

Read Divorce Billionaire Heiress Chinese Language Chapter 176-180

Chapter 176 I am rich and powerful

Chapter 176 My rich and powerful

Su Nan glanced at her impatiently, so noisy!

“Yueyue, what are you talking about?”

A woman walked over not far away, wearing a dress very solemnly, with a calm and elegant manner, with a professional smirk, looking a little familiar.

Like what TV show?

Su Nan glanced at her and frowned slightly.

Zhong Yue snorted coldly, walked over and pulled her arm.

She raised her eyebrows and looked at Su Nan with a very proud tone.

“Su Nan, do you still need an introduction? The daughter of Hanghai Group, the big stars who have won the movie queen, Lin, Jin, Ru!”

Oh, she remembered.

Lin Jinru, the big star who has been criticized for her acting skills, who has been squeezed into the ranks of first-line female stars entirely by variety shows and character design?

But Su Nan’s focus was on the second half of her sentence.

The daughter of Hanghai Group?

Su Nan’s slightly drunkenness suddenly sobered up a lot.

So she still has this identity?

“Miss Su, hello.”

Lin Jinru stretched out her hand with a gentle and harmless smile.

Su Nan nodded, not intending to shake her hand.

After all, she's in a bad mood, so there's no need to be polite...

and someone who can be with that foreigner Zhong Yue is probably not a good bird.

She glanced up and down at Lin Jinru, and smiled and hooked her lips.

"Big star..."

Lin Jinru smiled and retracted his hand, pretending not to mind.

"Miss Su, don't mind, Yueyue is from country H and daughter of Xingyue Group in South Korea. It's been less than a month since she came to China, so she doesn't understand some things."

She turned to look at Zhongyue with a smile.

"Don't promote my identity everywhere, keep a low profile, I don't want people to misunderstand me, I have something to do with my family today."

Zhong Yue heard this, looked at Lin Jinru with admiration and admiration, and glared with disgust and disgust. A glance at Su Nan.

"Of course we, Jinru, are different from someone else. Even if we have a strong family background, we always rely on ourselves to fight for our careers. Unlike Su Nan, you do things with a little money in your family, and hook up with others... .."

Su Nan raised her eyebrows and glanced at Zhong Yue coldly.

She even used "a little money" to describe Su Nan?

It is the fearless of the ignorant!

Her eyes fell on Lin Jinru's embarrassed smile.

The words just now, must be in the connotation of yourself?

"My family is rich and powerful, why are they like you?"

Su Nan sneered and dismissed it.

It was clearly jealousy, yet he said it so righteously?

Is the Hanghai Group also comparable to the Su Group?

Lin Jinru's face froze, but she still kept a decent smile, explained with a smile, and her voice was gentle and dignified.

“Miss Su, don’t mind, Zhong Yue is outspoken and has no malice.”

Su Nan sneered.

“Speaking straight is incompetent, not malicious.”

It’s really a barking dog.

However, from Su Nan’s point of view, Lin Jinru in front of him was deeper than Zhong Yuecheng’s.

Zhong Yue had just come to China, so she didn’t know Su Nan, and she didn’t know her details.

Then Lin Jinru, don’t you know?

Or, she has such a good relationship with Zhong Yue, but she didn’t tell her Su Nan’s identity?

Zhong Yue’s face turned pale when she heard Su Nan’s words.

Viciously wanting to see Su Nan’s disappointment, he directly told her about Lin Jinru.

“Su Nan, what are you proud of? Let me tell you, our Jinru is not only a big star, she is also Fu Yechuan’s childhood sweetheart. Hanghai Group is about to marry Fu’s Group. I tell you, you are out of play!”

“Yue Yue, I haven’t gotten engaged yet, so don’t say it...”

Although she said that, she didn’t deny it.

Lin Jinru shyly looked up at Su Nan, as if confirming what Zhong Yue said.

Marriage?

Su Nan chuckled lightly, no wonder he dared to be so confident?

No wonder Yu Lou saw that the people from Shi Dongxin and the Navigation Group were with Fu Yechuan.

It seems... true.

“What are you afraid of?”

It’s all set in stone anyway. The Fu Group is a giant in the entire business world. Isn’t your family a small and broken company, Su Nan?

It wasn't worthy of Fu Yechuan, and we Jin Ru will be Mrs. Fu soon. Who would dare to underestimate you in the future?"

Zhong Yue looked at Su Nan coldly.

She lifted her chin slightly, wanting to see Su Nan's terrified look.

"Buy yourself some hot searches for your self-righteousness, do you really think it's so endearing?"

Shamelessly grouped yourself with the names of President Fu and Su Qi, someone's face is really thick... Su Nan's

eyes narrowed, and just as he was about to speak, he saw Ning Zhi hurried over from not far away.

"Whose dog has such a stinky mouth?"

She spoke bluntly.

Lin Jinru and Zhong Yue both knew Ning Zhi, the big man in the fashion circle, offended her, and their future would be dark.

Even Zhong Yue from country H is familiar with Ning Zhidao's name.

After all, Ning Zhiliao's big show, no H country artist has received an invitation.

"Boss Ning, I misunderstood, Zhong Yue didn't mean that..."

Lin Jinru was interrupted by Ning Zhi as soon as she spoke.

"Your dog, then tie it up, don't let it out to bite people!"

"She is from country H and doesn't understand domestic affairs..."

Lin Jinru explained...

"Oh, still A dog of a foreign breed? Then you have to teach her more, what is politeness?"

Lin Jinru was embarrassed and didn't know how to refute, her character has always been gentle and elegant, so she couldn't scold her for Zhong Yue, right?

That would offend Ning Zhi, and the gains outweigh the losses!

Zhong Yue's face turned pale, and just as she was about to start cursing, she looked at a person who came out of the crowd.

Su Qi...

She was stunned for a moment.

His perfect facial features are simply the type that God would like to eat. He walked closer, with a bit of laziness and doting on his face, and walked towards Su Nan.

"Little Ancestor, how much did you drink..."

He completely ignored other people in his eyes.

He looked straight at Su Nan, looked at her wearing high heels, frowned slightly, and knelt down in front of her.

He opened the handbag in his hand, took out the latest CELINE ladies' flat shoes, gently held Su Nan's ankle, and changed her shoes without hesitation.

This scene completely shocked the people in front of him.

Zhong Yue's face was pale, and there was disbelief in her eyes.

Su Qi...how can you treat Su Nan like this?

He is an international superstar...

How can Su Nan match?

There was an almost inaudible snort in the air, and Su Nan raised his eyes and glanced at Zhong Yue.

Her voice was indifferent, with a hint of banter.

"Su Qi, I heard that you spoke ill of me outside?"

"What?"

Su Qi didn't know what to say, and devoted herself to putting on her shoes.

As if in front of her eyes, there is nothing more important than putting her shoes on.

His fingers circled around her heels, making sure there were no bumps that would rub her feet, and he was relieved.

This scene, everyone inadvertently glanced, can see.

Similarly, Fu Yechuan, who came in a hurry, stood in the crowd, and when he saw this scene, his face became extremely ugly.

...

Chapter 177 You are wrapped up

Chapter 177 You were trapped

Lu Qi snorted, you really careless about the influence...

After Su Nan got divorced, she really let herself go.

But before Su Nan could continue to speak, Zhong Yue stepped forward excitedly.

Looking at Su Qi, he asked him angrily.

“Emperor Su, tell us in front of everyone, did Su Nan force you to do this, and did she threaten you?”

Are you...are you being raised by her?”

Zhong Yue seemed to be It was hard to say those two words, but he gritted his teeth and said it anyway.

“Don’t worry, no one here will tell you, Suying Emperor, as long as you admit it, we will find a way to save you... We will definitely let you escape from Su Nan’s clutches!”

As if, what kind of devil is Su Nan? like?

Su Qi’s back froze slightly, sneered, stood up suddenly, and looked at Zhong Yue who was talking.

The voice is cold and rude!

“Who are you? Are you sick? Go home and take medicine when you are sick, don’t make yourself uncomfortable!”

Su Nan raised her eyebrows, and Ning Zhi looked at each other, both of them looked like they were watching a good show.

It’s rare to see Su Qi so angry!

Su Qi actually became the one who was wrapped, which is simply insulting him!

Zhong Yue was scolded by her idol, her face was ugly, and her momentum just now weakened obviously.

Seeing this, Lin Jin stepped forward and pulled Zhong Yue, biting the bullet and apologized for her.

“Emperor Su, don’t be angry, Zhong Yue is a newcomer from the H country who has just entered the circle. She doesn’t understand the depth of the circle. She is just worried about you...”

Su Qi glanced at her blankly.

“Who are you?”

Lin Jinru’s face was completely unbearable, and she was very embarrassed.

Relying on her connections in the circle, she also won the movie queen, and she thought she was firmly seated as the first sister.

But a powerful actor with a detached status like Su Qi bluntly didn’t know her.

It shows that she doesn’t have a good work at all. Compared with Su Qi’s nationality, she has no advantage at all!

Originally, she wanted to borrow Zhong Yue’s mouth and give Su Nan a call for Ma Wei, but now...

for a while, she was embarrassed and couldn’t get off the stage.

“I...”

Lin Jinru swept his eyes inadvertently, and suddenly saw a man who was independent of the crowd, with outstanding temperament, indifference and dignity.

She looked at Fu Yechuan and took a step forward, as if she had seen a savior.

He looked at her with a gentle and familiar smile.

“Mr. Fu, you’re here...”

Lu Qi pushed Fu Yechuan, looked at him with a dark face, and couldn’t help asking him.

“You still know Lin Jinru?”

Everyone’s focus suddenly became Fu Yechuan, staring at him.

Fu Yechuan frowned, his face was heavy, and his voice was cold and indifferent.

“I don’t know.”

His eyes didn’t stay on Lin Jinru’s face for more than a second!

He kept staring at Su Nan’s expression.

Bright and beautiful, with a cold temperament, no matter where he is, he is the existence of the stars holding the moon.

What is the so-called big star Lin Jinru?

Standing with Su Nan, even the slightest advantage is gone.

All the scum that was killed in seconds was left!

Fu Yechuan felt more uncomfortable and complicated when he saw that she had changed so much after her divorce.

Finished.

For a moment, the atmosphere seemed to freeze, and Lin Jinru’s body stiffened.

The gentle and decent smirk on that face could hardly hold back.

Su Nan spoke, breaking the calm.

He smiled casually, unable to hold back his sarcasm.

“President Fu doesn’t even know his fiancée?”

They admitted it to themselves just now. If they deny it now, wouldn’t it be a slap in the face?

She looked at Lin Jinru and smiled meaningfully.

Su Qi couldn’t help but add oil and vinegar to the side.

snort lightly.

“I said who would dare to be so arrogant, it turns out to be President Fu’s fiancée?”

Fu Yechuan’s face was ugly and livid, he frowned slightly, and his eyes were fixed on Su Nan.

“What fiancée?”

His voice was deep.

When did he have a fiancée?

He doesn't know it himself?

Everyone couldn't help but look at Lin Jinru.

Can a famous star lie?

At this time, Lin Jinru's face was also a little uneasy. It was originally that Lin's father had plans to marry the Fu family, but recently he got closer to the Fu family, thinking that the Fu family also had the same intention.

Of course she was happy to see it happen.

Married to Fu Yechuan, her status as Lin Jinru is unmatched in the circle!

But I didn't expect that Fu Yechuan didn't know it at all?

He strode over, his eyes didn't take off from Su Nan for a moment.

The voice is deep and charming.

“Su Nan, when did I have a fiancée?”

Also, how far have you and Su Qi developed?

The tacit understanding between them and Su Qi's excessive concern made Fu Yechuan very unhappy!

Su Nan raised his eyes and glanced at Fu Yechuan lightly.

His eyes fell on Lin Jinru and Zhong Yue again.

“Then ask Miss Lin and her friends...”

...

Chapter 178 You were dumped

Chapter 178 You were dumped

Zhong Yue was just overwhelmed by Su Qi's anger and didn't react at this time.

Hearing Su Nan's words, he looked up dully.

Everyone is looking at her.

The atmosphere of silence has a tense intensity.

Somewhat strange.

No matter how stupid she was, she realized that something was wrong.

But their marriage was told to her by Lin Jinru himself...

He even showed her a group photo of Chairman Fu and Lin Jinru's father... The evidence is overwhelming!

She looked at Lin Jinru as if asking for help.

"Sister Jinru..."

At this time, Lin Jinru looked at Fu Yechuan.

It looks like he doesn't have any intention of making a move for himself.

And in front of so many people, let Su Nan question him.

Unlike gossip reporters, these people don't have to ask questions.

Silence alone is enough to be embarrassing enough.

She bit her lower lip with difficulty, made up an excuse, and found herself a step down.

"Probably... It's a misunderstanding between the elders. It's just a joke. Miss Su and President Fu don't need to take it seriously."

Su Qi couldn't help sneering.

Unceremonious cynicism.

"It turned out to be fake. These days, even a fiancée can pretend to be a liar. The threshold for a liar is really getting lower and lower."

A hat was put on his head, and Lin Jinru's face was pale.

She is a star, if this matter is known to the media...

Before he could explain anything... Su Nan couldn't help but yawned. Seeing this, Su Qi immediately took the bag in her hand.

Holding her shoulders, she glanced at the people around her.

"Let's go back, what's the fun with other people's affairs?"

Su Nan nodded and looked at Ning Zhi, "Together?"

"Of course."

Ning Zhi took her things and left with them.

After they left, Lin Jinru wanted to restore the image in Fu Yechuan's heart, walked over, and said hesitantly.

"Mr. Fu, I just heard about the marriage from my family. I wanted to wait for the matter to be settled..."

Before she could finish her sentence, Fu Yechuan interrupted her coldly.

"Don't think about it without a shadow." One

sentence, like cold water poured on her head.

Completely extinguish her daydreams.

Marriage?

It can never be settled.

Lin Jinru's face was gray and defeated. After watching him finish speaking, he raised his legs and left without the slightest emotion, chasing Su Nan's back and leaving.

Su Nan...

"Sister Jin Ru, what are you afraid of? Why does Fu Yechuan care about that woman so much?"

Zhong Yue couldn't help asking.

Really angry.

Su Qi, who is out of reach, actually lifts Su Nan's shoes in person?

hate her!

Hearing Zhong Yue's words, Lin Jinru clenched his fingers instantly.

She smiled and explained to Zhong Yue.

The sound was deliberately amplified.

"It's not that I'm afraid, in fact, I think the same as President Fu. I don't want to get married yet. I'm in the rising stage of my career. How many directors are looking for me to make an appointment..."

The pressure of marriage from my family is too great. Okay .

Now, I don't have to worry about offending President Fu..."

Hearing this, Lu Qi heard the hypocrisy and exaggeration in the female star's words...

chuckled lightly. , he didn't do anything, didn't expose her, turned and left.

"Su Nan..."

Fu Yechuan chased after him, and happened to see Su Nan get on Su Qi's co-pilot and was about to leave.

He walked over with a calm face, and glanced at Su Qi with a cold look in his eyes.

"I'll take you back."

Su Nan frowned, don't look away.

"No need."

He didn't want to say a word.

"By the way, talk to you about the repair fee."

Fu Yechuan added.

Su Nan rested her head on the car window with one hand, and the breeze came, making her feel cool and comfortable.

She raised her eyes loosely.

"Mr. Fu, shall I compensate you for a new car?"

He doesn't need to fix it.

She directly paid for a new one and begged him not to bring it up again and again!

Fu Yechuan stood there, his eyes were cold, and he refused righteously.

“No, I want this car now.” It

has to be repaired!

Su Nan laughed angrily, if she couldn't see that he was deliberately embarrassing her, she would have lived in vain!

“Then just say a price.”

Fu Yechuan stood there, his eyes were dark and deep, like a deep sea that could not be seen to the end.

He didn't speak for a while.

Can't speak.

Because once she said it, he had no reason to contact her.

Su Qi honked his horn impatiently, and turned his head to look at Fu Yechuan.

“Mr. Fu, you just wanted to touch Ci'er after you were dumped?”

Fu Yechuan's eyes were filled with chills.

He didn't forget the scene where Su Qiguang was wearing his upper body at Su Nan's house.

Every time I think about it, I feel a dull pain in my chest.

Coupled with today's behavior, his anger was almost unstoppable.

Looking at Su Qi's eyes, there is an undisguised chill.

“Su Qi, don't mind your own business.”

His voice was extremely indifferent.

Otherwise, no matter how high Su Qi's status in the entertainment industry is, he will still have a way to ruin his reputation!

Su Nan interrupted him impatiently.

“Mr. Fu, go back and send me the price, and I’ll transfer the money to you.”

After speaking, he looked at Su Qi.

“Drive.”

Su Qi snapped his fingers, “Yes.”

They ignored Fu Yechuan’s cold low air pressure, stepped on the accelerator, and disappeared from his eyes!

...

Chapter 179 The one who was hacked was me

Chapter 179 The one that was hacked was in my car.

Ning Zhi couldn’t help but speak.

“Little Si, Fu Yechuan’s attitude seems a bit strange, will he like you?”

Su Nan sneered, remembering what he said to Ringo in Ringo’s company.

“How is that possible? Do you think that the marriage that Lin Jinru said is groundless?”

If someone hadn’t mentioned it, how could she have directly adopted the name of Fu Yechuan’s fiancée?

Ning Zhi frowned, “You’re right, but the Fu family wouldn’t want to marry Hang Hai, right?”

“Never mind...” Su Qi sneered.

Su Qi sent Ningzhi back and took Su Nan directly back to the old house.

It wasn’t until the next day, early in the morning, that Su Nan hadn’t woken up when he heard the noise downstairs.

She squinted her eyes and walked downstairs, and heard Su Yifeng scolding Su Qi in a full-fledged manner.

“You’re not even better than Su Xiaohu, let’s see how you implicated your sister!”

Su Nan rubbed his eyes and went downstairs, “What’s wrong?”

Uncle Steward found the morning's hot search headlines.

What a catchy title...

"Su Nanbao – Raising Su Qi, there is an improper relationship between the two!"

"The actor Su has fallen into Xishan, and it is suspected that he has fallen into the arms of a rich woman!"

Su Yifeng's face was ugly, and his eyes were cold. Killing intent.

"Look, if he doesn't act, who will pay attention to who he is!"

Su Qi lay on the sofa aggrieved, pounding the edge of the sofa.

Shouting without image.

"My dear daddy, it's me who got hacked..."

Is there a mistake?

Why is he still being scolded?

"You have the guts to tell your sister that you are implicated?"

Su Yifeng snorted coldly, "Look who is behind the scenes, you mustn't let it go!"

Su Nan sighed.

"As of now, I think the best way to clear up the rumors is to announce the identity of the third brother."

Su Yifeng hesitated, "How embarrassing the actor he bought with money..."

Su Nan: "..."

Su Qi: "?"

So, that's why, don't you recognize me?

He's the best actor for his ability, okay?

He suddenly understood his family status.

Su Qi in the eyes of outsiders: The scenery is infinite and unattainable!

Su Qi in Su Yifeng's eyes: Get out of here!

Inside the studio.

Zhong Yue looked at Lin Jinru worriedly, things on the Internet became more and more noisy, and Su Qi became like a despicable mouse that everyone yelled at.

She just wanted to teach Su Nan a lesson and blackmail Su Nan to death.

It's better to never turn around.

Keep Su Qi away from Su Nan.

I didn't expect to make things so big, and even cause Su Qi to be scolded!

"Sister Jinru, will this be bad for the actor Su? I'm worried..."

Lin Jinru smiled and comforted her.

"Yueyue, don't worry, the exposed platforms are all old friends, you are measured, this time the target of Su Nan, not Su Qi.

What has she forced Su Yingdi into? We have to help him..."

Fortunately, at the reception last night, there was a photo of Su Qi half-kneeling to lift Su Nan's shoes.

That gesture, in the eyes of outsiders, was extremely humiliating!

Sure enough, As soon as it was sent out, it aroused enthusiastic reactions on the Internet.

How could the actor Su, who is like Qingshan Langyue, carry shoes for the rich woman?

It's really shocking!

"Is it too much, Su Nan has no hands? "

Is that aloof posture, really thought it was the Queen Mother?" "

I feel sorry for my film emperor Su..."

"Fortunately, it wasn't my baby Yu Fei who knelt down for her, otherwise I would go to her desperately!" "

...

Just when Lin Jinru thought that this time, she could change Su Nan's perfect image in the past and give her a headache... The

heat lasted less than two hours, and the situation was shocking. A big reversal.

In the name of the company, the Su Group issued a lawyer's letter and clarification to pursue relevant responsibilities.

Two simple sentences.

The style of the copywriting used to announce Su Nan's identity is the same. ——Su

Qi, Su of the Su Group, Su Yifeng's Su, Young Master Su and Miss Su have been wronged!

Su Nan posted a message on his account.

"My brother is an actor! "

Su Qi forwarded and replied: "My sister is the president!" "

Suddenly, the popularity rushed to the first place more enthusiastically than before, domineering and occupying the top spot. All of a

sudden, the server of the platform was crowded and paralyzed!

"Emperor Su hides his identity as a rich and powerful man in the entertainment industry!"

"Fuck, the rich brothers and sisters are so loving, I really admire them..."

"It turned out to be my brother, one Su Jin, one Su Qi, one domineering. The president, a romantic movie king, and the most beloved President Su Nan, what kind of a rich and powerful theme is this? How can I be reincarnated to become Su Nan?"

"Fortunately, I didn't stand in line. Fine!"

"The dreams of this group of CPs are broken, but fortunately there is still little brother Yu Fei, Mr. Su think about our little brother..."

"There is no intrigue to seize power, and the position of the heir is directly given to Miss Su. This I'm a fan of the giants!"

...

...

Chapter 180 I can't be caught

Chapter 180 The

Fu Group that I can't be caught.

Fu Yechuan frowned while watching the gossip on the Internet.

This reversal, even Chen Mian did not expect.

Now, Mr. Fu should be happy.

One less opponent?

But Chen Mian didn't see any happy look on Fu Yechuan's face.

"Mr. Fu?"

Fu Yechuan's face was heavy. He should have thought that Su Qi is not close to women in the entertainment industry, and there is no scandal at all.

Why is it so good to Su Nan alone, and never avoid suspicion.

It turns out that Su Qi is also Su Yifeng's son!

If there is no divorce, in terms of seniority, it should be his brother-in-law!

Surprising enough.

Although there was a little less depression in his heart, but thinking about his attitude towards Su Qi yesterday, there was a hint of depression in his chest.

If Chen Mian knew what Fu Yechuan was thinking, he was afraid that he would spit out a mouthful of old blood!

Fu Yechuan's eyes were cold, "What else is there?"

"Linlin Min, the chairman of Hanghai Group, is here and said that he has something to discuss with you."

"Let him come in."

"Yes."

Chen Mian went out and invited people in.

Although Lin Lin Min was an elder, when he saw Fu Yechuan, he still showed some respect and restraint.

“Yechuan, I’m here this time to ask you, have you considered the project on the west coast?”

As long as Hang Hai can win that project, he can maintain at least one year’s overhead profit.

Fu Yechuan’s body was covered with a layer of indifferent air pressure, his face was expressionless, and he did not rush to reply.

“I asked someone to investigate. The West Coast project is being carried out by the Su Group, and Hanghai has no equity investment in it. Do you want me to be interested?”

Lin Linmin smiled and tidied up his clothes.

Full of confidence.

“Ye Chuan, as long as you are willing to join, I will be sure to snatch the project over. This is a matter of earning money without losing money. Don’t worry about other things.”

“Mr. Lin, I always have to ask, where did you come from? How dare you say this?”

Fu Yechuan’s eyes were fixed on the person in front of him.

Lin Linmin paused, and it seemed that Fu Yechuan would not let go if he didn’t show his trump card.

“Well, in fact, I found Shi Dongxin, the developer of this project. The Su Group has been cooperating with Shi Dongxin. I bought him at a high price. As long as he strikes, the West Coast project of the Su Group will not be able to proceed. Can it be unfinished or sold at a low price...”

Lin Lin Min smiled, his eyes flickering.

“Ye Chuan, Su Jin went abroad and is not in the Su family. Su Nan alone can’t support the overall situation.

This is a good opportunity to pick up the leak. Don’t forget, when she dealt with your Fu family before, she didn’t show mercy. You can Take this opportunity to be ashamed!”

Fu Yechuan’s face darkened a bit, and the air pressure surrounding his body was terribly low.

Lin Linmin saw that he didn't speak, and thought he was also moved, so he stepped up to persuade him.

"The two of us cooperate, what else is going on with the others?"

Mr. Fu also mentioned your marriage. If you want to fight against the Su family, of course we, Hang Hai, will stand with you, my daughter..."

"Mr. Lin..." Before Lin Lin

Min finished speaking, Fu Yechuan interrupted him with a terribly cold tone.

"You have to know that what Mr. Fu said now is useless."

For a moment, Lin Linmin seemed to feel Fu Yechuan's chill.

The indifference and sternness in his eyes are undisguised, and even being able to say disrespectful words to Mr. Fu in front of him proves that he has such strength and confidence.

"Our Fu family has not declined to the point of being maintained by marriage. I was able to marry Su Nan who had nothing, and I will not care who the hostess of the Fu family is in the future.

But... it will never be Lin Jinru."

Every word he said revealed a chill.

All of a sudden, Lin Min's beautiful dream was shattered.

When Mr. Fu praised Lin Jinru several times in front of him, didn't he just reveal that he wanted to match the two?

Lin Min was excited as if he had caught a pie that fell from the sky.

But now, Fu Yechuan has clearly stated:

Marriage is absolutely impossible!

"Also, Mr. Fu won't participate in the West Coast project, Mr. Lin can do it." Seeing off the

guest.

I thought I could climb the tall branch of the Fu family, but Lin Linmin didn't expect to come here, and I found nothing!

“Mr. Lin, please...”

Chen Mian saw off the guests, Lin Lin Min couldn't hide his disappointment. As soon as he went out, he received a call from Lin Jinru.

“Dad, the Su Group has hired a lawyer to sue me, please help me...”
