

Read Divorce Billionaire Heiress Chinese Language Chapter 1551-1555

Chapter 1551 collapsed when disobedient.

Su Nan paused, and walked over after thinking about it.

Now run, a little overhang.

After all, she can't outrun bullets.

The man walked over slowly and leisurely, his eyes swept sharply on Su Nan's body.

"You brought her out?" The

woman nodded and smiled, "She was locked in the room, not scared to death by you, but also scared to death by herself, why don't you come out and take a breath and treat the hostages preferentially!"

Xing Zhi With a sneer, those eyes were cold and sharp, as if covered with a shadow:

"You're quite kind."

He moved the gun in his hand, moved in one direction, and looked at Su Nan:

"Aren't you afraid of her running away?"

Su Nan's face tightened slightly.

The woman laughed happily, took out a pocket pistol from her chest, and turned it around in her hand:

"What are you afraid of, if you don't obey, you will be shot down..."

She said it for granted, as if such a thing, have long been used to it.

Su Nan's face turned pale: "..."

Fortunately, she just ran away without thinking about it!

Xing Zhi smiled, his voice was as loud as praising the woman's ingenuity.

But suddenly, he stopped laughing and looked at Su Nan coldly.

"I heard that you have some skills, can you use a gun?"

Su Nan was about to shake his head to say no, when he suddenly thought of something.

If she had weapons in her hands, would she be afraid of them?

Then, she nodded solemnly.

The man smiled and threw the gun in the woman's hand to Su Nan, and pointed to a few bodyguards who were practicing the target not far away, "Go play for a while?"

"A heavy gun, suddenly a little nervous.

But after she was nervous, she calmed down.

What a great opportunity.

Su Nan looked at him, the man's cell phone rang, he frowned slightly, then let go of the woman and walked to the front to answer the phone.

"Hey, the goods have arrived?" The

woman walked to Su Nan's side, "Go, don't hurt people..."

She raised her eyebrows meaningfully, not intending to go with her, and then went on her own. out of here.

Su Nan took a deep breath, took the gun, and walked step by step to a direction not far away.

Several bodyguards were dressed casually, but from the perspective of physique, they were all practicing family members, and their skills were not under her.

There is no certainty.

Unless you can also have a hostage in your hand, the most suitable person is Xing Zhi.

But it's just a daydream!

Su Nan bit his lower lip and walked over.

There were three people there, all strong-looking, watching her come over, smiling meaningfully, with disdain and ridicule in their eyes, as if it was interesting to watch her make a fool of herself.

"She wants to practice this too?"

“Does she dare to press the trigger?”

“Look at her skinny, but the front is still pretty good...”

As they spoke, they all looked at each other and smiled. stand up.

Su Nan’s face turned pale with anger.

The gun in her hand is very compact and small, but it is extremely explosive.

In order to frighten her, a man standing at the front suddenly raised his hand, banging a few times, deafening, and the sound echoed around.

The gun hits the bullseye.

Su Nan’s heart trembled slightly, trying to calm himself down.

The man smiled evilly and said disdainfully,

“Hey, come here, if you beat me, this gun will be given to you.”

He raised the gun in his hand, it looked more like the gun in hers. This gun is more practical.

Because the smell of gunpowder is stronger.

I don’t know how many people were killed with this.

Su Nan’s heart trembled, indeed, she was moved.

This one in her hand will be taken back sooner or later, but wouldn’t it be more convenient if she had something else?

Su Nan let out a sigh of relief, “Okay, it’s all right.” The

man didn’t expect that Su Nan would dare to agree.

The people on the side watched the excitement, “What if you lose?”

...

Chapter 1552 is fake

Chapter 1552 is fake.

Others echoed and laughed:

“Yeah, if you lose, you will pay?”

“Hahahaha, that’s so worth it!”

.....

Su Nan He gave them a blank look and told himself that he must endure.

People are under the eaves and have to bow their heads.

She stood there, holding her gun dignifiedly.

That’s right, she has no actual combat experience, but she also went to the shooting gallery with Su Qi and Cheng Yi at the beginning. It’s not that she didn’t understand.

And before the group team building, she still had a lot of fun.

Thinking about it, his self-confidence swelled a bit.

I feel like I have a better chance of winning!

Su Nan took a deep breath slowly, then held the gun steady and aimed at the target in front.

The three men on the side didn’t take it to heart, and were still talking and laughing at her.

Soon, as soon as she stabilized her mind, she turned her wrist and the direction of the gun suddenly changed.

She pointed decisively at the three.

It is less than fifty meters from the gate.

This is a shooting range, and the sound of gunshots will not immediately attract attention.

She has twenty seconds to stay away, and if she is faster, she can run out in less than twenty seconds.

At that time, everyone’s attention was on the injured person.

Her odds are better.

Su Nan exhaled slowly.

Just as he was about to shoot, he suddenly felt that there was a person behind him.

Her body froze suddenly, and her wrist was pinched by a big hand with distinct phalanges.

He exerted a little force, Su Nan's hand released, the gun fell, and was firmly caught by the other hand.

Su Nan's face turned pale.

The faces of the three big men were also a little ugly, because they just realized that the direction in which Su Nan raised his gun was not the target, but them.

Wow, what a thrill!

Su Nan's eyelashes trembled, and his whole body relaxed, with no intention of resisting.

Xing Zhi also let go of his hand, took a step back, and separated the distance.

The overwhelming sense of oppression was finally gone.

The three big men were about to get angry, and they came over and wanted to do something, but Xing Zhi raised his hand lightly, and the three didn't dare to go forward any more, and left cursing.

Su Nan looked at Xing Zhi with a cold face, and said nothing.

That's right, he sees it, so what if he sees it?

Xing Zhi stood there with a gloomy face, looking at her, the coldness between his eyebrows was obvious.

He flipped the gun in his hand and sneered:

"Miss Su, you're not being honest..."

Su Nan pursed her lips, "Is that so? I'm just joking."

Xing Zhi laughed angrily, "Joke?"

He moved the gun very quickly to Su Nan's chest, and his eyes were dark and cold:

"Is it really a joke?"

Su Nan didn't know him, but he could see that Xing Zhi was angry.

She chose to shut up.

After all, everything is fake now.

Just don't say anything.

Xing Zhi's thin cheeks twitched slightly, and then he took a step forward, the strength in his hands a little heavier.

"Do you think I dare not touch you? Don't you believe that your corpse is also very valuable?"

His voice, like the fog of the forest, penetrated into his ears.

Creepy.

Su Nan's face became extremely ugly.

next second.

After he finished speaking, at the moment Su Nan didn't expect, he suddenly pressed the trigger.

He shot.

Su Nan looked at it in shock, shaking violently all over.

There was severe pain in her chest, she looked down, and the sound of the gunshot was so small that she could hardly hear it.

But the pain in the chest is real.

Xing Zhi let go of his hand, his eyes like a ghost with a sarcastic smile...

...

Chapter 1553 Those who are not people

Chapter 1553 Those who are not people

Su Nan looked at the needle that suddenly appeared in her chest. After the pain, it was a dense soreness and numbness, and she felt that half of her body was stiff and numb.

After shock comes fear, and after fear comes the fright of the rest of your life.

Should she be happy.

This gun is not real!

Just a scary stun gun.

In hindsight, I was in a cold sweat.

She almost forgot that she was in the arms dealer's territory. Isn't this causing trouble?

Xing Zhi's face in front of him was cold and evil, and his expression changed when he saw her, and then gave her a cold look:

"It seems that I was too polite to you before, Miss Su, you can stay in another place!

", and walked around her.

Su Nan didn't get much better. She didn't know that this anesthetic was so powerful.

Starting from her chest, half of her body became numb and gradually spread to her whole body.

It's a bad feeling, a little out of control.

Then, her eyes darkened and she fainted.

When she opened her eyes again, she was not in the previous room.

She also expected that she would not have the previous treatment.

It's too late to regret.

Only bad luck.

She gritted her teeth and looked around.

Suddenly startled.

The room was shabby and airtight, with a dim yellow lamp swaying overhead, bright and dark, and extremely sultry, making people feel breathless.

In the opposite corner, there are more than a dozen girls squatting.

They looked at Su Nan vigilantly, but also sympathized.

More of an expressionless face.

The dozen or so girls didn't look very big, the youngest was eleven or twelve years old, the oldest twenty-seven or eighty-eight, the flower girl.

Fear or innocence in the eyes.

Su Nan's heart sank.

She coughed, her voice was hoarse, and there was still a feeling of soreness and numbness all over her body, but the strength of the medicine had passed, and it was not so powerful.

She could barely sit up by herself.

It was pitch black around, and it looked like it was night.

"This is..."

Su Nan asked tentatively.

Before anyone could finish speaking, a person came in through the door.

It is Xing Zhi's woman.

She glanced at the women in the corner with disgust, and then her eyes fell on Su Nan.

Holding a bowl of confused things in his hand, he walked over:

"Drink it, the boss said, in the future, you will have a bowl of this a day. If you dislike it, you can choose to starve to death."

Su Nan paused and looked up at her. :

"I..."

She raised her hand and stopped her from speaking:

"It's useless to say anything, you just hope that the person who saves you will come quickly, otherwise..."

She hesitated . , and then chuckled again, "I told you not to hurt people a long time ago, didn't you ask for this?"

Xing Zhi was tolerant to her because she was not a threat.

But once she is threatened, those tolerances will disappear.

Su Nan wanted to test Xing Zhi's bottom line, but it seemed a little bit second.

After listening to her words, Su Nan held back what she wanted to ask.

She took the bowl of rice cereal, but she didn't have any appetite.

Still, thank you for her kindness.

"Who are these people?"

she couldn't help but ask.

The woman glanced at it and said in a cold tone:

"They are not people, they are just goods."

The tone was understated as if it was not worth mentioning.

Su Nan was shocked for a moment, and wanted to ask more, but the woman was already impatient.

"I'm leaving, stay by yourself, don't meddle in your own business."

After she finished speaking, she turned around and left, as if staying here for one more minute would insult her.

Su Nan reacted for a while, put the bowl on the ground, and looked at the people opposite.

No one spoke.

Su Nan learned a lesson. If you don't know the details of the other party, don't make inquiries.

However, it seems that these women are not guests here.

Just the goods?

Su Nan frowned, why do arms dealers treat women as goods?

Soon, it didn't take long, just when Su Nan started to doze off, there was a slamming sound on the door, causing these women to scream—

...

Chapter 1554 Don't mind your own business

Chapter 1554 Don't meddle in your own business

Su Nan woke up instantly and slapped his eyes.

Looking at the dim and stuffy room, a few stout men came in.

She could even recognize one of them, the man she was trying to shoot at the range before.

Her face changed and she shrank in the shadows.

But the other party didn't look in her direction at all.

As soon as the man looked at the girls at random, he picked up one, the younger one, just like a chick, and then dragged him out.

They were terrified and screamed.

The man was so annoyed that he shot violently.

Gunshots, be quiet.

Everyone covered their mouths even when they cried, for fear of being noticed by the man.

"Damn, take it away..."

A woman was dragged away, and the rest cried in despair.

The room was quiet again.

Su Nan watched this scene in shock. Although the air was hot and humid, he felt cold all over.

It was terribly cold.

The woman who was dragged away was crying and screaming outside, and the sound of being beaten could be heard.

It seemed that the most desperate thing had happened.

She stood up abruptly, ignoring her physical discomfort, and looked out the door.

Looking at the dark night, they took the woman to another room, and then the crying continued until midnight without interruption.

Her heart froze and she felt nauseated.

Why did Xing Zhi keep her here?

Is it to warn her that he is not a kind person?

Now, she saw it.

She stood there, the others were accustomed to fear, and when the crying ended, they all fell asleep.

Su Nan couldn't sleep at all.

It was like falling into a nightmare.

I don't know how long I stood there, a dirty woman tugged at her clothes and looked at her with dark eyes:

"Don't look, I can't come back." She

said calmly and desperately.

Su Nan turned back stiffly, the group of women were already asleep, only one younger was not.

She pursed her lips, "Who are you? Why are you here?" The

girl was about eighteen or nineteen years old, and she blinked at her, "How did you come here?"

Su Nan: "You were caught." The

girl Nodding her head, she didn't seem surprised at all: "I was tricked."

She pointed back at the people behind her: "Some of them were also caught." The

girl seemed satisfied with her answer and put it down. Be wary.

"You're new here, and it won't be your turn recently, don't worry."

Su Nan's eyes narrowed, and his doubts became more intense: "What do you mean when you said that she can't come back?"

She thought that the woman The child was arrested and coerced into inhuman treatment. There are so many men here, so of course they won't feel wronged.

The law and order here is terribly chaotic, not to mention the territory of arms dealers.

But it's not right, if it's just being strong, why can't you come back?

The girl looked at her, her voice a little cold, and her voice was very small:

"They let her deliver the goods..."

Su Nan trembled in his heart, and suddenly felt that the hairs on his body stood up.

Have a bad intuition, just can't say it.

"Delivery?" The

girl nodded, "That's what they told me."

After she finished speaking, she looked back, "Go to sleep." The

girl turned back to where she was, leaned against the corner, and closed the door. Eyes sleep.

...

Su Nan suddenly understood what the woman Xing Zhi meant just now, don't meddle in her own business.

She took a deep breath, and the sultry and humid air seemed to wrap a person in a huge silkworm chrysalis.

While shocked, she felt powerless.

If she can't save herself, how can she save others?

Not every place is country Z.

...

Chapter 1555 I heard that he is coming

Chapter 1555 heard that he came the

next day and the sun rose as usual.

It's just that no one came to see her today, she stayed with the group of women, the air was stagnant, and it was extremely hot.

Just after they took four women away in one day, her spirit was really tense.

She felt like she was going crazy with her depression.

Two days later.

Someone brought Su Nan to Xing Zhi.

Xing Zhi just finished the phone call, and his eagle eyes looked at her sharply:

“President Fu is here and said he wants to see me, and the negotiation has begun, Miss Su, you can look forward to it.”

Su Nan can no longer look at it with the eyes he just started he is.

An arms dealer doing such cruel and shameful deals behind his back.

How could he keep his promise and let her go?

Su Nan’s eyes were cold and calm:

“It’s not that simple. Besides the hostage exchange, what else do you want?”

Xing Zhi raised his eyebrows slightly, and seemed to treat her differently.

“It looks like you’ve been there for a few days, and you’ve become smarter?”

Su Nan pursed her lips, her face very ugly.

If he doesn’t treat people as people, how can he have any integrity?

“Xing Zhi, you’re not for An Qi, An Qi and I are in your plan, are we even mean?”

Her tone was extremely indifferent, trying to suppress the waves in her heart.

Xing Zhi’s complexion changed slightly, his eyes dimmed for a moment, looking at her with a bit of danger.

“anything else?”

Su Nan looked at him: “You want to get something from Fu Yechuan, so he has to come in person, but you didn’t show him your cards at all. After waiting for the meeting, you will be threatened with an inch, and Fu Yechuan has to agree.”

The atmosphere froze in an instant.

Xing Zhi raised his eyes and looked at her with a cold voice: "Miss Su is really smart, much smarter than An Qi, no wonder Mr. Fu never forgets you."

"Xing Zhi, I have to remind you that I have nothing to do with Fu Yechuan. If it's just a hostage exchange ,

or if you want a ransom, these things are very simple, but once more is involved, I'm afraid Fu Yechuan will not agree, you're afraid that the bamboo basket will be empty..."

Xing Zhi chuckled, with an imperceptible look on his face:

"Really? You don't even want to look at it, what can President Fu do for you?"

Su Nan stood still, "I never test humanity. Bottom line, let alone someone who has nothing to do with me."

Xing Zhi raised his head and smiled, and after a while, he stopped laughing, looked down at her, and said in a cold tone:

"I really should show him your ruthlessness, Fu Fu. You have come all the way to save you, and you are dismissed after saying nothing?"

"It's a fact, it's your judgment error."

Xing Zhi's face sank.

"Okay, then I'll see if it's right or wrong?"

He restrained his smile and looked at the time.

A bodyguard came in at the door:

"Boss, the car is ready and ready to go."

Xing Zhi responded, glanced at Su Nan, and walked away.

He just told her, but he didn't plan to take her with him.

Once Fu Yechuan really took Su Nan away as he wished, how could the next thing be negotiated?

Xing Zhi planned to use the white wolf with empty gloves and use Su Nan to the end.

after he left.

Su Nan's legs went limp for a moment, she held the table next to her, and she didn't fall down.

The soles of my feet were cold just now, and every time I looked into Xing Zhi's eyes, I felt gloomy and oppressive.

No one came to urge her back to the hut.

She stood there slowly.

He heard the sound of a car coming from the yard, followed by a woman screaming.

Strange, tragic cry...

Read Divorce Billionaire Heiress Chinese Language Chapter 1556-1560

Chapter 1556 Business is very good

Su Nan looked up as the car passed by, suddenly his face changed.

In the car window, she saw the girl behind the car, the girl who talked to her that night, her face was covered in blood, and her eyes were looking out desperately.

Seems to be looking at her.

In an instant, a sense of nausea came to her heart, and she couldn't bear it any longer, and ran out to retching.

But the stomach is empty, except for the reaction, there is nothing to spit out.

The woman from Xing Zhi walked out and looked at her blankly, with a bit of sympathy:

"Don't expect too much, this negotiation will not be so smooth, it may be a month, it may be a year."

Su Nan paused for a while, then turned his head abruptly: "What does he want?" The

woman smiled and stroked her hair beautifully:

"Many, such as Fu Yechuan's forces abroad that are enough to launder money, such as his powers all over the country. Networks, such as... those brothers who were arrested by Guoan."

Su Nan's expression changed a bit.

Sure enough, a lot.

Compared with these, Su Nan and An Qi are really not a bargaining chip.

“It’s really a dream!”

How could Fu Yechuan’s hard-working business risk falling into a quagmire again?

His hidden contacts are even more impossible to show upright and pull down the quagmire.

There are also criminals who were arrested. They deserved what they deserved, so why should they be released?

Once Xing Zhi’s requirements are met, it is tantamount to reaching an agreement with him, becoming an accomplice, and can no longer escape.

“You just don’t believe in your own charm?”

The woman smiled at her.

Su Nan looked at the past with a cold gaze, “If it were you, would you agree?”

This has crossed the bottom line, and is equivalent to taking his own future.

What a shrewd person Fu Yechuan is.

A relationship that never ends, and the future of the entire Fu Group, will everyone choose the latter?

The woman restrained her smile and said nothing.

“You’re not the same as when you first came,”

she said honestly.

When she first came, she could feel that the hostage was still trying to get close.

But in the past few days, she looked at other people’s eyes with freezing coldness.

In that icy gaze, there was not much fear, but more disdain and ridicule.

A hostage, dare to look at them with sarcasm?

Su Nan didn’t answer, her mind was filled with the face of the girl who was sitting in the car just now.

His face was covered in blood.

It's her turn.

Someone from outside came in and said to bring Su Nan back to that hut.

The woman waved her hand, "No, I'll tell the boss."

"Yes."

They still have some respect for the boss' woman.

Just a few points.

The woman looked at her face and realized something.

"Are you because of those women? They scare you?"

Indeed, a delicate young lady, after these few days, is indeed easily frightened.

She didn't grow up rolling around in the mud.

The woman smiled lightly, "Don't be afraid, the boss won't treat you like this, it's just to scare you, who made you want to beat someone and run away with a gun?"

Su Nan turned back, her face was pale and bloodless :

"If it were you, even if there was a chance, wouldn't you run?" The

woman touched her nose, "I won't run, it's not just the few people you see here, there are hundreds of people hiding here, If you really shoot, you will be beaten into a sieve on the spot."

Su Nan's eyes were close to despair for a moment.

She blinked, silent.

My heart kept sinking.

Sure enough, she thought too simple.

...

Chapter 1557 serious business

Chapter 1557 The serious business

woman smiled and patted her shoulder:

“I like you quite a bit. As long as you are obedient, I can make you suffer less.”

Su Nan blinked . , Listening to her slow voice, but not a bit happy.

“Then can I ask, where did the girl who was taken away just now go?” The woman restrained her smile.

There was a bit of coldness in her eyes.

“I said it all, don’t meddle in your own business.”

“Arms dealers, do you still do such low-level things as human trafficking?”

Su Nan’s voice was dry.

The woman pulled the corners of her lips: “It’s just a matter of convenience. It’s not a big deal. There are many people doing this in the world, and it’s more advanced than abducting and selling.”

“What do you mean?”

“It’s okay to tell you, these women. The belly is filled with goods and will be sent to the place where they need it, and then their mission will be over. This is also a kind of relief.

You are also born in a peaceful country, and you were born in such a good place. In the family environment, of course I don’t understand, other countries are used to this kind of thing.” The

woman’s tone was extremely indifferent, and she said it without emotion.

It is really hard to imagine that they face life without any compassion and pity.

It seems to have gone numb.

Su Nan’s eyes changed, and he did not continue to ask.

What’s the use of knowing more before you can fight back?

Seeing that her face was not good, the woman thought for a while, “Would you like to let the doctor see it for you?”

Just as Su Nan was about to nod, the woman answered, "But this doctor can only prescribe morphine. Whether it's a headache or a sore foot, morphine is the least valuable, so he only prescribes this kind of medicine."

Su Nan pursed her lips and was silent for a moment. She said, "No need, I'll just take it easy." The

woman nodded, "Okay then, you can go to the room you stayed in before, and I'll tell him when the boss comes back."

"Thank you."

Su Nan said slowly, Although she belonged to Xing Zhi, it did not cause any harm to her.

The woman raised her eyebrows with a little smile on her face: "You're welcome."

Su Nan returned to the original room, at least it was clean to let her breathe smoothly.

The mood slowly returned to calm.

It turns out that peace is sometimes hard to come by.

She sat in the chair and closed her eyes, intending to straighten out her thoughts these days.

Suddenly.

I heard a loud noise outside.

The sound of gunshots mixed with the sudden movement of the car.

For a while, it was a bit of a surprise.

Su Nan suddenly opened his eyes.

Just as she was about to run out, she happened to run into the woman.

The woman was relieved to see that she was still there.

"What happened outside?" Su Nan asked.

The woman smiled, "It's nothing, it's just a little conflict. There are often such over-the-top provocations here. It's nothing more than grabbing some supplies and sites. Let's go."

Su Nan lowered his eyes in disappointment, "It's such a mess, no one is there. Do you care?"

"You mean the government?"

The woman looked at her with a funny look: "This is a no-man's land in Southeast Asia. It doesn't care about the boundaries. Armed conflicts are normal, so even if you run out, it will only fall into the hands of others, and your luck is not so good. It's gone."

Su Nan's face turned pale, and his brows furrowed even deeper.

The woman smiled and told her to go back and have a good rest, then closed the door and locked it from the outside by the way.

Su Nan paused and walked back vainly, as if there was a thorn in his throat.

Is there no hope at all?

Sitting still is not her style.

But after a while, I heard the sound outside, and the sudden sound of the car drifted away.

Several curses sounded outside the yard, disturbing the listeners...

...

The first thousand five hundred and fifty-eight chapters have collapsed

The first thousand five hundred and fifty-eight chapters talk about the collapse of the evening.

When Xing Zhi came back, he looked unhappy and broke down with Fu Yechuan.

He looked at Su Nan with increasingly cold eyes.

Su Nan guessed right.

Fu Yechuan would not give in without bottom line for her.

It's not about money.

Xing Zhi's ultimate goal is to control the global arms business. He can't do it himself and needs Fu Yechuan to do it. With double guarantees, he can enjoy the success.

I thought it was beautiful.

Can a woman make his dreams come true?

Xing Zhi looked at her, his eyes extremely cold.

“Miss Su, are you sad? You have to stay here for a

while longer . Boss Fu didn't agree to my conditions.” Su Nan twitched the corners of her mouth, obviously there was no hope, but she felt inexplicably relaxed.

“As expected, Fu Yechuan is not stupid.”

“You're quite open-minded? Would you like to give him a call, or like Fu Qingcheng, and send one of your

belongings? What would

you like? You Your fingers are so beautiful...”

His nightmarish voice was like a venomous snake, making the blood congeal.

Really scary.

Su Nan subconsciously put his hands behind his back and took a step back.

Xing Zhi chuckled lightly.

Laugh at her timidity.

The next second, his face became ugly and his eyes were gloomy:

“I underestimated him, Fu Yechuan, not a lover...”

Su Nan didn't say a word.

Her best choice now is to pretend to be dead silent.

I don't know if it was Su Nan's illusion. In the next few days, she always observed, intentionally or unintentionally, that there were drones in the sky.

Not too far away.

She can see it, and Xing Zhi's people can also see it.

Got hit by their men a few times, fell, and found to be just a regular gaming drone.

Xing Zhi scolded a few words, but his face was obviously not very good-looking.

In any case, this place is relatively hidden. If anyone really observes it, it means that they have noticed it.

Then this is not a safe place.

In a few days, Xing Zhi moved with the team.

Of course, it also includes Su Nan.

Su Nan was honored to sit in the same car as Xing Zhi.

Xing Zhi looked out the window, his eyes were pitch black, and he didn't know what he was thinking.

Suddenly, he chuckled.

Looking at her sideways: "Fu Yechuan refuses to agree to my terms, what should I do? I can't get anything but money, thanks to this deal."

Su Nan's face was tense, and his throat was deep: "It's good to have money. Now, isn't An Qi back?"

In addition to money, there is An Qi.

Xing Zhi narrowed his eyes, his eyes flashing with calculation and unwillingness.

He worked so hard and couldn't be busy.

But Fu Yechuan didn't let go when he died.

After hearing his conditions, Fu Yechuan seemed to have sorted out his priorities in an instant, and didn't care so much about Su Nan's safety.

He didn't even take the initiative to contact him, and the initiative had a tendency to change hands.

This feeling made Xing Zhi feel very uncomfortable.

Is it real, or fake?

A moment of silence.

Xing Zhi suddenly raised his eyelids: "I thought of a fun way."

Su Nan's heart sank.

She doesn't think that what he thinks is fun is good for her.

Xing Zhi: "Since he doesn't care about you at all, let him lose you helplessly, so at least I'll be a little happier."

Su Nan tensed up and looked at him sideways, his face extremely ugly.

Xing Zhi smiled, "Miss Su, you can only be considered unlucky."

"Xing Zhi, you can think about it, our Su family is also very rich..."

...

Chapter 1559 You are worthless

Chapter 1559 Your worthless

Su Nan wants to give herself a chance to survive.

You can't put her life on Fu Yechuan's body.

Xing Zhi waved his hand: "I know, but your Su family has too many children, and you are a woman. Your country Z has a very serious habit of valuing sons over daughters. Without you, maybe your brothers and sisters will die of joy. I can't take much money from you..."

Su Nan opened his mouth and widened his eyes in shock.

Really?

Did he think so?

For the first time, Su Nan doubted her worth. Isn't she the most valuable child of the Su family?

Su Nan still wanted to say something, but she felt the world spinning for a while, her head slammed against the glass, and the pain was terrifying.

The car swerved sharply to the side.

Xing Zhi quickly took out his gun, leaned down, and spoke very coldly and quickly: "What's going on?" The

driver said nervously: "Boss, the cars in front of you are coming, do you suspect that it is someone with a snake head?"

" enemy.

"How many people?"

"Five cars, all with people, shall we rush?"

Everyone was nervous, and Su Nan could hear the sound of bullets being loaded.

What a hell.

How can she meet anything?

Xing Zhi gritted his teeth, "Go back, direct them to the focus of the fire, so that everyone in the family is ready."

Although they have to endure more, they can't lose if they fight recklessly.

But they also lose dearly.

It is better to occupy the previous favorable position and fight once, which will greatly damage their vitality, and his chances of winning are even greater.

The driver's enthusiasm was high: "Yes, boss, you are seated!"

After saying that, the driver turned the steering wheel abruptly, as if he had failed to drift, throwing himself dozens of meters away in a circle, if it weren't for the distance of the surrounding cars, they had already hit their own car.

Soon, everyone turned back with a high degree of cooperation.

Su Nan leaned back tightly and shrank down.

For fear that they were not careful, the bullet came in and hit her.

The smuggler's group was driving very fast, and they almost recognized Xing Zhi's car.

The moment they were juxtaposed, Xing Zhi was furious.

He took out his gun and aimed a burst of fire at their car, showing no mercy.

Su Nan was so frightened that her face was pale, and she shrank there without daring to move.

The smuggler's car was suppressed by the firepower and slowed down, as if it hit somewhere and didn't catch up.

Xing Zhi was satisfied with changing the magazine.

Su Nan subconsciously glanced back, the car behind was getting further and further away, but that glance made her freeze.

She wondered if she was wrong.

His heart trembled violently.

She seemed to have seen Shang Qian.

Shang Qian, who should not have appeared here.

However, the driver's speed was extremely fast, and he fell behind in a few seconds.

She never saw the car behind her again.

But her eyes were red, and she was shaking slightly.

She went back to the wooden house, but she didn't respond.

When Xing Zhi got out of the car, he saw her still above, glanced at her, and couldn't help sneering:

"Scared Miss Su to cry?"

Su Nan's tears attracted the ridicule of many people.

After the fierce preemption, their blood boiled.

Seeing a woman's tears will only arouse more desire to win in their bones.

Seems like a lot of accomplishment.

Xing Zhi's woman got off the other car, walked over to see the situation here, and laughed a few times.

Then he walked over and pulled Su Nan out of the car.

"Okay, why don't you laugh, you are not afraid of death..."

Su Nan stood there dully, without hearing any sound for a while.

...

Chapter 1560 is hidden

Chapter 1560 is hidden. After

Xing Zhi finished laughing, he went to arrange other people's defense matters.

"Snake heads are really tired of living. They dare to cut me halfway. If they dare to approach, they will kill them!"

"Don't worry, boss, if they dare to approach, they won't have a chance to live!"

Extremely arrogant.

Su Nan wanted to go out and have a look, but she was dragged back.

The more you think about it, the more wrong it is.

He really came, maybe she didn't see it wrong.

Shang Qian is here.

That is to say, it is not a snake head.

If Xing Zhi finds out, he will probably retaliate strongly.

After all, he is still a little wary of snake heads. If it is from outside, if Qianglong doesn't suppress the snakes, who cares?

Su Nan suppressed the turbulence in his heart, but his face only looked pale.

Xing Zhi thought she was frightened, and asked someone to take her back to stay.

Su Nan wanted to go out and have a look, and felt that freedom was right in front of him, just outside the door.

Shang Qian is there.

He came to find her.

After several days of depression, I was inexplicably excited, and I felt joy in my blood.

Are those drones his?

definitely is.

Su Nan stood sluggishly in the room.

Xing Zhi's woman looked at her frightened foolishness and shook her head:

"Why are you so frightened? Isn't she not injured?"

Su Nan didn't answer.

She sighed: "Forget it, take a good rest, I'll find you when you go."

After speaking, she turned around and left, and closed the door for Su Nan intimately.

Su Nan walked over slowly and sat down, stroking her chest, her heart beating fast.

I can't wait to jump out of my chest.

Those lost from Fu Yechuan were all found from another person.

night.

She fell asleep in a daze, but not soundly.

Suddenly I heard a loud noise outside.

I thought that those people were planning to take the girl out again, but after a few minutes, someone pushed the door and came in.

Su Nan suddenly opened his eyes.

Xing Zhi's woman stood there, "Get up, we're leaving."

Her tone was so fast that she didn't give her time to react, so she came to pull her.

Su Nan paused and struggled: "In the middle of the night?"

"Yes, it's too conspicuous during the day, we'll leave now before everyone pays attention."

Su Nan's heart sank slightly:

"But if someone is waiting outside What should I do?"

She didn't want to sneak away in the middle of the night.

If Shang Qian had any plans and came here to flutter, wouldn't she be happy?

The woman frowned, a little impatient:

“Why are you talking so much? You don’t want to leave? Do you want to stay and be caught by the smugglers? They are not as good at talking as Xing Zhi.”

Su Nan pursed her lips: “I just said casually. Say.” The

woman pulled her out, “Don’t worry, everyone has observed it, no one is outside, and no one will come to fight at 2:30 in the morning, do you think they are all made of iron?”

Su Nan was speechless and said no down.

It’s just that no matter how much she delays, the woman still puts her in Xing Zhi’s car without any difficulty.

“Dear, let’s go...”

After saying that, she got into the car behind.

Their rules, it is best to have one car per person, so that bodyguards can be seated around, and the security is high.

So Xing Zhi’s woman never asked her to share a car with Xing Zhi.

Su Nan was sitting in Xing Zhi’s car. The purpose was to fear that she would run away and that Fu Yechuan would suddenly attack him. He had to have a hostage at his side who could be threatened.

And no one is more suitable as a hostage than Su Nan.

Xing Zhi seemed to be a lot more low-key in the dark night.

The car was shrunk by half, probably because I was afraid that the movement would be too loud and it would really attract the attention of others.

Su Nan subconsciously looked out the window, it was pitch black, not even a street light...

Most of the readers are now reading this novels:-

Read Divorce Billionaire Heiress Chinese Language Chapter 1561-1565

Chapter 1561 Changing the place

for no reason, Su Nan felt a little scared and uneasy.

The unknown outcome of the journey and the people around him feel uneasy.

The hands on the knees clenched slowly.

Xing Zhi, who was on the side, kept his eyes closed, and he didn't know when he opened them.

He looked sideways at her, as if he wanted to chat with her.

“Do you know?”

Su Nan looked at him.

Xing Zhi: “Fu Yechuan bought a plane ticket for tomorrow and plans to go back. This negotiation has collapsed.”

Su Nan felt terrified of every word that came out of his mouth.

There was a shallow smile on his gloomy face, a meaningful smile, as if looking at her as someone who was about to die.

That kind of unbearable but wanting to watch a good show really makes people numb.

The expression on Su Nan's face froze slightly, and his eyes were fixed for a moment.

I don't know why, when he finished, although she had a despairing coldness, but after this despair, it was a kind of relaxation.

Relax without any psychological burden.

She has nothing to blame.

If Fu Yechuan really gave up everything for her, she didn't know how to pay it back?

Even if she fell to the point where she is today, she can't get rid of him.

The rest is up to God.

Su Nan breathed a sigh of relief, twitched the corners of his mouth, and

his eyes were calm: “I'm really sorry for you, Xing Zhi, the bamboo basket was empty.”

Xing Zhi's eyes narrowed, as if he was reacting a little to her. Surprisingly.

The ambience in the car is indeed a bit strange.

It was hot and humid outside, but there were no windows or even the air conditioner.

Su Nan is really coping with patience and discomfort.

Xing Zhi chuckled lightly, and the geomagnetic voice was somewhat playful:

“Don’t Miss Su worry about herself? If Mr. Fu is gone, you are completely worthless.”

Su Nan stiffened and asked back, “Then Miss Qi can’t come back either, as far as I know, Mr. Fu is not a businessman who will suffer losses.”

Xing Zhi snorted softly and said in a light tone:

“Indeed, I have seen Mr. Fu’s greatness, and he is not willing to suffer at all. Eat, and say something to worry about you, I think he is just talking about it, and he will not care about your life or death.”

Su Nan looked out the window expressionlessly, not wanting to continue talking.

She had a bad feeling in her heart, and this feeling made her flustered for no reason.

I don’t know what direction the car was going, but after about twenty minutes, the car stopped.

Su Nan opened his eyes and looked out, his face changed slightly.

Xing Zhi behind him smiled, there was a bit of gloomy playfulness under the pale skin, and there was a bit of cruelty in his eyes.

Su Nan choked in his chest and looked back suddenly.

Xing Zhi expressionlessly pushed the door to get out of the car, and then motioned for her to get out too.

Su Nan looked at it and frowned at a small bamboo building in front of him. It was much smaller than the previous one. It seemed like a small house where ordinary people lived. It was dilapidated, but it looked pretty solid.

Xing Zhi stood beside him, “Let’s go, stay for one night, and you’ll know your ending tomorrow.”

Su Nan blinked, her heart sinking continuously.

I always felt that what I said was nothing good.

She took a deep breath, walked forward, and glanced back subconsciously.

Xing Zhi's woman also got out of the car, and many people followed behind, they were holding something.

But Su Nan didn't look at it for long when Xing Zhi's woman dragged her in.

Su Nan could feel that a person who had to drive a luxury car could not live in such an ordinary place.

There must be some reason to bring her here.

She felt a little dangerous.

Xing Zhi glanced at her, then put his arms around his woman and entered a room...

...

Chapter 1562 You are out of control

Chapter 1562 You lost control

. A bodyguard behind her followed her:

"Miss Su, you go upstairs."

Undoubted tone.

Su Nan pursed her lips, of course there was no room for refutation.

She didn't want to have a conflict with these bodyguards, and she found that Xing Zhi had added medicine to her meal these days, which could make her feel weak when she was awake.

She clenched her fists and followed upstairs.

The room upstairs is extremely small, there is no extra space in it, there is only a small single bed and nothing else.

As soon as she entered, the bodyguard locked the door from the outside.

Su Nan's heart froze, and he hurried over to open the door:

"What are you doing?"

“What are you arguing about? I’ll let you out tomorrow, sleep honestly, or I’ll find someone to sleep

with you!” The last sentence was somewhat sarcastic. and scare.

Su Nan is honest.

She didn’t dare to challenge anyone’s character.

Tomorrow is the end.

She sat there with an uneasy mood, unable to sleep.

The surroundings were quiet.

I could only hear a few bodyguards downstairs talking in a low voice, but I couldn’t hear the specifics.

Its daybreak.

The light pierced through the clouds, and there was only a faint wisp of light in the room.

Because this room has no windows.

Just as her heart calmed down, she suddenly heard hurried footsteps from downstairs.

Those people left here, got into the car, and heard the sound of the car starting, Su Nan became anxious.

She went to push the door, but it didn’t move.

“Xing Zhi, Xing Zhi...”

she shouted loudly.

I don’t know what is he going to do?

Inexplicably, the fun game that Xing Zhi said yesterday suddenly appeared in his mind.

She has entered the game.

Faster than she thought.

Her cries were not heard.

Just as the cars were leaving one after another, she felt that she had been deliberately forgotten.

Suddenly.

I heard footsteps coming up step by step.

Light and slow.

Su Nan calmed down and approached the door:

“What are you going to do, Xing Zhi, Fu Yechuan’s negotiation with you failed, you can also talk to me, I can give you more than you think.”

She really is My whole body was tense, and my palms were sweating unconsciously.

She looked forward to Xing Zhi being able to figure it out clearly and asking for a price.

At least give her some time off.

The person outside the door snorted softly, his voice cold and hoarse:

“Miss Su, I don’t want to hurt you. An Qi said she likes you, but...”

He hesitated for a few seconds before becoming cold. He said coldly:

“Who made you unlucky? Fu Yechuan’s plane is at ten in the morning, and now it is nine thirty. He has half an hour to decide whether to save you or leave...”

Su Nan was ruthless . Violently trembled:

“Why does he have to decide, I have already said it, I have nothing to do with him!”

She almost gritted her teeth.

She didn’t know anything about Fu Yechuan’s plan, and she didn’t want to know.

Why should she take the risk?

“I only liked him before, but I don’t like him anymore!”

Su Nan said in a hoarse voice, sad, her eyes were sour and tears welled up.

These days of forbearance suddenly erupted.

“What are you trying to do? Kill me? Why don’t you kill me happily, Xing Zhi, are you sick?”

The people outside the door were silent for a moment, then suddenly smiled.

Smile slightly.

“Miss Su is angry, Mr. Fu, did you hear that?”

Xing Zhi’s tone changed slightly.

But Su Nan was stunned for a moment.

It turned out that he had been calling Fu Yechuan from the beginning?

She really didn’t want to lose her mind, to splash, to curse.

But these days, from hope to disappointment to despair, it has become unbearable!

...

Chapter 1563 Don’t be afraid

Chapter 1563 Don’t be afraid

, Xing Zhi outside the door felt funny and knocked on the door:

“Go ahead, Miss Su, what else do you want to say to President Fu?”

Xing Zhi put the phone on the door. On the ground, he didn’t know whether to speak to her or to Fu Yechuan.

“Mr. Fu, you only have half an hour, half an hour, if you don’t come, I will detonate this place. With a bang, Miss Su will be turned into ashes...”

His voice was cold and hoarse. With a runaway twist.

The phone was amplified, and she could clearly hear Fu Yechuan’s voice.

Tears followed.

“You dare, Xing Zhi, do you dare to touch her?”

Fu Yechuan’s voice was also a little manic and hysterical.

Xing Zhi smiled, "Mr. Fu, An Qi will give it to you, I don't want it, Miss Su, whether you want it or not depends on your own ability."

His voice made despair.

Knocking on the door, Xing Zhi politely bid her farewell:

"Goodbye, Miss Su." It

was as if she expected her to die.

It's really torturous.

Even if he didn't believe that Fu Yechuan didn't love her, he didn't believe that Fu Yechuan would really get on the plane.

But since Fu Yechuan planned to act with him to the end, he had been looking forward to this day.

Don't you say you don't love it?

Then watch her die.

Xing Zhi is not a bargaining businessman, he is a pervert, an arms dealer, and a terrorist who kills without blinking an eye.

Oh, Fu Yechuan is still too young.

Hear the footsteps of his departure, as slow and light as when he came.

Su Nan's heart seemed to be immersed in the icy sea water, quietly waiting for the passage of time.

She touched her face, which was a little wet.

thirty minutes.

is her deadline.

On the phone outside, Fu Yechuan's voice came:

"Su Nan, Su Nan, did you hear it? Where are you now, I'll go right there!"

He spoke eagerly, never before.

He seems to have always been confident and has the chance to win.

Su Nan blinked and smiled.

She really risked her own life for the emotion that started with that one glance on the streets of Europe.

Up to now, the people who have been entangled with each other have heard the last voice, and it is actually him!

It really felt a little ridiculous.

“Su Nan, how are you, where are you?”

He was desperate.

Su Nan spoke calmly, with a low voice:

“Fu Yechuan ...”

Fu Yechuan responded immediately: “I’m here, I’m at Su Nan, don’t be afraid, I’ll go save you right away...”

Su Nan

She smiled: “Don’t come, forget it, let’s go.” The last person she didn’t want to see was him.

just forget it.

Fu Yechuan was silent for a few seconds, his throat moved, and his voice was dry:

“Su Nan, I don’t want to leave you, I just want Xing Zhi to feel that you are not so important to me, in this case, he will not torture you, nor I’ll make those unreasonable demands again!”

His voice was full of pleading and remorse, like never before.

If he knew what Xing Zhi was thinking, he would have agreed to all his conditions immediately.

No matter what the cost, he didn’t want to lose Su Nan.

But in the end, he still put her in danger.

And let everyone, including Su Nan, know that he left her.

Su Nan listened to his words, even with a trembling voice.

She looked pale and wanted to cry, but she couldn't cry.

She was silent for a moment: "Fu Yechuan, did you say what I told you to tell Shang Qian?"

She suddenly asked this sentence.

There is no hope in my heart.

But a few seconds later, Fu Yechuan's voice was hoarse and dry:

"No."

...

The first thousand five hundred and sixty-four chapters is here

The first thousand five hundred and sixty-four chapters is that he came and

Fu Yechuan closed his eyes.

How will it be conveyed?

He wished that Shang Qian would roll away and never appear again.

He went to save her confidently, and wanted her to feel that the only person who could save her again and again was himself.

But the result?

He even regretted it.

Shouldn't all Su Nan's wishes come true?

"Su Nan, don't talk about this, where are you now, I'll go right there!"

Fu Yechuan hadn't heard her answer for a long time, his heart felt as if he had been stabbed by dense needles, and it was so painful that it was hard to breathe.

Time passed by minute by minute.

Fu Yechuan couldn't help urging: "Su Nan—"

Su Nan smiled, "Don't bother, do you think Xing Zhi will tell me where I am?"

Her laughter was a little desperate.

Can't tell if I hate him or not.

Su Nan never wanted to hear his voice again in this life.

Her life is extraordinarily resistant.

So she got up from the ground, walked to the bed and sat down.

Looking at the gap through the bamboo and wood wall, thinking about it, there are less than 30 minutes.

Outside Fu Yechuan's voice did not stop, but no matter what he said, Su Nan did not respond.

If at the last moment of her life, she thought, she blamed him.

Because she was afraid that Shang Qian would always blame herself for losing her.

How sad he is.

After an unknown amount of time, the voices outside the door gradually disappeared.

He also gave up.

Su Nan blinked, feeling that her eyes were sore, she wanted to cry but couldn't cry.

She was not afraid at all.

She didn't know which direction she was staring at, but she felt that the air was silent, and the surroundings seemed to be isolated. She sat there stiffly alone, and even her shallow breathing could be clearly heard.

Suddenly.

I heard a cry in my ear, coming from a long way.

Vaguely, she thought she had heard it wrong.

But as she got closer to the wall, her voice became more and more pronounced.

It was a voice from outside this building.

"Explosive equipment has been detected in the building, first-level alert, and unrelated personnel are prohibited from entering..."

The voice was repeated back and forth, becoming clearer and louder.

Outside, and above.

Seems like the drone is looping.

“Please leave this building as soon as possible...”

Su Nan never felt his heart beat so fast.

She slapped the bamboo and wood walls quickly, and made a hysterical voice:

“Help—”

She almost cried.

But still held back.

“Help, there are still people here!”

Perhaps the voice caught the attention of the people downstairs.

“There is someone upstairs, find out the identity, pay attention to safety...”

“Report, the bomb will detonate in three minutes, immediately disperse the crowd...”

All the voices gathered in one place and suddenly became quiet.

Su Nan even stopped calling for help.

Sudden.

She seemed to hear a familiar voice.

Then, someone shouted: “Don’t let people in, the bomb will explode soon—” There was a rush of footsteps downstairs.

The footsteps hurried upstairs, and the voice of the person who came was hoarse and hurried:

“Su Nan, I know you are inside, which room are you in?”

I don’t know why, but at this moment, when she heard his voice, her tears fell involuntarily. down.

Totally out of control.

It is Shang Qian.

he came.

Su Nan stood up and wanted to speak out, but the people downstairs kept shouting:
“There are still two minutes, get the people out...”

“But there are still hostages inside...”

It’s too late, I can’t manage so much anymore. If you catch the man out, he will die!”

“Su Nan, which room are you in?”

Shang Qian shouted hysterically, with helplessness and despair in his voice.

sudden.

Outside the door, I heard a cell phone ringing...

...

Chapter 1565 close your eyes

Chapter 1565 Close your eyes and

Su Nan heard it inside, and Shang Qian naturally heard it outside.

Soon, but within a few seconds, the sound of footsteps had reached the door.

A door apart.

Su Nan’s heartbeat was extremely fast.

“Su Nan, is that you? Are you inside?”

Shang Qian patted the door, nervous to death.

He desperately wished to hear her voice at this time.

Fu Yechuan’s name flashed on the phone.

It was his call.

Shang Qian saw it clearly and was more certain of his speculation.

The people downstairs were very loud: "There is still one minute, the unrelated people will leave immediately, the bomb is about to explode--"

Su Nan couldn't help, trembling all over, "Shang Qian..."

She burst into tears. , took a deep breath:

"Come on..."

If his arrival brought her infinite expectations, but now she would rather not have this hope.

She was very calm when she could hear his voice.

She doesn't want to die together.

She hoped that Shang Qian would live a good life.

Shang Qian shuddered when he heard her cry.

His voice was trembling: "Don't be afraid, don't be afraid of Su Nan, I'm here..."

He slammed into the door fiercely, but the bamboo door just shook, but didn't break open.

But again and again, Su Nan was terrified and scared to death.

"That's too late....."

Su Nan's palms were sweating, and she took a deep breath: "Come on..."

Shang Qian didn't reply, but he didn't give up.

The next second, he didn't know what to smash, and he slammed the door open.

Su Nan stood there, staring blankly at Shang Qian at the door. He was in a state of embarrassment, but stood tall and straight at the door, like a god descending from the sky, standing between her and hell with incomparable firmness.

His face was pale and ugly, but his eyes were extremely firm, as if he could take her into his pocket at a glance.

"There are still 20 seconds..., the people inside will have no chance if they don't come out!"

The voice outside roared extremely loudly, penetrating the silence of the air.

Shang Qian trembled, walked over a few steps, took Su Nan's hand and walked out. When he stepped over the phone, the screen was already broken and dimmed.

"Ten seconds—"

Su Nan's heart sank fiercely, looking at Shang Qian's firm back, with some indescribable sadness.

She implicated him.

You can't get out in ten seconds.

Shang Qian pulled her to the window in the corridor, opened the window, and listened to the countdown of the people outside.

Su Nan looked at him nervously, her eyes were red as hell, and on that pretty and bright face, there was no trace of the pride and brilliance of the past at all.

Shang Qian put his arms around her waist, the warm, quiet and cold smell wrapped around her, he stretched out his hand and lifted her up.

A deep voice sounded in her ears, "Baby, close your eyes..."

"Three-two-one!"

Su Nan only felt dizzy, and the whole person was hit by a strong impact rushed outside.

Her resistance and strength were insignificant in the face of this explosive substance.

It's just that someone on the back has been protecting her tightly. The moment she jumped down from the upstairs, a hand blocked her head... The

next second, her mind fell dizzily into darkness, the noise of the outside world drifted away.

When Fu Yechuan came, it was already very late.

He didn't even know how he had spent the past forty minutes.

Xing Zhi gave him half an hour, he thought he could find it, but in fact, he turned around from the airport and used all his contacts to find it, and it took him forty minutes...

Most of the readers are now reading this novels:-

Read Divorce Billionaire Heiress Chinese Language Chapter 1566-1570

Chapter 1566 Shang Qian won and

Su Nan died.

Fu Yechuan felt that his heart was like falling into an ice cave.

He seems to feel that some very important things have been stripped away from his life.

And this matter, he couldn't control it at all, he could only watch and feel the pain.

He had never experienced the explosion, but the ashes after the explosion made him feel as if someone had been shot in the head.

At that moment, he could neither hear nor see anything.

He wished he was dead, he would rather die by himself.

The air was hot and humid under the hot sun.

He stood there as if his whole body had come out of the water, wet and dripping with cold sweat.

The person next to him was from his place. He looked at him carefully and looked at him carefully:

"Mr. Fu, are you alright?"

Fu Yechuan didn't hear any sound, his expression was gloomy and horrifying.

Just looking at a piece of ashes in front of me, there is still a residual smell of gunpowder smoke and a mixture of burnt smell in the air.

Like purgatory on earth.

The visitor was frightened by his eyes, so he insisted on asking him,

"Mr. Fu, are you feeling unwell? Do you want to go to the hospital? I'll inquire about the situation here..."

Fu Yechuan was pale With his lips tightly pursed, his face turned gray, he pushed him away and staggered over.

A lot of people gathered around to watch. I heard that the strong explosion also affected several nearby households, and the people around thought it was an earthquake.

The local police also came back soon, watching this scene, they all sighed.

“The two people inside didn’t come out, right?”

“Such a big explosion should be dead...”

“That man is really stupid, he has to rush in to save people when he has no time, isn’t he asking for his own death? “

Who knows? Shangfeng asked us to keep this matter low-key, understand?”

...

Fu Yechuan didn’t hear a word of the rest, but he heard a few key words and ran past.

“What man, who broke in?” The

policeman didn’t want to say more, but seeing how expensive this man was, he knew he couldn’t afford to offend him.

“It’s a man who suddenly ran out. He looks so gentle. If he has to run in and die, we can’t stop him...” Fu Yechuan

’s expression changed slightly.

The remaining policemen echoed: “Yes, yes, he seems to be looking for someone, thinking that there is someone he is looking for, what’s the name of that person?”

“Su Nan... Yes, it’s Su Nan. ...”

The light in Fu Yechuan’s eyes was completely extinguished.

The trace of hope that he originally carried has also turned into despair.

The one who went to her was not him, but another person.

He inexplicably thought of the last time he saw him at the airport.

Shang Qian, in the end, won him.

Fu Yechuan closed his eyes, feeling that he couldn’t stand anymore.

The person who accompanied her to death should be him, why didn’t he die?

Why didn't Xing Zhi agree immediately when he proposed those conditions?

Why was he constantly hesitating when he had the chance to save her?

Why did he never really take this deal to heart, thinking that Su Nan would still have the luck to escape?

The people around him were constantly caring about his situation, but Fu Yechuan felt the string in his heart snapped, his eyes suddenly darkened, and he fell down... The sky was bright.

There was a damp coldness in the air.

When Su Nan opened her eyes, it was pitch black all around, but she could smell the disinfectant.

Familiar, but also unfamiliar...

...

Chapter 1567 to avenge you

Chapter 1567 Revenge for you

Su Nan tried to look at this room, always felt familiar, but couldn't remember anything.

In a flash, she remembered.

When I came back from that uninhabited island, I stayed in this hospital.

Dean Xiao received it personally.

She moved, sore all over.

Something unforgettable suddenly popped into my mind.

During that desperate time, the unfinished cooperation, Xing Zhi's gloomy smiling face, Shang Qian's firm eyes...

It seemed that in an instant, she woke up from a big dream and was dripping with sweat.

She sat up abruptly with a needle in her hand, and when she pulled it, the pain was severe.

But not so much.

If it wasn't for the medicine Xing Zhi gave her, which made her weak, she would probably think it was a dream now.

That's really good.

Unfortunately not.

The loud noise of the explosion made her tremble in her heart, and Shang Qian protected her in front of him, shielding her from the danger brought by the explosion.

She couldn't believe she could survive.

But there was no one in the room, no Shang Qian. For the first time, she had an indescribable fear in her heart.

She pulled the needle out of her back and ran out barefoot.

The light outside the door was clear and cold, and she was immersed in the darkness, feeling a little uncomfortable for a while, and suddenly stopped.

There was a dizziness in my head, and I almost couldn't stand.

Suddenly, a familiar figure appeared in front of her, grabbed her arm and said,

"Little Si..."

Hearing the familiar voice, Su Nan opened his eyes and looked at Su Jin in front of him.

It's only been a few days since I didn't see you, but Su Nan felt that it seemed like a long time.

Su Jin was a lot haggard, looking at her eyes, nervousness and concern showed in his eyes.

Su Nan's eyes instantly turned red.

"Big brother..."

Su Jin carefully touched her head, trying to say something to comfort her, but his throat was sore and he couldn't say it.

It was very quiet around.

He took a deep breath and slammed her into his arms, his gentle voice also had the chill of gnashing his teeth:

“Don’t worry, little four, big brother will avenge you.”

Su Nan’s suppressed grievances poured out of his head. .

In Xing Zhi’s hands in those days, although she was not abused inhumanly, the medicines he gave her made her feel powerless against any violence.

It seems that she is using the gentlest way to challenge her dignity.

She didn’t even have the qualifications to resist, so she could only watch and show that she didn’t care.

But those experiences that were not hers made her uncomfortable.

She did nothing wrong, not even her fault.

Because of Fu Yechuan, he was innocently implicated, wasn’t he wronged enough?

A life, almost took it there.

Su Nan couldn’t hold back and cried.

Su Jin touched her head like when she was a child, comforted her softly, didn’t ask anything, and waited for her to ease her emotions slowly.

It was not until she heard a light footsteps that could be lowered that Su Nan slowly stopped crying.

Wen Xiang cautiously and softly said:

“Little Si, do you feel any discomfort when you wake up?”

Su Nan paused, looked at her and shook her head.

“Sister-in-law, trouble you...”

Wen Xiang looked at her distressedly and shook her head:

“What does the family say to be troublesome or not?”

She choked up, and in the next second, don’t look away and look at her Barefoot, slightly stunned.

Wen Xiang immediately ran in and came out with a pair of cotton slippers, bent down and placed it in front of Su Nan:

“Put on your shoes, don’t catch a cold...”

Su Nan watched this scene, and his heart suddenly became sour , even the lacrimal glands are much shallower.

Only then did Su Jin notice that she was not wearing shoes, so he frowned and glanced, “put it on, forget it, I’ll take you back...” After

saying that, he was about to take her back when Su Nan stepped back. After taking a step, he quickly put on his shoes:

“Brother, where is Shang Qian? How is he?”

...

Chapter 1568 I want to see him

Chapter 1568 I want to see him

Su Nan asked this question carefully, looking at Su Jin nervously and scared.

Is he... still alive?

She didn’t even dare to hear that answer.

I’m afraid it’s not what I want.

Su Jin’s complexion changed, and he glanced at Wen Xiang subconsciously.

Wen Xiang was also a little hesitant to say anything, something complicated.

Su Nan’s heart sank.

“Tell me...”

she urged.

Su Jin pursed his lips and said lightly:

“I haven’t woken up yet, the doctor said that he was seriously injured, and his internal organs were severely hit, and there were problems with his internal organs. The operation has been completed, and he is still under observation in the ICU to see if he can survive. I don’t have much hope.” As soon as the words

fell, Su Nan's legs and feet softened, and his knees suddenly fell to the ground, making a dull sound.

Su Jin was stunned and hurriedly picked her up.

Wen Xiang glanced at him reproachfully, and said in a gentle voice:

"Little Si, it's not that serious, the operation was successful, and the current state is very stable, just said that it needs to be observed for a few days, and in a few days, you can get out of the dangerous period. "

Su Nan looked at Wen Xiang, blinked, tears could not be controlled:

"I want to see him."

Su Jin frowned, "You haven't recovered yet, the doctor said that there are still medicines in your blood. Too much, if you don't infuse it, it will affect your body..." Wen

Xiang grabbed his arm and sighed:

"Let Xiao Si take a look, otherwise how can she feel at ease?"

Su Jin still listened to Xiang's words.

He thought about it, nodded, went to pick her up, and put her on the wheelchair beside him.

Reaching out, he put his hand on Su Nan's head.

"Little Si, just take a look and come back, okay?"

Su Nan held back and didn't answer.

Wen Xiang walked over and said, "Little Si, your body is also very important. Dad doesn't know about you yet. If I see you like this tomorrow, I will die of sadness."

Su Nan blinked and pursed her lips . .

Then, nodded.

Wen Xiang smiled and tightened her clothes.

Su Jin sighed, pushed the wheelchair behind him, and walked towards the ICU.

Across the glass.

Su Nan watched Shang Qian lying quietly on the bed, even breathing extremely weakly, his face was pale and bloodless, as if he was asleep, and he was not weak like the Shang Qian he saw before the explosion.

Looking at the faint curve on the machine next to it, it is outrageous to be fragile.

She felt a sore nose, one hand touched the glass, and her heart trembled with pain.

After a while, Su Jin put his hands on her shoulders and said in a low voice,

“Little Si, no matter what happens, you are the baby of the Su family, we don’t want you to suffer any harm, let alone see you. Sad and sad.

You like Shang Qian, we can accept it, and we are even more grateful to him for saving you.

But if something unfortunate happens, I hope you can be strong.

I think Shang Qian thinks the same way.”

He really won’t Just like Wen Xiang’s whitewashing of peace, she just told the truth.

Shang Qian was in danger. Even if he found many world-class top medical scientists for consultation in the shortest possible time, there was still little hope.

In front of a body that is about to shatter, no matter how clever medical technology is, it seems powerless.

The rest is up to God’s will.

After Su Jin finished speaking, she left plenty of space for her, and went to the seat on the other side to sit down.

After an unknown amount of time, Su Nan’s eyebrows moved slightly, took a deep breath, and looked at Su Jin sideways:

“Brother, let’s go?”

Her voice was hoarse, and she was no longer as excited as she had been at the beginning.

It’s nice to see him here and he’s not dead.

Even if he spends the rest of his life like this, Su Nan feels very lucky that she will always be with him...

...

Chapter 1569 You are dead

Chapter 1569 You are dead

Su Jin came over and slowly pushed her back to the ward.

Wen Xiang was waiting in her ward. Seeing that her mood was much better, she smiled:

“Would you like something to eat?”

Su Nan shook her head.

“Alright, let’s eat it tomorrow, I’ll cook bird’s nest porridge for you, take good care of your body, sleep for a while, and I’ll have the nurse come to give you needles right away.”

Wen Xiang finished speaking and went out.

Su Nan took a deep breath, refused Su Jin to hug her, forced herself to lie down, and sighed.

“Brother, how did we come back?”

She thought that even if the result was the best, she would still wake up in a hospital in Southeast Asia.

I can’t imagine being here.

Su Jin froze for a moment, walked over and sat down, his voice slightly lower:

“Our people have been following Fu Yechuan and Shang Qian, I will know if any of them find you, so after Shang Qian rescued you, our People will bring you back in secret immediately.”

Su Nan paused, realizing the meaning of his words.

“Secret?”

Su Jin nodded, although she didn’t want to tell her too much at this time, but she asked, which represented curiosity.

Not to mention, she will be more worried.

“Yes, if there is a big fanfare, Xing Zhi’s people will find that you are not dead, it will be very troublesome, and you will be in danger.

Fortunately, no one noticed where Shang Qian took you to jump, so after you jumped, you were caught. Our people have been brought back, and we don't know it!

But in the eyes of some people, you are already dead.”

Su Nan digested it for a while, and wanted to ask more, but Su Jin stretched out his hand and covered her eyes:

“Okay, I'll talk about the rest when you wake up tomorrow, and now you have to take a good rest.”

Su Nan pursed her lips and could only shut up.

“Okay, if there's anything wrong with Shang Qian, you must tell me immediately.”

She couldn't worry about him.

Su Jin nodded, “Okay.”

Dean Xiao quickly came over to give her a new needle, and his eyes were a lot tired.

Su Jin watched her close her eyes and fell asleep, then she covered her with a quilt and walked out.

outside the door.

Dean Xiao and Wen Xiang were talking, and when they saw him come out, both of them looked a little bad.

Su Jin tried his best to support himself, and his emotions were indifferent: “What's wrong?”

Wen Xiang hesitated, and looked at Dean Xiao.

Dean Xiao sighed, “Several domestic and foreign experts have jointly consulted, and the results are very bad. I'm afraid President Shang will not be able to last for a few days...”

Wen Xiang frowned and said in a low voice: “Little Si just came back, if you know about this, you won't be sad to die?”

I don't even know how to talk to her, how will I talk to her tomorrow?”

Su Jin's face tightened and his eyes darkened:

“Shang Qian sacrificed himself for Xiao Si. There is no family member to contact with my life. Uncle Xiao, no matter what, we must save Shang Qian’s life.

Otherwise, let alone the fourth child, our Su family will die of guilt in this life.”

Dean Xiao was silent . After a long time, his voice was very low:

“Actually, if he can survive tonight, he may still be saved. I have contacted my doctoral supervisor, he is a famous Swiss cardiologist, and he is very concerned about the series of shattering effects caused by this violent shock. The reaction is very experienced, but his plane won’t arrive until tomorrow...”

Finished speaking.

Everyone fell silent.

Wen Xiang looked at Su Jin, Su Jin’s face was calm and his voice was very light:

“Thank you Uncle Xiao, then before he comes, try your best to keep Shang Qian, no matter what method you use.”

Dean Xiao nodded.

That’s all there is to it.

None of the Su family gave up on Shang Qian, which meant that they could not casually declare that Shang Qian was helpless.

This is also the reason why they did not choose other hospitals, but stayed here.

Dean Xiao sighed, and what more to say, was called away by the nurse’s hurried voice...

“The person in the ICU ward has a cardiac arrest...”

...

Chapter 1570 He never gave up

Chapter 1570 He never gave up

Su Jin’s expression was obviously nervous.

Quickly catch up and watch them push Shang Qian into the operating room again.

Wen Xiang also stood aside, his tone lowered:

“Don’t worry, for the sake of Xiao Si, President Shang will persevere.”

Su Jin gritted his teeth, panicked for the first time, touched his face, and sighed :

“If he dies, I’m afraid Xiao Si won’t be able to make it through.”

Wen Xiang smiled, “No, Xiao Si and you

Su Jin looked at Wen Xiang and calmed down:

“You haven’t rested all day and night too. , go back and have a rest, I’ll just watch it here, I’ll be busy tomorrow...”

Wen Xiang smiled and shook her head, “I’m not tired, but you, Su Qi can’t contact Xiao Si. I don’t know if I noticed something, the plane is coming tomorrow, and then I can’t hide it.

Even Dad will know about it. Have you figured out how to explain it? “

Su Jin was silent and didn’t make a sound.

Obviously, he didn’t think about it.

His biggest thought was that Su Nan could come back safely.

He hated Fu Yechuan’s involvement in Su Nan, and even more hated him for almost killing Su Nan.

He didn’t He was so magnanimous and sensible. He had heard of Xing Zhi’s dealings with him.

Fu Yechuan, who claimed to be sincere to Su Nan, personally killed her and couldn’t go home, and almost died in Southeast Asia.

Su Jin’s hands If he had weapons, he would definitely kill Fu Yechuan. If he

didn’t have the ability, how could he pretend to be a lover?

In front of interests, feelings are not worth mentioning.

He just took pity on Su Nan when he could sacrifice his life for Fu Yechuan and donated the blood, which time did he not kill her alive?

But when it was Fu Yechuan’s turn, he hesitated and swayed, bargaining, and the businessman Zhongli’s face was disgusting.

If Fu Yechuan dared to appear in front of Su Nan again, he would definitely beat him to death.

Seeing his tense and ugly face, Wen Xiang knew what he was thinking, and pursed her lips:

“Well, I’ll go back and get you and Xiao Si a few changes of clothes, and I’ll give my father a vaccination in advance, so that Don’t get too excited tomorrow, maybe tomorrow will be fine.”

Su Jin moved his lips, his mind was a mess, and he was not in the mood to think about other things.

He nodded, “Let the driver take you off, be careful on the road.”

Wen Xiang smiled and went up to hug him gently. At that moment, she felt that Su Jin’s whole body froze, and then relaxed.

The two hugged quietly for a while, feeling that Su Jin had come out of that depressed and gloomy mood, and then Wen Xiang released him.

“Then I’m leaving, call me if you have anything.”

Su Jin nodded and watched her leave with a smile.

Su Nan slept very deeply, and the medicine already contained the ingredients for sleep, so she knew nothing about the danger tonight.

On the contrary, Su Jin became nervous. Sitting on the corridor outside, his whole body became nervous.

He didn’t like Shang Qian at first, but he was a calmer businessman than Fu Yechuan.

He is also in business, and he knows how much muddy water has flowed in this line to reach their position.

He didn’t let Su Nan pass, and he didn’t want her to find someone to pass.

Su Nan and Shang Qian are together, maybe it’s just a novelty for a while, she will naturally separate after playing enough, and deliberately obstructing it will be counterproductive.

He knew that the calmer the relationship, the more problems and the most vulnerable.

Separation is a matter of time.

But they didn't expect that their seemingly calm surface turned out to be so deeply surging towards each other.

He didn't expect Shang Qian to go.

Shang Qian used almost the entire business district in Southeast Asia to secretly fight against Xing Zhi to find Su Nan's whereabouts, which he did not expect!

Most of the readers are now reading this novels:-

Read Divorce Billionaire Heiress Chinese Language Chapter 1571-1575

Chapter 1571 Unplanned

personnel matters up to now, even Su Jin has to admit that Shang Qian is a very reliable person.

If there is no Shang Qian this time, the best end would be the person lying in the ICU, which is Su Nan. The worst end, he didn't even dare to think about it.

Scalp tingling.

That young lady, who has been spoiled since childhood, has really experienced the worst things in this world!

In Switzerland, flights and private jets cannot take off due to weather delays.

The operation was thrilling. Across the big screen, Dean Xiao's doctoral supervisor was remotely connected to guide the operation, and Dean Xiao personally performed the operation.

Entered the operating room at one o'clock in the morning and came out at 5:15 in the morning.

Many people are already tired, especially Dean Xiao. Although he has been well maintained for his age, the hard work of the past two days has made him a lot haggard.

Su Jin pursed his lips, stood up, his eyes were calm and forbearance:

"Uncle Xiao, how is it?"

Shang Qian was pushed back to the ICU, not awake, nor did he seem to get any better.

Dean Xiao rubbed his eyebrows to wake himself up a bit:

“Under the guidance of the instructor, the operation went smoothly, and the internal bleeding was temporarily stopped. But in this regard, our technology cannot keep up with the pace of science and technology, or There is something lacking.”

He hesitated for a moment, and then said silently:

“Wait until tomorrow, the instructor will come with the most advanced treatment equipment, but the time is rushed, and there is no time to be charged, and there may be some trouble at the customs. I’ll have to trouble you then...”

Su Jin immediately understood, nodded, and his eyes were cold:

“Uncle Xiao, don’t worry, it’s all I should do.”

Dean Xiao nodded, waved his hand and left.

Su Jin immediately went to instruct someone to contact the experts who were ready to welcome him at the customs, without delay for a minute.

The sky is bright.

The light outside the window was hazy and foggy.

The phone rang suddenly, I looked at it, it was Yu Lou.

He picked it up, his voice slightly hoarse.

“Hello?”

“Mr. Su, the relationship between President Fu and Guoan that you asked me to investigate has basically been sorted out.

An Qi arrested Fu Yechuan’s father and threatened him, and slashed Fu Qingcheng.

President Fu ostensibly agreed . She got engaged, but began to contact Guoan in private, and provided a lot of evidence to prove that An Qi was inseparable from the identities of smuggling arms dealers, so that the people above noticed her.

There is a large-scale smuggling trafficker in Southeast Asia, not only It’s just smuggling people, and even carrying banned “powder drugs”. The people there have been watching for a long time, but they have never found a channel or route for their smuggling.

So they made a plan to use the engagement to lead out Xing Zhi who was behind An Qi, so they planned to be ambushed near the entrances and exits on the night of the engagement...”

Yu Lou said in one breath, saying There was a pause here, and the tone was obviously lowered:

“But I didn’t expect that Xing Zhi actually ran away and captured Miss Su, and the person they captured was just a driver accompanying him. “

It was obviously their plan, and it had nothing to do with Su Nan.

But she was the one who was caught in the deepest whirlpool.

I really didn’t dare to think about it.

When Yu Lou was investigating this matter, the more he thought about it, the more frightened he became. The more I think about it, the more distressed I feel.

But Su Jinming made him not allow him to tell the story of Su Nan’s disappearance, which will only bring more danger to her.

Only a very few people know about this.

It’s so sad... .

...

The first thousand five hundred and seventy-two chapters are not sincere transactions

Chapter 1572 In the insincere trading

phone, there is no sound.

No response.

Su Jin’s reaction was extremely calm and indifferent.

He asked Yu Lou to investigate, just to verify his guess.

Not really ignorant.

Now, he guessed it right.

Damn Fu Yechuan, why didn’t he bear all this himself?

“President Su? What are your next instructions?”

Yu Lou asked.

From the moment he learned that Su Nan had returned safely, his mental head returned.

As if everything made sense.

Even against Fu Yechuan, he had courage and goals.

Su Jin's tone was indifferent: "Where is An Qi now?"

He was more concerned about this issue.

The hostage exchange proposed by Xing Zhi at the beginning, Fu Yechuan went alone, which can be understood as impatient.

But the negotiation failed, and it was not necessarily in a hurry.

What about the other hostage?

How come it never showed up?

Yu Lou paused, "I'm still under investigation."

Su Jin frowned, and Yu Lou added:

"She never left country Z from beginning to end, and Fu Yechuan said before he left the country that someone would take her away.

But they negotiated . If he failed, Fu Yechuan was worried that Xing Zhi would snatch people away on his site, so he wouldn't let An Qi be brought back to Southeast Asia, saying he wanted to keep this trump card..."

When Yu Lou spoke, he tried his best to restrain himself. own personal emotions.

He has been Su Nan's assistant for so long, and he knows that this eldest lady looks difficult to serve on the surface, but in fact it is best to talk, no one has more clear rules than hers, the more so, the simpler it is.

But how did Fu Yechuan, who unanimously claim to be in love with her, treat her?

Yu Lou couldn't bear to think deeper.

He just blinded a piece of Su Nan's heart in vain.

Originally, he was still vacillating between Fu Yechuan and Shang Qian, but now, as an assistant, he has secretly decided to stand by Shang Qian forever!

Listening to the silence on the phone, Su Jin seemed to be restraining his emotions.

“Oh..., Fu Yechuan, that’s enough.”

There was no sincere deal, and neither of them took the hostages seriously.

It was he who was careless, thinking that everything he wanted to save for Su Nan before came from the heart.

But for him, it was all within his power.

What’s so great about this kind of grandeur?

Su Jin closed his eyes and took a deep breath:

“Fu Yechuan is still there?”

Yu Lou paused for a second before realizing that he asked for the address.

“Yes, he thought that Miss Su had died in the explosion, and was trying to find revenge for Xing Zhi...”

Su Jin sneered, “Let him go, dog bites dog, deserve it, by the way, send An Qi to him. Going back will lead to Xing Zhi.”

Yu Lou immediately understood what Su Jin meant, “Okay, I will contact the above about this matter, the above means that An Qi has not been able to find more useful information, and I also want to What about other methods...”

...

Su Jin leaned on the sofa outside Su Nan’s ward and closed his eyes for a while.

Soon.

Hearing the sound of hurried footsteps approaching.

He suddenly opened his eyes and saw that Wen Xiang was walking towards Su Yifeng with an ugly face.

Su Yifeng looked excited and angry, while Wen Xiang was a little helpless.

No way, she wanted to slap on the side, but Su Yifeng was too smart. As soon as she said it, Su Yifeng realized something was wrong.

I haven't seen Su Nan's figure in the past few days, I can't even get through a phone call, and I realize that something is wrong.

However, Su Jin kept saying that she was very good, so Su Yifeng believed it with suspicion.

But until last night.

As soon as Wen Xiang opened his mouth last night, Su Yifeng knew that something had happened!

...

Chapter 1573 If he can survive

Chapter 1573 If He Can Survive

Su Jin looked at Su Yifeng, stood up immediately, pursed his lips, his face was not very good:

"Dad..."

Su Yifeng hated his teeth, "Don't call me dad, how dare you hide such a big thing? You really dare to say what to ski in the North Pole!"

This is the reason he made up.

Su Jin was at a loss, and even if he was scolded, he would not refute a single sentence.

Wen Xiang didn't want to say anything. He just patted Su Yifeng's back and let him breathe:

"Don't be angry, Dad, keep your voice down, Xiao Si is still sleeping inside!"

Hearing that Su Nan was still sleeping, Su Yifeng was stunned for a moment, then restrained his anger, snorted coldly, glanced at Su Jin, and gently pushed open the door and walked in.

Inside Su Nan's ward was a suite, and she slept in an exquisite small living room outside the ward.

So the movement of opening the door did not wake Su Nan.

Just as Su Yifeng was about to open the door inside, he suddenly thought of something.

Looking at the person who was following him closely behind him, he glared fiercely:

“Don’t come in, don’t disturb her rest, let Lao Xiao come over later, I want to ask Su Nan what happened?”

His voice was so low Very low, for fear of waking up the people inside.

Su Jin sighed: “Dad, Uncle Xiao has surgery until five o’clock in the morning, let him rest, I will let the attending doctor come and report.”

Su Yifeng frowned and said in shock, “Surgery? What kind of surgery?

” Shang Qian is injured...”

Su Jin’s voice was so low that only the two of them could hear: “In order to save the injured Xiao Si, I don’t know if I can escape the danger...”

Su Yifeng was startled, his expression was a little shocked, and then he fell silent.

He put his hand on the doorknob for a while, his voice hoarse:

“Don’t treat others badly, take good care of them, he has no other family members, go back and take Mike over...”

Su Jin was taken aback for a moment , nodded.

Shang Qian has completely turned his face with the merchants. The Shang Group he now owns is actually Su’s holdings, and he is just showing his face.

In fact, he has nothing to do with the business.

The paralyzed Shang Yi and the Shang Qun who hated him deeply would not come to visit.

So Su Jin didn’t inform them from the beginning.

Now Su Yifeng has agreed to pick up Mike, obviously, he is going for the family.

If... he’s still alive.

Su Yifeng pushed the door in, closed the door softly, walked to the chair beside Su Nan and sat down, his eyes turned red.

He was pale and thin.

There were still bloodstains on her face, which was shocking.

Where did she suffer these grievances?

How miserable those days were!

Su Jin and Wen Xiang stood outside looking at the old father's back, not only feeling a little sad.

However, Wen Xiang tugged at Su Jin's clothes and let him sit on the sofa opposite.

She also had a heat preservation food box in her hand, and opened them one by one:

"Eat something first, or you won't be able to carry it."

Su Jin pursed his lips and twitched the corners of his mouth, "I'm not hungry, can you eat?"

Wen Xiang: "I ate it last night. It was specially brought for you. Dad asked to bring it."

She smiled and pushed in front of Su Jin.

Su Yifeng loves Su Nan the most, but he has never treated other children badly.

He is also using his own way to feel sorry for them with different personalities.

This is why, although Su Nan is in a position of self-respect in the whole family, no one has really been jealous, and no one wants to take her place in that position.

Because they got the same love!

...

The first thousand five hundred and seventy-four chapters do not give you food

Chapter 1574 Don't feed you

Su Jin's eyes were inexplicably sour, he took a deep breath, took the chopsticks, and started to eat with his head down.

Wen Xiang smiled and didn't continue talking. Looking at Su Nan inside, who could bear to pretend that nothing happened?

...

The warmth in the air made Su Nan feel extra comfortable.

This state of the environment gave her a sense of security.

Much more comfortable than before.

She slowly opened her eyes, looked at the white ceiling, and looked at the exquisite and beautiful lamps, and she was a little dazed for a while.

She even had a brief amnesia for a moment, forgetting why she was here.

But soon, those cramped memories came back up again.

She couldn't help but speed up for a moment, completely awake.

A warm hand was slowly placed on her head, the movement was gentle and very familiar.

Su Nan turned his head to the side, looking at Su Yifeng sitting there, tears in his eyes, every drop was distressed.

He seems to be taking care of himself, who is still in elementary school, coaxing her to sleep, coaxing her to get up, and coaxing her to eat. He does this every day without a trace of impatience.

Su Nan's eyes were sore, and his voice was a little hoarse when he just woke up:

"Dad?"

Su Yifeng said "hey" and cautiously: "Wake you up?"

Su Nan sniffed, feeling like she was in a dream.

"No, I feel like I've slept for a long time."

"You slept late last night, and it's been less than eight hours since you woke up. You can sleep for a while."

Su Nan smiled and propped himself up to sit up, Su Yifeng cautiously put a pillow behind her.

The medicine has been lost, and now she feels that her body is much more relaxed.

It seems that there is no suppression of those alternative drugs in the body, and the whole person has strength all over.

Such a feeling surprised Su Nan from the inside out.

"You're worried, Dad!"

Su Yifeng laughed, pretending to be thoughtful:

“I only learned about this news last night. Fortunately, you are all right, otherwise, I will not let anyone who hides it from me. Yes.”

As he was talking, someone knocked on the door and came in.

Su Jin pursed his lips, looked up at Su Nan and Su Yifeng, and finally his eyes fell on Su Yifeng:

“Dad, let her drink some of the bird’s nest porridge that Wen Xiang brought to Xiao Si?”

Su Yifeng gave him a cold look. He snorted, still mad at him.

Su Yi was so angry that he dared to hide such a big thing from him.

Su Jin looked at Su Nan, Su Nan immediately rubbed his stomach and said with a smile,

“I’m just hungry, bring it here, please?”

Su Jin’s eyes softened for a moment, he quickly reached back, and Wen Xiang handed it over , cautiously put his head in:

“The doctor said to eat less and more meals. Su Nan hasn’t eaten anything these days, so he can’t eat too much at once, or his stomach will be uncomfortable.”

Su Nan paused, Su Yifeng frowned . , “Didn’t eat? They won’t give you food?”

Su Jin glanced at Wen Xiang, frowned, and shook his head.

Wen Xiang seemed to realize that she was talking too much. If Su Yifeng knew that her daughter didn’t even have to eat, she didn’t know how uncomfortable it would be.

Seeing Su Yifeng’s nervous look, Su Nan quickly said,

“Of course not, I’m not used to their meals, so I eat less.”

Su Yifeng was dubious, but his expression was still ugly.

Su Jin went in with the thermal insulation box, sat on the other side, and opened the box. It was indeed full of color and fragrance.

Su Nan was indeed a little hungry, but it was not unbearable.

What she is more worried about now is Shang Qian.

It's just that Su Yifeng looked at her expectantly, she couldn't refuse, she smiled, took it, and ate it bit by bit.

Seeing her delicious food, the three of them couldn't help but breathe a sigh of relief...

...

Chapter 1575 He will be fine

Chapter 1575 He will be fine

Su Nan can't eat after eating half a bowl.

Su Yifeng's face became much better.

Wen Sheng asked her: "Is it still uncomfortable? Do you want to continue to sleep for a while?"

Su Nan shook her head.

"Shang Qian...how's it going?"

She couldn't help but ask.

Su Yifeng looked up at Su Jin.

Su Jin coughed, and his face was calm with a bit of embarrassment hidden:

"Fortunately, I'm still observing. Today, Uncle Xiao's doctoral advisor came with the latest medical equipment. I have great hopes."

Su Nan listened and nodded. .

Concealed the anxious and depressed mood in the bottom of my heart.

Su Yifeng sighed, "Little Si, take care of yourself first, Shang Qian's affairs let your brother do some work, he saved you, our Su family will not treat him badly."

Su Nan nodded, "I know After

she finished speaking, she paused and looked at Su Jin:

"Isn't the news of my disappearance spread out before?"

Su Jin nodded, "No, only a few people know clearly that you are going abroad for vacation and inspect the market. , no one doubts."

Su Nan breathed a sigh of relief, "That's good."

Su Yifeng has been here all day, pouring water and washing fruits, happily working as a nurse.

It made Su Jin feel embarrassed to leave, and some work matters were taken over to deal with it on the spot, and the going back and forth was very tired.

Su Nan was in good spirits. He waited for Dean Xiao's doctoral supervisor to come over smoothly, gave Shang Qian a comprehensive examination, and then started the latest treatment method before he was completely relieved.

Dean Xiao's mentor has great hopes for Shang Qian's injury.

"This is not the worst patient I've ever encountered. As long as he doesn't give up mentally, then he will be handed over to medicine physically. He will be fine. Trust me."

Dean Xiao nodded repeatedly and turned around and told Su Nan about them . good news.

Seeing that there was nothing serious about Su Nan, Su Yifeng asked Su Jin to arrange many bodyguards around the hospital and the ward, and not a single fly could get in.

In the evening, Su Yifeng was persuaded by Wen Xiang to go back to rest, and Su Jin drove him personally.

The ward finally quieted down, and Su Nan still felt uncomfortable for a moment.

But soon, she breathed a sigh of relief, she can walk down the ground now, it's not a big problem.

He opened the door and wanted to go out to see how Shang Qian was recovering now, but when he opened the door, he saw a row of bodyguards standing there.

Su Nan frowned and was stunned for a moment.

Chang Li stood at the front and nodded slightly:

"Miss, you can go in and rest. If you have any orders, you can let me do it."

Su Nan pursed her lips: "I'll go see my friends, don't leave here, don't follow."

Said Then, she walked out, but Chang Li followed behind, unwilling to take a step.

Su Nan looked back at him, and Chang Li pursed his lips:

“This is Su Dong’s order.”

Alright.

Su Nan frowned, ignoring him, and continued to walk forward.

Looking at the situation in the ICU through the glass, Su Nan’s heartbeat couldn’t help speeding up.

Dean Xiao and several experts invited from home and abroad surrounded an old professor with gray hair, discussing something, and did not avoid the patient, but there was no fear or panic in his attitude.

They seem to be discussing the best way to go to the best known outcome.

And Shang Qian was lying there with less instruments on his body, and his face was a bit bloody and rosy.

The most important thing is that the heartbeat frequency displayed on the instrument is so vigorous and powerful.

It was completely different from what she saw last night, when she was about to weaken into a straight line.

She stood there and watched for a while.

smiled slowly.

It’s good that he’s alive.

At this moment, when she saw it with her own eyes, she was really relieved.

The sound of deliberately soft footsteps came from behind...

Chapter 1576 Do you miss me?

Su Jin is back.

“I saw it with my own eyes, now I’m relieved?”

Su Nan raised a smile on his face and nodded, "Well, thank you eldest brother, I heard what Dean Xiao said, if it wasn't for eldest brother's help, it would have saved a lot of trouble, I'm afraid Shang Qian will be sad this time..."

Su Jin chuckled:

"It's all about your face, otherwise he won't be treated like this."

Su Nan's eyes flashed with a gleaming smile, this time is the meaning of coming back.

Su Jin took out a cell phone from his pocket and handed it over:

"Your original cell phone was a little ugly, I prepared a new one for you, and everything inside was imported. By the way, Qin Yu has always been worried about you, and I feel very guilty about the phone call I made to you, if you are in a good mood, just call back..."

Su Nan stiffened and took it.

She patted her head, "If you didn't tell me, I forgot, Qin Yu must have died!"

Although it was Qin Yu's call that put her on the list, Su Nan knew that Qin Yu could not be blamed for this.

Even without her, Xing Zhi would find other opportunities.

What does it have to do with her?

She suddenly felt a little uncomfortable, and when she found Qin Yu's number, she called.

After a while.

Just picked up.

"Su Nan... No, big brother, is there any news about Su Nan?"

Qin Yu's voice was hoarse, but cautious.

As if afraid of hearing the bad news that I can't accept.

During this time, all the calls she made to Su Nan were answered by Su Jin.

Because she was an insider, Su Jin only answered her phone for Su Nan.

However, she asked too frequently, and Su Jin was a little impatient, and only answered one phone call for a few days.

In Qin Yu's opinion, it was Su Jin who was blaming her, so she felt even more guilty.

Su Nan's heart sank slightly, I'm afraid Qin Yu is the one who feels worse than her these days.

She looks carefree on the surface, but in fact she is fragile inside.

There was silence on the phone for a few seconds.

Only then did Su Nan speak: "It's me, Miss Qin Yu, do you miss me?"

for a few seconds.

Qin Yu didn't move, and then suddenly burst into tears. "Su Nan, you scared me to death. You finally came back. I

haven't slept for several days. When did you come back, don't tell me where are you now?"

The point was asked.

Su Nan paused, glanced at Su Jin, he nodded, and she replied,

"I'm in the hospital, come on."

Qin Yu sniffed, "Okay, wait for me, I'll be right here. In the past."

There was still a cry in her voice, and it sounded like she had been tense for a long time, and it poured out in an instant.

Su Nan hung up the phone, breathed a sigh of relief, and walked towards his ward.

Su Jin also followed:

"Aren't you curious about the situation in Southeast Asia now?"

Su Nan frowned, "It's nothing to do with me, I'm curious and useful?"

Su Jin smiled, but was happy for her open-mindedness.

"Fu Yechuan thought you were dead, and finally made up his mind to fight Xing Zhi to the end."

He still chooses to tell the truth, at least he doesn't want his sister to know from others' mouths and owe others' favors.

Rather than that, it's better to tell it frankly.

Su Nan tilted her head and paused for a second, thinking: "When I was not dead, he was reluctant to give up anything. When I died, he made up his mind. Does this mean that he wants me to die?"

She chuckled and shook her head. .

In her impression, Fu Yechuan was always like this.

Before their divorce, he dismissed her, but after the divorce, he was overly enthusiastic.

Now that this happens, is it the same reaction?

...

Chapter 1577 Come and hug me

Chapter 1577 Come and Hug I

have to say that many of his choices were unexpected.

But there was nothing wrong with her in this matter, so there was no need to sympathize with him.

Of course, they will not understand.

Seeing that she had no psychological burden, Su Jin spoke more casually:

"It's not that he wants you to die, but his balance in his heart was more inclined to his own business empire, so he bargained with Xing Zhi.

But the news that you are alive is not mentioned . Going out, he doesn't know, but I have nothing to hide.

When he comes back, he will naturally know, what do you think?" The

two walked to the door.

Su Nan nodded: "Yes, in the future, let's not interfere with these things. Take Mike over tomorrow, he should be worried."

“Dad asked me to take it over today, but I don’t think your health has recovered yet, so I’m afraid of him. No one took it with me when I came.

Su Qi originally returned to China today, but his flight was late, and he won’t be back until tomorrow, so let him come back and take it with him, so that he won’t be bored.”

Su Jin arranged everything clearly, Su Nan He smiled, but did not refute.

Su Nan went back to the sofa, ready to read the company’s email to know what the work arrangements were for these days.

Suddenly, she remembered something and looked up at Su Jin:

“Brother, Xing Zhi’s business is not clean, as well as human trafficking and drug trafficking—”

She thought of the girl that night, and of seeing her last when she was leaving the car. On the one hand, those dull eyes turned into despair.

Before she could finish speaking, Su Qi waved her hand to stop her from continuing.

“I know that Fu Yechuan has a lot of evidence, don’t worry, don’t think about those things anymore.”

Since she came back, Su Jin has not asked Su Nan about her experience in Southeast Asia.

Not because he was afraid of knowing that the experience was too cruel, but because he was afraid that Su Nan would have a grudge in his heart.

When she came back, she was still the eldest lady of the Su family. No matter what she experienced, good or bad, they would not change.

Su Nan lowered his eyes and smiled.

It’s not that she has no compassion, it’s just that when she didn’t have the ability at the beginning, she even had a problem with protecting herself.

How to protect others?

Now, since others have evidence, she doesn’t want to do anything.

After waiting there for a while, Qin Yu finally arrived.

When Qin Yu rushed in, she could not help shrinking her head when she saw Su Jin was also there, feeling a little scared.

“Big... Big brother, are you here too?”

Su Jin nodded expressionlessly, as he always does in front of outsiders.

Qin Yu was so excited when she saw Su Nan, her eyes were red, her face was haggard, and she didn't look good. The skirt and shoes she was wearing didn't match, so she didn't dress up carefully.

Seeing her like this, Su Nan really believed that Qin Yu hadn't slept for a few days because of her.

She smiled and waved her hand:

“Miss Qin Yu, what are you doing there, don't you miss me? Come and hug me?”

Qin Yu gave her a white look and chuckled: “Stop being narcissistic. !”

But after she finished speaking, the next second, she threw herself on it.

Seeing this, Su Jin felt that he was redundant, so he consciously withdrew.

Qin Yu hugged her and cried for a while, then slowed down, looked at her sobbing, touched the place where she was bruised, and gritted her teeth:

“Fortunately, you didn't die. This injury is not disfigurement. If there is a scar, I will contact the plastic surgery hospital for you and make you a Virgin Mary!”

Su Nan twitched the corners of his mouth, “Thank you!”

Qin Yu touched his face, took a deep breath, and gradually recovered his emotions.

“I've been so anxious these few days, you don't know, I can't wait to take me!”

...

The first thousand five hundred and seventy-eight chapters are you afraid?

Chapter 1578 Are you scared?

Su Nan looked at Qin Yu and lowered her head with annoyed expression.

She paused and said softly:

“I don't blame you, what does it have to do with you? Without your call, he will find other opportunities...”

Qin Yu sniffed, "You don't Do you blame me?"

"Of course not." Su Nan smiled.

Qin Yu lowered his eyes in despair: "But your elder brother blames me. I called to ask about your situation, and he didn't answer the phone!"

Su Nan was dumbfounded and paused: "Are you too annoying?"

Qin Yu suddenly He raised his head, "How is that possible?"

Then he lowered his head embarrassedly, "It's not too annoying, am I worried about you?"

Su Nan smiled, "Don't think too much, my eldest brother is like that, this time I'll be back. He reminded me to call you to be safe, otherwise I would have forgotten about you!"

Qin Yu glanced at her angrily, "You bastard with no conscience."

Su Nan smiled and hugged her: "Okay, okay, I'm the one who delayed Miss Qin's big wedding, isn't the wedding day coming?"

Qin Yu paused, and there was something wrong with her face.

Su Nan noticed it and pulled the corner of his mouth: "You won't break it, right?"

Qin Yu felt a little guilty: "Not yet, but we have quarreled in the past two days."

Su Nan's heart sank: "It won't be because of me, right?"

Qin Yu sniffed, "It's not all because of you, I said I was going to Southeast Asia to save you, but he didn't let me go, he insisted that I was going to cause trouble.

He farts, if I didn't go, would I be watching you? Dead?"

Su Nan's nose was sour and her smile was very light. She didn't have many friends, but with only these few, she could risk her life.

She sighed, went over to hug her, and shook her shoulders:

"You are really impulsive, Shen Liang is right, what's the use of relying on you? Are you relying on you to scold the street?"

Qin Yu got excited and stood up. Get up, "Don't look down on people!"

Su Nan smiled, "I know, but when you went, didn't you obviously give the enemy more leverage? Shen Liang thought it right, he is also worried about you, he is kind, don't you? I don't appreciate it anymore."

"I just thought he was too calm, but it wasn't his friend who had an accident, so standing and talking didn't hurt his back!"

Qin Yu said angrily.

Su Nan: "You are careful, even if his friend has an accident, he will not be as impulsive as you."

"Yes, he is a cold-blooded animal!"

Seeing Qin Yu's opinion on Shen Liang now, Su Nan I really don't know what to say.

"Miss Qin, impulsiveness can't solve any problem. You can see that our family didn't go, isn't it still good? Could it be that my elder brother is also a cold-blooded animal?"

Qin Yu curled her lips. agreed.

Su Nan sighed: "Shen Liang is already good, don't go too far, it's okay to have two days, when he comes to coax you, give him a step down."

Qin Yu: "I'm for you, you And speak for him!"

"Those three days?"

Qin Yu whispered to Su Nan and asked about the situation in those days.

This was the first person to ask her what had happened in those days.

Although she didn't experience anything too dark, the saddest thing was the explosion.

When I mention it, I still have lingering fears.

But sharing this with Qin Yu, she doesn't feel uncomfortable.

It was as if what I said were all experienced by others, and when I said it, I also lifted some of the burdens off my heart.

Suddenly, the sky darkened...

...

Chapter 1579 This man is crazy

Chapter 1579 This man is crazy

Two people talked for a long time.

Su Nan was hungry.

Just in time, Su Jin came in with the insulation box.

Qin Yu was also hungry, and her eyes lit up when she saw the insulation box. Just as she was about to pick it up, Su Jin said lightly:

“Mr. Shen is outside, I don’t know who is waiting, it’s been more than two hours... .”

Qin Yu’s face stiffened, she immediately retracted her hand, glanced at Su Jin, and bit her lower lip:

“Why

don’t you tell me earlier?” No, just left in a hurry.

Su Nan smiled, looking at her hurried back, she was clearly duplicitous, couldn’t hold on for three days, still wanted to be angry all the time?

It seems that she really fell into it.

Su Jin chuckled lightly, sat across from him and opened the food box:

“Have you eaten?”

Su Nan nodded.

Su Jin took the initiative to say: “Shang Qian’s condition is getting better and better. Today, I heard from Uncle Xiao and his professor that he will wake up within a week.”

Su Nan’s eyes lit up, and the expression on his face Can’t hide the smile.

“Really?”

Su Jin nodded, “So you can take care of your body with peace of mind.”

Su Nan took a deep breath, “When will I be discharged from the hospital? Things in the company...”

Su Jin frowned. He raised his eyebrows and said in a light voice,

“Don’t worry, I’m still in the company. If you are discharged from the hospital now, the situation in Southeast Asia will definitely change. To be honest, the situation is in our favor now, and Fu Yechuan owes you. “

Su Nan understood what Su Jin meant. Although she didn’t want to get involved, she didn’t want the Su family to go out and fight Xing Zhi.

After all, it was Fu Yechuan who had troubled him.

She nodded, “Okay, then I’ll listen to you.”

Su Jin touched her head, “Have a good rest.”

Finally got a free night.

Su Nan looked at the news in the group chat on the mobile phone, very lively.

Because of Su Nan’s safe return, it was not only Ning Zhiliao and Cheng Yi who went to the group to talk, she started to bomb the group very actively.

Cheng Yi: “Is this person crazy?”

Ning Zhigao: “It may be a mental disorder before marriage, don’t let anyone know.”

Qin Yu: “...”

... the

next day.

The doctor opened the window for her to breathe, and the smell of fresh rain outside filled in, like a lullaby in a music box, but Su Nan was reluctant to fall asleep.

She was watching the latest entertainment news, and many people made headlines again, and they were pushed down again. The huge traffic star collapsed for only two days, and everyone forgot about it as soon as she turned her head.

But fortunately, Sun Haoyang is still a good candidate. He has made a few plays and has a good reputation. He also won the best actor. Now he has proved everything with his acting skills.

Because he is still the spokesperson of the Su Group, Du Yan treats him particularly favorably.

Any good resources are willing to give him.

Faintly, there is a great tendency to replace Yu Fei at the beginning.

Since Yu Fei left Huaying Entertainment and set up his own studio, he has given the most important positions of assistant and agent to his relatives.

Because he has no professional ability, he can't make any splash in the circle.

Many important resources have been snatched away by the new traffic niche students with cheaper prices and superior conditions.

In addition, his prosperous before became the Tao of many people. Due to the background of Huaying Entertainment, no one dared to touch him, but now it is different.

Recently, a series of leaks about Yu Fei's black material...

...

Chapter 1580 You are disfigured

Chapter 1580 You are disfigured

Su Nan flipped the page up and down, feeling only a sigh in his heart.

At the beginning, she also wanted to support him. She was flexible and active in her work, and her mouth was sweet. The key was to look pleasant and always carry a youthful atmosphere.

It makes people want to get close without realizing it.

But looking at the recently exposed news, a series of revelations put him under a lot of pressure, the youthful breath on his face disappeared, replaced by a heavy and cold resentment.

It looks like a bad luck.

"A certain male traffic Xiaosheng is a frequent visitor to the rich woman's wine bureau..."

Then the picture below posted a photo of Yu Fei hugging a big man with a good-looking wife.

It looks like an infinite reverie.

"Fortunately, our goddess Su ran fast..."

"I will always believe in Yu Fei! Heizi, get out!"

“Mr. Su, please save the child...”

“I didn’t look at Mr. Lian Su. Don’t you support him? It seems that his private life is really not good, after all, he is a person who can’t be rubbed in his eyes!”

“Even if no one supports him, after so many years in this circle, do you have no ability at all? How does it feel that after losing his star halo, Yu Fei doesn’t even have any works that he can show, either playing soy sauce in dramas or being a guest in variety shows.”

“Think about Sun Haoyang who was in the same year as him, although he is not as popular as him, but He has already won several awards, and the feng shui really turns around!”

Su

Nan sighed.

Pity.

This is the end of the trend.

Just as I was thinking, someone suddenly pushed in at the door.

“I said, are you in the mood to sigh here, but don’t have time to come out to greet your brother?” A

yin and yang strange voice sounded at the door.

Su Nan was stunned for a moment, then looked up, it turned out to be Su Qi.

He was dressed in beige casual clothes, and his overall popularity was very good. With a wicked smile on his perfectly flawless face, he looked at Su Nan with a smile.

Beside him is his suitcase.

It seems that he came directly after getting off the plane.

Long time no see, Su Nan really misses him.

She immediately stood up and opened her arms, “Welcome Su Yingdi to return to China!”

Su Qi touched her nose, walked up to hold her and turned around, pinching her face.

“I’ve lost weight, and I even picked up a lot of bargains after going out, so I saved weight!”

He rubbed his chin very awkwardly: "But your face is disfigured!"

Su Nan's excited mood instantly resembled It was poured with cold water.

Enthusiasm is extinguished.

She rolled her eyes speechlessly, "It's just a scratch, don't dream about it, if I'm disfigured, you're ready to support me for the rest of my life!"

Su Qi clutched her chest:

"God, forgive me. !"

Su Nan couldn't help laughing softly. Seeing that there were still traces of rain on his shoulders, he couldn't help frowning:

"Do you want to change your clothes, you will infect me when you are sick!"

Su Qi said The corner of his mouth twitched, "Dad said that you are so weak that you can't stand up now, and you can't even eat, but you still have so much strength to pick on faults..."

After he finished speaking, he pulled the box and turned away.

I found a room to change a piece of clothes, relaxed and sunny, the whole person looked like a swinging playboy, but the handsome face made people feel good.

Su Nan has calmed down from her excitement, but she is still very happy.

Seeing him come in again, Su Nan smiled, "I know you're back?"

Su Qi shrugged, "I came straight here, you can just have fun, I'll tell her later, big brother You can't tell the news about you here, if I leak the news, I won't be stripped!"
