Chapter 1471 Rich in emotional experience

Shen Liang held her hand and lost Qin Yu's fingerprints.

Qin Yu felt that her hand was a little hot, but pulling it out like this would look very hypocritical, wouldn't it?

She looked at him, Shen Liang's profile was very good-looking, deep and clear in the light and shadow, he always felt warm on the surface, but unfathomable.

After the fingerprints were recorded, Shen Liang released, "Okay, next time you come, just come in directly."

Qin Yu quickly retracted her hand, nodded, and looked away.

Shen Liang smiled and walked in with her.

"Is this house newly bought? I booked a set, and I have never lived in it.

My mother was optimistic about the land here. When I saw the lot she was looking for, there was just one set, and the decoration was not bad. , I just cleaned up and used this as a new house, don't you mind?"

Qin Yu shook her head quickly.

"Don't mind."

What could she mind?

This house is so expensive, can't find any fault?

Just because you bought it early?

Unless she got kicked in the head by a donkey.

Shen Liang: "The root of the Shen family is in City C. Although there are business dealings here, the main energy spent is not here.

So this is also a temporary place to stay. I will take you home to see when I go back and choose a date. , when we are here, live here, okay?"

He patiently asked her for advice.

He even used words like this when he went home, which meant that he had regarded her as his wife.

Qin Yu's face was a little hot.

She pursed her lips and looked back at him.

“Shen Liang, I'm like a dream now...”

Shen Liang was stunned and smiled, “Before today, I also felt that I had been dreaming.”

He spread his hands, expressing some helplessness:

” But that's the truth, it can't be changed.”

Qin Yu breathed a sigh of relief, but frowned:

“But I always feel a little uncomfortable...”

Shen Liang looked down at her with a calm tone:

“Slow Come on slowly, get used to it slowly, let's get used to it together, okay?”

His voice was low and gentle, as if it could deceive people.

Qin Yu nodded subconsciously.

Then, she looked up at him:

“You...are you really willing to marry me?”

Shen Liang was taken aback.

His eyes dimmed a little.

He smiled: “It's a fait accompli, of course I'm willing.”

His answer was beyond her expectations.

Qin Yu bit her lower lip, feeling a little embarrassed:

“You know, my emotional experience is a bit rich, and I broke up only two days ago...”

Shen Liang smiled, very calm:

“It’s not that we have broken up . Is it? Then I’m not a third party.

And my past is not a blank sheet of paper, just don’t mind me.”

His voice was warm and clear, and there was a sense of persuasion.

His magnanimity and self-deprecation made Qin Yu put down the burden and guard at once.

No wonder Mother Qin, who was so picky, was full of praise for Shen Liang.

All the time I spent with him, I felt like I had no flaws.

How can there be such a person in this world?

Qin Yu’s brows trembled, and finally she looked up at him and said the truth:

“I don’t know, how should we get along?”

Shen Liang was stunned, smiled, his voice was warm and quiet:

“We can gradually get to know each other, like friends. Just be honest with each other, let’s not have any estrangement, and solve any problems in time.

Of course, if you don’t get used to our relationship for a while, we can take it slow, from friends to lovers to couples, okay?”

...

Chapter 1472 Add a WeChat

Chapter 1472 Add a WeChat.

Shen Liang chose a very simple and simple way, but not rude, giving her some room for adaptation.

Qin Yu was speechless.

But when she looked at Shen Liang’s sincere eyebrows, her heart suddenly softened a little.

Maybe this is the advantage of mature men.

I thought to myself, if her husband were him, it would be fine.

She nodded, raised her eyebrows, and simply agreed:

“Okay.”

She originally had the idea of playing with him after dealing with the family.

But Shen Liang obviously took this relationship very seriously.

If she proposed it, Shen Liang probably wouldn't refuse.

But Qin Yu felt that saying it was insulting him.

She couldn't say that unless Shen Liang brought it up first, she had to stand on the moral high ground with him.

Shen Liang looked at her promise, and there was obviously a little more smile in his eyes.

“Then our relationship will be made public before the wedding. Of course, you can tell the people around you at any time.

My mother and Aunt Qin will handle the details of the wedding. If you have any ideas, you can communicate.”

After listening to Shen Liang's words, Qin Yu can completely accept the fact of the wedding calmly.

She nodded, indicating that she would definitely participate.

After all, it is her first wedding, so tonight must be unforgettable!

Shen Liang continued:

“Miss Qin, I hope we can grow old together.”

Qin Yu's body froze slightly and looked back at him.

Shen Liang's attitude was serious, the handsome face enlarged in front of her eyes, and his words hit her heart.

As if electrocuted, her heart skipped a beat.

Growing old together?

She couldn't even think about it.

Even when he was with Mo Xian, he never thought that he would grow old together.

But it came out of Shen Liang's mouth with an inexplicable firm belief, as if he could do it.

He also wants her to do it.

Work hard for each other for this marriage.

Shen Liang didn't mention love at all in every sentence, but Qin Yu felt that every word of his had more weight than love.

At that moment, she seemed to have drawn an end to her wanton life for the first half of her life.

But she did not reject this feeling.

She smiled slowly and met his gaze:

"Mr. Shen, please take care of me for the rest of my life." Shen Liang also smiled.

Qin Yu took out his mobile phone: "Let's add WeChat?"

Shen Liang paused, then quickly took out his mobile phone and scanned the code to add WeChat.

Two people who are already married have no WeChat friends.

No one will believe it!

Qin Yu felt that she was carrying a heavy burden, but she was relieved and visited the huge wedding room.

Shen Liang followed behind, introducing the role of the room from time to time:

"This is the master bedroom, the orientation is very good, do you like the style? If you don't like it, I will let the design company redesign it?"

Qin Yu smiled, "No need, I like it very much."

Simple and luxurious style, I like it to the core.

Shen Liang also smiled, "That's good."

Next to it was another room.

Qin Yu frowned: "Is the second bedroom so close?" Is
n't it convenient?

Shen Liang pursed his lips, "This is the children's room, for children."

Qin Yu nodded awkwardly, and then quickly closed the door.

When I bought this house, I really took a long-term view!

Shen Liang watched her dodging from behind, a soft color flashed in his eyes.

It seems that Qiao Fan's insistence is not without reason.

After turning around, I went back to the master bedroom.

They don't have to look at the big bed, Qin Yu prefers the swing on the balcony.

The sun is shrouded in the sun, and the breeze is blowing slowly, as if life is already at
its best.

Shen Liang stood not far away and watched, unwilling to disturb this scene...

...

Chapter 1473 Couple Nicknames

Chapter 1473

After a while, they went downstairs.

Shen Liang received a call from Qiao Fan, it should be to supervise whether he came
here with Qin Yu.

He looked very helpless and glanced at Qin Yu:

"Mom, we are here, yes, do you want to talk to her?"

Handing over the phone, Qin Yu brought it over, suppressing some nervousness:

"Aunt Qiao Fan, I'm Qin Yu."

"Qin Yu, do you like the style of the house? If you don't like it, tear it down and rebuild
it!"

Qin Yu paused, "I like it very much, Auntie."

Qiao Fan breathed a sigh of relief:

“Then That’s good, the style was a bit simple originally, I asked Shen Liang to re-design and install some things in the past two days, it doesn’t look so empty, just like it.”

Qin Yu raised her eyebrows, not expecting such a popular style , even after Shen Liang rested?

After saying a few words, Qiao Fan hung up the phone.

Qin Yu handed over the phone and said unintentionally,

“Mr. Shen, can I ask a question?”

Shen Liang raised his eyebrows, wondering if he had any objection to the title, but he still nodded:

“Of course.”

Qin Yu She lowered her eyes: “Did you marry me because you listened to Aunt Qiao Fan too much?”

She was calm on the surface, but there was some uncontrollable trembling in her heart.

Isn’t that answer out of the blue?

Why should she ask?

Of course, it’s because of Aunt Qiao Fan’s matchmaking!

I regret asking, why ask?

if not?

Shen Liang took a deep look at her, his voice was calm and did not evade:

“Yes, but not all.”

He did not continue.

Remember that they discussed this topic at the beginning, is Shen Liang a mother’s treasure?

No, he was just being filial.

Qin Yu smiled and did not continue to investigate.

As Qin mother said, for Qin Yu, Shen Liang is the most suitable.

For Shen Liang, in addition to Qin Yu's family background, the relationship between Qin's mother and Qiao Fan is a very important factor.

The door is right, and the three views must be in harmony.

When they went out, Shen Liang paused, "When are you going to move here? I'll help you move."

Qin Yu was stunned, she didn't expect this.

so fast?

But you can't live apart forever.

They want to develop feelings.

"Then... I'll pack my things, in two days?"

Shen Liang nodded: "Alright, then I'll just move in first."

He also has his own house here, but the house is too small. Only about 150 square meters, it is not suitable for two people to live.

Not to mention where Qin Yu lives, apart from the broken faucet, she probably still has many hidden dangers that she hadn't noticed.

He would be relieved to move in as soon as possible.

Two people get in the car.

Shen Liang didn't start the car, but looked at her:

"There is one more thing."

Qin Yu looked at him.

Shen Liang pursed his lips, "Can I not call you Miss Qin?"

Qin Yu was taken aback and blinked.

The implication is that she can't call him Mr. Shen anymore.

She endured the heat on her face and nodded.

“Whatever you want.”

Shen Liang smiled, “Then I’ll call you Qin Yu? Qin Xiaoyu?”

Qin Xiaoyu is Qin Yu’s nickname, and almost no one knows about Qin Yu and Su Nan.

Mother Qin must have told Shen Liang.

She felt that she was not strong enough and domineering, so she gave the small print.

Qin Yu.

Qin Yu didn’t turn her head to look at him, not to be outdone:

“Shen Liang, Shen Daliang?”

Shen Liang paused and suddenly laughed.

Smile banter.

Qin Yu also blushed instantly.

Qin Xiaoyu and Shen Daliang.

Sounds like a couple’s name?

...

The first thousand four hundred and seventy-four chapters check the post a bit early

Chapter 1474 Cha Gang was a little early

, Shen Liang didn’t say anything, and started the car.

“What would you like to eat?”

It was not long before, but it was already noon.

Who made Qin Yu wake up too late?

Qin Yu pursed her lips, “I’ve already made an appointment with Su Nan for a beauty treatment, so let’s just eat?”

Shen Liang: “Really?”

Qin Yu became anxious when she heard this question. Could it be that she was looking for it? excuse?

Why is she making excuses?

As if to prove something, she immediately found out the dialogue with Su Nan and handed it to her:

“If you don’t believe me, look!”

Shen Liang smiled, “It’s a little early to check the post now.”

Qin Yu withdrew her hand and blushed even more .

Cha Gang?

That’s right, only between husband and wife will check posts.

Her actions were too eager.

Qin Yu snorted coldly. Seeing that the atmosphere was about to be awkward, Shen Liang quickly asked,

“Where is the location, I’ll take you there.”

She didn’t hesitate, and of course she wouldn’t refuse a pickup.

After saying the location, the two stopped talking.

Soon, at the location, Su Nan had already called to urge.

After saying a few words, she hung up and wanted to push the door and run out.

But the door was locked and couldn’t be opened.

She looked back at Shen Liang.

Shen Liang smiled, with seriousness in his eyebrows:

“Qin Xiaoyu, you must remember my words, we have something to say directly, and there should be no estrangement.”

Qin Yu paused and nodded.

“I remember.”

This man was quite able to nag.

Shen Liang: "You can come to me at any time if you have anything."

"Okay."

This wave of operations by Shen Liang is really good here.

Qin Yu's acceptance of this husband has no rejection.

This is really unexpected.

Qin Yu pushed the door and got out of the car, instead of running in immediately, she stood there and waved her hand.

Shen Liang smiled, then started the car and left.

in the rearview mirror.

Shen Liang glanced at it, Qin Yu turned around in the next second, and jumped into the mall.

It was good that she was not unhappy in any way.

So is he.

.....

It's just that this scene happened to fall into the eyes of two people not far away.

The man's eyes were extremely gloomy, but there was a bit of annoyance and entanglement on his face.

The girl next to him took his arm:

"Brother-in-law, look at that woman, it's only been a few days since you quarreled with you, and there are other men around so soon. It's a pity that

you quarreled with the family because of her, and you have to Drive out the person who has been taking care of your mother, even if my sister divorces you, she is still devoted to you, why can't you see it?"

Mo Xian glanced sideways at the person who was talking with his dark eyes, his face was faint With cruelty.

"Shut up." The

girl paused for a while, sensing that his eyes were a little frightened, and immediately shut her mouth wisely.

Just unwillingly glanced at the eldest young lady who was dumped and still bright and publicized, Qin Yu's life is really good!

They watched Qin Yu turn left and entered the high-end beauty parlour, and then the clerk put up a "suspended business" sign.

Oh, what a big show!

The position they were standing was not hidden. If Qin Yu raised her head and could see them, she might not be so happy.

Unfortunately, she didn't look up.

...

Qin Yu walked in, and the clerk on the side came up and bowed to greet her:

"Miss Qin, welcome." After speaking,

she half-kneeled and took off her shoes.

After finishing everything, she walked in slowly, saw that Su Nan was already sweating inside, holding a magazine in her hand, looked up at her:

"I'm late!"

Qin Yu's eyes filled with a smile I mean, go over and sit beside her.

"Little Fairy Su Nan!"

Su Nan paused slightly, raised her eyebrows, and smiled:

"Miss Qin Yu, what advice do you have?"

...

Chapter 1475 Your secret

Chapter 1475 The

temperature inside your secret is a bit high, the cheeks of the two steamed are moist and slightly red, and Qin Yu is even more so, the corners of his mouth are raised, but he has never gone down.

“I have a secret, do you want to hear it?”

She leaned forward as before.

Su Nan shook his head, lowered his head and continued to read the magazine: “I do n’t want to know your secret.”

Qin Yu went over to grab her arm, attracting her attention:

“I’ve got a license to get married.” For

a second, she raised her head stiffly, her eyes full of shock:

“Are you kidding me?”

Qin Yu pursed her lips and shook her head:

“Of course not, the certificate I received yesterday is still in my bag!”

Su Nan looked at her with complicated eyes and hated her for a while. She hesitated for a few seconds before looking at her and said,

“Qin Yu, are you being too impulsive? Didn’t you part ways with Mo Xian?

Now what does he say ? You’ve changed your mind in just a few words?

You know that he will ruin it like this?”

Qin Yu paused and was stunned for a few seconds.

Hearing the name “Mo Xian”, the light in her eyes dimmed slightly.

Then, she raised the corner of her mouth:

“It’s not Mo Xian.”

“What?”

Su Nan thought she heard it wrong.

“It’s not Mo Xian, someone else? Who?”

If Qin Yu got married on a whim, Su Nan would also go crazy.

Qin Yu paused, “It’s Shen Liang.”

A full minute.

Only then did Su Nan digest the name.

She is no stranger to it. After the bankruptcy of the arch-enemy Hong Group, the Shen family has been in a state of dominance in the Midwest, and it is unstoppable.

She has always known that Shen Liang is not a mediocre person, and all his dormancy in the early stage was accumulated.

From Qin Yu getting engaged to him, and then arguing about canceling the engagement, and now getting the certificate directly, it has something to do with Shen Liang.

But in the end, it doesn't matter much.

Shen Liang is like a tool man in Qin Yu's burning life.

But now, looking at Qin Yu's appearance, it doesn't seem like he's lying.

This tool man has become the master?

Qin Yu looked at her weird look:

"Why look at me like this? Even if it's impossible, it has already happened, you at least have to react a little bit?"

Su Nan pursed her lips and leaned in:

"Did your mother force you Do you want me to help him clean up?"

Without waiting for Qin Yu to answer, Su Nan frowned and sighed:

"Shen Liang's power now cannot be underestimated, it is not the same as before, it is still better to clean him up It's a little troublesome, but if you need it, it's not impossible."

Her first instinct was that Qin Yu was being forced.

With her temperament, how could she willingly marry Shen Liang who is calm and mature but has no passion?

Qin Yu was stunned for a moment, then shook her head quickly:

"No, don't be impulsive!"

This was not her original intention.

Su Nan looked at her, stared at her for a few seconds, and smiled slowly:

“Qin Yu, did you like him?”

Since Qin Yu is not allowed to be forced, there is only one reason:

she has a crush on Shen Liang!

Only this reason can explain her getting married so soon.

Qin Yu pursed her lips, and her face became even more rosy and moist under the effect of steam:

“I like... but I can't say it, but I don't hate it!”

Su Nan smiled, put down the magazine in his hand, and clicked Nodding:

“I don't hate it, I just like it...”

Qin Yu glared at her, then sat down opposite her again, and sighed:

“Actually, it's like a dream, I can't believe it, my two I was single a few days ago, but I got married in a blink of an eye, and I didn't expect him to be married to me!”

Su Nan raised an eyebrow, “Tell me, how did you two get together?”

's Not Love Qin Yu told her exactly what happened in the past two days. She was very confused. She couldn't digest these things that had been kept in her heart.

But if you tell it to others, others will definitely spread it out with ulterior motives.

After she finished speaking, she looked at Su Nan with bright eyes: “That's it.”

Su Nan nodded, “Your mother is right, feelings can be cultivated, especially if both of you have a heart to cultivate, this is very helpful. It went well.”

Although Qin Yu and Shen Liang have no emotional basis for being together, to a certain extent, it can be regarded as a business marriage.

But in Su Nan's view, choosing Shen Liang is much better than choosing Mo Xian.

At least the Shen family behind Shen Liang is much simpler than Mo Xian's Mo family, and the family background does not require Qin Yu to make sacrifices to complete it.

Qin Yu followed Shen Liang and would not be wronged, so he didn't have to swallow his voice.

She can always stand there proud.

Qin Yu lowered her head and seemed a little embarrassed after listening to Su Nan finished.

"Who wants to cultivate, we just made do with it, business marriage, what kind of feelings do we have?"

And we don't need it, everyone can play their own way."

Su Nan: "The men of the Shen family keep themselves clean. I haven't heard any lace news, this is recognized, you must not stir up trouble.

And Shen Liang is not bad, you can try it out, it is much harder to attack him than those little fresh meat, he doesn't need to be strong Ah?"

Qin Yu made a cut, and then said, "How can there be a little fresh meat who can speak sweetly and make people happy?"

But there was not that much resistance on his face.

Su Nan saw her reaction and smiled:

"Xiao Xianrou doesn't have the experience and achievements of Shen Liang, Qin Yu, no matter what, I congratulate you!"

Qin Yu smiled, her eyes twinkling brightly:

"I don't know how I got this far, but it seems like I I don't resist too much, mainly because Shen Liang is not too annoying."

Su Nan asked her with a smile, "When will the wedding be held? I didn't expect you to be the first one between us to get married. Promoting that non-marriage doctrine..."

Qin Yu glared at her, "Don't mention that I was blind in the beginning, and you don't know it."

Seeing her mood was down, Su Nan quickly moved. Off topic:

“It’s my fault, but when are you going to make it public? Do you have any plans?”

Qin Yu paused, “Anytime, Shen Liang said that I can tell the people around me, there is no company hype “

Su Nan’s eyes flashed, and his smile deepened:

“It seems that Shen Liang attaches great importance to his marriage with you. In the past, whenever a wealthy family held a wedding, they would spread news to the media and take the opportunity to promote their own brand. And public relations.

You don’t have any concealment or hype about your marriage, which shows that he attaches great importance to this marriage to the point where

he can’t get involved .” Qin Yu glanced at her, “You can say anything? You can say anything. A flower?”

Su Nan smiled and sighed:

“Anyway, our eldest Miss Qin is finally married, and this marriage is quite good, we should celebrate it, let us know at night? We

Let’s have some fun?” Qin Yu didn’t let go of the curvature of the corner of her mouth, and said stubbornly:

“Whatever, if you want to find an excuse to go out and play, just say it, is it not that the general manager of the business doesn’t let people go?”

Su Nan said with a smile: “You are the biggest one. , you can say whatever you want.”

In Su Nan’s view, even if Qin Yu didn’t love Shen Liang all his life, Shen Liang would not do anything to hurt her.

Shen Liang’s character skills are much higher than Mo Xian’s.

steamed for a while, and when it was time, they went out for a massage.

Although Su Nan was happy for Qin Yu from the bottom of her heart, she had an idea that she wanted to say, but she was afraid that it would make Qin Yu unhappy.

Seeing her hesitating appearance, Qin Yu gave her a white look:

“Just say what you want to say. Look at the way you hesitate to say anything. You look like a little eunuch who came to complain.”

Su Nan smiled, and then After pondering for a moment, let the staff around him go down.

She leaned forward and lowered her voice:

“Qin Yu, is it because of Su Jin that you chose Shen Liang?”

In a way, Shen Liang and Su Jin are very similar.

Their auras are extremely congruent.

This is also why Su Nan was willing to support the Shen family in the first place, but Su Jin did not refuse.

Qin Yu’s eyes narrowed slightly, and his face changed slightly.

Su Nan immediately said: “Forget it, when I didn’t ask, it’s boring to ask this.”

She was really dizzy, Su Jin is taboo here in Qin Yu, isn’t it to expose her scar?

Regardless of whether Qin Yu still has Su Jin in his heart, when Su Jin got married, it was an unspoken despair for Qin Yu.

She shouldn’t have mentioned it.

Qin Yu paused, but didn’t mind at all:

“What are you thinking? It’s all about the rotten millet, and I’ve long forgotten it.

Besides, when is it still popular to be a substitute and not a substitute?

They It’s not like that. Big Brother Su Jin is cold to everyone except Sister Wenxiang.

But Shen Liang is different. On the surface, he treats everyone very well, and he doesn’t see any difference, and he smiles better than Su Jin. Much better looking..”

Su Nan’s heart was completely in his stomach.

She chuckled: "It seems that you see it very clearly, I'm overthinking it."

Qin Yu smiled, "Of course, I'm not that kind of superficial person, if Shen Liang does anything to hurt me, I'll take his money to find Xiao Xianrou, and I'll be happy!"

Su Nan secretly gave a thumbs up, and Qin Yu was still Qin Yu.

Just then, the staff outside knocked on the door and came in.

Whispering a few words beside Qin Yu, Qin Yu's face suddenly changed.

Su Nan noticed something, Qin Yu sneered:

"I don't know, let them

get out." The staff nodded and walked out.

Su Nan looked at her questioningly, the smile on Qin Yu's lips faded, and her eyes darkened.

"Mo Xian was outside and said he wanted to see me."

It seemed to be silent for a moment.

The expression on Qin Yu's face seemed to be normal, but Su Nan could clearly feel that her aura and light had subsided, becoming a little cold and heavy.

She pursed her lips, "He doesn't want to give up?"

Qin Yu curled the corners of her lips, smiling with some sarcasm:

"Maybe I didn't expect that I really held back and didn't apologize to him, I didn't expect that I was serious. , Mo Xian really thinks highly of my feelings for him, thinking that if I know what happened to him in the past, I will just tolerate it blindly, but I didn't expect that one day I would not be able to bear it."

Su Nan looked at her.

Qin Yu's eyes were like the weather covered by dark clouds, and there was no light.

Depressed and gloomy, no interest just now.

"Qin Yu, never look back, otherwise the things you can't bear will not make you stronger, but will only become the straw that overwhelms you.

Mo Xian is not a simple person, you can't read his heart, nor is he his opponent. "

Qin Yu closed her eyes, reminiscing about the old days, and opening it, she smiled weakly.

“I only know now that you are all right.” “

...

Chapter 1478 has nothing to say

The first thousand four hundred and seventy-eight chapters had nothing to say.

At that time, Qin Yu fought against all those who opposed her and Mo Xian together.

Think that this is bravery, this is freedom, this is true love.

But that night, when Mo Xian pointed at her and said those words, she felt a chill to the bones.

She suddenly felt like a fool, trapping herself in an airtight sphere.

The ball rolled forward, surrounded by the air of her and Mo Xian, isolating the opinions of others.

Now, when the ball was punctured and the sound from outside came in, she realized how wrong she was.

.....

The two of them chatted and laughed, slept for a while, and ate some Japanese food in the store before checking the time and planning to leave.

After having an appointment with Ning Zhi for their evening event, Su Nan and Qin Yu can't be late.

Otherwise, Ning Zhi would never let them go.

Just as soon as the two of them went out, they saw an unexpected man sitting on the seat opposite the store.

Mo Xian.

He seemed to have been sitting there for a long time, his face was dark, but his eyes were a bit gloomy and annoyed, as heavy as a thick fog that could not be dissolved in the dark night.

Qin Yu came out.

He raised his eyes and stared at her, with a bit of scarlet blood in his eye sockets.

Not tired.

He stood up, walked over, walked in front of Qin Yu, his face was tense and ugly, his lips were pursed, his eyes fell on her face, and he never looked away.

Qin Yu didn't seem to expect that Mo Xian was still waiting here, but he quickly recovered.

No one spoke first.

Su Nan stood there, not knowing what to say.

She should be the first to know about Qin Yu's marriage.

Mo Xian didn't know at all. If he knew, he would go crazy, which would be bad for Qin Yu.

The next second, Qin Yu suddenly turned her head and looked at Su Nan:

"Will you wait for me at the door first?"

Su Nan hesitated for a few seconds, then nodded in agreement.

Indeed, the matter between the two of them is better resolved by them.

Qin Yu looked at him and motioned him to go to the other side. It was too conspicuous at the door, and she didn't want to be noticed.

Mo Xian followed, without looking away.

Qin Yu's face showed a little indifference and impatience.

"Mo Xian, do you have anything else to say to me? I think everything you have to say should be finished that night. What more do you want to say?"

Referring to that night, Mo Xian's expression was obviously annoyed and regretful. .

He pursed his lips and stared at her darkly:

"Don't you have anything to say?"

Qin Yu raised her eyes, "No." The

atmosphere was silent for a moment.

Mo Xian's eyes deepened a bit, staring at Qin Yu, frowning.

Subsequently, he began:

"Cheng family dinner that night, the girl is my ex-wife's sister, her childhood was raised in my mother around, just like my sister, childhood was spoiled and outspoken.

She did not know Our affairs were provoked by a few words from my mother, what I said was out of my mind, and I will ask her to apologize to you."

Qin Yu was stunned for a moment, then looked straight at him, her eyes not dodging or dodging. .

There was silence for a few seconds.

She suddenly curled her lips into a smile, as if in reaction to his words.

"No need to bother, no need to apologize."

Mo Xian's frown deepened.

It seems that these few words have used up all his patience.

"Qin Yu, what else do you want? I'll explain it. I can give you everything I have. Why do you keep holding on to this matter?

With me, you know that you are facing What, aren't you very brave? Don't you mind?

Just because of a few words from others, did you give up?"

...

Chapter 1479 is really over

Chapter 1479 really ended

in Mo Xian's tone, full of blame.

Blame her petty temper, blame her for giving up halfway.

He didn't think this trivial matter was worth fighting or even explaining.

Because she was angry, he realized that the matter was serious.

Then he explained it clearly, she should figure it out!

Qin Yu's ears were filled with Mo Xian's rebuke, but at this moment he felt extra ironic.

Since when, he still can't forget to blame her?

From the beginning to the end between them, he exchanged a little love for Qin Yu's all-out love.

Who is at fault?

Qin Yu lowered her eyelids slightly and looked at the button on his cuff, it was a gift she bought for him.

He didn't seem to like it, but he still accepted the gift she prepared, but he couldn't see any surprises.

In fact, she didn't really know him.

Qin Yu shrank abruptly in her heart, suddenly raised her head, and looked directly into his eyes.

"Mo Xian, the premise of my bravery is that you always stand by my side, not that you stand with others to insult me.

I don't care about gossip, but you can't scold me with them.

I'm not so mean, It's not the little mistress you raised either. You can go on with any kind of beating or scolding.

Your sister-in-law is open-mouthed, so are you also spoiled?

You forgot how you humiliated me that night? "

Mo Xian looked at Qin Yu's indifferent expression, her heart suddenly tightened, and she didn't know why, the pain pierced her heart.

If she cried and made trouble, even if she beat him, Mo Xian would not be so flustered.

But when Qin Yu stood in front of him and said the most indifferent words with the most indifferent eyes, Mo Xian suddenly felt panic.

This feeling was even more flustered than watching her and Shen Liang appear together that night!

Mo Xian's eyes became darker, but he wanted to find an excuse for himself:

"Qin Yu, you and other men appeared together at night, can't I say a few words to you?"

Qin Yu's face sank.

She pursed her lips and chuckled:

"Just say it, it doesn't matter."

After speaking, she raised her head and looked at him solemnly:

"Moxian, you can say whatever you want, but I hope You can understand that there is no relationship between us anymore.

You don't have to embarrass me, your ex-wife, your sister-in-law, and your mother, and you don't have to please both sides.

When I disappeared for a few days, I thought you would understand, no Taking the initiative to contact means saying goodbye to you."

Seeing Mo Xian's face sinking completely, Qin Yu turned around and left without any reaction.

But in the next second, the person was pulled back, and his arm was so painful that he met Mo Xian's fierce and scarlet eyes:

"Clarify, what do you mean, what does it mean to say goodbye? Do you want to break up?"

Qin Yu His eyes were calm, "Yes."

"Yes? I'm not allowed, I don't agree!"

Mo Xian gritted his teeth, his chest felt tight, as if someone had hit him with a boulder, and he couldn't breathe in pain.

"Did you break up if you wanted to? Why? What can't you say clearly?"

I can ask her to apologize to you, or you want me to apologize, okay, you can say whatever you want, why do you want to be casual? Did you mention breaking up?"

Mo Xian's tone was almost out of control.

He lowered his voice and stared at her with red eyes, aggressive.

Qin Yu seemed a little surprised by his reaction.

Mo Xian said that he liked her, but only when they were together again, that period of time was really relaxing.

She can feel the love for each other at the beginning...

Chapter 1480 I'm very disappointed in you

But as the time they spent together became longer and longer, Qin Yu could feel that he was very tired, even struggling to cope with their feelings.

If it weren't for the accumulated disappointment, Qin Yu would not have left decisively when a girl suddenly appeared.

She knew it was time to part.

Not marrying on a whim was the wisest thing she did.

Now I have to be thankful that the original decision left her a way out.

Qin Yu raised her eyes and looked at him, calmly:

"I'm not impulsive, Mo Xian, you can also feel that the time between us is different from the beginning.

Instead of killing feelings and killing time, it's better to break it as soon as possible."

Mo Xian: "In your opinion, is that so?"

"Yes," Qin Yu hooked her lips, "Isn't it?"

Even if you are divorced, you are still connected with your ex-wife. You are reluctant to help you from her family background, and you are still acting in a dilemma, and I am tired for you."

Mo Xian's face was tense, but he swallowed what he wanted to say.

His eyes were dark and scarlet, looking at Qin Yu in front of him, hating her but feeling a little helpless.

He has only felt this woman burning himself like the sun, and he covets this warmth, thinking it will always be warm.

But he didn't expect that this warmth would leave him one day.

And it was still so decisive that he didn't even have time to prepare himself mentally.

Seeing that he didn't speak, Qin Yu thought that he had acquiesced, and now he felt a lot more relieved, and he was not wronged.

"Since that's the case, let's get together and break up. You go to your ex-wife to remarry, don't come to me again, just pretend we don't know each other."

Saying that, she broke free of his hand and turned to leave.

She knew that Mo Xian's interests were inseparable from his ex-wife's interests. When they divorced, their property was not divided into two.

They just took a divorce certificate, but there are innumerable interests involved, and they have never been cut.

This meant that, in the countless decades to come, if Qin Yu and Mo Xian went out to public places together, they would definitely be holding the title of a third party.

She was really wronged.

"Qin Yu—" Mo Xian suddenly stopped her, his voice was cold, those words were brewing in his throat for a while, but it came out with a different taste:

"I'm very disappointed in you."

Qin Yu did not turn around, Hooked his lips, "Me too."

Who is not disappointed with whom?

At first, she risked everything to follow him.

What did you end up with?

Got his day-to-day indifference, got the insults that his ex-wife's sister could wantonly, got his insults and reprimands.

Qin Yu was really blind.

After she finished speaking, she raised her foot and left, not wanting to take another step.

Qin Yu has always been straightforward and withdraws from emotional matters very quickly.

At the beginning, she was able to withdraw from the news of Su Jin's marriage, and now she can figure it out from Mo Xian's failed relationship.

Mo Xian watched her retreating back, his fists clenched unconsciously.

He waited here all afternoon, not to make the relationship even more rigid.

But he didn't know why, he couldn't control his words, those hurtful words blurted out, like a sharp sword stabbing at her.

He was also sad.

Mo Xian stood there extremely powerless, as if his body was unloaded.

The Qin Yu who rushed to him with warmth and light left just like that.

Since then, it has been dark.
