Chapter 1801 Announcement of private grievances,

Ning Zhi, and quickly drove these two people away, so as not to be an eyesore.

by the window.

Sun Haoyang stared blankly. Su Nan's stomach was slightly stiffened. Although it looked the same as before, Shang Qian was very careful to protect her waist.

The two looked at each other and smiled. Shang Qian opened the car door for her and let her in the car carefully, as if he was taking care of an inconvenient person.

A trace of doubt flashed in Sun Haoyang's eyes.

Did he think too much?

Why did that scene just now, from that angle, looked like Su Nan was a pregnant woman.

But how is it possible?

Maybe it's just a matter of angle.

How could he be an actor so easily?

in the car.

Su Nan chose a song that he liked to listen to, took the ugly orange that was put aside, and slowly peeled it off.

The oranges were brought back by Shang Qian. They were fresh and full, and they wanted to eat them.

Shang Qian glanced at her, and the scent of orange peel spread quickly.

He paused, "Give me one?" His

voice was low and warm.

Su Nan smiled, took a piece and handed it to his mouth, Shang Qian opened his mouth and bit it.

Accidentally, he bit Su Nan's hand.

The moment the tip of the tongue touched, it was like an electric current passing through, and it was numb and numb.

She withdrew her hand sharply and looked at him warily.

This man doesn't drive honestly!

Shang Qian laughed lowly.

Su Nan's face flushed, and he quickly filled one in his mouth. Sure enough, it was juicy, sweet and sour.

She sighed, "I knew I had brought two to Zhi and let her eat on the road?"

Shang Qian concentrated on driving, his face was handsome and sexy, and he was inexplicably romantic.

"How good would it be to keep two more for Sun Haoyang?"

Su Nan glanced back: "

There are not a few left..." She said without feeling inappropriate.

Seeing that Shang Qian didn't continue talking, she suddenly realized something and leaned forward:

"What do you mean? Why did you mention Sun Haoyang all of a sudden?"

Shang Qian coughed:

"I just said, I can't even mention it? "

Of course you can, you can be jealous, but I'm innocent."

Su Nan spread his hands and spoke his mind at once.

Shang Qian's eyes were stained with a smile:

"Sun Haoyang is a very business-minded person, but unfortunately he started too late, and he is in the entertainment industry, and the limitations are too great. I suggest that your next spokespersons change their styles."

Su Nan raised his eyebrows. Shang Qian never interfered with the decision of the Su Group, so he still wanted to suggest it?

“Mr. Shang, is this considered a public revenge?”

Shang Qian calmly said, “No, we are a family.”

Su Nan smiled.

The music in the car was flowing slowly, the light came in, and it was too bright.

“He wanted to renew the contract just now, but I didn’t agree with it either. It took too much effort to support him, not to mention that our products are not very suitable for his positioning.”

Shang Qian’s eyes brightened: “You too Do you think so?”

“So I said to think about it, but I think the next product positioning is high, not traffic, so it’s not suitable to find a spokesperson in the entertainment industry.”

Shang Qian nodded seriously.

“You’re right.”

But he also didn’t have a recommendation for the next step.

Su Nan waited for a while and stopped writing.

She looked at him sideways, shook her head helplessly and smiled.

In fact, Shang Qian didn’t take Sun Haoyang in his eyes.

He can even get Fu Yechuan away, what are these little shrimps?

It’s just that he couldn’t see the coveted look of other men looking at Su Nan, and the nameless fire in his body was about to move.

Of course, he wouldn’t show it in front of Su Nan.

Chapter 1802 I look down on that group of people

Su Nan hasn’t appeared in his social circle for a few months.

Mainly because she disappeared after getting married, and she didn’t even go to the company often.

Although many business partners in the mall know about her and Shang Qian, they are too low-key.

Especially after Su Nan was pregnant, Shang Qian would not let her appear in social events.

So now few people outside know about her pregnancy.

But it doesn't matter.

Anyway, the people in that circle didn't have many true friends, and her friends knew all about them.

Every time Qin Yu and Ning Zhi came back from participating, they would tell her the latest progress.

It's just fun to listen to.

Cheng Yi came back from abroad and insisted on getting together with them under the guise of a birthday.

In order to relieve her boredom, Shang Qian gave her a few words of forgiveness and sent her over.

Because the place where they met was next to the Shangqian restaurant.

Isn't this a coincidence?

Shang Qian sent people to the door of the box, Qin Yu and Cheng Yi were joking, and when they saw Su Nan come in, they called Shang Qian to come and sit too.

Shang Qian smiled, went over to drink a glass of wine, and explained apologetically:

"I'm in the box next to me, there is a party, call me when you finish, I'll come pick her up, please take care of her."

Qin Yu "Don't worry, can I kidnap you?"

Su Nan had no energy at all, but seeing Cheng Yi messing around with wine, he walked over:

"Cheng Ershao, it's almost a month since you went abroad?"

Cheng Yi's face froze, looking at her hesitantly.

Finally, he stretched out two fingers to correct her:

"I've been abroad for two months!"

Su Nan touched her nose shyly, and turned to find Ning Zhi.

Qin Yu went out for a run and came back, looking at Cheng Yi with a smile:

“Almost all the young talents in City A, Shang Qian, Shen Liang, and third brother Su Qi are gathered in the box next door... .”

Ning Zhi nodded calmly with the glass of wine on the side.

Said she already knew about it.

Su Nan paused: “No wonder you chose this place?”

Cheng Yi hummed softly, “What’s the point of that? I don’t care about them, I’m with you!”

Su Nan rolled his eyes, Self-deprecating and plausible?

With that said, someone knocked on the door.

Then a delicate girl in a white lace dress walked in and saw Cheng Yi’s eyes lit up:

“Second Young Master...”

The business was numb, and as soon as the sound was heard, the three women present were all stunned. trembling.

If it wasn’t for Cheng Yi beckoning in the direction of the door, they would suspect that the girl had gone through the wrong door.

Qin Yu’s eyes widened in gossip: “With a girlfriend?”

Cheng Yi smiled: “It’s just a friend, bring it here to join in the fun.” In

other words, it’s not a girlfriend anymore.

Everyone smiled tacitly and sat at the mahjong table to play a warm-up game.

Of course Cheng Yi didn’t want to miss it, and he was already gearing up for it.

Qin Yu looked at it, “Since I have brought friends, then I will find a few more people to come over for a lively event, don’t you mind?”

Su Nan spread his hands: “I have no opinion.”

Ning Zhi didn’t care: “Okay!”

Of course Cheng Yi didn't have any right to speak. Before he could agree, Qin Yu had already started calling one by one.

The delicate girl is like a small white flower, carefully looking at the person in front of her.

"Second Young Master, who is this person? Don't you give me an introduction?"

Cheng Yi was drawing cards, and was a little irritable when he heard it.

"My friend, I didn't know you when I introduced you."

Chapter 1803 Do you have no hands?

Xiaobaihua sat beside him with his head down.

He looked at him sadly.

Qin Yu, Ning Zhiliao and Su Nan took a peek at it. It was nothing, but the little white flower was very uncomfortable.

It was as if the three of them were left out by Cheng Yi.

Qin Yu glanced at it and smiled:

"Cheng Yi, why don't you treat your friend well? Go get something to drink..."

Cheng Yi followed the card impatiently and glanced at Xiao Baihua:

"Can I do it myself?"

Xiaobaihua nodded aggrievedly.

Then she brought five glasses of wine over herself, her voice sweet and greasy:

"Everyone, can you have a drink too?"

Oh, so good?

Su Nan smiled, "Thank you, I don't drink."

She was wearing a looser skirt, so she couldn't tell she was pregnant.

Xiaobaihua insisted on putting the wine in front of her and persuaded her bitterly:

“Sister, how can you do it without drinking? Drink a little bit, the second young master said that women who don’t drink are the most disappointing...” The words came out

. .

The atmosphere suddenly froze.

Qin Yu and Ningzhi glanced at Cheng Yi meaningfully.

Cheng Yi’s enthusiasm for playing poker seemed to be extinguished by a basin of ice water:

“No no, I didn’t say you...”

He looked at Su Nan eagerly.

Su Nan was still calm, smiled, and looked down at the card:

“It’s okay, let’s continue.”

Xiao Baihua still didn’t know what happened, and looked at Cheng Ershao even more aggrieved.

“Did I say something wrong?”

Cheng Yi gave her a cold look, a bit of annoyance flashing across his face.

Then he got up and picked up the glass of wine on Su Nan’s table, turned around and went to the bar to change her a glass of freshly squeezed juice.

Seeing this scene, Xiaobaihua’s eyes flashed.

“Second Young Master, I also want to drink juice...”

Cheng Yi had already sat down, took off his jacket, and sat there recklessly.

Hearing this, he glanced at it.

“Don’t you have any hands?”

His tone was a bit ruthless, and his eyes were cold.

Su Nan looked at Cheng Yi, “Why are you talking so aggressively? Why didn’t you bring your friend here?”

Everyone looked down at the cards, not paying attention at all.

Xiaobaihua looked at Su Nan and then at Cheng Yi.

Cheng Yi pursed his lips, and did not continue to speak sneeringly. Instead, he felt a little bit of grievance:

“I didn’t call it, she insisted on coming.”

Xiaobaihua bit her lower lip embarrassedly, even more aggrieved.

At this moment, there was movement at the door.

Many people pushed the door and came in, laughing very lively:

“Miss Qin, it’s rare to save a game, what a good day is today?”

“Miss Su is here? I haven’t seen you for a long time...”

“I know . Now, have you seen Haoyang recently? Do you want an autograph photo...”

...

Little White Flower was attracted.

The group of men and women who came was handsome and beautiful, generous and decent, and the bags and jewelry they carried were not cheap.

At first glance, these are all celebrities who don’t get together on weekdays.

Compared with her, he seemed to be a waiter for a little girl.

But I can’t accept it, the aura on these people is too strong.

It’s all piled up with gold.

Cheng Yi said hello at random, and still looked down at the cards:

“You guys are free, I’m done with this game!”

Su Nan sat there, her stomach was not obvious, so everyone didn’t even realize that she was pregnant.

It’s just that some people consciously put on the music and started chatting, dancing and singing.

These young masters and young ladies seem to regard this box as a KTV.

However, no one dared to come and comment.

Chapter 1804 The sound insulation is not good in the box next door.

Hearing the suddenly deafening music, the conversation of a group of elites suddenly froze and came to an abrupt end.

Although their conversations were easy on the surface, there were always temptations and pitfalls in their exchanges.

So be extra careful.

Everyone was stunned when they heard the music.

One of the company bosses encountered this situation for the first time. He immediately stood up, and with an ugly face, he asked the waiter to come over and drive away all the people in the next box.

Shang Qian smiled calmly:

“There’s no need to make such a fuss, it’s nothing more than entertainment, I think it’s better to have fun.”

Shen Liang nodded in agreement:

“Yes, if you want to talk about things seriously, everyone just go. The conference room is ready, let’s play some billiards, I’ll warm up first, you guys want to play.”

Su Qi had already stood up and started rolling up his sleeves:

“I’m here, I have to win you a game today, and if you lose, you have to drink Yeah...”

“That’s great!” The

others looked at each other in disbelief, and a good entertainment was not involved in business at all...

But they also understood that these people were of great importance, and they didn’t Opinions, no one else.

After a while, Chen Mian from the Fu Group came.

His whole person has an elite style. Compared with the more casual styles of Su Qi and Shang Qian, Chen Mian is more serious.

But when he came in, there was still a smile in his eyes.

Others greeted Chen Mian very well.

“Mr. Chen, you’re late, you’ll be fined for drinking!”

“That’s right, have a drink before playing?”

...

Chen Mian smiled and glanced at Shang Qian:

“I met an acquaintance in the box next door, and I couldn’t refuse if I had to go in for a drink.

” An acquaintance? Who is the acquaintance next door?”

“That is, a man or a woman, Mr. Chen’s affair?”

Someone exchanged glances and smiled.

Chen Mian pinched the bridge of her nose and smiled:

“It’s Miss Su...”

Everyone was silent for a moment.

Listening to the loud music next door, I feel a lot more pleasing to the ear.

Fortunately, the waiter did not let the waiter go over.

Otherwise, the person who left will not know who it will be!

Shang Qian raised his eyebrows, and then he said calmly:

“I forgot, she is next door, go over to say hello when you leave?”

Everyone laughed instantly:

“Don’t disturb Miss Su’s good mood on vacation. Now ...”

“That’s right, let Miss Su be happy!”

“The music isn’t too loud, it’s because the room’s sound insulation is not good!”

“There is a problem with the sound insulation of this clubhouse, but I didn’t hear it either. Too loud, isn’t it?”

“Yes yes yes!” Su Qi

snorted

lightly from the side.

If Su Nan knew that his reputation was widespread, he would be very happy!

The box next door.

Since these celebrities and the rich second generation, Xiaobaihua has completely lost her sense of existence.

The more important problem was that she suddenly realized that since she came in, no one had asked her what her name was.

This hindsight made her feel ignored.

After Cheng Yi finished playing cards, he followed the others to drink.

The person opposite Su Nan changed to Meng Xue, a familiar rich second-generation socialite.

Because she lost too much money, the family found her a marriage that was right for her.

She didn’t want to, but the other party’s family background was good, and he was born in the army, so he looked like a talent.

She tearfully agreed.

Just a few days after getting married, she went out to drink?

Su Nan couldn’t help looking at her a few more times, she didn’t look like the newlywed Yan Er...

Chapter 1805 No wonder

Meng Xue noticed her eyes and smiled:

“Su Nan, I went to the coffee shop downstairs in your company a few days ago to drink coffee. I heard that you are on vacation?”

Su Nan He raised his eyebrows: "Yes."

Go to the coffee shop downstairs of the Su Group for coffee?

Bad way!

"Are you pregnant?" Meng Xue leaned over and whispered.

Su Nan pursed her lips, the surrounding music was deafening, and no one paid attention here.

She thought that she had nothing to hide, so she nodded casually.

Meng Xue tutted twice, but she didn't have the expected reaction:

"No wonder..."

Su Nan was surprised, "No wonder what?"

Qin Yu and Ning Zhi also quietly leaned over and asked in unison,

"No wonder what? ?"

Meng Xue glanced at the three of them and pointed,

"No wonder you are so slow!"

Su Nan was puzzled.

Meng Xue looked around and saw that there was no one around, so she leaned over and whispered,

"I've heard all about it, how many people gave him women in order to get the businessman's investment, and now those eager people are staring at the businessman like a wolf like a tiger. What about Qian!

Su Nan, you have to be careful, when a woman is pregnant, men are most likely to have problems!"

Su Nan frowned and slowly went back to sit up straight.

What a mess.

She didn't believe it at all.

Ning Zhiliao and Qin Yu also looked bored and disbelieving.

Qin Yu said quickly: "You still worry about yourself, even if your husband cheats, Shang Qian will not."

Ning Zhi nodded.

Meng Xue pouted:

"I guess you don't believe me."

She said, played a card, picked up the phone next to her, and found a photo:

"Look, evidence!"

Su Nan casually raised her eyes, Just saw the picture on her phone screen.

It is indeed Shang Qian.

Standing beside him was a woman with a slightly mixed-race appearance.

The woman looked at Shang Qian eagerly, with a lot of affection.

Shang Qian was pushing a small and delicate suitcase in his hand, which seemed to be pushed for her when she picked up the plane.

This photo does make a lot of difference.

At least Su Nan had never seen this woman beside Shang Qian.

Also, have never seen this suitcase.

Shang Qian's face was cold and hard, and his expression was a little unclear.

But it succeeded in arousing everyone's curiosity.

Ningzhi frowned slightly: "Where did this come from?"

"Of course it's internal information, it's forbidden to spread it."

Meng Xue put away her phone.

Su Nan raised her eyes: "Send me the photo?"

Meng Xue paused: "No problem, but..."

She knew she had a purpose.

Qin Yu rolled his eyes.

Otherwise, Meng Xue would be so kind?

If it was a joke, this photo would have spread all over the place.

It wasn't spread because what she wanted was in Su Nan's hands.

Su Nan's reaction was very indifferent: "Speak."

She said, the card in front of her was pushed: "Huh..." The

other three people: "..."

Careless!

The three took out their chips and handed them over.

When they arrived at Meng Xue, she sighed with a mean mouth:

"If you are frustrated in love, the casino will be proud!" In

a word, the eyes of the three of them flew over like knives.

She pursed her lips.

"Well, I don't mean anything else, as you know, I recently failed to start a business..."

The

three couldn't help laughing.

Qin Yu: "Have you ever succeeded in starting a business? You started your business when you were in school, right?"

I remember that your family was quite wealthy at the time.

Later, because you spent money on starting a business, your family was not as good as each day..."

When these words were said in public, Meng Xue's face couldn't be hung up.

"Sooner or later it will be successful..."

Most of the readers are now reading this novels:-

Chapter 1806 asked him to take me with

Ning Zhi: "So what? Does this matter have anything to do with your failure to start a business?"

Meng Xue nodded and looked at Su Nan in a pleasing manner:

"Of course there is. I heard that Shang Qian is a very good investor. He invests in almost all industries that are not profitable. He has a vicious vision and is a genius.

Can you let him take me..."

Su Nan looked at it speechlessly. she.

That's it...

Qin Yu couldn't help sneering:

"Just keep your principal and buy the bag yourself!"

Meng Xue rubbed her hands: "I'm rich now!"

"Where are you? Didn't your parents let you start a business with the money you came in?"

Meng Xue raised her chin arrogantly: "My husband is rich, he said he would give me 200 million to start a business a year, and if I lose everything, I will wait until next year. If I start a business again, then I can start a business every year..."

Qin Yu and Ning Zhi chatted.

Su Nan: "This is the first time I know that the word entrepreneurship is a derogatory term?"

Meng Xue smiled: "So, let Shang Qian take me with you?"

Su Nan was silent, bowing his head and drawing a card.

Meng Xue had no choice but to show her trump card and send the photo to her:

"Is this down?"

Su Nan smiled:

“Okay, but I have to tell you in advance that investing is risky and you need to be cautious when entering the industry. I can tell you the areas he plans to invest in, but I can’t guarantee that he will make money.”

Meng Xue jumped up excitedly:

“That’s great, no problem!”

As long as she can know Shang Qian’s investment direction, she feels that she must be sure to win.

Su Nan wrote her a piece of paper, handed it a few words on it, and Meng Xue took it with both hands as if holding a baby.

“God, I’m going to the top, have you seen it?”

Qin Yu and Ning Zhiliao shook their heads in disgrace.

Su Nan couldn’t help but smile.

Xiaobaihua floated over with a glass of wine unknowingly, her eyes were a little red, as if she had cried:

“What are you talking about, investment? Can I invest?”

Meng Xue smiled and carefully placed the things in the In his pocket, he gave her a very generous look: “Okay...

“

“Then...how much does it cost?”

Meng Xue frowned, “Conservatively estimated, 200 million a year. Let’s start.”

Xiaobaihua’s face turned pale, surprised by this number.

She bit her lower lip: “Oh, forget it, I may not have enough money.”

Meng Xue didn’t notice her face, and raised her eyebrows:

“Can’t get two hundred million? Then don’t invest. “Let’s live well!”

Xiao Baihua felt that Meng Xue was mocking her, her face was embarrassed, she turned around and ran away.

Meng Xue looked at her back in surprise:

“Who is this person, so rude?”

Su Nan raised her eyebrows: “Cheng Ershao’s... friend.”

Qin Yu chuckled lightly: “You’re too sincere, you can’t even get two hundred million dollars? You think they’re all like you?”

Meng Xue pouted, with an indifferent expression on her face.

Without any social beatings, her biggest ups and downs was her entrepreneurial failure.

The more you fail, the more you get used to it.

Therefore, Meng Xue’s naive character was developed, and she just happened to marry well, so she didn’t have any empathy for others.

She raised her eyes and looked at Su Nan, with some gossip:

“But what are you going to do? Divorce?”

Su Nan was surprised: “Why do you want a divorce?”

“

Su Nan suppressed the anger in his heart.

“It’s just a photo, don’t come out of nowhere, you are too worried!”

Chapter 1807 Will You Divorce?

After Su Nan finished speaking, she felt that the child in her stomach moved.

Is the baby angry too?

With a pale face, she touched her stomach, took a deep breath, slowed down, and the movement in her stomach disappeared.

Ning Zhi glanced at her and couldn’t help but fight back for Su Nan: “Meng Xue

, you’ve only been married for less than a month, why did your husband let you out to play? Aren’t you going on your honeymoon?”

Changed, momentarily a little sad and lost.

“He’s gone on a business trip abroad, and it will take about a year for him to come back...”

Qin Yu couldn’t help but smile: “I won’t cheat, right?”

Meng Xue’s expression froze, “Impossible!”

“Tsk tsk, it’s just marriage. Is there any relationship? It’s normal to cheat, right?”

But if you really cheat, will you get a divorce?”

Qin Yu threw the question back to Meng Xue.

Meng Xue lowered her head and remained silent.

The joys and sorrows of human beings are not the same...

Qin Yu and Su Nan raised their eyebrows, signaling her to avenge her!

Su Nan lowered his head and smiled, feeling a little more at ease.

But it was a lot lower because of that photo.

I picked up my phone and wanted to send him the photo, but after thinking about it, I forgot.

She completely believed that Shang Qian would not betray her.

But seeing this scene is very awkward.

Just thinking about it, Cheng Yi and Xiao Baihua’s quarrel came from not far away.

They were forced to hear even the sound of music ruffling their eardrums.

“Your friends don’t respect me at all, they laugh at me, look down on me, and you’re not on my side!”

Cheng Yi said with a big head: “Impossible!”

“It’s true! It’s your best Friends, they don’t pay any attention to me at all, let alone respect!”

Cheng Yi irritably pulled away her entangled arm, very incomprehensible:

“They don’t even respect me, why should they respect you?”

I said no. Maybe it's because they can't laugh at you, so don't think too much about adding drama to yourself.

Besides, they say they are friends, it's good for everyone to play together, if you talk about respect or disrespect, do you still score points when you come out to play? "

Xiaobaihua stood there tremblingly, her whole figure was like an eggplant beaten by frost, her face was pale.

He was shocked by Cheng Yi's words.

"I... I've never seen a friend like you. My friend treats you so politely and takes care of you everywhere. That's because I take care of you.

Your friends don't respect me because they don't . Take me seriously.

You haven't introduced me to them solemnly, that's why they despise me..."

Cheng Yi loosened the collar of his shirt impatiently, looking like a slutty boy He looked like he wanted to chuckle casually:

"What's our relationship? Why should I introduce you? Have I ever touched you? Why do you always look like I'm not treating you well? I, I didn't beg you?"

Xiao Baihua's face turned even paler, as if she was shaky and couldn't stand the blow.

Su Nan and Qin Yu looked at each other, and Ning Zhi tutted,

"Cheng Yi, these rotten peach blossoms, I really don't know what to say?

I want to say that the Zhou Yan who chased him before was a good one, but in the head of love, the wishful thinking was too fierce, which scared Cheng Yi, otherwise, the two of them would be really good match.

Qin Yu snorted softly: "The daughter of the shareholder who almost swallowed the Cheng family ? I heard that she went out to work by herself now? Just in the Shen Group, a small accountant, doing a good job..."

Chapter 1808 He misses too much

Su Nan was stunned for a few seconds:

"Why didn't you say it?"

Qin Yu tilted her head and glanced in Cheng Yi's direction:

"I'm afraid he knows he is looking for trouble, That Zhou Yan's ability is not bad, even Shen Liang said that as long as she is not emotional, her IQ is always on the line."

Meng Xue didn't know what they were talking about in a low voice, she seemed to have a tacit understanding, and she seemed to be excluded.

Very awkward.

"What are you talking about? Is Cheng Ershao's girlfriend looking for trouble?" In her direction, she could only see Xiao Baihua crying in grievance.

She is just watching a play.

She knows and disdains such an ordinary girl's trick.

Only incompetent women will use tears to impress men.

So since Xiaobaihua appeared here, their attitude was neither enthusiastic nor cold.

Everyone is used to seeing such a woman wanting to enter this circle.

Although there is nothing to exclude on the surface, it is absolutely impossible to rely on a man to integrate into this place.

In addition to Cheng Yi, some of the sons and brothers came and went with their girlfriends.

So everyone was surprised.

After a while, Cheng rushed over, and Meng Xue immediately shut up.

She couldn't help the gossip:

"Cheng Ershao, your girlfriend is angry? Do you want to coax her?"

Cheng Yi was in a bad mood when she heard this:

"Girlfriend? Where did you hear that she is my daughter? Friends?"

This just happened to be heard by Xiao Baihua, who was chasing after him.

In front of so many people, she couldn't stay any longer, her eyes were red, her mouth was covered, and she immediately ran out looking deeply injured.

Cheng Ershao's merciless appearance really made many people feel embarrassed.

That little white flower still looks affectionate, how can she actually be sincere?

Cheng Yi sat next to him and took a sip of wine, then took out his cigarette. Just as he was about to light it, he suddenly thought of something, glanced at Su Nan, and stuffed it back into his pocket.

"Then what, I'm going out for a cigarette..."

Su Nan smiled, "Cheng Ershao, who are the people here, if the little girl is in danger, you can't tell, Or send it back, right?"

Cheng Yi's face froze, and he seemed to have thought of this.

He scolded secretly, stood up, took his phone and jacket and walked out.

This club is rich or expensive, and it is not easy to get into the membership system.

But those who can come in have either the money or the power.

For a little girl who is delivered to the door, there are ways to toss.

It's better not to get into this kind of trouble.

Su Nan woke him up.

The phone lit up, and Su Nan took it out to take a look.

It's Shang Qian's news.

"Are you tired? Do you want to go back to rest?"

Su Nan paused and turned off the phone.

don't want to reply.

The music in the ears was deafening, almost driving the whole person to a blood boil.

A few minutes passed.

The phone rang again.

Shang Qian: "Are you hungry? I'll take you out to eat?"

Su Nan silently turned off the phone.

Ning Zhi looked at her and smiled:

“Is it the President Shang who is thinking about it? He is right next door to us. If he misses you, why didn't he come to see you?”

Qin Yu chuckled aside:

“Boss Shang has already He's notoriously obedient, if he comes here to accompany you on this occasion, I think he won't want to stand upright in their piles in the future, just hang out with us like Cheng Yi...”

Su Nan With a meal in hand, I was in no mood for what they said at the moment.

Glancing at them, he pushed the card in his hand and snorted softly:

“Come on, I'm pregnant, I can't stay up late, I'll go back to the bathroom, you can do what you want.”

Chapter 1809 Going to the wrong bathroom

Su Nan took his mobile phone and went out.

She didn't want to go to the bathroom in the box, she wanted to go outside to breathe.

So just take the bag and go out.

When passing by the next door, she heard the low laughter inside, not Shang Qian's voice.

Soon, she came out of the bathroom.

There is a window around the corner.

It was dark outside.

Silence and hustle and bustle go together.

After a while, he took out his mobile phone, but Shang Qian didn't send the latest news.

She breathed a sigh of relief and was ready to go out.

As it happened, a familiar female voice screamed.

“I'm sorry, I didn't mean to, I didn't know this was the men's bathroom...”

Su Nan raised an eyebrow, wow, so exciting!

Xiaobaihua went to the wrong bathroom?

She thought that Cheng Yi had already left with Xiaobaihua.

Didn't Cheng Yi find Xiaobaihua?

Thinking about it, she felt that Xiaobaihua might get into trouble, so she simply took out her mobile phone and planned to inform Cheng Yi.

Just the next second, she was stunned when she heard the man's voice.

"It's okay, the woman is opposite." It

turned out to be Shang Qian's voice!

Really eat melon and eat it on my head!

Su Nan responded in dismay, as if cotton stuffed in his throat.

She paused, thinking it was better not to go out.

I thought that Xiaobaihua could leave quickly, but Xiaobaihua said hesitantly:

"I'm... lost, can you trouble Mr. to send me away?"

Su Nan could think of her expression in that cautious but expectant tone.

But she suddenly felt a little weird in her heart.

She was accustomed to Shang Qian's gentleness and thoughtfulness, and she had never seen any other woman beside him, not to mention that they had never quarreled over other women.

Shang Qian's market, without her, would probably be very hot.

It's a pity that Su Nan's existence has blocked too many peach blossoms for him.

She was a little curious how Shang Qian would deal with this little white flower.

Shang Qian's tone was cold and distant, and it sounded lightly:

"Sorry, I have something to call for a waiter, I'm going to pick up my wife..."

Xiao Baihua's tone was miserable:

"You... married?"

Su Nan sneered in his heart.

Oh, can't you see the wedding ring on Shang Qian's hand?

Shang Qian: "Yes." Simply

, don't want to entangle too much.

So far, Su Nan is still satisfied with Shang Qian's response.

Xiaobaihua still didn't give up:

"I don't mean anything else, sir, I can't find my companion, please send me to the door, it won't delay you for too long."

Such a noble temperament in front of him The man is far superior to all the rich second generation she has met.

If she could climb up to such a man, what would she have to worry about in her life?

In a few minutes, send her downstairs and she will seize the opportunity to show her weakness.

What man wouldn't be tempted by a weak woman?

What if you are married?

Can't you still get a divorce?

Give her a chance, and she can completely entangle him!

The atmosphere was silent for a moment.

Su Nan blinked and almost understood that Xiaobaihua was indeed a little white flower.

She lowered her head and sent Cheng Yi a message.

As soon as I put down the phone, I heard Shang Qian's calm voice with a bit of coldness:

"I can make tens of millions in one minute. If I send you out, how long will you delay me? Can you afford it?"

Su Nan was stunned for a moment, and couldn't help chuckling softly.

Why does she like Shang Qian, who loves making money so much?

Just as soon as he walked out, he heard Cheng Yi running over in a hurry.

“Why are you here? Are you standing in the men’s bathroom to fish for Kaizi?”

Chapter 1810 Diao Kai Zi

Cheng Yi really ruthlessly made Xiao Bai Hua face shameless.

Approaching, Cheng Yi saw Shang Qian.

“Why are you?”

Shang Qian shrugged, looking like I was unlucky.

However, Xiaobaihua flashed her eyes:

“You know each other, Cheng Ershao, since you are your friend, would you like to introduce me?”

Cheng Yi glanced at Xiaobaihua contemptuously.

Until now, he has understood that Xiaobaihua is approaching his purpose.

He hated this kind of purpose very much, and he just brought it here to play with him.

Since she was so ignorant, he didn’t mind letting her go.

“What to introduce? Introduce you? You don’t want to rush to sell yourself, do you?”

Xiao Baihua’s face turned pale, her shy smile froze, and she couldn’t hold back.

Shang Qian’s face froze: “You guys talk, I’ll go first.”

Cheng Yi stepped aside: “Go slowly...”

Shang Qian nodded, then indifferently raised his feet and left.

Xiaobaihua looked at his back unwillingly and bit her lower lip.

Cheng Yi chuckled: “Don’t worry about it, that person’s wife, you can’t afford to offend him in your life.

It seems that you deliberately stayed in the men’s bathroom to catch Kaizi?

That’s why I disturbed you, you must know how Left...”

After speaking, he also looked away in disgust, turned and left.

Su Nan was so fascinated that she didn't pay attention to where she was, the corner where Shang Qian would pass by.

When his straight figure stood in front of her, she suddenly raised her head, blinked her eyes, and waved with

a smile: "Here?"

Shang Qian frowned slightly, looking at her standing in the air vent, and walked over to close the window.

"Why are you standing here?"

Su Nan paused, her eyes flashing slightly:

"I heard you were talking to people, so I didn't bother, I'll be waiting for you here..."

She said a little. A panic.

Much better than overhearing the excuse.

Shang Qian stepped forward, tightened her clothes, and smiled warmly:

"Just right, then let's go home? Didn't you see that I sent you a message, did you patronize and play?"

His tone was light Hatred and petting.

Su Nan felt guilty for ignoring his information.

The direction of departure is the opposite direction of the box.

Passing by the place just now, the little white flower was still standing there.

She was scolded by Cheng Yi and couldn't lift her face, but she didn't want to give up and wanted to wait for the next person to go to the bathroom.

As soon as he looked up, he saw that Shang Qian had come back.

I just didn't expect that there was a woman beside Shang Qian.

It was the woman in the box just now who looked the worst to offend.

Xiaobaihua really has a strong psychological quality, so she didn't let herself lose her temper.

She looked at Shang Qian and then at Su Nan.

It is really unwilling.

Su Nan knew that Xiaobaihua didn't know that she had eavesdropped, so she smiled politely at her.

"Have you left yet?"

Xiao Baihua's face changed slightly, and she glanced at Shang Qian with a guilty conscience.

"No..."

The jealousy in the box just now suddenly gave rise to a bit of fear here.

No wonder the man didn't even look at him.

The woman beside him was of a good figure, bright and beautiful, and the kind of beauty that could capture the soul at a glance was really amazing.

Whoever stood with her would be ashamed.

Xiaobaihua bit her lower lip and suddenly followed them two steps behind.

"I'm lost, can you take me out?"

Su Nan wanted to laugh.

Still not willing to give up?

What a heart to bear!

Su Nan rolled her eyes and chuckled:

“Okay, we have to go anyway.” Let’s go together!

She wanted to see, even if they were together, what else could she do?

But the joy on Xiaobaihua’s face has not yet surfaced.

Hearing that the man beside Su Nan immediately stopped him:

“No, it has nothing to do with us, don’t mind your own business.” In a word, Xiao Baihua was a little stiff.

Su Nan was also a little surprised.

“Just by the way…”

Shang Qian shook his head coldly, put his arms around her shoulders, hugged her a few steps forward, and explained in a low voice,

“She’s in the men’s bathroom. The person who is fishing for Kaizi is not a good person. Cheng Ershao said it himself, don’t believe her.

This is what the Internet says… Green tea scheming girl, a bad woman who specializes in destroying other people’s families, you have to leave Keep her away!”

Su Nan froze in place.

Unexpectedly, Shang Qian actually said this?

She blinked and suddenly felt that she was wrong about her identity?

Shouldn’t she say it?

Why did he tell her?

Shang Qian sighed, looked at her ignorant and dazed appearance, and sighed:

“Forget it, you don’t understand the sinister nature of the human heart and are easily deceived by the surface, so just listen to me, let’s go quickly, don’t be entangled by her!”

The little white flower behind him stood there with a pale face.

Now, she no longer dared to take a step forward.

I can't believe it.

She looked at the man's back in shock.

Did he think she was standing behind and couldn't hear what he said?

Or, did you tell her that on purpose?

She acted so wonderfully just now that he didn't break a word.

When Su Nan came over, she thought she had a chance, but unexpectedly, in order to prevent Su Nan from being deceived, he immediately pierced her scheming.

It's... unbelievable!

How can there be such a man in this world?

Xiaobaihua watched helplessly as Shang Qian pulled Su Nan, as if she was afraid of getting dirty.

That feeling really hurts my self-esteem!

Su Nan held back a smile and followed him in the elevator, turning his head to look at him from time to time.

After watching it so many times, Shang Qian didn't want to notice it.

He pinched his eyebrows helplessly:

"What do you see me doing? Didn't you read the message I sent you?"

Su Nan pursed her lips and

looked away: "I see."

"I see? That's why I don't want to return. Me?"

Shang Qian's voice tickled slightly, looking at her with a smile:

"Where did I offend you?" When the

elevator arrived, Su Nan didn't answer, she walked out in a sloppy pace.

Shang Qian sighed and quickly followed.

The driver went to drive, and Su Nan told Qin Yu and the others in the WeChat group that he left first.

When he raised his head, he happened to bump into Shang Qian's thoughtful eyes.

Su Nan pursed his lips.

"What are you looking at?" Shang Qian pondered

: "I'm thinking, what did I do wrong recently? How can I beg you so that you can remind me a little?"

The photo was sent to his phone.

She raised her chin slightly:

"Look, think about how you want to explain it?"

Shang Qian took out his phone, glanced at it, and then frowned unpleasantly.

"Who is this? Is this P's?"

Su Nan paused and raised an eyebrow.

Unexpectedly, is this the explanation?

She didn't think that Meng Xue had posted a photo in order to fool her.

"It's not from P, think about it again?"

Su Nan looked at him, Shang Qian didn't have the slightest guilt or dodge on his face.

He just frowned, looking at the photo, looking for every clue that could explain the photo.

But to no avail.

Chapter 1812 I will never be fooled

until the driver arrives.

Su Nan sat in the car and looked at him.

Shang Qian sighed and got into the car.

"I don't know her at all, and I don't have any impression at all. Who is she? She gave you the photo?"

It must be jealous of our relationship, and deliberately destroying our relationship. You must not be fooled!

Such a person is far from The farther the better..."

Su Nan blinked.

For some reason, I suddenly felt very happy.

She had never doubted him from the beginning.

Just wanted to see his reaction.

Sure enough, Shang Qian never let her down.

Seeing his distressed appearance, Su Nan put down his cell phone and smiled:

"Forget it, I'm teasing you..."

Shang Qian looked at her, smiled helplessly, and hugged her. With a sigh on his shoulders, he stretched out his hand and touched her lower abdomen:

"You knew that you were bullying me, and the baby didn't bother you?"

Su Nan proudly rubbed her lower abdomen:

"He was very obedient this night, the music just now. With such a loud voice, he is sleeping without making a fuss!"

Shang Qian touched her head warmly:

"I know, you must be jealous, just take a photo to blow me up!"

Su Nan He rolled his eyes:

"Don't think about it, who made you careless, this photo is real, I also exchanged your investment project!"

Shang Qian was slightly stunned, and the corners of his mouth twitched:

"What was exchanged?"

Su Nan thought for a while, and then told what he had just exchanged with Meng Xue.

Shang Qian was silent.

Su Nan pursed his lips: "You can probably make a lot of money from that project, right?"

Shang Qian looked at her and said seriously:

"You can't make a penny, my dear, that's what I used to hide from people's eyes, although I looked at her. The prospects are good, there is actually no development potential, and it will be declared bankrupt in a year." The

atmosphere was rigid and quiet.

Su Nan suddenly felt a little distressed for Meng Xue:

"Are you kidding?"

Shang Qian raised his eyebrows, "I never joke about business."

He didn't lie.

Su Nan was silent for a few seconds, then sighed:

"Forget it, Meng Xue has failed so many times anyway, and this time is not bad..."

If she stopped Meng Xue now, Meng Xue would definitely not Believe it, but think she is lying.

But no matter what, she still sent a message to Meng Xue.

"Investment is dangerous, you should give up!"

Meng Xue replied, "Don't lie to me, I will never be fooled!"

Su Nan: "..."

She tried her best.

Shang Qian lowered his head and smiled, clenching her hand.

"Anyway, I'm still glad you can be jealous!"

That shows that his love has been responded to.

Even if it was a trickle, it came into his life little by little.

...

a few months passed.

before the child is born.

Su Nan and Shang Qian discussed the child's name many times, but they were not very satisfied.

So this matter was handed over to Su Yifeng.

The name of Su Jin and Wen Xiang's baby boy is Su Lin, and Su Jin came up with it.

Su Yifeng had prepared a lot of names but didn't use them.

Because of this, Su Yifeng was sulking for a long time.

It was Wen Xiang's suggestion to give Su Yifeng a nickname, and only then did Su Yifeng get better.

Therefore, Su Lin's nickname was Su Qiqi.

Baby Su Lin belongs to the ox, which means fighting bulls with anger!

Together with the nickname, Su Jin hadn't returned to Su's house for several days.

And he took back his promise to give Su Yifeng a name if he had a second child.

It was useless for Wen Xiang to say anything.

Su Nan asked Su Yifeng to choose a name, and asked everyone to choose it together. Boys and girls choose a few, and she chooses the best one herself.

Although Su Yifeng was not satisfied that she had the final say.

But for the sake of her hard work, she didn't dare to scold her.

Chapter 1813

Su Yifeng stayed in the study for several days.

Finally, he chose a name that he was very satisfied with: Shang Su.

When Su Nan heard it, he was stunned: "Appeal? Does Dad hope that he will have endless lawsuits after he is born?"

Shang Qian twitched the corners of his mouth and held back.

Su Qi couldn't hold back, and spit out a mouthful of water.

"Let's just call Shanggang on the line. Now the homophony is not allowed. Do you want him to be laughed at since he was a child?"

Su Yi returned to the study in a fuss-free manner.

The name has been tossed for several days, and there is no set number.

But the day of Su Nan's launch came early.

Su Nan was looking at the new plan and suddenly felt a stomachache.

Something is not quite right.

She hurriedly called someone, these things had been prepared for a long time.

Shang Qian was still calm. While letting the hospital prepare in advance, he called Su Yifeng and Su Qi and told them that he followed him into the car, comforting Su Nan not to be afraid.

Su Nan was originally quite scared.

But she felt that when Shang Qian held her hand, his palm sweated and trembled slightly.

It seems to be more nervous than myself!

She glanced sideways at Shang Qian's face, which was very pale.

Immediately, she was relieved.

Others shared the tension for her, and she was inexplicably no longer afraid.

When I got to the hospital, my stomach hurt badly.

At the worst, she felt dizzy and felt that the doctor and nurse were standing by to give her an injection

...

Vaguely, she seemed to have heard something about the danger caused by some blood type.

Then fell into a coma.

Sleepy...

a few days passed.

Everyone knew that Su Nan gave birth to a baby girl, and Qin Yu, Ning Zhiliao and Cheng Yi came several times a day.

But there was still a dull atmosphere in the hospital.

Su Nan didn't wake up.

Due to excessive bleeding during childbirth, her blood type is very rare. Although the hospital has prepared spare blood in advance, it cannot stop her from anemia caused by her long-term blood donation.

A variety of factors are mixed, although the doctors have tried their best to rescue them, there is no life-threatening situation for the time being.

But she inevitably fell into a coma.

Su Yifeng was extremely happy holding her little granddaughter, it was a replica of Su Nan's childhood.

The little granddaughter is in good health, can cry and cry, and is naughty like Su Qi.

But thinking that Su Nan was still in the ward, he began to sigh.

Su Qi glanced at the little girl and went out with her coat.

The door of the ward.

Su Qi looked at Shang Qian sitting there, and looked at the door silently, suddenly a little silent.

He walked over and glanced inside, and it had been a week without any change or improvement.

"My dad wants to take the child back to take care of him, but he is worried that you will be unhappy. Everything is ready at home, you..."

Shang Qian paused, his voice hoarse:

"Well, take it back, Su Nan I originally planned to go back and live."

Su Qi was silent.

moment.

“The doctor said that it is a good thing that the situation has not deteriorated. Her physical indicators are slowly recovering. Don’t bother yourself. You haven’t closed your eyes for a few days. Go back and rest. We are watching here...”

Shang Qian’s throat moved slightly, and there were some scarlet bloodshots in his eyes:

“I can’t sleep, I’m afraid I’m going, she won’t be happy if she wakes up and can’t see me.”

Su Qi didn’t know what to say for a while.

He simply sat next to Shang Qian and pursed his lips:

“You haven’t seen what your daughter looks like, go take a look first?”

Shang Qian was silent and shook his head: “Let’s watch when she wakes up. “

His voice was low.

It can be seen that these days have been suffering, and my heart is very uncomfortable.

After Chapter 1814, don’t come

, there is a silence in the air.

Su Qi suddenly didn’t know how to persuade him.

stay here?

His own body can’t handle it.

Su Nan’s coma was a heavy blow to them.

No one expected her to have such an accident.

She has a special blood type and is a little more dangerous than others.

In this situation, I can only hope that she will get better.

Su Qi sighed and cheered him up to distract him:

“The old man gave the baby a name, nickname, ‘Shuo’, which means she speaks very well...”

Shang Qian After a pause, he gave a low laugh in his chest:

“Dad, it’s better than expected...”

Su Qi smiled, “Indeed.” After a

pause, he said again: “Go to sleep. Let’s take a nap, let’s watch here, or you will fall down before Su Nan wakes up, do you want the hospital to take care of one more person?”

Shang Qian was silent for a while, nodded slightly, and slowly stood up After finishing the clothes:

“Okay, I’ll go home and change clothes and come back. Call me anytime if you have anything.”

Su Qi breathed a sigh of relief, “The driver is waiting downstairs.”

He really underestimated Shang Qian’s feelings for Su Nan, Seeing that Shang Qian seemed to be thinner and more haggard than Su Nan lying there these days, he secretly began to worry about Shang Qian’s accident.

I really didn’t expect him to be so affectionate?

Originally, he just thought that Su Nan could get rid of Fu Yechuan’s entanglement and be fine with everyone.

Shang Qian is just the one who just happened to appear, and she is also good to her. When the two of them are together, they can be considered happy to see Su Nan’s firm determination.

Now, they have a high look.

I still remember that on the day of Su Nan’s delivery, when the baby came out, Su Yifeng and the others greeted him immediately.

Only Shang Qian didn’t even look at the child with an ugly face. He wanted to go in and find Su Nan, but was stopped.

The doctor explained outside that Shang Qian’s expression was broken and desperate.

They were fully prepared, how could Su Nan be in danger?

No matter what the doctor said, Shang Qian had to go in, and he was forced to stop him in the end.

It was the first time he saw Shang Qian out of control.

...

Su Qi sat there and sighed.

Suddenly I heard footsteps approaching.

Look up.

It's Chen Mian.

He narrowed his eyes.

Chen Mian stood there and nodded:

"Mr. Su, I'm here to visit Miss Su."

With Chen Mian's current status, it's not unusual for him to visit.

However, the news that Su Nan was in a coma did not spread.

How did Chen Mian know?

Don't think about it, you know that the person behind him didn't give up.

Hehe...

Su Qi is too lazy to be polite, don't overdo it.

"Whoever asked you to come, you should go back. You don't have to visit. My sister won't get better because of your visit. Don't waste this time, it's better if the well water doesn't cause river water."

Chen Mian paused and glanced at the ward . Closed door, pursed lips:

"Mr. Fu knows about Miss Su. He mentioned to me that Switzerland has very good recuperation conditions and the best medical environment. If possible, it is best to send it to Switzerland for treatment."

Su Qi sneered before she finished speaking. With a sigh, he looked at him coldly:

"Let him stop dreaming, it's whimsical."

He knew that Fu Yechuan didn't give up so easily!

Do you want to pretend you haven't done something you've done before?

Except for him, everyone remembers it clearly in their hearts, not mentioning it does not mean that they have forgotten!

Chen Mian's face was calm, she pursed her lips, and there was no regretful look in her eyes, she just replied lightly:

"Then I hope Miss Su wakes up sooner, and I hope not to disturb her recuperation."

Su Qi was expressionless and closed. Closing his eyes, he replied,

"If it wasn't for too much blood donation in the early stage, this danger could have been avoided.

Don't come here in the future."

Chapter 1815 Tell him not to dream

Chen Mian stiffened, nodded slightly, then glanced at the door of the ward, silently turned around and left.

The box in his pocket never came out.

It was Fu Yechuan who asked him to transfer it.

Why bother?

Can you give her a present?

Or, just to let her know that he still misses her?

Chen Mian sighed and couldn't help speeding up his pace.

...

Shang Qian squinted at home for a while, and it was late at night when he opened his eyes.

He looked at the empty room, the dark night outside, and couldn't help being lost for a moment.

It seemed like someone could come from the living room in the next second, she leaned beside him with a smile, and asked him,

"Are you hungry?"

His chest tightened, and his breathing suddenly became heavy.

I went to the hospital with my phone.

On the way, I happened to receive a call from an assistant.

“Mr. Shang, there are several projects that are facing paralysis. Should we make additional investment, most of them are waiting and watching. It is an opportunity and a risk...”

Shang Qian frowned and said a few words in a hoarse voice. It's not stable at the moment, but it's promising.

Simple and clear.

the end.

He added a sentence: “You can do the rest.” The

assistant responded, “Also, the young master said he couldn't contact you. He wants to go home and have a look. The school wants the parents' opinions.”

Shang Qian A hint of exhaustion flashed between his eyebrows, and his voice was slightly cold:

“Let him stay at school. I really can't stand you taking him out to play for a day before sending him back.

Don't bring him to the hospital to disturb the patient.”

After that, he hung up the phone.

Assistant: “...”

Soon, to the hospital.

It was quiet on that floor.

When Shang Qian was about to walk to the ward, he paused.

He took a deep breath to make his face look less ugly.

Force yourself to pull out a little smile.

But with little success.

He really didn't have any mood.

When he first started his business, he was never so afraid of facing so many dangers and traps.

Su Nan, this woman seems to be holding his life.

He gradually got closer, and the heavier his heart became, he couldn't even pretend.

Forget it, it was very sad, no matter how you pretend it is useless.

But when he walked to the door and looked inside through the glass, he suddenly froze.

The bed was empty and nothing.

No one...

In an instant, his mind went blank, and he panicked for a moment.

He hurriedly yelled at the doctor...

but there was no response.

He was about to run to the office when he turned a corner and bumped into a soft body.

He subconsciously supported her slender waist, the familiar delicate touch made him unable to believe that the person in his arms was Su Nan.

The shock and panic in his eyes were intertwined, and before it dissipated, his hands were shaking a little.

I can't believe it, but I look forward to it.

Look down.

Su Nan looked up at him with bewildered eyes, as if he didn't know the person in front of him.

Shang Qian's face was pale, and he was excited and nervous.

He looked at her cautiously, put a hand on her face gently, his voice was hoarse:

"Wife, are you awake?" The

two of them would only call this title when they were extremely intimate.

But Shang Qian felt that he called too little before, so even the memory became extraordinarily valuable.

She is his wife!

Su Nan blinked, pursed his lips, and lowered his eyes, with a dazed tone:

“Who are you? Did you admit the wrong person?”

Shang Qian froze, and his eyes narrowed fiercely.

Su Nan tilted his head, glanced at him again, and lowered his head very quickly:

“I don’t know you, don’t come to strike up a conversation, don’t strike up a conversation just because you think you look good, my brother won’t let you go!”

talking about?

Su Nan pushed him away and ran over from the side with his head down.

Shang Qian was stunned for a long time.

Did not slow down.

After a long time, he turned around slowly and watched Su Nan walk back blankly from the opposite place.

Stop a few meters away from him.

Her eyes were watery, and she was pitiful with a noble squeamishness:

“Why am I in the hospital? Who are you?”

Shang Qian’s lips pursed into a straight line.

His tone was a little hoarse, and he cautiously asked,

“You don’t remember me?”

Su Nan pouted, looking innocent and eager to see him more.

She was very satisfied with his appearance, but she couldn't show that she was too hungry for men.

Otherwise, the price will drop!

But the man in front of her was gentle and noble, and it happened to grow on all her hobbies.

I can't even look away!

"I don't know, what about my father and my brother?"

She raised her chin slightly, like a delicate little princess.

Shang Qian paused in his throat and sighed lightly.

It's a good thing to wake up.

But how could one forget him?

He finally entered her life.

Did she forget it?

He laughed softly, looked at her, and said in a low voice,

"What a little conscience."

Su Nan pouted and snorted coldly:

"Don't say pull it down, I'll find it myself!"

She didn't believe that Su Yifeng and his brothers just left her here?

She was just about to pass him away.

Shang Qian pulled him next door.

Can be held in one hand.

She is thin.

The weight of being pregnant and fat is all gone in the past few days.

Thinking of this, the depression in his heart was swept away, and all that was left was distress.

She is in danger because she is pregnant with a baby.

How could he blame her for forgetting?

She definitely didn't mean it!

Think of this.

He softened his tone.

"I'll find it for you, you wait in the room, okay?"

Su Nan hesitated: "Why should I trust you?"

Shang Qian smiled warmly: "Do I look like a bad person?"

Su Nan thought Want to nod.

But she shook her head erratically.

Shang Qian's smile deepened.

"Go in, they'll come right away."

Su Nan didn't want to jump around like a headless fly.

She can only choose to believe the man in front of her.

Out of looks, she believed it!

Shang Qian watched her go in obediently.

The smile on the corners of his mouth slowly converged.

Then, his eyes lowered, he took out his mobile phone and called the doctor, telling them about Su Nan's awakening.

Then called Su Qi again.

Su Qi, who had agreed not to leave here and was guarding for him, only held an important video conference in the temporary conference room of the hospital at this time.

So many things in the company need someone to make up their minds. Su Jin is busy taking care of Wen Xiang, and Su Yifeng has to take care of the children. He can't be the boss.

Fortunately, Su Jin agreed that when Wen Xiang's health improved, he would immediately start taking over the company's affairs.

Otherwise, he really can't handle it.

But in this period of time, such a big thing happened.

As soon as he heard Shang Qian's words, his ass rolled up.

He swore that if Su Yifeng found out, he would definitely peel him off!

Su Qi ran up excitedly:

"Brother-in-law, where is my sister?"

Shang Qian sat outside, his face still heavy, and he didn't look relaxed or happy.

Su Qi was a little suspicious.

Did he lie to him?

Shang Qian pointed to the inside of the ward.

"It's inside, the doctor is checking."

Su Qi breathed a sigh of relief, tidied up his clothes and was about to walk in.

He froze for a moment.

It doesn't feel right.

"Are you so happy? Why are you sitting outside?"

Chapter

1817 The place where the fantasy collapse is wrong is here.

Didn't Shang Qian want to be with Su Nan all the time?

Why did she wake up and he was waiting outside?

There was no surprise on his face.

When Su Qi asked the exit, Shang Qian's face froze for a moment.

He pursed his lips.

"She hasn't fully recovered yet, let's wait for the doctor's result..."

Su Qi frowned, as if she couldn't understand what he said.

What didn't fully recover?

It would be nice to wake up!

But he didn't think about it that much, just pushed the door and walked in.

"Baby sister..."

He said happily, ready to give a big warm hug.

But looking at the doctors in the ward, all their faces were sullen and serious.

In an instant, my heart froze.

Oops.

There is a bad feeling.

However, Su Nan sat on the hospital bed sideways, with her feet dangling, and smiled softly:

"Little Sanzi, I gave the love letter you wrote to that actress to Dad!"

Her sly eyes were a little bit starlight.

Su Qi froze for a moment, and his smile narrowed slightly.

actress?

love letter?

What kind of thunderbolt is this?

When did he write love letters to actresses?

etc.

It seems there is such a thing!

When he first debuted, he was very fond of an actress who had been in the industry for a long time, so he wrote a love letter impulsively.

He also asked Su Nan, who is also a woman, to help polish the pen.

later.

The love letter he worked so hard to write is gone.

He thought he had lost it at the time, so he was too embarrassed to ask Su Nan if he saw it.

Later, I don't know how it got into Su Yifeng's hands.

Su Yifeng held a love letter in one hand and a stick in the other, and gave him a slap, so that he could clearly recognize the reality of the entertainment industry.

Later, he realized.

It was because he was the male lead in a play, which was invested by the Su Group. He secretly operated the actress to play the female lead, but he was too embarrassed to tell her.

Later, I saw that this actress slept with the director all the way to get more shots in order to get more shots.

Since then, the fantasy has been shattered.

Never looking for girlfriends in the entertainment industry is his bottom line.

Look at Su Nan so arrogant and cunning.

He took his seat at once.

His face was flushed with anger, and the butt he was spanked by Su Yifeng was still hurting, vividly in his mind.

It's so profound!

"It turned out to be you little bastard!"

Su Qi gritted his teeth and wanted to settle the bill, but suddenly realized something and froze:

"No, when did you give it to Dad?"

“Last night!”

Su Nan said. Export.

The sound in the room seemed to disappear.

Silent to death.

Su Qi’s face was complicated and changeable.

Brilliant.

He twitched the corners of his mouth: “Where are you practicing? Are you lying to me? I admit that you are the actress, right?”

Su Nan frowned, “Dad won’t let me into the entertainment industry, saying I don’t need to work so hard.. ..”

Su Qi couldn’t smile at all.

He looked at her with dark eyes.

“Little Si, don’t scare me!”

Su Nan stretched out a finger, pointed at him, and raised his eyebrows proudly:

“You wait for the beating!”

Su Qi’s expression was already split.

I don’t know what to do now.

He turned to see the doctor.

The doctor also sighed and motioned for him to go out.

Su Qi glanced at her: “Stay here, I’ll be back in a while.”

Su Nan was very unhappy, and she wanted to ask who was that man outside?

It looks pretty good too!

But before he could say it, Su Qi and the doctors filed out.

“What the hell is going on? Did she lose her mind when she gave birth to a child?”

Su Qi scratched her hair and collapsed.

Chapter 1818 only forgot that

Shang Qian stood up outside and looked at the doctor with dark eyes.

The doctor sighed:

“This kind of situation is rare, and it’s not what we expected.

However, after a comprehensive evaluation, although Miss Su’s physical indicators have gradually recovered, because she has just finished giving birth, her body is still very weak and cannot reach the normal level. The speed of human recovery.

Moreover, she had too much bleeding this time, resulting in insufficient blood supply and oxygen supply to the brain, which would temporarily lead to partial amnesia. This is all possible.

We just... did not expect it, Su Miss will be so unlucky, the sequelae will be fulfilled on her.”

After that, everyone fell into silence.

Obviously they tried their best, but accidents always happen.

The doctor looked at them with a bad face and added:

“But Miss Su is no longer in danger and can be discharged at any time. But when you go back, you have to confine your child...”

Su Qi finally understood why Shang Qian was like this complexion.

When I wake up, my wife is no longer a wife, can I not collapse?

This Su Nan is really embarrassing!

He pursed his lips.

Looking at Shang Qian.

Shang Qian’s face was calm: “Then is it possible for her to recover her memory?” The

doctor nodded: “Of course, these are temporary, and when her body recovers, it will recover in a few days or a few months... ..”

Shang Qian’s face improved a lot and he was relieved.

“Is there anything I need to pay attention to? Does she need to take medicine? Will it be bad for her body?”

Su Qi began to admire Shang Qian now.

At this time, he did not change his face and asked the doctor for precautions.

It must be true love.

When Su Nan recovers, he must tell her about Shang Qian.

The doctor breathed a sigh of relief, and hurriedly began to give precautions.

Taking too many medicines for her current physical condition is not a good thing, and it is not an unbearable condition.

It is best to wait for a few months after the body recovers, and then slowly treat the memory loss.

Shang Qian nodded, wrote it down, and then looked at Su Qi:

“Then I’ll go and pack her things first, you can watch her for a while.”

He couldn’t rest assured anymore, so he left her alone and

Su Qi nodded. nod.

The two went in one after the other, and Su Nan was bored reading magazines inside.

When she saw them, she paused.

His eyes were hesitant for a few seconds on Shang Qian’s face, but he still saw Su Qi and stretched out his hand:

“Where is my mobile phone?”

Su Qi walked over and clapped her hand away, and tutted in dissatisfaction:

“It’s your mobile phone . Father or your brother?”

Su Nan snorted proudly, “I want to sue my father, saying that you abused me! “

Su Qi looked at Shang Qian amusingly:

“Look, this is the true face of my sister!”

There was a smile on Shang Qian's pale face. Then

, he started to turn around and pack his things.

Su Nan looked at Shang Qian's movements in surprise, pursed his lips, and looked at Su Qi:

"Who is he and what is he doing?" move my stuff? "

Su Qi gave her a white look and pointed at Shang Qian solemnly:

"This is your husband, remember it well!"

Su Nan's eyes widened in shock, "I'm married?"

Shang Qian watched quietly following her.

Su Nan couldn't accept the news for a while.

Very at a loss.

She patted her head in distress, "Why don't I remember anything? You didn't lie to me? Didn't you joke with me? Why don't I know anything?"

Shang Qian lowered his eyes and silently did not speak.

Su Qi knocked on her forehead:

"Will you make fun of this? I remember everything except him!"

Chapter 1819 Unfamiliar feeling

Su Qi's words inadvertently hurt Shang Qian.

Shang Qian's face was tense, and he pursed his lips.

Su Nan looked at Shang Qian, still in disbelief.

Although...he seemed to be her type.

However, he was a stranger to her.

His familiarity was far from enough to make her accept this fact.

Shang Qian sighed, took out his mobile phone, found the photo of their marriage certificate, and handed it over:

“It was taken on the day we got the certificate, you can take a look, Su Nan, you just forgot it temporarily, but under the law We are a recognized factual relationship.”

Su Nan looked at his mobile phone and took it over suspiciously.

on the photo.

Su Nan snuggled up next to Shang Qian, the two of them were wearing white shirts with smiling faces, and the light in their eyes flashed with love.

Not fake at all.

Su Nan knew herself too well. If she hadn't loved him, it would have been impossible for her to marry a man.

But this kind of love is both unfamiliar and familiar.

It seems that she once had it, but lost it, but it was in front of her, and she dared not confirm whether it belonged to her.

She was not impressed at all.

The screen went dark for a moment, and she subconsciously swiped the screen.

Looking at the next photo that appeared, it was still her.

She was sitting at the dining table drinking milk and happened to look up to see him taking pictures.

At that moment, the light gathered on her body, her fair and tender skin was flawless, and even her smile was condensed in time.

There is a circle of white milk stains on the corner of the mouth, which looks delicate and soft, and the eyes are clear, enjoying the comfort of life very much.

For some reason, at that moment, the bottom of my heart seemed to be hit softly by something.

The air was clear and long that day, and the light was warm.

That kind of inexplicable familiarity came up, as if it happened yesterday.

In an instant, some ungraspable fragments flashed through my mind.

The headache was terrible...

She put down the phone with a pale face, and Shang Qian silently took it over and glanced at it.

“Are you uncomfortable?”

Su Nan felt strangely about him.

She should be unfamiliar, but she does not exclude him.

She shook her head and bit her lower lip, “No.”

Shang Qian paused, then withdrew his eyes in disappointment:

“Things are ready, you can leave the hospital, can you... go?”

Su Nan nodded.

Shang Qian looked at her lower abdomen, stopped her, and then ordered someone to bring a wheelchair over.

Su Nan was puzzled: “Wheelchair? I can walk!”

Su Qi also realized this detail.

He sighed, went over and patted her on the shoulder, took the wheelchair and let her sit.

“No, you can’t, you just finished giving birth, you can’t blow it.”

...

Su Nan: “...”

Finished giving birth?

“I still have a child?”

Su Nan’s face showed disbelief again.

She touched her lower abdomen, although she just went out for a while, she felt something was wrong when she landed.

But she could totally overcome the discomfort.

At this time, when Su Qiyi said it, she suddenly felt that something was wrong.

That feeling of weakness is not caused by illness.

Her face was weird and surprised, and Su Qi looked at her with a funny and pitiful look.

“Sister, when you wake up, you have a husband and children, do you feel that you are complete?”

Consummation?

Su Nan twitched the corners of his mouth and glanced at Shang Qian’s direction.

She didn’t feel so fulfilled.

It just feels like there is an empty place in my heart.

I seem to have forgotten something important.

A little lonely feeling.

She was sitting in a wheelchair, and the whole person was still caught in a rush of reality...

Chapter 1820 My baby

Su Qi used to carry things for her, while Shang Qian pushed her wheelchair.

As soon as she went out, she covered her with a blanket and a scarf that had been prepared for a long time.

Before she could see the outside clearly, the scarf covered her face, making it airtight.

The next second, a strong arm passed from behind her and hugged her whole body.

In a blink of an eye, she was in the car and heard the sound of the door closing.

Su Qi sat in the co-pilot objectively.

Shang Qian went around to the other side and got into the car, without saying anything, and arranged her scarf.

Looking at her deer-like eyes, she looked at him ignorantly.

For a moment, he wanted to bow his head and kiss her.

But thinking about her current situation, I’m afraid it will scare her.

Forget it.

The temperature inside the car is just right.

He curled the corners of his lips, his voice warm and gentle:

“If you feel uncomfortable, just say it, don’t hold back.” Su Nan nodded subconsciously.

Since it was her husband, he did everything for granted.

Although there was something wrong in her heart, she did not reject his approach.

Su Qi glanced in the rearview mirror and breathed a sigh of relief.

Just now, he was really worried that Su Nan, who had lost his memory, would make trouble and could not end it.

If so, how pitiful Shang Qian is!

The car drives to the mainland.

The driver suddenly said,

“Mr. Shang, go back to the apartment or go back to Su’s house?”

Su Nan looked at Shang Qian and frowned slightly.

Besides Su’s house, is there a second option?

She was suddenly nervous.

Realize that the apartment might be their wedding room.

Unfamiliar and familiar marriage room.

She looked at Su Qi with pleading eyes.

Although she and the man in front of her are legal husband and wife, but in the eyes of herself who doesn’t know the truth, she still doesn’t want to be alone with him.

Su Qi naturally saw it, but he couldn’t say anything.

If Shang Qian said that he wanted to take her back to recuperate, it would be understandable.

He won't hurt her.

There was silence for a moment.

Shang Qian said in a light voice,

“Go back to Su's house.”

Everyone breathed a sigh of relief.

Su Qi scratched his eyebrows and slowly dropped a heart.

This is better. Su Nan is more familiar with the Su family and is more suitable for her to take care of her body.

What's more, Su Yifeng and the children are at home.

Su Nan rolled his eyes, leaned back on the chair, and smiled.

Shang Qian did not miss her smile, and a smile appeared on his face.

Careful thoughts hung on his face.

It's really different from Su Nan, who speaks well in the company.

He missed her for so many years, and she forgot everything in front of her. Did he also give him a chance to get to know her?

Thinking about it this way, it doesn't seem so uncomfortable.

The car was moving slowly.

Shang Qian specially instructed, not to be too fast, so as not to bump into Su Nan.

Because it was too slow, Su Nan fell asleep in the car.

She didn't wake up until she got to Su's house.

Su Qi hesitated whether to wake her up, but Shang Qian not only didn't mean to wake her up, but also pulled the blanket up for her.

Well, he should shut up!

After waiting for almost an hour, the housekeeper and the others were surprised when they saw the car came in and no one got out.

Su Yifeng and Su Jin followed one after the other.

I already knew that Su Nan was going to come back, and the house was all packed up, so naturally I was beaming.

Su Yifeng had a lot of white hair on his head because he was too worried about Su Nan a few days ago.

However, Su Nan turned the corner, and he was full of vitality again.

Before Su Qi lowered the window to warn, Su Yifeng pulled the door open with great force:

“Why don’t you get out of the car, my precious daughter?”

Chapter 1821 Are you still human?

The wind from outside blows in.

Even though the weather was fine, there was still a slight chill.

Su Yifeng has no experience, and has long forgotten that she is still in the confinement period and can’t breathe.

Right now, Su Nan was woken up in an instant, and she couldn’t help but tug at the things on her body.

Opening her eyes, she was stunned for a while:

“Dad...”

Shang Qian’s face changed, and he held back what he wanted to say.

He carefully protected Su Nan from being blown away.

As a result, the old man got into trouble.

He never dared to accuse Su Yifeng!

Just keep your mouth shut!

Su Yifeng looked at his weak daughter and Shang Qian's sad eyes before realizing that his actions were a bit rude.

He covered Su Nan with a scarf and a blanket, and instructed Shang Qian:

“Quick, bring it in, it will be warmer inside!”

Su Nan: “...”

Shang Qian was happy to do this.

Just now, she didn't get out of the car because she was afraid of waking her up, but now she got out of the car together with the driver, and Su Qi walked in without any burden.

The rest is left to Shang Qian.

Shang Qian went around Su Nan's side and hugged her firmly.

Su Nan subconsciously wrapped his arms around his neck, and Shang Qian's eyes were filled with a smile.

Even if she lost her memory, she did not reject him.

This shows that even if she doesn't know him, she will fall in love with him.

At the moment, the steps are a little easier.

Su Qi originally told everyone about Su Nan's amnesia.

But they don't quite believe it.

Su Jin turned around her: “Remember who I am?”

Su Nan sat on the sofa and raised his eyelids:

“Brother, your super big Transformers figure was broken by the third brother. “

In an instant.

Quiet in the living room.

Only Shang Qian's mouth had a smile.

Su Jin's cold eyes saw Su Qi on the other side.

Su Qi dodged and glared at her:

“Are you still human? How dare you tell what happened eight lifetimes ago? I’ve paid you to keep your mouth shut!”

Su Nan shook his head decisively:

“No, just didn’t give!”

Su Qi I couldn’t catch my breath, and I almost pissed myself off!

Of course he gave it. Just when Su Nan saw that he broke Su Jin’s Transformers, he asked Su Nan to keep it a secret in order not to be chased and beat by Su Jin.

Of course, there is a hefty fee.

He gave it the next day.

But Su Nan’s memory is only that day.

So I can’t even remember what happened the next day!

How wronged he is!

How precious was Su Jin back then!

It seems to be given by a very important person, and even touching it is not allowed.

I thought Su Jin would never know about this.

As a result, Su Nan was shaken out!

Su Qi gritted her teeth and hated Su Nan.

Turning to look at Shang Qian:

“Can I take your wife away?”

Shang Qian smiled and looked up at him:

“It’s good for her to feel at ease here, and although the child is taken care of by professional staff, how can it compare to the supervision of Dad? When

Su Yifeng heard this, he immediately nodded in agreement.

Shang Qian is really a roundworm in his heart.

He had planned to keep Su Nan and the child behind.

He has taken the initiative to speak, so what's the problem?

“Yes, at a critical time, someone has to be on the side.

Even if the outsiders who pay for them are professional, they can't compare to us!

Besides, Shang Qian is sometimes very busy, so he can't leave them at home!”

Shang Qian nodded.

No comments.

Su Qi twitched the corners of his mouth aside:

“She is in a good mood, why do I feel that I am one step closer to being beaten?”

Chapter 1822 To show off,

Su Jin snorted coldly, and looked at him with a warning,

“You know.”

Su Qi was extremely guilty.

“It's been a long time, big brother, it's just a figure, don't keep hating me!”

Su Jin's eyes sank, and his tone was a little heavy:

“That was the only gift Wen Xiang gave me before he went abroad. I regarded it as a treasure, but you broke it.”

During that time, Wen Xiang broke up with him.

He was able to survive by relying on that gift, who would have been damaged by someone.

Su Jin searched all over the house, but couldn't find anyone...

It turned out to be Su Qi!

This poor bastard!

Su Qi embarrassedly hid behind Su Yifeng.

Su Jin couldn't stand the look in his eyes that he wanted to kill!

Su Nan smiled nonchalantly.

Suddenly I heard a baby crying from upstairs.

She was suddenly stunned.

what came to mind.

Is it her child?

When Su Yifeng heard the child cry, he immediately stood up and ran upstairs.

It was gone in a blink of an eye.

Su Jin pursed his lips: "Dad did it himself, this is his greatest pleasure other than fishing!"

Su Qi was delighted.

"Brother, why didn't your son come over? It's great to be a companion!"

Su Jin gave him a faint look.

"Wen Xiang's recovery is slow, he needs to be quiet, and he is reluctant to bear the child, so we can only take it with us."

Fortunately, Su Yifeng is not an unreasonable person.

Naturally, he can't do that kind of scandalous act of robbing his grandson.

Su Qi still wanted to say something, when he heard Su Yifeng come downstairs.

Holding a crying child.

"I forgot that you two, as parents, haven't seen your children with your own eyes..."

He was talking about Shang Qian and Su Nan.

For a moment.

Su Nan was stunned.

Even if she didn't see it.

Why didn't Shang Qian watch it?

Looking at her, Shang Qian pursed her lips and took the initiative to take a few steps forward, "Thank you, Dad."

Shang Qian had received training with Su Nan before, and it was still normal to hold a child.

And he watched little Mike grow up a little bit before, and he couldn't say that he had no experience at all.

Su Yifeng watched with satisfaction, looking at Su Nan with anticipation on his face:

"Don't be stunned, you hug her too..."

Su Nan was a little uneasy, Shang Qian had already handed over the child gently come over.

She was at a loss for a while.

White and soft little things, at first glance, the facial features are extremely beautiful.

Especially those big eyes, which seem to be clear lakes.

It makes my heart feel soft.

She stretched out her hand, and Shang Qian put the small thing on her arm.

Su Nan immediately held her body tightly, cautiously, for fear of making her cry.

But the little baby is still very face-saving, not crying or making trouble, blinking, watching her grin, blowing bubbles...

In an instant, everyone's hearts melted.

It's really irresistible!

This is her child. Although she has no impression of it, out of her nature, she feels an inexplicable intimacy.

Soft and sticky, like ice cream.

She raised her head subconsciously and wanted to look at them with a smile. The child didn't cry or make trouble in her arms, and she didn't recognize her at all!

Looking up, Shang Qian looked at them with a smile on his face.

At that moment, Su Nan caught a familiar warmth in his eyes.

That feeling ran through her body like an electric shock, and she was slightly stunned between the light and flint.

Shang Qian was also stunned.

The two looked at each other for a few seconds, and Su Nan quickly lowered his head.

For some reason, my heart was beating so fast.

She almost avoided the heat in his eyes.

Chapter 1823 Seeing True Emotional Intelligence in Adversity

Qian looked at her, and suddenly thought of her evaluation of herself when they first met.

It seems that height and appearance are all her aesthetic points. For him, this kind of compliment is his advantage.

Now it seems that her aesthetics have not changed much.

That's good.

It's also good to start from scratch.

Su Yifeng looked at the atmosphere of the two and smiled unconsciously.

Secretly relieved.

"You are sick, and you almost scared everyone to death, especially Shang Qian, who has been in the hospital for several days without sleeping. It's really hard to see the truth, even if you temporarily lose your memory, you can't turn your face and ignore people! "

Su Yifeng looked at Su Nan's dazed look, and took the child over and said.

Su Nan looked at Shang Qian, then at Su Yifeng, pursed his lips, and said nothing.

Shang Qian smiled, "Dad, don't worry, Su Nan's illness will get better soon, and she's not that kind of person."

Su Yifeng nodded meaningfully.

"That too." The

others in the living room smiled, and the atmosphere relaxed.

No one felt heavy and sad because of Su Nan's amnesia.

After all, it is time to wake up, not to lie in a hospital bed with unknown danger.

This was already a pleasant surprise.

Su Nan's arms were empty, and he was actually a little reluctant.

But Su Yifeng turned his head and handed it over to the professional nanny who came to take care of it.

"She should be hungry. We will play with her when she is full." The nanny nodded and explained with a smile:

"Yes, we can't wait for her to cry before feeding, it will leave her with a bad habit.

We follow the scientific feeding method. When the time is almost up, we can breastfeed, so that she will not become dependent."

Shang Qian One more look, a pink and tender little girl is really more likable than little Mike.

He actually wanted to hug her for a while, but he always felt ashamed. After all, she didn't care much since she was born, but Su Yifeng has been busy taking care of her.

Su Nan and the confinement center he had chosen didn't work before. Even these nanny servants were chosen by Su Yifeng personally.

He was speechless.

Sighing softly, he looked at Su Nan, who eagerly looked at the direction the little baby was leaving, a little reluctant.

But it doesn't seem to be too embarrassing to say.

Su Yifeng patted Shang Qian's shoulder, looked at him and said,

"Take her upstairs to rest, you also have a good rest, and then come down when it's time to eat.

There are no outsiders today, we are all family, we don't need to see each other. Outside."

Shang Qian hesitated for a few seconds, "Okay, then I will trouble Dad."

Su Yifeng nodded and said nothing, while looking at Su Qi:

"Go and take all your sister's things and ask Zhizhi. Do you want to come over for dinner?"

Su Qi shrugged and walked up with her bag:

"She's already on her way, she probably won't be there in a while." The housekeeper hurriedly ordered the kitchen to start cooking.

Shang Qian walked to Su Nan's side.

Just as she was about to stand up and go upstairs, Shang Qian picked her up, the warm and light smell was not annoying at all, just a little surprised.

"Don't move, just discharged from the hospital, don't move around."

Shang Qian spoke in a low voice, his voice was clear and smooth.

Su Nan did not struggle.

Obediently let him hug him.

Weird feeling, but not exclusive.

She glanced at him secretly, her profile face was cold and hard, her lines were smooth, her nose was straight, her profile was very good-looking, her whole person was warm and clean, but she had a sense of noble dignity.

It seems that her eyes are really good!

Chapter 1824 I'm very frustrated

. The room is still Su Nan's room. Shang Qian also lives here in Su's house, so he's naturally familiar.

Su Qi has put things aside, the room has been cleaned inside and outside, with a natural fragrance, which is Su Nan's favorite aromatherapy.

Putting her on the bed, Shang Qian covered her with a quilt, pursed his lips, and said,

"Are you hungry?"

Su Nan shook his head.

Shang Qian: "Is your body okay, is there any discomfort?"

Su Nan shook his head.

He lowered his head in frustration and sighed in a low voice:

"Would you like to talk to me? Otherwise, I don't know what to do." I

don't know if she wants him again if she does it again?

His self-confidence is based on what she likes.

Su Nan blinked and looked at him:

"How did we meet?"

Shang Qian looked at her with dark eyes.

She lowered her head and sighed:

"I know it's just temporary amnesia, but I can't remember it at all. I always feel that it's all too unreal. When I wake up, I have my husband and children. It's amazing!"

Shang Qian's eyes softened a bit, he touched her hair, and his voice softened:

"It's normal for you to be uneasy now, but these are all true.

Although you have forgotten me, I'm a little sad, but if it's not a bad thing to be able to forget those bad things together."

"Bad things?" Su Nan was puzzled.

She has been smooth sailing since she was a child, how could something bad happen?

Shang Qian's eyes froze, and his smile instantly resumed:

"It's nothing, it's not worth talking about, don't you want to know how we met?"

He changed the topic.

I really didn't want Su Nan to hear the name "Fu Yechuan" again.

If possible, I really want her to forget it completely.

Otherwise, the hurt she suffered would have to go through a second deep-rooted memory.

It's so cruel!

Su Nan's eyes lit up and nodded.

She is not a love-minded person, and she has seen many men. The man who can make her want to marry must not be easy.

At least it's not just the person in front of him who looks good.

Shang Qian spoke in a succinct manner, neither in a hurry nor slow, and his voice was smooth and magnetic, and Su Nan fell into a trance for a while.

He just bypassed Fu Yechuan and talked about the matter between the two of them.

After a while, the sunlight outside poured in, and even the air inside was warm.

Su Nan looked at him, not knowing why the exact same scene appeared in his mind.

Coincidence with the person in front of him.

Oh, he didn't lie.

He was before, and he is now.

When he came to the end, there was a smile on the corner of his mouth. This kind of smile was from the happiness of the heart, and he couldn't hide it at all.

He was happy to marry the person he loved, so he didn't care that he gave up everything on Wall Street and moved to Country Z, and didn't care whether he would have no relatives if he took root in this unfamiliar place.

But the more he listened, Su Nan felt a little heavy.

He paid so much, didn't he feel at all disadvantaged?

She looks like a scumbag who makes the spare tire turn positive.

Looking at her complicated eyes, Shang Qian didn't say anything, just stared at her blankly.

"Is there anything you want to ask?"

He didn't lie, just dismissed Fu Yechuan.

It's not that he is stingy. The main thing is that Fu Yechuan didn't do anything good. If he said it, it would be like he was complaining.

So indecent.

Su Nan subconsciously reached out and touched his face, he was stunned...

Chapter 1825 Does he love me? The

two of them looked at each other, and Shang Qian's eyes were smiling, which made Su Nan's heart suddenly warm.

She abruptly withdrew her hand, looked away, and looked like she couldn't dodge, which made Shang Qian's smile deepen.

Not long after, the servant came in with the child and said with a smile:

"Miss, the chairman said that you should be close to you when the child is not making trouble, and the baby will like you more in the future." After speaking

, he carried the child and handed it to the merchant. humble.

A trace of nervousness flashed on Shang Qian's face. Although he carefully hugged him, he was obviously not as relaxed as before.

He looked down at the child with big eyes, couldn't help but smiled, looked at Su Nan, lowered the child, and held it in front of her:

"Look, you really look like you."

Su Nan looked at the child's heart A strange feeling flashed, and she became a mother in a blink of an eye?

She reached out and pinched the child's face, it was soft and tender, and the facial features were clearly beautiful, which was really likable.

But like her?

No matter how you look at these features, they don't look like her!

She twitched the corners of her mouth and looked up at him:

"Isn't it like that? I look much better!"

Su Yifeng always praised her for inheriting all the advantages of his and her mother, and being the most beautiful in the world.

This little baby in front of me can't be compared at all!

Shang Qian looked at her with dotting eyes:

"Of course, you are the most beautiful."

Su Nan smiled and looked down at her.

The servant on the side couldn't help but smile and said:

"The little girl that the young lady gave birth to is the most beautiful child I have ever seen. When she was first born, her skin was red and wrinkled. It has only been a few days since she was gone. She is just a little beauty."

Su Nan reached out and touched it. , Hearing other people praise this little thing like this, she was quite happy.

Shang Qian stayed here for a while, but he couldn't bear the exhaustion, so Su Nan asked him to rest.

Thinking of Su Yifeng's statement that he had been with her in the hospital, and he hadn't even seen the child, he felt a little distressed in his heart.

Shang Qian didn't say much, he agreed and went to the bedroom to rest.

He knows his body well. He didn't sleep peacefully at all because he was worried about Su Nan. He really needs to rest.

Su Nan watched him enter his bedroom, wanted to say something and remembered the current situation, but chose to shut up.

The baby is still obedient, and does not cry or make trouble when he is not hungry.

Not long after, the housekeeper came over to spread the word, saying that Qin Yu and Ningzhi were here.

Su Nan was surprised to get up and go down, but the housekeeper brought people up directly.

The two of them are the people she knows best apart from the Su family.

Qin Yu and Ning Zhi came up directly and said with a smile:

"The big and small bags we brought you are all put down below, congratulations on being a mommy!"

Su Nan smiled and rolled his eyes, feeling inexplicably kind.

Ning Zhi looked at her face up and down, walked over and sat down:

“Is your body feeling okay, do you feel uncomfortable?”

Su Nan shook her head.

Ning Zhiliao: “I heard the third brother said that you have lost some memory. It’s alright as long as your body recovers. Before that, you had to worry about us to death.”

Qin Yu nodded again and again: “That’s right, we go to see you every day, and you are in a coma. Wake up, no one would have thought that giving birth to a child would be so dangerous, but luckily you are blessed!”

Su Nan sighed: “But I forgot something so important, I don’t know what to do now!”

Ning Zhijiao: “You can ask us what you want to know, we are basically still very clear about the process of your marriage. .”

Su Nan hesitated for a moment:

“Shang Qian, do you love me?”

Chapter 1826 After my ex-boyfriends,

Su Nan, asked, the other two were stunned.

Although she can feel this kind of warmth from Shang Qian’s details to her, she is not sure what they look like in the eyes of others?

Qin Yu and Ning Zhi glanced at each other and smiled.

“Don’t doubt this, if you don’t love you, Miss Su is someone who can get married?”

Ning Zhi nodded: “That is, Shang Qian really didn’t tell you, you forgot that you can just fall in love again.”

Hearing what they said, Su Nan’s slightly uneasy thoughts disappeared instantly.

“Have I been in such a relationship?”

Ning Zhiluo and Qin Yu’s smiles froze slightly.

Just when he didn’t know how to answer, the man who was resting in the room pushed open the door and came out.

Maybe he also slept for a while, Shang Qian looked sullen and a little lazy, and loosened his collar and walked out.

He politely looked at the three women in the living room, smiled, walked over, and touched Su Nan’s hair:

“Don’t be too tired, I’ll ask the housekeeper to bring you some desserts, I’ll go to the company, Call me if you have something to do.”

Everyone watched this scene, and Qin Yu held back everything he wanted to say.

Those scandals between Su Nan and the little fresh meat, and the previous entanglements with Fu Yechuan, don’t talk about it.

If she can’t remember it, of course it’s fine, and nothing has changed when she remembers it. It’s better to let her enjoy these few days.

Su Nan nodded dazedly, Shang Qian lowered his head and kissed her forehead in satisfaction, then looked at the other two people and nodded and left.

After leaving, Su Nan breathed a sigh of relief and urged them:

“Go ahead, do I have any other ex-boyfriends?”

Ning Zhi looked at her speechlessly and turned her head away.

Qin Yu was silent: “What you think is quite beautiful, Shang Qian, you are not satisfied, do you want to go to heaven?”

Ning Zhi nodded in agreement.

At least in this circle, no one has better conditions than Shang Qian.

Although he was in a weak position here in Su Nan, no one dared to despise him outside.

Su Nan twitched the corners of her mouth, but she didn’t have so many emotional entanglements, and she didn’t want to deal with it too much.

The two had been eating dinner here before leaving. Ning Zhi still had a job, so Su Qi reluctantly sent her home, and was there in a stubborn manner.

Although Su Nan was discharged from the hospital, her condition is not suitable for returning to the company for the time being. Su Jin still has to take care of Wen Xiang and the baby, so she can't spare much energy, so she can only rely on Su Qi.

Shang Qian has been overwhelmed by a lot of things during this period of time. Everything that the assistant can solve has been solved, and everything that cannot be solved has been delayed.

As soon as she was discharged from the hospital, he was bombarded by the assistant's phone and had to go to the company.

Su Nan's life at home can be said to be very nourishing.

In the blink of an eye, a month has passed.

Su Yifeng personally took the baby with him, and Su Nan basically only needed to take a little time to play with the child, and the rest of the time was free.

She had been at home for too long and felt bored.

Let Su Qi take her out to play.

Su Qi took her with her when she went to the company. She was bored after staying for a while, so she ran to the nearby shopping mall by herself.

Walking aimlessly, suddenly dozens of bodyguards in black came not far away, and they seemed to be surrounded by some valuable people.

Su Nan didn't bring anyone with him, and was shocked by the momentum for a moment.

But soon, those people didn't even look at her and walked past her.

The tall and straight man in the middle also appeared in front of him, surrounded by an aura of indifference.

Chapter 1827 Do you still hate me?

She has always appreciated beautiful things, including people.

But when that person looked at her, the shock and rich and complex emotions in his eyes suddenly shocked her.

She resisted subconsciously, turned her head and walked in the opposite direction.

I don't know why, but suddenly I felt that the good-looking man was not pleasing to the eye, and I felt uncomfortable in my heart.

But before taking a few steps, someone suddenly grabbed his wrist from behind.

Su Nan was stunned for a moment, then looked back, it was the man.

“Su Nan, it's really you, I...”

Su Nan suddenly broke free, with a cold attitude.

“Who are you?”

She didn't know her at all, even if she knew her, she forgot, but it was really annoying.

The man's face turned pale, and his body tightened instantly, looking at her with a bit of longing and regret in his eyes.

It seemed that there was a huge suppressed emotion in full bloom, and the moment I saw her, it burst out.

The man behind the man caught up:

“Mr. Fu, it's too late for the meeting...Miss Su...”

The man looked at the two of them meeting, and his face suddenly became strange.

Su Nan frowned and looked over, she didn't know the other man either.

I regret coming out alone.

She frowned, not wanting to say anything more, she turned around and left.

The man called out her name in a low voice:

“Su Nan, do you still hate me?”

He disappeared from her world as she wished.

Day after day, he was tormented by memories and remorse, and he really felt the pain and suffering of her leaving his life.

This pain did not lessen over time, but became more and more unforgettable.

He let go, but he really couldn't forget it!

Su Nan glanced at him, her face was indifferent and not moved at all, just a look at a stranger, her tone was a little impatient:

"What do you think?"

Although she completely forgot the person in front of her, but this person brought That feeling of hers was very bad, and she felt cold and resistant in her heart.

Hope the farther away from him the better.

Perhaps it was Su Nan's tone that made the man feel indifferent, he was stunned for a second, and Su Nan took the opportunity to turn around and leave without any hesitation.

Fu Yechuan subconsciously raised his foot to catch up, but was stopped by Chen Mian behind him:

"Mr. Fu, Miss Su is in good shape and can't be stimulated. The people of the Su family have been following her. If her bodyguards come forward, the Su family will definitely get news. "

At that time, the matter of Fu Yechuan returning to China after he went back on his word will become ugly.

heard.

Fu Yechuan pushed Chen Mian away with an ugly face, "Go away, I want you to teach me?"

Chen Mian staggered back a few steps before standing firm.

Some embarrassed.

Although he is now the nominal head of the Fu Group in Asia, in fact he is only under Fu Yechuan's orders.

After all, it's a puppet.

The people in the circle give him a bit of face, but they all know this.

Chen Mian stepped forward, and his attitude became a little more respectful:

“Mr. Fu, Miss Su gave birth to a young lady, and the Fu Group sent a congratulatory gift in the name of the company, and the relationship between the two has gradually recovered some cooperation. “

Fu Yechuan gave him a cold look, turned around and left, his aura was cold, as if he didn't take Chen Mian's words to heart at all.

He never cared about the cooperation between the two.

All he cares about is Su Nan.

He left not because he was afraid of anyone, but because he wanted to make Su Nan happy.

Only now, when he thought of Su Nan's indifferent eyes just now, his heart was cut like a knife.

After leaving the mall and going down the stairs, Fu Yechuan lost his mind and almost lost his footing.

When he got in the car, his face was still ugly.

Chen Mian sat in the co-pilot and pursed his lips:

“The gift you asked me to send was rejected by the Su family, and I added it to the gift later.

Miss Su, she only gave the gift because she donated too much blood in the early stage. It led to the coma after this delivery.

Although she woke up from a near-death situation, she forgot everything related to you.”

Chapter 1828 She forgot about me

. Chen Mian finished speaking in one breath, and the car fell into a cold silence.

Fu Yechuan's face was pale and ugly, and the emotions in his eyes were complicated and dark.

a long time.

The corners of his lips were pale, and his voice was hoarse:

“She forgot me?”

Fu Yechuan suddenly felt a sharp pain in his heart, as if a blunt instrument was rubbing against flesh and blood.

For a time, the blood in the whole body seemed to coagulate, and even the body fell into a state of stiffness and numbness.

But my heart hurt so much.

Recalling how she had met in the mall just now, her indifferent eyes and attitude, as if she had never experienced Fu Yechuan in her life, she was enjoying the good time unharmed.

But what about him?

What accompanied him was infinite regret and unwillingness. Is this the punishment for him?

Those memories that she loved him are the beliefs that he can sustain. Even though it is now gone, at least he has received all her love inadvertently.

Now, nothing is left.

She looked at him and said, "What do you think?", which made him unable to calm down for a long time.

Just now, he didn't see her forgetfulness at all.

It seemed that her indifference and strangeness were all expected reactions.

It turned out that I didn't know it!

He leaned back, sinking into the shadows, as if he couldn't get out of this depressed mood.

What do you think?

The words tormented him like a spell.

Of course he knew she would never forgive, he was just expecting her kindness and generosity.

So when he heard that she was unconscious, he couldn't hold back and flew back, using the company's name as an excuse.

When he did see her, he was greeted by another empty pain.

Only he can feel it.

Those pasts were really gone, and Fu Yechuan really didn't exist in Su Nan's life.

God is really good at torturing people, he didn't give him a chance at all!

Neither the driver nor Chen Mian dared to disturb Fu Yechuan like this.

He fell into a struggling but silent mood alone, and the whole person was in a very bad state.

Chen Mian watched worriedly, thinking that Fu Yechuan would have a better life if he didn't see Su Nan and Shang Qian together when Fu Yechuan went abroad during this time.

In this way, it doesn't seem to be that good.

Can only regret.

If he had done less damage to Su Nan at the beginning, there would not have been no chance at all, he could only watch them happily together.

Now that Su Nan has forgotten him, he may feel that his life has collapsed!

"Drive."

Fu Yechuan instructed in a hoarse voice.

The driver and Chen Mian looked at each other, and the driver immediately started the car.

Chen Mian glanced at the time:

"Mr. Fu, the meeting should be over. It's probably banquet time. Shall we go directly?"

Fu Yechuan looked out the window and did not speak or refute. Chen Mian breathed a sigh of relief and nodded to the driver.

He knew Fu Yechuan, and he meant agreement without refutation.

This business banquet was of a high standard, and people from both political and business circles were there.

Basically, the political community wants to start a new round of urban planning, and naturally the support and participation of the business community is indispensable.

After the meeting, everyone was taken directly to the banquet hall on the side.

Shang Qian finished chatting with a few people, and saw that Su Jin was late before coming.

He walked over to say hello, Su Jin nodded.

“Xiao Si didn’t come?”

Since Su Nan started raising a baby, he has rarely attended such public occasions.

Everyone even regretted that they couldn’t see Miss Su’s beauty for a while.

Shang Qian nodded, “I heard that I went shopping with the third brother.”

Su Jin pursed his lips expressionlessly:

“It’s fortunate that the Su family is still in the hands of the third brother.”

Chapter 1829 She is my

Su Jin said in a low voice, basically only Shang Qian heard this sentence.

He raised his eyebrows and said nothing.

Although he recognized Su Qi’s ability very much, compared with Su Jin, there is indeed a gap between Su Qi and Su Jin.

So Su Jin is the most qualified person to say this.

Besides, Su Jin just said it casually.

Su Qi has always liked to play with Su Nan, and Su Nan was also happy, of course Shang Qian would not have any opinion.

The two exchanged their views on the project, and then they chatted with each other.

The reason why this banquet is important is that in the urban planning section, there is a hidden item, the military industry sector.

Needless to say, this project does not matter how much profit it makes. The important thing is that it will be inextricably linked with the political world.

At that time, the nature and status of the enterprise will have a pivotal weight.

This is also the reason why Su Jin will attend in person, he is very interested, which will be of great benefit to the future development of the Su Group.

Su Jin made a toast with important people, and watched Shang Qian sitting not far away, smiling and communicating with others, his eyebrows were warm and indifferent, as if he could never see what he was thinking, and he didn't care.

I couldn't help but think of the person I saw on the other side just now.

The man was fierce and domineering, and his indifference made people feel pressure.

Completely different from Shang Qian's style.

That's right, otherwise, how could they safely hand Su Nan to Shang Qian?

He walked over and sat down. Several people greeted him. Seeing that he and Shang Qian seemed to have something to say, they didn't bother.

There were only two of them left.

Shang Qian didn't drink much, and he didn't see which project he was more interested in.

Su Jin pursed his lips and put down his glass: "Which project do you like?"

Shang Qian smiled:

"I like it, everyone likes it."

It was just a fancy, and he didn't plan to get it.

Su Jin: "You know that too?"

The political people didn't even mention that hidden project at first, and only a limited number of people knew about it.

After all, there are not many companies that can support it.

With Shang Qian's strength, it is not difficult to know this.

But the most confident ones are one or two.

Shang Qian let out a low laugh, his brows languid:

"So what if I know, my background is complicated, I have too many connections with foreign countries, the back tone is not enough, I can only look at it."

Su Jin smiled, no Let's be honest, this kind of project requires a very high political background.

Even if Shang Qian had eyes to the sky, people in the political world would not entrust such an important project to him.

"The others are also good, you can take a look."

Shang Qian nodded.

Su Jin raised his eyes, looked at the person in the crowd, and said,

"Fu Yechuan is back."

Shang Qian's smile froze slightly, and then he looked at the crowd as if nothing had happened.

Fu Yechuan hadn't shown up for a long time, and as soon as he appeared, many people crowded around him.

He squinted his eyes, and his tone was a little playful:

"Mr. Fu is not also interested in military industry, right?"

Su Jin pursed his lips, and his eyes were slightly solemn:

"The Fu Group has participated in the project exchange meeting for many times, but it has not clearly expressed that it wants that project. It is obviously aimed at the military sector."

After all, he and Shang Qian are closer now, so there is no need to worry so much about what he says.

Shang Qian raised his eyebrows, "Is there any other group that wants to compete?"

"I heard that the Li family in City B also wants it. Who wouldn't want to take a bite of this piece of fat?"

Su Jin leaned back, unable to see his expression. , his voice was cold and indifferent:

"But Fu Yechuan has the biggest advantage. He was originally from the army. He has a wide range of network resources in the army, and his reputation in the political world has always been good, so..."

Chapter 1830 You have to be careful

that Su Jin's words are not completely finished, but Shang Qian already understands what he is going to say next.

Therefore, Fu Group will be a strong opponent in this competition.

Then it is not surprising that Fu Yechuan will appear here in person.

When Shang Qian saw Fu Yechuan in the crowd, his eyes became slightly cold.

back again?

Did he think it was all over?

Do you think that you have made an excuse for yourself, so you can reappear here magnanimously?

Those things, no one will forget.

Su Jin looked at him coldly, and probably guessed that it would be related to Su Nan.

"Xiao Si hasn't recovered her memory yet, so don't let people talk nonsense in front of her."

Shang Qian smiled, "Of course, other people won't believe her temperament."

She only believed what she wanted to believe.

After this period of contact, Su Nan did not reject him at all.

Even when he tried to make out with her, she did not refuse, but was enthusiastic and proactive.

You see, without Fu Yechuan's memory, she lived so recklessly and magnanimously!

In her life, in addition to being bored with him, she is to observe the growth of the little baby. When she is bored, she will go shopping and chat with her best friends.

It didn't affect anything because of amnesia.

Originally, the hospital said that her condition was short-lived and would recover in about a month. Now that time has passed, she has not changed.

Su Yifeng felt that it would be good to continue like this.

Although the previous Su Nan was stronger in all aspects, he was too tired and lacked some pampering fun.

Now that he had nothing to do at home and discussed with him about buying this and that extravagant money, Su Yifeng suddenly felt that he had worked hard for half his life before it was worth it.

Because he can afford everything her daughter wants!

Shang Qian looked at the screen of his mobile phone, and Su Nan sent him a message, asking him when it would end?

He replied, "Where did you go to play?"

Before Su Nan replied, he saw another figure in front of him.

Fu Yechuan held the wine glass and looked at him with indifference.

That kind of look is the hatred that wants to peel him to the bone.

If it were someone else, he would have been unable to bear Fu Yechuan's power and looked away and surrendered.

But Shang Qian didn't.

Looking up at him, there is a bit of darkness in the indifferent warmth, with a small smile on his face, not at all disadvantaged.

In this delicate battle, no one lost.

Su Jin watched from the side, secretly feeling that Shang Qian was no longer the gentle and doting husband in front of Su Nan. If he really competed with Fu Yechuan, he might not lose.

It was Fu Yechuan who spoke first:

"Long time no see, President Shang."

Shang Qian raised his eyebrows, but didn't get up. He was in a relaxed and lazy state, with a bit

of romance: "It's been a long time, how is the air abroad? Mr. Fu?"

Fu Yechuan's face darkened a little, and his eyes became a little more indifferent.

He hooked his lips indifferently, "I saw Su Nan just now, shopping alone, it doesn't seem as good as before, Mr. Shang, you have to be careful."

Su Jin paused slightly, looking at Shang Qian's face instantly stiff stiff.

Soon, he was back to normal.

“Thank you, Mr. Fu, for reminding me to take care of my wife. She is my person. Those who should be careful are those who are daydreaming.

“

In stalemate.

Su Jin pursed his lips, picked up the cup in his hand, and said in a light voice,

“Mr. Fu, can you help me introduce Bureau Zheng?”

Bureau Zheng is the actual controller of the military project.

Fu Yechuan retracted his gaze, looked at Su Jin, and nodded:

“Of course.”
