Divorce billionaire heiress chapter 2566-Therefore, Chu Yiming's relationship with Ning Yue can be said to be a combination of new and old grudges.

No good feelings at all.

"You still have to be shameless, you are very interested in being someone else's third party, right? I have never seen anyone who has no moral bottom line than you!" Ning Yue sneered, and curled her lips in surprise: "Who is the first person?" Of the three, your sister is the third one. You can say such a thing, which shows that your family's education is not very good. I have nothing to say to you, Young Master Chu, since you are confidently waiting to become Fu Yechuan I'm not interested in acting as a green tea mother, it's not disgusting enough."

She said, and glanced at Jiang Lingyi.

Jiang Lingyi's expression froze slightly, and he subconsciously looked at Chu Yiming.

Ning Yue said lightly: "Also, do you really think that I am rushing to become Mrs. Fu just like you? Let me tell you, if he didn't beg me, even if he knelt down in front of me to propose, I wouldn't agree. Between me and him, he is the one who keeps reposting all the time!"

It's really cool to talk about love without talking about feelings! Chu Yiming's face was livid, and he looked at her angrily: "You really have no shame, when my sister comes in, if you are still with Fu Yechuan, I will have someone take care of you—"

I'm not afraid that Ning Yue will not agree.

But before he finished speaking, he heard the footsteps of handmade leather shoes, and the crisp sound of a stick accidentally hitting the railing.

Fu Yechuan's gloomy and gloomy voice came over:

"Who do you want to deal with? Who do you want to deal with?"

Although his voice was calm, he could hear the restrained anger.

Chu Yiming was taken aback for a moment, watching Fu Yechuan coming up the stairs wearing sunglasses, his face was cold and ugly, and his whole body was enveloped by an aura of indifference that should not be approached by strangers.

He didn't expect Fu Yechuan to appear suddenly. His eyes are not good, so he must have been hugged by others, and his eyes are blind, so he won't go up to the second floor.

Chu Yiming suddenly felt guilty.

And Jiang Lingyi next to him didn't even dare to say a word, standing beside Chu Yiming like a quail.

Seeing this, Ning Yue couldn't help smiling, walked over, and took his arm: "Of course I'm going to clean up!"

Fu Yechuan's face was tense and ugly, his shirt was blown up by the wind, and it was straight His figure was tall and slender, and his shadow blended with the dark night behind him, as if he couldn't see any difference.

He loosened his collar, and his voice was stern and cold: "Who dares to punish you, you are my ancestor, even I dare not, who else?"

Ning Yue heard the meaning of his words, and endured He couldn't help chuckling, and stretched out his hand to pinch his thin waist, but it was a pity that he couldn't pinch the soft flesh, so it was a waste of time.

But she still leaned forward to warn him:

"It's useless to talk less."

Fu Yechuan smiled a little: "Come on, introduce me, who are these two in front of you?"

"Oh, Chu Mr. Yiming Chu and Ms. Jiang Ling said they came to ask me to intercede, but I didn't hear the words of intercession. Every sentence accused me of ignorance and threatened me to save myself a way out. Mr. Fu, Don't you think this is wronging me? It's not me who ordered Jiang Lingyi to be banned, so what's the point of coming to me?"

Ning Yue held Fu Yechuan's arm, with a bit of coquettishness, and deliberately behaved in front of them. intimacy.

Better to piss them off.

Fu Yechuan was silent for a moment, and his aura became even colder:

"What else?"

Ning Yue paused for a moment, glanced at Chu Yiming, who was a little panic-stricken, and said with a smile,

“Master Chu said that you are here to have a blind date with Miss Chu, and that you are going to get married soon. I’m the third party, and he wants to find someone to take care of me.”

“Really?” Fu Yechuan’s expression was extremely clear.

Jiang Ling who was next to him couldn’t help but said: “It’s all a joke, Mr. Fu, don’t take it seriously. Young Master Chu has no intentions, it’s just a joke. Just now Young Master Chu said that he planned to buy the company and let Miss Ning be the boss.” Where is the number one female!”

Ning Yue couldn’t help laughing:

“He himself is the water emperor who is reviled by thousands of people, and he would have to buy it if he wins an award. What kind of artist does he call himself?

Don’t insult the word artist. It’s ridiculous, let me be the number one female, I’m still afraid of notoriety!”

She really used the words “obsession with favor and arrogance” to the extreme.

Fu Yechuan also laughed lightly.

When Fu Yechuan smiled, Chu Yiming’s expression became even uglier. His cold and hoarse voice blended into the wind, and he slammed it in a neutral tone:

“When am I going to marry someone else, why didn’t I hear it myself?”

The railing made a crisp sound.

Hearing the movement, the waiter immediately went upstairs: “Mr. Fu, what do you want?”

“Go and call Chairman Chu and ask him to come and apologize.”

Fu Yechuan’s cold words made Chu Yiming turn pale instantly.

The waiter left in a hurry.

Fu Yechuan didn’t even bother talking to someone like Chu Yiming.

If my son caused trouble, I would naturally be responsible.

Chu Yiming didn’t even know what to say.

The arrogance just now disappeared instantly.

Jiang Ling's lips were pale, and her eyes were flustered: "No, this matter is my fault, I sincerely apologize, Mr. Fu, please forgive me for the sake of the innocence of the other crew members. Me, it doesn't matter how Miss Ning blames me, but they are innocent!"

Moral pressure suddenly came to Ning Yue.

She rolled her eyes hard.

Fu Yechuan said in a cold voice:

"Don't cry in a hurry. When you cry, they will hate you if they want. You made innocent people lose their jobs. If you really know that you are wrong now, you should send them mental damages." Instead of provoking others to waste time here. Ms. Jiang, do you understand?"

He doesn't talk much on weekdays.

It's just that this Jiang Ling dared to connotate him.

How could she be connoting Ning Yue, she was clearly trying to get his attention by pretending to be innocent.

That's right, since he was with Ning Yue, he has been able to clearly distinguish these behaviors!

Fu Yechuan took Ning Yue's hand, shook hands with her, and lowered his head to communicate with Ning Yue: "Don't be afraid of her, she is jealous that you are young and beautiful and still with me, I will take care of her."

Ning Yue followed him, should not have been wronged.

He was even more afraid that she would be wronged and refused to speak out, acting as if she had nothing to do with him.

Now that she can take the initiative to sue and rely on him, Fu Yechuan's heart is relaxed and happy.

Ning Yue couldn't help but expand her smile.

"Of course I know, Mr. Fu is the best!"

These words were not deliberately suppressed, so Jiang Ling heard it clearly.

Jiang Ling was very angry.

Age is the last thing she can mention. People on the Internet say that she looks like she is eighteen years old, and she also feels that she is not much different from when she was eighteen years old.

So why attack her with her age?
