Chapter 1411 The goal is not you Old Master

Cheng turned around on the two of them and smiled:

“Okay, Su Nan, you have a good eye, the general manager of the business is a talented person with outstanding ability, your father is even Are you going to be too happy?”

Su Nan twitched the corners of his mouth, didn't say anything, and put the topic aside with a gag.

If her father knew, he would be pissed.

Still happy?

She didn't dare to think about it.

Mr. Cheng is obviously more interested in Shang Qian.

He dragged Shang Qian and talked for a while before letting them go.

Su Nan didn't want to socialize. She was too irritable. When someone came to greet her, she made an excuse to slip away.

Leaving Shang Qian there alone, he reluctantly took over everyone's friendly greetings.

Qin Yu didn't know where it came from, and came up with a smile:

“You don't care about President Shang? I heard that everyone is very interested in him, and those who want to make friends with him can't find a way.”

Su Nan pursed her lips , “Don't worry, deal with it yourself, it would be boring if I took him with me.”

Qin Yu just wanted to sneer at her when she suddenly remembered something, and leaned beside her and said in a low voice,

“Do you know what I saw just now? ?”

Su Nan shook his head.

Qin Yu mysteriously pulled her upstairs.

“Let’s go, I’ll show you a scene you can’t even imagine.”

Su Nan frowned.

What scene was she unexpected?

Is it enough of the strange scene she witnessed today?

Following Qin Yu upstairs, she pulled Su Nan to the railing on the second floor. There were many empty seats around, and everyone was more willing to socialize below.

“Look!”

Qin Yu pointed to a more secluded direction below, where Su Nan and Fu Yechuan sat and talked face to face just now.

But in that place, Fu Yechuan was still sitting there, drinking cup by cup.

But the person on the other side has changed.

It was the woman who was brought by Lin Yang, whose physique and temperament were very similar to Su Nan, called Annie.

Su Nan was stunned and narrowed his eyes.

Annie sat there without speaking, just stared at Fu Yechuan.

There seemed to be a strange atmosphere between them. Fu Yechuan drank a lot of wine.

But his aura accepted Annie.

Annie’s eyes were fixed on him, and there was unabashed fiery admiration in it.

As if a beast saw its prey.

Su Nan was stunned and suddenly understood something.

The discomfort she felt when she saw Annie from the beginning was not because she was similar to Su Nan in some places, but because she looked at Su Nan with a dark and cold feeling.

That kind of coldness is colder than the study of nine cold days.

Su Nan narrowed his eyes, not understanding.

It turned out that her goal was not herself, but Fu Yechuan!

Qin Yu came up and said, "Look, that woman must have come well prepared. She even imitates your small movements, your sitting posture, and even your eyes. If

it's a coincidence, I think it's a ghost. I don't believe it!"

Su Nan hooked his lips: "I don't believe it is a coincidence either!"

Now, she vaguely seemed to know something.

In a flash.

Qin Yu: "What is she drawing? Could it be that the background is fake? Isn't it an arms dealer? Is she a liar ?

" Since the goal is not herself, she is too lazy to meddle in her own business. Fu Yechuan was an adult. If he was so gullible, he could only say that he should have a good memory. Qin Yu raised her eyebrows, nodded, and then took a photo in that direction and sent it out. For a moment, Su Nan watched the woman suddenly raise her head alertly, and her eyes fell on her direction, and then on Su Nan's body.

...

Chapter 1412 What is the relationship

Chapter 1412 What is the relationship?

Su Nan can be sure that the identity of this woman is probably not fake.

If it wasn't for such a sensitive identity, he wouldn't be so alert to any details.

Su Nan met her gaze without avoiding or dodging, and then turned her head away indifferently.

Qin Yu pulled her to the chair next to her, waiting for the person on the other side of the phone to reply.

Su Nan also sat calmly, tapping on the chair with his fingers, thinking about something.

None of the people below noticed this.

Between the guests, the cups were staggered, and the lively music was almost suppressed.

Su Nan couldn't help but glanced at it again, the woman's eyes fell on Fu Yechuan again.

And Fu Yechuan was still drinking wine cup by cup.

Don't speak, don't pay attention to people who come to chat.

Some women wanted to come over to say hello, but because of the woman Annie sitting across from him, she didn't feel like she was shrinking back.

Soon, Qin Yu almost fell under the stool in surprise.

"My God, Su Nan, that woman is actually from an arms dealer background. Her brother is a famous leader in South Asia and is famous in the underworld. How did she get here? Also... imitating yours. What does it look like?"

If the background was fake, Qin Yu wouldn't be so shocked.

But it happened to be true.

"Wait, her original photo looks okay, why does she have to imitate you?"

Oh, her original name is not Annie, but An Qi!"

Qin Yu smiled and looked up at her:

"Even your name I want to steal, now I believe she must have something to do with you when she comes here."

Qin Yu paused, smiling a little cunningly.

"Wait, I'll show you a good show."

After speaking, she didn't know who she sent a message to, and then asked Su Nan to look down.

In less than a minute, that Lin Yang angrily ran over and ran to Fu Yechuan's table.

He looked ugly:

"Annie, why are you here?"

Annie turned her head casually and glanced at him, her expression unchanged, she didn't care.

"Sit here for a while."

Lin Yang looked at Fu Yechuan's whole body with an air of unattainable presence.

It was impossible for him to go up and beat him, so he could only hold back his breath.

He stretched out his hand and was about to pull Annie away:

"Let's go, let's sit

over there." But Annie flipped her wrist and broke free from his restraint.

This set of actions is smooth and smooth, if it is not for the expert, you can't see the way.

She also has skills.

Su Nan narrowed his eyes.

Lin Yang looked at her in shock: "Annie..."

"I can go wherever I want, it doesn't matter what you say."

"Annie, you are my girlfriend, of course you want to be with me, What are you doing here with a drunk man?"

Lin Yang looked at her anxiously, even a little afraid of losing her.

Annie sneered, "Who is your girlfriend, I have never promised, isn't it all you directing and acting?"

Lin Yang's expression suddenly changed.

He opened his mouth, "You...we're all like that, you still want to..."

Annie slapped his face with a slap, and the sternness in her eyes was undisguised.

"Shut up, if you go on talking, I promise to let your body float in the Indian Ocean!"

Lin Yang was slapped with the slap.

A flash of fear flashed in his eyes, but then he endured it, turned around and ran away.

Annie looked at it coldly, and as soon as she sat back, she saw that Fu Yechuan had already stood up.

Although he drank so much wine, he couldn't see any drunkenness, but those black eyes were full of red blood, blood red, and a little cold.

Chapter 1413 Open a room

Fu Yechuan stood up, frowning, and planned to leave here.

Anne suddenly took a step ahead of him and went up to support his arm.

But he was swept away.

Annie didn't give up, she went up again, and was pushed away again...

Back and forth several times, Fu Yechuan became impatient, and when he turned back, he didn't know what to say, Annie stood there with an ugly face.

...

at the railing on the second floor.

Su Nan and Qin Yu watched this scene.

Su Nan was silent, as if thinking.

Qin Yu couldn't help it, and blurted out the words in her heart:

"Did they know each other before? It seems that Fu Yechuan doesn't think she is you, but he doesn't know her well, so it looks like they know each

other ." For a long time, no one answered.

Qin Yu looked at Su Nan.

Su Nan was speechless, "Do you think it's possible for me to know?"

Qin Yu: "That's right, Fu Yechuan even got married in a hidden way. How could I tell you this?"

That marriage was known to everyone as absurd.

Su Nan was only sad for a moment, then recovered as if nothing had happened.

Even if someone mentions it again, she won't be as unhappy as before.

Fu Yechuan at the door wanted to get in the car, but Annie went up to stop her, "Open a room?"

"Go away."

Fu Yechuan pushed her away and got in the car.

Annie wanted to get in the car, but Chen Mian stopped him. She didn't know what to say. Annie's face was ashen, and she glared at Chen Mian ugly.

Although Chen Mian was afraid, he had to obey Fu Yechuan's orders.

The door was closed and Annie was dropped.

She didn't care about other people's strange eyes at all, watching Fu Yechuan's car leave, she immediately pulled away from her worried expression.

Qin Yu tutted twice, "So he's still a showgirl? It seems that Mr. Fu's peach blossom is here?"

Su Nan was not in the mood to joke with her. Seeing that Shang Qian was about to collapse from being entangled by those people, she finally couldn't help it. Get up and go downstairs.

Go help him out.

Su Nan stood there, smiled, walked over and pulled Shang Qian.

"Everyone, let's talk next time, we're going to have something to eat?"

Shang Qian smiled helplessly, his gloomy face turned gloomy in an instant.

Let Su Nan take him away and hug her from behind in a place where no one else is.

"Why did you come?"

Some grievances whispered.

Shang Qian's cute little temperament, combined with this prudent and steady temperament, has a huge difference in contrast.

Su Nan couldn't help laughing, and Shang Qian's hand squeezed her waist.

"What are you laughing at?"

Su Nan immediately explained:

"It's nothing, I saw you having a good conversation with them just now, and I don't want to disturb you!"

Shang Qian put his arms around her waist with a smile on his face:

"Don't think I don't know, you It's just to see my jokes, how am I happy?"

He was able to participate in such a banquet, and it was the Cheng family's invitation that was sent to him.

The second is to take this opportunity to show a wave of affection, and by the way, make some people who miss Su Nan completely give up.

The results of it?

Do you think he likes to socialize?

Su Nan hurriedly hugged him back and smiled, "Are you unhappy now?"

Shang Qian: "..."

When the two of you were fighting with me, suddenly one person ran over from the side and disrupted the plan. .

"Su Nan..."

Su Nan and Shang Qian looked back.

Cheng Yi stood there, covering his eyes:

"I'm sorry, I didn't mean to disturb you, it's just that at my grandfather's banquet, can you put some away, I'll be hurt!"

Shang Qian gave a low smile.

Su Nan rolled his eyes at him: "If you have something to say, hurry up."

Cheng Yi's face was ugly, "Qin Yu and Mo Xian quarreled, they had a fight, and they ran away just now, do you want to follow me, I'll go here. not open....."

...

Chapter 1414 I have many choices

Chapter 1414 I have so many choices,

Su Nan's face is solemn, "A fight?"

Cheng Yi nodded, "No one will let anyone, Qin Yu moved his hand, Mo Xian scolds, knows I've already gone to drive after him."

Su Nan let go of Shang Qian and his tone became cold.

"Where's Mo Xian?"

"Mo Xian is still there..."

Before Cheng Yi finished speaking, Su Nan ran out.

Shang Qian sighed helplessly and chased after him.

In the banquet hall, a small commotion attracted the attention of many people.

It was quite lively tonight.

Mo Xian stood at the door, his face still ugly, he looked at the dark night outside, angry but worried.

A teenage girl stood beside him, looking timid, he hesitated and said,

"Brother, did I say something wrong?"

...

Mo Xian hasn't answered yet, Su Nan has come out like a gust of cold wind.

Before leaving, she glanced at Mo Xian with complicated eyes.

Nothing was said.

But Mo Xian opened his mouth and stopped her:

"Miss Su, please, you must find her, I'm very worried about her safety."

Su Nan snorted coldly, and got into the car in front of him without saying anything.

Just as Shang Qian was about to follow, Su Nan had already locked the car.

Shang Qian's face changed, and his voice was cold: "Su Nan..."

Su Nan looked at him through the window:

“Go back after the banquet. I’ll call you when I find Qin Yu. Don’t worry, everything will be fine.

If you go along, Qin Yu will be uncomfortable.”

Shang Qian was worried that she would go by herself, but she The last sentence reassured him.

With this explanation, Shang Qian’s eyebrows have already stretched.

“Okay, pay attention to safety on the road.”

She didn’t want to leave him, she just cared about Qin Yu’s thoughts.

It doesn’t matter, he doesn’t fight with his girlfriends.

The car left with a bang, and Shang Qian was relieved. Looking back, Mo Xian stood there with an ugly face. The two looked at each other and said nothing.

Cheng Yi was obviously very dissatisfied with Mo Xian, but he didn’t dare to show anything, so he just ignored him and walked over.

“Mr. Shang, let’s go, go in and sit for a while?”

Shang Qian wanted to leave immediately, but thinking that today is the birthday of Mr. Cheng, Su Nan has already left early, if he also leaves, I’m afraid it will not be good.

He nodded and followed Cheng Yi back.

Cheng Yi said as he walked, “It’s really strange that Mr. Fu came and left without causing any trouble. I was worried all night...”

Shang Qian frowned, “Mr. Fu is here?”

Cheng Yi was taken aback: “You don’t know?”

“I didn’t see it...”

He went to see Mr. Cheng as soon as he came, and was then entangled by some entertaining people. Nan said a few words, and Qin Yu ran away.

He never had a chance to see Fu Yechuan, and thought he hadn’t come.

But think about it, when President Fu attended the occasion with them, nothing happened?

Indeed, a little strange.

Cheng commented that he didn't want to say more, otherwise he would be wrong, and Su Nan wouldn't let him go when he looked back.

Shang Qian asked him seemingly unintentionally:

"Have Mr. Fu met Su Nan?"

Cheng Yi was shocked and immediately replied: "I don't know..."

Shang Qian looked at him with a half-smile but not a smile. At a glance, Cheng Yi felt guilty.

"Really? If you didn't see it, it would be a pity..."

Cheng Yi laughed dryly, then made an excuse to run away.

...

Su Nan couldn't get through on the phone with Qin Yu, so she called Ning Zhi instead.

Ning Zhi picked it up after a few words, with a very anxious tone:

"I'm chasing Qin Yu on the central street. She seems to be going back to her apartment, but she's driving so fast that I can't catch up... .."

, Su Nan calmed down, didn't feel like he stepped on the accelerator, and accelerated:

"Don't worry, I'll go over right away, as long as she's safe."

Ning Zhi said a few words. Sentence, just hang up in a hurry, can not be distracted.

Su Nan hurriedly turned the corner and chose a path to take a shortcut.

In less than fifteen minutes, he arrived downstairs at Qin Yu's house.

That is the apartment where she lives with Mo Xian now.

Su Nan looked upstairs, and probably hasn't come back yet.

Looking down at the time, just as he was about to send a message to Shang Qian, two cars drove in one after the other.

This neighborhood is quiet and high-end, almost all single-family houses.

Therefore, the movement here is invisible to others.

Soon, Qin Yu got out of the car angrily and was about to run in.

Su Nan hurriedly got out of the car and stopped her:

“Qin Yu!”

Qin Yu was taken aback, then turned to look at her:

“Why are you here?”

Su Nan was helpless, it turned out that she didn't see her at all.

Ning Zhi caught up behind, panting:

“And me!”

Qin Yu's eyes instantly turned red when she heard the movement, but she tried her best to hold back.

She moved her lips, said nothing, pressed her fingerprints, and opened the door:

“Come in first...”

Su Nan and Ning Zhi glanced at each other and ran in.

Ning Zhi looked at Qin Yu carefully and wanted to say something, but didn't know how to say it.

She gave Su Nan a wink, and Su Nan pursed her lips:

“Miss Qin, why are you so angry all of a sudden?”

When I came out, your family Mo Xian asked me to take a good look at you, and I was worried about your accident...”

As soon as he heard Mo Xian's name, Qin Yu looked like she was blown up, her eyes were red:

“Don’t mention him to me, this kind of person is a scumbag, I want to break up with him, I’m really blind to be with him, woo woo... ....” At the

end, she suddenly squatted down and cried while covering her face.

Su Nan and Ning Zhi glanced at her helplessly.

Ningzhi shook his head:

“Didn’t you just say that you like him a little more today? You even called him over to say hello, your temper has become too fast!

” Well, it’s because his heart is too big, he can hold everything, I was really deceived by him!”

Qin Yu choked up, wiped her face, and stood up.

“Forget it, what are you

talking about? I’m going to pack up...” She went to the bedroom and took out her suitcase.

Su Nan frowned: “Are you serious?”

Qin Yu responded and hummed angrily:

“He bought this place originally, so what are you giving it to me, do I lack his house?”

She was bored . He opened his mouth and kept packing his things.

“Okay, but don’t regret it, we’ll help you clean up together!”

Ning Zhi rolled up his sleeves and started to move.

They didn’t ask anything, and regardless of whether Qin Yu regretted it later, they would not persuade Qin Yu to endure it.

For a Mo Xian, this is not necessary.

They were not optimistic about Mo Xian at all, it was too deep to see him clearly.

Qin Yu was with him, only to be deceived by him.

It was not unreasonable that Qin Yu’s mother objected to her being with Mo Xian.

Qin Yu loves to play, so she didn't hold out much hope for the frivolous beginning of this relationship.

In the beginning, it can only be said that it will stop.

But later, she got deeper and deeper, and it wasn't until she learned that Mo Xian had a family that they had their first rift and estrangement.

She cut off this broken relationship in time, and did not let herself fall into a moral dilemma.

But she had to admit that she had already developed feelings for Mo Xian that could not be ignored.

until Mo Xian got divorced, and he came to chase after her again, creating so many opportunities that they rebuilt their old friendship.

It's not that Qin Yu didn't know that some things were deliberately done by him.

But she pretended not to know and was willing to give him a chance, but she was unwilling to get married.

His past marriage seemed to be an indescribable backlash to her.

She doesn't get married, doesn't get involved with the family behind him, and doesn't care about his business and friends.

It seems that they are only together for love.

I thought it would be nice to be happy all the time.

Until today...

Qin Yu didn't know that some things don't exist without asking.

His existence is an eternal rift.

.....

The three of them packed up and took away almost all of Qin Yu's daily necessities, even her cosmetics and bags. They really didn't leave anything behind.

Su Nan looked at this, did he really plan to break up with Mo Xian?

Go downstairs, get in the car.

Su Nan asked her: "Go to your mother's place? Or go to another place where you bought it?"

Qin Yu: "Go to my mom's place to scold you? You can't go to my place. Moxian knows those places, go to your place!"

Su Nan raised his eyebrows and pointed at me:

"Where am I?"

Qin Yu nodded, "With you, he doesn't dare to mess around, just go to where you live now!"

Su Nan said helplessly, "Okay!"

Qin Yu sat up and said, "Don't worry, when I'm completely separated from him, I'll move back to my own place and won't disturb your time too much. "

Su Nan: "Just live, if you really want to break up, break it completely. If you don't want to break up and you are just angry, leave some room for him, so that both sides will not look good."

Qin Yu gritted her teeth: "This time It's true, if you want to rub sand in my eyes, no one can do it, what kind of thing is he?"

Su Nan looked at her, feeling more excited, so she didn't continue to ask.

When they arrived at Su Nan's place, Ningzhi helped them move in together. Su Nan's house was two floors up and down. It was simple, spacious, and comfortable in style. There was no shortage of rooms.

Qin Yu chose one that she liked to live in, and started to clean up seriously.

Su Nan and Ning Zhi glanced at each other, and they just watched her clean up.

After a while, I didn't hear any movement inside, so I walked over to take a look.

Qin Yu was squatting on the ground crying, her crying shoulders trembled, crying silently, holding back her emotions all night, and finally couldn't help bursting out at this moment.

I have never seen Qin Yu feel so uncomfortable.

Su Nan pursed her lips, and Ning Zhi walked over:

“Qin Yu, what happened, tell us, don't be bored in your heart, it's going to break up anyway, are you afraid that people will know?”

Qin Yu cried for a while , stand up, and go out sluggishly.

“Is there any wine?”

Su Nan opened the wine cabinet, which was full of wine, Chinese and foreign, red and yellow, and all kinds of precious wines in the world.

Ning Zhi was stunned and dazzled.

“I'm going, I thought your wine cabinet was empty...”

Su Nan hooked his lips, “How is that possible? My third brother said that some people asked him to pay attention to drinking alcohol, so he put him The good wine is deliberately hidden with me!”

Ning Zhiliao: “...”

Understood, Su Qi is really good!

Without saying a word, Qin Yu took out a bottle of whisky, opened it and drank it.

Even Su Nan was shocked by this scene.

When she was almost done drinking, half the bottle went in.

Just sitting on the carpet all of a sudden, his eyes were red and he looked at a certain place in a trance.

Su Nan: “Can we talk now? Do you want us to drink with you?”

Qin Yu shifted her gaze to her face and nodded.

## Chapter 1417 The divorce certificate is fake

Ning Zhi went to find three cups, and the three sat directly on the carpet, each holding a glass of wine.

Qin Yu's tears couldn't stop flowing down.

"Do you know who went tonight?"

Ning Zhi shook his head, "I didn't pay attention, someone Mo Xian knew?"

Su Nan recalled, "Who is the girl next to Mo Xian?"

Qin Yu's tears More flow and more powerful.

She sniffed and wiped her face.

"It's his wife's sister, a child who grew up in their parents.

When I was toasting with Mo Xian, she ran over and looked at me, do you know what she said?"

She sneered, her eyes a little heavy cold hatred.

"Vixen?"

She sneered, "It doesn't matter if she calls me a vixen, I haven't said anything yet, Mo Xian preempts me and asks me not to care about a child, I'm really getting old, and a seventeen-year-old is also called Children?"

In the past, several children could be born, is their family mentally handicapped?"

Su Nan listened, and repeatedly felt that it was not a good feeling.

Qin Yu didn't take a breath, and then said:

"It's okay, I'll leave then, you know?"

When I went back, I heard the two of them talking, and Mo Xian's wife was still living in their Mo's house, Externally, it's still Mrs. Mo in name, just like she's not divorced, so what am I?

Little San? Vixen? The third party?"

Qin Yu couldn't help crying as she spoke.

“Mo Xian is still there to tell that girl not to talk nonsense, especially not to me, for fear that I will make trouble if I find out!”

She drank the wine in her glass and swallowed her tears and wine.

“I’m making a shit, how cheap am I to make trouble? Force the palace? What kind of person have I become? I did

n’t do anything.

Someone?

Mo Xian clearly said that he was divorced, so he came back and begged me to make peace!”

Su Nan and Ning Zhi became more and more silent after hearing this, and their goodwill towards Mo Xian also disappeared. net.

If the existence of Mo Xian could be tolerated before, then there is absolutely no room for hearing this.

This is simply a scumbag among scumbags!

Qin Yu’s drunken image is completely gone:

“It’s good now, I can’t help but go to the theory, Mo Xian is still arguing, I really can’t help but slap him and let him die!”

Ning Zhi agreed . Nodding, “This kind of person, the farther the better!”

Su Nan: “No wonder you came back so angry, Qin Yu, you have to think clearly, this is the second time between you two because of his marriage. Something went wrong . Repeat

again and again, if you make up your mind, make a decision earlier and don’t drag your feet.”

The longer it drags on, the more each other’s courage and feelings will be consumed.

Even if you endure this breath, it will become an indelible pimple in the future. The pimple will always exist, and it is unbearable to think about it.

Ning Zhiliao echoed:

“Yes, Su Nan is right, you have to make up your mind early, break early and have a good time.

We were not very optimistic about Mo Xian, and it seems that we can't see through him, after all, he is not in our circle, we don't know much.

Although the sphere of influence of their family is not small, they are too involved in the interests of his wife's family, and it is not a matter of breaking up.

Mo Xian has not yet reached the point where he can cover the sky with one hand, and he must be inseparable from the power of his wife! "

Su Nan: "It's his ex-wife!" "

Qin Yu sneer: "shit, that his wife, maybe the divorce certificate is fake! "

. Qin Yu scolded him for a long time, and he scolded his eighth generation ancestors without stopping.

Su Nan's phone rang several times before she heard it.

Picked up with a slight intoxication.

"Hello?"

"Drinking?"

Shang Qian heard something wrong in an instant, and Su Nan's tone was wrong.

Must be drinking.

Su Nan responded.

Shang Qian's gentle voice was low and hoarse:

"Where to drink? With Miss Qin?"

Su Nan: "Well, at home, at my house!"

Shang Qian breathed a sigh of relief and became more gentle:

"Drink less, I'll give it to you Bring some food back, right?"

Su Nan was about to speak when Qin Yu grabbed her cell phone.

“I’m about to break up, I can’t show my affection, and I’m not allowed to call men!”

After that, he hung up.

Su Nan drank wine, her brain was short-circuited, and her reaction was slow. Before she could stop it, the screen was already black.

never mind.

Hang up, hang up.

Shang Qian heard it clearly, and helplessly twitched the corners of his mouth. He was about to go to a familiar private restaurant to bring some food back when he suddenly saw a woman standing at the door.

He restrained the smile on the corner of his mouth, his eyes sank, and it was cold for a moment, and then he planned to ignore the past.

But the woman came over, smiled, and stretched out her hand:

“Mr. Shang, it’s a pleasure to meet, my name is Annie.”

Shang Qian looked at it, did not move, and said in a cold tone:

“Annie is Su Nan’s name, not yours.” The

woman’s smile froze at the corner of her mouth, and then she withdrew her hand as if nothing had happened.

“It’s just a name, who said that if Su Nan uses it, others can’t use it?”

Shang Qian: “You can use it, but don’t pretend to be stupid.”

Don’t treat others as fools.

“It seems that President Shang misunderstood me a little bit because the woman just held you and I didn’t come out to clarify?” The

woman twitched her lips and shrugged, expressing her helplessness:

“That situation just now. , I really can’t figure out why that woman did that, and I’m too embarrassed to show her face, after all, she seems to be defending me, and I’m a little unfamiliar when I come here for the first time.”

Shang Qian Shen There was a bit of impatience in the cold eyes:

“The excuse is good, don’t use it again next time.”

After that, he walked straight away.

The woman was stunned for a moment, then chased a few steps and stopped him:

“Mr. Shang, aren’t you curious why I am here?”

Half of the people here are discussing you, because you are Miss Su’s boyfriend. And half of the people are discussing me, because I’m too similar to her, isn’t it?” As soon as she finished speaking, the corner of her mouth tickled, waiting for Shang Qian to turn back.

Shang Qian turned back and looked at her with squinting eyes.

Annie: “It’s all because of Miss Su. We became the center of the topic. Speaking of it, it’s fate!” Shang Qian: “It’s not

fate, you have ulterior motives.”

relation.

It’s not that he couldn’t notice the abnormality of this woman, he just didn’t want to notice it.

Noticed, isn’t that the hook?

“Also, you don’t look like Su Nan at all. If you imitate too deliberately, there will be many flaws, so everyone is discussing that you are like Su Nan, not that Su Nan is like you.”

Shang Qian’s voice was cold, really a little bit. Nor did she save face for Annie.

Annie’s face froze slightly, and then she smiled casually.

“What misunderstanding does President Shang have about me? It is said that President Shang is broad-minded, generous, and especially gentle to others. Why is he so tit-for-tat with me?”

Shang Qian pondered for a few seconds, then smiled:

“Where did you hear the joke? ?”

Qian sneered in his heart.

All the good things about him are just the side he can show that he wants others to see.

He didn't say it himself, he didn't admit it!

The corners of Annie's mouth were completely straightened.

She looked at him coldly:

"Okay, then I'll speak directly, President Shang, how about we make a deal?"

Shang Qian looked at her and said nothing.

...

Su Nan's house.

Qin Yu drank cup after cup, cursing while drinking, scolding all grievances and unwillingness.

Until she drank and vomited, Su Nan and Ning Zhiliu helped her to the bathroom to wash, and then took her to the bed to rest.

The two also drank a lot, but at least they were still conscious.

Ning Zhi looked at the time, it was almost ten o'clock.

"I have to go back."

Su Nan supported his forehead, "It's so late, you stay here for one night before leaving?"

Ning Zhi shook his head: "No, I will fly to Milan early tomorrow. It's very important to have a show."

Said Then, she went to the table to get her mobile phone, clicked it and checked, oh, wrong.

"This is Qin Yu's cell phone, give it to her when she wakes up."

Su Nan nodded.

Suddenly, Ning Zhi narrowed his eyes and looked at her clean phone screen.

He glanced at Su Nan.

“All night, that man really didn’t give Qin Yu a call...”

Ning Zhi sighed, “Qin Yu’s relationship is too rough, that man doesn’t care about her as much as she imagined?”

Su Nan laughed:

“If he cares, it’s not the two of us who are chasing, but That man.”

Ning Zhi felt that this sentence made sense, and hoped that Qin Yu could get rid of this fruitless relationship in time.

She took her bag and went to put on her coat.

Su Nan made a phone call, “Wait a few minutes, I’ll ask the driver to escort you, don’t drive by yourself if you’re drunk.”

Ning Zhi nodded, but did not refuse.

After a while, the driver came, and Ning Zhi left.

Su Nan stood up and poured a glass of water for Qin Yu, put it on the table next to her, and planned to go back to wash and sleep.

Just after taking a shower, the doorbell rang.

Su Nan thought for a while and went to open the door.

Sure enough, the door is Shang Qian.

She squinted her eyes, she was drunk, and her face was a bit crimson:

“Don’t you have your fingerprints? Why don’t you come in directly?” I have

to trouble her to open the door!

Shang Qian smiled and pinched her face, it was soft and soft, it was really bright and beautiful.

So charming even when drunk.

“Miss Qin is probably here, right? Would it be inconvenient for me to come in by myself?”

He thought of being considerate and thoughtful, and there was nothing more thoughtful than him.

Su Nan smiled, her eyes were foggy and blurred.

She stretched out her hand and hugged him, rubbing it, “The Cheng family is over?”

Shang Qian held her waist with one hand and touched her hair with the other. His voice was low and hoarse, full of doting tenderness. :

“Well, I’ll leave when it’s over.”

Su Nan smiled. “Fortunately, you persevered until the end, otherwise Mr. Cheng would have to call and complain to my father!”

Shang Qian smiled and whispered in her ear. He wrote:

“Then how do you thank me?”

He began to make further progress.

Su Nan hummed and didn’t answer.

Shang Qian was reluctant to give up, and almost bit her ear to tempt her:

“Come upstairs with me?”

He was joking on a whim, but when he saw her pretty blank expression, he couldn’t move his steps. .

Xinxiang’s delicate waist was in his arms, how could she be indifferent?

Before Su Nan could react, Shang Qian hugged her waist and took a step back, then closed the door for her, got on the elevator, and blocked her mouth with a kiss...

...

Chapter 1420 likes those with thin waists

The first thousand four hundred and twenty chapters like

this series of movements with thin waists are smooth and skilled, and they are neat.

Before Su Nan could react, he had already arrived at his door.

She scratched her hair and looked at him with misty eyes:

“Shang Qian, are you back?”

Shang Qian gave her a deep look and hummed.

Really drank too much.

Su Nan threw himself into his arms again and murmured.

Shang Qian frowned, unable to hear clearly, her voice was too low.

He raised her face and squinted:

“What did you just say?”

Su Nan smiled, bright as the sun, and wrapped his arms around his waist.

“I said your waist is really thin, thinner than Cheng Yi’s, thinner than Yu Fei’s...” For a moment.

The atmosphere seemed to freeze for a moment.

Shang Qian looked at her with deep eyes:

“Really?”

Su Nan nodded firmly.

“That’s right!”

She complimented him with a smile: “This waist is good, I like thin waists!”

Shang Qian’s face was dark and dark, as if a huge wave was brewing in his eyes, and the storm was about to sweep everything.

He tightened her waist tighter in his arms, her face was tense and ugly, and even the usual warm color disappeared without a trace.

Su Nan felt uncomfortable. His hands were too hard, so he wanted to stay away from him, but Shang Qian didn’t move at all.

As long as she moved, he doubled his efforts.

After entering the door, Shang Qian held her behind the door and stared at her darkly:

“Do you like my waist?”

Su Nan looked at him in confusion, nodded subconsciously, and reached out to hug his waist.

She had always liked his waist very much, and Shang Qian’s body proportions were perfect, not that kind of greasy muscular man.

He was tall, thin and strong, especially his waist, more perfect than a model.

Su Nan likes to hold him every time, without a trace of fat.

However, Shang Qian suddenly blocked her hand and squinted his eyes:

“How do you know Cheng Yi and Yu Fei’s waists, you hugged them?”

With a hint of danger.

Su Nan felt that even if she drank too much, a white light flashed in her mind.

She shook her head, “No!”

Shang Qian breathed a sigh of relief, his eyes softened instantly.

She continued, “They hugged me!”

She was not the one who took the initiative!

In an instant, Shang Qian’s face turned cold again.

He squeezed her waist and hugged her into his arms: “Really?” If I

had known, he shouldn’t have been so polite to Cheng Yi tonight.

And that Yu Fei...

He suddenly remembered that he had seen her and Yu Fei and had an affair?

It was from then on that there were rumors that Su Nan liked Xiao Xianrou.

But that was over after that.

Just as Su Nan was about to explain, Shang Qian suddenly shrouded in a shadow, blocking what she was about to say...

Afterwards, Shang Qian acted like he was deliberately tossing her, and the trouble was very late. No matter what Su Nan said to beg for mercy, he was indifferent.

In the end, Su Nan was too tired to say a word, so he was willing to let her go.

In her last consciousness, she suddenly felt that Shang Qian was a wolf in sheep's clothing!

Anything that is as gentle as jade, anything that is modest and gentle, is all fake!

Until the next day, the sun shrouded every inch of the room warmly.

She woke up faintly.

His whole body seemed to fall apart, and he was so tired that he couldn't even lift his arms.

But the body is fresh and clean, no discomfort at all.

Looking down, the sheets and quilts have also been replaced with new ones.

It seems that Shang Qian's aftermath work has been done very quickly.

With a sigh of relief in her heart, she groped for the phone next to her, which was turned off.

It goes without saying who shut down.

A sigh of relief in the chest!
