Chapter 241 was destroyed by the group

Chapter 241 was destroyed by the group

The moment Song Chi raised his hand, the two strong men behind him stepped forward at the same time.

Very tacit movement.

At the moment when their hands were about to touch Su Nan, the two strong men suddenly felt the cold wind pass by in front of them.

They didn't react, and their eyes were suddenly empty. Su Nan moved so fast!

The darkness has created good conditions for her.

Su Nan flexibly hid to the side and lowered his body.

In a blink of an eye, he moved behind them.

Before the two of them realized it in the dark, she lifted her right foot back, and the high heels were already in her hands.

She squeezed the toe of her shoe tightly, the heel of her shoe was facing the outside, and she raised it high and fierce, so fast that no one could see it clearly.

When he was about to hit the brawny man closest to her, the brawny man could feel a cool breeze behind him.

He subconsciously bowed forward, intending to avoid the attack.

But in the next second, Su Nan suddenly turned his wrist, and with full strength, smashed hard in Song Chi's direction.

Very fast, very fierce!

High-heeled shoes have sharp heels and must hit key parts to be effective.

By the time Song Chi reacted, it was already too late.

She doesn't have any skills, even if she is in the business world, but make her really like a man, proficient in Sanda boxing?

Song Chi couldn't do it.

"Bang——" the hard heel hit her on the head.

She exclaimed, took a deep breath, and covered her head tightly.

And then, as if afraid of attracting attention, or afraid of Su Nan's ridicule, even if the pain hits, he will not make a sound.

There was a humming noise in his head, and the warm liquid flowed down.

The air was silent and cold.

When the two big men were stunned, Su Nan smashed the other's head without hesitation.

She doesn't give others a chance to react.

If you hit someone, be quick and accurate!

Among them, the brawny man who was closest to her struggled to break free with lingering fears, and when he turned his footsteps, he was in front of Song Chi.

They were secretly surprised.

Seemingly weak, bright and charming, the eldest young lady is so swift and ruthless?

And every move and style, seemingly barbaric and tricky, is actually very well-organized!

If they were not professional bodyguards, they would not have realized how strong Su Nan was.

At the beginning of the fight, they underestimated the enemy!

They no longer dared to despise, the other one quickly stepped forward, grabbed Su Nan's arm with one hand, grabbed her shoulder, and twisted back.

But when the wind was blowing, Su Nan suddenly took a step back, the other high heel stepped on the strong man's foot, his elbow slammed over, and when he took a step back, he kicked him.

In an instant, screams cut through the dark path.

But in just a few minutes, the three-to-one advantage was reversed.

Song Chi's side fell behind.

There is another one, Su Nan thought, this may be more laborious.

Song Chi's voice in the dark was extremely cold and stern, with no warmth at all.

"Waste? Take the person away after being knocked out, change place, hurry up..."

Su Nan's skill was beyond her surprise.

Song Chi was already very angry, and he was actually injured by her!

The air pressure around him kept dropping.

The originally soft-hearted thoughts were all thrown out.

The spirit of revenge is getting stronger.

Hearing this, Su Nan chuckled lightly.

Just as she was looking at the exit in front of her, she guessed that she ran out quickly and had a good chance of winning...

Suddenly, the lights on the road brightened, and the yellow light sprinkled on the ground, tearing the darkness in front of her.

The dark path has light, and people around can clearly see the surrounding scene.

The two brawny men who were guilty of being thieves looked flustered.

And Song Chi just frowned, and there was a hint of surprise in his eyes.

The blood that was smashed out of her head coagulated on her face, and she was embarrassed.

The next moment, three unexpected people appeared at the intersection.

"Mr. Fu?"

Song Chi was shocked, but soon regained his composure.

"When you kicked me out of that project, you promised not to interfere with Su Nan's affairs, do you want to go back on it?"

Fu Yechuan's narrow eyes narrowed slightly, looking at this scene, his face was cold and fierce.

He stood under the light, tall and slender, with a compelling aura.

The thinned lips parted slightly, and the voice was terribly cold.

“Is it too much, Song Chi?”

Lu Qi and Chen Mian looked at this scene with complex and shocked eyes.

Su Nan stood there in a cold and stern manner, her hair was slightly messy, and her whole person was cold and temperatureless, but she was still noble and bright.

Wearing high heels on the left foot, the momentum is awe-inspiring and indifferent.

The lustrous right foot stood on tiptoe to keep the body balanced and stable.

And there was blood dripping from the high heels in her hands.

Obviously, it's not Su Nan's own.

The two strong men stood on either side, one leaning painfully against the wall.

The other, is preparing to attack.

Lu Qi twitched the corners of his mouth, standing aside and couldn't help speaking.

“Mr. Song, you were killed by Su Nan alone...the group?”

...

Chapter 242 The play is smashed

Chapter 242 The play smashed

Song Chi's face to the extreme, and the flames of anger in his eyes were burning wildly.

After all, she is also the head of the Song Group, a unique figure in City C.

To be despised over and over again?

Song Chi stared at the strong man next to him.

“What are you still doing?” The strong

man received the order and took a step towards Su Nan with a cold expression. He planned to knock the person unconscious and resist walking, which would save a lot of trouble.

Seeing the grim situation imminent.

Su Nan's eyes swept lightly, with a cold and arrogant unafraid.

The high-heeled shoes in his hand were secretly squeezed...

The chill in the air spread.

Just when his fist appeared behind Su Nan like a cold wind, he was about to grab Su Nan's shoulder with his left hand and suppress the moves she was about to make.

Lu Qi and Chen Mian were stunned for a moment, and they were about to remind her aloud...

The figure flickered in front of everyone, but no one noticed that Fu Yechuan arrived in front of him in a blink of an eye and kicked the strong man fiercely. on the stomach.

With this kick, he almost went out of his body, feeling that his heart, liver, spleen, lung and kidney were cracked... The

strong man was kicked to the ground, as if he was dead, his breathing was weak and he couldn't move.

Song Chi's figure froze almost invisible.

Her people, completely lost!

She suppressed the surging anger in her heart and stared at Fu Yechuan with gritted teeth.

"Mr. Fu, do you want to be a hero to save the beauty?"

Fu Yechuan's eyes were filled with a cold chill, which was an anger that suppressed the desire to kill.

Lu Qi knew very well that Fu Yechuan hadn't done it himself for many years, and that kind of eyes made ghosts scared!

"Song Chi, do you really take yourself seriously? You don't want that broken company, do you?"

Fu Yechuan's voice was as cold as ice.

When he saw Su Nan standing barefoot on the ground, facing these three malicious people, a trace of panic, nervousness and fear flashed in his heart...

but more than that, monstrous anger.

He has experienced the cruelest darkness, but Su Nan is clean and clear, and he does not allow anyone to contaminate it.

He couldn't imagine what the scene would be like if Su Nan lost...

Scarlet eyes stared at Song Chi like a dead silence.

Whether it is cooperation or non-cooperation, it is a matter of his words.

There is no debt or compensation to speak of.

What qualifications does Song Chi have to negotiate with him?

The business in the mall has been doing business for too long, and he has forgotten how he walked out of the quagmire in the dark...

The situation at this moment instantly triggered the darkest secret hidden deep in his bones.

Song Chi's face froze fiercely, and his plan to negotiate with him was instantly held back.

The legends about Fu Yechuan in those shopping malls have never stopped.

What she thought was equal, but she thought.

No matter how powerful the Song Group is in City C, compared to the Fu Group, it is nothing but an ant.

She glanced at Su Nan unwillingly, and an evil smile appeared on the corner of her mouth.

The voice was cold and mean.

"Mr. Su is lucky. Even after getting divorced, Mr. Fu can still protect him like this. It seems that he is very clever with men, but next time, he will not be so lucky..."

Su Nan lowered his eyes slightly, to cover up the sarcasm in her eyes, at this time, her whole body is covered with thorns.

Do you think there will be a next time?

Song Chi is so naive!

She stood there, never looking at Fu Yechuan from beginning to end.

He didn't care about his help at all.

Hearing Song Chi's words, she couldn't help raising her eyes, and her indifferent gaze swept over everyone present.

In the end, his icy gaze was fixed on Fu Yechuan.

"Tonight's play was unexpectedly wonderful, but..."

She paused, her understated voice laced with laziness.

"The play is broken..."

...

Chapter 243 She hit you

Chapter 243 She hit you

The atmosphere around you instantly froze, the chill was overwhelming, and she didn't even dare to breathe hard.

Fu Yechuan turned to look at her with a hint of surprise in his cold eyes.

Su Nan casually met his gaze.

The eyes collided, and he could see the distrust in her eyes.

My heart skipped a beat, as if someone had been gouged out in my heart.

"You suspect that I ordered Song Chi to do it?"

He narrowed his long and narrow eyes, his eyes sharp.

Su Nan didn't say anything, and sneered with the corners of his lips bent.

Silence has already explained everything.

Lu Qi on the side couldn't help shivering.

There is an inexplicable chill in the surroundings...

What?

“Otherwise, how could it be you who came?”

After Su Nan finished speaking, the chill around him became heavier.

Lu Qi quickly stepped forward to explain.

“I misunderstood, this has nothing to do with the old master. When we were about to leave, the old man had something to tell you, but he couldn’t find you. After

listening to the doorman’s directions and saying that you should go this way, we came here.. ....”

He gave Chen Mian a wink, and Chen Mian nodded immediately.

“Yes, Miss Su, that’s true.”

Su Nan lowered her eyes slightly, as if thinking about the credibility of their words.

Lu Qi hurriedly added:

“One day husband and wife for a hundred days, how could the old man harm you?

After he heard the movement here, for fear that you were in danger, he ran over to save you regardless, how could you doubt it? Is he plotting something wrong?”

He didn’t notice, there was a bit of unwillingness and complaints in his tone.

Angry for Fu Yechuan!

One day husband and wife a hundred days?

Su Nan looked at Fu Yechuan meaningfully.

They are not real husband and wife, naturally there is no kindness to speak of.

She sneered slightly.

“So, I have to thank you?”

She was almost done with the trouble, what’s the use of him?

Do you think Su Nan will believe Lu Qi’s nonsense?

Is she a fool?

If it wasn't for Su Nan's stab at the original project, Fu Yechuan would be willing to share the big cake with Song Chi.

Say they don't matter?

Ghost letter!

Fu Yechuan's face darkened at a speed visible to the naked eye.

Lu Qi didn't know which sentence he said was wrong. He clearly explained it clearly. Why didn't the aura of the two men ease in the slightest?

Song Chi on the side was in the mood to watch a good show, and his voice was sneering.

"It seems that President Fu is being affectionate, and Miss Su is not short of attentive men..."

Su Nan's eyes were sharp, and it was like a knife slashed on her face.

"Song Chi, don't be in a hurry to watch other people's good shows, think about yourself first..." As soon as he finished speaking

, he heard Chen Mian's slightly surprised voice.

"President Fu, someone is here...it's President Su Jin Su, and... Ershao Cheng!"

Hearing Cheng Yi's name, Song Chi's expression instantly became extremely ugly.

She stared at Su Nan sternly.

"When did you call someone here?"

Su Nan's every move was clearly under her nose.

She didn't even have a chance to take out her phone.

Su Nan raised her eyebrows and shook the high heels in front of her.

The movement is smooth and crisp, and the foot is lifted and returned to the foot.

She raised her chin proudly.

"Do you know how expensive these high-heeled shoes are? It's not important to lose eight million things, but I have to know how..."

The alarm on the heel was directly connected to the surveillance of the Su family.

How could the eldest Miss Su family go out without any preparation at all?

Innocent!

Su Jin arrived here quickly with his bodyguards, and the surrounding water was tight.

When Cheng Yi saw this scene, his eyes were red, and he glared at Song Chi angrily.

His voice was cold and suppressed, and he said to Su Nan.

“She hit you?”

...

Chapter 244: Eight lifetimes of bad luck

Chapter Two Hundred and Fourty-Fourth Eighth Life Miao

Song Chi shivered when he heard Cheng Yi’s words.

So arrogant and unrestrained, the gentle and gentle Cheng Ershao, the expression in front of him seems to be eating people.

At that moment, Song Chi’s persistence and admiration for so many years seemed to be as cheap as dust, not worth mentioning.

There was a hint of hurt in her expression.

But no one cares about that.

Su Nan saw through her mind and gave her a sideways glance.

He snorted lightly.

“She doesn’t have the ability.”

Cheng Yi and Su Jin breathed a sigh of relief at the same time when they heard her words.

Su Jin looked at Fu Yechuan with complicated eyes.

If it wasn’t for danger, how could Su Nan trigger the alarm device?

Are those two strong men from Fu Yechuan or from Song Chi?

“Why is Mr. Fu here?”

Fu Yechuan looked at Su Nan expressionlessly, without answering, his face was deadly.

Lu Qi hurried forward and explained it again seriously.

Chen Mian agreed on the side.

Su Jin retracted his gaze, thinking that with Fu Yechuan’s mind, he would not do anything to a woman.

Then it’s Song Chi.

He pondered for a moment and looked at his sister.

“Little Si, what are you going to do?”

Su Nan raised an eyebrow.

“Of course it’s to finish what Mr. Song wants to do... just a few photos, Mr. Song cooperates and suffers less!”

Song Chi immediately raised his head, his eyes were about to pop out.

In front of Cheng Yi, how dare she treat her like this?

She is a well-known strong woman in City C and a business elite who was set up as a model. How could she be so insulted?

“Su Nan, you dare!”

“Why don’t I?”

Su Nan asked lightly.

“The Song family won’t let you go, the entire shopping mall in City C will be your enemy!”

Su Nan sneered, and before he spoke, Su Jin couldn’t help but sneer.

“It’s too low to use the Song family to scare my sister! It’s time for the owner of the business world in City C to change hands.”

Song Chi instantly understood what Su Jin’s words meant.

His face turned pale instantly.

She worked hard for ten years to gain a firm foothold in City C, and Su Jin could destroy all her efforts in a single thought.

Cheng Ershao was a little impatient.

“Don’t make a fuss before you can do it. Just follow what Su Nan said. It’s important to get the photo.”

As if in his eyes, Song Chi’s shame was not worth mentioning.

“Spicy eyes, I’ll go first...”

Su Nan muttered and sneered, stepping on high heels and leaving, with a graceful back.

Su Jin’s people will follow everything in the future, so she doesn’t need to worry.

Cheng Yi, of course, followed closely.

Song Chi’s face was pale and ugly, and there was a look of depression in his eyes.

She lost completely.

She raised her head angrily, her voice was hurt and condensed, and she shouted towards the back.

“Cheng Yi, who do you think I’m doing all this for? It’s

you! I’ve liked you for ten years! How can you not even look at me!

That bitch Su Nan will only use you as a spare tire, do you think she will like you?

She doesn’t love anyone but herself, she has been playing with your feelings, how could she be with you? “

Song Chi didn’t care about anything, her world was about to collapse.

She roared, ignoring the strange eyes of everyone, and shouted out the secret that had been hidden for ten years.

The strong woman in the shopping mall, who will not give in an inch, However , her feelings have always been unrequited and humble.

She looked at Cheng Yi’s back with anticipation.

After listening to her words, she expected him to look back at her with a soft heart.

Take her away from the prison.

The silence was cramped.

After a few seconds,

Cheng Yi slowly turned around with his stiff back, that kind of undisguised disgust in his eyes.

“It’s really been a lifetime of bad luck, and you like it?”

cold wind and Su Nan was not interested in staying here, so she left directly.

When Su Nan got home, it was already very late.

In the early morning of the next day, when I opened my eyes, the first thing I saw outside the window was a fresh green, with luxuriant branches and leaves, overlapping in layers.

Precious and rare tree species surrounded her, light spilled from the gaps, and lazily climbed up her face.

What a beautiful day...

The unhappiness of last night was instantly forgotten.

She got up neatly to freshen up, and opened the tablet to watch the latest stock market changes.

On the page popped up a message that Su Jin sent her at four o’clock in the morning last night: “Song Chi has resolved it, sleep in peace.”

Such a quick action?

Su Jin always protects his shortcomings, so this solution must be extremely rude.

But what kind of role Fu Yechuan played in it, she really questioned for a moment.

The way he looked at her last night was filled with complicated emotions.

She wasn't in the mood to take another look at his emotions, and she didn't care what he thought.

After all, his appearance didn't matter to her.

Anyway, she has already retreated.

She opened her huge cloakroom and found a top-level casual haute couture dress with limited editions of the season from the dazzling wardrobe.

Just as he was about to go out, the phone rang. It was Qin Yu.

She raised a smile.

"Miss Qin, when you look for me in the morning, it's more punctual than my alarm clock..."

Qin Yu muttered unhappily.

"Why didn't you tell me something so big happened last night?"

Knowing it so quickly?

Su Nan's tone was relaxed.

"Didn't you know now?"

"If I hadn't heard the gossip from others, saying that Song Chi had troubled you last night and was arrested, he confessed to Cheng Yi shamelessly, and disturbed Fu Yechuan and Su. Brother Jin, I can't believe it, it's true! Where did

Song Chi come from to be so bold? He actually broke ground on Tai Sui's head?

I heard that the two bodyguards she hired were two-time national Sanda champions, although you have Skill, but I guess you can't handle it, you're not at a disadvantage, right?"

Qin Yu knows Su Nan's background, compared with the professional, Su Nan's skills can only crush most people.

Compared with the national Sanda champion, it is still slightly inferior.

Hearing her chatter, Su Nan was slightly taken aback.

National Sanda Champion?

If it was luck that she succeeded in hitting one of the strong men in the dark, then she might really not be able to deal with the attack of the second strong man!

His hand tightened slightly, so, thanks to Fu Yechuan?

She gritted her teeth and took a long time to speak.

“No, fortunately...they came in time.”

“That’s good, I heard that Song Chi was sent back to City C overnight, and the crying parents don’t know each other.

And Su Jin brother also said, who will be in the future? To dare to cooperate with the Song Group is to oppose the Su family, I think her career has come to an end...”

Su Nan listened calmly, her expression did not change in the slightest.

Su Jin’s decision is not unexpected, after all, it would be the same if she handled it herself.

Chatting all the way, I arrived at the company in a blink of an eye.

Su Nan finished two sentences, ignoring Qin Yu’s desire to gossip, and hung up the phone.

She stepped on the brand-new limited edition JimmyChoo high-heeled shoes, have a kind of aloof elegance, entered the company stunningly.

The lady at the front desk said hello sweetly, and Su Nan waved hello, gentle and kind.

Yu Lou put the meeting materials in front of her.

“Mr. Su, the meeting will start in ten minutes, but...”

Su Nan looked up at him.

“What’s the matter?”

“President Ringo Lin of the Juli Group has been waiting outside for a long time.”

Su Nan frowned slightly.

“The meeting is postponed, please come in.”

“Yes.”

Ringo’s face was a little dignified, and his eyes under the gold-rimmed glasses flickered with gloom and displeasure.

The artificial intelligence project is progressing very smoothly, and there should be no mistakes.

Su Nan didn’t know, what else could make Ringo show such a heavy look.

As soon as the door closed in the building, Ringo sat in front of her.

“Mr. Su, our artificial intelligence chip design has been copied!”

Before Su Nan could react, he spit out the truth of the investigation with thin lips.

“The person who copied it is the company under your Su Group.”

Chapter 246 Let your old lover come forward

Chapter 246 Let your old lover come forward and

Su Nan did not speak.

She just looked up at Ringo.

He didn’t seem to be joking.

There was silence in the air for a moment, and Su Nan’s mood sank slightly.

The biggest breakthrough of artificial intelligence chips is the ability to intelligently detect potential or obvious diseases in the human body.

This is a major advance announced to the world.

In order not to cause unnecessary trouble for Su Ming, they attributed the designer to the joint laboratory of Su, Lin and Fu.

If Su's exclusive rights to chips are highlighted at this time, it will only make people think that the three-way cooperation is falling apart, the stock market is turbulent, and it will lead to unnecessary trouble.

All harm and no benefit.

They have high hopes for this project.

It would be a pity to die because of such trivial matters if there is no result.

Su Nan calmed down, "Do you know which company it is?" With so many companies under the Su Group, it is impossible for her to cover everything.

Ringo knew so quickly that there must be an answer.

He took a note from his pocket.

Two fingers were pinched on her table, and she made a meaningful opening.

"Old Fu found out that it was the Su family in J City, Su Yinian."

Su Nan frowned.

"Got it." The

second room was making trouble again, which was really annoying.

"By the way, the best way to break the rumors is the truth. If there is really no way, let your old lover come forward..."

"What?" Su Nan looked up in confusion.

Confused.

Where did her old lover come from?

"God, sunner, as soon as he came forward, everything was solved."

After all, no one would believe that a genius sunner would plagiarize.

Su Nan silently rolled his eyes.

Call directly to let Yu Lou come out to see the guest.

Ringo took out the phone and called after he got outside the Su Group.

“I’ve already told Su Nan, old Fu, this is a serious matter. Why don’t you tell me about such a good opportunity?”

Fu Yechuan on the phone was not in a hurry to answer.

The sound of a lighter came from the phone, intermittently.

After a few seconds, he spoke.

“She hates me and doesn’t want to see me.” The

voice was cold and lonely.

...

As soon as Ringo left, Su Nan asked people to investigate the movements of the Su Group in J City.

really.

Before the afternoon, there were all kinds of uproarious voices on the Internet.

Mr. Su of J City announced the latest experimental progress in the name of the company, and the artificial intelligence family doctor is about to be launched, which caused a heated discussion.

“Isn’t it a tripartite cooperation? Why did the Su Group come out first?”

“Being driven by interests, business partners are indeed unreliable!”

“With such a quick launch, can the quality be guaranteed?”

“Is Su Nan crazy about money? “

Everyone doesn’t know the situation of each company, and thinks that the Su family in J City is still under the orders of Su Nan, and the good and the bad, naturally, it is Su Nan’s.

In less than a while, the stock price of Su Group was affected by fluctuations, and there was a faint trend of decline.

Fortunately, the Juli Group and the Fu Group have not fallen into the trap, and are waiting for the results of the Su Group.

Without saying a word, Su Nan directly asked someone to prepare the car and planned to go to J City to deal with it in person.

Su Jin intends to let her do it, sits in the rear, and cooperates with Juli Group to investigate the source of the leak.

But for two or three hours, Su Nan kept following the trends on the Internet in the car.

Everyone is mixed.

Su Nan knows that this is not a good thing for the Su family. After all, losing credibility is very important.

“Here, Mr. Su...”

Yu got out of the car and opened the door for her.

Su Nan simply got out of the car and walked directly into the company on high heels.

“Who, how can you come in casually...”

The front desk at the door was dozing off when he raised his head in dissatisfaction when he heard the movement.

Seeing Su Nan’s face, she was instantly shocked and stood up straight.

“Su... President Su?”

...

Chapter 247 Earn money together

Chapter 247 Making money together

Su Nan was followed by five or six people, all in suits and leather shoes, and the momentum was cold and pressing.

Yu Lou pressed the elevator for her in front, Su Nan didn’t blink.

The person at the front desk hurriedly notified the secretary of General Manager Shen Li upstairs.

The secretary was also Shen Li’s cousin, Shen Yun.

I think I have a backstage, which is very tough.

Hearing that Su Nan was coming, he snorted dismissively and continued to polish his nails.

“When she heard that we were going to make money, she couldn’t wait to come over and get a piece of the pie? She wanted to be beautiful...”

This sentence was also completely heard by Su Nan who came up.

The bodyguard behind opened the door for her. The secretary saw Su Nan and sat there without blinking.

The tone of speech is yin and yang.

“Miss Su, our general manager is not here, come back next time...”

Yu Lou stood aside, his face turning green.

There is only one employee who dares to talk to Su Nan like this.

Su Nan didn’t even look at her, and ordered Yu Lou directly.

“A high-level meeting of the department will be held. After five minutes, anyone who dares to be late will be fired immediately.”

Yu Lou respectfully responded, “Yes.”

Shen Li’s mouth twitched, and he looked at Su Nan in disbelief.

In the entire company, no one dared to ignore her like that!

“Is Miss Su deaf? Our general manager is not here, who are you looking for for a meeting...”

Su Nan just walked to the conference room for a while.

She turned slightly and glanced back at her.

“General manager? You mean Shen Li?”

“Of course, she’s my cousin. This is not your Su clan group, not your Miss Su’s territory. You can’t control our affairs...”

Yu Lou began to sympathize with this unfortunate woman.

Her tail was about to go to the sky, and she was finding fault with every sentence. Judging from his years of experience, her ending would not be very good.

Su Nan’s eyes were as cold as ice.

She curled her lips indifferently, and her voice had no warmth.

“The Su Group belongs to our Su family. It’s not Shen’s turn to call the shots. From this minute onwards, all of you will get me out!”

Shen Li’s mother and daughter didn’t have a long memory, and they challenged her bottom line again and again.

Think she’s being bullied?

Think the Su family’s money is easy to get?

Shen Yun’s face froze for a moment, and she stared at her with a black face.

“You...why do you...”

Yu stopped her nonsense before going upstairs.

“Just because she is the president of the Su Group, what nonsense, let Shen Li roll over...”

Su Nan added a reminder along with Yu Lou’s words just before entering the conference room.

“And my second uncle, Su Yinian.”

This wasteful second uncle, if he doesn’t guard his one-acre and three-point land, has to do something to hold him back.

If it wasn’t for Su Yifeng taking care of his company, he would still be working outside in the wind and the sun...

There are countless holes in the back of the company in J City over the years.

Since they don’t appreciate it, it’s better to take back these favors...

five minutes later.

In the conference room, Su Nan looked at the few people sitting there scattered, and he already knew it.

These people were still sent by Su Yifeng from the headquarters to watch.

Yu Lou distributed the information in his hand.

Su Nan didn’t beat around the bush.

“Everyone, everyone must have known the news this morning.

The artificial intelligence project jointly developed by Su Group and Juli Group, why did the company here develop the exact same product and enter the market?”

Everyone was silent for a few seconds and sat at the front. The bald uncle frowned.

“We don’t know about this at all. Shen Jie is like a thief, and Su Yinian doesn’t care about the company...” Before the

words were finished, the meeting room The door was pushed open.

“Su Nan, don’t say anything in advance when you come, and don’t wait for us in the meeting...”

Shen Jie and Shen Li came in one after the other.

In front of Shen Jie, wearing a luxurious and luxurious designer coat, from top to bottom is the style of a nouveau riche.

It may be that she is in her own territory, not as cautious as when she was in the Su family.

Not to mention the previous embarrassment...

It seems that Su Yinian has forgiven her for raising a man?

Can’t figure it out...

...

Chapter 248 Did no one teach you?

Chapter 248 Has anyone taught you?

Su Nan sat on the main seat and looked at the document in front of him without looking up.

White and slender fingers pinched on a page of paper with a cold and contemptuous expression.

“Just in time, tell me how the artificial intelligence family doctor copied it?”

Shen Jie was slightly startled, but Shen Li responded quickly.

“Plagiarism? This is what our company paid a lot of money to ask the experts of the research institute to study.

We have already accepted orders from more than a dozen companies, and our sales amount has reached more than one billion. Sister Su Nan, such a good opportunity to make money, but Can't let it go...”

Su Nan snorted softly.

If the pre-sale is signed in advance, the compensation will be more than three times as high.

Is this looking at her and dare not stop it?

“You dare to earn this kind of bad money, are you poor and crazy?” The surroundings seemed to be silent.

Everyone's eyes were uniformly focused on these three people.

Shen Jie and Shen Li's mother and daughter are walking sideways here, and no one dares to provoke them, nor can they afford to provoke them.

It is rare that someone dares to go up and slap the face directly.

The joy in my heart is indescribable!

“Su Nan, don't be in a hurry to scold, this matter is signed by your second uncle, we are not from the Su family, your second uncle is always...”

Shen Jie snorted coldly, she was Fully prepared.

There was a flash of triumph in his eyes.

Su Nan glanced at her sideways, and curled her lips slightly.

“I've already called the police about this matter. From top to bottom, as long as you handle it, don't even try to run away...”

Before coming, I had already talked to Su Yifeng.

The company in J City is already chaotic enough.

It has to be reorganized.

Hearing this, Shen Jie froze in place, looking at her incredulously.

Shen Li also clenched his palms in shock.

They thought that if Su Yinian was brought in, Su Nan would not dare to do it.

At this moment, the sound of hurried heavy footsteps came from the door.

“What do you want to do, Su Nan, do you still have my second uncle in your eyes?”

Su Yinian’s voice was furious.

Presumably, Shen Jie’s people have already explained Su Nan’s intention clearly.

Shen Jie walked over and pulled his arm as if seeing a savior.

“Yi Nian, you are finally here... You niece, don’t have me in your eyes, even you want to sue!”

Su Yinian glared at her.

“Su Nan, what are you doing here? It’s not your turn to speak here!”

Su Nan’s eyes were clean, she raised her head, and her voice was calm.

“The company in J City is suspected of plagiarizing the research results of the cooperation between the Su Group and the Juli Group. This matter has been reported to the police.”

Su Yi Nian’s face was ashen.

“Call the police? What do you call the police about your own family?”

What evidence do you have to prove that this is plagiarism? There are many things with unknown patents in the shopping mall. Even if it is a lawsuit, there is no

conclusive evidence.

Do you want to make things so ugly?”

Shen Li reluctantly catered to Su Yinian’s words.

“Yeah, Sister Su Nan, it’s the Su family’s property, and they’re all making money for the Su family. Why are you killing each other?”

When you eat meat, you also want us to drink soup...”

Su Nan sneered, his eyes swept over to them.

“You don’t deserve this pot of soup.” These words successfully angered Su Yinian.

“Presumptuous! Who are you talking to?”

“Second uncle, you forgive this mother and daughter for raising a man behind your back so quickly? It seems that you are used to wearing this cuckold...”

” Bang—”

Su Yinian blushed and punched the desk in front of her.

The atmosphere suddenly became eerily quiet.

Su Nan’s words contained too much information, and everyone couldn’t react for a while.

Su Nan sat there calmly, watching Shen Jie and Shen Li’s complexions gradually turn the color of pig liver.

She sneered in her heart, who dared to do the wrong thing...

Shen Jie was the first to react, and she made no secret of her hideous expression.

Indiscriminately insulting.

“Su Nan, you are trying to sow discord. How dare you talk to Yi Nian like this?

Your mother died early. Did no one teach you what it means to be polite?”

...

Chapter 249 She is not a person

Chapter 249 As soon as she said

Shen Jie’s words about not being a person, it was too late for Su Yinian to stop her.

The temperature in the air instantly dropped to below zero.

The chill permeated every inch of the air.

Everyone knows that Su Nan’s mother has been dead for many years, which is a sad topic that the Su family can’t bear to bring up.

Don't talk about Su Nan, if Su Yifeng hears this, he is afraid that someone will kill Shen Jie immediately!

Shen Jie had eaten the guts of a bear's heart and a leopard, and dared to scold Su Nan's mother in front of Su Nan?

Seeing that Su Nan's face suddenly turned ugly and cold, Shen Li realized that something was wrong.

She subconsciously looked at Su Yinian's attitude. Su Yinian's angry expression just now subsided instantly.

Just when everyone thought that the tense atmosphere would become impossible to end.

Su Nan's icy gaze fixed on Shen Jie for a long time.

His eyes were deep and dangerous.

She opened her lips indifferently, her voice cold.

"Shen Jie, gave you a face, right?"

From the moment she opened her mouth, Su Nan didn't plan to let her have good fruit to eat.

Shen Jie was stunned for a moment, but when she was about to have a seizure, Su Yinian grabbed her arm.

"Shut up, how can you speak here?"

Su Yinian's attitude puzzled Shen Jie.

"Yi Nian, I'm here for you..."

Su Yi Nian gritted his teeth, frowning tightly, his eyes filled with displeasure.

"Su Nan, she has no intentions, don't take it to heart, but business is business, and the project that can make money for the company, why not do it?"

Besides, we invite a professional research team to research products, and we invite famous experts and professors at home and abroad. Even if someone comes to investigate, we are not afraid! "

Su Nan sneered, with sarcasm in his voice.

“This project is at least decades ahead of its development, and it is a unique breakthrough in the current world. Which expert did you invite?” “

Experts and professors?

All the experts and professors in the whole country can't compare to one Su Ming!

They are really handsome!

Want to ruin the reputation of this project and the Su Group? It's

absolutely impossible!

” Home, he is an expert who has published articles in foreign magazines, and he is in charge. Who dares to say that we are plagiarizing? “

Shen Li spoke proudly.

A professional-level boss in the physics world.

Su Nan doesn't understand what he said. Su Yinian

stepped forward and softened his tone, intending to give Su Nan a step up.

“Su Nan, your father and I are relatives .” Brother, will I harm the company?

Su Nan lowered her eyes lightly, her tone unwavering. “

Second uncle, the person my brother sent to check the accounts will not return without success. It is too easy to find out the bad debts in J City.

Before I came here, I had discussed it with my dad. The company in J City immediately announced bankruptcy and reorganization, and the changes in internal personnel would be adjusted again.

Shen Jie's mother and daughter... and their group of poor relatives, get out.

If you are responsible for the compensation of the contract, you will continue to act as the legal person of the newly established company.

If you don't want to, then go back and retire...”

She was not discussing with anyone, but announcing the decision.

Everyone heard the words, and their expressions were relieved, as if they were looking forward to the light!

Shen Jie and Shen Li's faces stiffened, and it was hard to see the extreme.

Their years of painstaking management were so easily shattered?

Su Yi Nian stared at her, her face ashen with anger.

The slightly relieved brows furrowed again.

Su Nan, this dead girl, is really determined to fight against him!

"You..."

He didn't believe that Su Yifeng would treat her like this, and immediately took out his mobile phone and wanted to call Su Yifeng.

But the phone was never connected.

His face was already very angry and anxious.

Su Nan smiled.

"My dad took a private plane to Sanya early in the morning for a vacation, and now the Su Group is my final call."

So, don't bother!

What the Su family should do, they have done their best!

She stood up slowly, her eyes swept across the crowd, especially the faces of Shen Jie's mother and daughter, and she paused.

His gaze was fixed on Shen Li's face.

"Your mother is not dead, but unfortunately she is not a person."

Chapter 250 Who copied who

Chapter 250 Who copied who

Su Nan has never been a generous person.

If you are scolded and pretend to be nothing, then just wait.

She silently recorded the account in a small notebook.

It will come back sooner or later.

Regardless of the insults behind Shen Li and Shen Jie, she stepped on high heels and walked away.

Staying under the same roof with them, staying for one more second, feels disgusting!

The bodyguard behind her quickly opened the door for her.

Her gestures and gestures are all inherently superior and noble, which makes people feel that she is born to be aloof and look down on all beings.

Back to the Su Group.

The people sent within the group have already started the process of taking over the whole.

So Su Nan can safely ignore the public opinion on the Internet.

Because soon, everyone will know the truth.

But the next day, Su Yinian didn't expect to give up, and even sent a video in the name of the company.

Meng Kang stood in front of the camera and scolded the criminals who stole his scientific research results righteously!

Insinuatingly, it points to the project of Juli Group.

In an instant, this wave of waves came to the forefront again.

Who is plagiarizing who, the caliber on the Internet is different!

"Professor Meng is a well-known expert in China. Do people who have obtained many patents for research lie?"

"Juli Group, are you using capital to forcefully buy other people's technology, and they are an old expert who has been innocent for a lifetime? "..."

"Professor Meng is upright and upright. No matter how you look at it, you don't look like a liar. I think some people still admit it. Who is plagiarizing who?"

"I used to be a student of Professor Meng. This professor is a wolf in sheep's clothing. He specializes in taking students' patents for himself, which is not a good thing..."

"Meng Kang's foreign research results are all stolen. His student's patent..."

Some different opinions were also drowned in the army of saliva.

Su Nan watched with a sullen face as the news became more and more popular.

Yu Lou stood aside and opened his mouth cautiously.

“Mr. Su, do you want to contact the media platform to suppress the heat?”

Su Nan took a deep breath.

Tell yourself not to be angry!

Her voice was trying to calm down.

A trace of condensation flashed across his eyes.

“No, then add a fire, it’s better to burn them all!”

“Yes.”

Needless to say, Yu Lou instantly understood what Su Nan meant.

The press conference was simple but solemn.

At this critical moment, Su Nan dared to hold a press conference. Facing countless thorny but acute issues, he also confirmed that it was unexpected.

Fu Yechuan and Ringo also received invitations.

You can go out or not.

But both came.

They face hot issues head on.

But the home court was Su Nan, and as a foil, the two did not dominate.

But they sit on both sides, which shows the importance and trust in this cooperation.

The two men’s looks are not low.

Ringo is graceful and gentle, with a slight ruffian.

Fu Yechuan was noble and pure, with extraordinary capacity, sitting there without speaking, his aura was already convincing.

Su Nan wore the limited-edition haute couture immediately without a low profile.

Every shot is perfect!

If it is placed in the entertainment circle, it can completely sit on the top spot by virtue of appearance.

The reporters praised her high appearance and temperament, and almost forgot their purpose.

To the point.

The atmosphere also became tense.

“President Su, what do you think of this plagiarism?”

Su Nan did not shy away.

“The management personnel of J City did make mistakes and plagiarized the results of the previous tripartite cooperation.”

One word caused a thousand waves!

“Isn’t it the Su Group’s inspiration?” the reporter asked.

Su Nan smiled lightly.

“There are many subsidiaries under the Su Group, and they are operated by their own independent legal persons. After internal verification, the Su Group companies in City J did compete by unfair means.

We have reported the matter to the police, and at the same time, the Su Group has decided to make a decision. Investigate all businesses in J City, and then go through bankruptcy and reorganization. The

Su Group will not allow such subsidiaries to exist, and we are willing to accept supervision.”

Su Nan’s voice was not cold, but very gentle and powerful.

Loudly!

Perhaps this is the first time I have encountered a company that has the courage to admit its mistakes and maintain its credibility even if the losses are huge.

The synchronous live video was transmitted to the Internet, and it was almost quickly overwhelmed by the screen.

“This kind of company is worth the money...”

“Mr. Su, marry me...”

“These two men and a woman appearing in the same frame is simply the pinnacle of beauty in the business world...”
