Chapter 1631 The surprise turned into a fright

that Shen Liang wanted to see Qin Yu, but he couldn't wait for Yan Yan's answer.

Yan Yan looked up at him sluggishly and stiffly, as if not expecting that Shen Liang would directly express his preference for Qin Yu.

In the company, everyone knew that Qin Yu came in through the back door.

And the relationship with Shen Liang is somewhat unusual.

In an ordinary company, which president would patiently teach an assistant how to make a business plan? How to modify the form to work like this?

But Qin Yu doesn't know how to work, so he can either ask Zhao Huan directly or ask Shen Liang directly.

Zhao Huan had always been strict with them, but it was rare to see him explain some of the most basic issues to Qin Yu and Yan Yuese.

This further shows that Qin Yu's back door is unusual.

Although it has not been put on the public side, it has been rumored in private.

As soon as Zhao Huan left, Qin Yu started to ask them questions when they encountered something they couldn't understand.

But how can other people get used to her?

After Yan Yan scolded her for the wrong formula in a table, Qin Yu never consulted them again.

Now she should see the difference between her and everyone, right?

Can you be ashamed to get out of here?

But she didn't.

She went directly to ask Shen Liang.

And Shen Liang didn't have any dissatisfaction, and even in his busy schedule, he had to teach her patiently, and let her learn the things they knew long ago.

Yan Yan wanted to get close to Shen Liang in her dreams. She worked hard to keep herself here well, even if she lived under Zhao Huan, her low-key and non-disturbing style did not allow herself to be criticized by the public.

But someone suddenly appeared and replaced her.

...

Shen Liang said impatiently: "Which room is Qin Yu in?"

Yan Yan reacted immediately, her eyelashes trembled, and said, "...I don't know either."

Shen Liang turned his head away, his emotions restrained and low: "Go get my mobile phone."

He would not scold a subordinate in public.

Such a thing should be taught by Zhao Huan.

Yan Yan nodded with a pale face, and looked at him tentatively: "Why don't you get in the car first, I'll go up to find Assistant Qin, and let her come out and go back with us later."

Shen Liang ignored her words at all, and strode forward. The stairs completely ignored her words.

Yan Yan's face was even more ugly.

She took a deep breath and tried to calm herself down.

She doesn't believe that her hard work and excellence will be defeated by a Qin Yu.

The person who is most suitable for Shen Liang's care should be her.

...

Su Nan found the room and knocked on the door, Qin Yu immediately stuck her head out to open the door.

She was wrapped in only a bath towel and looked like she had just taken a shower.

Su Nan asked Chang Li to wait outside, and went in with her own things.

"Miss, look at this dress, are you still satisfied?"

Qin Yu leaned forward with a smile: "Satisfied, even if you buy one for me on the street stall, I can't wait to kowtow to you gratefully!"

Said, She snatched it away and looked at the s with joy.

Whether it is good or not, the key is a decent dress that can be worn out.

"Where's your previous clothes?"

Su Nan glanced.

Qin Yu pouted, raised her chin, and pointed in the direction of the bathroom:

"I threw it in the trash basket inside."

"What's the matter? Why did you even get your clothes dirty? Shen Liang didn't care. You? I watched him entertaining below..."

Qin Yu sighed, her expression a little down.

"I called, but I couldn't get through, no one answered, and when I called another colleague, no one answered. Maybe everyone is busy!"

Su Nan frowned, "Where's the waiter?"

such a big resort winery, you can't even have a waiter, right?

Qin Yu shrugged, "My colleague said he would call for me, but no one came, and the phone was broken. I just finished taking a shower, so it's hard for others to come over, that's why I did this."

Su Nan frowned . , watching her go inside with her clothes in her arms, thoughtfully.

A few minutes later, there was a knock on the door outside.

"Chang Li?"

Su Nan asked.

Chang Li: "Yes, Miss Su, President Shen wants to see Miss Qin."

Su Nan rolled her eyes, she didn't have to think about it, she knew that today's matter had nothing to do with Shen Liang.

Qin Yu was wronged by this, and she didn't feel it herself.

But bystanders are clear, she is clear.

Qin Yu was calculated by who.

"No, let him get away."

She said angrily.

The two people outside were stunned for a moment.

Chang Li calmly conveyed Su Nan's words:

"No, get away."

There was no tact or modification in the wording.

Shen Liang was stiff for a second, then stepped forward, knocked on the door, and said in person,

"Miss Su, I'm Shen Liang, I just want to see how Qin Yu is doing, if it's inconvenient, please let her tell me Just say it, I'll wait for her downstairs."

Although Qin Yu has a small temper, she has always been a small temper that never stops and can be forgotten in a blink of an eye.

Shen Liang knew all about it, so he was sure that it was Su Nan's decision not to see him, not Qin Yu's.

Su Nan chuckled lightly, ignored it, and sat there waiting for Qin Yu to come out.

Fortunately, the people outside did not continue knocking on the door ignorantly.

Qin Yu changed her clothes and dried her hair before walking out clean and neat.

She smiled and turned around, "You haven't worn this dress once, haven't you taken off the tag? You're a little thinner than me, so it's a little

tighter for me to put on, but it's okay!"

dissatisfied.

Su Nan smiled, "Miss Qin is satisfied."

It was originally a black and white stitched dress, which looked a little cold and sassy, which was very suitable for Su Nan's style.

Qin Yu has a lot of flesh, but it's a bit more sexy when she wears it.

She paused and raised her chin, "Mr. Shen is waiting for you at the door?"

She is not the one who instigates things.

But Qin Yu kept silent about how the clothes got dirty, it's no wonder that there is no problem!

Qin Yu was stunned for a while, and hurriedly ran over to open the door, "Shen Liang, I didn't hear you just now, what are you doing here, is the reception over?"

Shen Liang stood at the door in a trance, watching her suddenly run out, slightly stunned.

Then, looking at the clothes on her that did not belong to her style, there seemed to be a strange twist in her heart.

But there was no strangeness or anger on her face, it seemed to be no different from usual.

His face was still calm, and he nodded: "Although it's not over yet, but you can go, I'll wait for you downstairs?"

Qin Yu stopped him and paused:

"Su Nan is here, we have an appointment. If you go to dinner at night, I won't go back to the company with you."

Shen Liang was silent for a few seconds, some strange emotions surging in his eyes, trying to catch something wrong on her face, but there was none.

"Assistant Qin, there are still four hours left before work. Do you want to tell your boss, are you going to skip work?"

His voice was calm, with a bit of power and coaxing.

"At the party at night, I'll take you there when it's time, and I'll go back to the company now?"

He always felt that he couldn't let her go before the matter was made clear.

As soon as she left, wouldn't she be even more confused?

Qin Yu stood there in embarrassment, if she was as casual as before, she wouldn't care what nonsense Shen Liang said.

But during this time, Shen Liang taught her seriously, if she patted her butt and left, she would appear to be too unconscionable.

...

Chapter 1633 Pay attention to your identity

Chapter 1633 Note that you

are hesitating about your identity. Su Nan walked over from behind and said leisurely:

"Alright, you can do it first..."

Qin Yu frowned, " But you've come..."

Su Nan smiled, "I don't have to go to work anyway, I'll go to your place, we'll go together when you get off work."

Shen Liang frowned.

Qin Yu hugged her happily: "Okay, that's it!"

What a way to get the best of both worlds!

Shen Liang: "..."

Su Nan smiled and looked at him: "Can I go to your company to wait for Qin Yu to get off work? Mr. Shen?"

Shen Liang smiled and nodded.

Of course, Su Nan spoke in person, and it was not an unreasonable request, he could not refuse.

What's more, at the beginning, Su Nan completely destroyed his biggest rival, the Hong Group, with one hand, and only then did their Shen Group rise.

Even out of business friendship, Su Nan's request would not be easily rejected.

Qin Yu was so happy that she held on to Su Nan's arm and didn't let go:

“Tell Cheng Er in the group and ask him to take him to Macau to win the figurine last time. I’ve been wanting to see it for a long time. Posting it in the group attracts me.”

Su Nan smiled, “Okay, can he be willing?” The

two of them were chatting and laughing at the front, ignoring the people behind.

Shen Liang looked at the two backs thoughtfully, and always felt that something was wrong.

And Chang Li, who was following behind them, had lost the brand bag he was carrying when he came.

It happened that Qin Yu changed a piece of clothes, which means that Su Nan came to bring clothes to Qin Yu on purpose?

Thinking, they went downstairs.

door.

The car was already waiting there.

There was also a tall woman standing beside the car. She looked plain, but her eyes were shrewd.

She still had Shen Liang’s coat on her arm and held Shen Liang’s mobile phone in her hand. She should be an assistant.

Seeing them come out, especially seeing Su Nan and Qin Yu who were walking in the front, smiled slightly.

Then she politely bowed towards Su Nan and nodded:

“Hello, Mr. Su.”

Su Nan nodded without looking at her.

Yan Yan handed the phone to Shen Liang, then opened his coat, ready to put it on for him.

It wouldn’t be surprising for anyone to change this scene.

But in Su Nan’s eyes, it was a little unpleasant.

Before Yan Yan touched Shen Liang’s shoulder, Shen Liang raised his hand to avoid it, as if he didn’t expect her action.

Yan Yan also retracted his hand without any embarrassment, without the slightest embarrassment.

Shen Liang frowned, and the discomfort in his heart became stronger and stronger.

He looked at Qin Yu subconsciously, but Qin Yu kept joking with Su Nan, as if he didn't see the scene just now.

He breathed a sigh of relief.

However, she glanced at Yan Yan with shock, "Pay attention to your identity."

This sentence was already very heavy to her.

Yan Yan's face changed, and it seemed a little dazed.

But in the next second, she smiled very decently, like a robot that had been trained countless times:

"I overstepped, Mr. Shen please..."

Shen Liang stepped forward, of course, he could not ignore Su Nan:

"Mr. Su, do you want to have a car with us, or..."

Su Nan paused, "Let's go together, just let my car follow."

Shen Liang nodded and stepped forward. Open the door for her.

Su Nan nodded with a smile, then pushed Qin Yu subconsciously and asked her to get in the car first, and then he followed.

Looking at this scene, Yan Yan frowned.

In the past, even if Shen Liang preferred Qin Yu, he would not open the door for her in public.

But looking at Qin Yu's natural appearance just now, it seemed that he didn't care who was driving the door at all.

Su Nan is naturally able to bear it, but why is Qin Yu?

...

Chapter 1634 How stupid are you?

Chapter 1634 How stupid are you?

This extended version of the luxury car is worth the money today.

Plus Chang Li, it was just full.

It's just that when the car is full, it seems a little cramped.

The weather was great and the light was brilliant.

It is said that Su Nan's level should sit with Shen Liang.

But Qin Yu actually sat next to Su Nan, and Shen Liang sat in the back without hesitation.

Shen Liang glanced at Qin Yu a few times, seeing that she had no intention of looking back at him, and suddenly felt a little flustered.

This feeling inexplicably made him uncomfortable.

He pursed his lips and said abruptly:

"President Su, is President Shang recovering well?"

Su Nan didn't give up, but smiled, "Very well, if it wasn't for Qin Yu's call, we would be going there in the afternoon. Watching the fireworks behind the school."

Shen Liang smiled, and his eyes moved to Qin Yu naturally.

"It seems that Qin Yu disturbed your two-person world..."

Qin Yu murmured, "I only disturbed when I was in a hurry!"

"What is the urgent matter?"

he asked.

This sentence has been asked for a long time.

For a moment, Qin Yu didn't answer, and the car fell into silence.

The next second, Yan Yan next to Shen Liang suddenly interrupted them:

"By the way, Mr. Shen, do you need to take a look at the project contract you just signed today?"

She hurriedly took out the contract from her bag and handed it over to her. past.

Shen Liang restrained his smile, his eyes swept over Yan Yan coolly, and his dissatisfaction with her was obvious.

He pushed away the contract, his tone was cold, "Let the legal department read it again and show it to me."

He was about to say, how stupid are you to make mistakes in such trivial procedural matters?

Yan Yan naturally heard what he meant, but just sat there awkwardly, his whole body stiff.

She laughed abruptly:

"I forgot, Assistant Qin accidentally fell on the dessert introduced by the back kitchen at the banquet, and it was covered all over. Fortunately, the back kitchen people had already prepared, so they didn't. I can't serve in a hurry.

Looking at my memory, I told the waiter to ask them to dry-clean your clothes for you, is there no one going?" The

last sentence was directed at Qin Yu.

Hearing this, everyone in the car was frowning.

Qin Yu was silent for a moment, then clenched his fists: "No."

Yan Yan shouted in surprise, "Why is this? How could they forget just because you are a little assistant?"

I think it is too careless, I will definitely look back. I will communicate with their manager and ask them to apologize to you."

There was a little nervousness in her tone, and she didn't even dare to look at Shen Liang's icy gaze next to her.

She knew that Shen Liang was looking at her, at this lying clown.

After a few seconds, Shen Liang said indifferently:

"Let the waiter go? Why didn't you go? Why didn't you tell me about this?"

Yan Yan was stunned.

His face turned slightly pale.

I thought that the embarrassment of the past had been covered up, and it made a comeback.

She opened her mouth, "Mr. Shen, this is just a trivial matter. I am your assistant. I have to be in charge of your affairs throughout the whole process. How can I get away and go somewhere else?"

She felt a sense of grievance from the bottom of her heart.

Is it so obvious?

In terms of qualifications and abilities, how could she be inferior to Qin Yu?

Do you want her to carry Qin Yu's shoes?

In this car, she felt that the atmosphere had become depressed, and it was difficult to look up to see people, especially the radiant Su Nan who was sitting in the front.

Everyone admires her, everyone wants to be her.

But everyone only dares to dream, not delusions.

What she had been prying into for a long time was the position beside Shen Liang.

Shen Liang's dark eyes swept across the cold corner of the car, and there was a sudden chill in his heart.

"She's not your colleague? She has no help here. If something goes wrong, will you be responsible?"

He couldn't help but increase his tone.

...

Chapter 1635: The consequences are unimaginable

Chapter 1635 The consequences are unimaginable

Yan Yan opened his mouth and did not defend himself.

For her unfavorable situation, she can only admit it.

He lowered his eyes to hide his inner displeasure.

It was quiet inside the car.

The driver didn't even dare to breathe loudly.

Su Nan looked out the window without making a sound, but she could see all this clearly.

Shen Liang can find out the problem in time, so he is not too stupid.

Qin Yu paused and turned around quickly:

"Mr. Shen, I was too careless. In fact, it has nothing to do with other people. Fortunately, everything has passed, and there is nothing wrong. Didn't Miss Su bring me clothes?"

She Seeing Su Nan raised her eyebrows, she asked her to say a few words to reveal the matter.

Shen Liang frowned and looked at her stiffly.

Su Nan lived up to his expectations, smiled, and said in a lazy tone:

"Mr. Shen, the situation was urgent, you should really check it out, what's going on?"

The waiter didn't come up and didn't say anything, and the phone line for the hotel was also unplugged. , all these coincidences are too coincidental.

If she hadn't found me, the person who went back would be a man... the consequences would be unimaginable." The

voice fell.

The atmosphere in the car instantly froze.

That Yan Yan's face instantly became extremely ugly:

"How is it possible?"

She said it so quickly that she almost blurted out.

Su Nan looked at her, but did not look at Qin Yu with the familiarity and smile at all.

Yan Yan felt that her scalp was numb, and under strong pressure, she opened her mouth to recover the gaffe:

"The owner of the resort winery is an old friend of our President Shen, how could something happen to his employees?"

She forced a smile, but it simply cannot be kept very natural.

Su Nan wouldn't talk stubbornly with Yan Yan, not to mention she was talking to Shen Liang.

Yan Yan interjected to interrupt her, which explained one thing: she was guilty.

Shen Liang naturally also realized it.

He suddenly understood in his heart, where did this wrong come from.

Yan Yan, who has been keeping a low profile in the secretariat, has so many thoughts that even Zhao Huan was deceived.

It can be seen that her staying around is an unstable factor.

After several calculations, Shen Liang came to a decision.

After that, no one spoke.

Just because no one spoke, Yan Yan was completely panicked.

I felt very uneasy in my heart.

She sat there as if on pins and needles, and Shen Liang, who was beside her, closed her eyes and stopped asking.

The two people in front didn't mention it again.

Su Nan looked out the window sideways, as if he didn't care.

Qin Yu was also playing mobile games with her head down, and didn't care about the rigid atmosphere in the car.

Yan Yan had a bad feeling in his heart.

It's just that this premonition seems to be very strong.

During the period of Zhao Huan's departure, she worked hard to let Shen Liang see her own value, thinking that she could be on her own, be used heavily, and treat her differently.

But where did her plan go, and she was already so panicked?

The car drove steadily until it stopped at the door of the company.

The security guard at the door came to open the door, and without waiting for Yan Yan to get off, Shen Liang passed her and got off directly.

He stood there straightening the buttons of his suit, and turned back to wait for Su Nan and Qin Yu.

When Yan Yan landed, he felt that his legs were weak.

But no one cared.

As if nothing had happened, Shen Liang chatted with Su Nan,

“Mr. Su hasn’t been here, right? I’ll show you around?”

His eyes fell on Qin Yu, and he moved gently. open.

Su Nan smiled, “Mr. Shen is busy, how can I interrupt? I was taking the liberty to come to the door. It would be bad to interrupt your work. Just give me a lounge, I can pass the time.”

Yan Yan was about to leave. The front responded, but was interrupted by Shen Liang.

Shen Liang did not force Su Nan, turned to look at Qin Yu, and instructed her:

“Then take Mr. Su to the lounge next to my office, and be sure to entertain him. .”

Qin Yu nodded dignifiedly, “Yes, Mr. Shen.”

She glanced at Su Nan and smiled.

The three got on the elevator together.

It was as if he had forgotten about Yan Yan behind him.

She stood there pale, took a deep breath, and went upstairs from another employee elevator.

How could she be qualified to take the CEO’s exclusive elevator?

Originally, the Shen family had just expanded their business here. The preconditions were not as good as those of multinational corporations. The president did not have a dedicated elevator.

She remembered that when she went to work before, she always liked to come early for a while, dawdling downstairs, waiting for Shen Liang to come on time, and then pretended to meet by chance and took an elevator together to go upstairs.

At that time, she was probably the happiest time.

When did he start asking people to repair elevators?

A flash of light flashed in her mind, yes, it was Qin Yu who came before and after.

Coincidence?

She thought it was a coincidence at first.

Really?

Qin Yu doesn't pay attention to these things, and sometimes takes the staff elevator with them, but she can also be seen taking the exclusive elevator.

They thought she was riding secretly, and that she was from the Secretariat, and no one dared to expose it.

Yan Yan was a little confused.

When she filed an application at the group headquarters in the central and northern parts of the country, when she wanted to follow her to expand the territory, no one expected it.

But she was wishful thinking and wanted to help Shen Liang more.

That way he will notice himself.

Yes, only you can help him more.

Yan Yan took a deep breath, followed the elevator, and walked out.

Before taking a few steps, a colleague came over to say hello:

"Yan Yan, President Shen was looking for you just now and asked you to go to his office."

Yan Yan's face froze, and the bad thoughts in his heart became stronger and stronger.

She smiled palely, "Okay."

All she can do now is to whitewash the peace, her mind is blank.

Walking to the door, before knocking on the door, I heard Qin Yu's voice coming from inside.

"Forget it, I don't plan to pursue this matter, so you can leave it alone."

Shen Liang: "This is not a trivial matter, Su Nan is right, if she doesn't go, what will happen is all expected. If you don't, this person has a bad mind, and staying in the company is a disaster."

Yan Yan's heart sank fiercely, as if someone had squeezed his heart heavily.

Did you mean her?

Yes, it's her.

When Qin Yu talked to Shen Liang, she seemed to never have the concept of superiors and subordinates:

"Didn't that happen? Am I okay?"

Shen Liang interrupted her resolutely: "This is not a reason, crime preparation is in the law. The above is also an admitted crime, so just because there is no bad result, it can't be regarded as nothing happened."

"Shen Liang..." Qin Yu was a little anxious: "This is just a small matter, why make it a big deal?"

Shen Liang: "I have already decided, no need to say more."

Qin Yu: "Why can't I explain it to you?"

"Qin Yu, I'm doing it for your own good. If she can harm you once, she can have a second or third time. Will you really face the loss in the future? Do you understand the truth of preventing problems before they happen?"

Shen Liang's tone was cold and hard, rather helpless.

Yan Yan outside the door suddenly froze, she thought she knew Shen Liang very well.

But she had never heard Shen Liang speak in such a tone.

He has always been cold, rational, ruthless, and the same to everyone.

But why did he treat Qin Yu differently?

That kind of angry and helpless, but a little doting gentle, seems not to be him...

...

Chapter 1637 Important Customers

Chapter 1637 Important customer

Qin Yu glared at Shen Liang who was soft and hard in front of him, and really didn't know what to say.

She could only helplessly spread her hands:

"Zhao Huan said before leaving, Yan Yan's ability is good, she is an ambitious person, she can do more for the company, not leave because of such trivial things."

Shen Liang's expression did not change . , in an indifferent tone:

"What Zhao Huan said is not all true, and he also misunderstood.

Ambition? I think she is delusional!" A

sentence threw on the ground, like a boulder smashed into the calm sea, bursts of turbulent waves , up and down, ups and downs.

"You are so vicious towards a newcomer. If you treat other employees, do they still have room for reversal?"

Shen Liang's words made Qin Yu's heart sink.

She only thinks about herself and forgets about others.

She couldn't make a deal for Yan Yan, and she couldn't forgive others.

Shen Liang looked at her for a while, and seeing that she did not continue to stubbornly, he stretched out his hand and beckoned.

"Come..."

Qin Yu walked over reluctantly.

Shen Liang took her hand and said lightly:

"It's not just because of you, even if there is no such thing, she won't keep her.

She has the ability, but she also regards herself as lofty because of this ability. You know ,

the most important thing around us are capable people, and what we lack are people who can use them.”

He said “we”, Qin Yu was stunned for a second.

This is teaching her to do things, and she admits in her heart that Shen Liang’s words make sense.

It was she who looked too lightly.

Qin Yu nodded.

Shen Liang smiled and said in a hoarse voice:

“I won’t give my cell phone to anyone else in the future. If you have anything, you can call me.”

He didn’t receive her call immediately, and ashamed.

Therefore, I am more solemn and grateful for Su Nan’s timely rescue.

Qin Yu was stunned for a moment, then nodded.

She smiled, held his face, and kissed his cheek:

“Thank you.”

Anyway, the main and most direct reason for Shen Liang to deal with Yan Yan was to vent her anger.

She still understands this.

Shen Liang paused and smiled helplessly, this person is really uncertain, making people unable to feel his temper.

“Okay, let’s go and accompany President Su. If you don’t go, she probably has a worse impression of me.” I

have to say, he was still a little horrified.

Especially when he asked Qin Yu to open the door at the resort winery just now, Su Nan’s angry tone, saying something to get him out, made him panic for a moment.

How good is the relationship between Su Nan and Qin Yu, Qin Yu usually speaks three words without leaving Su Nan, and can't wait to stick together all day long.

If Su Nan was a man, he couldn't bear it any longer.

Therefore, he must pay special attention to the evaluation of Qin Yu's best friend.

Qin Yu frowned and smiled, "How come? Our little four has always had a good impression of you, and she has a good temper!"

Shen Liang raised his eyebrows, smiled, and said nothing.

Mmmm, so good.

"But didn't you call me back to work? You asked me to accompany Su Nan again?"

Qin Yu asked him back.

Shen Liang: "Su Nan is our important client, and it is your job to accompany her."

Qin Yu snorted coldly, turned around and left.

He said what he dared to say black and white.

When he opened the door, he saw Yan Yan standing at the door with a pale face, not knowing how long he had been standing.

Qin Yu frowned slightly, didn't say much, nodded and went to the lounge next to her.

Usually Yan Yan is also very proud and conceited, never willing to take the initiative to say hello to her.

The ghost knows she doesn't like herself.

Then she doesn't need to have a hot face and a cold butt.

Yan Yan knocked on the door.

Hearing the response from inside:

"Come in."

She took a deep breath and pushed the door in.

...

Chapter 1638 But why is she

Chapter 1638 But why did she

see that it was her? Shen Liang restrained the emotions in his eyes, looked indifferent and cold, and looked at her:

“Do you know why I came to you?”

His voice was extremely Cold, cold as always.

Yan Yan looked at him and shook his head calmly.

She just felt cold.

I thought I could experience his loneliness before, and I was the closest person to his spiritual world.

But she suddenly felt that she was wrong.

Shen Liang tapped a few times on the computer, without any unnecessary nonsense:

“Go to the personnel department to go through the formalities.”

Yan Yan’s face turned pale.

She clenched her fists on both sides, her voice trembling:

“Why?”

She motivated and controlled her emotions.

Don’t even bother to investigate?

Shen Liang pursed his lips, and there was a dark chill in his eyes:

“I thought you should understand that as long as I made a phone call, I would know who did it?”

Yan Yan gritted her teeth and breathed quickly, she endured it. She couldn’t help but take a step forward:

“Because of Qin Yu? Isn’t she okay?”

Moreover, when she was outside, she clearly heard that Qin Yu was unwilling to pursue it.

She was ready to be scolded or humiliated, or to change positions.

She can accept it, as long as she can still be here.

Not to dismiss her!

“I don’t want to wait for it to happen to regret not dealing with you in time, so you have to leave.”

Shen Liang’s tone was not at all emotional.

Yan Yan closed his eyes.

Yes, this is the Shen Liang she knew.

The heart is as hard as iron, without a trace of temperature.

Never leave room for people.

Yan Yan took a deep breath, “Mr. Shen, I can apologize to her for my negligence, but I’ve stayed in the company for so long, and I can’t be fired because of something without consequences. It’s not fair.”

She stood There, he used all his strength to support himself.

Shen Liang: “Because you’ve been here for so long, I just fired you instead of reporting your actions to HR. Can you afford it?”

Yan Yan seemed to be beaten in the head.

She took a few steps back and looked at him in shock.

He actually wanted to use the cruelest way to force her to leave!

Just because of one Qin Yu?

Yan Yan paused, knowing that she had no room for anything, she simply asked,

“You don’t know me at all, right? You don’t know that I came here from the northwest with you, disregarding the advice of my parents and friends, to come here to help you, But you don’t know me at all, do you?”

She overstepped.

Shen Liang frowned and looked at her, with a bit of impatience and gloom in his eyes, that kind of eyes are seen by people who are extremely disgusted.

Yan Yan blurted out: "I used to take the elevator with you every day to go to work, don't you have any impression at all?"

Shen Liang frowned, couldn't bear it any longer, and looked over indifferently:

"Please go out and go directly. Go through the formalities, don't wait for me to call the security guard."

Look, he took her as a lunatic.

Yan Yan's lips trembled, "Okay, I'll go out, I just have one question."

She looked straight at Shen Liang, and asked the question that had been suppressed for a long time:

"Why is Qin Yu?"

Her face was almost twisted and grim.

Undisguised jealousy tore off her mask.

"I know she's from a good background, and I know she's rich, but why is she?"

There are so many rich second-generations with money and background. With your ability and conditions, you don't need to marry at all, and you don't need such a vase to stay. By your side, why is she?"

She almost screamed out.

Anyway, her face was torn, anyway, she was thrown into hell by him.

I don't mind, just die, understand?

Chapter 1639 She will always have the privilege

. Why does Qin Yu not even know basic work? Is he willing to teach her by himself?

Why Qin Yu can take the exclusive elevator, he never said?

Why does Qin Yu become extra tolerant when everything involves Qin Yu?

Yan Yan had too many things accumulated in his heart, and they poured out in an instant.

She waited for an answer.

An answer that would make her die.

Shen Liang looked at her coldly, frowned, and his tone was sarcastic

, “Just because she is my wife and my lover, she will always have privileges with me, and of course you can’t compare.”

Why are they ? Compared with Qin Yu?

With just these words, the blood on Yan Yan’s face instantly disappeared.

Her eyes were full of disbelief, “Mrs.?”

Shen Liang didn’t want to explain more. Why should they explain their personal matters to an employee?

“Go out.”

Yan Yan watched him silently for a while, finally feeling the difference between their worlds.

I thought he was different from those people.

He has come to this day step by step, relying on himself, and he can better understand the hardships at the bottom of them.

But no matter how downhearted Shen Liang was, it was impossible for him to become the same bottom level as them.

He saw through the ex-girlfriend who only loved money but not him, but fell into a woman named Qin Yu.

Have you ever considered anyone else?

When Yan Yan left, his face was full of loneliness, as if his soul had been taken away, and his muscles were broken.

It seems that it is not too embarrassing to be exposed for so many years of secrets.

It just made her more aware of her own reality.

She went back to her seat.

Colleagues came over, "Yan Yan, did you see Mr. Su coming? It was the first time I saw her in person, and she was prettier than the photos on the Internet!"

"Yes, yes, Su Nan is so beautiful, I want to It's a man, I want to chase after her!"

"But it seems that Qin Yu has a good relationship with her, how did they know each other?"

"Yes, why did President Shen let you in just now? Why didn't he accompany Su? Boss? Does he also want to chase Boss Su?"

"Don't say it, it's a perfect match!"

Everyone's discussion was in full swing, but Yan Yan seemed to be alone in the ice cellar in the coldest days. Chilled all over.

She twitched the corners of her mouth and said nothing.

Why did Shen Liang go after Su Nan? He was looking at Qin Yu, that was his wife!

his lover!

A colleague from the personnel department hurried past and went directly to Yan Yan's desk

, "Yan Yan, President Shen just told you to pack up your things within ten minutes, complete the resignation procedures, and leave the company immediately."

In one sentence, The surrounding noise disappeared instantly.

The air was very quiet.

Everyone was shocked to see how hard Yan Yan usually works!

how come?

"Yan Yan, is something wrong?"

Everyone looked at her inquiringly, some puzzled, some distressed, and some gossip.

Yan Yan lowered her eyes, smiled perfunctorily, took a deep breath, and stood up,

"Well, I'm leaving, see you later."

She simply packed her personal belongings and followed HR downstairs.

The center of everyone's topic shifted instantly, from the arrival of Su Nan to the departure of Yan Yan.

"Yan Yan, according to the regulations, you cannot work in a similar industry for three years, and all the company's secrets cannot be leaked. Otherwise, we reserve the right to prosecute you."

Yan Yan looked at the numbers on the elevator blankly.

It was she who secretly instigated her colleagues to isolate Qin Yu, intentionally or unintentionally, and used the dissatisfaction in everyone's heart to deal with her, thinking that Qin Yu would get out of the way.

The results of it?

The fuck off is herself.

upstairs.

Qin Yu looked at the table full of snacks in front of Su Nan and tutted a few times.

"Mr. Su is here, and the treatment is different. This is simply the treatment of a royal family member!"

Su Nan is patiently tasting a Xue Mei Niang. The private customization of this dessert shop has always been her favorite.

Qin Yu didn't fool her with anything else, and didn't waste her running this trip in vain.

She looked at her sideways: "Royal relatives? You are, right? What did you say to Shen Liang just now?"

Qin Yu was stunned, but she saw through it.

This little smart guy.

“How do you know?”

“What do you need to say?” Su Nan pursed her lips, “I’ve never seen you swallow your voice before. Where is Miss Qin’s former prestige?”

Qin Yu paused and sighed.

“I don’t want to endure it either, it really didn’t cause serious consequences, I just don’t want to care about it.”

Su Nan gritted his teeth: “Don’t be so useless, you are a master of whore, can’t you see that woman’s hands and feet?”

If it really causes serious consequences, you don’t cry without crying, and you want to have the heart to kill her whole family!”

Qin Yu curled her lips, “You’re exactly the same as what Shen Liang said, that’s what he said just now. It ‘s exactly the same.”

Su Nan: “I think he has a conscience and didn’t confuse this matter, otherwise, I’m really worried that you will die in the future.”

Qin Yu sat next to her, made herself a cup of coffee, and smiled. He opened his mouth:

“How is it possible, I’m trying my best, waiting for our wedding in a few days, who else doesn’t know that I’m Mrs. Shen, how dare people in the company look down on me?

They are waiting to regret it, and they are rushing to flatter me! “

Su Nan twitched the corners of his mouth, “I can seem to expect your villain to gain power!” “

Qin Yu laughed, without any image at all.

Then she restrained her smile.

“Actually, during the time I worked here, I learned a lot more than with my mother. “

Su Nan raised his eyebrows, “How do you say? “

No one here knows that I am Mrs. Shen. Even though they suspect that I came in through the back door, they still look down on me, isolate me, and reject me.”

Among my colleagues, no one helped me except Zhao Huan, and no one spoke to me and joked.

Qin Yu smiled, a little coldly. “

But when I was with my mother, everyone wanted to hold me in the sky when they saw me. Even if I didn't know how to form or plan, they wouldn't dare to look down on me.” , will only show the finished product to me.

At that time, I thought it would be easy to be a president! “

Su Nan smiled, and suddenly felt that her insight was very profound, probably because she had experienced too much during this period of time that she had not encountered before.

“Miss Qin, don't be ashamed, this is normal. “

Qin Yu frowned, “Normal? Don't you also? Su Nan couldn't help laughing, “

I will, but you are normal. When I was studying in country F, I started at the bottom of the Xinpu Group. The person who brought me was called Xu Anji, who looked long. Well done, but his demands on his subordinates are only two extremes. “

Qin Yu was surprised: “Which two? “

Either rely on extreme beauty to compete for performance, or extreme ability to compete for performance. Su Nan chuckled and shook his head, “

When he told me that, he implied that I didn't have to work so hard, and I knew what he meant. “

“Damn, you actually encountered these?”

Qin Yu scolded angrily.

Su Nan raised his eyebrows, “This is commonplace, so when Xu Anji appeared some time ago, I didn't feel good about him.

Imagine a newcomer entering the workplace and encountering such a boss, how unlucky!”

## Chapter 1641: The opportunity to cultivate feelings

Qin Yu nodded in agreement.

Su Nan smiled, "So you do not know these normal ah, no one will ask you these, which has always been under the watch of people do a good job for you, if what you will, they have to do?"

Also right.

After Su Nan said this, Qin Yu's mood instantly became beautiful.

Su Nan lowered his head, "There's no need to have a good relationship with anyone on purpose. The relationship is too good, but it's not conducive to work. All kinds of feelings have to be taken into account, so that's tiring!"

Qin Yu nodded heavily. Nodding, looking at her obsessively:

"Little Si, just let me follow you, why do I think following you is more useful than following Shen Liang?"

Su Nan smiled, "Okay, as long as Mr. Shen No problem, I agree with both hands."

Qin Yu sighed: "But my mother won't agree, she dreams of wanting me to develop a relationship with him, and of course she won't give up these opportunities."

Su Nan: "Also Well, Mr. Shen has his own experience and methods. It's not easy if you can learn some. Don't worry about interpersonal relationships. In company affairs, the interpersonal relationships you have to worry about are only you and your customers, and others don't need to care. "

If it were someone else, Su Nan would never say this.

This is her valuable experience.

Being too concerned about the interpersonal relationships between colleagues will only reduce the efficiency of your own progress.

After Su Nan finished eating a Xue Mei Niang, she picked up another Melaleuca, pursed her lips, and couldn't help but take a bite, and suddenly felt that it was a really beautiful afternoon.

Turning his head to look at Qin Yu, Qin Yu was seriously taking notes on the phone.

Su Nan looked at Qin Yu with an expression of hating iron.

He usually looks quite clever, but how can he be so stupid when it comes to a serious matter?

She simply focused on her dessert.

She squinted her eyes comfortably, "I'm running out of coffee, can someone refill it for me?"

Qin Yu responded immediately, "Immediately!"

She responded very quickly and went to make freshly brewed coffee for her. Instant coffee, completely two attitudes!

Su Nan: "..."

This dog-legged appearance is really indebted.

It was almost evening, and Qin Yu was about to get off work.

Su Nan remembered the party Qin Yu lied and fabricated when he was at the holiday winery.

She reminded Qin Yu, "You haven't notified Cheng Yi and Ningzhi yet!"

Qin Yu was stunned for a moment, and quickly sent a message to the group.

Cheng Yi: "If you don't go, no one will think about my baby!"

Ning Zhigao: "If you are ill, who would like to break a stone?"

Cheng Yi: "Have some people started talking sarcastically?"

Ning Got it: "Go to hell!"

Qin Yu: "You must bring it, or you will be kicked out of the group if you don't bring it!"

Cheng Yi: "Okay, take it!"

His teeth were itching with anger.

Su Nan laughed while watching, and seeing that the time was almost up, he took the bag and followed him out.

Qin Yu lowered her head and looked at the phone in front, not looking at the road at all.

Unexpectedly, Shen Liang stood there, groaning when she bumped into him.

Qin Yu frowned: "Why don't you look at the road?"

Everyone who was about to get off work shivered.

They were a little more terrified of Shen Liang.

Seeing that Yan Yan left for no reason, everyone was extremely nervous.

Unexpectedly, Qin Yu would dare to beat her up?

Really braver than life.

Everyone was waiting for how Shen Liang went mad and taught this Qin Yu, and saw him smiling gently:

"Well, I accidentally bumped into you, doesn't it hurt?"

...

Chapter 1642: Invisible Rules

Chapter 1642: The Invisible Rules

Qin Yu was speechless, rubbed the area where the quilt was pretending to be painful, and forgave him the hardest:

"It doesn't hurt."

Shen Liang looked at Su Nan behind him and smiled, " Shall I send you off?"

Su Nan: "Then I will trouble President Shen."

Of course she knew that Shen Liang was here for Qin Yu.

Qin Yu's attention was not focused on the key points at all.

Really pinched a sweat.

Everyone watched helplessly as a world war just disappeared.

Seems to be lonely.

Someone said, "Because President Shen wants to chase Miss Su, that's why he is so reserved as a gentleman!"

Others agreed: "That's right!"

They didn't understand the reason for Yan Yan's resignation, and HR's mouth was tight, half a word Can't ask.

Yan Yan himself has blocked all his colleagues, and none of them can be contacted.

Suddenly, I felt that this Yan Yan, who was not fighting or grabbing on the surface, turned out to be so stubborn!

The Yan Yan they knew was different.

The three went downstairs, Qin Yu turned around and waved at Shen Liang.

"Go back to work overtime, goodbye!"

Shen Liang was stunned, glanced at Su Nan, and then looked at Qin Yu helplessly:

"I won't work overtime today!"

Qin Yu opened his mouth in surprise: "Why, you didn't work today . Overtime?"

Shen Liangneng was pissed off by Qin Yu.

He took a deep breath: "Well, I want to relax."

Qin Yu nodded, "Then go home and relax."

Shen Liang: "Have to go home? Can't go anywhere else?"

Qin Yu thought for a while: "Then you can do whatever you want, as long as you don't touch the bottom line of morality, it's not impossible."

Shen Liang took a sigh of relief and was able to put himself to block.

He looked at Qin Yu deeply, Qin Yu thought he was angry, and said quickly:

"I'm joking, of course I believe in your character..."

Su Nan couldn't listen any longer and laughed. He opened his mouth and said,

"Let's go with Mr. Shen, and you can kill two birds with one stone under your nose!"

Shen Liang's eyes lit up, but before he could look at Su Nan with grateful eyes, he heard Qin Yu's determination. The refusal:

"No, he can't go."

“Why?”

Su Nan and Shen Liang asked in unison.

Qin Yu said earnestly: “This is our private party, there are rules, we can’t bring family members.”

Shen Liang twitched the corners of his mouth, trying to say something and then holding back.

Su Nan looked at her in surprise: “Is there such a rule?”

Qin Yu gave her a white look and nodded as a matter of course:

“It’s already been there, but I didn’t inform you, just so you know.”

Su Nan: “Oh... ....”

She was also the last to know.

Qin Yu took Su Nan’s arm and dragged it into the car:

“Hurry up, stop the ink, I won’t be in time for a while.”

She seemed to be in a hurry.

Shen Liang hesitated before speaking, and took a few steps forward:

“Then I’ll take you there...”

Qin Yu: “No, Chang Li is both the driver and the bodyguard, why don’t you worry?” He refused for the second time.

Shen Liang couldn’t help but say: “Chang Li can go, why can’t I go?”

Qin Yu looked at him like an idiot:

“I told you that he is a driver and a bodyguard, not a family member. If you can’t go, you can’t go. If you really are If you want to relax, go back and clean up!”

After speaking, she simply closed the door.

Chang Li stepped on the accelerator and they ran away.

Shen Liang: “...”

So, his relaxation method is only suitable for cleaning?

Shen Liang's chest heaved up and down.

This woman is completely different when she goes to get off work and when she goes off work.

When you go to work, you are gentle and careful, and your sweet mouth is like opening a candy shop.

How did it become so unreasonable when it was time to get off work?

...

Chapter 1643 Foreign experts?

Chapter 1643 Is the foreign expert?

Su Nan covered his forehead in the car and chuckled, while telling Shang Qian what happened just now on WeChat.

Shang Qian replied: "Fortunately they got married early."

Su Nan: "Otherwise?"

Shang Qian: "I'm afraid of breaking the marriage." Hahahahaha

...

Qin Yu urged Chang Li Kai to hurry up and look back at Su Nan While laughing and playing with the phone, I couldn't help but be a little speechless.

"Meet every day, what else can I say?"

Su Nan: "There are so many!"

Qin Yu frowned, "Don't take what I told you in the morning!"

Su Nan restrained her smile and nodded. :

"Don't worry, she can't find me."

Her whereabouts have been almost wiped out, and no one can find out except the bodyguards who have been following her.

Stop at the "Hearing" bar.

Su Nan frowned slightly.

“Why did you come here?”

Qin Yu quickly pulled her out of the car: “Let’s walk around and see a surprise!”

She couldn’t help being excited, and the two ran in quickly, followed by Chang Li.

For security reasons, they changed to a private room, which was opened by someone else’s name, and no one knew about it.

This angle is also good, and the following performance can be seen clearly.

The night gradually spread, and the bar also began to be noisy.

Deafening music, can’t wait to shatter people’s hearts.

The two arrived first, and there was already a lot of wine on the table. Cheng Yi sat there with a box in his arms, watching the fun.

Ning Zhi is still on the way.

Qin Yu jumped at his box when he saw him, and Cheng Yi carefully guarded it:

“Be careful, this is a family heirloom!”

Qin Yu couldn’t help laughing: “Damn, who are you lying, I just want to see what they take What deceived you?”

Cheng Yi retorted: “Impossible, it was shipped from the Tang Dynasty to Japan, and then exiled from Japan to the United Kingdom. I bought it back at a high price. When my grandfather passes his birthday, I will present it! “

He said brightly, and Qin Yu couldn’t help but relax.

When I opened it, the dim box suddenly lit up.

The three were stunned for a moment.

“This is Ye Mingzhu? No, Yeming Stone?”

Qin Yu couldn’t help but speak.

Cheng Yi was immersed in joy, “I’ll say it’s a baby, right?”

Qin Yu was about to touch, but Cheng Yi stopped him: "Don't move if you haven't washed your hands."

He looked up at Su, who was standing beside him without saying a word. Nan, "How sensible do you think Xiao Si is?"

Su Nan pursed her lips, "I'm just afraid it's poisonous..."

She said weakly.

Qin Yu immediately jumped three feet away.

"What?"

Cheng stood up angrily, "Impossible, this is an antique that has been verified by experts, and it has been tested with a certificate."

Just as Su Nan was about to say something, Ning Zhi opened the door from outside and said with a smile:

"Expert? Abroad Are you an expert?"

Cheng Yi was taken aback and nodded.

Ning Zhi smiled helplessly, "Can foreign experts identify antiques? Cheng Er, have you been kicked by a donkey?"

Cheng Yi's face changed in an instant, he looked down at the baby in his arms, and then at Ning Zhi.

The face is colorful and indescribable for a while, and it is very complicated.

"No...impossible!"

He spent a lot of money, more than one hundred million, and his pocket money for more than a year. If it was fake, the old man would have to break his leg!

Qin Yu twitched the corners of her mouth and sighed, "I almost believed your nonsense just now?"

Cheng Yi couldn't accept this thunderous question.

"I...I'm going to find a domestic expert for appraisal!"

After speaking, he was about to run out with the box in his hand.

Su Nan grabbed him, closed the lid, and sighed:

“Cheng Er, it’s not a loss to spend money to buy a lesson, don’t think about it!”

Cheng Yi was about to cry.

He pouted, “Su Nan, please don’t speak.”

...

Chapter 1644 New Type Fraudsters

Chapter 1644

Cheng Yi, a new type of fraudster, feels uncomfortable.

It didn’t have the slightest effect on comforting him.

Su Nan nodded and patted him on the shoulder:

“My dad knows a few experts,

can I introduce you to them tomorrow?” “I can’t wait.”

Cheng Yi looked down, because Ning Zhi had said a few words , he didn’t have the patience to sit down at all.

Ning Zhiliao: “Let him go, he won’t give up if he doesn’t go.”

Cheng Yi staggered away.

Qin Yu clapped her hands, “It’s over, there’s one less member before it even started. Forget it, let him go!”

Ning Zhi sighed:

“I just heard from a friend abroad that there was a new member abroad. A new type of fraudster who specializes in deceiving people with patriotic feelings, often forging antiques, calligraphy and paintings to sell to overseas Chinese, and many people have been arrested.”

Su Nan and Qin Yu fell silent for a while.

I see.

I can only hope that Cheng Yi’s mentality is stronger!

Silent.

Suddenly there was a loud cheer from outside.

Qin Yu got down to look excitedly, and hurriedly greeted them:

“Come here, come here!”

Su Nan and Ning Zhiliao lay down to look like her.

Suddenly, the three of them shouted in excitement.

Is it worth the excitement?

The Mad Men are back together!

It was simply a surprise.

The last time we met was last year!

There is no pattern to their performances, and no one knows where he will play.

The three of them, like countless fans, waved their hands in surprise, shouted, and expressed their enthusiasm.

The old ghost, the old demon, and the old demon below are still so calm and tasteful.

Gently plucking the strings can attract crowds.

Even the current top traffic is just like that.

They looked up and swept their heads, as if they saw it, as if they didn't see it, they waved their hands at any angle, and they started the show!

Enthusiastic and adoring, they felt that their blood was flowing backwards, and their whole body was hot, as if they had not survived like this.

After a song was sung, Qin Yu handed over a few glasses of wine, and the three of them drank it all at once.

Before Su Nan came out of the surprise just now, she asked her in a hoarse voice,

“How did you know they came back?”

Ning Zhijiao also had the same question.

Qin Yu smiled, "I asked the old ghost directly!"

She waved her cell phone.

The three of them laughed together, and they were too tired to straighten up.

Su Nan laughed so much that she was about to cry. The last time I saw them was when she was just divorced.

In the blink of an eye, a long time has passed.

It's like something that happened in a previous life.

After laughing and shouting, the three of them spread out on the sofa as if relieved.

...

the ear is too quiet.

For a while, someone's phone vibrated.

As soon as Su Nan touched it, he found his mobile phone.

Because the sound is too loud, I can't hear the bell, but I can feel the vibration, thanks to sitting here.

Seeing the name on it clearly, Su Nan trembled subconsciously, and hurriedly picked up:

"Hello?"

The music below suddenly sounded, and the voice on the other side could not be heard at all.

Shang Qian didn't know what to say, and Su Nan was speechless, hung up the phone, and sent him a WeChat message.

"What's the matter?"

Shang Qian replied after a while: "Where are you?"

Su Nan said the truth: "Bar."

After a while, Shang Qian replied:

"I can't find my medicine, do you remember when Where?"

Su Nan frowned and immediately woke up from the hustle and bustle.

She started to pack her things.

Ning Zhiliao and Qin Yu looked at each other:

“You’re leaving? It’s not over yet? The bar owner has a few new guys who are really good-looking. I’ll call over and see you later...”

...

Chapter 1645 Little Brothers

Chapter 1645 The younger brothers,

Qin Yu, greeted her with a smile. This is the top priority tonight. This concert is just an appetizer.

I don’t usually have such a good opportunity!

Su Nan was stunned for a moment, and looked at her with indescribable words:

“Aren’t you afraid that Mr. Shen will find out and peel you off?”

Qin Yu shyly avoided her eyes: “It’s just a drink, nothing to do, who sees beauty The opposite sex will take two more glances, and besides, the bar owner’s kindness, what’s the point?”

Su Nan rolled his eyes speechlessly.

Qin Yu’s habit can’t be changed in a moment, but she knows everything she does, and she has a strong sense of proportion.

Although it doesn’t sound good to say it, she really won’t let herself suffer.

After all, she was very satisfied with her marriage.

If it was destroyed, wouldn’t it be a waste of her expectations for Shen Liang?

Qin Yu hugged Ning Zhi, who was on the side, “Aren’t you and Zhi still there?”

Su Nan shrugged helplessly:

“I’m going back, I’m not worried about Shang Qian alone at home.”

Qin Yu Looking at her dazedly: "Su Xiaosi, you don't look like you anymore, and you have to take care of a big man?"

Su Nan shook his head: "I didn't take care of him, he took care of me, he was It's because of me."

Although the alcohol is a bit high, her reason is still very clear.

No matter how lively it is here, it can't stop her from wanting to go back to see Shang Qian.

Qin Yu and Ning Zhi watched as Su Nan left, and they looked at each other.

Ning Zhiliao tugged at Qin Yu, "Let them come, I want to see it too."

Qin Yu poked Ning Zhiliao's face:

"I know, you have also changed, you have become bad, isn't Su Qi's face not enough to see?"

Ning Zhiliao pouted, "Look what happened?"

Qin Yu smiled and patted her thigh: "Okay, I'll have someone bring them up!" It was just a phone call.

The bar owner is very familiar with Qin Yu. Knowing that Qin Yu likes to play, he always keeps the good ones for her.

He didn't know about Qin Yu's marriage, so he still followed the old rules.

Qin Yu didn't come for a long time, and the boss brought people up in person.

"Miss Qin, you haven't finished drinking the bottles of wine that you left here last time. Would you like to bring them up together?"

Although Qin Yu had already drank a lot, she didn't come here purely for drinking, but for this lively drink. atmosphere.

"Come, bring it all, let these little brothers taste it!" The boss's face was full of smiles:

"Miss Qin has always been generous, they have opened their eyes today."

Qin Yu waved her hand, "Okay. , don't talk nonsense, don't disturb us." The

boss is such a winking person, he didn't bother immediately, "Okay, if you need to call me again, the drinks will be delivered in a while."

Ning Zhiliao leaned on the sofa Squinting to see, she is the worst drinker and the least drinker, but now she can't feel it anymore.

Alcohol is on top, and people in front of you are double-imaged.

Qin Yu sat there, the alcohol made her feel less guilty and left Shen Liang behind.

This is normal communication on the scene!

She doesn't believe that he usually goes to the teahouse when he talks about business?

Thinking of this, she became a little more courageous in her heart.

"Come on, feel free to sing, sing and dance, don't worry about us."

She said this very cleverly. In fact, she wanted to see what their specialties were, but she didn't want to ask directly, as if they were instructing the head teacher.

During the training, everyone got to know all kinds of tricky guests, and of course they didn't feel too much about this requirement.

A thin and thin boy, looking gentle and fair, smiled:

"I'll sing..."

Chapter 1646 A pole dance

Qin Yu smiled and nodded.

I can't stop admiring in my heart, no wonder the boss recommended it, this person's voice is really nice, like the sounds of nature!

The other one looked very lovable: "I can dance, sister, can I do a pole dance for you?"

"You can also pole dance?"

Qin Yu was a little shocked, she had seen men dance pole dancing before. Because of entertaining some rich women and taking them to the clubhouse to enjoy, the male public relations in the clubhouse can do almost anything.

Pole dancing is naturally no problem.

Qin Yu remembered that scene all her life, it was like opening the door to another world.

Several good-looking men did their best to scratch their heads in front of the fat rich woman, and the rich woman looked at them almost dismissively.

That kind of look is the same as in a social occasion, a man who is strategizing and looking at a woman's snacks.

Contempt, ignore.

She went to tell Mother Qin, and Mother Qin just let her take it lightly and get used to it.

Qin Yu suddenly felt very cool, so her habit of ordering men on occasions fell into place.

But she remembered that those few people danced very greasy and disgusting.

ridiculous.

In front of this clean and lovable little boy, there are two small tiger teeth when he smiles.

Is he going to pole dance?

Qin Yu couldn't help but imagine, "Okay, let's dance!"

It doesn't matter if you can't dance well, as long as you don't dance too greasy.

When the other people saw this, they knelt and sat beside Qin Yu and Ning Zhiliu with winking eyes, pouring wine on their knees, and sitting with fruit plates for them.

The music outside was still deafening, but here it became the background music.

Ning Zhi was blindfolded and tried to identify the people in front of him, but it was almost useless.

A clear and pleasant voice sounded slowly, and the song was very tacky, but in the noisy music outside, it seemed like a ray of breeze that stood out, making people want to reach out and grab it.

This is what the clean and gentle little boy sang just now.

Youthful, clean, with the smell of sunshine all over his body, even his voice.

It's really exciting.

This kind of person is more in demand than the male public relations immersed in the clubhouse.

Qin Yu understood that the bar owner treated her very well.

On the other side, the lovable boy turned around a steel pipe, and suddenly jumped up, jumping flexibly, turning, light and clever.

There is no slap in the face that can be put on, but it is more like a body shape show, clean and thorough.

For a moment, Qin Yu felt that if it wasn't for a bar, she would think it was watching students in a university classroom.

Turning to look at Ning Zhi, Ning Zhi also looked at her subconsciously.

The mood of the two people went up and down unconsciously, and the mood they both understood suddenly fell down.

They don't look like good people at all.

Seeing that Qin Yu was quite excited just now, she suddenly stopped talking. They didn't know the reason at all.

Because I couldn't figure out their temper, I was cautious.

The boy who danced the pole got no praise for a long time, so he cautiously stood upside down and asked her,

"Sister, am I bad at dancing?"

Qin Yu was stunned for a while, then smiled, "No, I dance very well. ..."

Just as she was talking, someone outside knocked on the door and came in, brought up the wine she had kept, and carried a box of foreign beer by the way:

"This is from the boss, Miss

Qin is having fun!" Qin Yu raised her eyebrows, "Thanks!"

With that, she called everyone over for a drink.

...

Chapter 1647 is recorded for you to see

The first thousand six hundred and forty-seven chapters were recorded to show you that the place is finally heating up.

Ningzhi wanted to participate, but she had no strength, so she could only passively be a visitor.

The little boy who danced the pole dance was nice and pleasing, and there was no rush for quick success in his words. It was really hard not to like him.

“Oh, sister, I’ve been drinking too much, I have to go to the toilet...”

Qin Yu waved her hand, “Go quickly!”

Her face was flushed, like an elf in the dark night, fanning Wings melt into the night.

The little boy next to him who had been singing all the time looked very restrained and blushed very easily.

Seeing the boy going out, he brought a glass of wine over, “Sister, would you like a drink?”

Qin Yu still had a glass in her hand, and was about to raise her hand to take his, but he lifted it slightly and handed the glass to him. to her lips.

Is this to feed her?

Qin Yu wanted to laugh in her heart, seeing this unskilled appearance, I am afraid he is also very nervous.

Don’t let people be disadvantaged.

At the moment when she opened the door with a pole dance and left, she took a sip from his cup.

But the moment he raised his eyes after drinking, he was suddenly stunned.

The light and dark outside alternated, but it was enough for her to see the people outside clearly.

For a moment, she couldn't wait to find a crack to get in.

Thinking so, she did the same.

This stupid decision may be out of alcohol paralysis.

She turned around immediately, wanting to lie down to block herself and get under the sofa.

No, the gap is too small.

Under the table? No, it's too narrow.

Where else?

She looked for seams everywhere with an ugly face, and everyone looked at this scene in astonishment.

After a few seconds.

A person appeared at the door, and that person stood there with a cold face, his eyes dark and unclear.

He looked at the woman's panicked appearance, and suddenly the flames that had just popped out in his heart went out a lot.

If you know how to hide, it means you can be saved.

He stood there, watching a good show.

"Don't hide, Miss Ning is still here..." There are

only a few people who can go in and out with Qin Yu.

Ning Zhi was half lying on the sofa in a daze, blinked, and saw a tall figure appear in front of him.

Some look familiar.

She patted the sofa beside her and dragged her big tongue:

"Qin Yu, do you think this new little brother looks like Shen Liang?"

In an instant, Qin Yu's body froze.

There is no way to hide.

It was also pierced by Ning Zhi.

She closed her eyes, turned around, looked at the door, and rolled her eyes in confusion:

“What? I drank too much, I don’t know anything...”

Now, she can only pretend to be drunk and try to hide past this thing.

Just wait until tomorrow and find an excuse to turn the page.

But Shen Liang didn’t play the cards in a serious way:

“Drink too much? Then I’ll record it and show it to Aunt Qin to see if it’s really too much...”

After speaking, he simply raised the mobile phone.

Hearing Qin’s mother, Qin Yu felt horrified for a moment.

If Mother Qin knew that she was married and came out to play at night, 80% of the time she would have to rip her skin off!

She went up a few steps and pulled his arm down, licked her face and smiled:

“I didn’t drink too much, I don’t need to show her, she’s already asleep!”

She smelled the strong smell of alcohol on her body.

Shen Liang restrained his smile and looked at her darkly, his face a little dark.

“No wonder you didn’t take me out to relax, because you were afraid that I would disturb you?” For

some reason, there was always a bit of chill in his tone.

It made her feel inexplicably frightened.

Qin Yu pursed her lips, dragged his arm, lowered her eyes, and said in a low voice,

“No, it was said that it was a private party, and family members were not allowed!”

Chapter 1648 This is my husband

## Chapter 1648 This is my husband

Shen Liang with a chuckle, "So, apart from you and Miss Ning who drank too much, there is no third person, this is also called a party? What about Su Nan? Cheng? What about Second Young Master?"

If he hadn't thought about Cheng Yi, why would he be able to participate, but he couldn't, so he tried to find a few friends to come here for a drink too.

I want to have a chance encounter.

The results of it?

There was no encounter, only shock.

Qin Yu swallowed her saliva: "Su Nan just left, Cheng Yi also left..."

This is the truth.

Shen Liang: "So coincidental? So you called them here?"

Qin Yu lowered her head and didn't speak.

A look of doing something wrong and obediently admitting it.

The little brothers seemed to sense that the atmosphere was not right.

It's just that the person they came to serve was Qin Yu, and Qin Yu didn't say a word, so they didn't dare to leave.

Some of them looked at the man secretly, his looks and aura were all first-class, the kind of arrogance and arrogance from the bottom of his heart, I don't know how much experience and experience accumulated.

People like them who are still young, I am afraid they will not catch up in their entire lives.

The sweet-mouthed little brother who went out to the toilet just came back and saw this scene:

"Hey, sister, have you been drinking too much? Would you like to open a room for you to rest?"

She looked sad, as if she was uncomfortable .

In a word, Shen Liang's face next to Qin Yu turned gloomy.

Qin Yu quickly waved her hand: “No, no...”

If you open the room, it’s even more difficult to tell.

Little brother: “Who is this person? I haven’t seen it before, is it new?”

He couldn’t see it clearly from the side just now, but when he saw the front, he suddenly swallowed and changed his mouth:

“Or sister’s friend? “

People with this kind of momentum are also common here. They are either rich or expensive, and it is absolutely impossible for them to be new.

He watched tremblingly, worried that his career had come to an end.

Before Qin Yu could speak, Shen Liang looked at him like a knife, “What do you think?”

Of course he didn’t dare to say it.

With eyes like a deer, he looked at Qin Yu uneasily.

“Sister...”

One elder sister called out, which really made people feel pity and love.

But now Qin Yu can’t protect herself.

She has to protect herself!

She pulled Shen Liang’s arm and smiled, “What friend, this is my husband, my brother-in-law!” She has

received the certificate!

The little brothers were stunned for a moment, then stood up immediately, lined up in a row, bent over and bowed, as if they had been rehearsing a long time ago, and shouted in unison:

“Brother-in-law!”

Shen Liang’s face darkened for a moment, and then he bit Grinning his teeth, he smiled.

True.

It was the first time I heard her admit that she was her husband, but it was on such an occasion that no one would believe it. It was a joke.

Suddenly, a breath came to his heart, and he didn't even want to say a word, he turned around and left.

Qin Yu was stunned for a moment, and suddenly sobered up drunk.

He was about to catch up quickly: "Wait for me, don't get me wrong, I'm not messing around outside, I didn't do anything..."

She had to make it clear, otherwise it would be a stain.

She will never do anything that goes beyond the bottom line.

Before catching up, I suddenly remembered that Ning Zhi was still inside.

Thinking about those little brothers, I can't be in a hurry.

Although one looks simpler than the other, but who knows what's going on behind the scenes.

Thinking about it, she immediately called the boss and asked him to call everyone down, let others come over to watch Ning Zhi, and wait for someone to pick her up.

She didn't talk too much, and ran out while calling Su Qi.

After a few simple words, Su Qi secretly scolded, "Qin Yu, your uncle!" How dare you take Ning Zhi to that place and get drunk?

...

Chapter 1649 listen to my explanation

Chapter 1649 Listen to me explain that

Qin Yu has no time to quarrel with him, watching the person in front of her go further and further away, she will not be able to catch up.

Immediately, I was in a hurry. I didn't see a step in front of me, and I stepped on it all of a sudden. I was weightless in an instant, and the whole person threw on the ground without any image.

She screamed in pain.

Many people around were people who came to drink, and they all wanted to feast their eyes when they saw a beautiful woman falling to the ground without any image.

Qin Yu felt that this was the Waterloo in her life.

The last person who was so embarrassed at this door was Lu Qi, who ran naked.

Now it's herself...

She was about to cry when her eyes were sore, but the next second, a figure stood still in front of her, and a precious suit was thrown on her body.

Yes, throw it away.

But it also completely blocks the parts that may be exposed.

Qin Yu held back her tears, but she still reached out her hand pitifully:

“Listen to my explanation...”

Miss Qin is so humble, how could Shen Liang not give face?

He passed his hand and helped her up.

Although his face was still calm, he looked much better than before.

Just as she chased out, the fire in his heart was half extinguished.

Calm down and think about why he happened to be standing there because someone was standing there waiting for him.

And that person, Shen Liang didn't want to tell Qin Yu.

Maybe even Qin Yu would not know that his arrival was a trap that others had planned for a long time.

Let the two of them separate and separate, so that he has the opportunity to take advantage of it?

In just a few seconds, Shen Liang wanted to understand.

Among the friends he called to drink, there might be other friends.

So there can be such a perfect scene.

Shen Liang stared at Qin Yu uncertainly.

Qin Yu sniffed, and touched her knee with one hand, it was painful, but it was too late to feel sorry for herself now.

“I swear, I never did anything wrong to you. It’s just that those people were specially recommended by the bar owner to liven up the atmosphere. They are all regular customers, so I still have some face.”

She looked at Shen Liang with no expression on her face. Still not out of breath.

He stretched out his hand and tugged on Shen Liang’s arm:

“If you don’t believe it, ask the bar owner, I really didn’t lie!”

Shen Liang stared at her, his eyes dark and deep, and the fire in his heart instantly ignited:

” I didn’t lie. You saw me guilty just now. I was very happy to be fed by others, or was it disturbed by me?

You thought you didn’t do anything wrong to me. What’s your bottom line?

Is it just going to bed? ?”

Qin Yu froze for a moment, blinked, and looked at him with dull eyes.

The string in her mind collapsed with a hum, leaving her instantly blank, not knowing how to refute.

Seeing her like this, Shen Liang’s anger instantly turned into helplessness.

He sighed and looked at her with dark eyes:

“I’m serious, I’m sorry, don’t take it to heart.” After speaking

, he gave her a deep look, turned around and left, but his pace was obviously slowed down. .

It wasn’t the first day he knew Qin Yu, and when he met her, she was not a gentle lady.

He knew that she was crazy and fun, and it had nothing to do with him in the past, and he just smiled and passed.

But now that they are married, he originally thought that the constant running-in these days was the process of two people approaching each other.

However, he seems to be wrong.

Qin Yu's obedience gave him the illusion that his marriage with her was enough to change her previous habits.

But now it seems that it is not.

His expectations for this marriage were too high.

...

Chapter 1650 Late night discussion

Chapter 1650 Late night discussion

Shen Liang shook his head mockingly, feeling a little disappointed for some reason.

Qin Yu watched his back motionlessly from behind. He was tall and tall, but felt a little sad for no reason.

Obviously she did something wrong, but it was him who apologized.

They have always gotten along very well, and they are in harmony in every way, even in bed, there is a feeling of seeing each other late.

But what she did tonight seemed to break this harmony.

He was angry.

But he didn't teach her a lesson, just said a few words, and then retreated to a reasonable position.

It seems innocuous, but she can feel that this will only make the two people farther and farther apart.

Seeing that he was about to get into the car, Qin Yu ran over immediately.

The headlights flashed, she stopped in front of the car, and the brakes rang suddenly.

The person inside was pale, sticking his head out of the car window, his expression stiff:

"Are you crazy?"

His tone was the angriest of the night.

Qin Yu stood there and shivered, pursed her lips, walked over, opened the passenger's door, sat in, and fastened her seat belt.

Shen Liang, who was beside him, frowned and looked at her with a puzzled expression.

Qin Yu raised her head, "Let's go, go home."

Shen Liang opened his mouth and wanted to say something, but said nothing.

He quietly turned his head away and drove intently.

It was too quiet all the way.

No one thought of using music to ease the embarrassment in the car.

downstairs.

No one got off.

Qin Yu felt guilty, coughed, and first expressed her stance:

"Tonight, I did too much, I have also reflected on it, and they are already married, no matter what the reasons are, they should not go out to spend the day. Especially when playing with other men."

She didn't mean to hide it at all.

It was a loss. Fortunately, she didn't really do anything against morality. As long as she didn't lie, everything could be saved.

Shen Liang paused and remained silent for a long time before he said,

"Do you also do the same when you are with Mo Xian?"

Even if he has established a relationship with others, he still does what he wants.

The car was silent for a few seconds.

Qin Yu looked at him with a stern expression, and realized that he didn't want to mention it deliberately, so he was relieved.

"Well, I only find a few people when I come out to play with my friends. Don't you think it's rare for you to come out to socialize, don't you find a woman?"

She asked back, and Shen Liang was stunned for a moment.

He instantly felt speechless.

The places he attended were more messy than hers, but they were all based on entertainment, and he had never done it himself. After all, he felt dirty.

But when he saw that Qin Yu was surrounded by so many men, he didn't compare it with the occasions he encountered at all.

It just felt like she couldn't hold it in anymore.

And angry.

But Shen Liang heard that she was like this when she was with Mo Xian, and suddenly became less angry.

It seems that she didn't come out because of herself, at least not because of his bad husband.

Thinking this way, he can look at this issue from an objective point of view.

Seeing that he didn't speak, Qin Yu knew that her backlash still had some effect here.

She smiled, "but if you mind, I won't be like this in the future, of course I'll restrain myself.

After all, I'm already married, I just want to relax before the wedding tonight, and I'll let you catch it for the last time. Now, there will be no reason in the future."

Shen Liang heard the words.

He raised his eyebrows, feeling a lot more relaxed.

Qin Yu can lower her shelf, how could he not feel it?

Chapter 1651: The Danger of Strangers

Two people are the essence of people, things that can be understood in one sentence.

Qin Yu is willing to give a step, and this step is even paved under his feet. If there are more disputes and preoccupations, then he is ignorant.

Shen Liang's expression loosened, the corners of his mouth curved a little, and he smiled and looked at her slightly drunk:

"Then I'm really honored, I can let Miss Qin find her way back, I don't know how to repay?"

Lian Mo He didn't get the treatment that Xian didn't get, but he got it. Shen Liang was not someone who didn't know the good and the bad.

This marriage is still full of expectations.

Qin Yu's smile deepened, her eyes blurred, Shen Liang's tone softened, and she could feel the change.

So, she blinked her eyes suggestively, "Then let's go upstairs?"

Shen Liang stretched out his hand, and suddenly put it under her, hugged the person from the co-pilot, and sat on top of him.

The distance between the two was so close that they could even breathe clearly. Qin Yu's body had a slightly intoxicated and soft aroma of wine, which infiltrated Shen Liang's sense of smell.

Even he felt drunk together.

Qin Yu was taken aback, Shen Liang squeezed the back of her neck and smiled, "I'm afraid... I can't wait."

As she spoke, she covered her lips, and it was as fragrant as expected. overflowing.

...

Su Nan rushed back after receiving Shang Qian's call.

While thinking about where his medicine was kept.

But suddenly there was a flash in front of him, and the car was forced to stop.

The roads at night are wide and there are few vehicles.

But many people still saw this scene.

Several black cars appeared out of nowhere, forcing a car to stop.

Su Nan is here.

She looked cold, but not at all disturbed.

This is her territory, no matter who it is, it is impossible to take her away as smoothly as last time.

The confrontation lasted less than a minute.

The man in the black car gets down.

Su Nan didn't move.

After a while, a silver-gray SUV slammed into a car blocking her side like a steel giant.

The black car was hit and tilted.

Those people got out of the car, very eyes.

But it doesn't look like a professional thug, as if it's just called to stand up.

They looked at the person in the silver SUV warily, but the purpose was Su Nan in another car.

The next second, a few people got out of the SUV, led by Chang Li.

There were also a few people who got out of the car together, with awe-inspiring momentum, all with self-defense weapons in their hands.

Although the number of people is a few less than them, the momentum of the whole body is already a lot higher.

Su Nan breathed a sigh of relief in the car.

The moment one of the other's head was about to put his hand in his waist, Chang Li quickly moved in front of him, and a cold gun barrel pressed against his head.

The man didn't dare to move for a moment, and stood there with a pale face, trembling with sweat.

The momentum is imminent.

In the quiet night, the quietness reveals danger.

The other party obviously didn't expect Chang Li to have this, they panicked instantly, and looked in the direction of the black car invariably.

Under the street lamp, the breeze came out slowly, with a bit of chill.

Su Nan squinted his eyes and never got out of the car.

She's not that stupid.

Soon.

The other party finally got out of the car.

He was wearing black clothes, a hat, and even his hair was shaved.

Looks like a tomboy.

Su Nan squinted his eyes and recognized this person, it was An Qi.

She pursed her lips and watched the scrawny An Qi walk to her car and waved to the others.

Except for the one in Chang Li's hand, everyone else quickly stepped back and returned to the car.

Although the car hit by the SUV had sunk a little, those people didn't dare to hesitate outside.

Even if the car breaks down, get on it.

...

Chapter 1652 The last side of An Qi

Chapter 1652 An Qi's Last Side

An Qi wanted to approach the car that Su Nan was in, but was blocked by Chang Li.

She pursed her lips, looked at Su Nan, her eyes were gray.

Su Nan paused, but chose to get off.

Although Xing Zhi took her away, she was somehow inseparable from An Qi.

But she also knew that this was not An Qi's idea, otherwise, during her time in City A, she had countless opportunities to use her, but she didn't.

The cold wind was blowing her hair, and Su Nan raised her hand and said it gently.

"An Qi, do you have something to do with me?"

An Qi stood there, looked at her, and pursed her lips:

“My flight at night is about to go back to Southeast Asia, my brother is dead, those who followed my brother, some I switched to other people, and some are waiting for me to go back.

I may never come to Z country again in the future.”

Her voice drifted in the wind, very soft, but she could hear it clearly, a little desolate.

Su Nan: “It’s been a smooth journey.”

They didn’t have much friendship, and they weren’t deep enough for her to see them off.

So why did An Qi go to great lengths to find her?

An Qi raised her eyes, looked at her, and hesitated.

“Su Nan, I came to see you one last time because I wanted to apologize to you for my brother.”

Su Nan was stunned and raised her eyes, not expecting that she would say this.

An Qi smiled apologetically:

“Because of my business, my brother made his mind up on you. I mentioned you to him, but I didn’t let him do it.

It brought you a lot of trouble and danger, I’m really sorry.”

Su Nan was still in disbelief: “Just for this?”

An Qi chuckled lightly: “Just for this, I didn’t want to do it, but...Fu Yechuan came to me, he promised not to go because of my brother’s affairs, which would implicate me, and the condition is to let me come over. I apologize to you.”

Su Nan’s eyes sank, it turned out to be what Fu Yechuan meant.

Seeing her impatient look, An Qi suddenly smiled.

The person she dreamed of, but Su Nan dismissed it.

Now my home is gone, my brother is gone, nothing is left.

She came to Z country and got herself covered with bruises.

I really don't know what the picture is?

She should hate that man, but she tried, it was no use.

Su Nan: "No, you didn't feel sorry for me, and you can't represent Xing Zhi. Finally, I wish you a smooth journey."

After that, Su Nan turned around and opened the door to get in the car.

An Qi behind her suddenly called to her:

"Su Nan, I'm sincere. Believe it or not, I don't want to implicate you. You are innocent.

I admire you very much . No matter how profound it is, she will simply let go."

Her voice was cold, and she followed the wind and got into Su Nan's ear.

Su Nan paused and looked back at her.

Angie's eyes seemed to be red.

She seemed to see her deliberate disguise, indifference, and cunning when she first met at Cheng's house.

The girl who looks bad is actually not that bad.

If you change the environment, maybe she will be happier.

I really don't understand how much she likes Fu Yechuan?

Su Nan frowned: "Then don't you hate him?"

After all, although Xing Zhi was courting death himself, it was also the direct cause of Fu Yechuan.

An Qi, who will go to Southeast Asia, is no longer the little princess of the arms dealer group, and her days in the future may begin to be miserable.

The initiator, but just let her go?

The corners of An Qi's eyes turned red, she pursed her lips, covered her belly with one hand, and tugged at the corners of her mouth:

"It's really... I can't hate it."

She didn't know whether to cry or laugh, Sadness was written all over his face.

...

Chapter 1653 Meaningful things

Chapter 1653 Meaningful things

An Qi's character is not like Xing Zhi's, but growing up in the smoke of arms and guns, her character is a little more indifferent to unimportant human life.

She can hurt the people around him at will, even his relatives, but she really can't hate him.

An Qi has chased the gunfire for most of her life, but she wants to find a sense of security in a cold and lonely man.

Su Nan looked at her deeply, and then got into the car without hesitation.

Chang Li threw the person in his hand to the ground, and then motioned others to get into the SUV, while he got into Su Nan's car.

At this time, personal protection is the best.

Su Nan's car backed up, turned, and drove away.

It disappeared into the traffic soon.

It's just that the car was blocked for less than five minutes, and even the car behind was not affected much, and it returned to normal in an instant.

On the way back, the atmosphere was quiet for a moment.

Su Nan opened his eyes and instructed lightly, "Let someone follow An Qi to see if she is really gone?"

Chang Li nodded without hesitation, and immediately called someone.

Su Nan was not surprised by her leaving, but was surprised by An Qi's attitude.

Coupled with the movement she just clutched her lower abdomen, although she was very careful, Su Nan still noticed this detail.

She didn't want to explore other things that had nothing to do with herself, but she had to make sure that An Qi really had no threat to herself.

Soon.

The car went downstairs.

She went straight to the elevator from the garage.

Before opening it, he saw Shang Qian was already standing there.

He smiled slowly, with a smile on his eyebrows: "I just called and asked Cheng Ershao , just wanted to pick you up at the bar, you came back, and we have a tacit understanding."

Reach out and open his arms.

Su Nan smiled and breathed a sigh of relief. He went out and hugged him. The smell was so warm and refreshing, it was really nostalgic.

She was already starting to get a little fascinated.

Shang Qian put his hands loosely around her waist, then slowly tightened them, then picked her up and kissed her overwhelmingly.

Su Nan was suddenly pushed aside and opened his eyes.

"Didn't you take your medicine yet?"

Shang Qian blinked, his eyes were full of dull light, and his warm voice was a little hoarse:

"I just finished eating, I need to exercise..."

Full of suggestion.

Su Nan pushed his body, but couldn't move, "Can't you do something meaningful?"

Shang Qian was innocent: "Isn't that right?"

Before she could react, the two rolled onto the bed.

Although they have been together since they came back, Shang Qian's physical condition is really unbearable.

Now that it is finally recovering gradually, no one wants to feel wronged.

Su Nan let go gradually, and soon became a puddle of water... ——Because  
neither

of them had the consciousness to go to work, they slept until noon.

When Su Nan woke up, the side was already empty.

But I could vaguely hear the sound of cooking from outside.

It's a really warm feeling.

After she cleaned up, she made herself a mask, and when she went out, she saw Shang Qian planning to go in and call her.

When he was stunned, he subconsciously reached out to touch her face, and then retracted.

"How about a few minutes? The porridge will be cold?"

Su Nan: "Fifteen minutes, not less than a minute."

Seeing him distressed for a moment, he immediately went back to the meeting and simmered it over a warm fire so that it wouldn't get cold. .

She smiled, "Mr. Shang is really becoming more and more like a family cook!"

Shang Qian smiled, his broad back was busy and methodical:

"This is my lifelong pursuit." It was

obvious that he was enjoying it.

Just as Su Nan was about to say something, the phone rang...

Chapter 1654 You are so brave

Su Nan looked at it, it was Su Qi.

She picked it up and pressed the speakerphone.

"Third brother, what are you looking for from me?"

He said, pressing the mask on his face, for fear of falling off.

Su Qi: "Dad asked you to go home for dinner, he just caught the fish."

Su Nan glanced at the man in the kitchen, Shang Qian's back was slightly stunned, but he didn't look back, and the movements of his hands slowed down obviously.

She pursed her lips and said with a smile:

“Let’s talk about it at night, we have already started to eat.”

“That’s great, that fish is mine!”

Su Qi hung up the phone excitedly, but did not regret it to Su Nan Opportunity.

Su Nan paused for a while, then gritted his teeth and tore off the mask:

“You can’t make crispy fish, right?”

This is her and Su Qi’s favorite fish.

Shang Qian heard the voice, came out, and watched her tear off the mask. Before there was time, he was stunned for a moment:

“What is the crispy fish? Why don’t you continue?”

Su Nan bit her lower lip, “I’m not in the mood. Now, let’s eat, Uncle Steward must make crispy fish, which is cheaper than Su Qi!”

Shang Qian frowned: “So you like to eat?”

“Of course, I would rather use Su Qi in exchange for this fish, this is Uncle Steward’s best skill. It’s a pity that it’s too troublesome to make, and he doesn’t make it often when he’s older...”

Seeing Su Nan’s regretful look, Shang Qian smiled.

“It’s rare to see you angry about a fish. It looks really delicious. I want to try it when I get a chance.”

Su Nan raised an eyebrow, “No problem, we’ll go back tonight!”

Saying that, she sent a text message to the housekeeper’s uncle, asking him to prepare in advance.

Looking at Shang Qian’s face, the steward’s uncle would not refuse.

After receiving the reply from the housekeeper’s uncle, Su Nan breathed a sigh of relief.

Shang Qian looked at her with a smile: “Do you want to go shopping for a while?”

Su Nan raised an eyebrow.

Shang Qian: "Is there a shortage of bags?"

Su Nan smiled: "Are you going to carry bags? Forget it, you might as well let them deliver the stock for me to pick. I don't want to waste this time shopping with men. , there is no sense of accomplishment."

Only a woman will have a bloody opinion on a woman.

Shang Qian shrugged, "That's fine."

Su Nan: "I'm going to go to the company in a while. My eldest brother has been looking for me several times. If it goes on, he will probably bring his eldest sister-in-law over to trouble you!"

Shang Qian was stunned for a moment, smiled, and expressed his understanding:

"That's right, sister-in-law is pregnant, brother has to spend more time with him, you can't escape this."

Su Nan sighed, or else, everything is For her great nephew and great niece!

"Are you afraid of affecting your trust in my family?"

Su Nan said meaningfully.

Shang Qian: "I just established a good feeling, and it hasn't turned positive yet. I hope it lasts for a longer time."

He didn't hide it, but Su Nan didn't feel unhappy when he heard it.

in the afternoon.

Shang Qian sent Su Nan to the Su Group, while he went to his own company.

As soon as Su Nan entered, he was warmly welcomed by Yu Lou and others.

The lady at the front desk brightened up when she saw Su Nan:

"Mr. Su, have you returned from Antarctica?"

This is the reason Su Jin found for her to disappear for so many days.

Who doesn't envy Miss Su who can go on vacation anytime, anywhere?

Su Nan smiled, "Yeah, I missed you so much, so I came back early."

She chatted with the people next to her and got into the elevator, with an easy-going personality. Everyone looked at her and felt a lot more cordial.

Yu Lou brought in a cup of coffee and put it on her table:

“President Su, Mr. Lin from Juli Group wants to talk to you about cooperation.”

Chapter

1655 Su Nan, a good helper, raised his eyebrows: “He knew it on the first day I went to work?”

Yu Lou paused and said with a smile: “He made an appointment a few days ago, and he said it was the first I want to ask you to talk for a while, you go back to the company, and I will pass it on to you.”

Su Nan lowered his head and sorted out the information in front of him, his tone was a little casual:

“I will hand over all the projects related to the Fu Group in my hands to you. Brother, if he has something in his hand that is more troublesome or anxious, he can exchange it.”

Yu Lou was stunned for a moment, and immediately understood her intention.

“Where is the Fu Group...”

Ringo and Fu Yechuan have always had a close relationship.

He came to meet in the name of Juli Group, and it was impossible to guarantee that it was not for Fu Yechuan to explore the way and to explore her attitude.

Since he wanted to know her attitude, she should tell him clearly.

It is impossible to find another chance to get close to her.

Regardless of whether he has this intention or not, Su Nan must first show what he means.

Su Nan raised his eyes and looked at him, “That’s it, don’t tell me about his projects in the future.”

Yu Lou nodded: “Yes.”

He then went out to deal with the follow-up projects.

Soon.

Su Jin pushed open the door and came in.

His expression was a little dignified, and he seemed to be a little haggard.

Su Nan frowned, "Brother, your face is not very good?"

Su Jin rubbed his eyebrows, "As soon as your sister-in-law is pregnant, the taste will start to be tricky, and I want to eat oden in the middle of the night, because the store is closed, so I went farther. When the place where I bought it was cold, she began to cry, and she fell asleep when she was tired..."

Su Nan looked at him with a half-smile but not a smile, "Brother, you are clearly enjoying it. Our family has not had a lively child for many years. Sister-in-law's first child must be well guarded!"

Su Jin sighed He sighed and smiled helplessly.

"I'll try my best."

The experience of these days is enough to make him admire himself.

He didn't expect that he would be patient to this level, and when he got to the bottom of it, it wasn't for the sake of the child, it seemed like it was for Wen Xiang's rare little temper.

Wen Xiang, who has always been gentle, is generous and decent, and even if he acts like a spoiled child, he is just right to understand his hard work, so there has never been a time for endless disputes.

But after she became pregnant, her character became cunning and squeamish. She cried every now and then, and she had to repent after crying, which made Su Jin at a loss.

However, he gradually found some small rules in these small tempers, and it was good to follow them.

What else can I say?

Su Jin pulled out of his thoughts and looked at her sternly:

"The business of the Fu Group can be suspended directly. Although there will be a lot of losses in a short period of time, we are prepared and will recover within two years."

Su Nan shook Shaking his head, "Once the shutdown, the relationship between the two companies will be interrupted, which is not good for us. The Fu Group is one

step ahead of us in overseas markets. If there is a problem in our country, it is difficult to say that it will not affect the overseas market. Two steps, no matter how we think about it, we are all at a loss, and it's not worth it."

Su Jin looked at her seriously: "I really grew up, and I understand things and feelings."

"Of course, people don't have to live with money, right?"

Su Nan smiled, "During my sister-in-law's pregnancy, you can give me some projects that can be moved out. If you spend more time and energy on her, you can rest assured at the company."

Su Jin nodded, "Okay, then do as you said, but I found a good helper for you."

Su Nan frowned, "Who?"

"Let the third child help you."

Chapter 1656 is very difficult

Su Nan thought he heard it wrong.

"Who?"

"The third child, your brother!"

Su Jin looked at her helplessly.

Su Nan was shocked: "He would agree? Back then when his father beat him with a whip, he didn't want to join the company, but plunged into the entertainment industry. Can he agree now?"

Su Jin shrugged and looked helpless:

"He What can I do if I don't agree? If such a big group is handed over to you, I'm afraid it will make you exhausted. Moreover, he has no drama performances recently, and the general script is not good, so if you are idle, you are idle. ...."

Su Nan twitched the corners of his mouth, "Anyway, it's fine if you think it's okay."

She didn't have any doubts about Su Qi's ability.

It's really Su Qi's cynical attitude, it's really interesting.

Su Jin tapped on the table, "That's it, if it doesn't work, then take him down and replace him with someone else." It

was as easy as changing the monitor.

Su Nan nodded, lowered his head and took a sip of coffee, and suddenly remembered something:

"By the way, I thought of one thing before, I wanted to set up a charitable relief foundation to help women and families displaced by abduction and trafficking at home and abroad. Children."

Su Jin frowned and listened, Su Nan's explanation was simple but direct, and he could understand what she meant.

But it's really hard to do this.

"This is not a small domestic charitable organization. If it involves the international aspect, I am afraid it will be more difficult to do, and if there is no continuous financial support, it is equivalent to being silent.

This kind of charitable organization is not privately founded internationally. , most of which are joint rescues by international political circles.

And because of the different laws of different countries, the help that can be provided is really limited.

Did you...really make up your mind? "

He must put all the difficulties that he needs to face in front of him. If he just takes money to do things, everything can be said, but these are not just money, but also energy and complex international relations. What's more, there are countless challenges to face. Dangerous.

Su Nan smiled without any hesitation.

"Yes, I have thought about it for many days and thought about all the difficulties, but I still want to do it. I can ask experienced people to help this organization set up. Volunteers from various countries who are in need and want to find their relatives are invited to participate.

Just like a drop of water flowing into a river, although the water flow is small at the beginning, it will always get bigger and bigger.

As for funding, I would like to take 30% of my dividends to operate every year, of course, if this is not enough, there may be more. “

Su Jin was silent for a few seconds, his eyes were far-reaching and long. The atmosphere was quiet for a while. At the end.

He glanced at her and said in a low voice:

“Little Si, you are doing the right thing, since it is so right, then from Take 3% of the company’s annual income.

Keep your pocket money to buy clothes and jewelry...”

Su Nan’s nose was sour, and she suddenly felt like crying.

Three percent of the company is not a small amount.

That’s her own dividend . How many times?

She still wanted to refuse, but Su Jin had already stood up:

“Okay, I will contact foreign friends to help with this matter, and then you will only be responsible for taking the money. As for the legal person behind it, it is best Don’t involve you, our funds are injected in the name of the company, so as not to push yourself on the cusp. “

What Su Nan wanted to say, she instantly understood.

If she came forward as herself, those people would be targeting her, Su Nan.

But if it is the whole group, it may just look like some kind of money laundering method of the group from the outside.

Chapter 1657 You will marry me

with a fake, which is also a method.

Su Nan smiled, “Okay, I’ll listen to Big Brother.”

Su Jin nodded, lowered his eyes and paused:

“Tomorrow I’ll ask the third child to come to work, don’t be too tired.”

After speaking, he patted Her head turned and left.

After Su Nan said this, he felt a lot more relaxed.

When eating at Su’s house in the evening, Su Nan didn’t mention a word about this matter.

After she and Shang Qian left, Su Qi’s phone calls came one after another.

“What? Do you know? Big brother, that devil actually asked me to go to the company for him?”

“I’m so pissed, he actually froze my card!”

“He’s so domineering, who does he think he is? You ‘re an adult and you still play this!”

“If I don’t go, I won’t go even if I die!”

“Su Xiaosi, hurry up and reply to me, or you won’t have my brother!”

Looking at the text messages one after another jumped When she came out, Su Nan was dazzled.

She glanced at it, not daring to ignore it.

She replied immediately, with euphemistic words:

“Brother, you have to listen to it!”

Su Qi was full of fire: “If you don’t listen, I won’t listen, why is his wife pregnant, and it’s me who suffers? I have it too. Girlfriend, I also have my own job!”

Su Nan pouted: “As far as I know, have you been on a business trip these few days? Your performance is over...”

“Okay, Did you tell the secret, are you with the boss?”

Across the screen, she could feel Su Qi’s burning anger.

Su Nan quickly denied: “I don’t know anything about this!”

Su Qi scolded her for a whole night in disbelief, and finally hung up the phone angrily.

Only then did Su Nan slowly breathe a sigh of relief, and the whole person relaxed.

Shang Qian took the cut watermelon and fed her a mouthful. Looking at her, he wanted to laugh and endured:

“I’ve never seen you so cowardly. The third brother didn’t refute a word when he scolded you, isn’t he more guilty?”

Su Nan paused, yes.

She scratched her hair, feeling her head was getting bigger, she stood up and opened her hands.

Shang Qian put down the fruit bowl, stood in front of her and turned around.

She lay down on his back.

Shang Qian immediately carried his back up and walked around in the living room with bare feet, “Is this comfortable, miss?”

Su Nan said with a “uh”, then threw his legs and smiled:

“Just scold him, anyway, he There is no room for resistance, I have to go to work tomorrow.” A

trace of amusement flashed in Shang Qian’s eyes: “Why?”

“Didn’t you listen to him? Brother froze his card, he has no money to spend, so he can only go to work.

How good is my eldest brother, he can defeat the enemy with one move, and he doesn’t leave any way out, he is much more powerful than my dad.”

Su Nan said with a smile with a hint of watching a good show.

“Anyway, I’ll take it easy...” In the

end, it was her who benefited!

Shang Qian was amused by her and laughed out loud, “The third brother is so angry that he knows, but are you sure he will really go to work? It

seems that he is not the kind of person who can be calculated.”

He has seen Su Qi’s randomness, people who can hit people when they lift up their chairs, and people who can drink when they put down their chairs.

Not ordinary people.

Su Nan: "Then let's make a bet?"

"What?"

Shang Qian was also interested.

Su Nan: "What do you think?"

"If I win, you will marry me?"

His voice was gentle and light, like a wisp of fresh wind swept across her heart.

Su Nan was slightly taken aback.

The big screen on the wall also heard the voice from the TV series, and the excitement was very urgent.

But neither of them made a sound.

Chapter 1658

Su Nan was lying on his back, like a soft and waxy bug.

Her excited mood was interrupted by his words for a moment.

Don't know how to answer.

marry him?

She thought that the two of them would be together forever.

But is she really ready to step into the threshold of marriage again?

Maybe not.

Shang Qian also felt the delay in getting her answer.

His pace was slow, he lifted her leg up, and sighed:

"I may not win, don't be afraid."

Su Nan paused for a while, then said weakly:

"We will always be together, But the matter of marriage..."

Shang Qian tilted his head slightly, she could see his thick eyelashes and Leng Jun's smooth profile on his back.

Hearing Su Nan's words, his face tensed, and then he said with a smile,

"You just want to sleep with me, don't want to be responsible?"

Su Nan slapped him lightly, bluntly saying the price.

"Sleep on you, you look down on you, don't try to make an inch."

Shang Qian chuckled, "I have to thank you?"

His voice was warm, although the loss in his eyes was well concealed, but Su Nan could still feel it. His aura was a little more depressed.

At night, he kissed her slender, white and tender neck. Unlike the countless times before, he exerted some uncontrollable force this time. Even if she resisted and dissatisfied, he did not let her go.

All night, he tossed her in different ways.

Su Nan slept until the next afternoon.

She felt sore all over.

I finally realized that I really offended someone last night.

This Shang Qian said that he was not angry on the surface, but he was really holding revenge behind his back.

He will always find his way back.

But Su Nan has no reason to be angry.

Wasn't her previous behavior just irresponsible?

The fault was caused by her, she had nothing to say.

She narrowed her eyes and didn't hear any movement outside. She appeared and looked at it. The living room was very quiet.

Not even the kitchen.

She went around the bathroom, took a bath for herself, and came out comfortably.

Anyway, it's already late, and I don't expect to go to the company to brush my face and fight.

Su Qi went there on the first day and didn't know how to make a fuss.

Hide if you can!

It's just that she put on her clothes and came out, but she still didn't see Shang Qian's figure.

The whole house was empty, as if she was the only one left, and unknowingly it seemed a little cold.

She was stunned for a moment, a little shaken.

It's as if it's never been thrown away.

The light outside was dyed orange, and when looking at it from the floor-to-ceiling windows, it was very beautiful.

But right now, I don't feel warm and glamorous at all, I don't even have the mood to appreciate it, I just feel tacky.

She found her phone under the bed and looked at several caller IDs and messages.

The six were called by Su Qi, and they sent a WeChat message when they couldn't get through:

"How dare you be late for work on my first day?"

"Hurry up and go to work!"

"Why don't you go to work?"

"You haven't gotten up yet, have you?"

...

There are also two documents and information sent by Yu Lou.

"Emperor Su has come to work. He took Boss Su's office as his own and threw a lot of things from him. Boss Su was so angry that he rushed over and scolded him. He has moved to the small office next to your office. "..."

Su Nan couldn't help but chuckle after reading it.

Su Qi fought against Su Jin and lost completely!

However, by sliding the page up and down, there is no phone number or information from Shang Qian.

She opened the dialog and looked at it, thinking she had read it wrong.

But really not.

I can't help but feel a little weird...

Chapter 1659 A group of nympho

Su Nan sat there for no reason, causing a burst of loss.

It turns out that the warmth that is already accustomed to and at your fingertips will disappear one day?

She took a deep breath, trying to sweep away the haze, but to no avail.

Looking up, I saw a post-it note on the table next to me.

Shang Qian's words are fluent and powerful:

"There is something urgent over there in country M. I'm on a temporary business trip. I'll be back in two days. Shang Qian."

Su Nan blinked, it turned out to be a business trip.

However, the weirdness in my heart was not relieved at all.

I don't know when he left or if he will arrive.

After hesitating for a moment with the phone, he still called him.

The phone didn't ring, and there was a sound of shutting down.

It appears that he did not get off the plane.

Su Nan paused for a while, then went to the cloakroom to change his clothes. After changing his clothes, he contacted the driver to go to the company.

As soon as I entered the company, I felt an unusually warm atmosphere.

Everyone's enthusiasm seems to be the day before the holiday, and the cautious nervousness and anticipation feel the same as when the lottery prize is revealed.

When Su Nan got upstairs, she understood where this feeling came from.

Su Qi's face that brought disaster to the country and the people, coupled with the good figure developed by regular exercise, standing there tall and slender, the whole person undoubtedly became the focus.

He leaned on a workstation to talk to a little girl, and the little girl blushed and didn't dare to look up. There were many colleagues around him secretly staring at him, and even took out their mobile phones to take pictures.

"It's so handsome!"

"It's the first time I've seen Actor Su in the company. Is he really President Su's younger brother? Two handsome people with different styles, how can their genes be so strong?"

"I think President Su is still a little strict, and he doesn't usually do it. Dare to look up at him.

But actor Su is so approachable and approachable, I still prefer actor Su!"

"Me too, actor Su became our leader, and I feel that it's worth working for the company in this life, even if I pay for it, I'm still willing. Yes !"

"That's right, Su Yingdi is my male god, Su Nan is my goddess, if they are here, I will never leave!"

Su Nan frowned speechlessly: "..."

Nympho .

Looking up at Su Qi's wicked smile, it was clear that he was deliberately making trouble.

She passed through the crowd, and before she got there, she heard Su Qi smiling and looking at the little girl opposite:

"You said that the Japanese sushi downstairs is delicious? Then I'll ask you to be okay... "The

little girl blushed and couldn't raise her head, but she was so excited that she didn't know what to say.

The surrounding female colleagues stared enviously.

Su Nan walked forward with a smile, picked up the phone, and when he passed by Su Qi, he smiled without changing his face, and swept over directly:

“Hello? Got it, are you eating sushi? Is it delicious?”

Su Qi His face froze fiercely. Under everyone’s attention, his face turned pale with fright, and he hurriedly followed Su Nan.

“Who is who? What is she eating? Why doesn’t she answer my message, but answer your call?”

Su Qi grumbled and complained, without the slightest gesture of being handsome just now.

Everyone: “...”

Su Yingdi suddenly what happened?

It’s like taking the wrong medicine!

Su Nan entered the office and immediately locked the door, refusing Su Qi’s entry.

Su Qi excitedly patted the door outside:

“Little Si, let brother in. If you have something to say, brother’s first day at work, don’t you even give me this face? I’m still not your own brother?”

Su Nan looked at the phone, which was not lit at all, and snorted lightly.

The IQ of this third brother has really not improved at all!

Chapter 1660 Little Contradictions

Su Nan was sitting on the sofa, looking at the phone in a trance.

Looking at the flight, the earliest flight in the morning arrived an hour ago.

There is still half of the plane, which just landed ten minutes ago.

But she was not sure which flight Shang Qian was on?

Would you like to ask?

She could ask his assistant, but as soon as she asked, Shang Qian would definitely know.

How will you explain it then?

Su Nan felt so chaotic for a moment, a mess.

While hesitating, the phone suddenly rang.

She was startled, almost fell to the ground, and quickly picked it up to take a look.

Is Ning know.

She couldn't tell if she was lost or picked up.

"Understood?"

Su Qi outside was still knocking on the door desperately.

Su Nan finally had the confidence to ignore it.

Ning Zhi's voice was a little blocked:

"Well, there is a show in Italy these two days, which is very important, I will bring someone over in person, there is nothing to do in China, right?"

Su Nan raised an eyebrow, "Which aspect are you referring to ?

Ning Zhi learned: "What do you think?" "

The third brother is very honest and will never provoke little girls outside, don't worry!"

Su Nan could not wait to bite off her tongue, looked at the door angrily, and wanted to pass The eyes killed the person outside the door.

Ning Zhi laughed lightly, not knowing whether to believe it or not.

"Of course I'm relieved, it's all

up to him to be conscious." "Have you quarreled?"

Su Nan asked back, in what Su Qi said just now, it was obvious that he was at a disadvantage.

No matter how she is her own brother, she doesn't want any party to be hurt.

Ning Zhi was stagnant for a second before slowly opening her mouth:

"No, I just feel that there are some disagreements, I want to cool him off and reflect on myself."

She sighed straightforwardly:

“The party that day, you left early, remember? ?”

Su Nan responded, of course she remembered.

Ning Zhiliao: “I drank too much, Qin Yu was taken away by Shen Liang, and the boss asked a few people to take care of me, oh, you are the kind of little brother you think, but they didn’t do anything, just take care of me That’s it..”

Su Nan raised her eyebrows, “Let my brother watch?”

“No, he’s like crazy, he beat people without saying anything, and even scolded me, okay, I I’m sorry, I apologized to him. What’s the result?”

Film Emperor Su told me to close the company and stop working... What age are you talking about, he still has a set of feudal thoughts?”

Ning Zhi said in his tone. Feeling tired and helpless, “You know, what I’ve experienced made me unacceptable for this condition, and then I went on a business trip.”

Su Nan paused and cursed:

“Su Qi is crazy, you’ve done a good job, I’ll tell you. You, do you keep this kind of person for the New Year?”

Her voice couldn’t help but get louder.

Ning Zhi hummed happily.

Su Qi outside seemed to have heard it, and patted the door even more excitedly.

“Su Xiaosi, are you speaking ill of me? Don’t stir up trouble, be careful I’ll settle the bill with you!”

Su Nan was not afraid of his threat.

Su Qi is digging a hole for herself, she just buried some soil in it!

Ning Zhi’s ears were very sharp, and paused for a second:

“Is he next to you?”

Su Nan: “No, he was outside the door and was caught by my brother to work, and he was in a mood on the first day... .”

Ning sighed clearly, "That's great, don't let him idle, always bother me, I have to reconsider our relationship."

Su Nan firmly supported, both of them are too important, it's better that no one gets hurt.

If you can be together, stay together, if you can't, just separate.

But don't go to the irreversible step, and then leave after hurting each other.

Su Nan: "But...you are on a business trip to hide from him?"

Chapter

1661 Take the initiative to ask Su Nan when he asked this sentence, his heart was inexplicably low.

I don't know what she thought of herself.

Ning Zhi said vaguely:

"That's it, but I just happened to meet this show, I didn't want to come in person, I think it's better to be separated for a while, if I don't go, I really don't know what to do next? It is estimated that it will be divided in one anger..."

Ning Zhi's voice was very low.

Although Su Nan is Su Qi's younger sister, the two of them have been friends since childhood. They both know each other's secrets, and they won't hide it because of scruples.

She didn't want to give up Su Qi, and she didn't want to give up her career.

Her career is all the confidence for her to grow up, Su Qi is not.

If she could choose, she really didn't know how to choose.

As they talked, the mood of the two of them couldn't help but drop.

Ning Zhi found a reason to hang up.

Su Nan also stared at the darkened screen in a daze.

According to the time, Shang Qian should get off the plane, why didn't he call her?

In the past, every time on a business trip, Shang Qian would consciously tell her if he had arrived, but this time...

he won't run away, right?

Su Nan thought of this idea, and some strange thoughts came to him.

How could she think so?

But Shang Qian's behavior since yesterday was very strange, and she couldn't even ignore it.

She thought about it, looked at the name on the phone, and pressed it for a long time.

In the process of waiting, it seemed that I was frying my heart on the grill, which was very painful.

After waiting for a long time, she thought that no one answered the phone, but at the last moment she was about to hang up, a familiar and warm voice suddenly came:

"Hello?"

Su Nan suddenly breathed a sigh of relief, as if a stone fell in her heart down.

But in an instant, her mood sank, and it fell like a roller coaster.

"I just got up, you went to Country M, what happened there?"

Her tone was as relaxed as possible, not wanting Shang Qian to hear her strangeness.

Shang Qian seems to be in a hurry, what else is going on:

"There are a few old shareholders who want to make a comeback and stole a lot of projects. The general manager here is about to be unable to hold on, so I'll come and take a look."

Su Nan twisted Mei, "Is it serious?"

Shang Qian paused, "It's okay, it should be resolved, don't worry."

Su Nan: "Okay, if you need help, I'll ask someone to come over, and the authority will be given to you. Shang Qian: "

Don't worry, it will be resolved soon."

After the two people talked, there was a moment of silence.

No one knew what to say next.

Su Nan suddenly said, "Why did it take you so long to answer the phone just now?"

After asking, Su Nan felt a trace of regret.

Shang Qian smiled, "The phone shuts down automatically when it's out of power. I just got a call from you when I charged it. Are you in a hurry?"

There was a bit of a smile in his tone.

Su Nan snorted, "Who's in a hurry? I woke up suddenly and didn't know when I called you."

Shang Qian suppressed a smile and coughed, "Okay, what gift do you want me to bring back? Cosmetics or clothes?"

On this point, Shang Qian is definitely considerate.

Immediately, the haze and unhappiness in Su Nan's heart were swept away.

"Whatever!"

"Whatever?" Shang Qian said in a distressed tone, "This is too difficult, are you trying to embarrass me on purpose?"

Su Nan smiled, "I don't have a problem, you understand it yourself."

The two laughed and hung up the phone.

Su Nan raised his head and saw Su Qi standing at the door angrily.

Yu Lou was so frightened that his face turned pale, "Su..... President Su, he smashed the door!"

Chapter 1662 Complaint the first

that Yu Lou immediately reacted, and Shang Qian explained that it was not the door they opened.

Su Qi is about to hit the door, who dares to stop him?

He will sit in Su Jin's position in the future.

Su Qi and Su Nan, no one can offend anyone!

So even if Su Qi broke the door, they didn't dare to go up and stop it.

Su Nan paused, cleared his throat, and turned off his phone.

"Third brother, you have to pay, Assistant Yu, buy the German marble door I liked last time, and put it on my third brother's head."

Yu Lou was stunned, seeing that Su Nan was not only not angry at all. Instead, there was a somewhat excited and successful smile in his eyes.

Instantly understood.

"Yes, Mr. Su."

"Are you trying to scare me? Did you not call Zhizhi just now?"

Su Qi didn't care about the door. When he knocked on the door just now, he suddenly figured it out.

How could such a coincidence happen?

Su Nan must be lying to him!

She just wanted to see a good show.

This little liar, dare to deceive my brother like this, I really owe a lesson!

Su Nan raised his eyebrows and looked at him with a smile:

"Third brother, is this the reason you gave yourself?"

Su Qi stared, his face turned green.

Su Nan smiled, "If this makes you feel better, then I have nothing to say."

Su Qi suddenly became anxious, turned twice in front of him, walked to Su Nan in a few steps, and stretched out his hand.

"Give me the phone, I want to see it myself, I don't believe you, if you dare to lie to me..."

Su Nan happily unlocked the phone and handed it over before Su Qi finished her ruthless words.

He was stunned for a moment, pursed his lips, took it over, and found the page of the call.

In an instant, his face turned white!

Su Nan laughed and admired his face, which was really wonderful.

She tutted twice, her legs crossed on the sofa, and she was very leisurely and content:

“Where did all the energy to tease the little girl go outside? Why did you look like an eggplant beaten by frost?”

Brother third, although you are my brother, But knowing is my best best friend, if the two of you can't cultivate a positive result, it's best not to hurt each other, after all, I don't want to lose her.”

Su Qi's face changed a lot, and the corners of his mouth twitched. After crossing a somewhat complicated look, he hesitated.

“What nonsense? What is hurting each other? We are very good!”

Dead duck stubborn?

very good.

Su Nan paused and looked up at him:

“Don't force it, I know that she is different from other women, she can't stand the feelings that are divided and closed, and your Neptune's tricks should be used to deal with the sea queen, she is not. “

Ning knew that she lacked a sense of security, so she looked for it in her career.

She clings to the confidence of her career and just wants to live a personal life.

If she was hurt emotionally, no matter who she was, she would never believe it again.

She is never sloppy.

Even Su Nan admired it simply.

So she thought about it and knew that if Su Qi continued to do this, she would soon reach the point where it could not end.

Su Qi pursed her lips, and a dim light flashed in her eyes:

“What did she say to you?”

Su Nan raised her eyebrows and took a sip of the cold coffee:

“What can she say?”

Su Qi took a deep breath. Breath, I feel that there is no place to vent all the strength in my body.

He turned his head and glanced at the people watching the excitement at the door:

“Go out.”

Yu Lou did not dare to delay, and immediately took the people out.

The content below is not something they can hear.

Seeing everyone leaving, Su Qi sat helplessly across from her sofa:

“Little Si, what did she really tell you? You didn’t tell her what you just said, did you?”

Chapter 1663 I’m blind

Su Qi was really worried just now, did she ask too much this time, so she made her run so far?

Su Nan glanced at him, worried that it was not fake.

“I won’t say anything. You like each other, it’s not fake, do I still expect you two to separate?”

Su Qi breathed a sigh of relief, and bent his lips together:

“Then what did she say? You didn’t talk to me. She explained that I didn’t flirt with the little girl?”

Su Nan chuckled and looked at him.

“Could it be that I was blind just now?” How

dare she say that what she saw with her own eyes is fake?

Su Qi touched his nose with a guilty conscience:

“It’s the first time I came to the company, shouldn’t I have a good relationship with everyone? Of course I want to leave a good impression on everyone, otherwise I’ll be just like the big brother, as if someone owes him money with a cold face. What?”

Su Qi has a plan for his professional personality.

Even if he can’t be as radiant as in the entertainment industry, his popularity must be sought after by everyone, and his personality can’t be down!

Otherwise, when people come and go, who would suddenly record a video, take a photo, and say that he is playing a big name, and his business value will fall to nothing?

Su Nan knew that he couldn’t let go of his stardom and deliberately provoked him.

“Then don’t feel guilty. You were afraid of being like that just now? There

are so many people, and when you look back, everyone spreads that you are messing around with flowers. You don’t have to become something. You don’t want your image anymore. Just quit the entertainment industry.”

Su Qi embarrassed He pursed his lips and felt a little guilty, but he didn’t think so much. It was only the first day of work that he didn’t want to make Su Jin so happy, so he deliberately made some trouble.

“Little Four...you have to help me!”

Su Nan snorted coldly, “I already chased her for you last time. If you lose someone this time, you will be responsible for yourself!”

Su Qi’s face changed slightly: “Isn’t it?”

He felt pretty good about himself . OK.

Su Nan sneered and turned around and broke up unilaterally. Does he still think he is just on vacation?

What a natural sense of security!

“Then don’t worry, just wait and see!”

Su Nan said after a sentence, and turned to stand up. Su Qi immediately stopped her:

“Little Si, is she mad at me? Do I want it? Go to Italy to find her?”

he said, and he planned to do it!

Su Nan was stunned, and quickly stopped: "Of course not!"

If he leaves, what will happen to the company?

Su Nan pursed her lips, thinking and said,

"She's still angry, she's annoying when she looks at you, and you're asking for trouble if you go, but it will intensify the conflict!"

Su Qi was moved by these words.

He frowned and nodded.

"Then I won't go."

Su Nan smiled, "It's good to admit a mistake, nothing compares to a profound self-examination."

Su Qi paused, his eyes sank:

"Where did I go wrong?"

"Are you right?" Su Nan asked.

Su Qi: "Where did I go wrong? I haven't said that she went out to drink with a group of men at night? Did you and Qin Yu also go to that bar?"

Su Qi's questioning made Su Nan slightly stunned.

She remembered that Qin Yu had mentioned that it was the bar owner who left a surprise.

But she was too worried about Shang Qian, so she left early.

Is there a sequel?

Su Nan blinked and spread out his hands: "Let's go, is it normal for our girls to call girls to accompany the wine?"

Su Qi was speechless.

Stared at her sternly.

Su Nan couldn't help but smile, "It must be Qin Yu's ghost, you know that's not that kind of person, don't you know her yet?"

Even in social occasions, she has a number, not to mention ours. Private gatherings, why are you still worried about this?"

Chapter 1664

Su Qi's brows sank for a moment, frowning:

"She's drunk like mud, so that's what she knows?"

The few films she's invested in recently have all gone unnoticed, not by actors. The problem is that the show is being suppressed and not broadcast.

I know she's upset, but there's no need to care about money so much."

Su Nan looked at him firmly:

"Why don't you care? If our investment keeps losing money, We'll be anxious too!"

"How much money does she have?" Su Qi blurted out, "Does she need to work so hard?"

Su Nan frowned and looked at him:

"So you two disagree?"

"What did you say?" Su Qi retorted.

Su Nan chuckled: "Don't say it's not a small amount of money, it's just a small amount of money for you, it's money you know, it's her confidence, she didn't cost you a penny, why do you look down on her "

When did I look down on her? I'm willing to give her my money, she doesn't want it!"

Su Qi said hurriedly.

"If she was half as thick-skinned as you, I wouldn't have to worry so much!"

Su Nan opened his mouth, "Don't talk about me, I'm not very thick-skinned!"

Su Qi sighed: "I just don't want her So tired, I just want her to relax, but every time I talk about this topic, she has to quarrel with me!"

Su Nan glanced at him, "Please put yourself in her shoes and think about her, career is important to women. It is very important that you have to let her choose one of your careers. It must be a career.

If you want to be with her, you must learn to accept her first choice. When you left her on a tour abroad, she Didn't stop you?"

Su Nan was speechless. If he didn't understand here, it would be better for the two of them to be separated.

Don't delay Ningzhi's bright future.

If nothing else, just based on Ning Zhi's looks and emotional intelligence, how many people like her.

Su Qi twitched the corners of his eyes and remained silent.

In the afternoon, Su Jin came over, and Su Qi obviously became more honest.

Su Jin decided that during Wen Xiang's pregnancy, he would attend important matters in the company, and let Su Qi come forward for other unnecessary matters.

Su Nan can also relax a lot.

M country.

Merchant Group.

When Shang Qian appeared, it caused quite a stir.

He didn't stay too surprised and went straight to the office.

Pushing the door in, it was already full of people.

Seeing Shang Qian coming in, many people subconsciously stood up.

The main reason is that Shang Qian's identity and aura have changed from the past, and he is not someone they can ignore.

"Mr. Shang, you came just in time, these people actually..." The one who

spoke was the professional manager he had chosen before, who is now the acting president of the Commercial Group. Another old man sneered in a steady manner, "What kind of business manager is he? He doesn't have any shares in the business group. Now, what is the surname

of the business group? It's not certain!"

It's all weird.

But most chose to keep silent and watch the situation unfold.

The shareholder who supported Shang Qian before did not attend due to illness, probably because the incident this time was too sudden and too difficult.

The 39.5% of the shares held by Shang Qun and Shang Yi were suddenly transferred to the old man who was sitting there looking for trouble. He was an old friend of Shang Qun and a distant relative of the business.

Very difficult to deal with.

It is not easy for him to see the business group.

Shang Qian stood there, glanced indifferently for a week, or put it on the old man, with an indifferent tone:

“That’s right, it doesn’t matter what your surname is, what matters is who is in his hands.”

Chapter 1665 You go to pick

the old man and snorted coldly, “Now the company’s book profits are very ugly. I think tens of thousands of employees will lose their jobs. In order to save the company, I have decided to suspend business. , to rectify the management of the company.”

He spoke with arrogance and confidence.

No fear of opposition at all.

Shang Qian sat calmly opposite him and looked at him with a smile:

“Then how are you going to rectify it?”

Even if all the shares of the business group are in your hands, you are not the biggest shareholder. You may not be able to rectify the management. Don’t you think so?” The

old man smiled and seemed sarcastic:

“Shang Qian, don’t you know? Now the middle and high-level department leaders have collectively submitted their resignation letters, requesting the resignation of the position of president

. It doesn’t matter if you agree to go out of business, then wait for them to resign, the entire group will be shut down in an instant, the project will be shut down, the loss in one day will be as high as several billions, and you will have to go bankrupt in a few days, is this what you want?”

Shang Qian's eyes were cold . He looked at him with a cold light in his dark eyes.

The people around didn't dare to make a sound.

Shang Qian didn't know that things had gotten so serious.

It seems that this accident has been their plan for a long time.

Unexpectedly, the business group was controlled, and there were still people willing to come forward.

The old man looked at Shang Qian with confidence and smiled:

“In the end, you don't have much affection for the business, and we all know it.

If you are really interested in this group, you won't move your career to Z. Country, you have a deep love for the woman in country Z. Since you chose her, you should simply give up. In the

future, the Shang Group will develop well, and you will naturally have a share of it.

In the Su family, as long as you are together, you will not care about the Shang family.

As for your father and your brother, we won't pursue it anymore...” The

old man had already thought about himself and his future.

He was waiting for Shang Qian to nod his head.

The meeting room was so silent that he couldn't even breathe. Not too loud.

Shang Qian lowered his eyes, as if he was weighing the pros and cons and thinking for a long time. Just

when everyone really thought that Shang Qian would compromise, his cell phone suddenly rang.

The silence of the meeting was broken.

Shan, saw the name flashing on the screen.

Baby.

His cold eyes instantly filled with softness, he picked up the phone and answered:

“Sorry, I'll take a call. “

But there was no sign of apology on his face.

“Baby, how do you know I really want to hear from you right now?” “

He didn't wait for Su Nan to speak, and then he directly said what was in his heart.

Su Nan was stunned for a moment and smiled, “I am reminding you that I have made a list for you of the things I want to buy, you can't give it to the assistant. , you have to pick it yourself, you know?”

Shang Qian sighed in embarrassment. The people in the conference room could hear him clearly, and some people even dropped their jaws. “

I'm so busy, you still let me run errands myself?” You don't even know how to feel bad for me, do you? “

Shang Qian, who has always been mature and stable, would also act like a spoiled girl with a woman?

Su Nan laughed a few times, “The weather is not bad these days, you hurry up and come back from your work, we will go out for a few days. When

Shang Qian heard this, the smile on his face deepened.

“Okay, you first set a place, and we'll leave as soon as I get back.”

Su Nan said calmly, “It's almost the same, then hurry up, if it's too long, I'm not in the mood to go.”

“Yes, I've already I can't wait.”

Su Nan listened to Shang Qian's warm voice, and felt more than a little better in his heart.

All that worry was gone.

Shang Qian is different from others. He is reluctant to make him really angry with her.

She also doesn't need to speculate on Shang Qian's thoughts because of gains and losses. Is there any problem that can't be uncovered?

Shang Qian hung up the phone, and when he turned around, everyone in the room was looking at him.

The smile on his face instantly converged, and he swept over with a bit of coldness, as if he had changed a person in an instant.

Chapter 1666

sees that he is so focused on women, and he is even more disdainful in his heart.

In the end, you are still young, and your feelings are more important than your life.

“Have you thought about it? The woman in country Z is so fooled. As long as you coax her, she won’t care about the current situation of the Shang Group?”

The professional manager president on the side hesitated, looked at the old man, and then again After looking at Shang Qian, he finally chose to shut up with a tense face.

Shang Qian turned the phone upside down and said in a cold tone,

“If that’s the case, dismiss all the department heads who submitted the resignation letter!” For a

moment, the atmosphere was stagnant and tense.

The old man raised his eyebrows: “What did you say?”

Shang Qian sneered: “If they want to leave, no one can stop them. If they want to leave, they can leave. Even if they stay reluctantly, it’s superfluous.”

“You don’t want to make the group better? ?” The

old man put a hat on his head, that is, everyone’s livelihood was on his mind.

Isn’t this what moral kidnapping is?

Shang Qian glanced at him lightly:

“This is something that can’t be helped. If someone wants to follow your example and rebel in the future, then the company’s rules and regulations don’t need to exist.

Everyone grit their teeth, and if what is left can be fruitful. During this period of time, the Shang Group will definitely not treat them badly.”

Shang Qian glanced at the acting president of the professional manager:

“Mr. Su and I, 10,000 people support you, it doesn’t matter if you lose money in five years, just take this opportunity to eliminate the worms. .”

This sentence was so serious that many people present began to feel nervous.

Before the Shang Group changed the soup or not, they could continue to make profits, but it looked too easy, and it was simpler than when Shang Qun was there. They concluded that Su Nan had given up the Shang Group.

Since it was abandoned, no one would care what it became.

The thin dead camel was bigger than a horse, and they tried desperately to gnaw on this fleshy bone.

After eating, there is still the Su Group’s filling hole, what are you afraid of?

So their original plan was to put pressure on Shang Qian and give him some benefits, so that he could turn a blind eye here and really let go of his power.

Everyone is happy.

The results of it?

Shang Qian’s reaction was unexpected.

The acting president was refreshed and looked at Shang Qian excitedly:

“I can rest assured if you have the words of President Shang, don’t say five years, give me three years, the accounts of the Shang Group for more than ten years have been ambiguous, etc. I have checked the account, and I will definitely be able to make a profit.”

After all, although it looks like there is an income on the account, in fact, there is not a penny.

Sometimes I look at losses, but I don’t know whose pocket the money is flowing into.

The upper levels of the Shang Group are already in a mess.

The old man next to him looked ashen:

“What accounts are you checking? Now we are talking about other issues. Those people are the backbone of the group. If they leave, who will take this responsibility?”

Shang Qian looked at him indifferently and smiled:

“I didn’t expect you to win over so many people in such a short period of time, but since everyone is willing to follow you, I can’t stay, and you can leave if you want.”

After he finished speaking, he stood up and tied The buttons on the suit, the movement is smooth.

The rest of the words made everyone here tremble with fear:

“I would like to tell some people for the last time that the Shang Group has the final say, and those who say it doesn’t count are less likely to come out.

The account must be checked, and a professional third-party should be checked. Go, go, go, go, don’t let any one go.”

Changed his name

In front of everyone’s eyes, he turned around and left after saying this.

Regardless of the old man’s pale face, his breathing became rapid.

Many of the people present were just joining in the fun.

But once they are targeted, do they really dare to confront Shang Qian’s people?

The acting president got up and chased out.

The rest are starting to worry about their own safety.

To be honest, they can’t stand the audit.

It’s all rubbish to check.

It was people who lobbied them all over the place.

It is said that Shang Qian’s energy is mainly transferred to Z country, he has given up control of the Shang Group, and they dare to do so.

Now it seems that is not the case at all.

The rest of the people began to tremble with fear: “What should we do, are we still resigning?”

“Our family of five is still waiting for me to raise them. If we really resign, how will we eat? Do we drink northwest wind? Now Is it too late to get the resignation letter back?”

“Should I go to the business manager to make it clear, we don’t know about this matter, and I have been working very closely with the new executives...”

“My subordinates Several projects are about to give out bonuses, is it all yellow?”

...

“Shut up!” The

old man shouted, his face terribly ugly.

He got up angrily and left.

The rest of the people looked at each other, not knowing what to do for a while.

The acting president caught up with Shang Qian, “Mr. Shang, take a step to speak.”

Shang Qian paused, looked at the time, probably still had time.

“Okay.”

They went to the president’s office.

The acting president poured a cup of coffee, handed it over, and smiled:

“Thank you for coming here in time today, otherwise I really don’t know how to deal with it.”

Shang Qian expressed his understanding: “Your professional ability has always been excellent, in the company’s business The handling is very high-level.

But the relationship within the Shang Group is complicated, and the interests are too broad. Once they restrain their interests, they will inevitably suffer retaliation from them.

I have long expected this.”

“It’s better for you to stay in person. , when the group is on the right track, everything is easy to say.” The

acting president sighed.

The most difficult thing is not to expand territory, but internal struggle.

The interests of the Shang Group are extremely complicated, which is completely different from the modern management method.

Otherwise he wouldn't be so distressed.

Shang Qian paused, "I'm not interested, I have more important things to do."

Acting President: "To make my girlfriend happy?"

He looked at Shang Qian meaningfully and smiled, "Mr. Shang is still so romantic, it seems really The only thing is that the hero is sad and the beauty is closed."

Shang Qian shook his head and pinched his eyebrows helplessly:

"Girlfriends are much more important than these messes, and I won't waste time on these things."

Acting President: "What you said is really simple. Unlike us, we all work hard, but President Shang, I have to remind you that once they leave, the company will really shut down and paralyze, and the consequences may be worse than you think."

Shang Qian Kneading the cufflinks with his fingertips, after thinking for a few seconds, he said in a low voice:

"Take this opportunity to change the name of the group by the way." The

acting president's face changed: "You mean..."

Shang Qian lowered his head and sneered:

"How much shares does the business hold in it? I know it in my heart. To be honest, even if it is changed to the Su Group, it should be.

However, the Su Group is not willing to take on this mess, so it is simply treated coldly. It's a fight.

Let's start over with a different name. As for how long it will be suspended..."

Chapter 1668 Changing the name and continuing

Shang Qian was silent for a moment, then said calmly:

"Those who leave will definitely take some people away, those who don't have to stay, the rest will continue to be paid until they leave. On the right track.

I will let the third-party agencies in country Z and country M cooperate to check accounts, and then it will be harder for you." The

acting president smiled wryly and waved his hand: "My annual salary is not for nothing, you are polite, but... .. This account can't be checked in a while."

Shang Qian looked at him with a twinkle in his eyes: "The account is not clear, just click until it's finished."

"How do you check it?"

Shang Qian chuckled lightly: "Clean up the entire high-level management, find out whoever has privately colluded with the merchants, and let them get out of the business who sells the company's interests."

This group is rotten from the root, if you want to To come back to life, you have to remove the rotten flesh.

Even if it hurts your bones at first, you have to do it." The

acting president looked at him silently for a few seconds, then suddenly smiled.

"I thought you really gave up here before, but today I suddenly feel that you are the most attentive one here."

Shang Qian was stunned for a moment, then smiled.

"Where, I'm just standing and talking without back pain. I'm taking this opportunity to get rid of my dissidents. I have my own selfishness, I admit." The

acting president suddenly laughed.

"But your selfishness is the same as mine."

From the day he took over here, he knew that the internal corruption of the Shang Group was serious. If he really wanted to continue the inheritance, he had to be prepared to be unprofitable within five or six years.

But he was worried that the people in the group would hold him back and he would become their puppet instead!

The two looked at each other and smiled, understanding each other's intentions.

As long as Shang Qian strengthens his position, he will have the confidence to get through this difficult time here.

Shang Qian paused for a few seconds: "Su Nan took a lot of effort to find you?" The

acting president raised his eyebrows and seemed a little surprised:

"I thought President Shang didn't know?"

Shang Qian smiled: "She She told me from the beginning, and she recommended you."

"No wonder the merchants are not afraid that they will buy me..." The acting president shook his head.

"So, I'll leave it to you here."

"I can't choose the name of the group, right?" The acting president shrugged, "It's not good to be so casual."

Shang Qian hesitated for a moment, picked up his phone, "I'll ask Su Nan."

Acting president: "..."

Well, is the business manager already obedient to this point?

This kind of trivial matter still needs Miss Su to make up her mind?

When Su Nan held a temporary meeting, he received a video call from Shang Qian.

That's right, it's a video call.

She was angry with the people below, and a project she had received was snatched by her opponent.

The four related department heads were careless and were sitting in her office tremblingly, accepting Miss Su's anger.

She looked at the person in front of her coldly, "I was careless for a while? This project was robbed, and you didn't think about why?" The

direct project director bit the bullet and replied,

"It's really because the partner temporarily regretted it, and someone offered a lower price than us... .."

Su Nan snorted coldly, "I learned later that this partner has been working with us for many years, and it has always been a sincere price. It was you who deliberately lowered the price, and some of them wanted to take a rebate, right?"

Her eyes were cold . looking at the project manager in front of him.

No empathy left.

The project director's face was instantly pale, and sweat beads came out of fear.

Chapter 1669 is that your

project manager was recommended by HR because of his good performance.

He only had this opportunity in his first year in office, and when he was at the bottom in the past, it was no less like this.

Who knew that this time it was so unfortunate, that the partner was so arrogant that he refused to give a penny more.

So he tore up the agreement himself!

It was only the next day, right now, that Su Nan called him to the office.

The video call suddenly rang, interrupting the conversation.

Su Nan glanced at them, withdrew the cold gaze, and continued with a smile:

"Hello?"

The four supervisors in front of them watched Su Nan's complexion turn cloudy and clear, and they also breathed a sigh of relief.

They are all wiping sweat to themselves secretly below.

Su Nan noticed their actions and didn't say anything.

Don't even bother to let them go out and come back.

Shang Qian's cold face appeared in the video, he smiled slightly:

"Don't bother?"

Su Nan smiled: "Of course not, you say?"

Shang Qian swept the video to the acting president beside him, the acting president also greeted Su Nan:

"Hey, Miss Su?"

Su Nan's smile deepened, "So you haven't finished talking about your business yet?"

Shang Qian: "I have something to discuss with you."

“Isn’t it up to you to decide what matters?”

Su Nan really gave Shang Qian enough face in front of outsiders.

Shang Qian smiled, lowered his eyebrows and smiled. After a while, he raised his head and coughed:

“Then ask for your opinion?”

“Go ahead.”

“I plan to change the name of the Shang Group, what do you think?”

As soon as Shang Qian said it, Su Nan frowned and was stunned.

The Shang Group has always preferred family management. Although the background is very strong and strong, the family relatives and interests are deeply involved.

The Shang Group means the tandem of a chain of interests.

If you change the name, I am afraid it will cause a lot of reactions.

“Decided?” Su Nan looked at him seriously.

Shang Qian nodded, very solemnly.

She knew that although Shang Qian was not interested in the Shang Group, but for nothing else, Shang Xi and Mike’s efforts and future were all there, and they would not watch the Shang Group really fail.

But it is too difficult to save the building.

When she brought this group over, she actually didn’t have much expectations for it.

Su Nan suddenly relaxed and let out a breath:

“I don’t have any opinion, if I have to choose a name, I think it’s better not to break away from the local culture of country M, after all, the network resources are all there, it’s better to call it S\* Group F, how is it?”

It’s a letter anyway, so there’s a lot of room for interpretation.

Shang Qian condensed for a moment, his eyes brightened, “Su is the first letter? I think it’s good, what about F?”

“Home, that’s your home, S is not Su, it’s Shang, it’s yours.”

Su Nan Looking at him with a smile, across the screen, looking at his face slightly, the emotions in the eyes are surging.

She was most afraid that Shang Qian was moved.

But I don't think I want to be nicer to him.

The surroundings were quiet, as if there was no sound.

Even the acting president on the side was stunned.

Something unexpected about the relationship between the two of them.

Although Shang Qian is very well-known in the investment circle of country M, investment in this kind of thing comes fast and has high risks, which is not as steady as that of an entity.

If he is really with Su Nan, one is rich and the other has a background, and no one is high up, but Shang Qian's foundation is in country M, and he is at a disadvantage.

He thought that the eldest lady of such a wealthy family would definitely put herself first and put her interests before her feelings.

However, when I heard that she obtained her name without any hesitation, she actually put Shang Qian's surname in front.

Immediately, there was some admiration.

Chapter 1670

Shang Qian is not the only one who smiled, "You have your understanding, I have mine, but this name is very good, so just use this." It

can not only fool others, but also comfort myself .

Su Nan raised his eyebrows happily, "Okay, then, I'll leave the mess of country M to you, don't be too tired, pay attention to rest."

Shang Qian raised his eyebrows: "Okay, but it looks like I can't go back right away. , at least stay for a few days, and wait for the situation to stabilize temporarily."

Su Nan was a little lazy and disappointed: "Okay, you can decide, if you delay me going out to play, you will be at your own risk."

She hung up the phone half-jokingly.

Looking at the four supervisors in front of him, his face changed immediately and his eyes became cold.

“You said, this partner broke the contract, who will be responsible for this matter?”

No one in the audience expected that Su Nan’s attitude changed so quickly.

I just answered the phone with the wind and the drizzle, and in a blink of an eye, it became the cold winter and twelfth lunar month?

Everyone present turned pale with fright.

They didn’t dare to fool Su Nan’s work style, whoever fooled was unlucky.

There were also some people who wanted to provoke discord between their siblings and competing interests. Those people were just resolved by Su Jin as soon as they made a move.

It made them so that no one dared to fool them easily.

The project manager who was directly in charge turned pale and coughed:

“Mr. Su, I will investigate this matter when I go back. If the people below lie to the top, I will definitely not let him go!”

Su Nan chuckled. It seems that you want to find a scapegoat?

Her eyes swept coldly across the man’s face, staring silently for a few seconds.

She said suddenly: “What if it was finally found out that it was you?”

Her fluttering words made the man tremble all over, his face was pale, his whole body stiffened and he was restless.

The air seemed to be condensed with ice.

The man didn’t dare to continue.

Su Nan lowered his eyes, folded his long legs, and leaned lazily against the back of the chair.

She took out a stack of materials from one side and threw it in front of him:

“The matter has been investigated clearly. Given the huge losses you have caused the company, the company cannot tolerate you.”

“President Su... The man stood up immediately, “I am loyal to the company, I have created so many profits for the company, there is no reason to...”

He became anxious, “It’s just a little kickback, am I the only one in the whole company?” Take a kickback?” At the

end, there was still a bit of dissatisfaction on his face.

Su Nan watched silently, watched him finish speaking, and chuckled lightly.

“You’re right, in the whole company, you must not be the only one taking kickbacks, but you are the first one who can coerce Party A’s father on the condition of taking kickbacks and get slapped in the face.”

If this matter is not revealed, it may be Nothing will happen.

But that partner was an old friend who had been working with him since Su Yifeng was in power.

For this cooperative company, Su Nan and Su Jin have always respected and respected the cooperation at the original price decades ago. The profit is not much, but it is enough.

The cooperation between the two can be called the meaning of friends.

However, they called Su Yifeng to apologize and said that they would no longer cooperate in the future.

That can’t be a small thing.

If you can’t even keep this word of mouth, I don’t know how many things like this will happen in the future.

The worms start to get fat from the bottom.

“Mr. Su, I also want to make more profit for the company. After working together for so many years, we should also raise the price, otherwise it will be unfair to other partners...”

The man began to change his course, since I think that the public and selfless stand on the company’s point of view.
