Divorce billionaire heiress chapter 2598-“What?”

Fu Yechuan's face darkened instantly.

Ning Yue's biological father?

He knew about Ning Yue's past, and also knew that she was not so dependent on her relatives.

At the beginning, he proposed to help her find her relatives, but she refused.

From then on, Fu Yechuan didn't pretend to be smart to find someone, because he was afraid of backfire.

Knowing that her daughter's life is in dire straits, but watching helplessly and not showing up, it can only show that such relatives make no difference whether they are present or not.

But unexpectedly, this person came to the door on his own initiative.

And she also wants to attack her own daughter!

Fu Yechuan's aura instantly shrouded in a haze.

“Who?”

“The woman said that she had never seen her before, but someone called her and gave her a sum of money to find a chance to attack her wife. We checked, and the other party was very cautious, using Euro cash, and directly transferred to that woman's account from across the country. Now that phone number has become empty.”

The bodyguard saw Fu Yechuan's expression, and his heart was pounding.

Originally thought it was just a bad incident caused by Ning Zhenzhen's unilateral jealousy towards Ning Yue.

But I didn't expect such a thing to be involved behind the scenes.

“The one who can get in touch with her is probably one of the guests. I was careless.”

Fu Yechuan rubbed the space between his brows, but soon his fatigue calmed down. Every now and then, someone is on the phone, don't let anyone go.

Also, reorganize the guest list this time, investigate their backgrounds, and find that person as quickly as possible.”

Fu Yechuan’s tone was terribly cold .

The bodyguard nodded and left immediately.

In the morning, the sky is warm and the sun is hot.

The light came in through the window and sprinkled on the ground profusely.

When it was almost dawn, Ning Yue’s fever subsided, but she was still in pain, and she began to bite her lips in pain.

It wasn’t until it was daylight that her reaction eased a little.

The doctor came in the morning and gave her an injection, which may have an analgesic effect, and her complexion gradually improved.

The doctor also gave Fu Yechuan an injection, but Fu Yechuan’s reaction was unexpected.

He was not anesthetized by the ugly fish’s toxin, nor did he have any adverse reactions such as fever.

Probably because of his good physical fitness.

Noon.

Ning Yue woke up.

She opened her eyes, feeling something was wrong.

He raised his arm and looked, the wounds were all bandaged.

Those terrifying images flooded into her mind, and she seemed to still feel the suffocation and despair in the swimming pool.

When she moved, she felt someone wake up next to her.

Fu Yechuan just squinted for a while, and then she woke up.

He raised his head, with a look of laziness and concern in his eyes, “Yue’er, what’s the matter, does it still hurt?”

Ning Yue looked at him for a few seconds before shaking her head.

Eye sockets are slightly red.

Fu Yechuan pursed his lips, and gently hugged her in his arms, avoiding her injury, "I'm sorry, I was too careless, and this will not happen again in the future."

Compared with her, his guilt and self responsible for more.

Ning Yue's tears fell, and she didn't dare to think about those fears, it was really terrible.

Fu Yechuan gently touched her head, the darkness in his eyes became more intense.

He didn't tell her that those things affected her mood, but just told her nonchalantly to keep the wound from getting wet, and to tell him if she needed anything.

The hotel sent exquisite meals, and they seemed to feel that they were guilty, so they treated Fu Yechuan and Ning Yue with extra care.

Fu Yechuan's performance was still calm, he fed Ning Yue mouthful after mouthful, and he ate some at will before being taken down.

"Tell me, why did you suddenly disappear?"

Fu Yechuan only mentioned this matter.

Ning Yue took a breath, and she was not as terrified as she was at first, probably because Fu Yechuan's attitude was extraordinarily calm.

"When I went to change clothes, I heard some movement in the closet, as if someone was knocking on the back, so I opened the closet, and then someone suddenly appeared and covered my nose, and then I lost consciousness. When I woke up, it was Ning Zhenzhen who tied me up and put me on top of the swimming pool, Fu Yechuan, you scared me to death!"

Ning Yue curled her lips, "Didn't you say that you sent me away? I knew that marrying you was so dangerous, I won't marry!"

She was really wronged, that Ning Zhenzhen probably couldn't understand how a divorced woman could marry Fu Yechuan, so she felt unbalanced and wanted to attack her?

But it's too cruel, what kind of hatred is there!

Fu Yechuan was distressed and annoyed, and kissed her forehead lightly,

"It was my fault, there will be no next time, but you can't go back on your word, we are already married."

He smiled soothingly, Ning Yue Don't look away very shamelessly.

Fu Yechuan's smile deepened.

He didn't want to stay here to recuperate, mainly because his sphere of influence was too shallow here, and it was inconvenient to do many things.

Also, he must find Ning Yue's biological father as soon as possible.

Otherwise, this will become a big hidden danger.

Ning Yue took the medicine and was sleepy again in the afternoon.

She really wanted to ask how Fu Yechuan rescued her.

But the drowsiness came and I couldn't resist it.

Half asleep and half awake.

In a daze, I heard Ning Zhenzhen's miserable cry.

Without painkillers or anti-inflammatory drugs, Ning Zhenzhen's wounds festered and rotted, and her skin even turned white. She had a fever all day and night, and she was on the verge of dying once.

Fu Yechuan didn't intend to let her go, nor did he intend to save her.

Ning Zhenzhen really regretted taking the money, she just wanted to teach Ning Yue a lesson.

After all, because of her, Fu Yechuan pinched her neck, made her lose all face, and crushed her pride and self-esteem.

As for Ning Yue, a divorced woman, once she turned into Fu Yechuan's wife, she could be so arrogant that she and the Ning family would not be taken seriously.

What's so good about this kind of woman?

She just wanted to teach Ning Yue a lesson.

Ning Yue's biological father came to her door, and the two hit it off immediately, and thought it was a good idea.

Fu Yechuan's bodyguard dragged her out.

After coaxing Ning Yue for a day, she finally felt better and fell asleep.

Fu Yechuan took the opportunity to come out to solve another matter.

He held a cigarette in his hand, the smoke was lingering, with a bit of wildness and uninhibitedness,

“I only ask once, you should think about it before answering, if you say a word wrong, Ning Zhenzhen, you should know the consequences.”

The bodyguard pulled her hair back, forcing her to look up at his cold and gloomy gaze.

How could she think he was a gentleman?

The person in front of him is clearly a murderous demon.

“Got it...”

Ning Zhenzhen whimpered.
