

## Read Divorce Billionaire Heiress Chinese Language Chapter 171-175

Chapter 171 As long as remarriage

Chapter 171 Just remarry

“Are you satisfied?”

Su Nan glanced at Fu Yechuan and saw the note on his phone.

His chest choked, as if he had been hit hard by something.

Dense pain.

She turned her head immediately, and without waiting for Fu Yechuan’s reply, she stepped on the accelerator and left immediately.

She felt a little sour in her eyes, and forcibly sneered, it turned out that he had remarked on her that way.

Mrs?

She is also just a wife.

Now, she doesn’t deserve that title.

Fu Yechuan watched her car leave, and looked down at the notes on the phone, ma’am?

Those memories before the divorce seemed to be like a dream, and they appeared bizarrely.

His chest was dull, as if a hand was rubbing his heart fiercely.

Even breathing became a little heavier.

It was he who personally lost a Su Nan who was full of his eyes.

Now I have to find it back a little bit, it’s really retribution!

The phone suddenly rang again.

It was Fu Yingying’s call.

“Brother, Grandpa told you to come back quickly...” “Got it

”

Before Fu Yingying finished speaking, Fu Yechuan hung up the phone. He took a deep breath and tried his best to divert his attention. I didn’t make myself feel better.

Fu Yingying hung up the phone unwillingly. She wanted to say something gloating, but Fu Yechuan didn’t give her a chance.

Fu Yechuan sold the shares of Gemini Group to Su Nan and helped her become the actual controlling shareholder of Gemini Group.

After the old man found out, he was furious and almost fell ill!

Since she failed to apologize last time, the old man has been reprimanding her, and now she can finally breathe a sigh of relief.

Fu Yechuan’s car appeared in the old house, and the low air pressure in the old house was considered better.

As soon as you enter the door, the butler immediately greets you.

“Master, the old man is waiting for you in the study.”

Fu Yechuan hummed and went upstairs with a blank expression.

As soon as he reached the door, a teacup was thrown at him, Fu Yechuan sideways dodged, his eyes were cold.

“You still have the face to come back?”

Mr. Fu was sitting in the study, where the air pressure was extremely low.

“What’s the matter?”

Fu Yechuan asked with a frown.

Mr. Fu gritted his teeth angrily.

“Hmph, if Su Nan wants to deal with Xu Yin, you will hand over the shares of the Twin Group to her?”

Why are you so obedient

?

The most proud business genius of his Fu family.

Recently, the Fu Group's image on the Internet has suffered a lot. Su Nan has something to ask of them, so he should seize this opportunity and make good use of it, but he would give up such a good opportunity this time?

How could he not be angry?

Fu Yechuan's expression was indifferent, and he didn't care about the old man's anger in his eyes.

"No need to negotiate, we owe Su Nan, just give it to her."

His voice was low and indifferent, "Also, the Gemini Group has already started to lose money, and it is useless to hold too many shares. I don't plan to clean up the mess for them."

No matter whether the development of the Gemini Group is good or not, he will not intend to.

Really look down on it.

Since Su Nan wants it, just give it to her.

Mr. Fu was originally in a hurry, but when he heard the last sentence, his face was startled and he reacted.

If the reason is the latter, he can accept it.

His face eased a bit, and the old man paused.

"To be honest, Su Yifeng won't forgive us easily, but tit-for-tat will only hurt both sides, so he didn't make a big move.

But, if things go on like this, it's not a way, I have a way..."

Fu Yechuan frowned. Looking at him, the old man snorted softly.

"In terms of family background, talent and ability, Su Nan

is the right match for you. If she hadn't concealed her identity and married you before, Su Yifeng's daughter would definitely be your Fu Yechuan's wife."

It seems that he expected the old man's meaning. , Fu Yechuan raised his head sharply.

The old man glanced at him with a solemn tone.

“Since she was able to like you before, she will definitely be able to in the future. You can use dim sum. As long as you remarry, everything will be better!”

The marriage between Su’s and Fu’s is a powerful alliance, a pair of well-matched families, and a powerful boost in career.

This is the best result.

Fu Yechuan looked gloomy and looked up at him.

“She will not agree to a commercial marriage.”

Especially the object is him.

...

Chapter one hundred and seventy-two marriage

Chapter One Hundred and Seventy-Second Marriage

If Su Nan is willing to marry, he will not approach him in another identity.

What she wanted was never a marriage.

Mr. Fu snorted coldly, “Don’t you want to see her with other people? What a loss to our Fu family?” No

one better than Fu Yechuan could be found.

No matter who Su Nan is with, the Fu family will become a joke.

All harm and no benefit.

Although she is very dissatisfied with Su Nan, the powerful family background behind her makes him feel that he can completely abandon all prejudices in the past and accept this woman again.

Hearing this, Fu Yechuan’s expression froze, and his expression became complicated.

Watch her with other people?

He didn’t even think about it.

There are many men around Su Nan, but he never thought that Su Nan would marry any of them.

But if Su Nan married someone else...

Thinking of this, Fu Yechuan's brows were knitted, and his expression instantly tense.

The resistance and gloom in my heart are particularly obvious.

Can not!

Mr. Fu stared at him with a dignified expression.

"If Su Nan doesn't want to, then you can only change people, and change to a lady's daughter who can rival Su Nan. Only in this way can you fight the threat posed by the Su family."

Fu Yechuan's eyes were heavy, his expression suddenly gloomy, extremely unhappy.

My heart subconsciously hates this bad proposal!

He raised his head with deep eyes, with indifference and resistance in his eyes.

"No, I don't need a marriage, don't worry about me and the Su family, I'll take care of it."

His relationship with Su Nan couldn't become more rigid.

As for the other women, he didn't even think about it...

After he finished speaking, he turned around and left without waiting for the old man to react.

Fu Yingying had been waiting downstairs for the good show upstairs, but apart from the sound of the glass breaking when she entered the door, she didn't even write any more?

She didn't dare to go up and eavesdrop.

When Fu Yechuan came down, she hurried up to meet him.

"Brother, Su Nan is a broom star. She made you scolded, right? You can't be too kind to her, she will slap her nose and face, thinking that our Fu family is easy to bully..."

Fu Yechuan narrowed dangerously. He narrowed his eyes with an inexplicable chill.

“Fu Yingying, I’ve warned you many times, don’t pick things up, it seems that you don’t have a long memory?”

Fu Yingying paused, and was frightened by Fu Yechuan’s eyes.

Suddenly do not know what to do.

“I...I didn’t...”

“I asked you to apologize, have you apologized yet?”

Fu Yingying was too frightened to say anything when she mentioned this.

Fu Yechuan glanced at her coldly, his tone gloomy.

“If you dare to let me know that you provoke Su Nan, just get me out of the Fu family!”

Show no mercy!

After he finished speaking, he raised his legs and left.

Fu Yingying stood stiffly on the spot, breaking out in a cold sweat unknowingly.

Fu Yechuan got into the car, recalling what Mr. Fu said, she could not imagine how she would be with others.

It was like a huge boulder was pressing in my heart, and it was heavy and uncomfortable to breathe.

He managed to find Su Nan’s number and dialed it uncontrollably.

When I saw the word “Mrs.” displayed above, my expression was a little dazed.

Duo –

sure enough, he didn’t get blacklisted again.

He actually felt relieved because of this small matter, and the dullness just now cleared up a lot.

In a few seconds, the other party picked up.

She appeared to be asleep and her voice was hoarse.

“Hey, who is it?”

Without the arrogance when they met during the day, it was really rare between them.

“It’s me,” he said.

Su Nan seemed to wake up, but his voice suddenly cooled down.

“Have you calculated the repair cost? How much will I give you now?” He seemed eager to make a clear relationship with her.

Fu Yechuan’s eyes dimmed slightly, and his voice was indifferent.

“I made a mistake, sorry.”

Su Nan took a deep breath and cursed through gritted teeth.

“Are you crazy?”

She hung up the phone angrily.

Wrong and so righteous?

Did he do it on purpose?

Boring!

After being hung up, Fu Yechuan chuckled lightly, not angry.

A dignified president of the Fu Group, a person who speaks well in the mall, would be happy because a woman hung up on him?

Probably, no one will believe it if you say it!

...

Chapter 173 President Fu buys hot searches

Chapter 173 Mr. Fu buys a hot search In

the early morning, sunlight slants in through the curtains and spreads on the ground.

Su Nan simply ate breakfast and went straight to the company.

The Juli Group’s project is already on the right track, and there is no need to check the progress every day.

She is now starting to work on another real estate development project.

When she arrived at the company, she browsed the latest hot searches on the Internet.

On the Internet, the two teams of “Su Nan and Su Qi CP” and “Su Nan and Yu Fei CP” are polarized.

Everyone was actually very happy to participate, and a small number of people also forcibly joined “Su Nan and Fu Yechuan CP”, but they had no advantage in being sprayed.

Oh, sure enough, the eyes of netizens are sharp, her and Fu Yechuan’s names do not match!

Absolutely not put together!

Yu Lou watched from the side, making a careful proposal.

“Mr. Su, do you want to remove these hot searches?” Su Nan smiled, “No, it’s just a harmless game, and it’s not

that they have too many people, so I really want to be with them.”

Can Su Qi form a CP?

Speaking of the relationship between them, I am afraid it will cause a sensation!

Yu Lou nodded, reported the work and went out.

Fu Group.

Chen Mian looked at Fu Yechuan out of the corner of his eye, never seen any CEO who pays attention to gossip on the Internet in his spare time?

Fu Yechuan has been very keen on reading comments from netizens recently, and he likes to flip the brand and reply to others from time to time...

Doesn’t he know that his image on the Internet is not very good?

Don’t dare to say...

Fu Yechuan sneered as he watched the online battle between the two groups of CPs, his teeth itching with anger.

Su Qi and Yu Fei also deserve to appear in front of him?

Their popularity is even higher than their own?

Why is the aesthetics of netizens so bad this time?

He suddenly threw the PAD in his hand on the table, and the fear of low air pressure enveloped him.

When Chen Mian saw that page, he immediately understood.

It is related to Su Nan again.

No wonder...

“Mr. Fu, why don't I have this hot search removed? It's so boring...”

Chen Mian suggested.

Fu Yechuan stared at him coldly for a few seconds, “We can't lose the face of our Fu Group behind those two people, understand?”

His voice was extremely cold and his eyes darkened.

Chen Mian was stunned for a few seconds, his mind almost didn't turn around, and he responded immediately.

“Yes, I understand. I will immediately buy a navy army and boost the popularity of President Fu and Miss Su!” After

following him for so long, it is not difficult to understand what Fu Yechuan meant.

Fu Yechuan opened the document silently, signed his name, and handed it to Chen Mian.

“Go to work.”

“Yes.”

He agreed?

What a hell!

Is Mr. Fu paying too much attention to Miss Su?

In less than an hour, the online polarization turned into a tripartite confrontation.

It's amazing.

The popularity of this group of CPs between Su Nan and Fu Yechuan has skyrocketed, and soon surpassed Su Qi and Yu Fei.

Su Nan's WeChat group.

Qin Yu couldn't wait to share the gossip:

"I heard from a big V that the CPs of Su Nan and Fu Yechuan were purchased by the Fu Group. Hahaha, is Fu Yechuan mentally ill?"

Ning Zhi: "Long time to see the series."

Cheng Yi: "Ah, ah, why don't I have a name? Don't I deserve a name?"

Su Nan: "He's sick."

Really, Fu Yechuan must be crazy!

Su Nan originally didn't want to participate in this excitement, but once Fu Yechuan intervened, she couldn't let the situation go on.

He called Yu Lou directly, and gave a quick instruction:

"Remove all the hot searches on the Internet, no

matter how much money Fu Yechuan spent, we will pay double." Of course Yu Lou obeyed the order and would not delay for a moment.

The liveliness of the Internet appeared inexplicably and disappeared inexplicably.

Everyone wanted to discuss with gusto, but couldn't find any traces at all.

When Fu Yechuan heard the result, he was neither happy nor unhappy.

He just said blankly, "I know."

...

Chapter 174: Meet again next time

Chapter 174 Next time, I will

ask Su Nan about a lot of things at hand.

The development of the real estate project did not go well. The price that was negotiated with the developer was temporarily changed.

I want to add 30% to the original price.

Of course Su Nan would not agree.

This project is the highlight of the Su Group's real estate development project, so the Group attaches great importance to it.

The people who were sent to negotiate all came back without success, and the developer's attitude suddenly became tough.

But now the stalemate continues, the daily losses are as high as tens of millions.

Su Jin went abroad to investigate, and this trouble fell on Su Nan's head.

Looking at their previous negotiation records, Su Nan always felt that the developer's performance was a bit surprising.

What is the reason for the sudden toughness of the attitude?

Yu Lou saw her curiosity and explained.

"I have inquired before, it seems that someone has contacted this developer Shi Dongxin and promised him new projects and commissions. He should want to take this opportunity to make a request with us."

Su Nan frowned, "Have you found out who it is??"

Yu Lou shook his head, "No, he is very tight-lipped. If we find developers from other places, the cost of going back and forth will be very high, and the gains will outweigh the losses."

Therefore, there was no one shot.

Su Nan paused, "

Let's make an appointment to meet." The initiative cannot be given to the other party.

"Yes."

Shi Dongxin agreed very happily, as if he had expected it.

At the appointed place, Su Nan arrived on time, but Shi Dongxin was still dozens of minutes late.

After the waiting time, Su Nan's face was already very ugly.

As soon as Shi Dongxin arrived, he apologized again and again, "I'm sorry, Mr. Su, I'm late for something..."

Having said that, his attitude was not much apologetic, but rather smug.

Su Nan curled her lips, "Since Mr. Shi is so busy, let's make an appointment next time."

After speaking, she glanced at Yu Lou and raised her legs to leave.

Shi Dongxin's face panicked, and he quickly stopped him.

"Mr. Su, say something if you have something to say. It's my fault this time. Don't have the same knowledge as me."

Su Nan paused and glanced at him coldly.

"Mr. Shi, I'll just say it straight, the Su Group will not agree to your request. Whether it's a person or a business, we value integrity.

If we can't even do this, there's no need for cooperation. That's it."

Shi Dongxin's expression changed slightly, he twitched the corners of his mouth, and he couldn't help but start to release his trump card.

"Mr. Su, let's think about it again. Now there is a big boss who offers a price that is 30% higher than that of the Su family. If the price of the Su family is the same as his, of course I will choose the Su family."

Shi Dongxin was still full of confidence at the beginning. It is only a woman who is expected to be settled. As long as he insists that he will not let go, Su Nan will compromise.

Moreover, the project of the Su Group has been delayed for a long time, and if it is delayed, it will be lost...

Su Nan lowered his eyes slightly and evoked a sneer.

"Mr. Shi doesn't need to be embarrassed, it's all for the benefit. Since that's the case, then I can only wish Mr. Shi a happy cooperation with the new owner."

There was no chance for him to bargain at all.

If the so-called big boss can really offer such a high price, will Shi Dongxin still sway from side to side?

Su Nan doesn't believe it, she is just curious now, who is the person behind Shi Dongxin?

After she finished speaking, she didn't even look at Shi Dongxin, she raised her legs and left.

Follow upstairs.

At the door, Su Nan paused and looked sideways at him.

"Follow him and see where he goes."

Yu Lou instantly understood what Su Nan meant.

After a while, I received a call from Yu Lou.

"President Su, Shi Dongxin went to a club. I saw him meet with the chairman of Hanghai Group and...President Fu." The

phone became silent for a moment.

...

Chapter 175 Big Star

Chapter 175 Big Star Hey

Chapter 175 Big Star Hey

After a while, I heard Su Nan's calm voice.

"Understood, you help me to do something..."

The scale of Hanghai Group is not large, the most glorious time in the past has passed, and now it can only be said to be lingering.

But the thin dead camel is bigger than the horse.

Unexpectedly, the person behind Shi Dongxin was instructed by Hanghai Group?

It turned out that Fu Yechuan also joined... In the

evening, Ningzhi invited her to a salon reception, and Su Nan attended as promised.

She was in a bad mood today, sitting in front of the bar and drinking quietly by herself.

With a slender waist and long legs, the whole person is warm and bright, and it is difficult not to attract attention.

Every move is like a painting with a strong sense of art.

No one noticed, someone secretly took a photo and sent it to someone's WeChat.

Fu Yechuan frowned slightly when he saw the phone.

It's Lu Qi.

He picked it up impatiently, "Is something wrong?"

Lu Qi clicked his tongue, "Don't say I won't tell you, you won't come to the party, guess who I saw?"

He was mysterious, Fu Yechuan was even more impatient.

"Speak."

Lu Qi sighed, really boring.

"Look at the photo I sent you."

Fu Yechuan hung up the phone and saw the photo.

In the bright light, Su Nan seemed to be integrated with the bright light, and the hazy feeling was extremely unreal.

Her slender legs are straight and slender on the chair, and she stares with a half glass of wine in one hand, and her well-crafted facial features are fatally attractive.

Elegant and sassy, the temperament is intoxicated but unaware.

Fu Yechuan frowned slightly, picked up his clothes, raised his legs and left...

Su Nan was already three-point drunk, and planned to sit and leave.

Whoever thought of it, someone called her not far away.

Su Nan paused slightly and glanced sideways.

do not know.

Ignore it.

The visitor came over with three-point anger and questioned.

“Su Nan, are you deaf? Didn’t you hear me just now?”

Su Nan looked at the woman in front of her, arrogant and arrogant, with an extremely ordinary appearance.

She hooked her lips lightly, “Who are you, why should I listen to you?”

Ignoring and contempt made the woman in front of her even more angry.

“I’m Zhong Yue, the daughter of the Xingyue chaebol in South Korea. I just debuted in your China and sang a lot of songs. Don’t you know me? I have 300,000 fans now!”

The entertainment industry in country Z can make more money than country H. It was much easier. She made her debut on variety shows, gained many fans, and became a goddess of otaku!

She had heard of Su Nan from Lin Jinru, the eldest lady of Hanghai Group. She had a little money in her family, so she dared to show off her power, and she was shameless!

hehe!

Her family also has business dealings with Hanghai Group, and she has known Miss Lin Jinru for a long time.

As soon as she heard that she wanted to debut as a star, Lin Jinru happily took her to China and introduced her to directors.

Lin Jinru promised that she would make an appointment for her in the entertainment industry, which was very important to Zhong Yue.

But more importantly, Lin Jinru said that he will introduce Su Qi to her!

Su Qi not only has a lofty status in the entertainment circle of country Z, but also has an unreachable existence in country H. He is known as the national male god, and no one in country H does not like him!

She came to Z country to develop, and she wanted to take the opportunity to get close to this man!

In country Z, Su Qi and this divorced woman have had scandals over and over again!

That being the case, she doesn’t mind helping Lin Jinru and teach Su Nan a lesson!

Su Nan looked at her and shook her head seriously, “I don’t know.”

It turned out to be from country H, but she speaks Chinese quite well.

But she doesn't need to know.

I have never heard her songs.

What a shame!

Zhong Yue bit her lower lip, as if she was being humiliated.

Holding back his anger, he snorted coldly.

“Miss Su is more popular than the artists in the entertainment circle of country Z. It's normal if you don't know each other. However, there is one thing that I hope Miss Su will keep in mind.”

For a long time, no one has spoken to Su Nan like this.

An H country artist who has just entered the circle, where does the confidence come from?

Su Nan raised her eyebrows, “Oh?”

“I don't care what your family does, since you are rich, you can support anyone you want, but don't involve Su Qi in your private life, you are worthy of anything. Is it on a par with Su Qi?”

Dare, is this still Su Qi's blind admirer?

Su Nan frowned, “What does it have to do with you? He has no opinion...”

Su Qi himself has never objected, this woman jumped out to accuse like a clown, does it make sense?

“Who said he didn't have an opinion? Su Qi is going to annoy you to death, he doesn't like a woman like you!”

Su Nan twitched the corners of his mouth and chuckled, “It's as if you heard him say it with your own ears? “

She didn't believe it at all.

The woman in front of you is another one-man show?

“Of course I heard it with my own ears, he said that he was forced to play with you, forced to say those words on the Internet to form a CP with you, Su Nan, if you want a

face, hurry up to clarify those scandals and rumors, don't Shamelessly rubbing Su Qi's heat!"

Zhong Yue gritted his teeth angrily, how could Su Qi have contact with such a woman?

What a shame!

No wonder Lin

Jinru said Su Nan, Su Nan's eyes were cold, and the corners of his lips curled slightly.

"What did he say? Then I'll ask him personally..." After speaking

, she took out her mobile phone and called Su Qi directly.

"Little Si, what's the matter?"

"I can't drive after drinking. Come pick me up and bring me a pair of flat shoes."

After she finished speaking, she hung up the phone without waiting for Su Qi's reply.

Zhong Yue sneered, "Do you think I'll believe what you said? Did you just turn off your phone?"

Do you think Su Qi is the person you call and leave? Do

n't look in the mirror to see yourself?"
