

## Read Divorce Billionaire Heiress Chinese Language Chapter 181-185

Chapter 181 Win or lose is the most important

Chapter 181 The most important thing about winning and losing is

Forestry Min frowning, shocked.

“What? What’s going on?”

“I just... spread some rumors about Su Nan and Su Qi on the Internet. I didn’t expect them to call the police! Dad, think of a way to keep things under control. Go down, I’m a star, I can’t be caught...”

Lin Jinru took everything out of the tray.

Who would have known that Su Nan had done so much?

And Su Qi will be Su Nan’s brother?

This time, the hornet’s nest has been poked!

Lin Lin Min was in great confusion, and suddenly he was helpless. He turned around and wanted to ask Fu Yechuan for help.

As a result, Chen Mian stopped him.

He held out his hand politely.

“Mr. Lin, we, President Fu, have a video conference next time. If you can’t be disturbed, please...”

Chen Mian’s attitude was firm and he didn’t leave any room.

Lin Linmin left helplessly, called Shi Dongxin and went to the Su Group.

He also can’t bear to hide the fact that he and Shi Dongxin colluded.

I thought that as long as he made a step forward, it would be a big deal to give up this project, and Su Nan would not agree to let Lin Jinru go.

But who would have imagined that Su Nan would never see him as soon as he reported to his family.

Lin Lin Min was in a hurry, and lingered at the door of the Su Group, refusing to leave.

Shi Dongxin was at a loss, “Mr. Lin, we just let it go? That’s 30% of the profit...”

“Shut up!” It

was dark and Su Nan got off work and followed Yu Louyi. Come out one after the other.

Before getting into the car, Lin Linmin hurriedly ran over.

“Miss Su...”

Su Nan turned her head when she heard the shout. She hadn’t seen Lin Linmin, but Shi Dongxin behind her.

“Oh, Mr. Shi, this must be Mr. Lin from Hang Hai, right?” Lin

Linmin paused, but he didn’t expect Su Nan to guess at a glance.

In his heart, he suddenly did not have so many chances of winning this negotiation.

“President Su, Lin Jinru is my daughter. I hope you can let her go. She is a star and cannot be caught.”

Su Nan smiled and raised her eyebrows.

“Mr. Lin can’t teach his daughter well, so he can only be taught by the police. As a public figure, he should set an example with caution in his words and deeds. I

believe that President Lin will remember.”

This painful lesson will make Lin Jinru remember for a lifetime. .

It will also ruin her star career!

Hehe...

what does it have to do with her?

Everything was brought about by her.

“Wait, Mr. Su, I’m just such a daughter, so let’s go, I won’t do anything about the West Coast project, and I’ll send it back to the developer, and I’ll set it according to the price you negotiated, so that Mr. Su can be satisfied. Right ?”

Su Nan sneered.

She didn't take the initiative to find him to settle the account, but Lin Lin Min still had the face to take the initiative to mention it?

Who are this family?

Lin Jinru and Lin Jinru are really biological father and daughter!

The upper beam is not straight and the lower beam is crooked!

Shi Dongxin stood behind him in a cold sweat. He colluded with Lin Lin Min, and he was justified.

Now that I have come back without asking for anything, it is a shame to be thrown home.

Su Nan glanced at the two of them and curled the corners of his lips.

"Listening to President Lin, I should also thank you for letting go of our Su Group's project?" I

'm really curious, how can this person be so shameless at such a young age?

Lin Lin Min coughed and explained righteously.

"Miss Su, you are still young, things in the mall are so cruel, winning or losing is the most important thing."

Su Nan raised an eyebrow.

"Yes, winning or losing is the most important thing."

She evoked a faint cruel smile, "So, Mr. Lin has to accept this reality. I will not only hold Lin Jinru accountable, but I will also hold you accountable." Lin Lin

Min raised his head suddenly.

"What do you mean by you?"

"Mr. Lin doesn't really think that without Shi Dongxin, the West Coast project can't go on?"

She raised her eyelids and laughed at his naivety.

"Shi Dongxin's second-in-command has been thinking about his position for many years. I went to him for help, and they agreed without a word. They even reduced the price by 10% for me. What a perfect cooperation... ."

Lin Lin Min and Shi Dongxin's expressions changed drastically, their eyes showing shock and surprise.

unbelievable!

Su Nan actually came to a trick to draw salary from the bottom of the pot?

No wonder she so confidently refused to meet in the first place!

It turned out that she already had a way to deal with it.

There was indifference in Su Nan's smile.

"Mr. Lin, things in the shopping mall are so cruel, winning or losing is the most important thing."

With his own way, he also treats his own body.

Give this sentence back to him.

Forest Min's face was extremely ugly.

He was actually played by a fledgling little girl?

After finishing speaking, Su Nan simply turned around and Yu Lou respectfully opened the door and waited.

Shi Dongxin reacted and immediately stepped forward to beg for mercy.

"Mr. Su, let me go this time, don't give them a chance, I'll cut the price for you by 20%... No, 30%!"

If Su Nan is willing, he can do it for nothing.

That's right, the second-in-command he has been suppressing can no longer hold back. If the second-in-command turns over, what chance does Shi Dongxin have?

Most of my life has been busy in vain!

But Su Nan, who got in the car, turned a deaf ear and didn't care at all.

Didn't you think about the consequences when you pitted her?

Bunch of idiots!

...

Chapter 182 She bought you a gift

Chapter 182 She bought you a gift It

didn't take long for Lin Jinru to spread rumors on the Internet.

It is shocking that a big star who usually does not fight or grab it would do such a thing?

But what everyone is more angry about is that Lin Jinru teased netizens as fools, so when she had an accident, most people were still gloating about it.

For a while, all of Lin Jinru's business activities were suspended, and he had to lose a lot of money.

The matter could no longer be concealed, so Lin Jinru could only apologize. After recording an apology video, he announced his retirement from the entertainment industry and chose to inherit the family business.

In this regard, Lin Jinru's family background was also revealed, and there were all kinds of voices, good and bad.

Su Nan didn't expect that Lin Jinru could apologize so happily.

Rather than drain the trust of your fans, leave some leeway.

The mind is clear.

In a blink of an eye, Cheng Yi's birthday came.

Ning Zhiliao and Qin Yu have to work hard every year for Young Master Cheng's birthday present, they must be ingenious and unique.

Su Nan didn't feel anything, anyway, Cheng Yi would say yes to whatever she gave.

Qin Yu dragged Su Nan to go shopping in a tangled state, but instead of buying a gift for Cheng Yi, she pushed her big and small bags.

She asked people to send things to the residence, and the two continued to go shopping.

Su Nan was looking at a Patek Philippe watch. The price was quite beautiful, and it looked luxurious and flamboyant, which was in line with Cheng Yi's character.

But who would have imagined that they would meet Fu Yingying and Lu Qi.

It was a bit awkward for the four of them to meet face to face.

Lu Qi was the first to speak, "Su Nan, you are here..."

"You are blind..." Qin Yu sneered.

Since Lu Qi went to Su Nan to apologize last time, he has obviously restrained a lot.

No way, his handle is still in Su Nan's hands, and he has the lessons of Xu Yang's second-generation idiot, so he must not provoke her!

Fu Yingying snorted coldly, wrapped her arms around her hands, and looked at Su Nan with an unhappy expression.

"What are you doing here?"

"Is this place yours?" Qin Yu turned back, not to be outdone.

Su Nan ignored them and pointed directly to the most expensive limited edition Patek Philippe.

"Wrap this up."

Don't even ask for the price.

"Wait, that's what we saw first!" Fu Yingying hurriedly grabbed it.

It was too late for Lu Qi to stop it.

"Miss Fu, whoever pays first is who, understand?"

Su Nan curled the corner of his lips, glanced at her, and instantly killed her in awe.

Fu Yingying gritted her teeth unwillingly, suddenly realized something, and spoke suddenly.

"Su Nan, aren't you also preparing a birthday present for my brother?"

There was a suffocation in the air.

Lu Qi raised his head in shock, and a light flashed in his mind!

Yes, otherwise why did Su Nan come to buy men's watches at this time?

Su Nan was stunned for a moment, but when Fu Yingying reminded her, she suddenly remembered.

The birthdays of Cheng Yi and Fu Yechuan were only one day apart.

She actually only remembered Cheng Yi's birthday?

That's great ...

She hooked her lips subconsciously, showing a satisfied smile.

Fu Yingying thought she had admitted it, and took the opportunity to ridicule her.

"Don't think about it, my brother won't invite you, and your gift can't be given, so let me..."

Lu Qi twitched the corners of his mouth and dragged Fu Yingying behind him.

"Don't talk nonsense." For

Fu Yechuan's birthday, Su Nan was not invited in previous years, but this year, it might be...

Su Nan turned his head and looked at Fu Yingying with a cold look and a slight smile.

"You want this, then I can't let it go. Who makes me hate you?"

She snorted coldly, took out the card, and paid.

Qin Yu clasped her hands beside her, looking at the narcissistic eldest lady, it was ridiculous.

"Miss Fu, don't be sentimental, Su Nan's eyes are not blind anymore, why are you rushing to give Fu Yechuan a gift?"

Su Nan and Qin Yu left Shi Shiran, and Fu Yingying was still jumping behind.

But that Patek Philippe, the only one in Asia, was bought by Su Nan!

Is it amazing to be rich?

But Lu Qi walked to the corner and couldn't wait to share the news he just saw with Fu Yechuan.

"Old Fu, I just saw that Su Nan bought you a birthday present!"

Fu Yechuan's hand holding the phone trembled slightly.

Almost fell to the ground.

Incredible!

...

Chapter 183 The Ring She Sent

Chapter 183 The ring she gave

“It’s true, Yingying is there, she bought that Patek Philippe men’s watch you like, you just wait for the gift, hahaha...”

Lu Qi couldn’t help but say everything.

This made Fu Yechuan still a little surprised and depressed.

His ninja’s heart jumped, he pretended to be calm, and his voice was cold.

“Okay, let’s hang up.”

Originally, this year’s birthday was not planned to be over, it seems that we still have to do it, otherwise how to invite her?

In previous years, birthdays were celebrated with a few brothers.

I remember that before the divorce, Su Nan seemed to be looking forward to celebrating his birthday, but he thought it was boring for the two of them to face each other, so he politely refused, but she seemed to prepare gifts for him every year.

Fu Yechuan thought of this, and immediately called Chen Mian.

“What about the gift I received on my previous birthday?”

Chen Mian was taken aback by the sudden question.

Soon, he reacted.

“Mr. Fu, all those valuable gifts are in the safe and collection cabinet.”

He was upset, as if he couldn’t remember what gifts Su Nan gave him in those three years?

“What about Su Nan?”

Chen Mian paused for a few seconds before slowly asking.

“Mr. Fu, which year are you talking about?”

Fu Yechuan’s eyes were cold and his voice was slightly deep.

“All.”

Chen Mian coughed, cleared his throat, and strengthened himself.

“Mr. Fu, what Miss Su gave in the first year was a ring. You... lost it yourself...”

He murmured softly, helping him remember.

Fu Yechuan’s face darkened for a moment, his eyes were cold, and his heart shrank suddenly.

throbbing!

He suddenly remembered that when they got married, they didn’t even have a ring. It was because he was too lazy to give alms.

She is ready.

He wore it for a few days and felt uncomfortable, so he threw it in a pocket of his clothes.

Later, it never appeared again...

Chen Mian continued: “Miss Su gave it the second year, a scarf she knitted by herself, but you gave it to Qiao Wanrou, and she threw it away later. Now...”

Before waiting for Fu Yechuan’s response, Chen Mian finished in one breath.

“In the third year, she didn’t send anything.”

There was a dead silence on the phone.

The heart was suffocating pain like being torn, his body was stiff, and his belief seemed to be collapsing little by little.

He suddenly felt that killing a person’s enthusiasm is a very ordinary and extremely sinful thing.

He personally rubbed off Su Nan’s enthusiasm.

So, in the third year, she didn’t even bother to send it...

The ring and the scarf were all things he had gained and lost.

There was no feeling at the time.

To this day, why do I suddenly feel uncomfortable and hard to breathe?

He was reluctant to delve into it, for fear that the answer would be unbearable to him.

Throwing away the phone, he ran to the cloakroom like crazy, took out all his coats one by one, and searched every pocket carefully... The

clothes were piled up into hills, but nothing was found. ....

he can't find it!

The clothes from a few years ago are impossible to keep, and the housekeeping aunt comes to clean up, and will not ignore...I do

n't want to believe, those days he ignored.

It was like the piece of his chest was missing, empty and nothing to fill.

That ring...

the ring that Su Nan gave her, how much courage and hope she used to defeat the despair he brought her before giving it to him.

In the end, he lost it...

After a while, Fu Yechuan came out of the cloakroom and found Su Nan's phone number.

As he waited, he was as anxious as ants.

"Tell me, how much is the repair fee?"

Su Nan endured his impatience, and was straightforward, not even having a chat.

Fu Yechuan's heart was beating violently, he thought he might be crazy, but his voice was calm and composed.

"Su Nan, it's my birthday tomorrow, you must come."

It was the first time he opened his mouth to invite someone to a birthday party, and his heart tightened.

Su Nan's few seconds of silence were his most tormented moments.

Suddenly, I heard Su Nan's laughter on the phone.

“Mr. Fu, have you forgotten that we are not friends?”

...

## Chapter 184 Missing a Girlfriend

### Chapter

184 Su Nan hung up the phone after he finished talking about the lack of a girlfriend.

Fu Yechuan didn't even get a chance to say a word.

This is her answer.

What does his birthday have to do with her?

Fu Yechuan's heart kept sinking.

But thinking about Lu Qi's words, she even bought a gift, so she won't miss it.

Thinking of this, I feel better.

Su Nan woke up early in the morning. The phone call yesterday did not affect her sleep quality.

It rained last night, and the rustling sound was the best lullaby.

When she woke up in the morning, the sky was still a little shady, she pushed open the door of the balcony, and the wind outside came in with a coolness, a little cold.

Cheng Yi's call arrived early in the morning, and Su Nan picked it up, “Cheng Ershao, happy birthday, longevity is boundless!” The

other party laughed, “Are you celebrating your grandfather's birthday?”

Su Nan cut out, “Hey, if it weren't for your birthday today, you'd be dead!”

She turned on the speakerphone, went to apply a delicate light makeup, and chose an exquisite limited edition long dress, inlaid with gray-blue pearls, gorgeous Atmospheric, beautiful!

Stepping on a pair of high-heeled shoes, the temperament of the whole person is instantly highlighted, the aura is powerful and calm, and it is indescribably expensive.

“My majesty, what gift did you prepare for me? I've been thinking about it all night...”

Cheng Yi couldn't help but ask.

The most anticipated gift is the gift from Su Nan.

"What are you missing?"

"I'm missing a girlfriend..."

Cheng Yi said unceremoniously, with obvious intentions.

"I'm going to formally pursue you!"

he announced.

Su Nan sneered a few times, "I don't agree."

"My unilateral decision, I don't need your consent, my love is like the blood flowing in my life..."

Du..... Su

Nan hung up the phone without hesitation.

Neuropathy!

She packed up and went straight to the company.

Yu Lou put the morning meeting materials on her desk and hesitated for a while.

"Mr. Su..."

"What's the matter?"

"The Fu Group sent an invitation, it's President Fu's birthday, and you are invited to attend."

Yu Lou's voice began to gradually decrease, and he didn't understand, where is this Fu always? Come confident, think Su Nan can agree?

With their current relationship, it would be polite to say that they are incompatible.

After a few seconds of silence in the office, Su Nan chuckled lightly.

"Bring your own shame, leave him alone."

What kind of boss is he?

Are you going to celebrate his birthday?

You must be too proud of yourself, right?

Yu Lou breathed a sigh of relief, as expected.

normal reaction.

He made an excuse to deal with Chen Mian of Fu Group, and Chen Mian went to the president's office with difficulty.

"Mr. Fu, Miss Su's assistant conveyed wishes for your birthday, and..."

"What?"

Fu Yechuan's eyes were dark and his face was unpleasant.

"Oh, there was an accident with the Su Group's overseas project, and I need Miss Su to deal with it. She has gone abroad now..."

Chen Mian paused, raised his eyes, Su Nan used this excuse to find it's really level!

"Got it." The

man's voice was deep, his heart suddenly fell to the ground, and it hurt a little.

She will not come.

Didn't you already say it?

They are not even friends, how could they come to his birthday party?

In the evening, Lu Qi's brothers arrived at the agreed clubhouse, and the whole clubhouse was wrapped up, basically no outsiders could come in.

President Fu's birthday must be big enough!

Everyone happily gathered together and soon became lively, but Fu Yechuan was sitting in the corner, drinking silently.

It doesn't seem to fit the atmosphere here.

Lu Qi walked over with the wine glass and touched his glass lightly.

"Old Fu, happy birthday!"

Fu Yechuan didn't lift his eyes, he drank the wine in his hand, and his eyes were so deep that he couldn't see the end.

"She didn't come." His voice was cold.

Lu Qi froze, and immediately understood who he was talking about.

After thinking about it, his mind turned quickly, and he stepped forward and put his arms around his shoulder.

"Maybe it can't save face. After all, the relationship between the two of you, if she is too proactive, she will have no face. Maybe the gift she gave you will be given to you tomorrow."

Lu Qi is full of confidence, he will not guess wrong.

Su Nan liked Fu Yechuan so much before, how could he not know that Fu Yechuan likes Patek Philippe?

That watch must have been given to Fu Yechuan, that's right!

"Hey, isn't that Su Nan?"

Someone suddenly shouted in the crowd.

...

Chapter 185 Deduction of bonuses

Chapter 185 Deduction of bonuses

Hearing that, Fu Yechuan and Lu Qi here stood up together and walked over.

There was no one at the entrance.

"What are you babbling about?"

Lu Qi scolded the man who made a fuss and lied about military intelligence.

The man paused, saw Fu Yechuan's dark face, and smiled shyly.

Take out the phone.

"In the video my friend just sent, Su Nan played mahjong with them, and they won a lot..." Before

he could finish speaking, the phone was snatched away.

When I clicked on the video inside, it turned out that several men and women were playing mahjong together. The chips on the table were car keys and diamonds, and some people took out gold bars. It can be seen that the intensity of this mahjong was much more exciting than this birthday party!

Everyone wears exquisite luxury. Su Nan's gray-blue limited-edition long dress inlaid with pearls sets off her whole person even more dazzlingly, making it impossible to look away.

And around her, Cheng Yi and Ning Zhi sat, as if they were feeding her cards. Su Nan sat there bright and beautiful, smiling very happily.

"Where is this?"

Fu Yechuan's voice was extremely cold.

The man reacted and answered immediately.

"Oh, it's a newly opened bar..."

Fu Yechuan's breathing became heavy.

In other words, she didn't go abroad at all, and there was nothing urgent.

I would rather play mahjong than attend his birthday.

Chen Mian happened to pass by here, Fu Yechuan glanced up at him, threw the phone back to the man, and spoke to Chen Mian coldly.

"Deduct the bonus."

Chen Mian: "...?"

In this birthday party, except for the actor himself, everyone else had a great time.

Fu Yechuan left halfway, and they didn't know what was going on.

He couldn't control himself, and the car went to the newly opened bar.

When he entered, Su Nan was already gone.

Sitting in the car again, the chest was dull and uncomfortable.

The smoke on the fingers was clearly extinguished, and finally dissipated with the wind.

Until 12 midnight, there were countless birthday wishes on the phone, but there was no one from her.

This birthday is really boring... It just so happens

that the next day is Cheng Yi's birthday.

Cheng Yi's birthday party was unique and was held directly in the manor in the villa area.

The celebrities and dignitaries in City A were invited, and the scale of luxury was shocking.

Su Nan was wearing a dark green tube top dress. The simple style was elegant and generous, which made her skin whiter than snow and radiant.

When the housekeeper came to pick her up, he nodded in appreciation.

"Miss is really beautiful today."

Su Nan curled her lips, "Of course."

She glanced at the car behind him. As long as the driver wasn't driving, the housekeeper's uncle would drive his own car.

As far as she knew, the housekeeper had more than a dozen cars.

"Uncle's new Porsche? Why isn't it the latest model? Is it because my dad is stingy?"  
The

housekeeper smiled helplessly, humble and polite.

"Of course not. The third young master said he wouldn't let me buy the same model as him, so I can only buy the classic model."

Su Nan blinked, "What about him? The third brother is really unreasonable!"

The housekeeper uncle smiled and stepped forward to open the door for her.

"Get in the car, miss, and I'll take you there."

By the way, I brought Su Yifeng's gift to the Cheng family.

When they arrived, they saw so many celebrities and daughters, and the manor was decorated with restrained luxury.

Su Nan was still a little shocked.

This is simply beyond the scale of a birthday.

“It’s only a birthday, why is Cheng Yi so exaggerated?”

Uncle the housekeeper smiled, got out of the car and opened the door for her, answering by the way.

“This should be Chairman Cheng’s intention. In order to take this opportunity to choose a girlfriend for Cheng Ershao.”

No wonder!

Su Nan was secretly surprised, thinking that it was probably because of this.

“Su Nan...”

Ningzhi waved at her, Su Nan saw it at a glance, and walked over with a smile.

“What about them?” “They’re

all inside, I’ll come to pick you up.”

Su Nan waved to the housekeeper’s uncle, and Ningzhi went in.

Not long after she walked, a familiar voice made her stop.

“Isn’t Miss Su very good?

Why are the men around you getting older?”

Su Nan looked sideways, it was Zhong Yue who was with Lin Jinru that day.

Ah.....

## **Read Divorce Billionaire Heiress Chinese Language Chapter 186-190**

Chapter 186 She is a performer

Chapter 186 She is

“Miss Zhong?”

Zhong Yue raised her chin proudly, "It's hard for Miss Su to remember me, I heard that the background of the family marriage is suitable, the wealthy businessman just now belongs to you. Marrying partner?"

Although he does n't look very good and is a little older, his family must be rich enough to rival the

country , otherwise how can he be worthy of our noble and elegant Miss Su?" She doesn't pay attention to the public opinion on the Internet in country Z dynamic.

Naturally, I don't know about the exposure of Su Nan and Su Qi's identities.

It was just that Lin Jinru called and told her that she had come without hesitation because of Su Nan's revenge.

Ning Zhi just wanted to go up and say something, but was stopped by Su Nan.

Her eyes were slightly cold, and she looked at Zhong Yue who was talking.

"Don't think you're from the H country, I won't do anything to you, get away from me, it's disgusting to hear you talk..."

Zhong Yue's face froze, and she felt very shameless.

He took out his phone and raised it.

Don't give up!

"As long as I let someone check who the owner of the car is, I'll know who the rich businessman just now is.

I know that car, a classic Porsche, my father also drives this car, and the market price is 1,000. Around 10,000.

I think everyone is curious about Miss Su's marriage partner, right?"

Su Nan hooked the corner of his lips and snorted, the corners of his mouth showing coldness.

"Do you want to threaten me with this?"

Zhong Yue thought she had succeeded, but Su Nan was afraid.

He hummed proudly.

“I just want you to let Jin Ru go, she is such a kind person, you actually reported her to the police station?”

Did you know that her acting career was ruined!

Why are you so vicious? “

She brought it up on her own, and she ruined her future. No one forced her to do those disgusting things.”

Su Nan said lightly. She

glanced at Zhong Yue coldly, and twitched the corners of her mouth carelessly.

“Miss Zhong should still care about herself...”

After she finished speaking, she turned around and stepped on high heels to leave. Of course, Zhong Yue will not give up.

“If you don’t withdraw the accusation, then I will post the photo just now on the Internet to let everyone know that your marriage partner is an old man. Miss Su will soon spread the word. All over the network! There were a lot of

people around. When they heard this, they raised their ears.

Su Nan paused indifferently, with a chill in his eyes.

Zhong Yue was frightened and a little guilty.

“Ms. Zhong boldly Let’s talk...”

Su Nan sneered.

“My butler is not afraid of your rumors. He has four companies and a dozen luxury cars under his name, which can stand the test of everyone. “

In an instant, Zhong Yue’s body stiffened, and she stood there in disbelief.

Butler?

The person who drives the same luxury car as her father, owns four companies and a dozen luxury cars, is only the butler of the Su family.

After listening to this conversation, everyone has a new understanding of Su Nan’s confidence.

How could a person who invested 800 million in the first shot marry a wealthy businessman? Is the

Su family a person who is short of money? It's ridiculous !

And Zhong Yue really doesn't know anything about rich people!

"You... What exactly does your family do? Is

n't it just a small company?

There will still be a butler?" The

butler even has his own company?

so rich?

Ning Zhiliu's mouth twitched fiercely, and he couldn't help but snort softly.

No positive answer.

"Ms. Zhong has such a good relationship with Lin Jinru, she didn't tell you, what does Su Nan's family do?

It seems that your relationship is nothing more than that..."

Su Nan glanced at the stiff Zhong. Moon said casually.

"Since Miss Zhong cares so much about Lin Jinru, don't think about throwing dirty water on anyone here. It's better to take the blame for her. Lin Jinru must be very grateful to you."

Cross-border friendship is really praiseworthy!

Zhong Yue's heart sank fiercely, and there was an undisguised panic on her face.

Ning Zhi and Su Nan's words made her feel inexplicably flustered.

Isn't everything like what Lin Jinru said?

Her lips were white and she trembled slightly.

Before he could respond, the Cheng family's housekeeper rushed over to hear the movement.

He looked at Su Nan respectfully.

“Miss Su, you’re here, the old man is talking, the gift from Butler Su just now is too expensive, and the second young master is not worthy of it, but the

old man likes it...” If you were still suspicious just now, then Butler Cheng’s words completely made Zhong Yue give up.

Sure enough, the rich businessman she thought was just Su Nan’s housekeeper.

Originally wanted to kick Su Nan’s weakness, but ended up kicking a piece of cake!

“That was originally given to Grandpa Cheng by my father. Cheng Yi was just an excuse...”

Su Nan smiled.

“Miss Su, Miss Ning, please—”

Butler Cheng bent down, stretched out his hand, and stepped forward to lead the way.

Just as Su Nan was about to leave, he suddenly stopped.

She turned her head to look at Zhong Yue, and opened her mouth in confusion.

“How can Miss Zhong come here?” In terms

of identity and status, Zhong Yue, who has just arrived in country Z, is not worthy of entering this circle.

Zhong Yue’s face was pale, and before she made a sound, Cheng’s housekeeper recognized who Zhong Yue was with sharp eyes.

“Oh, she’s here to perform a show to cheer her up. It was recommended by a brokerage company, saying she’s a foreigner. Let’s see what’s new.

If you don’t like it, I’ll replace her...” To

be able to perform here, but The company’s special care for her.

After all, the people who come and go here are either rich or expensive!

When Lin Jinru introduced her to this agency, it was to let her find more opportunities!

If someone takes a fancy to you, you don’t have to worry about the future in the future.

But who would have thought that she would take the initiative to provoke Su Nan?

“Forget it, since it’s a performance, you should go to the waiting area and stay for a good rehearsal.

Otherwise, if you go back and take some pictures to threaten others, who would dare to participate in a party in the future?”

...

Chapter one hundred and eighty seventh pollute your ears

Chapter One Hundred and Eighty Seven

People who pollute your ears are shocked in an instant, I’m going!

Su Nan is not the only one in danger!

They always have a share.

This is the place of the Cheng family. If something goes wrong, the Cheng family can’t get rid of it.

Hearing this, the Cheng family’s butler’s face froze slightly, and he winked at the two bodyguards behind him and said coldly.

“Take people away, people in the backstage are not allowed to run around.”

Su Nan and Ning Zhi glanced at each other and followed the housekeeper in.

The two went to see Mr. Cheng first, and then went to see Cheng Yi.

Cheng Ershao was surrounded by people to toast, and seeing Su Nan was like seeing a savior.

“My female companion is here, you guys who don’t have a female companion are not worthy of drinking with me—“

he shouted, and everyone became even more angry!

But when he saw Su Nan, he dared not to speak, and laughed and coaxed.

Wearing a dark green tube top dress, the whole personality is outstanding, bright and bright, with slightly curly long hair lazily draped over her shoulders, no matter where she stands, she can become the most focused person under the spotlight.

Su Nan glared at them, turned around and left, Cheng Yi followed without a word.

“Did the fairy descend to the world today?”

Ning Zhi turned around and left in disgust.

Su Nan couldn't help but sneered and raised his eyebrows to look at him.

“It's even more disgusting if you want to be beaten!”

Cheng Yi leaned forward with a smile, “I always tell the truth.”

He pulled her skirt, Su Nan tutted and took a step back.

One advance and one retreat, from the outsider's point of view, it is more like flirting...

In a corner not far away, a deep scorpion stared at the dark green figure.

The whole body was enveloped by a cold and low air pressure, and the chill was threatening.

Lu Qi stood beside him without saying a word...

The person who had been waiting for Fu Yechuan all night last night, who was on the pretext of going abroad to handle official business, appeared brightly at Cheng Ershao's birthday banquet.

Only less than 12 hours apart, the comparison of the two birthday parties seems to be two styles...

This is just a slap in Fu Yechuan's face...

He looked at Fu Yechuan With an ugly face, he coughed, trying to break the awkward atmosphere.

“Cough, old Fu, I think the Cheng family is flashy, and it smells like a nouveau riche. Isn't it just a birthday? Is

it worth such a big fanfare? Do

we still need to give them face?”

With Fu Yechuan's status , to celebrate Cheng Ershao's birthday?

The Cheng family is afraid that they don't have such a big face!

Therefore, Lu Qi was really surprised that Fu Yechuan could come!

Fu Yechuan frowned indifferently and his voice was deep.

“I’m just curious, who can come to this boring birthday.”

...

Lu Qi choked.

Isn’t it just curious if Su Nan can come?

Since the old Fu divorced, the frequency of this woman’s appearance has been too high...

Just as I was thinking, I suddenly heard the music that started on the huge closing stage of the banquet hall. The music was cheerful and moving.

Afterwards, several popular singers and dancers in the circle came out to perform one after another. For a while, the brilliance and music were deafening, attracting everyone’s attention.

The person in charge of the production of the birthday party knows that the guests are mainly young people, so the styles are all liked by young people, and as expected, the effect is very good.

Su Nan and Cheng Yi were standing closest to the stage. She looked at the C position who sang and danced the most in front of those people. The one standing was Zhong Yue.

The pretentious twisted waist and hips, pretending to be exaggerated and sexy, really is the singing and dancing style of Korean stars

....

Heh, how could such a person still have fans?

I’m afraid it’s not a zombie fan, right?

The music is loud and exciting.

Seeing a waiter passing by, Su Nan took a glass of juice, took a sip, and shook his head.

“It’s so noisy...”

Before she could say anything, she covered her ears with both hands.

Cheng Yi approached behind him and said in a gentle voice:

“It’s too noisy, don’t pollute your ears...”

...

Chapter 188 Where to find the idiot

Chapter 188

Su Nan, who was the fool, raised his eyes subconsciously, and when he heard Cheng Yi’s words, he smiled unconsciously.

This scene fell into the eyes of the two people on the second floor, Fu Yechuan’s eyes became even more gloomy, he put down the wine glass in his hand and walked down without hesitation.

“Old Master, don’t mess with it...”

Lu Qi said hurriedly, otherwise what excuse would he have to explain his behavior?

And the music downstairs just stopped, the people on the stage bent down and ended, and everyone burst into warm applause.

The others went on one after another, but Zhong Yue looked at Su Nan not far away and smiled, showing a meaningful expression.

Ning Zhi knew that something was wrong and approached Su Nan.

“Is this Zhongyue going to do something?”

Su Nan smiled and dismissed it.

“Someone wants to die, don’t stop her...”

Ning Zhi raised her eyebrows, knowing that she knew what she knew, so she was relieved.

on the stage.

“Hello everyone, I’m Zhong Yue, I’m honored to be here today, wishing Cheng Er Shao a happy birthday...”

Everyone cheered, Cheng Yi raised his glass to signal... The

atmosphere was polite and harmonious.

The applause gradually fell, and Zhong Yue spoke again.

“It’s very presumptuous. I want to invite Miss Su to play a song on stage. I wonder if Miss Su will appreciate her?”

No matter who Su Nan was, Zhong Yue felt unwilling.

Is it amazing to be rich?

The daughter of the chaebol of her own country, why should she endure her?

And thinking about Su Qi, she became jealous.

Su Nan looked at Zhong Yue on the stage with a half-smile.

Where did she get the courage to invite distinguished guests to perform?

Do you want to treat her as a guest of honor?

Or do you think that Su Nan does not have her own major, in contrast, highlighting her Zhong Yue’s advantages?

Let her run away?

Cheng Yi’s smile froze on the side, he pointed directly at Zhong Yue above, lowered his voice, and spoke to the housekeeper on the side.

“Where did this idiot come from?” The

butler’s face was blue and white, and he was dripping with cold sweat.

If I had known that this 18th-tier female singer was so ignorant, I would not have invited her!

“Miss Su has a distinguished status. Don’t you want to play a piece for Cheng Ershao?

Or... I’m sorry, so you don’t know anything about the piano?”

Zhong Yue deliberately showed sympathy and regret... and amazed!

There was an uncontrollable joy and excitement in those eyes, and a successful smile...

Cheng Yi secretly scolded, “Su Nan, don’t mind...”

He was about to go up to stop, Su Nan took his arm and glanced sideways at the woman above.

She smiled, lowered her head, took a sip of juice, and handed the cup to the waiter beside her.

Holding the skirt in one hand, he walked up gracefully.

Under the bright lights, Zhong Yue was eclipsed by her, as if she had become the background.

Su Nan stood there, the light and shadow shone, as if a faint halo shrouded her body, lining her skin more than snow, bright and generous.

Zhong Yue froze slightly, just about to say something.

Su Nan suddenly reached out and took the microphone from her hand.

Gentle...and firm.

There was coldness in her eyes, and her eyes swept across Zhong Yue's face indifferently.

"Go down."

In the future, there will be no chance to stand on any stage again.

Su Nan ignored Zhong Yue, turned slightly sideways, bowed slightly to everyone, and politely went to the piano.

Everyone held their breaths, a little surprised.

No one has ever seen Su Nan play piano music on a formal occasion. All of Su Nan's experiences are known only from the few words released by the Su Group. The rest is mysterious and arrogant.

She sat in front of the piano, and as soon as she put her hands on the keys, everyone was not ready, and a series of smooth notes followed, jumping lightly and with countless surprises.

Adapted from Pacabel's "Canon", it flows slowly from her fingertips, the rhythm is soothing and orderly, beautiful and lively, but with a rich inner stubbornness...

She integrated this song into herself Her thoughts and soul are not just a piece of music, but a piece of work, another interpretation of her life.

That is her perseverance, her forbearance, her gentleness and change...

If there is no deep foundation and amazing talent, how can she play such a soul-friendly piano song... ..

and that scene, the most amazing thing is that when Su Nan sat there and played the piano, it was like a flowing picture, so beautiful that people couldn't bear to break it.

The only sound in the venue was the piano music on the stage. Everyone held their breaths, and even their breathing became cautious... After the

song ended, Su Nan got up, smiled slightly, and looked at Ning Zhi.

Ning Zhi nodded, handed the gift he had prepared in his hand, and Su Nan took it.

Cheng Yi's eyes were gentle as if water would overflow.

Su Nan looked at him and took out the Patek Philippe watch inside. It was exquisite and precious, and every diamond on it was shining brightly.

"The piano music is given to everyone, and the watch is given to Cheng Ershao. This is my gift." As

soon as he finished speaking, one hand tightly grasped Su Nan's wrist.

"Su Nan..."

...

Chapter 189 I really miss

Chapter 189 I really miss

"Mr. Fu, what do you want to do?"

Cheng Yu said dissatisfiedly, how could someone destroy such a romantic atmosphere at this time?

What about Fu Yechuan?

He won't let it go!

Fu Yechuan ignored Cheng Yi's words at all, and stared at Su Nan in front of him with deep and dark eyes.

The Patek Philippe in her hand is dazzling.

And Fu Yechuan has never had such a moment when he hated this watch and wished to throw all the watches of the same brand in his collection into the trash!

Su Nan frowned, and when he turned his wrist, he broke free of his big hand.

He looked up at him coldly.

“Mr. Fu, what’s the matter?”

Fu Yechuan’s lips pursed tightly into a straight line. Just as he was about to speak, Su Nan didn’t give him this chance.

“I’ll talk about it later. It’s Cheng Ershao’s birthday party, so please don’t steal the limelight, right?”

She smiled and continued her movements, carefully putting on a Patek Philippe dress for Cheng Yi. watch.

A satisfied smile appeared on his face.

“Cheng Ershao, happy birthday...”

Cheng Yi raised the watch in his hand and deliberately showed it in front of Fu Yechuan.

“Thank you, this is the best gift I’ve ever received, Su Nan, it’s worth keeping for a lifetime...”

He looked at Su Nan affectionately.

Su Nan’s chest suffocated, Cheng Yi’s eyes were warm and warm, as gentle as if the water was about to overflow, leaving you nowhere to escape.

But she couldn’t ignore the dazzling, cold gaze on the other side, which was heavy and depressed.

She celebrated his birthday, gave him gifts, and played the piano for him.

That person is not him, Fu Yechuan!

Looking at these scenes, Fu Yechuan’s chest seemed to be stabbed by a blunt instrument, and the pain was silent.

It seems that those memories that belong to him are about to be uprooted!

It hurts!

In a few seconds, Su Nan lowered his eyes and smiled, looked up at the person opposite, and politely teased Cheng Yi.

“This one should be quite valuable in a few years, so you should keep it well...”

Ning Zhi looked at Su Nan standing between the two people, but Fu Yechuan didn't have the consciousness to leave, his eyes widened. Staring at Su Nan without blinking.

It's terrifying!

She walked over quickly, dragged Su Nan and left, deliberately finding an excuse to leave.

“Su Nan, help me find it, my bag is missing...”

Su Nan understood, and immediately followed, “You always get lost...”

Fu Yechuan looked at Su Nan The back of her, knowing that she couldn't see anyone, she withdrew her gaze.

Cheng Yi in front of him looked at him with a smile.

“Mr. Fu, Su Nan doesn't want to pay attention to you. Don't always appear in front of her and be an eyesore.” In

an instant, the surrounding temperature dropped to freezing point.

Fu Yechuan's whole body was covered with a chill, and his eyes were dark and cold.

“Cheng Ershao, if you don't want me to ruin your place, just get away.”

Domineering and undisguised disgust.

He didn't come to give Cheng Yi some shitty birthday, does he deserve it?

Lu Qi listened, and hurriedly stepped forward to pull Cheng Yi and smiled.

“Cheng Ershao, don't mind, he just has this temper, by the way, happy birthday to you...”

He pulled Cheng Yi away and turned back after a while.

Looking at Fu Yechuan's cold and gloomy brows, he stared in one direction.

He looked at him with a half-smile, “What are you looking at?”

Fu Yechuan ignored him.

Lu Qi didn't give up. For so many years, brother, he knew Fu Yechuan clearly and snorted.

"Look at Su Nan?"

Fu Yechuan glanced at him coldly, "Is it possible to die if you don't speak?"

Lu Qili was so happy, he teased him whenever he got the chance.

"Old Fu, you don't really start thinking about your 'ex-wife', do you?" Could he still understand Fu Yechuan's behavior wrong?

Even if you feel guilty, you don't need to be so angry when you see Su Nan giving gifts to people for their birthdays, right?

It's almost losing his identity and demeanor as the president of the Fu Group!

Fu Yechuan's eyes sank, his breath suffocated, and his voice was cold and pressing.

"Lu Qi, I haven't settled the bill with you yet, you still have the face to ask this?"

Who swore that Su Nan's gift was for Fu Yechuan?

Who said that Su Nan would definitely attend Fu Yechuan's birthday party?

The results of it?

There was only a day difference between Cheng Yi and Su Nan, everything was prepared for Cheng Yi.

Not him, Fu Yechuan!

If it wasn't for Lu Qi, would he need to have such high expectations?

And after looking forward to it, the heart was smashed with blood.

Just damn it!

...

Chapter 190 Excessive naivety is stupid

Chapter 190 Excessive innocence is stupid

Lu Qi heard the words and restrained his smile embarrassingly. Guiltily pulling the corners of his mouth, he coughed, "That...I didn't expect..." It's all Fu Yingying's fault. Who made her mislead her into thinking in that direction from the beginning? But who would have thought that Su Nan would be so heartless? Today's scene is simply hitting Fu Yechuan in the face! The two walked to the backstage talking and laughing. Ning Zhiliao and Su Nan casually found a dressing room and walked in. Just after heaving a sigh of relief, they watched the people inside change their clothes and come out. It's Zhong Yue! She froze slightly when she saw Su Nan, then stepped forward and was about to speak when suddenly the housekeeper of the Cheng family brought someone in. He watched Su Nan bow respectfully and say hello. "Miss Su, I'm sorry, I need to deal with something, just a few minutes." Su Nan and Ning Zhi looked at each other and nodded. "Just please." Butler Cheng gave a wink to the people behind, and the two strong men who were bodyguards went over and pulled Zhong Yue's arm and dragged them out the door. "What are you doing? Butler Cheng, is there any misunderstanding?" Of course, Zhong Yue knew the butler of the Cheng family. His status was respected and precious, and his words and deeds represented the meaning of the Cheng family. In country Z, one cannot offend the rich and powerful casually. Of course she was afraid of what the Cheng family would do to her? I can't ruin my future in the entertainment industry in country Z. If you go back to country H like that, you will be ridiculed. why?

"Miss Zhong, if you don't perform according to the agreed conditions, it is a stage accident. If

there is an accident, we have to return the goods and terminate the

contract . I will contact your agency directly, and the specific compensation will wait for the negotiation result... .."

Butler Cheng took a serious look, his face was cold and indifferent.

"What? I don't have any..." As

soon as he finished speaking, he suddenly saw Su Nan standing there, his expression changing wonderfully.

Shocked.

"Su Nan, it's you—" Su Nan,

whose name was suddenly called, was slightly startled.

She sneered and looked at Zhong Yue.

"It's not a big star yet, so you're going to add drama to yourself?"

“Besides you, who would...”

Su Nan took a step forward, clasping her arms with both hands, her icy and arrogant expression was impressive A Rin.

“Miss Zhong, being too naive is just stupid!”

She curled her lips slightly and took out her phone.

In front of her, she called the president of Huaying Entertainment.

Du Yan.

“Du Yan, it’s me, go and find out which company Miss Zhong Yue is an artist.

From today, I don’t want to see her appearing in any public places or on the screen.

Under your ability, it is not allowed. Her name will appear again.” The

other party didn’t even hesitate, and immediately agreed.

“Okay, Mr. Su, there is no problem. From this moment on, Zhong Yue will completely disappear from the entertainment industry.”

Du Yan is full of self-confidence, and this ability is still there. Banning a little-known artist is just as easy as the palm of your hand.

Zhong Yue’s face turned pale in an instant, she couldn’t even stand, and she was almost slumped.

Su Nan raised her eyebrows, her face was indifferent, and her voice was cold.

“Ms. Zhong, it wasn’t me just now, it’s me now, can you hear me clearly?”

She has always been open and honest in her work, and she dares to do it and recognize it.

Do you need to cover up?

This is Su Nan’s method.

“Lin Jinru didn’t tell you that their Hanghai Group is about to go bankrupt?”

Su Nan looked at her shocked face and continued to beat her.

“My Su Group is about to acquire Hanghai, but unfortunately you didn’t have the fate to see it in country Z...”

Zhong Yue’s face turned pale as soon as the voice fell.

Su Nan acquired Hanghai Group?

In the eyes of H country, Hanghai Group is also a very large-scale chaebol company, even more imposing than their home Xingyue Group.

But in Su Nan’s view, the acquisition is just a matter of one sentence.

So easy...

Zhong Yue suddenly felt a panic.

If Su Nan turned to target the Xingyue Group, would it... In an instant, a cold chill rose in her heart.

This Lin Jinru dared to lie to her!

Use her to offend someone with money, power and background like Su Nan?

It’s really going to kill her!

Looking at her state, Su Nan chuckled and turned away, walked to the sofa beside him and sat down.

Sure enough, deceived pitiful.

Deserved!

The Cheng family’s butler stepped forward, his voice icy cold.

“The Cheng family’s account has to continue to be settled, take it away...”

“Yes.”

From beginning to end, Zhong Yue didn’t say a word, because she was worried about her future and her family, and was so frightened trembling.

Not only to be blocked in country Z, but also to carry a large amount of debt.

When the matter spreads to country H, I am afraid it is also a stain that cannot be erased.

The rest of her life will be spent in torment!

Butler Cheng took the person away with a cold face.

Ning Zhi sneered, it was no surprise that such a small shrimp was on his way to court death.

The previous Lin Jinru was an example, but unfortunately no one has a long memory.

Suddenly remembering something, Ning Zhi looked at her, "What happened to Fu Yechuan just now?"

Su Nan raised his eyebrows and spread his hands, "How do I know?"

"That look doesn't feel right... ."

Su Nan frowned, her expression froze, like waking up from a dream.

"By the way, I still owe him the repair fee..."
