Novel Divorce billionaire heiress chapter 2537-in the bar.

It's pretty quiet during the day.

Only now it was evening again.

Everyone is already getting ready for business.

As soon as Fu Yechuan entered, someone saw him.

"Where's the boss?"

he asked.

The waiter pointed to the upstairs, and Fu Yechuan nodded.

Ning Yue was resting in her room, preparing for the overtime work at night.

Fu Yechuan came over quietly, which she did not expect.

But there was no big reaction, just glanced at him, and lay back again.

"Why do you come here when you have time?"

Her voice was still a little lazy.

Fu Yechuan walked over, took off his coat, and hugged Ning Yue from behind through the quilt.

At that moment, the heart that was originally empty was filled in an instant.

He closed his eyes, and he was familiar with her in his arms and sense of smell.

That feeling made him feel more nostalgic than the chance of winning again.

Ning Yue sensed something was wrong with his emotions, but she didn't bother to investigate.

She still felt that it was better not to know him too well.

Lest the greater the expectation, the greater the disappointment.

Fu Yechuan was silent for a few minutes before recovering from that weightless emotion.

“Yue’er, today I...”

He wanted to talk to her about what happened.

She must be worried for herself.

She has always been a soft-spoken person.

Maybe they will praise him for being smart, because he is unpredictable.

As a result, Ning Yue interrupted before he finished speaking.

“Fu Yechuan, I’ve been busy all day and didn’t sleep well. I have to get up and continue my work later. Can you stop talking and talk about it later if you have something to do?”  
She was so lazy that she almost couldn’t open her eyes

.

The mumbled words made Fu Yechuan slightly stiff.

Swallowed all the words.

It’s just that the strength of holding her is lighter, for fear of really disturbing her.

“Okay, I won’t talk anymore, you go to sleep.”

He touched her head, then lay beside her with his clothes on, and calmed down.

I don’t know how long it has been.

Ning Yue keenly heard the sound of the drum set below, and then opened her eyes.

The sound insulation upstairs was good, but she was used to it, so she would notice even the slightest movement.

Get up together, looking at Fu Yechuan lying beside him and falling asleep peacefully.

His brows are sharp and cold, and his facial features are handsome. When he is asleep, his aura is not so cold and strong, but he is still good-looking.

Ning Yue stared blankly for a few seconds, and suddenly saw his phone light up, as if a WeChat message had arrived.

Fortunately, his mobile phone was deliberately set to silent, so there was no movement.

Ning Yue didn't mean to look at it, but her mobile phone was also placed there, and the two mobile phones were in the same place.

When she took her mobile phone, she glanced at it unexpectedly and saw the message.

A message from "Chutian"

"I heard that you are in distress today, my father asked me to greet you on your behalf, if there is any need for help, ck will do my best."

A few short and clear words made Ning Yue slightly distracted.

Fu Yechuan, who didn't even want to call at the hotel entrance, even added WeChat behind his back.

On that day, he even vowed to explain that the scandal between him and Chutian was a public relations plan.

But behind the plan, isn't it also because of the right family?

In danger today...

Ning Yue thought for a while, and seemed to think of something Fu Yechuan wanted to tell her, but she interrupted her.

It turned out to be in distress?

Once he is in danger, Chutian's ck can go all out.

And what about myself?

Not even in the mood to listen to him.

Ning Yue suddenly felt that the two of them were really boring.

She picked up his mobile phone by accident, and she knew his password.

She knew she shouldn't do this, what a despicable act of a villain, to peek at other people's private records.

But she just wanted to find a reason to make herself more determined.

The moment she unlocked it and clicked on WeChat.

Just as the name “Chutian” came into view, the man lying there suddenly sneered.

“Does it look good?”

His voice was clear, hoarse, and somewhat cold.

Ning Yue was startled, and threw the phone on the spot with a loud voice.

In fact, she didn’t see anything clearly.

It just happened to be caught, and it’s just a guilty conscience.

Fu Yechuan put one hand behind his head, his posture was a little loose, his brows and eyes were somewhat probing and indifferent, the corners of his eyes were slightly squinted, and the eyes in the cold cracks swept towards her “Ning Yue, when did you start doing this kind of thing?

” ?”

This kind of thing, this kind of rogue, arrogant, suspicious, only those women who have no sense of security in the family will do things.

Ning Yue’s heart tightened, she pursed her lips, knowing that she was wronged, she didn’t retort,

“I’m sorry.”

She has nothing else to say but this sentence.

She is not his wife, so naturally she is not qualified to check his mobile phone.

Such a relationship is too shameful.

Fu Yechuan looked at her quietly for a few seconds before slowly picking up the phone.

After opening it, I took a look, and my eyes flickered slightly.

Finally, he clicked on the chat page with Chutian and handed it to her.

“Look, don’t you just want to see what I chatted with her?

The friend I added a few days ago because of business, I didn’t say a word.” The above content, the first day is the sentence that Ning Yue saw just now .

They hadn’t spoken to each other before.

Did you say no, or delete it?

Ning Yue would not question his character.

It's just that she "has to be watched", her expression is not good-looking, and she can hear the displeasure in Fu Yechuan's voice.

With that bit of coldness, it was enough for her to notice it.

"That's enough, I won't watch it, and I won't watch it again in the future."

Ning Yue took a deep breath, and said calmly,

"I really fell asleep today, just treat it as me doing something stupid, and I apologize to you ."

She can accept his dissatisfaction.

She was wrong, she admitted.

In his eyes, her behavior was a bit over the top.

Thoughts of being overconfident and unable to recognize her own identity flooded into her mind, making Ning Yue feel ashamed.

Fu Yechuan took a deep look at her.

The emotions in that look were complex and profound.

It's just that there are some indescribable emotions, with a bit of indifference, but they are quickly covered up.

"Yue'er, I don't blame you for looking at my mobile phone privately. It's just that there are a lot of confidential information in my mobile phone, which cannot be released. Recently, you also know that many public figures who have overturned their cars on the Internet are all because of the carelessness of the person next to them

. It led to the overturn.

Although I won't overturn, the company's image is still very important, don't you think?"

His voice was warm and soft, with a bit of ease.

He really wanted to talk to Ning Yue about this matter.

Let him not be like other women, too suspicious, which will make both of them very tired.

He wants the relationship to be pure and clean.

Rather than mixing too many other factors.

He can declare her identity openly, except for marriage.

Especially at this time.

Novel Divorce billionaire heiress chapter 2538-Ning Yue looked at his smiling facial features, her brows and eyes were still stern and indifferent, it seemed that she had an elegant and dignified face that rejected people thousands of miles away, and it was a mountain that she could never enter his heart.

His words seemed gentle, without blame.

In fact, it was as if he had slapped her hard in the face.

It was hot, and even the darkest part of my heart was clearly seen.

Ning Yue was stunned for a few seconds, stood up abruptly, took two steps forward, calmed down, and then turned to look at him, with a clear and cold tone, "Needless to say it sounds so nice, isn't it just

saying that I'm gone?" Is it appropriate?

I have already apologized and promised not to read it again in the future, do you need to insult me again?"

Fu Yechuan's expression darkened slightly, and his eyes dimmed slightly,

"I didn't mean to insult you, I'm having a good conversation with you, so don't think too much about it." "

As far as what you said, people with normal understanding ability will think too much about it? Fu Yechuan, I just read your message, so what?

You Is there any work secret in your conversation?

If so, why did you show it to me just now?

If not, why can't I read it?

Why, we can't get married, and now the normal rights of being a girlfriend are gone Is it?

Or is it that your girlfriend has changed to that Miss Chu, but I don't know?"

Ning Yue took a deep breath, and the breath in her chest was blocked for a long time.

It finally came out today.

She is not one to endure.

If you like it, stay together, if you don't like it, separate.

Doing some messy things, I feel that I am not happy in my heart.

There was a dead silence in the room for a moment.

Fu Yechuan's expression also changed from forbearance to calmness, and there was a bit of coldness in his eyes.

He stared at her fixedly, with indistinguishable expressions, but the corners of his mouth straightened betrayed his current mood.

Silent and cold.

He watched her vent before sitting there, raised his chin slightly, and met her eyes,

"I told you about not being able to get married, and I also explained about Chutian, why did you You want to bring up old things again?"

You are not satisfied with what I said, why didn't you bring it up at that time? Instead, you want to settle accounts after the fall?

I don't understand, Ning Yue, you are clearly not such a suspicious and preoccupied person, how did you become like this?

The information in the phone It's a confidential matter, even Chen Mian can't see it, why do you want to blackmail me with your feelings as evidence of my loyalty to you?

I always feel that we can trust each other, instead of this kind of Ways to prove each other's sincerity."

When he was speaking, he tried his best to calm himself, and communicated his thoughts with her rationally.

It is impossible for him to blindly tolerate women doing a disservice to his career.

She can do nothing, or have her own hobbies, but absolutely not under the premise of harming the interests of the Fu Group.

Otherwise, the relationship will change in nature.

These words, sooner or later, have to be said to Ning Yue, since she mentioned it, let's just explain it clearly.

Both sides fell silent.

There was dead silence, and the icy atmosphere fluctuated up and down.

Spread a trace of unfamiliarity and estrangement.

Ning Yue sneered suddenly, breaking the confrontation.

She took a deep breath, and the depression in her chest dissipated a lot, she glanced at Fu Yechuan lightly, and said directly,

"I'm suspicious, do I care about every detail?"

If you have such a clear conscience, why did you explain to me your relationship with Ms. Chu, and why are you afraid that I will see your chat content?"

You are obviously guilty of being a thief, Fu Yechuan, stop flaunting how infatuated and loyal you are, these two adjectives have nothing to do with you!"

"Ning Yue, enough is enough for you!"

Fu Yechuan stood up suddenly, his face became extremely gloomy and a little ugly.

"What do you want to make trouble for?" Could it be that I can't even communicate with people normally?"

Ning Yue, how did you become like this?"

How else can I tell you to believe it?"

Ningyue choked suddenly, her chest was stuffy, and

she felt a dull pain. She had no power to refute when a hat was put down?"

Just because she was caught straight?"

Ningyue thought it was ridiculous, and she did laugh made a sound.

“Don’t you know what I look like? I am always like this, if you want to see it, watch it, if you don’t want to see it, get out, I will not change myself for anyone.

I’m fine, the person with the problem is you, Fu Yechuan, you can refuse to marry me, and I’ve already given up.

But you can accept the news that you are married to Chutian. Even if you have explained it, it does not mean that you are honest and clear.

Because you think in your heart that only someone like Chu Tian is worthy of you.

And I’m nothing, the news that I’m with you will only lower the stock price of your Fu Group, right? “

She said it nonstop, every word and every word was extremely clear.

It was more like a nail, piercing into Fu Yechuan’s heart fiercely.

His face was livid and white.

His eyes were dark and glaring. she.

Ning Yue didn’t give him a chance to refute, and just said what was in her heart in a cold voice.

“Admit it, Fu Yechuan, you are a shameless villain who hates the poor and loves the rich. You

did the same to Su Nan back then. She concealed her identity and married you, but you ignored her and had no feelings for her.

After she divorced you, she recovered. You think you have the deepest love for her because of your status?

Don’t you think you are ridiculous?

Do you think I hold a grudge because I can’t marry you?

Of course not, my liking for you will never make me lose myself , and will not let me compromise regardless of dignity.

Do you think I am jealous of Chutian and your scandal?

No, I just find it ridiculous.

I am just curious about what the backside of you will say to that woman

? I didn't mention the marriage to you, so you can have such a clear conscience.

Once the marriage can involve the interests of your Fu Group, you will probably hesitate for a few days, and you will agree with it half-heartedly, right?"

Ning Yue's facial features are full of Somewhat indifferently bright, that ferocious look surged up and down.

But the calmness on his face looked extraordinarily cold.

Two emotions seemed to tear her apart.

There was a sense of energy in her heart that Fu Yechuan had made her not like herself.

She tasted the sweetness of love, but also the bitter fruit of love.

But this kind of suffering, why should she taste it alone?

Nobody ever told him this, did they?

Seeing Fu Yechuan's shocked and stiff expression, Ning Yue felt a surge of excitement from the bottom of her heart.

happy.

She won the battle, but she didn't win it herself.

Instead, it was won by Su Nan.

So it wasn't too glamorous for her to win.
