

## Read Divorce Billionaire Heiress Chinese Language Chapter 1321-1325

Chapter One Thousand Three Hundred and Twenty One Insanity

Fat aunt perfunctory while working:

“I know, but I don’t know if you tigers eat sweets!”

“Tigers are birds of prey and will hunt and kill other animals, but the natural world he lives in There is no refined sucrose in it, the sugar needed by the body must be taken from plants and animals...”

Su Xiaohu happily explained to the fat aunt.

Aunt Fatty interrupted helplessly: “Xiaohu, play me a song, I’m doing a good job listening to the song!”

Su Xiaohu hummed, reluctantly, he really enjoyed the process of talking with humans.

After watching for a while, Su Nan couldn’t help but smiled and knocked on the door:

“Su Xiaohu, you actually found your new hobby?”

Hearing Su Nan’s voice, Su Xiaohu excitedly got off the high stool He jumped down and slammed onto Su Nan’s body to act like a spoiled child.

“Mama——”

Su Nan smiled and touched his tiger fur, which was soft and comfortable.

Several servants quickly put down their work and looked at Su Nan respectfully:

“Why did you come here, miss?”

Su Nan smiled: “I’m here to find Su Xiaohu, you guys are busy... .”

After that, she went out with Su Xiaohu in her arms.

The rest of the servants breathed a sigh of relief, looked at her back, and couldn’t help but

say, “Miss’ character is really good, I’ve done it a few times in rich people’s homes, and other people just show off their power because of their wealth. He is also bossy towards us.

But Miss Su actually ran into the kitchen herself, which is really different!”

The fat aunt smiled: “That’s right, I’ve been here for five or six years, and I haven’t seen the young lady say a single word to us. Look at the butler, the person with a sullen face all day long, but when you mention the young lady, come here. It’s full of praise...”

“I heard that the young lady broke up with the president of the Fu family, is it true?”

A newcomer asked.

Fat Aunt put down what was in her hand and looked at her vigilantly:

“Before you came, the housekeeper didn’t tell you, so don’t ask about it casually?”

The man muttered, knowing that he had said something wrong, “I just said it casually. Ask, I’m not very curious.” The

fat aunt rolled her eyes at her, lowered her head and continued to do her own thing.

...

Su Nan held Su Xiaohu in the room, found Silent’s number, and called it.

After a few beeps, Su Nan listened nervously.

Finally, the phone was picked up.

She breathed a sigh of relief.

Fortunately, Silent did not block her!

“Susu? Is there something wrong?”

Silent sounded sullen, unable to lift his spirits.

Su Nan immediately said: “Moo, Su Xiaohu has been a little unhinged recently, I want you to take a look at it for me, shall we make an appointment tomorrow?”

Silent paused for a few seconds, then sniffed:

“Take Su Xiaohu Throw it away, I’ll give you a new one! What animal do you like, a panda or a fox?”

Su Nan was taken aback, Su Xiaohu in his arms couldn’t hold it any longer, and he resisted as if he had exploded:

“Silence, you nasty bastard. , you hate the most in the world, I will factory reset you, and I will remove your right to arrange me!”

Silent smiled, “It seems to be really insane, okay, see you tomorrow.”

Before Su Nan could respond, Silent hung up the phone.

She hadn’t even had time to stop Su Xiaohu, but she didn’t expect it to backfire, and Silent Mo agreed!

She smiled and touched Su Xiaohu who was still losing his temper:

“Dear, don’t be angry, I’m just making an excuse, I won’t take you to see her tomorrow, don’t be afraid!”

Su Xiaohu looked up angrily Hutou: “No, I have to go, I will personally go over and question that unscrupulous woman!”

...

Chapter 1322 is not qualified to shout tired

Chapter 1322 is not qualified to shout

that Su Nan is in a good mood and doesn’t care about it:

“Okay, you can go if you want. Anyway, you haven’t seen each other for a long time, Momo should miss you very much!”

Su Xiaohu is extremely With a disdainful cut, he jumped down to look for Su Yifeng to act like a spoiled child.

...

it was late at night.

A few faint cicadas could be heard.

Su Nan took a shower, changed into comfortable clothes, and came down to eat dessert.

Su Jin just came back from S City, and he is full of dust.

The housekeeper uncle was carrying things in large and small bags behind him.

Su Nan’s eyes lit up:

“A special product?”

Su Jin responded:

“Don’t you like the Songhua cake there? I’ll bring you some...”

Su Nan walked over with a smile, “ Thank you big brother, you have worked so hard on this business trip!”

Su Jin chuckled, not feeling her sweet mouth.

He then left the documents on the table:

“This is the current progress of the project in S City, I think it is necessary to reschedule the progress, I have temporarily suspended the work there, and pay more attention to the procurement of new building materials... I’ll go up to take a bath first, and I’ll tell you later.”

Su Nan didn’t even take a bite of the cake, she already understood that she was going to work overtime tonight?

This is too bad!

The uncle the housekeeper held back a smile:

“I think he bought so many delicious food because he knew that you didn’t eat or work!”

Su Nan nodded in agreement:

“Have the second brother and the third brother eaten?”

“The second young master is upstairs. He is in a bad mood, so don’t let anyone disturb him.

The third young master just drove out and said he was drinking with friends...”

The housekeeper uncle reported the movements of the others responsibly:

“Director Shang has returned to the study...”

Su Nan nodded. She sat on the sofa and pulled the blanket beside her to gently cover her. With slender legs, he took a casual lap, picked up the cake and took a light bite.

really not bad.

If it wasn't for the fact that she was in a hurry every time she went to S City, or she really wanted to stay there for a few more days to eat enough!

Financial news was playing on the TV, and Su Nan watched casually.

As soon as Fu Yechuan returned from country M, he participated in many public events.

In the past, please do not move him.

The number of appearances like this, I am afraid it will not be long before the big project in his hand starts!

While watching, Su Jin took a shower, changed clothes and walked downstairs, still faintly tired.

“Let's get started...”

Su Nan, who was caught off guard, was still biting the egg tart in his hand intently.

I looked at the time, it was almost ten o'clock.

She wanted to say refusal, but she thought that Su Jin was not tired just after a business trip. After playing for a day, what qualifications did she have to say that she was tired?

So, she nodded solemnly, turned off the TV, and sat on the sofa beside him.

Su Jin took out the documents and his face was stern:

“Although there is no problem with the building materials, I asked the purchasing department to re-bid this time. The suppliers of the new batch of building materials must be strictly selected...”

Su Nan nodded and quickly got into work.

As soon as Su Jin said business, two hours passed easily.

Su Qi came back with the smell of alcohol, and when he saw this scene, his eyes widened.

“Brother, are you guys still having a meeting so late?”

Su Jin ignored him, didn't even raise his head, and responded with a sound, more like coping.

Su Qi looked at Su Nan:

“Why are you still not sleeping? You don’t want your skin that can be broken by bullets?”

There was a cold atmosphere in the air.

Su Nan rolled his eyes at him, thinking she didn’t want to sleep?

She controlled her emotions:

“Third brother, have you been drinking all night? Are you having fun?”

...

The first thousand three hundred and twenty-three chapters

Chapter 1323 The playboy

Su Qi tutted twice: “Of course I’m happier than you, but looking at you, I look like a playboy!”

Su Jin finally reacted and said lightly:

“Do you think that Aren’t you?”

Su Qi: “...”

Su Nan: “...”

Su Qi touched her nose and coughed:

“I’d better go up and sleep!”

Halfway up the steps On, he paused, looked at Su Nan, and blinked.

Su Nan didn’t know why.

She lowered her head and continued to listen to Su Jin’s words.

After a while, the phone on the side rang.

It was Su Jin’s phone number.

Caller ID: Wife.

Su Nan’s eyebrows twitched, and Su Jin picked it up immediately, his voice was a lot softer:

“Hello?”

He stood up, gave Su Nan a wink, and Su Nan nodded.

Arrived while answering the phone, listening to his smooth voice, he hummed a few times, with a smile on the corner of his mouth, and a gentle expression that could not be concealed between his eyebrows and eyes.

Su Nan never dreamed that Su Jin would still have such a day.

Finding the right person is the happiest thing.

She looked down at the s of the document, thinking about it, Su Jin had hung up the phone.

Su Nan seriously waited for Su Jin to continue.

As a result, Su Jin looked at the time:

“Forget it, your sister-in-law asked me to rest early. I can’t stay up late with you. I’m going to bed. Good night.”

He glanced at her and added,

“Remember to pack up your documents.”

After speaking, he loosened his collar, took his mobile phone and went upstairs.

There was a soft smile on the corner of his mouth.

Su Nan was stunned: “...”

So, just because of a phone call from Wen Xiang, he was relieved?

Su Jin, who never changed easily, changed so easily?

His figure gradually disappeared at the entrance of the stairs, and Su Nan gradually reacted.

She packed up the documents, took them to the study, and walked to the door of the room, so tired that she could barely open her eyes.

Pick up the phone and take a look.

Su Qi sent her a WeChat message a few minutes ago:

“Wait for me to find a savior to help you!”

After speaking, he sent a screenshot of him calling Wen Xiang.

Su Nan couldn't help but smile.

It turned out that Su Qi contacted Wen Xiang, and Wen Xiang called Su Jin.

But Su Qi finally did a great thing!

...

the next day.

Su Nan sent Silently the location of the appointment.

Silently: “Looking at Su Xiaohu, do you have to go shopping?” The

location was in a high-end shopping mall, and Su Nan had not been there for a long time.

She replied: “Su Xiaohu has a disease that makes him scream if he doesn't go shopping !” Silently

: “Looking for death!”

Su Xiaohu drooped his head and looked helplessly at Su Nan editing his “bad words” on his mobile phone.

to the mall.

Su Nan sat in a coffee shop and waited in silence.

Chang Li was guarding not far away, so Su Nan felt more at ease when she came out.

The marble on the ground is bright and clean, and even a reflection can be seen.

But after a while, Silent came over with a meatball's head and her small bag on her back.

Su Nan hurriedly waved:

“Silent, Ringo hasn't squeezed you recently, has he worked a lot of overtime?”

Silent smiled, “Some time ago, Mr. Lin knew that I was going to get married and gave me a month's marriage leave!”

Said When she got up the price, there was a smile in her eyes.

But in the next second, her smile stopped abruptly.

He thought of something, with a bit of disappointment and melancholy in his eyes.

Su Nan swept his eyes to the outside, and saw that there was a closed sign in the bridal shop opposite, and two men got in one after the other...

...

The first thousand three hundred and twenty-four chapters blind date

Chapter 1324 The blind date meeting

Su Nan smiled, looked at the silence, and took Su Xiaohu out of the bag:

“It misses you so much...”

Su Xiaohu kicked on four legs , “No, let me go, I’m going to eat Silent!”

Silent’s face instantly became energetic, and he grabbed it by the neck:

“Do you really think of yourself as a beast? Little traitor, you can fit in your stomach Is it?”

Su Xiaohu fearfully and unwillingly surrendered to the silent and powerful coercion.

After a few rounds, it had to be forced to admit that Silent is the most beautiful woman in the world.

Seeing that she was in a better mood, Su Nan gradually turned to the topic.

“Mom, let’s go to the opposite side, shall we?”

Silent raised his head and looked at the point opposite, only to notice that it was an exhibition hall of luxury wedding dresses.

The wedding dresses inside are all world-class high-end styles, which cannot be bought with money. The identity information and family background of the purchaser must also be checked.

Such conditions make many people discouraged, so it has become an exhibition hall for wedding dresses.

At present, even those who go in to visit need to register and make an appointment with their ID cards in advance, which shows how precious the wedding dresses are.

Of course, she also dreamed of going in and wearing the wedding dress inside, but she also knew her family situation, which was incomparable to the Su family.

And Su Ming is not a person who cares about superficial skills, so when she chose a wedding dress, she chose it in a relatively well-known high-end wedding dress shop based on her family situation.

In this way, they still made a very unpleasant thing.

Seeing that Silent's expression was lost, Su Nan went over and took her hand:

“Moan, go in, you are getting married, I haven't been involved in anything yet...”

Silent hesitated for a moment, but still struggled to speak:

“Susu, I may not be able to marry your brother!”

Su Nan was stunned, trying to keep himself calm.

Although she had known about their relationship for a long time, the moment she opened her mouth silently, it showed that this matter was very serious to her.

“The last time I chose a wedding dress, he let me and my family's pigeons go. It would be fine if it was just me, but my parents deliberately asked for leave to accompany us to choose a wedding dress, but he didn't take it seriously, and I will not dare to think about it in the future. My parents are very angry ,

although I have always liked him and I have always looked up to him, but I can't guarantee how long I can like him by looking up to him, so...” The

silent tone was lowered.

The atmosphere around is quiet.

Su Nan reached out and held her wrist, looking at her with clear eyes:

“Silent, it is normal for you to have so many considerations, I will always support your decision, but we are still good friends, right? “

Silently nodded immediately.

Su Nan smiled: "It doesn't matter, there are many high-quality young men around me. Even if my second brother is gone, there are still many people. When the time comes, I will hold a blind date for you. You can choose whichever you like!" There

was silence for a while . Startled, I didn't expect Su Nan to be so happy.

A smile immediately appeared on her face and she nodded.

Although I was still very sad, the feeling that the boulder was pressing on my heart had disappeared. Su Nan stood up, "But you still need to see the wedding dress. Anyway, you have to see it sooner or later. When the time comes, you can choose a few more pieces and take a few more pictures, so that your parents can also see if they

are satisfied?"

She went out the door.

When she was about to enter the opposite side, Si Mo suddenly took her hand and lowered her voice:

"I heard that the wedding dresses in this store are not sold directly. Even if you go in, you have to make an appointment. How many more should I choose? I'd better look back at the magazine..."

...

Chapter 1325 is all hers

The first thousand three hundred and twenty-five chapters were all about her,

Su Nan, who quickly grabbed her and turned to leave.

He smiled helplessly:

"Little Fairy Momo, you have to believe in my economic strength. I'm a rich woman, can't I even enter this store?"

Momo looked at her with a frown and looked half-believing.

Su Nan's self-esteem was hurt, she waved her hand:

"The whole mall is mine, if you don't let me in, let it disappear!"

Silently shocked: "..."

The whole mall is Su Nan's?

so tough?

Su Nan walked over in silence, and before reaching the door, the waiter inside had opened the door respectfully and politely.

“Welcome...”

Silently: “Wow, there are always people inside...”

She thought it was usually closed inside.

Su Nan: “...” The

waiters all wore uniforms, with very standard smiles and etiquette.

As soon as I entered, I was shocked by the interior decoration.

It can't be said to be magnificent, but this feeling is that there is endless luxury in the low-key, and every light has been polished into the appearance of diamonds.

The wedding dresses are placed in air display boxes of different shapes, which are completely transparent, and you can see the styles of the wedding dresses at a glance.

Some wedding dress styles are tens of meters long and stand high in the air, allowing people to see the complete picture at a glance, which is simply shocking.

The most outstanding thing about these aerial exhibition boxes is that they have square, round, polygonal prisms, which reflect a light and cold light, and they look expensive.

Silent was fascinated by everything in front of him and was stunned.

I just didn't expect it to look like this inside.

It was like entering another dream world.

On the front display screen, there are exhibition pictures of the models walking the catwalk when they wear these high-end wedding dresses, which allows people to see the dynamic appearance of the upper body.

Silently grabbed Su Nan's arm excitedly:

“My God, this one is too beautiful. I remember that this one has not been exposed in magazines yet...”

She said that. I immediately took out my phone and planned to take a picture.

The service staff on the side stepped forward with a smile:

“Dear guest, you can’t take pictures here...”

Before she finished speaking, she glanced at the face of the person in front of her, and immediately changed her voice:

“But you can take pictures . , we also have the latest display pictures here, or you can try your upper body...”

Silent also knew that he was a little too excited and would lose his temper.

Although people said that, she still put away her phone silently.

“I don’t seem to have seen this one...” The

service staff smiled, “This one is a high-end custom model that will be announced by the media in a week, so there is currently no disclosure on the market. news.”

Silently exclaimed in shock in his heart.

It’s good to be rich. For the first time, she enjoys special treatment that others have not seen but that she has seen.

It’s no wonder that others are not allowed to take pictures. If this is spread, I’m afraid a tornado will blow up in this circle!

Su Nan looked around and turned back.

It’s pretty, but it’s nothing special.

“Momo, you can try whatever you like, just choose whatever you want.”

Silent swallowed his saliva, “Choose whatever you want?”

Su Nan nodded, “If you can’t choose, then try next to each other. ....”

She looked at the service staff beside her:

“Forget about the styles that have been bought, the classic and latest styles can be taken out.” After all

, getting married in silence is a big deal, and you can’t just do it casually. fooled.

**Most of the readers are now reading this novels:-**

## Read Divorce Billionaire Heiress Chinese Language Chapter 1326-1330

Chapter 1326 The idol script

service staff responded with a smile, and then arranged for someone to choose the dress.

Silently looked at her nervously: "Do I want to try it? How about you?"

"I don't have any plans to wear a wedding dress at the moment, so forget it, but you can..."

Su Nan paused, "Originally It's okay to let others wear it for you to see, but it doesn't have a sense of participation, the wedding dress is different from other clothes, you still have to wear it yourself to find out, and if you are tired, let others wear it for you to see!"

Silent: "..."

She was still very strange, why did she start trying on wedding dresses inexplicably?

She originally just wanted to come in and see the world.

But it is really too beautiful, she is very hopeless immersed in the world's top beauty.

Forget it, it's just a try, isn't it enough to enjoy it?

Thinking about it, she looked at Su Nan and nodded, handed Su Xiaohu to her, and then ran into the fitting room by herself.

As soon as I entered, there was actually a service staff in the fitting room.

"Hello dear guest, do you need me to help you change your clothes?"

Wow, this service is really thoughtful and can't be more comprehensive.

But Silent really doesn't have the habit of letting others visit him to change his clothes.

But maybe the people in this exhibition hall are afraid that they will break it?

She tentatively shook her head, "I can wear it myself." The

service staff smiled without changing his face:

"Okay, I'll wait for you outside. If you need anything, you can call me to serve you."

After that, the service The staff backed out.

She took a long breath, it was really incredible!

The ninja was excited, and she began to try on the wedding dress...

Su Nan sat on the side eating snacks, leisurely watched the video that the service staff showed her, and swiped over in dissatisfaction.

The next second, a man suddenly sat beside her, picked up her snack, tasted it, and threw it aside in disgust.

“It’s not as delicious as Aunt Fatty’s cooking.”

Su Nan gave him a helpless look, “Why did you come with me?”

It was Su Qi.

Didn’t he say he was going to the company to discuss business affairs with Du Yan?

Su Qi smiled meaningfully:

“Just kidding, this is the second brother’s big business, can I not participate? I was so desperate that the second brother brought me here.”

Su Nan lowered his head and continued . Watch the video and ignore it.

Su Qi was very excited, “How can you tell them how to meet for a while? Did you accidentally go to the wrong locker room? Or did the two meet after changing clothes? Or...”

Su Nan was speechless and disgusted. glanced at him.

“Third brother, can you change your idol script? How old is this? It’s really vulgar to the extreme!”

Su Qi looked at her hurt:

“vulgar? Don’t all the little girls like this one very much?” Is it?”

Su Nan shook his head firmly.

“Only junior high school students will like it, right? You must have grown up in the age group. It seems that you really don’t know girls well. How can you like you?”

Su Qi, who was very hurt, looked tense. , Ugly and sad:

“Don’t talk about it.”

A blow from his own sister.

Why does Ningzhi act so happy every time he prepares a surprise?

Is it fake?

Su Qi couldn’t help but have some doubts, and he fell into deep thought.

Su Nan was silent, and later felt that it was too much. Su Qiyi was sad and really uncomfortable.

She coughed:

“I think you and Zhili are a natural pair. You are the bastard looking at mung bean and seeing the right eyes!”

Su Qibai glanced at her and said in a cold tone:

“Shut up.”

Su Nan touched it. Nose: “Oh.”

...

...

Chapter 1327 I don’t want to see you

Chapter 1327 I don’t want to see you

change several wedding dresses in silence, looking at myself in the mirror, I can’t believe it.

Those wedding dresses that no one else dared to think about have been tried by myself.

I have to say that the feel and details of these advanced customizations are really not comparable to ordinary brands.

Su Nan admired it with great interest, and gave some very pertinent opinions from time to time.

Silent was a little surprised by Su Qi’s appearance.

However, Su Yingdi's character is unexpectedly kind, and she has seen it for a long time.

Moreover, the opinions and evaluations he gave were more professional than those of Su Nan. He was very attentive when taking pictures of her, and the photos were even more perfect than those of professional photographers!

Silent completely regarded him as a god-like mentor.

Actors in the entertainment industry have different aesthetics of course!

One after another, Su Nan felt that she was tired, but Silent was always happy to try on the wedding dress.

There is a posture to try all the wedding dresses.

Su Nan felt a little distressed for the second brother who was hiding inside.

Soon, I was hesitating, why did this wedding dress not come out after trying it for so long?

The next second, I suddenly heard Silent's voice that raised its tone.

"Why are you here? I don't want to see you!"

"You don't want to see who I want to see?"

As soon as the voice came out, Su Nan and Su Qi immediately exchanged glances and ran over nervously.

The two people outside the locker room faced each other and were ready to fight.

Silent is wearing the haute couture wedding dress that has not yet been released, and the whole person is set off like a little fairy who has strayed into the mortal world.

Opposite Su Ming was wearing a high-end dress. There was no choice in his style, but he felt a sense of alienation from noble and abstinence.

The two looked at each other, and their eyes were red.

He was really reluctant.

She really wanted to give up.

Su Qi leaned aside and smiled, "It's a perfect match!"

One sentence broke the silence of the two of them.

He was silent for a while, then turned and left.

Su Ming grabbed her arm, her voice was low and calm, but her expression betrayed his nervousness:

“Where are you going?”

Silently bit her lower lip: “I’m going to change my own clothes.”

“Why? This one is very beautiful.”

Su Ming’s eyes darkened, “I have never seen such a beautiful bride.”

Silently did not expect Su Ming’s words to be so soft, and his heart trembled slightly.

But soon, she returned to normal.

“It’s not yours if you’ve seen it, so save it!”

Su Ming: “...”

Silently broke free from his hand, and just about to leave, Su Ming simply stepped forward and blocked her way to go.

“Are you still mad at me? I really didn’t mean it. I was in a hurry for the experiment that day. I don’t remember anything when I get busy...”

Su Mingswen’s face was rarely revealed. A little bit of care and kindness.

Silently sniffed:

“You can forget such an important day, how many more will there be in the future?”

You can call me and tell me to change the time for such an important experiment, but you don’t.

My parents and I waited there for a long time. Even the people in the bridal shop advised us not to wait. Do you know how embarrassing I am? How embarrassed are my parents?

Even if you are very powerful, marriage is a matter of two people’s efforts, and I don’t have to marry you. After a long series

of words, he breathed out a sigh of relief in silence.

Su Ming's complexion changed slightly, and the corners of his lips pursed into a straight line.

...

Chapter 1328 Let it fend for itself

Chapter One Thousand Three Hundred and Twenty- Eight Let it

die on its own

To stand in a silent position, second brother, you are too much, you are not suitable at all, let's separate..."

Su Ming twitched recently, her pupils trembled, and she looked at Su Nan.

Su Qi was also stunned: "..."

Is Su Nan here to add fuel to the fire?

Su Nan snorted softly, "I'm going to arrange a blind date for Momo soon, Cheng Yi is the first one, with a good family background and a sweet mouth, no one doesn't like it, if not, it's other people, anyway, they will cherish Momo more than you!"

Silently looked at her gratefully, and tears of excitement flowed from her heart.

Su Ming gritted her teeth, her face was a little blue, and her voice was low:

"Xiao Wu, don't even think about it."

"Anyway, Momo doesn't want you anymore. It doesn't matter who she is with in the future.

Your experiment is so important, you just Let's live with the laboratory for the rest of our lives, and we will send you invitations when we get married silently in the future!"

Su Nan simply finished speaking, and the surroundings felt that Su Ming's stern aura became even more awe-inspiring.

Somewhat cold.

His gloomy eyes stared at the silence, Su Nan said, but if the silence really did this, he didn't know what he would do?

Silent swallowed his saliva unconsciously, feeling that Su Nan was cruel.

She is crueler than herself.

Su Qi stood aside, his shoulders shaking with laughter.

He suddenly understood why Su Nan did this.

After scolding all those who could scold, Silent Si naturally felt no discomfort in his heart, but began to feel distressed for Su Ming instead.

What a clever little ghost!

After Su Nan finished speaking, he pulled Silent to leave here.

“Let’s go, let my second brother fend for himself!”

Silent was stunned: “...”

Su Ming’s face changed, and he stepped forward and took Silent’s hand.

“Don’t go...”

There was an unconcealed humility in his voice.

He opened his mouth, but said it with difficulty:

“Momo, before I met you, I really planned to be alone forever.

Except for my family, I’m not sensitive to anyone in this world, I think it’s possible No.

But after meeting you, I want to be with you forever. You are as important as my experiment.

No, you are more important than the experiment. I am ashamed that I forgot the promise with you that day, but please believe me Your loyalty.

Please don’t give up on me easily. I don’t know all kinds of relationships, but I will learn.

I will come to apologize to your parents in person. Can you...can you give it to me again? A chance?”

Su Ming, who has always been a scholar and despised all living beings, also had such a humble day.

It’s awkward to say that.

But if speaking out can make Silent change his mind, he is willing to say it!

Even if it is many times.

Su Nan looked at him and then at Si Si.

Finally, he stopped scolding him.

If she continued to scold her, her second brother would cry.

The atmosphere was silent for a moment.

Silently lowered his eyes, the surface was light and cloudy, and he couldn't see anything.

But my heart has long been overturned.

They have known each other for so long, and they have always reached out to him silently, and to be able to communicate with him is what she mustered up the courage to say.

She always thought that Su Ming married her, but she didn't hate her, and didn't like her much.

Su Ming looks cold and cold, gentle, and the most important thing in his heart is always experiments and data.

She knew that she was such a person too.

But he said that he is more important than the experiment...

...

Chapter 1329 regrets too late

The first thousand three hundred and twenty-nine chapters regretted that there was too much time

for Shen Mo to stand there without saying a word.

But from Su Nan's point of view, she could see that her eyes were red and the corners of her eyes were moist.

Su Nan glanced at Su Ming and winked.

What are you still doing, hurry up and strike while the iron is hot!

Su Ming pursed her lips, took a step closer to her, and put one hand in her pocket, as if to take out something.

Su Nan and Su Qi watched nervously and excitedly.

Proposal?

What an unexpected surprise!

This was not taught by Su Nan.

Unexpectedly, Su Ming, a head full of formulas, can draw inferences from other facts?

Really patient!

Silently swallowed his saliva, although he didn't speak, there was also a trace of tension in his expression... and anticipation.

In front of her, under everyone's attention, Su Ming slowly knelt down on her knees.

Everyone was shocked.

Even Su Qi was stunned.

The next second, Su Ming pulled up his silent hand and took a deep breath.

He took something out of his pocket and put it in the palm of his silent palm.

Su Nan and Su Qi froze.

The excited look was too late to take back.

Silent also had a shocked expression.

The thing in the palm of the hand is not the ring in the imagination.

Rather... a bank card.

This gift is truly beyond words!

Su Nan and Su Qi looked at each other, and then Su Nan took two steps back silently.

If Silent became angry again, she didn't plan to help.

Su Ming's performance is so abnormal, there is no help!

Su Ming: "This is all the bonuses I have received since I met you. This is the supreme honor for me.

Although I didn't have time to buy a ring for you, I can give you my honor. , this is more eternal than the meaning of the ring."

Silently quietly clenched the bank card.

She seemed moved too.

Such a scene was something she couldn't even dream of.

For her, Su Ming is someone who has been in textbooks since childhood, a name published in international journals, and an unattainable god-like existence.

But this god actually knelt in front of her.

Silent silently felt that if she refused again, she would be ignorant of praise.

She pursed her lips and asked him, "How much is there? Is it enough to buy a ring?"

Su Ming was taken aback and smiled.

Qing Junsu's face was stained with a little joy, and the corners of his mouth slightly curved.

"Enough!"

Su Nan and Su Qi watched in shock.

Su Qi: "This is a compromise? Why is

Momo so coaxing?" Su Nan: "Yeah, I thought it had to be separated..."

Momo pulled Su Ming up from the ground, Su Ming hugged her gently, undisguised the joy of being lost and found.

Just as I was about to bow my head to kiss her, I suddenly felt that it was not good to have outsiders present.

He frowned and looked at Su Nan and Su Qi:

"You two, go out."

Su Nan: "..."

Su Qi: "..."

Su Nan coughed and left a sentence before leaving:

"Silent, it's too late to regret it now. Oh..."

Then, the two walked out wisely.

Su Qi tutted twice, then let go as soon as he went out:

"This is the end?"

Su Nan gave him a blank look, "otherwise?"

Su Qi shook his head, if this changed Ning Zhi, he would have to toss him. Half dead!

Silence is really a good and understanding girl!

"This is even more bloody than an idol drama. The screenwriters don't dare to write like this. If you kneel, you will forgive. What will you do in the future?"

Su Nan: "Then who will kneel? Durian is about the same!"

After all, Su Ming's knee is more valuable!

...

The first thousand three hundred and thirty chapters are not weaned children

Chapter One Thousand Three Hundred and Thirty The unweaned child

Su Qiqi cut and shook the car key in his hand:

"Come on, let's go to the company with me, Du Yan was almost driven by you, and he was trembling all day."

Su Nan: "I'm not going." "I'm not

going? The company has a new batch of fresh meat, all of them look good!"

Su Nan hesitated for a few seconds, "Forget it, you finally came back once, or Let's accompany you to see it!"

Su Qi smiled silently, and then walked out.

"Goodbye, distinguished guest." The

service staff opened the door very sensible in front.

Before Su Nan came, he contacted the boss here, so today they only serve Silent.

The owner of this store has a good reputation in the fashion circle, but unfortunately, he has not been able to open the market in country Z.

They have been racking their brains to cooperate with the Su Group, but unfortunately they have never been able to find an opportunity.

This situation is that they are unwilling to lower their prices to cater to the mass market, and they have always taken the road of high-end brands.

But there are indeed not so many luxury consumers to buy wedding dresses here.

Even when some celebrities get married, in addition to the first-line big names, these celebrities even offered to ask them to sponsor them?

Is prostitution delicious?

Su Nan's status in this circle is well known. If she can open the publicity, will she worry that there are no rich and famous ladies to buy it?

Su Qi was driving, Su Nan sat in the co-pilot, and Chang Li sat behind.

She asked casually,

"When is your flight?"

"Tomorrow morning."

Su Nan: "So early? Do you know?"

Su Qi nodded, "She knows."

Su Nan: "Did she come to see you off?"

Su Qi shook her head and smiled helplessly:

"She's going on a business trip to country D tonight and just missed it."

Su Nan hesitated. After a few seconds, "Why do you feel that something is wrong with the two of you? Don't you usually get tired of being together in love?"

You've been away for so long, and you haven't seen her for a few days since you came back. Are you all going to die?"

Su Qi Bai glanced at her, gritted his teeth and tried to pinch her ears.

“You really don’t expect me to order it?”

Su Nan smiled and ducked.

“It was originally!”

Su Qi sighed and looked ahead:

“What can I do? She is dedicated to her career, can I stop her?”

Originally, I begged her to give me a second chance. We have to know what to do. What should I do if she kicks me again?”

Su Nan pouted, actually quite self-aware?

“Then when are you going to get married?”

Su Qi: “I’ve asked countless times, but they have to investigate me for a few more years!

I’m not saying, your sister is too unqualified!

How good is your brother usually to you? Ah, you can’t point it out at a critical time, and when you have nothing to do, blow the wind around your ears and let Zhi love me to the death, doesn’t she want to get married?”

Su Nan twitched the corners of his mouth:

“Zhi and I Silent is different, no one wants to fool her, just take your time...”

Su Qi: “...”

Huaying Entertainment.

Su Qi went directly into the underground garage and went upstairs directly from the internal elevator, so as to avoid encountering the paparazzi who were squatting outside.

After all, few people know the news of his return to China.

I also don’t want to expose myself in a big way.

He didn’t say hello and went directly to Du Yan’s office.

When the secretary saw him and Su Nan outside, he was shocked for a moment.

But before there was time to report, Su Qi took Su Nan and pushed the door in.

“What are you doing, what I want is a creamy little boy, not a child who hasn’t been weaned!

Just look for it according to Su Qi’s standards when he first debuted, don’t be a slut who slaps on others as soon as you meet!”
