Divorce billionaire heiress chapter 2597-After the doctor patiently explained, Fu Yechuan's eyes slowed down for a moment.

He lowered his eyes and loosened his fist slightly.

very nice.

It seems that after losing the whole world, God played a joke on him.

He let the doctor give him injections to reduce inflammation.

Until it's all cleaned up.

The bodyguard covered the glass of the swimming pool, and the movement alarmed the silent Fu Yechuan.

He raised his eyes and looked deeply at the direction of the swimming pool, that gloomy gaze seemed to make people shudder.

soon.

The bodyguard pushed Ning Zhenzhen up.

Fu Yechuan used so much strength in that kick that he probably broke two ribs.

He is indeed not like the beautiful Jiyue on the surface, magnanimous and clean.

When he strangled her neck and kicked her chest, he never thought that she was a woman who would be merciful and sympathetic.

He is an eagle lurking in the dark, no matter who provokes him, he will fight back mercilessly.

And Ning Zhenzhen happened to touch his Ni Lin.

Ning Zhenzhen suddenly trembled all over, and panic spread to her whole body.

Fu Yechuan lowered his eyebrows, hiding a bit of dangerous sharpness, stepped forward, and looked down at her.

Facing the huge oppressive feeling, Ning Zhenzhen finally couldn't hold back and cried, trembling violently, "President Fu, I'm sorry, please forgive me, I dare not, is Ning Yue okay? I just want to scare her That's all."

She cried bitterly, coughed, and prostrated herself on the ground in pain.

Fu Yechuan stared at her coldly, with a chill in his tone, "Scare? Since it's a threat, then you should be mentally prepared."

He spoke casually and glanced at the bodyguard next to him.

The bodyguard understood, immediately lifted him up, and walked towards the swimming pool.

Ning Zhenzhen was so frightened that she immediately yelled at the top of her voice, "Don't, I was wrong, Mr. Fu, please forgive me..."

But no one had any compassion, especially Fu Yechuan.

It is already extremely rational not to kill her immediately.

God knows that as soon as he came in and saw Ning Yue falling into the water and being bitten by an ugly fish, he wished he could kill the person behind the scenes.

But he just kicked it, which was kind enough.

Because he didn't want to waste the time of saving people.

Now that he is free, he will naturally settle the score.

The bodyguards ignored Ning Zhenzhen's cries for mercy.

Throw her directly into the water.

The ugly fish was running around, jumping to the surface of the water from time to time to show its sharp and ugly teeth.

As soon as Ning Zhenzhen fell in, they jumped on it as if they saw their prey.

Ning Zhenzhen screamed in pain and misery, but was soon bitten by the ugly fish and lost her strength.

She struggled to swim upstream by herself, but the pain of the ugly fish's bite pulled her into the water again.

After going back and forth several times, her strength was almost exhausted.

When those teeth were inserted into the flesh, the sharp or dull pain could make people feel that they were torn apart. Ning Zhenzhen's painful face was pale, and there was no trace of blood left.

The pain was long and long, and the bodyguards above watched indifferently.

Fu Yechuan's punishment was justified and cruel.

Ning Zhenzhen wished she could die here, but she wanted to live.

Yu Guangzhong.

Fu Yechuan had already left here with Ning Yue in his arms.

Only the bodyguard was still watching her.

It seemed like an endless torment.

Fu Yechuan spent a little longer in the water than Ning Yue, but Ning Yue's skin was more tender, and the ugly fish bit harder.

That's why she passed out so quickly. After the injection, although her face gradually recovered a little rosy, the painful expression fell into Fu Yechuan's eyes from time to time.

After the anesthesia passed, the pain gradually became clearer.

Ning Yue seemed to feel the fear of being bitten and helplessness in her sleep.

The desperation and pain of being on the verge of death can really destroy a person's will.

And she saw Ning Zhenzhen's abnormality and cruelty.

Since when have they been in a life-and-death relationship?

But the panic of that sneer made her extremely uneasy in her sleep.

Sweat oozes from his forehead, and Fu Yechuan also senses the discomfort in his body, probably due to the effect of the medicine.

But the pain on his body seemed insignificant compared to the person in front of him.

He froze his body and took care of Ning Yue.

The dark black in the eyes is a coldness that is hard for others to touch.

soon.

The bodyguard came and knocked on the door.

Fu Yechuan went out quietly, and closed the door on purpose, "What's the matter?"

She will not remain indifferent, and will always resist.

We waited for a full hour to see that she was fainted before we fished her up. She was bleeding all over her body, with more wounds on her face, and her skin was turned out. At present, she was only injected with an antidote injection, and did not do anything to deal with it. "

Fu Yechuan sneered, with a bit of indifference in his eyes, "There's no need to deal with it, she asked for it herself. He paused for a moment, then said, "Just leave the person here, there is no need to say hello here in the hotel, does the person in charge know?"

"He knows, he went up after us. "

"When the lady wakes up, we'll go back and get the plane ready. "

"As for the hotel, my staff almost had an accident, so I don't think there is any need to open it anymore. Find a reason to expose the illegal construction here. "

"Yes, Mr. Fu, do you want to take that woman away with you?" The bodyguard asked.

Fu Yechuan groaned coldly, "Since she likes fish so much, then take her with you, and throw her down to feed the fish when you reach the sea. "

This woman hid her whereabouts to seek death, which also saved him a lot of trouble.

After all, in the eyes of outsiders, Ning Zhenzhen went back with the Ning family.

Fu Yechuan never concealed his badness, But he has always been someone who doesn't offend me. I don't offend anyone.

The bodyguard understood his attitude, nodded and went to clean up the situation.

Late at night.

It may be that the voices of the bodyguards were heard by Ning Zhenzhen.

What to feed the fish, what The words of throwing her into the sea caused her body, which was already in pain, to tremble violently.

The panic in her heart did not ease at all, but intensified.

....

In the middle of the night,

Ning Yue developed a high fever.

Fu Yechuan stood there by himself to take care of her.

Ning Yue has always been fearless and courageous, but the scariest thing she ever encountered was getting rich when she was young.

She had never encountered the more tragic things that Fu Yechuan had experienced, so it was almost a blow to Ning Zhenzhen's design.

So her reaction was more serious than usual.

Fu Yechuan took care of her all night.

Finally, at dawn, the bodyguards came up, "Boss Fu, I opened my mouth, saying that someone ordered her, and the person who ordered her was my wife's biological father."
