Chapter 136 Don't rub the heat

Chapter 136 Don't rub off on the heat

Su Nan is obviously a little angry, really dare to pour any dirty water on her?

Now I want to punch someone!

Su Qi was here, and she was more courageous.

"Everyone, I'm not an insider of your circle. There's no need to answer these questions. Next time I dare to stop me, I'll call the police directly."

Her voice was loud and she wouldn't give in an inch. When she was a third-tier actress, she wouldn't dare to gossip at all. make a sound?

"Also, Mr. Fu and Miss Qiao are a natural pair. I wish they could get along well for a hundred years. I was also surprised that Miss Qiao had an accident, but she was killed by a stone that fell from the sky. Do you have to suspect that I bribed God? Is it?" The

cold and solemn atmosphere suddenly softened, and some of the reporters couldn't help laughing.

Su Nan took a deep breath, endured the fire in his stomach, and spoke earnestly.

"Don't get involved with me in the future about those two, don't try to rub my heat!"

After she finished speaking, she was straightforward and decisive, threw Su Qi down, turned around and left.

The corners of Su Qi's mouth couldn't help twitching, and she slapped the reporter, except for him, that is, Su Nan!

The reporters looked at each other and looked at Su Qi with fear, not knowing whether to leave or stay.

Seeing that someone took the equipment in front of him, Su Qi snorted coldly, "Is there nothing you want to ask me?"

"Don't you want to know about my relationship with Su Nan?"

"Ask me how I feel about their accident... "

Although what he said was what these reporters wanted to know most, they also knew that Su Qi couldn't afford to offend him!

Just as a group of people was about to leave, Su Qi stepped forward and grabbed the leader with a stern tone.

"What's the hurry? I haven't finished asking yet..."

The leader paused, the old fritters knew how deep the water was.

"Su...Emperor Su, we don't have anything else to ask. If you want to know anything, just ask."

"Who asked you to come?" He gritted his back molars and said.

The leader panicked, "No...it's not..."

"Don't tell me? Chenxi News, right? Then I'll call your boss. In the future, don't talk about the activities in the circle. If you want to participate, go home and print the newspaper honestly..." Su Qi warned in a low voice.

None of the others dared to step forward. Everyone looked at the situation and quickly slipped away.

Little guy, it doesn't matter, just run away.

The man in the lead closed his eyes helplessly, "I said...I said!"

Su Qi raised his eyebrows, reached out to straighten his collar, and smiled lazily.

"That's right, only with a wink can you have a future." The

leading reporter gritted his teeth, "The daughter of the Fu Group, Fu Yingying."

Su Qi narrowed his eyes dangerously, clicked his tongue, sneered, turned his eyes, and stepped forward One step, he whispered a few words in his ear, the reporter's hesitant appearance made Su Qi dissatisfied.

"Don't want to? I'll find someone else if you don't want to." Su Qi didn't force him, and sneered.

"Yes, yes!"

The reporter agreed with a bitter face. If they dared to say no, would they still have tomorrow?

Facts have proved that it was a huge mistake to come to contain Su Nan today, and I really can't see the money!

Su Qi took out a check from his pocket and shoved it into his pocket forcefully, smiling deeply.

"It's a little hard work. In addition, I will take a detour for Su Nan's affairs in the future."

The reporter looked up and asked involuntarily, "What is the relationship between Su Nan and you?"

Couple?

Still not a couple?

Su Qi's eyes flashed a hint of danger, and his tone was very stern.

"Su Nan, I covered it, what do you think is the relationship?"

Of course the reporter didn't dare to guess, shrank his neck, turned around, and ran away.

Su Qi snorted coldly, picked up the phone that Su Nan had dropped on the ground, put his hands in his pockets, and walked upstairs slowly.

As soon as the door was opened, Su Nan changed clothes and planned to go to the company. Seeing that he hadn't left, "Why haven't you left?" Su Qi stretched out her hand and flicked

her forehead, "Do you have a conscience?"

Lossless.

"Go back and let the bodyguards follow you. Your worth is different now, so you have to be as tough as before."

Su Nan pursed her lips, took the phone, and called Du Yan of Huaying Entertainment directly in front of Su Qi.

"Mr. Du, no matter how much it costs, please arrange a three-day hot search for me. The first must be 'Fu Yechuan and Qiao Wanrou, that pair of dogs and girls die!'"

...

Chapter 137 Go to your apology

Chapter 137 Go to your apology!

Su Qi underestimated her sister.

Just at Su Nan's order, he felt that he had just ordered the leading reporter to do that, and he was a little soft-hearted.

Yes, a bit of a strong woman's taste!

Su Nan lightly hung up the phone and looked at Su Qi.

"Third brother, I went to the company for a meeting, how about you?"

She was still in the mood for the meeting, but she was not affected.

Su Qi smiled and spoke in a negotiating tone.

"I want to bring Su Xiaohu back. Dad has been taking care of me recently, and I can't stand it anymore!"

Find a cute girl and turn Su Yifeng's attention away, how wonderful!

Su Nan thought for a moment and agreed.

During this period of time, she is going to Juli Group to follow the project, and she has no time to play with Su Xiaohu, so let her father and Su Qi play with her.

Su Qi jumped up happily, the exact opposite of the expression he had just frightened the reporter.

"That's great, you can go."

Su Qi used his fingerprints to open Su Nan's door, and ran in.

Go and hug Su Xiaohu.

Su Nan: "..."

She doesn't remember fingerprinting him...

Fu Group.

Chen Mian hurriedly told Fu Yechuan of the latest trends on the Internet.

The most popular video in the hot search is the picture of Su Nan strongly replying to the reporter.

In the video, Su Nan's speech is cold, his attitude is tough, and his beauty is tough. He scolded the reporter but won everyone's sympathy.

"Zhan Su Nan, everyone is President Su, there is no need to put up with you, listen to her, don't make her hot!"

"We President Su just want to be the CEO, okay? Some green tea to have a face, do you think the bitter meat plan is useful? "

I feel sorry for the car that was hit by green tea on the street, the unfortunate car! I feel sorry for the car!"

"The reporters are really unprofessional, protect our President Su!"

"Su Qi is so handsome, The hero's appearance is very timely, but there is only one line..."

"With such a handsome person as Su Qi, the pair of dogs and men should wash and sleep! Don't add drama to yourself..."

..

Fu Yechuan's face was terribly dark, and his tone was cold, "Why did the reporter go to Su Nan?"

Chen Mian twitched the corner of his mouth, slightly stunned.

Is this the point?

The point now is, Mr. Fu, you have been scolded out of the circle... If you don't come out to explain, you won't be able to take off the hat of the scumbag!

The air pressure in the office was extremely low, and Chen Mian hesitated to speak.

"Maybe... it's because everyone is too gossip..."

After all, the identities of these two are enough to support the weight of the entire entertainment industry.

If the two of them debut, what will happen to the others?

Fu Yechuan's eyes were full of chills, "Perhaps? What is maybe?"

Su Nan was at a loss at first, but after seeing Su Qi's arrival, he clearly

felt that it was not good in his heart!

Chen Mian instantly felt Fu Yechuan's anger and quickly comforted him.

"No one has bothered Miss Su anymore, Mr. Fu can rest assured."

Fu Yechuan gave him a dark look and snorted coldly.

"Go out and find out who did it?"

"Yes."

In just a few minutes, Chen Mian was already dripping with cold sweat.

As the most capable assistant by Mr. Fu's side, he still does not understand why Mr. Fu's series of sassy actions after the divorce was exactly why?

After their three-year marriage, Mr. Fu didn't care much about Miss Su's words...

Why did they get divorced, but instead they became more and more concerned about it?

The project plan of Juli Group was carried out in an orderly manner. In the early stage, the three companies held a joint meeting every day to report the latest situation and revise the plan.

Su Nan didn't drive by himself, and asked the driver to pick him up directly.

The last car accident was heartbreaking.

When I arrived at the Juli Group, I happened to meet a brand new Range Rover on the opposite side, with a familiar car feel and style.

Then, Fu Yechuan got out of the car.

Tall and slender, with flawless sculpted facial features, and a dreary chill all over his body.

As if she didn't see him, Su Nan stepped on high heels and got out of the car, with a dark green suspender dress, her features were bright and generous, and her temperament was sassy and clean.

"Su Nan..."

He stepped forward, wanting to make it clear to her that it was not him that she was hacked and besieged by reporters!

From the bottom of his heart, he didn't want her to misunderstand!

...

Chapter 138 She said she deserved

it, but Su Nan didn't even glance out of the corner of her eyes, let alone say hello, and walked into the Juli Group with her bag on deaf ears.

From the soles of the shoes to the strands of hair, every pore is ignoring him!

She walked with the wind, gentle and soft, but simply agile, and the security guard at the door respectfully opened the door for her.

She thanked her calmly and went in.

When Fu Yechuan saw her, he frowned slightly, her ignorance made him panic.

She really doesn't have him in her eyes!

And he couldn't understand her more and more... The

man just walked to the door, and before the security opened the door, he saw a dozen people rushing out from the side.

Aggressive, come prepared.

Countless reporters swarmed with camera equipment.

"President Fu, do you and Qiao Wanrou plan to get married this year?"

"Do you really like this mistress?"

"How many girlfriends does President Fu have?"

"Can the Fu family accept this mistress?"

"Why give Miss Su Nan is buying hot stuff to buy black stuff, what do you want to say to her?"

...

Fu Yechuan's face was extremely ugly, and he stood there without saying a word.

He looked coldly at the reporter who asked the most enthusiastic question in front of him.

The reporter was frightened by his intimidating gaze, and his neck shrank.

The surrounding reporters kept asking questions, and the scene was chaotic for a while.

The company's bodyguard immediately stepped forward and pulled the reporter away from Fu Yechuan.

There was a road in front of him, and Fu Yechuan was not in a hurry.

The scene quieted down for a while!

His tone was cold and without warmth.

"If you appear in front of my eyes again, I will make you disappear completely from this industry."

Fu Yechuan's words were never just a warning.

At this time, the surroundings were completely silent.

No one had the guts to say a word and looked at each other.

Even the reporter who received Su Qi's check didn't dare to say a word at this time.

Su Nan lazily looked at the situation below from the railing on the second floor. Fu Yechuan's attitude was to be expected.

No matter what the situation is, you can never be surprised!

Impressive!

No wonder he can be President Fu?

People who can shake their feet in City A are truly extraordinary.

The corners of his mouth twitched uncontrollably.

But now, even if he likes Qiao Wanrou again, she can't get rid of her "Little Third" status!

What's more, she also prepared a big gift for Miss Qiao...

Feeling a special look, the man's eyes looked up unconsciously, and suddenly saw the figure on the second floor.

Four eyes facing each other.

There seems to be no third person around.

Su Nan's downward camber was slightly raised, and she raised her eyebrows with undisguised gloating on her face.

This taste, okay?

Fu Yechuan's eyes stared at her deeply, Su Nan stood up straight, and the high heels tapped the ground lightly.

She opened her mouth silently, said two words, and then turned to leave.

No one seemed to notice this scene.

The reporters were all invited out, and the door and hall became quiet again.

Ringo immediately greeted him personally from the president's office downstairs.

Fu Yechuan frowned unmoved.

He saw clearly.

What she said was: "Deserved!"

Then Su Nan walked into the conference room, and Fu Yechuan followed.

After the two were seated, the person in charge began to talk about the progress.

After listening to the project report, Ringo looked at the left and right and coughed.

"The preliminary project is about to come to an end, and it can be easier in the future. However, about the location of the experimental base for the finished product, do you have any ideas?"

"Of course it is the suburbs, and the artificial intelligence is still improving. It is easy to control in the suburbs."

Fu Yechuan said in a heavy tone.

Su Nan interrupted him: "Since it is an artificial intelligence that will enter the city sooner or later, if the experiment is in an unfamiliar field, how will it adapt to the environment?"

"You seem to be very hostile to me?" Fu Yechuan said.

Otherwise, why does she always refute his opinion?

Su Nan sneered, raising her eyes loosely, with a cool tone.

“Mr. Fu, you should remove the word ‘like’!”

Chapter One Hundred and Thirty Nine Dogs and Men Die

With the series of injuries Fu Yechuan caused her, her hostility to him will never be less!

Ringo stared at the two people strangely, and the atmosphere was momentarily stiff.

Fu Yechuan was silent, staring at her with dark and deep eyes.

Her undisguised arrogance and indifference made Fu Yechuan more aware that Su Nan’s hatred had been accumulating for a long time.

This kind of feeling is very bad. It seems that someone has squeezed his heart heavily.

Ringo coughed and said, “I think what Mr. Su said makes sense...” In the end, Fu Yechuan agreed. Su Nan’s plan.

As soon as the meeting was over, before Fu Yechuan went out, Chen Mian walked in quickly.

“Mr. Fu, the Fu Group’s stock has plummeted...”

Su Nan walked at the end and heard this clearly.

Deserved!

Fu Yechuan’s voice was extremely cold, “Speak the point.”

Chen Mian couldn’t help but hand over the iPad in his hand, opened the web page, and saw a bright red letter that was at the top of the search.

“Fu Yechuan and Qiao Wanrou, the pair of bastards, die!” It was dazzling, with undisguised hatred.

The real name is scolded, and there is no fear of investigation at all.

“This is a hot search bought by President Su, right? The response is too fast!”

“This is revenge from the RMB!”

“Die the dog and the man, President Su is mighty!”

“This hot search must be the first and always stand. Oh, you need to set up a fan support club, we are the fans outside the circle of President Su!”

...

Fu Yechuan glanced at the comments, was silent for a few seconds, then raised his head and looked at Su Nan, who had not yet left, talking to Ringo about things.

She looked calm, without any panic.

Seemingly aware of her gaze, Su Nan glanced sideways, then withdrew her gaze lightly.

If nothing happened, he continued to ask about Ringo.

The man pulled his lips, his voice a little deep: “Su Nan.”

Hearing this, Su Nan curled his lips, showing a sarcastic smile, looking at Fu Yechuan.

“Mr. Fu called me?”

Ringo noticed that every time the two met, it was the kind of sparks that could scald the people around them!

“You did the hot search on the Internet?”

He was 80% sure.

Su Nan’s tone was very unfriendly, she ruffled her long hair beside her ears.

“It’s me...”

She did, she admitted.

Su Nan sneered.

Fu Yechuan’s eyes became colder and he was about to open his lips, but Su Nan didn’t give him this chance.

“I also want you to have a taste of what it’s like to be scolded by a dog.”

Her voice was warm and her eyes were cold.

“Mr. Fu has to take care of his sister and lover, and if he dares to trouble me again, I will make their famous parents not know each other!”

She knew that the reporter who besieged Su Nan was found by Fu Yingying, no doubt about it, for Qiao Wanrou.

That being the case, she had no choice but to retaliate.

Fu Yechuan frowned, “Trouble? What trouble?”

He suddenly had a bad intuition in his heart.

“Go back and ask them, Mr. Fu is being played around like a fool, is he still consciously smart?”

Since the divorce, she has no obligation to endure it any longer.

Whether it’s from the Fu family or someone else.

Slap her, she will pay back ten times!

The price is heavy.

Su Nan snorted coldly, and didn’t turn his head to look at Ringo.

“Mr. Lin, I have to leave beforehand. I’m leaving.”

“Mr. Su, walk slowly.”

She stepped on high heels and left.

Ringo’s eyes looked back and forth on the two of them, and finally fell on Fu Yechuan.

“Mr. Fu, this is a lot of trouble...”

Ringo knew that something had happened to Mr. Fu when he was in the meeting, but he would never express his position because of his neutrality.

Fu Yechuan turned his head coldly.

“The hot search will be withdrawn immediately, what is the public relations doing?”

Chen Mian said in embarrassment.

“Mr. Fu, the news on the platform cannot be removed at all. This time, Huaying Entertainment, headed by the back, Du Yan was originally Su Qi’s person, and they also joined forces with some foreign media companies to hold this matter to the end. !”
The

atmosphere was silent and depressed for a while.

Ringo paused, “Not only that, I heard that the platform system has crashed many times. It seems that hackers from foreign domains have entered the control. They can’t even catch the shadow of the hacker and can’t withdraw directly.

President Fu, I have checked it out . In that case, the person who bribed the reporters to besiege Miss Su was Miss Fu, your sister, I think you should simply admit defeat and apologize.” The

people came prepared, and Mrs Fu obviously lost the chance.

Ringo couldn’t help but slander.

Sure enough, you can’t offend women, especially beautiful and capable women.

Fu Yechuan’s eyes were cold, he glanced at Chen Mian, raised his legs and walked out.

“Let Fu Yingying roll over!”

...

Chapter one hundred and fortieth forever removed

Chapter

140: Permanently Removed Fu Yingying was taken to the Fu Group, and even her phone was confiscated.

He stood there miserably, looking up at Fu Yechuan.

“Brother, why did you ask me to come here suddenly?”

Fu Yechuan’s face was cold and his voice was cold, “What do you think?”

Fu Yingying shook her whole body and refused to admit it.

“How do I know?” “I do

n’t know?”

Fu Yechuan sneered and shouted outside, "Bring people in!"

Chen Mian simply pushed the reporter headed in.

The reporter bowed carefully with the smiling face.

"Hello Mr. Fu, hello Miss Fu." Fu

Yingying thought the reporter had betrayed her.

She panicked and ran over to grab Fu Yechuan's arm.

"Brother, what he said was false, I didn't buy them to go to Hei Su Nan...I..." Before anyone could say anything

, she admitted it herself.

Seeing Fu Yechuan's increasingly cold eyes, Fu Yingying suddenly felt a sense of fear.

She let go of her hands embarrassingly, "I really... didn't mean to."

"Fu Yingying, you are still pretending to be the cause of this consequence?"

Fu Yechuan glared at her with a cold and deep gaze, and his voice carried a hint of coolness. .

Invisibly, a strong air pressure enveloped the surroundings.

Fu Yingying took a step back subconsciously. For the first time, she felt that this brother did not tolerate her without bottom line.

She suddenly remembered her mother Qu Qing's warning to her.

Never disobey Fu Yechuan and challenge his bottom line!

But why, Su Nan became Fu Yechuan's bottom line?

Can't touch her?

The more Fu Yingying thought about it, the more unwilling she became. Just as she was about to pretend to be aggrieved and show her weakness and make a joke about it, the reporter couldn't wait to identify her.

"Mr. Fu, Miss Fu still has the final payment, but it's not done, and I don't dare to ask for it. Can you let me go?" The

surrounding atmosphere was obviously a bit colder.

“Shut up!” Fu Yingying couldn’t help cursing.

What a stupid thing without eyesight!

“Fu Yingying, there is only one way, go and apologize to Su Nan in person!”

Fu Yechuan’s eyes were heavy, with a shocking sense of oppression.

“Why do you want to apologize to her? Didn’t it happen?”

The situation on the Internet reversed, not pulling her into the water, but causing trouble for Fu Shi.

She was already dissatisfied.

How could Su Nan have such good luck every time?

Fu Yechuan’s voice was cold, “You don’t have to go, and don’t even think about taking a penny from your house in the future.”

Fu Yingying looked up at her in shock, her face pale.

“Don’t even think about borrowing money in the name of the Fu family. I will inform everyone that you were kicked out by the Fu family.”

His voice was cold and threatening.

Fu Yechuan’s eyes were deep and dark, and there was no warmth on his face.

He’s a man of his word.

Fu Yingying realized that he was not joking!

She trembled in her voice, extremely aggrieved.

“Why, why are you facing her? Didn’t you get divorced? Don’t you want to be with Qiao Wanrou?”

What is Su Nan?

Why do you want to embarrass yourself again and again because of her?

Fu Yechuan’s voice was cold.

“Fu Yingying, because you touched Su Nan with clumsy means, causing Fu’s stock to fluctuate, and more than one billion evaporated in just a few hours, why do you say that?” For a

moment, it was as cold as an ice cellar.

Fu Yingying was so shocked that she couldn’t even speak.

Evaporate more than one billion?

She just spent hundreds of thousands of dollars to buy the reporter’s trouble to find Su Nan...

“Also, I have nothing to do with Qiao Wanrou, you’d better find out the facts for me, she will never be able to talk to her. The Fu family has nothing to do with it!”

After Fu Yechuan said coldly, he gave her a cold look and walked out.

Has she always been wrong?

Fu Yingying’s body was stiff, but she was trembling with panic.

There is a sense of impending doom!

After Fu Yechuan left, Chen Mian walked in and glanced at the reporter.

“You can go, remember what Mr. Fu said, and gossip about the entertainment industry. Don’t forget to talk about the business circle, or you won’t know how to die.”

“Yes, yes.

” ran out.

Chen Mian adjusted her glasses, looked at the stiff Fu Yingying, and walked over.

“Miss Fu, the old man called you.”

Fu Yingying was stunned, yes, and grandpa, he would not ignore her granddaughter.

“What did grandpa say?”

“The original saying, let you roll over within 20 minutes, or you will be permanently removed from the Fu family’s household registration book!”
