Chapter 231 He asked for marriage

Chapter 231 He asked for a

total of three boxes!

Everyone looked forward to it more.

Su Nan opened the second box with a complicated mood.

strangeness?

It is a white hat for autumn and winter.

Simple style, nothing special.

Moreover, Su Nan recognized it at a glance, it was the out-of-season style of Grandma Xiang two years ago.

It was a limited edition hat at the time.

But these days, it's hardly a limited-edition luxury item.

Qin Yu snorted disdainfully.

"What are you doing? I have this one. It's a style from a few years ago. Mr. Fu is too perfunctory!"

Ning Zhi looked at it thoughtfully, but didn't speak.

Su Nan was also a little surprised.

There was a trace of complicated emotions in his eyes.

She opened the third box without hesitation.

A delicate, translucent, warm-colored jadeite bracelet.

The color is bright and pure, the texture is strong, luxurious and exquisite, and there is no flaw!

Simple and elegant, with great charm.

Also invaluable.

More than nine digits.

I am afraid that all the gifts given by the guests who came today, the value added up, can't compare with the two in front of me.

A diamond necklace.

An emerald bracelet.

Fu Yechuan is really generous...

Su Nan froze slightly, unwilling to talk about the past, but she couldn't tolerate it.

For the first time, she gave him a ring.

He gave back the necklace.

The second time, she gave him a scarf.

He returned the hat.

The third time there was nothing, and neither did he.

So far, he has given jade bracelets.

Does he want to make up for the gifts he owes before?

Those things that have been turned over are clearly in the memory again and again.

Heart tangled and sour, sinking slightly.

Fu Yechuan, she really has the ability to spoil her...

But do you think this will make her pretend that nothing happened?

She had clearly said that they didn't owe each other, but he reminded her again and again.

Well, then don't blame her for being rude.

"Mr. Su is really happy. In a feast, I got two great gifts. Mr.

Fu is really attentive. I think the two are a natural pair. Why don't we take this opportunity to rebuild?"

Hearing that, Su Nan's cold eyes glanced slightly, and he saw the person who was speaking.

Heh...

Song Chi!

All the ghosts, ghosts and snakes that I don't want to see are here!

The people around also pricked up their ears and listened.

If these two century-olds reunite, it will be more important than the scandal of any traffic star!

This is something that the entire business world deserves upheaval.

Joining forces together is invincible.

Those women who coveted Fu Yechuan were also out of the game.

Neither of the men and women watching wanted them to get back together.

It's just secret envy, jealousy and hatred...

But when Su Nan heard Song Chi's words, not only did he not move, but he sneered.

"Selling myself for two gifts, it seems that Mr. Song hasn't received a gift for a long time..."

She closed the box as if nothing had happened, ignoring Song Chi's ugly face.

His expression was indifferent, unconcerned.

"President Fu's gift, I have accepted it, thank you."

His understatement surprised the people around him.

The relationship between her and Fu Yechuan is really puzzling.

The ex-husband gave the ex-wife a gift, no matter how you look at it...

But everyone also secretly felt that the daughter of the Su Group is someone who has seen the big scene, and she can be calm in the face of such a gift.

The smell is very stable and sassy!

She was about to turn around and leave casually, not wanting to stay here and enjoy the strange eyes of everyone.

When she subconsciously breathed a sigh of relief, Qin Yu came up mysteriously.

Grabbing her arm to the side.

“Su Nan, I just saw Cheng Yi secretly instructing people to prepare a ceremony, as if to surprise you...”

Su Nan frowned slightly.

This is something that Cheng Yi can do.

“There are still a lot of roses...”

Qin Yu muttered.

Su Nan was surprised.

Surprise what do you want roses to do?

“He didn’t tell us in advance, and I didn’t make any noise with Zhili. I still told you about this.”

Qin Yu shook his head.

Cheng Yi was speechless.

This is no trivial matter, and we must clear the relationship!

“Got it, if Cheng Yi dares to go crazy here, my dad and my brother will never let him go!”

Su Nan snorted confidently.

No matter what the hell, today’s birthday party must be perfect!

Qin Yu raised her eyebrows and nodded.

There was a sound outside.

It suddenly attracted everyone’s attention.

Someone was surprised.

“It’s fireworks...”

Everyone looked out the window.

Huge fireworks bloomed in an instant, colorful and bright, burning and splendid.

While the fireworks were in full bloom, the shape in the sky gradually transformed from a beautiful and rare rose into a woman's face.

Long curly hair, clear eyebrows, raised lips.

Every detail is carefully designed and meticulous.

What's amazing is that this person's face becomes more and more clear.

"Isn't this Miss Su?"

Someone finally said uncontrollably.

"Yeah, it's really President Su!"

Su Nan naturally saw this scene, and the initial admiration turned into surprise.

The feeling of surprise sank slightly for a moment.

The place where every inch of land and inch of gold is full of brilliance, and the light is dazzling.

In just a few minutes, the night sky of the entire city was lit up!

Celebrating Su Nan's birthday with fireworks all over the sky is really a big deal!

Fu Yechuan said it was three gifts, and they had already arrived.

Then this fireworks is not Fu Yechuan, who is it?

...

Chapter 232 You dare to kneel and try

Chapter 232 Do you dare to kneel down and try

everyone to look at this daughter of the Su family who is loved by thousands of people with envious eyes.

Su Jin stepped forward with a smile and approached Su Nan.

Su Nan turned his head and glanced at him.

“This is also one of the shows?”

She didn't remember this part...

Su Jin smiled lightly, with a steady and noble aura.

“Of course not.”

After speaking, his eyes narrowed slightly.

Looking at the man walking down the stairs on the other side not far away, his tone was much lighter.

“But I think I know who it is...”

“Who is it?”

Su Nan asked him subconsciously, following his gaze.

Slightly shocked.

Cheng Yi's dress was well-fitted with ironing, and her smile was wicked and charming. The charm of the whole person really couldn't be ignored.

In his hand, he held a large bouquet of delicate roses.

What roses mean is self-evident.

He walked towards Su Nan, staring at her with his eyes full of affection.

However, Su Nan was slightly taken aback.

It's too late to run.

Instantly, her scalp felt numb.

The people around started to discuss in whispers.

Everything tonight was amazing.

It was Fu Yechuan first, and then Cheng Ershao. It was a constant surprise.

Song Chi, who was not far away, saw this scene, his face was white and scary...

Everyone was attracted by Cheng Yi.

Su Nan remained elegant and generous, standing there as if nothing had happened, looking at the people walking by.

Eyes flicker.

Cheng Yi walked slowly to the front, his expression clearly a little nervous.

Everyone is looking forward to it.

All of this is clearly the layout of the proposal!

“Cheng Ershao asked for marriage?”

“What a surprise...”

“But isn’t Mr. Fu always interested in Su? Otherwise, why did you give such an expensive gift just now?”

“Both men are good . . . , who will Miss Su choose?”

...

Seeing that the person was already in front of her, Su Nan couldn’t hold back.

She couldn’t wait for things to get worse.

Everyone’s eyes are on it.

With a light glance, in the group of people, they saw Fu Yechuan who had left and returned.

The whole person stared at them with gloomy eyes, captivating.

Su Nan was slightly startled, too late to think too much.

She stepped forward gently, looked at Cheng Yi, and smiled.

Cheng Yi raised the rose in his hand, and just as he was about to speak, Su Nan interrupted him softly.

Looking at it with a smile.

A voice that only two people can hear.

Half threat, half warning.

“You dare to kneel and try, I will smash your knees!”

Cheng Yi’s body trembled fiercely.

Chilled all over.

The joy in his eyes disappeared instantly, with a hint of gloom and depression.

That’s right, Su Nan didn’t guess wrong.

This Cheng Yi, is he trying to smash the scene?

“Cheng Ershao…” A

cold and shivering female voice suddenly came from the side.

It was Song Chi from the Song Group.

“Cheng Ershao’s joke, is it too big…”

She saw his world, from beginning to end, only Su Nan.

At this moment, she finally couldn’t help it.

Song Chi, who was secretive, also had such a rude moment.

Surprising.

Cheng Yi paused, not paying attention to Song Chi at all.

Her words were nothing but deaf ears.

He smiled and pursed his lips, and under everyone’s attention, he slowly opened his mouth.

“Happy birthday, Su Nan, I wish you… all the best.”

Su Qi couldn’t help laughing when she heard this.

Hahahaha, all the best?

This Cheng Yi, birthday wishes are quite comprehensive…

Soon, Su Jin looked at him coldly, and Su Qi kept silent.

We all waited quietly for the following.

The result... no more!

Su Nan took it and smiled with satisfaction.

“Thank you, I like this gift very much.”

Cheng Yi lowered his head slightly to hide the loss in his eyes.

Soon, Su Qi led the atmosphere elsewhere.

Su Nan took the opportunity to grab Cheng Yi’s sleeve and left.

No one noticed that Song Chi, a strong woman on the side, with mixed eyes of disappointment and happiness...

went to a room with no one, and let go.

“Cheng Yi, are you trying to do something?”

Cheng Yi’s condescending appearance showed a trace of sincerity. Obviously, Su Nan’s reaction made him a little hurt.

But not to the point of collapse.

After all, this is just the beginning!

“I just want to give you a surprise!”

Who knows, she noticed the slightest sign and strangled him into the cradle.

Today, what a great opportunity... In

the end, it’s a pity...

“Surprise? You almost scared us to death!”

Su Nan stared at him speechlessly, wrapping his arms around him.

Because everyone is too familiar, there is no need to worry too much.

That’s why she said it so bluntly.

Nor did they mean to embarrass each other.

But impossible is impossible. Instead of wasting time with her, it is better to let Cheng Yi turn back in time.

Cheng Yi's face has a sloppy and charming smile, lazy and evil.

"You stopped me in time, but next time I won't be so obedient..."

Su Nan became furious when he heard it.

"Cheng Ershao, I have a different style from your ex-girlfriend, why do you keep staring at me?"

His ex-girlfriend was obedient and well-behaved, and she was also docile and cute.

It's the complete opposite of Su Nan's style!

Did he want to change his taste?

Cheng Yi's face froze slightly, and then he laughed.

"How can those women compare with you?"

"I don't care about them..."

Su Nan was not interested in listening to his tirade, and now is not the time.

She raised her hand to stop him.

"I'm not interested to know, Cheng Ershao, we have known each other for so many years, and our relationship has stopped here."

"You're jealous!"

Cheng Yi said decisively.

Waves of light flow in his eyes.

Su Nan was speechless.

How can we not hurt his self-esteem and attack his self-confidence?

Su Nan brushed his hair, "Forget it, I'm going down."

As soon as he turned around, he was caught.

"Your clothes are open..."

...

Chapter 233 disturbing the good show

Chapter 233 Disturbing the good show

Cheng Yi carefully observed that the zipper on the back of Su Nan's dress didn't seem to be pulled all the way.

The large white skin and the exposed shoulders are enough to be suffocating.

At first her long hair was draped at the back, so no one noticed.

As soon as he flipped his hair, he accurately captured this small detail.

Su Nan paused, then turned around in surprise.

Cheng Yi had already helped her start to organize her clothes.

The next second, the door of the lounge was suddenly pushed open.

"I'm sorry, I'm sorry, Sister Su Nan, for disturbing you. I didn't expect to disturb you and Cheng Ershao's intimacy. You continue..."

Hearing this sweet and hypocritical voice, Su Nan knew who it was.

Shen Li.

Her eyes swept over coldly.

"You're blind, which eye saw us making out?"

Cheng Yi also released his hand at the right time and snorted coldly.

"Who is this, so not long eyes?"

Shen Li paused, bit his lower lip, and simply opened the door.

It wasn't just her standing outside.

And Fu Yechuan.

The tall man at the door completely blocked the light outside.

His temperament was stern and cold, and he looked at them with gloomy eyes.

Shen Li's eyes flickered, he glanced at Cheng Yi and Su Nan, and his voice was cautious.

“I’m Sister Su Nan’s cousin Shen Li.

Sister Su Nan, I’m so sorry, I read it wrong. When I saw Cheng Ershao taking off your clothes, I thought...”

She hesitated, a pitiful look who dared not say a word when she was bullied.

Su Nan looked away from the man behind her.

He glanced coldly.

“What do you think? How can you think of any filthy things?”

“It seems that you do this kind of thing

a lot...” She sneered.

Looking at Shen Li’s face, it suddenly became difficult to look at it.

Su Nan sneered and played green tea in front of her?

This method is too low-level!

“Sister Su Nan, you misunderstood, I really didn’t mean it.”

“I just accidentally spilled wine on Mr. Fu’s clothes and brought him up to change his clothes. I didn’t expect you to use this lounge...”

Shen Li bit his lower lip, and his aggrieved eyes swept over Su Nan.

Su Nan’s eyes swept away and saw the dark marks on Fu Yechuan’s coat on his chest.

Was it really drunk?

But whether it was intentional or unintentional, it is uncertain.

Su Nan’s lips twitched slightly.

“That seems to be a good thing for us to disturb you, Cheng Ershao, why don’t you go and wait for a good show?”

Cheng Yi raised his eyebrows, and immediately stepped forward and stretched out his hand, letting her put her on his wrist as if he was serving Lafayette. superior.

But when people walked to the door, Shen Li happily gave way.

Fu Yechuan was still standing there like a big mountain.

Eyes darkened.

No intention of giving way.

Su Nan raised his eyes slightly.

“Mr. Fu, excuse me?”

“What do you mean by ‘good show’?”

Fu Yechuan’s voice was cold.

Heh...

actually picking out her words?

Then don’t blame her for being rude.

This is her place!

Su Nan’s smile deepened, and with a touch of sarcasm, he swept across Shen Li’s anxious face.

“That’s what you think...”

“There are dozens of people here today, and cousin Shen Li poured the wine on Mr. Fu’s body with such a wink, and went to the lounge again, if it wasn’t for the sake of picking up Who can believe the ‘good show’ in this movie?”

Fu Yechuan’s face was condensed, his eyes seemed to be quenched with ice, and his expression was tense.

Ugly.

Shen Li’s mind was pierced, and naturally he would not admit it.

He looked at Fu Yechuan in a panic.

“Of course not, I really didn’t mean it.”

Her eyes were red with anxiety.

Pathetic.

“Sister Su Nan, although you don’t like me, you don’t need to insult me like that, right?”

Su Nan smiled.

“Insulting you? Are you insulting others?” What

she did was not clean.

She was too lazy to look at Shen Li again.

waste time.

Step forward.

Fu Yechuan stood there, the corners of his lips pursed into a straight line.

His face was sullen, his brows furrowed.

Su Nan approached him and smelled the faint scent of cologne water on his body, mixed with the faint smell of wine, and his whole body was awe-inspiring.

He didn’t hide.

Su Nan stretched out his hand, touched the part of his chest that was soaked in liquid, and raised his eyebrows slightly.

The two are very close.

Nearby Su Nan could hear his heartbeat.

She curled her lips slightly, and the corners of her eyes were slightly raised, her graceful posture was charming, and she gave him a glamorous and noble side glance.

“President Fu, hurry up and change your clothes...” The

meaning is unclear.

Fu Yechuan’s eyes turned cold, and unexpectedly, he grabbed Su Nan’s hand and left.

Before Su Nan could resist, he was pushed into the next room.

“Bang-” The

door closed.

She was pushed against the wall, one hand resting beside her.

All around is his scent.

She reacted for a few seconds before frowning and staring at him.

Very cold sound.

“Mr. Fu, what are you doing?”

Such an intimate action, such a close distance.

It made Su Nan feel very uncomfortable.

She is not who she was three years ago.

It's not the time when Fu Yechuan could make her fascinated and infatuated with a single glance.

This atmosphere made her feel like she was out of control...

...

Chapter 234 He dared to kiss her

Chapter 234 He dared to kiss her

Fu Yechuan's eyes were cold and expressionless.

His eyes were fixed on her face.

“In order for you to see with your own eyes, the ‘good show’ you thought won't happen.”

There was a trace of anger in his voice, but more of a coldness.

He looked at her without any expression, and directly retracted his arm.

Those eyes were like a forbidding beast.

Slowly, he unbuttoned his clothes.

In front of Su Nan, he took off his dirty coat.

He threw it on the chair beside him.

Do not glance at the eyes.

There is a hint of wildness in the wanton action.

With one hand, he rudely tore off his tie and threw it on top of his jacket.

One of the buttons on it was torn open, revealing his sexy Adam's apple, and the whole person was messy and charming.

Uninhibited and cold blend in his aura.

Really suffocating atmosphere.

Su Nan was only stunned for a moment, then withdrew his gaze.

He suppressed his pounding heartbeat.

He slowly opened his lips.

"Mr. Fu has been thinking too much. I never bother to think about things that have nothing to do with me."

She didn't care whether there would be a "good show" between Fu Yechuan and Shen Li!

Is it related to her?

Fu Yechuan's actions are really intriguing.

"Is it none of your business?"

He lowered his voice.

Seems a little weak.

She may have heard it wrong.

"Of course." After

she finished speaking, she clicked on her high heels and raised her feet to leave.

As soon as he turned around, someone grabbed his arm.

It's kind of baffling that this one came out.

Is that interesting?

What does Fu Yechuan want to do?

Su Nan's face sank, just about to ask clearly.

He was pushed to the wall again, and the whole person was instantly bullied.

Without any hesitation, he held her face in his hands and pressed his thin lips to hers.

With a touch of madness and out of control, it invades her lusciousness.

It was as sweet and intoxicating as expected.

All this, Su Nan did not react.

The cologne on his body was mixed with a faint aroma of wine, unfamiliar and familiar, and she had been infatuated with him for a long time.

But when his cool lips wanted to go deeper, she seemed to wake up in an instant.

She bit her mouth hard, and when the man paused for a moment, she slapped his elegant face.

The slap was loud and crisp.

His face darkened.

His eyes were fixed on her.

Su Nan pushed him away, extremely annoyed.

“President Fu sees it clearly, I’m not a woman who can be frivolous by giving me a gift.

If you want to play on the scene, there are so many outside!”

Fu Yechuan’s heart sank slightly, and his voice was hoarse and cold.

“But the person I’m looking for is you.”

Thinking of Cheng Yi’s preparations, proposal?

Heh...

he was furious.

I don’t know since when, she seemed to be planted in his heart.

Rooted, sprouted, impossible to ignore.

Su Nan’s pupils shrank fiercely.

The scar on his chest seemed to have been opened for no reason.

Painful blood dripping.

Fed up!

“Fu Yechuan, we have already divorced, as you wished, I finally left your life.

We have no relationship now and will never be related again.

I don't like you at all now, and I hope you are farther away from my life. The better...”

Why?

When her heart was desolate, he could break in at will to see the scars in her heart.

Doesn't she know it hurts?

What does he mean?

fool her?

mock her?

A kiss made her fluster and hurt her bones.

Unexpected beauty is extremely disgusting!

She didn't hesitate and didn't want to see him any more.

Afraid that his embarrassment and despair will be noticed by him and despised.

The movement is free and easy to open the door and leave.

“Bang-“

shut everything behind the door.

His voice was quiet, the slap marks on his face were obvious, and the blood beads oozing from the corners of his mouth.

Not even aware of it.

Dull chest pain.

He said.

“Happy birthday, Su Nan.”

At that moment, he seemed to have really lost the most important thing...

...

Chapter 235 Wei Nuo Nuo Small Green Tea

Chapter 235 Wei Nuo Nuo Little Green Tea

Cheng Yi came out anxiously from the side, and was relieved when he saw Su Nan.

“I thought you were kidnapped, but think about it, it’s only you who kidnapped others...”

Not to mention Fu Yechuan!

Su Nan quickly adjusted his mood and went downstairs as if nothing had happened.

The heaviness of the heart did not diminish by a single point.

Hearing this, he gave him a blank look, his face expressionless.

Step on high heels and go downstairs elegantly.

“Sister Su Nan, Mr. Fu... Is he okay?”

Shen Li quickly followed, bit his lower lip, looked at Su Nan’s bad face, and summoned the courage to ask.

Su Nan hooked her lips and gave her a sideways glance.

With just one glance, she saw through her mind.

If she was frank, Su Nan would admire her ambition.

It’s a pity that Wei Nuo Nuo’s little green tea is the most disdainful.

She lifted her chin slightly.

His face was chilling.

Pointing to the top, the room she just came out of.

“If you want to know that, go in and see for yourself...”

She was disgusted, and some people would rush to it.

But Su Nan is no longer who he was three years ago.

She can hide her thoughts without any flaws.

Shen Li looked embarrassed.

“No... no need...”

Cheng Yi frowned while listening.

I've been with the Su family for so long, and I haven't heard of it. Su Nan has a cousin?

Ordinarily, they are all the daughters of the Su family, so they are not so unknown, right?

Thinking about it, he didn't care that Shen Li was on the side.

He asked Su Nan directly without a wink.

“Why is your cousin's surname Shen?”

Shouldn't it be the same as Su Nan, with the surname Su?

Shen Li's face froze slightly, and he looked at Su Nan with a sigh of relief.

For fear of what she would say.

But Su Nan didn't even look at her, and spoke in a loose tone.

“Her mother follows my second uncle.”

More, she didn't bother to say.

After all, family ugliness cannot be made public.

Cheng Ye said “oh” and didn't continue to ask.

After all, he wasn't very interested either.

Shen Li let out a sigh of relief.

She paused and narrowed her eyes involuntarily.

If only I followed Su

Yinian's surname Su... Unfortunately, I have mentioned it to Shen Jie many times, but Su Yinian's gag goes around.

When Su Nan and Cheng Yi came downstairs, they were surrounded by Su Jin and Su Qi.

Fortunately, everyone was dancing and didn't notice it.

Cheng Yi's face froze slightly.

This battle, this scene.

His legs are weak...

Su Jin's eyes are indifferent and awe-inspiring, with a hint of coldness.

And although Su Qi looks handsome, and his deep facial features are exquisitely carved, he is standing in front of him with an evil sneer at this time.

Su Nan frowned and looked at the two people in front of him in confusion.

"What are you doing?"

Su Qi stretched out his hand to block it, serious.

"Don't worry, we want to talk to Cheng Ershao about what happened just now."

Fireworks and Roses.

There must be an explanation for what happened...

Su Nan looked at the two of them speechlessly.

"Okay, I don't care."

She was not in the mood to care about it!

The good mood tonight was ruined by that kiss!

Damn it!

Cheng Yi: "...?"

"You have to take care..."

Cheng Yi winked at her for help.

Su Nan avoided his sight in a timely manner and blinked elsewhere.

Su Jin frowned almost invisible, his eyes indifferent.

“Cheng Ershao, although you have a good relationship with my fourth child, I hope this kind of thing will not happen in the future.”

Although every word is very polite.

But when I heard it together, Cheng Yi felt threatened!

Su Qi chuckled lightly.

“That’s right, the fourth in our family wants to be the richest man in the world in the future, so I don’t have much time to talk about feelings.

If you don’t agree, you can talk to me...”

Cheng Yi twitched the corners of his mouth.

What can I talk about with you?

Most of the readers are now reading this novels:-

Read Divorce Billionaire Heiress Chinese Language Chapter 236-240

Chapter 236 Are you teaching me to do things?

Chapter 236 Are you teaching me to do things?

Of course he didn’t dare to say that, it’s all future brother-in-law...

Be polite!

He smiled, his attitude very warm and clear.

“Relax, nothing like this will happen in the future, my admiration will be hidden in my heart...”

Su Jin frowned, his eyes dangerous and sharp.

Su Qi couldn’t listen any more, and her goosebumps fell to the ground.

“Shut up!”

Su Nan turned around and left with a blank expression.

The band invited by Su Qi has extraordinary skills, and the live performance makes people fascinated.

Many people were dancing and immersed in it.

Part of chatting in the small banquet hall on the other side.

Hearing the voice, Su Nan walked over.

Just as she walked to the door, someone appeared in a hurry and grabbed her wrist.

Drag into the small banquet hall.

“Why are you here? Come here...”

Su Nan frowned slightly, it was Shen Jie.

She clearly didn't invite them, so she didn't invite them?

That's right, when they saw Shen Li, they should have thought that the mother and daughter would not miss this good opportunity to make friends with the powerful.

Sure enough, people who don't like it will always try to make you hate it even more!

She struggled to no avail, and she couldn't move too much.

Be noticed.

Shen Jie took her hand and looked at the bosses of several listed companies on the opposite side.

“We, Su Nan, are beautiful and capable. We can cooperate more in the future...”

Of course, several people will not lose face to Su Nan.

They came forward to toast.

Su Nan took the opportunity to break free from Shen Jie.

He took a glass of red wine from the waiter next to him and touched them politely.

A few bosses didn't have time to drink it, so they drank it immediately.

Su Nan just mentioned it and didn't plan to drink it.

It was Shen Jie who urged her not to give up.

“Su Nan, drink quickly, how can you not give face to several bosses?”

You are sitting in the position of the president of the Su Group, so you can't play a childish temper!

You have to drink toasts in the mall, how rude

Several bosses looked at each other, obviously stunned by Shen Jie's words.

Like Su Nan's status, being able to toast a glass of wine is a great face for them.

What does it mean not to drink?

Su Nan's eyes narrowed slightly, and he looked sideways at Shen Jie.

His voice was cold.

“Are you teaching me to do things?”

Shen Jie froze slightly, but she didn't expect that Su Nan wouldn't give her face as an elder in front of so many people.

How dare you ask her out?

Don't worry about what happened last time, Su Nan is really defiant!

She was shaking with anger.

She suppressed her anger, and her speech became yin and yang strange.

“I'm doing it for your own good. After all, I'm your elder. What's the matter with the family?” On

this occasion, Su Yinian brought her to attend.

Just to announce her identity to everyone.

The hostess of the second room of the Su family, Su Nan can't take it lightly!

“Elder?”

Su Nan sneered, what kind of elder is she?

It's too much to give yourself a face, isn't it?

Shen Jie was stimulated by Su Nan's tone.

For so many years, she has no place in Su Yinian's side, so she swallowed her anger, is it easy for her?

Under the name of Mrs. Su Er, who was completely in vain, she lived a frightening life.

For fear of being punctuated by others, he is not from the Su family.

So many grievances are all thanks to them!

Why does Su Nan look down on her so much!

Her face was ashen, and just as she was about to turn her head to debate excitedly, she saw the brothers Su Yinian and Su Yifeng approaching.

Suddenly, with tears in her eyes, she turned her head and buried herself in Su Yinian's arms.

"What's wrong?"

Su Yinian frowned and glanced at Su Nan and the others.

Shen Jie sobbed and complained.

"It's really hard to get through this day. I just saw that Su Nan's toast was not sincere, and I was afraid that others would say that our Su family was rude.

As a result, Su Nan was not happy. After

so many years, am I not from your Su family?

In her eyes, there is no elder like me at all!"

...

Chapter 237 Shameless than who

Chapter 237 The shameless

bosses came up to say hello to Su Yifeng.

Going to leave immediately.

Completely ignoring Shen Jie's series of divine operations.

Su Yifeng lightly clinked glasses with them. Like Su Nan, he didn't drink.

He could see clearly what had just happened here.

Although they are the hosts, the number of people who come has far exceeded the number planned.

Everyone wants to take this opportunity to make friends with the Su family, and by the way, they can get acquainted with other people.

So I took the opportunity to come in with someone who had an invitation or relatives and friends, so I wasn't really invited.

Su Yifeng also turned a blind eye to this, but it was impossible for everyone to take it into consideration and drink and greet each other.

Being able to drink a cup is already a big face.

Seeing this scene, Shen Jie's face stiffened slightly.

What did she say about Su Nan just now?

Bad manners?

must drink?

Su Yinian looked at Su Nan and then at Shen Jie with a speechless expression.

What's the fuss about at this time?

It doesn't matter what the occasion is!

"Okay, today is Su Nan's birthday, why are you crying?"

He lowered his voice, a little dissatisfied.

Su Yifeng glanced at her coldly, with great power.

There was a coldness in his voice that could not be denied.

"Second child, take this person back, the Su family can't afford to lose this person."

Su Yinian and Shen Jie froze fiercely as soon as these words came out.

Shen Jie's tears were still hanging on her face.

So kicked out?

At Su Nan's birthday party, who won't the celebrities from all over the world come to join us?

Such a good opportunity to show her face, but she tried her best to get Su Yinian to bring her.

The last time I left Su's house unhappily, I had already lost all face.

If she left in the middle of this time, she would not be able to get along in the circle of wives and celebrities in the future.

"Brother, it's over..."

Su Yinian looked at Su Yifeng in embarrassment.

Shen Jie had followed him for so many years, and he felt guilty too.

Hearing this, Shen Jie pulled Su Yinian's arm aggrieved.

"Listen, eldest brother doesn't treat me as a member of the Su family at all. It's no wonder that even his children look down on me. You can insult me at will. I've followed you for so many years..."

Su Yifeng said sternly. Disgust on his face.

If it wasn't for worrying about the number of people around, and making a fuss and losing face, it might ruin Su Nan's mood, and he would have had a seizure long ago.

Su Nan sneered as if watching a play.

She doesn't care who is around.

This is her place, who dares to smash her place here, she doesn't need to endure it!

She spoke coldly.

"Don't be a member of the Su family. We didn't treat you as a member of the Su family. The

second uncle's wife died a few years ago. We visit the second aunt's tomb every year. Who does not know that the hostess of the second room is not at all. You?"

Shen Jie glanced at Su Nan in disbelief.

How dare she speak out those shameful things so calmly in front of so many people on such an occasion?

Some people know about the second room and dare not mention it.

Some people don't know, and naturally they won't mention it.

Having said that, isn't it known to the world?

“Su Nan—”

Su Yinian glared at her with a frown, her face ugly.

Su Nan didn't say anything, but Shen Li ran over and couldn't help but fight for Shen Jie.

“Sister Su Nan, how can you say that?”

My mother has taken care of my father for nearly ten years. There is no credit or hard work. They really love each other, if it is not because of...”

Shen Li paused and complained. Glancing at Su Nan and Su Yifeng.

“If it wasn't for some reason, they would have been together long ago...”

Shen Li's aggrieved past mixed with Su Yinian's arm.

“Dad, don't you think so?”

Su Yi Nian was about to nod his head when he glanced at Su Yifeng's cold face next to him, but in the end he didn't dare to answer.

Shen Li was overjoyed to see her daughter stand up for her like this.

Simply, she took this opportunity to clean herself up.

After all, so many people are watching, the opportunity is rare.

“That's right, Su Nan, you don't understand at all. When I was with your second uncle, how much hardships I went through...”

Compared to your second aunt...”

Su Nan impatiently cold She interrupted coldly.

“Better than what? Older than whom? Shameless than who?”

...

Chapter 238 What I can say is worse

Chapter 238 What I can say is even worse

. Su Nan did not deliberately lower his voice.

As soon as her words came out, the attention of the entire small banquet hall was attracted by her.

The atmosphere froze for a while.

The chill spreads.

Shen Jie's face turned pale for a moment, and a burst of anger rose up.

“You...you are really uneducated, how can you talk to your elders like that?”

Su Nan gave her a sidelong glance.

Just a glance, without even a word, explains everything.

elder?

Does she fit too?

A person who is in the top three does not deserve to be respected by others.

Shen Li bit his lower lip, his body was tense, and his face was blue with anger.

She originally wanted to take this opportunity to socialize with other celebrities and get close to Fu Yechuan.

As a result of such a commotion, I am afraid everyone knows the fact that she Shen Li is not the daughter of the Su family.

Instead of running away like this, she might as well grit her teeth and simply give Su Nan a cold and mean image.

Don't think about it for anyone!

Her voice was restrained, as if she was being bullied by Su Nan and wanted to cry.

“Sister Su Nan, why are you talking so ugly?”

Su Nan glanced at her, her face expressionless and her voice cold.

“What kind of little green tea is it pretending to be? What can I say more nasty, do you want to hear it?”

Don't pretend to be in front of her eyes, Su Nan is too lazy to care.

It's just that the mother and daughter put their noses on their faces. They don't know that the sky is thick, and they have to rely on the Su family.

Then I'm sorry, she doesn't mind tearing their skin a little bit, even the flesh and blood make them unable to see people.

Shen Li's lips were trembling, and she could feel the hot eyes watching around her.

She didn't have the confidence to fight against Su Nan.

But you want to bow your head and admit defeat?

Neither can she.

There was a two second pause.

She just spoke.

Hyun Ran looked at Su Yi Nian with tears in her eyes.

“Dad...I don't know where I offended Sister Su Nan...” The

pitiful look is really disgusting.

The female companions brought by the people are many actors who act in the entertainment industry.

But in terms of acting, no one can compare to Shen Li.

Su Nan opened her lips coldly and interrupted her.

“Is he your father? Is

your father the security guard who guards the door of a high-end club under the Su Group ? Do you

think that it is the Su family who lives in the Su family's house after spending our Su family's money?

You guys ? The three members of the family are all stubborn, so don't let the Su family go?"

She looked at Su Yinian and said unceremoniously.

"Second uncle, you have to be careful, don't raise the last child from someone else, even the husband..."

Since the last time Shen Jie's mother and daughter left home, Su Qi asked people to investigate them the secret.

Gossip about others is Su Qi's forte.

Su Yinian's face instantly turned ashen.

He looked at Shen Jie in shock and coldness.

A slap hit without hesitation.

The screaming sounded suddenly.

Shen Jie was slapped by the slap and fell to the ground.

This fall is really wonderful.

Su Yi Nian's voice was extremely cold, and he became angry with embarrassment.

"Didn't you say he died in a car accident?"

Shen Jie raised her eyes in panic, trembling all over her body, terrified.

"Yes... No... I didn't mean to lie to you, I don't know when he appeared..."

Shen Li went over to support Shen Jie.

Su Yinian's eyes were extremely cold, and he stared at Shen Li stubbornly.

"You also know about this?"

Shen Li's eyes dodged for a moment, which made Su Yinian extremely disappointed.

No need to answer, he already knew what to do.

For so many years, he has been so good to their mother and daughter, and ended up taking his money to support other men?

Whoever puts this on, probably can't stand it!

"Dad, Mom didn't mean to lie to you..."

"Enough, isn't that shameful enough? Get out of here!"

Su Yinian said suddenly, with a storm of anger on his face, Show no mercy.

...

Chapter 239 kidnapping or robbery

Chapter 239 Kidnapping or Robbery

Su Yifeng looked gloomy and did not say a word to persuade him.

His brother's family affairs, he was not in the mood to watch the fun.

Ruining his daughter's birthday party is the most hateful thing.

So don't care how merciless Su Nan counterattacks.

They deserve it all!

Shen Jie and Shen Li felt guilty, and if they stayed any longer, the result would only be more unfavorable to them.

They left in despair.

Su Yinian was not in the mood to stay here any longer, he said a few words to Su Yifeng and left immediately.

A small episode did not cause much storm.

Everyone quickly changed the subject tacitly, dancing when it was time to dance, and greeting when it was time to greet each other.

Who dares to watch jokes whispering behind their backs?

Su Nan took a cold sip of the red wine in his hand, the bright red lips were filled with the bright wine, cold and arrogant, more bright and moving.

Turning his head, he saw that Su Yifeng's face was cold and ugly.

She walked over and shook his arm, coaxing Su Yifeng in a good voice and smiling coquettishly.

“Don’t be mad at Dad, you’re not at a disadvantage, why should you be angry with such a person? It’s not worth it!”

Su Nan’s expression changed so quickly that everyone was surprised, but more helpless and interesting.

Now her little daughter looks so pretty, as if she just had such a cold and stern look, but it seems like she was deliberately pretending to scare people.

In the face of this beautiful and charming little girl, how can you not be soft-hearted?

“Second child is getting more and more confused. In this case, to bring her here, I think I was fascinated.”

Su Yifeng’s good mood was ruined, and his face was obviously bad.

Su Nan blinked, shaking his arms like a koala.

“Second uncle has been confused for many years, and he doesn’t care about one or two days. Dad, your health is important, don’t be angry...”

“Okay, don’t be angry...”

Su Yifeng was caught by her Shaking was very helpless, and the anger in his heart gradually subsided.

Soon, he was chatting and laughing with the guests who came to toast.

When it was over, Su Nan was already a little tired.

After talking to Su Yifeng, he went straight out.

After drinking a little wine in the evening, she wanted to walk along the road and blow her hair.

There were too many things that happened tonight, and a lot of them were accumulating on her chest, which was annoying and heavy.

Fu Yechuan’s kiss and Cheng Yi’s bouquet of roses made her upset.

At the beginning of the lantern, the light pulled her figure, the elder.

The night was dark, and the cool wind blew her face, blowing her long hair slightly.

She stepped on high heels, her steps were a little deep, the road was sparsely populated, and her figure was more lonely.

The landscape lights on the roadside lit up around the road, like a galaxy spread on the ground, bright for thousands of miles.

Not long after walking out of this road, the road in front of him was dark and heavy.

The street light is broken.

As Su Nan stood there, she felt the chill in the dark being extraordinarily cold.

She didn't move.

Because she seemed to hear it, there seemed to be other faint movements on a dark path nearby.

It seemed that the breathing was tense and rapid...

It was just a moment of hesitation. From that path, the two strong men walked out slowly and leisurely.

Trying to disguise the nervous gaze with calmness.

"Miss, someone wants to meet you, can you come with us?"

Su Nan's face stiffened, and he took a breath.

Is this a mess?

If I had known it earlier, it would have been better to have the driver and bodyguard follow me.

Saved a lot of trouble.

But at this time, she didn't panic at all, and her expression was calm and calm.

She slowly raised her eyes to look at the two strong men, her eyes icy cold.

"Kidnapping...or robbery?"

She still didn't pay attention to these two people, she had to distinguish clearly before dealing with them.

But she had to figure it out, was she unlucky to run into it?

Or is there another reason?

The two were visibly stunned.

This is the first time that a young lady can still be calm in such a situation!

The intimidating hooligan words they had prepared were not daring to say.

“It’s just that someone wants to talk to you, right there.”

One of them pointed to the dark alley.

There suddenly flashed a scarlet light spot on and off, and someone was smoking.

Sure enough, someone there was waiting for her.

The atmosphere instantly became gloomy, and the danger that followed was inexplicably unknown, but Su Nan could feel it: the corner is not good!

It’s not impossible to run away now.

But as soon as she leaves, she will put this danger in an unknown dark place, and there will be trouble at any time in the future.

Let’s just settle the matter once and for all today.

She also wanted to see, who in the end was so bold and dared to do it?

After thinking about it, she stepped on her high heels and walked over unhurriedly.

Stop at a distance of three meters from the spot of the fire.

The two strong men stood behind her to prevent her from escaping.

In the dark night, the man stood in the shadow behind the wall, and could only faintly look at the outline of the person in front of him, and could not even distinguish his facial features.

In this situation, it is extremely unfavorable for Su Nan.

But she could easily smell the perfume on the person in front of her, and... the lady’s cigarette she used to like.

In the birthday party just now, only one woman used this perfume, which was domineering and cold, and her breath was calm.

It seems that it is in line with that person’s style.

The person on the other side didn’t speak, and Su Nan didn’t speak either.

She could feel that the man's eyes were fixed on her.

The atmosphere has remained eerily quiet.

Su Nan was almost impatient, looking at the person on the opposite side and still didn't mean to speak.

Is this a challenge to your patience?

Half of the cigarette was about to burn out, and her ashes fell to the ground and scattered into the wind.

Su Nan's tone was indifferent and opened his lips.

"Mr. Song invited me over, why don't you speak?"

The person opposite was Song Chi.

...

Chapter 240 I will be obedient

Chapter 240 I will be obedient and obedient

The cold and expensive perfume smell has only been smelled by Song Chi.

For example, the auction of the first meeting, Cheng Yi's home and tonight's banquet... She used the same fragrance.

The man opposite chuckled.

"Mr. Su is so smart, can you recognize this?"

Su Nan was too lazy to talk and rolled his eyes.

But I'm afraid Song Chi can't see this white eye.

What a waste of emotion!

Being held to the altar, everyone is omnipotent, and Song Chi, the legendary strong woman who created a business empire, will also do this?

Obviously, she didn't have a temporary intention, nor was she trying to make money.

"Bring me here, I'm afraid I don't want to talk properly, Mr. Song, just tell me, what do you want to do?"

The person on the opposite side took a breath.

She could feel the anger and chill she was trying to hold back.

From the beginning, Su Nan's performance was unexpectedly calm.

Up to now, she has no fear at all, and even revealed her identity with a disdainful tone.

She didn't hide herself anymore, walked directly out of the dark shadow area, and walked in front of Su Nan.

Generously, he met her gaze.

"Mr. Su, aren't you afraid? What's going to happen next is not very good..."

Su Nan raised her eyebrows and raised her eyes.

Four eyes facing each other.

She suddenly laughed.

The expression is relaxed and indifferent, the red lips are gently lifted, and the words are clear.

"It's because of Cheng Yi, right?"

The surrounding atmosphere fell into a dead silence for a moment.

That name was the deepest thorn in Song Chi's heart.

After ten years of softness, she took Cheng Yi to the bottom of her heart.

I thought she still had a lot of opportunities.

But tonight, when she saw everything Cheng Yi had prepared for Su Nan, she knew that maybe, she had no chance... She

was so jealous and mad, and she hated it to death!

Even if she lost hundreds of millions of contracts, she has never been so hysterically heartbroken!

She can deal with the cold and ruthless in the mall.

However, when she saw Cheng Yi intending to propose to Su Nan, she seemed to have lost the whole world, her faith collapsed, the world was desolate... She

endured the pain in her heart and the jealousy like crazy Crazy.

She smiled and said, "It's good if you know." It

was because of Cheng Yi.

Su Nan frowned, puzzled, and shook his head.

A strange look on his face.

"You can deal with me, hurt me, and you can't make Cheng Yi like you, Mr. Song, isn't your method too low-level?"

Roughness is the stupidest way.

What's more, it's still on her territory.

If she touches her, the Su Group will never let her and her company go.

Is it worth it to destroy her so many years of hard work?

Song Chi suddenly laughed.

The eyes are deep and cold.

"It works. After all, it's the eldest Miss Su family.

It's a bit cruel to ruin you on this memorable day.

However, other than that, I can't think of a better way to deal with the eldest lady.

The people of the Su family have protected you so well, I can only get your pornographic photos as a threat.

I just want you to be far away from Cheng Yi, farther away..."

It's best, their worlds, never meet again.

"Only in this way will you be obedient..."

Song Chi Crazy flames burned in his eyes. It

was more dazzling and hot than the smoke in his hand.

Sure enough, Song Chi is probably crazy!

It's disgusting to be able to come up with such a crazy method!

Su Nan stared at her . Her eyes, and the smile on her lips opened slightly. Thinking that she could threaten her with a photo?

It was a daydream!

Her eyes flowed, sparkling in the dark.

Her voice was gentle and pleasant.

"Yes, I will be obedient . Obedient, but..."

She turned her voice, her eyes were cold and arrogant.

"You can't do it. "

She is proud, confident, with an inherent noble indifference.

She stands there, even on a dark alley, is always the most eye-catching and brightest focus.

It is a sacred and inviolable existence.

Song Chi's figure He froze almost invisible. He

was shocked by Su Nan's words.

But in just a few seconds, he came back to his senses.

Song Chi lowered his eyes and smiled lightly, with awe.

As expected of a person who has overcome difficulties in the shopping mall, how could he be frightened by Su Nan's few words?

Looking up again, she saw fierceness and ridicule brewing in her eyes.

Raise your hand slightly.

"Then try it, I'll offend you, Mr. Su..."
