Divorce billionaire heiress chapter 2613-It is impossible for Su Yifeng to let Su Yinian destroy the company.

For this reason, he would rather not have this younger brother.

Su Jin's face was cold and his aura was cold, "Dad, according to the company's regulations, it is illegal to transfer shares without the approval of the shareholders' meeting, and the contract he signed has affected the interests of the group. It is kindness to drive him out of the company. I don't think it is necessary to give the annual dividends. With his own ability, it is difficult for him to even find a job. Our Su family has raised him for decades, isn't it enough?"

Su Yifeng closed his eyes and did not speak, his expression full of excitement. There are struggles.

After all, he is a brother for decades. Although he has evil intentions, Su Yifeng has tolerated him many times.

Now that he was really pushed to the top of the cliff, he had to make a decision, and he felt uncomfortable.

Su Nan snorted coldly, "Dad, this person must not be kept. If we don't send him to jail, it is because of our relatives' sake. You treat him as a brother, but he took you for a fool. He wanted to destroy the Su Group. If he let him go this time, he would only find another way to cause us more trouble. Don't you think that there are more people like Fu Yechuan who face Why don't you just take a bite out of such a big piece of fat?"

Su Yifeng's eyebrows twitched.

Suddenly opened his eyes.

He gritted his teeth, with a cold expression on his face, "Tonight, I will give him one last chance, which is what I should give as an elder brother. If he can take the initiative to admit his mistakes, you will take it for my sake and let him go." He this time, but I will let him leave the Su Group, and take back all the powers in City J. But if he still refuses to admit his mistakes and makes mistakes again and again, then I will not show mercy again."

Su Nan and Su Jin looked at each other.

Both of them understood that this was a big concession made by Su Yifeng.

But that's okay, they didn't believe that Su Yinian would admit his mistake at all.

When it comes to success, how could Su Yinian regret it so easily if he doesn't see a rabbit or a hawk?

The guests outside were full, and everyone was chatting with each other, and it was very lively.

The banquet was held in a unique way, and the cross talk on the stage added a lot of color.

Ning Yue is saying hello to Wen Xiang, they are not familiar with them, but Wen Xiang's aura is really attractive, standing in the crowd is the most eye-catching presence.

She had heard Su Nan mention this sister-in-law before. She has both education and emotional intelligence, and she is both beautiful and capable.

Looking at it today, it is really enviable.

Although she runs a small bar, compared with Wen Xiang, she is still too far away.

After Wen Xiang finished joking with others, she turned her head and saw Ning Yue.

She walked over with a smile and was very kind, "Mrs. Fu, how are you?"

"Do you know me?"

"Of course, I went to your wedding, but I just came back after a day. I'm really worried about having a fever, but it's much better now."

Wen Xiang's voice was soft and pleasant, like a spring breeze blowing on her face.

Ning Yue smiled, "That's good, children need to worry about it."

The two of them were talking, and a man walked over, smiling deeply, "Wen Xiang, where is Su Jin?"

"Dad."

"In this case, you come and accompany me to say hello to the guests."

Su Yinian said casually, saying that Wen Xiang has the best temper, just like a soft persimmon, wanting to squeeze just pinch.

She is good-looking, otherwise she wouldn't be fascinated by someone with strong self-control like Su Jin.

Especially after giving birth, her body looks even more charming, a natural stunner.

But it's just a woman, where can I find it?

She has no sense of presence in the Su family, she is just a little transparent who occupies a place.

She didn't even enter Su's Group, she must be not capable enough.

Su Jin can still tell the difference.

Wen Xiang smiled, and looked at Su Yinian politely,

"Second Uncle, I'm talking to a guest, so I won't accompany you there, you can go by yourself."

She smiled slightly, and turned to look at Ning Yue " Mrs. Fu, Su Lin and Yun Che are still good friends, let him come over later to have fun."

Ning Yue nodded in a daze.

What Su Yinian said just now was a bit of a blunt order.

And there is not much respect in words.

That tone and attitude made her suddenly think of someone.

Strange, why did she suddenly think of that President Su?

The woman in the notebook is powerless to resist the power of "President Su", and can only be forced to obey.

But Wen Xiang in front of him refused without moving his face, not even hesitating.

Only then did Su Yinian see Ning Yue who was opposite Wen Xiang, and paused slightly.

He went elsewhere, and when he came back, he held a glass of rainbow-colored wine and handed it to Ning Yue, "Mrs. Fu is here too, so Mr. Fu must be here too. I'll have a few more drinks with him in a while. It's really cool for him to come." Hui."

Ning Yue was a little uncomfortable with Su Yinian's attitude, but she accepted it politely, "Thank you."

“How would you like to try this glass of wine? I heard that you still run a bar, so you must have a lot of research on wine. I have sung about all the drinks in this venue. This glass of Rainbow Izumo is most suitable for women, and there is no alcohol. “

Su Yinian looked at her politely .

As if waiting for her to express her feelings.

Ning Yue paused, feeling a little uncomfortable in her heart.

Wen Xiang paused aside, and said with a smile,

“Second Uncle, aren’t you going to greet the guests? Just leave the female guests to me to greet, lest people say that we have neglected others!”

Su Yinian looked at it meaningfully With a glance at Wen Xiang, “there is no distinction between men and women when entertaining guests. You have been in the Su family for a long time, why don’t you even understand this? You should greet even male guests on this kind of occasion. You are the daughter of the Su family now.” Master, why are you so petty?”

He mercilessly accused Wen Xiang in front of Ning Yue, an outsider.

Ning Yue was stunned.

Wen Xiang paused slightly, her face turned pale, and her fists clenched tightly, “Second uncle was joking, I am the eldest daughter-in-law, but my husband and third younger brother are still in front of me, and besides, my younger sister is also here, so it’s not my turn to be in the first place.” When it comes to me, my father said that I still have to take care of the children, so I can’t be too tired.”

“Huh, you just make excuses for yourself if you can’t do it, and you don’t want to see which wife doesn’t socialize with her husband?”

Su Yi Nian accused her, but dare to reply?

Wen Xiang chuckled lightly, her voice was nice, like a silk willow, “Second uncle is joking again, my husband is talking about things inside, I just don’t want to go out with you to socialize.”

There were nails in her soft words.

It made Su Yinian’s face look ugly.

Especially in front of outsiders, I didn’t even take advantage of it at all.

“You...”

Wen Xiang looked away at Ning Yue, still smiling gently, “Mrs. Fu, come and sit with me over there?”

“Mrs. Fu, you haven’t told me this yet ?” How does the glass of wine taste?”
