

Read Divorce Billionaire Heiress Chinese Language Chapter 1531-1535

Chapter 1531 She disappeared

, Miss Qin, who had never seen the world. It was such an exaggeration.

Su Nan's heart sank for a second.

"A gunshot? Are you sure?"

Qin Yu smiled, "Of course I'm not sure, but Shen Liang said it was a gunshot, and he wouldn't let me go up to watch the fun. Fu Yechuan's assistant, Chen Mian, sent all the guests away, saying it was an engagement. Cancel, I guess it must be the arms dealer's daughter who shot in a fit of rage..."

Su Nan frowned, shooting in country Z, what were the consequences?

very troublesome.

But...

Su Nan pursed her lips, "Is anyone injured?"

Qin Yu paused, "No, Shen Liang said that there was no ambulance coming, and no one was making a fuss, so it's probably all right, but I saw that they took An Qi away, and she was still wearing handcuffs!"

Su Nan let out a faint sigh.

People from the National Security Bureau took An Qi away. I am afraid that this engagement was a revenge by Fu Yechuan, a trap he carefully designed.

The purpose is Angie.

Her identity is special, and naturally there are many things to check.

Thinking about it, I'm afraid it will be a little troublesome.

It's just that he didn't think that Xing Zhi would take revenge on him for saving his daughter?

Su Nan's mind was a little confused, and he didn't want to think about it.

With Fu Yechuan's ability, he must be more thoughtful than her, what should he worry about?

She pursed her lips and cheered Qin Yu's gossip:

"You are really amazing, you have observed so carefully, and someone is there to explain to you?"

Qin Yu laughed and accepted her compliment very proudly. :

"No way, I'll always be on the front line of eating melons."

Su Nan smiled. Just as she was about to say something, a dark shadow suddenly flashed in front of her. She was stunned for a moment, then raised her head and looked at a tall, thin man. His face was very white, and the white one was a little morbid and abnormal. He looked at her and smiled.

The smile is evil and aggressive.

Very uncomfortable feeling.

Su Nan frowned, the man smiled, and asked her politely:

"Excuse me, how do I get to the bathroom?"

Su Nan pointedly pointed in a direction, which she had just seen by observing the sign.

The man nodded slightly, thanked him, and then walked in the direction she pointed.

Qin Yu's voice was chattering on the phone, and she kept talking about her feelings.

Su Nan just put the phone to her ear and was about to end the conversation.

Suddenly, I heard the man's gloomy voice appear from behind:

"Hi, Annie?"

Su Nan turned back subconsciously, and the man with a miserable face stood in front of him again, still with a wicked smile.

He was standing about one meter away, and suddenly he waved his hand in front of him, and Su Nan smelled the special fragrance of some kind of plant.

Su Nan was stunned, and suddenly felt her whole body go soft and her phone fell to the ground.

She panicked.

The man calmly took out a handkerchief from behind, sprinkled something on the handkerchief, and directly covered Su Nan's mouth and nose.

Soon, Su Nan didn't even have the strength to struggle.

There was a burst of dizziness in front of her, and black gradually enveloped her.

The panic and irritating smell instantly made her powerless.

A few dozen meters away, is Shang Qian.

On the phone that fell to the ground, Qin Yu's voice fluctuated far and near, and the chatter didn't affect her words.

"Are you listening to what I'm talking about? Fu Yechuan's move is really cruel. It's just a slasher. He has a plan and promised to get engaged. It's obviously a show of weakness, and he tells the arms dealer's daughter to put down her guard and kill them all in one go?"

Su Nan I wanted to struggle, but the darkness in front of me was overwhelming.

She was half-armed by the seemingly thin man, and almost the whole body rested on him effortlessly, and he left with one arm around her shoulder.

At this moment, no one knows, she is missing...

...

The first thousand five hundred and thirty-two chapters are drunk

Chapter 1532 Drunk as if

no one in the past paid attention, they all thought that the two were in a relationship, or that the woman was drunk and was taken away by her boyfriend.

It was still the couple of college students, the man stared at him with wide eyes, "She... the person who was just beside her was not this man..." The

woman also nodded, " This man is not as good as the previous one, hey, the triangular relationship is so complicated!"

But I have to admit that this woman's temperament is already beyond the reach of people.

It's not surprising that so many men are chasing him.

...

fifteen minutes passed.

Shang Qian was very speechless about this movie. Although there was enough suspense at the beginning, it gradually became a little stiff, and even the plot was a cliché of love and hate.

He looked at the time and looked in the direction of the door.

Su Nan did not come back.

He frowned, and after a while, he stood up.

He knew that Qin Yu was looking for her mostly to share the latest news on Fu Yechuan's engagement, and no one could stop a woman's gossipy nature. Although he felt a little uncomfortable, he felt that his mind could bear it.

After all, Su Nan chose him.

But it's been long enough.

He couldn't wait, and when he went out, the door was empty.

Suddenly, my heart was empty for a moment.

I heard Qin Yu's voice coming from a certain direction:

"Did you listen, I tried so hard, and you didn't even respond? Even if I interrupt your date, it's not important for a man to have girlfriends.."

When Shang Qian looked at Su Nan's phone on the ground, his face was obviously pale.

He went over, picked it up, and put the phone to his ear.

"Miss Qin?"

He tried his best to suppress the panic in his voice.

Pretend to be calm.

"Shang Qian? How is it you? Where is Su Nan?"

“She’s gone, her phone was thrown on the ground, when did you not hear her reply?”

Shang Qian looked around, the corridor on the right led to the bathroom, He immediately rejected the option.

Su Nan must not have left by herself, otherwise her phone would not be on the ground.

His calmness is a little scary, go to the left, is the bright lobby.

Walking to the front desk, he took out his mobile phone, found Su Nan’s photo, and his voice was cold:

“Excuse me, did you see the person who came with me? It’s her...”

“I didn’t see it . . , hey, this is not Su...”

The person at the front desk did not see it, but surfing the Internet all the year round, they recognized Su Nan for the first time.

Shang Qian quickly put away his mobile phone, his eyes darkened and his throat moved slightly, “I want to watch the surveillance, my girlfriend has been kidnapped...”

Although he was very reluctant to believe it, this was his last moment. Fastest time, most accurate analysis.

How hopeful is an oolong?

The person at the front desk paused, if others might not believe it, but the identity of the person in front of him and the woman in the photo are not simple.

“Please wait a moment, I will contact our manager right away...”

The person at the front desk did not dare to delay and immediately contacted the manager.

It took a while for Su Nan’s phone to move.

It was Qin Yu’s unbelievable voice:

“Shang Qian, you’re not kidding? You’re not scaring me? Is it true? Su Nan is gone?”

She thought that Shang Qian and Su Nan were joking to scare her.

But she heard what Shang Qian just said.

Immediately realized something was wrong.

Not fake.

Shang Qian said “um”, “So, do you remember when she responded to you?”

Qin Yu gasped, she spoke very fast:

“I forgot, but my phone has an automatic recording, I’ll send it to you right away!”

Shang Qian answered and hung up.

He closed his eyes, his heart was already flustered.

While waiting for the manager, a couple of college students came over...

...

Chapter 1533 Hello Annie

Chapter 1533 Hello Annie The

couple looked at each other, and the boy coughed:

“Well, are you looking for the girl who came with you?”

Shang Qian turned back suddenly and stared at him:

“Yes , have you seen it?” The

young couple looked at each other and nodded.

The girl said, “I was taken away by a man. Your girlfriend looks like she’s drunk and doesn’t resist.”

Shang Qian’s eyes instantly became chilly, the blue veins on his forehead bulged, and his hand on his side trembled slightly.

“She didn’t drink.” She didn’t drink

a drop tonight.

The girl frowned suspiciously, “Impossible, it looks like she’s drunk...” The

voice became smaller and smaller, and everyone seemed to realize something.

Shang Qian’s face became even more ugly. After a few changes, he gritted his teeth and said,

“Thank you, do you remember what that man looked like?”

The boy next to the girl frowned slightly, “So you don’t know each other? That man is not an intimate relationship, and you are not in a triangular relationship?”

Shang Qian looked at the boy coldly, and after the boy finished talking, he realized that he had lost his words, and quickly answered his question:

“That man is tall and thin, about About 1.8 meters, but his face is very white, and the white is a bit excessive...” The

girl nodded in agreement, “Yes, a man is so white, it is too obvious.”

“And the hair is a little long, and the forehead is a little long. Very long, wearing black clothes and black pants...”

“What does he look like?”

Shang Qian was eager to know what that person looked like.

The boys and girls shook their heads.

After thinking for a while, the boy frowned, “He walked so fast that he didn’t see clearly.” The

girl nodded.

Shang Qian’s brows were a little irritable, and his cold aura was frozen for a while, and the person at the front desk hurriedly greeted him:

“Sir, this is our manager.”

Shang Qian thanked him and walked over quickly.

The front desk informed the manager that the missing person was the eldest lady of the Su Group, and the manager’s face changed.

Then the man who came with Miss Su must not be neglected.

Looking at Shang Qian, with a long body and a jade stand, the noble aura around him has a faint coldness, and standing there, there is a sense of calm and alienation.

He hurried up to meet him and looked carefully: “Is it President Shang?”

Shang Qian frowned, “Are you the manager?”

“Yes, yes, I heard that Miss Su is coming, we should clear the venue in advance... “The manager shivered, crushed by this Shang Qian’s momentum, and was also afraid that Su Nan would really have an accident here.

He can’t afford the eldest lady of the Su Group.

“Okay, take me to see the surveillance.”

Shang Qian interrupted him impatiently.

Not in the mood to listen to him continue to say something.

The manager nodded again and again, and then took him to the guard room. As he walked, Shang Qian called the assistant beside him and told him to use all his forces to find it.

After thinking about it, he also called Su Jin.

Although he knew that Su Nan was in danger by his side, the people of the Su family would definitely have opinions on him.

But now, this is not the time to worry about this, as long as Su Nan can be found safely, everything is not important.

Video surveillance was sent to his cell phone.

Shang Qian stared at the screen.

The tall, thin man with a black hat covered his pale face, so he couldn’t see what he looked like at all.

But it was obvious that he had come prepared, and he was there for Su Nan.

“Excuse me, how do I get to the bathroom?”

“Hi, Annie?”

There were only two sentences in total. The man’s voice was low and hoarse, with an evil spirit, especially the last sentence.

Annie.

Su Nan’s name.

...

The first thousand five hundred and thirty-four chapters who under the hand

Chapter 1534 Who took the hand

and then looked at the man's hand and waved, and the white powder came out, and the man was taken away by the man.

It seemed that Su Nan had no strength all over his body, and there was no room for resistance at all.

If he really did it, Su Nan might not be taken away so easily.

This man's methods are clever. I'm afraid he has long known that Su Nan has skills, and he is afraid that his voice is too loud and will attract other people.

Shang Qian's fingers squeezed the phone hard, his phalanges were white, and his face was dark and ugly.

The manager beside him shivered.

"Why don't you call the police?" The

manager was so frightened that he couldn't say anything completely. This was obviously kidnapping, and the eldest lady of the Su Group was kidnapped from his place.

You know, the Su Group can go bankrupt with the touch of a finger.

He seemed to feel the catastrophe.

Shang Qian's face was dark and ugly, the warm feeling faded, and the whole person seemed to have changed, becoming terrifying and gloomy.

He gave the manager a cold look, turned and left.

I didn't say whether I agreed to call the police or not.

Managers dare not make decisions on their own.

Or the person at the front desk cautiously reminded: "What if the police tear up the ticket? Isn't Miss Su finished?" The

manager's face turned even paler...

Su Jin knew that the watch Su Nan was wearing had a location, so he didn't at first. too anxious.

But when he saw the red dot disappearing at the entrance of the mall, he really realized the seriousness.

The watch was thrown away.

People were taken away.

He ran out of the study and lost one of his slippers.

Wen Xiang couldn't help but be a little surprised when he saw his frightened look:

"Where are you going?"

Su Jin tried to restrain his emotions, looked at the lights in the living room, and heard Su Yifeng and the housekeeper's uncle chatting, Mood is inevitable.

He took a deep breath, looked at Wen Xiang, and whispered,

"Su Nan was kidnapped, I'm going to see it, you're at home, don't tell Dad about it."

He knew very well that what happened to Su Nan There are too many accidents. The last time the plane crashed into the sea, everyone said that Su Nan was dead.

Su Yifeng in those days seemed to be twenty years older all of a sudden.

Now, he can't take any risk.

Wen Xiang's face instantly turned ugly.

She nodded again and again: "Okay, you go, let me know in time if you have any news."

Su Jin nodded, and quickly left the elevator on the second floor without being seen by Su Yifeng and the housekeeper.

Shang Qian didn't call the police because he didn't want to take risks. Before he knew the origin and purpose of his opponent, he had to leave room for negotiation.

However, he has allowed hackers to break into the surrounding surveillance system and has not missed a single corner of the several monitored roads around the cinema.

I don't know if it was a coincidence or not, the tall, thin man left the mall with his arms around Su Nan, who was in a coma, but chose a path with broken surveillance cameras.

When he disappeared at the intersection, Shang Qian's eyebrows suddenly became angry, and he couldn't bear it any longer, and waved off the things on the table with one hand.

The hand beside him trembled slightly.

The people around didn't dare to say a word.

Shang Qian is always gentle and modest.

They have never seen Shang Qian like this.

When Su Jin appeared, Shang Qian was asking them to expand their scope.

He looked at the eyes that stepped forward, and there was no peace before.

With a bit of coldness.

After all, even a woman can't be protected well, so Su Jin shouldn't let them be together.

"Mr. Su..."

Shang Qian suppressed his emotions and nodded, his dark eyes were dark, with endless shame and deepness.

Su Jin pursed his lips. Now is not the time to pursue him. He can only put away his dissatisfaction and look sideways at the surveillance.

"disappeared?"

...

Chapter 1535 Finding a Needle in a Haystack

Chapter 1535 Looking for a needle in a haystack

Shang Qian nodded: "Information identification of big data, without this person, he escaped that way, there is no monitoring, and the clue is broken at present."

Su Jin tightened his face, even more ugly.

"Su Nan's position has disappeared. This person's anti-reconnaissance ability is very high. Even if it is a temporary initiative, the method is familiar. It should not be an ordinary person, but a habitual criminal."

Shang Qian closed his eyes, and the veins on his neck started to rise. , with a gloomy face.

Repeat offenders can only mean that Su Nan is more dangerous.

And they are like looking for a needle in a haystack.

Suddenly.

Su Jin remembered something.

“Shang Qun is still in country M?”

Before, Shang Qun hated Su Nan deeply, and it was impossible to let go of his revenge.

Knowing what he meant, Shang Qian’s face was pale:

“I have already asked people to check it at the first time. My people are watching day and night. It is impossible for him to have access to any information from the outside world, including Shang Yi.”

If possible, he I really hope that Shang Qun and Shang Yi did it.

At least, you don’t have to collide like a headless fly. With the direction, everything is easy to say.

But unfortunately, it’s not.

Su Jin fell silent, lowered his eyes slightly, glanced at Shang Qian, and said very coldly:

“It’s better not, if this matter has anything to do with you, even if Su Nan protects you, you have to get out.”

He said it very rudely and showed no mercy at all.

He is the eldest brother, I hope Su Nan will always be happy.

If it was because Shang Qian was implicated, no matter whether he was innocent or not, the people of the Su family would not be able to tolerate it.

Shang Qian’s face was ugly, but he did not refute it.

The other party is Su Nan’s eldest brother, and he has no position to say anything.

Silence was his response.

Su Jin went out to make a phone call. Here, he has more and wider connections, closer and more friendly relations with relevant departments, and it is more convenient to do things.

A cold night.

Everyone was just immersed in the live gossip of Fu Yechuan's engagement ceremony and couldn't help but sigh.

No one knew that at the same time, something like this happened to Su Nan.

The night is long, and there is always someone who can't sleep.

The news of Su Nan's kidnapping was not publicized.

She just declared to the outside world that she went out to relax for a few days.

Don't you just want to get out of Fu Yechuan's gossip when you go out to relax at this juncture?

The more this is the case, the more everyone wants to connect the two people together.

For a while, the circle paid more attention to her and Fu Yechuan's movements.

But after the engagement ceremony, no one moved.

At Fu Yechuan's engagement scene, countless people heard the gunshot, but they didn't know what happened afterward.

No one came out to explain.

As for Fu Yechuan, no one dared to gossip.

It's just that everyone speculates that the engagement is over, and the fiancée has disappeared from the circle.

In addition to speculation, everyone breathed a sigh of relief.

A day passed.

Shang Qian hardly closed his eyes, his eyes were full of red blood, and the tiredness and anxiety on his face made him tortured like two different people.

Su Jin was not much better either.

The results they have speculated countless times have been overturned one by one.

In such a huge city, they almost turned over secretly.

But the man and Su Nan had almost no clue, as if they had suddenly disappeared.

Su Group.

Yu Lou went to get off work as usual, but he couldn't get in touch with Su Nan, and no one even replied to WeChat.

He was vaguely aware of something, but he didn't say it or ask.

Su Jin told him to do business as usual, and he could only do as he did.

...

Xing Zhi's mouth was tight, and he refused to admit that he was the arms dealer Xing Zhi.

He insisted that he was just an ordinary traveler from Southeast Asia.

It seemed that he had forgotten how vicious he was when he wounded people with a gun that night.

An Qi couldn't hold it any longer, even if she was arrested, she was still cursing Fu Yechuan. She

scolded him for a good death...

But for the others, she seemed to have learned a lesson and kept silent about Xing Zhi.

Most of the readers are now reading this novels:-

Read Divorce Billionaire Heiress Chinese Language Chapter 1536-1540

The first thousand five hundred and thirty-six chapters rushed to the courting

Fu Group.

Lu Qi sat in Fu Yechuan's office and took a sip of coffee:

"It's hard to pry open the mouth at Guoan, not to mention Xing Zhi, that woman An Qi has been scolding you, saying she wants to see you..."

Fu Yechuan frowned and sat on the sofa, his aura was awe-inspiring and cold.

Hearing this, he pursed his lips indifferently.

“Don’t worry, few people can get out of there safely.”

But those who are targeted by Guoan can’t be fine.

They have been thinking about this big fish for a long time.

Hearing his tone, Lu Qi also felt relieved and heaved a sigh of relief:

“It’s alright now, that woman is settled, and your engagement has been in vain. Do you want to explain it to Su Nan?”

He said jokingly. .

Fu Yechuan was threatened and forced to marry before, but he also had some thoughts of watching a good show.

Now that you are free, how can you not talk to Su Nan?

Fu Yechuan frowned slightly, still hesitating, did he see the figure wrong that night?

Lu Qi smiled, “Why do you think so much? After thinking about it, people will become someone else’s, and the surnamed Shang is waiting for you to retreat!”

Fu Yechuan’s eyes turned cold and stern, his eyes narrowed. , his face tightened.

Lu Qi stood up leisurely, “Okay, let’s not talk anymore, I’ll go home with my wife. She’s been in a better mood recently. I have to hurry up and be courteous.”

Leng Lin after remarriage, right His attitude was completely less cautious than he had been at the beginning, but he was rushing to stick to his cold buttocks warmly.

However, he also volunteered.

Who asked for it all by himself?

Fu Yechuan looked up at him and said nothing.

It’s just that in my heart, there is a bit of sourness and envy.

They were all divorced. Leng Lin made a big noise at the remarriage scene at the beginning. She looked like she didn’t get along with each other, but now she can reconcile with Lu Qi as before.

He and Su Nan didn't tear their faces apart and gave each other enough face, but they went further and further apart.

To say that I am not envious is a lie.

But Su Nan is not Leng Lin after all, and he can't do the same bastard thing as Lu Qi to force a woman and use her child to force her to stay.

My heart seemed to be empty, and it was suffocating.

After a while, he picked up his clothes and went out.

Su Group.

When he entered, the front desk thought he had made an appointment, but only notified Yu Lou in advance.

But Yu Lou was dealing with Qin Yu who was out of control at that time.

The more she thought about it, the more panic she became. If she hadn't called Su Nan herself, she might not have been in danger.

Even if there was no news from the Su family, she was worried to death.

Su Nan's phone can't get through anymore, but Shang Qian sent her a message back, so that she doesn't have to worry, they will find Su Nan.

The implication is that Su Nan has not been found.

She lost her mind to go to work, and came to the Su Group to see how far it has progressed.

She stubbornly wanted to enter Su Nan's office, but Yu Lou couldn't stop her, and she was afraid of being noticed, so she persuaded her to go back early.

Qin Yu sat and cried in the office, blaming herself and feeling sad.

"It's all my fault. If it wasn't for me, Su Nan would not be in danger..."

"Miss Qin, don't talk about it, President Su and President Shang are all trying to figure out a way, and President Su will be fine. If you continue to cry, the more people you know, the more danger there may be..."

Yu Lou persuaded, his head was big on one side.

Suddenly.

The door was knocked open.

The two were shocked.

Seeing Fu Yechuan standing at the door with a dark complexion.

There was a faint flame in his eyes, and his voice was extremely low:

“What did you say? What happened to Su Nan?”

...

Chapter 1537 He knows

Chapter 1537 He knew

Yu Lou’s throat was awkward, and he opened his mouth, not knowing whether to say it or not.

Su Jin had instructed that this matter should not be publicized.

But Fu Yechuan seemed to have heard it outside.

Qin Yu stood up, looked at Fu Yechuan, took a deep breath, and looked at Yu Lou:

“Tell him, more people have more power.”

Fu Yechuan’s ability can reach the sky, which is never doubted.

When Su Nan was able to come back from that island, other than Fu Yechuan, who could have this ability?

Right now, he is also a hope.

Yu Lou gritted his teeth, looked at Fu Yechuan’s dark face, and pursed his lips,

“Miss Su disappeared and was kidnapped, and the other party came prepared, and she hasn’t come out to negotiate terms and left no clues. ”

Fu Yechuan’s complexion suddenly changed, and his chest shrank in pain.

Su Nan was kidnapped...

He vaguely felt that something was wrong.

His voice was cold: “When did it happen?”

“On the night of your engagement, around 11 o’clock in the evening.”

Fu Yechuan felt that a string in his mind had broken.

He was very reluctant to link Su Nan’s distress with his engagement.

But that night suddenly flashed through my mind, looking at Xing Zhi’s car, under the guns, a figure ran out and merged into the night.

lingering.

His face was cold and awe-inspiring, he was silent for a few seconds, and looked at him:

“What clues are there now?”

Yu Lou shook his head, his face was ugly, he didn’t know much.

“President Su and President Shang follow up on this matter, and the clues are in their hands.”

As soon as he finished speaking, Fu Yechuan turned around and left.

He found Su Jin, without any unnecessary nonsense, and asked him where he had progressed now.

Su Jin was stunned at first, but then quickly told him the progress and sent it along with the video.

As long as Su Nan can be rescued, what does it matter who saves it?

Still her safety is the most important thing.

It’s been two days.

What this means, Su Jin didn’t even dare to think about it.

Fu Yechuan looked at the man in the surveillance video. He was tall and thin. He glanced at the man with a dismal expression. He looked thin, but he was actually very powerful, with strong vigilance and anti-reconnaissance capabilities.

Who can have such a thing?

Either the right way or the underworld.

The right way will not lead to kidnapping, then only the underworld.

Who did Su Nan offend?

The interests of the mall are vying for each other, fighting openly and secretly. Although it is dangerous, few people can escape the bodyguards who are always around her.

Kidnapping people under the nose of her bodyguard is not something ordinary people can do.

Xing Zhi.

The name flashed across his mind.

Fu Yechuan immediately called a leader of Guoan: "I want to see Xing Zhi."

Xing Zhi was arrested because of Fu Yechuan's cooperation.

Coupled with his connections and mediation in the middle, there is no reason not to give this face.

Soon, the time of the scheduled meeting is also mysterious.

In the early hours of midnight, the most vulnerable and exhausting time of the day.

This time was supposed to be a good time for interrogation, but Xing Zhi's mouth was tight, so far nothing has been gained.

Fu Yechuan looked at Xing Zhi's pale and tired face, narrowed his eyes, and looked at him coldly.

Xing Zhi was also looking at him.

Suddenly.

He suddenly said, "Fu Yechuan?" His

expression was full of disdain.

Fu Yechuan looked at him indifferently, with a gloomy expression: "Long back."

He almost gritted his teeth.

Xing Zhi smiled.

Smile ugly but comfortable.

In just a few seconds, his face changed, his smile sank, and he stared at him coldly:

“You set up such a big game to catch me?”

“Why should I catch you?”

Fu Yechuan’s voice was extremely loud. Very cold, trying to suppress emotions.

...

Chapter 1538 He is not Xing Zhi

Chapter 1538 He is not Xing Zhi

Xing Zhi shut up.

Inducing a confession is what he has experienced in the past two days.

He won’t say a word.

Never let anyone get caught.

The night was silent, and the two faced off in a private space.

No one else was present for this secret meeting.

But somewhere, this meeting was being watched.

A few seconds passed.

Xing Zhi smiled: “Yeah, I was wronged, I’m not what Xing Zhi is in your mouth, why are you arresting me? I know the laws of country Z, you illegally imprison foreign friends, which is not allowed internationally. It will cause international disputes.

Without evidence, you cannot imprison me for more than 15 days, only 15 days, I can afford it.”

Isn’t country Z a friendly country under the rule of law?

He looked at Fu Yechuan triumphantly, with provocation in his eyes.

An attitude of what can you do with me.

Really arrogant.

Fu Yechuan lowered his eyes, and murderous intent gathered in his black eyes.

He raised his head again, looked at him with dark eyes, his lips curled slightly, not distinguishing between right and wrong:

“Murder with a gun in country Z, adapting to the laws of country Z, you don’t even know this little common sense, right? It doesn’t matter if you are Xing or not. Straight, you’re dead.” The

other party’s expression changed slightly, and he squinted:

“Don’t scare me, Fu Yechuan, my lawyer will be here soon, wait for me when I go out.”

Fu Yechuan disdainfully With a chuckle, “You have to go out too, this...is my territory.”

He said arrogantly, wantonly, and so unreservedly.

Xing Zhi looked at him.

Ugly face.

Fu Yechuan suddenly leaned over and approached him, his eyes were cold and his voice was cold and empty, and he said in a low voice:

“Or, if you let the person who pretended your identity leave, you have to stay.” After he finished speaking.

Xing Zhi froze for a moment, and a smear of scarlet rose between his eyebrows:

“Fu Yechuan—”

Fu Yechuan lightly hooked his lips, sneered, then straightened his clothes, stood up, and turned to leave.

Sudden.

Xing Zhi stopped him, his face twisted:

“Do you think you can catch me? Do you think that if I die, you will be safe? Stop dreaming...”

Fu Yechuan paused for a second, then turned his back Slightly stiff, then walked out.

People outside the door know exactly what’s going on inside, and they will extract useful information and erase unnecessary information.

Someone came over and said with a frown, "I didn't expect his mouth to be very hard, and you didn't speak when you came."

Fu Yechuan pursed his lips, and his face was gloomy and ugly:

"He has already said it."

The man was stunned, "What did you say? ?" Fu

Yechuan's eyes were dark and deep, like a thick fog floating on the sea, making it difficult to tell: "

He is not Xing Zhi. " Xing Zhi? They have been following him since he entered the country. He was right, how could it not be Xing Zhi? It's not Xing Zhi, who is it?

Fu Yechuan's complexion had a light shadow, and his lips were tightly pursed:

"From the beginning to the end, he never mentioned his daughter, he came for his daughter, but he didn't care about his daughter at all, this is the most important thing. The abnormal place. The

second is..."

It was his last sentence just now, and there was something in his words.

Do you think you can catch me?

The implication was that he arrogantly suggested that Fu Yechuan could not understand.

The Xing Zhi they arrested was not Xing Zhi, Xing Zhi had already run away.

The person on the other side panicked:

"This... what to do? Where is the real Xing Zhi? Our informant is wrong? But Xing Zhi clearly got on the plane and came to Z country!"

Fu Yechuan was silent , The chaos in my mind suddenly became clear.

But his heart sank hard.

...

Chapter 1539 He left a hand

Chapter 1539 He kept one hand and

Fu Yechuan looked at the person opposite, his voice was cold:

“The information is correct, there is only one possibility, that even they can’t tell who is the real Xing Zhi? Then? They got on the plane together, and came to Z country together, one person was caught, the other person must have taken the opportunity to run away!”

The person opposite was secretly surprised, but Xing Zhi still kept a hand?

It was so unexpected.

But soon, he reacted, “I will immediately investigate the people on the same flight, no one will be spared.”

Fu Yechuan nodded, the real Xing Zhi must be on the plane.

Thinking about that man taking Su Nan away, he felt that the blood was flowing backwards all over his body, and he couldn’t calm down.

He raised his feet to leave, but the people behind him stopped him:

“President Fu, that An Qi, do you want to go and find out what she said?”

This arms dealer’s daughter is definitely not a fake.

There might be some useful news out there.

Fu Yechuan pursed his lips, “No need.”

An Qi didn’t know anything about his plan, let alone any preparations.

Otherwise, she would not fall into his trap.

How could she know that someone had kidnapped Su Nan?

The dark sky brightened little by little, the sky was white with fish belly, and the slightest rays of light broke through the clouds, and within a few hours, the sky was bright.

Sleepless nights.

Su Nan had been bumpy on the road for a long time, dazed and awake for only a few hours a day.

All she knew was that she had been in the car, her hands and feet were tied, her mouth was covered with tape, she couldn’t make a sound, and she was in a state of embarrassment.

I opened my eyes in a daze, and felt as if my whole body had been tossed to pieces, and there was nothing that didn't hurt.

She seemed to be thrown into the compartment of a truck, surrounded by fishy seafood products that got into her nostrils, which was disgusting.

She couldn't even spit it out, but she felt as if she had collapsed, without the slightest strength.

This is not normal.

The memories in my mind gradually came back into the cage.

I was watching a movie with Shang Qian a second ago, a ghost movie.

Then she received a call from Qin Yu, and while she was talking, the tall, thin, pale man came over to ask for directions.

She turned around and he called her: "Hi, Annie."

Su Nan's nerves tensed for a moment.

She struggled a few times, but she couldn't break free at all, her legs were numb, and her wrists were extremely painful.

She twisted her body and changed her posture, her legs were sore and numb, and it took a long time.

The man knew her, but she didn't know him.

She only remembered that the man's face was very white, his eyes were as sharp as falcons, and he was dangerous.

difficult to forget.

The cabin was pitch-dark, and light could be seen through the gaps.

After a few minutes, the car stopped.

The back door opens.

A person came up a few steps, opened the seafood foam boxes around, and looked at her sharply.

Su Nan didn't move, lying there just like before waking up, closing his eyes tightly, pretending to be dead.

This gaze lasted for two minutes.

Just when Su Nan felt that he couldn't hold on anymore, the man finally couldn't help but chuckle.

He saw her little trick.

Reaching out, he pulled the tape off her mouth instantly.

Su Nan frowned in pain and took a hot breath.

"Don't pretend?"

His voice was cold and hoarse.

Su Nan paused, opened his eyes slowly, and looked at him vigilantly.

The first impression was that his face was pale and he looked extremely weak, but Su Nan remembered that he was very strong.

The second is the pair of eyes, the corners of the eyes are drooping down, with a bit of shrewdness and cruelty, at first glance, it is terrifying to death.

Su Nan calmed down, her voice hoarse:

"Who are you and why are you arresting me?"

...

The first thousand five hundred and fortieth chapters of his accomplices

Chapter 1540 His accomplice

hooked his lips, his eyes locked on Su Nan's face.

Although pale and weak, it is difficult to conceal the beauty of the facial features.

She couldn't help but reached out and rubbed her face, it felt like a poisonous snake spitting a letter, and Su Nan's back was cold.

She didn't start, her eyes were cold and disgusting.

The man snorted lightly, "You'll know when you arrive."

He looked outside and squinted, "I've already reached the border, so I won't give you any medicine. Be more obedient later, you know?"

Su Nan tightened his lips and said nothing.

There was a wave of fear in my heart.

border line?

How many days has this passed?

Could it be that she has been in a coma these days because this man fed her medicine?

She couldn't help feeling a little chills. She didn't know if Shang Qian was in a hurry now, everyone in the Su family must know.

Thinking of Su Yifeng's appearance after she found out, her eyes could not help but sour.

She always worries them.

The man jumped out of the car a few steps, closed the door, and went down to make a phone call.

She listened vaguely, not like Chinese dialect, like English mixed with a strong Southeast Asian accent.

Southeast Asia?

Su Nan felt a chill in his heart.

The only person around her who can relate to Southeast Asia is Fu Yechuan's fiancée, An Qi.

She suddenly remembered Qin Yu's words that Fu Yechuan did not appear at the engagement ceremony.

Did An Qi blame everything on herself?

The scene of An Qi appearing in front of her for the first time suddenly appeared in her mind. At the Cheng family's dinner party, An Qi followed Lin Yang in, dressed in looks that closely imitated Su Nan's style.

At the time, she called herself "Annie".

So this accident, in the final analysis, is because of An Qi?

Arms dealer?

When Su Nan thought about it, her head became big.

She looked down and saw that the clothes on her body were dirty and messy, and she couldn't see the original appearance.

After all, it is also a limited edition of a first-line big name. It has been tossed into a street imitation, and no one believes it is true.

It's too late to think about it now.

The car didn't start, and the man didn't leave or come in after making the call.

Like waiting for something.

What are you waiting for?

Su Nan's head hurt a little. I don't know if it was a sequelae of taking the medicine.

As a result, even without taking medicine, she was a little dizzy.

She lay in the car and took a deep breath. Although it was a fishy smell, it was difficult for people to calm down, but at least she could wake up without taking medicine.

Then think about it... All

she can do is think.

About ten minutes later, I suddenly heard the sound of an approaching car.

Su Nan opened his eyes in an instant, his eyes shining like hope.

really.

The car stopped around.

Did someone catch up?

Is she saved?

Just as he was about to shout for help, he felt something was wrong.

Then, someone got out of the car and listened to the sound, and there were still many people.

"Big brother..."

“Big brother, you’re back!”

“Big brother, I heard that something happened, you’ll be fine...”

.....

Listen to the sound of big brother, Su Nan’s heart is cold.

The light in her eyes gradually dimmed.

It turned out not to be here to save her, but the man’s accomplice.

The next second, the door of the carriage opened, strong light came in, and there was a moment of discomfort in the eyes.

Su Nan pursed his lips and watched a few short, black and thin people get into the car, moved the seafood away, and looked at Su Nan who was lying there fiercely.

“Big brother, is this the eldest lady of the Su family? Is this the woman who robbed our eldest lady of a man?”

The man in the lead looked at Su Nan extremely displeased.

I can’t wait to tear Su Nan alive.

Most of the readers are now reading this novels:-

Read Divorce Billionaire Heiress Chinese Language Chapter 1541-1545

Chapter 1541 Listening to the boss,

Su Nan pursed his lips and said nothing.

Resisting now is tantamount to adding fuel to the fire.

She’s not that stupid yet.

The other person looked at it and looked at her with malicious eyes:

“Brother, this woman is not bad, how about giving my brothers a taste? We have never seen such a beautiful woman from country Z!”

Su Nan’s face changed . .

Chills in the spine.

She was helpless, as if waiting for someone else's judgment.

The feeling of falling into the clouds is really uncomfortable.

The tall and thin man sneered coldly, "Don't mess around, it's useful to keep her, I'm going to exchange her for An Qi."

Another sighed in disappointment.

As if the delicious taste in the mouth just flew away.

The very popular one at the beginning:

"Look at this girl who looks like a goblin and doesn't have a few bones on her body. How can we Miss An Qi be strong and healthy, do you know the goods?"

Another person opened his mouth, Without any excuses, he just said, "Listen to the boss."

Su Nan breathed a sigh of relief.

Then, the man who was short and dark at the beginning came over and picked her up, not worried about hurting her at all, as if he was deliberately making her uncomfortable, he threw her out of the carriage.

Su Nan's legs were tied, and he fell to the ground, unable to take any protective action.

At the moment when she was weightless, she was suddenly restrained by someone's arm, dragged back, and fell onto someone's body habitually.

Tall and thin, but full of strength.

She seemed to have hit a wall.

That person wasn't too sympathetic to Xiangxiyu. Seeing that she didn't break her leg, she immediately let go.

With sharp eyes, he glanced at the man who threw her from the car, and his tone was cold:

"Don't be ridiculous, do I have to say it a third time?"

Hearing the danger in his words, the short and dark man Frightened for a moment, he ran down and apologized.

“Boss, I was wrong, I’m just angry that they bullied Miss An Qi, we don’t need to be so polite to her.” The

tall, thin man squinted at the man:

“Don’t forget, An Qi is in their hands. , if they bully An Qi like you, who are we going to settle the account with? Remember our ultimate goal, bullying a woman is not a skill.” The

dark and short man was extremely ashamed, because he was too dark, so he couldn’t see any No blush.

Su Nan was not in the mood either. She stood aside with her mouth closed, her hands tied behind her back and her feet tied, looking extremely funny.

There were four cars parked around, ordinary cars without anything noteworthy.

At first glance, more than a dozen men.

What a desperate situation.

The tall and thin man looked at Su Nan and was momentarily surprised by her quietness.

Her mouth was not sealed, but she didn’t take the opportunity to cry, which was really unexpected.

“You don’t have anything to say?”

he couldn’t help asking.

Evil eyes looked at Su Nan and chuckled: “Miss Su?”

Su Nan’s eyelids trembled slightly, and looked up at him, his eyes were quiet and deep:

“You arrest me for An Qi? I didn’t offend her, she The current situation is not caused by me.” The

tall, thin man suddenly smiled, with a bit of cruelty in his smile:

“But if it wasn’t for you, she wouldn’t be in danger. Who made you unlucky, but the man An Qi likes likes you?”

Su Nan sucked in a breath, sure enough, it was because of that Fu Yechuan.

She was already very unlucky, really unlucky!

This man is enough, he can't get rid of his shadow wherever he goes!

Su Nan endured it, she couldn't bear it anymore, and said,

"Then you can go and arrest him, go and arrest Fu Yechuan, I have nothing to do with him, I have someone I like, so why arrest me? "

Her dry voice was hoarse.

...

Chapter 1542 She has practiced

Chapter 1542 She has practiced

before. After Su Nan finished speaking, the surroundings were quiet and very quiet.

Everyone was shocked.

The leading man reacted and suddenly laughed.

He looked at her strangely, "What a ruthless woman!"

Su Nan took a deep breath:

"I have nothing to do with him, why should I be affectionate and righteous to him?"

"Yeah, doesn't it even make sense?"

Su Nan is really aggrieved!

The man choked for a moment and snorted lightly:

"You're unlucky."

No matter how ruthless she was, if she could threaten Fu Yechuan anyway, then he didn't arrest the wrong person.

And the information sent back by An Qi is not wrong. The person Fu Yechuan values most is Su Nan.

Su Nan wanted to say something, but the man turned back suddenly and gave her a stern look: "Do you know Fu Yechuan

's father, Fu Qingcheng? You don't want to be like him, you'd better be good."

No laughter and threats.

That feeling is creepy.

Su Nan shut up for a moment.

Of course she knew that Fu Qingcheng was beheaded, and they started to use the human body as an organ.

What life is precious, for them, there is no money.

She just hopes that someone will come to rescue her soon!

The group of people dressed in ordinary clothes pulled her into an ordinary van again. The interior was tattered and looked like it was about to be scrapped.

She swears it's the longest car she's ever been in.

The windows were covered with rags, and it was impossible to see where it was.

Su Nan sat in the back, with the tall and thin "boss" on the left, and the short, dark man on the right who looked at her unpleasantly. She was squeezed in the middle and felt extremely uncomfortable.

But so much better than smelling fishy seafood in a van.

Su Nan was tense all over, watching the tall and thin man take out a sharp dagger from his pocket, shining and sharp.

Su Nan froze, her heart trembling slightly.

She admitted that she was frightened.

The man felt the stiffness of her body, and chuckled as if in disdain.

Then, he gestured on her face, teasing her to see her nervous but stiff look.

But no matter how nervous she was, she didn't say a single word for mercy.

This made him a little surprised.

The cold touch made her heart lift.

Su Nan gritted his teeth. Although his face was ugly, he didn't turn his head away, looked in one direction, and remained calm.

Kidnapping is kidnapping, but if you want to see her make a fool of yourself, there really is no way!

Seeing that she was extremely calm, the man didn't have any response, and felt boring, so he retracted the knife, went down by the way, and separated the tape that bound her feet, her legs were free.

The feeling of soreness and numbness struck instantly, Su Nan gritted his teeth and slowly adapted.

Then, the man also let go of her hands.

The dark and short man on the other side hesitated to speak, and couldn't help but persuaded him:

"Boss, what should I do if she ran away? Didn't Miss An Qi say, has she practiced before?" He

was quite careful.

The man called "Boss" sneered and looked at Su Nan's pale face:

"After taking that medicine for a few days, it would be good for her to wake up. If she wants to recover, she is still early..."

Therefore, he was not worried that Su Nan would make a move, and she couldn't even run.

Su Nan turned his wrist secretly.

Indeed, her whole body was sore and numb, because of the stamina of taking the medicine, she felt that she could not lift up any strength.

This group of arms dealers is different from ordinary hooligans, and their methods are much more advanced than ordinary gangsters.

Su Nan didn't have any unnecessary reaction, because she just heard that in exchange for An Qi, she would not be in danger.

But this is only temporary.

...

Chapter 1543 can't walk anymore

Chapter 1543 Can't walk,

Su Nan doesn't even know how An Qi is now?

I don't know the people of Shang Qian and Su's family, do you know who she was kidnapped by?

After thinking about it, the car stopped for twenty minutes.

They also dragged Su Nan down without any hesitation.

That's right, apart from not being able to chop off her hands and feet, the boss didn't say to treat her well just now.

After all, she was not invited as a guest.

Looking at the dense forest and the hot weather.

Su Nan suddenly felt palpitations and couldn't breathe.

Contacting what the tall and thin man said just now has reached the border, she can even guess that they are planning to take her to smuggle!

It is smuggling from this dense rainforest!

Really long time to see series!

Su Nan felt that she was too rough, she was a big lady, why did she encounter these unfortunate things over and over again.

Smuggling means not seeing the border police, which means she has no one to turn to.

Su Nan's heart froze.

The man on the side looked at her potential expression and couldn't help but smile.

He doesn't look scared, but he's actually scared to death.

The man walked ahead, and without hesitation, got into the dense jungle.

These people seem to be very familiar with this road.

Su Nan's heart became more and more heavy, and he couldn't move forward.

The man behind her pushed her impatiently, Su Nan staggered, his knees softened, and he knelt on the ground.

She gritted her teeth, her face pale.

She didn't do it on purpose, because she was so weak that she even struggled to walk.

She knew that this man would not be so kind to let her go, they just didn't want to carry her hard!

The air was dull and humid, and the hot temperature made people feel hopeless.

The man behind him said a curse, which sounded like she thought she was useless, not as strong and worry-free as An Qi.

Su Nan bit her lower lip, thinking that An Qi's shoulders are stronger than hers, it is indeed incomparable.

Because she fell, the person in front stopped, and the tall, thin man stood in front of her again.

He looked unhappy and looked at her with disgust:

"Can't you go?"

Su Nan raised her eyes, her face pale, "Well, I can't walk."

This was her last stubbornness, and she wanted to delay for a while.

Maybe in the next second, someone will come to save her!

The tall, thin man saw what she was thinking, sneered, and suddenly called out an incomprehensible name, and the man who had proposed to taste her at the beginning came over.

"Miss Su can't walk anymore, you can carry her on your back, okay?" In the words, he didn't mean to ask him.

The man raised his eyebrows and was so excited, "Of course there's no problem."

With her back, why don't you just do whatever you want?

Su Nan's complexion suddenly changed, and he quickly got up from the ground.

"No need, I can persevere." The

tall and thin man smiled, "Okay, if you can't walk or walk too slowly, all a dozen of my brothers here can take turns... hug you. ."

It sounded like he asked Su Nan to be polite.

Su Nan dared not let them do it.

It's disgusting to see how they look.

A bunch of outlaws!

She stood up silently, looked at him firmly, with a cold tone:

"No need."

"That's good." The

tall and thin man raised his chin and motioned her to walk in front.

Don't give her a chance to be single.

Su Nan took a deep breath and looked at the dense jungle, thick or thin trees, towering to dozens of meters, all plants she had never seen before.

She didn't know these things, but she had also heard that the miasma and poisonous insects in the jungle were deadly.

But right now, what she has to worry about is far from that.

I don't know how long it will take.

...

Chapter 1544 Who is the boss

Chapter 1544 Who is the Boss

The branches sticking out from the tree trunk occasionally scratched on Su Nan's arms and neck, and she walked over as if unconscious.

The tall and thin man behind him narrowed his eyes, chuckled lightly, and followed quickly.

She doesn't know the way, let her go first, does she really go first?

stupid!

The tall and thin man guided the direction intentionally or unintentionally. Everyone didn't say anything along the way. Su Nan was tired, hungry and thirsty, but he didn't say anything.

She felt like she was shaking all over, but she had to grit her teeth and persevere.

If it falls into the hands of the desperados behind, I am afraid that there will be no good end.

The air was hot and humid, she tried to ignore her discomfort, and walked forward like a machine on her legs.

I thought it was going to get dark, but the tall, thin man in the front left pursed his lips, and his eyes showed a smug look:

“Here it is.”

Su Nan was surprised, and followed him to look at the bright open space in front of him. Unlike the dense rainforest.

So fast, so close?

Su Nan paused for a while. This road is probably the most secret road for them. It is so easy to sneak in and there is no danger on the road. I am afraid no one knows this road.

Su Nan swears that if she is out of danger, she must report this road and cut off future troubles!

The man looked back at her and chuckled,

“Don’t think about running back the same way. Only I know the route of this road. Even if you walk ten more times, you will get lost.”

Su Nan pursed her dry lips. :

“I didn’t want to run back the same way.”

Those words made me feel a little guilty.

The tall, thin man raised the corners of his lips and looked into the distance, with a relaxed mood on his face.

It seems to be on his own territory, that kind of pride.

Su Nan followed them out not far, and saw a vehicle not far away to pick them up.

Three cars.

One was an extended version of Lincoln. Su Nan squinted and looked at the tall, thin man. As expected of an arms dealer, he was embarrassed on his own territory.

The other two were more ordinary, and those who followed him got into other vehicles.

Su Nan stood there, not knowing where he was going.

The tall, thin man got into the car, looked sideways at her, his voice was hoarse and indifferent:

“Get in the car.”

Su Nan pursed his lips, then bent over to get into the car, closed the door, and the car started.

The man lifted his head and closed his eyes to relax. The driver in front was extremely respectful:

“Boss, it’s a blessing to be able to come back smoothly this time. We also brought back a woman, and our chips have increased!” The

man laughed out of his chest, There was a slight chill on his face:

“It’s a pity that An Qi didn’t come back.”

He also went with the sincerity of cooperation.

I thought that together with An Qi and Fu Yechuan, they could further open up the market in country Z.

I just didn’t expect that this was just a trap of Fu Yechuan, that silly girl An Qi, she sold it and counted the money for him!

The driver sighed: “It will be fine, as long as you are still here, Miss An Qi will be back.” The

more Su Nan listened, the more wrong she felt.

As far as she knew, An Qi was the daughter of Xing Zhi, an arms dealer.

An Qi is twenty-five years old this year, so Xing Zhi must be at least in his early forties.

But the tall, thin man in front of him looked less than thirty.

From the beginning, Su Nan didn’t think that this tall, thin man was Xing Zhi.

Age doesn’t match.

But now, whether it's the dozen people behind him calling him "boss", or what the driver said, "as long as you're still here", it shows that his status among these people is very important.

Even, so to speak, the leader.

Isn't Xing Zhi the leader?

Who is this man?

...

Chapter 1545 This ghost place

Chapter 1545 This damn place,

Su Nan 's mind was spinning extremely fast, but his body was so tired that he couldn't even open his eyelids after walking for too long.

They didn't know what medicine they were giving her, and they had too much stamina.

She simply couldn't resist the groggy exhaustion and soreness.

Unconsciously, he fell asleep in the car.

The man on one side opened his eyes alertly, his eyes were sharp, and the driver in front also met his gaze from the rearview mirror.

The two exchanged glances, and the car drove in the other direction.

I don't know how long it took, Su Nan was woken up by the bumping of the car.

She snapped her eyes open, wishing she was dreaming.

Unfortunately not.

The road was rough and rough, surrounded by dense woods and half-height grass savagely growing.

Looking around, there are no tall buildings and no traffic jams.

It feels almost like the countryside.

Su Nan woke up in an instant.

What is this place?

“Awake?”

The man on the side laughed softly.

“Ms. Su is really brave, and you are still in the mood to sleep at this time?” Su Nan frowned, her

lips pursed tightly, and her voice was not in a hurry

.

He smiled and said with great disdain, “That’s true.”

Su Nan turned his head away, wanting to see what was going on outside.

The man didn’t mind her remembering the scene outside at all.

Because she didn’t even know where this place was.

The car drives very fast, and driving a Lincoln on such a road is not afraid of ruining the car.

In less than ten minutes, the car stopped at the door of a building.

This house has tropical characteristics. The three-story wooden building looks simple and unpretentious, but it reveals exquisiteness everywhere. The closer you get, the fainter you can smell agarwood.

It seemed to emanate from that wood.

Su Nan glanced at the door and saw that the door opened, and the people inside ran out:

“Big brother is back...”

Someone opened the back door, the man got out of the car, and hooked his lips, “You have worked hard.

” Big brother, hard work!”

Su Nan didn’t have the treatment to let them open the door for her, so she had to get out of the car by herself.

The surrounding of this wooden house is also directly surrounded by wood trunks that are about the same thickness.

She looked around, and the tall and thin man looked back at her, not caring about her little gestures at all.

“Miss Su, it’s best to follow me closely. My brothers are all rough people. If someone takes me away, I don’t want to bother to find you.” The

tall, thin man’s words successfully made her stop herself from wandering and stealing. The idea of running.

After all, a group of desperadoes, what is the measure? Su Nan’s expression changed slightly, and he walked

over, trying to make his voice sound calm:

“Can you tell me now, who are you? ” I thought you guessed it.” After all, he didn’t hide from her in the conversation with his brother along the way.

Su Nan raised his eyebrows: “I’m about to guess it, but I’m not sure. An Qi’s father is a young man about my age?

“

Afterwards, he stared at her gloomily, with a grim expression:

“Since you have guessed it, there is no need to doubt it.”

After speaking, he turned around indifferently and walked in with his feet raised.

Su Nan paused, and followed up without thinking, for fear of being taken away halfway.

After all, this man is more reasonable than others.

She did not continue to ask, although his answer was ambiguous, but Su Nan could vaguely feel that he was a little unhappy.

Can’t afford to offend.

Read Divorce Billionaire Heiress Chinese Language Chapter 1546-1550

The first thousand five hundred and forty-six chapters take the initiative to contact and enter, there is a cave inside.

A house with a great sense of design, a blend of modern and original styles, with a natural sense of simplicity.

Those who are suitable to live here should be monks, not arms dealers.

Su Nan restrained his thoughts and followed up.

A woman with an excellent figure rushed forward, and the strong fragrance was not the combination of several perfumes.

She also looks like a standard Southeast Asian beauty style, enchanting and gorgeous, with a myriad of gestures.

“Darling, you’re finally back, you miss me...”

She threw herself into the arms of the tall, thin man.

The man smiled, patted her on the buttocks, hugged her and kissed her heavily.

The woman shyly lay in his arms, looking unsatisfied.

The man put his arms around her waist, wishing he could stick her on his body.

Su Nan stood there awkwardly, she didn’t want to watch the live broadcast.

Can someone come and settle her down?

The tall and thin man made out with the woman for a while, before remembering that there was a woman standing not far away.

He narrowed his eyes, snorted coldly, and let go of the man in his arms.

“Miss Su, have you seen enough?”

Su Nan twitched the corners of his mouth. “Bring me here, you should talk to them about the conditions. When will I be able to go back?”

She realized that this person had taken her all the way. It was brought here from country Z to discuss conditions with Fu Yechuan.

The reason why I didn’t contact them in country Z was because I was afraid that I would not be able to leave the country.

This vigilance is no longer there.

The tall and thin man pondered for a moment, took out his mobile phone, and pressed a number.

Waiting quietly.

Soon.

A hoarse and deep voice sounded:

“Hello, who is it?”

Su Nan shuddered, it was Fu Yechuan.

Sure enough, this man wanted to talk to Fu Yechuan about conditions.

The man raised his eyes coolly, looked at Su Nan with a smile, beckoned, and Su Nan walked over dully.

He didn't say anything, but instead handed the phone to Su Nan.

With that magnanimous look, he was not at all worried about Su Nan talking indiscriminately, as if the more he talked, the happier he was.

Everything is in his plan.

He enjoys this feeling.

Su Nan felt that her voice was dry and hoarse, and her feelings of grievance and resentment could no longer be suppressed.

She lived her life well, but was implicated by Fu Yechuan. Who would believe it?

The phone in his hand trembled slightly.

“Hello? Who the hell is it?” On the

phone, the current voice was Zrazzra, and the signal was not good. Fu Yechuan didn't have much patience.

Su Nan took a deep breath and tried to calm down.

Can't be angry.

She has to rely on Fu Yechuan to run out.

“It's me.”

As soon as Su Nan opened his mouth, Fu Yechuan was silent for a moment, and his voice became tense:

“Su Nan? Is that you? Su Nan?”

Su Nan gritted his teeth, “Fu Yechuan, tell my family that I am still alive. ,I’m very good.”

Fu Yechuan’s ecstasy and excitement were about to drown himself.

“Okay, where are you now, who took you away, are you in danger now?”

Su Nan glanced at the tall, thin man:

“I am in Southeast Asia, and there is no danger at the moment, they want to exchange me Miss An Qi, is An Qi by your side?”

Hearing An Qi’s name, Fu Yechuan’s expression changed instantly.

His pupils shrank, and he guessed correctly.

“Did Xing Zhi take you away?”

Apart from that, there was no other choice.

Su Nan frowned slightly and glanced at the man: “He doesn’t look like...” Before he finished speaking, the phone was snatched away...

...

Chapter 1547 Unconditional Agree

The first thousand five hundred and forty-seventh chapter unconditionally agreed that the man looked at her coldly, and put the mobile phone in his ear:

“Mr. Fu, it should have been a friendly meeting, but it was ruined by you, do you regret it?”

If he really He was engaged to An Qi, so now, they should have sat and ate together in a friendly manner.

Fu Yechuan’s voice sank, “Xing Zhi, what do you want, say it directly.” The man chuckled lightly, raised his eyes and glanced at Su Nan coldly.

"It seems that President Fu is not at all like what An Qi said. He is cold-blooded and ruthless, and he is very affectionate to Miss Su."

His tone was half-sarcastic.

Fu Yechuan suppressed his anger and anxiety, and because Su Nan was in his hands, he did not dare to provoke him.

"Xing Zhi, you'd better ensure that every strand of her hair is intact, otherwise I'll let An Qi die without a whole body."

The anger in his chest could not wait to burn, and he didn't care if he said it exceeded the limit.

The man's face sank instantly:

"You dare?"

Even if the two were on the phone across the mountains and seas, their aura suddenly cooled and they refused to give in to each other.

Su Nan stood there and closed his eyes, very speechless.

Isn't her safety the most important thing now?

Not knowing what the other party said, the shadow in the man's eyes dissipated, he laughed twice, and said,

"Okay, I'll wait for you."

After he finished speaking, he didn't hang up and handed the phone to Su Nan, his voice extremely cold. :

"Miss Su, you can say the last sentence."

Su Nan took it over, enduring the huge grievance in his heart, listening to Fu Yechuan speaking on the phone:

"Su Nan, don't be afraid, I'll be there right away."

His voice was unusually gentle.

Su Nan's eyes were sour, but it reminded her of another person.

She opened her mouth, tears lingering.

“Fu Yechuan...”

“Well—” He waited for her to continue.

Su Nan bit his lower lip: “Tell Shang Qian, let him not blame himself, and don’t worry, I’m fine.”

She knew that the situation was not good for her, and she knew that Fu Yechuan could not be offended now.

Otherwise, her only bargaining chip would not be so valuable to Fu Yechuan.

Didn’t they bet on Fu Yechuan’s love for her?

But in Su Nan’s mind, there was another person.

She didn’t know what would he be in such a hurry after he disappeared?

There wasn’t a moment, like now, that she wanted to hear his voice.

Even if Fu Yechuan was angry and refused to save her, she still faced her heart as if she were real.

The memory of the past is not to be forgotten, but to her, it is just the memory of the experience.

Now I feel that it is not so difficult to face, perhaps because it is not so deep, and when I think of it, it does not hurt or itches.

She really has entered a new relationship.

Shang Qian is like the morning sun, which makes people addicted to dependence.

After speaking, listening to the man beside him chuckle sarcastically, the phone was taken away.

hang up the phone.

Didn’t wait for Fu Yechuan’s response.

Su Nan was not sure whether he would convey it.

Most likely, it won’t.

Indeed not.

Fu Yechuan looked at the screen that had been blacked out with a stiff and dark face, and a dark depth was brewing in his eyes, like the calm sea before the waves.

Shang Qian...

Shang Qian, who is haunted.

Fu Yechuan's chest sank suddenly, and he seemed to feel that he had really lost Su Nan.

This time, it's the kind that can't be retrieved.

Because in his careless days, Su Nan accepted the kindness of others in his life.

There is really one person who can replace him and walk into her heart.

Fu Yechuan felt like he was hit hard by a hammer, and his heart was ashes.

It was just a moment of depression, and he didn't dare to delay.

Let Chen Mian come in:

"Book a flight and go to Southeast Asia."

...

Chapter 1548 He is Xing Zhi

Chapter 1548 He is Xing Zhi and

Chen Mian frowned, and immediately realized something:

"Miss Su has news?"

Fu Yechuan nodded solemnly, "Tell the people of the Su family so they don't have to worry, I will bring her back safely."

Chen Mian nodded happily, "Yes, Miss Su will be fine."

He paused, then hesitated: "But are you going by yourself? It's Xing Zhi's base over there. If you're ready, according to Xing Zhi's temper that hates you so much, I'm afraid it's dangerous..."

Fu Yechuan took out a spare hand from the drawer, his eyes were indifferent:

"I will find a helper, you can contact Guoan Over there, let them bring An Qi here later."

Chen Mian hesitated, "Isn't it a waste of time to send her back? Besides, Guoan won't necessarily listen to us..."

Fu Yechuan's tone was cold. "They will, because I'm going to take them to find the real Xing Zhi."

Chen Mian's face froze, and he didn't say anything more, so he prepared something for him.

Everything is ready.

The moment Fu Yechuan got on the plane, he suddenly saw a figure.

Shang Qian stood not far away, his eyes were tired and absent-minded, he came over, and Fu Yechuan had not yet climbed the hanging ladder.

"Su Nan contacted you?"

His voice was hoarse, he had not rested for a few days, and he felt a lot of trance.

He heard Su Jin say that when Fu Yechuan's people spread the news to him, he was by the side.

At that moment, he seemed to feel that his life had been redeemed.

It's good, Su Nan is fine.

Fu Yechuan didn't want to say more, thinking about what Su Nan asked him to convey at a critical moment, it turned out to be for the man Shang Qian.

He was in a panic.

I don't want to admit it, and I don't want to admit it.

Why is he?

Fu Yechuan didn't turn his head away, turned around with a cold face, and threw a cold tone: "It has nothing to do with you."

He is the one who entangles Su Nan the most, and he is the most suitable person to be with her.

Shang Qian was not in a hurry to leave, watching the plane take off, gradually moving away and disappearing into the sky.

Some kind of gloomy mood flickers.

At this moment, his assistant Rong Yi came over behind him. He was also assigned by Shang Qian to help him just after getting off the plane.

Before that, he had been in charge of Shang Qian's security issues in country M.

"Mr. Shang, according to the information provided and the information given by President Su Jinsu, we have locked the general location of the other party, and the range gap will not exceed 300 meters."

Shang Qian was silent for a while, and his gloomy face finally showed Showing a bit of relief.

"Fu Yechuan is gone, he will definitely negotiate with him, but he may not necessarily go to Xing Zhi's base camp to negotiate. Xing Zhi is not that stupid and would not exchange hostages at the first meeting."

Rong Yi paused for a second and suggested:

"So, it's better for our people to go on another road. When President Fu and Xing Zhi meet, our people can go to Miss Su."

Shang Qian's eyebrows moved, and he pursed his lower lip:

"Go and inform us. You don't have to go from here, it's better to find someone locally in Southeast Asia, so that you won't be distracted and attract attention."

Rong Yi nodded, "We have enough people in Southeast Asia, President Fu will be there tomorrow, Su at the latest. The day after tomorrow, Miss will be out of danger."

Shang Qian breathed a sigh of relief and looked at the horizon from a distance: "I hope so." |

don't know if she is very scared now.

He didn't dare to think about it, he just hoped that no matter what happened to her, she could live well.

Rong Yi followed him back. Looking at his haggard and gloomy face, he couldn't help but suggest,

"Mr. Shang, you should go to sleep for a while. I haven't had a good night's sleep in the past few days. What if my body can't bear it anymore?"

Shang Qian He frowned slightly, his heart sank.

"No need."

How could he not be in the mood to sleep, he closed his eyes, it was Su Nan's face, afraid that she would be bullied there, afraid that she would cry.

...

The first thousand five hundred and forty-nine chapters change clothes

Chapter 1549: Change your clothes!

Shang Qian is going crazy looking for someone these days. He panicked at first, but after calming down, he analyzed that this accident was not really aimed at Su Nan. of.

Instead, it was directed at Fu Yechuan.

So his people have been staring at Fu Yechuan.

Sure enough, when he called the number in Southeast Asia, he knew it.

The hacking techniques I learned in the early years are all useful now.

Even if Su Jin didn't tell him that Xing Zhi had contacted Fu Yechuan, he would have a way to know.

Although that number is an international number and has undergone special treatment, it is not difficult to check it.

Shang Qian also knew that on the night of Fu Yechuan's engagement, although he did not attend the engagement ceremony, he went elsewhere.

Indeed, a very clever trap, with an identity like An Qi, the most taboo place to go is probably the national security department.

What's more, she really wounded people with a gun, I couldn't even tell.

As for the people inside, there is a high probability that it is not Xing Zhi.

Really Xing Zhi, how could he be caught so easily?

So is the weak chicken.

Therefore, the person who captured Su Nan was the real Xing Zhi.

And the legendary An Qi is Xing Zhi's daughter, it should not be right, the age is not right.

Unless, they are not a father-daughter relationship, but a brother-sister relationship, which makes sense.

The information I found at the beginning only said that An Qi was the daughter of an arms dealer and was related to Xing Zhi, so this makes sense.

Shang Qian didn't go back, he boarded the fastest flight and flew directly to Southeast Asia.

.....

After making a phone call, Su Nan felt a lot more at ease.

At least the man said his conditions, then she would have hope.

But here, it's not so good.

The man couldn't keep looking at her, let her be locked in a room, and just don't care.

Several men pass by here from time to time, and they will look at her with greedy eyes, as if looking at a commodity, full of interest.

She was going crazy.

Su Nan sat on the bamboo chair and looked at the bare people in the distance, but he didn't even want to run.

The door was suddenly pushed open, and she was so frightened that she looked back.

It was the woman with the enchanting posture. She took a piece of clothing, walked over and threw it on the chair beside her.

"Boss asked me to bring you a change of clothes, don't say we wronged you."

Su Nan paused and looked at her in surprise:

"Are you from country Z?"

Although she looks foreign, her accent is not.

When she first came, although she spoke a few words in the Z dialect, she had no technical .

Now that I hear it, it doesn't feel right.

"Don't be too close, I'm not." The

woman snorted disdainfully and turned to leave.

Su Nan stopped her:

“Wait, did you say they met?”

That also meant that she could leave.

The woman frowned slightly, “You think it’s that simple? Just wait...”

“Who is he?”

Su Nan asked her, pursing her lips, and said straight:

“Is he Xing Zhi? Who is he from An Qi?” The

woman smiled, turned her head, and looked at her playfully:

“You want to know a lot, then let me tell you, he is Xing Zhi, His father is also Xing Zhi, as long as anyone who accepts this position is named Xing Zhi, do you understand now?”

Xing Zhi is not a name, but a code name.

Whoever takes this position is Xing Zhi.

So Xing Zhi is An Qi’s father, right, but also wrong.

The woman suddenly became interested, she sat back and looked at her:

“What kind of person is the man An Qi is interested in? How could she be so determined, I have never seen An Qi so stupid?”

Su Nan: “You’ll know when you see it later.” The

woman frowned and sighed, “How could he take me there on that occasion?”

...

Chapter 1550 asked too directly

Chapter 1550 The question was too direct.

Su Nan looked at the woman in front of her, with amorous feelings between her brows and eyes.

There are really few men who can resist such a woman.

“Are you his girlfriend?” The

woman shook her head and smiled,

“Yes, no, he has many girlfriends like me, but now it’s my turn, what does he want? If there are no women, where can there be a girlfriend?”

Su Nan shut up, forgetting where he was, but the territory of the arms dealer.

Hehe, how can you think like a normal person?

The woman stared at her, “Actually, you’re also very beautiful, did Xing Zhi sleep with you?”

Her sincere eyes were full of curiosity, without a trace of jealousy.

Su Nan’s expression changed, and he immediately retorted:

“No, of course not, I’m a hostage, how can he hurt me?”

In fact, what he said was a guilty conscience.

She is safe and sound so far, probably all due to her luck.

If she encounters an unreasonable one, she is also unlucky.

The woman smiled, “Okay, there’s nothing if you don’t have it, so why don’t you change your clothes?”

Su Nan glanced at the suit thrown on the chair, what a bright rose red, Su Nan pursed her lips:

“I If I don’t change it, it’s better for me to wear my own clothes.”

The clothes she brought had the local characteristics of Southeast Asia, with bare shoulders, and she was not in the mood to challenge other people’s endurance here.

The woman raised her eyebrows, “Do whatever you want.”

After she finished speaking, just as she was about to stand up, she suddenly thought:

“Would you like to go out for a walk?”

Su Nan twitched the corners of his mouth, suppressing the excitement in his heart, "Can you?"

"Of course, the boss didn't tell you not to let you go out for a walk, anyway, you can't get out of this place. "The

woman's vigilance is not so strong, just like that Xing Zhi, as if she doesn't care about her at all.

So there is no such strict supervision at all.

Su Nan stood up and nodded, "Okay, I'll go out and take a breath."

She didn't clean up when she came back, she didn't change her clothes, and she didn't wash her hair or face deliberately.

It's best to be dirty and not see your own appearance, that's the safest way.

The woman walked in front, said a few words to the person at the door, and then turned back to greet her.

Su Nan quickly followed.

Now this time, but the set is almost a good time.

What's more, this woman looks so innocent.

"Your Chinese is really good, have you studied it specially?" The

woman snorted coldly, her face not very good-looking:

"When I was eight years old, I was trafficked to a village on the border of country Z to learn it. You sold me back here, now you know?"

Su Nan could not wait to bite off his tongue.

Blame her, she has no experience in flattering.

She didn't dare to talk much later, for fear that if she was not careful, this woman would turn her back on her.

As soon as she went out, there was an open space behind, surrounding the small building, all bodyguards, holding guns in their hands, stared dangerously at her.

The women in the front are used to it all.

Unlike Su Nan's calm face, he was actually a little frightened.

The woman led her away, "I heard that your family is rich?"

Su Nan paused, "It's not very rich, it's just food and clothing."

She was terrible and they went back on letting her go and wanted money. .

The woman sighed, "It's already the life of an immortal without worrying about food and clothing. Back then I couldn't even eat a bite..."

Su Nan let out a sigh of relief.

The woman didn't know what she saw, and waved her hand vigorously in one direction.

"Hi, dear..."

Su Nan frowned, squinting, and looked at the tall and thin Xing Zhi on an observation deck not far away.

The woman quickly dropped her and ran over.
