Chapter 1421 has to reward me for turning on

the phone, it's almost ten o'clock.

She got up suddenly, remembering that there was an important video conference this morning.

At this moment, Shang Qian knocked on the door and came in. He leaned against the door with a cup of bird's nest porridge and looked at her. There was warm running water between his eyebrows, and the still water was long and gentle.

"Wake up? I cooked bird's nest for you, can you try it?"

He walked over, but instead of putting it down, he squatted beside her bed. Handed it to Su Nan's mouth.

Su Nan snorted coldly, "How thoughtful of serving?"

Shang Qian smiled, with a hint of distress and guilt in his eyebrows.

He obviously didn't drink much last night, he just drank two sips while socializing.

But when I heard Su Nan's words, my heart went out of control like a demon.

Especially when she was close to her, she couldn't help but want to get closer.

As a result, as long as he started, he would get out of control on her.

When he woke up early in the morning, he knew that this young lady would definitely be angry, so he boiled bird's nest to coax her.

as predicted!

His eyebrows were warm, and he poured out infinite affection and guilt:

"As long as you want, I will serve you so thoughtfully every day, okay?"

Su Nan turned her head away, clearly not buying it:

"Why is my phone turned off? Is it?"

Just as Shang Qian was about to speak, Su Nan dismissed his opportunity to make excuses:

“Don’t say that there is no electricity, I have the impression that there is enough electricity to send Qin Yu back!”

Shang Qian pursed his lips and smiled. Laughing, I can only admit helplessly:

“I turned it off. You were too tired last night. I was afraid that you wouldn’t have a good rest, so I turned it off.”

Su Nan glared at him fiercely:

“You also know that I won’t have a good rest?”

Shang Qian’s eyes were keen. looked at her:

“? can not blame me, last night I insist that you have to reward it for you to the end, then her arm around my waist and hold, say something like my waist, how can I control is maintained,”

but he did Very aggrieved, to say it sincerely.

Su Nan froze, and his thoughts were confused.

Really?

Did she really do that?

As soon as she finished drinking, she became sober the next day, but Shang Qian seized this point and wanted to save a little chance.

She blinked and looked at him:

“Really?”

Shang Qian nodded firmly.

Not like lying.

Su Nan pursed her lips, a little distressed, it seems that she is in a mood?

Then you can’t blame Shang Qian. After all, his charm is too great, and it is only natural that he can’t control it.

She stretched out her hand and touched Shang Qian's face, her eyebrows were clear, and she had her own romance, but his gentleness covered up this romance, and she looked a lot more serious.

"That's my fault. Next time I drink too much, you have to stay away from me."

Shang Qian was taken aback and smiled, "Okay, I'll try my best."

He was reluctant.

Did this little idiot really believe it?

Shang Qian handed the bird's nest to her mouth:

"Open your mouth, ah..."

Su Nan opened his mouth subconsciously, the soft bird's nest entrance, silky and delicious, really good.

She frowned, "I haven't washed up yet..."

Shang Qian stopped her, "Don't worry, come to pad your stomach, you drank so much last night and didn't eat, you should be starving."

He He coaxed patiently, and finished feeding it one bite at a time.

Shang Qian reached out and stroked the water stains on the corner of her mouth, and then lightly placed a kiss on her lips before standing up:

"Go, I'll take you to the company later?"

Su Nan frowned, "No, Qin Yu is It's not that she hasn't woken up yet, she's still downstairs!" She was so

immersed in beauty early in the morning that she almost forgot her lovelorn best friend.

While thinking about it, I heard someone knocking on the door outside.

Then came a voice reminder:

"Su Nan, open the door, I'm hungry..."

It was Qin Yu!

...

1422 He understands the rules Su Nan smiled and motioned Shang Qian to open the door.

Shang Qian stood up helplessly, "Why did she come to me when she's hungry?"

Su Nan: "Because maybe she knows I'm here..."

Shang Qian expressed helplessness.

He could only open the door.

Su Nan went to wash up.

"Miss Qin..."

"Mr. Shang, I knew you were at home, did Su Nan get up?"

Qin Yu said, just pushed the door and walked in without being polite.

Shang Qian closed his eyes, he must bear it, after all, he is a best friend!

The one who can't offend the most is his girlfriend's best friend, he understands this rule!

"I just got up, I'm taking a shower, what's the matter with you?"

Qin Yu looked at him: "I'm hungry, so I can't deliver food, so I can only come here to eat."

She sniffed, "I can smell it all. It's fragrant."

Shang Qian pursed his lips and smiled, "Wait."

He went to the kitchen and filled a bowl of porridge, and then brought out a few side dishes.

Qin Yu looked at him with a half-smile but not a smile:

"Mr. Shang, you're hiding it, I smelled the smell of bird's nest, and you actually gave me porridge?"

Shang Qian was helpless: "I didn't know Miss Qin would come, the bird's nest just now I drank it all for Su Nan, and I plan to drink porridge for myself, but as soon as Miss Qin comes, I will leave it to Miss Qin."

Then he could only starve.

Qin Yu raised her eyebrows and took a sip unceremoniously:

"Don't worry, I won't eat you for nothing. As Su Nan's best friend, I'm very optimistic about you two!"

Shang Qian smiled, and the goal was achieved: "Thank you, Miss Qin, and you must speak for me more in the future."

Qin Yu raised her chin, "No problem."

She was in a good mood.

After Su Nan finished packing, he saw that Qin Yu was already eating in full swing, and Shang Qian was sitting in the living room with an iPad reading emails.

The light swept across his face, as if shrouded in light, with a warm and sacred feeling.

She moved slightly in her heart. If only she had a camera in her hand, she would definitely take a picture of this scene and keep it as a souvenir.

When Shang Qian heard the movement, he turned his head and looked at her with a smile:

"Have you cleaned up?"

Su Nan nodded, then looked away from Qin Yu and said,

"You drank so much last night, did your body feel sick? Are you comfortable? Do you need me to cook you a bowl of sober soup?"

Qin Yu waved her hand and drank the porridge:

"No, this bowl of porridge can already comfort my stomach, it's a lot more comfortable."

Su Nan walked over sitting down, looking at her appearance, it seems that she has returned to her usual carefree state.

But Su Nan knew her very well.

This thing is not so easy to pass.

The more you show indifference, the more difficult it is to overcome that obstacle in your heart.

“What are you going to do today, do you need me to accompany you?”

Qin Yu looked at her and shook her head, “I have to go back to the company to work, or my mother will see the clue.”

She smiled, “If I am because of this man The second time I’m lost, my mother will definitely kick me out of the house.

I don’t want to be a poor man!”

She shrugged and wiped her mouth with a tissue:

“I figured it out, there are no obstacles that I can’t get over, and there are no people I can’t forget. I will work hard.”

Su Nan smiled and nodded. Qin Yu, who always looks forward, is the invincible one she knows. the eldest lady.

“You know the truth, but it’s been difficult in the past, but you have to believe in yourself!”

Qin Yu smiled, “Don’t worry, I’ve already made an appointment for myself for the evening’s activities, and I asked Ning Zhi to introduce me to many male models. Anesthetize yourself first.”

Su Nan’s smile froze, then smiled:

“Okay, as long as you are happy.”

Qin Yu took her hand, “Then let’s go together, I heard that there are still a lot of small children. Fresh meat, it looks like a water spirit...”

Before Su Nan had time to speak, the man next to him coughed heavily, expressing his dissatisfaction.

There was a polite smile on the corner of his mouth, but he couldn’t see any happy look on his face:

“Su Nan has an appointment with me at night, so Miss Qin should go to relax by herself...” It’s

ridiculous.

How dare you ask his girlfriend out to find Xiao Xianrou in front of him?

The bowl of porridge just now should not be given to her!

You can’t even feed the dog!

Qin Yu looked at her regretfully, and Su Nan nodded.

“Well, next time, I’ll try it first, and I’ll call you if it’s good!”

Su Nan twitched the corners of his mouth, and Shang Qian couldn’t take it anymore.

“Miss Qin, aren’t you leaving yet? Su Nan has an important meeting and is going to be late...”

He pointed to his million-dollar watch and urged her.

Qin Yu pursed her lips, “President Shang, you should apply for Su Nan’s assistant, Yu Lou’s job belongs to you!”

Shang Qian smiled, neither humble nor arrogant:

“When Assistant Yu resigns, I will be on call at any time!”

Qin Yu snorted and looked at Su Nan:

“If he is so strict, your freedom will be gone. Tune in well, I’m leaving...”

Su Nan couldn’t help but curled the corners of his lips. :

“Let’s go, call me if you have something!”

Qin Yu nodded, ate and drank, and left happily.

Su Nan looked at her back and sighed.

Shang Qian glanced at her:

“Miss Qin has a big heart and doesn’t look hurt at all.”

Su Nan hooked her lips, “She has always been like this, even if she is sad, she will not mention it again. Yesterday was enough to lose her temper. Today she You will definitely be refreshed.”

Shang Qian rubbed the bridge of his nose to relieve fatigue, and chuckled:

“So, Mr. Mo will take a lot of effort. Miss Qin is a sober person and won’t repeat the same mistakes, right?”

Su Nan glanced at him, “No, it really won’t happen this time. No matter what Mo Xian does, Qin Yu will never look back.”

She knew Qin Yu too well.

When they got back together for the second time, Qin Yu was under almost all the pressure.

Abandoning Shen Liang, who has an impeccable background and strength, is equivalent to risking his own reputation.

It means that she will no longer find a family like Shen Liang to marry.

She risked it once, and she would never risk it a second time.

Timely stop loss is her bottom line.

Shang Qian went over to clean up the dining table, and then came out:

“I’ll take you to the company?”

Su Nan nodded, she was too lazy to drive anyway.

When she arrived at the company, Shang Qian unfastened her seat belt, but did not get out of the car in time to open the door.

Instead, she looked at her with a smile, as if she was waiting for something...

Su Nan helplessly leaned over and kissed his profile lightly.

Shang Qian touched her head with a smile, and just as he was about to kiss back, Su Nan’s expression suddenly changed, and he suddenly pushed him away.

Shang Qian was stunned, puzzled.

Su Nan stared out the window blankly.

Following her line of sight, Shang Qian was also stunned.

There was a moment of confusion.

why?

Why do you always see Su Jin at this time?

He was standing in front of Shang Qian's car, looking at the people in the car coldly, without any intention of avoiding suspicion.

Looking at Shang Qian like a needle stick, his face was cloudy.

Shang Qian pursed his lips, his eyes were slightly nervous, but he quickly calmed down and smiled.

"Go down and say hello?"

Su Nan replied, seeing everything, it's impossible to just leave!

The two got off the car, and Shang Qian nodded politely, "Mr. Su, it's a pleasure to meet you."

Su Nan walked over, "Brother, why did you come to work?"

She frowned, puzzled.

He is not late!

Su Jin glanced at her coldly, her thin lips pursed tightly, and her eyes were filled with anger that hated iron.

"I just came back from meeting with Lin Dong, and I have to attend the video conference for you. I thought you had something important to do, that's all?"

Su Nan coughed, her face a little uncomfortable.

Compared with Su Jin's busy day, she is indeed not qualified to question Su Jin's itinerary.

She pursed her lips, and her voice softened:

“Brother, Qin Yu is in a bit of trouble. I drank some wine to accompany her, but I got up late. Brother, you will understand me...”

Su Jin glared at her, then fell on Shang Qian’s body, but said to Su Nan:

“You don’t need the driver at home, but you are still bothering Mr. Shang, I’m really naive, Mr. Shang is not like you. Idle.”

Su Nan lowered his head silently and did not speak.

Shang Qian smiled lightly and said in a smooth voice:

“If you’re not busy, no matter how busy you are, you can still find time to accompany her, but President Su’s tireless teaching makes me ashamed.”

Su Jin raised his eyebrows, hearing the words, the haze on his face dissipated some.

“If she can learn a thing or two about Mr. Shang’s skills, she will be able to do so. Su Nan, don’t just focus on falling in love, but learn more!”

Su Nan’s head was getting bigger as his clothes and ears were so condescending.

She nodded quickly:

“Brother, I’ll go up first, I’ll go to work now!”

After speaking, she glanced at Shang Qian, gave him a look of taking care of each other, and ran away...

Shang Qian hooked The corners of his lips curled, his eyes were gentle, and he smiled helplessly.

Su Jin gave him a meaningful look, and then withdrew his smile.

“President Shang, go up and sit down?”

Does Shang Qian dare?

dare not!

“No, I still have something to do. I’ll wait for her to pick her up after work.”

After Shang Qian finished speaking, he nodded and said goodbye.

Su Jin narrowed his eyes and turned upstairs in silence.

At the door of the office, the assistant winked.

Su Jin pushed the door open, and Su Nan sat in his chair and walked in circles.

The childish look makes people laugh, angry and helpless.

“Miss, have you had enough?”

Su Nan stopped, “Brother, you always scare him, you have to pay me for scaring him away!”

Su Jin rolled her eyes at her, “You have some conscience, for him and you Dare to say that to me? I’m just beating him to make him pay attention, so you protect him like that?”

“Why are you beating him?” Su Nan muttered.

Su Jin rolled her eyes at her, “Knock you, do you listen?”

Su Nan smiled and humbled himself:

“Brother, when you were in love, I supported you with one hand, you have to live up to your expectations!”

Su Jin sneered, I’m so embarrassed to say that?

But after he sat on the opposite chair, Su Nan restrained his smile seriously and said,

“At the banquet yesterday, I met someone...”

Although that Annie’s purpose was not her, she was still with her. There are relationships.

Su Nan felt that he could not be careless.

Be prepared.

The vigilance of so many years is not for nothing.

She spoke briefly, then fell silent.

Su Jin pursed his lips, his facial features were sharp, and the chill was cold.

“Do you mean that she deliberately imitated you for some purpose?”

Su Nan nodded: "And her eyes are not so friendly, I don't look right."

Su Jin pondered for a few seconds, then nodded. nod.

"I see, I'll have someone check it. You have to be careful during this time and don't run around."

Su Nan nodded:

"But I suspect that she has something to do with the business group? Focus on checking this direction, after all He is the one who wants me to die the most now..."

Su Jin nodded with sharp eyes, "Okay, Chang Li has been following you, don't worry too much."

Su Nan smiled and stood up:

"Then I'm relieved, I'm going back..."

Su Group.

In the afternoon, Su Nan finally dealt with a thorny trouble, and Yu Lou knocked on the door and came in, with an unspeakable expression on his face.

"Mr. Su..."

Su Nan glanced at him: "Say..."

Yu Lou: "Someone wants to see you, that person looks a lot like you...and Her name is Annie!"

Not only do they look alike, they even have the same name.

Yu Lou almost made a mistake.

So he hurried over to ask.

Su Nan raised her eyes, this woman actually came to the door?

I couldn't help being a little surprised.

Yu Lou scratched his head: "It's not very similar, but I just can't tell where it looks like?"

Su Nan twitched the corners of his mouth: "I know who she is, but I don't know her well, so I'm busy and I can't see you."

Yu Lou He nodded, got Su Nan's reply, and left directly.

In a few minutes, he was back again.

"Mr. Su, that woman said that she has something important to look for you. If you don't see her, you will regret it."

Su Nan twitched the corners of his mouth: "Did I grow up under threat from someone else?"

Yu Lou was stunned and understood. She meant to turn around and go out.

Annie was confident that her arrival would definitely cause an uproar, and her grand appearance last night had an unexpected good effect.

So, here she is.

Everyone is full of doubts about her arrival. She is very confident about her identity and is not afraid of being checked, let alone their curiosity.

But surprisingly, Su Nan didn't see her?

Shouldn't she be the most curious one?

Yu Lou in front of him was polite and cold:

"Miss Annie, our boss Su is really busy. Please make an appointment to come again next time, so as not to delay such a long time."

The arrogance on Annie's face was broken a little bit, as if it had passed A trace of disbelief.

Isn't Su Nan curious about her?

She didn't see her, and Annie couldn't stay here. She glanced coldly in the direction of her office, turned around and left.

Fu Group. Fu Yechuan looked at the people in the conference room, his eyes swept over the people present

, his tone was cold and awe-inspiring:

“This is the plan you came up with? You don’t want to do it in your own position, do you?”

He didn’t even dare to breathe, and shrank in his clothes like the winter twelfth lunar month.

Can’t wait to find a hole to dig in.

Fu Yechuan’s temper seemed to have returned to its original point.

They haven’t had a good time recently!

Chen Mian looked at the person in front of him and glanced carefully, and Annie looked up at him unceremoniously.

“Have you seen enough?”

Chen Mian paused and quickly looked away, only to realize his rudeness.

“Sorry, Miss Anne, what did you just say?”

He almost thought he saw the person in front of him as Su Nan.

But if you look closely, it doesn’t look like it.

Su Nan would never look at someone with such sharp eyes, unless it was a deep hatred.

But in Annie’s eyes, no matter who she is looking at, there is a fierce killing intent.

Makes you feel shivering.

Annie glanced at him coldly: “Let Fu Yechuan come out to see me.”

Even though Chen Mian was dissatisfied, his good professional qualities were enough for him to handle all the troubles.

“Miss Annie, President Fu is in a meeting, I’m afraid it will be a while...”

Annie lifted her eyelids and said in an extremely indifferent tone:

“Fu Qingcheng is in my hands, ask if he will come out?”

Chen Mian The smile froze, and instantly froze.

Fu Qingcheng is President Fu's father.

It was because of his lack of ability that his son was excellent, with Mr. Fu on the top and Fu Yechuan on the bottom, so he couldn't stay any longer, so he asked to go to Australia to develop.

Is this a blatant threat? kidnapping? Or what...

Chen Mian couldn't stay any longer. Whether it was true or false, he had to tell Fu Yechuan immediately.

Then, he knocked on the door and entered the conference room.

The atmosphere in the conference room was as cold as an ice cellar.

Seeing Chen Mian come in, everyone was as relieved as seeing the savior.

He said a few words in Fu Yechuan's ear, Fu Yechuan's face became cold and ugly, and his eyes swept to the door sharply.

Suddenly, he stood up and strode out.

Everyone looked at each other.

Chen Mian smiled, "Everyone, Mr. Fu has something to do temporarily, and the meeting is temporarily suspended. When the processing is finished, I will inform you of the meeting time."

After he finished speaking, he hurriedly followed.

Annie was standing at the door, her eyes were cold, her expression was cold, and even her smile was cold.

Her makeup is still imitating Su Nan's.

It's just that Su Nan's temperament is cold, but her facial features are bright, which can reduce the coldness of her body and will not make people feel terrible.

But Annie's feeling is always cold and terrifying, and she doesn't dare to look directly.

Fu Yechuan looked at the back of her standing there, and was dazed for a moment by the familiarity. Then he remembered something, and his face became cold.

Chen Mian walked over and said in a low voice, "It's her, she said her name is Annie."

Fu Yechuan tugged at the neckline, a trace of disdain and mockery in his eyes, and then turned to go to the direction of the office.

Drop a sentence:

"Let her in."

Chen Mian replied in a low voice, naturally did not dare to delay, and walked over:

"Miss Annie, Mr. Fu invites you in."

Annie chuckled lightly, flashing a sense of success, then ignored Chen Mian and went straight to the office .

Fu Yechuan was sitting in the office, with a faint gloomy coldness all over his body, looked at her darkly, and did not speak.

Annie smiled, and her smile was cold, but when she looked at him, her eyes became a little hotter.

envious.

She sat in front of him and looked at him:

"Mr. Fu, you should remember me, I'm Annie."

Fu Yechuan raised his eyes, his eyes were as deep as the sea, and he couldn't see any emotions in the dark.

His tone was cold: "Angie, have you changed your name?"

Annie smiled, not at all angry that he could see through her disguise.

"I didn't expect, you still remember me?"

Fu Yechuan looked at her blankly:

“What the hell are you doing?”

Annie raised her chin, her expression flashing a smile:

“Yechuan, I just miss you so much, that’s why I came here, last night you drank too much, you may not have any impression, I think I should have a grand meeting today.”

Fu Yechuan narrowed his eyes, lowered his eyes, and concealed the sternness in his eyes:

“I don’t think there is a need between us. Meet.”

“Of course I do. I haven’t seen you for a few years. I’ve been thinking about you, and then I decided to come to you. Shouldn’t you be surprised?”

Annie smiled, “I know you like another woman, Su Nan, right?”

I went to her just now, but she didn’t see me, I didn’t expect her to be quite stable, and she wasn’t interested in me at all!”

Fu Yechuan’s face was gloomy for a moment, and he looked at her gloomily:

“You’d better stay away from her!”

Annie frowned, her expression a little unhappy:

“Why, in order to understand her, I did a lot of work and sent someone to investigate her. It’s been a long time, but fortunately she divorced you, otherwise I’ll have another life on my hands...”

She raised her hand slowly, looked at her hands, and a cruel smile appeared on the corner of her mouth.

...

Chapter 1427 marry me

Chapter

1427 Marrying me Fu Yechuan’s face was tense, and there was a stern look in his eyes.

The fists were clenched tightly, the blue veins bulging slightly.

“I said, stay away from her, or don’t blame me for being rude!”

His voice seemed to come from hell, and it was terribly cold.

Annie didn't care at all, she smiled, imitating Su Nan's smile, but it couldn't be as natural as hers, but it made people look scared.

Fu Yechuan stared at her stubbornly, his black eyes concealing a strong chill.

Annie smiled, "Mr. Fu is still in my hands, he is the person you should be most concerned about right now?"

Fu Yechuan narrowed his eyes.

He took out his phone, found a number and pressed it.

Already empty.

Fu Qingcheng has stayed in almost all foreign companies, but he just doesn't return to country Z, not only is he unwilling to face the embarrassing himself, but also the hysterical Qu Qing.

But his life has always been enjoyable, and there is no shortage of beautiful women around him, so Mr. Fu doesn't ask him anything at all.

As long as it doesn't cause any serious trouble, just let him be.

Only when Fu Qingcheng left would Fu Yechuan sit more stably.

Who made the Fu Group have only one person who has the final say?

When Mr. Fu chose Fu Yechuan, he could only give up this mediocre son.

Annie watched his movements, smiled, found a video from her phone, put it in front of him, and pressed play.

In the video, Fu Qingcheng was shot in the head with a gun, his face was bloodless in horror, and his whole body was trembling:

"Don't...don't kill me!"

In just ten seconds of the video, it stopped after saying four words.

Fu Yechuan's eyes were even colder. He had no feelings for this father, but that didn't mean that someone could ride on his head and threaten him?

Annie took back the phone and smiled calmly.

"I didn't lie to you, and I can't lie to you. You should know that with my ability, it's too easy to catch your father..."

Indeed.

Fu Qingcheng didn't have Fu Yechuan's ability to protect himself, let alone his vigilance. The reason why he had not been kidnapped for so many years was entirely because of the famous Fu Group and the numerous bodyguards hiding around him.

But those bodyguards, compared to the mercenaries in the arms dealers, seemed powerless.

The atmosphere in the room condensed.

Fu Yechuan's eyes were deep and indifferent, and his tone was cold:

"So, what do you want?"

Annie curled her lips: "I want to... marry you."

She was straightforward and confident that Fu Yechuan would not Rejection, this condition, she has the chance to win.

However, Fu Yechuan chuckled lightly, without showing the coldness of his emotions:

"Marriage?"

There was a hint of mockery on the corner of his mouth.

Sounds like a funny thing to hear.

It was the first time I heard that the father who helped him was to marry his son!

The big joke of slipping the world!

Annie looked at him solemnly: "I'm going to marry you, and I'm going to make you mine."

Fu Yechuan raised his eyes, his eyes were cold:

"I've never been interested in you, you know? "

"I know, so now I'm not me, I'm Annie."

Annie suddenly approached him and said with a smile:

"I know you like Su Nan, so I deliberately dressed like her, and I have imitated her for a whole time. Years, the demeanor has been eight or nine points, right?"

You can think of me as her, I don't mind at all, as long as I can get you, I am willing to be a substitute.

You see, I got what I wanted You, you got the Su Nan you wanted, we are a win-win..."

...

Chapter 1428 has no choice

Chapter 1428 had no choice

Annie said, her eyes were filled with a crazy smile.

It seems to mean that he will never give up until his goal is achieved.

Fu Yechuan's eyes were cold, his pupils were pitch black and gloomy, and he watched as the temperature in her eyes cooled down little by little.

Especially when she heard the name "Su Nan" from her mouth, it became even colder.

Su Nan is his taboo, not everyone can mention it.

Su Nan's makeup looks weird on her face, more like an out-of-control marionette, which makes people want to destroy it.

Annie looked at him like she was bound to win.

"Ye Chuan, I'm willing to pretend to be someone you like forever for you. I don't care at all.

From the first time I saw you, I liked you. I think you must belong to me."

She smiled, Laugh a little presumptuously.

Fu Yechuan's tone was cold: "Really? Delusion!"

Annie looked at him with a smile: "Of course not, you saved both Su Nan and me in the explosion on the streets of Europe five years ago.

You thought you just saved it casually. An ordinary person?"

Fu Yechuan's eyes narrowed slightly, his face tense and ugly.

He was silent.

Annie smiled: "Of course not, I've been looking for you all the time, I asked them to arrange that boxing match, I wanted you to lose, and then it belonged to me completely and left your army.

It was Su Nan who disturbed me . With all the plans, she actually took you away?"

There was a trace of resentment and unwillingness in her tone.

"I wanted to find you, but my father said that you and we are not the same kind of people, it is impossible to get together, I have no ability to resist, so I watched you leave.

It's cheap Su Nan, she actually married you?

Originally, you should be mine! There was a hint of regret in

her tone, which made people feel terrified.

Fu Yechuan raised his eyes and opened his thin lips lightly:

"You want to harm me, Su Nan is the one who saved me, and I will never be with you. "

It turned out that the explosion five years ago could lead to so many other things.

He only remembered that he and his comrades saved a lot of people that day. It is my duty.

As soon as I give an order, I will risk my life.

But I didn't expect that it was the woman in front of me who set up the black boxing gym, but Su Nan took him away.

Thinking of this, his heart hurts like a knife. Losing the person who made him go crazy.

Completely lost.

Annie smiled evilly, "This is not necessarily, I have the means to keep you by my side, I am an unruly person, but for you, I am willing to talk Rules, otherwise how did your comrades return to the motherland? She chuckled, "

It was me who helped to find out that Cheng Heng's body and give it back to you, have you forgotten?

That's what you thought, our first meeting. "

Fu Yechuan squinted his eyes.

Yes. The

war was filled with gunpowder smoke, and the sound of guns and guns could be heard in his ears, mixed with the cries of adults and children. It was extremely terrifying.

Even a psychiatrist could collapse during that period of time

. During the war, a bullet passed by, Cheng Heng pushed him away, he had a gun muzzle on his body, and he would never wake up.

He lost his comrades and brothers, and during that time, he did not know himself How did you get here.

Cheng Heng died and died for him.

Others took him away, but did not bring back Cheng Heng's body.

Later, that area became a forbidden area for war, and no one dared to set foot in it, but if anyone approached, it was countless cannon fodder.

For the first time, he felt the cruelty and ferocity of war.

Even though they were peacekeepers, there were still guns and bullets rushing towards them.

Chapter 1429 You are An Qi

Chapter 1429 You are

An Qi Fu Yechuan with a sullen face, pursed lips and sharp eyebrows.

Later, he found the person above him, but he couldn't do anything, and it was impossible to risk more lives because of a corpse.

At this time, an arms dealer approached him and could help him, namely An Qi.

He didn't believe it, but she did it.

The body was brought back intact and brought to him.

He still remembered that he asked her what conditions she had?

An Qi didn't want anything, just let him remember the name "An Qi".

However, before he left, he still left a large check as a reward.

He doesn't like to owe others.

Later, he returned to the country with the corpse and left the army. No matter what kind of power he was involved in, he contacted him. Soon, his power was no longer the simple white man in the army.

He knew An Qi's identity, the arms dealer, and the black and white areas.

To this day, he has been able to stand high, look down on them, and even control them.

Just to be able to protect the people you want to protect.

Fu Yechuan's eyes were dark and dark.

"I don't owe you anything, the check I gave is enough to hire twenty local mercenaries."

An Qi smiled, her style was fierce.

"I know, but I don't want money, I just want you to remember me."

She doesn't care about money, she cares about him!

"I wasn't in a hurry at first. You married Su Nan, but you didn't like it. Knowing that you were not happy, I was relieved, so I kept waiting until she left by herself."

An Qi's eyes flashed with unwillingness:

"But she left, but you fell in love with her?"

I can only think of this way to come to your side, as long as you want, Ye Chuan, we can be together, your current The background and power will only improve to a higher level."

She smiled, "It will even surpass everyone else. For you, I can remove the threat of the Su Group for you."

She did not do any homework . Little, I know that the Su Group is the one who can now be on an equal footing with the Fu Group.

Who doesn't want to be the boss?

Fu Yechuan suppressed the deep chill and disgust in his eyes.

"No need, An Qi, I'm not that familiar with you."

An Qi's face froze slightly, "I'll get to know you soon, Su Nan left you, you need me."

Fu Yechuan's tone was cold and threatening. :

"I'll say it again, don't mention Su Nan, I don't need a substitute."

An Qi's smile froze for a moment, and then she laughed out loud.

"Okay, don't mention Su Nan, then mention Mr. Fu, Fu Qingcheng, you will never sit back and watch, right?"

Fu Yechuan's eyes narrowed slightly.

"You want to threaten me?"

There was danger in his tone.

An Qi: "It's just a deal. In our survival law, anything can be traded. Now, I'm just trading Fu Qingcheng for your marriage."

She said it as it should be, as if she didn't feel her decision. How outrageous and hateful.

Fu Yechuan squinted his eyes and drew a sharp trace of danger.

"Trade is to exchange your things for other people's things, not to force others to do things with other people's things."

An Qi was stunned for a moment, but soon smiled.

"It doesn't matter, as long as the destination is reached."

She didn't care at all whether it was a threat or a deal.

Fu Yechuan stretched out his hand to get the cigarette on the table, lit it, the smoke rose, his voice was cold, and his voice was soaked in ice:

"Whatever."

...

Chapter 1430 does not accept transactions

Chapter

1430 An Qi's smile froze on her face when she didn't accept the deal, and then she slowly gathered up.

Silent for a while.

She stared at him and said, "So, you don't accept the deal?"

Fu Yechuan put out the cigarette, his eyes were icy:

"I don't accept it."

An Qi stood up, looked at him, and said nothing. left.

The office door opened and closed.

Fu Yechuan's eyes were dark and calm, and he didn't speak, he just felt a sense of gloom shrouding him.

Chen Mian pushed open the door and came in, with an inexplicably ugly expression on his face.

"Mr. Fu, I found out that Mr. Fu has not shown up in Australia for three days, and the people around him don't know where he is going. In the

past, he would often disappear for a few days to go out to play or investigate, so everyone didn't take it to heart.

Who knows . This time... do I need to ask other familiar arms dealers?"

Even if they don't have arms, they know a lot of people in this industry.

After all, they have money that comes and goes, and many of them need a regular way to clean it up. The Fu family, who has a huge group, is naturally their dream partner.

Fu Yechuan looked sullenly in one direction, and his thin lips parted lightly:

"Don't ask, the people are in their hands, there can be no mistake."

If it wasn't for the confidence, An Qi would not have come to him and said this. a talk.

The background behind her is not so shameless to the point of deceit.

It's just...

Chen Mian paused and looked at him:

“Then what are we going to do next? Send someone to contact the other party? Or detain this woman?”

Fu Yechuan pursed his lips, and there was no trace of ripples in his black eyes:

“This An Qi is the daughter of Xing Zhi, a foreign arms dealer, you Send someone to ask quietly, what’s going on with Fu Qingcheng?”

Chen Mian was silent for a second, then suddenly raised his head:

“Mr. Fu, you suspect that An Qi took Mr. Fu, but Xing Zhi didn’t know?”

Fu Yechuan nodded, “Xing Zhi’s Although the man contacted me and wanted me to do arms business for him in China, I refused very clearly, and his people never came.

This An Qi is not simple, but I want to test their background. What is the purpose?”

If it was just a marriage according to what An Qi said, it would be easier to handle.

The bad is bad, if Xing Zhi’s people want to pinch him, this is just an introduction.

Chen Mian nodded and left immediately.

Fu Yechuan fell into silence again.

Growing up, he had no impression of Fu Qingcheng. In front of Mr. Fu, he was an obedient person with average ability and average strength.

When Mr. Fu passed over Fu Qingcheng and handed over the Fu Group to Fu Yechuan, he remembered that he had a long talk with Fu Qingcheng.

It was after that long talk that Fu Qingcheng left country Z, from Africa to Europe, and now to Australia, working in a playful mood.

His attitude showed that he did not want to participate in the competition of the Fu Group, and he did not want to compare himself with his son.

Qu Qing was afraid of suffering. During the time he went abroad, the relationship between the two was not good. Qu Qing was suspicious all day long and suspected that there was a woman outside Fu Qingcheng. Fu Qingcheng was also unbearable and ran away alone.

Fu Yechuan had never taken the initiative to care about Fu Qingcheng’s movements. Compared with his overseas company, he was just an honorary chairman, with no real power, and he would not be allowed to make a report for good or bad.

When An Qi's people took him away, Fu Yechuan didn't have much trouble in his heart, but if this news was made public, it would be a huge blow to the Fu Group...
