

Read Novel Divorce Billionaire Heiress Chapter 2595 [Chinese]

Divorce billionaire heiress chapter 2595-Fu Yechuan held a cigarette in his hand, his face was extremely clear, and his dark eyes were dark and unpredictable.

No one could see what he was thinking.

He seemed like a completely different person from the high-spirited bridegroom official a few days ago.

He is gloomy, cold, and wild, and seems to have put all his unhappiness into reality.

Everyone searched the entire hotel, but they couldn't find Ning Yue who disappeared.
at last.

He wiped out the cigarette with his fingers, raised his eyes slightly, and pressed his eyes on the person in charge of the hotel, "Is there a secret passage in the hotel?"

The person in charge trembled slightly, "No..."

Fu Yechuan gave a look.

The bodyguard immediately stepped forward and kicked the person in charge to the ground.

The person in charge couldn't get up because of the pain.

The bodyguard pressed his head to the ground, sternly.

Sitting there, Fu Yechuan's eyes were extremely dark,

"To be honest, if there is nothing wrong with you, I will let you go. If something happens, you will ask your whole family to pay for their lives."

At this time, Fu Yechuan was not the approachable person he was two days ago. up.

That is a disguise, this is the real Fu Yechuan.

Indifferent, domineering, not easy to mess with.

Shady like a beast that has been suppressed for a long time.

The person in charge was trembling all over, and cold sweat was already breaking out on his forehead.

“Boss Fu, I didn’t mean to hide it from you. It’s just that I suddenly remembered that place. When you sent someone over to make an inquiry, I didn’t find it, so I didn’t say anything.” “Say.” Fu Yechuan couldn’t bear it any longer.

The passing of every minute and every second means that Ning Yue is in more danger.

He couldn’t tolerate Ning Yue being in unknown danger.

My heart is like ants gnawing, densely packed and uncomfortable.

The person in charge said tremblingly,

“In the cupboard of the cloakroom, there is a passage that leads directly to the outside.”

Fu Yechuan immediately stood up and walked in.

The bodyguard dragged the person in charge to follow.

Fu Yechuan opened the cupboard that Ning Yue used to store frequently used clothes.

Sure enough, a dark hole half the height of a person appeared inside.

immediately.

Fu Yechuan’s face darkened, his body was stiff and straight, and his outline was rigid.

The person in charge paused for a moment, “Maybe Mrs. Fu watched Xin Xin go in, and no one else knew about this place.”

Fu Yechuan’s face was indifferent, “Go in.”

He ordered in a hoarse and stern tone.

The bodyguard directly pushed the person in charge in, followed by Fu Yechuan.

Going into the dark hole that is more than ten meters down is the downward staircase.

The person in charge explained tremblingly, “I heard that this tunnel was dug for World War II, but it has not been used for a long time. I had someone block the entrance of the tunnel before, but somehow it was opened again...”

Fu Yechuan was anxious , I’m not in the mood to listen to him talking about these useless things.

Go straight along the stairs, and there is a relatively open space below.

But standing there looking up at the net, the light came in through the gap.

The above is just covered by countless weeds.

But there was a wedding ring the size of a pigeon egg on the ground, which Fu Yechuan personally put on Ning Yue.

His eyes narrowed suddenly, and his breathing became tense.

He squatted down to pick it up, and then climbed up the stairs directly.

The bodyguard pushed aside the weeds and looked at the inconspicuous hole.

It's nothing more than an escape route.

But he took the man away under Fu Yechuan's nose.

The blazing sun is distracting.

Fu Yechuan looked at this location, which was the back of the hotel.

It's not even that far.

It's been an hour, where will she be?

Fu Yechuan's face was ugly, and he went to grab the person in charge by the collar, "Who else knows about this place?"

The person in charge was so frightened that his legs went limp, and he couldn't stand still, he kept shaking his head, "There is really no one else, but there are too many people coming to the wedding Maybe someone accidentally discovered this hole and went into the cloakroom."

Fu Yechuan's face was heavy, and he kept secret.

The bodyguard trotted over and handed over something, "Boss Fu, the one on the stairs belongs to my wife."

Fu Yechuan brought it over, and it was the bracelet that Ning Yue matched.

"Where is it?"

The bodyguard pointed to a rusty staircase at the back of the villa. In the corner, it was entangled with vines, as if no one had set foot in it for a long time.

This staircase leads directly to the top floor of the hotel. It is high and steep, hidden among the vines and flowers on the wall.

If you don't look carefully, you won't notice that there is an iron staircase here.

Fu Yechuan strode over and looked at the entrance of the stairs, where the rusty lock was pried open.

He strode straight up.

On the top floor of the hotel is the swimming pool.

There have been many people going up to the wedding these days, but once the wedding is over, no one is there.

The momentum in his eyes was determined and indifferent, and he quickly climbed up the stairs, and the bodyguards also vigilantly went up to the top floor from all angles.

In the swimming pool on the top floor.

I don't know who put five or six ugly fish with bared teeth. The sharp teeth of those fish make people feel horrible.

From time to time, it floats out of sleep, revealing sharp teeth, making people creepy.

Ning Yue was tied up, her mouth was gagged, and she went to look down.

She was pushed on top of the pool glass which is semi-automatic with up to date cleaning and protection.

There is a layer of glass cover on it, which can automatically expand and contract to protect the cleanness of the water quality and the cleanliness of the bottom of the swimming pool.

It was like a glass trestle suspended in the air, she was thrown on it, and the ugly fish in the pool jumped up to the water from time to time, trying to tear her apart.

Ning Yue was terrified to the extreme, she didn't know when Fu Yechuan would come to rescue her, and whether he knew that she was gone.

The panic in my heart gradually expanded, and I couldn't help trembling all over my body.

A woman slowly came out from a rest room next to her, still dressed in Xiaoxiangfeng's attire, but her eyes were a little more speculative.

She was holding a piece of cake that she hadn't cleaned up in time, and she sat there slowly tasting it, admiring the colorful panic on Ning Yue's face.

Ning Zhenzhen sat there, smiled happily, and said to herself, "No one will know about this place. The most dangerous place is the safest. Mr. Fu may think that you were taken out of this small island. I saw you just now. A group of people went to the direction of the private jet, maybe I have to leave here..."

Ning Yue looked at her coldly, wanted to say something but couldn't speak at all, and could only make a "woo hoo" sound.

Ning Zhenzhen couldn't help laughing, admiring her miserable appearance, "Sister, don't worry, I'll send you down to feed the fish after they're all gone, these fish are carnivores specially caught from the sea, hungry. It's been a few days, I must like you very much."

Damn pervert!

This idea came to Ning Yue's heart in a panic.

But the fear in my heart took over.

She never thought that Ning Zhenzhen would dare to do this?

Before that, Fu Yechuan came here to tell her that he had already sent the Ning family away, and he would not interfere with her again.

How did she appear here?
