Divorce billionaire heiress chapter 2590-Ning Yue raised her eyes with a half-smile, passing by their faces one by one.

The aunt's smile froze at first, a little embarrassed.

On the other hand, Ning Zhenzhen was even less able to hide her expression, apart from embarrassment, she also became angry from embarrassment.

Uncle couldn't let go, he snorted coldly, and finally said, "Don't be ignorant, what did Zhenzhen say wrong? You are notorious on the Internet, if there is no Ning family, what identity would you use to match Fu Yechuan? We have given you the steps, so you should continue well, and don't be self-righteous and make the situation deadlocked."

The room was silent.

Ning Yue laughed softly, stood up slowly, and glanced at the uncle indifferently, "I thought he came to know my creditor, and I will go down the steps if you give me the steps? When the old man passed away, the will You all forgot what you wrote? The company of the Ning family was given to me, not you, uncle, I gave it up myself, and I said it was a clean break. But you rushed here without my consent. Why, Ning Is your company not going to be able to continue?"

Uncle's face flashed a trace of embarrassment, almost exasperated, "You gave up by yourself at the time, why should you still say it? What's more, even if the company is in your hands, Nothing can be changed. The old man wrote such a will because he was ill and confused in bed for a long time. Don't think you are great, it is too late to regret it now!"

He was worried that Ning Yue had climbed up to the high branch of Fu Yechuan, and after repenting, he wanted to make his will The company wants to go back.

How about that?

Ning Yue laughed after hearing that.

It seems that this uncle has never understood the painstaking efforts of the old man.

She smiled and shook her head with a somewhat contemptuous look. "Don't worry, I won't come back after I gave it to you."

The eldest aunt took her hand first, and sighed, "Ning Yue, you are also a member of the Ning family, what's the point? Divide it between you and me, now that you are with

Mr. Fu, you can't get what you want? Even if you don't handle the company's affairs, it's still the old man's effort, don't you have the heart to watch the company go down like this?"

Finally came to the point up.

Ning Yue's eyebrows raised slightly, with a bit of teasing, "Oh, so it's as I said, are you going to go bankrupt?"

A bit of embarrassment flashed across the face of the eldest aunt.

"No, as long as you can ask Mr. Fu for help, our company will not go bankrupt, the old man's hard work will be saved, and you will have face. This is the best of both worlds." They always thought that Ning Yue would Can't let go of the identity of the Ning family.

Marrying Fu Yechuan is a good marriage.

Ning Yue twitched the corners of her mouth indifferently, her voice was cold and hoarse, "Oh, so I came here to ask for money? In that case, I will tell Fu Yechuan not to lend a helping hand. What does it have to do with me if you live well? But seeing you stepping on my shoulders to live a good life, I feel unhappy. I married Nian Dafu at the beginning for the company, for your prosperity and wealth, why, you still want me to be your cow and horse for the rest of your life? Don't dream, I'm not the biological daughter of the Ning family, why did I sacrifice myself for you? Do you really think I care so much about the identity of Miss Ning's family? Bah, I'm going bankrupt, and I'm still putting on airs here, I'll take care of you Blushing."

Ning Yue almost tore off all the window paper.

What is hard to hear.

The faces of the uncle and the aunt gradually became ugly.

Ning Zhenzhen's face changed even more with anger, she took a step forward and was about to raise her hand, "You b*tch, do you think you won't pay attention to us if you climb a high branch?"

Ning Yue grabbed her hand violently, with a bit of coldness and disdain in his eyes, "Wrong, I never put you in my eyes, Ning Zhenzhen, it should be you who should sell yourself for glory and wealth, how did you humiliate me last time?", I didn't settle accounts with you, do you still have the face to come in front of me?"

Ning Zhenzhen's eyes widened angrily, with a smug face on her face, "You deserve it! If Fu Yechuan really likes you, he will let you go everywhere Are you going to find a store? Fu Yechuan's fingertips are leaking, and they earn more than a bar. You don't feel safe,

so you go to a new store, right? Because you also know that Fu Yechuan's heart is not on you at all, he was able to marry you, you are lucky!"

Ning Yue looked at Ning Zhenzhen calmly.

Ning Zhenzhen felt a little scared after seeing her.

She spoke the truth impulsively, but she was still worried about Ning Yue in her heart, after all, the person behind her now was Fu Yechuan.

Ning Yue ruthlessly dropped her hand, and with a flick, Ning Zhenzhen took two steps back unprepared.

But Ning Yue took a step forward and looked at her deeply, "I remembered, how did Jiang Lingyi know about my past? And he was so clear? No matter how much people from the Nian family hate me, they dare not betray me. Only you."

She looked at them word by word and said, "It was you who revealed my past and told Jiang Lingyi, making her mistakenly think that she had pinched me, so that she had the courage to join the Fu Group. Waiting at the door for a live broadcast, trying to force Fu Yechuan to clarify the relationship, give up on me, and then let her go?"

Her light tone made Ning Zhenzhen's face turn pale all of a sudden.

Looking at her appearance, Ning Yue knew that her guess was probably right.

What a coincidence.

She didn't think Jiang Lingyi's appearance was strange at first.

But then the more I thought about it, the more wrong it became. The young and rich mistress was pregnant, they had already negotiated, and she would not betray herself for money.

Then there are only people from the Ning family.

They want to see her fall into the abyss and step on a few more feet.

But I didn't expect that I would be reborn from the ashes. They couldn't step on it anymore, so they rushed to curry favor?

The face of this family is really getting more and more ridiculous.

The aunt stepped forward, "What do you mean? Why can't I understand? Are you suspecting that Zhenzhen betrayed you? It's impossible..."

Ning Yue twitched the corners of her mouth and smiled meaningfully, "It's impossible, everyone. We both know each other well, it's fine if I don't bother you, and if you dare to hurry up and get in my way, don't blame me for being rude."

Her arrogant appearance made Ning Zhenzhen turn pale with anger, Clenched his fists tightly.

The atmosphere in the room was cold and silent.

Fu Yechuan went back and forth, looked at the people in the room, frowned, walked over, and put his arms around Ning Yue's shoulders, "Didn't I bother you?"

The uncle finally changed his black face just now, with a bit of flattery " No, no, Mr. Fu, I haven't seen my family for a long time, it's just a little misunderstanding."

"A little misunderstanding?"

Fu Yechuan chewed on these two words and looked at Ning Yue.

Ning Yue threw away his arm directly, her eyes were impatiently cold, "You sent someone to come here? Did you deliberately obstruct my eyes?"
