**Divorce billionaire heiress chapter 2578**-It turned out that since then, their hearts have not been together.

But she got away easily.

He sank down a little bit.

Fu Yechuan parked the car there, got out of the car and opened the door.

Ning Yue let Fu Yunche get into the car first, and then she also sat in the back.

The car was dead silent.

No one spoke.

And he seemed to be waiting for a silent trial every minute and every second.

Feeling weak.

His palms were sweaty, but no one noticed except him.

Fu Yunche also seemed to feel the solemnity and tension of the atmosphere, looking at Ning Yue for a while, and Fu Yechuan for a while.

Just dare not speak.

Ning Yue stared blankly at the passing scenery outside the window.

The glow in the distant sky gradually dimmed, like a thin layer of rouge that was about to fade.

No one spoke all the way.

Back to the villa.

Fu Yunche returned to his room obediently.

And Ning Yue also got out of the car.

Fu Yechuan looked at her back in the car, his face tensed, and he took out a pack of cigarettes from the side.

He doesn't smoke often, nor is he addicted to cigarettes.

It's just that when he is under great pressure, he will smoke one to relieve fatigue and make his chaotic thoughts clear.

Now, he desperately needs this.

Light it up, and the smoke slowly spreads from the fingertips.

The time for a cigarette is neither long nor short, fifteen minutes passed.

He just stubbed out the cigarette, got out of the car and closed the door.

Complicated emotions had lingered all night, and the lingering weight made his ribs almost break.

He really mustered up his courage to walk in with heavy steps.

Go upstairs as if nothing happened.

in the bedroom.

Ning Yue seemed to have just finished taking a shower and was still drying her hair.

He was sitting on the balcony sofa by the window, staring into the distance, and suddenly felt an unreal sense of security in his heart.

As if nothing of the sort happened tonight.

Ning Yue came out and glanced at him.

I really wanted to smile as if nothing had happened, but I couldn't.

Too reluctant.

If she hadn't been busy outside all day and her body was all dirty, she wouldn't have come back to take a shower first.

Because of some things, she felt that she should make it clear first.

Ning Yue coughed.

Fu Yechuan stood up and walked over with an inexplicably cautious and gentle expression.

When he approached her, his chest was blocked, and he suddenly didn't know what to say.

Ning Yue sat on the sofa next to him, looked at him with a smile, and was very calm,

"I know you have something to tell me, the things between us should be said in a place where no one is around, it is better to talk in private, if In the eyes of outsiders, it won't end well, right?"

Fu Yechuan's chest seemed to be lightly scratched.

It hurts, a tiny tingling for a moment.

He pursed his lips, his voice was low and dry.

"Why?"

He took a deep breath, "Didn't you always want to get married before? I thought you would like today's surprise very much."

Ning Yue looked at him with a smile

"It was so long ago, I almost forgot, Fu Yechuan, I appreciate your surprise, but don't make such jokes in the future." "I'm not joking."

Fu Yechuan took a deep breath, his forehead The blue veins on the front are slightly raised.

"I'm very serious. I planned this marriage proposal, but your reaction exceeded my expectations."

Ning Yue suppressed her smile, lowered her head in silence for a few seconds, and then raised her head to look at him,

"Do you want to get married? "

"Yes."

Fu Yechuan looked at her with serious eyes.

Ning Yue raised her eyebrows, "Sorry, maybe I shouldn't bother you, I still have the same attitude, you can find someone else to get married, I'm not married."

She smiled, as if talking about an unimportant matter .

She wanted to cross Fu Yechuan and go to the guest room to rest.

Now the two of them can't whitewash the peace at all.

Fu Yechuan grabbed her arm, took a deep breath, with a bit of forbearance,

"Why don't you want to get married all of a sudden?"

"Why do you want to get married?"

Ning Yue turned her head and looked at him blankly, "You thought I wanted to marry you very much before?, still want to marry you now? Food still has a shelf life, not to mention people's thoughts."

Fu Yechuan pursed his lips and did not speak.

Ning Yue took a deep breath and removed his hand from her arm.

"Fu Yechuan, I don't mean to hurt you, but we are so different, getting married is too unrealistic."

"I don't mind."

"I mind." Ning Yue smiled, "Once we get married, I will marry you." It will be compared with all your exes, I am undoubtedly the most trashy one, Su Nan forgets, she has no choice. But your last gossip partner, Ms. Chu, has been on trending searches for several days. Once it is made public, I will definitely be whipped. Why should I be wronged? Fu Yechuan, maybe I misled you at the beginning. I wanted to get married because we had just started this relationship. There were many unstable factors, and I didn't feel safe. When Yao Xinrui provoked me, I fell into chaos. In fact, thinking about it now, it really shouldn't be, or you did the right thing. "

She smiled.

But Fu Yechuan's chest sank suddenly.

His face turned pale.

Didn't he let go of the scandal that had been on the hot search for a few days? What he let go at the same time, and He was with Ning Yue and was slandered by netizens.

He lost his voice at the same time, which undoubtedly expressed an attitude that was most beneficial to himSpend.

And this is precisely what Ning Yue finds ridiculous.

Ning Yue lowered her head and smiled, her eyes were calm, without any wavering or guilt.

“I always think that we are fine now. If we like it, we will be together. If we don't like it, we will separate. There is no other relationship involved. Love is to make two people stay together actively, but marriage is a passive involvement. Two people must be together. We We are not such people, we like ourselves more than anyone else, so I have decided to be a non-marriageist. As for you, Fu Yechuan, if you want to get married, we will end. That's it.”

Ning Yue said lightly, Without any hesitation in his eyes, he went straight out.

Fu Yechuan's handsome face suddenly became dark under the light, and his body froze. He wanted to grab her hand, but it was a step too late.

Everywhere is one step too late.

He was flustered.

Does she not love him?

She looked into his eyes, as if the original flickering light had long since disappeared.

I don't know when it started to get dark.

There are so many things he doesn't know.

Fu Yechuan felt that his chest was heavy and suffocating.

There may still be feelings, but certainly not as much love as before.

He missed the time when she loved him the most.

He's getting married, and she's over.

Fu Yechuan couldn't help laughing out loud, but he smiled and bent over, unconsciously, the corners of his eyes seemed a little wet.

He seemed to have a bitter taste.

The whole room was dead silent.

Not even a sound.

I don't know how long it has passed.

He pushed open the bedroom door.

The servant was carrying milk to Fu Yunche's room.

I was shocked to see him come out.

Fu Yechuan glanced gravely, "Where's Miss Ning?"
