doors Su Nan: "It's only been a few days since Mr. Liang's teaching, I haven't forgotten what he said, why should I trouble him?"

"Su Nan, let's be honest. , I don't know why, but I can feel that he regrets it, and he is in a hurry to help you solve this matter. Why don't

you give a step, everyone will be better off?"

Su Nan smiled, with a smile in it. With cold intentions.

"Lu Qi, tell Mr. Liang, I don't want to give this step to him, but because I'm afraid he will jump off and break his leg!" Lu Qi was stunned

for a moment: "What do you mean?" Su Nan is not such a person. Su Nan's tone was slightly cold: "Today, during the day, Mrs. Liang's granddaughter, Miss Fu Qiu, has already come to my place, and she wanted to hand over the reporter to me. The conditions I told me disappeared without negotiating. I suspect now, yes The reporter that Miss Fu Qiu looked for may have involved Mr. Liang in the planning of the whole thing. Lu Qi, tell Mr. Liang that I understand his kindness, but if I want to pretend that nothing happened, it's a bit of a dream!" said After that, Su Nan decisively hung up the phone. Shang Qian on the side handed the washed strawberries to her mouth again. Su Nan opened her mouth subconsciously, unaware that she had been being fed all the time. It's just that Shang Qian didn't have time to shrink back, and Su Nan took a bite. Shang Qian snorted, and Su Nan reacted and opened his mouth immediately. She looked at Shang Qian with a pale face and held his hand: "How, how did I bite you? Does it hurt?"

Shang Qian held his fingers in pain, as if they were about to break.

But Su Nan didn't find any bloodstains, it may be internal injury.

I can't be anxious, the internal injury is even more serious!

Su Nan picked up the phone, "I'll call an ambulance, and I'll take you to the hospital right away!"

Shang Qian looked at her and suddenly smiled.

How easy to be fooled, what a lovely girl!

Seeing that Shang Qian's hands were no longer shaking, she raised her head in surprise.

Shang Qian's smiling eyes, with a playful look, did she realize that she had been deceived.

She breathed a sigh of relief and immediately dropped his hand.

Later, I felt that he was too much, and dared to watch her good show?

Really angry, she took his hand and took a bite.

Shang Qian didn't struggle and looked at her with a smile, as if he didn't feel any pain at all.

Su Nan let out a sigh of relief.

He left her tiny teeth marks on his hands.

Shang Qian reached out and rubbed her hair, "Miss Su is so deceitful, you should pay attention in the future..." After

saying that, he walked around with the fruit.

Su Nan: "..."

.....

Lu Qi relayed Su Nan's original words to Mr. Liang.

Mr. Liang hung up the phone and was silent for a while.

It was only when he realized that Su Nan was different from this new generation of ignorant and incompetent rich second-generation, and he was also different from the ditching shopkeeper who came back to inherit the family business.

This girl is very good at using all the resources around her.

Most importantly, she is smart.

Fu Qiu and her are not in the same rank at all.

So even a little clue can be held by her, how could Su Nan agree to her conditions?

Within three days, the reporter will definitely be found by her.

He missed the best opportunity, and even if he sends the reporter to her now, she will not appreciate it.

Lu Qi said, who is not good to offend Su Nan?

His handle is still in her hand!

Mr. Liang looked at the phone and closed his eyes.

I really don't know why I bet on my prestige for the rest of my life to help Fu Qiu fight?

...

next day.

The quality inspection department officially settled in the project team.

Therefore, the building materials are all sealed and can only be moved by internal personnel. At the same time, a few randomly selected owners are also testing their building materials.

The supervisory team of the third institution will supervise in different fields, and there will be no cheating.

They can upload quality inspection progress and videos at any time to let everyone know.

Netizens praised the decision of the Su Group.

It is simply supervision under the sun.

As a result, everyone's doubts about this time are even greater.

After all, all the reactions of the Su Group were beyond imagination.

Su Nan and Shang Qian also put on simple casual clothes and safety helmets and went to the warehouse on the construction site.

Although the time is tight, there are a lot of media invited, and this test is basically completely transparent and open, so people are not afraid of knowing, but they are afraid of not knowing.

However, Su Nan said hello, and the protagonist of this shooting is still Chen Jian.

After all, he is the one who is in charge of this place. He has a better understanding of the situation here, and it is more convenient to adapt to changes.

The worker who said the wrong thing was always on the sidelines, ready to explain what he said when he drank too much.

Everything is in order.

Su Nan and Shang Qian were among the engineering staff, listening to introductions and inquiries.

In fact, for Su Nan, this quality inspection will not only not lose money, but will also use the advertising effect to firmly stick the label of quality in the name of the Su Group.

Who doesn't care about quality these days?

It's just that the host's camera turned and accidentally caught Su Nan's familiar profile.

Bright, beautiful, and unforgettable at a glance.

The live footage was instantly swiped.

"I'm going, it really is my Goddess Su, and Goddess Su actually went to the scene in person?"

"Wherever there is difficulty, there is a goddess!"

"Now I fully believe that the Su Group has been wronged, based on President Su's beauty and She has a lot of money, so she probably doesn't want to use fake ones."

"The man next to the goddess is so handsome, but there is only a back figure, who is it, this figure is absolutely incredible!"

"Lick the screen 10,000 times!"

"You can always believe it . President Su, after all, she is a domineering president who aspires to be the richest man!"

...

Su Nan had no idea what was going on.

Although she didn't wear high heels, the pair of sneakers she was wearing were a bit abrasive, and it might be the first time she didn't get used to it.

After walking two steps, I felt a little pain.

Shang Qian discovered this on the side and asked her to walk with his arm. In fact, the whole person was almost hanging on his arm.

Therefore, in the eyes of others, this scene will be extraordinarily intimate.

When most of the people were walking in front, Su Nan couldn't bear it any longer. Looking around, Yu Lou didn't know where he went?

Shang Qian looked at her, "Does it hurt?"

Su Nan nodded solemnly.

Shang Qian bent his knees without hesitation, squatted down, and gently untied Su Nan's shoelaces.

Look back.

Shang Qian's face sank.

The skin has been frayed on the back, and it is shocking, how could she endure it until now?

Su Nan watched him motionless and pushed his shoulder. There were so many people around. If anyone noticed this scene, it would be entertainment news!

"Get up quickly, I can hold on for a while, it's just like coming upstairs."

Shang Qian looked up at her with dark eyes.

"What's the use of Assistant Yu?"

Su Nan: "..."

...

that Su Nan doesn't understand Shang Qian's question, what's the point?

"Of course it's useful, Yu Lou will find a way." Of course

at home, if you go out, it's better to take Yu Lou with you.

After all, Yu Lou is a careful, conscientious and excellent assistant!

It's really not too much to give him any bonus!

Shang Qian lowered his head silently, and his mood dropped instantly.

The next second, he took out the blue-gray handkerchief in his pocket. It had a very high-quality texture. He tore it into two triangles from the middle with great force.

Then he gently held Su Nan's ankle, Su Nan trembled slightly, wanted to say something, but held back.

He wrapped the handkerchief around her ankle, wrapping it around the wound.

Afterwards, he tied a knot and stuffed it into the shoe, and the remaining triangular part at the back covered the part of Su Nan's frayed skin, which looked more like a decoration.

But completely cut off her delicate skin and the back of the shoe contact.

The same is true for the other one.

It's not abrupt at all, but feels a little fashionable.

Su Nan smiled, very satisfied, and planned to try to take two steps.

Just taking a step back, he clicked his tongue, and the frayed skin hurt terribly.

Shang Qian couldn't help but chuckle.

"It can only make you less serious, and it's not a panacea."

Su Nan sternly said, "Oh, it's pretty?"

Shang Qian stood up and stretched out an arm.

"Let me walk around and have a look."

Su Nan still put all his strength on his arm, not to mention she was over 90 pounds.

But Shang Qian's arm didn't move at all, and he didn't feel tired or sour at all.

After taking two steps, I felt a lot better than the tingling I had just now. The texture of the handkerchief was quite good, and the ice-cold feeling was very comfortable.

Su Nan smiled, "Let's keep going, shall we?"

She was just about to catch up with the army.

Shang Qian took her arm and looked at her with a frown:

“Are you still going to follow?”

Su Nan: “Of course!”

“You don’t want your feet anymore?”

Su Nan looked down, she felt that she could insist.

But I have to say, it really hurts.

This brand of sneakers will officially enter her blacklist in the future!

While hesitating, Shang Qian sighed, bent down and hugged her.

Su Nan let out a low voice in surprise, a little anxious:

“There are reporters around...”

Shang Qian froze slightly and wanted to say something, but he didn’t say it.

He turned away.

Su Nan thought he would directly carry her back to the car.

But no, he just took a few steps back and went to the shady place on the other side, with his back against the warehouse he had just visited

. There are buildings blocking it. If people didn’t come to see it, no one would notice this corner. .

He bent over and put her on the chair beside him.

Squat aside.

Su Nan looked around and breathed a sigh of relief.

Fortunately, no one is paying attention here.

Shang Qian looked at her small movements with dark eyes, and his tone was a little obscure:

“So afraid that others will see us together?”

Su Nan paused and suddenly felt sour in his heart, and immediately understood why Shang Qian said that.

She pursed her lips and explained softly:

“You also know that I am about to catch up with the exposure rate of actors now. Today is a big day to turn defeat into victory. I don’t want to turn today into entertainment news.” I

thought this explanation was quite cold, but Shang Qian’s face improved a lot.

He raised his head and looked at her gently, his eyes as deep as a pool:

“You are right.”

“Then will you be disappointed?” Su Nan asked.

Shang Qian hesitated and paused for a while:

“There will be a little loss, but I will control my emotions.”

...

The first thousand two hundred and seventy-four chapters surfaced

The first thousand two hundred and seventy-four chapters surfaced to hear the words.

Su Nan nodded and smiled, “That’s good.”

Shang Qian said that if he could control his emotions, he would definitely be able to control them.

It wasn’t a big deal, and there was no need to make one party feel uncomfortable.

It’s just that their current relationship, Su Nan doesn’t mind others knowing, but it’s not to the point where the whole world announces it.

The two looked at each other and smiled, and it was over.

The next second, Su Nan’s phone rang.

It is Yulou.

She picked it up immediately:

“Assistant Yu?”

Yu Lou asked anxiously,

“Mr. Su, where have you been? Why can't I see you in a blink of an eye?”

Su Nan pursed her lips, presumably because there were too many people just now. They washed away.

“I'm here in the warehouse I passed by just now...” After

hanging up the phone, Su Nan looked up and saw Shang Qian was looking at her seriously:

“Assistant Yu is not only responsible for your daily work, right?”

Seeing his serious look of asking for advice, Su Nan smiled:

“Of course, he takes the salary and bonus of three people by himself, and he was hired by my elder brother from Stanford.”

Shang Qian smiled and stroked his hand. Touching her eyebrows, it's no wonder that Yu Lou is so meticulous, from work to life, not like a colleague, but rather like her housekeeper.

Su Nan's eyes narrowed, and suddenly he saw a figure not far away.

He was sneaking around looking at something...

Su Nan's nerves subconsciously became tense, intuition that this person did not look like the media reporter who was invited over today.

Shang Qian also noticed that something was wrong with that person.

He paused and patted her arm:

“Don't worry, I'll go take a look.”

Su Nan nodded.

Yu Lou will come down soon, so Shang Qian is not worried about leaving her here alone.

Shang Qian stood up, his warm facial features were somewhat soft and handsome, and he quickly left here with a tall and straight back.

Su Nan couldn't see anyone after he went down the steps.

After thinking about it, my heart beat drums.

She couldn't sit still.

Simply, stand up.

The heel was uncomfortable, so she simply took it off, stepped on the heel and took two steps, looking forward.

Not a single figure.

Su Nan's expression changed slightly.

No, Shang Qian clearly passed by just now, and it is impossible to leave so quickly.

She had just walked a few steps, when suddenly her back felt cold, she turned around subconsciously, and saw the sneaky person standing behind her looking at her just now.

His eyes were as dark as ghosts.

His face was pale and fat.

Su Nan paused and stared at him: "Are you the reporter who spread rumors?" The other party smiled, and the corner of his mouth twitched.

"Yes, Miss Su."

His voice was rough, but the next second, he raised the dagger in his hand that reflected light.

Su Nan's brows sank, and just as he was about to react, he suddenly heard Yu Lou shout:

"Mr. Su be careful—"

He ran over from a distance of ten meters, and it took less than ten seconds.

But in just ten seconds, the reporter's dagger suddenly turned around, and the huge body of the whole person instantly appeared in front of Su Nan's eyes.

Immediately afterwards, his arm restrained Su Nan's neck, and the dagger was placed on her slender and delicate neck.

Yu Lou's face instantly turned pale with fright.

"Let go of her—" the

reporter smiled, "I heard that you have been looking for me all this time, so I am here. Do you know how I spent this time?" The

reporter's expression was a little distorted, even hysteria.

Su Nan was out of breath for a while, but he quickly got used to it.

She estimated that the chance of her escaping was 60 to 70 percent when her arm slammed back into his internal organs.

But the dagger in his hand will get out of control, and the chance of her being injured is also 60-70%.

...

The first thousand two hundred and seventy-five chapters are injured

Chapter 1275 Injured

Yu Lou's shouting attracted many people.

Some security guards and reporters have crowded here one after another.

This is a live broadcast...

Everyone was shocked by this scene.

How dare that reporter do such a thing?

"Isn't that person a reporter?"

"What is he doing? He's going to kill? That person is Su Nan!"

"Put down the knife and have something to say!"

"God, it's terrible, that reporter has nowhere to go. Right?"

...

Yu Lou stood at the front and calmed down after being flustered.

He stared closely at the person behind Su Nan.

“Don’t do it, what do you want, we can talk, you should know who is in your hand?”

The man chuckled, the blade tightened tightly against Su Nan’s skin.

Su Nan raised his head subconsciously and leaned back.

She looked at Yu Lou and gave him a wink.

Yu Lou looked at him calmly:

“In this matter, you are also instructed by others, and the person we are looking for in the end is not you.” The

reporter finally couldn’t help but said:

“But they still plan to push me out, I know that your Su Group has lost hundreds of millions, and it’s all on my head, and you want to send me to jail?”

He couldn’t help roaring loudly.

Su Nan paused, and said in a calm voice:

“If you’re willing to cooperate with us, I can let you go and not hold you accountable.” The

reporter paused for a while, then got even more angry:

“Fuck, fooling the ghost?”

He didn’t believe at all that the Su Group and this woman would just let him go!

Su Nan gritted his teeth, looked at the countless cameras in front of him, and his voice was cold:

“That is to say, you admit that someone behind you instructed you to frame the Su Group’s project in S City?” The

reporter froze for a moment, and suddenly realized that this woman caught the loophole he just had.

Missed out.

The reporter opened his mouth: “No, I didn’t...”

“Who instructed you? If you say it, in front of so many people, I can guarantee that I will not hold you accountable!”

Su Nan's tone was clear and he spoke word by word.

The reporter's face changed a few times, watching countless people staring at him, and countless cameras focusing on him.

He seemed a little scared.

The reporter's hand holding the dagger trembled slightly, and seemed to be starting to tremble.

Being so close, Su Nan could feel the man's nervousness.

He's not as ruthless as he seems.

He will also be afraid.

The next second, Su Nan's back elbow suddenly hit back heavily, pushing it against his abdomen.

She shouted: "Chang Li—" Chang Li,

who had been hiding in the corner, dashed over, grabbed her arm, and kicked the reporter behind her to the ground with one foot, moving quickly and fluently, without any hesitation.

The reporter moved and remembered, but didn't.

Ribs are broken.

Everyone looked at this scene in shock.

I was really dumbfounded by the sudden appearance of Chang Li!

Su Nan just stood up and felt a little cold on his wrist. Looking down, there was blood.

And the reporter who was kicked on the ground also had blood on the dagger in his hand.

It should be that she was too anxious just now, and the reporter subconsciously scratched her in anger, and the wound was on her wrist.

Su Nan's face turned pale and covered his wrist.

The security guards immediately surrounded her.

The reporter's camera immediately aimed at Su Nan.

Su Nan turned her face away, not wanting to appear in the camera.

The security guard took her seriously, and Yu Lou also went over to cover her face with clothes.

“Go to the hospital.”

Chapter 1276 People are gone . Su Nan was

about to say something when Yu Lou had already surrounded her and walked out.

If you don't go, you can't, or more people will gather.

Chang Li had already picked up the reporter like a chick, but he beat him to death, and he could kill him with a single fist.

When they got to the car, Yu Lou took the disinfection tool to disinfect her:

“Mr. Su, it will be fine right away.”

Su Nan frowned, “That person, you must watch carefully, don't run away.”

Yu Lou nodded, “Don't worry, ask I will let him go to the police station only if I get something, otherwise it will be cheap for him.”

Su Nan nodded, she thought so too.

After all, this is S City, and there are many places she can't touch.

The most important thing is to take the opportunity to ask clearly.

The bleeding from the wound has stopped.

The wound isn't deep, but it hurts a bit.

Su Nan breathed a sigh of relief.

It was a surprise today.

Suddenly, she seemed to feel that something was missing.

“Where's Shang Qian?”

Yu Lou paused, "Isn't Mr. Shang always with you?"

"Yeah, but..."

Su Nan blinked blankly, remembering that she felt something was wrong. Qian went to check the situation.

But in the blink of an eye, the person was gone.

The reporter appeared behind her.

If Shang Qian hadn't been by her side all the time, Chang Li wouldn't have been so careless that someone approached Su Nan before he reacted.

Just a second later, Su Nan fell into the hands of others.

So, what about Shang Qian?

Su Nan's expression changed slightly:

"Let someone go and look around immediately, Shang Qian must be nearby."

Yu Lou also followed, and immediately understood.

"Mr. Su was in danger just now. If Mr. Shang was there, he shouldn't have appeared. He is probably in danger..."

Perhaps, something more dangerous.

Su Nan was upset and even more impatient.

She didn't go to the hospital, so she asked the doctor to simply re-bandage in the hotel.

Su Nan called Shang Qian, but no one answered.

He never refused to answer her calls.

A bad intuition came to mind.

Su Nan was in a hurry, and Yu Lou made numerous calls to ask about the situation near the warehouse.

"Mr. Su, I have sent people to check back and forth more than a dozen times, but I haven't found any sign of President Shang."

Su Nan's heart sank slightly.

“Chang Li is still there?”

“Chang Li has come back. He brought the reporter back with him. That reporter... ahem, the doctor simply bandaged him just now and saved his life.”

“He What did you say?” Su Nan asked.

“It’s just that someone instructed him, but he didn’t see who it was. The other party contacted him by phone. Every time the number was different, it was an empty number.”

Yu Lou explained in a deep voice, “The other party is very careful, but according to him Confess that he has been hiding in a warehouse these days. It is a small warehouse rented out by Miss Fu Qiu’s internship company.

Under the name of her department director, maybe there is some connection between this.”

Su Nan chuckled . With a sound, his eyes turned cold.

“There’s no need for this, there must be a connection.”

Yu Lou wanted to say something, his cell phone rang, he clicked the cell phone at Su Nan, and went to the side to answer the call.

Su Nan paused and watched as the phone on the table suddenly lit up.

She picked it up and the phone rang.

Unfamiliar number.

“Which one?”

“Can’t you hear my voice? Miss Su?”

It was Fu Qiu.

Su Nan’s expression darkened.

“Is something wrong?”

“Of course, want to find Shang Qian? He is where he disappeared. You can find it by looking for it yourself...”

...

Chapter 1277 Arson

Chapter 1277 Arson

Fu Qiu's voice was a little weird.

Su Nan's face was ugly, "What did you do?"

"I don't have such great ability, I'm just a good show watcher, I just wanted to wake you up."

After speaking, Fu Qiu hung up the phone.

Su Nan looked at the phone and was stunned for a few seconds.

Yu Lou has already walked over:

"President Su, that reporter is willing to clarify his rumors."

Su Nan glanced at him:

"Don't give him a chance to be on camera, hand over the of his confession to the police, and then post it online together. Let

the police clarify the whole thing in their name.

Also, I will pursue the matter that I was coerced to the end."

Her tone was extremely cold.

Yu Lou nodded.

Of course, in the identity of Su Nan, it is impossible to just forget about it.

Yu Lou was not at ease with Chang Li negotiating with the police, he had to go there in person.

Su Nan didn't stop her, "Go, let Chang Li go with him. With him around, that reporter wouldn't dare to lie."

Yu Lou nodded.

"You rest early. If there is any news from President Shang, I will notify you as soon as possible."

Su Nan nodded and immediately returned to his bedroom.

Yu Lou always felt that something was wrong, but when he saw Su Nan went into the bedroom to rest, he felt relieved.

Around the hotel, there are already his people.

Not a fly can get in.

Go upstairs.

Su Nan changed clothes and went out with his mobile phone and car keys.

Her ability to escape the tracking of her own people is too simple.

The car drove into the site.

Only the dim light of the warehouse door flickered.

Su Nan picked up a stick and walked to the warehouse where he stayed during the day.

There are also many building materials stored in the warehouse, and it is quiet without a trace of sound.

“Shang Qian?”

Su Nan shouted, she paused, took out her mobile phone, and called Shang Qian.

However, there was only one sound, and a bell rang from the warehouse.

Su Nan was stunned, and quickly walked in.

When she picked up the phone in a corner on the ground, the door of the warehouse suddenly fell.

Su Nan's face sank, and he ran over suddenly, but the people outside were already locked.

She slapped: “Who is it? Fu Qiu?” The

other party didn't say anything and left silently.

Until there was no sound outside, Su Nan gritted his teeth. Fortunately, there was a dim yellow incandescent lamp in the warehouse, staggeringly shining brightly.

She was about to call Yu Lou, but the mobile phone showed that there was no signal.

Can someone block here.

Su Nan's heart sank slightly, it seemed that the other party was coming for her.

Suddenly a picture flashed in my mind.

During the day, when the reporter appeared at first glance, maybe he didn't want to threaten her, but wanted to kill her?

I just didn't expect that Yu Lou came so fast, when he shouted, that person was scared!

Su Nan gritted her teeth angrily, this damn Fu Qiu, she will never let that neurotic perverted girl go!

Just as he was about to jump out of the window, before he could get there, he suddenly saw a flash of fire, and there was a fire?

Su Nan's face changed drastically, and he ran over immediately, the fire was already lit outside.

Someone is setting fire!

There was a smell of gasoline under the windows.

The flames spread suddenly.

Su Nan subconsciously took two steps back and suddenly panicked.

Shang Qian couldn't find it, so he had to get himself on board?

But the smoke had already entered the warehouse through the gap in the window.

Su Nan coughed, but the phone still had no signal and couldn't get out.

She tried her best to lift the warehouse door, but to no avail.

It's so frustrating...

...

Chapter 1278 is it cooked?

Chapter 1278 Is it cooked?

Su Nan couldn't help coughing. The warehouse is full of flammable building materials. Once the window is opened, the fire spreads rapidly, and she will be cooked soon.

She leaned against the other wall to breathe, keeping herself away from the scalding heat.

It's just that no matter how hard you insist, it's still getting hotter and hotter... It

seems that the whole head is starting to feel groggy, and the surrounding temperature is getting higher and higher, like a steamer.

...

Shang Qian woke up and rubbed his aching head, only to find himself lying in an unfamiliar place.

There seems to be a hotel around, not far from the hotel where he and Su Nan lived.

Why is he here?

As soon as he turned his head, he suddenly thought of him going to look at the sneaky person, but as soon as he saw the person, another person rushed out and attacked him suddenly.

It is extremely fast, and it is professionally trained at a glance.

Shang Qian didn't even have a chance to react.

Then lost consciousness.

He woke up, got out of bed suddenly, went out, and saw an unexpected person.

Fu Qiu got up from his seat and walked over with joy, his eyes unconcealed with concern:

"Mr. Shang, are you awake? Are you hungry? I asked them to prepare something. Would you like to pad your stomach first?"

Shang Qian looked Sitting there, a majestic and vicissitudes man, Shang Qun.

How could the business group that was supposed to be in country M come here?

And he didn't get any wind at all?

In his heart, he suddenly had a bad premonition!

He pushed Fu Qiu away, who came up to him, and said in a stern tone,

"You did it?"

Look at Fu Qiu, look at the business group, think of this project in S City, it is not difficult to imagine who is behind it?

He was so careless.

Even the most dangerous person was forgotten.

Su Nan was still in danger, and she was kept in the dark.

The majesty between Shang Qun's brows was deep, and his gloomy face was undisguised.

He sat there and looked up at him:

"Who are you talking to? You can live now, you should be grateful that you are my son, otherwise..."

He didn't say anything.

Otherwise, I would have been burned to death in the fire with that woman!

Shang Qian's eyes stared dangerously and sharply at the indifferent old man in front of him.

"Grateful? I have doubted many times since I was a child what I did in my last life to be reincarnated as your son."

He sneered at the corner of his mouth, completely different from the gentleness and humility he had when facing Su Nan.

Shang Qun's face was dark and indifferent, and he squinted, "Anyway, you have to learn to accept your fate, right?"

Shang Qun didn't speak.

Fu Qiu, who was behind, hurried over and said in a gentle voice,

"Don't quarrel with your father and son. President Shang and Mayor Shang came to take you back to Country M on purpose."

Shang Qian raised his eyebrows:

"Go back. Country M?"

Fu Qiu smiled, the excitement in his voice could not be restrained:

“Yeah, Mayor Shang said that you have been practicing outside for a long time, and you can go home and take over the business of Shang’s Company. It’s over, President Shang, congratulations to you...”

Shang Qian’s eyes dimmed, and he raised his head to look at Shang Qun:

“Really?”

Shang Qun snorted coldly, “It’s almost there, do you really plan to stay here for the rest of your life? You don’t want everything you worked so hard to do in country M?”

Even if he can move his business here, he still lives in country M. People and resources will gradually dissipate over time.

Not worth the loss!

He didn’t believe that Shang Qian, such an exquisite egoist, would do this for a woman?

After so many years, I have really wronged him. If he wants a step, then give him a step.

...

Chapter 1279 What are your benefits

Chapter 1279 What are your benefits?

Shang Qian squinted at him and didn’t answer immediately.

He was suspicious and always felt that something was wrong.

There is a bad feeling that spreads in the bottom of my heart.

“It’s up to you or not, it has nothing to do with you. I hope you don’t worry about me.”

After Shang Qian finished speaking, he turned around and was about to leave. He wanted to see Su Nan.

I don’t know if he is gone, is she worried?

But just two steps away, Fu Qiu stopped him anxiously:

“Mr. Shang, your health is not yet well, why don’t you eat something first?”

Shang Qian paused and looked back at her.

Eyes are full of indifference.

“What benefit did Shang Qun give you, and you are courteous here?”

Fu Qiu was stunned, and stood there with an ugly face.

She looked at Shang Qun with a guilty conscience, hoping that he could say two good things.

Shang Qun also said at the right time:

“Shang Qian, Miss Fu is Shang Yi’s schoolgirl, and she is also a friend of our family. I invite her to join the Shang Group as a department manager. When you go back, the two of you will come together. Come on!”

Fu Qiu’s eyes lit up, and he looked at Shang Qian excitedly.

Shang Qian really sneered unexpectedly.

“Department manager? It seems to be a shady deal, right?”

This sentence undoubtedly pierced the window paper they wanted to hide.

So direct!

Fu Qiu’s expression changed:

“President Shang, how can you say that? Even if I had an unpleasant quarrel with Miss Su before, but I didn’t offend you, why are you targeting me everywhere?”

Shang Qian glanced at her indifferently and hooked his lips. , with an undisguised sneer:

“You had an unpleasant quarrel with her, didn’t you just offend me?”

Fu Qiu’s face was even more ugly.

Shang Qian didn’t want to say a word to her, and turned to look at Shang Qun with a cold eye:

“Also, the Shang Group has nothing to do with me, it belongs to Shang Yi. You forced me to remember this fact for many years. Dare to forget, I don’t even want to touch the things in your house!”

After speaking, he turned around and left without hesitation.

Shang Qun's face was cold, and he called to him in a deep voice:

"Shang Qian, you don't want to touch, don't you want Mike to go back to the business?"

Shang Qian took a step, and the blue veins on his face bulged slightly.

He was trying his best to restrain his emotions.

"Shang Ye didn't say anything. Before he died, wouldn't he let Mike go back to the business? Why

, he's going to die?" Shang Qun was stimulated by the word "death", his face changed suddenly, pale. "Shang Qian, don't pretend to be stupid. Today, I didn't ask you to settle the account, just because you are my own son. That woman harmed Shang Yi like that, how dare you curse him casually? Shang ? You are also relatives, how can you turn your elbows out?" Shang Qian's eyes turned cold and he looked at him coldly. For a while, the atmosphere stagnated.

Shang Qun glared angrily, as if the emotions he had held back for a long time suddenly erupted.

"Shang Yi is like this now, are you happy? Do you think I want you to come back?"

If it wasn't for my blood flowing through you, if it weren't for your surname Shang, you would never have returned to the business in your life!

I tell you, It's just because I know that things can't be undone, and Shang Yi will be paralyzed on the bed forever and can't stand up. The Shang Group needs an heir who can stand up, otherwise, you won't have this chance in your life!"

He finished in one breath. .

The chill in the air seemed to freeze in an instant.

Chapter 1280 He is your son

. Fu Qiudu is standing aside in shock.

She herself couldn't digest Shang Qun's sudden anger.

Business is also paralyzed?

And Shang Qian is about to inherit the entire Shang Group?

She seems to know some shocking secret?

What did Su Nan do?

Every time I see Shang Qian, he is so gentle and self-sufficient, as if he was born to stand tall and straight in the sun. He has the courage to be positive and has an extraordinary experience.

In the eyes of outsiders, he is like a carefully polished child of heaven. Although he is not qualified as an heir, his resume is bright enough.

At this moment, he stood there, tall and straight as usual, the whole person faded from the warm and jade-like smile, his eyebrows and eyes were sharp, his face was gloomy, gloomy and indifferent, as if he had become another person.

After Shang Qun finished speaking, he stared at him.

Not reconciled, but he could only give this piece of fat to him.

At best, this Shang Qian can be an obedient dog, and he can use it at will.

He thought so.

Shang Qian finished listening.

Indeed, he laughed coldly, his eyes suddenly darkened.

“How can I be your own son? Shang Yi is your own son, isn't it?”

His indifferent words completely shattered Shang Qun's monstrous anger just now.

He stood there with a pale face, and his eyes couldn't hide the shock:

“You... what did you say?”

Fu Qiu was also shocked, she seemed to know too much tonight!

The secrets of wealthy families are really not for ordinary people to have the opportunity to hear!

Shang Qun's eyes slowly congested with red blood all over, staring at Shang Qian.

Looking at him, the corners of his lips curled lazily and coldly, with some bloodthirsty meaning:

“Why, do you think your secrets are well hidden, no one knows? Do you think that your son is your own brother? Special grievance?”

Your wife is immersed in the pain of her son’s death at a young age, but you have never suffered at all.

Why?

Because you dare not admit that the car accident of Mike’s father was planned by Shang Yi, and you did you dare to tell the truth when you found it out, but helped to hide the fact?”

Shang Qian, word by word, peeled off the darkness that the business group had hidden in the deepest part of his heart, and let him see for himself how he really was. unbearable.

Because he felt that Shang was also wronged, he was promoted to the throne of Shang’s heir.

All resources and benefits are directed towards Shang Yi alone.

How could Shang Yi, who was supposed to be as shameful as him, receive such good treatment?

At first, he didn’t understand.

He’s known since he’s investigated Mike’s father’s car accident.

The relative who really warmed him in the business, the younger brother who could share his favorite toys with him, the child who never doubted his father’s love, seemed to live forever at the age of twenty.

He was arrogant and wanton and went his own way. Because a girl had a falling out with her family, he did not hesitate to leave the business.

But who would have thought that as soon as he left the business, he encountered a car accident.

In terms of origin, no one is cleaner than him.

Shang Qian’s eyes were red, thinking of that young man, the coldness between his eyebrows became even more gloomy.

He turned around and looked at Shang Qun.

“Do you remember Shang Nei? The longer Mike looks like him, the more he looks like you, but in order to cover up your embarrassment, you blamed his death on an accident. Is your heart right? ?”

Shang Qun was a little excited for a while, his face was pale and twitched, and his body was shaking uncontrollably.

“you.....”
