Chapter 1331: True Friendship

Du Yan's voice was hysterical, and it was obvious that he was so angry.

When Su Qi heard his name, he frowned and knocked on the door.

Du Yan didn't care, turned his head, "Who let you in?"

He thought it was the secretary.

Did not expect to say Cao Cao, Cao Cao arrived.

And there is also an ancestor who can't be provoked.

immediately.

He stood up from his chair, "You... wow, you've returned to China?"

Du Yan walked over with a smile, "Miss Su, every time I see you, I think your beauty can be captivating! "

Su Nan went in from behind Su Qi: "Go away."

Du Yan: "Okay."

Du Yan was grateful that she could still speak so calmly.

It doesn't matter if what she says is dirty or nice, he can accept it.

Then he excitedly looked at Su Qi, who had not seen him for a long time.

Up is a hug.

But before he could hug him, Su Qi pushed him aside and looked at him with disgust:

"As soon as you meet someone, do you have the face to talk about them?"

Du Yan: "... .."

He withdrew his hand reluctantly, but he couldn't hide his excitement.

“Why didn’t you tell me when you came back to China suddenly? I’m going to pick you up! Stay for a few days. I have a few big projects in hand. Would you like to take part in the show? It’s okay to make a cameo...”

Su Qi walked to the sofa and sat down, looking at him and raised his eyebrows:

“I won’t be able to make a cameo appearance on the plane tomorrow morning!”

“So early... You didn’t come to see me until you left, did you?”

Du Yan suddenly understood Su Qi and looked at him speechlessly.

Su Qi touched his brow bone and smiled:

“It’s hard work, Mr. Du.”

Du Yan snorted coldly, “Now many people in the circle are turning behind the scenes, all of them are our competitors, and I can’t be too busy. Come here, you are still going everywhere!”

Su Qi: “It’s okay, let’s eat and drink spicy food, and we will also get a share of others!”

“You can see it!”

“I believe in President Du’s ability.

” People come and go, Su Nan listens while playing on the phone, why does it feel a little wrong.

Du Yan’s tone was like a little daughter-in-law who was wronged.

Weird.

She glanced at them secretly and pouted.

No wonder she was angry with Du Yan, but Su Qi wanted to keep him, maybe there was something...

Just when she was thinking about something, Su Qi threw a pillow over and interrupted her thoughts.

“What are you thinking? Put away your crooked brains!”

he glared at him warningly.

“You’re not allowed to talk nonsense at the place where you know, do you hear?”

Su Nan stuck out his tongue, how did he know that he wanted to get into trouble?

She narrowed her eyes, "I heard!"

Du Yan: "Ms. Su, we are friends who are not contaminated by mud."

Su Nan nodded: "Yes, yes."

You say yes!

I was annoyed by Su Nan's reaction.

Su Qi threw down the things in his hand and stood up:

"Didn't you say a new group of people came in? Training?"

Du Yan nodded:

"I'm going to build a men's team to debut."

"Men's team? How many people?"

"Seventeen One."

Su Qi looked at him in shock: "So many people, how many lifetimes have they become popular?"

Even if it is a group debut, there will only be three to five people at most. account.

Du Yan sighed:

"The current scale is fast food. As long as one or two of the seventeen people are outstanding, it is considered a success.

After the men's group is disbanded, the rest can be arranged to show their faces in other projects. In short, there will be several opportunities, whether they can seize it or not depends on their respective abilities."

1332 Su Qi stood there for himself, unable to say anything, he was not as deep as Du Yan on the operation model.

Although he is not optimistic, if he can put it forward, it shows that he has his own ideas.

“Okay, is there something good-looking? Xiao Wu wants to see...”

He finished speaking.

There was silence in the office.

Du Yan looked at Su Nan meaningfully.

Su Nan looked at Su Qi in shock.

Su Qi looked at the two of them innocently.

Do you have to be so direct?

Can't you be more polite?

a long time.

Du Yan smiled, and he took the initiative to break the silence.

“I understand, I understand!”

Su Nan asked: “What do you understand?”

Du Yan winked at her: “Don't worry, Miss Su, I won't say it, it's a common thing!”

Su Nan Ru was stuck in his throat, “I'm not...”

Du Yan made a gesture, “There is really a good-looking one, I decided to make him the captain, he is 1.92 meters tall and looks like... .”

He suddenly didn't know how to describe it in his mind:

“Let's put it this way, I took him to a lot of wine parties, whether it's a man or a woman, I want to take him for myself!”

Su Nan: “...”

Du Yan smiled at her, with a bit of cunning in his smile: “It was specially reserved for you!”

Su Nan sucked in a breath, she wanted to kill Du Yan!

Su Qi was very interested and smiled:

“Take us to see?”

Du Yan smiled: “No, I’ll let him come up...” After that, he was about to call.

Su Nan hurriedly stopped him. If he called someone up, he would not be able to tell.

“No, we’re just curious, I don’t want to do anything!”

Du Yan frowned: “Miss Su, don’t be embarrassed, no one will know!”

Su Qi added fuel to the fire: “That’s right.”

Su Nan was furious.

Are these two people sick?

“I really just want to see, and I don’t want to see him alone. Should everyone meet?”

She gnashed her teeth and looked at Su Qi.

Su Qi immediately understood:

“Yes, let’s see everything, let’s go down and let Xiao Wu choose.”

Du Yan hit it off: “Okay, no problem!”

Su Nan: “...”

She thought Hit him in the head, okay?

Du Yan happily led the way:

“There are women, do you want to see them?”

Su Qi frowned: “Forget it, I have a girlfriend, she will be unhappy when she finds out .” opening:

“? I do not have a boyfriend,”

Su Qi: “you can change at any time ah, anyway, he was not at home,”

Sunan a choke.

Was beaten speechless.

Su Qi, hurry up and get out of the country!

Du Yan finally noticed Su Nan's hobby, and of course he couldn't wait to do what he liked and repair her bad impression of herself.

Therefore, whatever he said, he would send people to Su Nan.

Fortunately, this person's business ability is not very good, everyone is watching, and there is not such a large fan group.

There is a special practice room in the company, which is separate from the front building.

There is a glass bridge in the middle of the twin towers, and you can go directly to the building where they practice if you cross the bridge. The layout of the entire company is very broad and grand.

Back then, Su Qi bought these two buildings with a wave of his hand, but he didn't blink, but he was really rich.

The agent was waiting at the exit of another floor, Su Nan glanced at it, and it looked familiar.

"Didn't you...follow Yu Fei?" The

agent was taken aback for a moment, then smiled:

"It's been a long time since I followed."

Su Nan frowned, puzzled: "Huh?"

...

Du Yan coughed and stepped forward to explain:

"Yu Fei terminated the contract with us privately some time ago, he is still very dissatisfied with our support for Sun Haoyang, and he is entangled in private. There are few fans making trouble, our company is so disturbed by those fans that we can only terminate the contract."

Su Nan gave him a suspicious look, and was about to say something.

Du Yan immediately realized and put aside the relationship:

“I didn’t get in the way, I spent a lot of money on him, everyone knows that.

But he still has a lot of fan groups, and we also have to pay for lawsuits and public opinion. , it’s not worth it.

And Sun Haoyang and him are both male artists in the company, fans outside always want the company to come forward, separate the first brother and the second child, and look like

they will never give up. With Sun Haoyang’s current worth , after he officially announced the spokesperson of the Su Group, it is impossible for him to be the second child, we can only choose to terminate the contract with Yu Fei.”

Su Nan’s eyes were a little cold, so many resources were tilted towards him at the beginning, that is to see For the sake of him being a company entertainer.

It’s better now, let’s go?

Is it impossible to guarantee that the actions of these fans were not his instigation?

Su Qi chuckled lightly and didn’t care.

“Let’s go, I want to fly when my wings are hard, who can still work for us all the time?”

Su Nan sighed, just feeling like he was betrayed.

Although the company’s attention was focused on Sun Haoyang some time ago, it didn’t treat Yu Fei badly at all.

Didn’t expect him to go so easily?

Su Nan: “Which company was it dug up by?”

Du Yan: “After leaving, he set up his own studio. Don’t look at him leaving simply, but he also knows that the company has not treated him badly, and he was very quick when he paid the liquidated damages, which was paid in one lump sum.”

Su Nan Nodding, forget it, things are already like this, and nothing can be saved.

“The resources we introduced in the future will no longer favor him, but don’t take back the resources that have been given to him. After all, they are all in the same circle, don’t say we bully him.”

Du Yan smiled, "It's a coincidence, so do I. Think about it, there are more than 60 endorsements on his body, he will stay if he has the ability, otherwise he will have to tighten his belt to live."

Su Nan rolled his eyes at him and followed Su Qi and the others.

The agent would wink: "I won't leave our company. Artists become famous and feel wronged, so they want to stand up on their own.

But I don't think about it. The most important thing in this circle is People, what is lacking is contacts.

Although Yu Fei can eat well in the circle, it does not mean that it will be like this forever. After leaving our company, how many years can he stay?"

Su Nan gave him a surprised look.

I remember that this agent liked Yu Fei very much, he brought Yu Fei out in every detail, and also took great pains to contact various resources and contracts for Yu Fei.

How did you change your attitude in the blink of an eye?

Du Yan smiled and didn't hide it. In front of him, he explained:

"When Yu Fei was terminating the contract, the fans scolded the company, and even scolded the manager, but Yu Fei didn't come out to give it to him. In the first half of the sentence, I was almost thrown a rotten egg when I went out!"

Su Nan couldn't help laughing.

The agent snorted coldly with a very ugly face, and walked a few steps faster, not wanting to listen to them.

Su Nan: "Yu Fei's studio, a professional team?"

Du Yan: "How is that possible? The cost of a professional team is too high. Yu Fei's strong mother has temporarily become his manager, his father has become an assistant, and his older brothers and sisters have become his staff."

...

Chapter 1334 can't compare with him

Chapter 1334 Can't compare

Su Nan with him: "Family workshop?"

Du Yan smiled, "You are quite professional? So, I'm not worried about him canceling the contract at all, and he won't be forever. Eat a meal of youth."

After two years, it's time for a transformation, maybe he'll have to come back obediently.

Even if he doesn't come back, we won't lose anything."

Su Nan tutted, no wonder it seemed to be a loss-making business, but Du Du Yan, a shrewd person, actually terminated the contract obediently, and it was useless to make a little trick.

Su Qi and the agent stood in front and didn't care about their conversation at all.

In this industry, outsiders see farther and more clearly than the parties involved.

Although Yu Fei is gaining momentum, there are many people of this type.

Without the strong backing of the company, his family workshop is neither professional nor attentive, how could it be possible to continue Yu Fei's glory?

It is not easy to maintain the current personality.

Su Nan smiled and did not continue to speak.

The group walked to a room next to the practice time. There was a mirror on the wall that was completely a wall, and they could clearly see the situation in the practice room next door.

Fortunately, the practice room was big enough, otherwise the seventeen people would feel very crowded no matter how they stood there.

No wonder Du Yan strongly recommends the person in the middle who works hard to sing and dance. Whether it is height, image or temperament, he is the only one in it.

Glancing at here, eyes and attention unconsciously all fell on the person in the middle.

It's so perfect, so attractive.

If you push him out alone, it will definitely be an instant hit.

This person has deep facial features, a cold temperament, and a light melancholy between his eyebrows and eyes, which is more eye-catching than Yu Fei.

Su Qi clicked his tongue aside, "No wonder, where did you get it?"

Du Yan smiled, "I stumbled upon the school grass in a foreign university, and then his family situation changed, and I dug it directly. Here , how is it, not bad?"

Su Qi nodded, and had to say that he was used to seeing handsome men and beauties in this circle, but he was the first one to look so good.

He doesn't look like the kind of female beauty that is very popular at the moment. There is a sense of youth that coexists with fortitude and coldness between his eyebrows and eyes. No matter how enlarged he is, he can't find a single flaw on his face.

This face is really suitable for the big screen. "That's right, everyone in the company has secretly said that

Mu Yi is comparable to the film emperor Su of the year. He is also the kind of food that God would like to eat. If you don't pick it up, you can't do it!"

Greater expectations were given.

Su Qi smiled and said nothing.

Su Nan looked at him and then at Su Qi:

"My brother is the eternal legend, no one can compare with my brother!"

Du Yan: "..."

Agent: "."

Su Qi smiled meaningfully and glanced at Du Yan:

"Why are you still standing there, not creating a chance for my dear sister to meet?"

Su Nan froze for a moment.

Du Yan reacted immediately and walked to the door beside the mirror:

"Right now, Miss Su, get ready..."

Before Su Nan could say no, the door opened.

Oh shit!

Du Yan, what a dog!

Du Yan pushed the door directly in and clapped his hands.

Seeing that it was Du Yan, everyone stopped what they were doing and stood there obediently.

It can be seen that everyone respects and fears Du Yan.

Du Yan: "The company has high expectations for you. You must practice the basic skills well before your debut, so as not to be scolded as an embroidered pillow that relies on your face to eat after your debut!

But look at what you practiced just now, saxophone and trumpet. Same, do you want to scare the fans to death?"

...

Chapter 1335 She is so beautiful

Chapter 1335 She is so beautiful

. The man with the saxophone in his hand blushed unconsciously and took a few steps back.

It's really embarrassing enough.

And the man who had been standing in the middle, Mu Yi, still didn't change his face, with sharp eyebrows and a calm expression.

The teacher was also a little ashamed by the side.

I haven't encountered such a situation yet, mainly because there are too many people to teach them one by one, and the effect will naturally be greatly reduced.

Du Yan didn't say much, and went straight to the topic:

"Okay, I'll invite you a temporary teacher and let her give you a demonstration."

After speaking, he respectfully stepped aside.

Reaching out his hand, his voice was loud:

"Miss Su, please—"

Su Nan couldn't get up in one breath, and everyone walked to the exit door, only to hear his own name.

Damn Du Yan, she had to find a chance to kill him!

back.

Su Qi looked at her with a half-smile but patted her on the shoulder:

“Don’t be afraid, brother has been watching you, just pick a musical instrument and let them know the meaning!”

Su Nan gritted his teeth, “I am both I haven’t touched it for many years, and I’m already rusty!”

Su Qi comforted her, pushed her in, and whispered in her ear:

“It’s okay, you are much better than them, they didn’t even enter the door.. “...”

Is this still my brother?

How does it feel to keep pushing her into the fire pit?

She walked in reluctantly, and immediately regained her cold and cold expression.

Immediately.

Hearing that, he sucked in a breath of cold air.

“It’s really Miss Su?”

“My God, I heard that the boss behind this company is Miss Su, but I didn’t expect it to be true?”

“It’s really a lifetime series!”

“It’s so beautiful, so beautiful. Ah!”

...

Su Nan listened to their rustling voices, and many people couldn’t hide their emotions with excitement.

Even eager to try to come up and take the initiative to communicate...

But before they came up, Su Nan immediately introduced himself:

“I am Su Nan, not a professional teacher, but as a superstar in the future, I hope you will become The ability of a superstar.”

Everyone applauded desperately as if they had beaten chicken blood.

Only Mu Yi, who was in the middle, applauded without a soul.

As if applauding, just to deal with it.

Su Nan pretended not to see it.

She glanced at the instruments around her, her eyes fixed on the piano.

“Well, I’ll play a tune for you as a gift to congratulate you on entering the company.”

Everyone was extremely excited.

Su Nan sat in front of the piano and took a deep breath.

Suddenly, she remembered that she was playing the piano with Shang Qian in the mall not long ago...

She was stunned for a second, then immediately returned to her natural state, and her slender and delicate fingers fell on the black and white keys.

Afterwards, the beautiful piano song “Canon” slowly emerged from the fingers.

About to enter the climax of the piece, suddenly there is a long and long violin sound in the tune, which fits perfectly, and it enters just right, not bad at all.

Afterwards, the piano and violin were paired with each other, one after another, without being rigid at all, but with an extremely harmonious ensemble feeling.

Su Nan didn’t pause or look back.

She wasn’t interested in who joined in.

She is purely immersed in her own piano, self-appreciation.

But that violin song won’t bring down her mood, so feel free to do so.

The practice room was terribly quiet, only the sound of the concerto of two musical instruments could be heard, and the other people seemed to suppress their breathing as if they were not there...

The violin was also stretched for two seconds in a timely manner, and the whole piece was well coordinated.

Even everyone is immersed in it unconsciously.

Du Yan was the first to applaud.

Afterwards, the applause was extremely warm.

Su Nan stood up and looked back, the person who played the violin was the one who couldn't take his eyes off Mu Yi.

She paused for half a second and smiled at them.

"Then we'll be here today, and you can continue to practice!"

After speaking, she lifted her feet and returned to the room just now.

Su Qi never showed up, probably because it was troublesome, but it was a lot of fun to watch.

He sent the short video he just took to the circle of friends, with a postscript:

"The daily life of a rich little rich woman who is intoxicated with money!"

Su Nan came in, and Su Qi put away her phone.

"God, that's great!"

Su Nan gave him a blank look, "If you say one more word, I promise you won't be able to get on the plane tomorrow!"

Su Qi stretched out his hand and made a zipper on his mouth. Actions.

Su Nan raised his foot and left.

I really can't stay.

If you stay any longer, everyone in the company probably knows that Su Nan is so masculine!

When they got downstairs, before they got into the car, Du Yan called them from behind:

“Miss Su...”

Su Nan wanted to hit someone when she heard this voice.

She didn't know if she could stand it.

Su Qi grabbed her and motioned her to turn back.

Su Nan subconsciously looked back.

Looking at it, I can't wait to dig into the cracks in the ground.

Du Yan actually brought that Mu Yi down!

Really speechless!

“Miss Su, Mu Yi admires Miss Su's piano sound very much, and would like to get to know you.

They are all under your hands. Why don't you teach him how to play the piano?”

He tugged at Mu Yi's arm.

Mu Yi stood there, a trace of coldness flashed across his eyes, but soon disappeared.

He pursed his lips, bent slightly, lowered his head, did not speak or object.

It's just that when he raised his eyes, the two of them looked at each other, and his eyes stopped.

Instantly put away the disdain in his eyes.

Suddenly.

Su Nan felt a familiar feeling.

This feeling seems a little dangerous.

But also the illusoryness of the machine.

He lowered his head and was the silent man again.

Seeing this, Su Nan was forced by Du Yan!

He really looks like an old bastard!

Su Qi had already got into the car and waited, so his whereabouts could not be easily revealed.

Su Nan looked around, no one was there.

Unable to bear it, she walked over and walked in front of Du Yan with her arms crossed.

I didn't even look at Mu.

"Mr. Du, you must be doing something old again, right? Think about how Zhang Xiaojuan, editor-in-chief of Viola magazine, ended up. If you want, I can help you at any time."

Du Yan's face turned pale a little bit.

Isn't he doing what he wants?

Why go the wrong way again?

He looked expectantly at Su Qi in the car, and begged him to come down and say something nice!

But people stay here motionless.

It doesn't matter if he lives or dies.

"Miss Su, I'm just... just kidding."

Su Nan gritted his teeth: "You'd better take it easy, if it ends because of this, even Su Qi can't save you!"

Du Yan With an ugly face, he stood there honestly.

Su Nan glanced at Mu Yi who was looking up at her, frowning slightly.

"Take the people back, and if you dare to do something bad, you and Su Qi will get out of the country together!"

After she finished speaking, she stepped on her high heels and left.

...

Chapter 1337 Sense of Crisis

Chapter 1337 A sense of crisis

Chang Li opened the door for her, and Su Nan bent down and went in.

Soon, the car leaves here.

Du Yan breathed a sigh of relief, his legs softened.

“Why is this ancestor always angry? Didn’t Su Qi say that his sister is the best-tempered person in the world?”

He really doubted how Su Qi grew up?

Mu Yi on the side pursed his lips, “Mr. Du, does Miss Su dislike me? Can I still debut?”

Du Yan patted his shoulder and comforted him:

“It’s okay, Miss Su is a dedicated person. Man, because she hasn’t broken up with her boyfriend, she can’t pass the conscience barrier.

You have to have confidence in yourself, and when she breaks up, your chance will come.”

Mu Yi: “...”

What Su Nan scolded was really right, Du Yan, who doesn’t have a long memory!
in the car.

Su Qi looked at Su Nan who said nothing, secretly a little guilty.

Just as he was about to pick up his phone and delete the video from the Moments, he suddenly watched Su Nan click on the Moments.

In an instant, his heart lifted.

He moved quickly.

But after hearing the video being clicked on, the music slowly came out.

There was a thought in his mind: It’s over!

Su Nan frowned, the tone of scolding Du Yan just now was still in his heart, but Su Qi actually came to the door by himself?

Especially when I saw the postscript, the fire in my heart couldn’t help but rise up!

Su Qi didn't see it well. If it weren't for the fact that he was on the road and the car was driving so fast, he would have jumped out of the car.

He twitched the corners of his mouth, "That... I just want to show off my sister, your excellence should be seen by more people!"

Su Nan stared at him sideways, her eyes cold and cold, like to kill him.

Su Qi pursed his lips, "Don't worry, only our good friends can see it, no one else."

At the end, he added:

"I'll delete it."

He deleted the video in a few clicks, and his hands started shaking. .

She also showed her the phone page, which means she didn't lie.

Su Nan was still angry and waited for the moment to get off the bus.

Don't try to run away.

Su Qi realized that her skills were not as good as hers, and immediately surrendered:

"The cruise ship you asked for is already on its way, can you spare me?"

...

Finally.

Su's house has arrived.

The uncle, the housekeeper, is watering the flowers with a hose.

Su Yifeng was weeding by the side, and the two of them seemed to be in a good mood.

The car came in.

Uncle the housekeeper threw down the water pipe:

"Miss is back..." The

next second.

Su Nan got out of the car, raised his feet and walked in front without looking sideways.

Like don't mess with me.

And Su Qi was arrogantly following behind.

The atmosphere of these two people is not right!

sudden.

When Su Qi walked to the fountain, Su Nan stopped.

At a very fast speed, he suddenly took two steps back.

suddenly.

She raised her foot and kicked it.

Boom –

the water splashes from the fountain.

The crowd watched in shock.

Why did this pair of brothers and sisters who fell in love and killed each other suddenly start to move?

The housekeeper uncle stood there dumbfounded.

When Su Nan finished kicking, he ran away.

Don't give Su Qi a chance to resist.

Su Qi struggled from the fountain, embarrassed and funny, but he still couldn't hide his handsome features.

He paused and looked at Su Yifeng who was watching a good show not far away:

“Dad, you see her hitting me, you have to call the shots for me...”

Su Yifeng smiled lightly, “I didn't see it, let me Did she fight again?”

Su Qi: “...” Well

, he humiliated himself again.

Su Nan looked at the phone and kept panicking.

She doesn't know why, why is she so angry?

It's just a video, nothing special.

But she seemed a little afraid, afraid of being seen by Shang Qian, afraid of his misunderstanding.

What if he misunderstood?

Su Nan went back to the room and stared at the phone in dismay.

One minute, five minutes, ten minutes...no movement.

Didn't he see it?

As soon as this lucky heart came out, she suddenly felt much better.

M country.

When Shang Qian saw this video in Su Qi's circle of friends, he was in no mood to work.

Su Qi's postscript is a joke at first glance.

But in that video, Su Nan and the man who played the violin cooperated too well.

He had a very strong sense of crisis.

But take this ethereal video to question?

Will Su Nan be angry?

Think he has a small stomach?

Shang Qian hesitated, feeling even more panicked in his heart.

He has to quickly finish the matter at hand and go back quickly.

Sudden.

The phone rang suddenly.

Pick it up and take a look.

It's Su Nan's.

Shang Qian's heart skipped a beat.

He picked it up, his voice still gentle:

"Hey, baby miss me?"

Su Nan blushed a little bit by this sentence.

She paused, "I just wanted to ask if you have eaten yet?"

Shang Qian's brows and eyes were stained with gentleness.

He knew that Su Nan took the initiative to call him just because he missed him, it must be!

"I haven't eaten yet, because without you by my side, I can't swallow anything."

Su Nan: "..."

Is it necessary to say that?

She knew it was fake, but Su Nan's heart beat faster, and the deer rammed.

Said a few words.

The two suddenly fell silent.

I don't know what to continue talking about.

Su Nan didn't know whether to take the initiative to ask him, did you watch the video?

Isn't that self-inflicted?

finally.

Shang Qian coughed:

"Where did you go today?"

Su Nan: "Go to choose a wedding dress with Si silently, and then go to Huaying Entertainment with my third brother."

Shang Qian paused for a few seconds: "Go play the piano?"

moment.

The two suddenly fell silent.

Shang Qian really just blurted out for a while, and he felt very flustered when he finished speaking.

Without listening to Su Nan's answer, his heart suddenly felt empty.

Just when he was about to say something, when the topic was brought up, Su Nan suddenly said cautiously:

"Did you see it?"

Shang Qian: "Well."

"Yu Fei cancels the contract and has to support the newcomers. There are a few newcomers from Du Yan who are planning to form a group. I just went to see them. My third brother was there at the time." The mood was suddenly filled with something.

There is a very warm and satisfying feeling.

"Are you trying to explain because you're afraid I'll be jealous?"

Su Nan was struck by his mind for a moment:

"No."

"Okay, I see, but his violin doesn't sound like much emotion, so he's not worthy of you. I got the piano music."

Su Nan curled his lips proudly, sat on the chair and shook his own legs:

"Yes, I think so too."

Shang Qian loosened his tie, his eyebrows twitched. The speed visible to the naked eye softened:

"Wait for me, I'll be back soon."

Su Nan paused, "Don't worry, I'll be going after a while.

"Have a thought.

"You want to come too?"

Su Nan snorted as a matter of course, "I have something to do."

Shang Qian didn't continue to ask, he knew in his heart that most of the business of the Shang Group should end.

"Okay, then I'll wait for you here." The

assistant knocked on the door outside: "Mr. Shang, someone wants to see you."

Chapter 1339 for her son

Chapter

1339 hung up on her son's Shang Qian and looked at the assistant.

Assistant: "It's Mrs. Shang."

Shang Qun's well-known wife, a woman from a noble family with a strong family background.

Since he entered the business, he can only be forced to accept the cold eyes of the business.

But he hadn't seen this business lady a few times. This woman lived in her parents' home most of the time, and her marriage with Shang Qun was just an exchange of interests, without any personal feelings.

She gave birth to a business neem, completed the task, and never stepped into a business again.

For Shang Qian, she has no disgust, no persecution, no dissatisfaction or liking, she is just indifferent, and she is indifferent to everyone.

Generally, if a wealthy family has an illegitimate child outside, they will either secretly pay a sum of money or get it into a poor mountain.

Very few people can be raised in the main house, because no hostess can tolerate the existence of illegitimate children.

Even if Shang Qian's identity as an illegitimate child is a humiliation and crisis for Mrs. Shang.

But she didn't care at all.

They hadn't met a few times.

When Shang Qian entered the door, he saw him once.

When Shang Neim died, he saw the second side.

That's all the impression.

The assistant looked at him in a daze, coughed and reminded:

"Mr. Shang, see you?"

Shang Qian pursed his lips, "See, please come in."

After a while.

The woman came in wearing a dress so expensive that she could not see any brand, and her demeanor was luxurious.

She looks exactly the same as in the past, her face has not changed at all, she is nearly fifty, and the business group is full of old looks, but this woman is still the same.

Shang Qian stood up, looked at her, then walked to the chair beside him in a very orderly manner, and opened the chair for her.

The woman thanked her and sat down.

Shang Qian sat back across from her again.

The woman's eyes looked at Shang Qian again, and after watching it for a full minute, she exhaled and retracted her gaze.

"I'm sorry, Shang Nei said that your two brothers look alike, and I have forgotten what he looks like."

Although he said lightly, there was an unconcealed loneliness in his words.

Shang Qian's eyes flashed slightly, and his face was slightly tense when he heard Shang Xi's name.

"What's the matter with you coming here?" The

woman smiled, took out a document from her bag, and handed it over.

Shang Qian opened it, and his pupils shrank suddenly.

“You want to transfer your shares to me?” The

woman nodded.

“The business building is about to collapse. It can be seen that there are not many days left. When

Shang Yi had an accident, the hearts of Shang Qun were disturbed, and the people in the company were divided

. At the time of the agreement, as one of the conditions for the exchange of interests, from 20% to 20%, plus the scattered shares of other shareholders, is enough for you to gain a foothold in the Shang Group.”

Shang Qian’s eyes were dark, and he was silent for a few seconds before speaking. :

“I don’t understand, why give it to me, even if I have this 20%, it is impossible to win the support of others, and I have no intention to stand on the business side.” The

woman looked at him, smiled, and said in a light tone :

“I know, this 20% was originally intended to be given to the merchant. This is the only thing I can give him. Who made him a merchant?

If he dies, I will give it to you. When your son is brought up, he should be willing to give it to you.”

Shang Qian’s eyes narrowed, not understanding that when this woman mentioned Shang neem, she didn’t mean much sadness.

why?

...

Chapter 1340 is forced

The first thousand three hundred and forty chapters were forced.

When he was in the business, Shang Nei never met his mother, but when he mentioned his mother, he liked it very much, and he looked forward to his mother to pick him up every day.

but.

The woman lowered her eyes, took out a cigarette from her pocket, lit it, and held it between her fingers without smoking it.

Just let it burn.

“Back then, I objected to the woman that Shang Qi took a fancy to because that woman was arranged by Shang Qun to be with him. He wanted to find an excuse to drive Shang Qi out of the house, so he deliberately set a trap.”

Shang Qun was shocked.

The woman smiled slightly, “Shang Qun spared no effort to pave the way for himself and the son born by his stepmother.

So, you know why I would rather Shang Qi hate me than let her in?” At the end, she Paused.

“But I didn’t expect that they would have a child. Shang Qi himself was still a child, so he would cause trouble like this. Fortunately, that woman was killed by Shang Yi not long after.”

She sneered.

Shang Qian looked at her with a complicated face:

“So you know everything?” The

woman chuckled, “Yes, I know everything.”

“But you didn’t do anything.” Shang Qian’s tone was undisguised with a chill. .

The woman lowered her eyes, her face was clear and light, and she wondered if she was sad in her heart.

“What I can do for him is to give him what he should give. Whether he can keep it or not is his ability.” The

woman took a deep breath, looked at Shang Qian, and said,

“I am at the mercy of others to accept this. I got married and was drugged by a business group to give birth to neem. I have been forced to do it all my life, why should I take the initiative to do it?

When the child was born, I left the business. My greatest value has been drained by them, so I don't want to be involved in everything that is related to the business, except that I can't get a divorce.

Shang Qian frowned and looked at her: “

Everything about the business, including business neem?” “The

woman did not hesitate: “Yes. “

Not every woman has to love her child.

If his arrival is not a blessing or a wish, then why does she still love him?

She hates this child just as she hates the business group.

But Seeing Shang Nei being tossed to and fro by Shang Qun, she couldn't help feeling sorry for him.

But soon, this feeling of distress disappeared.

At first, she would symbolically answer Shang Nei's phone calls.

But when she met The man she likes, she wants to cut off contact with him.

When he called herself for the last time, what did he say?

She still remembers it vividly.

She said: “I'm very busy, don't contact me often, you have What can you say to your favorite brother Shang Qian. “

She thought, maybe Shang Chen knew that he was not liked by her own mother.

So, since then, she has never received a call from Shang Chen.

The man she likes no longer likes her, and she has no freedom. She is completely free.

Because there is no divorce, the men who come and go around her are always reluctant to carry moral sins and continue to associate with her.

She doesn't know, why are all men in this world, except Shang Qun, so shameful?

The family is rebellious because of her behavior rather than dealing with her.

Just living like this year after year, she seems to feel that she has nothing left in this world except for the neem.

But the neem is also dead.

There was a slight coldness in the silence in the office.

Shang Qian looked at her silently.

Poor and hateful.

He has no right to blame her for not loving neem.

He just felt sorry for that innocent little brother.
