Divorce billionaire heiress chapter 2603-Ning Yue pursed her lips and said nothing.

Compared with her trial and error, Fu Yechuan's method worked directly.

Also saves the most time.

Physiologically, kinship seems to be an option.

Ning Yue never wanted to change her life because of this relationship.

But now you have to rely on this relationship, find that person, and ask him why he did this?

A paternity test takes time.

Fu Yechuan once again cast his gaze on Ning Zhenzhen.

Ning Zhenzhen was sent to a mental hospital, which is more suitable for Ning Zhenzhen to recuperate than ordinary hospitals.

"I'm not sick, I'm not sick, let me out quickly."

Ning Zhenzhen slapped on the bars at the door.

Doctor "everyone who is sick says he is not sick, which means you are very sick."

"You are talking nonsense, let me out quickly, I don't have any mental problems at all!"

Ning Zhenzhen trembled angrily, and stretched out her hand Going to want to drag the doctor and threaten him to let him go.

She's going crazy here.

Everyone around her is crazy, and the crazy woman who lives with her will kill herself.

When she opened her eyes at night, she saw that lunatic standing in front of Ning Zhenzhen, and slapped herself frantically.

Ning Zhenzhen was so scared that she didn't sleep well all night and screamed in the middle of the night.

The doctor shook his head, "It looks like she's very ill, let's give her a sedative first!"

The doctor behind him then went over and restrained her on the bed.

Ning Zhenzhen's reaction was violent, and she desperately wanted to struggle and resist, but it was of no use at all.

Since she came here, she has been facing the same scene repeatedly.

Her energy to resist did not abate in the slightest.

In addition to being awake is sleeping.

Fu Yechuan led the people in.

When the doctor came to the side, Fu Yechuan looked at the woman indifferently, because the effect of the medicine took effect quickly, Ning Zhenzhen had no strength to continue cursing at all.

She was in a trance, looking at Fu Yechuan in front of her, seeming very excited.

Fu Yechuan looked at her condescendingly, "Miss Ning, I will give you one last chance. If you still refuse to say it, you can spend the rest of your life here. I will pay the hospitalization fee for you."

Ning Zhenzhen looked startled, trying to struggle to get up, but without the slightest strength.

Finally fell on the bed, she cried in embarrassment,

"I said..."

Her expression became more and more dazed, her pupils began to slack, and her voice became smaller and smaller, "It's Su... Su Yifeng."

Fu Yechuan's face turned cold instantly, and his momentum suddenly become extremely cold.

He heard her words very clearly.

There is no need to continue to stay.

Turned around and left.

Ning Zhenzhen could no longer bear the effects of the medicine, she closed her eyes and fell asleep.

Fu Yechuan's face was serious.

When it came to Su Nan's father, he was not so calm.

In my impression, Su Yifeng is not a cruel person.

However, those who can push the Su Group to the top cannot be underestimated.

Fu Yechuan returned to the car and ordered the people in front, "Find someone to approach Su Yifeng for a paternity test."

"Yes."

Su Yifeng usually doesn't go out to socialize, he is now retired.

The people in the Su residence are all old people who have been with them for more than ten years, and they will not betray the Su family for a little profit.

And he was accompanied by bodyguards and butlers when he went in and out.

It's really not that easy to find the gap.

The people Fu Yechuan sent could only pretend to be the staff of the fishing department.

When he approached Su Yifeng, he accidentally knocked him down.

Just as she was about to get her hair cut, she was thrown to the ground by the bodyguard.

So caught.

The call was made by Su Nan directly to Fu Yechuan.

Ning Yue was there when the phone rang.

Fu Yechuan hesitated whether to answer the phone or not.

Ning Yue chuckled, "Pick it up, do I still need to avoid it?"

When she asked this, Fu Yechuan paused, and immediately answered it in front of her.

Also press the loudspeaker.

Su Nan's distraught voice came directly over, "Fu Yechuan, are you sick? Do you dare to let people touch my father? Are you living a good life and want to find excitement for yourself? Let me tell you, you come and take away your people yourself. , otherwise, your father will not be much better!"

After she finished speaking, she hung up the phone directly.

Fu Yechuan immediately understood that his actions had failed.

What a bunch of idiots.

It can still fail!

Ning Yue looked at him in shock, "What do you mean? Did you fight Su Nan's father?"

Fu Yechuan hesitated to speak, and could only tell the truth, "Ning Zhenzhen said that Su Yifeng ordered it."

Ning Yue was startled first, and then He pursed his lips tightly.

There was some doubt between her brows, "But he didn't attend our wedding!"

Fu Yechuan paused, this was also where he was careless and negligent.

As soon as Ning Zhenzhen said it, he just felt that he was targeting Su Yifeng.

Didn't even think rationally about distinguishing true from false.

The anger in the chest found a breakthrough, and it couldn't wait to rush out.

Almost out of control, he forgot that Su Yifeng didn't go to the wedding at all.

Ning Yue pursed her lips, "Forget it, let's go and apologize to Su Nan's father."

"What if it's true?"

Fu Yechuan asked.

if it's true, Su Yifeng obviously has two daughters, one is regarded as the jewel in his palm and has been doted on.

But the other fends for itself.

How unfair!

Ning Yue looked at him with firm and indifferent eyes, "If he is my biological father, then I will expose everything and expose his true face in front of his beloved children. This is my revenge. If not, let's apologize and explain clearly, there is nothing we can't say."

Her thoughts were also very nervous and messy.

She and Su Nan seem to be inextricably connected in some unknown way, if it is true?

She didn't even dare to think about it.

Fu Yechuan sighed and nodded.

The two of them simply cleaned up and headed to Su's house.

Su Nan didn't come to the door to settle the score, she was already very polite.

Fu Yechuan knew that he had to go on this trip.

So many clues are inseparable from the Su family.

Fu Yechuan was very confused.

He didn't want to hurt Su Nan, but if Su Yifeng really hurt Ning Yue, he could only hope that Su Nan would understand.

He has no choice.

The two went to Su's residence.

Seeing his car, the butler of the Su family seemed to have known that he would come, so he asked someone to open the door.

The housekeeper's uncle had a very ugly expression, and he also ignored Fu Yechuan.

Fu Yechuan stood in the Su residence, his expression was in a trance for a moment.

Once upon a time, he also came here for another woman.

Want to save his lost marriage.

But now, it's for Ning Yue beside her.

Going around, he and Su Nan still have no fate.

Ning Yue looked at him in a daze, perhaps thinking of his past, she walked over without saying anything, "Let's go?"
