Chapter 1731 is about to go bankrupt

Su Nan shook his head: "No, it's mine."

Qin Yu was taken aback and looked up at her suddenly:

"Why don't you spend his money? You are not married. Is it? Isn't his money yours?"

Su Nan pursed her lips and frowned.

She hadn't thought about it.

"Isn't it the same for whoever spends it?"

Qin Yu looked at her speechlessly:

"Of course it's different, do you know how much money he has? Do you know where his money is spent?"

If he doesn't If you spend it, it will be spent on other women, you must be optimistic about his money, even if you are not short of money, you can't let it go, right?"

Su Nan was shocked by Qin Yu's remarks.

Qin Yu sighed, and wrapped her arms around herself:

"So, I basically don't spend my own money now, anyway, Shen Liang has money, so I can spend it casually, the more he spends, the more he earns.

I can't make him think that I am very good to support, otherwise he will think that the women outside are more valuable than me, understand?"

Qin Yu got married a few months earlier than her, but she has too many insights into marriage.

Especially since she has met a lot of married women recently, she must take good care of things before they happen.

A woman can't appear out of nowhere, stand beside Shen Liang, and hit her in the face!

In this world, as long as Qin Yu can bully others!

Su Nan frowned and listened, what logic is this?

“You and Shen Liang have reached this point? How long have you been married?”

Qin Yu rolled her eyes at her:

“You think too much, I’m just prepared, our relationship is very good now!”

But it didn’t prevent her from squandering his property.

It’s such a fascinating feeling.

Su Nan: “...” The

waiter came over and gave her back to Su Nan:

“Miss Su, do you want to take the jadeite by yourself, or do we send someone to deliver it to you?”

Su Nan thought for a while: ” Take it to my house, to Su’s house.”

“Okay, Miss Su.”

Just as Su Nan was about to turn around, Qin Yu grabbed her and asked mysteriously,

“No, isn’t Shang always out of money? He will give it to you. The wedding was indeed grand and grand, even the bouquets were set with diamonds, and each guest gave a million-dollar gift, I have never seen such a bold person...”

Qin Yu paused, “Could it be a wedding that emptied him?”

Su Nan sighed silently: “I don’t know, I didn’t ask.”

Although she also felt that the wedding was really like a dream, Simply inhumane!

It doesn’t match Shang Qian’s low-key and reserved character at all.

It’s a little bit like little Mike’s splurge.

But she also enjoyed it, at least she really met all her requirements ruthlessly, and even Su Qi was full of praise for Shang Qian’s brother-in-law’s actions.

After that...

Su Nan thought for a while, “But he spent a lot of money. I’d better save it. I don’t want to hear the news of his bankruptcy as soon as I get married.”

Qin Yu heard, Immediately, I felt that Shang Qian had really become poor.

I feel sorry for him...

The two left here in silence. Qin Yu took Su Nan to the mall to go shopping again. The two swiped their cards fiercely before forgetting what happened just now.

No one noticed that shortly after they left, the two walked out of the corner.

Rong Yi pitifully looked at Shang Qian's somewhat dark face.

Suddenly a little speechless.

"Mr. Shang, Miss Su still doesn't know your strength, and thinks you're about to go bankrupt! But she's really considerate..." She

used her own card to swipe.

rare!

Chapter 1732 My rich

Shang Qian has a complicated mood. He didn't expect that he would be so vulnerable in the eyes of others.

Especially in the eyes of Su Nan and her best friend.

Is he going bankrupt?

He looked at Rong Yi coldly:

"Go and do something for me..." In the

evening.

Su Nan took a bath and was enjoying her skin care time. Although she can't use too harsh cosmetics during pregnancy, she specially asked people to prepare cosmetics suitable for pregnancy for her skin type.

Therefore, the steps of skin care are not missed.

Shang Qian was busy in the study, and Su Nan didn't bother him.

It's just that she was in a daze and heard a sound outside the door, and then heard the sound of the door closing.

After a minute.

Shang Qian came to her with a thick file bag.

Su Nan also blinked blankly.

At night, is it so serious?

Shang Qian pursed his lips, "Give you a gift?"

Su Nan smiled and stretched out his hand.

Great, her favorite thing to do is receive gifts.

Shang Qian handed over the document bag in his hand.

Su Nan didn't understand what he meant: "What is this?"

"Open it and take a look."

Shang Qian loosened his neck and smiled like a ruffian.

rare.

Su Nan opened the document bag and looked at the thick stack of documents, his eyes fell on the first page.

Suddenly, the smile was slightly taken aback, slightly shocked.

"This is..."

Shang Qian: "This is all my assets that I asked Rong Yi to sort out for me. The movable and real estate funds, stocks and investment projects are all here. I feel that as my wife, You should know this."

Su Nan shook his hand, and the thing almost fell to the ground.

However, Shang Qian held his hand firmly below and looked at her with a smile on his face.

There seemed to be a little bit of banter and anticipation in his eyes.

Su Nan's heart trembled slightly, and she blinked, as if she was a little guilty.

She just discussed Shang Qian's net worth with Qin Yu today, and he took everything over?

As if he had heard it with his own ears.

There was a sudden panic in my heart.

But after the panic, she was left surprised.

He has participated in several world-famous big projects, and he is still the leader.

This part of the money alone is enough for her to buy more than a dozen small islands...

She glanced at the fund's stocks and real estate, as well as the bank's balance, and felt that she was almost dazzled.

A thought suddenly flashed in my mind.

If divorced, she would get a lot of money, and she took a big advantage!

She slowly raised her head to look at him, a little nervous:

"Why show me this?"

Shang Qian smiled and recounted one thing to her:

"Baby, I am rich and won't go bankrupt for a while. , so don't worry about my financial resources, you can swipe my card at will!"

Su Nan pursed her lips, "Oh, oh, of course I trust you, you said it so suddenly!"

Shang Qian held her face with her look in his eyes:

"Then, remember to swipe my card, eh?"

His deep voice felt like a cello swept across his heart, and he coaxed her into his room in an instant. world.

She simply couldn't refuse.

No need to refuse.

"Okay..."

She smiled, her brows filled with joy.

Compared with Qin Yu's deliberate splurge in order to maintain the marriage, she prefers others to take the initiative to send money to her to beg her to spend.

It feels completely different!

Holding the stack of documents, Su Nan sighed and looked at him excitedly:

“Hurry up and put it in the safe? Don’t lose it!”

After all, these things are secret to the outside world. That is to know his weaknesses and to take advantage of opportunities.

Shang Qian smiled nonchalantly, “Whatever you want, these are yours anyway.”

Chapter 1733 Asking for a reward

, Su Nan raised his eyebrows, “Are you willing?”

“What can I bear?”

Shang Qian smiled: “I can not take a penny in the future, but you have to give it to me. I have pocket money because I have to buy you a gift!” For

some reason, every time Su Nan looked at Shang Qian’s smile, he felt like he had taken a mouthful of marshmallows, sweet to the heart.

Shang Qian did what he said, and handed all the bank cards in his hand to Su Nan, leaving only one card with no limit.

Su Nan nodded calmly, Shang Qian leaned up and kissed her lips:

“Are you happy?”

Su Nan nodded again.

Shang Qian: “Then you reward me?”

He whispered.

While Su Nan was still in a daze, he directly hugged her legs and walked to the bedroom, his voice hoarse:

“Wife, can you?”

Su Nan avoided his kiss, a little flustered, and put his hands on his shoulders , refused:

“No, you forgot that I’m pregnant?”

Shang Qian clasped her waist tightly and kissed her profile side by side:

“I didn’t forget, you can use other methods...”

He gently put Su Nan down, kissed her so much, and really solved it by other means, only to let her go temporarily unwillingly.

After a short rest, he put his hand on her stomach, a little aggrieved:

“This little thing is coming at the wrong time...”

He couldn’t touch the beauty he got.

Su Nan rolled his eyes at him, “If it weren’t for him, we would still be in love, and you don’t know when you will turn to the right side!”

Shang Qian was stunned, chuckled for a moment, and touched his hand more gently:

“Also Yes, then thank you baby.”

Su Nan dazedly wanted to fall asleep, and suddenly remembered something:

“Little Mike is on vacation, should you bring him back?”

This poor little Mike attended their wedding. Once, before he could talk to Su Nan, Shang Qian was thrown into the summer camp.

Seeing that time was about to end, Su Nan felt that no matter what, he should let him live with them for a while to get used to it.

Shang Qian paused, “His Spanish is not up to standard, I plan to enroll him in an intensive training class...”

Su Nan twitched his eyes:

“Are you going to let him be a translator? You want him to Are you exhausted?”

She admitted that Shang Qian’s teaching method was excellent, but it has been a bit harsh recently.

If it were someone else, it would definitely be unbearable.

Shang Qian has always enjoyed the two-person world. If there is a little Mike, he will definitely occupy Su Nan’s time.

What will he do?

I don’t want to share Su Nan with others at all!

“He’s not tired...”

he said weakly.

Su Nan didn’t say anything, Shang Qian sighed:

“Okay, I’ll ask his opinion tomorrow, if he wants to come back, I can pick him up.”

Su Nan replied, it’s not too bad.

...

of course little Mike wanted to come back, he really wanted to come back and wanted to go crazy.

Originally, Shang Qian and Su Nan started dating. From the moment he asked himself to call Su Nan “Auntie”, his young mind was hit hard.

With such a heavy blow, no one even comforted him except the servant Susan and the bodyguard.

He was waiting for the two of them to break up, waiting for the pretty sister to kick someone.

As a result, he was suddenly taken to the wedding...

The whole person was still immersed in this shock and did not recover.

too suddenly!

The wedding lasted for two days, but he attended one day and was thrown back to the summer camp by Shang Qian, for fear that he would meet Su Nan alone.

He is so hard!

Chapter 1734 Meeting is more important

Shang Qian called the bodyguard, and the bodyguard booked a plane overnight and sent little Mike back.

When the plane landed, little Mike just opened his eyes.

The servant Susan was excited for him:

“Mr. Shang agrees with you to return to China!”

Little Mike jumped up excitedly, "I'm going to see the beautiful sister, no, I haven't prepared a gift yet..." The

servant Su Shan: "Meeting is more important, let's go!"

Little Mike nodded excitedly. On the way back, he had already thought about what gifts to prepare for Su Nan.

The car went directly to Su's house.

The people of the Su family knew that little Mike was coming back, so they must prepare a welcome feast for him.

Little Mike has lived in the Su family for a long time, and his popularity in the Su family is even higher than that of Shang Qian.

Therefore, the food prepared by the housekeeper's uncle is all the tastes that little Mike likes.

Shang Qian looked at the Su family excitedly waiting for the arrival of little Mike, and suddenly felt a little bit appetizing.

Is it necessary to be so passionate about a small child?

He watched Su Nan go to the kitchen fighting with Su Qi, and the two of them were going to make cookies for little Mike...

Suddenly, he felt a little left out.

Wen Xiang has been five months old, and her stomach is a little bit pregnant. Right now, she can't exercise vigorously, and can only sit on the sofa and watch them fight.

Su Yifeng came out of the study, got down, Wen Xiang stood up with a smile:

"Dad, is Su Ming's phone number?"

Su Yifeng nodded: "Yes, didn't Su Qi contact him because of my hospitalization?"

As a result, he hasn't arrived yet, I'm fine, there's no need for him to accompany him personally, I let him go back..."

Wen Xiang smiled, very gentle and understanding:

"But you are not very miss him? Su Ming also cares about you. How many days would it be nice to let him stay here? "

Su Yifeng waved his hand and said with a smile:

“He will come back in a while, and he will marry Momoyi. There will be a long vacation for a few months, and it will not be too late to get together again.

Wen Xiang nodded: “No wonder, I haven’t come to play silently these days, so I must be busy.” “

“Young people, they have their own plans!” “

Su Yifeng smiled and looked at Shang Qian, “Is Mike here?” Would you like to go out and pick it up? Shang Qian smiled stiffly, “

No, it will be there soon.” “

He regrets getting the man back.

But he did arrive a few hours later than planned.

Maybe it was a traffic jam?

He didn’t care.

Little Mike jumped over happily when he got out of the car.

It didn’t take long at all. The difference of time, what kind of estrangement does it make with the people of the Su family.

“Uncle, brother, I’m here——” Su Yifeng happily put down his things and went out, and little Mike

threw himself into Su Yifeng’s arms without hesitation.

Baby, are you homesick? How can the food in foreign countries be delicious in country Z? Look, I’ve lost weight for you...”

Shang Qian followed out lukewarmly, and pursed his lips when he saw this scene.

“Two chefs followed him, as well as bodyguards and servants, He lost weight because he was growing taller...”

Su Yifeng gave him a dissatisfied look:

“If someone takes care of you, you can’t lose weight? Can outsiders have their own people to take good care of?”

Su Yifeng said, but Shang Qian didn't dare to refute. Mike.

He gritted his teeth secretly, sneered, and turned to go in.

This meal was very enthusiastic. Almost everyone was taking care of little Mike's mood. From time to time, he served him vegetables and asked questions, which made little Mike's fear of Shang Qian's attitude subside a lot.

Feeling bolder.

Chapter 1735 I Was So Excessive

Su Nan smiled and asked him what he was happy about from time to time. He thought about it and said all the interesting things he encountered, and the whole family laughed together.

Shang Qian also followed with a lukewarm smile, always feeling that what is wrong with this kid!

After eating, little Mike went upstairs to find Su Xiaohu to play with. Su Xiaohu's chip memory was very fond of little Mike, so they soon started playing together.

Su Nan could see that Shang Qian's attitude towards Mike was lukewarm. Although he was usually a little strict with him, he still loved Mike very much in his heart.

It can only be said that Mike is now in the stage of rebelliousness, which may not be satisfactory, but Su Nan still thinks that Mike's character is already very good.

When she was her age, she was an unhappy person who could tear down her home.

Therefore, while everyone was chatting, Su Nan went to the study to find a book to leave, and Shang Qian naturally followed her.

As soon as he came up, Su Nan glanced at him and hooked his lips lightly: "Mr. Shang, can't

you be happy when your son comes back?"

Shang Qian pursed his lips: "Am I unhappy?"

After eating it, I felt that this cheap son was too precious in the eyes of the Su family.

It is true that he loves him, after all, he is a child brought up by him.

But I didn't want to take away Su Nan's attention because of him.

Unconsciously, he wanted her whole life to be his.

Su Nan smiled and said clearly, "Of course there is."

She went upstairs around the corner and looked back at him:

"He only comes back once in a long time, don't keep your face down, how old he is, it will make him feel uncomfortable and make him feel uncomfortable. He thinks you don't love him anymore.

I don't want us to be together and cast a bad shadow on a small child. "

Shang Qian is of course a qualified husband, but I also hope that he is a qualified father.

Not only for the child in her belly.

What's more important is little Mike.

Hearing the words.

Shang Qian's movements froze for a

long time . , after a long while before opening his mouth: "Have I gone too far? "

If it wasn't for him being too much, Su Nan's suggestion would not be so obvious.

Of course she likes his preference, but it's only for herself, not standing on the contour line with a child.

Su Nan glanced at him. Nodding.

Shang Qian fell silent. It's

not that he didn't love Mike. He raised a child, how could he not?

It's just that little Mike really likes to make trouble between him and Su Nan. On, he almost lost the diamond ring. At that time, he looked at the surveillance camera, and only little Mike touched it halfway.

He couldn't think about it. Although the

diamond ring was found, the excuse he gave at that time was just a joke by the best man and the bridesmaids.

He didn't mention it at the time, and he didn't mention it after that, but as soon as the wedding was over, he sent him away.

So this time, he was very reluctant to let Mike come back, worried that the little brat would be a demon again.

But listening to Su Nan like this First of all, is he overreacting?

He didn't deal with things from Mike's point of view. If he thinks too much, he might really hurt a child?

Suddenly, his silence is a little guilty.

Su Nan sees He figured it out on his own, and dragged him a few steps faster:

"Talk to him in a while, children don't hold grudges."

Little Mike and Su Xiaohu rolled on the balcony on the second floor.

Su Xiaohu stood on a rocking chair cutely and swayed.

Little Mike sat across from it and asked it enthusiastically: "Little Huzi, who is the most beautiful in this world?"

Su Xiaohu did not hesitate: "Fairy Su Da!"

Most of the readers are now reading this novels:-

Read Divorce Billionaire Heiress Chinese Language Chapter 1736-1740

Chapter 1736 In the cute voice of Su Xiaohu, the handsome man of Shang Qian, the word "Su—" was deliberately emphasized, causing Su Nan to lift his chin involuntarily. He really deserves to be her Su Xiaohu. .

Shang Qian also fell in love with Su Xiaohu's flattering effort.

Little Mike was not afraid of death and continued to cause trouble:

"Who is worthy of Fairy Su?"

Suddenly, something flashed in Su Nan's mind.

She seemed to have asked Su Xiaohu this question before. At that time, Su Xiaohu had been silently set potential preferences, and his choice was Fu Yechuan.

but now.

Su Nan immediately looked back, for fear of missing Shang Qian's expression after hearing that name.

Both apprehensive and worried.

Su Xiaohu didn't hesitate: "Shang Qian is handsome!" In an instant.

Su Nan's eyes lit up, but Shang Qian hooked his lips and looked down at her, just in time to meet her bright eyes, and exclaimed:

"Su Xiaohu is really good, worthy of the surname Su!"

Su Nan also nodded.

Really good.

This answer is quite up to date.

Mike was stunned for a moment, how could this intelligent little tiger lie?

There are so many outstanding men in this world, why is it Shang Qian?

He pouted, "Su Xiaohu, you've learned badly..."

Su Xiaohu kicked his front legs, "No..."

Shang Qian snorted coldly and heard Mike meaning, walked over without hesitation.

Su Nan wanted to stop but did not stop.

"Some children grow up so big that they are not as good as Su Xiaohu?" Su Nan's eyes twitched

, and he knew that what he just said was wasted.

Mike looked at him, then looked at Su Nan who was following behind, pouted, and looked at Su Nan aggrievedly:

"I just asked, pretty sister, won't you be upset?"

Su Nan : “How come? Your question is very profound, and Mike’s answer is also correct!”

Shang Qian: “It would be more perfect if you ignored the selfishness of some children.”

Su Nan took a deep breath and turned his face away , glared at him.

Shang Qian pursed his lips, his eyes fell on Mike, his eyes were lukewarm:

“I called her wrong just now, why did you call her?”

Little Mike pursed his lips, his eyes dodging: “Pretty sister?”

“I remember before I have discussed this issue with you, and a consensus has been reached.

Should a man go back on what he promised?”

Shang Qian’s tone was solemn, and there was no room for negotiation.

Little Mike raised his eyes, looked at Su Nan, and reluctantly changed his name:

“Pretty—Auntie!”

Su Nan walked over and touched his curly hair, then smiled:

“It’s called anything. Okay, even auntie calls me old.”

“Fairy, I feel the same way!”

Little Mike is a man with a lot of finesse?

If you don’t want to be called sister, if you don’t want to be called aunt, then call it fairy.

Shang Qian wanted to be serious, but the moment he came into contact with Su Nan’s smiling eyes, he suddenly gave up.

never mind.

For the sake of his sweet mouth, it is also a good thing to make Su Nan happy.

Su Nan walked over and hugged Su Xiaohu, and glanced at Shang Qian:

“Daddy has something to tell you, little Mike, you have to be good...”

Little Mike’s eyes widened for a moment, and he wrote on his face. full of rejections.

Shang Qian didn't expect that she would let them speak alone?

But that's fine, if she's not there, the little bastard's bitter plan will be useless.

The two of them were left on the balcony.

Shang Qian sat on the sofa next to him, his whole body sunken, and there was a bit of quietness in his laziness.

Little Mike looked at him, and before he could speak solemnly, he suddenly rushed over and hugged him:

"Daddy, I miss you so much..."

Chapter

1737 The words that people miss most of you, Shang Qian, are suffocated in his throat.

That's right, he doesn't have any immunity to children's coquetry.

Especially little Mike was born with a soft and beautiful little face.

At first he thought that if Mike was a girl, he would be reluctant to send her out to school.

But now.

He immediately realized that this was the method used by little bunnies.

He patted his little butt and snorted coldly:

"Really miss me?"

Little Mike groaned and put his arms around his neck, "I miss you especially, Daddy, people miss you the most!"

Shang Qian also thought he.

If he is not a demon.

Little Mike went out of his way, and his sweet mouth could make people tired, and he kept coaxing Shang Qian's face to soften, and when he looked at him, the kindness on his face stopped.

Shang Qian also knew his tricks, he didn't break it, and he enjoyed it very much.

It's just that when he got off his body, he said lightly:

"If you really want to stay, it's not impossible, but you have to be obedient, especially recently, Su Nan is pregnant with a baby, you can't make her angry ."

In a word, little Mike was stunned.

Shocked to death.

"What?"

Shang Qian smiled and touched his little face:

"Are you happy? You are going to have a younger brother or sister!"

Little Mike responded for a long time before nodding his head.

Unspeakable sadness in his voice: "Happy!"

Shang Qian smiled, "Just be happy, don't worry, even if I have younger brothers and sisters, I will not be partial, you are my precious son!"

Little Mike looked up at him blankly, feeling He had to smile and say congratulations when his baby was robbed?

so sad!

This man is still his own father.

Pretty sister is going to have a baby?

But for the sake of being the beautiful sister's baby, he happily accepted this fact.

"I'm going to congratulate the fairy!"

After saying that, he ran away without a shadow.

Shang Qian smiled helplessly, seeing his reaction is normal, a child is a child, and there is nothing to gain or lose.

Little Mike grabbed Su Nan's arm and turned left and right:

"Beautiful sister, is there really a baby inside?"

Su Nan smiled and nodded: "Yeah..."

Little Mike rubbed his hands together, A look of anticipation: "Can I touch him?"

Su Nan nodded generously, "Yes!"

Although she didn't show her arms, she didn't refuse.

Seeing this scene, the people next to him immediately bent over with laughter.

However, seeing little Mike's reaction, without the slightest rejection or dissatisfaction, they felt a little better.

After all, he is the son raised by Shang Qian. If he is really dissatisfied with Su Nan's children, Su Nan will feel a little uncomfortable in the future.

That's right.

In the afternoon, Su Jin and Wen Xiang left Su's house and went to the hospital for a physical examination.

Su Qi ran to find Ning Zhi for a date.

Su Yifeng also waved his hand to let Su Nan and Shang Qian go too. He took the fishing tools and was ready to go fishing.

Little Mike coaxed Su Yifeng so sweetly that he had to stay, and Su Yifeng agreed immediately.

Before Su Nan could react, Shang Qian nodded in agreement.

So, the two left Su's house, leaving little Mike behind.

in the car.

Su Nan felt a little uneasy no matter what he thought: "Mike should go with us, or someone will bring him back tomorrow..."

Shang Qian didn't think that Mike was someone who could wrong him.

He wants to live in Su's house, doesn't he still want to be close to Su Yifeng without going to school?

He smiled: "No need, we all have to go to the company, he is alone and no one takes care of him. If the nanny and bodyguards come over, it will be annoying when there are too many people. It's good

to let him stay, you didn't see Dad just now How happy are you?"

Chapter

1738 Su Nan, who was quite disappointed, frowned. After thinking about his words, he felt relieved.

That's right.

"Well then, I'll take time to play with him tomorrow, it's too hard for children to study now..."

Shang Qian: "..."

... The

next day.

Shang Qian thought she was just talking, but he didn't expect Su Nan to put it into practice.

Early in the morning, he went out because of the company's business, and Su Nan asked the driver to take little Mike over.

Little Mike was wearing striped overalls, looking white, tender and foreign, people couldn't help but reach out and squeeze his little face.

"Beautiful sister, is it only us today?"

Su Nan raised his eyebrows and got into the car, "Of course, I'll take you to the amusement park?"

Little Mike nodded excitedly:

"That's great!" The

driver smiled, "Then we Let's go ..."

Su Nan looked at little Mike's chattering appearance, and remembered that he was like this before, clever and naive.

The weather is pretty good today.

Little Mike ran around the amusement park with a pound of joy, but he ran to Su Nan's side after a short distance, so she couldn't be anxious.

He looked at the pirate ship excitedly:

"I want to play that!"

Su Nan looked at it and frowned slightly.

She was not afraid, but worried that it would be bad for the embryo in her stomach.

So some hesitation.

Little Mike took her hand and said with a smile:

"I'm going to play. Pretty sister is waiting for me here. I'll be right back."

Su Nan showed her face and smiled, "Okay, then be careful, I'll be waiting for you here."

Little Mike nodded happily. He ran away in an instant.

She found a shady and comfortable place to sit and looked in the direction of the pirate ship.

There were a lot of people in line, and within a few seconds, Mike's figure merged into the crowd and disappeared.

She knew that he was very clever and nothing would happen, so she was very relieved.

She didn't notice that there was another person beside her, a woman, dressed in bloated clothes, but her brows were delicate and beautiful, her belly looked eight or nine months old, and her face was a little round, but she didn't look very happy.

"President Su?"

She stared at Su Nan for a long time before she dared to call her and confirm it was her.

Long time no see, Su Nan is still so beautiful, dazzling, bright and beautiful, the kind that makes people unable to take their eyes off.

She still maintained her previous honorary title to Su Nan.

With a bit of respect from the subordinate to the superior.

When Su Nan turned her head to look at her, Leng Lin suddenly felt a little nervous and embarrassed.

He clenched his clothes tightly.

She regretted it, regretted calling her.

Originally, I was in the same situation as Su Nan, but it was completely two endings.

She chose to forgive Lu Qi.

And Su Nan never looked back.

Occasionally, she also thinks, if she had persevered and never looked back, what would it be like now?

Su Nan looked at the person in front of him and didn't recognize it for a while.

However, it coincided with the impression in her mind, and she suddenly remembered:

"Miss Leng?"

In order to make her independent, the one who spent money to open a studio for her, and helped her make a name for herself on the show, saw that she and Fu Yechuan's nephew Fu Yanni fell in love, but suddenly broke up and remarried her ex-husband. .

In my impression, this is all Su Nan's memory of her.

To be honest, she's quite disappointing.

At least it didn't meet Su Nan's requirements for her.

But after all, they are not superiors and inferiors, nor are they good friends.

She is not qualified to make irresponsible remarks about her choice, and she is not a nosy person, so she has to let others choose according to her style.

After all, what does it have to do with her?

Chapter 1739 Stepmother

smiled coldly and pulled out a smile:

"You still remember me."

Su Nan smiled, "I'm not Alzheimer's, but then again, you have changed It's quite big."

Leng Lin lowered her eyes and paused, then smiled awkwardly.

Su Nan looked at her stomach and paused, thinking that she also had a child, so she should be more generous.

"Sit down, are you about to give birth?"

Leng Lin saw her sincerity, there was only this rest area left and right, and it would be even worse if she went to rest elsewhere.

She nodded and sat down, rubbed her stomach, and when she looked down, a gentle light flashed in her eyes.

“Yes, there are still more than ten days before the due date.”

Su Nan’s eyes widened in surprise:

“Then why did you still come out? Lu Qi still trusts you to come out alone?”

Leng Lin smiled, “I My sister’s child just returned to China recently, I took him out to play for a while, the house is too boring, it’s close anyway, it’s nothing.”

Su Nan nodded, “Be careful.”

If it was her, she would not have the courage .

Leng Lin smiled and looked up at her:

“I heard that you and President Shang are together? Congratulations...”

Su Nan showed a sincere smile and accepted her congratulations.

“Thank you, and congratulations on your becoming a mother.”

She really didn’t want to congratulate her and Lu Qi on reconnecting.

In her opinion, it was asking for trouble.

But congratulations to her for being a mother.

Leng Lin nodded, and there was a slight smile in the corner of her eyes. It could be seen that she was full of love for this child.

“Mr. Su, why are you here?”

Su Nan snorted, raised her chin, and pointed in the direction of the pirate ship:

“I’ll accompany a child to play.”

Leng Lin squinted and looked at it, but couldn’t see anything Qing, they are all people.

But soon, she had a vague answer in her heart.

“Is it the eldest son of President Shang?”

Su Nan didn't notice the regret and distress in her tone, and nodded, “Yes!”

Leng Lin sighed:

“President Shang seems to be a talented person with outstanding ability. It's really a perfect match for them to be together, but unfortunately...”

Su Nan looked at her blankly: “What a pity?”

“It's a pity he has a son, I don't mean anything else, I just feel bad for my stepmother. Dang, Mr. Su has a pure personality, so he must have made a lot of sacrifices to please this eldest son?”

Leng Lin looked at her sympathetically, her eyes full of distress for Su Nan.

Her heart tightened for a moment, and she felt that Su Nan was not unattainable, and her choice would have her own troubles.

It's just that you and outsiders can't see it.

Thinking of this, she felt a little better in her own heart.

Su Nan looked at Leng Lin in astonishment. Listening to her tone, she didn't expect her to think so much?

Suddenly, she felt a little uncomfortable.

But she didn't want to talk too much to Leng Lin.

Unfamiliar after all.

There was silence for a while.

She said, “It's okay, children get along very well.”

Leng Lin didn't believe her excuse.

She must not want others to notice that she also has an unbearable life.

Suddenly more distressed.

Leng Lin sighed: “Fortunately, President Shang is wholehearted with you, if...”

Su Nan's eyes were slightly cold, and she glanced sideways at her, and that glance made Leng Lin realize that she had lost her words.

She lowered her head, paused, groped her fingers around the corners of her clothes, and her face was red:

"I'm sorry, Mr. Su, I said too much, I just haven't seen you for a long time, I have a lot to say. "

Su Nan frowned, looked away from the direction of the pirate ship, and looked at Leng Lin:

"Miss Leng, how is Lu Qi treating you?"

Chapter 1740 I didn't expect

Leng Lin to see that she was willing to talk to her, and her face relaxed for a moment.

This shows that Su Nan didn't hate her for the gaffe just now.

But when she mentioned Lu Qi, she didn't know if she meant something. She bit her lower lip and said slowly:

"Okay, it's much better than before, okay, I'm starting to be flattered."

She was silent when she said this. For a moment, he spoke again:

"Speaking of this, I haven't officially apologized to you yet. I've disappointed you. I already had a law firm and fame, but in a blink of an eye, I went back to the old way.

Except for Lu Qi's attitude has changed, It seems that nothing has changed."

When she mentioned Lu Qi, there was not much happiness on her face.

Presumably she is not so grateful for Lu Qi's diligence now.

Su Nan looked at her for a few seconds, lowered her eyes, and looked in other directions.

The pirate ship in the distance swayed high, and everyone screamed and cheered, as if they were all immersed in the excitement of this moment.

Su Nan's tone was indifferent, without much ups and downs:

“You don’t need to apologize, whether you open a law firm or not, you live for yourself. I just failed in my investment, and I didn’t expect your law firm to make money back for me. What a profit.”

Leng Lin glanced at her and pursed her lips.

“You made me stand up again. If it weren’t for you, I still don’t know what it would be like, and Lu Qi probably wouldn’t put so much thought into me.

According to the temper of those eldest young masters, just move your fingers, It can make my life worse than death, why don’t I have to go back and beg him obediently?

I know, you helped me.”

Her last sentence was very determined.

There is a little more solemnity in the words.

Su Nan knew that the men in the circle were very good at women.

Whether it is strong or bowing, there is a way to do it, but it is too difficult for the young masters to bow their heads, unless the other party is like Su Nan, and the background is strong enough to not dare to offend.

Such as Leng Lin, who has to rely on the support of the man to barely save face, she has no right to speak.

So as she said, Su Nan knew it all.

She smiled, the corners of her lips were slightly raised, and when she looked at her from the corners of her eyes, she seemed to be a little careless:

“Miss Leng, it’s serious, it’s just a little effort, fortunately, you have found your life direction now. , don’t remember the past too clearly, it’s all gone.”

“The direction of life?”

Leng Lin murmured and repeated, her eyes darkened.

“Where is the direction in my life? I can’t see the direction in my life anymore.”

Su Nan frowned and looked at her face:

“Why, isn’t Mr. Lu being nice to you?”

Leng Lin He lowered his eyes, twitched the corners of his mouth, and said with a hint of sarcasm:

“He didn’t let me go out to work, probably because he was afraid that I would no longer need him, and let me be a rich wife at home, day after day, as if I would watch it all my life. There is not much hope.”

Su Nan pondered, this kind of life seems to be the envy of many people.

But listening to Leng Lin’s tone, it seemed like she was in prison.

“Shouldn’t you have thought of all this when you were back with him?”

Now that you are back with him, you should be ready to accept it. Why does it sound like you are not happy?”

Su Nan was a little puzzled. Is it all Leng Lin’s own choice?

If you don’t want to, just for the sake of the children, is there only one way to remarry?

“Even if you are pregnant, with your ability at the time, you can be considered a public figure with a well-known lawyer. It is not difficult to satisfy your own life and raise a child, right?”

Chapter 1741 Who Betrayed

Su Nan couldn’t help asking his own question, looking at her strangely.

“And back then, you and Fu Yanni were so good, and suddenly it’s time to break up. Even if there is a misunderstanding, you should be given a chance to solve it, but the speed of your looking back to Lu Qi is beyond my expectations...”

Su Nan said carefully, looking at Leng Lin, she didn’t have much reaction, but her face was dark and depressed.

It was as if that memory was a Pandora’s box that was deeply hidden by her.

But to others, it is so insignificant.

long silence.

Su Nan thought she would not answer, maybe she was too rash.

After all, it was her past, so it wasn't easy to explore.

Just looked away to find little Mike, but Leng Lin suddenly

said, "Fu Yanni and I are really inappropriate. Falling in love and getting married are two different things. His family is too far away for me, the Fu family. The people in my family see me as a beast.

You should know that Lu Qi and President Fu have always had a good relationship. If he sends a message to President Fu, the Fu family will try their best to humiliate me in various ways."

Speaking of which, she said eyes reddened.

Su Nan froze slightly, seemed to realize something, and narrowed his eyes.

Leng Lin gritted her teeth and said,

"I can endure all of this, but Master Fu's character is too free and unrestrained, and he won't hand over the rope that restrains him to anyone.

He knows all the pressure I'm facing. , he told me to ignore it.

You know what?

The most devastated time was when his mother went to the law firm without beating, scolding and insulting her. She knelt down and begged me.

I begged me to let her son go.

When I told Fu Yanni about this, he only said that he could never get married and just stay with me.

But before I could accept this, he went to South Africa to take an adventure..."

Su Nan was slightly surprised, and sure enough, no matter how good the two of them are, they can't just look at the surface

. The same, the relationship is terribly good.

I thought that I could overcome all the difficulties and get a new life. As a result...

Fu Yanni's favorite thing is adventure.

From the time she met him on that savage island, she should have I know.

A normal person, who would be interested in courting death anytime, anywhere?

Su Nan scoffed at this.

"I thought he was completely devoted to the entertainment industry..."

Leng Lin chuckled: "He In order to let him leave me, my mother spent money to support him on his adventures, so that we would not meet and our relationship would fade..."

Su Nan's expression froze on her face.

She didn't know Fu Yanni's mother, I haven't seen it before.

But just from hearing the description, I know that she is a middle-aged woman who is very difficult to deal with.

The kind that treats her son like her life.

Leng Lin smiled: "The day I decided to break up with him, it was because At the team's killing banquet, he brought me a glass of wine, and the glass of wine was filled with medicine..."

Su Nan opened her mouth slightly, I didn't expect her to go through so much?

"He... ..can't it? "

Fu Yanni will never drug his girlfriend again.

Isn't this self-defeating?

Besides, how could that sunny big boy do such a dirty thing?

Leng Lin smiled and looked at her:

"It's not him, I know it's not him, he's just a handler.

I drank that glass of wine, and I was taken away. When I woke up, Lu Qi was right there with me. Lying beside me, at that moment I felt like the sky was falling..."

She said, tears falling down.

Even after so long, it's still hard to let go.

“I can’t forgive him for being indifferent to this matter, and I can’t recall the look in his eyes that seemed to be betrayed by me when he saw me and Lu Qi sleeping together that day...”

Chapter 1742 It’s Not My Fault

Leng Lin narrated calmly, bowing her head, as if she had experienced the pain of the past again.

“Is it my fault?”

Not long after we broke up, he ran over to apologize.

He said he knew who ordered the drink, and his mother ordered it.

He said he was willing to marry me and hoped I would forgive his mother.

I was pregnant at the time, I didn’t know what to do, I told him that I was pregnant with someone else’s child, would he still marry me?”

Su Nan’s eyes flashed, her expression was slightly cold:

“He refused?”

Leng Lin shook her head , holding back tears from falling in his eyes, he took a deep breath:

“He hesitated for a minute and agreed.

It was at that minute that I stood in front of him as if I had been Ling Chi, and felt that my life had never been so bleak.

I’d rather go back and marry Lu Qi than have anything to do with that person. At

least I don’t love Lu Qi anymore, he can’t hurt me.

But Fu Yanni was the one who rescued me from the abyss and pushed me towards People from hell.”

After speaking, for a long time, neither of them spoke.

Su Nan’s heart sank, and he regretted why he had to know about this matter?

It wasn’t as hateful as it seemed on the surface.

Originally, Leng Lin had always been a victim and had been struggling, but there was no one who rescued her from the abyss.

Not every woman is as lucky as Su Nan, and has the confidence to reject all the difficulties she faces.

Leng Lin was silent for a while, then suddenly smiled:

“I resisted at least once, and it’s not that stupid. Now...for the sake of my children, I won’t take the initiative to destroy my current life.

Lu Qi has indeed changed a lot, and he will go home on time . . . take the initiative to take care of people, send flowers every day, these life I used to dream of, but now I can live it, although it is not tasteful, but I can barely live it.

At least a family of three, two people are really happy.”

Another . The unhappy person is Leng Lin herself.

Su Nan didn’t know what to say, but she felt very dull in her heart.

A little girl with a braided head ran over panting and hugged Leng Lin:

“Auntie, I’m dying of exhaustion, I want to play the merry-go-round...”

Leng Lin immediately packed up and looked at She smiled at her: “Okay.”

Su Nan pulled the corner of his lips, Leng Lin stood up and nodded at her:

“Miss Su, I’ll go first, I’m really happy to tell you so much, after all I It’s been a long time since I spoke to anyone.”

Su Nan: “Take care.”

Leng Lin nodded and pulled the little girl away.

Not long after walking out, little Mike also ran over with a smile:

“Beautiful sister, are you tired? Can I ask Susan to bring you dessert?”

Su Nan’s heavy heart just now relaxed a little.

“No, you’ve had enough of your pirate ship?”

“No, I’m worried you’ll be in a hurry. I’ll come to see you first, or Daddy will settle the bill with me again...”

Su Nan looked With his arrogant little temper, he smiled for a while, “No way!”

Their conversation reached Leng Lin’s ears, her face changed a few times, and for some reason, her eyes turned even redder.

Originally, I thought that Su Nan was also unfortunate, but she thought too much about herself?

Even Shang Qian’s son was so ingratiating to her, and it seemed a bit too ridiculous that he was sympathetic just now.

Su Nan took little Mike’s hand to see other projects.

When I glanced at Leng Lin, I saw that she was walking with the little girl to the exit. Don’t you want to play the merry-go-round?

Here goes...

Chapter 1743 introduced her boyfriend

, Su Nan, too late to think about it, and was dragged away by little Michael.

Forget it, it was originally her life, so why should she intervene?

What’s more, it sounds like Fu Yanni is really not a reliable person.

...

After playing for a while, Su Nan was really tired looking at little Mike, so she suggested going to a nearby restaurant for dinner.

Of course he agreed.

It was like having fun on this day.

No one can control a runaway little wild horse.

Su Nan also sent the video shot to Shang Qian.

Shang Qian replied solemnly:

“His Spanish teacher has made an appointment three times...”

Su Nan put down his phone indifferently.

Shang Qian is crazy!

Little Mike ate the steak with great interest, and the smile on his face never faded.

It was obvious that he was happy in his heart.

Su Nan smiled: "Are you happy?"

Little Mike nodded.

"Happy!"

"Just be happy, let Daddy come next time."

Little Mike shook his head in horror: "No need..."

Su Nan smiled: "Don't be so afraid of him, you are not the most Do you love him? He's actually not that serious, just coax him a few words."

Little Mike pouted, lowered his head to eat, and said nothing.

After eating for a while, he raised his head and picked up the iPad beside him:

"Beautiful sister, may I introduce you to my Spanish teacher? He is a very good person and looks very perfect!"

Su Nan was stunned and stretched his neck in surprise to see what this perfect person looked like ?

A picture appeared, Su Nan looked at it.

indeed.

Very handsome European looks and looks outstanding.

Even today's entertainment stars in Europe and the United States, few can compare to him.

Su Nan was surprised: "Is he a teacher?"

Mike nodded and said with a smile:

"Yes, he is a top student who graduated from Oxford, and he founded a Spanish-Chinese university called Kevin, would you like to meet him? "

Su Nan blinked and shook his head: "I don't want to..."

Little Mike was taken aback, “Why? Did Daddy not want you to be close to other men, he was afraid that others were better than him, and he was ashamed to see him Human?”

Su Nan lowered his head and smiled, taking a sip of the juice in front of him.

“No, why do I want to know him? What does he have to do with me?”

Little Mike leaned forward nervously: “You can associate with him and dump my dad!”

Su Nan looked at him in shock. Looking at him, emotions flashed in his eyes.

Little Mike thought she was thinking, but Su Nan was actually a little surprised.

Indulge for a moment.

She said again:

“Little Mike, don’t you like me being with Daddy?”

Little Mike nodded without hesitation.

His dislike is so obvious, can’t you see it?

Su Nan let out a light breath:

“Why? Is it because you think I will steal all your attention and love from Daddy?”

Little Mike was taken aback.

He shook his head immediately.

“No...”

He lowered his head and blushed, not knowing how to speak.

Su Nan smiled, “Little Mike, we are very happy to be a family. If you don’t like it, you can say it, and we will take care of your feelings.

I married Shang Qian without consent. , because we think marriage is something two people need to decide, not about anyone else.

You’re going to be a part of our lives, playing a new role, and we all need to adapt.

Mike, you can keep calling me sister, as long as you Happy.

But I hope you love me as much as you love Shang Qian, okay?"

The one thousand seven hundred and forty-four chapters is the poison.

Little Mike looked up at her in a daze, his face flushed, and he nodded.

He suddenly realized.

I made my beautiful sister sad.

That doesn't work.

Go on, and the pretty sister will hate him.

He didn't want that.

Instead, it's better to be obedient.

It's so hard for myself.

Hope you grow up soon!

Su Nan smiled and pinched his little face:

"Let's eat, let's go back after eating?"

Little Mike nodded happily.

It's easy to be with Su Nan, you don't have to think about homework and summer camp.

Don't feel too cool!

...

one afternoon.

Shang Qian was rarely idle at home, and was chained by Mike's Spanish teacher. He had no choice but to pick up the video.

Sitting on the sofa, I use Chinese when I talk to him, and sometimes a few words in Spanish are mixed in.

Su Nan looked very fresh and came out of the study.

He walked around behind him with a fruit bowl and saw the person in the camera clearly.

When Shang Qian noticed her, he quickly closed the video and looked at her with a smile:

“What’s wrong?”

Su Nan pursed his lips: “Is it Mr. Kevin?”

Shang Qian nodded, and the next second, his face became stiff Staying, slightly sinking:

“How do you know?”

Su Nan has never cared about these things, so how could he accurately name this teacher?

And the worst teacher ever?

A thought suddenly appeared in Shang Qian’s mind, and it flashed by.

Su Nan smiled perfunctorily, took a bite of the strawberry, and walked towards the study:

“Didn’t you say that? I just asked casually.”

Shang Qian rubbed his eyebrows, gritted his teeth secretly, and knew that it was a small child. Mike is kidding.

How could he even forget that he said or never said the name Kevin?

Hehe...

It seems that the child’s homework is too little!

He thought about it and sent a message to Kevin:

“I want to change Mike’s teacher, preferably a female teacher.”

Kevin: “Why? Is it dissatisfied with me?”

Shang Qian: “Of course not, I I think Mike might be more obedient to the female teacher.”

Kevin: “...”

Su Nan finished processing a few emails and watched the phone vibrate constantly.

Oh, it's Miss Qin Yu.

"I can't take it anymore, you know? Shen Liang's assistant Zhao Huan has been promoted, vice president, and I am honored to be his first secretary!

Does he plan to make me a secretary for life?"

Su Nan couldn't help laughing, replied:

"You are resisting!"

"Resisting is resisting, I have to tear him up!"

Through the screen, you can feel Qin Yu's monstrous anger.

Su Nan raised an eyebrow and put down the phone.

Qin Yu initially calmed herself in the pantry.

The people behind her were calling her in a high-profile way:

"Secretary Qin, President Shen wants green tea, not coffee. You sent it wrong just now..."

Even though they already knew that Qin Yu was Shen Liang's wife.

But the blow brought by this identity is only for those female employees who are interested in Shen Liang.

For some men, it is simply a businesslike appearance.

One mouthful of Secretary Qin, she felt that she was going crazy.

Qin Yu took a deep breath, turned around and left in a huff with the coffee he made just now.

"Understood, thank you."

She also showed a perfect smile when passing the employee.

The male employee was stunned for a moment. He saw another cup of coffee in her hand. He was speechless and reminded:

"You are not serving green tea, but coffee!"

Although Qin Yu has a hearty and sincere personality, and doesn't have Mrs. Shen's airs, she can't help it. The brain doesn't work well.

Qin Yu turned back suddenly and glared at him:

"No, I'm carrying poison!"

Chapter 1745

The male employee is just looking for money and was shocked by Qin Yu's attitude. To be precise, he was scared to death!

He didn't dare to say a word and returned to his workstation.

Secretary Qin is not easy to mess with.

Secretary Qin has a worse temper than Rong Yi!

Secretary Qin is Mrs. Shen!

Qin Yu couldn't bear her temper at all, and kicked the door of Shen Liang's office with one kick.

At that time, Shen Liang was having a video conference.

He glanced at the angry Qin Yu, frowning slightly with unexplained anger, then turned his eyes back calmly and landed on the video.

Fortunately, it was at the end, and he hung up the video after saying a few words.

Subsequently.

He rubbed his eyebrows. A high-intensity meeting should not be distracted and relaxed. If you relax a little, it will appear to others to be magnified several times.

However, he quickly picked up his mood, raised his eyes, and slightly raised the corners of his lips.

The next second, the coffee in Qin Yu's hand was placed heavily on his table.

A few drops of coffee were thrown from the inside and landed on the neat papers next to them.

Shen Liang focused for a while, with a bit of daze in his eyes:

"What happened?"

Qin Yu smiled but said, "No."

Shen Liang: "Not enough money to spend?"

Qin Yu took a deep breath: "Enough."

Shen Liang: "Do you want to leave work early?"

Qin Yu: "No."

Shen Liang: "Did Miss Su go shopping?"

Qin Yu took a deep breath, showing that she was patient enough:

"No."

In his eyes, is she such a waste person?

Shen Liang was puzzled: "Then you are..."

Qin Yu smiled, "I heard that you don't want to drink coffee, but want to drink tea?"

Shen Liang paused, looking at the coffee cup in front of him Shang Ning said for a moment,

"Just because of this?"

He was so innocent.

Is it wrong to want to drink tea yourself?

Why are women's thoughts so unreasonable?

If she doesn't say it directly, he won't be able to guess it in the next life. She is angry because of this!

Shen Liang chuckled lightly and sat on the chair, a little lazy and casual.

"What do you think about green tea?"

Qin Yu pursed her lips, folded her hands, and negotiated with him rationally:

"I have no problem with green tea, but before I brought it in, you ordered a cup of coffee. , turned around and asked for green tea?

Can you confirm your order before giving it?

Do you think the position of secretary is your nanny?

Tea and coffee are specially made for you? Do you have to wash your feet when you go back?"

Qin Yu finished speaking in one breath, feeling that her aura was in place.

Shen Liang smiled lightly, "It's not impossible."

He reached out to hold her hand, but she was thrown away.

Shen Liang's movements froze for a moment, his eyes narrowed for a moment, and he looked at her seriously:

"Okay, my fault, I don't drink tea, I just drink coffee."

It was clearly someone else's fault, yet he bowed his head first?

If Rong Yi was here, I'm afraid this cup of coffee would have been splashed on his face, and by the way, he threw the dismissal letter.

But with Qin Yu, she was much luckier.

She is the only person who can make President Shen self-examine himself for not drinking tea.

He picked up the coffee on the table, took a sip in front of her, then looked up at her:

"Is this all right?"

Qin Yu felt very weak all of a sudden, it felt like a punch on cotton, let Shen Liang laugh at her vexatiousness.

And this kind of awkwardness comes from the fact that they do not have a solid emotional foundation, and everything is based on interests and appropriateness.

Because of this, Qin Yu was even more unable to speak.

To open your mouth to ask for a high-level position, isn't it to take food from someone else's mouth?

Most of the readers are now reading this novels:-

Read Divorce Billionaire Heiress Chinese Language Chapter 1746-1750

Chapter 1746 You Offended Her

Qin Yu was entangled in her heart, suddenly smiled, and looked at Shen Liang:

“Look at which wife still brings you tea and water in the company? Just have fun!”

After speaking, she snorted softly and turned away arrogantly.

Forget it, what’s there to say?

He gave everything that should be given. Wouldn’t she be too shameless if she stretched out her hand to ask for things that didn’t belong to her?

Shen Liang smiled softly, feeling helpless about her changing face from time to time, but not the slightest impatient, on the contrary, he found it very useful.

After all, Miss Qin’s small temper is really arrogant and cute.

Let him learn a lot.

After dealing with the matter at hand, he took time out and called the assistant outside.

Of course not Qin Yu.

The male assistant stood there puzzled.

Shen Liang closed the document and looked at him:

“Did something happen outside just now?” The

male assistant shook his head, no.

Apart from Miss Qin scolding you, nothing really happened!

Shen Liang paused, and changed his approach:

“After Zhao Huan left, Qin Yu is unfamiliar with her work. You should help her more. If there is any difficulty, communicate in time.”

“Okay, Mr. Shen, Mrs. Shen’s job is very good. Great, I don’t see any difficulties so far.”
No matter how

stupid the male assistant is, he knows that he must never speak ill of the boss's wife behind his back.

Isn't this boring?

Shen Liang was silent for a few seconds.

In these few seconds, the male assistant finally realized that something was wrong.

"Mr. Shen, is there something... what's the matter?"

Otherwise, Mr. Shen wants to know about Miss Qin, so why not ask her directly?

When I turned the corner and called him, didn't I just want to know what Miss Qin didn't say?

He suddenly became enlightened, and suddenly felt that Zhao Huan's position was not so good.

How did he persevere? Shen Liang rubbed his brows

, and simply said straight to the point: "

You didn't bully her when you went outside just now, did you? I saw that her attitude was not right, did something happen?" , she is your wife, how could we bully her? It didn't happen just now..." He paused and choked. Shen Liang noticed it and was very keen, waiting for him to continue speaking. Of course, he knew that Qin Yu's identity was equivalent to an open and transparent death-free gold medal. No matter how daring others were, they would not bully her. When she stayed there, other than flattering, no one else would make a fool of yourself. After all, at that wedding, when the two of them showed up, it was like dropping a bomb in the company. All the gossip was blown out. The male assistant coughed: "Mr. Shen, Miss Qin didn't seem very happy just now." Shen Liang raised his eyebrows, and finally got to the point. "Do you know the reason?" The male assistant said, "Isn't it because you ordered her to pour coffee and asked her to change to green tea? Did you offend her?" The last sentence was almost whispered.

But Shen Liang still heard it.

He hung up the phone coldly.

Hehe...

Dare he didn't ask anything, and he was gossiped by others?

How could he possibly offend her?

The two of them have a great relationship!

The details were not asked, and Shen Liang no longer placed his hopes on the group of people outside.

Sooner or later, you'll know.

Of course, he hasn't forgotten to send a text message to Zhao Huan, asking him to bring the necklace he ordered abroad last time.

Exactly, take the opportunity to give it to her.

It's always a good idea to give a gift.

Chapter 1747

Next, he concentrated on his work until he got off work.

In fact, it is not considered overtime, but because of a small problem in the contract, I corrected a few numbers with the other party.

After hanging up the phone, it was already dark, but for the usual workaholic, it was already very early.

If you arrive early, you can book a restaurant in advance and prepare for a surprise.

So when Shen Liang opened the door and went out, he was in high spirits, but as soon as he went out, he was stunned when he saw the bright but empty space.

It was empty.

This is something that has never happened.

What about people?

He frowned, always feeling weird.

Even if no one is working overtime, it's not like there is no one at all, right?

Besides, he hasn't gotten off work yet, and his assistant secretary has already got off work?

joke?

Shen Liang's brows were slightly depressed.

Immediately call Qin Yu.

Is she not there?

The phone rang several times and no one answered.

He hung up the phone and called another assistant.

Fortunately, it picked up after a while.

“Mr. Shen?”

Shen Liang’s voice was cold: “Where are you?” The other party was silent for a few seconds.

“Mr. Shen, Miss Qin said she invited us to sing K after work, we are all together...”

Shen Liang was silent again.

“So, you all went to sing K?”

It’s not a team building, it’s not an annual meeting, it’s not a special festival, and I was dragged to sing K?

what about work?

Shen Liang’s tone was slightly cold.

“Where?” The

other party immediately said an address, and Shen Liang’s brows twitched violently.

This is Qin Yu’s old place. She likes to go there to sing with friends.

For no other reason, the privacy is strong and the place is perfect.

In general, although he pays for the team building and singing K, he doesn’t care about the small money, but in order not to put too much distance from everyone, Zhao Huan usually books some ordinary clubs and invites colleagues to play.

He just needs to show his face.

As generous as Qin Yu, inviting colleagues to sing K at the clubhouse, Shen Liang didn’t think it was a big deal, but she always felt that her actions were a bit out of line.

Since so many people were invited, why didn't he invite him?

And left him?

Shen Liang rubbed his brows, helpless, he could only go to the address with the car key.

As soon as he entered, the people in the clubhouse knew him.

After all, people who often entertain here will naturally be familiar.

"Mr. Shen, do you need to open a room for you?"

Shen Liang pursed his lips and waved his hand, "No, I'll find someone." After saying that, he got on the elevator and refused to be accompanied by others.

When he arrived at the door of the private room, for some reason, he suddenly felt a little nervous.

Inexplicably, the hand that pushed the room away paused for a second, and then pushed it away.

The lights inside were dazzling, and there were shouts and shouts, and it was impossible to tell who was who, and no one paid attention to his arrival.

He stood there, his whole body immersed in the darkness, with the light and shadow floating, his voice roaring.

He didn't have any presence at all.

But soon, his eyes were fixed on the most focused place, and his eyebrows were tightly furrowed.

Qin Yu was surrounded by everyone, held the microphone flamboyantly, and hysterically sang the incomprehensible RAP. Surrounded by everyone, the melody was very uniform, as if everyone recognized and praised her singing!

"He has a pair of dark eyes, staring at the world all day long. If he is dissatisfied, the world will fall.

Who is this person?

He is—"

Qin Yu sang to the end, suddenly stopped, and turned the microphone in front of her eyes. In a circle, everyone shouted a name in unison:

“Shen Liang—”

Chapter 1748 What's wrong

?

The lights were bright, the darkness was torn apart, and the noise stopped for a moment.

This kind of light seems to pull everyone back to the real world.

Chill out!

There were still smiles on everyone's faces, and their gazes had involuntarily turned towards the person who turned on the light.

The protagonist who just called out their name just stood there with a sullen face, black eyes, and a cold smile on the corner of his mouth, looking at them one by one.

Of course, the last sight still fell on Qin Yu in the middle.

The few seconds of silence seemed to be late.

Everyone stood there stiffly, not daring to move.

I wish it was a dream!

But all of them participated, and their brains were short-circuited. After drinking a few bottles of wine, they followed Qin Yu to scold Shen Liang?

No one said a word...

Qin Yu was petrified for a while.

A cold wind is blowing now.

She watched the man walking in front quicken his pace, and couldn't help feeling a little guilty.

Is it too late to save?

She was pushed out by someone in a trance, followed him in a trance...

and then came to the car.

He sat inside, looking at her standing outside, his eyes were complicated and gloomy for a while.

I wanted to say something, but didn't say anything.

Seeing her struggling to get in the car, she pursed her lips and said, "Get in the car."

Qin Yu looked relieved, and then ran to the passenger seat.

She had always liked the comfort in this car, and the passenger seat was adjusted to her favorite distance.

Every time I sit on it, I feel that it is a very enjoyable thing.

But now, she has no idea of enjoying it at all.

The whole person sits stiffly, like a child who has done something wrong.

Downstairs, the car parked in the garage.

He didn't move.

She didn't dare to move.

It was the first time that the guilty conscience was so obvious.

The swearing was exposed in public.

This kind of social death happened to her?

It is really bad for eight lifetimes.

He sat there, unbuckled his seatbelt, and looked sideways at her, in the darkness, unable to see any expression clearly.

But Qin Yu is guilty.

Listening to his voice faintly sounded: "Tell me..."

Qin Yu paused.

His throat tightened for a while.

"I was wrong..."

She gritted her teeth, no matter what, it was always right to admit the mistake first.

After all, it was her fault.

Shen Liang was extremely helpless by her appearance, and suddenly laughed lightly.

“What’s wrong?”

He borrowed the donkey to get off the slope.

Originally, I didn’t want to take this as a serious matter. If she just said a few words to him, she could scold him face to face, and scolding him behind his back was nothing unusual.

But looking at her like this, she seems very guilty.

Then act with her.

Qin Yu bit her lower lip:

“I shouldn’t sing to bring you in...”

Shen Liang smiled, she didn’t notice, there was a smile in his eyes in the darkness.

“What else?”

Qin Yu curled his lips aggrieved, he actually knew there was more?

“I shouldn’t scold you with them, but it’s none of their business. As soon as everyone drinks too much, they forget about their superiors and subordinates, and they don’t know that you will suddenly come over and relax for a while... Oh, no, for a moment!”

She knew that he must have heard it all, but she didn’t know how much.

Shen Liang: “What else?”

His voice was hoarse, and he felt more than that.

Qin Yu gritted her teeth: “I shouldn’t take your money and swipe my card and scold you.”

Shen Liang: “...”

Why does he think he should be angry?

But she didn’t get to the point.

He tapped the steering wheel with one hand, but said nothing.

The silence made her even more guilty.

Qin Yu has been thinking about what is wrong with herself?

Chapter 1749 Refused to work overtime

Qin Yu thought about it, but couldn't come up with it.

Shen Liang suddenly said,

“Did you forget anything when you got off work today?”

Qin Yu was taken aback.

Looking up at him, he was very confused.

Shen Liang looked at her and reminded her a little:

“When I get off work...”

Qin Yu blinked and said firmly:

“Although I am here to eat, drink and have fun, before I come, I let The person has been confirmed, there is no urgent matter that needs to be dealt with tonight, and nothing is delayed.”

She looked at him and raised her eyebrows.

A situation where he might be vexatious.

Shen Liang knocked on the steering wheel:

“You forgot to call me when you got off work. Since you invited people from the company and used my card to treat guests, why didn't you let me go with you?”

“

It was difficult for her to realize her mistake.

Just pick it out and say it!

Qin Yu stiffened for a moment and frowned.

Why let him go?

Let him go together, can they still scold if they want to scold so happily?

Saying it was a dinner party was actually like a vent meeting.

But since he said so, of course she can't say clearly that everyone just wants to get together and complain about you.

She smiled and breathed a sigh of relief, and began to explain what happened tonight:

"Mr. Shen, you work overtime until midnight every day, when would you like to participate in such an event?"

What's more, it doesn't match your identity!

I didn't expect you to come over suddenly, and I didn't expect you to leave work so early! "

Qin Yu said it was an explanation, but in fact he was making excuses for him.

Who is to blame for your own reasons?

Shen Liang also heard it, his face darkened for a moment, then he looked up at her, and suddenly reached out and squeezed it. Pressed her chin:

"Are you blaming me for working overtime all day and not having time to accompany you? "

If that's the case, then she lost her temper for no reason during the day, then it makes sense.

Maybe she arranged their activities at night, but it was delayed because he was too busy recently.

For a time, he felt depressed in his heart. It disappeared without a trace.

Because all of this is because she cared about herself!

Qin Yu was stunned, she was wronged! She

really didn't think about it at all!

She wanted him to go out to earn money to support her family and maintain her own beauty Life!

But she won't say it, she just smiled dryly.

In Shen Liang's eyes, this is what he guessed right!

For a time, his heart was very sour.

He reached out and squeezed her face, Rubbing her fingers against her cheek, she said in a soft voice,

"I was negligent, it's not right for me to keep the previous work and rest habits, and I will try to take things home to do in the future. "

Qin Yu: "..."

Is there any difference between working overtime in the company and working at home?

Shen Liang was very immersed in the atmosphere of the two, slowly approached her, and rubbed her nose with her nose. , a very intimate gesture.

Immediately afterwards, his lips came up and landed on Qin Yu's lips. After a light touch, he went deep into it.

Qin Yu may have drank too much, and her mind was out of control.

Unconsciously following his habit, he didn't have time to refuse.

But she was guilty and did not dare to refuse.

Hope to quickly turn things over tonight!

His hands were very hot, and wherever he went, she burned to the point that she felt his heat everywhere, wrapped in him like a cocoon, kissed, and was airtight, but she was immersed in it and had some enjoyment.

Qin Yu enjoys this kind of thing the most!

Chapter 1750 is the same everywhere,

so when Shen Liang's whole body came over, she just pushed him slightly blushing and reminded him:

"This is in the garage... "

His hand grabbed her wrist, and his lips fell on her like raindrops, lingeringly evoking her fire.

"It doesn't matter, it's all the same..."

He hoarse his voice, as if restraining some emotion, making people have the urge to be bewitched.

Qin Yu was just pretending, she immediately let go without resisting.

It's the same, she doesn't mind anyway.

No one around will come to disturb.

...

don't know how long it took.

Qin Yu felt as if she had washed herself in water. Drunk and exhaustion came together. She couldn't tell whether it was a dream or reality.

It was as if someone carried her and walked in, to a very warm place, full of water, very comfortable.

She flirted with water recklessly, feeling vaguely that she was playing in the water on the beach in Sanya.

Very vague, I heard someone sigh lowly:

"You are so dishonest when you are drunk?"

Soon, someone fished her out of the water, wiped her clean, and carried her to a dry place.

She thought it was a sun lounger on the beach, and she turned around, feeling the warmth of the sun.

Indistinctly, a person lay beside her and picked her up from where she was about to fall.

Turning over, he rolled into a warm embrace.

It smells good, just like the smell on her.

He wanted her to fall asleep, but she really didn't stop, and kept stirring up the flames on him. In the end, she couldn't bear it anymore, and she lowered her head and started to fight back.

She was sobered by his uncontrollable movements, opened her eyes, frowned, and recognized the person on her body for a while.

His kiss was very warm, and it fell on her body densely, and his eyes were a little scarlet.

She touched his chest, it felt very comfortable, the type she liked.

He was stunned, and the two immediately looked at each other.

The next second, he laughed softly: "Wake up? That's better, you're the one who provokes me first, don't be angry with me tomorrow." After speaking

, he kissed her lips again...

Qin Yu No matter how slow he was, he vaguely understood the current situation, and could only grit his teeth to meet his strength.

.....

sweat profusely, both of them are a little tired.

Qin Yu's drunkenness seemed to subside, she blinked, shrank in Shen Liang's arms, and painted his eyebrows:

"I suddenly found out that you are really good-looking, and it was your money that used to cover up your brilliance, In fact, your looks are even more outstanding."

Shen Liang was stunned, opened his eyes to look at her, his dark and deep eyes swept across her face, and finally took her hand and kissed:

"If I look too ugly, but special If you are rich, will you marry me?" The

two seemed to be speaking very ordinary things.

Qin Yu didn't hesitate: "Yes."

Shen Liang was stunned, "Really?"

She doesn't seem to be so focused on connotation!

The men around her are all good-looking, no matter if they have money or not, they are all good looking.

Qin Yu curled the corners of her lips: "But I will cheat."

Shen Liang twitched the corners of his mouth: "..."

Thank goodness he's not bad!

Shen Liang twisted her soft waist on purpose, Qin Yu shrank in his arms with a smile, hugged his body and sniffed:

“Don’t be angry, I married you, and I can’t find you Better, I will work hard to squeeze you out and make you give up on me!”

What is this all about?

Shen Liang frowned, but then he caught the point of her words:

“Dry me?”

His voice was low, and he put one hand on her waist again, gently pinching her soft flesh, turning over to She pressed down:

“Alright then, I’ll fulfill you.”

He wasn’t a person with heavy desires, but after meeting her little goblin, he was a little out of control.

Like today, he originally wanted to let her go, but as soon as her words came out, he felt that he had to fulfill her desire to squeeze himself out!

Most of the readers are now reading this novels:-

Read Divorce Billionaire Heiress Chinese Language Chapter 1751-1755

Chapter 1751 Don’t worry so much about

Qin Yu regretting saying that sentence, because she thought that Shen Liang was not so cruel, but men can’t stand the stimulation, and the most absurd times on weekdays are two times. three times.

But tonight, she didn’t even close her eyes, the room went from dark to bright, and before the dawn broke, she could even hear the beating of each other’s hearts.

.....

Su Nan can’t be idle, especially under the double protection of Shang Qian and Su Yifeng, the two of them almost take turns to watch her. Things like business trips and entertainment have completely become a burden for Su Qi alone.

She was bored at home and was approved to go to work for three hours a day.

Su Qi didn't even have a chance to refuse, so he went into battle temporarily, but under the pressure, there were still a few who were unable to entertain.

He took an invitation to Su Nan's office, and helplessly raised his forehead:

"There is a temporary entertainment in the afternoon, at the winery, it is related to the cooperation of the project, no matter what, you have to go to a similar one, you are the most suitable, little one. Fourth, please!"

Su Nan smiled and raised his eyebrows when he saw the location above.

She remembered that Qin Yu had mentioned that it happened that they could meet.

"Okay, no problem."

Su Qi breathed a sigh of relief, the whole person has become a lot more serious from a swinger, and Su Nan is really not used to it.

It was really funny to see his sudden appearance revealed.

In the afternoon, Su Nan packed up and took Yu Lou to the winery.

Su Nan doesn't like to get drunk when socializing, so Su Jin often goes to that winery. Although she is not familiar with it, she is not unfamiliar.

Huge wineries were all wrapped up, luxury cars drove into the garage one after another, and all kinds of extravagant furniture and accessories were unceremoniously placed where they could be seen.

When Su Nan pushed the door and went in, he saw that there were already many people, all of them with heads and faces.

Shen Liang, Qin Yu, Ringo, and even Shang Qian were all there.

When Shang Qian saw her, he raised his eyebrows, and then calmed down.

Su Nan was stunned and a little guilty. After all, in order to be able to attend, she didn't tell Shang Qian that she would come.

Careless.

It is said that one pregnancy is stupid for three years, so it is true.

How could she ignore Shang Qian?

In this case, of course, he is indispensable.

Although his roots in City A are not deep, in a short period of time, his ability is enough to turn the clouds and rains. Who will come if he doesn't come?

Su Nan smiled, and Yu Lou said in a timely manner:

"Mr. Su, I'll be waiting for you next door, call me if you need something."

Su Nan nodded, and Yu Lou backed out.

With Shang Qian here, naturally he doesn't need anyone else.

Everyone watched Su Nan come over and laughed at Shang Qian:

"Shang is always worried about Miss Su, or is Miss Su worried about President Shang? Why didn't you come together?"

"After Miss Su got married, there were fewer opportunities to show up. The next time I went to the Su Group, the people below said that you were not there, and neither was Su Jin. Would your company be so determined to let Su Yingdi change his career?"

"I thought the person who came today was Su Yingdi, but it seems that they are not. Do n't worry..."

Su

Nan didn't announce the news not long after she was pregnant.

Shang Qian had a cigar in his hand, but he snuffed it out the moment he saw her, then stood up and walked over to help her put on her coat.

This kind of thing will not be faked.

Everyone saw their thoughtfulness and laughed even more.

Su Nan smiled, "My eldest brother and I have other things recently. We haven't seen you for a while, but you don't need to worry about it so much, right?"

Chapter 1752: Killing the Quartet

, Su Nan is extremely gag to get around the problem.

Naturally, everyone can't care about whether she answered or not, after all, Miss Su's temper is not easy to fool.

After Shang Qian finished hanging her clothes, he hugged her waist loosely, actually protecting her stomach carefully, she knew, but didn't say it clearly.

Su Nan paused and glanced sideways at him:

“I didn’t know you were here.”

Shang Qian smiled: “I’m sorry I didn’t tell you in advance.”

Su Nan smiled, walked over and sat down, Shang Qian bent He leaned on her chair, “Don’t drink for a while, Miss Qin is there...”

He pointed in one direction, Qin Yu was sitting among a group of women playing mahjong, he clearly saw her, but she really I couldn’t bear to have a good hand in my heart, so I just didn’t leave.

She was waving to Su Nan, Su Nan smiled, and stood up:

“Okay, you guys play, I’ll go to Qin Yu.”

These people usually bring female companions for entertainment, but some people don’t bring their own wives. Everyone knows it, but they don’t say it.

After all, no one wants to spy on other people’s private lives, and everyone is not paparazzi, so they are not so curious.

Shang Qian smiled and walked over with her hand. The woman on the other side of Qin Yu’s hand stood up at the right time and took the initiative to give up her seat:

“Miss Su, come and have a look, Miss Qin killed the Quartet, we But I can’t stand it anymore, come and play a game for me, I have to take a breath...”

The woman who speaks is knowledgeable, and is the best at looking at people’s faces.

Originally, she was just here to gather people, and she was really not on the same level as these rich ladies.

Now that Su Nan is here, it won’t look good if you don’t hurry to give up his seat.

Su Nan smiled, but was not polite:

“Okay, if I win in a while, we will share it equally.” The

woman smiled and stood aside, watching Shang Qian standing behind her for a while, and looked at her. With the card in front of him, he smiled and said to the others,

“Then please take care of her.”

Su Nan blushed slightly, glanced at him, said nothing, and looked down at the card.

Everyone smiled to see their ambiguous atmosphere.

Qin Yu couldn't help but break through: "There is no one to take care of at the poker table, President Shang is ready to use money to redeem people!"

Shang Qian smiled, patted Su Nan's head, and then left silently.

Qin Yu blinked at Su Nan: "Mr. Shang's eyes can't wait to stick to you. Don't you feel boring when you are tired of being together all day?"

Su Nan looked at her like everyone else was looking at her, She scolded her back and said,

"Why don't you want to get married? Stop talking nonsense!"

Qin Yu smiled, "That's right, Shang always turned positive, I can't wait to tell everyone that you are together, especially when you just got married. At that time, President Shang always had wedding candy in his pocket, we would send it when we saw it, and we all had a toothache..."

Su Nan seemed to have seen that scene before, and suddenly lowered his head and smiled. .

Another woman smiled and joked at Qin Yu:

"Could it be that the relationship between Miss Qin and President Shen is not good? Look when you came in, President Shen took the cigarettes handed over by others, and when Miss Qin saw him, he I was so frightened that I couldn't hold it steady and fell to the ground..."

Everyone laughed and kept touching the cards by their hands.

Qin Yu was teased, and finally couldn't help being silent for a moment, not knowing how to respond.

Another woman, Sun Tan, sighed:

"It's true that the richer the man is, the more affectionate it is. The more people who just have a little money and have not done well, the more they know how to play. Playing with cars and playing with money is good. Playing with women and drugs is disgusting."

Chapter 1753 Unhappy

Everyone fell silent. Su Nan and Qin Yu exchanged glances. After years of tacit understanding, they suddenly understood that what this woman said was her and her husband.

This woman seems to be well maintained, but she doesn't appear in the circle very often, but if you say her name, you may know it.

Sun Tan came from a wealthy family, but he was nowhere near as good as the people present today.

However, the person she married was a childhood sweetheart, but Ge Zheng, who was extremely good at getting into the business.

Ge Zheng is regarded as a very capable person. He has suddenly emerged in the circle of City A. He has occupied a place in the technology industry in just a few years, which is enviable but also admirable.

However, this person is capable, but his private life is criticized.

At first, under the pretense of being affectionate and unshakable, he and Sun Tan and his wife moved forward together. As a result, after the company got on the right track, he asked Sun Tan to step back and concentrate on taking care of the family and having children.

Sun Tan agreed without much thought.

As a result, when the child was born, Ge Zheng was targeted by his opponent because he was too high-profile. The opponent sent all the photos of his cheating and fostering woman to Sun Tan.

Since then, family conflicts have been aroused and out of control.

But the strange thing is that the two never divorced.

It's just that when he needed to be entertained when attending public occasions, Ge Zheng never let other women attend, but brought his real wife. Sun Tan did a great job of the scene, and it was as if nothing had happened to the two of them.

It seems that everything is made up for fun, but it's not like that.

Whoever was present did not know their situation, even if they were dressed up as peaceful, the inside was already known clearly.

But since everyone thought it had never happened, other people naturally wouldn't get involved.

Another wife who followed came over with a glass of champagne to watch the fun, and she agreed with this:

“That’s not true, it’s really strange, look at the original Lu Shao, he was a challenge to his ex-wife before the divorce. The three-choice one doesn’t look down on it, now it’s alright, after the remarriage, he will treat his wife as an ancestor.

If you want me to say, this is the prodigal son’s return for money. If the family members of our family have this consciousness, I will die and close my eyes. “

The others laughed in agreement.

Sun Tan looked up at her and said with a smile,

“Can your family compare with Lu Shao? The Lu family is supported by the Fu family. How good is the relationship with President Fu, but unfortunately, President Fu is now...”

Before he could finish speaking, he felt that the surrounding atmosphere was not right.

Her face changed, and she looked up at Su Nan subconsciously.

Who in the circle doesn’t know about Su Nan and Fu Yechuan, especially someone like Fu Yechuan, who doesn’t want any kind of woman, but loses to a Su Nan.

Everyone is jealous of Su Nan, but everyone wants to be the next Su Nan.

Now Su Nan and Shang Qian are married, and Fu Yechuan hasn’t appeared in City A for a long time. His whereabouts have always been elusive. Who knows if he went away to avoid this matter?

Originally, Su Nan’s famous flower had the owner, and those suppressed actions in the circle began to flood again. Without Su Nan, it was finally the turn of other women, right?

As a result, Fu Yechuan left...

Chen Mian took over the position of president of Fu’s Group, and Fu Yechuan worked behind the scenes. They wanted to meet each other, and it was even more difficult for them to ascend to the sky.

The people around were subconsciously silent for a moment.

Su Nan seemed to have heard nothing, and looked at the mahjong in his hand intently.

Suddenly touching one, she smiled, her eyes lit up, and she pushed out the card in front of her:

“Huh...”

Chapter 1754 Fortunately, it wasn't him who

saw it. Sure enough, everyone couldn't help laughing.

"Miss Su's luck is really good, and a handful of bad cards have been smashed!"

"Oh, did the lady just regret it?"

...

Everyone talked and laughed and covered up the embarrassment just now.

Su Nan also acted as if he hadn't heard it, smiled and passed by, but he heard too much of the chips in his hand, and smiled and greeted the woman who gave her a place just now.

"Exactly, you come in this round, you can use your chips as you like, I'll go see Shang Qian."

She said and stood up, not at all sloppy.

Qin Yu glanced at her and stood up with a smile: "I'll go too, so that the person in our family doesn't say I'm not doing my job properly."

She walked over and took Su Nan's arm and approached her:

"Unhappy?"

That Sun Tan If you live an unhappy life, and you don't have a door on your lips, you're not afraid of offending others?

It seems that next time she will not be allowed to attend such an occasion.

Too cheap.

Su Nan glanced sideways, and said lightly, "What's so mad about this?"

"Don't play stupid, oh, that Miss Sun probably regrets that her man is not Fu Yechuan, otherwise she will be very concerned about her failed marriage. My tolerance level is expected to be higher.

Even if I live like this, I'm still worried that the scumbag will not live well

.

You have to finish it."

“That’s right.”

The two talked and went to the other side. Several men were playing cards together. It seemed that the atmosphere was much more relaxed than in the group of women.

With red wine in hand, and taking a sip from time to time, Shen Lianghe bowed his head and said something to Shang Qian, and the two seemed to exchange information in a tacit understanding.

Shang Qian saw Su Nan coming over with sharp eyes, his deep eyebrows were gentle for a moment, and he waved at her.

Su Nan walked over and sat beside her.

Shang Qian smiled: “You won?”

Su Nan responded indifferently, and then looked at his cards.

Shang Qian turned sideways and let her look, relaxed, with a bit of wanton romance.

Ringo on the opposite side saw the intimate scene between the two, and suddenly felt a little uncomfortable.

If Fu Yechuan, who was far away, saw this, he would probably have to dig his own eyes.

“When will the Dongfangyuan project start?”

“Next year, it will be a good day.”

“We will all go to the show then...”

Everyone was talking and laughing. I don’t know who said something. : “The people from the Fu Group are here.”

Ringo raised his head in surprise, and responded the most: “Mr. Fu is here?”

But the next second, the person who pushed in the door was not Fu Yechuan.

Everyone was shocked for a moment by Ringo’s words.

Why did Fu Yechuan suddenly appear?

These people can’t even see them.

But luckily it wasn’t him.

“I’m sorry everyone, I’m late...”

Chen Mian is now the president of the Fu Group, which is naturally different from his previous identity. When he was Fu Yechuan’s assistant, he was also a senior executive of the company. The CEO of the enterprise also has to be politely received.

Now that he has become the president of Fu’s Group, the sharpness that was deliberately hidden on his body could not be concealed. Everyone seemed to ignore this Chen Mian who grew up beside Fu Yechuan.

Today, his behavior is very Fu Yechuan’s style. Some people want to take advantage of Fu Yechuan’s departure to win over Chen Mian, and those who seek benefits are rejected by Chen Mian decisively and blacklisted.

For a while, the company didn’t even have the chance to become chaotic, and the transition was over so smoothly.

“Mr. Chen, I’ll be waiting for you...”

Chapter 1755 Worrying about yourself

, everyone is a familiar person, with ten faces and a hundred masks, so he immediately focused his attention on Chen Mian, and greeted him warmly but not unfamiliar.

Chen Mian walked over with a smile, her aura must have been a little colder than before.

However, looking at the people present, he greeted him neither humbly nor arrogantly.

When I saw Su Nan and Shang Qian, they said hello very familiarly but not greasy, they looked like ordinary friends who had known each other for many years.

Su Nan and Shang Qian nodded and took their attention back.

Ringo smiled instead: “Mr. Chen, isn’t the company very busy? I made an appointment with you several times, and you rejected me without giving face. Tell me, is it too much?”

Chen Mian lowered her head and smiled . “Mr. Lin, it’s not that I’m too much. If you ask me to meet, of course I’ll go, but it’s okay to go to the equator to experience life...”

Ringo choked and said a few words with a smile. Fu Yechuan’s name was forgotten.

Qin Yu turned around beside Shen Liang and couldn’t sit still. When she remembered doing something, she was pressed by Shen Liang calmly.

“Don’t run around?”

Shen Liang had a somewhat warning tone.

He knows Qin Yu too well, this kind of occasion is not considered formal, and it is the most suitable for making fun of people.

Qin Yu struggled for a while, and sat beside her obediently.

In less than two minutes, she was bored.

Just as he was about to stand up, he was held down by Shen Liang again, as if there were eyes beside him.

Qin Yu gritted her teeth beside him:

“I promise not to do anything, okay? I just want to chat with Su Nan?”

Shen Liang glanced at her, with a constant smile on the corner of his mouth:

“Miss Su is with Mr. Shang. She’s not as naughty as you, so don’t make excuses.”

Obviously, she didn’t believe Qin Yu’s guarantee.

Qin Yu muttered, “She is pregnant, her temperament has changed!”

Shen Liang looked at her with a half-smiling smile: “Then you are pregnant with one too?”

Qin Yu’s face stiffened, she glanced at him, and wanted to say something again. Hold back.

Coincidentally, Su Nan came over and patted her on the shoulder, “Come on, I’ll introduce you to the people from Xu Shi Group...”

Qin Yu stood up at the right time, turned around and followed.

Shen Liang didn’t stop her this time. After all, it was Su Nan who came to lead people in person. Besides, with her temper, it was really impossible to sit and not speak all the time.

But Qin Yu left without looking back, and it felt a little strange.

Su Nan introduced the people she knew from Xu Shi Group. Qin Yu had always been keen on socializing, but just had a face-to-face meeting and nothing happened.

Only then did she realize Qin Yu's strangeness.

The two found a quiet booth before Su Nan looked at her:

"What's wrong with you? Wasn't it okay just now?"

Qin Yu pursed her lips and lowered her eyes:

"It's nothing, but suddenly it doesn't make any sense."

"How could it be? Xu World is about to make an acquisition, and your business may have some contacts. Isn't this what you are most interested in? Your position in the Shen Group has changed, and this is your ready-made network..."

Send Don't eat the meat to the mouth?

This is not Qin Yu's style!

Qin Yu paused, her eyes were a little lazy, with a bit of dissatisfaction, "The position probably won't change."

"What? Could it be that Shen Liang will let his wife be his assistant for life?"

Su Nan thought it was ridiculous, not to mention that Qin Yu's identity was there, just that she was able to come out of the Qin family, her ability was much stronger than the average rich second generation.

Shen Liang is not the kind of person who is suitable for raising canaries!

Qin Yu pouted, her eyes swept to Shen Liang's direction, her eyes darkened for a moment, and she sighed:

"He thinks so!"

Read Divorce Billionaire Heiress Chinese Language Chapter 1756-1760

Chapter 1756 He still came

Su Nan heard the complaints in her words and did not make a sound.

Everyone knew that when Qin Yu came to Shen Liang's side as an assistant, it was a springboard.

At worst, she will return to the Qin Group to inherit the family business.

Right now, Shen Liang didn't put her where she should be, so how she would go back was also a problem.

Do you want to be an assistant for two days and then go back to be President Qin?

What do the Qin people think of her?

Aunt Qin alone would not spare her.

Su Nan paused, "Or I'll suggest a project for you, tell Shen Liang, and do it for you?"

Anyway, there is not no such thing in the circle to hold people with affection.

Qin Yu looked at her, "Forget it, I know what I know, I'll showdown with him when I go back!"

She put down the cup in her hand firmly, with a righteous look.

Su Nan raised her eyebrows, "Okay, just tell me if you need help."

Qin Yu couldn't wait any longer. If she waited any longer, she might really go crazy.

When Shen Liang mentioned the pregnancy just now, she felt uncomfortable.

Making her uncomfortable, the discomfort of pregnancy itself.

But when she is pregnant, she will say goodbye to the workplace completely.

Unlike Su Nan's situation, she doesn't have that much autonomy in the company's affairs.

Neither Mother Qin nor Shen Liang would let her work while pregnant.

She didn't want her career to end before it even started.

Su Nan talked for a while, went outside to answer the phone, and stopped by the bathroom.

As soon as the door closed, it was silent.

She refused the guidance of the waiter and walked over by herself.

It's just that when passing the room next door, the door gap was slightly larger, and the back figure that flashed by inside was somewhat familiar, but Su Nan frowned slightly and walked away without stopping.

Maybe when did you see it?

As soon as Su Nan walked past, the door suddenly closed from the inside.

Chen Mian stood there respectfully, looking at the person sitting with his back to him, lonely as if he was about to dissolve into the darkness.

Vaguely, there is an inexplicable complexity and sympathy.

When did Fu Yechuan even go back to China secretly?

The person who came to this party should have been him.

When Fu Yechuan saw the name of the guest, he looked at the name "Su Nan" for a long time, suppressed countless urges to come over, and decided to give up and let Chen Mian participate.

He really wanted to nod and say hello even like an ordinary friend.

I also want to use the identity of a bystander to watch her happy and happy.

But he couldn't.

He couldn't forgive what he had done, and he didn't want to see the disgust and indifference on Su Nan's face if he saw him.

Killing and killing hearts, that's all.

He could only hide in the dark, silently like a ghost, peeping at her existence.

Let her always think that she will stay abroad.

Perhaps only in this way can she live a happier life.

"Mr. Fu, you really don't want to go over and say hello to everyone?"

Chen Mian said from behind. During this time, countless people were asking where Fu Yechuan went.

He seemed to have disappeared suddenly, and no one knew where he was going.

But Chen Mian knew that Fu Yechuan's power was far from only in City A. The overseas expansion of Xinpu International and Fu's Group, even Fu Yechuan's various investments, were the reasons why he could leave at will.

But the real reason, after all, is for a reason.

Not to get close, but to get away.

Fu Yechuan paused, his handsome face was immersed in the darkness, and his voice was extremely indifferent:

“If you don’t go, you can go back. I’ll leave when it’s over.”

Chapter 1757 What is the picture?

Fu Yechuan’s hands secretly tightened and then loosened.

The inadvertent glance just now, she seemed like a passerby, but it made him unforgettable in his life.

The girl who belonged to him finally left.

He couldn’t even save it.

She can only think quietly in the dead of night, thinking about the past when her eyes were fixed on her.

That was his time.

By the time it was over, it was dark.

After everyone greeted each other, they left one after another.

Shang Qian was discussing an acquisition with Ringo. When the two of them waited until the end, Su Nan could only wait by the side.

Waiting for her to get a little sleepy.

In a daze, she felt someone drape clothes over her shoulders.

She woke up slightly, looked at the person in front of her, Qing Jun’s face had a kind of warm smile:

“Let’s go, go back to rest?”

Su Nan breathed a sigh of relief, then stood up:

“It’s finally over.”

She said this I really just showed up at night, and basically everything I can talk about is about Shang Qian.

For some projects she liked, before she even opened her eyes, Shang Qian knew she wanted it, and then inserted the Su Group into it, and no one noticed anything wrong.

Shang Qian wrapped his arms around her shoulders, and his movements were so gentle that Su Nan couldn't help rubbing against his shoulders.

so comfortable.

The two went out, and Shang Qian opened the door for her, taking care of her without any ambiguity.

“Go?”

Su Nan nodded.

Shang Qian smiled. Knowing that she was tired today, he didn't say much, so he drove away.

After a while, I watched the last person come out of it.

The cold and silent back seemed to melt into the boundless night, and he couldn't see his expression clearly.

Chen Mian followed him out and handed him his clothes:

“Mr. Fu, the plane is ready, are you going directly to the airport now?”

Fu Yechuan looked at the direction of the car in front of him, squinted his eyes for a long time. , only then said:

“Well, go directly.”

Chen Mian opened his mouth, but still did not continue to persuade.

Fu Yechuan took the plane for a day and a night, without jet lag or rest, he arrived here directly.

After the end, we have to take a day and night flight to leave.

Picture what?

Just to look at her?

But Su Nan didn't even know that he was here, maybe he had already wiped Fu Yechuan out of his world.

I really don't know, when will he forget?

Shen Liang was still a little tired, but when he saw that Qin Yu did not choose to sit in the co-pilot, but sat in the back, he felt a little strange.

They didn't ask the driver to pick them up again, because it was very close to their house, but it was only a matter of minutes.

When getting off the bus, Qin Yu got off the bus by herself and went in.

Even ignore him.

Shen Liang felt inexplicable and wondered where he had offended her?

Looking back on tonight, there seems to be nothing wrong, except...

he said his own words: Or you will be pregnant with one?

He pondered for a moment before getting out of the car with a dignified expression on his face.

When he entered, Qin Yu had already gone to the bathroom to take a shower.

He loosened his tie, went to change clothes, and sat in the living room waiting for her.

Maybe, there are some things they need to be honest about.

One o'clock.

Qin Yu came out of the bathroom.

Seeing that the lights were on in the living room and people were sitting on the sofa, I was a little shocked.

Shen Liang was lying on the sofa with his head back, covering his eyes with one hand, and the whole figure seemed to be asleep.

She walked over and patted his shoulder:

"Why do you sleep here? Go to sleep inside?"

Chapter 1758 You have something to say.

Shen Liang woke up and rubbed his eyebrows: "How are you?"

Qin Yu responded, and even dried her hair, and went through the skin care routine. The unhappiness in my heart also dissipated a lot.

It's so late, so some words should be left for tomorrow?

Just as she was about to turn around to go in, someone grabbed her wrist.

Shen Liang pulled her onto his lap, Qin Yu raised her eyebrows:

“At night, do you still have strength?” A

hint of helplessness flashed in Shen Liang's eyes, he squeezed her chin a little harder, and his voice was hoarse:

“Don't Excite me, you know the consequences.”

Qin Yu pursed her lips, “Then what are you doing?”

Shen Liang gave her a deep look and pinched the soft flesh around her waist:

“Are you unhappy tonight? “

Qin Yu blinked, “Is there?”

“Don't lie to me, I said, we have something to say directly and don't make trouble.”

His tone was deep, but patient, without the slightest angry look.

Even if you are already very tired, you must insist on solving the problem on the same day.

Qin Yu lowered her eyes, was silent for a moment, looked up at him, and there was no joking look in her eyes:

“Shen Liang, Zhao Huan is gone, when will I go?”

Her question really stopped Shen Liang from asking. .

He was stunned for a moment, frowned, and looked at her:

“Where are you going?”

Qin Yu got up from him, sat on the sofa opposite him, looked at him calmly, and said with the most equal attitude:

“Mrs Shen, Can't be your assistant for life?

I came to work in the Shen Group, not just to be a carefree assistant, what do you think? Shen Liang thought for

a moment, looked up at her, and suddenly understood something.

“Are you tired of being there? “

It's not that I'm tired, it's that I feel that my current position will not allow me to learn more, and what I have learned in this position will not apply to taking over the Qin family in the future, right?”

Qin Yu told him calmly, without the slightest tact. Shen

Liang rubbed his brows silently, wondering if he was thinking or because he was too tired. After

a long time,

he folded his hands in front of his legs, and the whole person became rational. Calm again.

“You think so?”

He looked at her inquisitively, as if he was in an important business negotiation. Qin Yu was even more energetic, and the drowsiness just now disappeared.

“Yes.” “

Shen Liang lowered his eyes, pursed his lips, and his stern profile was a little helpless.

“Zhao Huan stayed in this position for five years, and was promoted directly to the regional president after he left. I think the importance of this position, You should know.

Whether it is entertainment cooperation or personnel transfer, the company's secrets can be learned immediately, which is far greater than the function in a certain position.

Unexpectedly, you don't like it here...”

His last sentence lowered his voice and muttered.

Qin Yu didn't expect him to have such good intentions, and suddenly felt that he had misunderstood him. However, the words have been

said, and of course there is no intention to take them back.

“Maybe I underestimated the importance of this position, but I can’t be like Zhao Huan, who stayed in this position for five or seven years. Shen Liang, I’m not Zhao Huan, I’m Qin Yu.”

She looked at He, with a radiant expression on his face, carried a bit of indomitable publicity and self-confidence:

“If possible, I would prefer to do it quickly, because I will arrange for someone to sit here in the future, and I will not know my assistant. Every aspect, isn’t it?”

Shen Liang was startled, his eyes flashed.

Looking at her eyes can not help but some deep down.

She really can’t hide her brilliance at any time...

Chapter 1759 The key question is here.

Shen Liang touched his chin, laughed lowly, and spread his hands:

“I can’t refute what you said, well, maybe I’m a little negligent about your arrangement. , obviously you are more thoughtful and comprehensive than I thought.”

Qin Yu breathed a sigh of relief, and couldn’t help bending the corners of his mouth and smiled.

Shen Liang looked up at her: “Then, what do you think is the right place for you to go now?” The

key question came.

Qin Yu hesitated for a while, but she said bluntly:

“Project director or vice president?”

She looked at him expectantly.

Shen Liang didn’t show much surprise or disgust, and his reaction was calm as usual, which made Qin Yu, who opened the lion’s mouth, relieved.

It means that it is not too much to choose!

Shen Liang pondered for a few seconds before raising his head again:

“Do you want to do the project directly?”

In his tone, he obviously disagreed.

With her ability, the projects she got in Qin before either depended on relationships or had low profit margins, and there was no real profitable project.

Obviously, her ability is not enough to support a big project.

But Qin Yu refused to accept it!

Who is this looking down on?

Qin Yu raised her eyebrows: "Can't you?"

Shen Liang paused, "I didn't say no, just..."

He hesitated for half a second, then nodded:

"Okay, one of my vice presidents is here. I have been in frequent contact with headhunters for a few days, and I plan to change jobs. It just so happens that I don't want to bear it anymore, you can directly be the vice president, and I will announce this decision at the meeting tomorrow."

Qin Yu was stunned.

It's that simple?

Does this agree?

She stared at him with wide eyes: "It's the vice president directly?"

She might really be talking like a lion, after all, she knows her own weight.

Qin's vice president, she is still cheeky and dry.

The vice president of the Shen Group has a different gold content.

The real power is in hand.

Shen Liang nodded, without any intention of joking:

"The directors of all departments are doing well, there is no reason to let them leave, and it is impossible for you to be a deputy, then you will only be tied, and the vice president is more suitable, just So decide!"

Qin Yu paused, is it too hasty?

Of course, she wouldn't say it.

She nodded blankly, "Oh, then... that's really good."

Shen Liang was taken aback, smiled, and flicked her forehead:

"Happy silly? Don't be in a hurry to be happy. , the vice president is not so easy to be a vice president. When you work overtime and have extra entertainment in the future, don't come back and shout that you are tired..."

Qin Yu returned to her senses, a little embarrassed, and bit her head and refused to admit defeat:

"Impossible, I'm the one who can endure hardship the most..."

Shen Liang glanced at her with a look of disbelief, before standing up slowly, rubbing his eyebrows:

"Okay, I can sleep now. Let's feel more at ease, let's talk about tomorrow's affairs tomorrow?"

Qin Yu smiled and put down a big rock, of course it wasn't so heavy.

"Okay, Mr. Shen, do you want me to provide you with special services?"

Obviously, it meant something.

Shen Liang raised his hand and surrendered, "Forgive me, it's already two o'clock in the morning. I've been around for two days, and the meeting will be held at nine o'clock tomorrow. You don't want to be late for your first day as vice president, right?"

Qin Yu was stunned and ran in immediately. ready to rest.

How could she forget about this?

Must rest now!

Shen Liang looked at it with amusement, as expected, he still had to rely on motivation.

Early the next morning.

Shen Liang opened his eyes according to the daily biological clock, reached out and touched, but there was no one beside him?

Chapter 1760 is too abnormal.

Shen Liang was stunned. When he got up, he saw that no one was there.

Qin Yu, who couldn't get up after he woke up and called several times before, suddenly disappeared?

He washed and dressed in shock, and there was nothing in the living room, and she could not be found in the whole house.

It's so weird!

When I called her, she seemed to be busy with something, and her mouth was vague:

"I'm going to work by myself, we're leaving separately, don't be late yourself."

After that, he hung up the phone.

Shen Liang was really dumbfounded.

Is this the sun coming out of the west?

This is too incredible!

He simply packed up, without her dragging behind, Shen Liang was really uncomfortable.

According to previous habits and time, I arrived at the company on time.

Passing employees all came in one after another, nodding their hellos to him.

Shen Liang nodded, did not react too much, and went directly to his elevator.

As soon as he went upstairs, the male assistant seemed to be busy with something, and when he saw him, he greeted him, hesitating to say anything.

Shen Liang frowned: "Speak straight."

Procrastination, mother-in-law!

He seemed to have forgotten his attitude and patience when he let Qin Yu speak directly yesterday.

It's a double standard!

The male assistant pursed his lips, "Mr. Shen, Miss Qin, that is your wife, came to pack up early in the morning, and said she was quitting..."

Although Qin Yu didn't come for a long time, she had a relationship with them. not bad.

Except for the small unhappiness at the beginning, it was generally good, and Qin Yu didn't mean to bother with them at that point of unhappiness.

Who doesn't like a rich and generous lady boss?

So when he came over early in the morning and saw Qin Yu starting to pack things in a mess, he was stunned.

she quit?

But they haven't heard of any changes in personnel?

Shen Liang slightly frowned, then eased: "I know, the high-level meeting of various departments will be held immediately, and we will gather in the conference room in ten minutes."

"Yes." The

male assistant did not dare to delay for a moment.

Shen Liang pushed open his office and saw that Qin Yu had been sitting on the sofa waiting for a while.

She looked refreshed and refreshed, with a large box on the table containing her personal belongings.

Shen Liang paused for a moment, then squinted his eyes:

"Your action is really quick enough."

Qin Yu raised her eyebrows: "Do you want to go back on it?"

Dare she be so quick, is she afraid that he will go back on it?

If he regrets it, or has the slightest thought of regret, she can eat him raw!

Shen Liang smiled, "Don't dare, Mrs. Shen has the final say."

This sentence, especially the three words "Mrs. Shen", made Qin Yu very useful.

She raised her eyebrows in satisfaction, and her proud tail was about to be raised.

If I had known that things were so easy to do, I should have made it clear earlier.

Caused so much trouble for yourself for no reason?

The secretary knocked on the door and came in, looking at the relaxed atmosphere in the office, without them discussing a series of issues caused by emotional changes, he immediately breathed a sigh of relief:

“Mr. Shen, everyone is here, are you going now?”

Shen Liang nodded and looked down at Qin Yu: “

Let’s go?”

Qin Yu nodded, stood up from the sofa, stroked the folds of the skirt that had been pressed down just now, and gave it very calmly.

The two went out one after the other and went to the conference room together.

It made the people outside feel a little puzzled:

“Didn’t we quarrel?”

“Yeah, I thought Mrs. Shen was going to quit her job, and I was scared to speak early in the morning.”

“No, Mrs. Shen never It’s so abnormal that it didn’t come so early!”

“But what happened? Xiao Li, what did President Shen want to call everyone at the meeting?”

Most of the readers are now reading this novels:-

Read Divorce Billionaire Heiress Chinese Language Chapter 1761-1765

Chapter 1761 The courageous

Xiao Li, who was cued by his colleagues, looked confused, thought about what he saw in the office just now, and shook his head even more confused:

“I don’t know anything! “

There is a lot of talk here, and the conference room is also noisy.

This impromptu meeting was too sudden, causing everyone to speculate about what happened?

When Shen Liang came in, everyone fell silent.

But it was not only him who came in, but also Qin Yu.

Everyone was even more puzzled.

Almost all of the people present have attended the wedding of these two people, and they also know Qin Yu's identity.

There is nothing inappropriate for her to participate in this middle and high-level meeting.

It's just that there is a signal that Qin Yu has officially joined the Shen Group?

Before everyone could understand this, they saw Shen Liang sitting down and said bluntly:

"Vice President Liu, have you made up the money on the account?"

In one sentence, it was like throwing a boulder on the calm water. , everyone was instantly shocked.

Vice President Liu, whose name was named, changed his face and trembled:

"President Shen...I..."

Someone next to him patted the table: "What's going on? What money?"

Now that the matter is taken to the surface, it means that the interests of the entire company are damaged, and it is the common interests of their high-level executives.

Of course it can't be revealed so easily.

What's more, many of you here are not used to Vice President Liu, who has been in the limelight recently.

"What money? What the hell happened?"

"Is the money in the account gone?"

...

Qin Yu sat in the corner and watched quietly, watching them panic and frightened, but she was very happy.

After all, the more serious the matter, the easier it will be for you to ascend.

She really admired Shen Liang. If it wasn't for her sudden proposal to take the position, she didn't know how long this Vice President Liu would stay here, or in other words, what kind of big melon would there be?

But suddenly, is it too cheap for Vice President Liu?

Vice President Liu's face was already very ugly, with a very obvious panic:

"President Shen, I will make up for the money as soon as possible, please give me another chance."

He stood up almost immediately, face With supplication.

Shen Liang's face was calm and indifferent, he pushed the document in his hand to the middle, and the documents were scattered, and everyone took it to look at it.

Seeing the above content clearly, everyone's expressions were even more stunned and shocked.

"Two hundred million was transferred by you? Vice President Liu, you have such a big appetite!"

"This happened half a month ago, and what you did is quite secretive. Are you going to abscond with the money next? "

"Mr. Shen, you must not let this kind of person continue to stay. I think it's better to call the police, get the money back, and send the person to prison!"

"Yes, I agree to do this too!"

... Shen Liang looked at

Vice President Liu calmly, his eyes were decadent, and he slumped on the chair with almost no hope.

Finally, Shen Liang said lightly:

"200 million was transferred to your account, and it was taken away by an underground casino in less than a minute. I have already investigated the clear record of the transfer, what else do you have to say? "

Not because of other difficulties, but to pay off gambling debts!

This one is so disgusting!

It's a bet, you're selling a house and selling stocks. What's the matter with you embezzling the company's money?

Courageous?

Although everyone did not scold, their disdainful eyes and expressions fully demonstrated their hatred for Vice President Liu.

I can't wait to step on my feet to relieve my anger!

Chapter 1762 Private settlement

Vice President Liu's face, trembling all over, covering his face with his hands, with a somewhat remorseful tone:

"I've invested all my money, it's really desperate, I found that casino. The person in charge of , they promised me a chance to make a comeback and get 100% repayment, as long as ten days."

An angry shareholder wanted to kick his feet:

"It's been half a month now, and you're not a child anymore. Would you believe any nonsense?

How could the company recruit a person like you back then? You are simply scum!"

Vice President Liu raised his head pleadingly:

"Mr. Shen, don't call the police, please, can this matter be resolved in private? I will definitely give the money. I want to come back!"

Shen Liang's eyes were flat:

"Vice President Liu, I really underestimate your naivety. Two hundred million yuan has been transferred to the casino and you still expect to come back?

Of course you want it, but it's not you who asked for it... "

His voice was cold and thin, with a bit of indifference and gloom.

"The police will come in a while. You'd better cooperate with the police to explain the matter clearly. If the money can be recovered smoothly, because of the two years you have paid for the company, the company and I will not pursue other losses caused by you. What do you think? ?"

Up to now, Shen Liang still looked like he was discussing, but although he looked calm and cold, he didn't actually give him a chance.

Just leave him a little mercy.

This kind of kindness is close to nothing, but for Vice President Liu, it is already a kindness.

After all, once the company pursues the investigation, the other compensation losses will add up to nearly 20 million.

He can't get the 20 million now. Because of gambling, he is about to divorce his wife. If he takes on additional debts, it is equivalent to driving a family or even two lives to a dead end.

Shen Liang seemed to be merciless, but it was actually quite good.

Qin Yu sat there and couldn't help but glance at him more.

Vice President Liu didn't think much, and could only nod his head in agreement.

Indeed, he had little hope of getting the money back on his own.

Even if he went to fight with others, he would not be able to get it back smoothly.

Things have been exposed, and there is no reason to keep pretending.

"Thank you...Mr. Shen, I'm sorry—"

Vice-president Liu bent down slightly with a trembling body and bowed to him.

The meeting room was quiet.

Then he was taken out.

The rest of the people randomly began to blatantly sneer:

"It's really knowing people, but he's still so careful in this position?"

Thanks to us being so new to him, so many projects have passed his hands, who is it? Do you know if there will be any other tricks?"

"I think they should check them all!"

"Yes, Mr. Shen, you can't let him go so easily, you should check him from the beginning, and dare to move two hundred million away, it's shameless "

It's been so long since we came to City A, and this kind of thing happened before our heels could stand firm. Isn't this a joke?

If this matter is not dealt with severely, I think some people will follow suit. These two
What if

I can't catch up with the billion?"

Shen Liang lowered his eyes indifferently and listened to their words.

Finally, after their fierce scolding, seeing that the momentum finally weakened, he spoke slowly:

"I will ask the relevant departments to cooperate in recovering these two billion. It's just a matter of time, but this position is vacant. Vice President Liu has many projects on hand, and I'm afraid it will affect the overall situation for a while..."

Before Shen Liang finished speaking, another shareholder who was passionately cursing immediately echoed:

"Yes, I don't think this position can be confirmed. Why don't we let Director Chen take his place temporarily?"

Chapter 1763 The new vice

president frowned slightly and said immediately:

"No, I think I should find a young man who thinks ahead and is active. Director Chen has been in the same position for ten years. He didn't contribute much. Putting him in the position of vice president is not going to bring down the company?"

"What are you talking about? Any young man can take the position? It's better to be safe, Director Chen is an old man, and he works. Reliable, what's not to do?"

"I think Zhou Yang at the headquarters is good, and he is very talented and young..."

"Bah, Zhou Yang is your son-in-law, you really don't shy away!"

...

Shen Liang frowned silently, his face was not very good-looking.

On the other hand, Qin Yu was not unhappy in the slightest, on the contrary, it was quite interesting to watch a group of old men who were about to go into the ground arguing with great interest.

He silently knocked on the table, and his tone was cold and solemn:

“Is there any end?” In

a word, everyone closed their mouths and looked at him with their blushing and thick-necked breath.

Shen Liang’s tone was indifferent: “I have already decided who will replace Vice President Liu. It will be Qin Yu. From now on, she will be the new Vice President. Do you have any opinions?”

Everyone was stunned and looked at each other.

Finally, his eyes fell on Qin Yu.

Qin Yu couldn’t watch the excitement, so she could only stand up and nod her head slightly and say hello,

“I’ll ask you to give me more advice in the future.”

Everyone didn’t dare to say anything more, but Shen Liang had decided that they didn’t want to get in trouble.

However, there was still an old man who couldn’t help but speak because of his age:

“She is your wife, so she can’t avoid suspicion. She is still from the Qin family...”

Shen Liang’s eyes turned cold, and he stared deeply at the speaker:

“She is my wife, there is nothing to avoid suspicion. After all, you are still my uncle. If you want to avoid suspicion, you can get out at any time.”

Shen Liang has never been so uncomfortable. You’re welcome.

The old man blushed instantly.

He was the most active in scolding Vice President Liu just now, but now he is being scolded in public by Shen Liang again.

“Shen Liang, you...”

Shen Liang was reluctant to say more, his stern face was sharp and angular, with a bit of coldness.

“Who else has an opinion?” The

implication is that anyone who has an opinion can get out.

Qin Yu didn't expect his method to be so crude and simple.

It really refreshed her three views!

President Shen is mighty!

Others didn't dare to have any opinions. One who could see his face even took the lead in applauding. The sparse applause became very enthusiastic, making Qin Yu feel embarrassed.

Fortunately, Shen Liang ended the meeting in time.

He didn't stay there, gave Qin Yu a color, and then dismissed the meeting.

Qin Yu resisted the urge to laugh and followed Shen Liang back to the office.

Once she got back, she couldn't help but burst into laughter.

When the old man passing by heard this laughter, it was as if he was scolding him in person, and he was even more furious!

He immediately ran to call his sister.

When Qiao Fan received the call, he was a little surprised.

"Cousin, what's the matter?"

"Qiao Fan, how did you teach your son?"

"That's how your son treated me. He didn't give me any face at the meeting, and he wanted me to get out of the way. He really has no manners when he grows up so big, so why don't you care about him?"

Shen Liang's mother, Qiao Fan, was scolded like this, and even her best mood was ruined. She secretly scolded that she should not answer the phone.

However, she was considered a relative after all, so she dealt with it patiently:

"Cousin, Shen Liang did something wrong, I apologize for him, you are an elder, please bear with me, after all, he is still young, and his words are not comprehensive, you should be more tolerant of him..."

Chapter 1764 is really bad luck

Her words are not light, but she can't go back.

Qiao Fan smiled, "Well, I'll ask him when I look back, and I'll teach him a good lesson. I have something urgent here, so I won't tell you..."

After she finished speaking, she hung up immediately. On the phone, her face became ugly, and she scolded unabashedly:

"What a bad luck!"

She looked up and saw that her three good sisters were still waiting for her to play cards, she immediately put on a smiley face to say hello:

"Playing cards, playing cards! It's just a little thing."

Sitting opposite Qiao Fan was Qin Yu's mother.

She raised her eyebrows: "Small thing? What did Shen Liang do, and someone else complained to you?"

Qiao Fan curled his lips: "No, I thought it was a child, I have long since ignored the company's affairs and sued him. There's no benefit, but some people just don't understand this truth!"

Mother Qin paused, "Did Qin Yu cause trouble recently?"

Qiao Fan rolled her eyes at her:

"You can say a few words less! My son My daughter-in-law is very well behaved. She commutes to and from work without being too bitter or tired. Early this morning, I originally went to the company to deliver soup, but when I saw my daughter-in-law went to work before dawn, she was better than mine. My son is still conscientious!

Where can I find such a good child who is so hard-working and motivated now, I really don't see it wrong, Shen Liang is not worthy of her!"

Qin's mother twitched the corners of her eyes and muttered in a low voice:

"Did you see the wrong person? Are you talking about my daughter?"

Qiao Fan snorted coldly, "How can I misread my daughter-in-law? Impossible! The mark of a successful woman is selfless work, and she has already done it!"

Mother Qin: "... The

other two also nodded their heads in praise:

“Qin Yu is always clever and smart, so you have to ask too much. Can't you see how good your daughter is?”

“That is, don't they have a group of celebrities? I looked at the girls in the group, and they all Treating Su Nan and Qin Yu as idols is like a five-body admiration!”

Qiao Fan nodded with satisfaction, agreeing with what they said:

“That's right, especially after they got married, I found the shining point in Qin Yu's body. It's too much, my son is busy with work all day long and doesn't know anything about life.

But the two of them have very suitable temperaments, they are just like a talented woman and a natural pair!”

Qin's mother frowned speechlessly, always feeling that what they said Not his own daughter.

But forget it, how can you be unhappy when you hear others compliment your daughter so much?

She smiled lightly, “I hope so, but at first I was worried that if the two were not in a relationship, there would be some small problems in the direct marriage, and they still needed to be adjusted.

But now it seems that I am overthinking. Qiao Fan smiled, “

That's right, you think too much, the two of you are so good, it's too late to meet each other!” The

four of them raised their heads and laughed.

...

Shen Liang's office.

After Qin Yu finished laughing, she sat on the sofa clutching her stomach. Shen Liang silently poured her a cup of hot water:

“How happy you are, how can you still make yourself laugh?”

Qin Yu held back her laughter, but she was very The aggrieved look is a little playful and vivid:

“Isn't it funny?”

“Not good!”

Qin Yu paused, “Actually, there is no need to be so angry with your uncle, after all, it is the uncle...”

Shen Liang Looking at her helplessly:

“Aren’t you happy when I slapped him?”

It was obviously for her sake, how could this little conscience still say such sarcastic words?

Chapter 1765 She wants to walk sideways.

Qin Yu’s ninja jumps for joy, suppressing her inner excitement:

“Happy is happy, I’m afraid you will be embarrassed.” She pretended to be generous.

Shen Liang couldn’t see what she was thinking, he chuckled lightly, bent over and pinched her blushing face.

“What’s the problem? You are my righteous wife. It’s a matter of words to let you sit. Those who want to oppose it are all humiliating themselves.”

Although Qin Yu didn’t want to laugh, she had to say, Shen Liang’s words really touched people’s hearts.

Completely satisfied her vanity.

His wife, Shen Liang, can go anywhere she wants, not to mention a mere vice president?

She looked at him with a smile on her face:

“Then I can walk sideways in the company?”

Shen Liang raised his hand:

“You can walk as you want!”

Qin Yu jumped up excitedly and threw himself on top of him. He kissed him on the cheek:

“Thank you, husband!”

Shen Liang was shocked by the sudden action, but fortunately, he hugged her quickly so that he wouldn't fall down.

It was so careless.

Before she could start to reprimand her, she suddenly heard someone knocking on the door outside, and the assistant opened the door and came in:

"Mr. Shen, the police are here..."

After speaking, he paused.

His face was like a cooked crab, and he quickly withdrew: "

I... I didn't see it, I didn't see anything!"

die!

The two people in the office were a little uncomfortable.

Shen Liang put Qin Yu down, his face was inexplicably dark:

"Zhao Huan is not here, the rest of the people are really unruly."

Qin Yu raised his eyebrows: "It's nothing, just hug..."

Shen Liang He glanced at her meaningfully, tidied up his clothes, and looked at the box she put on the sofa:

"Wait for the vice president's office to be vacated in a while, let someone clean it before you move in, and you will see Some unclean things."

Qin Yu nodded heavily, wanting to be serious, but with some unexpected meaning:

"Thank you, President Shen for your concern!"

Shen Liang was stunned, and walked out without saying anything.

Qin Yu sat for a while, the heat on her cheeks dissipated, and then she walked out slowly.

As soon as she went out, the eyes of her former colleagues could not wait to stick to her.

Qin Yu looked very stressed.

How much psychological pressure it takes to endure it!

She pretended to be casual and walked to the pantry, and a female colleague next to her gave her a meaningful look.

Then, just as Qin Yu was about to say something, the female colleague glanced at her again and quickly lowered her head.

Qin Yu was confused.

She became the vice president, no one congratulates her?

When the female colleague gave her a third look, Qin Yu finally couldn't help it.

She put the cup in her hand heavily on the table and looked at the female colleague.

This female colleague had a good relationship with her before, why is she hesitant now?

"I know you have a lot to ask me, just ask!"

Asking is better than guessing in private!

The female colleague looked at her, pursed her lips, couldn't help her curiosity, and looked at her colleague not far away.

A look that allowed her to seize the opportunity and ask hard.

She gritted her teeth:

"Mrs. Shen..."

Qin Yu's expression changed, "Stop, call me by my name." What are

you doing, Mrs. Shen, for fear of letting others know that she came in through the back door?

The female colleague coughed:

"Qin Yu, are you alright? I heard from Xiao Jiang just now that we were all hesitating, should we send you a change of clothes?"

Most of the readers are now reading this novels:-

**Read Divorce Billionaire Heiress Chinese Language
Chapter 1766-1770**

Chapter 1766

Qin Yu, an expert in love, froze, and his eyes slowly moved to her meaningful face, very confused.

“Why are you sending me clothes?” The

female colleague looked around and blushed a little embarrassedly:

“Aren't you in the office...that one?”

She smiled and leaned closer: “I usually look at Mr. Shen very serious, but I didn't expect it to be quite interesting, but why don't you close the door, now everyone knows...”

Qin Yu's face turned red all of a sudden.

Completely red!

I think she is also a master of love, who can say a few jokes wherever she goes without frowning.

At this time, she was told by her colleagues that she could not wait to find a crack to dig in.

“I, I, I... We didn't happen anything, just hugged!”

She explained in a low voice through gritted teeth.

The female colleague looked at her with an expression of “I understand, don't pretend”:

“What are you afraid of, you are a legitimate boss, no one dares to talk about you, we all understand the love of husband and wife!”

Qin Yu breathed a sigh of relief. Come on, I almost choked myself.

understand what?

Do you understand how she seduced Shen Liang in broad daylight?

Office play?

She really wanted to find a wall and hit her to death!

She obviously didn't do anything, but in everyone's eyes, she did everything!

Can't explain it!

Explanation is cover up, cover up is fact!

She felt that she had encountered a Waterloo of integrity in her life.

In this place where she was planning to show off, there was such an affair, what would her colleagues think of her in the future?

That's fine, the point is that you didn't do anything!

The female colleague came up and asked her in a low voice,

"I heard that Vice President Liu has come down, and you took over the position of Vice President Liu, is that true?"

Qin Yu nodded stiffly.

But she always felt that the female colleagues' eyes were full of jokes, and it seemed that there were a lot of things she couldn't say, and none of them were good words.

Could it be related to what happened just now?

The female colleague clapped her hand, and said in a jealous tone,

"I really envy you, what do you want!"

Qin Yu stood there helplessly, and had given up the idea of explaining.

No matter how you explain it, their misunderstanding will only deepen.

Forget it, I was originally going through the back door, so let's just go on misunderstanding.

Fortunately, they are husband and wife, not morally corrupt!

"Don't envy me, I'm just lucky."

Qin Yu forced a smile, she was lucky to marry Shen Liang.

She said she couldn't stay any longer.

The eyes of those people not far away could not wait to stare out a hole in her body, trying to think of some erotic things from the pleats on her body.

Under this kind of pressure, Qin Yu could only lower his head and run away casually!

I hope that this rumor will not spread any more, otherwise she will be really shameless!

In the end, it's all Shen Liang's fault!

Qin Yu lowered her head and pushed the door casually into a room.

As soon as I entered, I regretted it.

There were five men in police clothes sitting there, along with Shen Liang and a director of the company, as well as Vice President Liu.

When Qin Yu entered, he attracted everyone's attention.

Shen Liang's reaction was very calm, he beckoned, "Come..."

Come here, it's better to come in than to face those gossip eyes outside.

Qin Yu smiled, but she still went to the other side of Shen Liang and sat down.

Facing the questioning eyes of the police, Shen Liang explained:

"This is the newly appointed vice president of the company, who took over the position of vice president Liu. It will be beneficial for her to listen to her future work."

Shen Liang said so, police comrade Of course they have no opinion.

Everyone continued to target Vice President Liu.

Chapter 1767 Another possibility is that

Vice President Liu's state is worse than just now.

You may also feel that there is nothing to struggle with, and you can only honestly explain what you know.

The police comrade asked the question that had not been answered satisfactorily just now:

"Vice President Liu, how did you contact the owner of the underground casino? Did you go there alone for the first time? Or did someone take you there?"

Vice President Liu The general looked at Shen Liang with a gloomy expression, and every word was diametrically opposite to his original intention of sitting in this position.

However, no amount of regret can bring everything back to the way it was before.

“I went alone. At that time, when I was just in the position, I had a lot of entertainment. Everyone was holding me, and there was a wine party almost every day.

Once I drank too much, the people around me had already left one after another. I also want to Let's go, there's no one else on that street, so I didn't know how to get to a door. I didn't know it at first, but only after I got in did I realize that it was an underground casino...”

Vice President Liu lowered his head. I regretted:

“Since then, it has been out of control. I also won a lot of money at the beginning, and then I was recommended to play a few games in the big game. The bet is bigger and more enjoyable, so...”

He didn't go on.

The latter things can be imagined.

It's nothing more than one trap after another, in order to make him jump, give him some sweetness to make him float.

The result...

After a few seconds of silence, Shen Liang, who had never interrupted, suddenly said:

“Do they know your work? Did you propose the embezzled money, or did someone guide you to do it? ?”

In a word, everyone's mind was instantly tightened.

In the eyes of comrades in the police, maybe this is a case where an individual is bewildered by an underground casino, and only falls into the mud step by step.

But in Shen Liang's eyes, he unconsciously thought about another reason.

Is it a deliberate stumbling block from your peers? After all, the branch of Shen's Group has just come to City A, and the cake is so big. If you eat more, others will eat less, and it will naturally become a thorn in the eyes of many colleagues.

The working capital on the book is only five or six hundred million. Vice President Liu is not courageous enough, and only moved two hundred million.

Once everything is removed, you don't have to think about it, the branch will be paralyzed here, all projects will be suspended, and even city A will no longer be able to get along.

If it is deliberately guided by humans, then this also involves commercial competition, and it is necessary to be more vigilant.

Vice President Liu's face changed slightly, thinking about the front and back, and shaking his head with a pale face:

"President Shen, there is no one, the night I went in, it was really a coincidence, no friends from the mall appeared in that casino, how could anyone guide me? What?"

Shen Liang pondered for a moment:

"Tell me down the list of the people you entertained with that night, and the people you met."

He was always vigilant.

Vice President Liu nodded.

Afterwards, the police comrade asked a few more questions. Vice President Liu was worried that Shen Liang was here. He didn't dare to hide a word, and said everything.

After a while, the police asked to leave.

"In view of the fact that the company called the police, the person should have been taken away for interrogation, but Vice President Liu has performed well. There are still many areas to be investigated in this matter. When you need to know, I hope you can cooperate."

Vice President Liu did not dare to No, nodding immediately.

"Yes, I will cooperate well, comrade police."

Policeman: "Go home and tell your family. Our people will follow you all the time. After two hours, we will return to the police station and start the detention process. It should not take too long to be convicted in the court."

Chapter 1768 Change it, change it

. The police comrades said it very simply, as if Vice President Liu could go home after finishing his work.

But he knew it was impossible.

Even if the two hundred million were recovered, his charge was a certainty.

Shen Liang is so tolerant, but because the money has not been recovered, there are still many places where he needs to be used.

Vice President Liu also understands in his heart.

I have no choice but to cooperate to the end.

He nodded, turned to look at Shen Liang, and then followed the police away.

After everyone left, Qin Yu sighed:

“Two hundred million...”

Shen Liang saw her distressed look, and was suddenly a little relieved that she realized that it was not easy to make money as soon as she took office.

Just as she was about to say something to praise her, she heard her regretful tone:

“How many bags can I buy?”

Shen Liang closed his mouth and looked at her calmly and smiled:

” It doesn’t matter, I still have money to buy the bag.”

Qin Yu’s mood improved in an instant, and she hugged his arm and shook it:

“I knew my husband had money!”

Shen Liang: “... ..”

Qin Yu: “But you didn’t know it just now, why didn’t you call the police in the first place?”

Shen Liang hesitated for a while, but still said,

“Because I suspect someone behind his back, the money was originally used for an important project. Come on, once the money is gone, some insiders will definitely come over and take the opportunity to do something, so don’t you know where the money really goes?”

Qin Yu’s eyes widened, she was a little stiff, and her mood was very complicated for a while:

“You already have a plan? Then why are you still... Because of me?”

It was because she suddenly proposed to be the vice president, in order to After moving her position, he pulled Vice President Liu down and let her take the position.

All this for her?

Qin Yu's heart was heavy for a moment, but under the pressure, there was a hint of sweetness.

This is no small sum.

Two hundred million, for Shen Liang, the money-making maniac, gave up his plan so lightly?

Because she's so important, isn't she?

Just when Qin Yu was immersed in self-movement, Shen Liang interrupted her imagination:

"Because I found that he was not satisfied with the two hundred million, and he wanted to continue to move money. In order to stop the loss in time, I had to Expose everything."

After saying that, she saw her face become a little indescribable, and when he turned his voice, he quickly added:

"Of course, it's because of you!"

Qin Yu looked at him and smiled reluctantly:

"I really thank you."

How important do you really think you are?

It turned out to be a timely stop loss?

Qin Yu took a deep breath, and the emotion in her heart was swept away.

She just lifted her foot and left, "I'll stay in my office, you can go back..."

Shen Liang vaguely felt that Qin Yu was angry again?

He chased after him, and as soon as the door opened, the people outside looked at the two of them dodgingly.

Want to see, but dare not see.

At a glance, it seems like you can see many storylines!

Shen Liang sensed something was wrong, and followed Qin Yu in, where it had been cleaned.

Qin Yu sat on the chair very satisfied and swayed, patted the uncomfortable chair:

“I want to change a chair, Su Nan has a good chair, ordered from Switzerland...”

Shen Liang Nodding: “Okay, then change it.”

As long as she is happy.

“However, why do I feel that people outside are not quite right, why are they always looking at me?”

Qin Yu was stunned for a moment, and then smiled meaningfully:

“Maybe you think you are good-looking?”

Why?

She can understand why!

Chapter 1769 Take a good look

at the two people who are at the center of the gossip storm. Right now, the lonely man and the widow are in the same office. Although they are serious husband and wife, they will inevitably be regarded as a joke.

Gossip is the most attractive.

Shen Liang was not satisfied with her answer, and then planned to call someone to check.

But before the number was dialed, Qin Yu told him bluntly:

“Don’t ask, if you ask, everyone will only feel that you are more guilty.”

“What do you mean?”

Qin Yu raised her eyebrows, very leisurely. He turned the chair and smiled:

“Because your assistant saw us hugging each other in your office just now, he thought we had just done a sport, this matter has been spread all over the company!”

Shen Liang’s face From surprise, to shock, to stiffness.

Just a few seconds.

Qin Yu looked very funny, she should have told him earlier, because his reaction was so interesting.

Thinking about what I was worried about just now, it's nothing.

It's him who should really be worried!

Shen Liang's face sank, and it was terribly ugly:

"Xiao Li Chuan? He doesn't have to go to work!"

I've never seen such a stupid assistant, who can't look at people without saying anything, and always makes trouble for the boss!

Shen Liang couldn't bear it anymore!

Qin Yu put her chin on her hands and smiled: "Forget it, they're just joking. Besides, we're married, so it's not shameful, they'll pass it on!"

Shen Liang looked at it with a complicated expression. She glanced, gritted her teeth, and said nothing.

But it can be seen that he is not relieved.

How could he not be angry when he and Qin Yu were passed on like this?

The people below are really getting more and more unruly!

He thought about it, pushed the door and walked out, the sound of the door closing was deafening.

Qin Yu hummed softly, and she didn't have to worry about the rest.

Anyway, with Shen Liang here, she just needs to do her own thing well.

...

After Ms. Qiao Fan finished playing mahjong, she took Qin's mother to the company to visit Shen Liang and Qin Yu.

Qin's mother is reluctant to go, after all, it is her son-in-law's company, and she is diligent in going, which may make it difficult for Qin Yu to do it.

She has always drawn clear boundaries.

Especially after Shen Liang and Qin Yu got married.

Qiao Fan had to take Qin's mother over to take a look, otherwise, he would definitely be criticized by his son and watch her closely.

If his mother-in-law went, he would have no reason.

The two didn't know their own reasons, but they couldn't stand Qiao Fan's enthusiasm and went together.

Qin's mother went downstairs and wanted to call Qin Yu so that she could be prepared.

Qiao Fan hurriedly stopped:

"We call this a surprise attack, so we can know the way they get along now. If we knew in advance, if we didn't have the opportunity to act, it would be unreal.

You don't want to see the reality of your daughter now. What is life like?"

Mother Qin was moved by these words, but she followed helplessly.

The people at the front desk naturally recognized Qiao Fan at a glance. Isn't this President Shen's mother?

"Mrs. Shen, I'll inform President Shen..."

Qiao Fan smiled and stopped, "No need, we'll just go up by ourselves."

The people at the front desk naturally didn't dare to stop them, watching the two graceful and luxurious women get on the elevator side by side.

Although the identity of the woman next to Qiao Fan was not introduced, at first glance, the aura was different, the skin was well maintained, and there was a faint scrutiny, which was not the same as ordinary wealthy ladies.

How is it different?

Chapter 1770 The out-of-control picture The

front desk pondered for a long time, but could not find the answer.

Qiao Fan and Qin's mother went upstairs, the elevator stopped halfway, and two employees came up.

I heard two employees whispering and discussing gossip.

“Is it true? You saw it with your own eyes? President Shen and Secretary Qin are really struggling to control themselves in the office?”

When they were discussing, they were only excited, but didn't notice that there were two women in the elevator.

The faces of Qiao Fan and Qin's mother tensed for a moment, and they all pricked up their ears to listen.

Another employee: “I can't see it with my own eyes. It was said by the assistant next to Mr. Shen. He saw it with his own eyes. That scene was so exciting that it made my nose bleed!”

“After all, they are newlyweds, right, I From the inside of the system, it has been notified that Secretary Qin is no longer Secretary Qin. Vice President Liu embezzled public funds and was taken away. Secretary Qin became the Vice President and took over his position.

We should pay attention to the name in the future, and we can't call Mrs. Shen either . . , I want to call Vice President Qin!”

“Yes, yes, or Vice President Qin has the ability. I thought she was an assistant, but I didn't expect to become Mrs. Shen in a blink of an eye?”

“I never expected that, President Shen So a serious person, who usually doesn't smile when he sees people, even falls under a woman's pomegranate skirt?”

“No, when I went out to socialize with President Shen before, a beautiful woman came over to toast, deliberately He poured wine on him to attract his attention, and as a result, he was stunned to make people lose money, losing a full 150,000 yuan, and the beauty's salary for a few months was gone...”

“Hahahaha, Anything else?” The

elevator arrived.

The two employees left with a wide-eyed smile.

The remaining two stood there silently and awkwardly.

However, it can be seen that the two of them did not expect to encounter such a hot gossip as soon as they came!

And also his son-in-law and daughter.

The whole company knows...

Qiao Fan coughed and smiled dryly:

“It seems that we are worried for nothing, the relationship between the two is very good!”

Otherwise, can such gossip spread out? ?

But this is too outrageous!

Qiao Fan gritted her teeth. Although she can understand that young people are out of control and sometimes can't control themselves, how can this kind of thing be known to the world?

And even she and Qin's mother knew about it.

She even regretted it a little, and brought Qin's mother to visit the class.

I don't know what Mother Qin thinks of this serious son-in-law?

Her mind turned quickly, and just as she was about to find a place for her son to go down, Mother Qin responded dryly:

“Yes, yes, I thought it would take a while for them to break in, but I didn't expect to think too much!”

Said After that, the two fell silent again.

Until the elevator stopped and reached the top floor.

When the two left the elevator, someone saw Qiao Fan.

“Mrs. Shen, you're here, I'll tell President Shen...”

Qiao Fan coughed and nodded.

She didn't dare to rush into the office.

In case they see an indescribable picture and are bumped by two elders, it will be enough for them to be embarrassed for a lifetime.

Qiao Fan and Qin's mother waited patiently.

In less than two minutes, Shen Liang came out of the office and looked at Qin's mother next to Qiao Fan, and was stunned for a moment.

Subsequently.

He hurriedly greeted him with a respectful and polite tone:

“Mom, why didn’t you call me, I’ll pick you up?”

Qin’s mother was always satisfied with Shen Liang, but she was a little embarrassed to hear their rumors just now.

But now it’s not embarrassing, everyone consciously forgot.

Most of the readers are now reading this novels:-

Read Divorce Billionaire Heiress Chinese Language Chapter 1771-1775

Chapter 1771 is also a good thing

. Qin’s mother smiled and smoothed out:

“You are busy, your mother and I are just hanging out.”

Qiao Fan looked at his son with a bit of coldness in his eyes. How can he not see how he is ingratiating with his mother-in-law?

This son is really white!

Shen Liang took them to his office.

Before he said anything, he watched Qiao Fan dig in, left and right, even the lounge and bathroom, as if he was looking for something?

Mother Qin looked embarrassed.

Shen Liang was helpless, “Mom, what are you looking for?”

Qiao Fan: “Where’s Qin Yu? Why aren’t you together?”

Shen Liang rubbed his eyebrows: “She has her own office now, and of course she won’t be in my closet. Inside...”

He gritted his teeth and watched Qiao Fan even find a place to hide under the wardrobe.

Is this looking for Qin Yu? Or looking for a junior?

In front of Qin’s mother, this is too shameless.

Qiao Fan brushed his hair, then walked back and sat down very calmly:

“Then why didn’t you tell me earlier?”

Shen Liang: “...”

Qin’s mother smiled, “That girl didn’t give you anything. Trouble?”

Shen Liang sent Qin Yu a message to tell her, and answered Qin’s mother’s words:

“Of course not, Qin Yu has a very good foundation for work ability and strong learning ability. You taught him well at the beginning.”

While holding Qin Yu, he did not forget to compliment his mother-in-law.

Qin’s mother seems to be very satisfied with these words. Who doesn’t want to hear people say that their daughter is good?

Although she knew there was a bit of moisture in those words.

But she is also happy to see Shen Liang defending Qin Yu, which shows that the relationship between the two is very stable!

Qin’s mother smiled, “I know her skills, but you guys are really nonsense. I just heard them say, how can Qin Yu be the vice president?” As

soon as the voice fell, the door opened.

Qin Yu ran in carelessly, “Why can’t I be the vice president?”

Even though she said so, she ran behind Qin’s mother and hugged her from behind:

“If you want to kill me, Mommy, you will too. Now that I have time, I have to make an appointment when I see you later!”

Qin’s mother smiled helplessly, “That’s right, I don’t want to see you yet!”

Qin Yu snorted hypocritically, and walked over to lie on Qiao Fan’s back and act like a spoiled child :

“Listen to what my mom said, she doesn’t want to see me yet, maybe she secretly cried several times behind her back!”

Qiao Fan was really so cute by Qin Yu’s behavior, she made up her mind to do it when they got married. A good mother-in-law.

The standard of a good mother-in-law is to maintain the proper boundaries and not to interfere in the affairs of young people.

But she didn't expect that Qin Yu didn't have any sense of boundaries for her at all.

This made Qiao Fan flattered.

It's just like your own daughter-in-law!

She put her arms around Qin Yu's shoulders, "No, your mommy is a tough mouth, don't you know her yet?"

Qin's mother rolled her eyes at them and chuckled:

"Don't put gold on your face, I'm very busy overall. Are you still thinking of you?"

Shen Liang always knew that Qin Yu always had the ability to make people around her like her, so seeing her and Qiao Fan together, more like a mother and daughter, was not surprising.

He smiled before answering Qin's mother's question sternly:

"Let Qin Yu be the vice president. First, there is indeed a lack of someone in the company to take this position.

Second, her ability is more suitable for this position, whether it is right or wrong. The company is still in her own interests, and it is a two-way decision. It is not a random decision.

Besides, the board of directors has been convened, and this decision is unanimously agreed by everyone. "

Chapter 1772: The twisted melon is very sweet.

Shen Liang's words gave Mother Qin a reassurance and let her rest her heart be relieved.

She originally thought that Qin Yu was incompetent, and her status would make the company's employees dissatisfied.

But after hearing what Shen Liang said, she thought a lot.

Since it's a two-way benefit, what's there to worry about?

These words made Qin Yu blush a little embarrassed.

Shen Liang really didn't change his face even when he lied, he clearly asked for it by himself, and he could still say it in such a high-sounding manner, as if she was forced to take the position.

Besides, the things that happened on the board of directors are still vivid in my mind. It is not unanimous agreement, but the voices of opposition have been suppressed.

However, that's fine too.

Qin Yu looked at Shen Liang with joy.

When Shen Liang finished speaking, he looked up and saw her. Qin Yu took the opportunity to wink at him and raised his eyebrows. Shen Liang was stunned, and then lowered his head and continued to talk to Qin's mother warmly.

When Qiao Fan saw this scene, his heart burst into joy.

Between them, it seems to be better than everyone imagined.

Who said twisted melons are not sweet, this pair is like sprinkled with saccharin.

Several people chatted and laughed for a while, and Shen Liang took everyone to dinner.

He was supposed to be entertaining, but Qin's mother was here, so it was not good to be absent, and he had to be thorough, so the entertainment was pushed aside.

A happy meal, there will never be a cold place with Qin Yu.

At nine o'clock in the evening, Qin's mother rejected the proposal to sing on KTV, and decided to go home to take a beauty sleep.

Qiao Fan still held Qin Yu's hand, "If he makes you angry, don't be polite, try to clean him up, I will never feel bad, if you are bored, come find me, I am always there."

Qin Yu happily Nodding, "Okay Mom, I think you are the most reasonable in the entire Shen family. If it wasn't for you, I wouldn't be so kind to him!"

Shen Liang: "..."

Qiao Fan has an understanding expression, looking at her with a little more enthusiasm!

Shen Liang sent Qin Yu home first, and Qiao Fan temporarily asked him to go home to get a copy of the project book that had been left at home. Shen Liang believed it to be true and went around in circles.

In the middle of the car, Qiao Fan handed over the driver to pick him up and asked him to park the car on the side of the road and wait.

Shen Liang was a little confused: "Didn't I want to take you home?"

Qiao Fan sneered: "Do you think I really want you to take me back?"

Shen Liang nodded, otherwise?

Qiao Fan took a deep breath silently:

"When we went to the company today, we heard a lot about you."

Shen Liang frowned.

Qiao Fan immediately said: "It's not that we deliberately inquired about your private life. As soon as we entered the company, everyone was blatantly discussing, what kind of office, etc.

Of course, I understand that you are young and energetic, but you are anyway. Think about it for her, it's not easy for a girl to make a difference in her career, if she gets caught up in these messy remarks, no matter how great she is, no one will really admire her ability."

Qiao Fan To be rude, she knows what virtue her son is, and will not pay attention to unexpected remarks.

But he doesn't care about himself, he can't ignore Qin Yu's cuteness!

So she had to warn him!

Shen Liang endured it, feeling that he had nowhere to be ashamed, and reluctantly planned her words:

"Mom, it's all a misunderstanding, nothing, we just hugged..."

Chapter 1773 The consciousness is very high

, and even he didn't take the initiative. He blamed the male assistant. If he succeeds, he has more than failure, but he is the first to spread gossip.

Qiao Fan smiled dryly, not believing him at all.

"That's what I said, just listen to your heart."

She coughed and pushed the door to get out of the car: "Okay, go back, don't make her wait too long."

Of course Shen Liang couldn't let her alone. The people were waiting on the side of the road, very helpless:

"I'll take you back."

Qiao Fan firmly refused, "No!" As

the stalemate, a Porsche not far away came over, Qiao Fan smiled:

"My driver is here, Go back."

Shen Liang was helpless, and after watching her get into the car and leave, he turned the car and went home.

Thinking about it, a lot has happened today.

But...

when he stopped downstairs, he sent a message to the company's HR.

That night, the male secretary received a transfer notice, and was transferred from the president's assistant to the logistics department.

Let him roll far away, so as not to get in the way.

After Qin Yu returned home, she enjoyed her alone time very much.

It's like going back to the time before marriage, it's not too cool!

When she was in the bath, she called Su Nan, and it took a while for Su Nan to pick up.

"Miss Qin, you're not an alarm clock now, and you start ringing at night again?"

Qin Yu snorted coldly, "Why not? I'm the vice president now, how busy I am!"

Su Nan was shocked for a moment:

"Really? It's so sudden? When did it happen?"

Although Qin Yu didn't want to show off, but her complacent mood really didn't want to digest it alone, so she had to let her girlfriends know about it!

"Today, let me tell you, I found that Shen Liang is quite reliable..."

Qin Yu happily told Su Nan everything before and after.

Su Nan still agrees with her words, which is quite reliable, much more reliable than she imagined.

“I thought Shen Liang was a straight man, but I didn’t expect him to be quite good at it.”

Qin Yu smiled: “Yes, he is very conscious, he can understand it with just a little touch, and it saves a lot of trouble!”

So she always has a feeling of finding a treasure.

Su Nan seemed to know her happiness, and bent her lips unconsciously, “Congratulations to you then !

“

Not touch.

Su Nan smiled, looked up and saw Shang Qian came out with the fruit and put it in front of her.

She glanced at it and said she didn’t have time to eat.

Shang Qian simply picked up a piece of fruit with a fork and fed it to her mouth, and gestured with his mouth:

” Open your mouth—”

Su Nan opened her mouth subconsciously, and the cherries came to her mouth.

She chewed a few times, and as soon as she lowered her head, Shang Qian put his hand to her mouth and asked her to spit the nucleus into his.

Not the slightest disgust.

The whole action is familiar and smooth. This is a common scene these days, and Su Nan is completely used to it.

Shang Qian’s carefulness, where did this go?

The two looked at each other, their eyes glued to each other.

As soon as Shang Qian approached her, he kissed her and rewarded her for eating fruit obediently.

Qin Yu heard why she didn't speak on the phone, and paused, "What are you doing?"

Su Nan swallowed the fruit, "Nothing, go on?"

Qin Yu doubted:

"Shang Qian is at home?"

Su Nan took it for granted He responded :

"Yes, right next to me, do you want to talk to him?"

Qin Yu frowned, and Shang Qian's voice sounded without any surprise:

"Congratulations, Miss Qin!"

Chapter 1774

Qin Yu paused, and her tone couldn't help but rise:

"Shang Qian has been by your side just now?" Did
n't the third person overhear what she said just now?

Su Nan smiled, "No, he just came."

Qin Yu breathed a sigh of relief, "Are you okay now, is the baby obedient?"

Referring to the baby, Su Nan smiled and touched his belly:

" Alright. Yes, there is no reaction, it doesn't affect my work and earning money!"

Qin Yu chatted for a long time until she heard a sound at the door.

It is estimated that Shen Liang came back, and she hung up the phone in a hurry...

Before Su Nan could react so suddenly, the mobile phone was taken away by Shang Qian.

"Don't look, maybe President Shen is back, and Miss Qin shouldn't call again."

Su Nan clapped her hands, she thought so too.

This little girl who has forgotten her friends.

Shang Qian touched her hair with a smile in his eyes:

“The stewed bird’s nest is almost done, I’ll bring it to you?”

Su Nan swallowed, “Forget it, it’s too late now, you will feel guilty eating. “

Shang Qian hesitated for a moment, and knowing her worries, he exposed it with other topics.

However, after reading the document for a while, Shang Qian came over with the bird’s nest:

“It’s still warm, you can taste it, it’s the same as not eating it, and you won’t gain weight.”

Su Nan now has a professional nutritionist coming. Counseling her about her pregnancy diet, and Shang Qian’s willingness to intervene in every detail, so their family didn’t let the servants live at all.

Only when Shang Qian was too busy to get away would he ask the servant to come to the rescue temporarily.

But Su Nan didn’t care about this, because the attention Shang Qian and the Su family gave her didn’t make her worry about being ignored at all.

At first, Su Nan felt that it was because of her pregnancy that Shang Qian was so careful and considerate.

Although before she became pregnant, he never ignored any of her little things.

However, pregnant people are always willing to think more, or go to the horns.

Gradually, for a few days, her body became unwell, but several types of drugs could not be used. She couldn’t sleep all night, and cried uncomfortably.

Shang Qian went to the doctor without telling her, and got the medicine back.

Before going to bed, Shang Qian wanted to coax her to take medicine, but Su Nan noticed it.

“What if there is a problem with eating and a little fool is born?”

Su Nan was really aggrieved and uncomfortable. She felt that it was too difficult for her, and she regretted that she was pregnant.

Why are you getting married so early?

Although in the eyes of outsiders, she is still so beautiful and dazzling, but she always feels that she is not free and easy enough.

Shang Qian coaxed her gently:

“It’s okay, just be stupid, I don’t want you to suffer forever.”

Only then did Su Nan realize that his eyes were full of red blood.

She forgot that she couldn’t sleep for a few nights, and he stayed with her. He kept massaging and pouring water for her, even more tired than her.

Fortunately, after that period of time, the nutritionist team around her paid more attention to the balance of her body and did not dare to be careless at all.

Thinking about it now, Su Nan felt very inexplicable.

Why should Shang Qian love her or the child in her womb?

She should love the baby with him.

while sleeping.

Su Nan huddled in his arms honestly, Shang Qian asked her to lean into a comfortable position, patted her on the back, and began to tell her a story.

I don’t know when I started to develop this habit. The stories are all made up by him at will, and each small story is different.

And there will be accidents that cannot be connected by logic from time to time, but Su Nan still listens with relish...

Chapter 1775 He didn’t think about it

. Shang Qian’s voice was particularly nice in the middle of the night, as if it had the effect of a lullaby.

Unconsciously, she fell asleep.

Shang Qian saw that she was falling asleep, and after a while, he quietly got out of bed and left, went to the study, and dealt with company affairs.

the next day.

The weather suddenly turned cold, and when Su Nan woke up, the light outside was still a little gloomy.

Shang Qian knew her habits, and it was impossible to force her to recuperate at home. She enjoyed working too much, although she often fished at work.

Early in the morning, when he finished the meal, he called her warmly. Su Nan was blindfolded and didn't want to get up, so he lay in his arms and dawdled.

It's early in the morning, and he can't touch it, so he doesn't feel very well.

He restrained and called her up, his voice hoarse:

“Get up quickly, don't be fooling around.”

After Su Nan fanned the flames on him, he was content to go to wash up.

As a result, he pulled him back to the bed, lowered his eyes, and looked at her deeply:

“If you really don't remember, why don't you ask for a leave today?”

Su Nan touched his lower abdomen, it was hard and felt so good, this is hers, she can touch it whenever she wants.

While touching, he shook his head in embarrassment:

“There's no reason, I can't be lazy!”

Seeing this clever little appearance, he was simply challenging Shang Qian's bottom line.

He took a deep breath, bowed his head and kissed her.

Seeing that he couldn't take it anymore, Su Nan began to regret that he shouldn't provoke him too hastily in the early morning.

In the end, she could only helplessly beg for mercy, she really couldn't be late, there was an important meeting in the morning, Su Qi was on a business trip, and she had to attend.

Shang Qian's eyes were red, and he wiped the corner of her lips with his thumb, looking at her with a little more pity, how could there be such a delicate little girl?

But it can be regarded as a long memory for her.

He got up and took her, who had no strength, to wash up. He was about to help her change her clothes. Su Nan couldn't help kicking him out.

In the end, he sent her to work, and when he was leaving for a kiss, he happened to see Yu Lou waiting for her at the door.

Seeing her get out of the car, he hurried up to meet her:

“Mr. Su...”

In order to ensure that there is always someone by her side, there will be someone to protect her regardless of whether she is going to work or off.

Su Nan didn't refuse either. Anyway, he wasn't someone he hated. There was no harm in paying more attention.

As soon as Shang Qian left, Yu Lou looked at her for a while, a little hesitant.

Hesitant to speak.

Su Nan glanced at him, “Speak straight!”

Yu Lou pursed his lips, and took out a clean mask from his pocket:

“How about you bring this in?”

Su Nan frowned and brought it over, “Why? ?”

Yu Lou took out a round vanity mirror from his pocket and handed it to her:

“See for yourself.”

Isn't it just a parting kiss?

Isn't it just a few hours apart?

Does it need to be so intense?

President Su's lips were bright red and slightly congested, who couldn't see what was going on?

Yu Lou was embarrassed to take a second look, for fear of making her feel frivolous.

Su Nan was stunned when he saw his lips, and immediately took out the mask and put it on.

Wearing it while walking, he explained weakly:

“My lips may be allergic, that's all, don't think about it...”

Yu Lou: “Okay, Mr. Su, I didn't think about it. Oh...”

Hehe, it's all fake, it's all excuses.

He has seen it with his own eyes, does he need to think about it?

Su Nan glanced at him angrily, so perfunctory, didn't he just think about it?

Immediately, I was suffocated for a while, and I couldn't help speeding up my steps, walking like flying.

Yu Lou immediately chased after him.

Chapter 1776 Chain Reaction

Everyone passing by didn't even have time to say hello, just to see the two figures running in tandem.

Fortunately, it came on time and did not delay the meeting.

Su Nan went in with a mask, and everyone else arrived.

The director of the project department has sent the new proposal to her:

"President Su, I have already told San Shao about this project, but he does not agree with our competition plan. If we do not prepare in advance, we will follow the development momentum of our opponents. , is likely to become a threat to us!" It can be seen that the director is already very eager for this project.

A team of newly graduated college students temporarily established a company.

It is this unremarkable company that has become a thorn in their eyes at this time.

No other reason.

As soon as the website they designed was launched, it attracted the attention of a lot of traffic. In just half a year, it became the target of everyone competing for investment and acquisition.

But these people are very smart, they accept high investment, but they do not accept being acquired.

It is not limited to petty profits and immediate vested interests.

Seeing, there is a sense of boundless future.

It happened to collide with a long-term investment project of the Su Group. They have been working on this project for two years. When the time is right, it will be launched, and it will definitely be a hit.

But at this juncture, this group of newly founded teams suddenly appeared and went online ahead of time, stealing all their limelight.

This meant that their preparations for the previous two years were all wasted.

Because their superiority is far less fast than their innovation, their projects can only face the status quo of stillbirth.

Su Nan knew about this, and Su Qi also knew.

Su Qi meant to give up this project.

After all, they were grabbed first, and their traffic was unstoppable. If the Su Group released a similar website at this time, the effect would not be very good, but it would be counterproductive.

They thought of the worst result, plagiarism, stealing traffic, plagiarizing newcomers' works...

This is a very serious blow to a group that values reputation.

Su Nan is very clear, so she has been hesitating about this matter recently, whether to give up or not.

It's a pity to give up. A lot of money has been invested in this project, and giving up is a waste.

But if you don't give up, those negative effects can be a chain reaction.

A heated discussion started at the meeting.

Except for the people in the project department, everyone else advocated giving up. They wanted to save the entire group and didn't want to be in danger.

But how can the people in the project department be reconciled?

This is a project they have been working on for two years.

“Mr. Su, we can’t give up like this. Even if we are a step late, they have not registered the trademark. We have already done all the preparatory work two years ago, and then we can explain it to the public directly.”

“Who will listen to you? Saying this? Stop doing useless work...”

“Yeah, it’s still too late to stop your losses now!”

...

Su Nan listened quietly, looking to the side of the silent Tang Tang. Kay.

It has been three months since he returned from Juli Group, and his growth is rapid, so Su Nan did not skimp on talents and gave him better treatment and a higher position.

“Tang Kai, what happened to the things that you were asked to investigate before?”

As soon as she made a sound, everyone consciously stopped arguing.

Tang Kai sat upright and looked at her with a straight face:

“Mr. Su, the people I sent have learned about Zhengyi Technology. Most of the team of Yan Lu, the general manager of Zhengyi, are fresh graduates.

Yan Lu himself is also in the After graduating from a domestic university, they went abroad for further studies and came back to found Zhengyi Technology.

As far as I know, although they are short of money, they also know that they have a baby in their hands that can make money. Before that, many angel investors offered to ask for shares, but they were all rejected.”

Chapter 1777 Acquisition Difficulty

Meeting.

The person sitting next to Tang Kai couldn’t help but snorted coldly:

“I really take myself seriously, and I don’t want any money. He wants to eat it into a fat man? I don’t know what the sky is high and the earth is thick!”

“That’s right, not at all. Give him money, I see how he can go on without money, maybe he will declare bankruptcy in less than a month!”

“Tang Kai, how did you arrange people to go to work? Is what you know true?”

.....

Seeing that everyone was arguing again, Su Nan rubbed his brows and his tone couldn't help becoming cold:

"He hasn't finished yet, you have to discuss it later."

Everyone looked at each other, shut up with pursed lips.

Although it was a little unpleasant, I didn't dare to say anything. Those present here who occupy important positions in the company have to look at Su Nan's face and act, and they will definitely not dare to resist.

As for the other shareholders, Su Nan just entered the company with a series of tricks to make people panic. Even if those shareholders have a little face in front of Su Yifeng, they will lose a single point when they come to Su Nan.

No way, who asked the Su family to hold her?

Tang Kai cleared his throat, looked at everyone, and continued:

"Obviously, Yan Li means that he wants huge investment, but given very little report, his intentional shares only account for 10%, and there is no any The right to speak."

After speaking, everyone's expressions changed.

Su Nan frowned slightly, 10% of the shares, and no right to speak.

Is this strict law really very confident in your company?

"Young people who have just started their own businesses, of course, are willing to regard themselves as the second richest man in the world. They don't want to pay too much from the beginning, which is expected..."

Su Nan said lightly, looking at He glanced at Tang Kai, then said "dismissed" and stood up and left.

Before everyone could react, people had already left the conference room.

But it was rare, everyone didn't discuss it, and it could be seen that Su Nan was quite angry.

Yu Lou and Su Nan entered the office, and then Tang Kai also came.

Su Nan poured herself a cup of fruit tea, took a sip and put it down, then slowly relieved her mood.

Tang Kai sat opposite, his face was not very relaxed:

“President Su, is this acquisition going to continue? The people who sent it have collapsed. If they send someone over, Yan Lu will sit on the ground and raise the price, knowing how much we have. If you want it, then you will lose the initiative.”

Su Nan certainly understands that, if an investor takes the initiative to talk too many times, it will only give the investor an inexplicable confidence.

Not good for the negotiating situation.

However, the acquisition of Zhengyi Technology is the most beneficial method for the Su Group. Only in this way can Zhengyi Technology be included in the bag, and the project of the Su Group can be successfully launched, so that it will not attract others. siege.

But how to acquire it is the biggest problem.

Yu Lou poured a cup of coffee for Tang Kai, Tang Kai quickly got up and thanked him, Yu Lou patted him on the shoulder, and did it with a smile.

Su Nan took a deep breath: “How many partners do they have? Do they have the right to speak?”

Tang Kai: “In addition to Yan Li, there are three brothers in total, and they have the right to speak, but they basically obey Yan Li. The two are more inclined to technology, by the way, Yan Lu has a girlfriend, and I heard that they are getting married soon.”

Su Nan nodded, the girlfriend did not participate in the company’s affairs, which means that it does not play an important role.

She looked at the computer screen in front of her, swiped her fingertips, and looked at Yu Lou:

“Make an appointment with Yan Lu for me to have a meal together.”

Yu Lou nodded, “Yes.”

Chapter 1778 He is very important

Tang Kai frowned, obviously not understanding:

“Mr. Su, if you go in person, wouldn’t it be too grand.”

Su Nan smiled, “It is a grand occasion. But it can also be understood as an ultimatum.”

But of course it won’t be the last time, it’s just to give Yan Lu a psychological pressure.

Tang Kai breathed a sigh of relief and nodded, "Then I'll accompany you?"

Su Nan shook his head, took a sip of the fruit tea, "No.

"

Su Nan made up his mind to meet this young man, naturally he would not bring such a
If many people go, it will only give the young man a delusion that "he is very important".

The appointment with Yu Lou went very smoothly, and the location was in the office building of Zhengyi Technology.

Before going, Su Nan changed into a more casual skirt and a pair of soft-soled sneakers. These shoes were bought by Shang Qian who did not know where they came from, saying that they were the most comfortable to wear for shopping.

Su Nan didn't wear it a few times, but this time it felt really good, like stepping on a cloud.

Yu Lou looked at her smugly in the office, admiring her shoes in a hurry, wondering if she should rush her?

Seeing that she also took out her mobile phone, she took a few pictures of her shoes, and she didn't know who to send it to, and then she took the mobile phone and chatted.

Of course, Su Nan sent it to Shang Qian.

Shang Qian replied quickly: "Do you want to go out?"

Su Nan: "Let's talk about an acquisition. By the way, aren't you very experienced in acquisitions? Would you like to teach me something?"

Shang Qian hesitated for a long time, "How about me? Go with you?"

After a while, I don't know how to teach it?

Su Nan refused: "That's no use, commercial secrets are prohibited from leaking."

Shang Qian: "..."

When you make money, you remember that it is a commercial secret!

Su Nan put down her phone, picked up her bag, and went out.

"Let's go?"

Yu Lou breathed a sigh of relief and immediately followed.

The driver was waiting downstairs. Since Su Nan was pregnant, she seldom went out to talk about things in person, and this time was an exception.

Arriving downstairs, Su Nan looked at the building, which was a bit old. She knew that this place, in the outer ring of the city center, used to be very prosperous, but with the construction of the city center, it gradually declined.

However, the rent and cost performance are very high, and many entrepreneurs like to make their first pot of gold here.

Yu Lou walked behind her with a briefcase in his hand. Seeing how fast she was walking, he couldn't help but be a little worried:

"Mr. Su, please walk slowly and pay attention to your health.

" Step forward.

When he got to the elevator, Yu Lou couldn't help but

say, "Your pregnancy hasn't been announced yet. They'll take coffee in a while, so you have to hold back and don't drink it!"

Having followed Su Nan for so long, he naturally knew that Su Nan was right. The love of coffee, but it has been restrained after pregnancy.

But thinking about Shang Qian's instructions to him, he must keep an eye on her all the time, and don't be careless.

Yu Lou was even more afraid to take it lightly.

Su Nan clicked his tongue: "Why are you so long-winded?"

Yu Lou said weakly:

"In special circumstances, I'm afraid you will forget."

Su Nan rolled his eyes, not wanting to defend himself.

As soon as you got out of the elevator, it was a cramped and narrow corridor, a little dark, and the location could not be seen clearly.

Fortunately, the lights are voice-activated, and as soon as Yu Lou stomped his feet, it turned on.

Going out and looking at a relatively clean and bright front room, I felt a little comfortable.

There was a beautiful young lady in the front hall. Seeing Su Nan coming over, her eyes lit up:

“Is that Miss Su?”

Chapter 1779 It is absolutely impossible that

Su Nan was wearing sunglasses and nodded.

“Please...”

Su Nan and Yu Lou followed.

Yu Lou was a little unhappy. After all, with Su Nan’s identity there, Yan Lu didn’t come out to pick up people in person, but let a front desk come out instead?

This is too much of a shelf, isn’t it?

However, there was nothing strange on Su Nan’s face, so he walked in.

It’s just that the lady at the front desk looked back at her from time to time, wanting to take a closer look, but was worried about something.

Su Nan noticed the sight in front of her and smiled at her friendly.

The lady at the front desk shivered and immediately turned her head, not daring to look back.

The inexplicable Su Nan: “...”

Is she so scary?

Turning a corner and reaching the door of an office, the lady at the front desk coughed:

“Miss Su, we are waiting for you inside, please come in.”

Su Nan nodded and glanced outside subconsciously, several workstations Occupying the main area, it doesn’t look like a programmer’s style.

But everyone was busy with their own affairs with their heads down, and they didn’t notice her at all.

Mmm, what a professional!

Su Nan thought so, and felt a little more favorable in his heart.

In this way, it seems that it is possible to get more money.

Pushing the door and entering, Yan Lu stood up and walked over to greet her:

“Miss Su, it’s a pleasure meeting.”

Su Nan raised an eyebrow and smiled: “It’s a pleasure meeting.”

Yan Lu looked different from what he imagined. He wasn’t a very serious and outdated type. He was tall and thin, with very white skin, but he was a little bit handsome.

He didn’t look like a fresh graduate, but he was mature and steady, like a business veteran.

Not easy to deal with.

This was Su Nan’s first instinct.

But that’s right, otherwise, how could the name of Zhengyi be made into a sweet spot that investors want to gamble on in just a few months?

The area in the office is not large, but it is clean and tidy, and there are not many bells and whistles. The simple gray tone is in line with men’s preferences.

Sitting on the sofa, the front desk lady just brought three cups of coffee.

Su Nan raised her eyebrows, is the front desk still in charge of secretary work?

But soon, Yan Lu let her go out with a calm face, and the lady at the front desk looked at Su Nan reluctantly before going out.

Yan Lu was speechless and looked at Su Nan and explained:

“Sorry, that was my girlfriend just now, because she knew that today was a female client, so...”

Su Nan was very clear. He nodded with a look: “Understand.”

It turned out to be his girlfriend, no wonder...

Yu Lou took out the prepared documents and handed them to Yan Lu.

Only then did Su Nan speak sternly:

“Mr. Yan, I believe you have been in contact with the people in our company before. If you are dissatisfied with the conditions, you can bring it up.”

Yan Lu looked at the document in front of him, and pursed his lips:

“Su Nan The conditions are always better than others, but there are too many things, 51% of the shares, it is absolutely impossible.”

Su Nan smiled and looked at his resolutely refused appearance, The expected reaction.

“Fifty-one percent of the shares, we take out 200 million at once, which is equivalent to grafting all the risks on ourselves. You don't need to take any risk factor, it's not a loss...”

Yan Lu pursed his lips and shook his head as if he didn't want to enter the market.

“If I lose control, I will be passive. So what does this company mean to me?”

Once the opponent has more shares than him , then sooner or later the company will have to surrender.

The meaning of his entrepreneurship is not to make wedding dresses for others!

Chapter

1780 Su Nan was silent for a while, looking at the sunshine outside the window, his heart also calmed down.

The opposite Yan Lu refused to let go, determined that no one wanted the sweet pastry in his hand.

The higher bidder gets it.

Of course you have to choose what is best for you.

Su Nan wanted to drink coffee, but held back in the next second.

She looked at the work station outside through the window. The people outside were not as calm and calm as when they first came in. Instead, they gathered together and said something, seeming to be very enthusiastic, looking at them in the office.

Su Nan was lost in thought for a while.

Suddenly, she turned to look at him:

“Mr. Yan, are you really sure that your project will be successful when it goes live?”

Yan Lu was taken aback.

Su Nan smiled, lowered his head and pondered for a moment before opening his mouth:

“As far as I know, this project has already been registered, even if you are very smart to release it first to seize the opportunity, but it is difficult to pass the department review. There will be a lot of troublesome procedures and even lawsuits in the future, and these situations will not benefit you in any way.”

Yan Lu’s expression changed and his eyes flickered slightly.

No one paid attention to this, only Su Nan paid attention, indicating that their company’s audit procedures are more standardized and stricter than other companies.

This kind of project generally only wants to solve the problem after the investment is obtained.

Because most investors only see immediate benefits and rarely take a long-term perspective.

But Su Nan was different.

He seemed to be underestimated.

Yan Lu pursed his lips and pondered: “I believe this matter will be resolved, and I will find a lawyer to handle this matter.”

He originally planned to wait for the investor to take the money, and then find the best lawyer to file a lawsuit, or pay a sum of money. Money is also understandable, which is not worth mentioning for the entire project online.

Su Nan smiled and his eyes flashed:

“You can’t solve it, Yan Lu, let me tell you the truth, the series of procedures for this project were completed by my Su Group two years ago.”

Yan Lu’s face Shocked, slightly whitish.

“Su’s Group...”

He thought that the project could get such a high price because of its unlimited prospects. Apart from the Su’s Group, other investors also made high capital contributions, but the required shares were even more excessive. , even eighty percent.

The Su Group he intended was not to pay 200 million in stages, but to give 200 million in one go, asking for 51% of the shares.

In terms of the market, this requirement is not excessive, but he found it cheap.

But he has confidence in his project, not to mention that the other party is the Su Group, he feels that he can make more points and get better conditions.

Therefore, he refused all the negotiators sent by the Su Group, with full self-confidence, and did not refuse to meet other investors, because he wanted to create an illusion for the Su Group, and he would sign at any time.

Soon after hearing that Su Nan's assistant Yu Lou personally called to make an appointment to meet with Su Nan, Yan Li told himself directly that his goal would soon be achieved.

Su Nan couldn't wait.

Indeed, she couldn't wait.

But the news she brought was enough to make people drink a pot.

Yan Lu's voice was cold and hard: "Miss Su is joking with me?"

He seized the opportunity to launch this project, so he did not investigate which company was behind the procedures at all?

If it is any family, he has confidence.

But it happened to be the Su Group.

Su Nan smiled, the smile was very gentle, without the slightest coldness:

"Do you think I will joke with you?"
