

Read Novel Divorce Billionaire Heiress Chapter 2583 [Chinese]

Divorce billionaire heiress chapter 2583-Fu Yechuan stepped forward unmoved, took her hand, and walked straight towards the door.

Under so many flashing spotlights, Fu Yechuan stood there coldly and straight, his facial features were stern, permeated with an indifferent chill.

Standing there, his aura came out naturally.

When everyone saw this, although their curiosity was aroused, they did not dare to offend him like Ning Yue just now.

Jiang Lingyi also changed his face slightly.

Because she was a little shocked, shocked that Fu Yechuan dared to pull Ning Yue's hand out in such an open manner.

Isn't this an acknowledgment of the improper relationship between the two?

How could Fu Yechuan really marry a second-married woman with no money, power or background?

Even if it's just for fun, he can't admit it in public.

She clenched her fists slightly, and suddenly panicked for a moment.

It seems like something bad is about to happen.

She paused, and struggled to speak, "Boss Fu, I hope you will hold your hand high, Miss Ning and I actually had a misunderstanding..."

Fu Yechuan glanced at her indifferently, and chuckled softly.

Then he glanced at the others with a cold voice, "It's not a misunderstanding, I just blocked you on purpose, Jiang Lingyi, from today onwards, you won't have any bright future in this circle." He said word by word, with a cold and solemn tone, smashed towards her like a boulder.

Like falling into an ice cellar.

Jiang Lingyi's face turned pale in an instant.

On the brink of collapse.

Listening to what he said in person, and what other people told him, the collapse of this psychological defense line is different.

She was able to come because there were still a few dramas to be broadcast, and the capital behind did not want their money to be wasted.

So let her figure out a way to escape from Fu Yechuan's hands.

She knew that it was impossible to be forgiven with any legitimate reason, otherwise, Director Guo would also come, but there was still no improvement.

That's why she came up with this method, black and red are also red.

What are Fu Yechuan and the others afraid of? The only thing that can overthrow capital is public opinion.

But she forgot that capital is the only thing that can control public opinion!

Jiang Lingyi's shoulders were trembling slightly.

Even if it's a live broadcast, even if it's facing tens of thousands of netizens.

Fu Yechuan didn't tact or hesitate at all.

The media couldn't see it, "It's too overbearing, Mr. Fu, then you admit that you blocked Ms. Jiang because of Ms. Ning. May I ask what is your relationship with Ms. Ning?" Someone finally asked without fear of death. .

The atmosphere instantly cooled down.

I thought that Fu Yechuan would not answer, and even their careers might have come to an end.

But Fu Yechuan's cold expression was a little torn, he chuckled lightly with indifferent eyes, and squeezed the hand of the woman next to him.

Warm, but powerful.

"This is our private matter. There is no need to explain it to any of you. You are not qualified to crowd around here. Jiang Ling was unlucky and bullied a newcomer who was my fiancée. That was her bad luck. She could only do it herself." Otherwise, she has bullied other people, and no one would dare to stand up and seek revenge on her, so I say she deserves it."

Just a few words changed the faces of the people present.

Ning Yue turned her head to look at him in shock.

Fu Yechuan chuckled indifferently, with a bit of arrogant arrogance and indifference, "Do you hear me clearly? She is mine, my future wife, and the hostess of the Fu Group. If you dare to bully her again, the consequences will be severe. Refer to Jiang Lingyi."

For the first time, Fu Yechuan let go of his harsh words in front of the public, regardless of whether his words would cause earthquakes and turmoil in the Fu Group.

Fu Yechuan directly took Ning Yue's hand and turned around to get on the elevator.

He came to take Ning Yue away in a fair and honest manner.

Chen Mian can handle the rest.

Chen Mian's chest trembled, it seemed that Fu Yechuan was serious.

He stepped forward with a dignified look, "Are you clear? We will announce the news of Mr. Fu and Ms. Ning's marriage in the media when the time is right. Please don't spread rumors at will." "But is Miss Ning really doing it for Mrs. Fu?"

"Killed my ex-husband..."

Some people continued to ask without knowing what to do.

Chen Mian looked over indifferently,

"Do you have any evidence? Did you see it with your own eyes? Has the police filed a case? Not all failed marriages are shameful. The failure of a marriage can only show the future freshmen, regardless of Mr. Fu, Miss Ning, they are all people who have the right to make their own choices. They choose to be together, and they don't care whether there is someone to bless them. If you conclude that someone else has a bad character because they have experienced a marriage, then I can only sympathize with those Women who are struggling in dire straits, in your eyes, they hardly have a bright future."

Everyone fell silent.

Some people are even a little ashamed.

The online live broadcast almost squeezed out the line due to the sudden increase in the number of people.

But at this point, the network was suddenly disconnected.

They happened to hear Fu Yechuan's words and Chen Mian's concluding remarks.

The partiality towards Jiang Lingyi just now suddenly became less firm.

What Fu Yechuan said seemed to be correct.

Jiang Ling was unlucky and bullied the newcomer who happened to be Fu Yechuan's fiancée, what if it was someone else?

Isn't it the newcomer who is unlucky?

Why does Jiang Lingyi have the face to come out and sell miserably now?

It's just because she offended someone who shouldn't be offended!

It seems that Ning Yue's private affairs shouldn't be exposed like this, and Jiang Lingyi misled her in the wrong direction for the unsubstantiated matter.

She didn't explain half a sentence from beginning to end, and she seemed to know that she couldn't tell her innocence, because everyone sympathized with Jiang Lingyi and could ignore the truth of the matter.

Only care about the curious side.

Who said Ning Yue couldn't be with Fu Yechuan anymore?

Can't two mismatched people have a spark of love?

Even if Ning Yue denied it in the early stage, so what, can't they fall in love in the later stage?

Why do ridiculous guarantees to netizens?

"I don't know why, but I think what this little brother said makes sense. Can't you get a divorce if you are unhappy?"

"Are you married? You still use this matter to attack Ning Yue?"

"I suddenly feel that Mr. Fu is so handsome, has he found his own happiness?"

"Mr. Fu is so handsome, he is really handsome, even if he is in Scold me!"

"Forget it, aside from their family backgrounds, these two people seem to be a good match, they are both so beautiful, even if they can't get Goddess Su, it would be good to get Sister Ning Yue, bless them!"

"I'm just divorced. It's not easy to live in the first place, but people still discriminate against me? Can't second-married people marry rich people? Who stipulated it?"

...

The public opinion on the Internet began to reverse and reverse.

Even Jiang Ling didn't expect that the direction of public opinion gradually escaped his control.
