Chapter 1311 Crushing Self-esteem

Fu Yechuan recognized at a glance that this bag was something he threw at Su's house and did not take away.

The "Thank You" Su Nan gave him.

"Mr. Fu, our President Su told me to bring this thing over. She is very grateful for your generosity, but she can't find a better way to thank

you. Please accept it."

Fu Yechuan's eyes were cold. Staring at the document bag coldly, his tone was condensed:

"Why can't she find a better way? She just doesn't want to make me happy!"

Yu Lou shrank his neck and didn't dare to speak.

No one could explain the relationship between the two of them.

Perhaps Fu Yechuan's heart for Su Nan was true, and he really regretted the divorce, but Su Nan didn't stay where he was, mourning the failed relationship.

Su Nan and Shang Qian are now talking about sweet love.

It seemed that Fu Yechuan was also pitiful.

There was silence for a moment.

Fu Yechuan glanced at him, "Is she feeling better?"

Yu Lou immediately replied,

"Yes, much better than before, but there are still shadows in the lungs, and we need to observe for a while."

Fu Yechuan frowned, his face still cold.

"Take it back and tell her, I don't need it."

Yu Lou pursed his lips and then coughed:

“President Fu, President Su said, if you insist on not doing this, there is another one, you can Choose whatever you want.”

Fu Yechuan raised his eyebrows, “Oh? Are you ready?”

Yu Lou smiled and nodded, then carefully took out the check signed by Su Nan from his pocket.

hand over.

He raised his eyes and saw Fu Yechuan’s face turning black.

It’s really rare.

Yu Lou Ninja smiled, “President Su said, you can write the numbers as you like.”

Fu Yechuan stared at the check with a dark expression for more than ten seconds.

Really going to be pissed off.

Su Nan really had the ability to piss him off.

Suddenly, he kicked the table next to him with a loud voice.

Yu Lou stood motionless beside him.

Fortunately, Su Jin and Fu Yechuan are the same people, and neither of them is a fuel-efficient lamp.

When he followed Su Jin at the beginning, he had sufficient experience, so when facing Fu Yechuan, he could handle it with ease.

He couldn’t help but think that it was better for Su Nan!

Fu Yechuan vented his anger and looked at Yu Lou coldly:

“She still sent me with money?”

Does he look like someone who lacks money?

This is really the biggest insult to the president of Fu Group!

Yu Lou’s fist clenched, and he said quickly,

“It’s not to send, Mr. Su knows that you are not short of money, but she prefers that you accept the s in this document.

No matter what, it's not bad for a footstep. Now ,

Mr. Fu, you should treat Mr. Su as a favor, and you should accept this document as well, this is the foundation of the cooperation between the two groups!"

Yu Lou eagerly transferred Su Nan and his personal affairs to business affairs.

Fu Yechuan's expression softened.

The description still works.

"Mr. Fu, if you don't accept this, then I can only find someone to sell it. You buy it from him, and the price has turned over several hundred million, and the gain is not worth the loss. That's what President Su means. It

's all about his own family. , why spend money on the hands of outsiders?"

Yu Lou said with a smile.

Fu Yechuan glanced at him and snorted coldly.

The anger in his eyes had disappeared.

Yu Lou's words spoke to his heart.

His own affairs...

Yu Lou looked at his mood changes and asked tentatively,

"Mr. Fu, shall I take my leave?"

Fu Yechuan looked at him with dark eyes, "Go away..."

He said, picked up the check, and tore it in front of his eyes .

This check is really bad for Fu Yechuan's dignity.

Yu Lou paused for half a second, then turned and left without hesitation.

If you don't leave, President Fu will regret it!

As soon as he went out, he immediately called Su Nan to report the progress:

“Mr. Su, it’s done!”

He didn’t say much.

Su Nan smiled: “Okay, let’s go back.”

Yu Lou breathed a sigh of relief, then got into the car and left.

In the afternoon, the sun was shining brightly, and the breeze was blowing the treetops with the little coolness left of this spring.

At Shang Qian’s urging, Su Nan made a few friends and went to the address he gave together.

Ning Zhiliao and Qin Yu went directly.

Cheng Yi circled around and drove a car to pick her up.

The uncle, the housekeeper, was not worried that she left like this. Although Chang Li followed, he still suffered too little.

But Su Yifeng was open to it, “Go, go, you will be bored at home all day long, so it’s better to go to relax.”

Su Nan happily changed into casual clothes, and insisted on going with a dead skin. Su Qi, and got into Cheng Yi’s car together.

Cheng Yi looked at her smiling face, and suddenly smiled:

“Xiao Wu, I thought your family lost hundreds of millions in the project in S City, you will lose weight without thinking about food, but I didn’t expect you to actually lose weight. Fat?”

Immediately.

There was silence in the car.

Su Qi looked at Cheng Yi who was looking for his own death in shock.

I haven’t seen him for a few days, and he is getting closer to death...

Su Nan’s smile stiffened on his face and slowly faded away.

She stared at Cheng Yi with a heavy gaze, and her tone was cold:

“I heard that Zhou Yan, the daughter of Zhou Tonghui, is still not giving up on you. She is looking for people everywhere to meet you. It seems that I should help.”

Cheng The mood of Yi watching a good show was swept away in an instant, and she was a little depressed.

“Su Xiaowu, you are so cruel. I forgot about this just now and came out to play with you.”

Su Nan stroked her hair and snorted casually:

“It’s not too late to go now, You are courting death yourself!”

With that pretty face showing an inch of strength, Cheng Yi knew that he couldn’t beat him, so he chose to shut up.

After watching the normal good show, Su Qi sat and laughed:

“I heard that Zhou Yan is divorced, I have never seen her, how does she look? If it is too good-looking...

” After he finished speaking, he was interrupted by Cheng Yi:

“It’s beautiful for you, do you want it? I don’t want her even if she grows into an immortal!”

Cheng Yi said excitedly, he didn’t even want to mention it.

Su Nan glanced at Su Qi, “Don’t hire him, he’s driving!”

Su Qi raised his hand in surrender, “Okay, Cheng Ershao, don’t get excited, drive well.”

He patted Cheng Yi on the shoulder and comforted him.

to the location.

There are open spaces everywhere, not far from a park that has been abandoned for a long time.

But according to the address, there is an iron fence door ahead. I don’t know what is in the high wall?

Su Nan was curious, took off his sunglasses and looked around.

Su Qi snorted, “So it’s here?”

He seemed to know what this place was originally for?

Before she could ask the exit, the door was already open.

“Miss Su, Miss Ning and Miss Qin have come in, please...”

They can drive the car in.

Su Nan got off.

Qin Yu and Ning Zhiliao had already changed their clothes and sat on the massage chair in the shade, enjoying a massage...

Chapter 1313 The great writer

Cheng Yi has walked around quickly and said excitedly:

“It really is a horse farm, there are some good horses in it, many of them are purebred nobles, more than The horses that Uncle Su raised were not bad at all!”

Su Nan was shocked for a moment, really?

At the beginning, Su Yifeng was also very happy to keep horses, and he was just a little obsessed. No one in the whole circle did not know his hobby.

Unique and expensive.

Su Nan grew up on horseback since she was a child. With Su Yifeng around, her riding skills can be said to be one of the best.

It was only later that Su Yifeng gradually lost interest, he started fishing, and from then on, he was out of control on the way of fishing!

However, why did Shang Qian suddenly open a horse farm?

A man in a riding suit came over and saw Su Nan at a glance.

He respectfully walked over, “Miss Su, you are welcome here. There are all horses raised for you. Do you like them?

If you are not satisfied with these, I will look for other breeds immediately!”

Su Nan froze in shock.

Su Qi and Cheng Yi also froze in place.

Su Qi pointed to Su Nan: "A horse for her? So, this horse farm is also for her?" The man smiled, "Yes, this horse farm is not open to the public, Miss Su and her friends can always Come here."

Su Qi looked at Su Nan with a half-smile but not a smile:

"Mr. Shang's handwriting is great, Xiao Wu!"

Su Nan rolled his eyes at him, then looked at the man, "Not profitable?" The man nodded: "Yes, All the expenses in the later period will be settled directly by the business director, for your perfect experience, Miss Su, we will never let other people affect your mood!"

Wow!

Ning Zhi and Qin Yu looked stunned.

Shang Qian was usually quiet, but when he made his move, he was unexpectedly generous!

Su Nan looked very speechless.

Suddenly, she remembered that when she had just woken up, in order to scare Su Qi into wanting a yacht, Shang Qian seemed to have asked her what gift she wanted?

She said she wanted to ride a horse.

She really just wanted to ride, but who knew that Shang Qian had set up a horse farm for her.

My heart was suddenly touched, and it was incredibly soft.

Su Qi excitedly pulled Cheng Yi to go in and pick two good-looking horses, and then went out for a walk.

Cheng Yi was also very interested, and immediately ran in.

The three girls stood there and looked at each other, and Ning Zhi smiled meaningfully:

"Didn't Mr. Shang go to Country M? He didn't bring you personally for such a surprise?"

Su Nan spread out his hands:

“I I didn’t know it beforehand.”

Qin Yu’s massage was comfortable, and she stood up refreshed:

“I want to tell you, this man’s love for a woman can last for the longest time.

Although neither of you lacks People with money, but you have to have an attitude!”

Ning Zhiliao nodded in agreement:

“That’s right.”

Qin Yu: “Xiao Wu, I’m getting more and more optimistic about President Shang, he and Fu Yechuan are completely different. Lu Zi, the things that President Shang has done have always been unknown, but deeply rooted in the hearts of the people.

This kind of relationship can last for the longest time!” The

three of them were together, and Fu Yechuan was not mentioned for a long time.

Qin Yu mentioned it at first glance, and Ningzhi gave her a blank look, but Qin Yu didn’t think there was anything to avoid.

Su Nan also nodded lightly, but his expression did not change.

Qin Yu wanted to say something else, but Cheng Yi inside waved to them:

“Come here quickly, are you here to be the audience?”

...

Chapter 1314 I miss you

Cheng Yi so much, the three of you can’t talk anymore.

They followed, and each picked a horse, and they were all very satisfied.

Especially Su Nan, she saw a light brown thoroughbred horse inside at a glance.

The administrator on the side moved the horse out and let her take a closer look. It was really beautiful all over.

The whole body is smooth and beautiful, the neck is slender, and the figure is like a work of art.

It's simply amazing!

"Miss Su, this is a thoroughbred horse specially sent by the General Manager of Commerce.

It has a very pure bloodline for three generations from here. This horse also participated in national competitions when he was young and won the championship. He has always been regarded as a horse . The best racehorse seed."

No wonder!

Su Nan secretly marveled, this horse looks different, a noble and unattainable look.

"That's it, do you have a docile personality?"

"Don't worry, although it's a bit naughty, it's not irritable."

Su Nan nodded, "I'll change clothes first."

She didn't change her clothes beforehand . Suitable.

The administrator on the side: "I'll take you there, the locker room is here..."

...

Su Nan changed his clothes and came out, and saw that several people on the field were already riding happily. stand up.

Su Qi picked an Arabian horse, which was very active on the field.

The horse seemed to go against Su Qi on purpose, it kept bouncing up and down, making Su Qi start to swear...

Cheng Yi and Qin Yu laughed at the side, the two horses they were riding were exceptionally good. Gentle, a few meters away from Su Qi, for fear of accidentally hurting himself.

Ning Zhiliu rode a horse and watched, a little anxious and a little wanting to laugh.

Su Nan smiled, and suddenly the administrator handed over her mobile phone:

"Miss Su, your mobile phone?"

Su Nan took it, "Thank you."

She glanced at Shang Qian, and then replaced it with Video call, picked up.

Su Nan's eyes curled up with laughter, facing the sunlight, her skin was shattered, and she was bright and fair:

"Mr. Shang, guess where I am now?"

Shang Qian looked at her joyful smile, and was stunned for a moment, then followed. laughed.

He didn't even have to guess. Looking at the scenery behind her, he deliberately delayed for a few seconds and sold out:

"Are you on a business trip again?"

Su Nan gave him a white look and ruffled her hair:

"Have you seen it before? Who is so happy on a business trip?"

She couldn't help bending the corners of her mouth, reversed the video, and asked him to look at a few people in the field:

"It's a horse farm, we're playing here!"

Shang Qian smiled Laugh, the laughter is loud and low, and it sounds a lot easier.

Originally still in a foreign country, she was worried that she would pay too much attention to Shang's movements and her body would not be able to bear it.

But looking at it now, it seems a little too much.

"Which horse did you pick?"

Su Nan excitedly pointed the camera at the horse beside him, and the manager was leading her to check the equipment.

"This horse is so beautiful, I saw it right away, it's amazing!"

Through the screen, Shang Qian could feel the excitement and excitement in Su Nan's words.

It seems that this gift is too worth it, right?

“I have a good eye. I liked this horse a year ago. He was exceptionally good among horses of his age, so I bought it secretly at that time.” Su Nan was shocked for a moment, “A year ago?”

Qian nodded and was happy to share his past experience with her:

“But then I forgot, the last time you mentioned that you wanted to ride a horse, I just remembered that there is a horse stored with someone else, and I asked for it right away recently, okay? It’s doing well!”

1315 Su Nan: “You actually forgot? It’s really a good horse, this is a horse that can win the championship!”

Shang Qian: “Everyone said that at the time, but really If you are bred to the champion, there are not many horses like this.

I buy it, and it won’t have to worry about trying to win the championship!”

Su Nan shook his head, “Does this horse know you care so much?”

” Maybe?”

Shang Qian said indifferently.

Su Nan choked: “Then I’m going to start riding, let’s talk later? Oh, thank you for the gift, it’s really great!”

Shang Qian smiled: “If you like it.”

He said dotingly. , Su Nan hung up the phone.

Shaking his head helplessly, his mood after a dull day finally got better.

The assistant on the side knocked on the door and came in: “President Shang, Mayor Shang asked to see you.”

Shang Qian paused, his eyes sank slightly.

His emotions visibly converged and cooled down.

Paused.

“I know what he wants to do. You say how will people behave before they are on the verge of despair?”

This person is his biological father.

The assistant is well aware of his complicated relationship with the merchant:

“Probably struggling to the death, it’s better than doing nothing.”

Shang Qian hooked the corners of his lips, his eyes were cold:

“No.” The

assistant hesitated for a moment, then said:

” President Shang, this is the second time, if you haven’t seen him, can you guarantee that he won’t turn his attention to Country Z, or Mike?”

As soon as the assistant finished speaking, Shang Qian’s eyes shrank instantly and cooled down with a trace of cruelty.

He gritted his teeth secretly, and there seemed to be a slight crack on his warm and modest face:

“Let him in.” The

assistant nodded, turned and walked out.

Shang Qian didn’t want to see Shang Qun, and he didn’t want to appreciate the desperate or pleading attitude on his face.

Whether he is good or bad, Shang Qian doesn’t want to have anything to do with him at all.

They have no father-son relationship, but Shang Qian didn’t have to look at his gaffe.

He is not so vindictive.

Otherwise, he would not have been cornered so many times, and he never really fought back once.

But this time is different.

He touched Su Nan. For the first time, he wanted to approach a woman. She was like a warm sun. After meeting her, it was like entering another world.

That world is inclusive, warm, kind, and lovely.

He can't let anyone destroy Su Nan.

Therefore, he must deal with the business group here.

The door is opened.

Shang Qun came in wearing a black formal suit, his face was very bad, and it was dark.

He stared sharply at Shang Qian who was sitting there.

His eyes were full of anger, and there was no hint of softness.

Shang Qian bent the corners of his lips, but there was no trace of warmth in his eyes.

He stood up and said, "Director Shang, this is the first time I have come to my office since I left the business?"

No matter what hardships he has encountered these years, the business group will not raise his hand to help him.

Likewise, he would not beg him.

The two are completely unrelated strangers.

This is undoubtedly a mockery of the business group's pursuit of advantages and avoidance of disadvantages.

Shang Qun's face darkened a bit.

"You are busier than me. Last time you came, your assistant said you weren't there?"

He was full of resentment.

Shang Qian looked at his assistant and said with a smile, "It's not there."

Shang Qun snorted coldly, not wanting to get entangled in this matter:

"Tell me, what do you want, what exactly do you want?"

Shang Qian slightly Squinted.

Chapter 1316 Shang Qian, whom he envied, raised his head and glanced at his assistant.

The assistant nodded and withdrew in a timely manner, leaving enough space for the two of them.

Shang Qian started to make tea by himself.

The tea is boiling, and the fragrance of the tea is lingering.

Shang Qian looked at him in a trance for a moment, and suddenly, he laughed, lowered his head, and laughed at himself.

Shang Qun twitched the corners of his mouth:

“What are you laughing at? Do you want me to kneel down and beg you?”

He refused to bow his head to an illegitimate child, especially an abandoned child who had been abandoned by himself.

Shang Qian’s eyes flickered slightly, looking at him through the light, his tone was calm and cold:

“I went to country Z and met countless people, and I have doubted countless times, why is it me?”

Shang Qun frowned, stare at him.

Shang Qian’s tone was very indifferent:

“Why am I your son, why am I your illegitimate child?”

“You are still entangled in this matter?”

You are reborn as my son, and you have accumulated virtue. As soon as your mother dies, I will I took you to the business, gave you an identity, and made you worry about food and clothing, what else do you want?”

Shang Qun sneered, very disdainful.

Shang Qian lowered his eyes, a bit desolate and envious in his tone:

“No, it’s just because I’m unlucky.”

Shang Qun almost slapped the table in anger.

Shang Qian’s voice is still not arrogant or impetuous:

“I have never envied others before, and I always feel that gains and losses are a balance.

But I went to country Z and began to envy others.”

“Who is it?” Shang Qun snorted coldly.

“Su Family.”

Shang Qun’s tone suddenly became sour, he lowered his head, and quickly concealed his feelings.

“What did you say?”

Shang Qun is very sensitive to the Su family. He can’t forget what Su Nan did to Shang Yi, and he also can’t forget that when he returned to Country M this time, Su Nan stood in front of him with a winning expression.

He has a feeling that his self-esteem is being crushed!

A little girl’s film could actually make him feel flustered. He didn’t want to admit that this little girl was much stronger than Shang Yi.

Shang Qian raised his head and looked at him, his tone unchanged and his voice extremely low:

“None of the four children of the Su family are selfish and vying for fame and fortune, they all shine in their own fields, This is what a normal family should look like.

Not in a business, a son is not a son, a nephew is not a nephew, it’s ridiculous!”

Shang Qun’s eyes sank, and his face instantly turned cold.

That last sentence was like a slap in the face.

“Aren’t you just jealous of Shangyi? You get more than you? If you talk about it, even if there is no Shangyi, the merchant will still be a businessman, and you won’t have it!”

He spoke viciously, refusing to confess in front of an illegitimate child. .

Shang Qian's face darkened, his hands clenched tightly.

“Do you think I'm a rarity with a businessman? The businessman is not as good as others, so he wants to kill me, Mike, and Shangqi again and again. He can have what he is today, and he deserves it all by himself!”

Qun's face was ugly, and he sat there, looking at him extremely ridiculous:

“So, you are helping Su Nan to get revenge on us? You have been waiting for this opportunity for a long time, right?”

Shang Qian, let me tell you, if I really condone Shang Yi to kill you and Mike, do you think you can survive with your original ability? “

He chuckled lightly, “Because I let you go and let you go, you can have today!” “

Shang Qian's eyes were cold, with a bit of scarlet in his pupils:

“So, Mike and I, what did we do wrong? We have to thank you for your kindness not to kill? ‘

His voice fell, terribly cold.

condensation.

Shang Qun: “So, you won't stop?”

Shang Qian: “I didn't do anything at all. When things developed to an irreversible point, you all killed yourself. If you weren't too greedy and wanted to Circle the money, everything will be saved.

But now...”

He smiled.

The situation is clear now.

The Shang Group has ushered in waves of blows, even if those politicians want to stand for them, but now reality does not allow it.

Countless people began to take to the streets to protest the stock market turmoil, and countless spearheads were directed at the Shang Group.

Not only did the Shang Group fail to respond in a timely manner and take effective measures, but instead used an arrogant gesture again and again, condescendingly accusing those who marched of “unreasonable trouble”.

The Shang Group made a lot of money, and they bit the money and did not let go.

Even a penny didn't want to leak out of the fingers, which made the investors' anger to the extreme.

Now many people demonstrate at the door of the Shang Group every day, but all the companies under the Shang Group have been greatly influenced and resisted.

Even their basic day-to-day work has been severely affected.

“Now, can you only speak sarcastic words?”

Shang Qun's tone was solemn and dissatisfied.

Shang Qian chuckled lightly, and looked at the nervousness on Shang Qun's face inadvertently.

He wanted to laugh, but felt he deserved it.

“Spit out the money, and the people in the country M will let you go. This is very simple, all they want is money.”

Shang Qun's expression changed:

“This is absolutely impossible. The money didn't flow into my own pocket. With so many people in the company, this money is not determined by one person.

Besides, the company has long since taken this money. If you manage the above relationship, it will never be restored.”

Shang Qian took a sip of tea lightly, his face was indifferent:

“Then suspend trading from Nasdaq and prepare to delist.”

Shang Qun's face changed, his eyes were dead. Staring at him deadly.

“Shang Qian, did you not want to help me at all?”

“I want to see you, not to give you a wrong signal, what is the benefit to me to help you, in business, we have nothing to say. “

Shang Qian’s mouth pulled out a cold arc.

Suddenly, Shang Qun stood up, his face was extremely ugly, and he glared at Shang Qian.

“Okay, let’s talk about business, you go back to the business, everything in Shangyi is yours, all the wealth of the Shang Group, exchange this risk with you and pass the risk safely!”

Shang Qian sneered and looked up. he.

There was a bit of coldness in his eyes.

“As I said, I don’t care about merchants, and I’m not interested in everything about Shang Yi. Director Shang, you really feel superior, right?”

Shang Qun was so angry that he said, “Okay, what do you want to do? Seeing that the merchant is gone, are you happy?”

Shang Qian looked away: “

When the merchant was there, I didn’t lose anything, and it doesn’t matter to me anymore when I’m gone.”

Grinding his teeth, he said:

“Okay, this is what you said, Shang Qian, the chance is only this time, don’t regret it.”

Shang Qian smiled, looked up at him, and his face was indifferent:

“Good luck.”

Shang Qun angrily put his foot on the table in front of him, the tea was spilled on the table, and a cup rolled to the ground, making a crisp sound.

He raised his foot and turned to leave, the office door slammed loudly.

The world seems to be quiet.

Shang Qian calmly picked up the cup on the ground and put it on the table.

Fortunately, the cup was not broken, and this set can continue to be used.

After a while, the assistant came in, saw this scene, and then bent over to clean up with him.

“Mr. Shang, I just watched him get in the car and leave, and his face was very ugly.”

“It’s right that he doesn’t look good.”

Shang Qian’s tone was very indifferent and didn’t care.

What he wants to say, he has said it just now, it seems that this is what he has said to Shang Qun the most in his life.

Fortunately, his choice has not changed.

The assistant sighed aside:

“Actually, the best way for the Shang Group now is to delist. Unfortunately, the Shang Group has always been high, I’m afraid it won’t be able to hold the air, right?”

Shang Qun sneered and said nothing, he stood I got up and tidied up my clothes:

“Listening to what he said, I don’t know that the Shang Group has been sold by the vice

president. I really don’t know how he will react if the matter is exposed?” “President Shang, Miss Su, when are you going to shoot?”

Shang Qian hesitated for a few seconds, frowned, and shook his head.

Then he smiled again, with helplessness in his smile.

“She has always been unpredictable. I don’t know when she came over suddenly?”

Assistant: “Why don’t you ask? You have done so much for Miss Su, so she doesn’t know it, right?”

Shang Qian paused. , smiled:

“It doesn’t matter, if she knew, she would definitely stop me.”

“Stop you? Why?” the assistant asked in confusion.

Shang Qian: “Although she hates business people, she doesn’t want me to turn against them.” The

assistant opened his mouth and wanted to say something, but looked at Shang Qian’s attitude and closed his mouth again.

He became more and more curious about Su Nan’s existence.

How could Shang Qian become like this?

Incredible!

“It seems that this Miss Su is really a person who deserves her sincerity.”

Shang Qian smiled and nodded.

Even if it was wishful thinking, he would.

Think about it, only a few days after seeing her, he desperately wanted to see her.

...

Su Nan and Cheng Yi finished their rides and were half dead from exhaustion.

Originally planned to sit in the bar, but Su Qi insisted on taking Su Nan home.

Because the business of the business has not been solved recently, it is difficult to guarantee that the people of the business will not leave some small tails.

Hard to guard against.

Su Nan could only follow Su Qi back to Su’s house.

When the two returned, it was already dark.

There was a hint of chill in the air.

As soon as Su Nan and Su Qi ran into the living room, they saw Su Ming sitting there with a gloomy expression.

Su Ming was the one who couldn’t hide his emotions the least among them.

Su Qi smiled and walked over: "Second brother, don't you live in the laboratory on weekdays? Why do you have time to go home?"

He was extremely excited to go up and hug Su Ming, but Su Ming quickly avoided it. .

Su Qi: "...?"

Su Ming glanced at him, then raised his head to look at Su Yifeng.

I want to say something, but I don't know where to start.

Su Yifeng also sat there with a sad face, watching Su Qi and Su Nan come in, as if he had seen a savior:

"Great, you guys can help the second child come up with ideas, I'm getting old, and I'm not going to do things like you. There's nothing I can do."

He said, he stood up and patted Su Ming's shoulder:

"Dad will help you, but you can think of the way!"

After he finished speaking, he immediately went upstairs to the study to hide. .

...

Su Ming glanced at him silently, then turned around without saying anything.

Su Qi and Su Nan looked at each other, and they could see that something was wrong with Su Ming.

Su Qi happily sat aside:

"Second brother, you're welcome, if you have any questions, tell me, I'll help you, emotionally or professionally? Has

a genius more powerful than you appeared in your research institute?

Or don't you have any? Money?"

Su Ming gave him a blank glance, stood up and went upstairs.

Halfway through, he paused.

“Xiao Wu, come up.”

Su Nan, whose name was called, was taken aback and stood up abruptly:

“Okay!”

Su Qi: “What does this mean? Why don’t you just call me? Don’t I deserve to know? “Is it?”

Su Nan curled his lips proudly:

“Perhaps, everyone knows you are an embroidered pillow?”

“I’ll fuck you!”

Su Qi picked up the pillow and threw it away.

Su Nan ducked flexibly, then went upstairs with a smile.

Su Ming’s room is on the third floor, the highest room, and the decoration style inside is the atomic wind that he likes.

Su Nan hasn’t been here for a long time. She looked left and right, and looked around very freshly.

“Second brother, what’s the matter with you? Are you quarreling silently?”

After Su Nan finished speaking, Su Ming’s face collapsed.

A bit of sadness appeared on that handsome and gentle face.

“I may not be able to get married.”

Su Nan was shocked and looked at him in surprise:

“Ah, why?”

“I made an appointment to try on the wedding dress today, but I forgot. I stayed in the laboratory and didn’t bring my mobile phone, so I threw Momo and her family away. Waited for me in the bridal shop all day.”

He said, his voice weakened.

“Her family is very angry, and she is also very angry, no matter how I explain it, it is useless.”

Su Nan stood there, suddenly understanding Su Yifeng's helplessness.

This problem is too difficult, he is an old man, and he can't solve it at all!

Suddenly, she felt a little big head.

"Then... Are you still answering your phone silently now?"

she asked tentatively.

Su Ming shook his head and sat down on the chair beside his table with his eyes down.

The room was very quiet, and there was even a hint of despair in the air.

As a woman, Su Nan thinks in a different position. If she is in a silent position, let alone get angry, she may never want to see Su Ming again in her life.

Su Ming's slender and clean fingers were playing with the Rubik's Cube on the table, and she acted very quickly. Before Su Nan could see clearly, the Rubik's Cube had already been put together.

Su Nan stood by the wall and thought for a while:

"Do you feel hopeless?"

Su Ming nodded.

Su Nan coughed: "Forget it, then just don't get married. Anyway, you are so focused on your career that you don't care about silence at all.

"Disordering his shirt, he took a breath:

"Who said that? Of course I like silence, I want to enter into a marriage relationship with her."

Su Nan looked at him with a half-smiling smile:

"I can't tell, have you two really been in love?"

You spend your holidays in the lab, how many times do you contact her a day? Or... how many times? Contact once a day?"

Thinking about Su Qi's character, he is almost alone, there is only one social software on his mobile phone, and everything else is empty.

His friends are also very few, his relatives and friends add up to less than ten people.

I thought before that, fortunately, Silent Si is a scientist like him. Otherwise, how can I understand his work and hobbies?

The first thousand three hundred and twenty chapters are sincere

Chapter 1320 is sincere

, but now, the biggest problem of the two people has been revealed.

It was inevitable.

Su Ming is unmatched in his career except for his deceptive looks.

What Su Yifeng is most proud of is that Su Ming is not in business, and his specialty is simply unexpected!

But emotionally, Su Ming is a noob!

It's so frustrating!

"Every time I'm free, I'll contact her. At other times, she won't be able to contact me even if she contacts me."

Su Ming said in a low tone.

Seeing the loneliness that he couldn't hide while sitting there, Su Nan was also very distressed.

After a second, he suddenly remembered something and looked at him:

"She doesn't answer the phone, you can go to her."

Su Ming looked up at her: "Do you think she will meet me?"

Su Nan pursed her lips: "There is a way Yes, but your attitude must be sincere!"

Su Ming frowned, "I've always been sincere!"

Su Nan twitched the corners of his mouth, "You feel that sincerity is useless, you have to let everyone see that you have to be sincere. Even if you

lose your dignity and prestige, you have to jump off your high altar. You can't keep Silent thinking that you are unattainable.

Let me remind you that it is the most common thing for fans to change idols. That day if she doesn't fall in love with you anymore, she will replace you, and you'll be finished!"

Perhaps she was frightened by Su Nan's words, Su Ming's face changed a few times, and she was uncertain.

I don't know if he understood, but Su Nan patted him on the shoulder:

"Let's do it, I'll ask her out tomorrow in the name of Xiaohu. You will apologize later, remember to prepare a gift!"

Su Ming blinked and looked at her, "It's that simple? But her parents seem to be very angry. Ah..."

"Second brother, let's coax Silently first and then take care of others. As long as Silent is not angry, her parents won't be so angry!"

Su Nan said helplessly.

Su Ming nodded, and Qing Jun's face had a hint of blush.

"Okay, then I know."

Su Nan patted him on the shoulder, "Wait for my call tomorrow."

After that, she raised her feet and walked out.

As soon as I went out, I saw Su Qi lying by the door listening to the corner of the wall...

was really pissed off.

Su Qi was not flustered at all when he was bumped into. He touched his nose and put his hands in his pockets:

"I'm not saying, our house is made of sound insulation, and the quality is invincible!"

He leaned forward, "Second brother What's the matter? Broken in love?"

Su Nan looked at him with great interest, but bit her mouth and didn't let go.

"Guess?"

Su Qi: "Xiao Wu, isn't that right? I can do me a favor too!"

Su Nan smiled, "Forget it, don't interfere."

Su Qi cut I said, "I don't care, I don't want to meddle in my own business. I only have a week's vacation, and I have to go to the company to check. I don't know how Du Yan is?"

Su Nan didn't answer, and took his mobile phone to look around Su Xiaohu is gone.
in the kitchen.

Su Xiaohu was lying on the high stool beside him, looking lazily at the servant making snacks.

"Thirty grams of sucrose, fat aunt, you used white sugar..."

It wagged its tail and reminded.

Aunt Fatty was stunned for a moment, then patted her head:

"You are smarter than the housekeeper. After staying here for a while, I didn't do anything right!"

"You have to be careful, the young master and the young lady love sweets, but they You can't eat too sweet, you must pay attention..."

Su Xiaohu imitated the housekeeper's tone and warned Fatty Auntie earnestly.
