Chapter 191 The ring was lost by me

Chapter 191 The ring was lost by me.

Su Nan and Ning Zhi re-entered the arena, and everyone began to chat and communicate with laughter.

As if those vignettes didn't exist at all.

Knowing Su Nan's identity, no one dared to drink alcohol on purpose.

Feeling a little tired, Su Nan walked to a small balcony, which was quiet and elegant. Looking through the window, you could see the sparkling lake not far away, and the fragrance of flowers blowing toward her.

Just as he felt his whole body relax, he heard footsteps approaching.

"Su Nan, why are you here?" It

was Lu Qi.

She looked a little dissatisfied with a relaxed expression, and glared at him coldly.

"Where am I, I need your consent?"

Otherwise, don't do so much!

Lu Qi bite the bullet and decided to say a few words for his brother.

"It doesn't mean that, Su Nan, why wasn't your watch given to Old Fu? He waited for you all night for his birthday, but you didn't come..."

He muttered, Fu Yechuan is really pitiful. ....

Su Nan sneered twice and looked at him silently.

When did she say that the watch was given to Fu Yechuan?

ridiculous!

Was this guy kicked in the head by a donkey?

“Lu Qi, where did you guys get your confidence? Why should I go to other people’s birthday parties, why should I give gifts to the people I hate?”

Don’t you know?

Lu Qi paused, and was about to speak when he saw a figure move slightly behind the curtain behind her, a familiar height and figure...

Lu Qi opened his mouth, his eyes flashing with shock and annoyance.

It’s over...

“Hate? Do you hate me?”

In a word, Su Nan’s body froze slightly and looked back in surprise.

For some unknown reason, Fu Yechuan was standing in front of her. The huge floor-to-ceiling curtain covered his figure, so she didn’t notice that there was someone next to him at first.

Fu Yechuan looked at her with complicated eyes, and his voice was unimaginably calm.

Su Nan looked away and slightly curled his lips.

“I thought my dislike was obvious, but it seems that President Fu didn’t feel it?”

Now that he has heard it, it is useless to hide it.

Just admit it.

It’s good to have some in each other’s minds.

Lu Qi stood there and was not a human being, and he regretted it more than a little bit. Why did he come up and ask these questions?

What if nothing happened?

He coughed and left the scene silently with his eyes closed.

Just like hell!

Fu Yechuan stared at Su Nan’s profile, but his heart sank.

hate him?

The answer is really embarrassing enough.

But does she have no reason to hate it?

No, of course she could hate him.

Fu Yechuan began to hate himself.

There are no outsiders around, and no one will deliberately overhear their conversation.

Fu Yechuan curled the corners of his lips, and smiled self-deprecatingly.

“Su Nan, no matter what I do, you don’t seem to forgive me, do you?”

Su Nan glanced at him slightly surprised.

He seemed to catch a trace of sadness in his eyes.

She must be wrong.

How could Fu Yechuan feel sad because of her?

Don’t be too affectionate...

“Mr. Fu, we can never be friends, you want my forgiveness, you just want to make your heart feel better, but... why? “

Su Nan smiled, with a bit of indifference in his smile.

“Why do you feel better? You have to be as uncomfortable as I am to be considered an apology!”

Can a fluttering apology wipe out all her pain in the past three years?

It’s too funny, isn’t it?

She just didn’t give him any chance, and there was no breakup that blessed each other, Su Nan thought selfishly, he’d better be poor!

Fu Yechuan’s jaw tightened instantly, his eyes were as deep as the sea, and there seemed to be a thick mass of ink that could not be melted.

That apology lingering in my throat, it’s too frivolous to say it!

He was silent for a few seconds, his eyes flashed slightly, and his voice was hoarse and thick.

“Su Nan, I’m sorry, I lost the ring...”

I'm sorry, that's the beginning of your despair...

Su Nan paused for a moment, and realized that he lost the ring. , his face sank fiercely.

She glanced at him sideways, a sneer at the corners of her lips.

"I know, you lost it on purpose."

...

Chapter 192 Broken diamonds for you

So, did Fu Yechuan tell her about the loss of the ring to pierce her heart?

Fu Yechuan, she's really ruthless...

However, her heart has long since become an iron wall from a lot of holes.

Fu Yechuan's brows twitched, just as he was about to say something, Cheng Yi, who was not far away, noticed the movement here and rushed over immediately.

"Little Fairy Su Nan..."

Hearing this title, Su Nan couldn't help but hook her lips.

The sad past that was brought up by Fu Yechuan suddenly became insignificant.

Talent pains steeped in the past.

Cheng Yi came over and hugged Su Nan's shoulders without saying a word, and glanced at Fu Yechuan sideways, full of alertness.

"What about three shorts and one? You're the only one missing. I saved a game specially for you, go in and get two hands?"

If it was ten minutes ago, she would have been very interested.

But now...

She hooked her lips and smiled a little coldly.

"Forget it, I'm a little tired, I'm going back."

"Then I'll take you off." Cheng Yi spoke immediately without saying a word.

Su Nan smiled, "Forget it today, the housekeeper will come to pick me up, you are a birthday star, you can't leave early." "It doesn't matter to me, how important are they to you?"

to the extreme.

Su Nan just took two steps, and suddenly remembered something.

She took out a stack of cheques from her bag, wrote a series of numbers, turned around and walked in front of Fu Yechuan.

Fu Yechuan frowned, the coldness in his eyes had not yet completely subsided, when he suddenly saw Su Nan who had returned, the coldness in his eyes disappeared in an instant.

Su Nan firmly stuffed the check in Fu Yechuan's chest pocket.

"Forty million is enough for you to buy another new car. Now, the two are cleared..."

Su Nan's smile was cold and warm.

The price she gave was higher than the market price, and there were no follow-up problems.

She was sick of his deliberate entanglement, and she was sick of hearing what he and Ringo said at the Juli Group that day.

Had to repair the relationship because of guilt?

Go to him!

She turned around without hesitation, intending to leave, when the person behind her suddenly spoke.

"Su Nan, believe it or not, I didn't lose that ring on purpose."

He explained pale and heavy.

Su Nan only saw a ghost after he believed it!

She stepped on high heels and left without turning her head, her aura was cold, and she was astonishing to keep going forward.

Cheng Yi sent her to the door and watched her leave.

The uncle the housekeeper sent her to the old house, “The eldest young master is back, and the master has instructed that the family must be neat and tidy.”

Su Nan couldn't help but smiled. It didn't sound like a good word, but the uncle the housekeeper gave her instructions. He Su Yifeng doesn't understand internet buzzwords, nor does he understand the ambiguity in them.

As soon as she entered the door, Su Xiaohu couldn't wait to jump on her feet.

“Mama, I love you...”

Su Nan bent over and picked up Su Xiaohu, touched the Hermes tiger suit he was wearing, a little surprised.

“Wow, Su Xiaohu, your clothes are so cool...”

On the body of a little tiger, an extra tailored tiger skin was given to him?

Shouldn't they all be wearing pretty clothes?

This operation is a bit unbelievable...

Su Xiaohu raised his head proudly and looked at her with his eyes dripping.

“People are really cool...”

“Little Si is back...”

Su Yifeng came down from the upstairs and said lazily, seeing it open his arms...

Su Nan smiled and couldn't help jumping over, but before he fell into Daddy's arms, he was stopped.

Su Yifeng waved at her and said helplessly.

“It's not you, I want to hug my Su Xiaohu...”

Su Nan's face froze: “...?”

Isn't she the most beloved daughter?

Su Yifeng carefully hugged Su Xiaohu, holding it like a baby in his hands.

“Su Xiaohu, grandpa will take you around...”

Su Qi was lying on the sofa watching this scene and couldn't help but smile.

Looking at Su Nan's surprised face.

"Su Xiaosi, you also have today?"

Su Nan glared at him, "That's better than you, you are the bottom of the food chain!"

Su Jin walked over from the bar and nodded in approval, "Little Si, The company's west coast project has been handled well!"

Su Nan raised his chin proudly and brushed the broken hair beside his ear.

"Of course, brother, did you bring a gift?"

Su Jin nodded and said with a flat face.

"Brought you some diamonds and put them in your room."

Some?

"How many?"

"There are about 200 top white diamonds, uncut, you can design them into your favorite gadgets..."

Su Qi: "The rich are really caring, big brother, where are mine? ?"

Su Jin rolled his eyes at him.

"She cuts the remaining diamonds and gives them to you."

Su Qi: "...?"

Why?

...

Chapter 193: Spokesperson Identity

Chapter 193 Spokesperson Identity

A men's jewelry under the Su Group will choose a spokesperson.

Hearing the wind, many brokerage companies want to recommend their artists.

After all, the conditions for the selection of spokespersons for the Su Group's products are very strict and harsh, and there cannot be any misdeeds.

But to be selected, it also proves his status in the circle.

Su Group.

Su Nan looked at the photos of many artists seriously, dazzled.

Yu Lou thought for a while, and told her what he had just heard.

“Mr. Su, Hanghai Group has guaranteed Lin Jinru, and he is the vice president of Hanghai Group in a low-key position. Zhong Yue has been sent back to China.”

Come out?

Su Nan raised an eyebrow, not too surprised by what happened to Zhong Yue.

It's not difficult for the Cheng family to do this.

With the ability of Hanghai Group, this little thing can still be done.

After all, what Lin Jinru did was not a heinous crime.

Closing the photo collection in her hand, her eyes flashed.

“How is the acquisition of Hanghai Group going?”

Yu Lou paused.

“It's progressing smoothly at present, and the capital chain of Hanghai Group has almost been broken.

In the current situation, if no new funds are injected, it will be declared bankrupt in less than a month.”

Su Nan smiled with satisfaction.

“It's a good job.”

Anyway, it doesn't hurt to eat Hanghai Group.

And it can also use the name of Hanghai to create a new brand advantage.

The phone suddenly rang.

It's Du Yan.

She picks up.

“Mr. Su, our Su Group’s products need a spokesperson. I have a recommendation. Mr. Su should consider it?”

Su Nan’s eyes lit up, but Du Yan rarely recommends people.

Who this person is, I’m curious.

“Which one?”

“Yu Fei.

This child is clean and thorough and has a strong ability to attract fans. Now that it’s in my hands, I have to give him a gift...

President Su, think about it?”

Su Nan picked Mei, suddenly remembered that he and Yu Fei had only met once before, and he was implicated in being slandered by rumors.

But he made no sound.

Nor did she build momentum with her popularity.

It’s really not annoying.

Thinking about it now, it’s a shame.

“Okay, just him.”

Su Nan made a decision decisively, and there was nothing to hesitate.

Originally, Yu Fei was also included in the selection.

Du Yan smiled.

“Mr. Su, won’t you be waiting for me to speak?” He secretly pointed.

Su Nan scolded secretly and replied with a sneer.

“Du Yan, you are so rich in mental activities, you should just be a screenwriter.”

After that, he hung up his phone.

Put down the phone and look at Yu Lou.

“The spokesperson is Yu Fei. Contact the legal department to draw up a contract.”

Yu Lou nodded and couldn't help but smile.

“Netizens will make up more of your CP drama this time. It seems that this product is not hot.”

Su Nan snorted.

Yu Lou immediately changed to a serious look.

“Then the press conference, Mr. Su should also attend. Avoiding suspicion will lead to speculation.”

Su Nan nodded in agreement.

after a few days.

The Su Group officially announced its spokesperson on the Internet, which caused an uproar for a while, and the popularity boiled again.

Su Nan and Yu Fei CP also specially formed a combined fan – “Nan Fei Fan”.

Once the poster of Yu Fei's men's bracelet was announced, 200 million related products were pre-sold on the first day, and the pre-sale amount exceeded the historical record.

For a time, the names of Su Nan and Yu Fei occupied the top of the hot search list.

The share price of Su Group also rose again and again.

Coincidentally, Hanghai Group also launched a series of bracelets for women.

And the spokesperson is Lin Jinru himself.

She wants to consume her last value.

Not only that, even the press conference was selected at the same time and place as the Su Group.

Adjacent conference hall.

When Su Nan knew about this, he was silent.

“Mr. Su, do you need me to contact the hotel and ask them to reject Hanghai Group's request?”

Lin Jinru clearly wants to take advantage of the popularity and popularity of the Su Group to make a comeback.”

Yu Lou couldn't help but stiffen.

Su Nan smiled, with a cold smile.

“No, there is still one day left, you can find someone, and she will solve Lin Jinru.”

Since she is so clueless, she is so immoral in shopping malls.

Then Su Nan doesn't have to be polite to her.

...

Chapter 194 Because she is beautiful

Chapter 194 Because she is beautiful the  
next day.

Press conference.

The company took Yu Fei to participate in the event, and the fans were unable to drain the water around the door.

In advance, no one notified that Su Nan would attend this press conference.

Her arrival was a surprise.

Su Nan entered from the back door, and as soon as he appeared, everyone was surprised and cheered.

After all, being in the same frame as Yu Fei is enough to attract everyone's attention.

As soon as Su Nan entered, the designer and the company's people stood up to greet him.

Smiling, she found a corner to sit down, and did not overwhelm her.

Even so, she is already firmly in the C position.

The live broadcast has aroused an enthusiastic response on the Internet.

“Mr. Su is so beautiful, please make your debut...”

“This cp is really fragrant...”

“Finally, it’s too difficult, not easy...”

...

Fu Group.

Fu Yechuan looked at the live broadcast on the huge electronic screen in the office.

As soon as Su Nan appeared, the number of people watching the live broadcast tripled.

And the men’s bracelet was sold out as soon as it hit the shelves.

in the video.

The moment Yu Fei saw Su Nan, he raised a sunny smile, full of youth, without any impurities.

At this time, a reporter suddenly exerted his gossip instinct.

“Yu Fei, why do you like Su Nan?”

She replaced Yu Fei’s “appreciation” with “like”.

The venue was silent.

Even the staff in the company were a little nervous.

Only the flash and camera were flashing, everyone was waiting for Yu Fei’s answer, watching Su Nan’s expression.

Yu Fei pondered for two seconds, then suddenly looked at Su Nan in the corner.

The smile remained unabated, the corners of his lips curved.

“Because she’s beautiful...”

Candid, candid, what an upright, irrefutable reason!

In an instant, everyone’s atmosphere became inexplicably relaxed.

Fu Yechuan watched the live broadcast and sneered a little when he heard the answer.

dismissive.

“Flirty...”

Chen Mian responded repeatedly from the side.

“That’s right, the little fresh meat now has no wink!

Women like answers with meaning...” During the live broadcast, the camera was shown to Su Nan.

Hearing this answer, Su Nan’s smile instantly expanded, and even his eyes sparkled.

Obviously, she was very satisfied with this answer!

Chen Mian’s body stiffened.

With a natural sense of smell, he smelled an unusual smell, and that icy cold gaze swept over him.

Unusual suffocation and indifference.

He immediately hung his head and stood there pretending to be dead.

For the first time, he flattered and overturned!

Mr. Fu wouldn’t think he was useless and let him go home to farm?

At the press conference, the designer made a simple summary statement and ended successfully.

Everyone came out surrounded by Su Nan and Yu Fei. The two of them were outstanding in appearance and even better in temperament.

Yu Fei has outstanding facial features, youthful vitality, and a charming smile.

Walking by Su Nan’s side, he didn’t lose at all, he behaved as a gentleman, and he was full of goodwill.

We didn’t miss the opportunity to capture a moment.

I just didn’t expect that everyone had not been sent to the door, watching a group of people on the opposite side.

Lin Jinru of Hanghai Group.

Su Nan smiled even deeper.

Sure enough, to rub their heat.

Lin Jinru is really good at grasping the gossip inside and outside the circle...

Today's Lin Jinru, wearing a professional woman's skirt, is very capable.

Live to portray yourself as a successful woman.

The queen becomes the president.

Her appearance caught the attention of reporters in an instant.

Lin Jinru smiled very naturally and gently.

"What a coincidence? Today is also the day when our Hanghai Group's new products are released..."

Su Nan kept an estranged and indifferent smile under several shots.

Not enthusiastic or embarrassing.

I'm not familiar with it, so I don't speak.

I didn't plan to act with her in front of the camera.

Lin Jinru smiled.

facing the camera.

"It's all jewelry series. As a businessman who has just transformed, he most hopes to be recognized by others.

Can you ask Mr. Su to speak for us?"

Where's the face from?

Just as soon as the voice fell, without waiting for others to react, a figure suddenly appeared from the crowd of reporters.

He suddenly came to Lin Jinru and slapped her face.

In an instant, the situation became out of control.

"Lin Jinru, your family is going bankrupt, what kind of money are you still holding?"

This person is Zhong Yue.

Just in time!

...

Chapter one hundred and ninety-five

Chapter 195

Lin Jinru, who was not easy to fall into the pit, took two steps back in embarrassment and almost fell to the ground.

Before he could stand firm, Zhong Yue pounced on him again.

“When you used me to deal with Su Nan, why didn’t you tell me that Su Nan is the daughter of the Su Group?”

Their family is the real business giant!

My family managed to do business with the Su Group in the H country, and all were caught You are ruined, and my future is ruined by you!”

She shouted unabashedly, ignoring the impact.

The reporters did not miss every moment.

Different shot with flash.

The live broadcast has not stopped.

Every word is very thought provoking.

This farce had a great negative impact on the publicity of Hanghai Group.

Until the bodyguard at the back pulled Zhong Yue away from Lin Jinru’s body.

At this time, Lin Jinru’s hair was messy, her clothes were torn, and her face had scratches from her fingernails... she was so

embarrassed!

The filthy thoughts of the former actresses were exposed in public!

What could be worse than this?

Lin Jinru’s face was pale, and he looked at the surrounding reporters in a panic.

Everything that was planned backfired.

The popularity did not rise, but he became a joke!

She glared at Zhong Yue.

“I’m not familiar with you, don’t spit out blood!”

On the other side, Su Nan, who was standing outside, was bright and beautiful, with the same smile.

Like a melon-eating crowd, they were very interested in watching the farce in front of them.

The reporter on the side couldn’t help but cue Su Nan.

“Miss Su, what do you think of Miss Lin Jinru’s affairs?”

Su Nan blinked and thought about it seriously.

With a look of innocence and embarrassment.

“Although Lin Yinghou bought a navy army to blackmail me and my brother, but at this time, it’s not easy for me to fall into trouble...”

She smiled, and directly passed everyone, escorted by bodyguards, and left the scene.

the other side.

After hearing Su Nan’s answer, Lin Jinru’s mouth twitched fiercely.

Isn’t this down to earth?

But in the eyes of everyone, does this mean anything?

Lin Jinru’s abrupt withdrawal from the circle was a disgrace to Su Nan.

This time, I actually wanted to use Su Nan to whitewash herself and change her status as a successful businesswoman.

Unfortunately, it was a complete failure!

Everyone’s last sympathy for Lin Jinru disappeared completely.

Su Nan got into the car, and his mood was obviously not affected in any way.

The public opinion on the Internet is guided and controlled by someone, so she doesn't need to bother.

At this time, Su Nan handed over the evidence that Lin Jinru's father and Lin Lin Min bought Shi Dongxin.

Unfair competition has made Hanghai Group's miserable situation worse for a while.

Forestry Min's behavior was put on file for investigation.

The stock price of Hanghai Group has fallen again and again, and it has almost reached the lowest point in history.

And Su Nan took this opportunity to acquire the shares of Hanghai Group.

In less than half a month, Hanghai Group changed hands.

Become a small company under the Su Group.

Lin Jinru, a former actress, has no choice but to return to her old business, but she has reached the point where there is no drama to be filmed.

The recent developments of the Su Group are extremely eye-catching.

Su Nan did not disappoint. Her own value has driven the popularity of the Su Group, a two-way achievement.

Su Jin returned to China, which made her feel relieved.

Finally got a few days off.

Inside the Su family's old house.

Take advantage of the rest period.

Su Nan is hooked on live shopping again.

She feels that she has worked hard to make money and must treat herself well.

"Rich Baby" randomly entered a live broadcast room and caused a sensation.

But the anchor was too grumpy, and said a lot of premise, and did not announce the next items for a long time.

Su Nan was also curious about what it was, but didn't have the patience to wait.

Su Xiaohu was lying in her arms, watching intently.

more serious than her.

Su Nan thought for a while, and felt a little sleepy, so he touched his tiger's head.

"Mama, go to wash, buy it if you like it?"

Su Xiaohu narrowed his eyes happily, showing his little tiger teeth, and shook his little paw naively.

It will!

Just got up and left.

The price is directly on the public screen.

Twenty billion.

Chapter 196 What kind of bad thoughts can it have?

Chapter 196 What kind of bad thoughts can it have? It's

not a small number!

Who can afford it?

Therefore, the heat inside is not small, but no one dares to take pictures.

The zeros behind the number are dazzling and heart-warming.

Until the anchor announced this thing worth 2 billion, no one cared about it.

It is a small private tropical island near Nabal.

It's called Tiger Island.

Who would buy an island on a live stream?

The anchor is just used to join in the fun and gimmicks to attract some popularity and popularity.

But in a blink of an eye, the island was sold.

Take a look at the buyer's ID: "Rich Baby"!

Suddenly, the live broadcast room boiled.

Su Nan's account reappeared.

From her, she spent 800 million to buy the products of the entire live broadcast room, and instructed the European live broadcast purchasing agent.

To this day, with a flick of 2 billion, he bought Naba's private island.

It turns out, for the rich.

Money is just a string of numbers.

Su Nan didn't know that he had become a hot topic again.

After she came out of the shower, Su Xiaohu jumped on her toes.

"Mama, I bought a little tiger..."

Su Nan twitched the corners of his mouth and took a look at the phone.

It's black in front of you.

Bank reminder:

2 billion payment successful!

The small island of Napa, Tiger Island, belongs to Su Nan!

Su Xiaohu widened his eyes and smiled, jumping around excitedly, and jumping softly in her arms.

Su Nan didn't feel anything.

Although the number is not small, the flowers are spent.

But it's useless to buy an island...

Just as he was distressed, Su Qi in the kitchen let out a cry!

"Who cost me 2 billion!"

Su Nan was stunned, carefully reading the reminder in the text message.

I was taken aback.

Oh, this card is bound to Su Qi's.

Great, another savings.

Su Qi ran out, holding the phone, staring at his own sister with bitterness and hatred.

“Why?”

Su Nan smiled indifferently.

He spoke slowly.

“In order to celebrate that I took over the company and made a billion for the company in such a short period of time, I deliberately bought a small island for myself.”

Su Qi felt a burst of heartache.

Unexplainable heartache.

Earn one billion, celebrate spending two billion?

He turned to look at Su Yifeng who came out.

“Dad, are you sure Xiao Si won't give up the Su Group to Huo Huo?”

Su Yifeng slapped him on the head without saying a word. “What nonsense

? Just buy it, isn't it just an island?” This third child is indeed the most unpromising! Su Qi: ... but, why is it always him who pays?

Is it him in the yacht, in the live broadcast room, or in the island?

Both Su Jin and Su Ming are much richer than him...

Su Nan narrowed his eyes and smiled.

“Third brother, Su Xiaohu and I will both thank you.”

After that, she carried Su Xiaohu back to the room.

The popularity of the Internet continues.

“Rich woman, are you still buying an island?”

“President Su, ask for a package-support?”

“Goddess, buy me, I’m much cheaper than an island...”

“Want to know what it’s like to spend two billion ? ” “

sour sour, I want to hang under the lemon tree! “

thing ferment for a day, at Sunan schematic, Du Yan intentionally control the heat.

Not many people mentioned it in the evening.

“Hearing” the bar.

To celebrate her buying Xiaodao, Qin Yu pulled her out to drink.

When Su Nan went, in the bright and dark light, he saw Qin Yu who was joking with the bartender.

Qin Yu saw her with a strange look in her eyes.

Shaking his head, he couldn’t help making fun of her.

“Miss Su, you are so generous...”

Su Nan smiled guiltily.

“Can I say, is that hand shaking?”

Su Xiaohu’s claws trembled...

Otherwise, what kind of ill will it have...

It just thinks the name of the island is nice .

It’s a pity that no one will believe it.

Only she recognized it...

The bartender looked at Su Nan with high respect.

A cup of tequila was pushed in front of him, Su Nan smiled, picked it up and took a sip.

“Thank you.”

“Now, there are no more people who want to chase you. Who can stand up to you...”

If you want to buy you, keep a low profile...

Qin Yu Sighed.

Su Nan raised his eyebrows without hesitation.

“What does it have to do with men when I toss with my family’s money?”

“Yes, after all, you can’t even look down on someone like Fu Yechuan...”

Qin Yu pursed her lips, completely thinking about her .

“If you have any needs in the future, you can spend money to buy the most expensive man...”

“Cough-cough-“

Su Nan didn’t swallow the wine and almost choked to death here.

She rolled her eyes at Qin Yu, she was indeed a good girlfriend!

Qin Yu continued to frown without knowing it, thinking.

“At least it’s more expensive than Fu Yechuan. How much do you think Fu Yechuan is worth?”

Su Nan pursed his lips and snorted casually.

Answer according to her words.

“He’s worthless.”

aside.

Hearing the conversation between Su Nan and Qin Yu, the bartender’s mouth twitched fiercely.

really.

In the whole world, there is probably only Su Nan who can describe Fu Yechuan...it's worthless.

Wait...

He looked up and suddenly saw a tall man standing behind these two people.

The light and shadow are bright and dark, those facial features... seems to be Fu Yechuan?

Hand trembled.

The cup suddenly fell to the ground.

Smash!

“Fu...President Fu?”

Su Nan and Qin Yu stiffened.

The two are very compatible.

Neither looked back.

Speaking of Cao Cao, Cao Cao came to this matter, and it really hits the spot!

The mood... a bit complicated.

Su Nan could feel a burning gaze behind him, staring at himself.

Scalp tingling!

Soon, she calmed down.

What are you afraid of!

Even in front of him, what she said was indeed right...

With her, Fu Yechuan was indeed worthless.

After thinking about it, she relaxed.

Turned.

Empty.

She frowned slightly and turned her head to stare at the bartender coldly.

The bartender quickly explained.

“Really, I’m not mistaken, it’s really Mr. Fu...”

“But in a blink of an eye... it’s gone!”

Could it be that he saw it wrong?

No!

At that moment, Rumang was on his back, and he felt that it could not be wrong.

Qin Yu breathed a sigh of relief.

She doesn’t know what she’s afraid of?

Suddenly there was a loud bang on the stage.

The drums rumbled to attract everyone’s ideas.

Su Nan looked up subconsciously, and saw a familiar person sitting there, indulging in the world of drum kits.

“Cheng Ershao?”

Qin Yu seemed to have known it for a long time.

She smiled and leaned beside Su Nan.

“Did you know? Song Chi is coming back...” The

female president of the Song Group is also the current head of the Song family.

A man of influence in the neighboring city C.

After her parents died, she took charge of the Song Group at a young age, and she supported the Song family by herself.

Pull the building will fall!

Speaking of this strong woman, I am afraid that no one knows.

A tough character.

But everyone doesn't know that Song Chi likes Cheng Yi for many years.

Su Nan was slightly shocked.

“She's here, isn't it for Cheng Yi?”

Qin Yu raised her eyebrows slightly.

“Otherwise? Are you going to go shopping?”

Su Nan was speechless.

Great, someone has accepted Cheng Yi!

Cheng Yi on stage was completely immersed in his own music world.

The series of drum beats ended, and he waved the drumstick in his hand.

A wicked smile appeared on that handsome face.

Su Nan subconsciously waved with everyone.

But Cheng Yi alone noticed Su Nan's hand.

He picked up the microphone at hand and spoke loudly.

“The girl I like, she's showing her love to me...” As

he said, he deliberately raised his eyebrows in Su Nan's direction.

Everyone cheers!

In an instant, Su Nan put down his hand.

Don't overdo it.

Cover your face!

An angry heartache.

“This Cheng Yi, is he sick!”

Qin Yu twitched the corners of her mouth.

Also bowed his head.

Pretend not to know.

What a shame, Cheng Ershao!

In the box upstairs.

Someone sees this clearly.

Fu Yechuan stared at the radiant Cheng Yi on the stage with deep eyebrows, and snorted in disdain.

His face was icy cold.

Opposite him.

The woman sitting is elegant and capable, with a cold aura, and her neat short hair makes her feel cold and indifferent.

unreasonable.

Although he is young, his temperament, which has been accumulated in shopping malls, cannot be underestimated.

He was holding a goblet in his hand, and his fingertips were slightly whitish.

Her eyes closely followed Cheng Yi on the stage.

Incredibly complex.

The jealousy in his eyes was undisguised at that moment.

But it was picked up immediately.

His eyes were dim.

She is Song Chi.

“Mr. Fu, I hope this time, we will have a good cooperation...” The

two cups touched each other lightly.

Cooperation is reached.

Chapter 198 I won't let you

Chapter 198 I won't let you go early in the morning.

Su Nan simply and neatly chose a dress with a generous style and matched it with a coat, making her whole person bright and vibrant.

Brilliant.

to the company.

Yu Lou showed her the latest materials.

"There is a bidding meeting in the afternoon. The land is in a prime location. The most promising bidders, besides us, are the Fu Group."

Su Nan nodded.

No surprises.

How could the Fu Group give up such a large piece of fat?

Open the first page.

"This is our reserve price?"

That number is not small.

Yu nodded.

"Yes."

Su Nan knew what to do and planned to go there in person.

In the luxurious banquet hall, the bright light of crystal lamps is dazzling.

The people who come and go have polite greetings on the surface, but no one's words can make it out.

After all, the bottom price is the key to victory or defeat.

As soon as he entered the venue, Fu Yechuan's assistant Chen Mian stood there and greeted everyone.

It seemed that Fu Yechuan did not come in person.

And next to him stood a woman with outstanding temperament, young, with beautiful features and a calm demeanor.

A frown and a smile with a resolute commercial bearing.

Su Nan noticed her almost at a glance.

Look, some familiar, but also unfamiliar.

While the woman smiled, she also saw Su Nan.

The two looked at each other, neither of them dodged.

Su Nan smiled generously, the woman walked in front of her and stretched out her hand.

“Mr. Su? I’m Song Chi, it’s a pleasure to meet you.”

Su Nan was stunned for a second, then extended his hand and smiled.

“I’ve admired the name for a long time...”

Song Chi was wearing a precious and capable professional suit, which gave him a bit of aggression.

And Su Nan is used to wearing skirts, which adds a lot to her.

In contrast, Su Nan appears more gentle and soft, slightly better.

“Su Nan, why did you come here?”

The person behind her put an arm around her shoulder and said loosely.

It is Cheng Yi.

Su Nan looked back at him in surprise.

He brushed his hand away.

“Your Cheng family is also interested in this land?”

Cheng Yi smiled charmingly.

“I’m interested in you...”

Su Nan gave him a sideways glance.

“Go away.”

The interaction between the two people, in the eyes of the third person, is a completely different feeling.

The moment Song Chi saw Cheng Yi, the sharp aura on his body completely subsided.

She brushed the broken hair beside her ear, revealing a meticulous perfect smile.

Even the voice became a little softer.

With a hint of caution.

“Cheng Ershao, if it’s good, I won’t see you.”

She didn’t say anything, and Cheng Yi didn’t even notice that there was a third person.

“You are…….”

Song Chi’s face stiffened slightly.

Su Nan suddenly remembered the conversation with Qin Yu last night.

Hastily opened the mouth to introduce.

“Cheng Ershao, this is Song Chi, President Song from the Song Group in City C.”

Fortunately, they are still classmates…

This Cheng Yi is too unreliable!

Cheng Yi was stunned and smiled politely.

“Song Chi? I remember, you suddenly became beautiful, didn’t you recognize it?”

Song Chi’s stiff face instantly eased a lot.

Su Nan let out a sigh of relief.

Sweetness is still good.

After the greeting, everyone took their seats.

Yu Lou sat beside Su Nan, tapping his phone to send emails.

Everyone came to this golden land with the same purpose.

Just started bidding.

18 billion!

Neither Su's nor Fu's bid, not even Song Chi.

The price is going up...

to 30 billion!

The number of bidders was significantly less than half.

Song Chi raised the card: 35 billion!

After the silence, the second bid.

Chen Mian was silent.

Su Nan felt a little strange.

Fu Yechuan shouldn't give up so easily...

Without thinking too much, she motioned for Yu Lou to raise her placard.

38 billion!

Song Chi followed: 40 billion!

Song Chi's forces are all in City C, so he shouldn't have such a strong interest in this land...

unless...

Su Nan was surprised, Yu Lou sent Su Nan a WeChat message.

"Song Chi and Fu have reached a cooperation."

No wonder!

...

Chapter 199 The world I conquered

Chapter 199

If the world I conquered is like this, then the cooperation between the two of them will have a better chance of winning.

Su Nan kept a decent smile.

But I was a little more worried.

Maybe, this trip will come back in vain.

Even so, Su Nan refused to let go so easily.

She motioned for Yu Lou to continue.

“Forty-five billion.”

The venue was so silent.

The real bidding has just begun.

Those who are really sure, the battle, kicked off.

Song Chi glanced in the direction of Su Nan, his eyes burning.

Without any hesitation.

“Forty-eight billion.”

Going up, it was close to Su Nan’s reserve price.

Even if the Su family can afford the money, but buying this land will not make much profit within a few decades, and there is no need for it.

Think for a moment.

She looked at Yu Lou and nodded.

“Forty-nine billion.”

This was their final reserve price.

Song Chi obviously started to sway.

Su Nan knew, presumably their reserve price was only around this number.

Look sideways.

Song Chi and Chen Mian bowed their heads and said a few words, and Chen Mian took the mobile phone and sent messages to people.

Don't think about it, it must be Fu Yechuan.

"For the second time at 49 billion—"

Song Chi raised the placard again.

His face was obviously solemn.

"49.3 billion—"

Su Nan lowered his eyes slightly, not intending to continue the competition.

A loss-making business cannot be done.

"49.3 billion the second time—"

Su Nan didn't keep up.

Song Chi's face was obviously relaxed.

Just when it's about to be finalized.

Cheng Yi next to Su Nan suddenly spoke.

"Five billion—"

There was an uproar in the arena.

Su Nan stared at him in surprise.

"Are you crazy?"

Cheng Yi hooked his lips and said nothing.

When Song Chi heard Cheng Yi's bid, he was stunned for a moment, obviously shocked.

50 billion, more than Song Chi and Fu Yechuan's price.

"Five billion for the first time—"

"Five billion for the second time—"

“Five billion for the third time—Congratulations to the Cheng Group, Mr. Cheng.”

There was warm applause in the venue.

Flower Fall Home!

Cheng Yi stood up fluently, waved to everyone, and walked straight up.

Su Nan and Yu Lou looked at each other.

The results were clear and beyond everyone’s expectations.

The Cheng family, who has always been low-key and indisputable, actually asked for 50 billion to get this land?

When did they become so interested in land?

Everyone said congratulations and left one after another, but Song Chi and Chen Mian were obviously at the end, and they wanted to stay.

Su Nan didn’t have much interest in it, so he just left with the bag.

Before he could take two steps, he was grabbed by someone.

“Why are you walking so fast?”

Cheng Yi’s smile was wicked and charming, and his eyes twinkled like stars.

Su Nan was stunned for a moment, then returned to normal.

“Still waiting for me to congratulate you?”

Five billion!

Did Cheng Yi not do a budget base price assessment in advance?

Cheng Yi smiled.

“That’s not necessary, congratulations to yourself.”

Su Nan wondered.

Cheng Yi quietly approached her.

“Don’t you want this land? Forty-nine billion, I’ll sell it to you.”

For a moment, Su Nan stiffened.

And Song Chi and Chen Mian who followed behind were also shocked and surprised.

Song Chi's face was pale and forbearance.

Couldn't help but ask.

"Cheng Ershao, what do you mean? You didn't plan to do it yourself?"

Cheng Yi looked sideways and smiled condescendingly.

He spoke casually.

"I'm not interested, I'm going to give it to the little fairy."

He smiled indulgently and winked at Su Nan.

Song Chi's eyes trembled fiercely.

"You... how can you do this? Are you playing around with the company's money?"

Her tone was very aggressive.

Cheng Yi frowned slightly, dissatisfied.

He restrained his smile and glanced at Song Chi.

Indifferent voice.

"My family's money, I don't need others to worry about, right?"

After he finished speaking, he looked at Su Nan's shocked expression and smiled tenderly and affectionately.

"Actually, it's fine to give it to you for nothing, but I think you feel bad about it, why don't you marry me?"

"The world I conquered is yours."

...

Chapter 200 You won't rob me

Chapter 200 You won't rob me

of a piece of land.

It's like a dowry.

Su Nan didn't expect Cheng Yi to spend a lot of money for her.

My heart suddenly became mixed.

It's not that she can't afford the billion.

It's just the company's measurement, not a joke, it's impossible to make such an easy decision.

But his actions made Su Nan feel more pressure.

Hesitating.

Hearing Song Chi sneer.

"I didn't expect your shopping mall to be so chaotic, and there is no distinction between public and private. Does Cheng Ershao want to take the entire Cheng family to please women?"

This sentence is obviously overstepped.

Cheng Yi's eyebrows narrowed, showing a bit of indifference.

He ignored Song Chi's nervousness.

He stared at the person in front of him with a half-smile.

He said.

"As long as she likes it, everything is worth it."

Even with all of it.

Also at all costs.

In a word, Song Chi's face changed drastically.

His words, his attitude, had already hurt her invisibly.

Seeing such a tough female president, her eyes blushed inexplicably.

The next second, she left the scene without saying a word.

Cheng Yi, he really has deep affection for Su Nan!

Su Nan frowned.

“Cheng Yi, you are so ridiculous!”

Cheng Yi smiled, “I don’t want the things you like to fall into the hands of others.”

Especially Fu Yechuan.

Su Nan sighed helplessly.

Looking towards the building.

“Go and ask the company to transfer 49 billion to the Cheng family.”

“Yes.”

Su Nan looked up at him.

“The remaining one billion, I will give it to you personally.”

He is not Su Qi.

There is no reason why Bai takes advantage of his billions.

Cheng Yi was dissatisfied with this answer.

“Su Nan, I don’t want to...”

“If you don’t want it, hit this place in your own hands. Let’s see if Grandpa Cheng will take your skin off!” After

Su Nan finished speaking, he turned around and left. , ignored him.

Cheng Yi was shocked, and there was a hint of hesitation in his eyes.

Quickly follow.

“I’m all for you...”

“Go away...”

Fu Corporation.

Fu Yechuan listened to Chen Mian’s report with a heavy expression.

Even if Su Nan won, he wouldn't be angry.

Fair competition, as it should be.

He also wanted to give up the land, or adopt a compromise method of tripartite cooperation.

What made him angry was that Cheng Yi actually won?

Especially when he won, was it for Su Nan?

Just like a joke!

Then what is his Fu Yechuan?

Is it despicable and shameless to set off him?

Chen Mian stood aside, not daring to say a word.

The low air pressure is terrifying.

Even if he lost the bid, he had never seen Mr. Fu so angry before.

Cheng Ershao is really capable...

"President Fu..."

Chen Mian said, "Since there is already a result..."

Fu Yechuan interrupted him indifferently.

"Go to contact Chairman Cheng directly and say that I want 50 billion to buy the land, and ask him if he will sell it?"

Although it was a question, his voice was decisive and firm.

The more he wanted, the more he went directly to Mr. Cheng.

How disdainful of Cheng Yi is he?

Chen Mian didn't dare to delay for a moment, and immediately went out.

Private deals over reserve price?

for what?

Chen Mian could vaguely imagine it.

The phone directly contacted Chairman Cheng and explained everything that happened today to him.

and Fu Yechuan's attitude.

Mr. Cheng hesitated for a few seconds before agreeing.

"My grandson is ignorant, please bear with Mr. Fu. For that land, I will contact someone from the company to connect with Mr. Fu."

"You are very kind, I will send someone to connect with Mr. Fu. Mr. Fu wishes you good health."

Chen Mian hung up the phone and let out a breath.

At the same time, within a few minutes, Su Nan received a call from Mr. Cheng.

slightly surprised.

In just a few words, Su Nan understood what Mr. Cheng meant.

Just right.

She still doesn't want to smash the land into her hands...

Can't wait to get started.

Can Fu Yechuan have such an idea and such courage?

She looked at him with admiration.

Su Nan agreed immediately, regardless of any personal relationship.

As far as the company's interests are concerned, it is indeed uneconomical to buy this land with 50 billion.

The whole thing went smoothly.

Unexpectedly, Cheng Yi became the last one to know.
