Divorce billionaire heiress chapter 2594-Fu Yechuan walked over with a strong aura, but he restrained himself deliberately so as not to give people a strong sense of oppression.

He glanced at Su Nan calmly, Su Nan took a step back consciously, and handed over the things he had prepared by the way.

Fu Yechuan took it over, took out the contents, and knelt down slowly in front of everyone.

Ning Yue's face froze slightly.

Suddenly someone yelled, "Look, it's a drone..."

She couldn't help but look up.

In the night sky that was originally full of stars, countless drones suddenly appeared.

They changed into the posture of a man and a woman, one standing and one half kneeling on the ground.

The scale of drones is very large.

Even her skirt and her fingers are clearly outlined.

It seems that their current actions have been infinitely magnified.

In the night sky, on the beach, in the breeze.

Ning Yue's heart beat extremely fast.

She can even subtly detect the movement around her.

But the ears seemed to be covered with a layer of film as a barrier.

It's as if you can hear everything, and it's as if you can't hear anything.

The exclamation and admiration of the people around me cannot be described.

When Fu Yechuan knelt on the ground and gently took her hand, the drones in the night sky also changed their formation and gently took her hand.

She was indescribably shocked and surprised.

In this scene, if she still doesn't know what he is going to do, then she is too dull.

He asked Su Nan to pass the ring so that everyone could witness their love and marriage.

Isn't it another way to prove your magnanimity and love?

The things she cared about were mostly dismissed by Su Nan's few words at first, but now because of Fu Yechuan's actions, she completely let go of her grudges.

Perhaps, she should have believed him earlier.

Her heart was aching, excited, and pounding.

Fu Yechuan knelt on the ground, his lips opened and closed, and he didn't know what he was talking about. She couldn't hear clearly, nor could she hear.

But when she looked into his dark eyes, which were clear and open, a warm current surged in her heart.

She wants to risk her life, to love someone, to be unswerving until death, to stick to her beliefs, and to gamble everything.

he deserves it.

It was only for a moment that Ning Yue let go of all her scruples.

Like the waves of the sea, it is exciting and charming.

When everyone was witnessing and applauding, Fu Yechuan gently put the ring on her ring finger.

This brand new ring was more delicate, larger and dazzling than the other one in her hand.

Nature is also priceless.

She smiled, and Fu Yechuan smiled too.

Then he stood up and hugged her tightly.

In her ear, she whispered, "Yue'er, I will definitely treat you well, and risk my life to treat you well."

Ning Yue smiled, and put her arms around him, "Fu Yechuan, I will treat you well too."

Reciprocity is fair.

Her whole life was full of ups and downs, ups and downs, and finally on this night, the dust settled.

The wedding was mysterious and extravagant.

The wedding day is the next day.

She changed into a dress willingly this time and asked the makeup artist to help her dress up.

Let's talk about the child who likes to run around with Fu Yunche, but Fu Yunche never let go of her hand for a moment.

Pull her to introduce this, introduce that, and bring her delicious ice cream.

Every time Shang Qian turned around, he couldn't find his precious daughter, and his heart was extremely complicated.

However, the wedding ceremony was still held as normal.

Ning Yue walked the red carpet arm in arm, and it was Xiao Chen.

It was her only companion in distress.

Fu Yechuan had no objections.

He likes men anyway.

Just not the enemy.

The hearts of all the ladies and gentlemen were broken.

Even if you really don't want to see such a scene, you have to be forced to smile and say congratulations.

Except Fu Yechuan and Ning Yue at the wedding.

Shangqian is the happiest.

While he was happy, he also held back a lot of wine for Fu Yechuan, for fear of delaying his wedding night in the bridal chamber.

Fu Yechuan sneered while watching.

But it was up to him to go.

The wedding lasted three days.

Everyone left one after another.

Fu Yechuan and the others naturally wanted to stay at the end, because their follow-up process still had a honeymoon.

Although it was a bit extravagant for Fu Yechuan, in order to celebrate his marriage, he gave himself a vacation of more than a month.

The guests all left, and Fu Yunche also went back to school.

Fu Yechuan was a little tired these days, and finally calmed down. He sat down and planned to find Ning Yue.

“Mrs. Fu, where do you want to go first?”

He opened the door.

There was no one in the cloakroom.

He froze for a moment, then went out to find a servant.

“Where’s the wife?”

The servant was taken aback, “You were still there just now, wasn’t the wife in the room all the time?”

Fu Yechuan’s face changed slightly, and there was a faint feeling of uneasiness in his heart.

It’s just that he pursed his lips and felt that he was making a fuss again.

He patiently went to the room to look for them one by one.

But they were all gone.

After the great joy, it was like cold water was poured on the head.

He stood at the door with a gloomy face, “Look for someone, check the surveillance.”

He took his mobile phone and dialed Ning Yue, which showed that he was no longer in the service area.

She will not go away for no reason.

These few days, she is happy, he knows that.

Fu Yechuan felt inexplicably flustered for no reason.

paused.

He called Chen Mian directly,

“Have all the Ning family been sent away ?”

“Yes, Mr. Fu, I saw them get on the plane with my own eyes.”

Fu Yechuan’s face was dark, “Where are they now, go check.”

” Yes.”

Chen Mian hung up the phone, feeling that something was wrong, so he went to investigate immediately.

afternoon.

The materials found by the bodyguards arrived at the company.

The eldest aunt and uncle did appear near Ning’s house.

But Ning Zhenzhen never showed up.

Chen Mian directly called the control of the private jet.

“It’s three people, and there are three people on the ground.”

“Are there any other planes flying to and from the island?”

“Air control during that time, Mr. Fu did let some planes transport supplies and drinks back and forth, and pick up and drop off guests...”

Chen Mian paused.

He always felt that something bad was going to happen.

He reported the information he got to Fu Yechuan one by one.

Fu Yechuan remained silent, and then ordered in an indifferent voice,

“Go and find out the whereabouts of Ning Zhenzhen, and also, tie up the two of the Ning family and bring them here.”

“Yes.”

Fu Yechuan was impatient and couldn't help it. The loose neckline.

Security before and after the wedding has been done adequately.

He thought back and forth that his enemy would not make a move in this gap, and he had already sent someone to watch him.

The only episode that appeared was that the sudden appearance of the Ning family on the eve of the wedding made Ning Yue unhappy.

And he, uncharacteristically, did it himself.

It cannot be ruled out that Ning Zhenzhen is more courageous than the sky, and she even wanted revenge intentionally.

The bodyguard came out of the room, along with the butler of the hotel.

The faces of both of them were very strange.

“Boss Fu, there is no surveillance in the cloakroom. We can only see that Miss Ning went from the living room to the cloakroom and never came out again. There is no trace of her anywhere else.”

How could people disappear out of thin air?
