Chapter 1601 Even he doesn't understand

. But, Su Nan is dead, is the rest still useful?

In the end it is revenge, or to comfort his guilty and restless heart, or two.

It seemed that no matter what to do to make up for it, Su Nan would not be able to appreciate it.

Chen Mian sighed, the two people who were originally close to each other have gone farther and farther, and now they may never have the chance to be together again.

Even Chen Mian didn't understand why Fu Yechuan, who was so devoted to Su Nan, hesitated when Xing Zhi put forward conditions.

Why use the mind of a businessman to try to figure out the psychology of an arms dealer?

Will he negotiate the terms with you?

In that case, is it worth negotiating conditions?

It was obvious that An Qi was sent to the airport in Southeast Asia, but Fu Yechuan temporarily changed his mind and wanted to keep An Qi at the end as a bargaining chip.

Chen Mian didn't understand.

Is An Qi more important to Xing Zhi, or is Su Nan more important to Fu Yechuan?

Xing Zhi taught him a lesson.

Some transactions are not business and counterparties have no choice.

He watched Fu Yechuan take revenge like crazy, then burst into tears at the site of the explosion, and finally came back in a state of despair.

As if the whole person has been sucked out of the soul.

He loves Su Nan, but he also killed Su Nan.

It's too late to do anything.

If he hadn't seen the invitation card sent, there was the name of the Su Group.

He wanted Fu Yechuan to cheer up, so he gave it to Fu Yechuan. He would not remain indifferent, so he came.

Who knows, I saw Su Nan himself!

Chen Mian forgot to react for a while.

Fu Yechuan had already arrived in front of him, his tall and straight figure was a bit stubborn, and the thin one was completely different from before.

After this encounter, it was as if he had died once.

There was a turbulent undercurrent in his dark and gloomy eyes, as if the excitement was about to burst out.

Annoyed, surprised, shocked, and lost and found, Su Nan did not miss it on his face.

However, her reaction to this was extremely low.

There was almost no trace of emotion.

It's like looking at a stranger.

"Su Nan..."

His voice was low and hoarse, his indifference instantly disappeared, he frowned and stared at her intently.

As if afraid of her sudden disappearance.

"You're not dead..."

he murmured with pale lips.

Su Nan raised her eyes, her eyes indifferent and distant.

What else is there to say?

She survived, not thanks to him.

On the contrary, her unfortunate encounter with such an accident was his reason.

The most innocent person is himself.

In the end, he didn't even want to lend a hand.

If you say what you like, you can only talk about it.

Unless her brain is broken, she will no longer believe Fu Yechuan's nonsense.

"Mr. Fu, I'm sorry, I didn't know you were here, I didn't take good care of you, we have something to do with Mr. Su, please borrow it..."

Yu Lou politely stood in front of Su Nan, already very appropriate.

He is an employee with a work ethic, he didn't throw a fist, it's his professionalism.

But he could no longer sympathize with this unworthy person.

But Fu Yechuan stood there indifferently, stunned, with a bit of caution in his gloomy eyes:

"It's really you?"

Yu Lou was a little impatient.

Old Man Wei on the side interjected: "Why does it seem like he doesn't know you?"

Of course, Su Nan couldn't ignore Old Man Wei's words.

She twitched the corners of her mouth, and her tone was clear and cold:

"He doesn't know him anymore."

Hearing this, Fu Yechuan froze.

Old Man Wei was confused and wanted to say something. Su Nan paused and looked at him:

"The contract has also been signed, I'm going back, Old Man Wei, you can come to me anytime if you have anything."

as the old man Haiwei sighed: "I hope nothing will happen next, I'm exhausted with old bones, I want to go back to rest..." "

Su Nan smiled and turned to leave.

Chen Mian couldn't stop him.

But Yu Lou couldn't stop Fu Yechuan.

After a few steps, he caught up and grabbed Su Nan's arm:

"Don't go, Su Nan..."

There was trembling in his voice.

Su Nan turned his head away, glanced at him, his eyes were extremely cold: "Let go."

Fu Yechuan's face turned pale, but he let go.

"Su Nan..."

He didn't know what to say, but he knew he couldn't let her go like this.

He seemed ashamed to see her, but he wanted to explain something.

Everyone thinks that his original affectionate styles are all pretended to be affectionate.

Does Su Nan think so too?

No, it is not.

He loves her, of course seriously.

It's just...

before I can make a sound, my eyes are red.

Su Nan seemed to be holding his arms impatiently, and the whole person had a sense of alienation that was thousands of miles away.

Standing in front of her, Fu Yechuan was a little embarrassed.

Depressed will make you appear cramped.

Yu Lou chased after him, "Mr. Fu, our President Su is not in good health, and we need to go back soon. Please don't waste your time."

His tone was very tough, and it could be said that he was not polite.

But Yu Lou knew that Su Nan didn't say anything, but she held grudges the most.

It is impossible for her to have any relationship with Fu Yechuan anymore.

Then he doesn't have to worry about anything.

This sentence undoubtedly touched Fu Yechuan's heart, and his face turned pale: "Is your health bad?"

He immediately reacted, stepped forward, and looked at her: "Are you injured?"

The anxiety in his eyes seemed extra ridiculous. . Su Nan was a little surprised by his reaction, and twitched

the corners of his mouth lightly:

"What's the point of being injured, you're lucky if you didn't die, Mr. Fu, what do you say?"

It was scratched, leaving bloody traces.

Fu Yechuan's expression changed, tense for a moment, and then he showed a look of regret, looking at her full of guilt and distress:

"Su Nan, I'm sorry..."

His throat moved, looking at her like a smile Looking at him nonchalantly.

The rest of the sorry words seemed to be stuck in my throat, and I couldn't say a word.

Su Nan looked at him, and the corner of his mouth couldn't help pulling a mocking arc.

She looked at him, turned around and left without saying a word.

He wanted to catch up, but Yu Lou stopped him again.

"Mr. Fu, you have nothing to say about catching up. Our Boss Su hasn't recovered well, so we can't stay longer. If you linger for another minute, her body will be tortured, and you don't want her to be embarrassed in public. Are you going to the hospital?"

Yu Lou's words made him stop.

His eyes were cold, and he looked at Yu Lou faintly.

Yu Lou's spine was chilled after being watched, but after thinking about it, he just braved his head and stood up.

Fortunately, he did not continue to catch up.

It's just that my heart suddenly seems to be blocked by a stone, which makes people feel breathless.

He stood there, trying to calm himself down.

"Is she physically injured?"

Yu Lou pursed his lips, "Yes, it took more than half a month for the hospital to rescue him and save his life. If it wasn't for President Su Jinsu who needed to be rescued temporarily, he wouldn't have done it. I would rather Miss Su come..."

He suddenly felt that he had said too much, and scolded Fu Yechuan for being too cold and stern.

Involuntarily surrender.

He immediately turned serious and coughed: "President Fu is free, we're leaving."

After speaking, he didn't look at Fu Yechuan's reaction again, and turned around to chase after Su Nan.

outside.

Su Nan was already sitting in the car, looking out impatiently.

The sun was about to set, but the sky was obscured by fog, and the scenery was not so pretty.

As she is in the mood now, it is really not beautiful.

Yu Lou quickly got into the car and looked carefully at Su Nan's expression:

"Miss Su, shall we go back to the hospital?"

Shang Qian was still there, and when they left, the two were still reluctant to part!

Su Nan blinked and looked at the time:

“Let’s pick up Mike from school, it’s on the way.”

It’s almost time for school.

Yu Lou nodded, instructed the driver, and sat honestly in the co-pilot in front.

Chang Li sat beside Su Nan expressionlessly, acting as a bodyguard.

Su Nan didn’t want to mention annoying things, and Yu Lou naturally wouldn’t.

But Fu Yechuan’s sudden arrival really disturbed her good mood.

He was negligent.

If I had known earlier, it would have been better not to send invitations.

I hope Su Nan doesn’t have to settle accounts after the fall.

So all the way to the school gate.

Little Mike was originally a boarding house, but since Shang Qian woke up, he has been running to the hospital every day.

Although he can’t say a few words, every time he sees Shang Qian getting better, he is visibly happy.

Su Nan offered to have someone follow him to protect him, but little Mike refused.

Previously, the nanny and bodyguard around him had always been doing their due diligence, stealing him out from time to time and taking him to have fun. If other people suddenly followed him, how could he fly freely?

It was getting dark.

Yu went downstairs and waited for little Mike. Su Nan was sitting in the car. She had called the teachers at their school and they would be sent out soon.

Soon.

Little Mike ran out happily, Yu Lou waved excitedly, and Little Mike followed him to see the car.

Su Nan pushed the door down and smiled, “Are you happy going to school?”

Little Mike nodded heavily: “Of course, although my classmates are older than me, my IQ is higher than theirs, and I see them trying to catch up but they are not. I’m so happy that I can’t catch up with me!”

Su Nan couldn’t help smiling and patted his head:

“Let’s go, I’ll take you to eat something delicious.”

Little Mike’s eyes lit up, happy He held her hand in the past:

“Is it just the two of us?”

Su Nan frowned for a moment.

Soon.

KFC.

Su Nan and Xiao Michael sat on the seats by the window, watching him happily eating, heartless, and suddenly burst into laughter.

There was only one ice cream in front of her, after all, she really had no appetite for anything else.

On the table next to him, there was a lot of food in front of Yu Lou and Chang Li, hamburgers, fries, and fried chicken, but neither of them moved.

Needless to say, Yu Lou, although he is Su Nan’s assistant, is a middle-level and high-level company in the company, and his annual salary starts at eight figures.

As a bodyguard, Chang Li has strict requirements on what he eats, and fried food is never in his choice.

Only little Mike was intoxicated by the food in front of him.

Su Nan felt a little regretful, how long has it been since he ate like this?

“Mike, I can’t tell Daddy for a while...”

Little Mike looked up at her and nodded, “I won’t say it...”

Su Nan smiled.

Little Mike then asked, “Is there a next time?”

Looking at his nervous and expectant eyes, Su Nan nodded slowly, and Little Mike continued to eat with satisfaction.

Finally he was full and kicked his legs happily.

“Beautiful sister, you brought me here last time I ate this, remember?”

Su Nan was taken aback, of course she remembered.

“It’s been so long?”

...

Chapter 1604 The person I don’t like,

Little Mike frowned in grievance, “Yes, Daddy won’t let me eat it, it’s too much! When I grow up, I will also open a KFC!”

Wow, what a great dream!

Yu Lou twitched his eyes from the side, but fortunately Mr. Shang didn’t hear it, otherwise, even if it was inconvenient to walk, he would have beaten him all over the floor. Su Nan

smiled, “You can ask your father’s opinion, he is more experienced in doing business.”

Little Mike narrowed his eyes and smiled: “Pretty sister, why are you unhappy today?”
stunned.

The ice cream on hand almost melted.

“What?”

Yu Lou and Chang Li knew each other and began to eat, pretending not to hear.

Little Mike: “You are very unhappy when you are sitting in the car. Is Daddy angry? When I grow up, you will dump him, I won’t make you angry!”

Su Nan endured She couldn’t stop smiling, paused, and then said,

“No, I just met someone I don’t like.” After a

pause, she looked at him: “Do you have someone you don’t like?”

Little Mike thought about it. After a while, he nodded, then shook his head again.

“I don’t like the person who bullied me last time, and I also don’t like the teacher who helped him.

But now that I think about it, although I still hate it, it’s all over, if I always hate them, I will also be unhappy.”

Su Nan was silent for a while, then looked up at him:

“Yes, it’s better to forget.”

Little Mike nodded: “Yes, our children have so many troubles, Daddy. There must be more kinds of adults, just forget it!”

Su Nan smiled and happily took a mouthful of ice cream. The ice-cold feeling in the mouth was a little sweet, but it was still very comfortable.

It was almost time, and everyone went back to the hospital after eating.

Little Michael happily entered Shang Qian’s ward with Su Nan’s hand.

In the ward, Shang Qian was holding a book to read. The full English version of the book was not a commercial book, but was meant to pass the time.

Hearing the voice, he raised his head, the tenderness and joy in his eyes had not faded:

“So soon...” Seeing little Mike

, his smile narrowed slightly, “So soon?”

Sitting on the sofa opposite him, he said proudly:

“It’s not too soon, the pretty sister even took me to eat delicious food... Oh, I forgot to bring it to you.”

The smile on Shang Qian’s face stopped, and looking at his small expression, he suddenly felt itchy.

Su Nan coughed, smiled, and walked over, “I didn’t forget, it’s just that your dad needs to eat nutritious meals, and what we eat is not conducive to his recovery.”

Shang Qian raised his eyebrows, “Oh? What did you eat?” “The

two froze for a moment.

Little Mike looked at Su Nan for help.

Su Nan pursed her lips, she was still calm and did not choose to betray little Mike.

“Actually, I was full at the banquet, but little Mike wanted to eat some home-cooked food, so I took him to the restaurant...”

Shang Qian looked at the strange appearance of the two, his eyes flashed, I understood it, but didn't say it.

“I was careless. The school's food is not as delicious as the food outside. I would take him out to try it out on a regular basis before, but now I haven't been there for a few days...”

There was a gentle apology in his eyes, and the soft smile on the corner of his mouth made his heart sink.

Just as Su Nan was about to say something, Yu Lou knocked on the door:

“Mr. Su, something from the old house...”

She replied , looked at Shang Qian and went out.

...

Chapter 1605 Change the name

, only Shang Qian and little Mike are left in the ward.

Shang Qian looked at little Mike calmly, and when little Mike heard Shang Qian's words, his heart softened suddenly.

Rumu's feelings surged in an instant, leaving this little head without any defenses.

He rushed over with red eyes and held his hand:

“Daddy, you have to get well soon, and then take me to eat delicious food!”

Although Shang Qian clearly forbade him to eat those fried fast food, he was considerate The child's cunning appetite will take him out to eat something delicious from time to time, so that he will not be wronged.

Little Mike suddenly felt that he was too much.

As if this KFC meal was a betrayal of Shang Qian.

A sense of guilt came to the fore.

Shang Qian reached out and touched his red eyes, with a warm smile in his eyes:

“I know, when Daddy was sick, Mike was really worried, didn’t he?”

Little Mike was stunned for a second, then heavily nod.

That’s right.

Shang Qian smiled, “For so many years, I have taken care of you by myself. Although there is something inconsiderate, I also let the nanny and bodyguard you personally choose to make up for it. The

two of us have been dependent on each other for so many years, and Daddy loves them the most. It’s always been you, don’t you have anything to say to me?”

Little Mike didn’t expect Shang Qian to suddenly say such sensational words.

Tears rolled out of his eyes.

He wiped it, hesitated for a moment, and decided to tell the truth:

“Okay, Daddy, I asked my pretty sister to take me to KFC tonight, but she didn’t mention it, it was me who wanted to go.”

Shang Qian’s expression paused, the corner of his mouth held back a smirk, and his eyes looked at him solemnly.

Little Mike raised his hand before he reprimanded him:

“Daddy, it’s just this time, there won’t be another time, I promise it won’t happen again next time.”

Shang Qian reached out and touched his head, his voice clear Wen Run:

“I know you’re a good boy with words, but…”

He lengthened his tone, and little Mike suddenly became nervous.

Shang Qian’s voice sank a little, with a non-negotiable tone:

“You know my relationship with my beautiful sister, right?”

Little Mike pursed his lips and looked at him without speaking, but there was a momentary darkness in his eyes .

Shang Qian did not ignore it, but continued to speak:

“We are together, and we will be together in the future. In the eyes of the people of Z country, the title is a very important representative, and this is a very serious matter.”

Little Mike sucked it . Snoring, the blue pupils are like clear lake water, spotless, as if to be able to see the innocence and vastness of the whole world.

“But you weren’t married, I met the beautiful sister first!”

He muttered aggrievedly, a little unconvinced.

So smart little Mike, how could he not understand the meaning of Shang Qian’s words?

Isn’t it just that he has a good relationship with his beautiful sister?

Men’s minds are so narrow and careful!

snort!

Shang Qian smiled, with a smug look in his eyes:

“It doesn’t matter what happens first, what matters is that you meet the right person. I hope you can change your position in time in the future. After Su Nan and I are together, we will also I will love you as always.”

Little Mike lowered his eyes, a little lost.

Hehe, saying that he loves him as always is just an excuse for him to be with his beautiful sister.

“Of course, Auntie Su Nan will also treat you as her own son!”

As soon as Shang Qian finished speaking, little Mike was stunned.

Pro son?

He never dreamed that he would become her own son!

This news is so sad.

Chapter 1606 I will go out and cry

Little Mike opened his mouth, his eyes were red, just as he was about to speak, Shang Qian glanced at him with intimidation.

Very oppressive.

“Remember, in the future, she will not be a beautiful sister, but a beautiful aunt. Of course, if you want to be more intimate, you have to wait for us to establish a marriage relationship.”

Shang Qian’s tone was relaxed, as if describing to him A bright future after he and Su Nan got married.

A little more intimate?

mother?

This is a real hit!

Little Mike bit his lower lip, pitifully.

“Did the pretty sister agree?”

Shang Qian chuckled, “Of course, otherwise why would she want to be with me all the time?” It

’s a bit shameless to say, but it’s a fact!

Little Mike curled his lips in discomfort. It’s over, the beautiful sister is not his anymore.

Shang Qian hooked his lips: “Men, don’t shed tears in front of others. If you want to cry, go out and cry...” To

avoid being seen by Su Nan.

Of course, he wouldn’t say those words.

The voice fell.

Su Nan walked in with the food box and smiled, “Uncle the housekeeper made dessert today, and it happened that little Mike was there...”

Little Mike glanced at her and quickly lowered his head.

Su Nan didn't feel that something was wrong, she raised her foot and walked to the other side of Shang Qian's bed, and handed it over.

Shang Qian gave her a gentle look, full of tenderness.

He took out the things, but gave the dessert to Su Nan.

Su Nan glanced at the egg tart and handed one to little Mike.

Doesn't he like dessert the most?

Why doesn't it seem like there is any response?

Little Mike lowered his head, motionless.

Su Nan was stunned, but just as he was about to speak, Shang Qian coughed heavily.

As if implying something.

Little Mike stiffened his neck, slowly raised his head, and took the egg tart:

"Thank you beautiful sister... beautiful aunt."

He changed his name, and even his voice became smaller.

Su Nan was slightly taken aback.

He looked up at him in surprise.

Did she hear it right?

From sister to aunt?

Shang Qian glanced at him with a half-smile, "Old father has been ill for a while, and he has become more sensible. Don't you still have to do your homework?"

Little Mike nodded, then walked out holding the egg tart.

Su Nan looked at his small back, thoughtful.

"He seems to cry?"

Shang Qian said with a smile: "No, he saw the dessert, and he was so moved..."

Su Nan: "..."

What about the liar ?

Su Nan didn't speak and stared at him, "Did you say something to him? Why did he suddenly call me auntie?"

Shang Qian sighed, his warm face very helpless.

"If he calls you sister, should I call you sister too?"

His voice was clear, as if a clear spring poured into his heart, it was outrageously clean and warm.

Su Nan paused, but she didn't expect this.

His face turned slightly red.

"Okay, you can just call me sister..."

Su Nan has never lost, no matter how unreasonable it is!

Shang Qian smiled, "It's not impossible, just kiss me and I'll call you!"

Su Nan rolled his eyes at him, and he took advantage of all the cheapness.

He stretched out his hand, took her hand and squeezed it:

"It's better to let him change his name, otherwise he will not be big or small all day long, and it will be more difficult to manage when he is old."

Su Nan doesn't care that much about a name. The problem, whatever you want to call it, anyway, little Mike is a lovely kid.

Since it was Shang Qian who spoke, there was no need to correct it.

"Whatever, it's not wrong anyway." The

child's mouth is sweet, but she doesn't have to listen.

...

Chapter 1607 was originally his

Chapter 1607 was originally all

about when his Shang Qian was eating, and Su Nan sat aside to read the documents.

Although she is in the hospital, the company's affairs are gradually getting started. Su Jin sees that her state has recovered, and some things are handed over to her very freely, and there is not even time to buffer.

Unlike Shang Qian, even if he can eat and move, he would rather read a book leisurely than worry about the company.

Finished resting in the afternoon.

Su Nan took Shang Qian for a walk in the back garden. He did some simple exercises to help him recover. He was discharged from the hospital in the past few days.

The small garden at the back of the private hospital has been trimmed neatly, but it is very modern, artistic and pleasing to the eye.

Shang Qian walked slowly without any help.

Su Nan sat on the swing next to him, looking up at him from time to time, the two smiled at each other, as if the air was sweet.

No one noticed that at the fence at the back door not far away, flowers were vying to bloom, and outside the fence, there was a tall and upright man standing like a skeleton, but the momentum around him was faintly shrouded in a strong chill.

He raised his eyelashes and looked straight at the scene inside, his eyes were dull and dull, as if hiding the coldest evil spirit, which made people shudder at first sight.

Fu Yechuan didn't know how long he watched. He felt that his heart was dripping blood. He was stabbed in by someone with a sharp weapon and stirred up.

His fists were clenched tightly, his blue veins bulged, and his whole body was immersed in a cold and severe loneliness.

The rustling cold wind blows on me, and I don't feel cold.

He looked into the distance with both eyes, watching one walking, one laughing, the tacit understanding between the two, as if no one could get in, and there were only two of them left in the world.

Fu Yechuan felt that he was wrong, extremely wrong.

This kind of mistake is a straight road that cannot be undone at all.

And he seems to have been sentenced to death from the moment he made the decision, when he was glad his mind prevailed.

He doesn't need to apologize because they don't need it at all.

If everything he had done before was to save that failed marriage and not give up.

So now that he lost this woman with his own hands, and then looked at her helplessly, there was only room for another man in those bright eyes.

It was clearly a world of its own.

But he had long since been abandoned.

He clearly had a chance, he was the one who made the deal, he was the one who Xing Zhi gave, and he was the one who got the news first.

But how could he lose it?

The person who is with her now is Shang Qian.

Fu Yechuan's eyes were scarlet, and he pinched his palms with both hands, feeling that he didn't have any consciousness.

He let the cold wind blow on him like a knife.

He doesn't understand, it's so cold around, why the two people inside don't have a hint of coldness?

They smiled warmly and looked, extraordinarily beautiful...more dazzling.

I don't know when my heart is twitching and it hurts, and my eyes are dark and dull.

Suddenly.

Seeing that Su Nan didn't know what to say, Shang Qian stood in front of her, she jumped over with a smile, put her arms around his neck and kissed his cheek gently, and quickly moved away.

Shang Qian clenched her hand with a smile, and the two walked back side by side...

This scene, which fell in the eyes of Fu Yechuan outside, deeply stabbed every inch of his blood.

He is like a drowning person sinking in the sea, breathing, choking on the sea water, but not daring to breathe, feeling the vitality of life dissipating from his body bit by bit...

Wait until the two are completely disappeared in sight.

He staggered suddenly and fell to the ground.

Terribly embarrassed.

He is no longer the aloof Fu Yechuan, but an abandoned garbage.

...

Chapter 1608 If you are not reconciled

Chapter 1608 If you are not reconciled,

Chen Mian, who has been following closely behind him, sees this and immediately walks up.

When he was helping him in the past, he saw that Fu Yechuan had closed his eyes and fainted.

He hurriedly asked someone to come over and take the person to the car, running towards another hospital.

Chen Mianji thought that he didn't want Fu Yechuan and Miss Su to meet in a hospital. No matter how you think about that scene, it was very awkward.

I don't know if Mr. Fu can think about it after this incident?

He is an assistant and wants to persuade him to give up, but it is really difficult to speak in the hospital.

Fu Yechuan was sent to the emergency room.

Chen Mian thought about it and called Lu Qi.

In less than twenty minutes, Lu Qi came.

At this time, Fu Yechuan had already been sent to the ward to rest, but he just fainted suddenly and his body was a little weak.

The reason for her weakness is that she thought Su Nan was dead, and she was depressed and sad, so she couldn't eat, and she didn't take good care of her body, so she was so weak.

Unfortunately, his self-torture did not make him feel much better.

Especially after seeing that Su Nan is not dead.

The feeling of shame and remorse, like a maggot with a bone, was devastated, and even he himself disgusted himself.

Does he have today too?

outside the ward.

Chen Mian sighed, "Mr. Lu, you and Mr. Fu have a good relationship. In the current situation of Mr. Fu, I think it's almost impossible to hold on. You have to persuade him no matter what..."

Lu Qi asked him On the day he disappeared, I generally knew what he was doing.

Just how did you never expect such a result?

He was also helpless. He was a good brother on the one hand and Su Nan on the other. Of course, he chose his good brother without hesitation.

But how to persuade it?

Lu Qi sighed, "How to persuade him? Persuade him not to give up, or persuade him to be hard?" After thinking for a

while, he touched his hair, his face terribly distressed:

"Apart from being hard, I think that Su Nan is a woman. I won't give him any chance."

Chen Mian suddenly felt that it was wrong for him to let Lu Qi come.

Might as well go in and say it himself!

He silently interrupted Lu Qi's train of thought:

"Mr. Lu, you have to persuade him to give up Miss Su, look forward, and don't get into a dead end."

Chen Mian looked at him and was silent for a while: "Do you think it's possible? Chen Mian opened his mouth: "

Maybe, after all, President Fu also gave up at a critical time, which means that in his heart, Miss Su is actually not that important, maybe it's just... unwilling to be reconciled to a failed marriage." ?

He opened his mouth carefully, thinking it was best to give up.

After the failure of the marriage, Miss Su can still be a good friend.

But now..., even if people don't take it seriously on the surface, they should hate him in their hearts.

"You understand so well, why don't you tell it yourself?" Lu Qi asked back.

Chen Mian was not so careful on weekdays. His status in the Fu Group was second only to everyone's respect for Fu Yechuan, and even his brothers dared not look down on him.

Chen Mian touched his nose and sneered: "If President Fu gets angry, won't I lose my job? Please forgive me!"

After speaking, the two fell silent.

I know the truth in my heart, but I don't know how to talk to the person inside.

Chen Mian had a lawsuit in his forehead and heard a shout from inside:

"Mr. Fu is awake?"

He stood up and glanced at Chen Mian, "I shouldn't have promised you to come here!"

After speaking, he took a deep breath. In one breath, he walked in with his head held high.

Chen Mian let out a slow sigh of relief, continued to sit back, and pretended to be dead.

It's not that he didn't want to help. When he brought his big cousin Wu Tutu, there was still some hope.

At the beginning, Su Nan was obviously a little soft-hearted towards him.

But Mr. Fu killed himself, and there was no turning back, so who could blame him?

Let's move on!

...

Chapter 1609 Do you still hate you so much?

Chapter 1609 Do you still hate you so much?

Listening to the doctor inside, he came out carefully and closed the door.

Lu Qi sat beside him, looking at Fu Yechuan, whose face was dull and his eyes were gray, and he was no different from the high-spirited man back then.

“Old Master...”

He suddenly didn't know how to speak.

Fu Yechuan raised his eyes in a daze, his dark eyes looked at him, and there was indescribable sadness in his low hoarse voice:

“I had a dream just now that I called her to donate blood to Qiao Wanrou, she Be obedient and go.

I told her not to go in my dream, and told her that Qiao Wanrou was pretending, she didn't need to donate blood, but she couldn't hear, no matter what I said, she didn't look back...”

Lu Qi He choked for a moment, like a ball of cotton stuffed into his chest.

Looking at Fu Yechuan's slack eyes, he seemed to be looking at the past through him.

After Fu Yechuan finished speaking, his eyelashes trembled and he asked him,

“I want to be nice to her, but why do things I do always hurt her?”

“Old Fu, you...”

Lu Qidun After a second, he made up his mind and said,

“Forget it, it's a good thing that she can survive. At least the Su family won't trouble you. The situation in front of you is balanced and nothing has changed.”

At least for Fu Yechuan, He didn't really lose anything, and even solved the big trouble of An Qi.

Fu Yechuan's face was pale and bloodless, “Nothing has changed?”

He sneered at himself, and the corners of his eyes turned red, as if a man was about to cry.

But he has changed and so has she.

She will never meet again, and he recognizes his ruthlessness again.

Lu Qi frowned and looked at him. He didn't know how to say the words of consolation. He watched as he was so decadent, living in self-blame all his life, and couldn't bear it.

“Old Fu, whether she has changed or not, she has passed. Our brother knows your feelings for her, and she probably knows it too.”

Fu Yechuan’s eyes flashed, he looked at him, his face was tense and he didn’t speak.

Lu Qi: “It’s like Leng Lin knows that I love her, but she just hates what I’ve done in the past, so she doesn’t want to forgive me easily. I’m willing to apologize for the rest of my life.

But what about you, Su Nan doesn’t want to? She wants your apology, but she knows that you won’t start again.

Your choice is rationally right, and it’s just Xing Zhi who has done too much.

No one wants that kind of accident, no matter how guilty you are. It happened, what you have to do now is not to indulge in your own choices, regret and decadence.”

“Then what else can I...do?”

Fu Yechuan’s eyes trembled slightly, for the first time in his life he was helpless.

Lu Qi pursed his lips, “Old man, go and apologize to Su Nan and explain why you chose that, no matter if she didn’t forgive you, you have to do it, it’s better than hiding for the rest of your life.”

“She won’t . Forgive me.”

Fu Yechuan’s voice was rough and cold.

He knew that Su Nan would never forgive her again.

“How do you know if you don’t try it?”

Lu Qi paused and added: “This is what you owe her, there must be a result?”

When he said this, he also felt his scalp tingling.

Whether Fu Yechuan will listen to his advice or not, the key is to let Fu Yechuan recognize the fact that he can no longer be with Su Nan.

After saying this, the room fell silent.

Lu Qi looked at Fu Yechuan with a stiff and sad expression, and his face was pale in an instant, looking embarrassed and pitiful.

After a lot of time passed, Lu Qi felt that it was useless to say more, and he couldn't say more.

Just about to stand up, let him have a good rest.

Fu Yechuan suddenly said dryly and hoarsely, "Does your ex-wife still hate you so much?"

...

Chapter 1610 He is a scumbag

Chapter 1610 He is a despicable villain

. Obviously both of them are in the same situation. Why can Lu Qi regain his ex-wife's heart?

Why does he have to go further and further with Su Nan?

There was a momentary thought that made him see hope in Lu Qi.

I thought that I and Su Nan would eventually be the same as Lu Qi and Leng Lin. After Leng Lin and Fu Yanni dated, they would still choose Lu Qi.

But Su Nan and Shang Qian are getting better and better together.

He had lost all hope for himself.

It seems that he has fallen into a desperate situation in a quagmire, and the more he struggles, the more difficult it is to escape.

Lu Qi was stunned for a second, and after reflecting for a long time, he answered his question:

"Hate, why don't you hate it?"

He pulled out a wry smile, with a bit of helplessness and resignation:

"To be honest, I was taking advantage of the emptiness at the beginning. Entering, because of her cold war with Fu Yanni, I found an opportunity, otherwise, where would I get my good luck?"

He sighed, his eyes were red, and he didn't want to say more.

"I'm leaving, old Fu, don't push yourself too hard."

He patted Fu Yechuan on the shoulder, and then walked out with heavy steps.

It wasn't like this when I went in. When I came out, my face paled, as if the person who needed comfort was Lu Qi.

Chen Mian looked at him puzzled and stepped forward: "Mr. Lu, are you alright?"

It is said that Mr. Fu is not in the mood to do anything to him right now...

Lu Qi twitched the corners of his mouth and went to the side in a perfunctory manner. Going forward: "It's fine, I'll leave the rest to you."

He felt heavy in his heart, as if he was pressing down on a boulder.

Leng Lin's change of heart was not because of him, but because of that child.

Because he took advantage of Leng Lin and Fu Yanni's cold war, he drank some wine shamelessly and forced her on.

In the end, of course, he was locked in by the police, but as soon as the Lu family behind him operated a little, he came out.

After coming out, he regretted it a lot and felt that he had no face to see her. It took two months before he went to apologize to Leng Lin.

At that time, I happened to see her going downstairs to throw garbage, and she was so haggard.

He went to look at the bag of garbage that had been thrown away. A pregnancy test report was torn in half, and his heart suddenly contracted.

But he was unwilling to find other fragments, and saw that pregnancy cycle, four weeks.

Four weeks means...and maybe his?

The heart that was about to dry up came back to life.

He followed quietly for a few days and found that Fu Yanni and Leng Lin had quarreled several times. He wanted to go up and protect her countless times, but he thought that the more quarrel the better.

Finally, he overheard the reason for their quarrel one time.

Fu Yanni was reluctant to accept the child, and Leng Lin's body did not allow her to abort the child.

So, here's his chance...

The past is like a cloud over his head, and every now and then, he feels dark when he thinks about it.

Fortunately, he came out.

Even though he feels uncomfortable and suffocated every time he recalls, the result is good, and he will spend his life making up for his mistakes.

...

Chen Mian pushed the door and went in, watching Fu Yechuan sitting there stiffly, immersed in the dark shadows, unable to see his expression clearly.

But he could feel that the aloof aura in the past seemed to return to him.

"President Fu..."

He lowered his voice involuntarily.

Fu Yechuan raised his eyes when he heard the sound, his eyes were dark and dark, deep and indifferent:

"Bring me something, I want to eat."

He had been unable to eat for several days, and almost since the day Su Nan's accident, he hadn't eaten a few mouthfuls. meal.

Otherwise, the whole person would not lose weight so much.

He allowed himself to become more and more decadent and desperate, thinking that this would make Su Nan feel better and relieve his guilt.

But he was wrong...

1611 Since everything is doomed to find her for the last time , and all his actions are in vain, why pretend to be pitiful to deceive me?

Fu Yechuan closed his eyes, yes, at least Su Nan is still alive, he should feel extremely happy.

Chen Mian was stunned for a moment when he heard his order.

Seeing him close his eyes again, he didn't mean to repeat it, and he didn't hear it wrong, so he said yes, and then exited to prepare the meal.

After Fu Yechuan ate the meal with gusto, Chen Mian thought that Lu Qi's advice was useful, and he was going to go back to the company to continue to give pointers.

As a result, Fu Yechuan went to take a shower, changed clothes, and came out neat and meticulous.

Seeing him like this, Chen Mian was full of anxiety.

"Mr. Fu..."

Fu Yechuan looked at him, there was no trace of waves in his eyes, like a calm and deep sea, quiet but dangerous.

"I'm going to find her...the last time."

There was endless sadness in his voice, but he tried to restrain his emotions.

Chen Mian paused, "Yes, I'll contact you right away."

Since it was the last time, it shouldn't be sneaky.

...

Shang Qian is doing the final examination and is preparing to be discharged from the hospital tomorrow.

Su Nan didn't leave early, but Qin Yu and the others didn't mind and went to the hospital to find her with a large bag of things.

Fortunately, there are no other patients on this floor, otherwise it would be too inconvenient.

Su Qi reluctantly served as their background. Who told Ning Zhi not to date him, but to choose a wedding dress with Su Nan and Qin Yu here?

What is there to pick?

All are white.

Qin Yu happily changed into one, turned around in front of them, and asked excitedly, "How about this one?" They

were all the latest ones brought from the wedding hall, and two of them belonged to her. Personally customized models, but each of them looks terrible, so she has to choose carefully.

Su Nan sat there and watched, frowning slightly, "A naked back?"

Qin Yu's back is very beautiful, and she will use her strengths very well. The butterfly bones are delicate and well-proportioned, without a trace of fat. Exquisite as a work of art.

Qin Yu nodded and lifted her chin:

"Of course..."

She smiled happily.

Su Nan always felt something was wrong, "Pretty is pretty, but..." She couldn't tell what was wrong.

Su Qi glanced at the side, lowered his head and continued to play with his mobile phone, and laughed:

"If you don't worry about Shen Liang canceling the wedding on the wedding day, choose this one..."

Qin Yu frowned: "Why? Cancelling the wedding?"

Ning Zhi coughed and glared at her:

"Won't he be jealous?"

Qin Yu understood in an instant, didn't think about this, just cared about her beauty.

Her face was crimson, with a rare shyness, she smiled and said stubbornly:

"Look at how stingy you think him, even if he strips to the wedding, I won't be jealous, what's the matter? , a good figure is to be envied..."

Su Nan raised his eyebrows, smiled and shook his phone:

"I sent this to President Shen..."

Qin Yu was stunned for a moment, and hurriedly grabbed it and retreated.

Seeing that the dialog box was not opened at all, she breathed a sigh of relief and realized that Su Nan was joking with her.

She glared at Su Nan, "You've become bad too!"

Ning Zhiliu urged her on the side, "Go and change another one..."

Qin Yu was immediately attracted to her eyes, and then happily went to the room inside.

The rest of the people couldn't help but look at each other and smile, when they heard a knock on the door outside.

Knock on the door and come in.

"Mr. Su..."

Su Nan paused and looked at him with a smile: "What's the matter? The doctor's examination is over, and Shang Qian's discharge procedures have been completed?"

Yu Lou hesitated for a moment, sipped He pursed his lips:

"No, Assistant Chen called just now and said that President Fu wanted to see you."

...

Chapter 1612 is really shameless

.

The whole room fell into an eerie silence.

Su Qi was the first to react, and the phone in his hand instantly fell on the table, making a violent movement.

"He's so shameless, I've never seen anyone more cheeky than him, almost killed him, and dared to lick his face? Who gave him the confidence? We didn't go to him The trouble is enough, he still dares to come?"

Su Qi's expression changed, then he stood up, rolled up his sleeves and walked out.

"Whoever he wants to see, come and see me first!"

Seeing that the situation was not good, Su Nan and Ning Zhiliu hurried over to stop him:

“Third brother, don’t be impulsive, Fu Yechuan should not be here to make trouble, he is here to find Xiao Si I’m sorry.”

Ning Zhi stopped him by the waist and spoke anxiously.

Su Qi pushed her away, smiling sarcastically, her face ashen:

“If he dares to come, I will dare to beat him. I don’t care if he apologizes. Could it be that if he comes to apologize, I have to thank him?”

Ning Zhi hesitated. Look at Su Nan.

Su Nan pursed her lips, forbearing her dissatisfaction, and said calmly:

“Third brother, there is no need to deal with this kind of person, just pretend that you don’t know each other.” After

speaking, she looked at Yu Lou: ” No.”

Yu Lou hesitated, “Chen Mian said, Mr. Fu has already arrived here, if he doesn’t meet, he won’t leave.”

After that, Su Qi became even more angry, isn’t this forcing her?

Even Su Nan’s eyes turned cold.

Ning Zhiliao said from the side: “Little Si, why don’t you leave the hospital early?”

Avoiding is the best choice.

But Yu Lou glanced at Su Nan, “Mr. Su, Chen Mian said on the phone, this is what Mr. Fu said in person, and I came to see you for the last time.” After all

, the weight of meeting and seeing the last are different.

Su Qi laughed back and sneered: “What? He’s going to die?”

Su Nan frowned, “It’s not necessary.” The

relationship between them has long since ended, and there is no need for another solemn separation.

It seems so reluctant.

Su Nan was not in the mood to act with him, and was too lazy to see him for the last time, wishing he had never met before.

Seeing her firm attitude, Yu Lou understood what she meant and nodded:

“Yes, Mr. Su.”

He withdrew.

Instead, Su Qi’s chest heaved up and down with anger, his handsome face looked cold and distant, and he snorted coldly:

“I won’t let him go.”

Ning Zhi opened his mouth, but said nothing. .

Although he was worried that he was in danger, he understood Su Qi’s love for Su Nan better.

Su Nan walked over and looked at Su Qi with her arms around her arms. She was helpless and had a headache:

“Third brother, can you calm down a bit.”

Su Qi’s eyes widened, and

she was so angry: “You little conscience, I’m angry for you!”

Su Nan’s expression softened a lot and smiled:

“Don’t worry, is your sister a loser? You can’t be hard on him.”

Su Qi frowned and wanted to ask When I went down, I heard Qin Yu come out:

“What happened? Why did I hear someone arguing outside?”

The wedding dress she changed was very delicate and beautiful, and it was also her custom-made one, but it was too conservative. Except for the neck up, there was not much exposed outside, but it could outline her waistline beautifully.

Su Nan’s eyes lit up: “This one is good?”

Ning Zhi nodded in agreement: “It’s really good.”

Qin Yu turned around, very distressed, "Is it good? Why do I think the style is a bit conservative? This is If it wasn't for my personal customization, I really thought I was fooling me, don't you think it's very conservative?" The

three stood in a row and shook their heads together.

Chapter 1613 If you don't eat, it can be seen that

although there are not many places exposed outside, her figure is graceful, with a bulging front and back, and all the advantages are concentrated and magnified.

Compared with the one with a bare back, it makes people want to explore and pursue, and even his eyes can't help but follow her all the time.

But Qin Yu could not fully understand their feelings.

It's just a pity that my good figure can't be envied and hated by others.

"But what the hell were you arguing about just now?"

Qin Yu hadn't forgotten the noise outside when she was changing clothes inside.

Su Nan smiled: "Fu Yechuan came and scolded him."

Qin Yu was stunned, and took a few steps forward angrily:

"Why didn't you call me out? We used the spit star to drown him!"

Ning Zhiliao couldn't help but smile: "You, let's be your bride with peace of mind, why are you still so impulsive?"

Su Nan nodded, "Yes, in a few days. You are about to get married, don't get involved in these things."

Qin Yu stood there angrily, "I'm angry, damn it, if it wasn't for him, would I have been afraid for Xiao Si for so many days?" In the

end, Is it because Fu Yechuan is too shameless?

Su Qi gave her a thumbs up, "That's right, Miss Qin is mighty!"

“When will the third brother go to chop people, I’ll get you a knife!”

Qin Yu put down a harsh word, turned around and changed her clothes. .

The remaining three shook their heads, suddenly sweating for Shen Liang.

For the rest of the time, although Qin Yu still couldn’t appreciate the beauty of the wedding dress, they sent the photos to Shen Liang, who used almost a thousand words to describe the uniqueness of this wedding dress.

As if the wedding dress was designed by him.

When Qin Yu looked at the wedding dress again, it was much more pleasing to the eye.

Su Qi and Ningzhi went out to eat, and Qin Yu packed up and left.

Su Nan was bored and ran to see Shang Qian.

The final check is extra careful, and each result data is extra carefully checked.

Shang Qian talked to her for a while, and then fell asleep on the effect of drug hypnosis.

The weather outside was excellent, she waited for Su Qi and Ningzhi to come back and bring her something delicious.

I couldn’t help but glance downstairs.

Just one glance made her stunned.

The man downstairs was too conspicuous.

Standing there motionless, the firm figure and handsome face made people who came and went couldn’t help but take a few more glances.

The moment she saw Fu Yechuan, he looked up abruptly as if he was feeling it.

It seemed to meet her eyes.

Su Nan was stunned for a moment, and immediately reacted. This glass can only see the outside clearly from the inside, and the inside cannot be seen from the outside.

Maybe an illusion.

Su Nan looked away, took a step back indifferently, “I’m sick.”

At this time, Su Nan decided not to soften his heart.

To be precise, no matter what method he uses, Su Nan will not soften his heart.

Life and death, she looked away.

Fu Yechuan is really naive enough to think that he can be easily forgiven for selling a bad deal here?

She turned around and sat next to Shang Qian, holding a mobile phone and sending a message to Su Qi:

“Dear third brother, please bring me the following snacks when you come back...”

After a while, Su Qi replied, and it could be seen that the anger in the words was almost indescribable: “Do

you have to eat so much?”

Su Nan: “I can watch it if you don’t eat it!”

Su Qi: “... .”

afternoon and evening.

Shang Qian’s inspection results came out, and all the indicators were normal, even better than they expected.

The doctor happily agreed to his request to be discharged.

It was also on the last day that Shang Qian’s assistant, Rong Yi, showed up and came to help Shang Qian pack up, by the way, to talk about what happened recently...

...

Chapter 1614 Remember to go through the back door

Chapter 1614 Remember to go through the back door

“Mr. Shang, I have cleaned the house at home, you can go back with confidence, the company’s affairs have been dealt with, the summary of the first stage has been sent to your mailbox, you If you have time, you can take a look.”

Rong Yi said, and came to help Shang Qian very quickly.

Shang Qian glanced at him and didn’t move.

Rong Yi was stunned for a moment, suddenly remembered something, patted his forehead and let the place out.

“Miss Su, please...”

Su Nan behind him: “...”

Rong Yi didn't show the slightest other expression, as if he didn't know that Shang Qian almost died, but he was concerned about Shang Qian's hospitalization Not at all surprising.

Can not help but make people a little surprised.

Shang Qian happily stretched out his arm and asked her to come and hold him.

Su Nan glanced at him speechlessly, and didn't say anything in front of outsiders. At this time, he was still tired and crooked, why was he so clingy?

She walked over, patted his arm, and opened the door and walked out.

Rong Yi looked behind him, touched his nose, and asked cautiously,

“President Shang, are you sure you are dating?”

Shang Qian's gentle eyes took advantage of the situation, and he glared at him sharply and dangerously.

Rong Yi shrank his neck, did not dare to say a word, and took the opportunity to slip out.

Soon.

Su Nan took Shang Qian's arm and walked out. He took a deep breath. Although he didn't say anything, it looked like he was really suffocated by the hospital.

The two looked at each other and smiled, Shang Qian lowered his head and whispered in her ear:

“It's better to stay at home, it's convenient to do anything.”

Su Nan couldn't help but think about it, she thumped him angrily, it didn't hurt or itchy, but he held it tightly.

The close look of two people falls into the eyes of others, and it becomes a different look.

Looking up, the two of them froze slightly. Shang Qian was obviously a little surprised when he saw Fu Yechuan.

He clenched Su Nan's hand tightly, clasping his fingers together, with a warm smile at the corner of his mouth.

He had long thought that Fu Yechuan would not give up, but he felt that with Fu Yechuan's self-esteem, he would not take the initiative to visit.

Who knows, it's even here?

At present, his relationship with Su Nan is stable, and even if Fu Yechuan appears, it will not pose any threat to him.

What's there to be afraid of?

The breeze hit, with a slightly cold feeling.

But the air was quiet, as if time had frozen.

Su Nan didn't expect that Fu Yechuan hadn't left yet. Thinking about it, it's been six or seven hours, and he's just been standing here?

Haha...

This kind of sincerity after knowing it, can't impress her.

Rong Yi packed everything in the car and suddenly received a call from Yu Lou.

"Assistant Rong, I forgot to remind you. When you leave the hospital, remember to go through the back door. There are people in the front door that Miss Su doesn't want to see, so be sure to remember that!"

Rong Yi, who had already returned once, looked at the scene in front of him, and let go. Lowered his voice:

"It's late..."

This scene is unimaginable!

Su Nan and Shang Qian stood there, neither of them spoke first.

On the other hand, Fu Yechuan's eyes shrank suddenly, trying to suppress his emotions, he looked calm and composed, but his eyes were full of red blood that could not be concealed.

“Let’s...talk?”

His voice was hoarse and cold, as if with a bit of pleading, looking straight at Su Nan.

The complex emotions in his eyes are really sad.

In the past, Fu Yechuan, who was high above the ground and turned his hands for the clouds and covered his hands for the rain, could actually be so humble?

But who would pity him?

Isn’t it all self-inflicted?

Shang Qian’s face was calm and he didn’t say a word. Instead, he looked at Su Nan sideways, waiting for her to make a decision.

The word respect is brought to the extreme.

Su Nan’s tone was indifferent and did not hesitate: “No need, we have nothing to talk about.”

Fu Yechuan looked at her, his hands on both sides were clenched tightly, his knuckles turned white, and his heart was twisted like a knife.

Even breathing is painful.

He lowered his eyebrows, trying to hide the other emotions in his eyes.

After being silent for a long time, his heart was oppressive and uncomfortable, and he said in a hoarse voice:

“I just want to apologize to you, nothing else. If you don’t want to see me alone... someone can follow me.”

This was his compromise.

Fu Yechuan had already lost.

He didn’t name Shang Qian, but they understood.

Shang Qian raised his eyebrows unexpectedly, looking at Fu Yechuan's gloomy and complicated face, he was in a good mood for a while.

The pain of the enemy is his happiness!

Even so, Su Nan was unwilling to agree.

Talking to him will make her unhappy. She is not a generous and tolerant person, so why force her to forgive?

In the stalemate, Rong Yi coughed and stepped forward to make a relief:

"Miss Su, President Shang, everything is ready, you can leave."

Su Nan glanced at him and was satisfied with his response.

Just as she was about to lift her foot to go around, Fu Yechuan's figure quickly blocked her way.

Seeing Fu Yechuan close his eyes, he took a deep breath, and his voice almost trembled:

"Su Nan, it's just me begging you, it's just a few words, I said you listen, it doesn't matter if you don't forgive me, I won't bother you again in the future."

Saying these words, he was really heartbroken.

It was as if he was gouging out a very important part of his heart, and every nerve felt obvious pain.

Su Nan lowered his eyes, hiding his disgust.

"If I don't want to listen, will you come to me again?"

Her voice was clear and cold, without the slightest warmth.

Not even a stranger.

Fu Yechuan was silent, his face was pale, and his eyes were dark.

right.

Su Nan didn't look away. When he looked back again, he looked at him:

"Okay, last time, long story short, don't mind my boyfriend being there?"

Just now, he said it himself, others can be there, not to mention her boyfriend .

It's like sticking a knife in his chest.

Four eyes facing each other.

He looked down at her, lowered his eyes and took a deep breath, breathing heavily, his heart ached violently, and the pain was long and deep.

“Never mind.”

He admitted her boyfriend.

It is Shang Qian.

is someone else.

Su Nan and Shang Qian walked together and walked to the rest area on one side, sitting on the rest chair under the sun umbrella. This is the advantage of a private hospital. From the beginning to the end, there is a full range of thoughtful service.

In the lounge area, tall bushes block the view from the outside.

Go in along the path, bypass the fountain at the door, and walk to a small semi-open area.

There is no one else inside, and no one will be seen from the outside.

Sitting there, I could hear the pounding of the fountain outside, and the sound of the wind blowing the leaves of the bushes.

The restless and dissatisfied heart calmed down for a moment.

Su Nan sat down and looked at Shang Qian on the other side:

“Just for a few minutes, if you're not feeling well, tell me immediately.”

Even now, in her eyes, only Shang Qian is concerned.

Fu Yechuan, who was behind, couldn't help but froze when he heard these words.

He turned even paler.

Sitting across from them, Fu Yechuan said nothing for a while.

On the contrary, Shang Qian spoke in a smooth voice:

"I heard that President Fu is also in trouble in Southeast Asia, but fortunately the matter has been resolved satisfactorily, I haven't congratulated President Fu yet. We

have solved such a big trouble, and the top regards you as seriously. It's unprecedented, I heard that the leaders above want to marry your daughter to you!"

Shang Qian smiled, his tone was gentle and modest, but there was no carelessness in his eyes.

Although he has not dealt with the company's affairs during his recovery, it does not mean that he is ignorant of everything that is happening in the outside world.

Fu Yechuan's every move, even a small change, is under his control.

The more you understand, the more profound it will be.

Fu Yechuan glanced at him gloomily, "Nothing, don't bother."

Shang Qian chuckled, twitched the corners of his mouth, and did not continue to speak.

Now that the deadlock has been broken, he only needs to be an observer in the next conversation.

Su Nan said impatiently, "Hurry up and say what you want to say, we are in a hurry."

Fu Yechuan's face was tense, he pursed his lips, and looked at her eyes full of sadness.

"You... must hate me to death, right?"

Su Nan didn't say anything, didn't agree, and didn't deny it.

Fu Yechuan lowered his eyes, hiding the loneliness in his eyes, and chuckled lightly:

"Yes, if it were me, I would hate myself to death."

He paused for a few seconds, and said in a calm and hoarse voice,

“At that time you were taken away . , When Xing Zhi contacted me, he asked me to take An Qi to exchange.

But after I went, I realized that Xing Zhi did not intend to exchange like this at all. He repented on the spot and wanted to use the group under my name to launder money for him. , but also pull me into the arms group, turning my efforts and connections into his gang and terror.

You know, there are more than just a few groups behind

me. When I retired from the military, I was still secretly Sponsor the development of the military.

Otherwise, when you were stranded on the island and threatened by pirates, I would not have gotten help from the military and mercenaries so easily.

Therefore, I cannot agree to Xing Zhi’s request.

He paused, looking at Su Nan’s expressionless face, the pain in his heart twitching did not ease in the slightest. “

So, I’m sorry, I wanted to delay for some time to renegotiate, but I didn’t expect...”

No Thinking that Xing Zhi didn’t give him this chance at all, and seeing that he didn’t care about Su Nan at all, he killed the hostage directly.

It was revenge and punishment. He didn’t

even have a chance to regret it.

He had difficulties, but these In the face of Su Nan’s life, the moment he learned of her death, it seemed worthless.

Fu Yechuan was sad and annoyed, if he could do it all over again, he would definitely not do it.

His choice must be Su Nan

But there is no if. Otherwise

, this situation will not be the case now.

Everyone has their own concerns, and no one has spoken. What to say?

Is it okay?" It's

just irony.

Fu Yechuan raised his eyes, his eyes were full of red blood, and the corners of his eyes were full of red. Looking at her indifferent, his heart was suddenly twisted.

"I didn't expect something to happen to you, I... .. really want to save you. "

Even if you risk your own life.

Su Nan raised his eyes and looked at him, his brows were still cold and bright, alienated and indifferent:

"Mr. Fu, I know that since An Qi appeared, you have your own plans, including you. engagement.

It's just that you involved me in your plan. Although it wasn't your intention, I still feel that you are not innocent.

I remember that Xing Zhi once asked us to talk. Did you really convey what I asked you to convey to others? She said

every word, very cold.

Fu Yechuan's face stiffened instantly.

He didn't.

He just told the Su family the important part, but he didn't say a word about Shang Qian's part.

Chapter 1617 My Last Words In

Shang Qian's inner intuition, he suddenly felt that this matter might have missed something related to him.

If they could ever talk on the phone, then Su Nan must have left the most important words.

About whom?

Su Nan sneered, "You don't, because you are conceited that you can solve it, because you don't think you will lose, so you don't take my words to heart at all, even if those words may become my last words?"

Fu Yechuan His face turned gray.

Her accusations were more ruthless than expected.

He didn't even have a chance to refute it.

Silence for a long time.

Su Nan leaned on the lounge chair, leaning lazily, but his eyes were cold.

"I was implicated by you, but you didn't save me. In the end, your interests are more important.

Don't deny the nonsense that you don't know. A kidnapper who can't get the money knows to tear up the ticket, let alone a kidnapper. Arms dealers?

Everyone is a businessman. We weigh the pros and cons with a clear mind. You don't need to explain it to yourself in such a high-sounding manner. Apart from making you feel better, it will only make me feel more hypocritical and disgusting."

Su Nan said rudely, she was impatient to tear off his hypocritical mask and peel off the ugliness under his skin little by little.

Suddenly, I felt very happy in my heart.

She wouldn't take pity on someone who had the upper hand but couldn't help him, even though she loved him so much back then.

Really blind!

Her words were vicious and cold, just to stab his weakest point.

Don't pretend to be affectionate, is he worthy too?

Fu Yechuan's expression was stagnant, and his eyes seemed to be gray.

He thought that this time, Su Nan would at least keep a superficial politeness with him.

Then he privately felt that even from the point of view of an ordinary friend, it would be fine to see her happy.

But he didn't expect that Su Nan would no longer give him any chance, and he didn't even want to deal with it on the surface.

He thought he had stood for hours before she could get a negotiation for her soft-heartedness.

But the result?

She is not soft-hearted, she is cold-hearted.

The kind of disgust that rejects people thousands of miles away, and a sense of powerlessness arises from his heart.

Simply tearing off the disguise, there is no need to even act.

The next second, Su Nan stood up and looked at him condescendingly, as if it was a trial:

"Fu Yechuan, what you owe me will never be repaid in this life, so don't expect any forgiveness or not, it's not the one who dares to die. You, is it so easy to say a word of forgiveness?"

You will always live in your choice, whether it is pain or self-blame, you deserve it."

After she finished speaking, she turned around and took two steps. Suddenly he stopped, looked at him sideways, his eyes were cold, and his words were cold:

"Also, stay away from me, it's better not to appear in front of me again, I will look at you less and be more happy. , I hope you can understand...get away."

Throwing this sentence away, she never looked back, she strode away.

It seems to be a bit angry, even Shang Qian forgot to bring it.

Shang Qian stood up and looked at Fu Yechuan's embarrassment and confusion, pain and torture.

I couldn't tell for a while what my heart was feeling.

Su Nan's words are more than just a few words.

Fu Yechuan, who can defeat the most powerful psychological defense line, can make his soul stagnate like nothingness, and can drive him into the eighteen layers of hell.

Only she Su Nan can do it.

She originally thought that since she came back, it's just because the past with Fu Yechuan made her feel guilty.

Therefore, his unwillingness and anger were somewhat selfish.

But now, he suddenly understood that she never forgave Fu Yechuan, she was going to torture him in the cruelest way.

Every word, every word is a challenge!

...

Chapter 1618 take care of her

Chapter 1618 Take care of her

, then his private actions against the Fu Group can be stopped.

Mr. Fu, I'm sorry.

Shang Qian tidied up his jacket and looked at him meaningfully:

"Mr. Fu, I'm leaving."

Fu Yechuan watched Su Nan leave as if out of his body, motionless.

But at the moment when Shang Qian opened his mouth, he came back to his senses.

His voice was rough, as if it had been ground by sand.

"You won..."

He felt a sharp pain in his heart, as if countless hands were tearing at him, "Take care of her." The

last few words were softly spoken, ethereal as if nothing.

But when Shang Qian heard

him lift his legs to leave, he threw a sentence: "Don't bother."

His people don't need anyone's orders.

...

Miss Su Nan was sitting in the car, playing with her phone with her head down.

Rong Yi on the side looked at Shang Qian cautiously.

He made a mouth shape: "Angry?"

Shang Qian said nothing to him, he didn't answer, he bent over to get into the car and sat beside Su Nan.

The car started slowly, leaving the hospital and Fu Yechuan behind him.

Su Nan leaned on his shoulder and let out a slow sigh of relief.

"I'm so happy!"

Shang Qian twitched the corners of his mouth, and patted her head dotingly:

"Ask you a question?"

"Speak."

She narrowed her eyes slightly.

After a conversation, she was happy, but also a little tired.

Shang Qian's voice was extremely nice, and he said vaguely in the car: "When talking to Fu Yechuan, what did you tell him to tell?"

The questions in his heart were puzzled.

In Su Nan's heart, who is the most important?

Where can he rank?

Although he didn't care on the surface, he still hoped that he could move forward.

Su Nan was stunned for a moment, not expecting him to ask this.

At that time, my mood was aching for a while.

"Forget..."

Shang Qian turned his face sideways, and the light kiss fell on her forehead, like a feather, making her heart tremble.

"Is it me? Is it me who he didn't tell me?"

At that time, he tried all his strength to get a little bit of Su Nan's whereabouts.

Of course, Fu Yechuan would not be spared.

But Fu Yechuan's news was like an iron barrel.

It was even more difficult to get news from him.

Su Nan just hesitated for half a second, then said "um" without any extra words.

She didn't want to experience the feeling of despair at that time again.

In addition to the people in the Su family, the most important person to her is Shang Qian.

She has recognized her heart and will always follow her heart.

Shang Qian stretched out his hand, wrapped his arms around her shoulders, and held her tightly in his arms.

Look, his heart was not ignored. I don't know when, maybe earlier than he knew, she already fell in love with him.

What was previously unimaginable is now fully realized.

His heart was suddenly full, filled with warmth.

The future is promising.

Rong Yi was cleaning up the apartment upstairs from Su Nan. He didn't know that Shang Qian lived in Su Nan's place before.

So the luggage was shipped directly to it.

Su Nan and Shang Qian didn't say much.

Looking at the spotless house, Shang Qian didn't feel very happy, sitting there watching Rong Yi cleaning up and down.

Su Nan sat for a while, then got the call and left.

It was Su Qi who brought her something and had already arrived downstairs.

Shang Qian didn't refuse, and after sending her away, he looked back at Rong Yi and started talking about new topics:

“When you were away, those people under your hand were eager to move, but fortunately I beat them one by one, and I became honest again. , hey... these people are really restless, look back and find the right ones and drive them all away!”

Seeing Shang Qian’s lack of response, Rong Yi finally felt that something was wrong.

“Mr. Shang, why don’t you speak? There’s no response?”

...

Chapter 1619 begins to time

Chapter 1619 began to time

Shang Qian: “You’ve said enough, what else should I say?”

Rong Yi clicked, “Look at what you said, how boring I am talking alone!”

Shang Qian glanced at him, “I didn’t have a girlfriend, did you?”

“Of course not, I gave all my youth for the company and you!”

Rong Yi immediately expressed his loyalty.

Shang Qian looked at the time, “I’ll give you three days off to make a girlfriend...”

Rong Yi happily said, “Really? No, how can I make it in three days? Isn’t it too much? Less?”

“Then you should resign...”

Rong Yi smiled restrained, “Three days are really a lot, it’s a matter of human beings, I will definitely be able to have a girlfriend, President Shang, don’t worry!”

Shang Qian smiled half-smiling. Looking at him: “The timer starts from this moment...”

Rong Yi was stunned for a moment, then immediately dropped what was in his hand and ran away with his own.

“Goodbye boss!”

Rong Yi felt more and more that something was wrong when he really left here.

Could this be an eviction order?

.....

Shang Qian walked around the empty house, and he felt very unfamiliar and uncomfortable.

After changing clothes, I closed the door and went downstairs.

Su Nan's door lock had his fingerprints, so Shang Qian opened the door and went in without a trace of it.

It was still clean inside, although she didn't come back, Su Qi would have people come over to clean it regularly, and it was spotless.

Shang Qian's anticipation gradually sank.

Because he found out that Su Nan was not there.

I just took a call and went out, why haven't you come back?

Shang Qian touched her hair, wanted to call her but held back.

A girl must have her own space, and she also has her own friends, so she can't be too nervous.

Thinking about it, he went to the sweeping robot, started cleaning, and then he was not idle, and began to wash the rag and wipe the table.

Although there is nothing to wipe, but I feel at ease when I am busy.

The hot water was reheated in the kitchen, and after listening to the gurgling sound, Shang Qian instantly felt that his body had returned to before he went to Southeast Asia.

The gleam of evening faded.

Darkness comes.

There was movement at the door, Shang Qian turned back and watched Su Nan come in with a large bag of things.

He was about to go over to help, but there was someone behind her.

"Uncle Su?"

Su Yifeng actually followed.

There are people behind.

Su Jin, Wen Xiang, Su Qi and the housekeeper uncle all came.

Everyone was surprised when they saw someone in the house.

But when I saw Shang Qian, I was not so surprised.

Especially Su Qi, looking at the apron on Shang Qian's body, he suddenly laughed and joked:

"I said, Xiao Si, you actually use President Shang as an hourly worker? How much is the hourly salary to afford it?"

Before he finished speaking, Su Nan glared at him fiercely, then pushed him away and walked over quickly.

"You have just been discharged from the hospital, go and rest."

Shang Qian smiled gently, "It's okay, it's not in the way..."

Su Yifeng squinted his eyes and looked at them, "President Shang seems to be recovering well. I heard from Lao Xiao that it is a miracle to be discharged from the hospital so quickly."

Shang Qian didn't dare to answer this, and said quickly,

"Thank you. Uncle Su was in the hospital, so he found so many experts to save my life, Shang Qian must remember."

Su Yifeng smiled, his face was obviously better than before:

"You're welcome, you saved the little four, this is what should be done. Yes ."

Su Qi coughed, "Uncle Steward, let's cook, I'm starving to death!"

Uncle Steward came out from behind, holding something less than Su Nan, and said with a smile:

"Okay. , don't worry, I'll go right now and show you a hand!"

Wen Xiang took off her coat and followed into the kitchen, "I'll be with you..."

Su Jin walked to the living room and turned around, "Little Si this The house is still a little small, I think the new building next to it is good, and it will be convenient to move there when I go back."

Su Qi nodded in agreement.

The first thousand six hundred and twenty chapters are brightly praised,

“I have a crush on two properties over there, and I have ordered one for Su Nan. It’s more convenient to go up and down the stairs.”

Shang Qian finished with a smile and put his body on apron off.

Su Jin and Su Qi looked at each other.

Wow, there is a future...

Shang Qian took the opportunity to look at Su Nan.

He was quite shocked that the people of the Su family had all come here?

But it’s right to think about it, after all, Su Nan was just discharged from the hospital today.

However, I still feel a little rude.

“Should I avoid it?”

Shang Qian said softly.

He was also afraid of disturbing the family reunion. After all, he had not officially met his parents as Su Nan’s boyfriend.

Su Nan said in a low voice, “No, they just came to see you.”

Shang Qian was stunned for a moment, his eyes widened.

Suddenly feel cramped.

Su Nan walked over and sat by Su Yifeng’s side:

“I think it’s pretty good here. The area is too big and deserted. I can’t get here, and I have to be cleaned frequently. I feel annoyed again. It’s just right now.”

Su Yifeng turned white. She glanced at her: “You are so promising. Now this house is only suitable for living alone. Does it seem crowded soon after more people?”

Shang Qian didn’t think so before, but at this moment, it is indeed.

Thinking about the old house of the Su family, no matter how many people there are, it will not feel crowded.

He felt that Su Nan should live in that kind of environment and be pampered.

“Uncle Su is right, but it depends on your mood, you can live anywhere you want.”

Originally, when Shang Qian said the first sentence, Su Nan wanted to refute, but when he heard the latter words, his anger disappeared.

It seems that he has not reached the point of being unprincipled.

Su Nan smiled and said to Su Yifeng,

“Look, how considerate Shang Qian is...”

As soon as he said that.

Su Yifeng was stunned for a second, then rolled her eyes at her.

Is there such a bright compliment?

For fear that he won't be able to understand Su Nan's mood?

Shang Qian was even more embarrassed. He helped his forehead and coughed, “I knew that Uncle Su and the two eldest brothers had passed, and I should have prepared in advance. It's really rude.”

And it's still in Su Nan's house, and Or they prepare their own food.

Shang Qian, who has always been prudent and steady, also felt a little nervous.

Su Yifeng waved his hand, “Don't take it to heart, it's all trivial matters.”

If it were anyone else, he would probably be able to pick on faults.

But Shang Qian couldn't find any fault.

Someone saved Su Nan's life, what is this rudeness?

Not worth mentioning.

Su Jin sat opposite, with a rare smile on his lips:

“We came here to congratulate President Shang and Xiao Si for being discharged from the hospital. We originally asked Xiao Si to take you to the old house, but Xiao Si thinks

that you have just been discharged from the hospital. You can't run around easily, and it will be uncomfortable in an unfamiliar environment, so we came here.

Mr. Shang doesn't have to feel rude, we took the liberty to come over without prior notice, it's our fault."

Su Jin is rarely so low. Gesture speaks.

Shang Qian's heart instantly became more nervous.

In his heart, Su Jin is a more difficult existence to deal with than Su Yifeng.

"Mr. Su is joking. Su Nan is too careful. In fact, I usually have no problem walking around."

Shang Qian said carefully.

Su Nan smiled, looked at his restrained appearance, and spoke out to help him:

"The doctor said that we need to be observed at home for a few days, how can anyone come to thank him? Don't be polite, my father and I Brother and sister-in-law are willing to come here."

Shang Qian breathed a sigh of relief, looking at her with a smile in his eyes.

Although it was pitch-dark outside, there were a lot of warm lights inside, which made it seem extraordinarily gentle and calm.

"It's still rude, I will definitely come to the door to thank you when I look back."

Shang Qian said.

Chapter 1621 Telling the truth

Su Yifeng nodded with satisfaction, "Okay, then have a good drink."

Su Qi strolled around and came over with two bottles of red wine, "Look, little one. Fourth, there are a lot of good wines here, let's have a rest when we get drunk!"

Su Yifeng glanced at him coldly, and Su Jin also stared at him coldly.

Su Qi didn't know what she said wrong, she was very innocent.

“Don’t drink? Then I drink it myself?”

Su Nan blurted out: “You should be more familiar with the wine in the cabinet than I am. Many of them were stolen from my father’s wine cabinet. Are you sure you want to drink it?”

Su Yifeng took a deep breath. He breathed a sigh of relief, his face was ashen, “Wait for me!”

Su Qi pursed her lips and looked at Su Nan unsatisfactorily:

“What nonsense are you talking about?”

Su Jin chuckled: “If she doesn’t tell us, we will. Don’t you know? I said last time my father wanted to drink on a whim, and he searched the wine cellar in the middle of the night and couldn’t find the drop gold that he had collected before. How dare you hide it here?”

Seeing this, Su Qi was not good. Turn around and run.

If Su Yifeng hadn’t been worried about Shang Qian’s presence here, he wouldn’t let him see a joke, otherwise, he would have kicked him.

Shang Qian paused and said with a smile, “I still have a few bottles of good wine upstairs. I’ll take it down and try it later, but unfortunately I can’t accompany me while taking medicine, otherwise it will definitely make everyone happy.

” He waved his hand and took a slow breath:

“I don’t need you to accompany me, I’m all my own family, and I’ll have a good time. You don’t need to be polite. In the future, you can just follow Xiao Si and call them eldest brother.

” .

The meaning revealed by Su Yifeng is not simple, he admitted Shang Qian in front of everyone.

As long as the two of them don’t break up, the people of the Su family will have no opinion.

Su Jin nodded.

“Okay, big brother, third brother.”

He still shook hands nervously.

Su Yifeng sighed: "You have paid too much for Xiao Si. In fact, we all see it in our eyes. On the business side of M country, you also know that your father's business group has a lot of opinions on Xiao Si..."

He hesitated.

Su Nan did not expect that Su Yifeng would suddenly mention this matter.

Suddenly he turned his head to observe Shang Qian.

Fortunately, he didn't feel uncomfortable at all, just listened to Su Yifeng's words quietly, nodded and breathed a sigh of relief:

"In country M, I just took the surname of a businessman, in fact, it doesn't matter whether it is their businessman or not. The businessman is not important. If I only admit Shang Yi, I am nothing.

Therefore, their opinions are of no use to me.

Since I have decided to be with Su Nan, I plan to gradually move my career to country Z, and then follow up with country M. The contact is gradually decreasing, but the actual controlling shareholder of the Shang Group is still Su Nan, so I have to go back and forth to help..."

He was not there for the business people, but for Su Nan's career .

This made Su Yifeng very satisfied.

"That's right, Xiao Si is just lazy. Some messes always like to be thrown to others. Even I can't do this..."

Su Jin followed with his lips hooked, silently agreeing.

Su Nan refrained from interjecting, seeing that Shang Qian could resolve Su Yifeng's problems one by one, and his heart was put into his stomach.

She breathed a sigh of relief and stood up, "I'll go to the kitchen to help..."

Su Yifeng instructed: "Go, don't let your sister-in-law do it, she's too tired this time..."

Su Nan: "Got it!"

She hummed a song and went to the kitchen. The uncle, the housekeeper, was still the head chef. He was skilled in frying, frying, and frying. He was so arrogant that he didn't even notice that he hadn't cooked for several years. .

Since he lost his waist for a year and couldn't do this kind of flexible work, he handed over the cooking to other servants.

What he likes to delve into most recently is dessert, which is not tiring and easy, but very serious.

Even Su Nan admires this!

Su Nan come in, the housekeeper uncle sighed twice:

"Miss, don't come in and make trouble, go go, you are still sick, go out and wait. Let's eat!"

Su Nan walked to Wen Xiang's side, she was helping the housekeeper uncle, although she was not very skilled, she was also studying very seriously.

She smiled, "I'm not sick a long time ago. Uncle Steward, your nutritious meal can be patented. I'm getting better soon!"

Uncle Steward laughed.

Wen Xiang glanced at her, then glanced at the situation in the living room.

He approached Su Nan in a low voice: "If you leave President Shang there alone, you won't worry about your father and your eldest brother embarrassing him?"

Su Nan was stunned, shook his head with a smile, and raised his chin:

"Of course not, he is me If you want to embarrass him, father and elder brother will not come over for dinner."

Wen Xiang raised her eyebrows, "It looks like you recognize him?"

Su Nan smiled, "Well, that's him."

Who else can In the most critical moment, how to save her for life?

The housekeeper uncle cooked a few Chinese dishes and started frying the steak again, but it was not messed up at all.

It made Su Nan and Wen Xiang on the side unable to watch.

What is the combination of Chinese and Western food?

Just two people who are not involved and have no say.

Su Jin's tall figure walked in, and the kitchen immediately seemed a little cramped.

"Two eldest misses, can you not disturb the housekeeper's uncle to show his skills here?"

His tone was rather helpless.

Especially seeing Wen Xiang's hands still soaked in cold water to wash vegetables, with a frown, she walked over, took out her hands, wiped them off with a tissue, and kept them warm in the palm of her hand.

"I told you not to touch cold water, why do you always lose your memory?"

His tone was very doting, with a bit of resentment, and he didn't even blame loudly.

Wen Xiang smiled and said softly: "It's okay, the water is not cold..."

Su Nan stared blankly at this scene and stretched out her hand:

"My hand was also soaked in cold water. Hey..."

The eldest brother, who has always loved him so much, didn't see it, but began to show affection with Wen Xiang?

Su Jin rolled her eyes at her and put her hand away, with a gentle smile in her tone:

"It doesn't matter if you soak in cold water, your sister-in-law can't."

Su Nan was shocked, her family status has declined so fast ?

"Why?"

This gap in my heart is a bit unacceptable!

Su Jin glanced at Wen Xiang and touched her palm:

"Because she has a baby in her belly, you are going to be an aunt!" When

he said this, there was a gentle look in his eyes, and he wished his eyes would stick. On Wen Xiang's body.

Su Nan was stunned for a few seconds, then reacted immediately.

“Ah—really? Really?”

She almost jumped up and rushed over excitedly to hug Wen Xiang.

But before anyone could touch her, Su Jin blocked her.

“Go, don’t be surprised, it’s scaring the baby...”

Wen Xiang patted his shoulder angrily, and said with a smile:

“Don’t make a fuss, it’s been less than three months, and it’s not even the size of a walnut. How can you be scared?”

Su Jin touched his nose, “I’m not worried about what happens?”

Su Nan cautiously retracted. He put his hands together and said, “Wow, I’m going to be an aunt? No wonder I look at my sister-in-law’s belly a little differently!”

Wen Xiang couldn’t help laughing after hearing this.

“Do you know? When your eldest brother knew about this, he said exactly the same thing as you!” The

two brothers and sisters looked at each other and couldn’t help laughing.

The steward’s uncle’s steak was cooked, and he shouted, “Out of the pot—”

...

Chapter 1623 is too excited

Chapter 1623 was so excited that

Uncle Steward was completely intoxicated by his cooking skills and did not hear the shocking good news just now.

Su Qi walked in from the outside with a smile, “Hey, Uncle Steward, your steak screams braised pork, it’s incredible!”

“Young poor, bring it out...”

Uncle Steward ordered Next, we all started.

Several young masters and young ladies who are used to being served are not at all pretentious in their work.

They were also brought up by the housekeeper when they were young. They took care of four children by themselves. It seemed that some of them couldn't take care of them. They did a lot of these things.

However, when Wen Xiang was about to start, he was stopped by Su Jin and Su Nan at the same time.

"Don't move, just leave it alone!"

Wen Xiang was very helpless, "Don't make a fuss!"

Su Jin: "That won't work either."

After speaking, he looked at Su Qi who was standing at the door and said, "Come here... .."

Su Qi: "..."

Well, he shouldn't have come here.

This good news completely made Su Nan happy and excited. She was going to be an aunt, and a little beanie came out to call her aunt!

There was a smile on her face, and when she went out, she saw Shang Qian helping Su Yifeng walk from the living room.

The two seemed to be having a good conversation, and Su Yifeng had a satisfied look in his eyes.

"Dad, do you want a drink?"

Su Nan suggested.

Su Yifeng waved his hand: "Don't drink, don't drink, Shang Qian's body is still not well, what's the matter with us drinking by ourselves, next time!"

Su Nan smiled, "I'll accompany you to drink..."

Shang Qian glanced at her in surprise, as if there was really something to be happy about. He wanted to ask, opened his mouth, but still didn't ask in front of everyone.

Su Yifeng raised his eyebrows and asked her interestedly, "Do you want to drink some?"

“Big brother also wants to drink some!”

Su Jin froze for a moment, then helplessly rubbed his brows, “Drink, it’s rare for her to be happy.”

Su Yifeng patted her thigh, and immediately agreed, “Okay, full!”

Su Qi saw it, and immediately went to find a cup with great enthusiasm, and poured it with the best wine.

When it was handed to Wen Xiang, Wen Xiang was taken aback, Su Nan took it and put it aside:

“Sister-in-law can’t drink.”

Su Qi snorted, “What nonsense are you talking about, sister-in-law drinks better than you, sister-in-law has a drink. Look at her!”

As soon as he said that, he felt the cold eyes in Su Jin’s eyes drifting coldly to him.

Su Qi suddenly felt cold all over. For some reason, Su Jin had murderous intent in his eyes.

Wen Xiang lowered his head and smiled, and said warmly:

“Third brother, I won’t drink it today, let your elder brother drink it for me?”

Su Qi shuddered, and immediately did not dare to object:

“No problem, Then drink it next time, this time let eldest brother drink...”

He smiled and handed the cup to Su Jin.

Su Jin didn’t answer, and tapped his fingers on the table, ignoring him.

Su Qi smiled and put it in front of Su Jin, “My dear eldest brother, please...”

He was so humble, he didn’t know why he was wrong, so he subconsciously begged for mercy.

It’s just naked servility.

Wen Xiang tugged at Su Jin’s sleeve, and Su Jin reluctantly took it and took a sip, and looked at him with a warning:

“Be careful what you say in the future, if you dare to be big or small, be careful I will slap you.”

Su Qi twitched the corners of his mouth and nodded immediately.

Su Yifeng didn't see it at all, and he raised his hands in agreement with the eldest son teaching the younger son.

As for Shang Qian, he didn't know what to say when he saw it, so he could only pretend that he didn't see it.

Until the housekeeper came out with the last dish, he said with a smile:

“Come on, this is the boiled shrimp with tiger tail, the last dish is ready, everyone can use it slowly.”

Su Yifeng glanced at it, nodded, and pointed to the seat opposite:

“There are no outsiders, you can sit too...”

Su Nan quickly gave the housekeeper a chair: “Uncle sit...”

...

Chapter 1624 Just take care of yourself

Chapter 1624 Just take care of yourself. The

housekeeper didn't want to eat together. After all, it was Shang Qian's first official meeting for dinner.

But Su Yifeng spoke, plus Su Nan's enthusiasm, everyone didn't mind, it would be bad if they refused.

He simply responded, added a pair of bowls and chopsticks to himself and sat down.

In the seating room, everyone gradually relaxed, talking, laughing, eating and drinking.

Even Shang Qian's initial nervousness disappeared.

There is something strange and attractive about the people of the Su family, that they don't have any secrets between them, and shameful things can be taken out for fun at will.

Be angry when you want to be angry, express it happily when you are happy, and be careful without any intrigue.

It's hard not to like this atmosphere.

Even the uncle, the housekeeper, could have two drinks with Su Yifeng with a glass of wine, and as soon as the two of them drank too much, they began to reminisce about the past.

Su Nan also drank a lot, clinking glasses with Su Jin back and forth, and Su Jin refused to come.

Just when he finished drinking, he would turn his head to look at Wen Xiang beside him, his eyes were gentle as if they were about to overflow with a soft light, that kind of unconcealed warmth and affection that would never be seen in normal times.

Sitting here, Shang Qian suddenly felt that the life he longed for seemed to have become a family with them.

Su Qi was the happiest when he drank, but he said everything without going through his head, which made people want to beat him up to relieve their hatred.

But this is so happy.

He came over with a glass of wine and hooked up with Shang Qian:

"Brother-in-law, we will be a family from now on, remember to take care of... hiccup..."

He hiccupped, and Shang Qian immediately responded. :

"I will take good care of Su Nan."

Su Qi frowned and looked at him, "She will take care of herself, you just need to take care of yourself, my sister is amazing, don't look gentle on the surface... hiss -"

His aching ears pricked up, and he turned his head to look in shock.

Su Yifeng stood there, his hands constantly exerting force:

"What nonsense are you talking about, believe it or not, I will throw you out of the window!"

Su Qi: "No no no, you are illegal, I want to report your domestic violence to your own son. "Go

to hell!"

Su Qi was chased away by Su Yifeng.

Su Nan held her face with one hand and smiled so brightly that she looked a little drunk.

Shang Qian couldn't help pouring her a glass of water, carefully handed it to his mouth, and coaxed her:

"Come on, open your mouth, take a sip..."

Su Nan obediently bowed her head, took a sip, a little. Didn't drink much.

Shang Qian was helpless, looking at her giggling gleefully, he didn't know why he was so happy?

Haven't seen her so excited in her escape?

"So happy tonight?"

He patted her on the back in a low voice, afraid that she would be uncomfortable.

Su Nan's eyes flashed and he nodded, "Very happy!"

Shang Qian frowned slightly, "Why are you so happy all of a sudden?"

He wiped her mouth with a tissue.

Su Nan hooked his fingers.

Shang Qian's face was slightly red, and he looked at the people around him. They were all doing their own things. No one noticed this, so he quietly put his ears up.

"You said?"

Su Nan whispered:

"I'm going to be an aunt, and my sister-in-law has a baby!" It's

only been less than three months, so it's hard to publicize it everywhere.

But this kind of information and excitement is really unbearable, and it is necessary to find someone to share it, which is even more gratifying than making millions and tens of millions.

Shang Qian was stunned for a moment, then looked up.

The opposite Su Jin was gently cutting a steak for Wen Xiang, cut a small piece, handed it to her mouth, and petulantly asked her if she would eat it?

Chapter 1625 An Qi was released.

At this moment, the two people on the opposite side noticed it and saw Shang Qian looking at them.

Shang Qian smiled, raised the wine glass in front of them, and said two words with his mouth: "Congratulations."

Su Jin and Wen Xiang understood immediately, smiled and nodded, while Su Jin took it from a distance Put down the wine glass and drink up the wine inside.

The meal was lively until it was almost midnight, Su Yifeng was about to fall asleep, and Su Qi reluctantly announced the end.

Shang Qian saw that they were almost drinking, and even the uncle, the housekeeper, started snoring, and it was impossible for them to contact the driver by themselves.

Shang Qian could only call his driver over and ask him to send Su Yifeng and his uncle the housekeeper back to Su's house.

Wen Xiang and Su Jin went to rest in Shang Qian's house upstairs.

Su Qi casually spent the night on the sofa in the living room.

Su Nan was very satisfied with this arrangement.

Because Su Yifeng and Uncle Butler were getting old, the beds they slept in were specially customized according to their physical fitness. If they made arrangements for one night, they would be unwell tomorrow.

But where did Shang Qian go?

He was troubled by himself.

Because Su Jin and Wen Xiang were in his house, it would be a little inconvenient if he went back to sleep.

But staying here, he was worried that the people of the Su family would be unhappy when they found out.

While hesitating, Su Nan took him back to the bedroom.

“Let’s rest first, your body can’t stay up

like this.” Seeing her indifferent expression, Shang Qian sighed, and after thinking about it, he stood up:

“I’ll go to the guest room...”

Su Nan blinked Blinking his eyes, “Are you sure?”

Shang Qian nodded solemnly, “It must be like this.”

No matter whether Su Nan cared or not, he must give her enough respect in front of her family.

Su Nan is not reluctant.

She waved her hand, “Okay, then you go to bed early.”

Su Nan was dizzy from drinking, but she was not polite now, and went to bed after washing.

Shang Qian slept in the guest room, and Su Qi was resting in the living room. There was originally a guest room, but Su Nan didn’t want to clean it up. Anyway, Su Qi didn’t know it, so he didn’t mention it at all.

But he slept in the middle of the night, in a daze, as if he heard the sound of a door opening, and then the side of the bed sank.

...

the next day, the sky was bright.

Su Nan’s cell phone buzzed and vibrated, seeing that it was Qin Yu.

She picked it up in a daze: “Miss Qin, you really are not absent every morning!”

“Little Si, do you know? An Qi has been released...”

Su Nan’s sleepiness He disappeared at once and opened his eyes abruptly:

“What did you say?”

“Shen Liang’s friend happened to be working there, and was released early this morning, saying that Xing Zhi was dead, and the local government and other countries

joined forces to counter terrorism. The troops have all negotiated and plan to suppress this matter.

An Qi is Xing Zhi's person, but she has not been deeply involved in his business, so she has no other value than attracting Xing Zhi.

So ...they plan to extradite her to Southeast Asia.”

Su Nan sat up, feeling a buzzing pain in his head.

“Let the tiger return to the mountain?”

Qin Yu: “Southeast Asia is now the territory of snakeheads. Even if An Qi goes back, it won't be a climate. Instead, people with snakeheads will stare at them. Because of this, they will let them go.

” It's awkward, but things that have already been decided will never be notified to me.

“An Qi will not give up when she sees that Southeast Asia has changed, right?”

Qin Yu: “Of course not, she was fine when she left, but changed when she returned. Who do you think she hates the most?”

Su Nan thought You don't have to think about it, the name that you have rejected is in your mind.

Fu Yechuan.

Chapter 1626 The two big men

Qin Yu smiled, “Anyway, I'm just reminding you, you should send more people to protect yourself, don't follow other people's ways like last time, you can Come to my wedding!”

Su Nan felt relieved and smiled:

“Don't worry, Miss Qin, I promise you won't be absent!” The

two of them chatted about other things before hanging up.

It was only a quarter past eight, and there was no sleepiness.

Her biological clock has been kept irregular recently, and she sleeps until she wakes up naturally every time.

It may be because of drinking alcohol last night, and my head hurts a little in the morning.

She washed up and went out, wanting to make a hangover soup.

But the living room was quiet.

Su Qi, who was sleeping on the sofa, is also gone, and only traces of someone sleeping can be seen.

Su Nan was stunned for a moment. Did Su Qi leave early in the morning?

Okay, let's count him a little wink.

Su Nan looked at the door of the guest room and was very quiet.

It seems that Shang Qian has not woken up yet.

The ingredients for the hangover soup are ready-made, she can just cook it directly.

There was still no movement in Shang Qian.

She couldn't help but knocked on the door, but there was no answer.

Stunned for a moment, she simply pushed open the door.

Looking at the scene inside, I was stunned for a moment.

How come two big men still slept on that bed?

Shang Qian and Su Qi were lying on their sides, and the two of them slept very deeply. The morning light came in, and every inch of Qing Jun's face was clear and cold.

Su Nan leaned against the door, watching this scene and smiled slowly.

It's really nice to see.

It's no wonder that everyone hit CP so hard.

If it weren't for her boyfriend and her brother, she would be able to make up scenes of other scenes in her mind.

Perhaps her laughter was too harsh, and the two sleeping people woke up at the same time.

Su Qi touched his head irritably, "What are you doing early in the morning?"

Listening to his voice, Shang Qian, who was beside him, instantly woke up from his sullen state.

"Su Nan, third brother...this...why are you here?"

Shang Qian's words made Su Qi's hair stand up.

"Why are you here?"

Su Nan looked at the shocked expressions of the two, and suddenly fell back and forth with laughter.

"Don't worry, the two of you are dressed neatly!"

She covered her mouth and went out, closing the door thoughtfully.

After Su Qi and Shang Qian looked at each other, they separated immediately, jumped out of bed, and sorted themselves out.

Su Qi couldn't help but complain:

"It's the first time I've slept in the same bed with a man. If this is spread out, the consequences of sleeping with a woman will be much more serious. You'll be bitten to death!"

Shang Qian's face is ugly, his voice is hoarse, and he is slightly disgusted:

"Don't worry, I don't want others to know more than you!" The

two went out one after the other.

Su Qi still didn't understand why he slept with Shang Qian?

"Why did you sleep here?"

Shang Qian glanced at him, "Only this guest room has been cleaned up. You were originally sleeping on the sofa."

Who knew that Su Qi ran over consciously in the middle of the night?

Su Qi frowned: "I mean, why don't you sleep with Su Nan?"

Shang Qian's face changed slightly, just as he was about to speak, Su Qi nodded clearly:

"I'm sorry, I forgot, your body is not yet Good..."

After saying that, with a pityful look, he patted his shoulder and turned around outside.

Shang Qian's face darkened.

Su Qi watched as Su Nan cooked the hangover soup and brought it to the table.

He was also rude, sat down and drank half a bowl in one go.

Afterwards, I felt better mentally and physically.

Su Nan looked at him with a half-smile, "Third brother, you made a mistake by drinking!"

Su Qi gave her a white look.

Chapter 1627 I don't know

Chapter 1627 I don't know that

Shang Qian finished grooming, went upstairs and changed clothes, took a list in his hand, and handed it to Su Qi:

"Big brother and sister-in-law have left, I I didn't have time to give it to them, can you help me pass this on?"

Su Qi frowned, took it over, and looked at the long list of books.

"What is this? "Guide for Infants and Toddlers", "What to Do When Children Cry", "What Qualified Parents Do"?"

Shang Qian paused, "Of course I've read it before, and I think it's more useful. but some of them are published in English. When I go back and have someone bring them over from abroad, these are more useful in China and can save the elder brother and sister-in-law from taking a lot of detours..."

For raising children, business Qian is really experienced.

Su Nan nodded, "Big brother and sister-in-law need it!"

Su Qi didn't understand, looked up blankly, confused:

“Why do they need this?”

Shang Qian: “Isn’t sister-in-law pregnant? She can start preparing now. Now, it’s good to prepare early, you can’t rely on the confinement agency to take care of it or the confinement sister-in-law, who is an outsider...”

Su Qi hasn’t come out of Shang Qian’s words:

“Pregnant? Is my sister-in-law pregnant? “

He looked unbelievable.

Su Nan raised his head, also in disbelief:

“Don’t you know?”

Shang Qian looked at him the same way.

Su Qi pointed at himself speechlessly: “I don’t know!”

No one told him.

Looking at the two of them, he suddenly felt a strange anger in his heart: “Don’t you all know?”

Su Nan and Shang Qian nodded.

Su Qi suddenly felt so wronged, “Does the whole family know about it, but I don’t know?”

Su Nan paused and didn’t answer.

It’s very likely that this is the case!

Su Qi: “No wonder I let my sister-in-law drink last night, brother Almost killed me...”

...

Su Qi left here depressed, Su Nan and Shang Qian simply cleaned up, the two of them rarely enjoyed their time together.

It was just a bit boring, the two of them So we decided to go out for a walk.

There is a university town nearby, not far away, but Su Nan was worried about Shang Qian’s health, but Shang Qian insisted that there was nothing wrong.

I wanted to take the subway, but I thought of Qin Yu's call in the morning, After thinking about it, I still drive.

It's just that the car can't enter the snack street. They walk in front and buy something to taste when they see something they like. Chang Li and others follow not far or near.

Shang Qian is right . I was very interested in everything, and listened patiently to how she did it.

Although Su Nan didn't know much about herself, she was able to deceive people when she talked incessantly.

As she walked, someone in front of her was calling her, and He also waved at her:

"Sister Su Nan..." The

voice sounds familiar.

But Su Nan can't remember who it is?

That person came in a blink of an eye.

"Su Nan, I really didn't watch it. Wrong person, I haven't seen you for a long time, why didn't you go to the last few salon parties? "

Haye, the daughter of the president of Haixin Group, has come back to life since Yunyun failed to be her stepmother last time. He is willing to attend any party and speaks with confidence and confidence.

Su Nan was a little surprised, and her voice was light: "Why are you here?"

Hai Ye patted his chest: "I'm going to school here. I communicated abroad for a while before, but I'm still worried, don't look back, I'm back. At that time, my father even gave birth to an illegitimate child, so I simply stayed!"

Su Nan got used to her direct talk and smiled, "Are you really in the mood to have a party here?"

" A few classmates are having dinner here, do you want to come together?"

Hai Ye looked at the man standing next to her with a slightly pale face, but still calm and gentle, and was slightly taken aback:

"Sister Su Nan, you haven't broken up with him yet. what?"

Su Nan and Shang Qian were slightly taken aback.

Shang Qian's face darkened.

Don't turn your head away angrily.

Can't be compared with a child.

He just squeezed Su Nan's palm to express his dissatisfaction.

Su Nan chuckled, "Why should I break up?"

"This person looks weaker than before, as if he could die at any time, you have to change to a healthier one and live longer..."

Shang Qian twitched the corners of his eyes: "..."

Su Nan laughed, "Don't worry, he has lived quite a long time, and he has been feeling unwell recently."

Hai Ye nodded in disbelief, still Keep your doubts.

But then, she said with a smile:

"Would you like me to be your tour guide? I'm familiar with this place, and I know what's delicious!"

Just as Su Nan was about to say no, Shang Qian couldn't help but speak first:

"I'm sorry, I'm not feeling well, I'm afraid I won't be able to go too far..."

Hai Ye looked at him with disgusting eyes.

What's the use of looking good, look like a sick seedling.

Su Nan quickly grabbed his arm nervously:

"Are you uncomfortable? Do you want to take a break? Or go directly to the hospital?"

Shang Qian smiled and patted her hand: "It's just a little tired, it doesn't matter, Let's go later?"

Of course Su Nan would not refuse.

She turned her head and said goodbye to Hai Ye, then dragged Shang Qian into the coffee shop opposite.

Hai Ye stood there with his arms in his arms and shook his head, the white lotus scheming man, oh, she can see through it at a glance!

In the cafe, Shang Qian sat there, looked out the window, and breathed a sigh of relief.

It feels so good to be quiet.

Su Nan saw that his face didn't change, and then he really believed that he was just tired.

The waiter came over, "Excuse me, what do you two need?"

Su Nan looked at him: "He wants a soda, I want mocha."

"Okay, please wait a moment."

Su Nan smiled and looked at him: "You really don't need to go to the hospital?"

Shang Qian raised his eyebrows, "I really don't need to go to the hospital right away."

He saw that Hai Ye had left and went back to his classmates.

Su Nan saw through him and couldn't help but laugh.

"Just say I don't want her to be a tour guide. I planned to refuse."

Shang Qian paused, and his warm face was dyed a bit crimson:

"I just think she is too noisy." The

two drank a cup of coffee, Continuing to walk, looking at the youthful smiles around them, the mood of the two of them became relaxed.

Su Nan couldn't help sighing: "Young is so good!"

Shang Qian paused and looked at her intently: "You are the best."

No matter how young others are, they are still others.

But the person in front of her is Su Nan, and because she is Su Nan, she is unparalleled in the world.

Su Nan smiled and rolled his eyes, his whole body was lying on top of him, Shang Qian didn't feel any weight, as if he was dragging a child to walk.

enjoying the moment.

If you are tired, take a break.

Su Nan looked at the road in front of him and suddenly said,

“Angie has come out and will be extradited to Southeast Asia.”

Shang Qian paused, pursed his lips and said, “Do you hate her?”

Su Nan shook her head: “It has nothing to do with her. , In fact, Xing Zhi took good care of me when he was arrested, at least he didn't really take me as a hostage. He

just made a reasonable move when he learned that the transaction was impossible. .”

In this sense, it is to tear up the hostages.

There was a moment of silence.

Those gloomy days seem to be back in front of us.

Su Nan said softly: “I don't even know, it turns out that some people live a different life. They don't treat people as people, and they are extremely numb to the pain of their companions. I told you, those women?”

Chapter 1629 French Kiss

Shang Qian nodded, of course he remembered.

The filth of the torn mask is not acceptable to everyone.

So she was still brooding.

Shang Qian patted her hand: “Well, let's set up a foundation to help abducted women and children all over the world, and there will be a way back, do you think?”

Su Nan froze slightly and looked at it in shock. Looking at him, the bright eyes were instantly dyed with light.

“Really? I want to help them, but I don’t know how to help them. Although Xing Zhi died, they may not be rescued. If so, it would be better!”

Shang Qian smiled slowly.

Look, what a kind girl.

Then hold back the rest.

Although this approach is probably a drop in the bucket, and there is a lot of suffering, but at least it makes her feel happy, it is worth it.

Su Nan leaned on his shoulder and smiled, “You can set up a voluntary organization, provide the clues they find to professionals, and then let the professionals do it, and send this information to the embassies and police of various countries, it will definitely be very useful.

Yes .” Shang Qian smiled: “Of course.”

Once an idea has been made, it must be implemented.

But it’s not that simple. Su Nan intends to discuss with Su Jin before starting preparations.

After all, Su Jin has more experience than her.

However, Su Nan’s mood improved visibly.

...

they eat quite a bit here, so no appetite for lunch.

But Qin Yu called, “Baby Su Nan, my clothes are dirty, can you help me deliver them?”

Su Nan was stunned for a moment, and then spoke a little further away from Shang Qian:

“Are you in the company? Didn’t you prepare clothes?”

Qin Yu sniffed: “No, I am attending a project reception at a resort in the suburbs, and my clothes can no longer be worn. , underwear too, I don’t want to let others know, and ... Shen Liang is still talking about business.”

Speaking of this, there was a bit of grievance in her tone.

Su Nan pursed her lips and didn't ask any further questions: "Okay, send me the address."

"I will always love you baby Su Nan!"

Qin Yu happily hung up the phone and sent the location.

Su Nan turned around and sighed: "I'm going to run errands for Qin Yu, can you go back by yourself?"

Shang Qian smiled, "Of course, the driver is waiting outside and can come in at any time."

Su Nan lowered his head, Kissed him on the forehead, a little bit of water.

"Then be good, and be obedient!" The

tone was like coaxing a child.

Shang Qian's heart trembled, and suddenly something strange happened. He slammed his waist down and grabbed her lips and tongue accurately, tasting her sweetness.

This scene was immediately envious in the eyes of the students passing by.

She didn't let go until she pushed him, almost out of breath, and there was still a bit of crimson in his eyes.

"I'm sorry, I can't help it."

Su Nan's face was charming and dazzling, and glared at him angrily, "Go back and settle the account with you." Her

voice was soft and charming.

Shang Qian watched warmly and raised his hand to surrender: "No problem."

Under his fiery gaze, Su Nan hurriedly left.

It was originally just a farewell kiss, but who knew that he would turn it into a French kiss, so that she didn't dare to look back at him now.

Chang Li drove the car and Su Nan sat in the back. Fortunately, there were several unworn clothes and underwear from several brands in the car. It was good to send them directly.

But listening to Qin Yu's tone, it seems that this matter is not that simple.

Miss Qin is not someone who will be wronged.

...

Chapter 1630: Capable Female Assistant

Chapter 1630 When a capable female assistant

arrived at the manor, with Su Nan's face, she could easily enter even without an invitation.

Chang Li was carrying his clothes behind him, looking like he just came back from shopping with Su Nan.

After asking about the room, Su Nan was about to go upstairs when he suddenly saw Shen Liang and his party walking towards him.

I have to say that Shen Liang is about to get married, and he looks really high-spirited and radiant, much more pleasing to the eye than when we met before.

When everyone saw Su Nan, Su Nan couldn't hide even if he wanted to.

"Miss Su? Why are you here?"

"Yes, Mr. Su, if you had come earlier, you wouldn't have missed the barbecue lunch just now..."

"Miss Su, let's play golf together?"

.

Su Nan smiled and declined: "I'm not here today for office work, I'm here to find my friends, everyone, have fun, let's get together another day..."

Everyone laughed Nodding, naturally not forcing.

It's just that Shen Liang frowned slightly, he could vaguely know that the friend she was looking for was Qin Yu.

It's just that Qin Yu has something to do, why don't you find him?

Seeking distance, why?

Su Nan glanced at Shen Liang meaningfully, and without saying anything, he raised his feet and went upstairs.

Chang Li followed behind with something.

Everyone dispersed one after another.

Shen Liang took a sip of his wine and turned to see his assistant Yan Yanzheng walking over with a smile:

“Mr. Shen, you’re almost done drinking, do you want to leave early?”

Zhao Huan was sent by him to prepare for the wedding, and he only recommended it. A female assistant who used to have a very low presence in the Secretariat came to take over.

Originally, he was quite skeptical, but after observing for a few days, this Yan Yan acted neatly, did not publicize a high profile, and was able to cope with situations with ease, but he was unexpectedly capable.

So this project reception was arranged by her.

He was quite satisfied with it.

But other than that, he always felt that something was wrong, and when Zhao Huan came back, he still had to transfer her away.

Shen Liang stretched out his hand, “Where’s my cell phone?”

Yan Yan was stunned, “It’s in my bag outside.”

Shen Liang frowned: “What if I miss an important call?”

Yan Yan hurriedly said, “No way. Yes, I just saw it three minutes ago, there is no important phone call, it’s all from the company, it won’t be more important than this banquet.”

Having said that, Shen Liang still glanced at her with a cold look in his eyes.

Yan Yan felt that she answered no questions, and she was confident that she could be Shen Liang’s assistant.

After finally waiting for Zhao Huan to leave, how could she continue to hide her edge when she can get close to Shen Liang?

But Shen Liang’s eyes just now were clearly a bit dissatisfied.

She thought she had read it wrong, and when she wanted to explore again, he had already looked away.

Yan Yan breathed a sigh of relief.

Shen Liang raised his hand and looked at his watch: "Where's Qin Yu?"

Yan Yan's face froze slightly, and he smiled:

"Assistant Qin is not very suitable for this kind of situation, and it's not enough after a few sips of wine, you should find a room Let's rest..."

Although he said it was harmless to humans and animals, no matter how you listened to it, it contained a bit of a complaint.

In Shen Liang's position, although he wasn't interested in knowing what they were thinking, it didn't mean he didn't know.

That's why his secretariat has been reluctant to let women go.

Qin Yu is his wife's business, and no one in the company knows about it except Zhao Huan.

Qin Yu became an assistant, and for them, it was a little bit of a sense of crisis.

Shen Liang thought before that, after the wedding, everyone will know it. Now that rumors are spread, it will only lead to groundless speculation.

Thinking about it, he frowned and looked at her with a restrained expression:

"Which room is she in, should I go see her?"
