Chapter 1501 The troubles of the rich

Shen Liang looked at her secretly, but there was no emotion in his eyes.

Qin Yu just lowered her head for a few seconds, and then returned to her natural smile.

“Just like you paid 500 million to send your ex-girlfriend, I used the money to buy peace of mind for myself, right?”

They didn't come together because of their deep love. At this stage, they are still gradually getting together. get along.

If Shen Liang really cares about her past so much, why should he start with her?
heard.

Shen Liang smiled, “Of course it's nothing, you did the right thing.”

After a while.

The waiter serves the food.

Qin Yu looked at the food and put the unhappiness just now behind her head.

Shen Liang served her dishes very intimately, and the two of them seemed to have never mentioned the topic just now.

Finished eating.

Qin Yu felt tired.

She stood at the door and stretched, watching Shen Liang drive over.

“Get in the car.”

Qin Yu paused, blinked, and leaned forward, “Want to go to the company?”

Shen Liang looked at her with a puzzled look.

if not?

Isn't it time to go to work?

They came out to hang around for so long. Although Shen Liang had been dealing with various things on his mobile phone, some urgent matters were pushed to the back.

It's impossible not to go to the company.

Qin Yu pouted, looking uninterested.

"I'm not going, I'm going back to rest and have a SPA in the afternoon. I don't want to face the boring things in the company now."

Shen Liang pursed his lips. At this moment, he suddenly understood how Mother Qin was gnashing her teeth towards Qin Yu. of love.

Turn around and don't have a long memory!

What a living second-generation ancestor!

He patiently pushed the door and got out of the car, pulled her arm, opened the passenger's door, and pushed her in.

Qin Yu was still very puzzled: "Are you going to take me home? No need, it's taking so much time for you, I'll just go back by myself..."

Shen Liang fastened her seat belt At the time, Qin Yu frowned when he looked at him.

Suddenly there was a bad feeling.

He said in a dark tone, "Miss Qin, I just said everything in front of my mother-in-law. You don't want me to be taken over and reprimanded in a few days, right?"

Qin Yu blinked and heard "mother-in-law" This name suddenly trembled slightly in my heart.

Shen Liang seems to be very comfortable with his identity!

But she still heard what he meant, and asked nervously,

"What do you mean? You won't really let me work with you, will you?"

Shen Liang sat up straight and looked at her sideways, with a playful corner of his mouth. :

"Can't you?"

Qin Yu: "Of course not, my mother is just talking about it, she can't do without me, I'm the mainstay of the company now, and I can't live a day without me!"

Shen Liang pumped The corner of her mouth looked at her and said,

“No wonder mother-in-law is so anxious, the company is so precarious, it seems that you should study more!”

Qin Yu didn't come up in one breath, almost mad at herself.

“Is it okay to say anything?”

Shen Liang nodded, “No, although you have some ability, but you haven't been involved in big projects. I have a few projects where you can practice your skills. This is a good opportunity.”

Qin Yu certainly knew that this was a good opportunity.

But she also knew that she didn't have that ability, and she has come to this day, half relying on friends, half relying on cleverness.

She was lucky and became Miss Qin.

if not?

She pursed her lips, “then don't regret it, you lost the big project when you turn around, don't turn your face and ignore the person.”

Shen Liang smiled, with a faint smile on the corner of his lips:

“Don't worry, It's up to you to lose it.”

...

Chapter 1502 is too uncomfortable

Chapter 1502 was too uncomfortable for a

moment of silence in the car.

Qin Yu always felt that Shen Liang's words were a little spoiled inside and out.

How long have they known each other?

Must be an illusion!

to the company.

The foundation of the Shen family's company is not here, but because of its strength and reputation, it is also on the commercial street where every inch of land is expensive. It should not be underestimated.

But compared with their headquarters, there are still some gaps.

Shen Liang took her to the elevator. It happened to be working time in the afternoon, and there were more people and crowded.

He was about to go in, and looked at Qin Yu stunned behind, with a shocked look.

He frowned and pulled her into the elevator by pulling her by the wrist.

Afterwards, more than a dozen people came in, and it quickly filled up.

Qin Yu was involuntarily squeezed into a corner, extremely uncomfortable.

Shen Liang walked over silently. He was crowded by the fat man in front of him and cursed inwardly. Maybe this place was really wrong at the time.

It's just that this commercial building doesn't have a dedicated CEO elevator, and he doesn't mind such trivial matters.

Taking the elevator to and from get off work with the employees, not many people recognize it, it was originally his fun.

After finally reaching the floor, the employees left in pieces.

Only Qin Yu and Shen Liang were left in the elevator.

Qin Yu was silently relieved.

Just now, she was really afraid that her high-definition lambskin boots would be stepped on.

Shen Liang looked down at her with deep eyes:

"Aren't you getting used to it?"

Although the Qin family can't be compared with the Shen family, they are also very famous here.

In particular, part of the equity controlled by Qin's mother comes from state-affiliated enterprises, which is why the Qin family's background has been so tough for so many years.

This Miss Qin has been dressed in fine clothes and food since she was a child, and I am afraid that she needs someone to help her press the keys when getting on and off the elevator.

When I saw her terrified look just now, I was afraid that she would be scared to death!

Qin Yu raised her head, stunned for a moment, brushed the broken hair in her ear, and smiled:

“No, I just didn’t expect so many people.”

Qin Yu’s heart fell gently, thinking about pressing an exclusive elevator, the Shen family should not lack of this money.

But Shen Liang enjoyed it.

Is this some weird fetish?

Seeing her fake appearance, Shen Liang immediately felt very funny.

The depression in my heart suddenly disappeared.

“If you don’t like so many people taking the elevator, you can stagger the commute time with them in the future.” After a

pause, he added,

“I won’t punish you for being late.”

Qin Yu raised her eyes and looked at him curiously: ” But are you all used to it? Just now everyone doesn’t seem to know you...”

It was obviously his company, his employees, but in the elevator just now, everyone was doing their own thing.

No one noticed them at all.

Shen Liang smiled.

“I’m not a big star, and they’re only here for work, why do they have to know me?”

Qin Yu paused, unable to find a reason to refute his words for a while.

When the elevator arrived, Shen Liang subconsciously put his hand on her waist and gently pushed it forward.

Qin Yu walked out of the elevator with strength, and saw that Shen Liang's assistant Zhao Huan happened to be standing outside.

When he saw Shen Liang, he was about to speak when he saw Qin Yu beside him.

He smiled and nodded.

"Mr. Shen, Mrs. Shen."

Shen Liang nodded and took Qin Yu out.

Qin Yu seemed to be a little uncomfortable with the name "Mrs. Shen", and her face blushed for a moment.

Zhao Huan just happened to find Shen Liang for something, so he turned back and followed Shen Liang.

The passing employees all bowed their heads and did their own things, and didn't even notice that Shen Liang took a woman to the office.

Qin Yu's heart was silently put in his heart.

She didn't want to be the center of conversation for the Shen family's company.

The feeling of being skinned is horrible.

But it seems that there is no such trouble here.

...

Chapter 1503 What do you ask me to do

Chapter 1503 What do you want me to do?

Qin Yu walked behind Shen Liang, and Zhao Huan invited her in.

At a glance, the clean gray tone inside is really like his style, dull and unspoken.

The furnishings inside are not very luxurious, but they are clean and tidy and not cheap at all.

Shen Liang took off his coat and threw it aside. Zhao Huan picked up his clothes and hung them up with sharp eyes, while reporting:

"Mr. Shen, Dean Chen from the medical field came here in the morning, and I stayed here until the afternoon before leaving."

Shen Liang seemed to be knowing this for a long time, he responded:

“Has he eaten?”

Zhao Huan smiled, “I did, and Vice President Qian and I accompanied him.”

Shen Liang nodded.

“Their hospital wants to monopolize large-scale medical equipment and make a fortune, so they can’t agree so happily, let’s delay it first.”

Zhao Huan nodded and said yes.

Then he looked at Qin Yu, who was sitting on the sofa, and pursed his lips, trying to say something.

Shen Liang paused and coughed:

“Qin Yu, you also know her, she will stay in the company temporarily in the future.”

Zhao Huan’s eyes widened in shock.

Incredible.

Qin Yu turned her head to the side, showing a perfect smile, and nodded lightly to Zhao Huan:

“Please advise me.”

Zhao Huan couldn’t believe it, what did he dare to teach Mrs. Shen?

Shen Liang saw her smile at Zhao Huan, his eyes darkened, and his tone became a little colder unconsciously.

“Zhao Huan, let the Human Resources Department come over to go through the induction procedures in a while, and I will start working today.”

Now, it was Qin Yu’s turn to laugh.

“Is it so formal?”

Shen Liang looked at her with kindness:

“Of course, otherwise how would I explain it to my mother-in-law?”

She is not a fool.

Qin Yu was speechless for a while, but always felt something was wrong.

Seems like I'm missing something.

Zhao Huan felt the same way.

"Then Mrs. Shen's job is..."

He asked tentatively, but it was not his turn to arrange it by himself.

Is it the vice president?

Is it the director?

or something else?

Shen Liang paused, "My assistant."

Zhao Huan and Qin Yu were stunned for a while.

Shen Liang added: "Same as you."

Zhao Huan was sure that he heard correctly.

Qin Yu stood up stiffly and looked at him with a confused look:

"Isn't it a big project? Isn't it a hand training? Did I come to bring you tea and water?" Is

she, Miss Qin, an assistant to others?

She wondered if the other party had taken the wrong medicine?

Shen Liang looked at her, not joking.

"The position of Zhao Huan is the position that has the most contact with the core confidential projects. It is much more important than those directors who need to go to the top. Leaving aside things like serving tea and water, do you think ordinary people can sit at his step?"

Qin Yu looked at Zhao Huan dully, and then at Shen Liang.

Oh, no kidding indeed.

She also understands that the assistant beside the general president is equivalent to a veritable vice president.

Even the assistant beside Qin's mother holds 6% of Qin's company's shares, so his importance is self-evident.

And the people who can be by Shen Liang's side, his level of excellence in all aspects, must be unmatched.

Zhao Huan smiled dryly, not knowing what to say.

Can't persuade Mrs. Shen to say that her position is really great?

"Mr. Shen is too polite, it's all your support..."

Qin Yu pursed her lips, "Okay, then I'll trouble Assistant Zhao."

It's good to be an assistant, if you want to choose, you can choose, there is no burden.

Shen Liang nodded with satisfaction, his eyes warmed a bit when he looked at her.

"In that case, let Qin Yu take over Zhao Huan's work, Zhao Huan, take over the project department temporarily."

For a while.

Everyone was stunned.

Zhao Huan: "I... I've been promoted?"

Qin Yu: Can't I be a pick?

...

Chapter 1504: Heavy Identity

Chapter 1504 Heavy Identity

Zhao Huan did not expect the surprise to come so quickly.

Although his status in the company can be considered a high-level, but unlike those high-level people who speak well, the core of his power lies in what Shen Liang gave, not what he should have.

He went to the project department, which meant that Shen Liang gave him the project department and had a seat on the board of directors, and was no longer the chief executive in the eyes of everyone.

“Okay, Mr. Shen, I will definitely live up to your expectations and be conscientious in my new position...”

Qin Yu didn't hear what Zhao Huan said next, and she couldn't listen to anything. .

I feel that I might as well stay by Mother Qin's side, at least she scolds me, but I'm used to cleaning up the mess.

But Shen Liang...

Shen Liang clearly didn't want her to come over to be gilded.

He looked at Qin Yu's expression, waved his hand, and asked Zhao Huan to prepare for the handover.

After Zhao Huan left the office, Shen Liang walked over.

Looking down at her:

“Why are you unhappy?”

Qin Yu blinked: “Are you happy?”

Shen Liang smiled, with a bit of moistness between his eyebrows:

“Well, I'm quite happy, because You are going to work with me soon.”

Qin Yu pouted, “We change positions, how can you still be so happy?”

Shen Liang looked back at his desk, pondered, and smiled.

“So you wanted to take my seat?”

Qin Yu turned her head away, obviously he misinterpreted her meaning.

Originally thought, even if not a vice president, the size is also a supervisor or something.

What are you doing?

assistant?

This gap is too big!

Shen Liang: “It's not impossible. When you mature, this position will be given to you, okay?”

Qin Yu rolled her eyes at him, "Who cares?"

Shen Liang smiled and didn't mind her small Temper, but feel a little cute and cute.

Qin Yu, who has always been aloof, can still lose her temper like this, she is simply a little angel.

Seeing her heavy heart, he explained patiently:

"As you know, Shen's business has just expanded here, and the two giants, Fu's Group and Su's Group, each occupy half of the country, and other forces want to come and develop, not It 's easy."

Qin Yu glanced at him and pursed her lips.

"So what? I remember that your family's power is not small in the middle, why do you have to come here?"

Shen Liang smiled:

"You can't always follow the old way, although with the help of the Su Group, the Shen family has He was freed from the Hong's influence, but that didn't mean it would always be smooth. If the Shen family wanted to transform, they couldn't keep spinning around in the middle.

City A was the fastest-growing city in country Z, and even if it was very difficult, we still had to come. "

So even if his status here is not as good as in the middle, he has to be looked at by others.

Qin Yu blinked, her heart moved slightly.

She didn't know, how could he suddenly tell her so much?

And it seems that they are all secrets, which are related to the future of the company. This is too easy to leak, right?

"Oh, but what does this have to do with me being your assistant?"

She still wanted to correct the misunderstood topic.

Shen Liang looked at her with a smile:

"Yes, Zhao Huan's ability can already be on his own, and there is no other candidate for the project department here except him.

And I can't have a capable person around me, so Miss Qin, can you wrong you and be a part of me for a while? Where 's the assistant?"

Can I wrong you?

Qin Yu suddenly felt a warm current in his heart, sweet and sour, indescribable taste.

Suddenly she was no longer angry or awkward.

...

Chapter 1505 Annual Salary Talk

Chapter 1505 Let's talk about the annual salary

. For Shen Liang's self-deprecation and honesty, she will reluctantly forgive him!

"Yes, yes, but one yard is equal to one yard, my salary can't be bad!"

Qin Yu pursed her lips, she can't work for free!

Shen Liang nodded earnestly:

"You're right, Zhao Huan's basic annual salary is about three million yuan a year, and the messy benefits add up to about five million yuan.

Miss Qin's worth can't be less than him, I'll give it to you. You ten million, other treatment, you can talk about it, how about it?"

Qin Yu looked at him in shock, as if looking at an idiot.

Zhao Huan's annual salary is the same as hers?

Qin's mother gave her an annual salary of less than three million!

Although she has no shortage of pocket money, her annual salary is indeed a drop in the bucket.

If it wasn't for Mother Qin's black card, how could she spend so much?

With an annual salary of 10 million yuan, Qin Yu felt that this was already the pinnacle of the assistant world.

She is willing to let her work as an assistant for a lifetime!

She tried hard to suppress her inner ecstasy, and nodded calmly on the surface.

“Well, I’m totally looking at our face as husband and wife.”

Otherwise, she wouldn’t condescend for money.

Shen Liang smiled and nodded, as if he didn’t see the little plan in her heart.

Qin Yu smiled and quickly entered the role:

“In this case, our relationship should not be made public for the time being, otherwise it would be bad for others to know.”

Shen Liang’s smile froze, “What’s wrong?”

“They It would feel like I was going through the back door.”

Shen Liang looked at her: isn’t it?

“Okay, I’ll listen to you, but it won’t take long. The wedding date is next month, and it’s already booked.”

Qin Yu pursed her lips, “Then don’t say it deliberately.”

“Okay.”

As if she could agree, she has It’s a big face.

Other requirements can be met.

Qin Yu looked at him with her arms around her, and smiled:

“But Mr. Shen, you are not afraid of what I just said? You want to stand here, Su Nan is my good friend.”

Shen Liang smiled, “Anything that can be said is not a secret.”

Therefore, even if it is said, there is no risk.

Who doesn’t know the monstrous power of the Su Group and the Fu Group?

If it weren’t for the awkward relationship between these two companies, once they join hands, it would be really difficult for companies like them to survive in the cracks.

Qin Yu paused, Shen Liang had already straightened up, with a business-like attitude:

“I’ll be handing over work to Zhao Huan in a while, he has a lot of projects, one of which is medical equipment, you should focus on handing over.”

Qin Yu nodded, and really walked out.

Shen Liang looked at her back, and a smile unconsciously floated into his eyes.

So cute!

It took Qin Yu and Zhao Huan almost the whole afternoon and evening to hand over work.

She really didn't expect that Zhao Huan's work was so complicated and huge, and it was only related work in City A.

Zhao Huan, the assistant, has done a great job!

Regarding Qin Yu's appointment, all employees have been notified on the internal system in the afternoon.

Qin Yu also signed the contract without any regrets. At this moment, she suddenly felt that she had changed from a small boss to a social animal.

Zhao Huan moved out of his office, and Qin Yu moved in.

When leaving, Zhao Huan hesitated:

"Mrs. Shen, no...Assistant Qin, you may feel uncomfortable just taking over. If you have anything you don't understand, you can ask me at any time.

But ask Mr. Shen . It will be more convenient."

Zhao Huan still doesn't understand, why did President Shen let this young lady take his place?

He didn't even look at so many excellent resumes on his desk.

But thinking about it is right, isn't it a good time to cultivate feelings?

Still Shen Liang is far-sighted!

Qin Yu's mind was chaotically busy for a long time.

Few of the other employees had unexpected opinions on the replacement of the assistant, and they were all concentrating on their own business.

It's just a personal job change.

Therefore, they did not take the initiative to inquire about right and wrong, nor did they speculate on Qin Yu's origin.

Everything that was originally going to be explained to Zhao Huan was explained to Qin Yu.

Qin Yu wrote down everything in her head. In a blink of an eye, the notes flew to somewhere.

Everyone's comings and goings finally calmed down, and when Qin Yu looked up, it was dark.

She glanced at the time, it was already eight o'clock in the evening.

Excited, she stood up abruptly.

He is someone who never works overtime!

As soon as she opened the door and went out, she saw that Shen Liang was also about to push the door in.

The two looked at each other, and Qin Yu felt wronged to death.

10 million is not enough, at least 20 million!

Shen Liang smiled and walked over, "You're not used to it at first? Are you hungry? I'll take you to eat something?"

Qin Yu pushed him away and walked forward with her bag:

"No matter, I want it 's time for work."

Shen Liang nodded and walked behind her.

Qin Yu glanced at him and whispered:

"Don't follow me, or you will be seen by others."

Shen Liang raised his eyebrows, "Now that everyone is gone, where is the person watching?"

Qin Yu was stunned and looked around. Sure enough, except for With bright lights and an empty office building, it seemed that she and Shen Liang were really the only ones left.

"What?"

Shen Liang smiled, "The company's regulations, in order to avoid introversion in the workplace, as long as they complete their daily work, they can leave work on time, and if they work overtime, they need to apply separately."

Qin Yu blinked, she really didn't Have you ever seen such a benevolent capitalist?

Don't ordinary capitalists make everyone work overtime as late as possible?

Now you have to take the initiative to apply for overtime?

Hehe...

Shen Liang went to press the elevator, Qin Yu went in, and saw that something was wrong on the opposite side, it seemed that there were more building materials.

Didn't it come before?

Qin Yu was puzzled, "Do you want to renovate it?"

Although the building is not too new, the price is already astronomical in this place where every inch of land is expensive. If you want to renovate, you must pay for it yourself.

This money is not a small amount.

Shen Liang smiled: "No, install an elevator."

After speaking, the elevator door in front of him slowly closed.

But Shen Liang's words swept across his heart like a feather, itching and soft, indescribable feeling.

"Why...the elevator is suddenly going to be installed?"

Shen Liang looked at her for a few seconds, pondered for a while, and then said with a smile:

“According to the company’s regulations, the president’s exclusive elevator can also be used by the president’s assistant.”

So, what do you think?

Qin Yu didn’t want to admit it, but she felt that her heart suddenly trembled.

She was moved.

For an elevator?

For the next time, no one spoke again.

Their relationship is delicate, both husband and wife and strangers.

They are not familiar, but they are intertwined.

They are deeply attracted to each other, but they are restrained and approached step by step.

But in just ten seconds, the elevator door finally opened.

The cold wind from outside poured in, breaking the silent atmosphere.

Qin Yu pursed her lips, “Actually... It’s good to take the elevator with others. There’s no need to spend so much trouble, right?”

...

two people and went out side by side. Hearing her words, Shen Liang paused.

He nodded slightly and nodded:

“Yes, I don’t like it. Don’t be stressed or think too much. After all, I’m also a CEO. I’m afraid that the employees will squeeze me to death!”

Qin Yu buried her head. Very low, she felt that Shen Liang was connoting her!

Forget it, he can do whatever he wants, anyway, he has a lot of money!

Shen Liang took her to eat something, and met an acquaintance during the checkout, and Shen Liang went over to say hello.

Qin Yu didn't have this interest, so she sat in the box and chatted with Su Nan.

Su Nan: "Going shopping tomorrow?"

Qin Yu: "No, I'm not free, I want to work."

Su Nan: "Have you taken the wrong medicine?"

Qin Yu: "No, it's hard to say."

Su Nan: "Are you short of money?"

In everyone's eyes, when Qin Yu was working hard, it was usually the Qin family that had an accident, something big!

Qin Yu felt a little ashamed.

"There's still no shortage for now, but I've moved to another place to work, Shen Liang's assistant."

It took a long time for Su Nan to reply: "Oh—" It's meaningful.

Qin Yu's face turned red.

Suddenly, she didn't pay attention, the door of the box was pushed open, thinking it was Shen Liang who came back.

She turned off her phone and stood up, intending to leave.

"So fast?" The

other party didn't move.

She paused, looked up, and saw Mo Xian.

His whole person was gloomy and gloomy, and his facial features were even more gloomy and gloomy. His eyes were red and bloodshot, and he stared at her fiercely.

The emotions in his eyes were extremely complicated.

He only saw Shen Liang by chance when he was checking out, but unconsciously thought of this woman.

When I heard about Shen Liang's box, I wanted to come over and try my luck.

As a result, luck is really good!

Can she go in and out of public places with Shen Liang now?

Mo Xian's heart felt like being stirred by a knife when he thought that she would really go out with others in the future.

When Qin Yu saw him, the smile on his face subsided.

Clean and tidy.

She had a look of alertness on her face:

“What are you doing here? I didn't invite you in, did I?”

Mo Xian approached, “When are we going to be so unfamiliar?”

Qin Yu: “We don't have anything to do now, let's keep it The distance is good.”

Mo Xian's heart sank and he took a step forward.

“It doesn't matter? Are you serious?”

There was a bit of trembling in his tone.

It seems that those days of wanton publicity, which warmed him for a whole year, are gone.

The dark sky overturned, blocking all his light.

“You don't think I'm acting?”

Qin Yu smiled, even breaking up was acting?

She has her own standpoint. When interacting with others, unless she has really reached the point of breaking up, she will never say the word “break up”.

Mo Xian lowered his tone, suppressing all his emotions.

He was patient and looked at her:

“Qin Yu, don't make trouble with me, can't I apologize to you?”

The first time I met her, in the box of the bar, she was the person who liked to play the most, also The funniest person.

Mo Xian admitted that he was attracted to this woman at first sight.

She appeared there with Su Nan, Su Nan looked at him with scrutiny and vigilance.

Only Qin Yu, when she looked at him, smiled, like a beam of light, illuminating the coldness of the box.

Immediately after that, they had countless contacts, and they approached step by step. It must be said that he did have ulterior motives.

But he couldn't control it at all.

He also wanted to just play, but when his married identity was revealed, his first thought was fear, so he ran back and filed for divorce without a word.

...

Chapter 1508 How much I love you

Chapter 1508 How Much I Love You

That's the first time, Mo Xian wants to have an open and honest relationship with Qin Yu, a woman.

But she was angry.

She left.

Mo Xian knew that he was right, no matter what she did, he gave in step by step and never gave up.

She loves him and he knows it.

If the shackles of morality imprison this love, then throw the shackles away.

He got divorced and went to pursue her upright.

Without much effort and time, she agreed.

He thought that in this life, the two of them were destined to be together.

But when I saw her joking with other men, I suddenly felt that she was like a gust of wind and was about to leave.

Qin Yu looked at him quietly, with no turbulence in his eyes, and there was no him.

Mo Xian felt that his heart seemed to be empty.

“Are you still blaming me? I know, you’re blaming me for letting the land out. Did that woman take the initiative to find you?”

He didn’t even know what he was talking about.

He knew that his ex-wife’s family was declining day by day, and no one could survive without his help.

He deliberately watched helplessly, wanting to take the opportunity to swallow it, but he didn’t wait for this opportunity.

They said that Qin Yu transferred the land to her at a low price.

At first, I didn’t understand, didn’t Qin Yu hate his ex-wife very much?

It was only for a moment that he suddenly understood, because Qin Yu let go, let go of him and his ex-wife, so he was willing to help, but he didn’t care at all.

The thought frightened and frustrated him.

Qin Yu frowned at him:

“Mo Xian, don’t touch yourself any more. You also know that our relationship is not that deep. Apart from the attraction to each other at the beginning, what is left now?”

Keep going, the best result is nothing but me. It’s just to be your second ex-wife.”

Mo Xian’s brows were tight, his expression was obviously subtle and unwilling:

“Impossible, you know how much I love you...”

“But I don’t love you anymore... ..”

Qin Yu looked at him and said frankly.

“That’s why I dared to be so open and upright when I faced your ex-wife. I think it’s really pitiful for her to meet you.”

After that, she didn’t want to stay in this silent and depressing box anymore, and was about to go out with her bag.

But his wrists were held tightly.

Mo Xian’s intimidating sullenness suddenly gave rise to a chill.

“Let go, what are you doing?”

Qin Yu’s voice stimulated him.

Of course Mo Xian wouldn’t listen to her, he dragged her to his side.

“Qin Yu, of course you won’t be the second her. If you say that, just leave. Do you take me as a joke?”

“I

care about you— ” Qin Yu struggled with disgust, but Mo Xian didn’t plan at all. Just let him go.

In the stalemate, a force kicked Mo Xian’s back violently, like a strong wind, hitting the table behind her.

Immediately, it was messy.

Qin Yu was shocked and stiff for a moment, and looked at Shen Liang standing at the door, his eyes were cold, his aura was strong, and his movements were sharp.

His face was iron-like, he walked over, and pulled Qin Yu behind him to block him.

Seeing that Mo Xian straightened his waist, his eyes were like torches:

“It’s rude to do something to a lady.”

It sounded like a lesson, but there was a cold chill in his tone.

Mo Xian didn’t like him for a long time: “This is about me and her, you don’t need to worry about it!”

Shen Liang said “oh” and stood there without changing his face:

“I’ll take care of it.

” The atmosphere sank for a moment.

the confrontation between the two men. It is like a silent exchange of swords. The sharp blade can thin the air.

Mo Xian and Shen Liang were on a par with each other, their eyes were fixed on each other, and they didn't give in the slightest.

It's just that Qin Yu behind him couldn't stand still.

She tugged at the corner of Shen Liang's clothes and whispered:

"Let's go quickly, don't waste time here."

Shen Liang took advantage of the situation and took her hand, with a look of joy and tolerance:

"Okay, then let's go. Right."

It seemed, just to give her face.

"Shen Liang—" Mo Xian's voice resounded coldly in his ears.

"Do you think this woman is serious? How can she be sincere? She was the same as now when I was with me..."

Qin Yu's face was pale, and she stood there, as if she had been hit with a sap, dizzy.

Sow discord?

Mo Xian's darkness has never been used on her, but during this period of time, she has also learned a lot.

Now, it's torn face.

It's ridiculous.

The deep friendship at the beginning, what is it now?

She stood there, turned her head, and was about to open her mouth to refute, when suddenly Shen Liang stopped her shoulders, pushed her out, and then stood inside and closed the door.

Lock her out.

He turned around, an inexplicable chill shrouded his body, and stood there straight.

Shen Liang's eyes were dark and cold as he looked at Mo Xian, and there was condensed ice in his pupils.

"Enough said?"

Mo Xian stood there and smiled playfully:

"Are you serious? Are you serious about her?"

He admitted his despicableness, but as long as Shen Liang was kept away from Qin Yu, he could say anything.

He was never open-minded.

Shen Liang looked at him through the light, and his thin lips opened lightly: " Mo

Xian, this woman you liked, you should know that there are some things you can't say, won't she be sad when she hears it?"

A suffocation.

He raised his head with scarlet pupils and looked at Shen Liang, his face tense and ugly.

Shen Liang: "In my opinion, when she was with you, she used all her sincerity. It was true that she loved you at first, and it is true that she didn't love you now.

Since it is all true, why don't you admit it? Mo Xian couldn't hold back: "

What do you know, why do you care about me and her?"

He hated other men who made irresponsible remarks about their relationship from Qin Yu's point of view.

"Mo Xian, if it's a man, just go ahead and destroy her if you don't get it. Do you want her to hate you in this life?"

Shen Liang's tone carried a compelling chill.

"If you're really unwilling, just blame yourself why you didn't keep it. Don't talk to a woman."

Mo Xian's eyes darkened a bit, and his face suddenly became a little angry and unwilling.

Every word of Shen Liang's words seemed to humiliate him.

He stepped forward and raised his fist, "Then you should get out of the way—" Shen Liang turned sideways, the strong wind of his fist swept past, and he could miss it, but in the next second, Shen Liang slammed his fist from behind, knocking his The arm was twisted, pulled back, and slammed into the corner of the table.

Mo Xian suffered two losses in his hands, and naturally he was not willing to let it go.

He pounced on him, his fists were extremely ruthless, Shen Liang didn't stand still, and no one admitted defeat.

...

Qin Yu stood outside, tightening her clothes, and it took a long time for her pale face to return to blood.

As Mo Xian's paintings said just now, she almost forgot why she was standing here.

The person she loved the most at the time, the person who gave up everything and wanted to be together, how could she hurt her so much?

...

under the lights.

She was cold all over, listening to the words inside, listening to the sounds coming from inside, she wanted to run, wanted to escape.

But not a single step was taken.

After an unknown amount of time, the door was opened from the inside.

Shen Liang came out and touched the corner of his mouth lightly.

Seeing her standing in the corner, obediently motionless, she closed the door again in an instant.

He walked over, his eyebrows regained his calmness and calmness:

"Why are you standing here? Isn't it cold? Let's go, it's time to go home."

It seemed like a natural thing for him to hold her hand.

She didn't refuse either.

His hand was generous and warm, it was her only source of heat, and she was reluctant to let go.

The coldness that Mo Xian had brought to her just now seemed to have melted away.

See, so fair, her redemption has come.

The marriage room means that they will be together forever.

But the past is still the future, cut it open, there are no secrets.

It's very warm in the house.

She moved, threw her bag away, and sat on the sofa, a little unhappy.

I don't even know how to explain it.

Helpless, Shen Liang bent over to pick up her bag from the ground and put it on the cabinet beside him before he said warmly:

"Even if you are not happy, don't take advantage of luxury goods, you don't always think luxury goods are your happiness. Fruit?"

Qin Yu raised her eyebrows, she never told him this, how did he know?

Shen Liang smiled, "Everyone who knows you knows that Miss Qin will make him the most happy."

Qin Yu pursed her lips, and the corners of her curved mouth quickly loosened.

"I didn't expect him to come in suddenly, otherwise I wouldn't want to see him, I'm not a sloppy person."

Shen Liang paused, "Well, I know."

He touched her head, "Yes I'm not good, I shouldn't have taken you there to eat, or you won't be unhappy."

Qin Yu's heart suddenly softened.

She raised her head, her eyes were still a little wet, looking at his facial features in front of her, cold and calm, very handsome.

"Shen Liang, we are married, I will be responsible for you, I am not just playing."

Shen Liang paused, his eyes darkened a bit, his voice was hoarse:

“Well, I know.”

He walked over, cupped her face, bowed her head, and kissed.

“Qin Yu, don’t be unhappy because of what other people say. I don’t believe in others, I only believe in you.”

After speaking, he didn’t wait for Qin Yu’s reaction, he picked her up and carried her into the bedroom...

second half of the month.

Su Group.

Su Nan looked at the invitation on the table and shook her head slightly.

Yu Lou stood aside, “Mr. Su, do you need me to contact Europe in advance to prepare a gift?”

Su Nan pursed her lips and nodded:

“Qin Yu’s marriage is a great event, she bought all the things she liked and sent them to her. .”

Yu Lou really envy Qin Yu being Su Nan’s friend!

“One more thing, the news of the engagement of Fu Yechuan, President Fu of the Fu Group...”

Su Nan looked up at him: “What are you doing?”

Yu Lou took a deep breath.

“Mr. Fu is engaged, but... I didn’t invite you, but other aristocratic companies already know about it, so we... should we pretend not to know? Or?”

Su Nan hesitated for a while. The news of Fu Yechuan’s engagement was known to her from Cheng Yi.

It was just last night, when everyone went out for a drink, Cheng Yi missed the point.

Fu Yechuan and that An Qi got engaged seven days later.

Fast enough and perfunctory enough.

But the perfunctory people with discerning eyes can see, don't dare to regard it as perfunctory.

Everyone celebrated the news of Fu Yechuan's engagement with the sound of congratulations.

For example, the interests of the Su Group have been implicated a lot. If it is an open relationship, an invitation should also be sent.

but.

Fu Yechuan bypassed her alone, as if he had left out the Su Group on purpose.

Su Nan closed the notebook, "Don't worry about it, I'll discuss it with my brother."

Yu Lou nodded and breathed a sigh of relief.

It is estimated that Fu Yechuan bypassed Su Nan because he did not want his ex-wife to attend his engagement banquet.

But engagement?

Fu Yechuan's obsession with Su Nan just disappeared?

Yu Lou is somewhat incomprehensible.

But there were some things he couldn't understand.

After finishing the matter, Su Nan went to Su Jin's office.

He was sitting upright, and in front of him was the terrified department manager, who didn't know what he had done to make him unhappy.

Su Nan knocked on the door and went in.

Su Jin glanced at the head of the department and said in a cool tone, "Go out, if there is another time, just get out."

“Yes.”

Su Nan sat opposite, “Brother, have you heard the news of Fu Yechuan’s engagement?”

Su Jin’s brows trembled, but he still nodded.

Seeing Su Nan a little distressed, he frowned slightly, “You won’t…”

Su Nan saw what he was thinking, and was speechless.

“What are you thinking? It’s just that everyone knows about his engagement, but he didn’t send us an invitation. If the news spreads, the outside world will probably speculate that our relationship is turbulent and affect business matters, so I came here to ask. Su Jin’s

brows were relieved, and he looked at her with a smile:

“You don’t have to worry about this, he probably didn’t want to get married, and he didn’t want you to see him getting married, so he didn’t send invitations.

I will send congratulations in the name of the company, and nothing else.”

Su Nan breathed a sigh of relief and nodded.

“That’s good.”

Su Jin pondered, “What about you?”

“What’s the matter with me?” Su Jin smiled,

“Don’t think we don’t know, Shang Qian is almost inseparable from you, why, are you serious?”

Hearing his tone, Su Nan was a little unhappy.

“Brother…”

Su Jin restrained his smile and tapped on the table.

“I advise you to go back and live for a few days. Dad has an opinion.”

Su Nan became serious, knowing that Su Jin was definitely not intimidating her.

Thinking about going out for dinner with Shang Qian during this time, it seems that there are fewer and fewer opportunities to return to the old house.

Su Yifeng, the person who protects the calf, will definitely not go.” Blame Su Nan, she will definitely blame the person who kidnapped Su Nan.

She nodded immediately, “I’ll go home tonight. ” In the

afternoon, I was so busy that I forgot to tell Shang Qian, so I hurriedly sent a message when I got off work. When I got

to the old house, I didn’t have time to see if Shang Qian had replied.

But when she got home, the housekeeper Uncle happily sent people to prepare dinner. When he entered the

door, he did not look at Su Yifeng, but watched Shang Qian come downstairs.

Su Nan was shocked for a moment:

“Why are you here? Would

n’t Su Yifeng’s opinion be bigger?

Shang Qian smiled helplessly: “I was originally here to pick up Mike. When I saw your text message, I was already here. Didn’t you see my reply?” “

Su Nan took out the mobile phone in the bag, “I haven’t had time to look at it.”

Just as he was talking, Su Yifeng came out of the kitchen and said strangely:

“Whose eldest lady is this? Why did you come to our house?”

Su Nan’s scalp was numb, and she ran over without saying a word. “Daddy, it’s me
!”

Su Yifeng snorted heavily, “Do you still know how to come back?”

Su Nan pouted, “Then I’ll go?

“

The fish is so big, you have to make a fish soup...”

Seeing her cheeky appearance, Su Yifeng’s anger disappeared no matter how big it was.

After washing his hands and going out, he saw Shang Qian sitting comfortably on the sofa playing with Mike's building blocks.

He didn't want to see him either, and snorted.

...

Chapter 1512 Special care

Shang Qian silently retracted his hand, stood up and walked over.

"Mr. Su, Mike has lived here for a long time, so I'm bothering you!"

Su Yifeng had an opinion on Shang Qian, but he felt sorry for little Mike.

He rolled his eyes at him, "No need, I'm all for that poor child."

Poor?

Shang Qian didn't understand why this word appeared on Mike's body.

But there is no justification.

Su Nan walked over, stood leisurely behind him, put both hands on Su Yifeng's shoulders, and squeezed.

"Dad, you've been bothered, but Mike's school has already been contacted, and we will re-accommodate in a few days. After all, it's an international school, and we can still trust it in terms of education."

She took a precaution in advance, don't wait for it, Su Yifeng reluctant.

Su Yifeng's brows twitched:

"It's just a broken school that costs hundreds of thousands of dollars a year. It's not as good as the compulsory education in the past, and it's not worse than others!"

Shang Qian paused . , "Yes, Uncle Su is right, but there is no suitable school for Mike's studies at the moment. Besides, he is too young. If he doesn't take special care, it is easy to have problems."

Hearing Shang Qian's explanation , Su Yifeng's face softened.

He was not qualified to take care of little Mike's academic affairs.

Shang Qian is the guardian.

It's a little distressing to see that little Mike is so tired at such a young age.

After a while, little Mike woke up from upstairs.

When I saw Su Nan, I was so excited that I ran over and hugged her tightly.

"Beautiful sister, Uncle Su and I miss you, right?"

Su Yifeng snorted, really couldn't be angry with this little Mike.

"Who misses her?"

"Uncle Su said, when I grow up, I will let you marry me!"

Shang Qian squinted, glanced at him dangerously, and dragged him back by his collar.

"Let's go, I'll check your homework."

"Help, pretty sister..." The

two

disappeared upstairs, Su Nan smiled.

Su Yifeng rolled her eyes at her, "Don't be too happy."

Su Nan blinked.

"What's wrong?"

"I like that kid, but I don't like his father. Don't think you can't see that he is eyeing you."

Su Nan smiled and squeezed his shoulder gently.

"Dad, that's why I'm so attractive!"

Su Yifeng chuckled lightly, "Be cheeky!" The

two said, and went to the garden outside.

As the sun went down, Su Yifeng stood there, hesitated for a long time, and then

said, "You know about Fu Yechuan's engagement?"

Su Nan nodded.

“I thought you had some hope. I hope you will be together, but I’m afraid that you will suffer more damage. Can you really let it go?”

Su Yifeng stared at his daughter.

Su Nan smiled, “Dad, if I can’t let go, I won’t get divorced.”

Su Yifeng paused for a few seconds before laughing at himself.

“That’s right, you, like your mother, never sloppy.”

“It’s a good thing that he can start.”

Su Nan opened his mouth and paused, “But it doesn’t seem to be serious.”

Su Yifeng turned his head and said, “Look out?”

Su Nan nodded.

“Although the Fu Group’s tone is very tight, our investigation results are not nothing.

Fu Yechuan’s fiancée, An Qi, is the daughter of an arms dealer in East Asia and has a strong influence. The

Fu Group is now clean and clean. A little stain, how can you deliberately let yourself get involved with arms? Isn’t it intentional to give others a handle?”

...

Chapter 1513 Keep your distance

Chapter 1513 Keep your distance

In country Z, the least extensive field is probably arms.

A lot of trouble, but also can not afford to provoke.

No matter how stupid Fu Yechuan is, he will not bring the Fu Group into the mud.

Besides, he is neither short of money nor power, so why should he marry An Qi?

Either true love or forced!

The two cases look as if the second case is more convincing.

Su Yifeng paused and pondered for a while.

“I heard that your relationship with Fu Yechuan is awkward. At this time, keep your distance and don’t cause trouble.”

Su Nan nodded.

This is also the reason why she has always kept away from that An Qi.

After eating, Shang Qian took little Mike back.

Su Nan stayed in the old house, and Su Yifeng went to bed before it was too late.

One night, I tossed and turned, as if I had a bad feeling, but I couldn’t tell what was wrong.

The consequence of insomnia is that she wakes up late.

I was late for the company too.

I didn’t even have time to eat, so I drove away.

Qin Yu worked hard to get an opportunity to hold a single party before the wedding, but this party was only in the name of charity, and she didn’t want to publicize her marriage.

Su Nan thought it was just a small gathering, but I didn’t expect it to be quite large. At least half of the celebrities in the circle came, and most of the other half were not seen by Qin Yu.

Shang Qian had something to deal with and came a little late, but Qin Yu didn’t care much about it.

Su Nan ate some snacks and sat on the side, surrounded by many people. On such occasions, she was always the focus.

Many can’t escape.

“Ms. Su, can you teach me some experience? My family says I’m too lazy to cook, and the company can’t help me. What can I do?”

“Su Nan, I recently opened a new design studio, do you want to take a look? “

Miss Su, do you want to go to the European show in a few days?”

...

Su Nan smiled, it's easier to deal with you than to deal with those businessmen in the mall much more.

After all, they didn't really want to take something from her. Maintaining the harmony on the surface was the biggest role of these ladies.

Shang Qian walked over in a straight suit, his steps were firm, noble and modest, which instantly attracted the attention of many people.

He nodded slightly, and a hand gently landed on Su Nan's shoulder, representing a certain meaning that was self-evident.

"I'm sorry to bother you, I'm late."

He said the last sentence to Su Nan.

Su Nan's eyes lit up and smiled, "It's not too late, it hasn't officially started yet..."

"I heard that the business manager has transferred his business to country Z and is planning to invest in some fields. Dad has always wanted to talk to you..."

Naturally, a talkative lady would not miss this good opportunity to make friends, and hurriedly stopped Shang Qian.

Just as he was about to introduce himself, Shang Qian smiled and nodded.

"Okay, I'll have a good talk when I get a chance."

He looked down at Su Nan with a softer tone:

"Isn't it a gift for Miss Qin? Would you like to take a look first?"

Su Nan nodded, "Of course, let's go..."

She simply put down the wine glass, stood up, waved to everyone, and left with Shang Qian.

The group of ladies behind were envious and jealous.

"Su Nan, every time we have her, we are all supporting roles. When will this eldest lady become a mother?"

"Look at her spoiled, she is the eldest lady and the president, we are set off as What's wrong?"

“The key is to have a good life. First, Fu Yechuan couldn’t love it, and then Shang Qian gave up. How can we have such luck?”

...

Chapter 1514 I don’t have this interest

Chapter 1514 I don’t have this interest

. Shang Qian and Su Nan took out the gift, and Qin Yu’s eyes narrowed with joy.

Holding the small gift box, she could not wait to jump up and hug Su Nan for a kiss.

“God, this is something I dreamed of when I was 18. Su Nan, as expected, I have to rely on my best friend to realize my wish. What’s the use of relying on a man?”

Qin Yu could not wait to stomp her feet, and stared at the box with her eyes sparkling. That huge pink diamond.

Unlike the one in Su Nan’s safe, this one is from Chile and is also a treasure of the royal family. It took a lot of time and connections to get it.

But Su Nan was relieved to see her so happy.

“This is a private gift from me. Later, my father and my brother have prepared a lot of dowry for you. You’re welcome, our eldest Miss Qin is married, and we must have it in front of you!”

Qin Yu smiled and hugged her, “Su Nan Baobao, let me marry you!”

Shang Qian helplessly coughed, breaking her excitement.

“Miss Qin, pay attention...”

Sure enough, the person who knows her best friend is her best friend.

Su Nan patted her on the shoulder and got her down in disgust.

“But you have to thank Shang Qian. If it weren’t for him, I would have fooled you with other pink diamonds. He got it.”

Qin Yu glanced at Shang Qian, looked up and down and smiled:

“That’s also true. For your own sake, otherwise, why would President Shang be so thoughtful?”

Shang Qian: “That’s true.” The

three of them looked at each other and smiled, Qin Yu put the things away with a sense of peace, and sighed,

“I will be a better choice in the future . People with a fixed annual salary can’t spend it casually, so I have to take advantage of this opportunity to get married and save more money.”

Su Nan knew what happened to Qin Yu and Shen Liang, so he didn’t ask any further.

The lights are flickering, and there is a bit of a drunken taste.

Qin Yu dragged Su Nan to the side and quietly leaned up:

“You know what? Don’t be surprised for a while, Fu Yechuan’s fiancée will come too.”

Su Nan twitched the corners of his mouth, really surprised.

To be honest, this circle is also suitable for celebrities who are intoxicated with money. Compared with the daughter of an arms dealer like An Qi, it is out of tune.

Qin Yu muttered: “I didn’t invite her. She asked a lot of people to find a relationship. I heard that she wanted to get involved in this circle so that she could help Fu Yechuan. She is really infatuated.”

Su Nan raised an eyebrow. , “Let’s not talk about her, are you interested in the charity auction for a while?”

Qin Yu: “It’s all about the scene, nothing good, isn’t it just used to make up the number? Forget it, everyone is just selling face, I It’s not a big deal, but I took out one of my mother’s jade necklaces to support the scene.”

Su Nan smiled, and after a while, the scene became hot.

Since Shang Qian began to transfer his career to country Z, there are countless people who want to cooperate.

The Wall Street capital behind him is beyond the reach of many people, and the Shang Group is already in his hands.

Of course, this kind of occasion is a hot person, but Shang Qian didn't want to socialize here. He either stood beside Su Nan and spoke, or sat in the seat by himself, which made everyone feel good.

Auction begins.

At the beginning, the asking price is still remarkable, whether it is a luxury item or a collectible item, it is not outrageous.

I just thought that at the end, someone would always come forward to put the price up, which almost covered the whole audience.

It's hard not to get everyone's attention.

In the end, except for the round buyer, the others almost stopped bidding, and were even more curious about him.

"Okay, let's thank this kind lady for bringing warmth to the children in the mountains. She is the fiancée of the president of Fu Group, Ms. An Qi!"

...

Chapter 1515 no response

Chapter 1515 There was no response and

everyone was in an uproar.

Especially when I heard the four words of the Fu Group.

Some people looked at An Qi in the direction of the host's arm.

Some people also set their sights on Su Nan.

Su Nan was really speechless, she could only sit there calmly and pretend to be surprised.

A bunch of actors!

Shang Qian, who was beside him, gently held her hand, his voice was low and smooth:

"I didn't buy anything, I'll take you to the mall later?"

Su Nan's mood instantly improved, "How tired, I'll send it to my house directly. ."

Shang Qian: "Alright."

But they deliberately ignored it, it didn't mean that some people also pretended to be irrelevant.

An Qi finally gave up the road of imitating Su Nan, and put on a small dark suit of her own style, which looked cool, so that it looked more pleasing to the eye and recognizable.

The consequences of her spending a lot of money have also attracted the pursuit of many celebrities.

Coupled with her status as Fu Yechuan's fiancée, she didn't feel that people wanted to inquire about anything around her.

Everyone didn't investigate why Fu Yechuan didn't come, and he wasn't someone who attended this kind of occasion.

An Qi stood there, with Fu Yechuan's assistant Chen Mian standing beside her.

Chen Mian remained silent and acted as a bodyguard.

An Qi's eyes were filled with pride and joy, and she looked at the people around her:

"You are not familiar with me, but we got to know each other very quickly. After Ye Chuan and I get married, I will always live here, and there are many opportunities to meet each other."

"I don't know what business Miss An Qi's family is doing? You and Mr. Fu look really talented, and they are a natural pair!"

Chen Mian on the side did not respond silently.

Everyone speculated that An Qi's identity was unknown, and their engagement was also a lot of doubts. They couldn't find out An Qi's background, which made them unable to start.

But seeing that Fu Yechuan's assistants are here today, isn't it just to stand up for her?

So they reassured and started going up to join in the fun.

An Qi smiled, "Our family is in the arms business, and we are planning to expand the market here. I surveyed country Z, and there are very few arms dealers with deep roots like our family.

I plan to be here . Build a research and development center, and then expand to the whole country, if you need weapons, come to me, I will give you a discount!"

The ladies turned pale, looked at each other, and was silent for a while.

There seems to be little chance of them cooperating in her business.

discount?

A discount on wool?

An Qi wanted to stand here too much, but she couldn't rely on Fu Yechuan alone, she also had to rely on herself.

Selling weapons is her specialty, so she easily found her way.

Who wouldn't want something so secure?

An Qi didn't care about everyone's faces, but she saw two acquaintances.

She walked over and smiled, "Mr. Shang, you must cooperate if you have the opportunity, aren't you looking for an investment direction?"

Of course, Su Nan heard An Qi's rhetoric. First, she didn't even know that this woman was stupid. Or simple?

Shang Qian twitched the corners of his mouth, his expression calm:

"Sorry, selling weapons is not within my investment scope."

An Qi tugged her hair regretfully: "Well, that's a pity."

After speaking, she looked at Su Nan, "Miss Su, what about you, are you interested?"

Su Nan smiled, "No."

An Qi Qi: "It's boring."

She changed the subject and brought it up to Su Nan again, "I married Ye Chuan, I really hope you can participate, but Ye Chuan has his own concerns and may feel a little embarrassed, I hope Miss Su Don't mind!"

Su Nan smiled and didn't react to this:

"Of course not, I can understand."

An Qi showed off her relationship with Fu Yechuan for a while, and then looked at Chen Mian who was silent behind her:

“Assistant Chen, please ask Fu Yechuan to pick me up. Well, I’m tired...”

Chen Mian stepped aside expressionlessly to make a call.

Su Nan and Shang Qian glanced at each other, just as Qin Yu came to say hello and pulled Su Nan away.

Su Nan was still a little worried about Shang Qian, he was still standing there.

Qin Yu: “Are you afraid she will eat him? That woman’s purpose is not Shang Qian.”

Also.

Su Nan breathed a sigh of relief.

Qin Yu said with a smile:

“Originally, these people were all inquiring about the identity of Fu Yechuan’s fiancée. Today, this time, no one will inquire in the future. Hahahaha, it’s simple...”

Su Nan also followed. The corners of her lips curved, I don’t know why, but I thought it was funny.

What a sensitive vocabulary, let An Qi say it, like a toy seller!

...

Shang Qian was about to leave after saying a few words, but An Qi suddenly stopped him:

“President Shang, look after Su Nan, don’t come out and make trouble when I’m engaged!”

Shang Qian frowned slightly, “Of course. , then I wish you a happy engagement.”

An Qi smiled, “Mr. Shang doesn’t want to know, how did I go so smoothly?”

She didn't wait for Shang Qian to refuse, and then she said:

"I chopped off Fu Qingcheng's leg. , Fu Yechuan was really frightened, so naturally he obediently got engaged.

I plan to expand our influence in East Asia here, so that Fu Yechuan will not easily regret the marriage, and he will give up on me!

Do you think my method is good? "

Shang Qian was silent for ten seconds without any movement. At the end, he chuckled, "What a good idea. Seeing his approval, An Qi smiled edly.

"I like the words of a smart person like you. I will give you a big gift when you and Su Nan get married." "

Shang Qian didn't continue to say anything, and turned around to look for Su Nan.

This stupid woman is afraid that she will be sold, and she has to count the money for others?

He actually thinks that such a woman will threaten Fu Yechuan?

Su ? Nan and Qin Yu said goodbye, and then went out to blow the air. No matter what, they thought it smelled much better than the messy perfume smell in the room inside.

Unexpectedly, as soon as they went out, they saw a tall shadow standing at the door.

He stood there, his eyes burning like a torch, and he saw her. His voice was a little hoarse: "Su Nan..."

The deep eyebrows were a little cold, and he didn't have time to take it back for a while.

Su Nan paused, as if nothing had happened. Nodding his head, he planned to go around.

Fu Yechuan didn't do anything else, just one sentence:

"Tell Shang Qian not to think about An Qi, otherwise, I'll kill you together.

There was a cold chill in the words. Su

Nan didn't understand, and when he wanted to ask clearly, Fu Yechuan had already pushed the door and walked in.

She didn't catch up, and it didn't take long for Shang Qian to come out.

He took her Overcoat, with warm eyes:

"Let's go, it's a little cold outside..."

Su Nan nodded, got in the car, and when he turned his head to look at him, Shang Qian was also looking at her.

He seemed to see something and pursed his lips, "What do you want to say?"

Su Nan nodded.

"You and An Qi have nothing to do, right?"

Fu Yechuan's words just now clearly meant that he knew that Shang Qian and An Qi had a private connection.

But why are they connected?

Su Nan didn't understand, there seemed to be a net in front of him, shrouded so densely that he couldn't see anything clearly.

She is also reluctant to speculate and doubt, so she asks directly.

Shang Qian paused for a second, his eyes darkened for a moment:

"No."

Su Nan pursed his lips and pulled his hand out of his, his face slightly restrained.

She could see clearly, and there was a trace of nervousness in Shang Qian's eyes.

He is lying.

...

Chapter 1517 A brief cold war

Chapter 1517 After a brief cold war

, Shang Qian felt that something was wrong with Su Nan. He took a deep breath, "Baby..."

Su Nan interrupted him and looked at the driver in front of him. :

“Stop.” The

driver is Shang Qian’s driver, hesitating at the moment, not knowing what to do?

When they came just now, the two of them had nothing to do, why did it suddenly change?

Seeing that the driver did not intend to stop, Su Nan immediately started to open the door. Shang Qian’s expression changed and he immediately stopped her hand.

“Su Nan...”

His tone was a little anxious.

Looking up at the driver: “Stop.” The

car slowly stopped on the side of the road, and Su Nan got out of the car without saying a word.

She didn’t know what she was angry about, but she was a little flustered in her heart.

Not because of Fu Yechuan and An Qi, but because of Shang Qian’s involvement in this matter?

She never doubted him, but he kept it a secret.

Of course Shang Qian wouldn’t let her leave like this. He chased after her and stood in front of her:

“Don’t worry, I’ll tell you everything.”

He was really scared, so scared that Su Nan looked at him with such indifferent eyes.

Like not knowing.

He sighed and could only say the few words he and An Qi had privately.

“I don’t want to hurt anyone, I just hope An Qi doesn’t want to hit you, and I don’t want her to step on you to contact Fu Yechuan, so I gave her a few ideas for her to pester Fu Yechuan.”

Looking at Su Nan Standing there quietly, he was almost at a loss and panicked.

“Su Nan, don’t stop talking. If you’re angry, you can beat me and scold me.”

It's a little pitiful for someone so gentle as usual to say such humble words.

Su Nan pursed his lips, shaking a little in his heart.

That's all, there's really nothing to be offended about.

She looked at him with deep eyes: "Then do you know what's wrong?"

"Yes ."

Shang Qian said decisively.

Su Nan hooked his lips, "What's wrong?"

Shang Qian hesitated for a few seconds, then said, "I should have told you from the beginning..."

Su Nan smiled, "I'm not interested. Knowing this, your biggest mistake is that you lied to me when I asked you just now?"

"Baby, I really know I'm wrong, and I will never do it again, I promise!"

Shang Qian looked at him sincerely She has a gentle look slowly flowing in her eyes, as if she wants to see her whole person in her eyes.

Su Nan really had no resistance to this kind of vision.

He would use this trick best against her.

Seeing her softening attitude, Shang Qian stepped forward and put his arms around her waist with a very light movement:

"Su Nan, I am totally jealous, I admit my selfishness, but if this makes you unhappy, I will It's sad."

His tone was low and hoarse, like a wisp of fog in the dark.

Su Nan paused, wrapped his hands around his waist, and sighed:

"That's fine, I'll forgive you this time."

Shang Qian squeezed her tightly with a slight force in his hands, and the warmth came instantly, Su Nan smiled. laugh.

"Okay, shall we go back?"

Shang Qian responded, his eyes darkened: "Go back to the apartment?"

She knew at a glance what he was thinking.

Su Nan chuckled and said, "Go back to the old house, my father is waiting for me to eat."

She shook the phone in front of her, saying that she was not lying.

The light in Shang Qian's eyes dimmed, and he sighed, unwilling but had to let go.

"It would be great if Uncle Su could like me as much as he likes Mike, so that I can live in your house."

There was a bit of coquettishness in those words.

Su Nan curled the corners of his lips, "Then you have to work hard."

Shang Qian sent her back to the old house, watching her go in, he was relieved slowly.

Almost, I thought I would really lose her.

Chapter 1518 A trap

Chapter 1518 A Trap

Fortunately, his relationship with An Qi is not deep, and that woman almost killed him!

After this incident, almost everyone knew that Fu Yechuan's fiancée was a remarkable person.

But the great is the great, and they dare not touch it.

Don't even know where to shoot the flattery?

After all, if you are not careful, you can easily kill yourself.

Before she got engaged, An Qi was anxious to expand her strength to City A, and kept going to and from celebrity gatherings. Fu Yechuan took a laissez-faire attitude towards it.

Regardless of whether he asked or stopped him, he just sent someone to follow, and everyone couldn't figure out what he meant at all.

Fu Group.

Fu Yechuan had just hung up the phone when someone outside knocked on the door and came in.

Lu Qi sat panting across from him with a proud look, and threw the document in his hand on the table.

“Old Fu, you have to thank me this time, do you know how much effort I had to take to get this thing?”

Fu Yechuan lightly hooked his lips, his eyes dark and sharp.

“I left a villa for you in the harbor. Didn't you say that Leng Lin was pregnant and wanted to go there to raise a baby?”

Lu Qi was stunned, the place was digested internally before it was built, even someone like him I didn't get a quota, I'm afraid it took a lot of effort for Fu Yechuan to get it.

I didn't expect it to be so generous.

“Old Master...”

He was about to be moved to death.

Although Leng Lin was with him, most of it was on the child's face.

Living in their marriage room always reminded her of those bad pasts.

That's why Lu Qicai wanted to move, but he didn't like the usual places, and he couldn't get what he liked.

Fu Yechuan's generous move helped him solve a big trouble!

Fu Yechuan was disgusted by this sensational response.

“Speak the truth.”

Lu Qi immediately turned serious: “Don't worry, you asked An Qi to expand her business here. On the one hand, you arranged for her to help her out, and also let her enter and exit the quality inspection of the relevant departments, so that she thought she was going well.

She has already started to contact the East Asian side, and they are eager to move, thinking that there is a big fat waiting for them here...”

Fu Yechuan's eyes darkened for a moment.

"Is there nothing at her father's place?"

Lu Qi said seriously:

"Not yet, but the person who has been in contact with An Qi will not fail to tell the arms dealer Xing Zhi, after all, he has been staring at the arms in the mainland for a long time. It's just because there is no connection.

If you can marry his daughter, he will have connections. He can't stop it, and it will even facilitate your marriage.

I think when you get engaged, Xing Zhi will probably I'll come forward."

Fu Yechuan narrowed his eyes, the atmosphere in the office was dark and gloomy.

"Dig along this line. If Xing Zhi comes over, he won't bring my dad with him. No one will be able to leave."

His tone carried a pressing chill.

Lu Qi nodded, "Don't worry, I'll keep staring at you, Uncle Fu... I'll be fine." What he wanted to say was that it's not bad to save a life.

After all, that Angie is a lunatic.

When he forced the marriage, he actually dared to cut off Fu Qingcheng's leg. If it hadn't been verified that the DNA was Fu Qingcheng's own, Fu Yechuan would not have let it go.

Although there is no movement in China, this matter has already spread on the underworld abroad.

Fu Yechuan must be saved.

Being so threatened and provoked by a woman, I don't know who is forcing who?

The blue veins on Fu Yechuan's forehead bulged slightly. He suppressed his emotions and only made a dull sound from his throat.

Seeing that he had no intention of continuing, Lu Qi got up and left.

He hadn't seen Fu Yechuan make a move for a long time.

Faintly, there is some expectation.

...

Chapter 1519 Pre-engagement

Chapter 1519

Before the engagement, Angie attaches great importance to engagement. Whether it is the process or clothing, they are carefully selected.

Fu Yechuan's people were also very cooperative.

Fu Yechuan didn't want to participate in the process of trying on the wedding dress, but An Qi was very serious and had to call Fu Yechuan over to see it.

In this shopping mall, the wedding hall is difficult to make an appointment when you go out.

But for An Qi, it's not difficult to use the name of Fu Yechuan, who doesn't give the Fu family face?

But they didn't expect that when they went, they saw unexpected people.

Su Nan is accompanying Qin Yu to try on the wedding dress.

The one on Qin Yu's body had just been shipped from country F, and Shen Liang had pre-ordered it in advance, so she took the time to find Su Nan to try on the wedding dress.

It can be said to be unique.

The waiter welcomed An Qi and Fu Yechuan in, and bowed politely and asked,

"Guest, you can call us if you need anything."

An Qi looked at Su Nan who was sitting on the sofa, and then at Qin Yu, her expression on his face. changed a bit.

She raised her head to look at Fu Yechuan, feeling a little regretful in her heart.

Fortunately, Fu Yechuan's expression did not change.

As if he didn't see Su Nan, he sat at a distance.

Angie smiled.

She walked over and looked at Qin Yu's wedding dress, admiring it very much:

"This wedding dress is very beautiful, I want it too." The

waiter looked embarrassed.

Qin Yu smiled, "This is a custom made for me. I need to line up three months in advance. You can't buy a unique wedding dress."

An Qi's face changed slightly, Su Nan stood up, stopped Qin Yu's continued provocation, and said with a smile:

"Qin Yu's wedding dress is designed by combining her and her husband's names, so it is unique, if you wear it, didn't she just wear Qin Yu's name to get married?"

An Qi's eyes slowed and she nodded, "That's fine."

She walked up to Fu Yechuan, "Let's customize one too?"

Others have, she wants to have too.

Fu Yechuan raised his eyes, there was a clear and cold chill in his eyes, but his voice was extraordinarily restrained:

"Yes, then postpone the engagement for three months."

For a moment, An Qi's eyes flashed, "Forget it, forget it, or engagement is more important, what about a wedding dress?"

Su Nan and Qin Yu looked at each other, but neither of them said a word.

Qin Yu originally wanted the designer's custom style, but just came over to see if it was suitable. Since it is suitable now, there is no need to continue.

She went in and changed out, put on ordinary clothes and came out, just waiting to improve some details.

She pulled Su Nan away without looking at Fu Yechuan.

Fu Yechuan did not take the initiative to say hello.

It was as if he had just seen a stranger.

But when she was leaving, she heard the bell of the door closing, and the blue veins on the back of Fu Yechuan's hand bulged slightly.

An Qi tried on the wedding dress and came out, happily holding the skirt and accepting the compliments from others.

“Yechuan, look, I look good, don't I? I want to be your most beautiful bride!”

Fu Yechuan was indifferent, not looking at An Qi.

An Qi didn't mind either, she walked over to sit on his lap, put her arms around his neck deliberately, and said with a smile:

“Look, you've already forgotten about her. You can do it. As long as you don't look at her, I won't move her.”

Fu Yechuan's eyes flashed coldly, and then he pushed her away from him. .

As if even restraint was offensive.

“Try it yourself, I still have something to do.”

His tone was cold, and he was about to leave after tidying up his clothes.

An Qi twitched the corners of her mouth, “Aren't your relatives here on the wedding day? Would you like to bring your elders and sister back from abroad?”

...

Chapter 1520 Abandoned

Chapter

1520 Fu Yechuan, who was abandoned, suddenly stopped, turned around, and stared at her:

“Is it threatened by you when you bring it back? An Qi, if you dare to attack them, I don't mind taking it. Change your life to Fu Qingcheng.”

An Qi's face flashed pale with shock.

Until Fu Yechuan slammed the door and left, the unnatural look on An Qi's face gradually faded away.

No matter what she did, Fu Yechuan would probably think wrong.

Forget it, when they get married, she will put Fu Qingcheng back.

By then he will understand her sincerity.

...

Su Nan and Qin Yu left, sitting in the coffee shop drinking coffee, a rare sigh of relief.

Qin Yu replied a text message to Shen Liang, and looked at Su Nan in front of him, very calm.

“Why didn’t you let me slap her just now? That woman really has shallow eyelids. She said she wanted someone else’s wedding dress?”

She got angry when she said that.

Who dares to think about Qin Yu’s things?

Su Nan frowned and looked at her:

“It’s not like you don’t know An Qi’s background, don’t make trouble, save the trouble.”

“I’m afraid of her?”

Qin Yu smiled, as if she was not afraid of the sky, “Fu Yechuan is probably blind, right? Why should I be afraid when I see such a person?”

Su Nan looked at her solemnly:

“Miss Qin, don’t think that it is as peaceful abroad as here, the Central Asia you have been to is a tourist attraction. Central Asia, the Central Asia she stayed in is a war-torn Central Asia, if she wants to do something, you really can’t do anything about it.”

Qin Yu blinked, her voice subconsciously weakened,

“How could it be so? exaggerate?”

Su Nan shook her head helplessly. She will always remember the turmoil on the streets of Europe. Death passed by, as if it were yesterday.

——The

engagement ceremony of Fu Yechuan and An Qi was a little too low-key.

I don’t know if it was Fu Yechuan’s special inspiration. Even the media didn’t notify them, and the partners in the shopping mall didn’t invite them. Only some people in the shopping malls around City A received the invitation letters.

The scope is not clearly defined, and there is no special plan for the relationship between good and bad, as if it is not his own engagement ceremony.

Even so, there was an endless stream of people who wanted to climb up to the Fu family, and everyone tried every means to get an invitation letter to go in.

The more days approached, the more nervous everyone's actions became.

Even Su Nan heard a lot of rumors, and some people even wanted to get the invitation letter for Fu Yechuan's engagement ceremony through her.

Su Nan silently declined their request, and said in a low-key manner that he did not receive an invitation either.

At this point, everyone looked at Su Nan with distress and regret, feeling worthless for her.

Even an ex-husband should not even care about his face on the scene.

As if she was the one who was abandoned.

A man's heart becomes so fast.

Fu Yechuan was really careful.

Su Nan just smiled and did not speak.

She was also not interested in joining in the fun. Compared with Fu Yechuan, she would not be so willing to be tied up and get married. She was still waiting to see his next move.

But on the day of the engagement, Qin Yu went with Shen Liang in high spirits.

Seeing that she was full of energy and looked like she was watching the fun and didn't think it was a big deal, Shen Liang looked helpless.

She shouldn't be in the business world, she should be in the entertainment industry.

The most luxurious commercial hotel in city A.

Many people had already stood at the door and greeted each other. Before Shen Liang got out of the car, she told her not to walk around.

Qin Yu responded perfunctorily.

Shen Liang simply took her hand and went in together, preventing her from leaving his chance again.

Even he felt that this engagement banquet tonight was extraordinary.

Those bodyguards and waiters at the door are probably not the configuration of the hotel, only a professional security team can have such a cold aura.

Behind the feasting and feasting on the surface, there is a dangerous atmosphere secretly surging.

Chapter 1521 Must have a sense of crisis

Su Nan went to work as usual, and there was no abnormal reaction or action.

But on this day, many people are still paying attention to her dynamics and reactions.

After all, they were people who had been together at the beginning. Although they were divorced, President Fu's attitude towards her after the divorce was extremely humble. Many people hoped that they would be together again.

Although some people think that Mr. Su had better not eat the grass, it hurts enough to fall somersault. Isn't it good to be yourself beautifully?

But there were also people who felt sorry for Fu Yechuan's humbleness and hoped that she would give him another chance. After all, the two seemed to be a perfect match.

But Fu Yechuan suddenly got married, as if he betrayed the relationship again. His previous affection and humbleness seemed to have become deception.

As a result, everyone's expectations for this relationship became sympathy for Su Nan.

Even the employees up and down the company are a little uneasy.

They kept scolding Fu Yechuan for being merciless and unscrupulous. When they were about to get off work, they watched Su Nan's rumored boyfriend Shang Qian took a few boxes of desserts, walked in calmly and briskly, got on the elevator, and entered Su Nan's house. office.

Everyone's anger suddenly dissipated.

Even she doesn't care, what are they angry about?

What's more, Shang Qian's conditions are not bad at all, on the contrary, he has a clean resume, a gentle and clear person, and he never feels oppressive when speaking.

Shang Qian knocked on the door and went in. Su Nan was about to pack up and get off work.

She looked at him with a flash of surprise in her eyes, and then smiled:

“Aren’t you busy today?”

He was busy with his own business and the decision-making of the M country’s business company. .

Shang Qian’s brows and eyes smiled gently, and the whole person gave off a warm and meaningful temperament. He stood there and looked at her:

“Eating some dessert will make you feel better. I went to buy it on purpose.”

Su Nan looked with complicated eyes. Looking at him: “I’m not in a bad mood.”

Shang Qian paused for a second, “I’m just in case.”

Su Nan smiled and walked over, “So unsure of yourself?”

Shang Qian understood Su Nan The meaning of the words, smiled and rubbed his eyebrows:

“The girl I like is so good, I have to feel a sense of crisis all the time.”

Su Nan smiled.

This is obviously jealous, but why does it make people feel so happy?

Shang Qian went over to embrace her waist, bowed his head familiarly, and kissed her on the lips, then looked at her with dignified eyes, his voice was slightly dark:

“Try dessert? Or do you want to try me?”

He Qing Jun There was an inexplicable hoarseness in his voice.

Su Nan quickly understood what he meant and pushed him away suddenly.

Her face was slightly red, her eyelashes trembled, “This is in the company...” What was he thinking?

Shang Qian’s smile widened and he pondered in a low voice:

“Oh...then let’s go back and do it?”

Speaking of which, Shang Qian was too busy and couldn't accompany her for several days. In my bones, I thought to death, especially when I tasted her, I couldn't quit.

She is his, and only his.

It must be kept in mind at all times.

Su Nan gave him a slight push, a little angry:

"Mr. Shang, you've turned bad."

Shang Qian blinked, smiled very seductively, with a sense of abstinence, and whispered in her ear:

"It's only bad for you, my baby."

Su Nan's heartbeat suddenly beat faster, and he had to admit, She and Shang Qian are happy, relaxed and addicted.

She seemed to be more and more inseparable from him.

...

Chapter 1522 The groom did not appear

Chapter 1522 The bridegroom didn't show up,

but Su Nan knew that this was not the time to sink, and the place and time were wrong.

She took a step back, the blushing of her brows and eyes faded, and she looked at him with a serious look:

"Have

some dessert?" Shang Qian smiled, playing a bit unruly, just teasing her, looking at her angry appearance It's so cute, I can't help it.

But also knowing that now is not the right time, he walked over and placed the desserts on the table one by one.

All are her favorite flavors.

The dessert shop was opened by the wife of a business owner. As an amateur interest, it is very popular in the circle. It is limited every day and ordered in advance. The ingredients are all imported, and the supply is in short supply.

Su Nan was also fascinated for a while, but in order to maintain her figure, even if she liked it, she would stay away.

Su Nan was surprised for a moment when he saw the private brand above.

“You even had them when you went?”

Shang Qian raised his eyebrows and smiled:

“I made it now, and I asked her to reserve a few for business with her husband at noon. Good luck.”

Su Nan smiled in surprise. Laughing, although he told himself not to eat or not to eat, he was still very honest.

The strawberry cake in front of her was so tempting that she couldn't help but take a sip of it with a spoon.

The melt-in-your-mouth feeling is really memorable and amazing enough.

Seeing how happy she was eating, Shang Qian never let go of the smile on the corner of his mouth.

Of course he wouldn't tell her that when he was talking business with the wife's husband, he deliberately sent someone to the door of the house, and then begged his wife to make some desserts.

He was afraid that she was in a bad mood, but he felt bad that she would be in a bad mood.

Seeing her smiling happily after taking a bite of dessert, Shang Qian suddenly felt that he thought too much.

Fu Yechuan was not that important either.

Su Nan ate a few mouthfuls and refused to eat any more.

Guilty enough, one more bite and she won't be able to sleep tonight.

So she sat across from him and looked at him from a distance:

“You eat too...”

Shang Qian: “...”

He doesn't like sweets.

But under Su Nan's expectant gaze, he could only pick up the spoon and eat the rest.

Su Nan smiled with satisfaction.

"Is it delicious?"

Shang Qian nodded.

Although it is not too sweet, it was the first time that he had eaten so many sweets, and he was still a little uncomfortable.

Su Nan smiled and asked someone to come in to pack her things, then went over and took her bag:

"Then let's go, do you want to see Mike?"

She recently lived in Su's house, if he took her home. If so, take a look at Mike.

Shang Qian paused and looked at her with dark eyes:

"We haven't dated for a long time, let's go to the movies?"

Su Nan hesitated for a few seconds, but nodded in agreement.

Although she is not interested in watching movies, but thinking about it, she really hasn't dated for a long time.

This is not conducive to emotional development.

What's more, Shang Qian's pitiful appearance is really pitiful.

When going out, Su Nan's cell phone rang, and it was the latest situation sent by Qin Yu, and Shang Qian swept it at a glance:

"The guests are all here, and the bride is here, but you know what? The groom isn't here!"

He glanced at him and quickly moved away, but there was some inexplicable emotion on his face, which he couldn't tell from his chest. Stuck in panic.

It turned out that she didn't care about anything, it turned out that someone told her the situation at the scene.

But this vinegar, there is no reason to eat it.

Su Nan glanced casually and turned off the phone.

When the two got downstairs, Shang Qian couldn't help but said,

"I don't know how President Fu's wedding went?"

Su Nan looked at him in surprise: "Didn't you see it just now? He didn't show up..."

Shang Qian was stunned: "..."

Chapter 1523 Female Companion and Assistant

Shang Qian: Do you have to pierce his embarrassment so straightforwardly?

But soon, he laughed at himself, but instead, he was a little more magnanimous, ashamed of his narrow-mindedness.

"Well, I saw it, so I want to discuss it with you."

Su Nan gave him a white look: "What is there to discuss, who knows what he thinks? Anyway, my brother sent the gift, and we don't lack face. "

Shang Qian let out a low laugh, and the stuffiness in his chest was swept away.

Oh, and his baby only cares about his own face.

...

Qin Yu, who was beside Shen Liang, kept looking around. There were a lot of people coming. It was a big scene.

Everyone has nothing to say about Shen Liang and Qin Yu appearing together. After all, outsiders don't know the fact that they are married.

It's just that Qin Yu's reputation is out, and everyone thinks that these two people may just appear by coincidence, and they can't really be together, so no one says that they are talented and beautiful, and they are a natural pair.

Qin Yu excitedly took a glass of wine and went to talk to those gossip ladies, but Shen Liang grabbed her arm and pulled him back calmly.

After he finished the chat with the boss in front of him, he looked down at her with a very soft voice:

“I told you not to walk around...”

Qin Yu pouted, “I’ll say hello to those sisters. .”

Shen Liang followed her gaze and looked back lightly:

“Another day, not today.” The

rejection was very straightforward.

Qin Yu froze for a moment, very surprised, she twitched the corners of her mouth, a little unhappy.

“Mr. Shen, do you know? My mother won’t restrict me from making friends, let alone a girlfriend!”

Shen Liang glanced at her lightly, seriously considering the implication of this sentence.

Just when Qin Yu thought he was about to bow his head and admit his mistake, Shen Liang said,

“Let me remind you that you are now not only my female companion, but also my assistant. This kind of entertainment is an official business, and one of your responsibilities.”

Qin Yu looked at him blankly, it was over, he lost so badly!

Shen Liang let go of her hand and let her choose.

A person with professionalism cannot leave his boss now.

Qin Yu had already tied a few knots in her heart before she put her hand on Shen Liang’s arm again.

Oh look, what a dedicated female companion!

Shen Liang turned his head away, the corner of his mouth slightly curved.

Inexplicably, I felt a little funny in my chest.

Just after socializing with Shen Liang for a while, Qin Yu realized something was wrong.

“Why is it only Chen Mian and Fu Yechuan who came out to entertain?”

Chen Mian represented that Fu Yechuan was understandable, but on such an important occasion as an engagement, if Fu Yechuan himself did not appear, it would inevitably lead to more criticism.

Shen Liang smiled and said nothing.

Perhaps he knew in his heart that although Fu Yechuan was engaged, he was the one who stayed out of it the most.

Just as Chen Mian toasted in front of Shen Liang and Qin Yu, Chen Mian greeted politely and thoughtfully:

“Mr. Shen, you and Miss Qin are welcome, if you need anything, please tell me, please forgive our poor reception, thank you for your busy schedule. I’m here for a banquet.”

Shen Liang nodded lightly, “Mr. Fu is very polite.”

Chen Mian smiled, and just as he was about to say something, he heard Qin Yu ask in a daze:

“I haven’t congratulated Fu yet . Always happily married, what about others? Why is only the bride who came out alone?”

Qin Yu said, his eyes shifted to a place not far away.

An Qi went down the spiral staircase, wearing a white dress that was very experienced and beautiful. It looked a bit like a wedding dress, but it was very suitable for this occasion.

An Qi glanced at her and was very satisfied seeing so many people coming to her engagement ceremony.

But then, looking in one direction, his face condensed slightly.

...

The first thousand five hundred and twenty-four chapters is a great drama

Chapter 1524 What a big drama

The entire venue was arranged according to An Qi’s wishes, and she personally came over to supervise the work for a few days.

On the side of the entrance, the photos of An Qi and Fu Yechuan were originally placed, but now, they have completely disappeared.

what does this mean?

An Qi's heart trembled violently.

She walked down quickly with her skirt, her face became very ugly.

When she got there, she was so angry that her palms became cold:

“What's going on here, where are the photos here? Who told you to remove them?”

Her voice attracted the attention of many people, and everyone knew her details. , Basically, if you do business honestly, no one dares to go up for friendship.

The people around looked at each other, not knowing what she was talking about.

Chen Mian sighed with an ugly face, his entire face was immersed in the shadows, and there was a trace of worry in his eyes.

But soon, he put on a smile and walked in the direction of An Qi.

No matter how difficult it was, he had to support President Fu.

“Miss An Qi, what's the problem?”

An Qi looked at Chen Mian, even more angry, “What about the photos here?”

Chen Mian paused for a second, walked over and said in a low voice:

“An Qi Miss, don't make others laugh because of this matter. The people who come here are celebrities. Even if you are angry, you can't ignore the Fu family's face. What's more, it's an engagement scene. If you and Fu are photographed and spread out, you and Fu The general feelings are bound to be affected by outside speculation.”

An Qi's face changed a few times after hearing Chen Mian's words, and she was obviously shaken.

Chen Mian looked back at the people around, smiled politely, and found a reason to send them away.

Afterwards, An Qi looked at him, pursed her lips and said,

“What about him? Why hasn't he shown up yet? Didn't it say there was a video conference that would end in half an hour?”

Now, it's been nearly an hour.

Chen Mian paused for a second, "President Fu may be too busy to get out of the way. If you need anything, you can tell me directly."

An Qi looked at him ill-naturedly:

"He won't regret it, right?"

"President Fu will never go back on what he promised, if Miss An Qi has any dissatisfaction, you can call President Fu."

Chen Mian didn't have the slightest panic on her face.

An Qi looked at him for a few seconds before smiling faintly:

"Forget it, today is a special day, he must know it, but in another hour, I have a mysterious guest who will come to participate. If it appears, I'm afraid I won't be able to explain it."

Chen Mian smiled, "Mr. Fu has a number."

An Qi restrained her smile, turned around and left without saying anything.

Now is not the time to be preoccupied. Her people will come after a while, and Fu Yechuan must appear even if he doesn't want to appear.

Watching her gradually walk away, Chen Mian lightly twitched the corner of her lips, then walked aside and called:

"Mr. Fu, Xing Zhi may come over in an hour."

...

Qin Yu drank a lot and went to the bathroom.

When I came out, I saw a person walking by outside the corridor. The other person was standing in the middle of the road and looked at her darkly.

Qin Yu, however, didn't even look at him at all, and didn't show any expression. He walked past him with a shrug of his shoulders. He couldn't call it crisp and steady. He knocked on the marble floor, clearly and clearly.

Mo Xian's heart was completely dead.

Before Qin Yu went back, she glanced around, not paying attention to the presence of a person behind her.

She thought that Mo Xian's man was still entangled, and he couldn't afford to let go. What kind of man is he?

She just turned her head to look in disgust, the emotion in her eyes leaked, and it was too late to take it back.

But the person opposite was not Mo Xian, but An Qi.

An Qi's makeup is very suitable for herself, standing there proudly, with a bit of sharpness between her eyebrows.

"Why are you?"

Qin Yu frowned.

An Qi smiled, "This is my engagement, of course it's me."

Qin Yu stroked her hair, turned around and left.

An Qi stopped her and blinked:

"I don't know them, only you. Would you like to introduce me to the guests?"

Qin Yu chuckled, "Did you give me money? Why should I? Do this?"

After saying that, she turned around.

An Qi's tone was light, "Miss Qin, then tell me the man in the gray suit downstairs is the boss of which company?"

Qin Yu glanced down subconsciously, and the man in the expensive gray suit downstairs was seen. Sword-brow eagle-eyed, handsome with a bit of cautious vigilance, he was looking around at something.

She frowned slightly, not knowing at all.

Just as she was about to speak, she saw Chen Mianzheng coming up, and he smiled:

"Miss Qin, it's such a coincidence, I just saw Mr. Shen looking for you everywhere!"

Qin Yu scolded secretly, she didn't have time to think too much, and hurried ran down.

This Shen Liang is too tight to watch!

Chen Mian turned sideways to give way, and then walked over, "Miss An Qi, Mr. Fu called just now and asked you to wait a while, he is on his way."

An Qi's face instantly filled with joy when she heard this.

"Okay, then I'll wait."

She looked at the time, and there was still time.

In an instant, the doubts in his mind were cleared away.

It's just that time has passed, and the guests are very pleasant to chat with each other, although everyone is puzzled that the protagonist of this banquet has not been present.

But no one dared to take the initiative to ask why.

After all, Fu Yechuan's banquet did not come when they wanted to. It was a great honor to be invited over, and it was already a great opportunity to communicate.

But An Qi has changed three sets of clothes up and down, and the expression on her face has become a little bit ugly.

Ten p.m.

An Qi's heart trembled when she looked at the quiet mobile phone and the noisy occasion.

She immediately picked up her mobile phone to make a call, but the mobile phone showed no signal, and the call could not be made at all.

An Qi's face finally turned extremely pale.

She seemed to realize something.

Suddenly.

She ran out of the lounge.

Chen Mian stood not far away and watched.

Then, someone stopped An Qi who wanted to run out.

Her eyes were no longer soft, but rather bloodthirsty.

“Go away—” The

man in an expensive gray suit was standing at the door, with sharp eyebrows and eagle eyes. He was especially obvious in the crowd. He didn't have the aura of a philistine or a cold shopping mall. A bit cold and steady.

Facing An Qi's hysteria, his face was cold and his eyes were cold:

“Miss An Qi, please go back and wait patiently.”

An Qi didn't want to listen at all.

No one could stop her.

Just before he touched the door, he was blocked back, with awe-inspiring aura, not giving in an inch.

An Qi finally became vigilant and stared at him:

“What are you doing? Do you know who I am?”

The daughter of an arms dealer, the eldest lady who can walk sideways on the underworld, is there anyone who dares to stop her?

Afraid of dying?

The man looked at her unavoidably, without the slightest fear or guilty conscience.

An Qi threw a punch, and the man dodged sideways, moving very quickly.

It was just a test, and An Qi's heart completely cooled down.

Although he was wearing an expensive suit, his moves were quick and proficient, and he was clearly skilled.

Among the guests, he is no ordinary person!

Chapter 1526 The plan failed

An Qi couldn't tell how she felt, but there was a sense of anger that she wanted to vent.

Anger and shame flooded into her heart, she didn't want to think about anything, and no matter what the occasion was, she would start with the person in front of her in three or two seconds.

Although she is skilled at tricks, it is the experience of beating in the most dangerous places since childhood, but she can't bear that the opponent is a man with more fighting experience than her, no matter in terms of moves or strength, she can beat her.

The movement at the door attracted the attention of many people.

An Qi's identity is special. For a while, the noisy scene was quiet, and only the sound of beating and beating was left.

Soon, around them, there was a circle of people who were about the same size and aura as the man in the gray suit.

They were all among the guests just now, but they suddenly stood up from the crowd and were on guard.

“Bang——”

At the moment when An Qi was thrown to the ground, she was not as embarrassed as she imagined, but with her backhand she took out a pocket-sized silver hand-gun from her skirt and stockings, and looked at her with extremely cold eyes. The man on the opposite side pressed the trigger without hesitation...

After the gunshot, there was a commotion and panic in the venue, and everyone screamed and panicked, as if they wanted to escape from this place and run everywhere.

An sneer sneered at the corner of An Qi's mouth, with some disdain in her eyes.

But in a blink of an eye, the man who was hit by him only took two steps back, as if shocked by the impact of the bullet, his face slightly pale.

But the chest that was hit did not bleed.

No blood, what does that mean?

How could An Qi not understand?

Her lips paled, trembling slightly.

When he looked at the man again, there was the same chill in his eyes as he was looking at the enemy.

People wearing bulletproof vests, what is it that they don't come prepared?

The surrounding noise and the silence here seem to be separated into two worlds.

Chen Mian's people quickly distanced themselves from the crowd and took them away from another channel that had been prepared for a long time.

Although this accident was expected, the occurrence of such a thing in country Z is enough to make headlines.

What's more, the people here are either rich or expensive, and no one can be neglected.

Angie's pocket hand – there are no more bullets in the gun, one bullet is for life.

But she didn't expect that Fu Yechuan had prepared so many opponents for her.

Really, I admire her so much.

She suppressed the trembling all over her body and stood up from the ground, her whole body was gloomy and cold, just like the two An Qi who was looking forward to getting engaged an hour ago.

Chen Mian walked over from the crowd with a calm tone:

"Miss An Qi, why are you in a hurry? President Fu will always come over."

Hearing that person's name, An Qi's heart froze.

She looked at Chen Mian coldly, gritted her teeth, and her face was bloodless:

"Where did he go?"

Chen Mian smiled and didn't answer.

An Qi was in a hurry, stepped forward, and her voice was terribly cold:

"He dares to play with me? My father will come soon, do you think he will let Fu Yechuan go? Does he not want Fu Qingcheng's life?"

"Qi had the heart to kill Fu Yechuan.

Chen Mian restrained her smile, looked at the man in the gray suit behind her subconsciously, and then said lightly:

“Miss An Qi, it was Mr. Fu who went to pick up your father, so he wasted time. Otherwise, take a look. Your father should have been here at this time, right?”

Now, there is no need to whitewash the peace.

Fu Yechuan’s forbearance finally broke out tonight.

An Qi’s face changed suddenly, with an unbelievable panic in her expression...

...

Chapter 1527

What does Chen Mian’s words in disguise mean, An Qi instantly understood.

It was originally an hour away, but it has not been here for so long, why?

How could Xing Zhi speak without saying anything?

Before An Qi explained the benefits of marrying Fu Yechuan clearly, and using Fu Yechuan to open up the domestic market, they would have the final say in the future.

Xing Zhi has long been jealous of this power, and now has this opportunity, whether it is successful or not, he will come over in person.

What’s more, An Qi swears to pat her chest to ensure that there will be no problem.

The results of it?

It was her negligence that she realized that the mobile phone signal had long been lost, and the signal of the mobile phone was blocked, so she could not get in touch with the outside world.

Then the outside world will not be able to contact her.

Xing Zhi ran from South Asia and lost contact with her daughter. Who did she go back to?

Of course it was Fu Yechuan.

As if drinking in the head, An Qi’s face was as cold as ice.

Right now, she stared gloomily at Chen Mian:

“It’s all fake? This is Fu Yechuan’s plan, isn’t it? Even my father’s coming here is in your plan? Aren’t you afraid that he will kill you all?”

Chen Mian shrugged, “As far as I know, your father entered the Z country under disguise, how could he have a killer by his side?”

His chuckle made An Qi feel humiliated, she gritted her teeth:

“Even if it’s a disguise identity, my father is Xing Zhi, who is the best arms dealer in Nanya. It is easy to destroy you. He is protected by countless killers, no matter what you do, you will not catch him!”

She After the roaring, there was silence in the arena.

Only the man in the gray suit behind her took a step forward.

Chen Mian smiled and looked behind her with a somewhat polite voice:

“Director Chen, you have heard that Xing Zhi disguised his identity and entered the country with a killer, social security was threatened, and even affected stability and security.

There is also a huge problem with his insider trading in arms, and we will submit the corresponding evidence later, and then we will leave it all to you...”

Hearing Chen Mian’s words, An Qi’s face suddenly changed. Pale white.

She stiffened her neck and looked back, the man in the gray suit nodded neatly, and then his eyes fell on An Qi, expressionless:

“Now, on behalf of the State-Security-Bureau, I am officially charged with the crime of sabotaging national security. You just now have a serious threat to social security, please come with us...”

Although he said it politely, there was no room for negotiation.

After finishing the conversation, several people around Chen Mian came up together and forcibly put on handcuffs.

State-Security-Bureau.

Even the Public Security Bureau skipped it, which is the most feared and most difficult place for arms dealers to deal with.

Only this place is inaccessible to any kindness and money.

Fu Yechuan was so thorough?

When they were about to take An Qi away, she suddenly struggled hard, her face twisted and grim:

“Fu Yechuan dares to design us like this? Doesn't he think that Fu Qingcheng is still in our hands? He even has his father's Did you risk your life?”

Chen Mian smiled indifferently:

“Xing Zhi disguised as a businessman Zhao An three hours ago and entered the country. The moment he got on the plane, the joint deployment of various countries to combat terrorists had already begun. .

Unfortunately, in a small village in the western part of South Asia, a stubborn criminal gang was thoroughly cracked down and many hostages were saved, one of which happened to be our President Fu's father, Fu Qingcheng. “

Chapter 1528 After

Chen Mian, who likes to watch the fun, finished talking, An Qi was almost drained of strength, and there was nothing to support her body.

She felt like she had fallen into an ice cellar, cold to the bone.

She didn't know that Chen Mian's short words and calm tone seemed like a disaster to her.

Although Xing Zhi has a good reputation, he is an existence that almost no one dares to mess with. He is an arms dealer on the surface, but he is not so clean in private.

A clean person cannot stand a foothold in the dealings of various countries.

He sells weapons, and he also sells drugs.

He buys and sells people and kills people.

He has done almost no evil, and he is inextricably linked to those terrorists.

Countries hate him to the bone, but without evidence, he is still as stable as Mount Tai.

No one knows where her father's old base is, and the international police have brought up several dens through informants, none of which are real.

He himself almost never showed up, except this time... he was actually folded in Fu Yechuan's hands.

An Qi felt that she had come here, like a fool who had thrown herself into the trap.

Ridiculous, utterly ridiculous!

She turned her head abruptly, staring at Chen Mian sullenly, as if looking at another person, her voice was gloomy and hoarse:

"I'm going to kill you, all of you!"

Chen Mian didn't respond, looking at An Qi was taken away and disappeared in front of her eyes.

After that, he slowly let out a sigh of relief.

The stalemate atmosphere relaxed for a while, but the banquet hall was silent for a long time, everyone was gone, deserted, and the laughter and laughter just now seemed to be two scenes.

A person dressed as a bodyguard came over, "Chen Zhu, the guests have left safely, but Miss Qin Yu is still at the door, looking around..."

Chen Mian smiled.

He paused, with a bit of pleasure in his eyes:

"Don't worry, Miss Qin likes to watch the fun, so let her watch it."

Anyway, the news here will reach Su Nan's ears sooner or later, so he is still worried about how to spread it?

Fu Yechuan had no intention of getting engaged to other women except Su Nan.

I don't know, if Su Nan found out, would he be so moved?

On the way to the airport.

The sky was dark, mixed with a bit of chill.

There were few pedestrians on the road, not even a few cars.

But looking around, in the middle of the road, several black cars blended into the night, standing like giant beasts under the street lights.

The surrounding silence was in sharp contrast to the loud noise just now.

Those gunshots seemed to be a shock that pierced the sky.

But only a few sounds.

Xing Zhi disguised his identity and entered the country, but was stopped by someone on the way, and the four cars in front, back, left and right were surrounded with no direction to escape.

He knew that he was planted this time.

The entry control equipment in country Z is extremely strict. He tried everything he could, but he could only bring in a pocket pistol at random for self-defense.

He is also confident. After all, An Qi sent a message to reassure him. According to Fu Yechuan's power, how could he be in danger?

But he was careless, what if the danger came from Fu Yechuan?

The person who got out of the car in front was Fu Yechuan.

He was in a hurry, without saying a word, he took out his gun and aimed it at Fu Yechuan...

But the people around him responded very quickly, his car was about to be beaten into a sieve, and he even fought back. nothing.

But it was worth it to kill Fu Yechuan.

Judging from the intense gunfire, he pushed open the car door, ready to break the net.

But he saw that the person he hit just now slowly raised his head, and an obvious scar on his forehead was covered by the night, and he didn't notice it just now.

Suddenly, Xing Zhi's face turned pale.

That's not Fu Yechuan.

“Raise your hand, Xing Zhi!”

Someone shouted loudly.

Xing Zhi glanced at it, and there were people around, wearing special police clothes.

Come prepared.

His heart kept sinking, and he already knew that he had nowhere to go.

I glanced into the car subconsciously, it was pitch black, and I didn't know what I was looking at.

In a few seconds, he had already decided, gritted his teeth, ran in the nearest direction, raised his gun, and his awe-inspiring aura was the most like his identity.

Death will not be cheap for others.

He is Xing Zhi, the king of Southeast Asia.

He doesn't give up easily.

“Bang-bang-“

After firing several shots in a row, he confirmed that he was hit and ran quickly, but within two minutes, he was shot in the calf.

He knelt down with a plop.

His face was pale.

At the moment when everyone gathered around him and countless guns were pointed at him, the smoke filled with gunpowder, and the breath of death was approaching him incomparably.

He subconsciously looked back at his car and glanced at the darkness behind it.

That's great ...

Slowly, a light smile tugged at the corner of his mouth.

—

People were taken away, and the road was quickly cleaned up.

In this peaceful country, it seems that such a scene can only happen in movies.

It was like a dream just now.

It's clean, and the road can pass quickly and smoothly. It turned out that the road was temporarily closed just now, and cars can only go out but not in.

In a car not far away.

Fu Yechuan's eyes were dark and gloomy, looking in the direction just now, his thin lips were pursed tightly, and he was cold.

The co-pilot looked back and breathed a sigh of relief:

"Old Fu, is this over? Xing Zhi has been arrested, and Uncle Fu has also been sent to M country for treatment. I can sleep well, our The plan is flawless!"

It was Lu Qi who spoke.

Fu Yechuan's eyes narrowed, and there was no trace of joy in his dark eyes.

"Are you sure, it's only Xing Zhi and his driver who came here?"

Lu Qi paused for a second, "Yes, the clues provided by our informant are correct, and there is nothing wrong with the plane list, it's him and the Driver, the driver was taken away just now..."

Fu Yechuan didn't speak, the silence was terrifying.

There was no movement for a few seconds.

Lu Qi pursed his lips, and suddenly felt his throat dry:

"What do you mean? Old Master, you suspect...what did you see?"

Fu Yechuan retracted his eyes, lowered his eyes, and said in a cold tone:

"I saw it just now. Someone ran from that car..." The

voice fell.

The air was quiet and even breathing was careful.

Lu Qi's face changed suddenly.

Everyone knows that this plan is so seamless that it can only succeed and not fail.

Xing Zhi's identity is special, and the whole body is affected by one stroke, and there are too many chains of interests involved in his body.

The arrest in country Z this time was also a secret operation directly approved by the special channel of the special department. If it weren't for the cooperation of all departments, his plan would not have gone so smoothly.

But once an important person runs away, there is no doubt that the following revenge will surely come overwhelmingly.

The unknown danger seemed to invade the safety of the whole body in an instant.

Fu Yechuan keenly felt that the next thing would not be too good.

That man ran very fast.

To be able to slip away under the eyes of a group of special police officers shows that his ability is much stronger than Xing Zhi.

Lu Qi didn't speak for a while, and he also knew what Fu Yechuan meant.

They lived so well here that they forgot about the dangers of the jungle, where wild beasts always haunt.

Do they still have the courage to fight the beast?

Lu Qi opened his mouth and closed it again.

I don't know what to say, but my whole body seems to have been pulled out of the bone, and it slumps there weakly.

I completely forgot the joy and excitement just now...

Chapter 1530 It's okay to be stingy

Chapter 1530 It's okay to be stingy. It's

rare to relax in such a night, two people come out to watch a movie.

Today's movie is also very cold. Su Nan and Shang Qian spent two people's money to contract the entire theater chain.

Shang Qian firmly chose ghost movies, and claimed that experiencing the unreal feeling is a kind of enjoyment for the mind.

Su Nan looked at him with ghostly eyes.

Shang Qian was helpless and smiled, "Okay, no one has watched this ghost movie, I don't like occasions where there are too many people."

This reason is quite normal.

Su Nan smiled and agreed.

I ate a lot of desserts before I came here, and now it is impossible to eat any snacks such as popcorn.

Shang Qian thought so too.

So the two young lovers who looked noble and cold went in empty-handed.

The college students and couples around looked at him. Although they were envious, they still curled their lips with jealousy:

"That man is good-looking, but he's also stingy, isn't he?" the boy said to the girl.

The girl glanced at her boyfriend and snorted: "It's okay to be stingy when you grow up like that..."

Boy: "... The movie opens.

Su Nan was about to concentrate on watching the movie, when Shang Qian took her hand and squeezed it, then said with a smile:

"I'm worried that you are afraid, you can close your eyes."

Su Nan: "You think too much."

But she didn't Pull your hand out.

Shang Qian's hands were soft and delicate, slender and clean, like a work of art.

Wrapped in art, I feel like I'm getting expensive.

After a while, the phone rang.

She ignored it.

It rang again.

Countless WeChat messages came in.

She glanced at it, as if Qin Yu said something in the group, and chatted with her privately, seeing that it was 99+, she felt that it was a waste of her eyes, and she didn't want to open it.

The movie entered suspense, and a man in red suddenly appeared on the screen from below. The visual impact was indeed terrifying, and even Shang Qian was condensed for a moment.

Expression, a little frozen.

Su Nan thought it was funny.

But constantly, Qin Yu swiped the screen like crazy, and even made a phone call.

Su Nan was speechless, looking at this unstoppable trend, giving him a headache.

Shang Qian patted her hand and let go.

Looking at her, she smiled, "Going to answer the phone? Maybe there is something urgent?"

Qin Yu will be in a hurry?

Su Nan paused and nodded, "Okay, I'll be back later."

She couldn't take it anymore, Qin Yu wouldn't let her go.

Qin Yu went to attend Fu Yechuan's engagement. She didn't know what gossip she knew, and was eager to share it with her.

But Su Nan swears, she really doesn't want to know!

She walked lightly to the corner in front of her, and only picked up when the voice inside could not affect the voice of the call.

"Su Nan, you finally answered my call!"

Qin Yu's excited and depressed voice sounded, and Su Nan knew that she must be gossipy now after thinking about it.

She smiled.

“Miss Qin, what are you doing? Do you know that another option for not working overtime at night is to go on a date?”

They are all her own, and she speaks very directly.

Wouldn't she feel guilty for interrupting her best friend's date?

Others can, but Qin Yu can't!

Qin Yu laughed twice, “I'm sorry, sorry, you're dating, it's okay, you can make an appointment later, I'll tell you, I just came back from the scene, I'm still downstairs in the hotel, do you know what happened?”

TV series are all over the place. Don't dare to act like this, guess...”

Su Nan hummed softly, “If you don't guess, it's fine if you don't say anything, I'll hang up!”

“Don't, don't, let me tell you, Fu Yechuan didn't say anything at all. When I came to the scene, the people who came at the scene mixed in with the people from the National Security Bureau, took An Qi away, and took it away like that!

The most exciting thing is that I was down below and heard the gunshot! Excited, excited Bar!”
