Chapter 1401 Special Guest

This incident caused a lot of commotion around.

However, Liang Qi found the Cheng family's relationship, and with his own methods, he suppressed the matter abruptly.

Not long after, Lin Yang was sent abroad, the little girl received a large sum of money, and it was over.

The circle has always hated seeing this Lin Yang.

The disdain in Su Nan's eyes was even more undisguised:

"Think things are over? He still has the face to come back?"

Ning Zhiluo

's mouth raised a sneer: "He didn't come back disheveled, he said he brought a girlfriend Back, this girlfriend has a relationship with an arms dealer.

It is an excellent help for the Cheng family.

Liang Qi has been relying on her sister to live, and life is not very easy depending on her face.

Now I finally have the opportunity to straighten myself. Why don't you try to be beautiful?"

Su Nan frowned, "Arms dealer?"

No wonder Liang Qi dared to let Lin Yang come back, this connection, no matter where it is placed, is extremely sought-after.

However, the barriers in this industry are strict, and most people can't get in at all, but whoever enters, either has a relationship with the above, or has a connection with a foreign country.

Even though the Su Group has a great family, Su Jin also walked through the underworld at the beginning, but he got out in time after entering. The water in that line was too deep and he would drown.

A large group like them, with thousands of employees eating, would not do those transactions.

Not to be safe, but this kind of business, although lucrative, is not a long-term solution.

The assets and fame of the Su Group can be passed on in an open and fair manner.

That's because the industry involved in this transaction is clean and simple.

Arms, they don't touch.

Ning Zhiliao took two glasses of wine and handed one to Su Nan:

"Yeah, if the Cheng family is really connected to this piece, I am afraid that the Su family and the Fu family will have to let go in the future..."

Although the Cheng family has a tendency to be at the end of the day, it can still be maintained behind the Su family.

As long as Cheng Yi doesn't deliberately make a mess, there won't be any big changes.

Su Nan suddenly smiled and shook his head.

"Impossible."

Ning Zhi said: "What is impossible?"

"The Cheng family will not welcome this special guest."

Su Nan said lightly.

Ning Zhi didn't understand, and frowned slightly: "Why?"

Su Nan looked at her, "You forgot, Cheng Yi's eldest brother, how did Cheng Heng die? Old

man Cheng is still alive, how could he let himself be the only one? Grandson, are you in danger?" For a

moment, the atmosphere sank.

Ning Zhi's face changed slightly.

How did Cheng Heng die?

They went abroad as peacekeepers, but in a fierce battle abroad, they were shot and killed by a group of unknown people.

From the research of the gunshot wound, this group of people is a foreign arms dealer.

The Cheng family has lost a child because of this, so how could it be possible for Cheng Yi to get in touch?

Neither of them spoke.

Suddenly I heard a voice coming from the door.

Liang Qi pulled Mrs. Cheng out, smiling like a flower.

“Lin Yang is back. You haven’t seen each other for a long time. He misses your aunt every day!”

Mrs. Cheng kept smiling and lowered her voice:

“Why are you coming back? How good is it to find a job abroad!”

“Don’t you want to see Lin Yang’s girlfriend?”

Liang Qi smiled.

Looking at Lin Yang, who was wearing a pink suit, he walked in with a smile. He brushed his hair back, his face was full of oil, and his facial features were sunken.

Although he is tall, he is very thin.

Like a gust of wind can blow it down...

...

Chapter 1402: Bloody Plot

Chapter 1402: Dog Blood Plot

A cold-looking woman stood beside Lin Yang, tall and thin, that woman was wearing cold clothes, a black dress, flaming red lips, and Yujie’s style. , dressed like an arms dealer... thug.

At first glance, everyone is a little puzzled.

Especially Mrs. Cheng.

She was stunned for a while, then glanced at the crowd, and the moment she saw Su Nan, she was also stunned.

The woman beside Lin Yang really looked like Su Nan.

Pretty and cool.

Also gloomy.

Su Nan also noticed and didn't say anything.

Coincidence?

Ning Zhiliao whispered in her ear:

"Your mother didn't give birth to twins, right?"

Countless bloody plots have flashed through my mind."

Su Nan gave her a white look:

"Don't think blindly, My mother gave birth to me."

"How could that be?"

Ning Zhi hesitated.

Su Nan faintly spit out two words: "Makeup."

That woman, although at first glance, looks very similar to Su Nan.

But it's just that the appearance is very similar. After looking carefully, they are not the same, and their temperament is also very different.

Su Nan's temperament is cold, but her facial features are not rigid, and she is also good at using smiles and resolving embarrassment.

But this woman's temperament was even colder than Su Nan's, as if she had deliberately created a condensed aura, which was too obvious.

Ning Zhi also saw that something was wrong, and muttered softly:

"Isn't it for you? Shall we go first?"

Su Nan: "The old man's birthday, our juniors go first, can he be happy? Even if he is sitting here today, he has to wait. Let's talk about it after the show." Forget about the

others, it's nothing to leave.

But Mr. Cheng is different. After so many years of friendship, how can someone who grew up watching Su Nan have no awe?

Ning Zhi did not continue talking.

Liang Qi had already pulled his precious son and kissed him several times. It was a rare death.

Mrs. Cheng was just stunned at that glance, and quickly returned to nature.

The woman next to her glanced coldly across the audience, but paused for a moment when she saw Su Nan, and then withdrew her gaze as if nothing had happened.

But Su Nan caught that look.

Mrs. Cheng looked at Lin Yang and smiled:

“Are you okay abroad?”

Lin Yang went over and hugged her, looking distressed:

“Okay, okay, I just miss my aunt so much, I'm taking my friends with me this time. When I come back, I plan to help my cousin with the company's affairs. By the way, Auntie, let me introduce you to my friend, Annie...”

Lin Yang took the woman who looked like Su Nan next to him. :

“Annie's family is also in business. Her family is the largest arms group in West Asia. People in China who want to cooperate with their family have smashed their heads. She only came here because of my face!”

Hearing this name , Ningzhi leaned in front of Su Nan again with certainty:

“This woman is here for you, right? She even plagiarized your name?”

Anne, how could there be such a coincidence?

The makeup can be imitated, the temperament is deliberately faked, and the English name is also?

Want to become the second Su Nan?

Su Nan pursed his lips and said nothing.

She wants to know more, what is the purpose of this woman's arrival?

Liang Qi enthusiastically went over to shake hands with the woman, hugged her, and introduced himself.

But the woman's interest was not high, and she looked aloof.

Liang Qi was not angry, but felt that such an attitude was what a real rich lady looked like.

It's just that Mrs. Cheng smiled lightly and perfunctorily:

"Really? Then Lin Yang, greet your friend well."

...

Chapter 1403 What's so great

Chapter 1403 What's the big deal?

Mrs. Cheng's attitude towards this Annie was not warm.

She just nodded politely, then turned around and wanted to leave.

Lin Yang quickly grabbed her and said,

"Auntie, I'm going to see Grandpa, wish him a birthday, and tell him the good news by the way!"

Mrs. Cheng hesitated with a look of embarrassment.

Liang Qi on the side took her sister's arm:

"What a great opportunity, let Lin Yang go to see the old man, and by the way, mention the matter of joining the company, and then you can stay in the company and help Cheng Yi in the future!"

Mrs. Cheng Obviously awkward, "Forget it, I never mentioned this to the old man, let's talk about it later."

"What do you mean, is it possible that you don't want Lin Yang to join the company?"

He also learned a lot abroad. Things can help Cheng Yi, but if my family doesn't help my family, wouldn't that make people laugh?"

Mrs. Cheng rubbed her eyebrows, not knowing how to say no to this sister.

Usually it's okay to help, that's to see her pitiful, but every time she gets more and more, she feels more and more helpless.

Before he could speak, a dangling voice came from one side, and he said with a smile:

"I said aunt, I have also stayed abroad, what's so great? You

should keep what he has learned, I am in the company. No need for help, thank you for your kindness!"

Cheng Yi walked over with a smile and supported Mrs. Cheng:

"The old man was looking for you all over the place just now, do you want to go and have a look?"

Mrs. Cheng breathed a sigh of relief, and finally found an opportunity:

"Okay. , The old man is getting older and his temper is getting more and more weird, so I will excuse me first."

Mrs. Cheng smiled and left.

Liang Qi was unhappy for a moment, and felt that her sister was too inappropriate to save face.

But in front of others, it will not show.

She took Annie's hand warmly and praised her.

Cheng Yi glanced at Annie, snorted disdainfully, and was about to leave.

Lin Yang was dissatisfied with his frivolous attitude and stopped him in the past.

"What is your attitude? Annie didn't offend you, how could you be so rude?"

Annie looked at Cheng Yi silently.

Cheng Yi hooked his lips indifferently:

"That's my attitude. If you like it or not, then leave if you don't?"

Lin Yang squeezed his fist angrily, "You..."

Liang Qi was surprised when he saw this . Alright, hurriedly went up to stop his son:

“Okay, don’t make trouble with your cousin, your cousin has such a temper, you have to let it go!”

After speaking, Liang Qi looked at Cheng Yi:

“Your cousin Just returned to China, don’t let outsiders see jokes.”

Cheng Yi smiled disdainfully, and then left.

I don’t know whether to laugh at Lin Yang, or at Liang Qi’s words, or both?

outsider?

Who is the outsider?

Except for those with the surname Cheng, they are all outsiders, but Liang Qi will never consider himself an outsider.

After watching the excitement, Su Nan was not interested in continuing.

Ning Zhi looked at the phone and pulled Su Nan out.

“Qin Yu is here...”

Su Nan raised her eyebrows, Qin Yu dared to risk her mother’s orders to attend public events with Mo Xian, which was a very courageous thing.

Sure enough, the moment Qin Yu appeared at the door holding Mo Xian, many people looked over.

Compared with that strange Annie, who didn’t know the true or false origin, they were more familiar with Qin Yu and Miss Qin.

The eldest lady who was rebellious to the core, gave up Shen Liang, a towering tree, and chose Mo Xian, who was married for a second time.

The rumor was actually confirmed.

...

Chapter 1404 He hugged others

Chapter 1404 He has embraced others,

but today’s Qin Yu is still in his own way.

She pulled Mo Xian in, and Mo Xian's expression was obviously helpless.

But she didn't care at all.

Seeing Su Nan and the others, she waved vigorously.

After Su Nan and Ning Zhi walked over, Qin Yu released Mo Xian.

"Let me introduce you, Mo Xian."

Su Nan and Ningzhi were stunned, they all knew each other.

So I introduce another change, what's the meaning?

Qin Yu began to introduce them again: "These two are my best friends, you should know them, Su Nan and Ning Zhi.

There is another Cheng Yi, I don't know where they died..."

Mo Xian Seeing Su Nan and Ning Zhi nodded.

The two of them didn't overreact, and nodded in face.

Qin Yu patted his shoulder, "Okay, go do your thing, I'm with them."

Mo Xian glanced at her and walked away silently.

Su Nan and Ning Zhi looked at each other.

Su Nan couldn't help but asked her, "Are you going to turn him straight? Your mother agreed?"

Qin Yu was taken aback and shook her head.

"No..."

"Then why..."

Ning knew hesitant to say anything.

Qin Yu smiled: "I just think that I start to like him a little more every day, and every day is different, so I want to introduce today's Mo Xian to you!"

Su Nan and Ning knew: "... .."

I want to vomit!

Qin Yu looked around, "I have to kowtow to the old man, has Grandpa Cheng prepared a red envelope?"

Ning Zhi smiled, "You kowtowed this old man and he fainted, he was afraid of being embarrassed by you. It's over!"

Su Nan nodded, "That's right!"

Qin Yu angrily ran away:

"You guys are waiting for me here, I'll be right back."

Mr. Cheng loves them the most, so there's no reason not to take a look.

Su Nan chuckled lightly, and suddenly heard Ning Zhi sigh, the drink in her glass accidentally spilled on her clothes.

Very helpless.

Really careless.

"Come with me to change clothes?"

Ning Zhi looked at her.

Su Nan nodded, "Okay, let's go upstairs."

They looked for the room card and went straight upstairs.

Ning Zhi smiled embarrassedly, "Fortunately, I prepared a lot of clothes, otherwise I would have to leave."

"Yeah, if you leave, you won't be able to see a good show."

Su Nan smiled.

The elevator has arrived.

The two went out.

Ning Zhi went to the room to change clothes, and looked at Su Nan frowning in distress while holding the phone.

"What's wrong?"

Su Nan shook the phone in his hand: "I just called, but I haven't answered it, because it automatically shuts down because there is no power."

Ning Zhi smiled, "Can you see who's calling? ?"

Without waiting for Su Nan to answer, Ning Zhi asked with a smile,

"Isn't it a call from President Shang, why are you so anxious?"

Su Nan turned her head awkwardly: "Who is in a hurry? I'm not afraid that he has something in a hurry?"

Of course she wouldn't admit it, she was in a hurry.

But on the surface, it still looks light.

Su Nan put away the phone, forget it, borrow someone else's phone to call back later.

Thinking of this, Ning Zhi had already put away the changed clothes.

"Let's go?"

Su Nan nodded, and the two went downstairs.

The elevator opens.

Hearing Liang Qi shouting something in her throat, before she could hear it clearly, Cheng Yi ran over from nowhere, grabbed her wrist and walked towards the crowd.

"Do you know? Your family, Shang Qian, actually recognized the wrong person, treated others as you, and hugged them..."

...

Chapter 1405 did not touch a finger

Chapter 1405

Cheng Yi finished speaking without touching a finger , and the crowd automatically gave way.

Su Nan saw Shang Qian standing there.

Wearing an expensive black suit, the whole person is warm and deep, with a bit of a sharp chill.

I don't know why he was angry, but he must be angry.

Liang Qi didn't know Shang Qian, and there was no such person in her small circle.

She thought that the biggest person she could not offend had ever met was just today's Fu Yechuan.

The unfamiliar Shang Qian accidentally admitted the wrong person.

In order to please Annie, the arms dealer, Liang Qi kept holding on to it.

"What did you admit to the wrong person? Your excuse is really inferior, I think you just want to touch porcelain, right?"

Don't look at what occasion is today, who is here?

You dare to be frivolous with Miss Anne, believe me or not. Call the police to arrest you?"

The people around gathered to watch the fun.

Liang Qi held on tighter, and she had to show Annie how dedicated she was to protect her.

Annie just stood there calmly, without saying a word, just looking at all this with a cold gaze.

No matter how good-tempered Shang Qian was, he was still impatient. He didn't expect that the Cheng family would have such top-notch relatives?

Better not come!

A sharp look flashed across his brows.

"I said, I just got the wrong person, and I am not even a finger did not touch her, really ridiculous!"

"You did not say no touch touch ah, I have just witnessed, you What are you arguing about?" Liang Qi insisted.

Su Nan glanced at Cheng Yi, he looked like he was watching a joke, and didn't care that the incident belonged to their Cheng family.

"Cheng Ershao, you don't care?"

Cheng Yi smiled: "How can I manage the business manager? He can change the pattern of the shopping mall with a single word, but unfortunately my aunt is too stupid, she doesn't know herself Who did you offend?"

"Are you trying to kill someone with a knife? You wanted to teach your aunt a lesson, didn't you?"

Cheng Yi's face stiffened, and he looked down at her.

But Su Nan withdrew his gaze and walked past the crowd.

Her facial features are bright, and the corners of her mouth have a shallow smile, but her smile is extremely cold:

"Mr. Shang, why don't you go and say hello to Mr. Cheng when you are here?"

As soon as Su Nan opened her mouth, the people around her felt less excited.

Some even couldn't stand anymore and left one after another.

For fear of being involved in it and causing trouble.

The moment Shang Qian saw Su Nan, the stern expression on his face disappeared without a trace.

"I planned to go, but I couldn't get out for a while."

He spread his hands, saying that he got into this difficult trouble.

Su Nan glanced at Annie who was standing next to her, and she looked at her as well. The two of them looked at each other, and felt that Annie was not simple.

However, Su Nan was not in the mood to explore this woman's purpose.

She turned her head and looked at Liang Qi:

"Mrs. Liang, what happened?"

Liang Qi didn't know anyone else, so how could he not know Su Nan?

"Su...Su Nan, is this your friend?" There was

a little more temptation in the words.

Su Nan hooked his lips, "Is it my friend, you can throw dirty water at will?"

Su Nan's words obviously did not give face.

When she heard it, she became anxious:

"What do you know, when did I throw dirty water? Isn't what I said true? This man is so excited that he is harassing our honorable guests here?"

Su Nan turned his eyes faintly. Shang Qian: "harassment?"

Shang Qian's face was gloomy, "I called you and no one answered, I saw a back and thought it was you, so I went over to call your name, who knew it wasn't you, and then the wife started chattering. ..."

"Who are you talking about?"

Liang Qi was dissatisfied with Shang Qian's attitude.

"Then you touched her?"

Su Nan's tone was unkind.

"Of course not, I didn't even touch my hair!"

Shang Qian said decisively, with a very firm attitude.

Liang Qi: "If you say no, then there is no? I saw it with my own eyes just now. Do you still want to deny it?"

She said it extremely loudly, for fear that no one would hear it.

It seems that the louder the voice, the more wronged she is, and the higher the credibility.

Su Nan looked at Liang Qi with a smile:

"Mrs. Liang, it's better to call the police like this..."

Liang Qi was taken aback, "Call the police?"

That's what she said just now, in order to embarrass Shang Qian.

If the police really call the police, things will get bigger, and today's incident will definitely not look good.

In the end, she can't represent the face of the entire Cheng family.

"Yes, Mrs. Liang is so angry. If you don't call the police, where will the Cheng family's face be? Also, this young lady is here, why don't the police come and ask the police clearly..."

Liang Qi's face changed and changed, if he disagreed, he would appear guilty.

If you agree, things will get bigger... While

struggling, that Annie who hasn't spoken for a long time finally speaks in a rare way:

"Forget it, I don't want to make a big fuss about this matter, that's it."

Said After that, Annie turned around and left.

Liang Qi's face is not very good-looking, but she will give herself a step:

"Since Miss Anne doesn't pursue any further investigations, then don't call the police. After all, it's not suitable for this occasion. It's still cheap for this person!"

After she finished speaking, she was about to leave when Su Nan stopped her in a cold tone:

"Mrs. Liang , are you sure not to call the police?"

Liang Qi paused and his body froze slightly:

"Su Nan, what are you doing with the Cheng family? Don't forget that you are here to celebrate your birthday, not to make trouble!"

Su Nan Nan snorted coldly:

"You also know that this is a matter of the Cheng family? Mrs. Liang came out to chat, I thought the Cheng family was gone?"

"Su Nan, what do you mean?"

Liang Qi was angry.

Relying on being an elder, he forgot the background behind Su Nan.

Su Nan looked at her: “Kneeling and licking should be kneeling and licking. Who knows your sincerity if you don’t kneel down?”

Liang Qi’s face changed, ashamed and embarrassed.

“What nonsense are you talking about? Don’t think...”

“Don’t think why? Give you ten courage, how dare you take me?”

Su Nan’s tone cooled down, “If you don’t call the police, I’ll investigate it too. , then take a look at the surveillance, has he touched that woman?”

Shang Qian walked over and patted Su Nan on the shoulder.

Seeing her angry for himself, he was happy in his heart and happy on his face.

For a moment, I forgot my unhappiness just now.

But he also remembered that Su Nan and the Cheng family had a good relationship. If things got bigger, the faces of the two families would not look good.

Just as he was about to say something, Liang Qi’s face flushed with anger:

“I don’t have time to accompany you to watch any surveillance, anyway, he knows what he’s doing!”

Mr. Cheng, who was resting in the room, heard the news of the people coming from below, and his face was not very good-looking.

He looked at Mrs. Cheng, who was resting there, and coughed, which caught her attention.

She hurriedly walked over: “Dad, are you still not feeling well? Do you want me to call the doctor to come and have a look?”

Mr. Cheng looked up at her:

“Go outside and see what your sister has mixed up. ?

Even if you don’t like socializing, you are still a part of the Cheng family, representing the face of the Cheng family, and you can’t let others do it for you!”

...

Chapter 1407 is wrong

Chapter 1407 Misread

Mrs. Cheng was told, and her face turned pale:

“Dad, I know, I’ll go out and have a look.”

She was forced by Liang Qi to come in and hide just now . . . , now forced out again?

Mrs. Cheng went out depressed, listening to the movement there, her head suddenly became big.

The guests around are either rich or expensive, and they are invited to see the Cheng family’s face.

It’s not that she didn’t know that the Cheng family was getting worse day by day. If it wasn’t for Su Nan’s help last time, I’m afraid the company would have fallen into the hands of others.

Liang Qi’s gaffe there is really ridiculous.

Mrs. Cheng walked over and saw that Su Nan was also there, Cheng Yi stood far away, looking like she was out of the way.

“What are you yelling? The old man heard it?”

She went over to reprimanded her sister.

When Liang Qi saw Mrs. Cheng, it was like seeing a backer.

“What else could it be? It’s just a trivial matter, and Miss Su won’t let it go!”

Mrs. Cheng looked at Su Nan and pursed her lips.

She walked over, took Su Nan’s hand, and smiled lovingly:

“Su Nan, no matter what the reason is, I will apologize to you for her, don’t be angry.

It’s not that you don’t know about this day, I’ll talk about it later . . . , okay?”

Wen Yan.

Su Nan indifferently withdrew his hand.

go back and say?

Who will bring up this unpleasant thing when you go back?

Seeing Su Nan's indifference, Mrs. Cheng froze for a while.

Su Nan's tone was extremely cold:

"Mrs. Cheng came at the right time. Mrs. Liang insisted that my boyfriend harassed her distinguished guests. So many people have heard it.

If I go back and say it, I'm afraid I won't be able to explain it clearly. I think it's better to make it clear now.

"A boulder was thrown on the lake.

Liang Qi's face changed greatly, and he looked at Su Nan, and then at the man standing beside Su Nan: "What? Your boyfriend? When did you have a boyfriend? Then what

should we do with Cheng Yi?"

There is so much information out there.

Not only Su Nan, but even Shang Qian's face sank.

Su Nan chuckled lightly, but before he could speak, he heard Cheng Yi's ai hei:

"It has nothing to do with me, I never said that Su Nan was with me, we are pure best friends, I said aunt, you can Don't hurt me!"

Liang Qi's eyes moved slightly, and his lips trembled, as if he didn't expect this man to be Su Nan's boyfriend?

The confidence is not as strong as before.

Mrs. Cheng's face was ugly: "What happened?"

Liang Qi pursed his lips and twitched the corners of his mouth:

"A misunderstanding, it may be a misunderstanding, forget it, it's all my own, so don't make it a big deal... .."

Su Nan's laughter was cold and abrupt:

"Who is yours?"

"Su Nan..." Mrs. Cheng said in embarrassment.

Su Nan didn't buy it, and he couldn't see Liang Qi fooling things like that.

Dare to turn the page so easily?

Just now Shang Qian was splashed with dirty water here, but so many people saw it.

Forget about others, her people must not be ignored!

“Mrs. Cheng, I hope you understand that the fact that our family has friendship with the Cheng family does not mean that we have friendship with Mrs. Liang.

This incident was caused by Mrs. Liang. Everything has been said and everyone has scolded it. How can there be such a cheap thing?”

Mrs. Cheng’s face was not good-looking, she looked at her son Cheng Yi, and hoped that Cheng Yi would stand up and say something.

With his friendship with Su Nan, Su Nan will definitely not pursue it.

But this Cheng Yi pretended not to see it, and didn’t even give her a look!

...

Chapter 1408 Apologize well

Chapter 1408 A good apology,

but Ning

Zhiliu next to him said with a smile: “No, just now Mrs. Liang kept falsely accusing President Shang of harassing others?”

Who doesn’t know that President Shang has a deep love for Su Nan, except for Su Nan, his eyes When has there been anyone else in here?

If it was because of Mrs. Liang, others thought that Su Nan had found a gangster to be with, and then the word spread, and the Su family’s face was gone?”

Mrs. Cheng’s face was extremely bad when she heard it. Look at Liang Qi.

“How did you do this?”

Liang Qi wanted to die and refuse to admit it, but because of the identity of Su Nan and this man, if he denied it, he might not be able to step down.

She pursed her lips, “I misunderstood, maybe I

saw it wrong..." "I saw it right, just look at the surveillance video? Mrs. Liang looked indignant just now, but she didn't seem to know how to watch it. Wrong!"

Su Nan said coldly, looking at her gloomily.

Liang Qi's eyes dodged, and Madam Cheng finally understood.

Where is this wrong?

Obviously it is to play by topic!

Ning Zhiliao echoed:

"That's right, don't you know if you look at the video surveillance? It's a waste of time to talk about these things here, and let everyone see a joke!"

Liang Qi's eyes really panicked, and he looked To Mrs. Cheng.

Mrs. Cheng glanced at Liang Qi, speechless.

She had to go up and look at Su Nan and smiled:

"It's her fault, Su Nan, you don't have to watch the surveillance, today, it's not going to be a big deal.

" After speaking, she looked at Liang Qi: " Apologize to Su Nan and this gentleman."

Liang Qi was stunned for a moment, obviously puzzled:

"Apologize? I am an elder, how can I apologize to them?"

Mrs. Cheng could not wait to grit her teeth. People in the Cheng family didn't want to see her parents' family, especially this Liang Qi, who came to the door from time to time. Take a little advantage.

Originally, for the sake of the sisters, she would help if she could, but she was insatiable and more and more excessive.

Mr. Cheng had reminded her many times to keep her distance from Liang Qi.

She never paid much attention to it.

But today's trouble, Mr. Cheng is bound to be angry.

She has been married to the Cheng family for so many years, so she naturally knows that she will ultimately rely on the Cheng family.

The Cheng family's connections and resources are the most important things. If Liang Qi destroys them, the Cheng family will be over.

Thinking, she took a deep breath and looked at her with a pale face:

"You are also worthy of being an elder? Can elders frame others at will?"

I don't know what your intentions are, but let me tell you, today if you If you don't apologize, don't have any contact with our Cheng family in the future!

I'll treat you as my sister without you!"

Mrs. Cheng's words were frightening, but the people around her were startled.

Liang Qi opened his mouth and his face became extremely ugly.

She wanted to say something, but couldn't say it. She wanted to make a scene, but she couldn't.

Because she knew that if she made trouble here, it would not only be her sister, but no one in the Cheng family would ever see her again.

Everyone was staring at her, and for the first time Liang Qi felt a little flustered.

She looked at Su Nan, and then at Mrs. Cheng.

She pursed her lips, stepped forward with complicated eyes, and looked at Su Nan:

"I'm sorry."

Su Nan sneered, "Who do you say sorry to?"

Liang Qi gave her a deep look, and then looked at the man standing behind her.

The man looked at Su Nan eagerly, but when he swept over her, there was an inexplicable chill.

She couldn't help shaking.

She was afraid.

"Sir, I'm sorry, it's my fault, I deliberately used the topic to play, in fact, you didn't do anything, I deliberately misread it, I'm sorry."

...

Chapter 1409 is quite satisfactory

Chapter 1409 is still quite satisfied

after Liang Qi finished speaking, his face was red as hell, and he could not wait to bleed.

In public, her face was completely lost.

Mrs. Cheng showed no mercy at all, looked at Su Nan and smiled:

“Su Nan, for my sake, tell your boyfriend not to be angry, just take it as a joke, you are welcome to come to this birthday party. Don’t ruin your good mood.”

Su Nan glanced at Madam Cheng, there was no reluctance on her face, and she didn’t care about Liang Qi’s face at all.

Since she can still say such smooth words, it shows that she knows which is more important.

Now that Liang Qi has apologized, Su Nan doesn’t want to make trouble.

She looked at Shang Qian: “Are you satisfied with this result?”

Shang Qian raised his eyebrows: “I’m still satisfied.”

The apology of others doesn’t matter. He is happiest that Su Nan will always stand in front of him, even if it is her family of friends, she doesn’t care either.

This shows that in her heart, her weight is getting heavier and heavier.

Su Nan smiled, “That’s good, if that’s the case, let’s just forget about it today, Mrs. Liang will have to wink in the future.”

Her last words were very unruly, and Liang Qi was furious.

But she couldn’t show anything, she couldn’t afford to offend.

The last time Su Nan helped the Cheng family, Mr. Cheng had already made it clear that the people of the Su family must let it go in the future, and their kindness will be remembered for a lifetime.

Su Nan ignored them, took Shang Qian’s arm and smiled:

“Let’s go, I’ll take you to see Grandpa Cheng.”

Shang Qian nodded with a smile.

The backs of the two leaving are particularly well matched.

Liang Qi glared angrily, this glance was clearly seen by Ning Zhi.

She smiled meaningfully.

Mrs. Cheng breathed a sigh of relief, and glanced at Cheng Yi fiercely:

“Is it good to watch the fun?”

Cheng Yi smiled condescendingly, “I can only watch the fun, if I get involved, it’s not us. Has the Cheng family bullied others?”

He smiled and walked over to squeeze Mrs. Cheng’s shoulders, “It’s just my aunt’s apology, and the shame is also her shame. Anyway

, our Cheng family’s face has been saved!”

Liang Qi looked ugly Cheng Yi:

“Cheng Yi, you...”

Cheng Yi glanced at her and said with a half-smile,

“Aunt, you deserve this. Do you

know who the man was just now?

Not only Su Nan’s boyfriend, he is the only Shang Qian who can sing against Fu Yechuan, few people know about his background, can you invite him here, do you know how much my grandfather has spent on networking?”

Liang Qi’s expression turned slightly Pale white:

“What? Why didn’t you say it earlier?”

Mrs. Cheng also looked at him in surprise: “Yeah, why didn’t you say it earlier?”

Cheng Yi retracted his hand, stood there, and sneered unscrupulously with his lips hooked:

“Early If you say it, you won’t frame him, but instead you will frame someone else? This trick is really disgusting. It has to be done on my grandfather’s birthday. What the hell is going on in my

aunt’s mind?

I made a public appearance on our Cheng family’s occasion, so as not to implicate our Cheng family.”

After speaking, he gave her a cold look, raised his feet and left.

Liang Qi’s face turned red and white, which was really wonderful.

“He... what does he mean? How could he talk to me like that?”

Mrs. Cheng swallowed the words she wanted to scold Cheng Yi, and looked at Liang Qi.

It seems that what Cheng Yi said makes sense.

She has always tolerated this unruly and willful sister, and she has always been used to it.

But looking at it this way today, it seems that she is not just unruly and willful.

She is so bad that even the child can’t stand it anymore?

Chapter 1410 Are you so happy?

Mrs. Cheng said lightly:

“Okay, what I said doesn’t count. Who made him the treasure of the old man, what he means is the meaning of the old man.”

“Sister, you What do you mean? Do you want to draw a clear line with me?

I’m your sister!”

Liang Qi’s attitude became anxious and scared.

“It’s just that you won’t be allowed to participate in the public places of the Cheng family in the future. You think too much.”

After Mrs. Cheng finished speaking, she turned around and left.

Liang Qi chased after him, "What about my Lin Yang's affairs with Cheng Cheng's company? He can go back to China to help Cheng Yi."

Mrs. Cheng's eyebrows crossed a hint of impatience:

"I'll talk about it later, you have seen it too. , now the old man only believes in Cheng Yi, and doesn't listen to me at all."

"Then what should we do with Lin Yang?"

Mrs. Cheng: "Or let him go back to Country M, didn't he stay well in Country M? What are you coming back for?"

Liang Qi hesitated, but stopped for a while.

...

Su Nan took his arm, wanting to see if he was still angry.

Turning his head to the side, he looked at Shang Qian with a gentle smile on the corner of his mouth, looking at her with affection.

She was stunned for a second, "So happy?"

Shang Qian held her hand tightly:

"Of course, I'm so happy today."

"Being scolded for being so happy shows that the person you admit is worth it? "

Shang Qian's eyes flashed, and he suddenly approached her ear:

"She's not worth it, but you are."

Su Nan raised his eyebrows, "Really?" "I saw your angry look just now. It's the first time I saw it. It's so beautiful, I was

fascinated by it!"

, The voice is deep and mellow, especially nice, as if it can deceive people.

Her face remained the same, but her ears turned slightly red.

"What nonsense?"

She hurriedly accelerated her steps, trying to shake his hand away, but to no avail, he held it tightly.

Shang Qian smiled, with undisguised joy in his eyes.

Su Nan's mind suddenly flashed through the person's appearance.

Squinted.

"Is it really similar?"

Shang Qian looked at her with a smile: "Are you jealous?" Su Nan rolled his eyes at him, "You think too much, I'm asking you, do your backs look

so similar?"

With her solemn appearance, Shang Qian put away the joke, frowned, and thought about it.

"Just now it was very similar at that moment, but when I got closer, it didn't look alike at all."

Su Nan nodded thoughtfully.

Shang Qian touched her hair: "What's wrong, she's not right?"

Su Nan smiled, "What's wrong, you are too sensitive, let's go."

After turning a corner, he arrived at the room where Mr. Cheng rested.

Knock on the door and go in.

Mr. Cheng had put on festive clothes, looked at them, and smiled.

"Su Nan, I knew you were doing things outside!"

Su Nan dragged Shang Qian in, and said unceremoniously,

"I didn't spoil the place for you, so just have fun!"

Old Master Cheng pointed at her helplessly:

"You, you don't know how to endure this bad temper? How did Liang Qi offend you?"

Su Nan pulled Shang Qian, "She offended my boyfriend, introduce Come on, Shang Qian, my boyfriend!"

She introduced it frankly, and Mr. Cheng narrowed his eyes and looked at Shang Qian.

Shang Qian let him look at him neither humble nor arrogant, and said politely and dignifiedly:

“Mr. Cheng, I wish you a blessing like the East Sea and a long life like Nanshan!” Mr.

Cheng’s eyes flashed for a moment, “I remember, President Shang, it’s a pleasure to meet you.”

He stood up and stretched out his hand, not as casually perfunctory as when looking at those juniors.

On the contrary, it was very solemn.

Shang Qian nodded, “Nice to meet you.”
