**Divorce billionaire heiress chapter 2580**-The servant said, "She said she was going to clean up the new bar in the morning."

Fu Yechuan frowned slightly.

new bar?

When did she find it?

He doesn't know at all?

I can't tell what it feels like.

Fu Yechuan nodded as if nothing had happened, and then walked out.

Sitting in the car, he took out his phone.

After calling two or three times, Ning Yue answered the phone with a bit of impatience.

But Fu Yechuan's condensed heart melted away, at least she didn't blackmail herself!

"Where is the new bar?"

"..."

Ning Yue said the address and hung up the phone.

She didn't even have time to answer the phone just now, her hands were very dirty, Fu Yechuan persistently called just to ask about this matter?

Ning Yue put down her phone speechlessly, and then went to work with Xiao Chen.

Fu Yechuan went directly to the new location.

From the outside, he had been here before, and he came here for a change of taste when talking about things with friends.

However, the owner of this store moved abroad because of business, and the whole family went abroad.

Unexpectedly, Ning Yue could still find this place?

Fu Yechuan went in and watched Ning Yue sitting on the high ladder and taking off the lantern under the eaves. The ladder was a little precarious, and his expression suddenly became serious.

Ning Yue also felt that the ladder borrowed from the neighbor was a little unstable, but it took too long to buy it now.

He dared to climb up.

But she was a little worried about it.

Feeling that the support below was not stable, she opened her mouth to call Xiao Chen over.

But suddenly felt the ladder shake, and then there was no trembling and shaking feeling.

It seems to be supported by someone.

She subconsciously looked down, and Fu Yechuan looked up at her with a dark expression, with a bit of anger and dissatisfaction on his face.

Ning Yue's heart skipped a beat,

“Why are you here? Why didn't you go to the company today?”

Fu Yechuan pursed his lips, gritted his teeth, and stared at her, “Why didn't you tell me you chose this place? I know people from this store.”

“The agency told me temporarily, and I also made a temporary decision.”

Ning Yue explained patiently.

After all, he kindly expressed his kindness.

Fu Yechuan asked about the rent, and Ning Yue answered, and he had no objection.

It's not much money.

“I originally wanted you to rest for two years, but you really can't take it easy?”

Fu Yechuan's throat moved slightly, with some complaints.

But Ning Yue didn't hear it.

She smiled, "It doesn't matter if I drink the northwest wind, will my employees also drink the northwest wind with me?"

She said, and handed the lantern down.

Fu Yechuan took it, threw it on the ground again, and frowned at her, "So you have to do these jobs yourself? Where are your employees?"

Ning Yue smiled and slowly climbed down from the top.

Because Fu Yechuan was holding it firmly, the ladder didn't shake at all.

For a time, the sense of security doubled.

"The others are on vacation, and Xiao Chen is busy upstairs."

Fu Yechuan disagreed with her behavior of leaving the drudgery to herself and asking the staff to pay the house price.

But after thinking about it, I didn't say it.

He took out his mobile phone and called Chen Mian, "Ask the cleaning company to send a few people over. The address is..."

"Boss Fu..."

Fu Yechuan glanced at her, but didn't listen to her.

The ladder in his hand had been in disrepair for a long time. If he hadn't happened to meet it, he didn't know if something would happen.

How could he let his woman do such a dangerous thing?

When the people arrived, Fu Yechuan looked at the time, "Go and arrange for these people to do things, I'll wait for you for another ten minutes, and I'll go to the company with me later."

"Why should I go?"

Ning Yue frowned.

She didn't want to see the group of people last night again.

Otherwise, people will definitely recognize it.

Fu Yechuan stared at her blankly for a few seconds before saying,

“Are you sure you don’t participate in the design of the original site of your bar? Have you thought about the design style and specific requirements inside? The designer will go in a while, won’t you go?”

Ning Yue froze for a moment, and felt relieved.

That’s the way to go.

“Okay.”

She smiled, then went to find Xiao Chen, asked him to keep an eye on her, then went to wash her hands, and went out to find Fu Yechuan.

Thought he would be impatient.

As a result, he stood quietly beside the flower bed at the door, looking at the green plants with a serious and serious expression, and fell into deep thought.

He was wearing a smoky gray overcoat, and he looked like he was in a lot of emotions.

Ning Yue took a deep breath, walked over to hold his arm, and smiled, “Are you in a hurry?”

“Yeah.”

“Next time I make a call, I’ll go there by myself. Do you still need a busy person like you to come over?”

Ning Yue joked, she didn’t want him to give up the opportunity to make money because of her.

After all, apart from arriving home at night, the two of them live separately.

Fu Yechuan twitched the corners of his mouth, feeling indescribably complicated in his heart.

There are many things I want to say and ask, but I can’t say them all.

It seems that if the window paper between them is pierced, the current situation may not be maintained.

How dare he?

He retracted the tentacle, smiled, and walked over to where he parked.

He went to the co-pilot to open the door, and after Ning Yue got in, he went to the driver's seat.

Ning Yue looked at him and felt something was wrong.

When had Fu Yechuan been so considerate?

Fu Yechuan went to the company's underground parking lot in silence.

Neither of them got out of the car.

Fu Yechuan sighed, and finally couldn't help but say,

"Ning Yue, you should give me a chance."

Ning Yue looked at him silently and didn't speak.

Fu Yechuan was a little helpless, "Okay, now you don't want to stop mentioning it for now, but our relationship can't be changed just because of this, okay?" He was afraid that

she would back off.

Ning Yue lowered her eyes and curled her lips, "Okay, I have no objection." It's just not getting married, it's not that she doesn't want to fall in love.

Fu Yechuan felt that he was being careless.

He had to use other methods to make Ning Yue change his mind.

Two people entered the elevator, he wanted to hold her hand, but another person ran in.

Ning Yue shook his hand away in an instant, as if not to suffer from me.

Fu Yechuan was immediately frustrated and silent.

He glanced sharply at the man who came in.

The man should be a new employee of the company. He didn't know anyone. He just looked at them, smiled embarrassingly, and went down after reaching the first floor.

The two went upstairs.

It seemed that many things were waiting for Fu Yechuan.

Chen Mian himself was also busy, so he was relieved to see Fu Yechuan coming.

But when she saw Ning Yue following behind him, she immediately smiled brightly, "Miss Ning is here too..."

Ning Yue smiled, and just about to say hello, the assistant next to her recognized her, "Isn't this Mr. Fu's fiancée? Our proprietress? Hello, proprietress, don't forget to give us wedding candies..."

Ning Yue's smile froze slightly, and she glanced awkwardly at the silent Fu Yechuan.

The man didn't even have an explanation.
