Chapter 1701-1705

Chapter 1701 made the wrong headline

within an hour.

The headlines on the Internet have changed several themes.

But the most shocking thing is about those three people.

Su NanFu Yechuan Reconciliation# #Su NanFu Yechuan Impossible to reconcile

#Su

Nan's new love is Shang Qian#

Fu Yechuan was dumped# #century

big scene# #徐立

#

Everyone is keen to talk about the entanglement of the three people gossip , and finally fell on Xu Teng's body again.

"Goddess Su will never look back, President Shang is really handsome!"

"President Fu chased his wife's crematorium and ran away after chasing people. I feel sorry for you 10,000 times!"

"We chased the famous battle of the century for so long.

"Shang Qian looks as gentle as jade, and matches our Goddess Su!" "Mr.

Shang treats our Boss Su better!"

"Mr. Shang should cherish it. Ah!"

"I heard that the fans Xu Teng paid for are joining in the fun of others, right? Xu Teng's name should be on the headline?"

“Where is Xu Teng?”

.....

Xu Teng at this time, long ago Squeezed out by the crowd, I took a taxi and ran away alone.

He was really nervous and depressed.

Not to mention that he offended Su Nan, his popularity didn't go up at all, and the money was wasted in vain.

This one is really worth the loss.

Now I can only hope that Su Nan doesn't come back to trouble him, otherwise he will have no way back.

He took out his mobile phone and looked at the news on the Internet, and finally saw his name at the bottom.

許太的

As soon as he was excited, he clicked to watch it, and his heart suddenly became half cold.

The above are all fake fans he paid for to break the news and apologize.

This is good, the whole network knows that he bought fans!

He is one step further away from the first-line male star.

Shang Qian's car.

The farther away from the airport, Su Nan felt inexplicably relaxed and happy.

It was Shang Qian who broke the silence and raised the topic with a smile:

“Baby, you may not remember, Chen Yu was only twelve years old fifteen years ago, and he was already Professor Chen Ping's right hand...”

Su Nan couldn't help being excited, and didn't notice how intimate Shang Qian's address was at this time.

Her attention was on Chen Yu next to her.

“Mr. Chen, it’s been too long, I can’t remember clearly, although I was there fifteen years ago, but in my impression, there seem to be a lot of people...”

Chen Yu smiled, with a few words in his smile. The vitality of youth. “Yes, many people, I was only twelve years old at the time, and Miss Su was only ten years old. I remember that before the operation, you went to the ward to find Su Dong, crying and asking Su Dong to put you to sleep.

No one can pull it off, it seems that your second brother coaxed you away with a lollipop...”

Su Nan was not impressed at all when it came to this matter, but it didn’t prevent her from feeling embarrassed.

Shang Qian laughed in a low voice, and the atmosphere was very relaxed for a while.

But it was something she could do.

Chen Yu sighed and looked out the window:

“In a blink of an eye, it’s been fifteen years. If my senior brother was here, he would be happy to know that the results of his surgery could last for so long.”

Su Nan restrained his smile. Remembering that Professor Chen Ping passed away not long ago, he couldn’t be so happy and embarrassed to others.

“We feel very sorry for Professor Chen Ping’s passing. We don’t know what to say, but I’m glad you came over and helped my father operate.”

Chen Yu rubbed his eyebrows and smiled:

“Don’t worry, this operation I did follow-up research 15 years ago, I understand the whole process of my brother’s surgery, and I have done many similar surgeries in the past few years, so there is still a high probability.”

Chapter 1702 is what

Chen Ping said, and it completely reassured Su Nan.

His light-hearted attitude made people feel that this was not a serious major operation. It was so easy to do it, as if it would relieve people’s nervousness all of a sudden.

Indeed, to Chen Yu, this is nothing.

If it wasn't for Shang Qian's introduction, she wouldn't believe that this unremarkable young man could have such a profound background.

The atmosphere in the car was relaxed and relaxed. When he got to the hospital, Chen Ping didn't mention any additional conditions such as rest at all, and went directly to the ward to ask for Su Yifeng's test report for the past few days.

The data of any inspection has not been missed.

Dean Xiao didn't recognize him at first.

But seeing how serious and dedicated he was, Shang Qian introduced from the side:

"This is Professor Chen Ping's junior brother, Professor Chen Yu."

Dean Xiao was stunned for a second, and the next second, he stood up in shock and put the Everyone was startled.

"Are you Chen Yu?"

Chen Yu nodded calmly, then lowered his head and continued to read the report.

Dean Xiao's expression changed slightly, and he asked quietly, "You...really Professor Chen Yu?"

Su Nan couldn't help but be surprised when he looked at him.

Dean Xiao's respect is still showing a cautious look, where does it come from?

Chen Yu, is it amazing?

Chen Yu smiled, "I am, you're welcome, I'll check the situation first, and then make further plans."

Dean Xiao opened his mouth in shock, and never bothered him again.

But he cautiously backed out, left the office, and let out a slow sigh of relief.

Dean Xiao looked at the dazed Su Nan and the smiling Shang Qian, and shook his head.

Then he gave Su Nan a thumbs up:

"Miss Su, it's extraordinary to be able to invite him here..."

Su Nan blinked and looked at Shang Qian.

“Chen Yu... is he amazing?”

Dean Xiao clicked his tongue and slapped his thigh:

“It’s not just amazing, it’s legendary!”

Su Nan was even more puzzled, she was excited just now because of Chen Yu It is Chen Ping’s junior and junior brother. He has participated in the operation fifteen years ago, and the odds of winning will be better.

She didn’t know Chen Yu’s past.

Dean Xiao introduced excitedly:

“Chen Yu is a legend in the medical field. He has successively set foot in the field of internal medicine and surgery, and he is a leader among them. Especially for surgical plans, he has done planning research and published world-class papers. Almost every paper is written as a model for the medical field.

Every progress he makes is the progress of the entire medical field. With him, let alone your father’s illness, I guess I can live forever!”

Dean Xiao said His face blushed and his heart beat, as if he had seen his idol, which was completely different from usual.

Su Nan couldn’t help but smile, “Is it so powerful?”

Dean Xiao glared at her and looked at Shang Qian:

“Mr. Shang invited you? If you knew you could invite this person, what else would you be looking for? Fu Qiyun?”

Let me tell you, if you compare Chen Yu to Hawking in the medical world, then Fu Qiyun is at most a little doctor in a third-rate clinic, which is incomparable!”

Su Nan’s eyes widened in shock, this metaphor is really enough High.

It’s just the way Dean Xiao speaks, there is no exaggeration at all.

Shang Qian smiled lightly, without complimenting or belittling:

“Chen Yu is indeed a genius, but I was worried that he would not be able to come back in time at first, so I didn’t say it, and people only found out that he was in Hong Kong after inquiring. , and immediately invited him over...”

Chapter 1703 When my little girl

Shang Qian said it, it seemed extraordinarily simple.

Dean Xiao gave a thumbs up in admiration, and the light in his eyes shone:

“Don’t worry, Chairman Su’s body is fine, it’s really a village.”

He breathed a sigh of relief and turned to go in. I went back to worship God.

Su Nan stood there and looked at Shang Qian:

“So you were prepared?”

She couldn’t tell whether she was excited or calm.

Shang Qian pursed his lips and lowered his eyes:

“I’m sorry, I didn’t tell you at the beginning, and I didn’t expect it to feel wrong after hearing Dean Xiao talk about Fu Qiyun.”

Su Nan: “What’s wrong?”

Shang Qian asked. Mei, “Actually, I invested in Professor Chen Ping’s medical team a few years ago, giving them hundreds of millions a year to overcome medical problems, but I almost forgot...”

Professor Chen Ping died and his team was suspended. Just because the dominant direction of the team has changed, in order to compete for dominance, Fu Qiyun used his background to squeeze Chen Yu out of the team and took over Professor Chen Ping’s team.”

Su Nan frowned, feeling that the team is it so complicated?

“Then Chen Ping...”

Shang Qian smiled: “I asked Chen Ping to set up a team of his own, because with his reputation, he no longer needs to rely on Professor Chen Ping, he is a genius, no matter where you are, you will create your own value.”

Su Nan nodded knowingly.

“You should have told me earlier, so I don’t have to ask Fu Yechuan...”

Su Nan felt a little aggrieved at this point.

Shang Qian quickly apologized:

“It’s my fault, because I really don’t remember investing in them. I brought him after I asked Rong Yi to investigate, but luckily I had time...”

He reached out and put her in his arms, He patted her back carefully, whispering softly like coaxing a child.

Su Nan sniffed, and finally put down a boulder in his heart, and he could think of other aspects.

“But Chen Yu doesn’t look like such a legendary person at all...”

Shang Qian smiled, “Yes, he devoted himself to medicine wholeheartedly, and didn’t pay much attention to food and clothing, he looked like ordinary people. People are no different, but his ability is very strong, and he will not treat rich people for fame and fortune like Fu Qiyun.

His treatment targets are random, most of them are the most difficult ones, and he often does not Running around the world with a mobile phone, almost no one

can find him.” Su Nan sighed clearly, “No wonder Uncle Xiao was so shocked that he was here!”

Shang Qian smiled, “Okay, the result is good. Yes , don’t worry about it.”

Su Nan nodded, turned his head and threw himself into his arms, and said in a muffled voice,

“Thank you!”

Shang Qian lowered his head and kissed her hair, his eyes were terribly gentle:

“You’re welcome . , my little girl.” The

operation was scheduled for the afternoon of the next day.

When they heard the news, both Su Jin and Su Qi were shocked for a long time.

Even Wen Xiang hurried over to wait in front of the operating room, regardless of his physical inconvenience.

Su Jin’s persuasion was useless, so she let her go.

Su Ming still couldn’t get back in time, and the rest of the people were all waiting outside the operating room, but everyone was not in a relaxed mood.

Although Chen Yu came over, the odds of winning were very high, but everyone was afraid of the eventuality.

They can only pray very devoutly, this operation is foolproof.

During the operation, no one noticed that someone appeared on the other side of the corridor at some point.

Fu Yechuan stood there without stepping forward, looking at the silhouette of Su Nan standing there from a distance, beautiful and vivid.

But the clear outline is gradually blurred in front of the eyes.

Chapter 1704 I advise you to give up on

Su Nan and finally disappear into your own life.

God seemed to be playing a joke on him.

This opportunity was sent to him and was taken away again.

Why?

Are you testing him?

Fu Qiyun didn't want to come over with a tone of voice. After learning that Chen Yu was coming, he turned from the airport in a fit of anger, and didn't land at all.

He was very jealous of that genius, Chen Ping's eccentric younger brother.

After an unknown amount of time, the people in the operating room finally came out.

Hearing someone say, "The operation was a success."

Fu Yechuan stood there, as if heaving a sigh of relief, leaning against the wall, his whole body seemed to be drained of strength, and the whole body's tight strings were broken.

His hands were loose and tight, listening to the laughter over there, he still chose to leave alone.

Indeed, what qualifications does he have to appear in front of her?

As soon as he went out, the dazzling sun outside was shining, but it made him feel a kind of timidity that he couldn't see the light.

Chen Mian, who was waiting in the car, got out of the car in time and went to support him.

“Mr. Fu, are you alright?”

He had been waiting for Fu Yechuan here, sympathizing and puzzled by his behavior.

Fu Yechuan shook his head, got into the car with an ugly face, closed his eyes, and relaxed.

Chen Mian pursed her lips, “Go back to the company?”

Fu Yechuan: “Go back to Jingyuan.”

His and her wedding room.

Chen Mian immediately realized Fu Yechuan’s thoughts, and he still didn’t let it go, no matter how many things he went through, he couldn’t let go.

He glanced at the driver, the driver understood, and immediately drove in the direction of Jingyuan.

Since he came back from Southeast Asia, Fu Yechuan had locked himself in Jingyuan for several days, and was very drunk, and he was depressed like a different person in those days.

Chen Mian was distressed at that time.

But within a few days, he cheered up and became the unstoppable Fu Yechuan.

I don’t know what it feels like, but it’s just not worth it for Miss Su.

It wasn’t that he didn’t want to see Fu Yechuan get better, but in just a few days, the traces in his heart could be erased. It turned out that no matter how deep the love was, there was a time limit.

But in his capacity, he couldn’t say a word.

It just looked at him as if he had fallen into self-inflicted paranoia.

When he arrived at Jingyuan, Chen Mian personally took him through the door.

Fu Yechuan sat on the sofa and looked at everything he was familiar with. From the very beginning, he was expecting that woman to come back, and he didn’t even change the furniture arrangement.

But she won't take a step here again.

Fu Yechuan covered his face with his hands, a gloomy aura shrouded his whole body, an indescribable sadness and sadness.

Chen Mian did not leave in time.

"President Fu..."

Fu Yechuan didn't say anything.

He sighed and mustered up his courage to speak:

"Mr. Fu, I know there are some things I shouldn't say, but I still want to."

He ignored Fu Yechuan's reaction and said directly,

"I know, your feelings for Miss Su, It's deep and heavy, something Shang Qian can't compare."

Fu Yechuan paused and choked, but there was no response.

Chen Mian continued: "But I still want to persuade you, forget it, no matter how heavy the feelings are, the past can't be erased. It's okay to say that the memories of the past are happy, but your past is sad!"

He It took me a long time to say it.

"Shang Qian may not love her as much as you, but their memories are all good, so don't be stubborn about Miss Su."

Fu Yechuan was silent for a long time before he said in a hoarse voice:

"You also think that I am not worthy, yes?"

Chapter 1705 Never Favored Her

Chen Mian opened his mouth: "Any choice you make is rational and correct, but Miss Su doesn't need to be rational. In the most dangerous time, I think she needs to keep moving forward. My preference."

Fu Yechuan fell silent and did not move.

Chen Mian gritted his teeth, "Mr. Fu, you have never favored her, so why are you so persistent?"

What puzzled him the most was that Fu Yechuan wanted to take advantage of this opportunity to pursue Su Nan again.

How could Su Nan compromise to take advantage of someone's danger?

She would only become more annoyed with Fu Yechuan.

If Fu Yechuan really wanted to ease everyone's relationship, he should take the initiative to ask Fu Qiyun to treat the disease.

But he didn't.

When the opportunity came to him, he threw it away.

Chen Mian couldn't say a word.

I just felt that President Fu got into a dead end, a bit like he couldn't turn back.

Standing here, Chen Mian could see the blue veins on his neck. Such a fragile Fu Yechuan made him a little unbearable to speak.

However, Fu Yechuan said calmly, "I'm really unwilling, why can Lu Qi get his ex-wife back, but I can't?"

Chen Mian pursed his lips, "Because Lu Qi's ex-wife is desperate, because Miss Su is full of roads, even if she is really like President Lu, Overlord forced Miss Su to get pregnant, do you think she

will obediently give birth to the child like Miss Leng?" No.

Anyone can do it, but Su Nan definitely won't.

What a proud and confident person she is.

Not only will it not, if Fu Yechuan really does this, the crisis of the Fu Group will follow.

The people of the Su family will never give up, and in the end, they can only lose both.

Fu Yechuan was silent for a long time, until Chen Mian stood there, thinking he was asleep.

He said, "Chen Mian..." In his

voice, the fragility he had just now disappeared, he was still the cold, stern and rational businessman Fu Yechuan.

Chen Mian's heart trembled slightly, but he calmed down: "Yes, Mr. Fu."

He gritted his teeth, perhaps realizing that his career was about to stop there.

The words just now had already violated Fu Yechuan's taboo.

He was too impulsive.

Fu Yechuan: "Help me book a plane ticket to country D."

Chen Mian raised his head abruptly.

Fu Yechuan just came back from country D, is he leaving now?

Will he give up like this?

"Mr. Fu..."

Fu Yechuan stood up, his whole person was gloomy and stern, his face was a little pale, he looked at Chen Mian, walked over, and patted his shoulder:

"The company here is handed over to you. , I will go to country D, and I will feel better."

He was right, the farther away from her, the better.

No matter how unwilling you are, you can only become willing.

Not appearing in front of her was the best concession he could make, wasn't it?

She should be happy.

Don't ruin her!

Everyone wanted him to give up, even he himself.

Well, he compromised.

As long as she is happy.

Fu Yechuan closed his eyes, opened them, and his black eyes were dyed scarlet:

"Keeping away from her is my atonement."

After he finished speaking, he went upstairs and left a message: "Book the fastest flight ticket, the sooner the better."

Chen Mian looked at his back and didn't know what to say for a while.

He pity him, and he does not pity him.

Isn't that what he deserves?

But under what he deserved, Fu Yechuan's love was mixed with too many of his personal tendencies.

In fact, he has always loved her.

If anyone else stood in Fu Yechuan's position, who would do better than him?

Chen Mian pursed his lips, not feeling the joy of promotion and salary increase, but felt a little more distressed for Fu Yechuan.

Most of the readers are now reading this novels:-

Read Divorce Billionaire Heiress Chinese Language Chapter 1706-1710

Chapter 1706 I will let you go

. Fu Yechuan simply handed over the business of the Fu Group in China. There may be many better people than Chen Mian, but no one is more loyal than him.

More importantly, sitting in this position, he will not be unhappy with the Su Group.

He thought to himself, and wanted to know more about Su Nan's opinion of him from Chen Mian's mouth.

He was a little jealous of Chen Mian.

Fu Yechuan, who seems to have everything, is actually jealous of a little assistant?

Before getting on the plane, he sent a text message, then turned off the phone and left.
at the same time.

in the hospital.

Su Yifeng's operation was successful, and he was still in a coma.

But everyone else's excitement was on their faces.

Because of the long wait, Wen Xiang's body couldn't hold on anymore and went back to rest.

Su Jin was understanding with Chen Yu about the subsequent recovery, and Su Qi happily went to Su Yifeng's ward and kissed his old father several times, and was later brought out by Dean Xiao.

Su Nan and Shang Qian were eating. To be precise, Su Nan was eating because she hadn't eaten and slept well for several days.

All of a sudden relax, feel hungry and tired can not support.

Shang Qian forced her to eat some nutritious meals, but the more she ate, the more hungry she became.

"Eat slowly, no one will grab you."

Shang Qian held it gently and wiped her mouth so far, Su Nan smiled:

"I want to have a bowl of soup."

Shang Qian took the bowl and turned around. Serve her soup.

Su Nan's cell phone lit up, and a text message came in.

She opened it casually and saw that there was no marked string of numbers or a word of salutation:

"I let you go, I hope you can be favored for the rest of your life."

Inexplicably, she seemed to know who it was.

Preference for two words instantly made her eyes sore.

Just the next second, she immediately deleted the text message as if she had never seen anything.

Shang Qian's hot hand came over, "Be careful, just take a few sips, or your stomach won't be able to take it."

His voice was persuasive and patiently persuaded her.

Su Nan smiled, the little episode just now seemed to have never happened at all, she took it, and the corners of her mouth twitched:

"Got it, Mr. Shang is really long-winded..."

She muttered softly.

Shang Qian glanced at her helplessly.

The next second, her stomach suddenly churns, and there is a very strong feeling of wanting to vomit.

Sure enough, what to say.

Shang Qian's face changed, and he immediately reached out and handed it to her.

Trying to give her the vomit with both hands.

Su Nan reacted and didn't know what to say in his heart. Shang Qian, who is so obsessed with cleanliness, actually did this step, and suddenly felt that this was the feeling of being favored.

Yes, what she got from him has always been preference.

She sniffed, but luckily nothing came out.

Otherwise, his image can really be unstoppable.

Shang Qian followed her back anxiously and distressedly:

"What's wrong? Did you drink too much? Or the ingredients are not fresh? I'll have someone make a new one right away."

Su Nan smiled and regained her strength. It was as if that moment had never felt before.

"Forget it, maybe I ate too much, don't do it, I'm full."

Shang Qian breathed a sigh of relief, "Should I let Dean Xiao come to see you?"

Su Nan immediately stopped:

"No, do you want everyone to know that I have eaten too much?"

Su Qi would definitely laugh at her All year long!

Shang Qian smiled silently, "Okay, okay, I won't tell you, then you drink some water?"

Su Nan nodded.

Shang Qian packed up his things, went to wash his hands and came back, "Would you like to sleep for a while? I'll call you when my uncle wakes up?"

Chapter 1707 Brother and

Sister Su Nan shook his head and tried his best to cheer up:

"I'm going to wait for him to wake up, he must see me at first sight, and he can't be robbed by the third brother. "

Shang Qian really couldn't understand the inexplicable introversion between their brother and sister.

After Su Yifeng woke up, Chen Yu left the recovery plan and left.

Even Su Nan didn't know when he left.

"I didn't thank him properly, I should invite him to a meal or sponsor him some R&D funds or something..."

Su Nan and Shang Qian sighed.

Shang Qian: "Don't worry, I've given everything I should. There are other patients in his place, so it can't be delayed for too long."

Su Nan nodded understandingly, but Su Yifeng's awakening soon washed away his troubles. .

As soon as Su Yifeng opened his eyes, before he had time to feel his life, he was dizzy and dizzy by the shaking of Su Qi.

His breath became heavier:

"You little bastard, are you afraid that I will live too long?"

Su Qi approached him aggrievedly:

"Dad, I'm worried about you!"

Su Nan Rolling his eyes aside, he took Su Yifeng's hand and touched it:

"Dad, how are you feeling? If you feel uncomfortable, I'll call you a doctor!"

Su Yifeng opened his eyes and looked at Su Nan's crying red eyes , sighing:

"Little Si, how are you?"

Su Nan nodded heavily.

Su Qi twitched the corners of his mouth and leaned forward abruptly, revealing his own red eyes from crying:

“Dad, I cried too. I kept crying when you were operating inside. I was crying after you finished the operation. I didn’t even need a nurse. I always took care of you myself!”

Su Yifeng snorted coldly . “You’ve always acted, who knows whether you’re crying or fake crying?”

Su Qi looked at him with a broken face, covered her mouth, and said very sadly:

“Dad, you’re too much, I’m going to be blackened! Su Jin heard the voice coming in from outside, and impatiently carried him aside:

“Don’t be noisy, the doctor said to rest!”

Su Qi didn’t dare to make trouble in front of Su Jin, so he could only sit down obediently to Su Nan Shut up behind.

Su Jin walked over and touched his forehead:

“Dad, if you have any discomfort, you must tell me.”

Su Yifeng nodded and looked at his eldest son. Now he is on his own, calm and mature, and has him more and more. The way it was back then.

“You’ve worked hard...”

He looked at the red blood in Su Jin’s eyes, and knew that he must have not had a good rest these days.

Su Jin and Su Qi are completely two extreme personalities.

Su Qi is known to the whole world when a little thing is publicized.

When Su Jin encounters a big thing, he will deal with it silently.

Su Yifeng looked around, “Are Wen Xiang and the child okay?”

Su Jin shook his head: “It’s okay, she went back to rest.”

Su Yifeng nodded, without any dissatisfaction.

Su Nan: "Sister-in-law has been here for several days. When you did the operation, she refused to leave, but the child was so noisy that she couldn't hold on, so she finally persuaded her to go back."

Su Yifeng looked at him reproachfully. With Su Jin:

"Don't let her run back and forth, I'm fine, let her take good care of her body."

Su Jin nodded silently.

Su Yifeng was moved beyond words, this is a family.

Shang Qian came in from the outside, and when he looked at Su Yifeng with his warm eyes, he was surprised for a moment:

"Uncle is awake?"

"Shang Qian, you have worked hard..."

Su Yifeng lived his entire life, and everyone was pleasing to the eye. .

Shang Qian smiled: "Uncle is the hardest, we can rest assured if you get better."

Su Yifeng nodded.

Chapter 1708 Your son-in-law is not bad

. After a while, Dean Xiao brought people over for a routine check and drove them all away.

"Director Su, you are really lucky, your son and daughter are not up to your expectations, your daughter-in-law is filial, and your son-in-law is so obedient and capable. How did you find it?"

Su Yifeng cooperated with his actions and smiled with satisfaction:

"Really? Are you envious?"

"No, you don't know, it's all thanks to your son-in-law that you can get through this smoothly!"

Su Yifeng's eyes narrowed, "Really?"

Dean Xiao excitedly explained the matter to Su Yifeng as it was . I said it again, when it comes to Chen Yu, there is love and admiration in his eyes that cannot be hidden.

However, Su Yifeng's focus is on Shang Qian, and he has a bottom line in his heart.

Thinking about the fact that after he came in just now, he acted with evidence, and he didn't mean to use the topic or show off and take credit, and suddenly he looked at him in a different way.

In the past, I was always afraid that Su Nan would get hurt, so she didn't have real feelings for others.

With the conditions of their family, even if Su Nan never married, they could condone, they didn't need to marry to consolidate their power.

But he wouldn't really have the heart to see Su Nan alone.

So it is best to have someone to accompany her and make her happy.

They have also observed Shang Qian's appearance for a long time. If there is any purpose, they will be better at it, but he has no purpose, just simply wants to be with Su Nan.

But unexpectedly, Shang Qian actually saved his life.

Dean Xiao did not leave after checking. He looked at Su Yifeng and sighed:

"Director Su, old man, you have to live and enjoy yourself..."

Su Yifeng smiled, "Okay..."

Time passed by day by day.

Su Yifeng stayed in the hospital for more than a month until his body fully recovered and his spirit was getting better day by day.

Su Jin and Su Qi can still take turns. Su Jin talks about the company's development progress, while Su Qi is purely to stimulate Su Yifeng's desire to fight.

Every time he came, he had to make a fuss before giving up.

However, there is no one in the hospital who dislikes Su Qi, and they all think that he is a kind and filial good boy.

When Su Nan heard this kind of rumor, he didn't believe it for a while, thinking that Su Qi had colluded with others to spread his rumor?

Su Nan has had a bad appetite recently. Sometimes he has a good appetite, and sometimes he vomits after taking two bites.

Qin Yu said that it was because of Su Yifeng's illness that she was overjoyed and furious, and that she would recover slowly for a few days.

In addition, Shang Qian came every day, sometimes accompanied by Su Nan.

When Su Nan was not free, he would come and sit for a while, accompany him to talk about domestic and international news, and ask about tricky work problems.

Su Yifeng was happy to answer him, and he felt more and more that he was a good and motivated boy. His impression of him was getting better and better day by day, and he was more pleasing to the eye than his own son.

Su Nan didn't make it to Qin Yu's wedding, and felt so sorry that she gave her a set of priceless jewelry, and she was so happy that she immediately forgot all her unhappiness.

So, Qin Yu warmly invited her to eat and go shopping.

Su Nan also felt that he had been holding back for a long time, so he agreed immediately, and called Ning Zhi by the way.

Shang Qian went out with her, she went shopping, he went to the hospital, and the division of labor was clear.

Su Nan sighed: "I think you are more like my dad's son. He calls me now and asks me to treat you better? Did you give him ecstasy?"

Shang Qian's brows and eyes were filled with joy, "That's great, you have to listen to your father!"

Su Nan rolled his eyes at him and walked away on high heels.

Chapter 1709 I have to

take a few steps to catch up with Shang Qian, the management, and touched her cheeks that have lost weight in the past few days, a little worried:

"It's okay to have a good time, you are bored these days, eat If you don't eat, you can't sleep well, call me when you come back and I'll pick you up?"

Su Nan nodded, hugged him, and turned to leave.

The driver was waiting outside for a long time.

Shang Qian smiled and watched her leave before turning around to drive.

Not long after Qin Yu got married, she was in a very good mood, and she looked a lot plumper than before.

Su Nan and Ning Zhi looked up and down, and they both exchanged glances.

Su Nan: "You're having a good life as the president's wife?"

Ning Zhijiao: "Not only good, I think it's just too moisturizing. Is Shen Liang trying to make you a fat man?"

Qin Yu frowned for a moment . , immediately touched his face:

"Yeah, I just said that I felt fat, but he insisted that I'm not fat or fat, and sure enough, men's words are farts!"

Ning Zhi laughed aside, "I'll go When I attended her wedding, I was honored to receive her bouquet, but when many celebrities were present, she put the bouquet directly into my hands!"

Qin Yu raised her eyebrows: "I'm not afraid that you won't be able to marry. Well?"

Su Nan smiled: "I knew earlier, I should have let my third brother go!"

Ning Zhi rolled her eyes at her: "Come on, you can't even be there, he can do it? Besides, I'm only on that day. When I have time, I run the crew back and forth, and I have been busy for a long time before I can relax." The

three went to a snack bar, which is their secret base. Although it is not as expensive as a five-star restaurant, the taste is really quite good.

After ordering a few of their favorite dishes, Qin Yu began to share her changes after marriage:

"Let me tell you, since the wedding was held, everyone in the company knew that my little assistant was Mrs. Shen, and she turned a 180-degree turn towards me. I

used to be isolated at every turn, but now I'm fine, at every turn. Help me to pour coffee, buy dessert, very attentive!"

Su Nan couldn't help smiling, "If this is the case, you don't need to be an assistant anymore, you won't learn anything in that position. Let's change positions!"

Ning Zhi nodded in agreement: "You can sit directly at the management."

Qin Yu pouted: "I'm afraid it's a bit difficult, to be Shen Liang's assistant, at least not touching Shen Liang. The interests of the family.

If I go directly to the management, I am afraid they will suspect that my hand is too long.

Although we are married, he has his Shen family, and I have my Qin family, and the interests are very divided. Clear.

For no reason, I said that I want to be the management, what should Shen Liang think?"

Her words made Su Nan and Ning Zhi calm down in an instant.

It turns out that behind some seemingly glamorous marriages, it is not indestructible.

There are too many things to take into account, and instead, they become timid and timid.

In the final analysis, most of the reasons for Qin Yu and Shen Liang's marriage were because of business marriages, which had little to do with relationships.

The three of them sighed. Qin Yu didn't want to think about too many useless things, so she waved her hands, and briefly touched the soda in front of them.

"Okay, don't think about it anymore. I'm the president when I go back to Qin's house. Under my mother's iron and blood, are you still worried that I won't learn anything?"

Ning Zhi glanced at Su Nan and nodded:

"This is true, but Aunt Qin and Shen Liang have different methods, especially since Shen Liang has been able to secure the position of the boss in the central region in such a short period of time, his ability is definitely good, if you can learn half of it, that's enough. It's gone!"

Chapter 1710 Impossible Pregnancy

Qin Yu paused and spread out his hands, "That's what I said, but don't forget, the reason why the value can rise is because Su Nan gave his nemesis Hong Group to the Kill it, otherwise Shen Liang thinks it's so easy to get ahead, but it's not that simple."

Su Nan pondered for a few seconds before speaking lightly:

"With Shen Liang's ability, even without me, the development of the Hong Group is outdated. , it will be a matter of time before Shen Liang is killed. You are right, if you have the opportunity, you should stay with Shen Liang to study."

Qin Yu raised her eyebrows, "Okay, let's not talk about this, Anyway, I can't become a strong woman if I learn and learn, as long as I don't go bankrupt in my hands, I'll be thankful." The

waiter came over to serve the food, and everyone's appetite suddenly came, and their index fingers moved.

The atmosphere here is petty bourgeoisie, the atmosphere is quiet, and it has a unique flavor.

A few screens can block the view of the outside world, but they can easily see the situation outside.

Ning Zhi sighed, and happily picked up the chopsticks:

"I'm welcome, I recently vomited at the lunch box in the crew, and I'm about to start."

Qin Yu couldn't help laughing, "Three Brother is too unsympathetic to Xiangxiyu, so he didn't even go to visit the class?"

Ning Zhi shook his head, "I didn't let him come, he would delay the shooting progress, and the director was afraid of him."

Su Nan: "My third brother is still here. The hospital is courting my dad, I suspect that he is deliberately mad at my dad, he has been beaten a lot in the past few days..."

Ning Zhilao couldn't help bending his lips: "I heard him say Now, he is so wronged, he sighs when he mentions this..."

Su Nan really wanted to laugh but couldn't laugh.

I don't know how Su Qi died.

She took a sip of water, and was about to eat the sweet and sour pork ribs in front of her, when she smelled that smell, and suddenly her stomach swelled, and the desire to eat disappeared instantly.

The feeling of nausea and discomfort from a few days ago reappeared. She covered her mouth and turned her head away, and quickly ran to the bathroom.

Leaving Ning Zhilao and Qin Yu to look at each other.

Qin Yu opened her mouth, "She won't...have it?"

Ning Zhi pursed her lips and frowned in doubt.

Su Nan didn't spit out anything, and the feeling disappeared.

It may still be an upset stomach, it should be because it has not been raised before.

She washed her hands and rinsed her mouth before returning to her original seat.

“Why don’t you eat?”

The two women in front of them sat there staring at her, even watching her every move.

Su Nan expressed helplessness: “I just have an upset stomach, okay?”

Qin Yu pouted and asked cautiously,

“Are you really not pregnant?”

Su Nan froze slightly. erased.

“Impossible to get pregnant,”

she denied firmly.

“We all have measures.”

Qin Yu smiled, “The measures are not foolproof, Miss Su, you should go check it out, don’t be careless, if your stomach gets bigger, it will be difficult to deal with!

Ning Zhi nodded in agreement, looked at Su Nan, who was a little sluggish, and patted her hand: “

Anyway, you and Shang Qian have decided to be together, haven’t you? No matter whether you have children or not, let’s go with the flow. If it really comes, don’t be so repulsive.”

Qin Yu: “That’s right, you guys are going to get married sooner or later. What’s the difference between getting married sooner or later?”

She didn’t want to go that far, and she didn’t want to get married. Although Shang Qian had hinted it several times, she was fooled by her.

How easy is it to get married?

Most of the readers are now reading this novels:-

Read Divorce Billionaire Heiress Chinese Language Chapter 1711-1715

Chapter 1711 Don’t want to get married?

They can be together if they want to be together now, and they can be separated at any time if they don't want to be together.

If married, how could they afford each other's futures?

Looking at Su Nan's gloomy expression, Ning Zhi and Qin Yu suddenly realized something.

Qin Yu blinked: "Don't you want to marry him? Are you a prostitute?"

Ning Zhi glared at her, "Speak well!"

Qin Yu shut her mouth shyly and looked at Su Nan, waiting for her answer.

Su Nan lowered his head: "I don't know what I'm thinking, my heart is very confused."

Ning Zhi pursed his lips and put down his chopsticks:

"Forget it, don't go shopping, before your results come out, You can hesitate and go back, should I go check it out first?"

Qin Yu nodded in agreement: "Let's accompany you to the hospital?"

Ning Zhiliao immediately denied: "Of course not, Su Nan's identity, as soon as he goes to the hospital, everyone I know, what should she do?"

Qin Yu was silent in distress.

Ning Zhiliao: "Go to the pharmacy to buy test strips?"

Su Nan nodded, but under the enthusiastic eyes of the two, she coughed and felt stressed.

"Well, I'll just go back and test by myself, you guys can continue playing..."

After saying that, she stood up and left with her bag.

Qin Yu and Ning Zhi watched her go away in shock, their backs still in a hurry.

Qin Yu frowned: "Su Xiaosi is still afraid that we will know?"

Ning Zhijiao said calmly: "She doesn't even want to know herself, understand it, she is somewhat afraid of marriage."

"That's right, it's that damn Fu Yechuan!"

Qin Yu scolded the culprit again without hesitation.

Su Nan didn't ask the driver to pick him up either. He walked to the corner of the street and happened to meet a pharmacy.

It's like it's clearly destined.

She walked in, hesitating, her eyes wandering.

It's the first time to buy such an embarrassing thing, and it's a little hard to tell.

Inside the pharmacy was an old woman watching the store. She hesitated and said she wanted a pregnancy test stick.

"Try a few more models, and the reliability will be higher."

Su Nan was convinced, and took a box of more than a dozen models.

The old woman put it up for her with a smile, and politely sent her away.

Su Nan was carrying the black plastic bag, which was completely different from the aura created by her over ten thousand coats.

She took a taxi straight home.

There was no one at home, and Shang Qian also went out.

Exactly, so that she has no pressure.

She carefully read several manuals, and the usage was similar, and she quickly understood the usage.

However, it is recommended to use morning urine, and she can't use it now, she will have to wait until tomorrow morning.

She was so entangled in her heart that she planned to try half of it first, and leave the other half to try again tomorrow morning.

So, she took a deep breath and took her things into the bathroom.

When she looked at the bar on it seriously, she was relieved, and threw it directly into the trash can, and then threw the rest in.

There is no need to try at all, she must have thought too much.

She came out easily, made a mask for herself, and then lay down on the massage chair for a massage. She felt that her whole body was relaxed, and she fell asleep unconsciously.

When Shang Qian came back in the evening, he saw her lying under the setting sun at dusk, just shrouded in drowsy light. The whole figure was like in an oil painting, the beauty was vague but vivid.

He moved in his heart, walked over and gently kissed her forehead...

Chapter 1712: Brother Tianluo

, Su Nan, slept very deeply. Feeling that someone was coming back, he still opened his eyes and sat up in a daze.

“You’re back?”

Shang Qian looked at her and smiled helplessly: “Didn’t you go shopping? Are you tired? I called you a few times and you didn’t answer. I called Miss Qin and she said you had already When you’re back, didn’t you agree that I’ll pick you up?”

Su Nan stretched out his arms, and Shang Qian went to pick her up and put her on the sofa.

“Oh, I came back early.”

As for the reason, she didn’t want to say it yet.

Shang Qian didn’t care, and touched her hair:

“Are you hungry? Do you want me to do something to eat?”

Su Nan touched her stomach and nodded.

Shang Qian smiled, kissed her, got up and went into the bedroom, changed clothes first, and then went to the bathroom to wash his hands.

Su Nan glanced at him casually, and when he saw him entering the bathroom, his heart tightened, and he seemed a little flustered.

Shang Qian washed his hands, and threw the tissue he wiped into the trash can, but when he glanced at it, he saw the sudden appearance in the trash can, and his face became tense.

...

five minutes passed, ten minutes passed.

Su Nan couldn't sit still, just as he was about to stand up and go in to see what was going on, he saw Shang Qian calmly come out from inside.

His face was very calm, nothing unusual.

No disappointment, no excitement.

Su Nan couldn't tell what it was like, and he wasn't pregnant at first, so of course he didn't have anything to say.

She smiled, "Why so long?"

Shang Qian looked at her for a few seconds, then turned away calmly, "What are you thinking of to eat?"

Su Nan breathed a sigh of relief: "Whatever, I can eat anything."

Shang Qian turned around and went to the kitchen, after a while, just heard the sound.

She pursed her lips, and immediately found a movie to start watching. Halfway through, she felt bored and ran to the study to read the documents.

It's good for Su Qi to join the company, at least the person working overtime has changed from Su Nan to Su Qi.

Originally, he wanted to go through the motions to fool him, but Yu Lou and the other assistants did not let him go. They had to report to him about any matter, big or small. If he didn't make up his mind, he would go to the hospital to block him if he didn't answer the phone.

As a result, Su Qi was exhausted and could only accept the arrangement obediently, including working overtime.

So when Su Nan looked at a photo of overtime work late at night sent by Su Qi, he gave him a big like.

Su Qi: "..."

After a while, Shang Qian came over and knocked on the door, his voice warm and soft, "Baby, can you eat?"

Su Nan responded, turned off the computer, and went out.

The dishes on the table are rich and varied, but also very light, with almost no spicy and greasy food.

Although he usually prepares very carefully, he always feels that there is something different today.

Su Nan smiled and walked over, "You've worked hard, President Shang, Brother Tianluo?"

Shang Qian glanced at her with a smile: "Don't come here, eat it, it's all you like."

Su Nan ordered Nodding, I have been hungry for a day, and now I finally have an appetite.

I just hadn't eaten a few mouthfuls, and before I could swallow the bowl of light spinach and shrimp soup in front of me, the tumbling feeling in my stomach came up again in an instant.

Her face changed, she put down her things and ran to the bathroom immediately.

Shang Qian's face became even more ugly. He walked over a few steps and patted her back lightly from behind. His movements were neither light nor heavy, but it was enough to feel his caution and nervousness.

Su Nan rinsed his mouth, took a deep breath, and patted his chest...

Chapter 1713 Inferior products

In the mirror, my face is pale, and there is no blood on my lips, and I look a little weak.

She thought she might be sick.

She touched her forehead, but it wasn't hot...

Shang Qian's face was tense and noticed her expression, he wrapped her waist in one hand, and wiped the water stains off her with a tissue in the other, moving lightly. careful.

"How is it, do you still want to vomit?"

Su Nan closed his eyes and shook his head. Then he threw himself into his arms and said weakly,

"I have no strength, but I am still hungry."

Shang Qian sighed. He pursed his lips, the worry between his brows was obvious, and he coaxed in a low voice:

“Okay, I’ll cook you another bowl of bird’s nest, can you eat it as a late-night snack?”

Su Nan nodded, and Shang Qian put her directly He picked it up and put it on the sofa, carefully not touching her stomach.

However, Su Nan didn’t notice his movements, she closed her eyes tightly, her legs were still on the other side, she looked very lazy and comfortable.

Shang Qian quickly cooked the bird’s nest and came out. Su Nan was finally able to swallow it, and after drinking a bowl, he was considered to be restored to his strength.

Su Nan simply packed up and went back to the bedroom to rest. Shang Qian stayed in the study until late before going back.

When he went back, Su Nan was already asleep, and he slept quite deeply.

The position around him sank for a moment, Su Nan was slightly conscious, turned around and put his hand on him, and touched it a few times to confirm that it was him, and then he was relieved.

Shang Qian touched her dishonest hand and stared at her for a long time in the dark.

She thought he was asleep, but she heard him suddenly call her name:

“Su Nan?”

Su Nan replied in a daze.

Shang Qian put his hand on her lower abdomen gently, for fear of disturbing anything.

He continued: “Do you want this child?” In the

dark night, it was silent and profound.

But Su Nan woke up from his sleep because of these words.

She opened her eyes, adjusted to the dimness of the room, and saw that his bright eyes were looking at her expectantly, waiting for her answer.

Su Nan pursed his lips and frowned: “What child? I don’t have any children...” Did

he misunderstand something?

Shang Qian's voice was low and slightly aggrieved: "I have seen it all, that pregnancy test stick."

She is still denying it?

Is there any other woman coming to the house to try this?

Su Nan blinked: "Don't you understand? You have to read the manual to understand that one. One bar means you're not pregnant, and two are pregnant just now..."

Her voice was low, but very strong. He was definitely introducing the use of the product to him.

Shang Qian couldn't help but chuckle and held her hand:

"I know, I just checked it online."

"Then you still..."

Su Nan hesitated, pursed his lips, "That's obviously a bar..."

Where did the child come from?

Don't lie to her!

Shang Qian frowned, raised his hand and turned on the light, the warm yellow light flashed in his eyes for a moment, Su Nan was slightly uncomfortable, and reached out to block it.

Then Shang Qian went out, as if he didn't even wear shoes, and walked in with something.

Su Nan looked at his actions with disgust and leaned back.

Shang Qian, who has always been obsessed with cleanliness, held it in his hand without any hesitation, and happily gestured in front of her:

"Look, there are two bars!"

Su Nan's eyes moved to the thing, squinting his eyes, I thought I was wrong.

what happened?

Is it really two bars?

She widened her eyes in shock, her mind was dizzy and blank, and she didn't know how to react.

She obviously just started to see a bar!

Chapter 1714 Check

Su Nan pursed his lips, looked up at him, and said with great certainty:

“This thing is bad, my mother-in-law said when I bought it, try it a few more times for credibility Cai Gao, when I saw it, it was obviously one bar, but now it has become two, there must be something wrong with the pregnancy test stick itself.”

Shang Qian looked at her in a daze, and the surprise in his heart was strongly suppressed. , seems to be a bit unbelievable:

“Really?”

Su Nan nodded.

Shang Qian lowered his eyes, “Then I'll buy more?”

Su Nan shook his head: “No, I bought a lot, I'll try again tomorrow morning.”

After hearing this, Shang Qian was relieved, he nodded, “Okay. “

Then he put things back and washed his hands before coming.

Turning off the lights, the room fell back into darkness.

He lay beside her, but he didn't feel sleepy at all:

“Su Nan?”

She was about to fall asleep when she was woken up again, and there was a hint of unhappiness in her voice.

Does Shang Qian not want her to rest?

He also reached out and touched her face, landed a kiss on her forehead, and then kissed her tightly.

Seeing that the gun was about to go off, he restrained himself again.

Su Nan was hooked, looked at him speechlessly, and murmured reluctantly in a low voice:

“Would you like to continue?”

Shang Qian gritted his teeth: “

No. ” If she is really pregnant, what danger is there in him being so impulsive, what will he do then?

After Su Nan heard this, he rolled over a few times on one side, keeping a distance from him, expressing his dissatisfaction.

Shang Qian reached out and took her into his arms, the warm breath sprayed on her face, and chuckled, “I use other methods to help you?”

Su Nan muttered angrily: “Go away... .”

...

Early the next morning, Su Nan was tossed all over.

Shang Qian seemed to have changed her personality, and Jing said something that made her blush and make her feel embarrassed.

But because he worked hard all night and made breakfast for her early in the morning, she also forgave him.

Shang Qian watched her come out, smiled, walked over and hugged her for a good morning kiss, which was tender and outrageous.

She hummed: “I’m so happy today?”

Shang Qian chuckled: “Of course, don’t forget what to do in the morning?” As soon as he reminded her, she remembered, oh, pregnancy test stick!

Her face changed for a moment, she pursed her lips, took a deep breath, and took the black plastic bag from last night in indignation.

Shang Qian originally wanted to discuss with her about the child last night, but in the end, the matter developed to other aspects, and there was no chance to speak.

Now...

he stands cautiously at the door, waiting.

Soon, she came out of it and happily showed him the thing:

“A bar!”

Shang Qian looked down, and the pregnancy test stick in front of him did show a bar.

Just when he didn't have time to lose, suddenly, next to the bar, the eyes of the other bar gradually turned red...

He tightened the corners of his lips, and Su Nan naturally noticed it.

So that's why she saw one bar last night, while Shang Qian saw it as two bars?

Does this have a display delay?

This thing is too unreliable!

The two looked at each other, although Su Nan appeared suspicious and frightened, Shang Qian's eyes were filled with excitement and excitement that could not be concealed.

He looked at her and suggested seriously: “Would you like to go to the hospital for an examination?”

Su Nan opened his mouth and expressed embarrassment:

“I went to the hospital, didn't everyone know?”

Chapter 1715 Will you stay?

Shang Qian looked at her without the slightest excitement on her face. The excitement in her heart seemed to be slowly extinguished by someone.

He pulled out a stiff smile: “It doesn't matter, I'm looking for an acquaintance's hospital, and I won't run into someone we know, so be careful, don't you?”

Although Su Nan thought so too, she still had concerns in her heart. .

Finally, she nodded.

Shang Qian touched her hair and turned to call an acquaintance.

Naturally, they are trustworthy hospitals and doctors, and they have to have nothing to do with their usual life.

He couldn't tell how he felt.

Don't dare to ask her, if you really have it, will you stay?

He was afraid of her answer, and he couldn't accept it.

There was no appetite in the early morning, and Su Nan didn't want to eat it. When Shang Qian saw this, he took her out directly.

The hospital that Shang Qian contacted was a private hospital in Linshi, City A, and he wore a mask before entering.

Fortunately, the doctor was not interested in the identity of the patient during the examination. He didn't even look up, and told them the result directly:

"Congratulations, you are three weeks pregnant."

After speaking, the atmosphere suddenly became silent.

The doctor raised his head and glanced at the man and woman in front of him, without the slightest hint of joy.

To be precise, it was the woman who didn't have the slightest bit of joy, and her face was more shocked.

On the other hand, the man looked handsome and handsome, noble and elegant, with suppressed ecstasy between his brows and eyes...

She had seen many such people, so she lowered her head and continued:

"Whether or not, we still have to decide as soon as possible. , because the longer it takes, the more it hurts the body..."

The man's face stiffened for a moment, and then his eyes fell on Su Nan.

after leaving the hospital.

Two people are sitting in the car.

Su Nan was in a daze, not knowing what he was thinking.

Shang Qian's joy was replaced by calmness a little bit, he knew that Su Nan had not expected the arrival of this child.

Maybe she didn't expect to marry him either.

The car was quiet a little.

He looked at her, the light in his eyes gradually disappeared and annihilated.

After a while, he said, "I'm sorry, I am responsible for this matter."

Although he would take measures every time, he could not be sure of everything.

In the end, it was Su Nan who was embarrassed and punished.

Su Nan paused, looked at him, and opened his mouth: "Then will you be responsible?"

Shang Qian thought he heard it wrong, his eyes rolled on her face, his throat moved slightly, and he nodded.

"Of course."

Su Nan looked at him and hesitated for a few seconds, "Go back to the hospital and tell my father." As soon as

she exited, Shang Qian's heart was half cold.

He nodded with a gray face, started the car, and drove silently.

The music was flowing slowly, but his heart was desolate.

Don't you mean to go back to the hospital to give up the child completely?

It was his fault, he shouldn't expect too much.

It was the same hospital where Su Yifeng stayed.

Su Nan got out of the car and watched Shang Qian sit motionless in the car, as if he was really hit.

She frowned slightly, "What are you doing?"

Shang Qian looked at her sideways, his throat moved, and his voice was dry and hoarse:

"Su Nan..."

"Huh?" She patiently stood there waiting for him to speak.

Shang Qian's eyes were dark and unclear, and there was a faint plea in his voice:

"Is there a possibility to keep the child?" As soon as he said the words

, he regretted it.

He lowered his head and smiled bitterly: "Forget it."

He had too many extravagant hopes. She wasn't ready to get married, so how could she be ready to be a mother?

Silence for a few seconds.

Su Nan frowned and looked at him: "I didn't plan to destroy it..."

Most of the readers are now reading this novels:-

Read Divorce Billionaire Heiress Chinese Language Chapter 1716-1720

Chapter 1716 Can I propose?

The sun is shining, the clouds are cascading, and the blue sky is as clean and beautiful as an oil painting.

Su Nan stood in the sun, frowning, her bright and charming face was a little pale, but after listening to him patiently, she showed a confused look again.

Where did Shang Qian hear from her that she was going to abort the child?

She looked at him with a calm tone, "Didn't you say you would be responsible?"

Shang Qian paused, his eyes narrowed, a little unbelievable.

"What did you say?"

Before the ecstasy in his eyes could rise to his face, he jumped out of the car in a few steps and came to her:

"Do you say it again?"

Su Nan was very puzzled, "I already asked you, wait a minute. I'll tell my dad, if my dad agrees, I'll have no problem at all..."

Shang Qian's eyes were slightly red, maybe the surprise came too suddenly, he couldn't accept it for a while, or this huge The turning point made him not turn around so quickly.

He took a deep breath and put her in his arms, the ups and downs in his heart suddenly fell to the ground.

It was like being in a huge accident and suddenly being told it was a prank.

He had lost everything just now, and now he has everything.

Never been so satisfied.

“Thank you baby, sorry...”

He was almost incoherent.

Su Nan suddenly calmed down, wrapped his arms around his waist for a while, and patted him:

“Did you think I was going to the hospital just now?”

Shang Qian didn't answer, but the silence explained everything.

Su Nan sighed:

“Although this child was unexpected, it's not that repulsive. I'm not prepared, but don't you have experience raising children?

With you, those preparations are useless, let's just give birth to the natural world. Bah...”

Anyway, she didn't give birth to a child of someone she hated.

She knew that Shang Qian would be a good father and a good husband, so what was there to worry about?

If sooner or later we have to get to this point, why do we have to turn it away when the opportunity has come?

Shang Qian held her in his arms, wishing to embed her whole in his own life.

His excitement was beyond words, but he felt that all his wishful thinking had been answered by her.

worth it.

Until many people around were watching them, Su Nan felt awkward and pushed him.

“Shang Qian, shall we hurry in?”

Shang Qian let go of his hand and looked at her with a smile, the tenderness in his eyes overflowing:

“Okay, I will listen to you, baby, you are killing me now, I Do n’t say anything.”

Su Nan cut, speechless at his change.

“Don’t you have no children, so you need to be so excited?”

Shang Qian smiled and held her hand tightly.

Of course excited.

He raised little Mike, it was a responsibility that fell from the sky when he was young and frivolous, everything he had to bear.

But Su Nan and his children will be his hope and home.

In this world, he has only a few things, and he has envied the good luck of others.

But at this time, he felt that his luck was not bad.

On the road he plunged into alone, he saw light and hope.

There is an additional small gift, which is already well worth it.

When he arrived at the door of Su Yifeng’s ward, he heard laughter and laughter from inside, but Shang Qian suddenly became nervous.

It was as uneasy as seeing a parent for the first time.

Su Nan looked at him, Shang Qian pursed his lips, “Can I propose?”

Chapter 1717 A good news

If you don’t propose, how can you get married?

If you don’t get married, what will happen to the children?

For the first time, he felt that although these procedures in country Z were cumbersome, they were quite perfect!

It is much stronger than the M country that has children casually.

Shang Qian wanted to get her approval first, before he could go in and face Su Yifeng’s rage.

Su Nan saw what he was thinking and smiled, “As long as my dad agrees, I have no problem at all!”

and threw the problem back.

Shang Qian helped his forehead helplessly, this little clever ghost, I am afraid that he is deliberately embarrassing him now?

He must have seen his embarrassment at this time.

The two stood at the door tangled, and Su Qi's voice was heard not far away:

"What are you doing at the door? Did you do something wrong?" The

two were startled.

Shang Qian smiled lightly, and nodded modestly: "Third brother..."

Su Qi patted his shoulder with a smile, and took the third brother's air:

"Brother-in-law!"

Su Nan pumped The corners of his mouth twitched and he looked at these two people, wondering when their relationship was so good?

Okay it's a little subtler!

Su Qibai glanced at Su Nan: "I have time to hang out here, but I don't have time to go to work in the company? Be careful I will deduct your salary!"

Tsk, this is really a real brother!

Before Su Nan had time to speak, Su Yifeng inside heard the rude voice:

"Little San, what nonsense are you talking about, get in here for me!"

Su Qi snorted, ran in obediently, and leaned in with a smile:

"Dad, I came to visit you during my busy schedule, how did you eat for lunch?"

Dean Xiao, who was beside him, was amused and laughed: "Look at your son, how filial he is. I'll go back first, and I'll play chess with you in the afternoon."

Su Yifeng smiled perfunctorily and waved his hand.

Su Qi said goodbye to Dean Xiao very politely:

"Goodbye Uncle Xiao, you have lost weight recently. Would you like something to eat for lunch?"

“Okay...”

Su Nan and Shang Qian stood at the door and greeted Xiao The dean said hello and walked in.

Su Yifeng looked at Su Qi speechlessly and disgustedly: “You didn’t give the company to Huo Huo, did you?”

Su Qi: “Look at what you said, how can such a big company disappear in such a few days, it will take some time. ...”

Su Yifeng covered his heart with a livid face.

“Little bastard...”

Su Nan hurriedly stepped forward: “Don’t listen to his nonsense, Dad, he’s just a tool person, used to sign, the real decision-making power is still in the hands of my brother and I. ...”

She was referring to herself and Su Jin.

Only then did Su Yifeng nodded with satisfaction, and persuaded her earnestly:

“Don’t be careless, fire, theft, and Su Qi...”

Su Nan held back his smile, but Shang Qian couldn’t help it.

Su Qi looked at them speechlessly: “Dad, can you talk while I’m away?” Isn’t this too hurtful?

“Just for you to listen!”

Su Yifeng replied.

Su Nan tugged at Su Yifeng’s sleeve, “Dad, we have something to tell you!” Su

Yifeng nodded seriously, looked at Su Nan, then at Shang Qian, and smiled:

“Speak?”

Shang Qian left a good impression on him.

Shang Qian took a step forward, and stood there warm and clear, the whole person was tall and straight, and his aura was extraordinary.

Su Qi smiled, with an attitude like watching a good show, feeling that he had made a big fuss!

Shang Qian looked at Su Nan and said with a smile:

“Uncle Su, please forgive me for my presumptuousness. If you agree, I would like to formally propose to Su Nan...”

In a word, the ward fell silent.

Su Yifeng’s smile gradually stiffened and disappeared.

Chapter 1718 Don’t even think about it

. Shang Qian’s initial nervousness was justified.

At least he was relaxed for a minute before he spoke, but after he finished speaking, he was nervous and tense.

It feels even more terrifying than having made the first big business.

He thought that his recent performance was not bad, and Su Yifeng’s attitude towards him was already very good.

But at this moment, he felt that it was not enough.

So adventurous!

He was deeply worried about the little bean sprouts in Su Nan’s stomach.

I don’t know if he will be able to give birth successfully.

There was no smile on Su Yifeng’s face, and the darkness and scrutiny in his eyes were creepy.

This suffocation hangs over his head like a boulder.

It was rare that Su Qi didn’t get involved, and looked at them silently.

Su Nan looked at Shang Qian’s nervous look, and then at Su Yifeng’s face, and instantly became a little helpless.

She coughed and winked at Su Yifeng:

“Dad, isn’t this good news?”

Su Yifeng pursed her lips and looked at Su Nan, "Good news?"

He gave Shang Qian a deep look:

"This occasion, At this time, this sense of ritual, do you think this is good news?"

In a word, the temperature in the ward dropped instantly.

Shang Qian's face was stiff, and there was a hint of annoyance in his eyes.

Su Nan paused, "Dad, those are not important?"

Su Yifeng glanced at her, and his tone became cold, "What is important? What else is important?"

Maybe Su Nan doesn't care about these rituals, and Shang Qian missed something, but the people who love Su Nan the most always care about every little detail.

Su Yifeng hopes that every memorable day in her life will be perfect.

rather than being so sloppy.

Just as Su Nan was about to say something, Shang Qian stepped forward and grabbed Su Nan's hand with a very humble attitude:

"Uncle Su is right, I was careless, everything about Su Nan should be properly thought out.

I must go back and prepare again so that Su Nan can remember such an important day." In

fact, after he figured it out, Shang Qian was quite happy.

Su Yifeng's requirements are not high, and since he is so demanding, most of them agree to the two of them being together.

His attitude is important.

Su Nan frowned slightly, Su Qi came over to smooth things out, and he didn't want to lose such a good brother-in-law.

"Shang Qian can correct his mistakes.

In fact, people respect you, so they came to ask for an opinion. They are sincere.

If you propose marriage without saying hello, what is the difference between forced marriage?”

Su Qi’s words, let Su Yi Feng was speechless.

This dead child who always pulls his legs, can you get away?

However, Su Nan smiled, “That’s right, if I didn’t say hello and I didn’t want to agree, how embarrassing would it be?”

Su Yifeng was sullen, and she thought about her daughter wholeheartedly, yet she still spoke for others?

How dare he become an unreasonable villain?

Su Yifeng snorted coldly, and didn’t want to look at them.

“Then if I don’t agree, you won’t get married?”

he asked back.

A look of panic flashed across Shang Qian’s face, frightened by Su Yifeng’s words.

Su Nan couldn’t help it, put her hand on her lower abdomen, and said simply:

“Dad, I’m pregnant, you can’t agree, we just went to the hospital for a checkup!”

One sentence broke the calm in the room. atmosphere.

Even Su Qi’s eyes widened, looking at Shang Qian with a cold look, let alone Su Yifeng.

Su Yifeng’s face was ugly, he took a deep breath and pointed at Shang Qian:

“Get out! Don’t even think about marriage!”

Chapter 1719 was so disappointed that

Shang Qian’s face was instantly pale.

Su Nan also stood there in amazement, never expecting that a single sentence would make things even more out of control.

“Dad...”

“Shut up!”

Su Yifeng shouted, pointed at Su Qi with an ugly face, and ordered him:

“What are you still doing, drive this person out of me!”

Su Qi Dun After a while, he didn't jokingly speak for him. Instead, he stepped forward and patted Shang Qian on the shoulder:

“Let's go, go out and wait.”

Shang Qian underestimated the Su family's desire to protect Su Nan, and overestimated himself in Su Yifeng's position in the heart.

In Su Yifeng's eyes, what is the difference between his actions and those of a scumbag?

Those good images that were built up in the past all collapsed at this moment.

Shang Qian pursed his lips, glanced at Su Yifeng, and shut up if he wanted to say something, and finally glanced at Su Nan worriedly, regretting it very much.

If this matter caused her harm, it was his fault.

Su Nan smiled soothingly at him, saying that he was fine.

Shang Qian felt even worse.

He really wanted to stay and face her together, but staying Su Yifeng would only cut off all his ways.

It seems that my way is gone.

Su Qi carefully closed the door.

Su Nan stood there with a pale face, “Dad, have you lost your temper?”

Su Yifeng took a deep breath and covered his chest, his face pale.

Su Nan went over and patted his chest, her voice choked:

“Dad, you just finished the operation, don't be angry, if you don't agree, I won't want the child, it's okay.”

Su Yifeng turned to look at his daughter, the kind of love and distress in his eyes couldn't be more cover up.

He clenched his fists, took a few deep breaths, calmed himself down, his face improved a lot, and then he said, "Do you like him that much?"

Su Nan nodded.

Su Yifeng looked at her for a few seconds, sighed, and reached out to touch her hair:

"Since you like it so much, don't say that you don't want children in the future, although your brother and I are not ready for your marriage, but this It's also a matter of

time. Look at Shang Qian during this time, he's actually a good guy, if it wasn't for him, your life or death in Southeast Asia would be uncertain. I know in my heart that he cares about you."

Su Nan curled his lips with red eyes , "Then you were angry just now to scare him?"

Su Yifeng's face darkened slightly:

"Is that to scare him? I have never objected to your relationship, but this process should be clean, at least for you, it will not appear. Rumors."

Su Nan was silent, lowered his head, and lowered his voice:

"I know that last marriage made everyone exhausted, so you pay special attention to my life events, even if I don't get married and only fall in love, You both agree with both of you, right?"

"You know it's good, it's okay to be in a relationship for a few days, but marriage is different."

Su Yifeng spoke earnestly, and his eyes were full of melancholy.

"I'm not worried that your relationship with Shang Qian will reach the same level as Fu Yechuan, but I hope you can happily fall in love, get engaged, get married, have children, and follow the steps step by step. Yes, you should have it, you shouldn't make do with it for the sake of the child..."

Having said this, Su Yifeng's tone was a little choked, he sighed, and his eyes were instantly filled with annoyance:

"This Shang Qian is still not stable enough, but I thought he was the most suitable for you before, so frivolous, it is too frivolous. I'm disappointed!"

Chapter 1720 You deserve to be

beaten Su Nan heard Su Yifeng's words, but there is no dissatisfaction with Shang Qian, just unacceptable for his unexpected pregnancy.

After all, he was still afraid that his daughter would be wronged.

Su Nan felt warm, took his arm and smiled:

"Dad, of course he doesn't dare, this time it was an accident, when he came to the hospital just now, he thought I didn't want children at the door. I saw that he was uncomfortable, but he didn't say anything.

He respects me completely, since sooner or later we have to get married, why didn't he agree?"

Su Yifeng raised his eyebrows, his eyes full of doubts:

"Really? "

Su Nan nodded.

Su Yifeng sighed, "But I still feel that I have wronged you and made Shang Qian cheap!"

Su Nan: "Dad, Shang Qian has no relatives anymore, and we have the final say in life's major affairs, so I listen to you so much, So don't scare him lightly, he's already very pitiful."

Su Yifeng was stunned for a moment, and suddenly understood what Su Nan meant.

The two fell silent.

Indeed, although Shang Qian has a deep family background and outstanding ability, no one in the business recognizes his existence.

For Su Nan, he has offended the entire business, what bottom line does he have?

If the people of the Su family came to bully him, how pitiful Shang Qian would be!

For Su Nan's stay in Country Z, he almost cut off his general connections. Su Nan can't think of anyone who loves him more than him?

Su Yifeng's expression improved slightly:

"Okay, now that you have made up your mind, I don't have any objections, but your marriage will be put on the agenda immediately, and I will let the housekeeper arrange these things for you."

Su Nan smiled and nodded: "Okay, thank you, Dad!"

Su Yifeng gave her a doting look, she really couldn't do anything about her.

Although he is more like letting her live a simple and smooth life, since she chose this path herself, she should go all the way.

It's a big deal, if you can't go on, you can turn back.

Outside.

Shang Qian stood there with an ugly face, motionless, his eyes seemed to be looking inside through the door.

He didn't expect Su Yifeng's reaction to this matter so much, in fact, he should have thought about it too.

Not to mention that the precious daughter of the Su family was kidnapped, she is pregnant now, she has not proposed to marry her, and she has not prepared anything. How can people be happy?

But he was more worried that Su Nan would be scolded for him.

If you knew earlier, you should have prepared enough.

Su Qi, who was beside him, smiled wanton looking at him in dismay.

But he didn't get close at first, and his eyes were a little cold.

He sat next to him, his eyes scattered: "Sit, President Shang, it's useless to stand there. Now the last person my dad wants to see is you."

Shang Qian's face tightened, his eyes were dark, and his voice was hoarse. Asked him, his expression seemed a little nervous:

"Am I going too far?"

The good image he had built up during this period of time was just ruined?

Su Qi laughed eloquently and squinted at him:

"You're not being too much, you're not being beaten up, getting pregnant before marriage is something that anyone who respects women can't do. When I got here, I didn't think about the consequences?"

Or, do you think our family will compromise for you because she is pregnant? Fighting to marry your sister?”

Su Qi's tone was a little unhappy, even annoyed!

Most of the readers are now reading this novels:-

Read Divorce Billionaire Heiress Chinese Language Chapter 1721-1725

Chapter 1721 I want to be mad

, Shang Qian can naturally hear it.

His eyes sank a little, and Junmei's face was a little gloomy:

“How could it be? I never thought so, really... just an accident.”

Su Qi sneered:

“Our family is not a feudal family. , we agree with the fact that you live together, they are both young people, but once you have children, can you maintain the status quo?”

Accident?

Are you fooling the ghost?”

Anyway, he didn't believe it, they were all men, men's inferiority, no Man knows better than him.

He had thought about using a child to bind a woman, but he just thought about it and didn't take action.

He felt that the arrival of the child should be the result of two people's love, not a compromise with some purpose.

So his impression of Shang Qian plummeted.

Shang Qian stood there very lonely, and couldn't even find where his thoughts should fall.

Just in time, Su Nan pushed the door and came out.

She looked at Shang Qian standing at the door, and the moment she saw her, her dim eyes instantly lit up.

Su Nan smiled, walked over and took his hand, "Dad let you in."

Shang Qian was stunned, and instantly became nervous.

He had never felt so nervous before.

The whole person was tense and stiff, as if facing Su Nan's parents for the first time.

He stretched out his hand to organize his clothes, lest there be any imperfection.

Su Nan smiled and took his hand, "Don't be nervous, my dad has a good temper."

Shang Qian was silent for a few seconds, then nodded.

Su Qi: "..."

He must have heard it wrong.

Shang Qian glanced at her darkly, then pushed the door and walked in.

Su Nan closed the door and turned to look at Su Qi:

"Did you bully him just now?"

Su Qi was stunned, "How could it be?"

"He wasn't so scared at first, it must be what you said that made him double it. I'm nervous."

Su Nan said firmly.

Su Qi gritted his teeth and rolled her eyes at her:

"He deserves it, don't turn your elbows out, I won't scold him, and Dad won't let him go. I just gave him a vaccination in advance."

Su Nan After a pause, she knew that Su Qi was for her good, and she couldn't get angry with him.

Immediately, her attitude softened:

"Third brother, you are not allowed to make trouble, toss people away, I will never forgive you!"

Su Qi snorted angrily, "White-eyed wolf!"

Su Nan He raised his eyebrows: "You are not only going to be an uncle, but also an uncle, remember to prepare more red envelopes..."

Su Qi's face turned red and white, and he was speechless for a while:

"Want to piss me off?"

Su Nan laughed, Su Qi gave her a blank look, and seeing that she didn't care much, Su Qi's heart suddenly became less hot.

After a while, Shang Qian came out from the inside, looking better than expected.

Although Su Yifeng hit him hard inside, at least he was relieved and agreed that they were together.

However, the precondition is that they cannot bring Su Nan and the children back to M country to live.

Shang Qian agreed immediately.

He doesn't want to go back at all, isn't it bad to be here?

Since his promise was too happy, Su Yifeng also wondered if the conditions he offered were just right?

I fell into self-depression for a while.

Su Qi looked at him in disbelief, but asked him in a contemptuous tone:

"My dad didn't kill you?"

Su Nan rolled his eyes at him, and Su Qi immediately looked at him with a stern tone, and his tone softened a lot:

"No way. It should be..."

Shang Qian smiled, his eyebrows moved slightly, and he looked at Su Nan's lips for a moment:

"Uncle has a good temper, he asked me to take good care of Su Nan, of course I will do it. ."

Chapter 1722 Let's get married

To tell the truth, facing Su Yifeng, the pressure is very high, he can feel the contempt of death if he doesn't speak.

But really speaking, but not so sad.

Every word Su Yifeng said was for Su Nan's sake, and it was right to leave a way for her.

Su Qi watched them leave happily, and went to Dean Xiao to set up a file and did a physical examination.

It's unbelievable, Su Yifeng is this love house and Wu?

After leaving the hospital, Su Nan told everyone the good news that she was pregnant.

Although her identity has not changed, she feels that there is a little life in her stomach, which is really wonderful.

Touching his stomach, looking at Shang Qian who was driving, he said with a smile,

"Let's go get married?"

Shang Qian slammed on the brakes, his face changed, and his eyes were full of emotions.

Su Nan was taken aback, but luckily he had a seat belt.

She patted her chest, but Shang Qian leaned over suddenly and held her tightly in his arms.

For a moment, she felt like she was about to lose her breath.

Then he let go and looked at her deeply, the emotions in his eyes surged and restrained.

"No hurry,"

he said.

Su Nan frowned, is this what Shang Qian can say?

Didn't he always want to marry her?

What does no hurry mean?

She blinked, "You don't want it anymore? Did my father tell you something?"

Although she thought it was impossible for Su Yifeng to say excessive words, but what if she said it out of anger, Shang Qian happened to hear it?

Shang Qian smiled, shook her hand, and his voice was warm and low:

“How come? My nationality hasn’t changed yet, and the marriage procedures will be troublesome. I’ll have someone go through the procedures immediately.”

Su Nan breathed a sigh of relief and put his heart. Putting it in his stomach, he looked at him with a smile.

That’s more or less.

She had always rejected and resisted marriage before, but now, she has a faint sense of expectation.

Su Nan looked at her phone, and Yu Lou sent her a few messages, but she didn’t see it, as if she was in a hurry.

“Send me to the company, there are some things to deal with.”

Shang Qian pursed his lips and said hesitantly,

“Is it convenient to go to the company now? I’m afraid your body can’t take it!”

Su Nan smiled, “I am now I don’t feel anything at all, it’s the same as usual, but I’m a little picky about food, it doesn’t matter, the employee in the company who is more than nine months pregnant is still at work, where am I going?”

Shang Qian sighed: “Okay. Well, I know I can’t persuade you, but you have to promise that if you feel bad, you must call me as soon as possible, you know?”

Su Nan nodded, then looked away from him:

“You are for the children . . . , or for me?”

This question fell on Shang Qian’s head, and he didn’t respond for a while.

Su Nan just thought it was funny and wanted to see how he answered.

Shang Qian hesitated for a few seconds before looking at her and answering:

“If you didn’t have children, wouldn’t you have called me the first time you were feeling unwell?”

Su Nan was stunned, but she didn’t expect to be taken by the First Army. .

The difficulty of this question is comparable to my own.

All right!

He won.

“Of course, I just don’t want you to treat me so well because of your child, otherwise I’ll have a gap in my heart.”

Su Nan answered bluntly.

Shang Qian paused for a second, then smiled gently:

“Baby, who do I want to be nice to, don’t you know?”

Originally he had no hope for the arrival of this child, how could the child be better than him? ?

Su Nan lowered his head and smiled, without making a sound.

But he had already heard his answer in his heart.

Chapter 1723 You don’t say go out

to the company.

Su Nan waved at him and happily entered the company.

Shang Qian looked at her back for a long time, stared at the pair of beautiful high heels she was wearing, and sighed.

Don’t be in a hurry, but don’t be in a hurry either.

As soon as Su Nan went to the office, Yu Lou seemed to have seen a savior, as he always made a cup of coffee for her and came in:

“Mr. Su, Master Su Qi can’t find anyone at all, he still has a few meetings in the afternoon. ...”

Su Nan glanced at the coffee and didn’t move:

“I will attend the meeting, he is in the hospital to see my dad.”

Yu Lou nodded, “Su Nan has not been discharged from the hospital yet?”

Su Nan smiled, “I have been discharged from the hospital, and it is quite tedious to go to the re-examination today, so I just live there.”

Yu Lou breathed a sigh of relief, "I left you a copy of your favorite coffee pine cone for the dessert my colleagues bought, and I will give it to you. Bring it here?"

Su Nan pursed her lips and shook her head with difficulty.

After thinking for a moment, she beckoned, Yu Lou hurriedly stepped forward:

"I can't eat these, I'm pregnant, don't tell me..."

Yu Lou froze and straightened up slowly.

What shocking secret did he know?

Su Nan didn't want to say it at first, but Yu Lou was her assistant. Whether it was work or life, she would take special care of her, so it was okay to tell him.

He nodded solemnly, determined to keep the secret.

Su Nan asked a few questions about the key points of the meeting and let him go out.

Before Yu Lou left, he didn't forget to take away the cup of hand-ground coffee on Su Nan's table.

In no time, the meeting is about to start.

Just as Su Nan stepped out in high heels and was about to go to the conference room, he heard the assistant shout,

"Mr. Shang, President Su is about to go to a meeting..."

Su Nan's attention was attracted, looking at Shang Qian had a tall figure and walked over with clear eyes, holding something in his hand.

He got closer and smiled:

"I know, it won't take a few minutes."

The colleagues on the side looked at him enviously. Shang Qian doesn't appear in the company very often, but every time he appears, it must be the center of the topic.

His whole person's ability background and personality charm are really attractive.

The CP fans of him and Su Nan both inside and outside the company have far surpassed those of Su Nan and Fu Yechuan.

Therefore, as soon as he appeared in the company, the whole company began to secretly boil.

Yu Lou also came out of the conference room, ready to go over to meet Su Nan.

Result to see this scene.

Shang Qian walked to Su Nan's side with a smile on his face, then squatted in front of her, and took out a pair of beautiful and delicate... flat shoes from the bag he was carrying.

Wow!

Everyone's attention is that the pair of shoes is a limited edition of cheln, not the kind that members can't buy. It's so beautiful!

Shang Qian put the shoes on the ground, looked up at her, and said with a smile:

"Didn't you say that wearing high heels is a little tired? Try these?"

Su Nan subconsciously froze for a few seconds, when did she say that wearing high heels was tired? ?

Every time she puts on high-heeled shoes, just like putting on a shirt, she is in high spirits!

However, Shang Qian has always maintained a posture, giving her enough face and time to react.

Su Nan pursed her lips subconsciously, and then she lifted her feet slightly. Shang Qian smiled and put on her shoes. The movements were very smooth and natural, and there was no trace of artificiality.

It just makes people's jaw drop.

Look, Mr. Shang, with such a rich net worth, has to kneel down for Miss Su to change her shoes. What else can other men be so hypocritical?

Just a role model to learn from!

Chapter 1724 Kicked him

, Shang Qian lowered his eyes and put on her shoes seriously, put her high heels in the bag, picked it up, and smiled at her:

"Go to work, get off work. I will come to pick you up."

Su Nan looked at his clear and gentle face, and the blush on his face gradually spread.

She clearly knew that her scandals could not be washed away in the company.

Under Shang Qian's gaze, for a moment, her heartbeat quickened, and she didn't know how to deal with such a small scene.

She nodded blankly, then blushed, turned around and ran away.

ran into the conference room.

The people in the conference room had already arrived, and as soon as she came in, they all looked at her.

She paused, sat in the upper seat, glanced at Yu Lou who was following, and nodded.

Yu Lou: "The meeting."

Su Nan finally calmed down and threw himself into the meeting.

After the meeting, go back to the office.

Seeing that the phone is full of messages like a frying pan.

It was the news she announced in the group earlier.

Glancing at it, it's already 99+.

Qin Yu: "Let's just say it, I can't read it wrong, so obviously it's still pregnant?"

Ning Zhi: "Congratulations, you should pay attention to rest when you are pregnant!"

Qin Yu: "When will Shang Qian propose, what are you guys doing? It's time to have a wedding, don't do it with a big belly, it's too ugly!"

Ning Zhi said: "Agree!"

Cheng Yi didn't know when it appeared:

"What? What did I miss? When did you guys We met, why didn't you call me?"

I'm still not your best friend, why are you ignoring me?

Who is pregnant? Is it Su Nan?

Is this true? Cheng Yi sent a lot of messages in a series ,

and the chat between Qin Yu and Ning Zhi was overwhelmed.

He couldn't accept this shocking news for a while, and he couldn't believe it at all.

"No, no, it's fake, Su Nan come out to clarify! "

"I'm still waiting for you to break up. If you're married, how can I take advantage of it?" "

It's too late for you to dump him now!" "

...

Qin Yu: "Kicked him? "

Ningzhi:" Private chat? "

Cheng Yi:" Are you really okay with this? "

Su Nan looked at their news speechlessly, couldn't help it, and typed:

"Please calm down, please? "

They must be too excited!

Put down the phone and look at the shoes on her feet. Although she doesn't like to wear flat shoes at work, these shoes are really beautiful and match her outfit perfectly today.

Shang Qian's taste has always been good. After

a while,

Ning Zhi talked to her privately:

"What did Shang Qian say? Does the family already know? "

Su Nan knows that Ning Zhi really cares about her, so she thinks more.

"I see, marriage has been put on the agenda. "

Ning Zhi smiled: "That's good. "

Su Nan: "My third brother is envious, I know, you have to work hard!" "

After Ning Zhiliu sent an emoji, he refused to reply to her.

When it was time to get off work, she received a message from Shang Qian before she decided whether to stay overtime for a while.

“Go downstairs, or I’ll go pick you up?”

Oh, looking at the time, it’s really not bad for a minute.

When did she get off work on time?

Well, in order to avoid causing another sensation, she still took it to get off work obediently.

Yu Lou watched her come out, and immediately went over to press the elevator for her:

“Mr. Su, be careful...”

Looking at his dog-legged appearance, the new employees couldn’t help feeling that they had learned something.

Or can it be the first secret?

Su Nan smiled and waved his hand:

“Don’t work overtime for too long, go home early?”

“Thank you, Mr. Su for your concern!”

Chapter 1725 Adapted in advance and
went downstairs.

Shang Qian’s car is particularly obvious.

He stood there, with a long body and a jade stand, warm and clear, as if within reach, but also as unattainable.

Su Nan smiled and walked over. Shang Qian hugged her and opened the door for her.

The driver nodded and got into the car.

Su Nan was still wondering why he suddenly let the driver come again?

Shang Qian whispered in her ear:

“In this way, I can shake hands with you from behind.”

Oh, Su Nan's heart beat faster for a second.

She rolled his eyes at him, "It's just a few minutes."

Shang Qian smiled and said nothing.

But since he sent her over, he never went back at all.

To deal with the matter, she called Rong Yi in the car and ordered her. After she finally got off work, she was almost dying of anxiety.

The car was moving very slowly.

Su Nan put down his mobile phone and looked at the vehicles outside. There was not much traffic and there was no traffic jam. How could it be so slow?

She couldn't help it anymore and looked at Shang Qian: "Is it too slow?"

Shang Qian raised his eyelids and looked outside blankly:

"Is there? Isn't it the same speed as before?"

Su Nan Take a deep breath, when she is stupid?

This luxury car with an average speed of 40, the car behind is too slow to honk the horn, I don't know how many people will scold.

But the people in the car didn't know it at all, so they drove in a hurry.

The driver coughed:

"Miss Su, this road has just had a traffic accident. You can't drive too fast. Don't worry, it will be fine in a while. If you are tired, take a rest."

Shang Qian hooked his lips in satisfaction and looked at her:

"Did you hear? Don't worry, otherwise the driver will be stressed."

Su Nan: "..."

For some reason, she always felt that something was wrong.

The direction of the car is not home.

Shang Qian explained with a smile: "Let's go to dinner first."

Su Nan nodded, okay.

Arriving at a French restaurant, Su Nan looked at this solemn appearance, and suddenly there was something drumming in his heart?

She had a gut feeling, what unexpected surprises might occur tonight?

Is it a marriage proposal?

Su Nan suppressed his inner excitement, pretended to be normal, and walked in gracefully, holding his arm.

The taste of this restaurant has always been good, and Su Nan likes it very much.

But as soon as you enter, there are already a lot of people inside. This is not like the scene of a marriage proposal?

A private room, a candlelit dinner, and a band, isn't that a cheesy three-piece?

There was a hint of disappointment in her eyes.

Maybe he just brought her to dinner.

The waiter came over and said respectfully and politely,

“Mr. Shang, Miss Su, please...”

He had already reserved a box and was isolated from the outside atmosphere.

Shang Qian knew her taste and ordered her favorite dishes long ago.

Not long after sitting down, the dishes came.

Sophisticated and expensive.

Su Nan smiled. Although she had no appetite, she still managed to eat a few mouthfuls. However, she was surprised that the taste of these dishes had changed slightly, which would not make her feel uncomfortable.

Shang Qian smiled and poured her a glass of milk: “I asked the chef to adjust the ingredients according to your taste and nutritional mix. The nutritionist said

that this will not make your early pregnancy reaction too strong, okay?”

They are all paying attention to her movements. If there is any dissatisfaction, he will change the dishes immediately.

Su Nan's eyes flickered, and under the light, it was radiant and beautiful.

"No wonder the chef actually listens to you? Isn't their professional habit not allowing others to modify the recipe?"

Most of the readers are now reading this novels:-

Read Divorce Billionaire Heiress Chinese Language Chapter 1726-1730

Chapter 1726 is somewhat abnormal

Shang Qian: "Habits can be changed, let alone professional habits." The words are casual, but the attitude is very strong.

Su Nan raised an eyebrow, unexpectedly, in a better mood.

After eating, Su Nan didn't see any surprises.

In addition to a sigh of relief, I also felt a little lost.

Shang Qian took her hand and left.

The driver has left, and Shang Qian acts as the driver again.

The weather in October was just lukewarm.

It's just a little cooler at night.

When they got home, Su Nan didn't see any unexpected surprises at home.

It seemed that she was thinking too much tonight.

She dropped her bag and took off her coat:

"I'm going to the study first..."

Shang Qian looked at her and suddenly stopped her:

"Baby..."

His voice was a little low Dumb, nervous.

Su Nan looked back.

He was silent.

Su Nan leaned on the cabinet beside him, looked at him with all his time, and rolled his eyes:

“You’ve been so lost all night, do you really have nothing to say?”

Shang Qian’s character is calm and calm, but when he meets her Things will not be so calm.

Although he didn’t seem to have anything since eating, he has been watching her eat, and he didn’t take a few bites.

Shang Qian’s fingers rubbed a few times, and nervousness flashed across his eyes.

For a long time.

He raised his eyes and looked at her, “Want to know?”

Su Nan looked at him, “If I don’t want to, will I ask you?”

Isn’t this a knowing question?

How long can you hide?

He loosened the collar of his dark shirt, revealing his collarbone, and the whole person looked a little wild.

With raised eyebrows, he walked over, wrapped her waist, and took her into his arms.

Su Nan didn’t resist, but there was a bit of color in his eyes.

He kissed her on the lips, didn’t continue, then took her to the floor-to-ceiling window and turned her outside.

He leaned over and whispered in her ear:

“Look...”

Su Nan raised her eyes, looked outside, and was stunned.

Under the pitch-black night sky, hundreds of drones in front of them glowed with light blue light, with fluorescent flashes, like stars, within reach.

There are also countless rays of light falling continuously, like a meteor falling in front of the eyes, the kind of eye-catching is shocking.

Among them, there are hundreds of drones, which have been staying in the air, forming a formation:

Marryme!

No, that's not a drone.

The planes shuttled by at night, and it can be clearly seen that the drone has not even moved its position, but there is no mistake at all.

But the faint blue light was so clear and cold that it didn't look like an ordinary image.

In front of the vast and boundless eyes, it seems that he is in the cold and dark night outside, but he seems to be standing in mid-air, merging with those drones.

This momentary shock is indescribable.

Su Nan was still in shock, but the man behind him hugged her waist from behind, and a warm embrace enveloped her, pulling her out of her shocked thoughts in an instant.

The next second, her fingertips seemed to have touched something icy cold.

The icy circle slipped through her fingertips, and she instantly understood what it was.

It was as if my heart had been grabbed for a moment.

She looked down subconsciously, Shang Qian's hand gently put the ring on her, and then kissed her ear with a gentle gesture:

"I've been thinking about what opportunity to give you, but I think if I think about it any more, I don't have a chance today, but I don't want to wait until tomorrow."

After he finished speaking, he took a step back, let go of her, then stepped forward, turned his back to the floor-to-ceiling windows, and slowly bent his knees and half-kneeled in front of her.. ...

Chapter 1727 The popular science scene

looked at her slightly surprised, and smiled for a moment:

"I know it may be rushed, but I've been thinking about it for a long time, since the first time we dated, I Thinking about what kind of method should I use to propose to you, so that I don't look so vulgar?"

Su Nan's body tightened slightly, looking at him, pretending to be calm:

“Then have you figured it out?”

Shang Qian shook his head :

“No, but I can’t wait. I want to wait until I have finished the proposal and think about it later, okay?”

He was sincere and didn’t look like he was lying.

For a moment, Su Nan couldn’t help but look outside.

Those light blue letters are still in front of me. In the quiet night, it seems that the stars have fallen suddenly, and they are so beautiful.

She never dreamed that she would one day be moved by something so vulgar and simple?

Seeing that she didn’t speak, Shang Qian raised a heart in his throat:

“Actually, there are flowers and rings in the car going home, and surprises and ceremonies are prepared in the French restaurant. Even before entering the door, I have arranged them. The petals and candles...”

Su Nan looked at him in surprise.

She felt nothing.

Shang Qian smiled, “I don’t want to use that to perfunctory you, but I also feel that you should go through what others have experienced, whether it’s romantic or tacky, but I’m really worried that you won’t like it, so... ..”

He paused and looked up at her:

“Until now, the marriage proposal outside was the last surprise I arranged, I hope you like it.”

Su Nan pursed her lips, slightly clenched her ringed hand, and smiled. He smiled:

“Well, I like it very much.”

Although there are no flowers, but I do not feel sorry.

Every falling meteor outside seemed like a wish to cheer for her.

And the wish will come true.

Shang Qian's eyes reflected her smiling face, and the tense feeling in her whole body could be considered to be relieved.

Su Nan looked at the ring in his hand, the pink diamond was large and delicate.

She has always disliked big diamonds, and she brought them with them just like the nouveau riche, for fear that others would not know that she was rich.

But the drill is too small, and I feel petty.

This drill is very beautiful at first glance, crystal clear, ethereal and beautiful. It is designed to look like the stars and the moon. Beside the pink diamond in the middle, there are a few small inconspicuous diamonds.

Gorgeous but delicate, not the same as Shang Qian's style, too low-key.

As soon as she saw it, she knew that the rough stone of this diamond was rare and precious. It was not a polished diamond, but a diamond ring specially designed by someone who was unique in the world.

Shang Qian stood up, reached out and hugged her into his arms, as if he was holding a treasure carefully.

"It's like a dream. I spent an afternoon downstairs in the Su Group company before I dared to do this. I didn't expect you to agree like this?"

Su Nan blinked. She had clearly hinted that she could get married before. Yes, he declined because of his nationality. Could it be that he has a problem with comprehension?

She pushed him away, obviously more interested in what was outside.

"What are those? Meteor? Is it a drone? Or something else? Is it a 3D projection?"

Shang Qian rubbed his eyebrows helplessly, and smiled while looking at the scene outside.

"It's not a drone, it's a new development of Juli Group's R&D project, which can be applied to any need."

"What do you mean?"

Shang Qian explained patiently:

“It’s a reaction where a special ingredient is added to the mist, which allows the mist to take on a specific color as needed before evaporating. The evaporation process is like a falling meteor, only the direction has changed.

” Didn’t move...”

Su Nan asked, pointing to the “marryme” letter.

Chapter 1728

Shang Qian glanced at the diamond ring and smiled: “Because those have a fixed condensing agent, which can keep the fog at a sufficient concentration...”

Shang Qian After Qian finished speaking, he sighed and hugged her:

“This is a marriage proposal, not a popular science scene. Would you like to focus your attention?”

Su Nan couldn’t help laughing, turning around and hugging him:

“Thank you, I think it’s very good, as long as the diamond ring is big enough, the ceremony is not important, the heart is in the diamond ring!”

She comforted him, the night was quite successful, especially this meteor shower, it was amazing enough .

Isn’t the unprecedented wedding present not enough to make her happy?

Shang Qian hugged her with a muffled laugh:

“I knew this was your request, I should have prepared a bigger one.”

Su Nan: “This is not bad, if it’s bigger, it won’t be able to hold it.”

Shang Qian: “...” The

two went to the bedroom after kissing. When Su Nan was put on the bed, he saw roses.

She paused and looked at Shang Qian in surprise.

and?

Shang Qian touched his nose helplessly, “You can’t have less flowers, right?” Su Nan looked at the roses

that almost occupied the entire bed, and nodded: “A lot.”

Nineteen should be there.

Shang Qian almost blushed and moved the roses outside, then came in and saw that Su Nan had gone to the bathroom to wash up.

He smiled and sighed.

This night was a real surprise.

Fortunately, it was enough of a surprise.

He remembered what Su Yifeng said: "You can have your own selfishness, but what my daughter should have, she must have. I don't want her to feel sorry for the lack of a sense of ceremony when she talks with her friends."

He forgave Shang Qian's recklessness, but asked him to be with her, and he must go through every process he should have.

Propose, get engaged, marry.

This meant that he had to finish it all within a limited time, because he didn't want to affect her mood in wearing the wedding dress because of the arrival of the child.

Fortunately, it's not in a hurry.

He has been thinking about this day for a long time.

The night was quite peaceful, because he was pregnant, Shang Qian didn't dare to do anything, just kissed and hugged to relieve his cravings.

But on this day, the whole network is looking for the person who proposed with the meteor shower.

This night, everyone seemed to be boiling.

"Can I still see such a romantic situation in the 21st century?"

"I admit that I am sour, who did it, let me worship?"

"Are these drones? It costs tens of millions Right ?"

"I heard that the rich second generation was proposing to his girlfriend, so he made this meteor shower proposal that can be used all over the world. Thank you, big man!"

“To be honest, I was shocked as a man. When I arrived, I thought there was a light blue meteor shower, but the blue lights disappeared when they fell into the air. It doesn’t seem to be 3D, please come and answer!”

“It’s not a drone, because the plane passed through at night. When the time comes, air control will be carried out, and there will be no drones, but it’s amazing, I thought Star Wars started!”

“Which god came out...”

... .

early morning.

Su Nan was awakened by the ringing of the phone.

She picked it up, and there was no doubt that it was another dream interrupter: Miss Qin Yu.

“Su Nan, have you seen the news on the Internet? I don’t know who proposed, and there was a meteor shower? And it’s not drones and projections, it’s a real meteor shower...”

Su Nan gradually woke up from her shock.

Chapter 1729 Spending money like flowing water

Su Nan stretched out his hand to look at the big diamond ring in his hand, and said calmly:

“Well, I know, it’s not projection and drones, it’s fog and special materials. The resulting chemical reaction caused the meteor shower to fall due to the evaporation of the mist...”

She simply finished speaking, and suddenly felt the silence of the other party.

long time.

Su Nan called her:

“Qin Yu?”

Qin Yu couldn’t help but ask her, “No, that was a marriage proposal for you, right? Shang Qian did it?”

Su Nan couldn’t help bending his lips Jiao:

“Yeah!”

Qin Yu sighed in shock:

“I’m going, I’m still at the forefront of eating melons, I don’t know anything about it? How can he be so fast? Because you are pregnant, you are on the road so fast. Is it enough? The business manager is really good!”

Su Nan couldn’t help sighing and rubbing his hair:

“I didn’t expect it sooner or later, but I’m still satisfied.”

“I’m not satisfied with this? What do you want to do?”

Qin Yu smiled: “Did you have a good time last night? Is it romantic to the extreme, and you think the world of two people is really beautiful!”

Thinking about what to do at night, Su Nan’s face blushed for a moment.

She clicked her tongue, “Stop talking, I was quarreled by you again, I’m going to wash my face.”

Qin Yu: “By the way, take a bath...”

Su Nan: “... .”

She hung up the phone, glanced at her phone, and saw comments online.

There is no doubt that everyone’s evaluation of the meteor shower last night was simply amazing.

Unless you can see such a really mysterious scene in a science fiction movie, in reality, you can’t witness it with your own eyes.

But some of them really saw it.

Su Nan smiled secretly, but fortunately Shang Qian was still low-key and didn’t write her name.

Otherwise, her name would have appeared in their heated discussion today.

...

Since the news of her pregnancy spread in the Su family, Su Yifeng decided that Su Nan would go to work in the future, and it all depended on her mood.

Su Qi had to take over part of Su Nan's work again, so every time he saw her, Shang Qian and Su Jin, he looked very bitter.

I can't wait to go up and take a bite of them.

When Su Nan and Shang Qian got their marriage license, they were very low-key, and they went away wearing simple white shirts.

Su Yifeng said nothing and didn't want to follow him. He really couldn't bear to see that scene. He felt that his hard work for so many years had been hollowed out, and his heart was empty.

However, when the two people's red books were handed to him, Su Yifeng still happily looked at it and looked at it, feeling very relieved.

The wedding was arranged in Bali.

Even after many days, those who attended that day could not describe the grandness and splendor of that wedding in words.

Everyone only knows that Shang Qian is a relatively successful investor, but no one knows how much money he has behind him?

The wedding was planned by the housekeeper of the Su family, but later Rong Yi also hired a professional team to join, so all the expenses came from Shang Qian's pocket.

Seeing the money flowing out like running water, Shang Qian's people didn't even blink, and even the Su family's butler felt a little shocked.

He told Su Yifeng about this, and Su Yifeng just pondered for a while, and said nothing, bowed his head and said, "Whatever he wants..."

Even so, it can be seen that Su Yifeng's face is very satisfied.

Chapter 1730 is yours

Su Nan didn't worry about the wedding arrangements, but was shocked on the spot.

Even though she has attended so many celebrity weddings, she has also seen the rules of many wealthy families.

But she felt that the wedding given by Shang Qian was a spread of freedom and wildness, intertwined with romance and joy, which had completely exceeded her expectations.

People outside did not know about the wedding, nor did they invite any media, and everyone who attended the wedding was advised to put down their mobile phones and enjoy the wedding.

Therefore, the outside world did not know that Su Nan and Shang Qian were married.

After getting married, Su Nan felt that it was no different from not getting married, so the repeated mood finally accepted the status quo happily.

One day, Su Nan was working in the company.

Qin Yu ran over excitedly and pulled her to a private auction.

This auction is different than it used to be.

Those who can be invited to participate are all members, and the products auctioned in it are not just casual, but the treasures collected by some celebrities.

Every once in a while this auction is held.

The main reason is that some aristocratic families need to raise funds, but do not want to go to the bank to borrow money. Borrowing money will also make people lose face.

So this kind of auction is equivalent to an emergency.

And the things being auctioned are very valuable, otherwise the auction house would not accept this kind of business.

Su Nan hesitated and didn't want to go:

"I don't want anything."

Qin Yu: "You haven't spent much money recently, is this still you?"

Su Nan: "..."

Qin Yu leaned over: "It's good to join in the fun in the past. I heard that there is a rough jadeite here, haven't you always liked to collect these things?"

"Really?"

Su Nan's eyes lit up.

Qin Yu nodded: "Otherwise, could I come to you so excitedly?"

Su Nan couldn't help but followed Qin Yu.

The auction has already started, and the seats for two people have already been reserved.

The two sat down, the surroundings were pitch black, everyone was looking down at the pad screen here, bidding on the screen from time to time, quiet but nervous.

Su Nan glanced at it and saw that the jadeite hadn't arrived yet, but soon, it would be the next auction item.

The atmosphere was really tense.

As expected of Qin Yu's vision, this rough jadeite is transparent and bright, a rare treasure.

The starting price is 20 million, which is not a low price, and has successfully blocked many people's liking.

But to Su Nan, it was nothing, so she did not hesitate to increase the price.

Twenty-one million.

Twenty-two million.

Su Nan took a pat and remained silent, watching the letters scroll quickly on the screen above.

In the blink of an eye, it had reached 35 million.

Su Nan ordered 40 million.

This price is not too low.

But if it is higher, she thinks it is not worth the price. After all, although this kind of rough stone is beautiful, she is not without it.

Fortunately, no one raised the price.

Qin Yu looked at her excitedly from the side: "It's great for you, it's yours!"

Su Nan smiled, unable to hide her happiness, and the corners of her mouth turned up.

Not sure where to use this rough stone?

There is already an idea in mind.

She glanced at the following auction items and felt that there was nothing she liked, so she gave up directly, and took the bag and prepared to go to the back to swipe the card.

Qin Yu naturally wanted to have a quick glimpse, so she had to follow.

When checking out, the auction house people recognized her and smiled:

“Congratulations, Miss Su.”

Su Nan nodded and said with a smile, “Thank you.”

She took out a card from her bag and handed it over. The service staff was very respectful and took it over to swipe the card.

Qin Yu glanced at it and asked casually,

“Is Shang Qian’s card?”
