## Chapter 1441-1445

Chapter 1441 Several forces

Su Nan smiled and did not continue to speak.

When he grows up, maybe the relationship between her and Shang Qian has been settled, and maybe it will disappear with the wind, who can say for sure?

Just cherish the moment!

Su Nan brought little Mike to the company. Little Mike sat obediently in the office very sensible. From time to time, he read the news with his ipad, and occasionally turned to the stock market.

Su Nan was a little surprised by this, but thinking about Shang Qian's education for little Mike, he didn't seem to have dealt with it, so it's not surprising that he can understand this at his age.

Yu Lou would come in from time to time to deliver documents, and seeing little Mike there, he would take some snacks every time he came in again. Little Mike's attitude towards Lou had completely turned into a little follower.

"Uncle Yu, you are really amazing. Can you be with the beautiful sister all day long? I will study hard in the future, and I will always be with the

beautiful sister like you!"

The rhetoric, I didn't know what to say for a while.

On the way back with little Mike, Su Nan suddenly felt that something was wrong.

Several cars behind her were clearly following her.

Seeing that she was about to turn to the apartment where she lived, she had an idea and drove in the opposite direction...

When she got home, it was still dark, little Mike was already a little tired, but he still climbed to the sofa very disciplinedly. to read.

Su Nan made a phone call and already knew it.

...

Hilton Hotel.

Standing in front of the huge floor-to-ceiling windows, you can overlook the busy traffic of the whole city.

Angie stood in the dark, the hotel room did not turn on the lights.

She stood there silently, as if at one with the darkness.

soon.

A man in a black suit approached respectfully.

“Miss, the person who did it didn’t succeed.”

An Qi’s brows sank coldly.

“Can’t you even catch a woman?”

His subordinates were trembling and buried their heads very low:

“There are several forces around Su Nan who are secretly protecting her. Even if she is in the open and we are in the dark, we can’t figure out her at all. No matter how many people there are, they can’t get close to her at all.”

An Qi’s whole body became even colder.

“It’s useless!”

“Yes.”

...

An Qi’s brows trembled, and her tone was extremely cold:

“Fu Yechuan doesn’t care about Fu Qingcheng so much, Master Fu and Qu Qing are both protected in the sanatorium, and A Fu Yingying, their weight is not as good as Su Nan.

If only they could catch Su Nan...”

An Qi spoke quietly.

She didn’t let Su Nan go because they divorced.

It was because she had looked for many opportunities and couldn’t control her.

The people who are secretly protected by her side are really difficult to find out, and they are too complicated.

The subordinates paused, "It is to be expected that the Su family attaches great importance to Su Nan. There are several times more guards around her than a year ago, and now there is no chance at all."

An Qi was expressionless. Glancing at him, his eyes were extremely cold:

"I don't believe it, I want to find an opportunity!"

She looked at the time, picked up her bag and walked out, her subordinates could only keep up secretly.

Airport.

An Qi stood there silently and waited. There were not many people picking up the plane at night, and it was not as noisy as during the day.

Shang Qian, with his coat hanging on his arm, holding a certificate in his right hand, strode out with a cold and dignified temperament, out of tune with the people around him.

His assistant followed behind, pushing the suitcase.

"President Shang, will Miss Su come to pick you up?"

...

Chapter 1442 a scam

Chapter 1442 A Scam Before

Shang Qian said anything , another assistant said,

"Miss Su is also very busy, okay?"

"Being busy doesn't mean that there are no surprises, let alone President Shang. I have already returned all the shares of the Shang Group to Miss Su, and I just used a name to handle affairs. Our President Shang's heart can be

learned from the sun and the moon!" "Miss Su still doesn't know about this, so don't mess around. Said, looking back disrupted our business manager's plan, right?"

Shang Qian smiled and looked at the watch on his wrist:

“Yes, but she will know sooner or later, there is nothing to hide, it’s not too early. Now, go back, I want...”

Before he could finish speaking, the assistant stretched out his hand in shock and pointed forward:

“Then...isn’t that Miss Su?”

Shang Qian Slightly stunned, his brows and eyes were instantly dyed with joy, but in the next second, his smile instantly converged.

His eyes narrowed slightly and became cold.

The assistant at the back approached, only to see it:

“I saw it wrong, it’s not Miss Su...” The

two noticed that Shang Qian’s aura was not right, and they glanced at each other and didn’t speak again.

Shang Qian wanted to skip the woman and leave.

But An Qi was already one step ahead of him.

“It’s not Miss Su, is Mr. Shang disappointed?”

Shang Qian didn’t say anything, he strode away coldly, his brows stopped.

An Qi’s eyes darkened, and she immediately raised her spirits to catch up.

“Does the general manager really not intend to cooperate with me?”

The people of the Su family don’t look down on you. No matter how much you pay, they won’t be optimistic about you and Miss Su being together, and Fu Yechuan won’t watch you and her get married.

Haven’t you thought about marrying her? “

Shang Qian’s footsteps stopped, and there was a trace of gloom in his eyes.

An Qi smiled, “As long as we cooperate, you and Miss Su will have no worries, and I can also achieve my wish. To refuse? “The

two assistants at the back both felt that this woman who looked like Su Nan was not simple.

When they heard their conversation, they didn't even dare to continue listening.

Shang Qian paused and looked at the people behind him, "You guys go back." . "

"Yes, Mr. Shang. "

"Goodbye, Mr. Shang. "

Angie raised her eyebrows, "Find a place to have a drink?" "

Shang Qian's face still has no expression:

"I have nothing to say to you, and I will not be used by you." "

"You are so confident, is it you that Miss Su chose in the end?" As long as Fu Yechuan is still alive, you will never have a future, believe it? An

Qi's voice lingered in his ears, like a magic sound hitting his heart.

They all knew it.

Fu Yechuan's feelings for Su Nan could not be measured for a long time.

The reason why he let Shang Qian and Su Nan go more and more The closer he gets, the reason is nothing more than waiting for a problem between Su Nan and him. When he is tired of it, he will naturally separate.

Only then will he re-enter Su Nan's life openly.

So Shang Qian treats this relationship ten thousand times. Sincere and sincere, he believed that when he was with Su Nan, Fu Yechuan could not find any chance to make a comeback.

He stood there with a stern look on his warm face.

There was a hint of coldness between his brows, which was hard to hide.

"So what? What do you want me to do for you? Help you deal with Fu Yechuan? Or help you deal with Su Nan?"

Sorry, I don't think these two are people I can deal with, and I don't want to break it because of you. This balance.

Miss An Qi, I hope you take care of yourself."

...

The first thousand four hundred and forty-three chapters how come back

Chapter 1443 Why did he come back?

Shang Qian took a deep look at her and walked away.

An Qi was stunned for a moment, her face was slightly ugly.

Shang Qian is not simple, at least it is more complicated than she thought.

Few people know the name Angie.

It only took a day for him to find out?

“President Shang, I just hope that you and Miss Su will make it public as soon as possible. The sooner the better, it’s better to let the whole world know that you are together!”

Her voice was loud, and Shang Qian gave a slight pause.

“Only in this way will he not give Fu Yechuan a chance to react, only in this way will he be more scruples!”

An Qi was a little anxious, she could not give up this opportunity.

Shang Qian will be her greatest help.

Qian business turned around, looked at her deep dark eyes, thin lips delicately:

“Fu always want to be with you, I have a better way .....

—

Su Nan and Mike Small Station In the living room, looking at two suitcases, the two looked at each other.

I don’t understand it.

I thought it was Shang Qian who was here, and happily opened the door, but it turned out to be one of his assistants.

After delivering his suitcase, he left without saying anything.

It made Su Nan somewhat inexplicable.

No one’s here, but the suitcase has arrived?

Something's wrong, they should have got off the plane together. Could it be that Shang Qian has gone to the company again?

But as far as she knows, there is nothing difficult to deal with recently!

Qin Yu stuck her head out of the kitchen and asked impatiently, "Can I start cooking? My pot has been heated several times. If I heat it again, the bottom of the pot will be burnt out!"

Su Nan originally wanted to cook by himself. However, after the last incident, Qin Yu's self-esteem in cooking was greatly damaged, and she seriously insisted on saving her face.

So she volunteered to occupy the kitchen, in order to welcome Shang Qian and welcome little Mike.

Little Mike turned his head and blinked:

"Aunt Qin, wait a second."

Su Nan looked at the time, "I'll give him a call!"

Just picked up the phone, suddenly heard the door to press the password the sound of.

As soon as he looked up, the man stood at the door in a fresh and clean suit, with a long body and a jade-like body.

There were a few drops of water on his head.

Su Nan was taken aback.

Little Mike has already rushed up: "Daddy..."

Shang Qian picked him up with both hands and touched his head:

"Seeing Daddy so excited? Do you know that you are in trouble?"

As usual Little Mike, he wouldn't be so coquettish, he was born with arrogance.

Little Mike turned his two fingers in circles, and lowered his head in a guilty conscience:

"Why did you come back so soon?"

Shang Qian sneered. Sure enough, he is a child who can't hide his inner thoughts?

so disappointed?

He let go of his hands, put little Mike on the ground, and then opened his hands to hug Su Nan who was standing there looking at him smiling.

Soft into his arms, and after a day of anxiety, the dust finally settled.

It turns out that I haven't seen each other for a day, such as the words every three autumns, which is really appropriate.

"Sorry, I caught a plane all the way, I went up to take a shower, changed clothes, and made you wait for a long time."

So it was.

Su Nan smiled. She did not doubt this. In her heart, Shang Qian was indeed obsessed with cleanliness, and he had meticulously considered every aspect of life.

He never appeared in front of others in a mess, and he always looked neat and clean.

Su Nan patted him on the back, indicating that he still has outsiders.

"Qin Yu is ready to cook. If you showed up earlier, you would be able to eat by now."

Then Shang Qian turned his attention to Qin Yu, who was standing at the door and looking at him.

Smile subtly and warmly.

"I'm sorry, Miss Qin."

Qin Yu clicked her tongue, raised the spatula in her hand, and smiled.

"Generally, people who go to take a bath as soon as they come back from the dusty environment have either encountered an affair or want to clear their criminal evidence. President Shang, wouldn't you be the same?"

...

The first thousand four hundred and forty-four chapters think too much

Chapter 1444 After thinking too much, the

living room seemed to be silent for a moment.

Shang Qian reacted, his eyebrows narrowed for a moment, and then he looked at her with a smile:

“Miss Qin thinks too much, I don’t want to use a tired gesture to see my sweetheart, it will reduce my charm.”

Su Nan smiled . , looked back at her:

“Okay Qin Yu, don’t scare him, little Mike will learn badly.”

Qin Yu made a cut, not wanting to worry too much, and turned around and went to the kitchen.

Little Mike came over and pulled Shang Qian’s hand off Su Nan’s body, raised his plastered arm, and looked at Shang Qian solemnly:

“Daddy, let me tell you, when beautiful sister went to the hospital to pick me up today  
“ ..”

He chatted non-stop, and Shang Qian listened to him patiently without interrupting him.

Su Nan went to the kitchen to prepare the fruit and gave Qin Yu a hand. How could there be any reason for her to cook for several people?

Qin Yu glanced outside and leaned in, “What I said just now is not a joke, you need to be more careful!”

Su Nan glanced at her:

“He won’t, you think too much.”

What is Shang Qian? Such a person, she knew very well.

And she also understands that if it does happen, then precaution is useless.

She’s not a stalker.

The best way to deal with a relationship that has a beginning and no end is to stop the loss in time.

But Shang Qian won’t.

Qin Yu shook her head, “You can’t look at the surface, let

alone just look at the eyes. No matter how good a man is, he will have weaknesses.” She was about to continue, when Shang Qian outside had rolled up his sleeves to the door:

“Let me help...”

Su Nan looked at him with his slender and powerful forearms, and smiled:

“Our business manager is too tired from a business trip for a day. Would you like to take a good rest first?”

Shang Qian warmly said. There was a hint of helplessness in his eyebrows:

“I still have the strength to cook. You and Miss Qin go out and wait. If I come to cook, just treat it as your compensation for waiting for me, okay?”

Su Nan wanted to say something, but Qin Yu had already put it down. After picking up the things in his hand, looking at the battered vegetables in the pot, he easily found the steps for himself.

“Okay, then give President Shang a chance to behave, and call us again if you need to!”

After that, she happily dropped her apron and ran out.

Su Nan looked at her masterpiece and was speechless for a while.

Looking back at Shang Qian, he had put on an apron with a smile on his face. His slender body had a hint of cold dignity, but his face had a touch of home warmth, which made his cold temperament tinged with fireworks. gas.

He smiled and squeezed her wrist with a bit of intimacy.

“Are you going out too?”

Su Nan: “I really don’t need me to help you?”

“Of course not, you’d better not touch a drop of water, otherwise I will always have a sense of guilt for letting the fairy carry a hoe to the ground to work!”

Su Nan sneered, didn’t say much, and put the things down.

“Then I’ll trouble President Shang.”

Shang Qian smiled and watched her go out before starting to clean up the mess in an orderly manner.

Su Nan and Qin Yu were watching a TV series. Little Mike sat on the ground and commented from time to time, which rarely seemed harmonious.

A few minutes later, Shang Qian came out of the kitchen, washed the fruit and brought it to him.

“Eat some fruit?”

Bright and dripping strawberries are placed on the fruit plate, and there are some blueberries and cherries, which are extremely fresh and delicious.

Qin Yu glanced at him:

“Mr. Shang, please cook quickly, we are all hungry to wait for you!”

“Okay, Miss Qin!”

Shang Qian smiled helplessly, and then returned to the kitchen.

Su Nan glared at her, Qin Yu raised her chin arrogantly:

“This is distressing? You will lose the initiative like this. Do you want your best friend or him?”

...

Chapter 1445 Are you satisfied?

Chapter 1445 Are You Satisfied?

Su Nan twitched the corners of his mouth. If they continued to talk, the two of them would have to break down.

So she just don't look too far and follow the drama seriously.

During the meal, Shang Qian's craftsmanship was praised by three people.

Even Qin Yu couldn't find any faults, and she looked down at the rice, as if she had forgotten her own image.

Su Nan smiled silently.

Little Mike was making jokes and shouting that he wanted to change schools. Shang Qian tried to deter him from making trouble with his eyes.

Su Nan thought about it, in that kind of environment, it is indeed not suitable for children to continue studying.

“Why don't you change it, there's no guarantee that the teacher there won't do anything retaliatory...”

Shang Qian was very calm, without the slightest fluctuation on his face.

“No, that teacher has been dismissed. Together with the child, they have all left the school. I have discussed with the principal. The new teacher is very good, with rich experience and enough patience.”

Su Nan and Xiao Mike was shocked.

“Resigned, when did you do it?”

Shang Qian smiled, “In the daytime, after receiving your call, I called to ask about the situation, and the principal has promised to give me a satisfactory explanation.”

What kind of Is it satisfactory to explain?

Needless to say, Shang Qian would not allow them to reveal the past.

So he was satisfied with the ending.

Su Nan thought about the teacher, it was a pity, but it was not a pity either.

It would be the greatest injustice to other students if even the work should be mixed with personal feelings.

Little Mike: “Then don’t I have to go to school?”

Shang Qian nodded: “Of course, I’ll go when your injury is healed.”

Little Mike lowered his head in despair, “Then can I never get better?”

Su Nan smiled, “But before your injury is healed, You can have a good time, will I take you to my dad’s place tomorrow? He hasn’t seen you for a long time, he already misses you, he’s been talking about you, and Su Xiaohu...”

Little Mike looked at him with bright eyes. She nodded excitedly.

“Okay, I want to go now!”

Shang Qian frowned and looked at Su Nan hesitantly:

“Is this suitable?”

Su Nan: “What’s wrong with this? My dad just lacks someone to relieve the boredom. My brother is not here, but he is bored.

Mike is gone, there is a companion, and don’t worry about the others, the housekeeper and the others will take care of them!”

Shang Qian looked at Su Nan's indifferent expression, Can only swallow the words in my heart.

After all, little Mike is his son, and Shang Qian is still pursuing Su Nan.

To the Su family, little Mike should be like an oil-drag bottle, how could he get together in front of their eyes?

Qin Yu raised her head with a smile on the side:

"That's great, it's just fitting for the love of grandparents and grandchildren!"

Su Nan gave her a roll of eyes, and Qin Yu just lowered her head and shut up.

She patted Shang Qian's hand and smiled comfortably.

"It's okay, you don't know how popular he was when he lived in our house before?"

Little Mike nodded seriously:

"That's right, Daddy, everyone likes me very much, if not Because of you, everyone will like me even more!"

Shang Qian: "You better shut up."

"Okay, Daddy!"

After dinner, Su Nan wanted to clean up with Shang Qian, but he refused.

Little Mike took a paintbrush and started painting, which was his hobby.

Qin Yu was watching TV in the living room, and Su Nan was discussing a more difficult issue with the company's people on the balcony.

When he came out, he walked to little Mike's side.

Looking at his paintings, he squinted.

"Who is this painting?"

## **Read Divorce Billionaire Heiress Chinese Language Chapter 1446-1450**

Chapter 1446 is amazing.

Little Mike's painting has been learned by professional masters, and he can also paint with great aura even if he is a beginner of abstract school.

He wore an apron specially

designed for painting, raised his head and looked at Daddy: "This is me, next to my beautiful sister!"

He pointed to the seemingly three people on the painting and said.

Shang Qian nodded and pointed at the other person:

"What about this?"

Little Mike hesitated and hesitated.

Shang Qian squinted his eyes and stared at his son dangerously:

"Huh? Who is the painting?" After

Su Nan finished the phone call, he leisurely came over to watch the fun.

Sure enough, next to the child, there was another person who looked to be a man.

Is it Shang Qian?

But it's not right, if it was Shang Qian, would Mike be hesitant?

Little Mike muttered, "This is Big Brother Yulou!"

There was a moment of silence in the living room.

Even Qin Yu couldn't help but look sideways to watch the fun.

Shang Qian's aura instantly became wrong.

"Yu Lou?"

Little Mike nodded happily:

"Big brother Yu Lou is really amazing, he can help beautiful sister with a lot of things in a day, and he can do anything, I want to learn from him, he is my idol! "

Shang Qian's eyebrows narrowed, and he stared at little Mike with a heavy gaze, without speaking.

Is he still inferior to Yu Lou?

Can Yu Lou be the person in Little Mike's painting?

Su Nan paused, walked over, and smiled: "Little Mike spent a day with Assistant Yu today. It seems that he has learned a lot?"

"Of course, Big Brother Yu Lou is amazing, he almost knows the whole company people, and know all their character traits!"

Shang Qian's breath was obviously heavy.

He rolled his eyes and looked at Sunan:

"Let him bring the company, go to Sue's house, need help, I can personally sent in the past."

Even the cynical Su Yi wind damage meal, he also recognized !

If he took little Mike to the company again, he could even predict that this son would soon become someone else's son.

Su Nan nodded, unaware.

It was almost eleven o'clock, and the excited little Mike began to doze off.

Shang Qian carried him away without saying a word.

Su Nan naturally stayed with Qin Yu.

Qin Yu yawned and went back to wash up. When she came out, Su Nan raised her eyes and said,

"Mr. Mo is still quiet?"

Qin Yu was stunned for a moment, then hummed.

"I don't think I'm interested in continuing to look for it. I'm trying to hide, he won't know."

"I can't hide forever, he won't give up."

Qin Yu smiled, the corners of her mouth pale.

"He will."

Mo Xian is an exquisite egoist, he understands the world of people better than anyone else, and also knows what is more important.

He can sell his marriage for the benefit of the family, not to mention a mere relationship that has no results?

Hide for three days.

His phone went from bombarding to silent.

Perhaps it is understood that such a call is a waste of cost and no gain.

About four or five days passed.

Su Nan watched Qin Yu come out to wash up early in the morning. The beautiful figure shuttled in her cloakroom, gesturing her clothes from time to time.

“Su Nan, I’m moving out today, you don’t have to wait for me at night.”

Su Nan was stunned for a moment, “So soon?”

Qin Yu was confused:

“My mother heard about it from nowhere, let me I see the reality clearly, work

hard , and have arranged a dinner party to accompany the client to dinner!” Su Nan looked at her distressedly: “Aunt Qin is really a surrealist person!”

Qin Yu: “No, it’s great! It’s not as important as making money! I’m wearing this dress...”

...

Chapter 1447: Temporary intention

Chapter 1447

Su Nan nodded casually, because they were about the same size anyway. When they were having fun all night, they often wore each other’s clothes and walked away. It was nothing.

Qin Yu hurriedly changed into her clothes and took her a new bag.

Su Nan looked at her funny and took her to the door.

“Call me for something...” “Got it

...

Just as he was talking, the elevator stopped, and Shang Qian looked at this scene deeply.

“Miss Qin is gone?”

Su Nan nodded.

Shang Qian breathed a sigh of relief, as if a little happy, and strode out of the elevator.

“Great, the light bulb has finally gone...”

Before Su Nan could react, Shang Qian’s big hand wrapped around her waist, lifted it up, and kissed her lips.

The two were immersed in this kiss, it was really hard to part.

Because of Qin Yu, Shang Qian didn’t dare to come down and kiss me and Su Nan easily, and there was almost no time for the two to be alone.

Now, finally free!

Shang Qian’s breath gradually became hot, and he couldn’t control it. Su Nan pushed his chest in time to stop him, and his face was red and charming:

“I’m going to work too late.” The

voice is unimaginable. Soft and soft.

Shang Qian’s eyes turned a little red, but he still deeply controlled his throbbing.

He let go of his hand, clenched his fists tightly, and smiled warmly:

“Let’s go, I’ll take you there.”

Su Nan hurriedly took a step forward and got on the elevator.

Shang Qian followed, the distance between the two was not far or near, but there were only two people in this small space.

Even if he deliberately kept his distance, the ambiguous feeling just now lingered.

Su Nan tried her best to calm herself down and counted the time in the elevator.

One second, two seconds, three seconds...

The next second, a warm and broad embrace embraced him.

Wrapped around her waist from behind.

Su Nan froze slightly, and just wanted to break free, the voice of the person behind him was low and hoarse:

“Don’t move, I’m not doing anything, just hug you.”

Su Nan really didn’t move.

Never thought elevators would last this long.

Her face was as calm as water, but her ears had already turned red quietly.

As soon as the elevator arrived, Shang Qian quickly let go of his hand, and it really was just a hug.

...

Qin Yu returned to the company. In the eyes of outsiders, she was only on a business trip for a few days.

This is commonplace for her.

As soon as I entered the company, everyone in the company greeted this eldest lady warmly.

Qin Yu waved playfully and went to the chairman’s office.

In the office, Qin Yu’s mother was seriously calling the subordinate companies, severely criticizing their mistakes.

Across the phone, Qin Yu could feel the other person’s trembling.

After all, she had grown up with such criticism.

Qin Yu’s mother just glanced at her, then looked away and continued to scold her.

After a full ten minutes, she decisively hung up the phone, calmed her anger, and looked at Qin Yu.

Qin Yu obediently poured a cup of hot water and handed it over.

“Mommy, drink some water to moisten your throat!”

Mother Qin stared at Qin Yu for a few seconds without even looking at it:

“Want to come back?”

Qin Yu smiled, “Am I working hard? Mother

Qin sneered:

“You don’t even have a person in the place where you are on business. I made a call to ask the other party to receive them, but they didn’t receive any instructions to receive them at all.”

Qin Yu coughed twice, and was seen through. Don’t feel embarrassed.

Anyway, since she was a child, she has understood that Qin’s mother is omnipotent.

The name of the first strong woman is not for nothing.

She stood there obediently, waiting for Mother Qin to scold her head to head...

...

her. After a few seconds, Qin’s mother was looking at her quietly, but her face was sullen and she didn’t make a sound.

Qin Yu couldn’t help it.

“Swear if you want, I’m ready.”

Instead of scolding herself, she felt uncomfortable.

Qin’s mother stared at Qin Yu. This daughter is coddled and willful, and she has been through all kinds of misfortunes. No matter how condescending she is, she just can’t learn to restrain her temper.

“I still remember, it was also in this office, but three months ago, you put down your harsh words here and told me that you insisted on that man to be together, even if it was never married, never named...”

Qin’s mother’s tone was cold, looking at Qin Yu’s expression a little stiff and shattered.

She couldn’t bear it herself.

After all, it was meat that fell from himself.

“Mom, can you stop talking about this?”

Qin Yu looked at Qin’s mother, expressionless when she spoke, but her eyes were still red involuntarily.

Mother Qin looked at the glass of water she put on the table.

“That man came to me a few times, and was sent away by me. Later, I found out what happened between the two of you.

Do you think it doesn’t exist if you don’t ask? Do you think you can stick to it for the rest of your life?”

Qin Yu’s eyes were red . . . , looking at Mother Qin.

Mother Qin looked at her and sighed:

“I believe in your sincerity and his sincerity, but the weight is not the same at all.

You risk everything to be with him, what about him? Did

he risk it too?

Let the ex-wife’s sister-in-law insult you, and let you not care about the person, how much do you think your weight is? ” After

just these two words, Qin Yu’s heart was already broken.

She didn’t want to listen any more, so she suppressed her voice:

“Mom, you can scold you if you want, but I loved him and I don’t regret it.”

In the future... there is no future, I promise—”

Before she could finish speaking, Qin’s mother interrupted her:

“I don’t need your guarantee, Qin Yu, you are still young, and you will meet again. to many things.

Just like the fact that you were with me three months ago in a showdown with me, impulse doesn’t fix anything.

In the past few days, you should also think clearly, what should be broken, what should be changed, and timely stop loss is what should be done.

Love is the most worthless thing in the world. Her

last words were a little disappointed, but Qin Yu could hear it clearly.

If Mother Qin had said this to her three months ago, she would have refuted Mother Qin's ruthlessness, and she was a working machine.

But now. ....

She suddenly felt that it made sense.

Sure enough, it was she who suffered the loss that she had the best memory.

The moment she lowered her head, warm liquid flowed out of her eyes.

She brushed it with her hand as if nothing had happened.

"I see, Mommy." Mother

Qin looked at her for a few seconds, lowered her eyes and paused, then picked up the cup of warm water and drank it clean.

She stood up, "I'm going to the company below to check, you work hard here, and at night, follow up with you." I'm going to entertain. Qin Yu nodded, "

Okay, Mommy. "

The tone of her voice instantly returned to being playful and relaxed.

As if the heaviness just now had never appeared.

Mother Qin left the office, Qin Yu stood quietly for a few seconds, then left here briskly and returned to her office.

evening.

Qin's mother sent her an address, Qin Yu looked at it, it was a very famous restaurant, and the style and grade kept ordinary people away.

It seems that Qin's mother attaches great importance to this evening meal.

Qin Yu drove there, and as soon as he entered, there was no one else in the restaurant, only one table, which was where Qin's mother was.

Mother Qin was sitting facing her, and when she saw her coming, she beckoned.

She smiled and walked over.

Taking a closer look, there are two people sitting opposite Qin's mother, a man and a woman.

The woman I have never seen before, looks in her forties, is well maintained, and looks extravagant.

She knows the man.

Shen Liang.

Qin Yu was stunned for a moment at the blind date conference, a little shocked.

Seeing her approaching, the strange woman smiled kindly, stood up and took her hand:

"Is this Qin Yu? She is so beautiful, she is exactly like when you were young!"

She held her affectionately. hands, watching Qin Yu look up and down, eyes full of love.

Qin Yu was stunned, and Shen Liang stood up maturely and prudently on the side, with a somewhat helpless expression:

"Mom, don't scare Miss Qin..."

After his reminder, the woman quickly released her hand, Apologizing repeatedly:

"I'm sorry, I'm sorry, did I scare you?"

Qin Yu quickly waved: "No, hello auntie."

Listening to Shen Liang's tone, you know that this woman is actually his mother?

She had never heard of it before, much less seen it.

When Mother Qin vigorously matched her with Shen Liang, she had never seen Shen Liang's family.

She thought that Shen Liang didn't want to continue the marriage at all, so she also supported maintaining the superficial approval.

But she still didn't understand that the Shen family was flourishing in the central region, especially after Su Nan had overthrown the Hong Group, the Shen family was almost in a state of dominance.

Such Shen Liang is almost the ultimate goal pursued by all women, why would they obediently marry her on a blind date?

Almost all the initiative is in Qin Yu's hands.

And now this scene, Qin Yu also felt very strange.

Mother Qin just stood up and said with a smile:

"Qin Yu, this is my classmate and best friend. We grew up together. My mother mentioned it to you before. Aunt Qiao Fan and Shen Liang don't need to be introduced. He is Aunt Qiao Fan's son."

Qin Yu nodded suddenly.

"Hello Auntie, I have long admired your name!"

No wonder!

Mother Qin doesn't have any friends at ordinary times. Her life is only work and entertainment.

But Qin Yu knows that she has a best friend who talks on the phone from time to time, but she has never seen it, because Qin's mother is too busy, and their time is always staggered.

Having said that, why Shen Liang is obedient to this marriage seems to have found the source.

"Sit down..."

Aunt Qiao Fan greeted and looked at Qin Yu with a smile.

"The last time I saw you was more than ten years ago. You should have no impression of it.

I just went abroad to recuperate at that time.

Mother Qin smiled with a rare ease on her face.

"No, you have to be aggressive and take good care of your body!"

Qiao Fan smiled, "I work hard!"

Qin Yu sat next to Qin's mother, and as soon as she looked up, she could see Shen Liang's helpless smile.

She seemed to understand the purpose of the meal.

I felt a little uncomfortable in my heart, but because of the bad things I did, I didn't dare to say anything. Cooperating with Qin's mother's jokes, the atmosphere quickly became active.

Shen Liang didn't speak much, but only occasionally catered to him. He was almost always taking care of the three ladies' meals.

Mother Qin gave him a satisfied look and said to Qiao Fan:

"It's not like your family, Shen Liang, who is so capable at a young age. Our eldest lady has been pampered since she was a child. Except for making trouble, she spends money.

Fortunately, she has a good eye for making friends. Cheng Er, who is by her side, The young masters and young ladies of the Su family were all willing to help her, so she walked down the road smoothly.

Otherwise, with her head, she would have already lost all her family property.

But you can't rely on others all the time. I don't worry about giving it to her, if she can find a good boyfriend like Shen Liang, that would be her blessing!"

Qin Yu was a little shocked by Qin's mother's straightforward approach.

Is this topic too obvious?

Shen Liang was also slightly taken aback.

When the eyes of the two met, Qin Yu's face turned red, and she was a little embarrassed. She tried to wink at Qin's mother and tell her to stop talking.

I'm so embarrassed that I can't wait to find a crack to dig in.

After all, she hasn't officially broken up with Mo Xian yet!

And on such an occasion, if she is rejected...

Mother Qin simply ignores her eyes.

The opposite Qiao Fan smiled and patted Shen Liang next to him:

"If you like it, then give it to you, anyway, he doesn't have a girlfriend, I'm still worried that he can't find a girlfriend, so let them be together. Okay!"

Qin's mother raised the glass, and Qiao Fan couldn't wait to clink the glasses:

"Then it's settled, Qin Yu will be my daughter-in-law!"

Qin's mother: "No problem!"

The other two stared at each other. .

On the next topic, the two of them couldn't get a word in.

Simply, Qin Yu found an excuse to run out to breathe.

Standing on the balcony and looking down, my mood finally calmed down.

There were heavy footsteps behind her, and she thought it was a waiter.

Then, a coat with a cool fragrance was draped over her.

Qin Yu was stunned for a moment and looked back.

Shen Liang smiled slightly and pointed to the two old girlfriends behind him.

"They're afraid you'll be freezing..."

Qiao Fan excitedly shared with Mother Qin the enthusiastic behavior of the two young people, which simply satisfied all their feelings.

Excited and excited, just like watching a Korean drama, sweetly panicking and continuing to watch.

Qin Yu paused, smiled and nodded slightly in the direction behind him to thank him, then raised his eyes to look at Shen Liang:

"Mr. Shen, is this the first time you have experienced this scene?"

Shen Liang smiled helplessly, "I'm fine, come here. My mother gave me a point before, telling me not to put on airs, and to be very enthusiastic about girls."

He moved his arms, a little stiff:

"I hope my performance will not be cold, I will try my best."

Qin Yu couldn't bear it. Zhuang raised his head and laughed, watching Shen Liang being tortured like this, he just wanted to laugh for some reason!

When she looked up, the dazzling galaxy reflected in her eyes, like a few meteors falling from the stars, playful and straightforward, with hearty laughter, it was difficult for people not to notice.

Shen Liang was stunned for a few seconds, but he quickly looked away. He looked at the lights below, but his heart was a little confused.

The laughter lingered in my ears, penetrated my heart, and was a little touched.

He tried his best to act as if nothing had happened.

Qin Yu leaned up and patted his shoulder:

"Mr. Shen, you will get used to it slowly."

Shen Liang raised his eyebrows, and Qin Yu hurriedly added:

"There will be more occasions like this in the future. Yes, it seems that Aunt Qiao Fan intends to seriously consider your life-long affairs, and if you go out on a blind date in the future, you will not be cold."

Shen Liang shook his head with a low smile and stroked his eyebrows.

"My mother usually doesn't take me out on a blind date, because Aunt Qin is her best friend, so she made an exception."

Qin Yu shook her head in confusion: "I can't see, do you still need a blind date under such conditions as Mr. Shen? ?"

In fact, what she wanted to ask was, with conditions like Shen Liang, how could she obediently listen to her family's arrangement and go out on a blind date?

And he has no temper at all.

If it is the right match, Qin Yu is not the first choice, nor is it the best choice.

But he has the patience to accompany the tea and pour water here?

Incredible.

Shen Liang smiled and looked down at her, with a gentle voice in his voice:

“To be honest, my mother is very picky about her daughter-in-law. Most people let her block her back, and she can’t pass her level.”

Qin Yu was shocked . , I can’t see how good Aunt Qiao Fan’s temper is?

Shen Liang restrained his smile, and his tone was a little low:

“My girlfriend, oh, it should be an ex-girlfriend, I always think it is quite suitable.

You know, when you proposed to break off the marriage, I thought we could be together. ....”

He shrugged, expressing helplessness, but there was not much loss and sadness between his eyebrows.
