### Chapter 1371

Su Ming finished listening to it on time than anyone else. It seemed that he noticed something was wrong and went to see Su Jin very regretfully.

With just one glance, Su Jin stared at him with gloomy eyes, this was the first time.

Because of his words, Wen Xiang remembered the unpleasant past.

Su Ming's lips tightened instantly, and when he looked at Wen Xiang, it was complicated for a few seconds.

he did not do it on purpose.

Wen Xiang didn't care at all, she smiled and continued to explain:

"The silent family attaches great importance to your relationship, so they will be more serious.

If you secretly get the certificate, when the matter is made public, their impression of you will be greatly reduced. It's too hard to be a human being among you in silence!"

After hearing Wen Xiang's words, Su Ming couldn't help but ponder.

Is what he's doing really wrong?

He just felt that it was only a matter of time before getting a certificate sooner or later.

But listening to Wen Xiang say this, it seems that it will be a big mess.

After hesitating for a few seconds, he nodded:

"Okay, let's delay it for a while, thank you, sister-in-law."

This "sister-in-law" is a heartfelt respect.

Wen Xiang smiled, "You're welcome."

Su Ming pursed her lips and was about to go upstairs. After hesitating for a few seconds, she turned around and said, "Sister-in-

law, why don't you have any relatives? We are all your family."

When he speaks, the solemn appearance is exactly the same as when he is doing experiments.

Even Wen Xiang was stunned.

Then she nodded with red eyes.

After Su Ming finished speaking, he went upstairs.

Su Jin held her hand in the past, his tone was low and hoarse:

“This second child has never had any emotional intelligence. He has been like this since he was a child.

If he doesn't say the last sentence, I will definitely hide the household registration book so that he can't get it for the rest of his life. Proof!”

Who told him to make Wen Xiang uncomfortable?

Wen Xiang patted him angrily, and the two exchanged an obsessive look.

Su Nan was fed up with this dog food, and didn't want to watch any more, so he went upstairs.

...

The air was moist and cool, and it was overcast for several days.

Su Nan finally returned to work in the company.

There are a lot of backlogs on hand, and when I go, I will be busy in the dark.

Yu Lou divided things into priorities, and Su Nan was able to handle it.

Seeing that another day is about to pass and she is about to get off work, she still has a lot of things to do.

Some even need to be approved today. Seeing that it's almost midnight, Su Nan can't bear it any longer:

“Where's my eldest brother? He's still working overtime? See if he's gone, how can he leave these items to me?

” His most promising project, how can he get rid of it now?

Yu Lou raised his head with a complicated expression:

“Mr. Su will get off work on time, even more punctual than ordinary employees.”

Su Nan was stunned for a moment, and his eyes widened in surprise.

This is not Su Jin’s style!

“What’s wrong with my brother? I didn’t even eat dinner...”

Yu Lou: “Oh, he ordered takeout for you, so you can work overtime after eating!” Yu Lou watched calmly.

Su Nan: “...”

Why has the married man changed?

No way, if he doesn’t go back, Wen Xiang will definitely be worried.

Su Nan can only stay and continue to work overtime without complaint.

It was almost ten o’clock.

She started to get upset, with so many things at hand...

Yu Lou came in with a cup of coffee:

“Mr. Su, someone wants to see you at the door?”

“No, no one, I don’t even work overtime. It was squeezed out, and I don’t want to see anyone.”

She was about to die of sleepiness.

If you want to finish the task at hand early, go back to sleep quickly!

Yu Lou looked at her with a complicated expression.

Just about to say something.

There was a loud knock on the door...

...

Chapter 1372 I want to kiss you

Chapter 1372 I Want to Kiss You

Su Nan is really upset, wondering who is so blind, who came to meet in the middle of the night?

But as soon as he looked up, an unexpected person stood in front of him.

He has a neat suit, a long body and a warm smile on the corner of his mouth, as if he can melt the snow on an iceberg.

“Don’t even see me?”

He opened his mouth, his voice was warm and clear, and the familiar feeling returned in an instant.

She had to admit that she missed him very much.

Although they have been in contact with each other on the phone these days, they are too busy with each other and hang up after a few words.

And because of the jet lag, people often fall asleep while talking.

It was as if they hadn’t seen each other for as long as a century.

Although they usually can’t say a few words, they restrained each other and missed each other, but they couldn’t help but approach.

But no one took the initiative to mention the inconvenience caused by distance.

Su Nan’s eyes turned slightly red.

Yu Lou pursed his lips, coughed, and looked at Su Nan cautiously:

“Mr. Su, see you?” He

asked knowingly.

Yu Lou was indeed joking a bit, but he didn’t dare to go too far.

When he heard that it was Shang Qian who had come downstairs, he let people come up without saying a word.

It’s just that when he came to ask, he happened to be heard.

The result was such an awkward meeting.

Su Nan rolled his eyes at him:

“I’ve already come, can I still drive out?”

Her voice was hoarse and lowered, “After all, she is an important partner of the company!”

Yu Lou held back his smile, but he never thought that Su Nan would naturally find a way for him to go down?

Mr. Su is indeed Mr. Su.

“Okay, then let’s talk, if you need to call me.”

After Yu Lou finished speaking, he walked out wisely.

Shang Qian nodded slightly, then took a step forward, and Yu Lou closed the door intimately behind him.

He sighed, his gentle eyes filled with the softness of moonlight.

He opened his arms slightly.

Su Nan couldn’t bear it any longer. He went over and rushed over.

The warm, quiet, and cold scent made her feel at ease.

She hugged him tightly. She hadn’t seen him for a few days, and her thoughts were already so deep.

Su Nan not only asked herself once, does she still restrain her rationality in this relationship like she did at the beginning?

Obviously easy to see, no.

In the beginning, I just wanted Shang Qian to retreat, and also wanted Fu Yechuan to give up.

But later, it was her who fell the most.

For a long time, he put his hand on her head and touched her, with gentle and careful movements.

Hearing his laughter from his chest:

“Not enough?”

Su Nan froze and let go of her hand instantly.

This man is so playful.

He is still immersed in the longing of nostalgia, and he has become a bystander?

Men are really unreliable!

She was so angry that she was about to speak to regain her aura when she suddenly saw him bow his head.

He held his face, his eyes were dark and deep, full of bright stars, and a dark color that was as heavy as ink.

“I want to kiss you.”

You hugged enough, and I started kissing you.

Before she could react, Shang Qian lowered his head and pressed his cold lips to it, but he was reluctant to let go. He tightly absorbed every inch of her sweetness.

Those thoughts that were restrained in the bones, like a flood that opened the gates, surged in and drowned her.

Su Nan passively accepted his strength and just wanted to counterattack and seize the initiative.

But as soon as he responded, a more intense kiss was ushered in.

Until his slightly cold big hand inadvertently got into her back...

...

Chapter 1373 You Want to Sleep My

Su Nan's body trembled fiercely, and murmured inadvertently.

Her voice was so soft and charming that she didn't even expect that she would make such a voice.

After shouting, she was startled and woke up.

The man didn't notice her strangeness, but the voice made the blood in his whole body boil, and he wished he could give up his life.

His offensive intensified, and that hand was not rejected, but instead, he wanted to touch more. He felt numb and numb without an inch more, and he was completely indulged in this kind of caress.

He knew that there was a fatal attraction to her.

The man's palm quickly became hot.

Su Nan knew that if he didn't refuse, he might lose control.

But looking at Shang Qian like this, she really couldn't bear it.

After hesitation, the world turned around, and she was carried to the soft sofa to lie down.

His eyes were full of red blood, dark eyes, but with a strong suppressed desire. see.

The way he looked at her, he wished he could eat her in one bite!

When Su Nan saw Shang Qian like this for the first time, he was a little flustered, his heart beat faster, and he became nervous.

She pursed her lips, "Shang Qian..."

She opened her mouth, and the kissed red lips became even brighter and glowing with water, making people unable to resist asking for more.

Just as he was about to speak, Shang Qian stretched out his hand, rubbed his fingers against her lips, and pressed his body against her body. His temperament became cold, which made people feel unreal.

He suddenly lowered his head, the tip of his nose gently rubbed against hers, the two people's breathing intertwined, but he did not take another step.

After a long time, the red blood in his eyes faded, and his face became normal, and he reluctantly got up from her.

Then he picked her up again and patiently sorted out the clothes he messed up for her.

Su Nan looked at him with burning eyes.

It's very strange, he just couldn't bear it anymore, but he can't bear it again?

They have been dating for so long, and Su Nan is no longer disgusted by doing intimate things.

Even if they were together now, she would not refuse.

But Shang Qian was still in control.

This feeling is really both excited and surprised. Could it be that her charm is not enough?

Su Nan thought about it and wanted to verify it. She suddenly took his hand and kissed his bulging Adam's apple when he was not aware of it.

When Qin Yu usually drives a small yellow car, he often mentions that this part is very sensitive for men...the

result.

Shang Qian's body froze slightly, his already clear eyes darkened instantly, and his eyes suddenly became dark and unpredictable, as if a dark storm was swept up in his eyes.

His eyes were fixed on Su Nan, trying to find something from her face...

That kind of look, if the leopard saw its prey.

The next second, Su Nan turned around and was put back on the sofa.

This time, it was she who provoke him first.

He didn't have to hold back any longer.

But suddenly, those white, tender and slender hands blocked his chest, and the clothes he had just packed up were torn again, but they really couldn't wear them anymore.

Her almond eyes were misty, and she stared at him with wide eyes, with a hint of excitement in her eyes after the successful experiment:

"You want to sleep with me!"

This is an affirmation.

When Shang Qian was asked this question, it was like a hammer hit his head, and he was a little dizzy for a moment.

His face changed a few times. I don't know why Su Nan's thoughts turned so fast?

How is he going to answer?

In just a few seconds, thousands of troops were already racing in my mind!

...

The first thousand three hundred and seventy-four chapters look at the eyes of men

Chapter 1374 Looking at the man's eyes

, Su Nan thought that Shang Qian, who had always had a shallow taste and behaved well, was a person who was not close to women.

Since their relationship, apart from kissing and hugging, they have no further plans.

They were talking about a Platonic love.

It feels good, not talking about sex, and there is no benefit to measure, and it will not lead to a series of irreversible things.

After all, the identities of the two people are really special, and their every move is related to the huge interests behind them.

No one dared to give up easily.

But Su Nan suddenly realized that Shang Qian, the superficial gentleman, is no different from other men once he goes crazy...

Su Nan blinked, waiting for his answer.

Shang Qian's dark eyes darkened, and he stared at Su Nan for a long time before speaking hoarsely,

"Well, I think."

He couldn't think of it, but he also knew that Su Nan was not an ordinary person.

Her every move affects the entire Su family behind her.

Before his prospects are determined, he must be responsible to her, and he can't go wrong in the slightest.

Let alone put her on the cusp of public opinion.

Once their relationship is really announced to the outside world, people from the outside world will inevitably compare him with Fu Yechuan.

At this point, he doesn't mind.

What he really cares about is that he is not good enough to be worthy of her, and her eyes on men will also be criticized.

This is unbearable.

long silence.

Su Nan took a slow breath and looked at him for a long time.

The lights in the office were quietly on, and it seemed as if there were only the two of them left in the whole building.

She lowered her eyes and thought for a while.

Just about to speak to break the silence.

Suddenly I heard the phone ring.

It's her phone.

on the desk.

The two people's stalemate finally moved.

Shang Qian got up from her, calmly, the light fell on his warm face, and the handsome facial features were portrayed more deeply.

I don't know if it's an illusion, but when Shang Qian came back this time, he always felt a little cold.

But soon, it was fleeting.

Like she got it wrong.

Su Nan's eyes stopped for a while, and he was attracted by the phone.

The caller at this time will not be anyone other than the Su family, so he has to answer.

Shang Qian took the phone and handed it to her.

I have read the name above.

It's Su Yifeng.

The fire in his heart was finally suppressed gradually, and the confusion in his mind quickly cooled down.

It seems that the questions and answers just now are not what they said.

He turned to get her bag and clothes, get ready, and take her home.

Hearing her pick up the phone:

“Dad?”

“When are you going home? Do you want to send a car to pick you up?”

Su Yifeng seemed a little tired, and even his voice was hoarse.

Su Nan glanced at the time:

“It’s too late, I went back to the apartment to sleep, you guys should rest early.”

Her tone was very natural, and there was no change in her mood.

It’s just that Shang Qian’s face, who was waiting on the side, changed slightly, and he looked up at her.

Su Nan was also looking at him.

When the two met their gaze, their heartbeats accelerated involuntarily.

Su Yifeng muttered a few words to pay attention to his body and hung up the phone.

Su Nan stood up and walked over.

Shang Qian unfolded her coat, Su Nan stretched out her hand, and put on her clothes just like that.

Naturally, no one spoke.

There seems to be something moving in the air.

Can’t tell, don’t know.

go out.

Yu Lou had already got off work, and when he came from Shang Qian, he left.

He knew that Su Nan could not continue to work overtime, and he had nothing to do with him, so he just got off work for himself!

came, Su Nan didn't care about him, he went downstairs all the way, got into the car, and Shang Qian put her seat belt on her caringly.

Go halfway, at the intersection, and wait for the red light.

Shang Qian gave her the last chance to go back:

"Really not going home?"

Su Nan glanced at him, determined, and hooked her lips.

That glance is breathtaking, especially in the dark.

Her voice was light, and there seemed to be thousands of hooks in his heart:

"If you have to send me back, that's fine."

Her answer was not clear, and she put the choice in his hands at once.

Shang Qian tightened his lips instantly and regretted asking.

The green light is on and the car starts.

He turned left, his tone was cold, "Forget it, don't disturb Su Dong's rest."

Su Nan was in the dark, his smile deepening.

What a duplicitous man!

Two people went upstairs directly from the underground parking lot.

As soon as he entered the door, Shang Qian restrained her waist and pressed her against the door.

The two people's breathing became heavy in an instant.

She went home with him, and the implication, without saying it, both of them understood.

Shang Qian's complexity was suppressed with all his strength, so that he could control himself, who was almost out of control.

He looked down at her, his eyes dark and deep, like the unfathomable sea in the dark night, capable of swallowing everything.

He was afraid of scaring her, everything was done carefully, and his movements were light and deadly.

The tip of his nose rubbed against her face, his breath very close.

I could smell the faint scent on her.

At this time, even this fragrance is killing people.

With a hoarse voice, in her ear, he called her softly:

“Baby, baby...” It

sounded like a magic voice.

Su Nan felt numb wherever his hand went.

It was as if he didn't know himself.

But he was so calm.

When he was about to bear it, he asked her in a hoarse voice,

“Are you serious?”

Give her a chance to regret.

Su Nan bit her lip, put her hands around his neck, and kissed his slightly raised Adam's apple.

took the initiative.

Shang Qian froze all over, and his eyes darkened a bit.

Not to be outdone, he picked her up and walked into the bedroom.

The lights were not turned on, but I could hear the intertwined breathing of the two people.

In the dark, it seems to be magnified dozens of times, and the sound is clear, making people blush and heartbeat.

The clothes were thrown on the ground, and no one cared about it.

But it can be expected that it will not be too quiet tonight.

Su Nan wanted to take the initiative at first, because Shang Qian was always very restrained, and his movements were as light as he wanted to tickle, which made her unable to go up and down, and it was extremely uncomfortable.

But at the back, she completely lost control.

Shang Qian was just like a different person. He was no longer careful about trying things out, and he tossed her over and over again, wishing he could swallow her up.

She had lost the strength to resist, and even her voice was hoarse.

She didn't even know when she fell asleep.

...

wake up again.

It's almost noon.

Although the thick curtains were drawn to block the light outside, the faint movement outside still made her uncomfortably open her eyes.

All over the body aching pain to death.

Su Nan suddenly remembered the absurdity of the night last night and froze.

Shang Qian is back!

They also did very intimate things.

I didn't drink alcohol last night, but it was like being drunk.

She thought she must be drunk.

Otherwise, how confused?

The physical discomfort reminded her of what happened last night, and she didn't even dare to open her eyes.

But this is not a problem.

After mentally preparing herself, she opened her eyes, there was no one beside her, and she was empty.

Su Nan's heart sank slightly.

Did this man eat and leave?

It's not a thing!

Chapter 1376 Aren't you tired?

Su Nan supported her sore body and planned to wash up.

Suddenly, she found that her body was clean and fresh, as if someone had cleaned up and put on her favorite pajamas on weekdays.

Who it is is self-evident.

There was a rustling sound from the kitchen. Although I tried my best to handle it gently, it still inevitably made a crashing sound.

She woke up, presumably hearing these sounds.

Looking at the busy figure in the kitchen, she stood there and admired it for a while.

Turns out he didn't leave.

The light came in from the window and shrouded him lightly, and Qing Jun's profile was marked with a layer of light, which made him tall and handsome, and his facial features were three-dimensional and handsome.

The lighter movements and the smell of porridge seemed to remind her that he had entered her life.

Such an early morning, no work and deserted, no busyness and disappointment.

She never dared to think.

He gave her.

If it is like this for a lifetime, it seems like a good thing?

Su Nan thought so, she unconsciously wanted to spend more time with him.

The thought surprised her.

Although there was a relationship, she was never involved in the marriage.

She had already had a failed marriage, and Fu Yechuan was like a wound in her heart, leaving a scar on it. Every time she touched it, it would hurt.

So even if she has a new boyfriend, she doesn't want to touch marriage.

But at this moment, she felt that it was not bad.

She stood there staring blankly.

Shang Qian took off his apron and was about to wake up the man in his sleep.

As soon as the result came out, I saw that Su Nan was already standing there. I don't know how long she had been standing?

He was stunned for a moment, then walked over and put a kiss on her forehead:

“Good morning, when did you wake up?”

Su Nan didn't reject it. .

She reached out and put her arms around his waist. His waist is really thin. Such a thin waist doesn't delay his muscle growth at all.

She smelled the smell on him, and after a while, she said in a hoarse voice:

“I was woken up by you.”

Even standing here, she still felt tired. Last night, he almost tossed until it was almost dawn, and he stopped. .

But he still stood here in a state of freshness, without showing any signs of exhaustion.

But what about her?

I struggled to even open my eyes, I just wanted to go back to sleep.

It's so unfair!

Shang Qian touched her head, the tenderness in his eyes was about to overflow, and his tone softened:

“Okay, my fault, let's eat something first, and then you can rest, okay?”

Can she say bad? ?

Shang Qian had picked her up and put her on the chair by the dining table.

There are several kinds of side dishes on the table, as well as fragrant porridge.

He sat beside her, his eyes never moved away from her, and there was always a slight smile on the corner of his mouth.

It seems that there is nothing in this world that he can care about except her.

Su Nan's face turned slightly red when he saw him.

Thinking about what happened yesterday, she pursed her lips and looked at him:

"Aren't you tired? Get up so early? Going to the company?"

Shang Qian blew the heat of the porridge, scooped up a spoon and handed it to her mouth, with a gentle gesture:

"I'm not tired, I'm not going to the company. I'll be with you all day."

He really didn't want to be separated from her for a moment.

Su Nan pursed her lips, frowned slightly, and suddenly remembered something:

"I seem to have an important meeting in the morning, I forgot, what time is it?"

Shang Qian quickly held her down to soothe her mood:

"Don't worry, I've already asked for a leave for you."

...

Shang Qian smiled, "Don't worry, I sent Su Jin a text message from your mobile phone, saying that you are going to take a day off, and the company will hand it over to him."

Su Nan breathed a sigh of relief, and then he was relieved.

Taking a look at the phone, it was indeed a message sent at six in the morning.

"Brother, I'm not going to work today, you go!" He

even used an exclamation mark!

Completely imitating Su Nan's rogue tone.

A perfect ten.

Su Jin replied helplessly: "I see."

No wonder he didn't notice anything.

Without an exclamation mark, Su Jin might call to confirm.

This Shang Qian...

Su Nan looked at him, Shang Qian smiled meaningfully, and his eyes were extremely gentle.

She put down her phone and asked a difficult question:

"How do you know my phone password?"

Although she had never avoided him before, he would consciously turn away every time.

Very proportionate.

Shang Qian looked at her with red lips, thinking about her delicious food last night, he couldn't help but feel a little nervous.

But he held back, knowing that if he hadn't gotten too out of control last night, she wouldn't have been unable to get up this morning.

There was some guilt in his eyebrows, and he leaned in and kissed gently.

While answering her question:

"Didn't you tell me?"

Su Nan was dazed by his light and gentle kiss, and his mind became less and less clear.

what did she say?

When did she say that?

It seems that in the early morning, a voice really asked her in her ear, what is the unlock code of the mobile phone?

But she was so sleepy that she thought it was a dream.

But she still said...

Shang Qian smiled and fed her mouth by mouth, taking the trouble.

After the meal, Su Nan's face turned red.

Shang Qian finally put a kiss on her lips:

"Okay, go to sleep..."

After speaking, he hugged her horizontally and walked to the bedroom.

Su Nan really had lingering fears, and was a little panicked about what happened last night.

She still wants to die!

She hugged his neck tightly with her hands, nestled in his arms, refusing to show her face.

"I'm tired!"

She said hoarsely, with a bit of coquettish charm.

Shang Qian hummed and gently put her on the bed.

I didn't notice just now that the bed was clean, and he even changed the sheets!

Really a hardworking and homely good man.

Su Nan thought that if he knew, it would be fine.

But she hadn't closed her eyes yet, watching the man stand by the bed and start undressing.

Su Nan's eyes widened, watching him wearing the same pajamas as hers and laying down the quilt beside him, wrapping one arm around her waist, the other hand hadn't fallen on her, Su Nan He pushed him away violently.

"I'm really tired!"

she said solemnly.

This is no joke.

If she doesn't go to work tomorrow, the people of the Su family will definitely come to see her.

How long can a text message last?

Shang Qian was stunned for a moment, then suddenly smiled, with clear eyes and deep facial features, with a seductive tone:

"I know, I'm tired too, I'm just going to lie down and sleep with you for a while?"

He knew She misunderstood.

Su Nan was stunned for a moment, and his face was red as hell.

She turned her back and lay down.

I don't want to see him.

Shang Qian leaned forward with a smile, and put his arms around her waist from behind, with no further action.

Sure enough, it was just to accompany her to lie down and sleep.

It's just that she is extra awake today, unlike the chaotic love affair last night.

On the man's body, there is the scent of her body wash, just like hers.

The scent is very special, especially on him.

But Su Nan, who was sleepy at first, suddenly couldn't sleep...

Chapter 1378

The man behind him didn't move, he put his hand on Su Nan's waist, and the heat in his palm made her feel slightly uncomfortable.

She moved, but Shang Qian woke up immediately.

“Aren’t you feeling well?”

His voice was low and hoarse.

Su Nan responded without saying much.

But the person behind him held his arms tightly, with some guilt in his tone:

“I tried my best to restrain myself, should I put on some medicine, it’s really uncomfortable, so I should go to the hospital?”

If you go to the hospital because of this, this matter It got louder.

Not to mention that the people of the Su family got the news, I am afraid that some people will spread it out and the whole world will know.

Su Nan snorted, and the ninja blushed and said,

“No need, just get some sleep.”

Her voice was soft and soft, and she was exhausted just listening to it.

She wasn’t particularly uncomfortable, but her bones were too sore.

But she didn’t want to say it, lest he think her physical strength was better than he thought, and he would have no scruples in the future.

Shang Qian patted her belly, as if planning to coax her to sleep like this:

“Go to sleep, I won’t disturb you.”

Su Nan pursed her lips, she can’t sleep at all now, okay?

A few seconds passed.

She couldn’t help but say, “Aren’t you sleepy? The message you sent to my brother at 6 o’clock, did you wake up at 6 o’clock?”

Shang Qian’s breath swept across her face, and his voice was low and hoarse, nice and sweet:

” I didn’t sleep, I couldn’t sleep, I was afraid it was a dream, and when I woke up, you were gone.”

He was afraid it was a dream, so he didn’t dare to close his eyes.

Watching the sky get darker, watching the dawn break, waiting for the light to shine.

She slept next to her, breathing shallowly, as if unreal.

He didn't even dare to blink.

Su Nan paused, turned around, hugged his waist, and buried his head in his chest.

His hands tightened slightly.

"I haven't seen you for a few days, I miss you a little."

Su Nan lowered her voice, soft and gentle.

Shang Qian smiled, "Well, I know."

Although they didn't say they missed it on the phone, Shang Qian could feel it.

She is changing, becoming more and more dependent on him day by day.

After he finished speaking, he lowered his head and kissed her ear with a hoarse voice:

"Good boy, go to sleep."

His voice seemed to have magic power. After saying this, Su Nan's repressed drowsiness surged. .

As soon as he closed his eyes, he fell into a deep sleep.

Su Nan slept until the afternoon.

The phone buzzed non-stop beside her, as if she wouldn't give up if she didn't answer it.

Because he was afraid of looking for her in an emergency, Shang Qian didn't mute or turn off the phone. They all knew that if some things could not be handled in time, the consequences would be serious.

She groped for her phone with her eyes closed, and people outside hurried over when she heard the sound.

She got the phone first.

I didn't even look at who it was, so I picked it up directly:

"Hello, who is it?"

"It's me, Ringo, I called the company just now, and your assistant said I'm on leave today, so I can't contact you if there's anything urgent.

But I'm not sure either. Is this an urgent matter for you?

So I took the liberty to call and ask you, is Mr. Su convenient now? "

Ringo's voice was clear and moist, with a bit of a smile. I don't know what good things happened?

Su Nan was slightly awake and looked at the phone. It was Ringo.

She sat up, her voice was much calmer, and her attitude was solemn. :

"Mr. Lin, please speak. Ringo smiled, "

The driverless project has already obtained a European pass, the first country in the world to get it, Mr. Su, our efforts have been recognized by the world!" "

...

Chapter 1379 There is a man at home

Chapter 1379 There is a man at home,

Su Nan, who is completely awake in an instant.

"Really?"

I thought it would take a few years or even longer to get this pass. After all, human beings' attitude towards new things is not as simple and tolerant as they say.

There are too many factors to consider, and political links and technological levels are all constraints.

But I didn't expect it to get it so quickly!

Once it is available in the European market, it means that driverless driving opens up the first step, and all the constraints will make way for it.

When the world environment is not accustomed to unmanned driving, the next step is country Z.

These would have been the general layout of the project.

Now, the first step has already begun.

She eagerly went barefoot to change clothes, and went to the company to see first-hand materials.

Shang Qian's white shirt rolled up his sleeves, frowning slightly as he watched her white and tender feet stepping on the cold ground.

"Put on your shoes..."

He bent over to get her slippers.

Before Su Nan's phone was hung up, Ringo on the opposite side could hear this clearly.

He was stunned for a moment, raised his head subconsciously, and blurted out the question:

"Are you at home? Is there a man in your house?" After asking, he wanted to bite off his tongue.

What position and qualification does he have to ask?

But Fu Yechuan, who was sitting across from him, who had never spoken, his face turned gloomy because of what he asked.

There was a moment of silence on the other side of the phone.

Su Nan blurted out and wanted to scold him for meddling with his own business, this person is simply wrong!

Are they familiar enough to explore their private lives?

Does Ringo take himself too seriously?

But for the sake of him telling her the explosive good news, she generously forgave him.

"Yeah, my boyfriend is here, do you want him to come and see it together?"

After all, the main investor of this project is Shang Qian!

Ringo was turned against the army and looked at Fu Yechuan subconsciously.

He was instructed by Fu Yechuan to make this call.

As a result, it wasn't just Su Nan who came, Su Nan also wanted to bring her boyfriend?

The development of the situation seems to be out of control.

Su Nan blinked at Shang Qian, who stood there shaking his head, spread his hands, and pointed to his watch.

He said there were other things.

Su Nan pouted, didn't he say that he would be with her all day today?

Not even talking?

Shang Qian walked over and kissed her forehead, expressing comfort.

Ringo couldn't hear any mood swings on the phone, he said with a smile:

“Come here, welcome anytime.”

Shang Qian came and Fu Yechuan left.

It doesn't matter who comes or goes.

Su Nan went to the cloakroom to pick up the clothes, and said casually:

“Forget it, he has other things to do, you can wait for me at the company.”

After that, she hung up the phone first.

Put on clothes and come out, watching Shang Qian drying clothes on the balcony?

dry clothes!

Su Nan was puzzled for a moment.

Although the design of the balcony is very simple and smooth, Su Jin also put an office tatami on it, so that he can enjoy the scenery at any time.

However, she has never dried clothes!

But after a closer look, those clothes and sheets were changed last night.

Su Nan took a breath.

Shang Qian walked over with his sleeves rolled, revealing his smooth forearms.

“What are you looking at?”

Su Nan pursed her lips and looked in the direction of the balcony.

“Have you washed your clothes?”

Shang Qian nodded.

Su Nan was puzzled, “But I don’t seem to have a washing machine here...”

Su Jin knew her best, so he never prepared these appliances for her.

Her clothes will be regularly cleaned by someone...

Chapter 1380 Want to kiss goodbye

Shang Qian pointed to something that appeared there at an unknown time:

“Yes, I moved one before.”

He said calmly, his expression a little wanting to laugh.

This set has been here for so long, and Su Nan doesn’t even know about it?

Or, she didn’t even know what it was for.

Su Nan turned around the appliance a few times in surprise. She really didn’t know anything.

She thought this thing was always there.

Shang Qian smiled and put down his rolled up cuffs:

“Okay, Your Royal Highness, don’t look at it anymore, it will be dark if you look at it any longer. Then we won’t go out and go straight to the topic?”

He said meaningfully. Looking at her, there was deep meaning in his eyes.

Su Nan understood in an instant, she blushed slightly and glared at him.

“What topic? Don’t talk nonsense.”

Shang Qian looked at her with a smile and didn’t refute.

“Okay, I’ll take you there?”

he said and picked up the key.

Su Nan: "Don't you still have your own affairs? I'll just go by myself."

Shang Qian: "How can other things be important to you?"

Saying anything, you can't separate so easily. You can stay for an extra minute. OK.

The two went out one after the other, and Shang Qian really wanted to send her there.

Although Su Nan said no, no, sweet bubbles still appeared in his heart.

Understanding is understanding, but any choice he made in favor of her, Su Nan still felt very happy.

Being bored in the car, Su Nan talked about what Ringo said.

Shang Qian said he had known it for a long time.

At the beginning, he went to Europe to go through the formalities in person, and he also found a lot of connections and acquaintances. It was expected that it could be done so quickly.

But seeing Su Nan so excited, he didn't say anything.

to the Juli Group.

It was very rare that Ringo was standing outside waiting for her.

Based on their relationship, he would at most wait in the company, and sometimes even let Su Nan go upstairs directly.

Oh, this treatment is really incredible.

Before getting out of the car, both of them saw Ringo.

Shang Qian squinted his eyes, still smiling, and asked her,

"Is Mr. Lin so polite?"

Su Nan raised his eyebrows, "Is he taking the wrong medicine?"

Shang Qian said nothing. , unfasten her seat belt and hand her bag over.

"I'll come pick you up later? I'll be busy soon, go buy something to cook first, what do you want to eat?"

Originally Su Nan wanted to refuse, but watching Shang Qian arrange everything, She also saved herself from thinking.

“No, feel free to do so.”

This sentence “optional” is the most difficult word to fool.

Shang Qian smiled, “Okay.” After

Su Nan finished speaking, he was about to get out of the car.

But Shang Qian grabbed her left hand and looked at her deeply:

“Did you forget something?”

Su Nan blinked, “What?”

Did she forget?

Shang Qian sighed, stretched out his finger and rubbed her lips, and the lipstick smeared on his finger. He reminded with a smile,

“Kiss goodbye.”

He said.

Su Nan was stunned for a moment, and then his face turned red.

How can the relationship go further, and his requirements have become more and more?

The former Shang Qian was the easiest.

Su Nan gritted his teeth and glared at him:

“Don’t take an inch...”

Shang Qian responded with a smile: “I’m good at pushing my nose on my face.”

Well, don’t give in an inch.

His hand groped for her soft and smooth palm, rubbed it, and it was a little itchy. This little movement was more like urging her.

hurry up.
