Chapter

1281 Shang .

“Oh, you won't lose your heart, what a crazy person you are! I

'd rather make myself a good brother who doesn't care about gains and losses, and don't want to talk about the old-fashioned habit of inheriting the father's business.

But something happened to the business. When you came to me, didn't you just expose your ugliness?”

For a while, Shang Qun took a lot of effort to control his emotions.

Almost, he was about to be pissed off!

“Shang Qian, you dare to talk to me like that, who taught you? And those things that are non-existent, you'd better shut up for me!”

Shang Qian shrugged, a little uninhibited.

He didn't care at all.

Those scandals, he even listened to dirty.

“So, you'd better stay away from me, don't hit me, oh, and Su Nan's.

Otherwise, I'll let the world's biggest media know about these things, and they should be very interested.”

Shang Qian After he finished speaking in a threatening tone, he turned and left, his eyes gloomy.

“Shang Qian, I won't let that woman go. She thought that Fu Yechuan took care of everything for her in country M and erased all the evidence, so I don't know?”

Shang Qun said.

When he spoke, his tone was ruthless.

“Those who dare to touch the merchants, even the daughters of the Su Group, have to pay the price!”

Shang Qian's face was cold, and he frowned.

Eyes dark and indifferent.

"Shang also deserves it, and I also warn you, if Su Nan loses a strand of hair, I will never stop with you."

He used to be a businessman and left again.

He knows all the shady secrets of the business.

That's what keeps him alive.

Now, I have to protect Su Nan's life.

No one noticed. When Shang Qian mentioned Su Nan, Fu Qiu, who was beside him, had a flustered expression on his face.

Shang Qun glared at him with gritted teeth.

He knew that this Shang Qian was rebellious since he was a child, and his reaction to those illegitimate children returning to the main house was different.

Others bring their illegitimate children back, and the illegitimate children will be grateful to Dade for being a bull and a horse.

Even the struggle for power is just a pawn.

But Shang Qian did not.

He has been taciturn since he was a child, but he is not at all cowardly.

At the age when he knew the proportions, he took the initiative to leave the business. Does he want his ridiculous dignity?

But not long after, he didn't wait for him to come back in embarrassment. Instead, he saw that his ability and achievements were outstanding.

He is so gentle and humble in the eyes of outsiders, only his business group knows that he is an indifferent and selfish person in his bones.

So, he just came over to give him a step down and let him go back to the business.

However, such a big temptation, the power and position of the entire business, he is not moved by it?

Seeing that Shang Qian was about to go out.

Fu Qiu couldn't help it, looked at Shang Qun, raised his feet and ran out.

Of course, she is optimistic about the business, but listening to their conversation, she also seems to understand that there is too much privacy in the business.

She is more optimistic about Shang Qian.

"Mr. Shang, you can take a night's rest before leaving, it's too late anyway..."

Before he finished speaking, Shang Qian suddenly stopped and looked back at her.

In his eyes, there is a cold look.

"What's too late?"

His voice was low and hoarse.

Fu Qiu opened his mouth and his face changed slightly.

She knew she was wrong.

I don't know how to get around and come back, my mind was short-circuited for a while.

So nervous.

She bit her lower lip and looked at him with aggrieved eyes:

"Is she that good? She hurt Shang Yi, and the business will not forgive her.

You will soon own the entire Shang Group, for this person, don't you know what's more important?"

...

Chapter 1282 Guess where she is

Chapter 1282 Guess where she is in

Fu Qiu's words, she is unwilling for Shang Qian!

Shang Qian glanced at her very coldly.

"I'm not a businessman. If you want to daydream, don't look for me." Everyone

can see that Fu Qiu is thinking about not only Shang Qian, but also the Shang Group that Shang Qian has at his fingertips.

Fu Qiu was hit even harder.

Her face was sobbing, almost collapsed.

“You will regret it, Shang Qian, you will definitely regret it!”

Shang Qian squinted his eyes, and the feeling in his heart became more and more intense.

It seems to be related to Su Nan.

But he couldn't catch any clues.

Suddenly, he suddenly realized that Shang Qun was here, and he had to target Su Nan, so he would not be unprepared.

And Fu Qiu's existence, her identity, seems to be able to use the help to do something.

After all, not even Fu Yechuan knew that Shang Qun was here.

He came to Su Nan's side.

This is the danger!

Thinking about it, Shang Qian's face changed drastically, and he just found out that his mobile phone was missing.

Suddenly, he pushed the door and ran out.

Incredibly fast.

“Shang Qian...”

Fu Qiu shouted from behind, but in a blink of an eye, the person had disappeared in front of him.

Her phone kept flashing, but she didn't know it, she had already muted it.

On the screen above, flashing: Grandpa Liang.

Shang Qian almost ran over with all his strength.

The hotel they live in is not far from here.

Less than three minutes.

Here he is.

The people downstairs seemed to be nervous, and they were stunned for a moment when they saw him.

Yu Lou walked out from the middle and couldn't help but be surprised:

“President Shang?”

Shang Qian gasped for breath, “Where's Su Nan?”

Yu Lou's face was ugly, “Miss Su disappeared seven minutes ago, watching the surveillance camera, she is disguised After that, I drove away.”

No wonder the faces of the people present were not good-looking.

They were all wondering where Su Nan was.

Some people have already started looking around.

Shang Qian: “Which direction does the surveillance show go?”

Yu Lou: “The surveillance at the hotel happened to be broken during that time, and there was no video information.

Mr. Su's mobile phone cannot be reached. I suspect that she must be caught by something now. Someone called it out.

But she must be in danger!”

This intuition was too strong.

Shang Qian's intuition is the same.

His face changed.

“During the day, that sneaky person...”

“It's the reporter who spread the rumors. He was sent to the police station by Chang Li. He didn't know anything about it.”

Shang Qian bit angrily. gritted teeth.

He knew that this matter had nothing to do with the business group.

He stretched out his hand: "Give me the phone."

Yu Lou handed over his phone without saying a word.

Shang Qian pressed a number.

The other party picked up quickly.

Just now, the two of them were still blushing.

"It's me, where is Su Nan?"

Shang Qian said.

Now, the other party seemed to have known for a long time that he would take the initiative to call, his voice was sloppy, with a condescending coldness.

"Shang Qian, I said that I will not let that woman go.

When she is resolved, you go back with me, and this thing will not happen.

Or, guess where she is?"

Shang Qian's eyes With a trace of coldness, he immediately hung up the phone without saying a word of nonsense.

Yu Lou's face changed drastically.

He was extremely vigilant, and when he heard Shang Qian's call, it sounded familiar.

"President Shang, the other party is..."

Shang Qian said indifferently: "Shang Qun, he came to country Z."

Yu Lou's expression stiffened.

Then the worry in his eyes became more intense.

If it is business competition, it is nothing but an exchange of interests.

But the fact that Shang Qun came in secret means that Shang Yi's affairs have been exposed.

Then Su Nan must be in danger.

...

The first thousand two hundred and eighty-three chapters have no way out

Chapter 1283 There is no way out

. Shang Qian didn't say much, and handed it to him:

"Call Fu Qiu."

Yu Lou Er immediately found the phone and called.

"Hello?"

Shang Qian brought it over with a very cold tone:

"Miss Fu, I know you know where Su Nan is, tell me."

Fu Qiu didn't speak.

After being silent for three seconds, Shang Qian couldn't wait any longer.

He loosened the slit at his neck.

There was no room for negotiation:

"Miss Fu, the Su family is not just Su Nan alone. After today, if anything happens to her, the Su family will put the blame on you.

Fu Yechuan loves Su Nan so much, he will not protect you, he won't even protect his own sister, let alone you?

As for the business director beside you, according to his temper, at most one life will be exchanged, and he will not break up with the Su family

. As a result, I pushed you out to commit the crime, understand?"

He immediately restrained his emotions and calmed down.

Fu Qiu took a deep breath on the other side of the phone.

"No...No."

Shang Qian sneered, and then said:

"Also, if Mr. Liang can make that reporter show up today, I'm afraid he also intends to make peace with the Su family. At that time, do you think that Will he care about an unrelated granddaughter?" The

last sentence undoubtedly shattered Fu Qiu's last pillar.

Mr. Liang was her last retreat.

She was a marginal figure in the Fu family. How could Fu Yingying allow herself to be compared with her with such a flamboyant personality?

Relying on the power of Father Fu and Fu Yechuan, Fu Yingying was almost the center of the entire celebrity circle.

No matter how ignorant and rude she is, she can be taken lightly with a sentence of innocence.

In order to avoid comparison with Fu Yingying, she had to go abroad for further study, she thought she was different from someone like Fu Yingying.

Her high education is her most outstanding place.

Just after she learned that Fu Yingying had offended Su Nan and was forced to go abroad and could not return to Country Z, she came back happily.

Finally, she can show her talents in this circle.

But no one in the Fu family paid attention to Fu Qiu, a side branch.

She could only rely on her sweet mouth to place her hopes on Mr. Liang.

Now, if even Mr. Liang gave up on her, she would not even dare to think about it.

She stood there, her face bloodless, listening to Shang Qian's low voice, with a sinister indifference.

Every word seemed to block her last retreat one by one.

Before she has made a name for herself in this circle, she will lose all the preferential treatment she has received.

"Tell me, where is Su Nan?"

Shang Qian waited for a few seconds, but couldn't wait any longer, and repeated his question impatiently.

Fu Qiu opened his mouth, his voice trembling slightly:

"Warehouse."

Shang Qian hung up the phone immediately, turned around and left.

Yu Lou they followed closely.

...

in the warehouse.

When Su Nan was about to faint from the smoke, she really gritted her teeth, and the unyielding energy in her body prevented her from bowing her head easily.

Even though the temperature around her was extremely high, as if she was in a big steamer, her consciousness was not completely unconscious.

She insisted on getting up and went to a messy corner to find a stick.

Beating people is quite handy.

It's a pity that no second person exists now.

Su Nan gritted his teeth and went to the locked door.

Bang – bang –

she tapped the outside hard.

The flames spread, and there was already thick smoke coming in from the cracks in the door below...

...

Chapter 1284 I don't remember

Su Nan holding his breath for a long time before he dared to turn around and gasp for breath.

She tapped weaker and weaker, but still kept tapping against the wall.

Neither phone has any signal.

Desperate enough.

...

“Why has it been so long? She won’t become a fool, will she?”

A familiar voice came.

“Fart, you bastard, you said that about your sister? Believe it or not, I’ll beat you to death!”

“My dear father, I came back from a ten-hour flight, and you didn’t hug me, just scold me?”

“

Bum bum— ” Su Nan heard a loud and familiar voice coming from her ear intermittently.

There seemed to be a lot of strength pulling her back.

Consciousness suddenly awake.

The bright sun shone on the branches outside the window wobbly.

She narrowed her eyes, trying to move.

But his hand was tightly squeezed, and he couldn’t move at all.

Su Nan let go of his strength and opened his eyes, wanting to see who this person is?

Shang Qian was handsome, sitting there with a warm temperament, staring at her without blinking, as if he was afraid of missing something.

There were light shadows under his eyelashes, and he looked a little tired.

Looking closely, it seems to be a bit cold.

Su Nan murmured, and Shang Qian was suddenly shocked, and his eyes slowly focused.

He immediately leaned forward, “Are you awake? Su Nan, who am I?”

He looked anxious and flustered, as if he had never seen it before.

He has always been calm and steady, never showing his emotions.

Su Nan blinked, there was a hint of dizziness in his mind, and he glanced at it in confusion.

The surrounding furnishings are somewhat familiar.

Isn't this Su's house?

Shang Qian held her face in both hands, cautiously and in a softer tone, as if afraid of frightening her emotions:

“Su Nan, I'm Shang Qian, don't you remember?”

Su Nan frowned.

She opened her mouth and was about to speak, but her throat was dry and she couldn't make a sound at all.

Shang Qian's face changed suddenly, and he stood up immediately.

“Doctor—”

He ran out quickly, calling for the doctor.

Su Nan stretched out his hand and was about to stop him, telling him that he was just hoarse, but it was too late.

The man has run away.

She lowered her head helplessly and cleared her throat.

But extremely hoarse.

Su Nan suddenly remembered what happened before.

That fire, that warehouse, that reporter...

Her expression changed.

Why are you here all of a sudden?

But before the recollection was over, people outside the door had already squeezed in.

“Little Wu...”

“Su Nan...”

...

Su Nan blinked, watching Su Yifeng and Su Qi standing at the front, Su Yifeng looked anxious and looked at him with concern following her.

Su Qi stared at her carefully, and couldn't hide the concern in his eyes.

Su Ming unexpectedly came back as well. He seemed to have been in this room all the time. He never went out or made a sound. He took a book and took notes on a table not far away.

like air.

Shang Qian stood at the door, the ups and downs eased him, and his face was a little pale.

It looked pitiful.

"Xiao Wu?"

Su Qi waved his hand: "Remember who I am?" The doctor walked in, and Dean Xiao led the best doctors in the hospital to form a circle.

They are examining her.

Su Nan cooperated.

Looking at Su Qi, he shook his head.

Su Qi's face suddenly changed.

"Damn, I'm going to kill those trash in S City!"

Su Yifeng was also very ugly, but he was still calm, and patted his hand:

"Don't swear in front of your sister!"

...

Chapter 1285 Sent me

the cruise Su Ming raised her eyes in surprise and observed her.

Shang Qian responded the most.

He took two steps forward, but backed away.

The painful and tangled look on his face could not be concealed at all.

Su Nan's chest sank, and suddenly he felt that he was going too far.

She pursed her lips.

look up.

He spoke hard, but couldn't make a sound.

"Go to the hospital..."

Su Qi urged.

Dean Xiao on the side was also very good.

Everyone was in a hurry and began to prepare to go to the hospital for a comprehensive examination.

Su Ming came over with a glass of warm water and handed it to Su Nan's mouth.

Su Nan glanced at him gratefully.

This is her real brother!

Su Qi must have picked it up!

She drank it in one breath, moistened her throat, and instantly felt that the dry feeling was much better.

She coughed hard.

Looking at Su Qi, his voice was still a little hoarse, but he could make a sound:

"I remembered, you want to send me a cruise ship!" The

room suddenly fell silent.

Even the doctor was stunned.

Su Qi laughed suddenly.

The anger that flashed across his face just now disappeared.

He breathed a sigh of relief and patted Su Yifeng on the shoulder:

"Dad, that's right, it's our little five, with such an insatiable personality, the entire Su family can't find a second person!"

Su Yifeng also understood and looked at Su Qi with a smile:

“Aren't you?”

Su Qi: “.”

Shang Qian stepped forward slowly and looked at her:

“What about me?” The

two of them looked at each other.

Su Nan's smile faded.

There was darkness in his eyes, and a deep and deep emotion was brewing in it, as if no one could see through it.

Her voice was hoarse and slow:

“It's not your fault, Shang Qian.” Just a

few words.

Shang Qian's eyes were red, as if he was trying to suppress this emotion and collapsed after being told.

His tall and straight body will soon be tortured to death by his own guilt.

Business people do things without compromise.

He himself has been taught.

But he couldn't stand it, this method was actually used on Su Nan!

The moment he saw her faint in the warehouse, he almost took a gun to destroy the business group!

If it wasn't for Yu Lou pulling him, or if Su Nan kept holding his hand and didn't let go.

He can't wait to die!

I can't imagine that all the flammable materials are stored in the warehouse.

In just a few minutes, the fire was about to burn inside.

Once it starts to burn, it is impossible to control the fire at all.

Almost, he was about to lose her.

Watching her wake up and open her eyes, she suddenly felt a sense of pleasure for the rest of her life.

No one blamed him, because it had nothing to do with him at all.

But Shang Qian hated himself.

Why is his surname Shang?

Su Yifeng glanced at the emotions between the two people lightly, sighed, and pulled Su Qi out of the room.

Dean Xiao also took the doctor away very wisely.

But before leaving, he looked at Su Nan with a smile:

“There will be a physical examination in ten minutes, Miss Su needs to be mentally prepared...”

This means that only ten minutes are given.

Su Nan nodded.

Su Ming put down the water glass and went out with Su Yifeng and the others.

Hearing Su Qi admiringly asked him outside:

“Second child, how do you know that she can speak after drinking a sip of water? I thought she would lose her memory and become mute and a series of sequelae...”

I’m ready to have a disabled sister!”

Su Ming’s tone was cold and calm:

“She just inhaled too much smoke, and she didn’t knock or touch it. The burning building materials are non-toxic materials, and there is no poison at all. Gas will not cause brain damage to the brain.

So, she is just thirsty.”

Su Qi: “Oh...”

in the room.

It was so quiet that even the sound of breathing was light.

She looked at him, her facial features were cold, and the familiar warmth was reduced.

She stretched out her hand, and Shang Qian held it tightly, as if he never wanted to let go.

"Su Nan, baby, I'm sorry..."

He suddenly hugged her tightly.

The string in the chest finally snapped.

He was really about to collapse.

Especially when I heard Yu Lou say that Su Nan went out to find him.

That feeling, the whole world seems to be dark.

Su Nan patted it twice and smiled.

"It's okay."

He paused.

She couldn't help but ask: "Has anyone found it?"

Shang Qian: "..."

He tried his best to get himself out of his sad mood.

Seeing Su Nan's vigorous appearance, he was also relieved.

Fortunately it wasn't a shadow.

He paused and nodded.

Su Nan smiled.

"That's good, otherwise I'll be in danger in vain."

"Su Nan..."

Su Nan: "Shang Qian, it really doesn't matter, I have encountered more dangers than this, and I have encountered even more sad ones.

This is nothing... '

she said softly.

indeed.

Although she had lingering fears, it was completely different from the showdown before her death.

She felt that she could survive, and the desperation of dying did not impress her.

It's easy to open that lock from the outside, after all.

And she left long enough, Yu Lou must be able to notice something.

So the chances of her surviving are very high.

Even if he said that, Shang Qian still felt very distressed, and finally Su Nan began to persuade him to think about it.

He couldn't help but smile a little bit.

The doctor came in for an examination.

Dean Xiao got the first-hand results.

“The lungs are a little polluted, and the smoke is choking. Take a good training these days, don’t be too tired, just drink some soup to nourish the lungs to nourish the body.”

Su Nan nodded heavily.

Everyone lined up and waited for the result, and suddenly heaved a sigh of relief.

The uncle, the housekeeper, brought the Sydney soup that had been boiled for a long time:

“Come, miss, try it...”

Su Nan took it with a smile.

She was really hungry, so Sydney soup didn’t dislike it.

But I scooped up a spoon and looked at it. There are so many ingredients in it!

Su Qi looked at it in surprise:

“Put sea cucumber and abalone in Sydney soup?”

The housekeeper uncle smiled:

“Sydney soup is too monotonous, it has to be seasoned a bit, and there is also bird’s nest. Don’t worry, I have asked the doctor, and you can eat it!”

Su Yifeng nodded with satisfaction.

I very much agree with the steward uncle’s approach.

Su Nan choked for a while.

Under everyone’s visit, Su Nan silently ate a bowl of Sydney soup.

Su Yifeng waved his hand:

“Just do this, and make Sydney soup every day from now on!”

Su Qi laughed twice.

Su Nan: “...”

Everyone’s big family is really different.

Finished eating.

Only then did Su Nan know that Su Jin went to S City for her.

She still has some regrets.

Seeing that it was coming to an end, Su Jin went, and he seemed to have accomplished nothing.

Su Yifeng patted her arm:

“Don’t worry, there are some things you can’t save face, but your brother can.”

“What do you mean?”

Su Yifeng sneered twice.

Su Qi rushed to the side to answer:

“Of course it’s Mr. Liang from S City. It’s probably him who did your accident. The reporter was recruited by Fu Qiu, and Fu Qiu is his granddaughter, so this account can be counted on his head. “

...

Chapter 1287 What do you want

Chapter 1287 What do you want?

Su Nan frowned, but before he spoke, Shang Qian said in a cold tone:

“No, Mr. Liang probably knows about this, and he knows that the reporter is looking for Fu Qiu. Yes .

He just connived.

But it wasn’t him who set fire to the warehouse.”

“Who is that?”

Su Qi asked.

“It’s the business group.”

When Shang Qian mentioned that name, his face became obviously stiff.

The room was silent for a moment.

Su Yifeng's eyes sank:

"Shang Qun is here? Your father?"

Shang Qian nodded, looking at Su Nan who was sluggish.

"I went to the sneaky guy, and they led me to the corner next to me, and someone knocked me out from behind.

They came prepared." For a

moment.

Su Yifeng's vigilance increased.

His face also became serious.

"Have you seen it?"

Shang Qian nodded.

"Shang Yi is paralyzed. He already knew the whole thing, so he came here secretly."

Therefore, even Fu Yechuan, who was there, didn't know that Shang Qun had already arrived.

It can be seen that the power of the business group cannot be underestimated.

Su Yifeng kept his face calm and said nothing.

If so, they were careless in the first place.

Su Nan shouldn't be allowed to go alone.

Su Nan coughed, her voice still hoarse, but her expression was calm:

"Since she came here secretly, there must be not many people around, so we don't need to worry about this."

Su Yifeng nodded.

Shang Qian touched her hair and said in a low voice,

"You can't go out alone until he leaves here."

Su Nan smiled and didn't answer.

She didn't think it was that scary.

She kindly saved Shang Yi's life back then!

Su Nan took a deep breath, "Then let's solve the problem one by one!"

She was full of confidence.

Anyway, on her territory, to direct others is what she loves to do!

Su Qi smiled, cut a sound, turned and left the room.

Su Nan stopped him:

"A cruise ship, a cruise ship!"

Su Qi's back froze, and he clicked his tongue:

"Sooner or later, you will finish my hard-earned money!"

Su Nan smiled happily.

Shang Qian also laughed, "What do you want me to do?"

Su Nan was stunned and blinked.

puzzled.

Shang Qian restrained his smile:

"Want a cruise ship? I can buy it for you too, what else do you want?"

Whatever she wanted, no matter how difficult it was, he wanted to give it to her.

The whole world wants to give it to her!

I want to give her life too!

Su Nan frowned, not thinking about this.

She didn't really want a cruise, she just wanted Su Qi to spend money.

And he's not short of money either.

She never reached out and asked other men for anything.

It feels a little strange.

But looking at Shang Qian's expectant gaze, Su Nan really didn't want to disappoint him.

She thought about it for a while, "I want to ride a horse." When

she gets better, she wants to go for a ride on horseback and experience the wanton feeling.

She hasn't been riding for a long time, and I really miss her!

Shang Qian smiled.

He reached out and squeezed Su Nan's earlobe, and said in a pampering tone:

"Okay, wait a few days!"

Su Nan nodded.

I didn't intend to go immediately.

With her current physical condition, it is very likely that she will fall off the horse.

Shang Qian stayed here until dark.

Su Yifeng didn't say anything about staying overnight, so he couldn't take the initiative to stay.

And there is a backlog of things behind him.

Seeing that Su Nan was all right, I was in the mood to care about other things.

However, he watched Su Nan eat dinner before saying goodbye.

Su Nan didn't hold back either.

Make him happy and don't do anything out of the ordinary.

Shang Qian smiled:

“Don’t worry, I won’t be that stupid.”

Shang Qian went downstairs.

Seeing that the housekeeper uncle has already let the servant serve the food.

“Shang Qian, let’s go after dinner.”

Su Yifeng said in the living room.

Su Qi narrowed his eyes.

“Want to leave?”

A throw pillow was thrown on his head, with a warning look along the way.

Su Qi closed his mouth.

Shang Qian smiled: “I can rest assured that Su Nan is fine. I still have some things to deal with.”

Su Yifeng nodded, “Alright.”

Shang Qian: “Then I’ll leave.”

Su Yifeng paused: “Shang Qian, Su Nan’s affairs have nothing to do with you, don’t blame yourself, we know your feelings for Su Nan.

As long as Su Nan is doing well, we don’t care about anything else.”

Shang Qian’s expression changed a bit, He could hear what Su Yifeng meant.

He twitched the corners of his mouth, nodded slightly, and silently raised his feet to leave.

Su Qi narrowed his eyes.

“I really don’t care?”

Su Yifeng glanced at him.

Without speaking, he went to the table to prepare the meal.

Su Ming stood up from a chair not far away like a shadow.

Stretched.

“Compared with the original Fu Yechuan, this Shang Qian is much better.

At least Su Nan doesn't have to run after him.

He can just run after Su Nan...”

After Su Ming finished speaking, he followed him to the dining table.

Su Qi suddenly understood.

Sure enough, the Great God is the Great God.

He understands life more thoroughly than he does.

“But two Brother, why did you come back suddenly? Doesn't your research institute have a holiday until the end of the year? “

Su Qi asked.

Su Ming pushed his gold-rimmed eyes and said calmly,

“I'm getting married.

Su Yifeng and Su Qi were stunned at the same time. The two looked at him in shock.

Su Ming said calmly:

“Momo and their family are more anxious. Her mother thinks that if she doesn't get married this year, her luck will be very bad. “

Su Qi spread his hands: “So what? Do you believe this nonsense too? This is obviously forced marriage! “

Su Yifeng kicked him fiercely from under the table. He was really open.

Su Ming raised his eyes, his eyes flickered quietly, and the corner of his mouth raised a smile.

“I believe it.” “

Su Qi was stunned: “You are a scientist...”

“So what? Anyway, I have decided to get the certificate first, and then hold the wedding when our vacation is free. “

Su Yifeng nodded: “But should the parents of both parties talk about the time first? I should take the initiative to ask them to have a meal! “

Su Ming: “I will make an appointment when the time comes, and you can participate when the time comes.” “

Su Qi twitched the corners of his mouth: “You arranged everything, treating us as tools?” “

Su Ming glanced at him, “Do you have an opinion?”

Su Qi looked at his eyes and paused, “No.”

“That’s good.”

Su Yifeng actively wanted to participate, but Su Ming did not I really want Su Yifeng to come forward with great fanfare.

The reason for this is probably that the old-fashioned father of Silence does not want his daughter to be suspected of being a “sugar daddy”.

So their family claimed that the silent boyfriend was just an ordinary engineering man.

Su Nan was very excited to know this, and said that she must participate in the planning of their wedding.

Su Qi sternly refused.

Su Nan was hit several times, and finally no longer insisted on seeking abuse.

night.

She held a pillow and held a video conference with Su Jin in the living room with Su Yifeng.

Chen Jian was there, and when he saw Su Nan, he was obviously stunned.

“Mr. Su...”

His voice began to choked.

Chen Jian a chance to see that Su Nan is all right, he really hates to get in through the camera.

God knows, since Su Jin came to S City, his style of means is completely different from Su Nan.

When Su Nan was angry, it was layer upon layer of anger.

When she scolds you to death, she probably won't be angry for too long.

She is really angry when she hides the knife in her smile.

But as long as Chen Jian doesn't touch the bottom line, Su Nan usually opens one eye and closes the other.

And Su Jin.

His vigorous and resolute style can literally torture people to death, and one look can make you speechless with fright.

There is no second chance for you.

In the past few days, Chen Jian had a feeling that he was about to die.

Su Nan smiled and blinked on the other side of the camera:

"Manager Chen, have you dyed your hair? Why is it all white?"

Speaking of this, Chen Jian wanted to shave all his hair.

When something happened to Cong Su Nan, he was so terrified that he didn't dare to sleep.

After coming from Su Jin, he was even more nervous.

If the eldest lady of the Su Group had an accident with him, he would never have the chance to come forward again in this life.

At the age of half a hundred years, he is about to retire, but it is very likely that his job will not be guaranteed.

Su Jin glanced at him coldly, Chen Jian immediately straightened his expression, and looked at the camera tremblingly:

“No hair dye, Mr. Su, you have a good rest, the staff and colleagues of the project team are very concerned about your body, I hope you Take care!”

Su Nan smiled and nodded.

“Okay, thank you Manager Chen and colleagues for your concern.”

Su Jin interrupted them coldly: “Okay, don’t talk nonsense, say something useful.”

Su Nan: “...”

Chen Jian: “...”

Su Yifeng, who pretended to be a transparent person, could only pretend that he didn’t hear anything.

Su Nan corrected his expression and paused:

“Brother, what did the reporter say?”

Su Jin nodded: “Chang Li got the reporter’s statement, which was ordered by the boss of Fu Qiu’s internship company.

But it’s ridiculous . , when the boss moved Fu Qiu out, he also moved out the Fu family, that’s why the reporter dared to be so reckless.”

Su Nan frowned, and then chuckled:

“So, the reporter thought it was the Fu family. Instructed him to frame us? He thought the Fu family would come forward to protect him?”

Su Jin nodded expressionlessly.

After listening to it, she suddenly felt very funny.

I am afraid that Fu Yechuan will be angry when he hears this!

“Is that Liang family involved?”

Su Yifeng, who was sitting firmly beside him, suddenly said.

Su Jin pursed his thin lips tightly, his eyes were deep and sharp:

“As far as I know, there shouldn’t be.”

“Oh? The surnamed Liang has tossed around Xiao Wuyi, but he doesn’t want to be a backer for his granddaughter?”

Su Yifeng was early I figured out the relationship between Mr. Liang and Fu Qiu.

Su Jin’s tone was cold:

“As soon as I arrived in S City, Mr. Liang came to pick me up in person, with a very sincere attitude, and very frankly said that he knew nothing about Fu Qiu’s practices.

And he expressed his apology that Su Nan didn’t help when he came to the door.

I guess he just wanted to take the air and support Fu Qiu by the way.

I didn’t expect such a big thing to happen in the follow-up...”

Su Yifeng sneered, his eyes were cold and disgusted:

“If you go, he won’t take the air, this old thing is really disgusting, if you have the ability, don’t be a coward. what! “

He is really going to be mad, and he will get up when he hits the table.

He is waiting for Mr. Liang’s opinion, and it is best to participate in it, so that he has a chance to kill this person named Liang!

But unexpectedly, he actually recognized Coward?

Someone behind the 1290th chapter

Su Nan smiled and patted Su Yifeng’s arm:

“With the power of Mr. Liang in City S, if he can take the initiative to pick up the elder brother, he probably bowed his head, he just did it for us. Look. It’s

actually not easy. At an age, Fu Qiu has been implicated in this way. If it spreads out, it will become a joke in S City...”

“So what? That is He deserves it.”

Su Yifeng sneered.

“He doesn’t want to give him face, and he took the initiative to provoke you. He guards the Liang family’s one-third of an acre of land. Do you really think he can sit back and relax?”

Su Nan saw his anger, smiled, and looked at Su Jin :

“Did you hear eldest brother? You must give me a good breath when you are there, don’t say he admits to cowardice, even if you kneel down and beg for mercy, you have to scare him!”

Su Yifeng nodded repeatedly: “Yes, you can’t let him go. !”

Su Jin rubbed his eyebrows helplessly, his eyes flashing with a sharp and cold look:

“Okay, anyway, the electronic equipment of the Liang family overlaps with ours, why don’t we just buy it?”

Su Yifeng smiled when he heard it. .

“Okay!” The

Liang family was struggling to get up, relying on the electronic equipment in recent years to support the loss-making development of other parts.

Electronic equipment is a relatively profitable part of the Liang family.

In the S city, it is also very famous and has made a lot of profits, so the department personnel will come and go in such a way that they are the economic pillar of the S city.

Their main brand is characterized by small scale, but exquisite products.

In fact, there is no choice under the scale.

Because the best in this industry are the Su Group and the Fu Group.

One pays attention to quality, the other pays attention to efficiency.

The characteristics are different, and the customer audience groups are also different.

In this field it is evenly divided.

And those small enterprises that survive in the cracks can only find another way, such as making a fuss about reducing costs, and then lowering the price of production.

The electronic equipment of the Liang family in S City can do something that neither the Su Group nor the Fu Group can do, that is, personal customization.

According to each person's requirements, individually customize the products and equipment they are optimistic about, amplify the advantages they are optimistic about, and then reduce the prominence of the disadvantages.

However, this kind of demand is of little use to large groups such as the Su Group and the Clothing Group.

Their customer base is for the universal needs of billions.

This assembly line product does not produce individual customizations.

Therefore, what the Liang family has done in this regard is quite prosperous.

If the Liang family loses this money-making part, it loses the pillar.

It will soon be stretched.

Su Jin's proposal seemed random, but it almost pinched the lifeblood of Mr. Liang.

It's much more swearing than Su Nan!

Chen Jian, who was standing aside, shivered.

Sure enough, Su Nan couldn't afford to offend, but Su Jin didn't dare to offend at all!

Su Nan raised his eyebrows, smiled, and nodded:

"Okay, I'll let the people in the company follow up on this plan."

Su Jin nodded, but he was serious.

"By the way, during the investigation, I developed a strange force that is manipulating this plan, but I don't have any clues..."

Su Nan paused and looked at Su Yifeng.

She coughed:

"Brother, I haven't had time to tell you that that strange force should be Shang Qun."

Su Jin stiffened and narrowed his eyes:

"Shang Qun? Shang Qian's father?"
