1581 Su Nan listened, raised his eyebrows, and at most he was beaten.

But the less people know about this, the better.

Su Qi walked over and looked at the search on her web page, tsk tsk, and looked at her contemptuously:

“Look at your achievements, you haven’t forgotten the gossip even at this time, you should be given a dedication award!”

Su Qi Nan snorted coldly and ignored his finding fault, “Is your national tour over, did you come back for me?”

Su Qi was stunned, walked over to sit down, and couldn’t help laughing.

“I really came back for you, how do you thank me?”

Su Nan hesitated for a few seconds, and immediately went to the Internet to search for the name of his national tour.

Because of the tour abroad, there is not much news on the Internet.

But you can also see the schedule.

Oh, Su Qi’s national tour officially ended three days ago.

Ended up coming back.

What a coincidence.

Su Nan twitched the corners of his mouth, “Liar, thank you for the genius!”

Su Qi flipped his hair handsomely:

“I am exhausted from dozens of tours, but I have also won a lot of awards, and my brother can be considered a fight for the Chinese people. , but I’m not a high-profile person, I deliberately let people not show it in the country, I don’t lack this enthusiasm.”

Su Nan looked up at him: “Are you afraid of digging up your dark history and being known to see the settlement? ?”

One sentence hit Su Qi's mind.

He tightened his face and glared at her, "Don't talk nonsense!"

Su Nan was amused, and shook his head deliberately, "I'll buy you a hot search and send it to you!"

Su Qi couldn't help standing up angrily, and smashed the pillow on the sofa.

This little sister is so bad.

As a result, before the pillow fell on Su Nan's body, a loud shout came from behind:

"Stop!"

The two people in the room froze for a moment, and they were all startled.

Su Yifeng's face turned pale, and he kicked Su Qi's ass.

"You still dare to fight with your sister, you are really tired of living!"

Su Qi didn't have any preparation for this kick, and he kicked him towards Su Nan's hospital bed.

Fortunately, there was a bed blocking it, otherwise he would be on the ground now.

Su Qi breathed a sigh of relief, looked up at Su Nan's equally astonished face, and couldn't help coughing lightly:

"Dad, I'm playing with her!"

Su Yifeng's expression changed, and he knew that his feet were a little heavy.

But the shame flashed, and his face didn't improve much.

"Don't do it, your sister isn't completely healed yet!"

Su Qi raised her hand and surrendered, "Okay, okay, I will never do it, I'll do it!"

Su Nan also put the pillow on Su Qi's body, as if it was revenge .

"Dad, my brother has always been so rude, let him be better as my sister!"

Su Qi's eyes widened, shocked.

"What you said is true?"

Su Nan raised an eyebrow proudly.

Of course it's fake.

But the fake Su Yifeng also believed it!

Su Qi was about to die of anger, and she couldn't tell how bitter she was.

Su Yifeng smiled, took out some snacks from behind, and said gently:

"Come on, this is your favorite dessert, this is coffee, don't you like to drink afternoon tea when it's raining?"

His tone was full of The generosity of a good father.

Su Qi glanced at the s, "These stores have to queue up, Dad, you can buy so many things in one day, if you go bankrupt in the future, you can be a scalper and earn a lot..."
." All of

Su Yifeng's forbearance good mood was destroyed.

...

Chapter 1582 is not biological

Chapter 1582

Su Yifeng, who was not his own, couldn't bear it.

Holding Su Qi's ears up, he gritted his teeth:

"Little bastard, even if you burn me, I won't go bankrupt, you should think about yourself, when you want to burn, dig a hole and bury yourself, don't say you are my son!"

Su Qi could not wait to bite his tongue off.

He touched the tiger's whiskers again.

court death!

"Dad, my dear old father, please spare me this time, I will never dare!"

Su Nan smiled happily, and now there is no bleak mood after the rain.

It always feels warm in the room.

After a while, Su Qi successfully drove Su Yifeng away.

However, after this encounter, Su Yifeng's face became much better, and he was no longer so cautiously worried about Su Nan's fear.

Su Qi sat there covering her red ears and sighed,

"I'll have to find a chance to get a DNA test later, I suspect that I'm not my father's biological son!"

Su Nan raised his eyes, "Great, then you Can you give me all the money?"

Su Qi was stunned, closed his eyes, and covered his chest:

"I'm so pissed off!"

Su Nan smiled, "By the way, I've listed some things here, it's not good Go buy it directly, remember to buy it and bring it here!"

Su Nan sent the listed items to Su Qi, these are the things she liked in fashion magazines when she was bored these days.

Su Qi froze for a second, "You treat your brother like this?"

Su Nan blinked, "It's the same if I asked Zhi to buy it for me."

Anyway, there is always a way to treat him.

Su Qi choked, pursed her lips, and said reluctantly:

"I'll come, let my brother do such a thing, and my brother promises to do it for you beautifully!"

Su Nan turned his head and smiled, with Erlang's legs crossed very much. of leisure.

"Then I'll trouble the third brother."

Su Qibai gave her a look, and then thought of something:

"You're getting better now, won't you go home to recuperate?"

Su Nan shook his head, denying:

"No, Shang Qian will pay it back. Here, I'll leave when he's done."

Su Qi: "You little thing with no conscience, just toss me hard!"

After he finished speaking, he ran away angrily.

After a while, he came back with a fruit basket, which was unbelievable.

Su Nan was startled and anxious: "Third brother, did you go out to buy fruit specially for me?" I

was really moved.

Su Qi: "Before I walked out of the gate, my eldest brother sent this and let me cut the fruit for you."

So he tried to run but failed.

Su Nan couldn't help but rejoice, "Quick, I want to eat."

Su Qi: "..."

Are you polite?

After Su Qi said this, he sat down and picked out a Sakyamuni fruit, which was carefully processed into small pieces and placed on a plate.

Su Nan watched gossip while eating, leisurely.

Su Qi glanced at what she was looking at and frowned slightly.

"Sun Haoyang is your one-handed one, are you still planning to renew the contract?"

Su Nan hesitated for a moment, then shook his head.

"I signed him as a last resort, and secondly, to earn breath.

In fact, his brand image is not so in line with our Su Group, it is just to maintain the surface harmony. As long as there is no mistake, the effect is basically the same. It's like this."

Su Qi raised her eyebrows, "I thought you were reluctant to let him go?"

Su Nan smiled, "What's the matter, the next spokesperson, I have to think about it."

With Sun Haoyang, is actually an adventure.

How much money and resources she spent to clean up the black material on him one by one, although he was wronged, but for Su Nan, it was not so cost-effective.

...

Chapter 1583 This is the last word

Chapter 1583 This is the last word

. Su Qi paused, listening to Su Nan's plan, and hesitantly said:

"Actually, the atmosphere in the circle is very tight now, and the above intends to start purging, everyone is self-sufficient. Dangerous, for fear that the black material in the past will be caught and magnified, and regardless of the importance of public opinion, the person who can control public opinion is really powerful.

Like our company's spokesperson, in fact, it is also coerced into it. If it is implicated, it can easily affect the brand image."

Su Nan paused and listened quietly.

What Su Qi said made sense. She thought about this but didn't think about it deeply.

Because even the top companies in the world need brand ambassadors.

"I know the risk is high, so I'm more careful."

Frequent replacement is the way she can think of, so that it won't be traced back to the validity period of the spokesperson in the past.

For the group, it is a guarantee.

"I'm not careful. If a group that has been painstakingly managed is ruined by an artist, think about it thanks..."

Su Qi smiled.

He is also in this circle, so he is very clear about the people inside, and the characters they present to the audience are the opposite of his own character.

This is an adventure for the group.

"Then what can you do?"

Su Nan asked humbly.

Su Qi hooked his lips, and the whole person smiled evilly, with a feeling of turning all living beings upside down.

“Please?”

Su Nan twitched the corners of his mouth, took out the phone, and found Su Yifeng’s WeChat dialog box, and pressed the voice dialogue as a gesture:

“Come on, say it again!”

Su Qi pursed her lips, and was asked again. pissed.

“I was wrong, don’t scare me!”

He swore that if Su Yifeng knew about it, Su Yifeng would immediately slash over with a knife.

Su Nan laughed in a low voice, her small shoulders shaking.

Su Qi was silent for a few seconds, and said in a clear voice:

“When I was abroad, I saw many low-key and powerful companies. Of course, it is undeniable that star benefits can bring some profits, but this is only temporary, this situation It is most suitable for fashion brands.

However, for some entity companies, they take a low-key but slow-moving route, but their brand image is very deeply rooted in the hearts of the people. This is not an additional benefit that stars can bring, but a subtle way to make the public away from the public. An existence that is not open and very trustworthy.”

Su Nan seemed to understand, some kind of small tail that he wanted to grab flashed in his mind.

She pursed her lips, “Strength?”

“This is the last word.”

“We have to find a representative path.”

Su Nan frowned, “For example, take a road that is not profitable in a short time, but stable in the long run. “

Su Qi looked at her with admiration, and I have to say that although Su Nan spends money without blinking her eyes, her mind is turning extremely fast, she can see through it almost at a point, and her business mind has completely inherited Su Yifeng’s ability.

“We can’t just focus on competing with our peers. We should look farther. If we take this road well, there will be almost no competitors in the future.”

Su Qi smiled.

Su Nan raised his eyes in surprise, and there was a glittering light in his eyes.

“That’s right, third brother, you are really a blind cat and a dead mouse, and you came up with such a good idea!”

Su Qi twitched the corners of his mouth, “I researched this with all my heart, not for the sake of you and my eldest brother. When you make money, remember to give me some points, this is called IQ tax!”

Su Nan raised his eyebrows, “No problem, third brother, I’ll give you a pension after I make money !

” Su Nan laughed and closed the gossip page excitedly while laughing: “I want to make a plan while I have inspiration!” Su Qi smiled, “Then I won’t bother you anymore, I’m leaving!” Su Nan He snorted: “I want to eat Oden!” Su Qi took a deep breath. Don’t be angry, don’t be angry, don’t be angry with the patient!

...

Chapter 1584 Does she miss me?

Chapter 1584 Does she miss me?

Su Nan smiled sideways and looked at Su Qi:

“I just know about the Oden downstairs, remember to bring it back!”

She saw where he was going at a glance. .

Don’t you just want to know it?

She’s not the one who beats mandarin ducks.

Su Qi’s face turned cloudy in an instant, and quietly stretched out a finger and pointed at her:

“As expected of my sister, when I come back and empty the shopping cart for you, you can choose something.”

After that, Gao Gao He happily hummed and left.

Su Nan smiled and watched Su Qi leave stupidly, as if there was nothing to worry about in the whole world.

It's a pity that he doesn't want to use his brain, otherwise, with his ability, he will not be worse than her and Su Jin.

Su Nan didn't need to inquire about Fu Yechuan's news. Su Jin would occasionally come over to say a word or two, so as not to keep her in the dark.

Most of the time she went to see Shang Qian in addition to researching the plan.

The direction of the group cannot be changed overnight.

Otherwise, it will definitely arouse opposition from many people.

Shang Qian's condition has improved a lot. Dean Xiao said that although he is not awake now, he has regained consciousness.

Little Mike will be picked up after school these days.

Although he said he didn't care at first, when he saw Shang Qian lying there, he suddenly started crying uncontrollably.

No one persuaded anyone.

Or Su Nan coaxed and deceived him and took him away.

Since then, he has been running here every day.

Su Nan has not stopped them. Their father and son have been dependent on each other for so many years, and they are probably the most important people in their lives.

But day by day, after a week, Shang Qian did not wake up.

This made Su Nan feel very uneasy, and always felt that it was not good.

However, Dean Xiao and the expert group don't think so. They think that the patient is in a coma to repair the damaged part. In theory, there is nothing to worry about.

Half a month passed.

Su Nan's body has completely recovered, and Yu Lou moved the things that needed to be dealt with to the hospital, because Su Jin was too busy with overseas business recently, so she had to go to the hospital in person.

She had just sat in Shang Qian's ward for a while when Su Qi called.

"Your brother is here, why don't you come out to meet me?"

Su Nan scolded shamelessly, but seeing that the time was almost up, he asked the nurse to come and pull the needle, and then returned to his room.

Su Qi calmly put the food on the table, looking at Su Nan's favorite snacks.

She raised her eyebrows, "Did you go to the snack street?"

The snack street near the university in City A is full of snacks and everything.

Su Nan used to eat occasionally, but in recent years, because he was too busy, he had no time or mood.

Su Qi smiled, "No, fortunately, I know your taste is close to you, otherwise I wouldn't be able to buy it."

Su Nan picked up the chopsticks and took a sip, full of praise.

"Have you missed me in the past few days?"

Su Nan didn't dare to answer their calls easily.

Because Su Jin said that the news of her return, the less people know, the better.

Especially Cheng Yi's big mouth, don't tell him.

So in the eyes of those who were kept in the dark, Su Nan was only temporarily traveling for a business trip.

At the beginning, Su Jin also used her mobile phone to send a text message to report safety.

So basically no one doubts it.

Su Qi eats no image at all, and bows her head, "It's alright, she's been with Qin Yu for the wedding these days. Because you ran away temporarily, they scolded you a lot."

Su Nan paused, She believed it.

But she doesn't want to!

Su Nan twitched the corners of his mouth and was about to say something when little Mike suddenly ran in with his schoolbag on his back:

"Pretty sister, Daddy is gone!"

...

Chapter 1585 Shang Qian is gone

Chapter 1585 When Shang Qian disappeared,

Xiao Mike's voice shouted, Su Nan stood up instantly, his face changed greatly.

"What's gone?"

Little Mike's face was blank and hurried:

"Daddy is gone, I just went there, there is no one there."

Su Nan glanced at Su Qi, he was standing there holding the barbecue, wondering whether to continue or not eat.

"Maybe it's a checkup."

Isn't that what those nurses and doctors often do?

Su Nan's face changed, and his heart was suddenly empty.

"No, the inspection was just done twenty minutes ago, it's impossible to do it in such a short time."

She said, her face panicked, and she raised her feet and ran out.

Little Mike followed closely with his two short legs.

In Shang Qian's ward, the bed was empty.

People are really gone.

The doctor was coming to round the room and saw Su Nan and little Mike standing there with serious expressions. He also knew that Su Nan's identity could not be neglected, so he hurried over and asked,

"Miss Su, what happened?"

Su Nan's face was white. , opened his mouth, "Shang Qian is gone." The

doctor was shocked for a moment, and quickly responded, "Wait a minute, I'll have someone look for it right away." He was

about to call someone when he heard a long absence. The voice...

"Su Nan..."

Su Nan froze, following the direction of the voice, she slowly turned around.

Before the panic in his eyes could subside, it fell into Shang Qian's eyes, and his heart suddenly shrank fiercely.

Some pain.

But right now, he wasn't dreaming.

This is not Southeast Asia, this is country Z, this is safe.

She is alive, and so is he.

very nice.

He was wearing a hospital gown, and he lost a lot of weight. The inside of his clothes looked a little empty and very thin.

His face became thinner, but those dark and warm eyes were still so gentle and low when they looked at her.

At that moment, Su Nan's heart suddenly calmed down.

Those tears that welled up in her eyes were also controlled by her.

Little Mike couldn't bear it anymore. After all, he was a child. He almost lost the father who watched him grow up.

"Daddy..."

Little Mike cried and rushed over, hugged Shang Qian's leg, he couldn't hold it any longer, he cried, and his tears flowed down like he didn't want money Lose.

"Daddy, people miss you so much, they think you're dead..."

In addition to being excited, he said what was in his heart.

Shang Qian looked down, reached out and touched his head, the movements of his hands were very gentle and loving.

"No, you haven't grown up yet, Daddy won't die."

This was the first time he had so gently persuaded him to dispel the thought of dying so early.

After a while, he raised his head, his eyes still on Su Nan.

He smiled slightly, opened his hands, his throat moved, and there was a bit of guilt in his dry voice:

“Can you come over by yourself? I can’t walk a little...”

He wanted to hug her very much.

Su Nan walked over with red eyes.

In the short distance of ten meters, she felt that every step she took was stepping on the clouds.

Some unreal feeling.

But in the next second, before Su Nan could meet Shang Qian, Su Qi behind him saw that Shang Qian had woken up, and jumped up excitedly.

“Brother, you are finally awake!”

Because Shang Qian’s life and death were uncertain, Su Nan refused to be discharged from the hospital, and even brought several members of the Su family to take care of him.

If they don’t leave the hospital, they will go crazy.

Therefore, Su Qi was more excited than anyone else.

Shang Qian frowned helplessly, he just got up, he had no strength at all, and he was weak even to refuse.

But Su Qi’s enthusiasm is really unacceptable.

Seeing that he was about to shed two tears, Su Nan gritted his teeth unbearably.

“Third brother, go aside!”

Will he wink?

Chapter 1586 Sequelae?

The doctor standing not far away can’t see it anymore.

The patient just wants to hug Su Nan, why is it so difficult?

Under Su Nan's scolding, Su Qi released his hand excitedly.

"I...I'm going to inform the others!"

Shang Qian woke up, and they could leave here immediately.

It's raining and it's sunny.

Little Mike also took a breath and released his hand, looking up at Shang Qian.

Daddy is getting better and his wish has come true, so let him temporarily give his beautiful sister to him.

After all, the patient is the largest.

Shang Qian saw her standing there motionless, silent for a few seconds.

They looked at each other, and no one spoke.

next second.

He smiled and took a step forward, but this step was a bit difficult.

His face turned pale in an instant, unlike before.

He almost lost his footing, and just as he was about to fall, a soft and sweet body suddenly threw himself into his arms, and the landlord grabbed his waist.

He choked on his chest and hugged her with his backhand, so tight that he couldn't bear to let go.

How could he let go?

The ghost gate has been closed for a while, and the drowsy consciousness is only these days, but it seems that several years have passed.

He could feel Su Nan sitting beside him from time to time and looking at him, not saying a word made him feel at ease.

But he wanted to see her smiling face, touch her warm skin, and participate in all aspects of her life.

So he woke up.

The two of them are very calm on the surface, as if the calm is just a long-awaited hug.

But they know each other well, how excited they are in their hearts now, the waves are turbulent, and the worship is endless.

He suddenly smiled weakly, and the corner of his mouth pulled an arc, thankful that he could come back alive after walking through the gate of hell.

He leaned his head sideways, resting his chin on her shoulder.

Take a sniff.

It was the scent he was familiar with, light and sweet, which made him willingly risk his life.

At this moment, he was truly alive.

I don't know how long it took, the doctor couldn't help coughing.

The two were reluctantly separated.

In my heart, I felt that this doctor was really blind.

Shouldn't it be avoided now?

The doctor calmly pretended not to see it, and said,

"Since Mr. Shang is awake, let's do an examination, and let the experts formulate the next treatment plan. I just woke up and can't stand for too long, and the blood supply of the whole body is not suitable. , I will faint when I get excited."

He added thoughtfully.

Shang Qian smiled weakly and said, "Okay, thank you doctor."

Then there is an explanation for why he felt uncomfortable when he stood up.

One of his hands was still on her shoulders, and the next second he hugged her again, before sighing

and letting go : "Forget it, if I stay here any longer, I'll really faint."

His face turned pale. , has been holding on.

Su Nan paused and hugged his waist excitedly:

“Is it uncomfortable? Is it a sequelae?”

There was trembling in her voice.

fear.

Shang Qian pulled the corners of his mouth and smiled, “It’s okay, it’s not hard.” The voice was light, and it sounded like a weak one.

Su Nan’s heart sank, knowing that he was lying, and quickly looked at the doctor:

“Doctor, where’s the wheelchair?” The

doctor nodded, and quickly went in and pushed the wheelchair out, letting Shang Qian sit on it carefully, and he was relieved.

“Then go for an examination first...”

Of course they had to listen to the arrangement of a lifetime.

Shang Qian stretched out his hand, and Su Nan grabbed it.

She smiled, “I’m here with you, don’t worry, you’ll see me when you’re done checking.”

Shang Qian’s brows and eyes were warm and modest, as if water could overflow, and his voice was shallow:

” Well, I have a lot to tell you.”

...

Chapter 1587 Fu Yechuan is back

Chapter 1587 Fu Yechuan is back

Since when Su Nan disappeared, he has had a lot to say.

The earth-shaking changes left him unspeakable.

Fortunately, he still had a chance to speak out.

Su Nan nodded and watched the doctor push him in. President Xiao and the expert team quickly got the news and went in.

The curtain inside was drawn, as if separating two worlds.

She just stood there waiting for an hour without even changing her posture.

I don't know what I'm thinking, my thoughts are scattered, but my mood is inexplicably relaxed.

Hearing the footsteps behind, Su Nan didn't have to think about it, and knew that Su Qi had brought someone here.

"Little Si, I heard that he's awake?"

Su Yifeng came over with a bit of light in his eyes.

In any case, he didn't want his daughter to remember a vegetative person for the rest of her life. It was great that he woke up.

Su Nan raised his head, looked at Su Yifeng, nodded and smiled.

"Check it inside, it will be fine soon."

Su Yifeng breathed a sigh of relief, looking in good spirits.

"That's good, that's good, anyway, he saved you, he is the benefactor of our Su family, what do you need to make him feel welcome."

Su Nan nodded with a smile.

"Okay, Dad, don't worry about it."

Su Yifeng smiled, "I'm not worried, let Xiaosan stay with you, let me know if you need anything, and I'll go back and ask the housekeeper to make him some nutritious meals to make up for it. Body."

Su Nan nodded and watched Su Yifeng leave happily.

Su Qi sat aside and raised his head, exhausted to death.

"Big brother and sister-in-law have already notified everyone, and everyone can finally breathe a sigh of relief."

Su Nan looked at the door, smiled and said nothing.

After a while, Su Jin and Wen Xiang came.

Su Jin's face was in a hurry, his whole body was cold and solemn, he looked at Su Nan and Su Qi, and frowned at the closed ward.

“Awake?”

Su Nan nodded, “I’ll check inside, it’s probably soon.”

Wen Xiang: “Great, Xiao Si can finally rest assured.”

Su Nan smiled.

Su Jin frowned and took a step forward.

“Fu Yechuan is back.”

In a word, everyone around was shocked.

so fast?

Is it so coincidental?

Su Nan looked up, her eyes were cold, and she couldn’t see any waves.

She didn’t ask, and Su Jin wouldn’t hide it.

“I just got the news that in Southeast Asia, Fu Yechuan has been entangled with him for a long time, he has set up a few dens in a row, and also destroyed his smuggling business. Xing Zhi was angry and planned to kill Fu Yechuan.

On Fu Yechuan’s escape route, Xing Zhi was annihilated by another arms dealer together with a local smuggler, which was probably something Fu Yechuan had planned for a long time.

As soon as Xing Zhi died, some people were ready to move, trying to break up.

Insiders of Xing Zhi Arms Group began to compete for territory and business, and there was a shootout. Many civilians were accidentally injured in the attack, and they were targeted, and the international police were dispatched to destroy the group.”

Su Jin finished speaking in one breath, glanced in the direction of the ward, and pursed his lips.

“Fu Yechuan is back, you are safe, you can come and go at will, but some invisible threats cannot be ruled out. I will arrange bodyguards to protect you secretly.”

What he said about you, of course, added Shang Qian.

Su Qi snorted coldly.

“Why didn’t he die in Southeast Asia?”

Thinking of this, he was angry.

If it weren’t for Fu Yechuan, would Su Nan still suffer like this?

After suffering, people are not rescued by him.

What can he do no matter how beautiful he is in the future?

What if Su Nan really couldn’t be saved?

Su Jin glared at him with cold eyes:

“Su Qi, pay attention to your words.”

...

Chapter 1588 is like a fool

The first thousand five hundred and eighty-eight chapters warns Su Jin like a fool , and Su Qi has a guilty conscience.

He just pursed his lips, not daring to continue cursing.

But he had already scolded Fu Yechuan 10,000 times in his heart.

Su Nan just thought quietly for a while, then nodded.

“Wait for Shang Qian to feel better, nothing can go wrong for the time being.”

Su Jin nodded.

Wen Xiang thought for a while, and said worriedly:

“If Fu Yechuan knew that Xiao Si was not dead, would he come over to ask for trouble?”

Su Jin’s eyes narrowed, and his expression instantly cooled down:

“What qualifications does he have to ask for trouble? Our Su family can make trouble. I didn’t ask him for help!”

Su Qi snorted, “Yes.”

After a while, the doctors came out one after another.

Dean Xiao walked over with a relaxed expression and a smile on his face.

Su Jin smiled lightly, "Uncle Xiao, it seems that there is good news?"

Dean Xiao breathed a sigh of relief, "Yes, you have seen it too, President Shang is recovering very well, and all his physical indicators are recovering. within the normal range, even better than we expected."

Everyone breathed a sigh of relief at the same time.

Su Nan looked at him, "Then when will he be discharged from the hospital?"

Dean Xiao hesitated for a while: "His physical condition still needs to be observed regularly. If there are no accidents, half a month will be enough."

Su Nan finally felt relieved Come.

Dean Xiao: "Okay, the inspection is over now. If you want to talk, go in, but it shouldn't be too long. It will be over within 20 minutes.

His body still needs to rest, so he shouldn't be too tired."

After speaking, Dean Xiao smiled, turned around and left.

Of course, Su Nan walked in without hesitation.

Su Qi tidied up her clothes, and just as she was about to follow, Su Jin grabbed her by the collar.

Su Qi's eyes widened in shock.

"Brother...what are you doing?"

He earned, but didn't break his hand.

Su Jin's tone was very light: "Why are you going in to join in the fun?"

"I'm going to see Shang Qian. After all, I might be a family in the future. Now is a good opportunity to cultivate feelings. I said a lot of bad things about him before, but now You have to reverse your impression of me!"

Su Jin was covered with a layer of impatience, "Let's talk about it later, hurry back and accompany Dad."

Su Qi: "..."

Wen Xiang looked at the two brothers like this , while snickering, he could only step forward and explain in a low voice:

“Third brother, Dean Xiao said that he can’t be too tired and needs to rest, and this time is not enough for Xiao Si to talk to him, so let’s not go in. That’s it.”

Su Qi, who has always been very emotionally intelligent, seemed to feel like a fool.

He didn’t even think of this!

“Oh...”

Su Qi replied shyly, and followed Su Jin obediently back.

...

When Su Nan went in, little Mike obediently followed.

He just wanted to see Shang Qian. In his impression, Shang Qian didn’t seem to be so weak.

He was always tall, firm, and invincible.

He has countless ways to make little Mike’s cleverness come to nothing, so Mike is still afraid of him.

But now, he was lying there, his face pale, completely different from the previous Shang Qian.

Su Nan walked to the side and sat down, Shang Qian leaned there, looked at her, and smiled weakly.

Reaching out, Su Nan took advantage of the situation and put his hand in his.

Su Nan’s warm warmth instantly made him feel alive.

“Are you terrified?”

His voice was dry, and he didn’t speak for a few days, feeling a little uncomfortable.

Su Nan nodded, holding back the soreness of her nose, and sighed:

“Fortunately, you can wake up.”

After speaking, she choked up and suddenly choked:

“Why are you so stupid, you are about to explode, you What are you going in for?”

...

Chapter 1589 I'm not the same as you

Chapter 1589 I'm not like you

Su Nan's shoulders trembled slightly, and he buried his face in his hands, feeling unspeakable sadness in his heart.

She dared not imagine if their luck was not so good, if his arrival was not so punctual.

Then there are only two outcomes, one is that he watched himself get blown up, and the other is that they were blown up together.

She is more afraid of the second.

At the beginning of this relationship, she just wanted to fall in love easily, not because of how deep the love was.

She was greedy for the light that came without reservation, but she didn't want to give him any promises.

The failure of a marriage is enough to wake people up.

So no matter how Shang Qian hinted, she always smiled and revealed it.

But now, she is holding this heavy feeling, but she can't let it go.

How could anyone risk their lives for her?

Shang Qian felt the wetness in his hands, and his whole body froze for a second.

Just as he was about to raise his hand, he suddenly noticed that little Mike was still standing in the corner, looking at them sadly.

There was no dissatisfaction that was ignored in the slightest.

He pursed his lips, raised his other hand, and waved it.

Little Mike pouted, turned around and opened the door to go out.

Sure enough, when I have a girlfriend, I forget my son.

This Daddy, thanks to him shedding so many tears just now, it was all in vain!

He was a little angry in his heart, but thinking that the other party is a beautiful sister, forget it, don't be angry.

in the ward.

Shang Qian didn't say a word, but gently patted Su Nan's back with his other hand, letting her slow down her emotions.

My heart tightened in an instant.

a long time.

Then he said quietly:

"I didn't think about anything, I just didn't want you to lose me again, Su Nan, even if it exploded, it doesn't matter."

Su Nan paused, raised his eyes, his eyes flushed.

Shang Qian stretched out his hand to wipe away the tears from her eyes, and said in a gentle and gentle tone,

"It's much better than watching you have an accident."

After he finished speaking, he raised his palm and pinched her earlobe, full of pampering.

Su Nan's chest tightened, and a part of her heart that had always been hard suddenly softened.

"If you fool really died, I wouldn't be sad.

If it were me, I would never be the same as you."

She is rational. No matter when, she must love herself first. This is from the top Lessons learned from a marriage.

So no matter how much she indulges in Shang Qian's tenderness and favor, she always retains some sense.

This allowed her to step out and look at their feelings rationally.

After saying this, Su Nan thought he would be angry.

But he just smiled lightly, without the slightest anger, but his eyes were kind and outrageous.

Like the warm sun in spring, it can melt winter snow.

He nodded and brushed the broken hair in her ear:

“It doesn’t matter, if you survived, I would be happiest.”

He was even happier than he himself survived.

Su Nan frowned and took a deep breath:

“Shang Qian, don’t be so kind to me, I hope you live a better life.”

Shang Qian paused for a second, then his smile deepened.

His eyes stared elsewhere for a moment:

“Su Nan, I never told you, how important are you to me, right?”

Shang Qian’s business is light, like a wisp of fog, able to follow the wind scattered.

Su Nan was stunned for a moment.

Shang Qian withdrew his hand, and his voice was light and hoarse:

“You know, I grew up in such a family environment, even my blood-connected relatives, they are not that important to me. “

Su Nan lowered her eyes and pursed her lips.

She reminded him of unpleasant things.

...

Chapter 1590 Any wish can be

Chapter 1590 You can wish for anything,

but before you can stop it, Shang Qian has already spoken.

“Raising Mike is my repayment and my responsibility. But it’s my instinct to meet you and protect you.

At the beginning, I questioned whether my pursuit of your purpose was a novelty, and I liked you. Is it not an illusion?

But the longer we know each other, the more meaningful I feel every time I approach you, so I want to get closer and understand more.

To me, you are more than you think It's important."

Su Nan's eyes stiffened for a moment.

Seeing her expression on the verge of crying again, Shang Qian did not continue.

Instead, he smiled and put his hand on top of her head:

"When I knew there was a bomb inside, I didn't think about it that much. If I think about it, I might be scared too, right?"

"The weeds that came out seemed to have feelings that were about to spew out.

She knew that, perhaps, in her heart, Shang Qian was more important than he thought.

She chuckled lightly, clearly in disbelief.

"Really? Then you run so fast?"

"It's all my fault that my legs are out of control. I'm worried that you are afraid of you alone."

Shang Qian said half-seriously and half-jokingly.

Su Nan lowered his head and lowered his eyes, and when he looked up again, there was a flickering smile in his eyes.

"Anyway, we are still very lucky, I am the luckiest."

"Yes, you are the luckiest."

Su Nan: "Then what do you want?"

Shang Qian frowned, "This is to repay me. ?"

Su Nan paused and pursed his lips:

"My father asked me to ask. He said that you saved his precious daughter and you can do whatever you want."

Shang Qian smiled.

"Really?"

Su Nan nodded.

According to Su Yifeng's ability, as long as it is not something that is imaginative, even if Shang Qian asks him to surrender the Su Group, Su Yifeng will consider it.

Just as Shang Qian was about to fool him, Su Nan saw what he meant.

She pressed his hand and looked at him expectantly:

"Think about it, what do you wish for?"

She hoped that he would speak.

If it is now, no matter what conditions he puts forward, Su Nan will immediately agree.

Such as those things she dared not face, such as the things he had been longing for and ignored by her.

marry.

They will be together forever.

Su Nan thought that if he said it, she would agree.

There is no reason to reject a man who brings her sunshine and security.

Shang Qian's smile condensed, and his eyes were instantly dark and deep when he looked at her.

"Any wishes?"

he asked solemnly.

Su Nan nodded.

The room fell silent.

It was as if the air had stopped flowing.

The two looked at each other, neither of them looking away.

At that moment, Su Nan saw what he was thinking, which was similar to what he had estimated.

She thought he was about to say it.

But he smiled and looked lazy, "My wish is..."

He paused, beckoned, and Su Nan attached his ear.

Shang Qian whispered something in her ear.

For a moment, Su Nan's face was like a ripe apple, red shyly dodging.

She stood up abruptly, pointed at Shang Qian, and looked at him with unsatisfactory eyes:

"You, you, you... This is your wish at this time?"

She was no longer articulate. Angry, yet ashamed.

In my impression, a man who is warm and radiant like the moon would actually...

Su Nan simply didn't want to talk to him anymore.

I feel that the temperature in the room has risen because of his words...

Su Nan bit her lower lip, her lips were bright red and bright, and her whole person became lively and angry.

She didn't know what to say, so she turned around and left.

But the wrist was suddenly pulled.

Shang Qian laughed in a low voice, looking at her shy appearance, his heart softened in a mess.

Knowing that she was angry, he said with a smile, with a sense of grievance in his voice:

"It's my fault, it's me who made Miss Su abruptly, this condition is a bit rogue.

You can say whatever you want, If I knew you had written a draft for me, I'll follow your will..."

Su Nan was angry, obviously his thoughts were dirty and dirty, yet he still wanted to blame her?

She broke free and gave him a shove.

“You still said...” Before the

words were finished, Shang Qian’s face turned pale for a moment, he sent away the hand that held her, and covered his chest.

Su Nan was so scared that her face turned pale, and she walked over quickly:

“What’s the matter, don’t scare me, did you hit a wound? I’ll call the doctor!” In just a few seconds, her palms felt frightened. sweat.

Seeing him wake up, nothing can happen again.

Just as he was about to ring the bell on the side, Shang Qian’s hand suddenly grabbed her wrist and looked at her steadily:

“As long as you don’t get mad at me, my illness will suddenly be cured.”

Su Nanton It took a few seconds to react.

“You lied to me!”

She was really angry.

Shang Qian finally woke up after staying in the hospital once, teasing her over and over again, almost making people angry.

Su Nan wanted to push him away, but thinking that his pale face just now was not fake, she lost her strength and touched his shoulder softly.

But his face was still cold, and he stood there motionless:

“I think you’re really good, you don’t even need to take medicine when you look back.”

Shang Qian looked up at her with a smile in his eyes:

“I’m really angry? Would you apologize?”

Su Nan said nothing.

Shang Qian: “I miss you so much, baby, forgive me, okay?”

His voice was hoarse and soft, brushing the tip of her heart like a feather.

Su Nan didn't really get angry with him, it was just that moment.

She rolled his eyes at him, sat back coldly, and looked at him:

"It's not an example, before you leave the hospital, don't think about anything, go back and take care of you."

Shang Qian nodded obediently, but in the next second, He paused:

"Can I think after I leave the hospital?"

Su Nan's face was still flushed, and he looked at him with gritted teeth:

"Don't think about it, don't think about it at any time!"

Shang Qian looked at her with a half-smiling smile, and agreed duplicitously. She:

"Okay, I don't want to."

But looking at her eyes, there is a clear hint in the openness and sincerity: He just wanted to!

After a while, she glanced at him sideways and glanced at the time:

"The doctor said you need to rest more, I'm going out."

Although she didn't want to leave, it was better to listen to the doctor.

Shang Qian paused, "You are here, I can rest."

Su Nan blinked, "Really?"

Shang Qian nodded.

Of course!

"I want to look at you more, baby, don't go away, okay?"

What a heartfelt plea!

Su Nan paused, "Then I'll wait for you to sleep before leaving?"

Shang Qian nodded with a smile on his lips.

She stood up, poured him a glass of warm water from one side and handed it over, "Don't drink too much, just moisten your throat."

This is what the doctor ordered just now.

Shang Qian nodded, and really just took a sip before returning it to her.

"This water is so sweet!"

...

Chapter 1592 will not collapse

Chapter 1592 won't collapse

"It's because you haven't drunk it for too long..."

Su Nan put the water back and looked at his thin face, feeling a little distressed:

"My father let me The housekeeper has prepared a nutritious meal for you. The doctor said that you will have another check-up tomorrow. If there is no problem, you can eat. If you want to eat, just say it."

Su Nan paused, and suddenly remembered something: "I I haven't said hello to the people in your company, do you want to give them a call to arrange the company's affairs?"

Although Shang Qian has no deep roots in coming here, he has everything he should have, and he has strong funds. There is one more big guy like Shang Qian in City A.

No one dares to underestimate.

Shang Qian frowned, "No, Rong Yi will take care of everything."

Hearing that his assistant was so capable, Su Nan raised his eyebrows: "I trust him so much?"

Shang Qian smiled: "I just disappeared for a while. God, if the company collapses, it means that I have no ability, so they need to exercise themselves at such a time."

Su Nan thought for a while, but did not expect Shang Qian's courage and skills to be much more decisive than she thought.

In the end is not afraid of failure, otherwise it would not be so reassuring.

She smiled, "Alright, then you can rest well."

She sat aside, holding her face in her hands and looking at him, with a smile on the corners of her eyes and brows.

Seeing him sitting here talking to her now, even if the words were offensive, Su Nan felt happy.

Shang Qian was also happy. He had nothing to say:

“I’ve been worried these days? Is it Mr. Su Jinsu who brought us back?”

Su Nan nodded: “It was brought back in secret, and everyone present thought we were there. already dead.

The angle at which you took me off the building is so tricky that no one usually notices it. “

Shang Qian’s voice was low and he smiled, “It seems that I have good luck. He didn’t have time to react so much at the time ,

he just wanted to find a window closest to them to escape. He was

silent.

“You must have suffered a lot of grievances in Xing Zhi’s place?” Mr. Fu did not agree to his conditions, he would definitely be angry. Shang Qian opened his mouth cautiously . At first, when he knew that Fu Yechuan

had rejected Xing Zhi’s condition, his first reaction was that it was over, and Su Nan would definitely be hurt. Be

willing to compromise.

Even if it’s just to coax and talk about it!

The people who say they love her don’t really love her that much. If Su Nan finds out about this, how sad it will be!

Su Nan can’t help but smile, “It’s actually okay, At first, he regarded me as a very valuable bargaining chip, and treated him with courtesy...”

Shang Qian looked down at her: “Then what? “

Su Nan pursed her lips: “Then I was locked in a room, and I saw the goods he smuggled...”

She explained in detail what she saw in that room, and what she saw before. Something that was very far away from her actually passed through her life like a revolving lantern. What

I saw and heard was shocking.

After speaking, Shang Qian also fell silent.

Looking at Su Nan's shocked and lost eyes, he still felt shocked. There was still fear, and his lips tightened for a while.

He knew that the place where she lived was peaceful and safe, and even if she was studying abroad, there were people around her to protect her, and he had never seen true cruelty. What

she just said was just the tip of the iceberg, And it's the best looking corner.

Unlike him, who has been involved in assassination since he was a child, these things have long been commonplace, and in country M, it is not so shocking to die alone.

As long as the person's death is justified, the police will not hold him dead.

Therefore, this is a kind of extra tolerance for capital...

...

Chapter 1593 is not an ordinary person

Chapter 1593

In Southeast Asia, which is not an ordinary person and has been in turmoil all the year round, life is cheaper than goods, and it is even more reckless when it comes to life, without the slightest reverence.

He patted her head pitifully, why did he let her see these things?

"Don't be sad, don't be afraid, this kind of thing won't happen again in the future."

Su Nan lay beside him, his eyes down: "I'll probably never forget it."

Shang Qian paused, and then She dropped a kiss on her head and changed the subject off guard:

"Have you met any good people?"

"Good people?"

Su Nan paused, thinking of Xing Zhi's woman.

Compared with other people, this woman is the best for her.

"Yes, I think she's a good person. From where I went, although she didn't explicitly help me, she hinted at me many times, and even took me out of that pig sty, but she didn't care about Xing Zhi... .. is really in love."

After her observation, the woman could not be a spy placed by Xing Zhi's side.

Although she looked at Xing Zhi with restrained and sober eyes, she was also very respectful and admiring.

He kept saying that he was only one of his partners, for money or fame, but feelings could not deceive anyone.

And when Xing Zhi was in danger, she was waiting by the side.

If you are greedy for life and afraid of death, you will be gone early...

Shang Qian frowned and listened, "When I asked people before, I heard about the people around Xing Zhi, he is not addicted to women's sex, so every time There will not be more than one person by his side, but he will change when he is tired."

Su Nan nodded, "Yes, that's what I saw."

A person with restraint and sobriety like Xing Zhi is not like an ordinary womanizer.

Otherwise, Su Nan would not be able to spend those days peacefully.

Because in Xing Zhi's heart, there is something more important than a woman.

Shang Qian smiled, "That woman should have been sold to Country Z and then ran back, right?"

Su Nan's eyes widened: "You even know this?"

When the woman mentioned this matter, the face is not very good-looking.

So Su Nan didn't dare to ask.

For fear of causing trouble.

Shang Qian nodded: "I heard that her family was assassinated by a group of gangsters, and then sold her. After a few years of selling, she secretly ran back, and when she came back, she met Xing Zhi."

Su Nan frowned, "And then we're together?"

Shang Qian: "It shouldn't be, in order to expand the territory, Xing Zhi killed the gang that killed her whole family, and then she was together."

Su Nan shook his head, it's a pity, That woman is so pitiful, but she doesn't understand why Xing Zhi is not a good thing!

Shang Qian adjusted the angle of the bed and lay down slowly, keeping her line of sight at the same level.

"Don't think about it, those are not important, it has nothing to do with you."

Su Nan paused, "I always feel that those girls are so pitiful... But Fu Yechuan should have solved it."

Shang Qian raised his eyebrows, "Mr. Fu is there to clean up the mess?"

Su Nan closed his eyes and said lazily:

"Well, I heard from my eldest brother that Xing Zhi is finished, so his business will naturally be gone."

Shang Qian's eyes deepened. points, "So, Mr. Fu still hides deeply. It's not something ordinary people can do to fight Xing Zhi to death."

Su Nan blinked and looked at him:

"Mr. Shang..."

"Huh?"

"Our business manager is also very good. You can find me so quickly and rescue me. You are not ordinary people.!"

Hearing Su Nan's sudden compliment, Shang Qian was stunned for a moment, and then there was a warm smile between his brows and eyes.

Why does he like her so much?

...

Chapter 1594 A little trouble

Chapter 1594 Before a little trouble could

say anything, Su Nan muttered, "Why aren't you sleepy? I'm sleepy!"

Shang Qian laughed dumbly, how could he be willing to fall asleep easily?

After a second, he moved to the side and moved out of a position.

"Come up and sleep."

Su Nan frowned, "No."

Shang Qian pulled her arm and coaxed softly, "Just rest for a while, and you will leave when I fall asleep?"

Su Nan pouted, But he doesn't look like he's going to sleep!

Seeing Shang Qian as if she didn't give up until she went up, she crawled up and lay on her side.

Fortunately, the bed was soft and spacious, otherwise two people would not be able to lie down.

As soon as he touched the pillow, Su Nan's sleepiness flooded.

But she didn't forget that she stayed here to wait for him to fall asleep.

She opened her eyes diligently, "Tell me when you're going to fall asleep."

Shang Qian smiled and patted her shoulder, "Okay, close your eyes and rest for a while, when I'm going to sleep I'll tell you."

His voice was soft and hoarse, and in the quiet environment, sleepiness couldn't stop it.

So, Su Nan closed his eyes.

Shang Qian looked at her with a smile, his eyes were soft and tender, as if he could look at her for a lifetime.

But gradually.

He looked in the other direction past her.

When he first went, he used his personal connections to contact Xing Zhi's nemesis, Snake Head.

I don't know if Fu Yechuan won against Xing Zhi, did any smugglers participate?

If so, it would be even more interesting...

He is not a generous person.

Su Nan was in danger because of Fu Yechuan, but Fu Yechuan refused to save her. Even if Su Nan forgot about this matter, he would not.

His baby almost got blown up.

Forget it, Su Nan, he can't.

Then he prepared a little trouble for President Fu, and Fu Yechuan should not mind.
the next day.

The doctor came to the room.

Everyone pushed the door and came in, not expecting to see such a scene.

With one hand under Su Nan's head, Shang Qian fell asleep peacefully, with a handsome sleeping face, and his whole body was a little weak and gentle.

Su Nan slept soundly beside him, half of his face was covered by the quilt. Hearing the voice of them discussing each other when the door was pushed in, he frowned slightly.

It looked like he was about to wake up.

When they pushed the door, Shang Qian opened his eyes blindfolded.

This is a habit he has developed over the years, and the slightest abnormal movement makes him alert.

Looking sharply at the door, when a group of people came in, they were stunned.

Just before everyone could react, at the moment of silence, Shang Qian suddenly raised his other hand, put it between his lips, and made a "shush" action.

Everyone looked at each other in dismay, and the old professors of the expert group all reacted and ran away with their faces covered.

They were only happy to save such a fresh life, they forgot that he must be sweet with his girlfriend when he wakes up!

Early in the morning, this group of people ate dog food.

The room was quiet, but the sound of the door closing outside was not covered, and Su Nan still woke up.

She opened her eyes in a daze, her bright facial features were a bit dazed, she flipped her hair, and looked around: "Where is this?"

Her voice was lazy, with a little temper that was awakened, but to Shang Qian, the voice was gentle and charming, like a seductive thread, wrapped around her chest.

A laughter came from his chest: "Baby, good morning!"

Su Nan was stunned when he heard the voice, and suddenly looked over and woke up:

"You? Why am I here?"

She was shocked, and then remembered last night's I couldn't help being stunned:

"Did I sleep here last night?"

...

Chapter 1595 The arm is numb

Chapter 1595 Shang Qian's arms were numb,

and Shang Qian raised his eyebrows, admiring her colorful face early in the morning.

I feel very wonderful.

But after a while, Su Nan turned his attention to him.

Staring at him without speaking.

Shang Qian smiled, moved his numb arm, hissed, and took a deep breath.

"It's early in the morning, don't be angry..."

Su Nan simply ran down, snorted and the doctor was about to leave.

Shang Qian called to her helplessly: "Just now, Dean Xiao brought someone to round the room, and it should be outside right now. Do you... Would

you like to go out later?"

is ugly.

This is a hospital, they lived here and were seen by outsiders?

Su Nan's heart suddenly burst into flames.

"I told you yesterday, I told me before going to bed, I'm going to leave, why don't you say anything, do you want to see me laugh?"

Originally, I wanted to take care of him as a patient, so I had to bear with my temper.

But now, she decided she couldn't bear it anymore.

Mad.

Shang Qian's warm smile was a little apologetic: "I don't know when I went to bed last night, don't be angry, okay?"

And it's fine even if we're seen, we're all neatly dressed, and I'm so weak. I don't have the strength to do anything else, from a scientific point of view, I think they should be able to understand."

Su Nan couldn't raise his temper because of his warm words, but the heat on his face was getting hotter and hotter.

She glared at him fiercely, "You wait for me!"

After she finished speaking, she went out.

Before opening the door, he tidied up his clothes, as if he had a guilty conscience.

Open the door and breathe a sigh of relief.

Fortunately, there was no one outside.

She went back to her ward and watched Su Qi sitting there eating breakfast and watching the musical.

Seeing her coming back, Su Qi raised her eyebrows and smiled:

"Come back? Is Mr. Shang awake? Dad asked me to bring him breakfast. If he wakes up, I will bring it to him."

Su Nan replied, His face has returned to normal.

Touching her stomach, she also felt a little hungry.

Go across to him and sit down.

After eating well, Su Qi put down the tableware, wiped his mouth, and suddenly said, "Isn't Shang always going to be discharged from the hospital?"

Su Nan was stunned, why did he suddenly jump to this topic?

"No, it's still half a month to observe..."

Su Qi frowned hesitantly and nodded: "You didn't go back to your room to sleep last night, did you talk to him all night?"

Su Nan said A mouthful of porridge almost spit out, and she immediately raised her eyes:

"How do you know?"

Su Qi chuckled, raised her chin slightly, and pointed to the bed inside her: "I sleep there, so I don't need to sleep on the sofa. Now!"

Her eyes jumped, "Don't talk nonsense, we were too tired to talk, I just fell asleep there."

Su Qi shook his head and sighed: "It seems that his body has not recovered yet. , I really need to observe!"

Su Nan: "..."

During the daytime, many people come to visit.

Xing Zhi was cleaned up, and the people of the Su family did not deliberately hide Su Nan's whereabouts.

It's just that she's still in the hospital with some injuries.

When the news came out, Ning Zhi and Cheng Yi took Qin Yu and ran over.

Shang Qian's ward instantly became lively.

Because of the close relationship, Su Nan did not hide Shang Qian's affairs.

Standing not far away, Qin Yu let out a breath slowly:

"After holding me back these days, I can finally say it."

Cheng Yi glared at her and complained a little:

“How could you not tell us? Such a big deal? We didn’t even know about it, we thought you were going to the North Pole for skiing!”

Most of the readers are now reading this novels:-

This was her fault.

Su Nan rescued the siege:

“If I told you that you can talk about it, wouldn’t it be a big deal? Of course you can’t talk about it!”

Cheng Yi sat there with red eyes and looked at her:

“How could I talk about it? It’s your business. Anwei, you are in danger, I should go to save you as

soon as possible!” Seeing that he was about to cry, Su Nan was slightly taken aback, and looked over in surprise.

Sitting on the hospital bed and watching all this, Shang Qian’s face sank a little unconsciously.

But soon, he twitched the corners of his mouth, his voice still gentle:

“Cheng Er Shao knows, I’m afraid he will find someone desperately, Su Jin Su’s plan will soon fail?”

Cheng Yi was guessed what was on his mind, Immediately dissatisfied.

But there was nothing to refute.

That’s right, if it was him, he would definitely try his best to throw himself into the net and kill himself.

Qin Yu walked over and patted Cheng Yi’s head:

“You don’t have a chance, why are you still thinking about your heroism? I did

n't have a new girlfriend recently. I heard that the female secretary who just returned from studying abroad looks like a It's beautiful and capable, when will you show it to us?" The

topic was successfully diverted.

Su Nan and Ning Zhi were both shocked.

Ning knew it, but she didn't know, she was so busy with her career that apart from chatting with her girlfriends, she was in love with Su Qi, but she ignored Cheng Yi's private life?

Cheng Yi was stumbling and stunned when asked.

"You... where did you get the news from?"

He was only in initial contact, and he didn't know much about it!

Qin Yu smiled, "Our Mr. Shen said, he is well informed!"

Cheng Yi's face turned white and then red, and Qin Yu was forced to tell the truth in less than a moment.

"It's just acquaintance. It just so happened that her resume was submitted to the Cheng Group. She felt that she was competent, so she stayed by her side. It doesn't matter, don't go out and talk nonsense!" After

speaking, she glanced at Su Nan with a guilty conscience.

Su Nan chuckled, "Cheng Ershao's peach blossoms are coming, and there will be good results."

Cheng Yi lowered his head sullenly, the person he liked most expected him to have good results?

It's so frustrating!

How can you forget someone so easily?

This Su Nan really has no conscience!

Business Qian Su Nan's hand holding the hand of his mouth smile eyes looked away meaning:

"Then two little away ahead of congratulations, and wait for you to fruition, Su Nan and I must offer gift!"

Cheng meaning carried away Go, it's more frustrating.

Who cares about your gift?

Qin Yu was thinking, "By the way, Shen Liang and I's wedding is scheduled for the 20th of this month. Will President Shang's body be able to participate?"

She questioned.

Although at first because of Su Nan's accident, she was not in the mood to get married.

However, when Su Nan came back, Shen Liang immediately put this matter on the agenda, for fear that there would be any more excuses to delay it.

Shang Qian thought for a while, it was approaching the day of being discharged from the hospital, so there should be no problem.

"sure."

"That's great, President Shang has a lot of money, so you have to bring a gift to attend!"

Qin Yu was not polite.

Shang Qian smiled, "Definitely."

Su Nan hooked his lips, "Where is the wedding?"

"In a manor of the Shen family, I have seen it, the environment is not bad, it can accommodate more than 300 people, go abroad Forget it, I'm too lazy to move, but honeymoon trips can be considered."

Su Nan's smiling eyes flickered: "Mr. Shen still has time for honeymoon trips?"

Qin Yu chuckled lightly, with a strange yin and yang in her smile:

"Of course not, but I have already Told him, if you don't go on the honeymoon, don't hold the wedding at all, don't delay his future gold."

Chapter 1597 Temporary rescue

Chapter 1597

Shang Qian was stunned for a moment and looked at Su Nan subconsciously.

Su Nan followed them without realizing it and laughed.

He breathed a sigh of relief.

Learned again.

Time passed quietly.

Everyone left in the afternoon.

Su Nan was in a panic in the hospital and wanted to go out to have a look, but he couldn't worry about Shang Qian.

In a blink of an eye, half a month has passed.

Few people know Su Nan's whereabouts, but no one deliberately asks about anything.

At noon, Shang Qian did some rehabilitation and sat on the sofa to watch the news with Su Nan.

Su Nan watches entertainment news with gusto, more zeal than financial news.

Shang Qian looked at her for a while, puzzled:

"It's usually fake, so you're so interested?"

Su Nan rolled his eyes at him, "What do you know, the news I got from here, I'll go to the third brother. Du Yan and the others will ask for proof, so that they will know whether it is true or false."

Shang Qian didn't quite understand her hobbies, but he still sat patiently and watched with her.

After a while, he narrowed his eyes slightly and heard Su Nan's cell phone ring suddenly.

No one bothers them these days.

It was obvious that he was getting better, but he just wanted to delay for a few more days.

After all, it is not always possible to get Su Nan's meticulous care.

She glanced at the caller ID above and picked it up.

Shang Qian also saw that it was Su Jin who called.

“Big brother?”

“Little Si, I was on my way back to China when I encountered a blizzard and was stranded at the airport. Three hours later, the Su Group will have an important conference reception, which needs to be attended.

You don’t need to prepare anything, Yu Lou will prepare everything. , you only need to show your face.”

Su Jin’s voice was cold and determined, and he emphasized again: “This conference is very important, and someone must attend.”

And it can’t be a person of the level of vice president.

In the Su Group, besides Su Jin, the most suitable person is Su Nan.

He also estimated that Shang Qian’s illness was cured, so he let Su Nan come forward.

Su Nan only thought about it for a second, and then agreed immediately: “Okay, let Yu Lou pick me up, I’ll go right over.”

Su Jin answered and immediately hung up.

Su Nan glanced at Shang Qian and hesitated, as if he was reluctant to leave him here alone.

Too cruel.

Shang Qian smiled, “Go, it’s time to go out and take a breath.”

Su Nan pursed his lips, “Then take a nap, and when you’re done, maybe I’ll be back.”

Shang Qian nodded, “Okay, let’s go.”

He knew it was a matter of time.

No matter how repulsive he was in his heart, he repulsed her from going out, worried and afraid.

What if I see Fu Yechuan again? What if someone from Xing Zhi is waiting for an opportunity to take revenge?

But think about it, the people of the Su family will probably arrange everything.

It’s that he thinks too much.

As soon as Su Nan came out of the ward, he escaped from his reluctance to part.

After staying here for so many days, I feel that my whole body is lazy, and I have no strength to use it, which is a pity.

In less than ten minutes, Yu Lou came to pick her up.

Su Nan has already changed her clothes. This autumn's high-end limited edition is generous and dazzling, like the stars holding the moon. The waist is well outlined, and the whole person is bright and beautiful.

Yu Lou looked at her and was amazed for a while, and immediately became happy.

This is Su Nan!

"Mr. Su, I found that you are so beautiful!"

No woman could refuse such a compliment.

However, Su Nan was happy and smiled calmly on his face, "Sweet mouth will not give you a raise."

Chapter 1598 Old Man Wei

laughed at Lou Lou, "Mr. Su, I'm telling the truth..."

He went over and opened the back door, Su Nan bent down and sat in, looking at Chang Li was stunned for a moment.

Chang Li nodded slightly.

Yu went upstairs to the car and explained: "It was President Su's order that Chang Li must be brought in public. Although many people follow in private, standing there with Chang Li can at least dispel half of their thoughts."

Su Nan thought Come to think of it, it does make sense.

Well, she's okay.

When you are always there, you will feel more secure.

After all, she had just escaped from the tiger's mouth. If something happened to her, she should go to worship the Bodhisattva and God.

The press conference was held in a unique style. There was no solemn occasion. Instead, it became an afternoon tea-like exchange banquet.

"Mr. Su has arranged everything, and the cooperation is almost negotiated. It's time to sign the contract. Today is the signing of the contract. It's just that the other party is new here and likes to be lively. That's why people held this banquet."

Su Nan He nodded clearly, "So it was Party A?"

Yu Lou twitched the corners of his mouth, "Yes, you can say that."

"I like the fun, it seems that you have invited a lot of people?"

"Yes, except for some reporters, There are also many bosses and daughters who have a good relationship with our group, you only need to show up when the time comes, and leave the rest to me."

Su Nan nodded, "I'm the best at this.

" Take it easy, lie down and make money.

After a while, it was there.

In a very luxurious private club, Su Jin generously packed the entire top floor for this banquet.

The light fell lightly on the glass cover above the top floor, and there was a foggy and unreal feeling.

The sun shines brightly through the special glass cover above, projecting all kinds of interesting patterns. This banquet, except for the moment of signing, is played at other times.

As soon as Su Nan entered, he attracted the attention of many people.

"As expected of Miss Su, I've borrowed this height for a long time, but she's actually wearing it... and she's still so pretty?"

"Miss Su is so beautiful!"

"No rules, that's Su. Boss, you young ladies who only know how to eat, drink, and have fun, learn more..."

Su

Nan showed a perfect smile as soon as she entered, and after chatting with the recent few people , Yu Lou said softly beside her:

“The white-bearded old man who walked over is our Party A, just say a few polite words...”

Su Nan raised a smile calmly , until the white-bearded old man came to him, he looked at Su Nan, smiled enthusiastically, and stretched out his hand:

“Annie, long time no see.”

Su Nan’s smile deepened, and Yu Lou on the side was stunned.

Su Nan stretched out his hand and shook hands with him briefly: “Old Man Wei, you don’t paint and do business instead?”

She greeted him without any grudges.

The famous old Mr. Wei in Europe, David, had a feud between Su Nan and Cheng Yi’s mother Guan Zhiling because of one of his paintings.

After all, his works are hard to find, and those who can get them are considered fake, which makes sense.

Mr. Wei sighed and shook his head in distress:

“No way, my father is too old, he doesn’t allow me to continue wandering, I have to go home and take over the company.”

“So, you already know that the cooperation of the Su Group is because of me?”

Su Nan squinted and smiled, cheekily joking.

Old Man Wei supported his forehead: “Oh, I’m just a tool person. It’s the company’s decision to cooperate with the Su Group. I’m just showing my face today. By the way, I’ll let everyone know that I’ve taken over the company.”

Chapter 1599 saw her

Su Nan couldn’t help but smile.

The tool man is a real hammer, this is too sincere!

Even Yu Lou couldn't help bending the corners of his mouth.

Old Man Wei: "But I thought it was Mr. Su Jinsu who came to see me, but I didn't expect it to be you, girl?"

Su Nan raised his eyebrows: "Who said no? I'm just a tool person..." The two of them look at each other and smile.

Yu Lou dragged Su Nan aside and reminded quietly,

"Sign a contract!"

It seems that Su Jin values this business very much, otherwise, why would Yu Lou be so anxious?

Su Nan nodded and stretched out his hand: "Then we two tools, sign the contract and then reminisce?"

Old Man Wei: "Yes."

So, in the stunned eyes of everyone, in the eyes of their envy and hatred, the contract was signed.

The Su Group participated in the capital behind Old Man Wei in the form of an agent, and became the only domestic agent for international luxury brands.

This means that the Su Group has participated in the operation of strong European capital, and can almost step on the head of the Fu Group.

But it is undeniable that Fu Yechuan's ability is by no means limited to the Fu Group. The Xinpu International under his name is a world-class capital that exists independently of the Fu Group.

The news was not hyped up, but just as usual, let the reporters report it.

The steady rise of the stock price is the first goal. If it is too high-profile, it will cause backlash.

After signing the contract and sending the reporters away, I felt that the atmosphere in the venue was really lively.

Everyone is much more relaxed.

Several people came over to greet each other, "Mr. Su, I wanted to invite you for tea some time ago, but I didn't expect to hear that you went to the North Pole for skiing?"

Su Nan was stunned for a moment, then smiled: "Yes, it's a coincidence, I'll make an appointment later. "

Mr. Su is really free and willing to put down work to relax. Unlike us, we don't dare to delay..."

Su Nan smiled.

The smile is perfect and flawless.

Old Man Wei frowned slightly when he saw what she wanted to say.

After a few greetings, Su Nan found an excuse to run away.

Old Man Wei also followed, hesitant to say anything:

"This time is not a good season for skiing in the Arctic. I heard that there is a rare snowstorm in the Arctic, are you alright?"

Su Nan raised his eyes and smiled: "I didn't. Go."

Old Man Wei was stunned for a second, and immediately understood that this was her excuse.

As for why he was looking for this excuse, he didn't ask.

"Young man..."

Su Nan twitched the corners of his mouth. He was about to make a joke about something he was about to start talking about when suddenly he heard a surprising and familiar business:

"Miss Su?"

Su Nan paused . ,look back.

Oh, it really is Fu Yechuan's assistant, Chen Mian.

He stared at Su Nan in shock, revealing excitement in a strange way.

Can't tell what expression it was.

It looks wonderful.

Su Nan hooked her lips, nodded, and said hello without saying anything.

She didn't expect Fu Yechuan's people to come, and Chen Mian came in person.

On one side of the building I noticed him, and cursed loudly, immediately went on the block Chen Mian gaze:

“So Chen assistant, did not think that you have come, this way please

can He didn't expect Fu Yechuan's people to notice Su Nan so quickly.

When the invitation letters of the parties were issued, they did not deliberately avoid the Fu Group.

Because Fu Yechuan thanked guests behind closed doors shortly after returning from Southeast Asia, and even went to the company almost never.

Therefore, during this period of time, Fu Yechuan did not appear in public, and the Fu Group did not allow anyone to participate.

The results of it?

Chapter 1600 How could he come here

Chapter 1600 How did he come here

How could Chen Mian be here?

He looked straight at Su Nan behind Yu Lou, and after reacting, he hesitated:

“Miss Su, you...”

Fu Yechuan thought you were dead!

Yu Lou didn't give him a chance, lest the people around him notice something was wrong.

“Assistant Chen, we, Mr. Su and Mr. David, have some serious business to talk about, please...”

Su Nan stood there, leaning on his side, and from time to time he raised his head and said a few words to Old Man Wei.

It can be seen that after he doesn't paint, he doesn't know anything about doing business.

He usually thinks that it is easy to make money, and one of his paintings can be sold for sky-high prices. He thinks that art is priceless, so he did not hesitate when bidding.

Of course, it is luck and skill, and everyone is chasing after his works.

But now, old man Wei's father is getting old, and the huge company behind him has no one to inherit. Either the shareholders will divide their efforts, or old man Wei will come out to take over.

He had to stand up.

Fortunately, they don't need him to do anything, they just need to be a tool man.

Su Nan simply understood the situation and was a little sighed.

"I didn't expect you to be so old that you still can't spend your old age in peace?"

Old Man Wei: "At least I was happier than you when you were so young!"

Su Nan: "... It's

over, Two people can't say a few words, and there is a vague tendency to break up.

Su Nan didn't turn his head and looked at what Yu Lou was still talking to Chen Mian there.

It's just that Chen Mian looked at Su Nan motionlessly, with a tense expression on his face, and stared at her blankly.

No, look behind her...

Su Nan's heart sank.

Before he could turn his head, he heard Old Man Wei speak from the side:

"Isn't this the person who paid a lot of money to buy my paintings? Is

he still chasing you?"

Fu Yechuan stood there, his eyes dark and deep, quiet. As if out of tune with this noisy venue.

He seemed to be standing in another world and spied, and when he saw the person he regarded as a treasure, he didn't even dare to breathe hard.

For fear, it is a fragile dream.

After Su Nan died, he never dreamed.

How cruel is this to him!

Under the phantom of the lights, she stood there, smiling and looking forward, and her eyes were flowing, still carrying her cold and bright feeling, that kind of feeling can make people suffocate.

At this moment, he couldn't believe it.

Looking at her, every second passed.

finally.

She turned around and her eyes fell on him inadvertently.

At that moment, he felt as if his neck was being clenched tightly, and it was difficult to breathe.

The cold eyes swept over unconsciously, but he knew that she saw him.

It was just that momentary pause, Fu Yechuan's heart seemed to come alive all at once. The heart that had been turned to ashes with the explosion seemed to have encountered sweet well water, and it was revived after being soaked.

He took two steps forward, and there were several people talking in the middle. When they saw him, their eyes widened in surprise:

"Mr. Fu is here too?"

"Mr. Fu, it's been a long time. I heard that you went abroad to expand your business?"

"Mr. Fu..."

He

couldn't hear anyone's voice.

He took heavy steps, wanting to fly quickly to her side.

But just a few meters away, she suddenly retracted her gaze and looked in the direction of Yu Lou and Chen Mian.

Chen Mian naturally noticed this scene.

Others don't know, he knows what happened to Fu Yechuan and Su Nan during this period.

Su Nan was kidnapped because of him, but Fu Yechuan did not save her.

Instead, "after her death", she went to take revenge...
