"Of course I'm complimenting you.

Shang Qian looked at her meaningfully, "Let me see? " "

Su Nan generously handed over the phone, not at all worried that his privacy would be spied on.

Shang Qian took it, zoomed in, and narrowed his eyes.

It seems that you don't see where you have the potential to be a model?

It's just a normal back.

"Does it look good?"

Su Nan asked in anticipation.

How stylish is your aesthetic!

Shang Qian paused slightly, frowned, "Well, it looks good."

Su Nan's smile froze slightly and looked at him suspiciously:

"Do you think it looks bad?"

She was keenly aware of Shang Qian's emotional changes.

That's not an attitude of appreciation at all!

Shang Qian raised his eyebrows, "It's good-looking, it's very good-looking, your photos are fine, it's because I don't look up to the mark."

two of them looked at each other for a long while.

Su Nan choked: "..."

Why is Shang Qian so demanding of himself?

He is 1.92 meters tall, has a slightly thin body, looks warm and handsome, and is first-class in all aspects.

If he was in the entertainment industry, what would happen to those first-line male artists?

Su Nan pursed his lips and looked at him euphemistically:

"Mr. Shang, you are quite demanding on your appearance, I think it's already very good..."

Shang Qian raised his eyebrows, his eyes She blinked slightly:

“Really?”

Su Nan nodded earnestly and counted with his fingers:

“Of course, you see that you are in good shape, you are neither fat nor thin, you exercise regularly, you are tall, and you are quite tall. It’s good-looking, and you’re rich, so why don’t you meet the standard?”

How high are your standards for yourself?”

Shang Qian’s mouth gradually rose, looking at her with an undisguised smile:

“So, Are you still very satisfied with me?”

Su Nan was stunned and nodded:

“Of course, you are completely based on my aesthetics!”

Shang Qian’s mood was obviously happy, and he didn’t think that he could lead to Su Nan’s. Praise, this trip really didn’t come in vain.

He blushed slightly and glanced at her, “That’s good.”

Su Nan glanced at him, thinking how could this man have such concerns?

Image burden?

She breathed a sigh of relief, and just as she was about to change the subject, Shang Qian suddenly said,

“Let’s take a photo together?”

Su Nan looked up in surprise, “A group photo?”

Thinking about it, they have been together for so long, it seems that they haven’t had a group photo yet.

Su Nan is not someone who likes to take pictures. Before, Qin Yu and Cheng Yi liked to leave photos and videos to watch frequently.

With Shang Qian’s suggestion, Su Nan was really stunned for a moment.

Looking at her sluggish appearance, Shang Qian’s brows and eyes were lost:

“Can’t you?”

Su Nan quickly shook his head:

“Of course not, yes, isn’t it just a group photo?”

Shang Qian smiled, with a warm smile between his eyebrows, look Chang Li and Yu Lou on the side:

“Let them take pictures for us. Don’t you like this back view? Let’s take the back view and the side view.

“

Su Nan nodded and handed the phone to Chang Li, who was closest to her.

Chang Li paused and walked over to face the scalp.

Su Nan stood up and stood with Shang Qian, the two were facing each other, leaving only one-third of the profile.

Shang Qian looked down at her with affection, and Su Nan felt that his eyes were so hot that he could roast her.

In just an instant, Chang Li said, “Okay.”

Su Nan: “Okay?”

She wasn’t ready yet.

Chang Li nodded firmly.

Su Nan took a look and almost fainted.

The exposure of the whole photo is obvious, and it is impossible to see the appearance of the two people at all. The light outside is strong, and one black and one white is a strong contrast.

Su Nan looked at Chang Li with indescribable words.

Even the most ordinary person wouldn’t take pictures like this?

Chang Li didn’t think there was anything wrong with what he shot.

He sat back down again and resumed playing the game.

Shang Qian also hesitated with complicated eyes, seeing Yu Lou like a savior:

“Assistant Yu, take a picture, and take another picture for us.”

Su Nan nodded immediately, and quickly deleted the photo.

Simply bad!

Yu Lou seemed to have expected the result long ago, so he didn't rush out at all.

He took the phone very familiarly, adjusted the mode and structure, immediately found the angle that he liked, and then shot.

In less than three seconds, Su Nan was still thinking about his movements and posture, and Yu Lou took the picture.

Su Nan took it over with distrust.

Suddenly stunned.

...

The first thousand two hundred and sixty-nine chapters put the pigeons

!

After Su Nan was shocked, she admired the beautiful picture with a smile!

A total of three or four pictures were randomly arranged, and the angles of each one were different, as if they were randomly and naturally frozen, not deliberately at all.

One is to completely cover up Su Nan's profile, and he can only look at Shang Qian's profile and his eyebrows when he bows his head.

Simply astonishing.

Filters and angles simply don't match up any more!

The other is Shang Qian's slender back, and Su Nan tilted his head and looked at him smiling at the moment, the light captured just brushed her eyes, and the light at that moment seemed to come from her body, which was beyond amazing. .

The other two are also quite beautiful, even better than the professional ones.

Shang Qian was also very satisfied.

Looking at Yu Lou:

“Assistant Yu is very talented in taking pictures!”

Yu Lou smiled and humbly bent the corners of his mouth:

“It’s okay, it’s just normal, our family has a photography studio.”

Su Nan: ” ...”

What a Versailles!

Shang Qian: “Send me these photos, and I’ll keep them as well.”

Su Nan nodded and looked at Yu Lou:

“Assistant Yu, thank you!”

Yu Lou smiled, “Then I’ll go out first. , find me again if you have anything to do.”

Su Nan replied, just admiring the beautiful pictures on the phone, immersed in it.

Shang Qian smiled, received the photo sent by Su Nan, and set it as his own screen photo without saying a word.

As soon as the last statement was released, and the trend of public opinion could be controlled in the later period, people on the Internet are not so excited about this matter now.

It’s more of a rational view.

Everyone is waiting for the result.

Now that he has come this far, Su Nan has no intention of using a reporter to block the gun.

Whether or not the reporter can be found, the quality inspection must be carried out.

And it is closed, and no one can be given the opportunity to do something.

At night.

The news on the Internet is still calm.

Mr. Liang was waiting at home for the thank you call from Su Nan.

But it didn't.

Not a single phone call.

He even wondered if the phone was anything but the problem?

It was almost nine o'clock in the evening.

The old man Liang couldn't bear it any longer, and his tone was very aggressive: “

Call Qiu'er to come over ! ” Immediately dialed Fu Qiu's number. But no one picked up at all. Mr. Liang's brows jumped. Tomorrow will be the day when the inspection team will be stationed in the project team. Once it is stationed, it is impossible to withdraw halfway, and there will be a result. If there is really a problem, it's okay, if there is no problem, then this farce is deliberate. With Su Yifeng's character, he wouldn't just helplessly suffer from this dumbass! Mr. Liang hesitated for a while, then gritted his teeth:

“Call the above, don't start the quality inspection so soon.” The

housekeeper was very embarrassed:

“I'm afraid it's too late, the project team of the Su Group has made sufficient preparations, and has also invited many industry supervision agencies. They are all companies with strong credibility.”

It seems that Su Nan is planning to sink the boat!

Mr. Liang's eyebrows trembled, and he finally couldn't help it. He became anxious:

“Do you know where they hid that reporter?” The

housekeeper shook his head:

“I don't know, Miss Fu didn't tell anyone.”

Mr. Liang was angry. gritted his teeth.

This Fu Qiu actually ruined his affairs at a critical time!

“Call Su Nan.”

...

Chapter 1270: Good big niece

Chapter 1270 The great niece, Mr.

Liang, became anxious.

He had to appease Su Nan before Su Yifeng came to trouble him.

The butler nodded.

He found Yu Lou's phone number and called.

Yu Lou replied: "Sorry, Miss Su is preparing for tomorrow's quality inspection. She doesn't even have time to eat. When she is free, she will have tea with Mr. Liang!" Mr.

Liang naturally heard it clearly.

His face changed.

Su Nan probably remembered the embarrassing thing to her at the banquet last time.

So she didn't even come to the door for the second time.

Not to mention scrutinizing the thatched cottage.

He really has a bad temper with Su Yifeng!

After calling again, Yu Lou did not answer the phone.

Su Nan was not very busy either, and Yu Lou arranged everything properly.

So, Su Nan went out to eat with Shang Qian and went back to the hotel.

Mr. Liang was in a hurry, and suddenly remembered that Lu Qi and Su Nan walked closer that night.

They should have a good relationship.

"Call Lu Qi!" The

housekeeper called Lu Qi.

Lu Qi: "What's the matter with my cousin?"

"Are you still in City S?"

"I've already returned to City A."

Mr. Liang said with a calm face, "You have a good relationship with Su Nan, right?"

Lu Qi He smiled, "That's the scoring situation."

For example, he thought it was good unilaterally, but Su Nan didn't think so.

"I can help her cancel the quality inspection. You tell her to leave her busy, and I will say hello to the department above."

Lu Qi paused, then suddenly smiled.

"Grandpa, what have you been doing? When people begged you for help, you were bigger than anyone else. How can you think about it now?"

Mr. Liang was very angry at this.

How dare this stinky boy mock him?

"Can you say it?"

"Why don't you say it yourself?" Lu Qi asked.

Mr. Liang: "She doesn't have time to answer the phone."

Lu Qi smiled.

Finally realized that the counterattack from Su Nan was really ruthless.

It turned out that she did this not only to herself, but to everyone!

"Grandpa, I don't guarantee that she will answer my call, but I can try." After all,

it was grandpa, but he rarely bowed his head, can you save face?

Mr. Liang's face became better, and he hung up after answering.

Lu Qi chuckled, the era has changed, and it is impossible for Mr. Liang's toughness to force people to death.

None of those who begged grandpa to tell grandma to come for the second or third time if they couldn't come to the door once was the same as Su Nan.

Lu Qi thought about it, and then called Su Nan.

Su Nan was extremely impatient.

“Say...”

Lu Qi smiled, Su Nan still gave him face!

“Miss Su, for the sake of us being friends...”

“Stop, when did we become friends?”

Su Nan asked hilariously.

She stood in front of the counter and watched Shang Qian washing vegetables. She wanted to come over to help, but she answered the phone before she could do it.

Shang Qian raised his eyebrows, picked a virgin fruit from the freshly washed fruit and stuffed it into Su Nan’s mouth.

Su Nan grumbled, glanced at Shang Qian, and chewed it blankly.

Lu Qi noticed something, “There are people around you?”

Su Nan: “What are you going to say, there can’t be people around me anymore?”

Lu Qi choked.

He didn’t dare to mean that!

“Well, Mr. Liang just called me and asked me to tell you. He will say hello to the top and cancel the quality inspection. You just need to prepare for the public announcement.”

Su Nan suddenly laughed. cool and thin.

Lu Qi felt that Mr. Liang was too unreliable.
