went to say hello to Qin's mother, like a heavy hammer, hitting Qin Yu's chest heavily.

The pain is suffocating.

That's right.

If she didn't want to believe it before, now she can fully expect it.

When he was in love, Mo Xian wouldn't say the hurtful words last night, but after he was in love, wasn't he very good?

If the company is stained by people from the Mo family, I am afraid that Qin Yu will have nothing to do with her.

Mo Xian can climb up on his ex-wife, and he can also climb up on Qin Yu.

Love is just a momentary throbbing. After the throbbing has passed, what else can you expect?

She suddenly felt cold all over.

Trembling and numb.

Qin's mother is always seen as an enemy. She is a working machine and doesn't look down on Qin Yu's preferences.

But the path she chose for Qin Yu seemed to be the best one.

"You don't have to worry about your affairs with Mo Xian being criticized. Aunt Qiao Fan knows it."

Mother Qin simply told her everything, and she would have no worries in the future.

"We were also young, and we know the consequences of recklessness. Aunt Qiao Fan really likes you. It doesn't matter what other people in the circle say

. Looking up at her:

"Mom, Shen Liang...there is someone I like, but Aunt Qiao Fan drove away..."

Qin's mother snorted lightly, her words extremely disdainful.

"I know that woman, but she just climbed up Shen Liang by tricks. She was lucky and met Shen Liang. Originally, Qiao Fan was just trying it out. If she can hold on to the temptation of five hundred million, maybe she will Come in.

At that time, you and Shen Liang cancelled their engagement, thinking that you were out of the game, and Aunt Qiao Fan wanted to let go.

In the end, she didn't hold on, and only 500 million was passed away. She really has shallow eyelids...

Wait, how did you know about this? "

Qin Yu pursed her lips," Shen Liang said. "

Mother Qin's face tightened. "What else did he say? Aunt Qiao Fan said that Shen Liang didn't care about her, so don't have any trouble in your heart, and when you are with Shen Liang in the future, don't deliberately mention this matter, you two just need to look forward. "

Qin Yu paused, looked out the window, and the traffic was moving fast.

She and Shen Liang were going around, why are they tied together again?

She didn't dare to say this.

I don't know why, but I have a guilty conscience . ... At the end, she couldn't help it and sent a text message to Su Nan: "

I 'm married. " Su Nan quickly replied: "Have you been hacked?" Want some money? I called the police! " Qin Yu: "I lied to you. " Su Nan: "Hehe..." Su Nan put down the phone, bent the corner of his mouth, and touched a glass with the person on the opposite side. Shang Qian saw her mood suddenly brightened, and he didn't know what he meant: "What's good?" information? " Su Nan:" Miss Qin Yu said she was married, just a joke, I wouldn't believe it! Shang Qian paused and blinked thoughtfully. " That's not necessarily true. Impulsive marriage is also possible." "

"With whom? Mo Xian? Just kidding. Again and again, Qin Yu is not someone who can fall three times in the same place. She absolutely cannot marry Mo Xian!"

Shang Qian smiled and said nothing. .

If it is Mo Xian, it may not be possible.

But what if it's someone else?

The two of them chatted and laughed and had a pleasant dinner.

No one noticed that in a corner not far away, a man stared gloomily for a long time.

A person who has always been indifferent to emotion and anger, has a rare broken expression.

The man opposite also saw it, and was a little embarrassed for a while:

“Old Master, do you want to go up and say hello?”

...

Chapter 1462 open a room

Chapter 1462 Open a room

Lu Qi rubs his hands, he really doesn't want to meet Su Nan here.

But the more you don't want something, the more you can encounter something.

The intimacy between Su Nan and Shang Qian revealed by their gestures cannot be hidden.

Most people were shocked when they saw it, let alone Fu Yechuan.

This really stabbed a knife into his heart.

Fu Yechuan sat there, immersed in the darkness, breathing tightly, trying his best to restrain his emotions.

Lu Qi noticed the same, and reminded again in a low voice:

“Let's go to the other side for a drink?”

The private part of this club is that the restaurant combines leisure and entertainment.

Let him go, it's impossible, Mr. Fu's frame is there.

Then change to a place that is out of sight and out of mind.

It's just that they haven't moved, Su Nan and Shang Qian have already stood up and are about to leave.

Lu Qi breathed a sigh of relief.

As soon as they left, Fu Yechuan couldn't hide the stern expression on Fu Yechuan's face, it was extremely dark and ugly.

"Tell me, why did she like him? Am I not as good as him?"

Lu Qi opened his mouth, "Old man, let's just forget about it."

Bang –

the sound of the broken cup made him look at him. Get a little crazy.

"Forget it? Just forget it?"

Fu Yechuan sneered, his brows gloomy, "It's impossible to just forget it."

After speaking, he stood up, feeling dizzy in his head.

Lu Qi quickly supported him:

"Old Fu, you drank too quickly just now, and you just took it a little more. Shall I open a room for you to rest for a while?"

Fu Yechuan broke free from his hand and walked out with a sullen face.

Lu Qi was worried that something would happen if he went out like this, so he asked someone to prepare the room.

But in a blink of an eye, when he went out, the person was gone...

He touched his head, maybe he had left?

Fu Yechuan's dizzy head was uncontrollably blurred, and his whole body was a little tired.

He felt something was wrong.

But couldn't tell what was wrong.

The note in his hand was stuffed to him by a waiter:

"President Fu, a lady surnamed Su asked me to give this to you!"

Who else could there be a lady surnamed Su?

Fu Yechuan didn't even have the basic ability to distinguish right from wrong, so he got into the elevator according to the room number on the note.

His chest was congested, and the pain was a little numb.

The name Su Nan, in his bones, seemed to be poisoned.

He is not a good person, interests come first, and he is cold-hearted.

He had countless ways to make Shang Qian disappear from this world, but every time he wanted to do something, Su Nan's eyes flashed in his mind.

She already hates him enough, will she become an enemy in the future?

Because of a Shang Qian, it is not worth it to break this hypocritical balance.

But he was really getting impatient as he waited.

If he was allowed to watch the news that they were going out of their way every day, he felt that he would go crazy.

The elevator has arrived.

He rubbed his eyebrows and walked out.

Looking at the room number, he felt dizzy for a moment, as if there were two overlapping numbers in front of him.

Before knocking, the door opened from the inside.

"Yechuan, you're here?"

Fu Yechuan narrowed his eyes, and the stiffness on his face softened instantly: "Su Nan?" The

woman smiled, took his hand, and walked into the room:

"You have been drinking, since if you're so interested, why don't you drink more?"

... the

next day.

Countless media were waiting at the door of this club, encircling the entire long street.

This is the big revelation of the mysterious person. They don't know who it is, but they will not regret it.

Everyone wants to get first-hand news.

Almost overnight, the major media gathered here...

...

Chapter 1463: Your trap

The first thousand four hundred and sixty-three chapters of your trap early in the morning.

Fu Yechuan woke up, his head was dizzy, and he couldn't lift his head.

Last night, it was rare that he was drunk, obviously he didn't drink much, but the drunkenness was menacing.

It's really shocking that even his amount of alcohol is unstoppable.

Just the next second, a wheat-skinned arm climbed up and pulled his arm. His tired and hoarse voice carried a bit of anger afterwards:

"Ye Chuan, why don't you sleep for a while?"

Fu Yechuan's face changed instantly.

He stared indifferently to the side.

The woman was lying there in messy clothes, her eyes were closed, and the makeup on her side face still looked like someone in his heart.

But he knew that he was sober now, this is not Su Nan, this is the arms dealer, An Qi.

She looks like now, needless to say, Fu Yechuan also knows what happened.

Without the slightest kindness or hesitation, he stretched out his hand, pinched his slender fingers around her neck, his voice hoarse to a terrifying level, as if rubbed by sandpaper.

"Your trap, isn't it?"

His hands were getting tighter and tighter, and a dangerous thought really flashed through his mind.

kill her.

No one can count on him.

Now, I can explain why I felt dizzy after drinking a little wine last night, it was her!

An Qi woke up in an instant. She struggled ineffectively with her hands, trying to break free from his hand, but couldn't.

Her face slowly turned blue and purple, and it was difficult to even breathe. It lasted for a long time, and it felt like she was really going to die.

But suddenly there was a continuous knock at the door——

When Fu Yechuan was stunned, she turned her head sharply, broke free, and started breathing heavily.

But for dozens of seconds, An Qi seemed to have walked through hell.

If it was Su Nan, would he still be willing?

Fu Yechuan's eyes swept over her face gloomily, and the darkness on her face was enough to make people terrified to the extreme.

“Angie, you have to pay the price.”

Even though An Qi's body was bruised and mottled, and his clothes were messy, his eyes were so indifferent that there was no trace of warmth.

He doesn't care.

There were tears in An Qi's eyes, and her physical reaction made her look less powerful than a man.

She was panting, but smiled, and she smiled successfully. In Fu Yechuan's eyes, it was particularly dazzling:

“There is no man I can't get, Fu Yechuan, and you are no exception.”

“Do you think I will compromise?”

” Isn't it? Ye Chuan, your father's health is getting worse and worse, the conditions in my place are not as comfortable and free as your villa, and the medical conditions are limited...”

Fu Yechuan's eyes were cold and dark, before the storm. Like the calm sea, it was terrifying to the point of panic.

The knock on the door continued for a long time.

Fu Yechuan stood up calmly and arranged his clothes to a meticulous level.

He didn't rush to open the door.

Instead, the woman who approached the bed, with an infinite dark chill in her eyes, grabbed her hair and tore it back, mercilessly:

“Who do you think you are threatening? If he loses a finger, don't I want to go out alive.”

It was almost gnashing of teeth, with a strong coldness that could not be dissipated.

An Qi was speechless, and there was a hint of surprise in her eyes, but it was fleeting.

She has seen Fu Yechuan who is powerless, and Fu Yechuan who is calling for wind and rain.

But she had never seen the man in front of her.

In addition to the fear, she became a little more interested.

She had a provocative smile on her lips: “If I die, I will die with you.”

...

. An Qi is used to seeing life and death beatings. When abroad, it is not unusual to encounter any terrorists, not to mention Fu Yechuan's great threat.

She just touched his inverse scale and lost her temper.

She can understand.

When she woke up, she reached out and grabbed Fu Yechuan's neckline, pulling it in her direction.

Her face was also full of unwillingness to admit defeat.

Quietly, her voice was hoarse:

“Fu Yechuan, I'm not kidding you, do you want to have a phone call with him?”

Seeing Fu Yechuan's icy expression, An Qi reached out and took the phone from the side.

Then he pressed out, and a strange male voice said,

“Miss, what are your orders?”

“Is he still alive?”

“Alive.”

An Qi looked at Fu Yechuan and curled her lips: “Or just let him make a few phone calls. .” The

next second, a trembling voice of fear came from the phone.

“Help me, Ye Chuan, Dad, save me, I’m Qingcheng, no matter how much they want, don’t bargain, let me out quickly, I’m sick again, wars are taking place here and there...  
.”

Fu Qingcheng’s voice lost its stability and was extremely embarrassed.

Fu Yechuan squinted his eyes a little bit sharper.

The point of this call is: Fu Qingcheng is not in the country.

The next second, An Qi hung up the phone.

Looking at each other, An Qi’s meaning is more intense.

She released her hand, sneered with hooked lips, and slowly pushed him away to put on his clothes.

“Mr. Fu, from now on, I will have the final say in our relationship.”

She is best at mastering the initiative, whether it’s coercion or scheming.

The knock on the door was rapid and continuous.

Fu Yechuan walked over to open the door, his face was terrifyingly cold.

The person at the door was shocked for a moment.

They didn’t seem to expect that the person who came out of it was actually the president of the Fu Group, Fu Yechuan!

The shocked gazes of the reporters were captured by Fu Yechuan one by one.

It's just that he is not in the mood to lose his temper now, he knows that all this is a trap made by An Qi.

Unexpectedly, her brain is bigger than expected.

Starting from his side, including these reporters, the preparations to be done cannot be completed in a day or two.

Come prepared.

Ah!

His face was cold to go out, that moment, there is not life gossip reporters before Coushang asked:

"Fu total, may I ask you how did you here?"

In short, we are looking forward to the silence for a reply, and Be careful.

The atmosphere was filled with a chill that did not belong to them.

The gossip reporter swallowed his saliva and got Fu Yechuan's gossip, which was even more explosive than those in the circle.

Once this kind of risk-taking idea has the upper hand, the reporter's sanity will be gone.

He moved the microphone and the machine forward, blocking Fu Yechuan's way.

Really do not die.

Hearing this question, Fu Yechuan paused for two seconds.

Then he raised his eyes and stared at the gossip reporter, his tone grim:

"Where do I have to report to you?"

The gossip reporter was terrified. Just as he was about to speak, Fu Yechuan kicked over, and the machine that was blocking the road was kicked away.

His eyes were full of gloom and indifference, with a cold anger that rejected people thousands of miles away, no matter what the consequences of offending reporters would be.

Everyone was so scared that they stepped back in a circle and a half.

For fear of his own machine being implicated, this is a valuable housekeeping thing.

Fu Yechuan's eyes swept coldly at the person in front of him, his thin lips parted lightly:

"Get out of here!"

that when everyone is deadlocked, the next second, another person will come out of the room where Fu Yechuan came out.

a woman.

A woman who looks exactly like Su Nan.

There was a bit of hangover laziness between her brows and eyes, but when this woman came out of Fu Yechuan's room, she couldn't tell the ambiguity.

These reporters suddenly understood the big news of this mysterious man.

Is there anything more exciting than this scene?

Fu Yechuan has another new love?

Is it true love, or a substitute?

This wave of public opinion will definitely set off a huge wave on the Internet!

The woman leaned against the door, not surprised at the scene in front of her, as if very satisfied.

She looked at Fu Yechuan with an intimate tone:

"Yechuan, why are you so fierce? They are only needed for work..."

She looked at the messy machines on the ground and smiled: "It doesn't matter, the damaged things are mine. It will be compensated."

Everyone looked at her in shock, shocked by her appearance, but upon closer inspection, the facial features were not very similar, but at first glance there was a similar illusion.

In film and television shooting, the makeup techniques commonly used by stand-ins are probably like this.

But no one could think about it in this regard.

After the silence.

She brushed her hair and walked over to hold Fu Yechuan's arm.

"It's getting late, shall we go?"

She looked at Fu Yechuan with a smile, and everyone naturally wouldn't let go of this intimate scene.

But the aura of these two people is really not right!

They came out of the same room, enough to see the unusual relationship between the two.

But Fu Yechuan's attitude was indifferent enough, so indifference that even if they acted intimately, they didn't feel like a couple.

The second An Qi took his arm, Fu Yechuan suddenly shook her hand away.

It was as if he had touched garbage, and he was extremely disgusted.

Then, he strode away, staring straight ahead.

Angie smiled and followed.

.....

This news has reached the top of the hot search in less than five minutes.

Fu Yechuan's new love: Is it true love or a substitute?

As soon as the title was enlarged, countless stories about Fu Yechuan and Su Nan were dug up.

Let's recall, it's been less than two years since they divorced.

The impression that Fu Yechuan has left on everyone in the past two years is the injury to Su Nan at the beginning, his decision to kill in the shopping mall, and the prosperity of the Fu Group.

It is also the regrets that he could not save Su Nan.

But now, a woman has entered the topic strongly.

Su Nan was naturally involved.

Everyone tried their best to find out An Qi's details. After all, if Fu Yechuan took a fancy to him, even if it was a substitute, it was worth it.

"Substitute? It's so pitiful, what I said is that President Fu is so pitiful, bless Su Nan and President Shang!"

"Are there still people upstairs?"

"It looks like Goddess Su from a certain angle, but look closely. The facial features are completely different. Maybe it's because of makeup, this woman will do whatever she likes?"

"It's like a fake, I don't like it at all, let us, Mr. Su, be perfect alone!"

"The CP who has been standing is broken. I wish you all a new love, but who is this woman?"

"Please ask for the details of this substitute?"

"The whole world will know after a sleep, and I feel that President Fu is so wronged, did he get jumped by an immortal?" Is it?"

...

The public opinion on the Internet is vigorous, and everyone is exploring the details of An Qi.

Some people say it is from a humble background, and some people say it is a celebrity in the circle.

But no one really came out to certify...

The first thousand four hundred and sixty-six chapters do as I said to be the Fu Group.

Sitting in Fu Yechuan's office, An Qi smiled and read various comments on the Internet. It was wonderful.

Fu Yechuan had been black-faced ever since he came back, and he felt even more unhappy after the meeting.

Sitting on the chair, watching An Qi was still there, his eyes swept to Chen Mian's body sharply.

Chen Mian shivered:

"Mr. Fu, the public opinion on the Internet is under control, but I'm afraid..."

Fu Yechuan glanced at it, and the more he looked, the more angry he became.

"Do you still need me to teach you how to do it?"

Chen Mian shook his head, "I still informed the PR department, and this hot search will be withdrawn soon."

Fu Yechuan looked at An Qi who was sitting there with a stern face.

An Qi noticed his gaze, and smiled lightly:

"It's too late to withdraw, Su Nan probably already knew it, and he couldn't hide it."

This sentence came out.

The chill in the office seemed to be more intense.

An Qi was deliberately provocative, and didn't care whether Fu Yechuan was angry or not:

"It's useless to withdraw, Fu Yechuan, you'd better let your company come forward and explain that I am your fiancée and we are in a legitimate relationship, so that we can spend time together. It won't be explained until one night.

Otherwise, this night will become a stain on you..."

According to the trend of online discussions, their close relationship is a certainty.

If her origins are unknown, or if a money transaction is involved, the matter can go from scandal to scandal.

At that time, this stain on the Fu Group will never be erased.

Fu Yechuan stared at her coldly, while Chen Mian coughed.

"Mr. Fu, what she said... makes sense."

This is also the result of the public relations department's discussion in the fastest time.

Although they are very experienced in dealing with such emergencies.

But that's in the absence of substantive evidence, and they can explain how they want to.

Now, reporters have blocked Fu Yechuan and the woman at the door of the room. Everyone knows the truth.

To resolve this public relations crisis, Fu Yechuan must admit that they are dating and that this woman's identity is legitimate.

Otherwise, it will inevitably make people think about power and color transactions.

However, once the identity of this woman was admitted, it would be equivalent to admitting that Fu Yechuan had changed his mind in disguise.

The relationship between him and Su Nan will completely cease to exist.

The Internet has a memory, and he doesn't want to.

Fu Yechuan's expression was stern and intense, and there seemed to be a thick fog in his eyes that could not be dissolved.

His tone was extremely cold, and he gritted his teeth:

"I don't need it."

Chen Mian paused.

An Qi would never give in, she raised her eyes and smiled provocatively:

"I need, Fu Yechuan, within an hour, I must read this statement, otherwise, you will receive a letter from your father from the other side of the Pacific Ocean. A dry limb."

As soon as the voice fell, the atmosphere in the office completely froze.

Even Chen Mian's face turned pale involuntarily.

This An Qi threatened him without hesitation, without even saying a bit of euphemism.

And in such a bloody way, he threatened Fu Yechuan.

An Qi took the phone and smiled, "If you don't believe it, just try."

An arms dealer who came out of the war, it is her nature to kill and thirst for blood.

She faked her identity to come to this peaceful country, which doesn't mean she loves peace.

She hooked her lips, stood up, raised her feet and walked out the door.

Chen Mian looked at Fu Yechuan with a trembling tone:

"Mr. Fu, it's important to save lives first, let's talk about the rest later!"

...

Chapter 1467 spare me

Chapter 1467 Forgive me It

is not an easy thing to make Fu Yechuan compromise.

He didn't bow his head to anyone except Su Nan.

But this An Qi had to press Fu Yechuan's head down.

I don't know if it's courage. Still tired and crooked?

Fu Yechuan was silent for a few seconds, without making a sound, his sharp eyes were filled with bloodthirsty coldness.

"Do as she said."

Chen Mian breathed a sigh of relief, "Yes."

He went out to instruct the public relations department and watched An Qi come back with the snacks she just bought.

I was stunned for a moment.

At first glance, it was bought from the downstairs of the company.

Face to face, you can't hide even if you want to hide.

An Qi looked at him with a bit of evil in her smile.

"Assistant Chen, President Fu has let go?"

Chen Mian was stunned and nodded, "President Fu has decided to focus on the overall situation."

He found a good step for his boss.

An Qi smiled, "He's not invulnerable, is he?"

Chen Mian lowered his head and dared not answer the question.

After all, An Qi was indeed the first person who could force Fu Yechuan to compromise.

An Qi didn't care about Chen Mian's reaction, and looked at the company with a smile:

"I want to turn around here, after all, my fiancée is only the first step, I will marry him soon, and I will come often in the future."

Chen Mian's face stiffened, heartbroken.

How dare this woman even think about...

getting married?

But on his face, he lowered his eyes calmly, secretly sweating for Fu Yechuan.

I feel that Fu Yechuan's thorny problem is coming.

"Assistant Chen, do you have nothing to ask me? It seems that you are very curious about me, so are others, but they have no chance to ask..."

Chen Mian paused and looked up at her:

"An Qi Miss, do you really mind being a stand-in?"

He wanted to ask a lot, but when it came to his mouth, that was the only question.

From the appearance of An Qi, she deliberately imitated Su Nan.

Although he didn't know what happened last night, Chen Mian knew Fu Yechuan's self-control very well. Ordinary women were not attractive to him, and he was not the kind of person who made mistakes after drinking.

Unless this An Qi is related to Su Nan in some respects, Fu Yechuan will jump into the fire pit.

Again and again, it was Su Nan.

They are all women, and women's jealousy is notoriously tough.

doesn't she mind?

An Qi looked at him and smiled.

The corners of her eyes were raised slightly, with a deliberately concealed chill and cunning.

"I don't mind, I have always liked the win-win situation of yours. When

he looks at me, he will think of Miss Su, and I can get him again. Isn't this a win-win situation?"

She said it for granted, without the slightest bluntness.

This brain circuit is really different from ordinary people.

Chen Mian smiled, "I'm fine, goodbye Miss An Qi."

An Qi suddenly stopped him, her voice a little cold:

"Assistant Chen, how many people are in your family...?"

I don't know why, Chen Mian suddenly felt that the question asked was creepy.

Especially from the mouth of this arms dealer.

He felt an inexplicable chill.

He breathed for a few seconds before he said solemnly:

"You forgive me, when I didn't ask!"

After speaking, he immediately turned around and left.

Staying for another second, he suspected that An Qi had a gun attached to his waist and could take it out and kill him at any time.

Really fucking walking on the tip of a knife.

An Qi sneered, never seeing such a timid person.

...

in half an hour.

Su Group.

Su Nan has been sitting in the office watching entertainment gossip all morning.

She also did not shy away from reading the news of Fu Yechuan and An Qi...

...

Chapter 1468 You are not sad

Chapter 1468 You are not sad

. From the beginning of the matter, fermentation, and clarification to the present.

The Fu Group introduced and quelled the scandal in very short language.

“Mr. Fu Yechuan and Miss An Qi are unmarried couples who are in a normal relationship. It is about personal privacy. Please do not spread rumors. We will maintain legal proceedings.”

In this regard.

That woman also once became the focus on hot searches.

Although it was inevitable to pull it out and compare it with Su Nan.

However, in the statement of the Fu Group, the relationship between unmarried couples that can be recognized by the fair and bright has shown that An Qi is not an ordinary woman.

On the contrary, she is worthy of Fu Yechuan to a certain extent.

So everyone put her in the ranks of celebrities in the circle.

But the people in the circle also hinted wildly that there is no such person in the circle of celebrities.

At one time, An Qi's mysterious degree could be linked to a wealthy family background.

But people really don't know her at all.

Public opinion on the Internet gradually subsided from this explosive news.

It's just that some people who had been standing by Fu Yechuan and Su Nan left the stage with regret, and others were doubting the possibility of An Qi's double.

There are very few people who are really optimistic about this relationship.

Su Nan watched for a long time, her brows furrowed, and she sipped coffee from time to time.

Yu Lou knocked on the door and came in, but she didn't hear it.

Yu Lou coughed, looked at the search on the webpage, and paused.

"Mr. Su, you... won't be sad?"

Su Nan rolled his eyes at him, "How can you tell that I'm sad?"

Isn't Yu Lou's words trying to make trouble?

Yu Lou: "I never saw that you were so interested in gossip before?"

Su Nan paused, looked at it for a few seconds, and then closed the page.

She tapped on the table with one hand, "How is Fu's stock price?"

Yu Lou was stunned, the sudden exam questions overwhelmed him.

It turned out that when she looked at the gossip, what she really cared about was the stock market?

He is shallow!

He immediately replied in a serious tone: "Three hours ago, it fluctuated violently, and now it has gradually risen steadily, but it has dropped by 0.5% compared to before the incident."

Su Nan nodded.

"If the Fu Group didn't make a statement, it would probably be more than 0.5 percent."

Yu Lou was stunned, "You mean...this statement is fake?"

Su Nan raised his eyebrows. "I didn't say that."

But being able to force Fu Yechuan to make this statement shows that the woman is really not easy.

It seems that when she appeared at the Cheng family's banquet, she really didn't come for herself, but for Fu Yechuan.

I really don't know what to say?

The turmoil was so violent that reporters blocked the door of the hotel, which shows how deep and vulgar it was.

Don't even think about it, Fu Yechuan must be going crazy.

But who would have thought that what was waiting was his compromise.

This shows that there must be something in the hands of that woman that Fu Yechuan is afraid of.

Thinking of this, Su Nan didn't want to think about it any longer.

Whether it is true or false, it has nothing to do with her.

She also has no position to meddle in her own business.

Just as he was talking, Su Nan's cell phone rang.

Putting it next to the table, Yu downstairs glanced consciously, and with just one glance, his brows twitched.

Really what to say.

Caller ID: Fu Yechuan.

Su Nan didn't pick it up for a long time, Yu Lou seemed to feel that he was superfluous, so he made an excuse and ran out.

The calls in the office kept ringing, as if they were deliberately going against her.

If she didn't answer, he kept ringing.

...

Su Nan hesitated, Fu Yechuan calling her at this time was definitely not for business.

But there is nothing to talk about privately.

She was suddenly upset.

Holding the phone hesitantly.

Really slipped my hand and picked it up.

Her heart skipped a beat, and she felt guilty.

But soon regained his composure, just pick it up!

“Su Nan...”

Fu Yechuan’s voice was low and hoarse, as if it had an indelible heaviness.

Su Nan was silent for a few seconds: “Mr. Fu, what’s the matter?”

Fu Yechuan took a deep breath, his voice was deep, tired and helpless:

“I’m sorry...”

This apology didn’t seem like an apology for what he had done in the past.

Rather like for today.

Su Nan pursed her lips, “The past has long passed. I saw the news on the Internet just now, should I say congratulations?”

This kind of reaction is the most normal, isn’t it?

Fu Yechuan was really silent for a full minute. Through the phone, Su Nan seemed to be able to feel his depression and heaviness.

But there was nothing she could do.

At that moment, she clenched her phone tightly.

“If it’s all right, I’ll hang up?”

“Su Nan,” he chuckled twice in his voice, “You can really stab me.”

He never despaired over the whole thing, and he was congratulated by Su Nan’s words, Got stabbed all over the body.

It was simply suffocating.

Su Nan froze for a moment, not knowing what to say, and couldn’t go on.

Fu Yechuan calmed down, “Forget it, it’s good to hear your voice.”

Su Nan paused, then hung up the phone.

She was afraid that if she kept listening, Fu Yechuan would say something embarrassing.

Putting down the phone, she looked at the latest report from the department, and then the phone rang.

is information.

Just after reading it, someone knocked on the door and came in.

She thought it was Yu Lou and didn't raise her head.

"Assistant Yu, help me iron my coat, I'll go out in a while." The

other party didn't say anything, but still went to the door to get the coat, and then went to the table on the side to prepare the ironing.

Su Nan also wondered why Yu Lou's words suddenly decreased.

Looking up, he saw Shang Qian was laying clothes on the mold, ready to iron.

Su Nan was stunned for a moment, then stood up quickly, "Why are you?"

She walked over, "Let's just let Assistant Yu do it in a while."

Shang Qian glanced at her with a warm smile on his lips, a little helpless .

"No wonder Mike said that Assistant Yu is omnipotent. He not only has to help you handle company affairs, but even trivial things like ironing clothes are done by him?"

Su Nan shrugged helplessly, "Assistant Yu is omnipotent."

Shang Qian smiled and moved lightly and carefully, "Then please spare him this time, and I will iron your clothes myself."

"Mr. Shang's skills are really getting more and more comprehensive."

"How can I take care of you if you are not comprehensive . ?"

Su Nan smiled and suddenly realized something:

"What are you doing here?"

Shang Qian: "I can't come if I have nothing to do?"

“Of course I can, but it’s more sudden...”

Su Nan frowned and muttered, “I didn’t arrange a time.”

Shang Qian raised his eyes and smiled at the corner of his mouth. The intention has not diminished:

“To be honest, I was afraid that the public opinion on the Internet would affect your mood, so I came here to check it out. Are you okay?”

Su Nan gave him a speechless look.

“It has nothing to do with me, why would my mood be affected?”

Shang Qian: “It’s fine if I don’t, I’ll order a restaurant at noon, or we’ll have dinner together?”

Su Nan smiled embarrassedly:

“Qin Yu has already asked me to do it. Beauty, I can’t have dinner with you at noon.”

Chapter 1470 Look at the wedding room

Chapter 1470 Looking at the wedding room,

Shang Qian paused for a second, “Well, I’ll take you there?”

Su Nan nodded and urged him:

“Concentrate on ironing your clothes!”

Shang Qian: “...”

He was undoubtedly a tool man.

...

Qin Yu hasn’t reacted from the identity of the certificate holder, Qiao Fan has already prepared the marriage room, and the speed is unbelievable.

Early in the morning, while she was still watching gossip on the Internet with relish, the phone rang.

It is Shen Liang.

Shen Liang called her for the first time after getting the certificate.

The identity is different, and the mood naturally cannot be treated as casually as before.

Qin Yu picked it up carefully:

“Hello?”

Shen Liang paused, “Are you at home?”

Qin Yu responded subconsciously, “What’s the matter?”

Shen Liang was silent for a few seconds.

“The wedding room is ready, I’ll take you to take a look?” The

phone was silent for more than ten seconds.

Qin Yu just realized that her mood to watch the excitement was completely gone.

Shen Liang sighed, “I haven’t gotten up yet? I’ll wait for you downstairs, don’t worry, slow down, I have a whole day.”

After that, he hung up the phone.

Because he knew that Qin Yu was even more embarrassed than him.

Qin Yu was stunned for a second, then quickly ran to the balcony to look down.

Sure enough, Shen Liang’s car was parked there.

People are in there too.

She panicked, she was lying in bed until three poles in the sun, and she was blocked at the door by her new husband?

She used the fastest time to wash and dress, put on makeup and prepare herself mentally.

But I don’t know why, I can’t calm down for a long time!

They don’t even have an emotional foundation. They just got the certificate directly from the time of a meal, and they don’t believe it when they say it.

But she didn’t know how to get along with him?

He has a whole day, which means that he has to eat alone with him after seeing the house, and he has to go alone after eating?

Do what a couple should do?

Qin Yu couldn't imagine it.

She found Su Nan's phone tremblingly, for fear that the phone call would reveal her mental activity, so she simply sent a WeChat message.

When she came downstairs, it was the bright young lady again, but there was a trace of unnaturalness on her face.

Shen Liang got out of the car very gentlemanly and opened the door for her, without the slightest impatience on his face.

He looked at her and gently handed over the prepared breakfast:

"Didn't you eat? Pad your stomach first..."

Qin Yu took it with both hands, "Thank you...that, I was yesterday. It's too late to read the project documents at night, so I go to bed a little late and can't get up in the morning..."

She stumblingly explained why she slept until the third day.

Your image is still very important.

Shen Liang looked at her and smiled suddenly, with a warm look between his brows:

"Well, our Miss Qin is really dedicated and worth learning."

Qin Yu suddenly shut up after he said this.

I can't put it on.

Playing a big knife in front of Lu Ban, isn't it Banmen's axe?

Shen Liang looked embarrassed when she lowered her head, and felt as if she was scratching her head.

There was a moment of silence in the air.

He started the car, and in less than fifteen minutes, he arrived at the place where the new house was.

A luxury villa in the city center, the price that can be bought in this area is generally not asked.

Qin Yu has an impression of this land. It was not sold to the public at first, and it was already reserved before it was announced.

Whether it is the environment or security, it is a top-notch level.

Shen Liang got out of the car and took her in. Just as he opened the door, he shook her wrist:

“Wait a minute.”
