Chapter 1491 You

didn't touch her when you were too drunk, that's the most basic characteristic of him as a gentleman.

Especially for his newly married wife, he also intends to leave a good impression.

But now...

she's sober, then there's no reason to let go of his Mrs. Shen.

Qin Yu had never seen Shen Liang out of control, just like now.

They did it once, and Shen Liang wanted to continue, but the phone kept ringing, as if he would never stop.

Qin Yu was also very annoying. She had done it once, so she didn't want to continue.

It's just that Shen Liang seems to be greedy and greedy, so she has to work hard to deal with it.

She pushed him, her voice was hoarse and dry, and she lost the energy to tease him just now.

"Go and answer the phone."

Shen Liang's hand was still holding her waist, and it felt so good that he was reluctant to let go.

But he also knew that he couldn't continue.

He got off her body with a livid face and answered the phone with an extremely cold attitude and aloof indifference.

"Understood."

He hung up the phone, turned around, and saw Qin Yu lying on the bed sleeping with her eyes closed, her cheeks rosy, and the quilt under her shoulders, to see if she could cover her spring light.

The sun shrouded her shoulders, and her delicate and white skin seemed to have a lustrous luster, like a piece of beautiful jade, pure white and flawless.

He had tasted her, and for the first time lost control of a woman, which completely drew out the inferiority in a man's bones and made him understand that he was just a vulgar person.

After struggling in my heart for a long time, I walked over slowly, knelt down beside her, brushed the broken hair around her ear, and kept it behind her ear.

Afterwards, he put a kiss behind her ear and said in a hoarse voice,

"Qin Yu, the schedule planned yesterday can't be delayed any longer. I have to go. I won't be back until three days later."

Qin Yu was so tired that she stretched her arms I couldn't even lift it up, I thought to hurry up when I heard his words.

She didn't answer, Shen Liang took a deep breath, and knew that it seemed rude to leave as soon as they had a relationship.

But that project is very important, and it was an appointment half a month in advance. If you don't go, the Shen family's loss will be huge.

After thinking about it, he lowered his head and kissed her again, before restraining himself and getting up, he went to the bathroom to wash.

When he was ready to go out, Qin Yu still didn't open his eyes, looking like he was going to sleep until the end of the day.

He reluctantly stood by and looked at her, pulled the quilt up for her, and then turned away satisfied.

As soon as he leaves.

Qin Yu, who was quite tired at first, suddenly lost her sleepiness.

After resting for a while, she got up. She suddenly felt that her marriage with Shen Liang was not that bad.

Hit it by mistake.

Unable to bear it, she sent Su Nan a message:

"I slept with him."

Su Nan replied, "Congratulations."

Qin Yu's brows were full of joy because of this sentence.

Congratulations.

Congrats to her getting married, congratulations that she found a sweetheart.

Although Shen Liang left at this time, Qin Yu didn't feel uncomfortable at all.

She was dawdling and it was almost noon when she suddenly heard the doorbell ring.

At this time, who will come?

Qin Yu went to open the door. It was a man he had never seen before, wearing a suit in a gentle manner.

"Hello Miss Qin, I'm Mr. Shen's assistant Zhao Huan. These are the clothes Mr. Shen asked me to prepare for you."

He handed over the things in his hand, and Qin Yu picked them up and looked at them. It was brand new and the size was the same. her size.

I have a heart.

Qin Yu smiled, "Thank you."

Zhao Huan smiled politely, "Mr. Shen said that you need to move in the past two days, and let me stay and help, this is my phone number, if you need it, you can contact me at any time. Me."

He handed over his business card and Qin Yu took it and nodded.

"Okay, I'll contact you."

Shen Liang arranged everything, even left the staff, so he thought it through.

Zhao Huan nodded, "Don't bother, see you Miss Qin."

Qin Yu closed the door, went to change clothes, and went back to her apartment to pack up.

She really didn't worry much about moving.

Zhao Huan's work ability is extremely high. After a phone call, everything was arranged in less than a morning, and even after moving in, a special housekeeper went up to tidy up her clothes.

...

in a few days.

Su Nan participated in a bidding meeting, and there was a project that Qin Yu's company had always wanted, so he called her.

Qin Yu's expression was soaring and her face was rosy, Su Nan smiled, and the two walked in together.

There were not many people at the venue, but not a lot.

Most come with a purpose.

Su Nan's purpose is very clear, and Qin Yu came here on behalf of the company because he took a fancy to a piece of land.

When the bidding started, I didn't expect that there were quite a lot of people bidding.

When the asking price reached 7 million, the two opposing sides gradually formed.

The bottom line in Qin Yu's heart was getting closer and closer, so she did not hesitate.

But it seems to be very special to deal with.

Eight million.

The price is already high.

Qin Yu unconsciously looked to the other row, wanting to see who was competing with her.

But unexpectedly, the other party also turned to look at her.

The two looked at each other, and suddenly there was some inexplicable silence.

Qin Yu suddenly retracted her head, her breath a little unsteady.

Su Nan glanced at her in surprise, "What's the matter? Who is the other party?"

"Mo Xian's ex-wife," she said, and then some questions: "Why is she here?"

Su Nan paused and lowered her voice. :

“I heard some rumors recently that Mo Xian has started to divest his interests from his ex-wife’s family. For this, he offended many people and caused a lose-lose situation. The

two of them have always had a symbiotic relationship, and his ex-wife’s family has connections. , but incompetent.

Mo Xian has the ability, but has no connections.

So once they separate, they will lose both, and his ex-wife will have to come out in person to entertain the scene.

But the effect is very small, after all, without the strength, no one will rely on favor To help with business transactions.”

After Su Nan finished speaking, Qin Yu didn’t speak for a long time.

But his hands clenched his skirt unconsciously.

Stripped of interest from his ex-wife?

Is Mo Xian really willing?

Su Nan pursed her lips, “Qin Yu, don’t think too much, what matters is what’s going on.”

She was worried that Qin Yu’s impulse would be mixed up with Mo Xian.

That’s really not going to end.

A pale smile appeared on Qin Yu’s face, and she twitched the corners of her mouth:

“Don’t worry, I won’t pretend that he did it for me.

Although Mo Xian stepped on his ex-wife’s resources, he resisted in his heart what others said about him.

Separation of interests, sooner or later, is something he will do, but... it was earlier than I thought, and he started doing it before he even found a good home. “

Su Nan: “Don’t think too much, Mo Xian’s ability will turn him over sooner or later. He won’t be struggling all the time. If it was for you, it should have been completely stripped when the divorce was first, not now.” “

Qin Yu smiled and had to admit that it was indeed.

In the end, the land was won for 9 million, but Qin Yu was not very happy.

...

Chapter 1493 Accidental injury is also an injury

Chapter 1493 Accidental Injury also hurts

Su Nan while chatting with others, but Qin Yu handed over a secret agreement to Mo Xian's ex-wife.

After getting in the car, before it even started, Mo Xian's ex-wife hurriedly caught up.

She threw the agreement in her hand back to Qin Yu.

His face was filled with unwillingness and anger.

"What are you doing? Are you humiliating me?"

Qin Yu looked at the transfer agreement she just signed, flipped through it a few times, and smiled.

"I think too much, don't you really want this project?"

"I lose, I admit, but I won't give you a chance to humiliate me."

Qin Yu pursed her lips, and it said that the price of six million was transferred to Mo Xian's ex-wife.

She was auctioned for 9 million and sold for 6 million.

Qin Yu did what it seemed like a fool would do.

She chuckled, "It's not that I can't spend a lot of money. No matter how much I invest in this land, the profit I can get is limited.

But the cost is relatively low. You want this because you can't get it. It's time for a better project, isn't it?" The

woman stood there, her body stunned slightly, but there was no embarrassment on her face.

Even so, she would not wag her tail in front of Qin Yu to beg for pity.

Two people should have a relationship of water and fire, right?

Qin Yu looked at her, there was no sarcasm in her smile, and her tone was solemn:

“Don’t you always think that I ruined your marriage? Don’t you always think that I’m sorry for you?”

Just take it as my apology, please. ...take it easy.”

The woman’s eyes turned red instantly, her chest heaved, and she strongly held back her grievance and anger.

She didn’t expect that Miss Qin, who was ignored by anyone, would have a day to bow her head.

And she did nothing wrong, and there was no response to accusing Qin Yu.

“Do you think I’ll forgive you?”

The smile on Qin Yu’s face was thin, “I don’t need your forgiveness. From the beginning to the end, I don’t think I’m wrong.

But you’re not wrong, so I also I don’t hate you.

Whether I’m with him or separated, it’s all within the scope of morality, except that at the beginning, I was a mistress, but you should go to trouble with him.

Forget it, tell you more , you hate me too, don’t you?”

Qin Yu chuckled and looked at her sideways:

“Is it because he wanted to be proud of himself that he left you and the resources behind you so ruthlessly?”

No, yes Because the resources behind you can’t satisfy him anymore.

You want to stand up, this is your last chance.

So, take it, after all... accidental injury is also injury.”

After speaking, she put on her sunglasses , handed things out, closed the window.

At the last moment, she said softly, “I’m sorry.”

She asked herself that in her relationship with Mo Xian, she didn’t feel sorry for anyone.

She was deceived, and she was deceived by Mo Xian.

But the last thing she should do is to be with him again after his divorce.

why?

It seems that because of unwillingness, unwillingness to have a sincere relationship, it has become a precarious ending.

She didn't know that it would hurt a lot of people and put herself in the whirlpool of public opinion.

Looking back now, she seemed sober as if she had been hit with a stick.

She is innocent, but isn't that ex-wife innocent?

Mo Xian's ex-wife watched the car go away, and the tears that had been swirling in her eye sockets suddenly couldn't help falling.

The assistant behind her ran over and looked at it at a loss.

"Miss, don't cry, even if we don't have this opportunity, we won't leave the company. There will definitely be other ways. There will never be a dead man in my uncle!"

...

The first thousand four hundred and ninety-four chapters do not understand him

Chapter 1494

Mo Xian's ex-wife who didn't understand him cried enough, smiled, stood up and handed the agreement to the assistant.

"How could it be? We have a chance, we don't have to declare bankruptcy." The assistant looked at the transfer agreement above and was ecstatic.

"This is a lot lower than the price we expected, we are really saved!"

Mo Xian's ex-wife nodded.

She knew that she should not take it, and taking it meant that she could no longer blame Qin Yu for her position.

Let alone stand on the moral high ground and criticize her personality.

But she also knew.

What's wrong with Qin Yu?

If you change to a little star, an ordinary girl, she can't hold back when she is not divorced. This is the standard for the third party and the third party.

How could Miss Qin, who has always been high in the circle, fall into the situation of being a mistress to others.

She knew that Qin Yu was deceived.

But she couldn't help it. From the first time Mo Xian proposed to her for divorce, she found someone to investigate Qin Yu secretly.

She really didn't know, and was kept in the dark.

But she also understands that Mo Xian is not just playing, she can no longer hide her ears and steal the bells and sit back and watch.

So she went to the door for a showdown, making Qin Yu ashamed and letting her retreat.

The results of it?

She really left, but Mo Xian's determination to divorce her became stronger.

She still remembered what he said to her when he sat in front of him, his eyes were extremely cold.

"You shouldn't hurt her, she doesn't know anything."

Who hurt who?

Is it her fault?

This marriage was her request, but Mo Xian also agreed. They were exchange of interests, and there was no emotional dispute.

It seems that she should turn a blind eye in the face of his countless sexual encounters, without any moral burden.

But she can't bear it, others can, but Qin Yu's family background is much stronger than what she can give.

Once Mo Xian is serious, he will definitely abandon her and the resources behind her.

By then, she had nothing left.

But unexpectedly, they still reached the stage of divorce.

But he couldn't help but slap Qin Yu, and he had to leave, and even found a lawyer to file a lawsuit.

Mo Xian was very straightforward and gave her all the property, which was not bullying her.

And also promised to continue to support the family behind her, which made the family behind her even have no objection.

Under pressure from all parties, she still signed.

But she didn't plan to move out of Mo's house. Fortunately, Mo Xian's mother always stood by her side, and Mo Xian didn't say anything, but she never went back to live since then.

She has always known that Mo Xian is an exquisite egoist, a hyena who eats meat whenever he sees it, and he will not let go of any resources easily.

But she didn't expect that in front of Qin Yu, he was wearing another mask, leaving almost all his good looks to Qin Yu.

Even Qin Yu screwed up his cooperation with Fu Yechuan, he never really gave up on her.

Maybe she would feel better if she thought he was doing it for resources.

But gradually, she discovered that it was not.

His main network resources were still given by her, and Qin Yu did not provide him with any help.

But he still wanted to be with her.

I don't know when, he began to divest from her interest groups, and the news made her panic.

what did he say?

"You can't keep sucking my blood, and I won't always take advantage of you."

He didn't say anything, but she didn't even have the position to accuse.

Divorced, what else can be threatened?

The first thousand four hundred and ninety-five chapters is very eye-catching.

This person is selfish and cold-blooded.

When he completely cut off the connection with her back, he began to struggle with himself.

Watching them struggle.

Therefore, she had to come forward to support the company herself, because Mo Xian took away the company's elite and left few useful people.

If there is no project for this land, then in less than a month, she should declare bankruptcy.

Others say that Mo Xian is an uncle after all, and he will never die.

But she knew he would!

It is his character to see death without saving.

He has always been like this.

However, she blamed his ruthlessness on the fact that he wanted to marry Qin Yu.

Unexpectedly, they separated.

Until she knew that Mo Xian and Qin Yu had broken up, she didn't feel any joy in her heart.

Because to this day, with Mo Xian's ability, he would never go back and ask her for peace.

An ex-wife without any use value is just an ex-wife.

They have no children, no feelings, nothing.

But she was standing here, under the bright sun, when Qin Yu handed her the document, she suddenly wanted to cry.

Qin Yu has a more conscience than Mo Xian, and she really hates the wrong person.

Su Nan came out later and sighed when he saw this scene.

She got into another car and called Qin Yu.

“Really decided? That project doesn’t see much profit right now, but for you, it’s a long-term project. Your mother will scold you to death.”

Qin Yu’s tone was indifferent.

“Just scold me, anyway, she can’t sleep without scold me every day.” Su Nan paused, “Come on, don’t have any psychological burden, but I think you are

much stronger than Mo Xian.

You know what?

As far as I know, Mo Xian has secretly started to buy his ex-wife’s company, and if you mess with it like this, it’s probably no fun.”

Qin Yu snorted coldly, “This person is really cruel?”

“Who said that? Isn’t it? Otherwise, I will say, you stopped your losses in time, and no one can guarantee that you are the second ex-wife.”

Qin Yu finally held the phone and didn’t speak, but she felt like she was smashing heavily.

With a chuckle, that’s it.

After all, when he scolded her, he said everything.

The phone suddenly vibrated and a call came in.

She glanced at it, and the corners of her mouth rose.

“I won’t say anymore, my husband called me.”

After that, she simply hung up Su Nan’s phone.

Su Nan reacted for a long time before realizing that Qin Yu’s husband is Shen Liang.

She smiled, it was amazing.

Qin Yu picked it up, “Mr. Shen? It’s been two days since she disappeared. Do you still remember to call me? I thought you ran away after sleeping...”

Shen Liang listened to her series of accusations and fell silent. moment.

He was a little guilty about running away after sleeping.

But he didn't expect her to say it so happily and frankly, which made him a little less embarrassed.

He paused, and his voice came from the microphone in a low voice:

"Sorry, I have been busy these two days..."

Qin Yu smiled, "Didn't you go on a business trip for three days? Are you coming back tomorrow?"

Shen Liang paused for a second, "Come back today."

Qin Yu was shocked, "Today?"

"Well, so, can you pick me up at the airport? Is it?"

Shen Liang bit the bullet and made this request.

Qin Yu was really silent.

The airport is in the opposite direction!

But think about it, if she goes back now, she will definitely be scolded half to death by Mother Qin.

However, Shen Liang's view of this silence was that he didn't want to be embarrassed.

He thought about it and said, "My assistant is temporarily busy, and the driver has also asked for leave..."

"Okay, no problem, you wait there, I'll go."

Qin Yu interrupted him, and simply agreed to the conditions of picking him up.

Shen Liang happily hung up the phone and waved to his companions.

“Let’s go, my wife will be here soon.”

Companions: “Do you have a wife?”

Another person: “Don’t lie, where did your wife come from?”

“Mr. Shen, there’s no need for this, I want to pick you up. Your people are all over the place, are you unable to catch up with other girls, so you made up the interface like this?” “Mr. Shen, why do

n’t you carpool back with us?” Darkness sank, looking at his colleagues, although he usually has no air, he was told that by them, and he couldn’t help but want to get angry! He snorted softly and immediately found a place to sit down. “It’s so ridiculous, can’t I have a wife? Why should I lie?” He is a dignified CEO, does he need to lie? The surrounding companions obviously did not believe it. Shen Liang gritted his teeth, “Don’t go, just wait here, wait with me, and see if my wife will come, I’ll let her admit it herself!” Everyone laughed a few times. As if to prove Shen Liang’s bragging, they really sat down with him and waited for his wife. Their group of executives have a good relationship with Shen Liang, so there is not much air between chatting and laughing. In addition, although Shen Liang’s conditions are good, many women want to pounce, but due to the degree of Shen Liang’s rejection of women, few women are willing to really pounce.

Therefore, there have been jokes circulating in the company that it is better to beat the executives!

Several people with good looks sat in a row, waiting for Shen Liang’s wife to come.

They never believed that Shen Liang would have a wife.

Especially when I heard that his ex-girlfriend took 500 million to run away, I felt that he was a woman insulator.

...

Fifteen minutes, half an hour, an hour has passed...

Shen Liang couldn’t even get through the phone, his face was dark and a little ugly.

The people on the side couldn’t help but laughed:

“Mr. Shen, your wife, don’t you know the way?”

“Hey, it’s been more than an hour, even if you live outside the Fifth Ring Road, you should be here, right?”

Mr. Shen, don’t force yourself. It’s okay to be single, so why lie to others?”

“Forget it, maybe there’s something to delay? Let’s accompany Mr. Shen and wait!”

... ..

Shen Liang didn’t say a word, sitting there with an ugly face.

But he had no intention of leaving at all.

Two hours have passed.

Someone got impatient and stood up with a smile:

“Mr. Shen, wait for yourself, my wife told me to go home for dinner...”

“I’m not waiting anymore, Mr. Shen, take care!” “Mr. Shen, are you really not going back with us

? Everyone won’t laugh at you!”

“Even if you have a wife, but two hours is enough to go back and forth three or four times, right?”

Shen Liang glanced at them coldly, and his voice was cold:

“I’m not leaving, I’ll wait for my wife!”

Everyone shrugged, not wanting to waste any more time.

After saying goodbye to Shen Liang, he whistled away.

Shen Liang was speechless.

what happened to his wife?

After another full hour, Qin Yu’s phone call came in.

He doesn’t want to connect.

But thinking about how he couldn’t wait in vain for the past three hours, and since he worked so hard to come over to pick her up, he reluctantly picked it up...

“Mr. Shen, are you still there? I just ran into a little trouble and went to the hospital, I’m sorry!”

Shen Liang’s expression suddenly became nervous.

“Small trouble? What’s the matter? How are you?”

Qin Yu hesitated for a while before slowly opening her mouth:

“I accidentally hit someone else’s car just now, it’s nothing.”

Shen Liang was in a hurry, and they all arrived. The extent of entering the hospital, how could it be nothing?

“Is it still in the hospital? I’ll go there right away, have I finished the treatment? Do I need to go there in person?”

Qin Yu didn’t expect Shen Liang to be so enthusiastic for a while, and suddenly felt a little ashamed.

“Okay, police said lost money on the line.”

Shen Liang paused, hear what, “you hit someone? Not hurt you?”

“Not I, ah, I suspect he Pengci, mad I’m here!”

Shen Liang’s heart suddenly calmed down, and he breathed a sigh of relief.

“Okay, send me your address.”

Qin Yu snorted, “Where are you now, you won’t be waiting for me at the airport?”

He didn’t want to answer such a stupid question, so he hung up immediately telephone.

Qin Yu snorted, the man was indeed moody.

She didn’t care if she posted a location, sitting in a hospital chair and waiting.

Anyway, it’s better for Shen Liang to come, it’s much better than Qin’s mother, he will never scold her like Qin’s mother.

In less than 20 minutes, Shen Liang came over, dragging a suitcase with him, looking like a mess.

Qin Yu realized in an instant that Shen Liang really came directly from the airport.

He actually waited for him for more than three hours?

Immediately, he felt guilty.

Shen Liang glanced at her, looked up and down, there was nothing injured, and moved his eyes to the thin and small man sitting opposite her.

He had a cast on his foot and looked serious.

He narrowed his eyes and asked Qin Yu, "You did it?"

Qin Yu pouted, "It has something to do with me, but I don't admit it. He clearly touched porcelain, but I have no proof... .."

"I said, eldest sister, which eye did you see that I touched porcelain? The doctor said just now that I have a broken bone, a broken bone!

" Wealth is expensive.

Shen Liang pursed his lips, "Forget it, how to solve it?" The

man said first:

"The police asked her to pay for her medical expenses, but what about my lost work and mental damage? Let me tell you, this matter can't be just like that. It's over, if I get the root of the disease, I'll be lame in the future!"

Qin Yu rolled her eyes angrily.

"You were a lame man. You crashed into my car after you broke a bone. I watched you limping and crashing into the car!" The

man smiled, "Do you have any evidence?"

Qin Yu was even more angry.

Oh shit.

Shen Liang paused and patted Qin Yu on the back.

"Where's the dash cam?"

Qin Yu gritted her teeth, "It's broken, I haven't had time to fix it yet." Well
, it turned out to be like this.

Otherwise, with Qin Yu's temper, it would not have dragged on until now.

It's really unjust!

Shen Liang nodded, "What about the surrounding surveillance? Did the police see it?"

Qin Yu gritted her teeth again, "It's broken, I haven't had time to fix it!"

She was really unlucky!

Shen Liang was also speechless for a while.

Under the unfavorable conditions in all aspects, it is no wonder that Qin Yu can't express the bitterness, and is so angry!

The skinny man smiled proudly:

"Since there is no evidence, there is nothing I can do, and I don't want to deceive you, looking at the car you drive, at least it starts at the level of a million, so I will. 100,000 yuan, not much, just a little nutrition!"

Does she seem to be taking advantage of her?

"There's no way, otherwise I'll live in your house, and you have to serve me with shit and urine..." The

thin man smiled sinisterly.

For a moment, Shen Liang's eyes suddenly sank, looking at the man, his eyes were full of chills.

Qin Yu angrily wanted to go up and do it, but Shen Liang tightly hugged her shoulders.

"Qin Yu..."

He called out, patted her on the shoulder, and said in a low voice:

“Don’t worry, I’ll solve it for you, you go out and wait first.”

Qin Yu was unwilling and looked at him questioningly. he.

“Don’t fool me with money, I did nothing wrong.”

Shen Liang nodded, “Don’t worry.”

After his repeated persuasion, Qin Yu reluctantly left.

The thin man looked at the man in front of him and smiled enviously.

“It takes a lot of money to pack a woman like this? It’s good to have money, what kind of woman can’t you find?”

Shen Liang raised his eyes, his face stern.

“I’ll give you two choices.”

His voice suddenly turned cold.

The skinny man withdrew his gaze and shivered in his heart.

“What?”

“Either, I really broke your leg and gave you 100,000 yuan.

Or, go and apologize to her and get out.”

In Shen Liang’s choice, there is no other money, let alone want. It means to settle with money.

The thin man looked at him suspiciously.

“Do you think it’s possible?”

Shen Liang nodded, “I think it’s possible, I can find your home through any channel, you have parents, you have colleagues, you have relatives and friends, there is always someone who knows how your leg was broken. Yes?

I will sue you at that time, do you know how many years in prison for fraud?

Start from three years and less than seven years.”

There was no warmth in his voice, but he calmly stated the consequences of this matter.

The man's face gradually changed.

From calm to fear.

Shen Liang looked down at him condescendingly, his eyes full of chills.

"You also know that it's too easy for people like us to bribe the relationship, but it's only 100,000 yuan. I can afford it if your legs are broken." The

thin man trembled, his eyes Some panic and dodge.

Looking into the eyes of the man in front of him, there was a cold chill from his bones, which made people horrified.

He pursed his lips, so scared that he could barely stand.

"I...I..."

Shen Liang pursed his lips and looked at the time, "So, do you want money or legs?"

"I want legs, I want legs!" The

man was excited made a choice, for fear of regretting it later.

He can still distinguish between money and life which is more important.

He's just a habitual criminal of corrupting money, and he accidentally broke a bone and wanted to find someone to pay for his medical bills.

Seeing that it was a luxury car, and a young and beautiful girl was driving, she crashed into it without saying a word.

Who knows, it's still not to be offended.

He also understood a rule, the richer the person, the less he can cheat.

Shen Liang looked at the direction of the door:

"Go, say it well, don't scare her, and if you dare to be rude and rude, you won't even have a chance to choose."

"Okay, okay." The

thin man shuddered, just ran out.

Qin Yu watched him come out, and was about to scold someone in anger.

But the skinny man suddenly ran over and bowed:

“I’m sorry, I’m really sorry, I didn’t mean to bump into it, it’s all my fault, I was wrong, I shouldn’t lie to you, I

was really wrong.” This scene is confusing.

Shen Liang walked over calmly, “Go away.”

“Okay, thank you boss, boss has a safe life.” The

skinny man ran without saying a word, not even caring about his broken foot, he ran very fast.

Qin Yu looked at Shen Liang, “The boss has a good life?”

Shen Liang smiled, “It’s resolved.”

Qin Yu looked at him suspiciously:

“You won’t give money, right?”

Shen Liang shook his head, “No. “

Then how could he...”

“I explained the law to him patiently, and he admitted that he was wrong, and his attitude is good. The medical expenses are ignored.”

Qin Yu cut out, “Who is it?” I don’t care about the medical expenses, if he didn’t cheat me, I’d give it 100,000 yuan, and I don’t want to spend a penny who asked him to falsely accuse me!”

Shen Liang saw that she was angry, and went over to embrace it. She smiled on her shoulder:

“Yes, don’t spend money on such a person.”

Qin Yu scolded for a few words, then calmed down and was distracted.

Shen Liang held his suitcase with one hand and her shoulder with the other, looking very familiar with his movements.

He was so familiar with him, and Qin Yu felt a little uncomfortable.

Perhaps it was the strangeness that came from not seeing for a few days.

She coughed, and deliberately had no words to say:

“Why did you come back earlier?”

Shen Liang pursed his lips and his eyes flashed, “Things went better than expected, so I came back.”

Of course he wouldn’t say it, because he wanted to see her too much, so he squeezed everyone’s time, shortened the three-day affair into two days, and came back to see her early.

For the first time, he felt like an arrow at home.

This woman is 80% poisonous.

Qin Yu nodded and did not continue to speak.

However, Shen Liang reacted with hindsight.

Just in order not to give the 100,000 yuan, she delayed for three hours to pick him up at the airport.

As soon as this thought came out, Shen Liang’s mood became complicated.

Is he not as good as this hundred thousand dollars?

Qin Yu’s cell phone rang, she picked it up, and Mother Qin’s angry voice came from inside:

“Get back for me!”

Qin Yu: “...”

She looked at Shen Liang cautiously and smiled, "Let's go together, husband?"

—

as expected.

With Shen Liang around, Mother Qin's scolding was less intense, but she still gave Qin Yu enough face.

But she was still angrily scolding in the office:

"You just give the company away, give me away!"

Qin Yu lowered her head and muttered, "Who dares to ask for it?"

Qin's mother was even more angry.

Shen Liang gently persuaded a few words, and then figured out the matter.

Qin Yu generously used the land that he bought for 9 million and sold it to others for 6 million.

This kind of behavior is no different from sending money?

Indeed, it is no wonder that Mother Qin is angry.

Shen Liang smiled, "Aunt Qin, things have already happened, and getting angry won't help. Why don't you give her a chance to make up for what she has done?"

If Mother Qin hadn't been taking care of Shen Liang, she would have wanted to slap her.

"Make up for it? Do you think I dare to hand over the project to her?"

Shen Liang paused, "I happen to have a new energy project in my hand, why don't I give it to her, I will take good care of her. Qin's mother was surprised: "

You mean..."

"I just have a chance to take her on a project, so that she will not go out and cause trouble if she is too free."

Shen Liang's tone was somewhat affectionate and indulgent . .

Mother Qin couldn't see anything, she looked at Shen Liang's attitude towards Qin Yu, and knew what must have happened between the two...

but this was something they were happy to facilitate.

“What project is not a project, she caused me so many troubles when I was a child, and every time I wanted to see her ability to be good, she would hold me back.

Well, I will give her to you, the project is still Forget it, let her come back to take over the company when her ability improves a bit.”

Qin’s mother has her own plans in her heart.

Although Shen Liang was the fat piece of the new energy project, but if she really wanted it, Qin Yu would be difficult to be a person in the future.

She has such a flamboyant temper. If she suffers a little grievance and endures it, she will not be distressed to death as a mother?

Shen Liang understood the meaning of Qin’s mother’s words, and did not force it. He glanced at Qin Yu, who was guilty, and nodded.

“Okay, then let her work with me temporarily.”

Qin Yu raised her head subconsciously, a little shocked.

Unexpectedly, she actually became a part-time worker for Shen Liang?

He really has courage!

After leaving Qin’s mother’s office, Qin Yu breathed a sigh of relief as if she had fought a battle.

Still lost.

Shen Liang smiled, “So afraid?”

“Aren’t you afraid?”

Shen Liang hesitated for a few seconds before telling the truth, “Just now, I was really afraid.”

But he didn’t show it.

Qin Yu threw the bag in her hand and looked back at him:

“I’m hungry, please invite me to dinner, Mr. Shen?”

A smile appeared in Shen Liang’s eyes, “Okay.”

He chose a romantic western restaurant . In the restaurant, Qin Yu was in a daze watching the waiter cut the white truffle.

Shen Liang suddenly said:

“That project, who did you sell it to for six million?”

Qin Yu was slightly taken aback.

She instantly thought of the messy relationship between herself and Mo Xian, and Mo Xian’s ex-wife.

She didn’t know how to explain it to the man who was her husband in front of her.

It seems that there is some difficulty.

Shen Liang looked at her and waited patiently for her answer.

There is no way to hide, and he will know from other channels.

Instead, Qin Yu might as well say it herself.

She pursed her lips: “The ex-boyfriend’s ex-wife.” The

waiter listened, and the white truffle rolled to the ground.

Shen Liang looked at him with dissatisfaction, his icy expression swept over, and the waiter quickly bowed and apologized.

“Go down.”

Shen Liang’s voice was extremely cold.

“Yes, I’m sorry you two.”

Qin Yu looked at him when there was no one around:

“Are you angry?”

Wasn’t he angry when he was angry with the waiter just now?

Why get angry?

Is it because of the waiter, or because of her?

Shen Liang looked up at her lightly, and the moment the two looked at each other, a warm color in his pupils surfaced:

“I’m not angry, but this doesn’t seem like something you can do.”

Qin Yu twitched the corners of her mouth and asked He raised his eyebrows and spread his hands:

“You’ve heard about me too, don’t you think I’m sorry for her?”

Shen Liang shook his head lightly:

“You’re not that kind of person.”

Qin Yu froze for a second, and in just a second, she regained her composure.

She hooked her lips, for some reason, the long-hidden bad luck in her heart was swept away because of these words.

Look, even a person who doesn’t know her well knows that she is not such a person.

So what qualifications do those bystanders who clamor for “third party” infamy have?

Thinking about how she once fell into self-doubt and pain because of these infamy, it feels extra ridiculous.

She lowered her head for a second, and sighed indifferently:

“It’s not because of guilt, it’s because of pity for her.”

Pity her for being unkind, and pity for her profligate days.
