Chapter 1781 Gritting his teeth

and walking to the building, he suddenly understood why Su Nan came over in person?

Not to give him a chance, really to give him an ultimatum.

Su Nan's tone was light, gentle and sweet:

"Mr. Yan, the Su family lost the opportunity in this project, but the long-term preparation is much more adequate than you, and there are measures to deal with various problems after the launch, but you No. You have nothing

but the first opportunity, are you really sure that you can make it to the end?"

Yan Lu's face was not very good-looking, and when he looked up at Su Nan, there was no gentleness at the beginning:

"If I were Why not sell it to the Su Group?"

Su Nan smiled and breathed a sigh of relief, he was in a hurry, he was in a hurry!

She slowly picked up the coffee and put it to her mouth. Just as she was about to take a sip, Yu Lou coughed heavily to remind her.

Look, she really cares!

Su Nan was stunned for a moment, then quietly put down the coffee, glanced at Yu Lou, and stared back at Yu Lou without changing his expression.

The tacit understanding of the two people naturally does not understand.

He was still immersed in the situation where he changed from active to passive, waiting for Su Nan's answer:

"Don't sell to the Su family? Mr. Yan, with all due respect, if I hadn't cherished talents, you would have received my lawyer long ago. Letter. Even if you spend more money, you can settle the matter. I will sue you and sue you for bankruptcy. I don't believe that other investors will invest in

projects that are full of lawsuits.

Is the company worth 200 million yuan?"

I am afraid that 20 million is too much.

Seeing Yan Lu's face suddenly ugly, Su Nan smiled and softened her tone:

"I didn't have to tell you this. When you sell the company to someone else, my lawsuit will be in your hands. At that time, the investor suddenly withdraws capital, and you have the company to be truly helpless.

Then this project The dividends brought are just short-lived, and when our Su Group makes another move, you really won't have a place for you."

Su Nan said very directly, for this kind of people who have just started a successful business and tasted the sweetness. , the best way is to let him recognize the reality of the predicament.

There are countless ways she could make his silent startup fail.

But Su Nan was really optimistic about his company, so he wanted to get it.

Of course, if he insisted, there was nothing he could do.

Anyway, the opportunity is given.

Yan Lu's tone was cold and serious, and even suppressed his anger:

"Miss Su is threatening me?"

Su Nan smiled: "If you take this as a threat, I can only think that Mr. Yan is not deeply involved in the world. It's very simple, the real threat is to wait for you to fall into trouble when you fail, and now it's a good persuasion."

She said, looked at Yu Lou, stood up, and pushed the document in front of him in his direction.

"Mr. Yan, think about it carefully. Don't be swayed by personal emotions. Starting a business is difficult. Not everyone can become Bill Gates. When opportunities and challenges coexist, you must know how to choose."

She sighed, turned and walked out.

Before reaching the door, Yan Lu's voice suddenly sounded:

"Fifty-one percent is too much, I can't do this, my company has the final say.

Even if it's not for me, the brothers behind me can't do it . After a busy game, Miss Su, if you want people to admit defeat, at least you have to be respectful, right?"

Su Nan paused and raised his eyebrows.

The moment he stopped her, he had already conceded defeat.

Yan Lu is a smart man and knows that he has no better choice.

Chapter 1782 I chose her

Su Nan looked back at him, looked at him seriously for a few seconds, and smiled:

“Okay, since you are so happy, I will also give in, forty-nine percent Seeing

Yan Lu’s dissatisfied expression, Su Nan’s tone was calm:

“Mr. Yan, you must know that although there are many entrepreneurial platforms now, there are so many entrepreneurs, no company that has just emerged can be acquired by two. Yiyi, I don’t want much, and you want a lot. Standing on the shoulders of the Su Group, your company can really go further, right?” The

acquisition of Zhengyi Technology is said to be a win-win situation, but it is true For the Su Group, it was still a loss.

So no matter how dissatisfied Yan Lu is, Su Nan can’t step back.

She should have let it go.

If the dispute continues, it is better to give up the acquisition and go back to prepare for a lawsuit!

Yan Lu was stunned for a moment, then nodded.

“Okay, but I’m going to have a meeting with my partner to discuss it.”

Su Nan smiled, “Okay, I’ll wait for your news, I can contact my assistant directly when I get back.”

After speaking, she opened the door and walked out.

The people who were still having a heated discussion outside suddenly lost their voices.

Before everyone could sit back, they looked at Su Nan in shock.

Su Nan smiled and nodded, then left with Yu Lou.

“My God, that’s really Su Nan, my goddess, she just smiled at me!”

“Nonsense, she smiled at me!”

“It’s so beautiful, it’s even more beautiful than the photos on the Internet, Her face really doesn’t have any flaws...”

“Yes, yes, how did she take care of it, her face is as tender as a teenage student!”

“Goddess Su actually came to talk in person. I knew I should go in and deliver coffee. This is a good opportunity for me to get close to the goddess!”

“Don’t be silly, the boss didn’t say that our company was going to be acquired, and the Su Group also liked it. If the acquisition is successful, then we will belong to Goddess Su!”

“This is too good, I wonder if people can take a fancy to our small company?”

...

Yan Lu sent Su Nan After leaving, he sat silently in the office for a long time.

When he was about to get off work, his girlfriend knocked on the door and asked him how to eat at night, and he responded.

“Have everyone outside left?” The

girlfriend shook her head, “I’m waiting for you, is there any result?”

Yan Lu was silent, his eyes darkened.

The girlfriend thought it was unsuccessful, and sighed:

“Don’t be discouraged, let’s look at other companies, there are many rich people, it’s not like we can’t live without the Su Group, right? The

last time a foreigner was not Do you still want to come up with 100 million?”

Yan Lu pursed his lips and said in a low voice:

“Tell people outside, have a meeting.”

He thought he had a big advantage and wanted to win more for himself and the company.

But now, it doesn’t seem to work.

In the whole company, except him, no one understands management. Although the others are very capable, they are only technical people after all.

They have no favorable opinion on the future direction of the entire company.

But out of respect for his companions, Yan Lu still had to hold a meeting to listen to their opinions.

Before long, his office was full of people.

Seeing everyone staring at him with piercing eyes, as if impatient to know some news, but worried about failure, Yan Lu gave a wry smile.

As a company full of hard work, even without Su Nan, it seems that it can't go very far.

Then take it as you see it...

Chapter 1783 The biggest beneficiary

Yan Lu is still silent.

The girlfriend coughed: "Yan Lu, tell me, everyone is mentally prepared."

Another person said: "Yeah, don't scare us, it's strange in my heart, is it because Goddess Su didn't like it? Our small company? She came in person, I thought there was a show..."

"Hey, I thought I could get close to the goddess infinitely, but it was ruined again..."

Yan Lu pursed her lips, cheered up, and smiled:

"Since you know that the person who came is Su Nan from the Su Group, then I will also tell you the result of today's meeting."

He paused, and everyone pricked up their ears to listen.

"Su Nan agreed to invest 200 million to acquire our company at one time, but he wants to take 49% of the shares. I personally think that the shares account for too much, so I have to discuss it with you." The

voice fell.

Everyone fell silent.

Yan Li frowned.

Looking at everyone's dull eyes, there is no reaction in their imagination.

Agree or disagree?

Yan Lu coughed: "If you have any opinions, I can talk about it."

One of the buddies asked him tentatively:

"Two hundred million? You're not kidding us
, are you?" :

"Goddess Su's 200 million bought us, and it's only 49%? Is there a pie in the sky?"

Although the girlfriend was also very excited, but seeing Yan Lu's reaction, she still spoke in the opposite direction :

"Forty-nine, isn't it a bit high?"

As soon as Yan Lu looked over, he was interrupted by a buddy:

"More than forty-nine? I asked someone to inquire, our company is worth at most five million, even if the prospects develop smoothly, after the scale grows, it will take three years. It will reach 20 million within, but hundreds of millions are unthinkable!"

Everyone's expressions immediately became excited.

"Of course I promise, boss, this is a once-in-a-lifetime opportunity. Hurry up and promise, don't let people go back!"

Yan Lu: "..."

A group of companions who can't take him, even if he has the ability, Can't fly either.

Suddenly, he felt that he was a little naive before.

He lowered his head, shook his head, smiled, and looked at them:

"So, you all agree?"

Everyone nodded.

Yan Lu: "Okay, if you agree, I'll start contacting them for the next step, but there are some things I must say up front.

The Su Group took forty-nine shares, and the remaining fifty-one shares were shared equally by us. , once some of us have different opinions, then the biggest beneficiary is the Su Group.”

After speaking, everyone fell silent.

I finally understood the meaning of Yan Lu’s words.

“That is to say, in the future, our company, the Su Group, will have the final say?”

Yan Lu nodded.

“Then... boss, what are you doing? If you are not the boss, what will we do? We only trust you...”

“That’s right, boss, we came out with you, we trust you .”

Yan Lu smiled wryly, his voice hoarse:

“Don’t worry, I won’t leave, but I will also become a part-time worker for the Su Group.

If there is no accident in the future, the Su Group will let a special team come to take over here, or take us to another better place, the company... will only get better and better. “

He just has no absolute right to speak.

But the company stands on the platform of the Su Group, and there will definitely be a lot less difficulty and resistance.

He cannot deny this.

Chapter 1784

Everyone was relieved that the money was given. It can be seen that the huge capital of 200 million made their efforts not in vain.

The joy dispelled their worries about the future.

With the current strength, being able to get 200 million is already more than half of the success of his peers.

What else could there be to be dissatisfied with?

The girlfriend smiled, “Since it’s a good thing, why don’t we go out to dinner to celebrate?”

Everyone immediately agreed and looked at Yan Lu.

Yan Lu nodded, and everyone rushed outside in an instant...

—Su

Nan got into the car and sighed.

Yu came upstairs, “Mr. Su, do you think Yan Lu will go back on it?”

Su Nan shook his head and narrowed his eyes, “No, he is a smart person and knows the advantages of maximizing profits.”

“Then you sigh . What anger?”

Yu Lou was puzzled.

Su Nan pursed his lips and sighed regretfully:

“Two hundred million is too much...”

Yu Lou: “...”

Later, Su Nan comforted himself:

“Forget it, just rush With Yan Lu, he is also worth the price.”

After all, if it wasn't for the Su Group's plan, Yan Lu would start a business with this company and project, and within five years, he would definitely gain a firm foothold.

The value he can create in the future is far more than 200 million.

Thinking of this, she felt more comfortable.

Instead of going back to the company, she went to Shang Qian.

Yu Lou sent her downstairs and left.

Shang Qian's company is not far from the Su Group. It is a cbd in the city center, where every inch of land is expensive, but there are not many people in Shang Qian's company.

His business is distributed all over the country, although part of it has been transferred to China, but after all, it is mainly an investment bank and involves less business, so his company has only two floors, but its location is in a prime location.

It is mainly close to the Su Group, which was more convenient in the past.

Su Nan went upstairs, all men, everyone was doing their own things with a serious look, as if they cherished every minute and second.

Here she smells a sense of crisis.

She went straight to Shang Qian's office.

Shang Qian is different from the gentle Lang Run at home, he seems to be a different person here.

There is no unnecessary nonsense, and the words that have been ordered will not be said a second time.

As soon as she entered, Shang Qian looked up and saw her, raised his eyebrows, and then looked at the assistant in front of him:

"Go out." The

assistant nodded, and then quickly left the office.

Shang Qian loosened his tie and sighed, "Why are you here?"

He stood up and walked over, looking at her wearing the shoes he bought, and smiling with satisfaction.

Su Nan took the coffee he bought downstairs and

said, "I'll check the post to see if you've done anything bad behind my back!"

Shang Qian smiled and was very pleasantly surprised:

"You still have such a sense of crisis. , I'm really honored..."

Su Nan: "You have to have some confidence in yourself."

"My confidence is given by you."

Shang Qian smiled and took her hand and sat on the sofa , brought her a cushion against which to lean:

"Is this comfortable?"

Su Nan nodded, placing her legs in front of her, feeling her whole body relaxed.

She narrowed her eyes, "You have a massage chair in your office. This sofa is not very comfortable."

Shang Qian looked at the sofa customized from Milan silently, and nodded in agreement.

"I think so too."

Su Nan smiled, "I just finished talking about an acquisition today, and I'm in a good mood. I'll cook for you tonight!"

Shang Qian was stunned, "Then I'll help you."

Chapter 1785 Add a zero

Su Nan was about to refuse when he heard Shang Qian ask her without a gap,

"Which project, do I know?"

Su Nan smiled: "It's Zhengyi Technology."

Shang Qian raised his eyebrows, "Did you take it down?"

Su Nan nodded, "You know this?"

"Of course, I made an offer, but the strict law obviously wanted a lion to speak up, so I refused."

Shang Qian He smiled, with sharp eyes: "Although the project is novel and has a good reputation, in the long run, he has no assistance, and will soon encounter practical difficulties and be slapped in the face.

Once the sweetness is tasted, the same type of Projects will continue to appear, I don't need to focus on strict discipline, maybe there are better ones..."

Su Nan lowered his head and smiled, with a bit of regret in his tone:

"That's a pity, you missed a good business opportunity."

"How do you say? You took it down?"

Shang Qian looked at her with a smile, as if not surprised by her reaction at all.

"Of course, how can I fail?"

Shang Qian smiled and hesitated for a few seconds before asking, "How much did it cost?"

Su Nan restrained his smile and gestured with two fingers.

Shang Qian was stunned for a moment, then smiled:

"Forget it, being able to stand on the platform of the Su Group, the benefits they can generate are far more than 20 million."

But in his opinion, 20 million is still too much. .

But Su Nan has always been generous, and he can only say that Yan Lu is lucky!

Su Nan was stunned for a moment, looking at him strangely, his face obviously not so happy.

She sat up straight.

Shang Qian realized her change and pursed her lips: "What's wrong?"

Su Nan took a deep breath: "Add another zero."

Shang Qian took a breath: "..."

His eyes The incomprehension was almost written on his face.

Is it because of pregnancy?

Su Nan shouldn't be such a brainless person!

His eyes fell on her face, he pursed his lips hesitantly, and said,

"It's so generous..."

He, a person who has been investing all the year round, would not dare to speak like this.

A small company with uncertain prospects is worth two hundred million?

Now, those that can be worth two hundred million are generally medium-sized enterprises with more than ten years.

Is she stupid?

Su Nan rolled his eyes at him.

“What do you know? Commercial secrets!”

Shang Qian twitched the corners of his mouth, “Oh...”

He didn't dare to say any more, and if she went on, she would have to turn her face.

Su Nan stood up anxiously, took two steps, and couldn't help but said,

“You are not allowed to laugh at me!”

“I don't!”

Su Nan gritted his teeth, somewhat unreasonable:

“You have, you are laughing at me in your heart.

Shang Qian smiled helplessly: “

You can't guess what I'm thinking, I'm really wronged, I really didn't.”

Su Nan: “I'll tell you the truth, our company has a project, so I only paid so much money, and I'm not a fool to throw money at people?”

This is not the entertainment industry, so I have to get my money back.

Shang Qian was stunned for a moment, and Su Nan explained it carefully again. Anyway, it's all his own, so it's okay for Shang Qian to know.

After finishing speaking, Shang Qian nodded clearly, only then did he understand why Su Nan was so willing to spend money.

Compared with the previous investment, these two hundred million are nothing.

After all, the project they prepared can benefit far more than this cost.

Shang Qian smiled and looked at her:

“Look, I know there is a reason for this, and I know you won't lose money.”

Su Nan rolled his eyes at him, a liar.

The look in the eyes just now and now are clearly different.

Most of the readers are now reading this novels:-

Read Divorce Billionaire Heiress Chinese Language Chapter 1786-1790

Chapter 1786 Hungry like that,

Shang Qian touched her belly and changed the subject in time:

“Isn’t the baby troubled? Have you been reacting recently?”

Su Nan was attracted to his attention. , shook his head, looked down.

In the past three months, her stomach hasn’t bulged, it just feels different, but her reaction opinion has disappeared.

You should eat and drink, and don’t delay anything.

The nutritionist took good care of her, and her figure was not out of shape at all, which is why she has not had any discomfort so far.

Suddenly, Shang Qian approached and looked up at her in surprise:

“I just moved my stomach, did you feel it?”

His eyes were bright, as if the stars were shining in the dark night.

Su Nan’s heart trembled slightly.

I really didn’t want to disturb him, so I couldn’t help but say:

“I feel it, that’s because I’m hungry, hungry...”

Shang Qian: “...”

Su Nan didn’t want to run back and forth, Shang Qian called and asked the nutritionist and nanny to prepare the meal and bring it over.

He continued with his work, and she went to the break room to rest.

When the food was delivered, Su Nan fell asleep on the bed in the lounge.

Drowsiness is a feature of this recent period.

When Shang Qian went in to see her, she was sound asleep.

It's just that the neckline of the skirt is slightly large. From his point of view, the spring is infinite.

Shang Qian sat next to him and smiled, secretly scolding himself for being a beast.

After a while, Su Nan woke up leisurely.

The light in the room was not dazzling, and Su Nan didn't feel any discomfort when he opened his eyes.

As soon as he opened his eyes, he saw Shang Qian sitting next to her and smiling at her.

Su Nan is used to such scenes.

She stretched lazily and looked at him with a smile:

"Have I slept for a long time?"

Shang Qian nodded, his eyes finally fell on her, and he looked at the spring light she accidentally showed.

Noticing the look in his eyes, Su Nan looked down, blushed, and immediately tidied up his clothes:

"What are you looking at?"

Shang Qian paused, a little aggrieved, and his voice became hoarse:

"I can't even look at it?"

Su Nanhong With a face, "No!"

Shang Qian sighed regretfully, Su Nan just breathed a sigh of relief, and saw Shang Qian suddenly stand up, did not leave, but put his hands on both sides of her, without hesitation to block her lips.

The red lips were gleaming, and he had been coveting it for a long time.

Su Nan's heartbeat accelerated for a moment, and he subconsciously wanted to push him away, but he held her in his arms with one hand, and with a little force, she couldn't move.

The lips and teeth were deeply entangled, Su Nan slightly raised his head and hugged him, Shang Qian received a response, even more intense, tilting his head, the other hand slipped elsewhere.

Su Nan was so amused by him that her whole body softened. Seeing that he was getting lower and lower, she opened her eyes suddenly and pushed him.

“No...”

Shang Qian’s eyes were dark and his voice was hoarse: “I’ll help you?”

Although it was said that the dangerous period had long passed, but both of them were parents for the first time, they were more careful and would rather bear it. Don’t dare to take risks.

Su Nan blushed long ago, gritted her teeth: “No.”

With a low smile, he wrapped his arms around her waist and held her on his lap, teasing her:

“Really not? Then what do you want?” His

eyes were dark as if the night was attacking.

Su Nan wrapped his neck around him and bit his shoulder fiercely.

Let him tease her!

Shang Qian took a deep breath, “You little wild cat...”

He lowered his head and kissed her forehead, “Forget it, I’m outside, I’ll let you go for the time being.”

If he was at home , but it is different.

After all, Su Nan is a well-known person. There are so many people outside the lounge. If it is spread out, it will not sound good.

The first thousand seven hundred and eighty-seven chapters have a great temper

. Shang Qian took her out and went out to eat. Su Nan also enjoyed his care with peace of mind.

It’s just that Shang Qian just tasted a little sweetness and was not satisfied.

His eyes fell on her from time to time, making Su Nan glared at him fiercely, and he smiled and restrained.

On the surface, he looks as gentle as jade, but when it breaks down, it makes people unable to resist.

However, he seriously served her to eat a meal, and he had no other intentions. Su Nan had a comfortable meal.

Just about time to get off work.

The assistant came in a few times, and Shang Qian simply replied to their affairs, focusing more attention on Su Nan.

Seeing that she had finished eating, she simply took a few bites and let them withdraw.

When he finished cleaning up, Shang Qian took a tissue and wiped her hands again, and when he had dealt with other things almost, he came in and pulled Su Nan's hand off work.

The two went out sweetly, attracting envious, jealous and hateful eyes.

A few days before he went to Yanlu Company, news came from him.

Agreed to Su Nan's conditions, but he also put forward his own requirements, that is, he himself asked to have control over the team.

It means that Su Nan wants to put his own people in, he must get strict consent.

I have to say that Yan Lu is really suitable for doing business.

Hit the nail on the head.

However, such conditions are not excessive, so Su Nan agreed and added it to the content of the contract.

The acquisition of Zhengyi Technology is undoubtedly a good thing for the Su Group.

Many people are relieved that the project that has been prepared for two years can finally continue normally, and Yanli's team is experienced, and the cooperation between the two will only strengthen.

Su Qi didn't expect Su Nan to act so fast. She negotiated the conditions, but he had to do the follow-up work.

For a while, he was so busy that he didn't even have time for a date.

He was running out of time, but Su Nan couldn't bear to see it, so he asked Ning Zhi to come over to visit the class.

Ning Zhi didn't want to stick with Su Qi all day long, but because Su Nan was pregnant and wanted to eat the dessert she made, she brought the dessert here.

As soon as Su Nan heard Yu Lou talk about the recent gossip in the company, he watched Ning Zhi push the door open.

Yu Lou walked out with great discernment.

Su Nan smiled and opened his hands:

“I haven’t seen you for a long time, have you finished that drama with the group?”

Ning Zhi smiled and said, “Two dramas have been finished, and the current drama is all about it. Fast food culture, how can it be so slow?”

Su Nan clicked his tongue twice and didn’t say more.

Ning Zhiliu gave her something:

“You can’t eat too much sugar when you’re pregnant. I didn’t put too much sugar, can you try it?”

Su Nan smiled and blinked:

“Do you think I want to eat it? “

Otherwise?”

“My second brother hasn’t been home for three days, don’t you know?”

Ning Zhi was stunned:

“Really?”

Su Nan shook his head speechlessly, and suddenly felt a little distressed for Su Qi.

It’s so pitiful that no one loves it?

“Understood, did you forget that you have already obtained the certificate?”

Ning Zhiliao touched his nose, “How is that possible?”

Su Nan smiled and pushed the thing:

“He’s in the office, you go take a look?”

Ning Zhiliu pursed her lips and felt a little guilty. Nodding his head, he took his things and went out quietly.

Su Nan sighed, she could only help here.

Su Qi was busy losing his temper in the office. Unlike Su Jin and Su Nan, he would never beat around the bush when he had something to do, and he would never hurt himself when he was angry.

Chapter 1788 is inseparable from

the middle and senior management of your entire company, and he was almost scolded by him.

As soon as Ning Zhi entered, she saw a document thrown at her.

“Get out, didn’t you hear? The plan was made like this, let’s just go to the show!”

Ning Zhi shivered and ducked.

Without hearing the door closing, Su Qi turned around.

Looking at Ning Zhilao walking slowly, he was stunned for a moment.

Paused.

He pursed his lips, glanced at her again, and then said,

“Who is this, why don’t I know him?”

Ning Zhi was stunned for a while, and suddenly felt a little guilty.

He didn’t like to greet her as soon as he saw her as usual, but he was a little uncomfortable. She touched her

nose, walked up, put the dessert in front of him, and smiled:

“I haven’t been home for a few days? Are you too devoted to work, Mr. Su?”

, Su Qi’s awkwardness disappeared in an instant.

He snorted:

“I didn’t say anything about you when you didn’t go home for several months. You still know how to care about me? I thought you didn’t even know if I was going home...”

Ning Zhi After a little while, this is really the case, it’s really a guilty conscience.

If Su Nan hadn’t told her, she really wouldn’t know at all.

What my wife did was really unqualified.

Although it was said that their affairs went up for a while, and then fell silent, there was no wedding or ceremony, but Ningzhi really enjoyed this unfettered marriage.

After all, when those people deliberately disgusted her, she felt that she couldn't live anymore.

She was able to stand up again, in addition to work, most of the reasons were because of the man in front of her.

She walked over, turned and sat on his lap.

Su Qi raised her eyebrows, looked at her in surprise, and put a hand on her lower waist:

“So active, do you want it?”

Ning Zhi's face paused, he pushed her, and then hugged her again. He, feeling his familiar taste and strong heartbeat, suddenly became a little addicted.

He never wanted her to be too tired, but she always wanted to fly higher.

Because she never felt safe.

But she seemed to have overlooked something, and the person in front of her was always behind her.

Su Qi sighed, and wrapped her hands around her waist, with no frivolity in her hands:

“I finally know that I remembered? I haven't seen you for a few days, do you think I can't think of it?”

She used to be a permanent member of the crew . When abroad, he flew to see her every few days.

Who made him a man!

This initiative is irrelevant.

Ning Zhi gave a dull “um” and didn't speak for a full minute.

Su Qi felt her change, pursed her lips, and comforted her:

“It's my fault, I left you in the cold, it's inconvenient for the eldest brother and the little four during this time, I can't just stay idle, wait a while. When the time is up, I'll make it up for you, eh?”

Ning Zhi's eyes were sore, and he pursed his lips:

"Third brother..."

Su Qi's eyebrows jumped, this is what she treated him before marriage. 's name.

I didn't hear it much after getting married.

Ning Zhiliao: "I think I really can't leave you more and more."

Su Qi smiled, and his eyes were filled with heart.

He pinched the soft flesh around her waist, "Are you implying me? Shall we go to the hotel?" The

hotel is convenient.

Ning Zhi knew that he was thinking crooked, so he immediately got up from him when he had enough.

"You should concentrate on your work, don't think about it."

Su Qi looked at her decisively withdrawing and left, and laughed:

"Aren't you going to give some sweetness?"

Chapter 1789 Don't lie to me

Ning Zhi took a spoonful of tiramisu in front of him and fed it to him:

"This is the sweetness."

The eyes of the two people can generate electricity, and they are lingering. Full of firepower.

Don't look at Ning Zhilao who is usually lukewarm to him, but once he responds, the aura of the two of them can be boring.

When they were immersed in the world of two, someone suddenly knocked on the door and came in:

"Mr. Su..."

Ning Zhi was still sitting on top of him, kissing him from time to time, the whole person was charming and blushing, revealing a strange feeling. A charming style.

His hair was messed up, and his hands got into his clothes honestly.

But fortunately, I am still worried that this is an office, and it is always just to relieve my cravings.

Suddenly being interrupted by someone who came in, Ning Zhi was a little flustered, buried his head in his arms, and didn't dare to look back.

Su Qi was interrupted, and she was in a terrible mood.

"Get out—" The

person was kicked out before he even got in.

The manager who came in was very depressed.

He closed the door with an ugly face and left, looking at the surprised look of the secretary: " Mr.

Su just got angry again?" The

secretary pursed his lips, "You went in? Mrs. Su went in just now..."

Even uglier.

Wasn't he disappointed?

Unlucky!

The office returned to silence.

But the charming atmosphere just now has disappeared.

Ning Zhi got up from him and straightened his clothes and hair without rushing.

However, Su Qi's reluctant eyes were placed on her, and she couldn't bear to look away for a second.

"Understood, wait for me to go home together later?"

Ning Zhi paused, looked back at him, and pinched his ears.

"No, I'm going to a meeting right now, and I'll see you next time?"

Su Qi's expression changed, and he was very unhappy:

“Did you come here in time?”

Ning Zhi smiled: “Otherwise? We are all very happy. I’m busy.” Just as

Su Qi was about to say something, Ning Zhi interrupted him:

“I’m going to take a vacation after I’ve been busy for the past few days. I’ll take care of you at that time?”

Su Qi paused and looked at her, as if a little Incredible.

Ning Zhi pursed her lips and hesitated: “It’s fine if you don’t want to, then I’ll go out and play...” Su Qilima grabbed

her hand: “Yes, of course I do, but I don’t dare I believe you will take a vacation!”

She has always put her work first, and Su Qi is used to being the second child of a thousand years.

So when he heard that she was going on vacation, he couldn’t believe it.

Believe it or not!

Ning Zhiliu lowered his head and smiled, the smile on his face was very reluctant, and he seemed to have neglected life a little bit, obviously he worked so hard to make life better.

But he ignored the importance of life.

And ignore him.

“If you don’t believe me, I won’t tell you, my meeting will be too late...”

Ning Zhi looked at his watch, took a deep breath, and turned to leave.

Su Qi pulled her into his arms.

Neither of them moved.

But after a few seconds, Su Qi sighed:

“You have to talk, don’t lie to me...”

After getting married, he has not yet enjoyed her care!

For him, it was like the sun was coming out of the west!

Ning Zhi left the office, said hello to Su Nan and left.

Su Qi's mood suddenly improved, and she called the people outside:

"Which bastard came in just now, let him come over!"

After that, the reckoning of the autumn queen begins!

The secretary nervously called up the manager just now.

The manager was in a good mood, "Grandma Su is gone?" The secretary nodded perfunctorily.

The manager heaved a sigh of relief: "Then the actor Su should be in a good mood."

After speaking, he knocked on the door and walked in.

The secretary looked at him pitifully and shook his head.

Then, I heard a fierce quarrel right away...

Oh, it was Su Qi's unilateral voice.

Chapter 1790 is too majestic.

Su Nan's stomach is getting bigger every day.

Even she herself feels uneasy, because she has never been a mother and has no experience, so she pays special attention to every change.

Three months before giving birth, her temper during that time was also a bit unpredictable, and even she herself felt that she was making trouble without reason.

When I was alone with Shang Qian, it was a little annoying to look at him.

But he was gone, and he felt angry again.

In this way, Su Yifeng took her back to the Su residence.

Shang Qian said nothing, packed up his clothes and stayed there.

Su Yifeng chatted with the housekeeper all day long, but Su Nan somehow felt relieved.

Shang Qian also breathed a sigh of relief. He only went to the company every few days, and most of the time he worked at home.

The company handed it over to Su Qi, and Su Yifeng was mentally prepared to lose money.

His most suqi requirements are the lowest, as long as you don't go bankrupt, it will be fine until your brother and your sister go back to the company.

But what is surprising is that when he took over, although the company was in a mess, it was orderly.

Although everyone has some opinions on Su Qi's rough and simple handling of things.

However, during this period of time, the company's performance has been booming. Not only did it not lose money, but it also increased by a few points.

In this way, those opinions can only be buried in the heart.

Ning Zhi was on vacation. In addition to visiting Su Qi, he went to Su's house to accompany Su Nan.

noon.

Shang Qian went out, Ning Zhiliao and Su Nan had dessert in the restaurant.

Su Qi slept upstairs, drowsy and a little bit of getting up, took the mobile phone to talk to the assistant, and went downstairs scoldingly:

"Dine with him? Is he sincere? Last time I drank with him until I almost had stomach bleeding in the early morning, but I turned around and signed a contract with someone else.

Now that person has run away, he still wants to sign with me? I'm not picky eater. Let him go as far as he wants!"

Su Qi was so angry that he loosened his collar and snorted coldly:

"What?"

Ning Zhi was eating leisurely, paused, walked over and hugged Ning Zhi and kissed it, then glared at Su Nan resentfully:

"You really have enough of this stall, I'm not happy when I become an actor! Su Nan couldn't help bending the corners of her lips: "

Third brother, all actors have to listen to the director, but they are not so majestic. The whole group has to listen to you. What troubles have you encountered recently?"

Although she is not in the company, but I have heard some news.

An old fritters customer took advantage of Su Nan and Su Jin's absence, deliberately trying to embarrass Su Qi, who didn't know what to do, in the last step of signing the contract, ran away and signed a contract with the other party instead.

Because of this, Su Qi angrily scolded him for two days.

No wonder Su Qi was angry, when the old fritters used to do business, he wished he could take advantage of it.

If it weren't for Su Nan and Su Jin's profit, they would have been unable to bear it.

Who knows that this time, there will be another moth, who can bear it?

The old fritters thought that Su Qi was an actor and didn't know anything about doing business, so he planned to take the air and wait for him to drop a little. Even if he didn't drop, there would be lower partners waiting.

Unexpectedly, the lower partner ran away...

He had no choice. After working with the Su Group for so many years, they have always been generous in giving money.

The old fritters didn't look down on the small company, so he could only turn around and go to the Su Group.

In the end, I wanted to ask Su Qi to talk again, but I couldn't.

Su Qining can sleep at home, and doesn't want to waste time socializing with him!

As soon as he heard Su Nan's words, Su Qi laughed angrily:

"Prestigious? I am like a slave of more than 3,000 people. I work hard to pay them wages, and I am half-dead from anger. You have seen such prestige. ?"

Most of the readers are now reading this novels:-

Read Divorce Billionaire Heiress Chinese Language Chapter 1791-1795

Chapter 1791 is what you deserve

Su Qi said, making Su Nan speechless.

It seems reasonable.

Ning Zhiliu couldn't help but chuckle and looked at Su Qi:

"It's Du Yan who is desperate to help you, you are waiting to count the money, now you know that the operation of the company is not easy?"

Ning Zhiyi said. , Su Qi wanted to be stubborn but didn't dare, pouted and sat beside her aggrieved.

Half of the breath just disappeared.

Su Nan shook his head and looked at Su Qi:

"Is there anything in this world that can be difficult for my third brother? Don't you stay in the company for two days and get pissed off!"

Su Qi rolled his eyes and asked. Not because of her pregnancy, he had to teach her a lesson.

"Am I a fool?"

He glanced at Ning Zhi aggrievedly:

"You don't believe me either?"

Ning Zhi smiled. Recently, he was recuperating at home with Su Nan with a rosy face and a very good complexion.

"I believe in you, of course I believe in you, the elder brother and the fourth are complimenting you, you just didn't hear it." Su

Qi glanced at Su Nan arrogantly:

"That's the truth, I still use others to praise you?"

, but the tail has been raised to the sky.

Su Nan and Ning Zhi glanced at each other, and they both laughed involuntarily.

After a while, the housekeeper's uncle suddenly ran in with his mobile phone:

"The eldest young lady is about to give birth, she is in the hospital..."

The three people who were talking and laughing were taken aback for a moment.

Su Qi hurriedly packed his things and tugged at Ningzhi's hand:

"Go to the hospital..."

Ning Zhi was stunned for a moment, then reacted and stood up quickly.

Su Nan also stood up:

"I'm going too!"

Uncle the housekeeper worriedly stopped him from behind: "Don't go, it's inconvenient for you, what if no one notices and bumps

it later?"

, and ran out: "I'm going to tell the chairman, he didn't take his mobile phone when he was fishing in the backyard."

Su Nan didn't want to stay and wait for news, she must follow.

Sister-in-law Wen Xiang has been living outside with Su Jin since she became pregnant.

It's not that Su's house is inconvenient, it's just that she is used to living alone, but she will come here several times from time to time.

Su Yifeng also understood this very well, but asked Su Jin to find more people to take care of her, and to accompany her more at ordinary times.

I remember that I called her yesterday and thought everything was fine.

The result is due to give birth today!

After a while, Su Yifeng hurried in from the outside, and when everyone was ready to get into the car, he ran over.

"It's too sudden, isn't there still half a month's due date?"

Su Qi was arrogant: "It's okay, if it's born, let the big brother put it back in, and give birth in half a month!"

In a word, Su Yifeng kicked him fiercely. No effort at all.

"Dog thing, are you speaking human words?"

Ning Zhijing looked at Su Qi's expression of "you deserve it" and never said a word.

Su Qi was finally honest.

Su Nan: "Dad, don't waste time, let's go!"

Su Yifeng nodded coldly.

Suddenly I remembered something and looked out of the car window and wanted to join in the fun:

"The things in the study, take me to the hospital..."

Uncle the butler was stunned for a moment, then he understood when he left.

"Got it, Chairman!"

...

Hospital.

Su Jin packed a floor ahead of time, and it was quiet and undisturbed.

Su Yifeng was in a hurry, and walked quickly one after the other with Su Qi.

Ning Zhi properly followed Su Nan's footsteps, for fear that she would fall.

The closer he got to the ward, the more he could hear Wen Xiang's forbearance crying inside.

Wen Xiang never cried in front of outsiders.

How distressing this is!

Su Nan took her arm, and the closer she got to the ward, the more nervous she became:

"No, no, I'm scared!"

Chapter 1792 Affected by Chi Yu Ningzhi, he

gave her a speechless look:

"You have to give birth in a few months, is it too late now?"

Su Nan pursed her lips, Touching her chest, her heart was beating wildly:

"Then I didn't expect it to be so scary at first. I feel a little regretful recently."

Of course, she didn't dare to tell Shang Qian.

Thinking of Shang Qian, Su Nan suddenly remembered:

"You go first, I'll call Shang Qian."

Ning Zhi let go of his hand, he was already at the door anyway, and he didn't care about this step or two.

"I still need to share my experience with President Shang at this time? Do I need to make a summary report when I'm pregnant?"

Miss Su, the World Hospital Research Association should have your name!"

Su Nan ignored her smile and anxiously asked her to hurry in. .

Ning knew and stopped teasing her, and went in to see Wen Xiang instead.

She called Shang Qian without saying anything, but said that Wen Xiang was going to give birth.

Then there is no text.

After a few seconds of silence on the phone, Shang Qian sighed, and then gently coaxed her:

"Wait for me there for a few minutes, and I'll go there right away?"

Su Nan hung up the phone contentedly.

She also felt like she was making a big fuss.

But I couldn't help it.

She felt too sensitive during pregnancy that no matter what anyone said was useless.

When she wanted to see Shang Qian, she had to see it, not wait.

Listening to Wen Xiang's voice in the room getting quieter, and then Su Qi said a few words, everyone burst into laughter, even Su Jin couldn't help laughing a few times.

She was in a good mood outside and went in.

Wen Xiang looked at her with a pale face, her eyebrows and eyes were still gentle, but she looked a little tired:

“Why are you all here?”

Su Nan walked over with a smile, “You must let the baby see the neat and tidy at first glance. My family!”

Wen Xiang glanced at Su Jin with a smirk:

“The doctor said that he didn’t give birth so early, and he might have to wait a day or two. He made a fuss. I said he had a stomachache, and he had to come to the hospital.”

Su Jin’s face was helpless, and his eyes were full of pampering:

“Dad said, you can’t be careless, how can you rest assured if you don’t come to the hospital?”

Su Yifeng nodded at the side: “That’s right.”

During the process, the doctor came to check Fang, checked Wen Xiang, all the indicators were normal, and the delivery date was ahead of schedule, which made them pay more attention to the situation of pregnant women.

Wen Xiang was really embarrassed by this event.

Especially seeing Su Nan coming with a big belly, I feel even more guilty.

“Everyone, let’s go back, the hospital smells heavy, and my little sister doesn’t get used to it.”

Su Qi smiled: “Sister-in-law, it’s okay, she will get used to it sooner or later.”

Su Nan smiled and looked at Su Qi, “Yes, let me It’s better for the third brother to get used to it here, otherwise he would be in a hurry when he was born.”

Su Qi’s face stiffened, and he stared at him fiercely.

Su Nan did not give in.

Ning Zhi covered his forehead with a helpless expression.

The two countries are at war, bringing disaster to Chiyu.

Not long after, the housekeeper uncle came to the hospital in a hurry, holding a red sandalwood wooden box in his hand.

“Chairman...”

Su Yifeng took it with satisfaction and handed it to Wen Xiang.

“Come on, this is my father’s intention. You keep it. It’s not easy to give birth to a child, so just treat it as a gift for the children.”

Wen Xiang was stunned and looked up at Su Jin.

Su Jin frowned, “Dad, I haven’t given birth yet...”

Su Yifeng rolled his eyes at him, “I can’t give it if I haven’t given birth? I can give it when I want, and now I give it, Wen Xiang gave birth to it. It’s time to be stronger!”

Chapter 1793 The first child

, Wen Xiang, couldn’t help laughing. Su Jin saw her appearance and took it over for her and put it in front of her.

“Take it, if you don’t take it, we will all be punished.”

Knowing that it was Su Yifeng’s kindness, Wen Xiang did not refuse.

Besides, Su Jin also gave things from time to time, and she received them as they should.

Just opened the box and looked at it, and was still stunned.

There is a small jewelry box inside, which holds a set of emerald jewelry. The emerald is calm and transparent, and it is very valuable at first glance.

This kind of quality is generally in the hearts of collectors, and hundreds of millions are not a problem.

Under the jewelry, there is a real estate certificate worth tens of millions.

This handwriting, as soon as it was shot, people were shocked.

Su Jin also saw it, and couldn’t help but raise his eyebrows, his usual cold expression was a little surprised.

Wen Xiang was even more stunned. Ordinary jewelry would be fine, but the contents in the box were too valuable...

“Dad...”

Su Nan peeled an orange aside, With a smile:

“Sister-in-law, Dad has always been generous, so he thought it was for the baby in his belly. You can keep it for him.”

Wen Xiang looked a little embarrassed: “This is too precious...”

“Why? Yes? My sister-in-law gave birth to the first baby in our family, so it’s not too much to give.”

Su Nan said seriously.

Su Yifeng nodded in agreement.

Su Nan pursed her lips and said with a smile: “Besides, Dad gave it to you before you gave birth, which means that we are happy whether you give birth to a boy or a girl.”

Wen Xiang suddenly understood, her eyes were sour, and she was moved when she saw Su Yifeng.

“Thank you, Dad...”

She was originally in an unstable mood, and always felt that the Su family had a great career.

Although Su Yifeng didn’t say it, he probably wanted a boy in his heart.

She didn’t dare to tell Su Jin about this emotional pressure.

But a few words from Su Nan made her suddenly relieved.

Su Yifeng’s actions undoubtedly told her that as long as it was born to her, men and women were equally valuable.

If she is given these things after giving birth, it will inevitably make her suspicious whether it is because of the sex of the child.

Su Jin stroked Wen Xiang’s hair with gentle movements.

Su Yifeng exchanged a wink with Su Nan in satisfaction.

In the end, it was his own daughter who understood what he was thinking, and could understand it at a glance, without giving Wen Xiang a chance to refuse.

This gift is really comforting.

Su Qi blinked and looked at Su Yifeng with a smile:

“Dad, is it too late for me to have a baby now?”

Ning Zhi was so blushed by him that he wanted to rush out now.

Su Yifeng glanced at him, “It’s too late, let’s ask Zhi first if he wants to?”

Su Qi hugged Ning Zhi and said with a smile:

“Yes, I think I can rely on children to survive in the future!”

Ning Zhi gritted his teeth: “Go away.”

She had no plans to have children.

It would be nice to take a vacation, and now have a baby?

Absolutely not!

Su Nan couldn’t help laughing, Su Qi had made an inch!

After everyone was talking and laughing for a while, Wen Xiang was tired and fell asleep in a daze.

Later, everyone quietly left the room and went to sit next door.

The group called Su Qi one by one, and finally he was so angry that he went to the group to open his own assistant.

Ning Zhi also followed a piece in the past.

Su Yifeng was talking to Su Jin and asked him about the preparations for the birth of the child.

Shang Qian came soon, and Su Nan saw that he was in a better mood.

Shang Qian held two bouquets of flowers in his hand, one for Su Jin and one for Su Nan.

Obviously, he didn’t want to neglect his sister-in-law, so he picked up a bunch of flowers, mainly for Su Nan.

Chapter 1794

Su Yifeng was a little surprised to see him like a red sun:

“Didn’t you go to the company?”

He accompanied Su Nan all day, and it was rare to find time to go to the company, so why did he appear again so quickly? ?

Shang Qian glanced at Su Nan and smiled:

“I heard that my sister-in-law is about to give birth. I was afraid that you wouldn't be able to take care of it, so I came over and looked at Su Nan.”

Su Yifeng took a deep breath.

Helplessly looked at Su Nan.

This daughter is so clingy!

Fortunately, Shang Qian has a good temper, otherwise he will be annoying!

Su Jin also smiled and shook his head.

“Exactly, you can take Xiao Si back to rest, it's not that fast here.”

Su Nan shook his head, “I want to stay here and see my sister-in-law, otherwise I'm not familiar with the process in a few months, and there will be trouble.”

Everyone was dumbfounded . Laugh.

evening.

When Su Yifeng was about to leave first, Wen Xiang suddenly cried out in pain.

Su Jin ran over quickly.

But within a minute, his face changed greatly, and he ran out, “Call the doctor, I'm really going to give birth...”

After a while, the person was pushed out.

Now, you don't have to go.

In less than an hour, Su Qi and Ning came.

Su Nan sat nervously on the chair outside, holding Shang Qian's hand, never letting go.

Shang Qian realized her nervousness and held her in his arms to soothe her emotions.

Slowly, Su Nan gradually relaxed.

It took a long time to go in, and Su Jin also went in to accompany her.

11pm.

The child is born.

It's a little boy, small, sleeping with his eyes closed, not noisy or noisy.

When the child was taken out, everyone gathered around to watch, Su Yifeng couldn't stop laughing.

The nurse smiled helplessly:

"The child cried just now, maybe tired and fell asleep, but the doctor has checked and the child is healthy."

Su Yifeng nodded again and again.

Su Qi and Ning Zhi looked down and looked like they had never seen the world before.

Shang Qian also went up to take a look, without any extra expression, just nodded:

"It's very similar to eldest brother."

Su Nan looked away: "It's more like a sister-in-law."

Shang Qian didn't argue with her, but smiled. , patted her back and coaxed:

"I'll take you to rest for a while?"

Su Nan was still hesitating, and watched Su Jin and Wen Xiang come out.

Wen Xiang's face was pale, fell asleep, and his complexion was not very good.

But Su Jin's complexion was even worse.

It wasn't because of the child's birth that gave birth to the least bit of joy. It was just that Wen Xiang was inexplicably depressed because the child was almost in danger.

He only had Wen Xiang in his eyes, and it was Su Yifeng who asked him to look at the child before he glanced at him and frowned:

"Ugly."

Everyone fell silent, and Su Yifeng let the child take him away:

“You better take care of Wen Xiang, Let her see if she is ugly when she wakes up?”

Su Yifeng felt that Su Jin had no aesthetic ability, obviously his eldest grandson was terribly cute.

Look at that little red face, like a red sun!

Su Qi: Like a monkey butt!

As an aunt, Su Nan certainly wasn't stingy.

She gave a bank card very generously, and then she was hugged by Shang Qian to rest with satisfaction.

Su Jin took care of Wen Xiang personally, and hired a nanny and professional nursing staff to make every bite of food she eats go through rigorous screening.

Even Su Nan admired this.

Su Nan ran to the hospital from time to time, watching Wen Xiang getting better day by day, until she was discharged from the hospital, she was completely relieved.

Qin Yu also gave the child a big red envelope, and then followed Su Nan away.

The first thousand seven hundred and ninety-five chapters do not let go of their own way.

She complained to Su Nan:

“I just realized that being a powerful executive is not fun at all, it's not the same as I used to be.

That person, Shen Liang, is really very relieved to hand over many important projects at once. I, do you know?

Those projects are very important, if there is no one, if my mother knows, she can come from home and beat me to death!”

Su Nan couldn't help but smile: “The real power is in your hands, this is not what you always thought. “Is it?”

Qin Yu curled her lips, “I don't dare to say I don't want to anymore.

I work overtime until the early morning every day, and I feel so wronged, but when I go out, I see the lights in Shen Liang's office, and I don't think I count. I'm aggrieved...”

Su Nan: "I heard the third brother say that some projects are still connected with him. You have done a good job. Of course, Mr. Shen can rest assured and leave important things to you."

Qin Yu sighed and looked up at the sky:

"But

I'm too tired !"

When Su Nan proposed to go shopping, and Shen Liang called her to ask her to go back to the meeting.

Qin Yu resolutely left Su Nan and went back to the company...

Su Nan was bored and could only call Ning Zhi.

"Come out to go shopping?"

Ning Zhi hesitated, "I'm busy, next time?"

Su Nan looked vigilant: "Aren't you on vacation?"

Ning Zhi had no choice but to tell the truth:

"Three My brother is busy in the company and doesn't have time to meet me at all. It just so happens that the crew is in need of manpower, so I'll go over and help..."

Su Nan rolled his eyes: "You're really good, don't let yourself go at this time!"

Ning Zhiliao sighed: "Don't mention it, now every time I'm with the third brother, he implies that I have a child, it's that simple. Why don't you give birth yourself?"

Su Nan knew that Su Qi was under pressure.

"He just said, my third brother, you still don't know..." No matter how anxious he was, he was just staring at him.

Ning Zhiliao: "I know, so I don't care about him."

Su Nan thought for a while, "Where are you, shall I find you?"

"Don't, you have a big belly now, and it's not easy to come out, not to mention What if I'm photographed?"

Ning Zhi didn't dare to take her at risk.

However, Su Nan insisted on going. She hadn't been to a crowded place for a long time, and she would be suffocated when she walked around the house every day.

Su's house's lawn will be bald by her.

Su Nan said as he went out:

"Send me the address, I'm just going to see the excitement, I promise not to grab the hot spots."

Ning Zhi could not persuade her, thinking that she could come to the lounge to sit, so she agreed. , the address was sent, and she was specially instructed to call when she arrived, and she went out to pick it up.

The place where Su Nan is located is two hours away from the film and television city.

She thought she was tired of driving, so she asked the driver to take her off.

Fortunately, the crew that Ning Zhiliao followed is not very famous, and there are not many scenes filmed today, and it will be over soon.

When Su Nan went, Ning Zhi was already waiting at the door.

She was wearing sunglasses and a mask, and no one recognized her, and no one believed she was Su Nan.

As soon as Ning Zhi saw her, he carefully looked at her:

"Is your body okay?"

Su Nan chuckled lightly: "Don't make a fuss, what can I do?"

Ning Zhi sighed: "Does businessman know you're here? You are too nonsense."

"I'll tell him now!"

Su Nan smiled and took out his mobile phone, and sent a message and location to Shang Qian.

"I'm playing here, don't worry, I'll go back in a while."

Shang Qian: "..."

Read Divorce Billionaire Heiress Chinese Language

Chapter 1796-1800

Chapter 1796 The old friend

's lounge is quite simple, and there are many staff coming and going.

But no one paid attention to Su Nan who suddenly appeared.

She was wearing a wide trench coat and disguised herself, more like someone who came to visit the class.

Ning Zhi went out and communicated with the director about some things before he had time to come back.

“Exactly, there are two old friends, do you want to meet?”

Su Nan raised his eyebrows:

“Old friends?”

Ning Zhi nodded and said, “Sun Haoyang and Yu Fei are the male lead and second male lead of this play.”

Su Nan His jaw dropped:

“These two are filming the same movie?”

Ningzhi nodded naturally, “Of course, it's rare to see you?”

Su Nan was secretly surprised.

Although she doesn't pay much attention to things in the entertainment industry, she also knows how unpleasant the two of them were at the beginning.

It's not just that Huaying Entertainment's focus has changed, Yu Fei broke the contract and left, and the competition for the best actor was fruitless, all of which caused quite a stir in the circle.

Anyone with a discerning eye knows that these two do not deal with each other.

How can you make the same play?

“Then, who is the first male? Who is the second male?”

Ning Zhi smiled and stood there looking out the window:

“Sun Haoyang’s current worth is a top-tier male star, and he is highly praised by Huaying Entertainment, of course. Male 1.

Although Yu Fei has a high traffic volume, his youth dividends have been eaten up in recent years. Now there is no capital behind it.

Now that it is time for transformation, it is very rare to find him with a suitable script. What about the Lord?”

Su Nan was amazed, it was incredible.

Those who are unhappy in the circle may not cooperate for the rest of their lives.

Those crews will also deliberately avoid actors with bad relationships, especially those in important scenes.

She didn’t expect that both of them were quite tolerant.

“Sun Haoyang actually agreed to Yu Fei’s role?”

Ning Zhi laughed lightly: “Sun Haoyang is not an ordinary person. After he turned his strength, he has always maintained his reputation, and his acting skills are online without playing big names. The key is that the ratings are guaranteed, so the directors are all I want it.

Everyone in the circle knows about the grievances between Sun Haoyang and Yu Fei, but although Yu Fei is not as good as before, he still has some die-hard fans. Stiff.

Men are different from women. They don’t care about emotions because of their emotions.

Sun Haoyang is the beneficiary of the whole thing, and has no deep hatred with Yu Fei.

Yu Fei got the script and wanted to act, so he took the initiative to contact Sun Haoyang. As soon as it came, the two broke the ice.

Of course, the most happy is the director.”

Su Nan nodded stunnedly and sighed:

“It’s still exciting in the entertainment industry, unlike us, who only know how to make money all day long.”

Ning Zhi He stretched out his hand and poked her on the forehead:

“Don’t stand talking without your back hurting, you are the gold master’s father!”

Su Nan shrugged and was talking, watching the door of the lounge open from the outside.

The two men they were chatting came in one after the other.

Su Nan gave Ning Zhi a wink, but Ning Zhi still didn’t understand, but Yu Fei recognized Su Nan with sharp eyes.

“Miss Su?”

Yu Fei used to remember the gold master’s father, and he was very winking, and naturally he would not forget Su Nan who brought him to the front line with one hand.

At the beginning, because of Su Nan’s popularity, he turned from a little fresh meat who just returned to China to a hot star.

Su Nan’s support is indispensable.

It’s just that now, the person she supports is not herself.

But someone like Yu Fei who is exquisite in the scene will not turn against each other, but walk over to her and shake hands with her.

“Miss Su, it’s been a long time...”

Chapter 1797 Boss Sun

Su Nan nodded, stretched out his hand and shook it.

She still understands the truth of reaching out her hand not to hit the smiling person.

She smiled at Sun Haoyang, who was stunned there, “Mr. Sun?”

After hearing that Sun Haoyang’s worth had skyrocketed, she did not make any unreasonable demands with Huaying Entertainment, but proposed a one-year gambling agreement.

It is planned to purchase the shares of Huaying Entertainment for 500 million.

Not much, just ten percent.

I have to say that Sun Haoyang is really a very smart person.

Actors eat a meal of youth. People who were too prosperous when they were young can't stand the role of old age when their youth is gone.

For fans of the big screen, this is cruel and consumes heat.

So they would go behind the scenes, be investors, be producers, producers, and so on.

There are also many people who will open companies, open studios, and train new people.

Sun Haoyang took a long-term view. He did not choose to go out on his own, but planned to always be tied to Huaying Entertainment.

There are many people who want Huaying Entertainment shares, but Su Qi doesn't let go, no one can do it.

The reason why Sun Haoyang is so obsessed with Huaying Entertainment is because he knows the human resources behind him.

Emperor Su, who founded Huaying Entertainment, is the third young master of the Su Group, which is equivalent to the back garden of the Su Group.

The relationships in the circle are intertwined and complicated. If you occupy a place in Huaying Entertainment, then you can even gain a firm foothold.

Actors pay attention to maintaining personalities and dealing with black materials anytime and anywhere, and how many people will fall in the next second.

But being a boss is different. You have the right to speak and you can take the initiative.

Du Yan discussed with Su Qiyi, the conditions that Sun Haoyang gave were very good, not to mention that he didn't ask for much. Besides, he might not be able to win!

So Su Qi agreed.

In less than a year, Sun Haoyang completed the after-tax 500 million gambling agreement.

This is shocking for the entire entertainment industry.

It can be seen that Sun Haoyang has received a lot of dramas in this year, not to mention, the dramas he received were all a mess, and the ratings broke records all the way.

Now he has become a hot and powerful first-line male star, and his worth has grown several times, but after completing the bet, he chose to lower his worth and use his strength to meet a good script.

Therefore, it is no exaggeration for Su Nan to call him “President Sun”.

Opportunities cannot hinder the excellence of others, just like Sun Haoyang.

When Sun Haoyang saw Su Nan, he was stunned for a moment, then came over, his eyes were filled with light joy:

“Miss Su, are you coming to visit the class?”

Ning Zhidao on the side spoke first:

“She just heard about your strength in this drama . To join, you have to come over to join in the fun. It just so happens that you are here, but don’t say it, she has been keeping a low profile recently.”

Sun Haoyang nodded, but Yu Fei couldn’t hide his twinkling eyes:

“Then I invite Miss Su to have dinner together?”

Su Nan glanced at him and refused with a smile: “

I have a meeting nearby, so I won’t eat. Besides, the crew’s food is really not very good.”

She blinked and said half-jokingly.

Such refusal does not feel embarrassing at all.

Yu Fei bowed his head and smiled crampedly, “Then next time, I really have to make up a few shots in a while.”

Ning Zhidao: “There is a chance, do you guys hurry up and remove your makeup?”

Yu Fei nodded, glanced at Sun Haoyang, and then left slowly.

Sun Haoyang didn’t follow him, and stood there looking at Su Nan, his smile was light but not offensive:

“I heard from President Du recently that Miss Su didn’t go to the company?”

Chapter 1798 Can it still be me?

Su Nan doesn't know if he is talking about Huaying Entertainment or the Su Group?

However, he was able to pay so much attention to himself, but it was somewhat unexpected.

She smiled and fooled:

"I took a vacation for myself."

Sun Haoyang nodded, hesitated for a moment, and said, "Let's have dinner together?"

Ning Zhijiao on the side couldn't help widening his eyes.

A gossip face.

Su Nan unconsciously frowned, feeling rather helpless:

"Do you think I just found a reason for rejecting Yu Fei?"

Sun Haoyang lowered his eyes and pierced her:

"You didn't give yourself a vacation, how could you? Come to a meeting nearby?"

Su Nan choked.

Well, he shot himself in the foot.

Ning Zhiliu chuckled and couldn't help helping her:

"Boss Sun, don't make it difficult for Su Nan, she's here to wait for me, and I'll have to send her home later, otherwise, some people will look for her. I'm in trouble." There were hints in the words.

Sun Haoyang's face changed, but he didn't continue talking about this topic after all.

Su Nan said a few jokes, and the atmosphere finally improved.

She didn't embarrass Sun Haoyang. After all, she was the one she held up with one hand, and her involvement with Huaying Entertainment was getting deeper and deeper. She could be regarded as a friend, and the relationship on the surface still had to be maintained.

"Mr. Sun hasn't found a girlfriend recently?"

Sun Haoyang was taken aback and shook his head.

Su Nan sighed: "Although the actor's emotional life has attracted much attention, you can't feel wronged. Now the fans are more tolerant of you, it's okay to fall in love, right?"

Ning knew the point of agreement. Head tilted : "That's true."

Sun Haoyang kept his eyes down and didn't speak.

Yu Fei came out after taking off his makeup and changing his clothes. Seeing that Sun Haoyang was still chatting with them, he suddenly stopped.

He also wanted to go.

But Su Nan's attitude towards him just now was obviously more estranged and polite.

It is understandable that Sun Haoyang is closer to them now.

But he was really unwilling to give up!

Thinking, his eyes flashed, and he walked over:

"Haoyang, the next game is about to start, let's go quickly?"

Sun Haoyang raised his eyes and glanced, his eyes were deadly deep.

Yu Fei paused.

The deepness in Sun Haoyang's eyes was fleeting:

"You go first, I'll go after changing clothes."

Yu Fei said hello to Su Nan and Ning Zhiliao and left.

"Since you still have something to do, go get busy and talk later."

Su Nan smiled and looked at him.

Sun Haoyang couldn't stand her looking at him and laughing like this, and the suppressed emotions in his heart were almost agitated, and he wanted to break out of the ground.

Such a gentle Su Nan is fatal to men.

He didn't move, hesitated for a moment, and said,

“Miss Su, there is something...”

He took a deep breath, and Su Nan stared at him seriously.

Sun Haoyang glanced at Ning Zhixing and smiled:

“Next year’s spokesperson for the Su Group, will it still be me?”

Hearing his question, Ning Zhi was relieved.

Su Nan seemed to be really thinking about this question, and answered slowly:

“It’s certainly beneficial for you to speak for the Su Group at your current value, but once you speak for a long time, once it is interrupted, it will have an impact on you.”

“Then I’ve always spoken well, I have no opinion.” Sun Haoyang looked at her.

Now that he can put forward his own requirements so directly, it is really different from the previous time when he was down.

Before he even asked for help, it was so hard to say.

Chapter

1799 Su Nan in *Passionate Love* smiled, “Mr. Sun, always speaking is not good for your transformation, and it is easy to form a fixed pattern for the company’s products. Whether to continue or not depends on the overall evaluation of the company.”

Sun Haoyang’s eyes were somewhat gloomy, he pursed his lips, and did not speak.

Su Nan really doesn’t think he’s lost like this because of an endorsement?

The endorsements in his hands are all big names in the world, and there are more than 20 to say the least.

Compared with the Su Group, he shouldn’t take it so seriously!

Sun Haoyang lowered his head and smiled:

“Really? Well then...”

Ning Zhi looked at the two, feeling somewhat awkward.

Thinking that Sun Haoyang is different now, standing in front of Su Nan and talking, he has the confidence.

Just as he was talking, the door outside suddenly opened.

I thought it was Yu Fei who came back, but it wasn't.

The three looked at the person who appeared at the door in surprise.

The joy on Su Nan's face could not be concealed:

"Why are you here?" Did

n't she say she would go back?

When Shang Qian saw her, his eyes flickered, and with a bit of helplessness, he loosened his tie:

"I just happened to be entertaining nearby, so I'll just come and pick you up." After speaking, he pointed at Ning Zhi. Nodding, looking at Sun Haoyang, he paused for a second, then nodded.

However, it is completely two attitudes with Ning Zhi.

Sun Haoyang felt it.

When he saw him, Sun Haoyang was stunned for a moment:

"President Shang?"

I often mix in the circle, and I have heard of the big guy in the investment circle, Shang Qian.

It is said that investment in the entertainment industry is guaranteed to be profitable.

Those entertainment companies are doing everything possible to get Shang Qian to take a look and send money and gifts to women.

As a result, Shang Qian was unable to enter the market, so he discussed the investment project with the investor, and left after discussing the matter, never staying for one more minute.

Those entertainment projects, he did not participate in at all.

Because of this, everyone couldn't find Shang Qian's weakness, and they didn't know how to do it.

The only scandal about him was with Su Nan, but during this period of time, it gradually became quiet and silent.

It seemed that it was cold between them.

But seeing Shang Qian appear here at this time, Sun Haoyang suddenly realized the tacit understanding between him and Su Nan.

Not only are they not cold, but they are more intimate.

in love.

Shang Qian went over, leaned down and kissed Su Nan, without any scruples.

Ningzhi raised his eyebrows and pretended not to see it.

Just feel sour.

Sun Haoyang's face stiffened.

Shang Qian sat beside her casually and held her hand:

"I said you wanted to come over, I'll bring you when I come in the morning."

Su Nan smiled guilty, "It's a temporary decision, I'll come I went shopping after finding Zhi."

Shang Qian: "Then you are done talking? Why don't we go to dinner together?"

Ning Zhi glanced at Sun Haoyang subconsciously.

This is the third time to find Su Nan for dinner.

Shang Qian didn't know what just happened.

So he looked at Su Nan calmly.

Su Nan paused, "Don't you have to be busy in the afternoon? I'll just be with Zhi."

Shang Qian squeezed her hand.

Soft and delicate.

"Why is it important for you to eat?"

One sentence made Su Nan very happy, she didn't hide it, and her brows were filled with a smile:

"Then you have to wait until Zhi is done."

Ning Zhi heard this, and immediately stood up:

"Understood, I'll go right now."

Although she didn't want to be a light bulb, she didn't usually eat together.

Ning Zhi glanced at Sun Haoyang and paused:

"Haoyang, can I remove your makeup for you?"

Chapter

1800 If Sun Haoyang sits down again, he will probably suffocate himself to death.

Sun Haoyang was stunned for a moment, then stood up quickly:

"Okay, sorry for the trouble."

He nodded to the two people, without looking closely at them, he turned around and went to the dressing room inside.

Shang Qian looked at his back, squinted his eyes, and put away the smile on his face.

"Sun Haoyang

? Do you know each other very well?"

Su Nan played with his mobile phone slowly and shook his head:

"Not very familiar, it seems that the last time we met was last year?"

Her little ears:

"Attract bees and butterflies!"

Su Nan clicked his tongue and looked at him with watery eyes:

"Is it my fault for being beautiful?"

Although she felt wronged, she had nothing to do with Sun Haoyang. , Shang Qian is simply deceiving himself.

But this explanation seems redundant.

Still don't have to!

in the dressing room.

Sun Haoyang changed his clothes and came out, watching Ning Zhijiao leaning against the table waiting for him, and paused.

"I can do it myself."

Ning Zhi smiled and took out the cotton pads that had been prepared.

"You're welcome, I'll do it."

Sun Haoyang walked over and sat down, without saying much, he raised his head slightly in coordination, and closed his eyes.

Ning Zhi was familiar with the movements, and she knew the process, but the makeup artist was not there, so there was always time for a little help.

Ning Zhi looked at his calm face, and admired his ability to bear his temper!

The next second, he suddenly opened his eyes, his voice was very deep, and he said,

"Are they together?"

Ning Zhi paused and glanced outside the door, where the two were whispering to each other.

That kind of atmosphere, no one can blend in.

"Of course."

Sun Haoyang gritted his teeth, his eyes were cold and hard, and there was a trace of unwillingness in the bottom of his eyes.

Ning Zhi saw it, didn't expose it, and smiled:

"There are so many acting in this circle, it is easy to fake it and think that life is full of scripts.

But Su Nan is different, some people can only think about it, some people even I don't even have the qualifications to remember.

Like Fu Yechuan, who was in love at the beginning, did he leave differently?"

Sun Haoyang's eyes narrowed, his lips flickered, and he didn't say anything in the end.

Ning Zhiliao: "Shang Qian looks like a gentleman, but only if you don't touch his cheese, otherwise, he won't even be kind."

Having said this, Sun Haoyang understands no matter how slow he is. Ning knew what it meant.

Persuade him to turn back in time.

It turned out that his thoughts were so obvious?

Ningzhi put down the things in his hand, "Okay, you can do the rest yourself."

Anyway, I have said everything that should be said.

Hope he does it well.

Sun Haoyang has been disgraced in the circle from the beginning, and now he has fought a perfect turnaround.

During the process, his performance was remarkable, humble and polite.

But gradually, after getting in touch, you will find that he has a possessive desire for things and people he likes.

To be able to play a good hand so beautifully, Ningzhi admired his dormancy and patience.

It's just that he had better not affect Su Nan's interests.

Seeing him sitting stiffly in silence, Ning Zhi left the room and looked at Su Nan and Shang Qian outside the door with a smile.

"Just, you two go on a date, the third brother called me and asked me to find him."

Su Nan was a little dissatisfied and angry: "The third brother is too big, he actually calls you?"

Shang Qian smiled half-smile He looked at her and pinched her little face:

"How dare you say that? Didn't I also come with your phone call?"
